### **INDEPENDENT AUDITOR'S REPORT**

We have audited the accompanying financial statements of the YouthBuild Columbus Community School, Franklin County, Ohio (the "School"), as of and for the year ended June 30, 2012, which collectively comprise the School's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the School's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the School, as of June 30, 2012, and the respective changes in financial position and cash flows, for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 5, 2012, on our consideration of the School's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis information on pages 3 through 6 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Government Accounting Standards Board who considers it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the School's financial statements. The schedule of expenditures of federal awards, as required by the Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations (Circular A-133) is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the financial statements as a whole.

YOUTHBUILD COLUMBUS COMMUNITY SCHOOL  
FRANKLIN COUNTY  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2012  
(UNAUDITED)

Our discussion and analysis of YouthBuild Columbus Community School (the School) financial performance provides an overall review of the Schools' financial activities for the fiscal year ended June 30, 2012. The intent of this discussion and analysis is to look at the School's financial performance as a whole; readers should also review the basic financial statements and notes to the basic financial statements to enhance their understanding of the School's financial performance.

**Financial Highlights**

Key financial highlights for fiscal year 2012 are as follows:

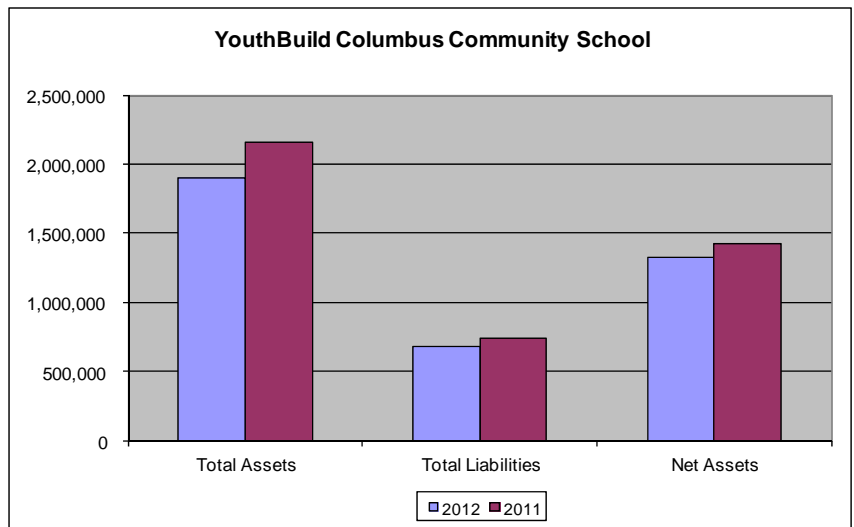

- Total net assets decreased \$101,252, or 7% from 2011.
- Total liabilities decreased \$59,217, or 8%, while total assets decreased \$160,469, or 7% from 2011.
- Total revenue decreased from \$3,037,859 in fiscal year 2011 to \$2,851,224 in fiscal year 2012, a 6% decrease.
- Total expenses increased from \$2,613,602 in fiscal year 2011 to \$2,952,476 in fiscal year 2012, a 13% increase from 2011.
- The School has \$393,010 in long term liabilities as of June 30, 2012.

**Using this Financial Report**

This report consists of three parts, the MD&A, the basic financial statements, and notes to those statements. The basic financial statements include a Statement of Net Assets, a Statement of Revenues, Expenses and Changes in Net Assets, and a Statement of Cash Flows.

The Statement of Net Assets and Statement of Revenues, Expenses and Changes in Net Assets reflect how the School did financially during fiscal year 2012. These statements include all assets and liabilities using the accrual basis of accounting similar to the

accounting used by most private-sector companies. This basis of accounting includes all of the current year revenues and expenses regardless of when cash is received or paid.

These statements report the School's net assets and changes in those assets. This change in net assets is important because it tells the reader whether the financial position of the School has improved or diminished. The causes of this change may be the result of many factors, some financial, some not. Non-financial factors include the School's student enrollment, per-pupil funding as determined by the State of Ohio, change in technology, required educational programs and other factors.

The School uses enterprise presentation for all of its activities.

**Statement of Net Assets**

The Statement of Net Assets answers the question of how the School did financially during 2012. This statement includes all assets and liabilities, both financial and capital, and short-term and long-term using the accrual basis of accounting and economic resources focus, which is similar to the accounting used by most private-sector companies. This basis of accounting takes into account all revenues and expenses during the year, regardless of when the cash is received or paid.

**Statement of Revenues, Expenses and Changes in Net Assets**

Table 2 shows the changes in net assets for fiscal year 2012, as well as a listing of revenues and expenses. This change in net assets is important because it tells the reader that, for the school as a whole, the financial position of the school has improved or diminished. The cause of this may be the result of many factors, some financial, some not. Non-financial factors include the current laws in Ohio restricting revenue growth, facility conditions, required educational programs and other factors.

Total assets decreased in 2012 due to increased expenditures from operations and reductions in revenues from grants and private contributions. Capital assets increased by \$112,003 due to renovations on the school building. Also, current assets decreased \$370,361, or 40% from 2011. Liabilities decreased by \$59,217 and net assets decreased by \$101,252 in 2012. Liabilities decreased primarily due to a payment on accounts payable due for equipment purchases and for tuition payments due to Columbus State Community College at year end of fiscal year 2012.

The revenue generated by a community school is almost entirely dependent on per-pupil allotment given by the state foundation and federal entitlement program receipts. Foundation and federal entitlement revenues made up 88% of all revenues for the School in fiscal year 2012. Revenues decreased due to the elimination of services to their sponsor and decreases in grants received.

The primary reason for the decrease in overall revenues from 2011 was the elimination of the stimulus dollars allocated from the federal government. These grants were temporary in nature and have concluded.

**Budgeting Highlights**

Unlike other public schools located in the State of Ohio, community schools are not required to follow budgetary provisions set forth in Ohio Rev. Code Chapter 5705, unless specifically provided in the community school's contract with its sponsor. The contract between the School and its Sponsor does prescribe a budgetary process. The School has developed a one year spending plan and a five-year forecast that is reviewed periodically by the Board of Directors. The five-year forecasts are also submitted to the Sponsor and the Ohio Department of Education.

**Capital Assets and Debt Administration**

**Capital Assets**

At the end of fiscal year 2012, the School has \$1,433,849 in net capital assets. The School made an investment of \$432,379 in capital assets during the fiscal year. The largest capital asset is the school building. See Note 4 to the basic financial statements.

**Debt**

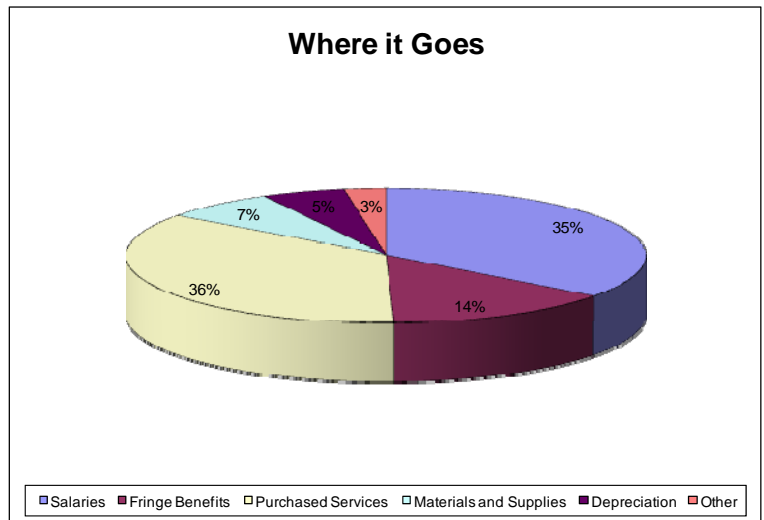

At June 30, 2012, the School had \$477,539 in outstanding debt due to J. P. Morgan Chase Bank for the mortgage on the educational facility. See Note 14 in the notes to the basic financial statements.

**Current Financial Related Activities**

The School's financial outlook over the next several years shows continued growth as enrollment is projected to increase. Enrollment for the school is at 260 students as of November 2012. But, future revenue increases are cautious due to Ohio's weak economic recovery.

**Contacting the School's Financial Management**

**YOUTHBUILD COLUMBUS COMMUNITY SCHOOL  
FRANKLIN COUNTY  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
JUNE 30, 2012**

**1. DESCRIPTION OF THE ENTITY**

YouthBuild Columbus Community School (the School) is a nonprofit corporation established pursuant to Ohio Revised Code Chapters 3314 and 1702. The School's objectives are to carry out the academic training component of the YouthBuild Columbus program, to advance underserved youth through education, job training, personal development, leadership development, and community service. The YouthBuild Columbus program helps dropouts from traditional high schools in a year round program that enables students to gain employable skills by building and rehabilitating houses in Columbus' Empowerment Zone that are sold to low-income families. The School, which is part of the State's education program, is independent of any school district and is nonsectarian in its programs, admission policies, employment practices, and all other operations.

The School may sue and be sued, acquire facilities as needed, and contract for any services necessary for the operation of the School. The School was approved for operation on June 14, 2001, under a contract by and between the Ohio Department of Education (ODE), as Sponsor, and the Governing Authority of YouthBuild Columbus Community School. The School commenced official operation on July 1, 2001. The school is currently sponsored by Buckeye Community Hope Foundation for a five year term ending on June 30, 2015.

The five-member Board is responsible for carrying out the provisions of the contract, which include, but are not limited to, state-mandated provisions regarding student population, curriculum, academic goals, performance standards, admission standards, and qualifications of teachers. The Board controls the School's principal, two full time non-certified staff, and nine certified full time teaching personnel who provide services to approximately 266 students during the school year.

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The basic financial statements of the School have been prepared in conformity with generally accepted accounting principles as applied to a governmental nonprofit organization. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The School also applies Financial Accounting Standards Board statements and interpretations issued on or before November 30, 1989, provided they do not conflict with or contradict GASB pronouncements. The School does not apply FASB Statements or Interpretations issued after November 30, 1989. The more significant of the School's accounting policies are described below.

**A. Basis of Presentation**

The School's basic financial statements consist of a Statement of Net Assets, a Statement of Revenues, Expenses and Changes in Net Assets, and a Statement of Cash Flows.

The School uses enterprise accounting to maintain its financial records during the fiscal year. Enterprise accounting focuses on the determination of operating income, changes in net assets, financial position, and cash flows. Enterprise accounting may be used to account for any activity for which a fee is charged to external users for goods or services.

**B. Measurement Focus/Basis of Accounting**

Enterprise accounting uses a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities associated with the operation of the School are included on the Statement of Net Assets.

**YOUTHBUILD COLUMBUS COMMUNITY SCHOOL  
FRANKLIN COUNTY  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
JUNE 30, 2012  
(Continued)**

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**B. Measurement Focus/Basis of Accounting (Continued)**

The Statement of Revenues, Expenses and Changes in Net Assets present increases (e.g., revenues) and decreases (e.g., expenses) in total net assets. The Statement of Cash Flows reflects how the School finances and meets its cash flow needs.

Basis of accounting refers to when revenues and expenses are recognized in the accounts and reported in the financial statements. The accrual basis of accounting is used for reporting purposes. Revenue resulting from exchange transactions, in which each party gives and receives equal value, is recorded on the accrual basis when the exchange takes place. Revenue resulting from non-exchange transactions, in which the School receives value without directly giving equal value in return, such as grants, entitlements and donations, are recognized in the period in which all eligibility requirements have been satisfied. Expenses are recognized at the time they are incurred.

**C. Budgetary Process**

Unlike other public schools located in the State of Ohio, community schools are not required to follow budgetary provisions set forth in Ohio Revised Code Chapter 5705, unless specifically provided in the School's contract with its Sponsor. The contract between the School and the Sponsor does not prescribe an annual budget requirement, but sets forth a requirement to submit a spending plan each fiscal year. Furthermore, the School must submit a five-year forecast to its Sponsor and the Ohio Department of Education, annually.

**D. Cash and Cash Equivalents**

All cash received by the School is deposited in accounts in the School's name. The School did not have any investments during fiscal year 2012.

**E. Capital Assets and Depreciation**

Capital assets and improvements are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated capital assets are recorded at their fair market value as of the date received. The School maintains a capitalization threshold of seven hundred fifty dollars for computers and one thousand dollars for all other assets. The School does not possess any infrastructure.

The School does not capitalize interest. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized, improvements, however, are capitalized. Building, vehicles, furniture and equipment are depreciated using the straight-line method over the assets' estimated useful lives. Improvements to fixed assets are depreciated over the remaining useful lives of the related capital assets.

The following is the estimated useful lives for property, vehicles, furniture and equipment:

<u>Asset</u>	<u>Useful Life</u>
Building	45 years
Vehicles	2 years
Furniture and Equipment	1 - 10 years

FRANKLIN COUNTY

JUNE 30, 2012  
(Continued)**

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**F. Intergovernmental Revenues**

The School currently participates in the state foundation and state disadvantaged pupil impact aid programs. Revenues received from these programs are recognized as operating revenues in the accounting period in which all eligibility requirements have been met.

Grants and entitlements are recognized as non-operating revenues in the accounting period in which all eligibility requirements have been met. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted, matching requirements, in which the School must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the school on a reimbursement basis.

The School participates in the Comprehensive Continuous Improvement Planning Program through the Ohio Department of Education. Revenue received from this program is recognized as non-operating revenues. Amounts awarded under the above programs for the 2012 school year totaled \$2,510,426.

**G. Compensated Absences**

Leave benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered. Unused personal leave is paid out at 100% of the employee's current pay rate at the end of the school year.

Sick leave must be used during the school year, is non-accumulative, and is not paid out at the end of the school year. Permanent, year-round employees are entitled to annual vacation leave which is granted on June 1 of each subsequent year of employment and is based on the employee's service years. Upon separation from employment, employees are not entitled to compensation at their current rate of pay for all unused vacation leave, prorated to reflect the pay periods worked. As of June 30, 2012, the liability for unpaid compensated absences was \$0.

**H. Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

**I. Net Assets**

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any borrowing used for the acquisition, construction, or improvement of those assets. Net assets are reported as restricted when there are limitations imposed on their use, either through enabling legislation adopted by the School or through external restrictions imposed by creditors, grantors, or contracts. The School applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net assets are available. The School had no restricted net assets.

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**J. Operating Revenues and Expenses**

Operating revenues are those revenues that are generated directly from the primary activity of the School. Operating expenses are necessary costs incurred to provide the service that is the primary activity of the School. All revenues and expenses not meeting this definition are reported as non-operating.

**K. Prepaid Items**

Payments made to vendors for services that will benefit periods beyond June 30, 2012, are recorded as prepaid items using the consumption method. A current asset for the prepaid amount is recorded at the time of purchase by the School and an expense is recorded when used. The School has no Prepays as of June 30, 2012.

**3. CASH AND CASH EQUIVALENTS**

The following information classifies deposits by category of risk as defined in GASB Statement No.3 "Deposits with Financial Institutions, Investments (including Repurchase Agreements) and Reverse Repurchase Agreements," as amended by GASB Statement No.40, "Deposit and Investment Risk Disclosures".

The School maintains its cash balances at one financial institution located in Ohio. The balances are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000, per qualifying account. At June 30, 2012, the book amount of the School's deposits was \$395,192 and the bank balance was \$456,577.

The School had no deposit policy for custodial risk beyond the requirement of state statute. Ohio law requires that deposits either be insured or be protected by eligible securities pledged to and deposited either with the School or a qualified trustee by the financial institution as security for repayment or by a collateral pool of eligible securities deposited with a qualified trustee to secure repayment of all public monies deposited in the financial institution whose market value shall be at least 105% of deposits being secured. At June 30, 2012, none of the bank balance was exposed to custodial credit risk.

The total bank balance was insured by the (FDIC) up to \$250,000. Deposits in excess of \$250,000 are uninsured. The School had no investments at June 30, 2012 or during the fiscal year.

**9. DEFINED BENEFIT PENSION PLANS**

**A. School Employees Retirement System**

**Plan Description** – The School contributes to the School Employees Retirement System (SERS), a cost-sharing multiple employer pension plans. SERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Chapter 3309 of the Ohio Revised Code. SERS issues a publicly available, stand-alone financial report that includes financial statements and required supplementary information. That report may be obtained by contacting School Employees Retirement System, 300 East Broad Street, Suite 100, Columbus, Ohio 43215-3746, or by calling toll free 1-800-878-5853. It is also posted at the SERS' website at [www.ohsers.org](http://www.ohsers.org) under Employer/ Audit Resources.

**Funding Policy** - Plan members are required to contribute 10 percent of their annual covered salary and the school is required to contribute 14 percent of annual covered payroll. The contribution requirements of plan members and employers are established and may be amended by the SERS' Retirement Board up to a statutory maximum amount by the SERS' Retirement Board. The Retirement Board acting with the advice of the actuary, allocates the employer contribution rate among four of the funds (Pension Trust Fund, Death Benefit Fund, Medicare B and Health Care Fund.) of the System. For the fiscal year ending June 30, 2012, the allocation to pension and death benefits is 11.81 percent. The remaining 2.19 percent of the 14 percent employer contribution rate is allocated to the Health Care and Medicare B Funds. The School contributions to SERS for the year ended June 30, 2012, 2011 and 2010 were \$56,490, \$43,369, and \$37,985, respectively, which equaled the required contributions each year.

**B. State Teachers Retirement System**

**Plan Description** – The School contributes to the State Teachers Retirement System of Ohio (STRS Ohio), which is a cost-sharing, multiple-employer public employee retirement system. STRS Ohio provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS Ohio issues a stand-alone financial report, which may be obtained by writing to STRS Ohio, 275 East Broad Street, Columbus, Ohio 43215-3771, by calling (888) 227-7877, or by visiting the STRS Ohio website at [www.strsoh.org](http://www.strsoh.org).

New members have a choice of three retirement plans, a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan, and a Combined Plan. The DB plan offers an annual retirement allowance based on final average salary times a percentage that varies based on years of service, or an allowance based on member's lifetime contributions and earned interest matched by STRS Ohio funds divided by an actuarially determined annuity factor. The DC Plan allows members to place all their member contributions and employer contributions equal to 10.5 percent of earned compensation into an investment account. Investment decisions are made by the member. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal. The Combined Plan offers features of both the DB Plan and the DC Plan.

In the Combined Plan, member contributions are invested by the member, and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DB Plan. The DB portion of the Combined Plan payment is payable to a member on or after age 60; the DC portion of the account may be taken as a lump sum or converted to a lifetime monthly annuity at age 50. Benefits are established by Chapter 3307 of the Ohio Revised Code.

A DB or Combined Plan member with five or more years credited service that becomes disabled may qualify for a disability benefit. Eligible spouses and dependents of these active members who die before retirement may qualify for survivor benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

**Funding Policy** - For the fiscal year ended June 30, 2012, plan members were required to contribute 10 percent of their annual covered salaries. The School was required to contribute 14 percent; 13 percent was the portion used to fund pension obligations. For fiscal year 2010, the portion used to fund pension obligations was also 13 percent. Contribution rates are established by the State Teachers Retirement Board, upon recommendations of its consulting actuary, not to exceed statutory maximum rates of 10 percent for members and 14 percent for employers. Chapter 3307 of the Ohio Revised Code provides statutory authority for member and employer contributions.

The School's required contribution for pension obligations to STRS for the fiscal years ended June 30, 2012, 2011 and 2010 were \$66,869, \$110,003, and \$87,192, respectively, of which 100% has been contributed.

**A. Buckeye Community Hope Foundation**

BCHF appoints all five members of the Board of Directors of the School. There is no financial dependency on the BCHF and the School does not provide services primarily to BCHF. BCHF does not impose its will on the School Board. The School Board sets its own budget, hires/terminates personnel, and authorizes all expenditures, without approval from BCHF. Two of the Board members appointed are also employed by BCHF. The School's accountability to BCHF ceases with BCHF's appointments to the Board.

**B. YouthBuild Columbus**

YouthBuild Columbus supports policies and programs which enable young people to assume leadership in order to rebuild their communities. The Vice President of the School's Board of Directors is also the Executive Director of YouthBuild Columbus. The School's Principal is also the President of the Board of YouthBuild Columbus. **16. CONTINGENCIES**

**A. Grants**

The School received financial assistance from federal and state agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the School. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the School at June 30, 2012.

**B. Full Time Equivalency**

The Ohio Department of Education (ODE) conducts reviews of enrollment data and full time equivalency (FTE) calculations made by the School. These reviews are conducted to ensure the School is reporting accurate student enrollment data to the State, upon which state foundation funding is calculated. A review for the 2011-12 school year has been performed, and the findings of that audit were immaterial and are not reflected in the financial statements, but will be included in the financial activity for fiscal year 2013.

The Auditor of State is currently performing a statewide review of supporting documentation for student attendance data reported to the Ohio Department of Education. The results of this review are still pending and will be reported separately to the Ohio Department of Education at a later date.

The School District received financial assistance from federal and State agencies in the form of grants. The expenditure of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds. This also encompasses the Auditor of State's ongoing review of student attendance data. However, the effect of any such disallowed claims on the overall financial position of the School District at June 30, 2012, if applicable, cannot be determined at this time.

**17. COLUMBUS STATE COMMUNITY COLLEGE**

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING  
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL  
STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

We have audited the financial statements of the YouthBuild Columbus Community School, Franklin County, Ohio (the "School") as of and for the year ended June 30, 2012, and have issued our report thereon dated December 5, 2012. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

Management of the School is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered the School's internal control over financial reporting as a basis for designing our audit procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the School's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Financial Reporting and on Compliance and Other  
Matters Based on an Audit of Financial Statements

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the School's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the Board of Directors, management, others within the school, the School's sponsor, and federal awarding agencies and pass-through entities, and is not intended to be and should not be used by anyone other than those specified parties

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS  
THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR  
PROGRAM AND INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE  
WITH OMB CIRCULAR A-133**

**Compliance**

We have audited the compliance of the YouthBuild Columbus Community School, Franklin County, Ohio (the School) with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133 Compliance Supplement* that could have a direct and material effect on its major federal program for the year ended June 30, 2012. The School's major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings. Compliance with the requirements of laws, regulations, contracts, and grants applicable to its major federal program is the responsibility of the School's management. Our responsibility is to express an opinion on the School's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the School's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the School's compliance with those requirements.

In our opinion, the School complied, in all material respects, with the requirements referred to above that could have a direct and material effect on its major federal program for the year ended June 30, 2012.

**Internal Control Over Compliance**

Management of the School is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the School's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance.

Effect on Each Major Program and Internal Control Over

Accordingly, we do not express an opinion on the effectiveness of the School's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS - CASH BASIS  
FOR THE YEAR ENDED JUNE 30, 2012**

- (A) Federal money is commingled with state subsidy reimbursements. It is assumed federal moneys are expended first.
  
- (B) The School generally must spend Federal assistance within 15 months of receipt (funds must be obligated by June 30th and spent by September 30th). However, with ODE's approval, a School can transfer unspent Federal assistance to the succeeding year, thus allowing the School District a total of 27 months to spend the assistance. Schools can document this by using special cost centers for each year's activity, and transferring the amounts ODE approves between the cost centers. During fiscal year 2012, the Ohio Department of Education (ODE) did not authorize any transfers.

**INDEPENDENT ACCOUNTANT’S REPORT ON APPLYING AGREED UPON PROCEDURES**

To the Board of Directors:

Ohio Rev. Code Section 117.53 states “the auditor of state shall identify whether the school district or community school has adopted an anti-harassment policy in accordance with Section 3313.666 of the Revised Code. This determination shall be recorded in the audit report. The auditor of state shall not prescribe the content or operation of any anti-harassment policy adopted by a school district or community school.”

Accordingly, we have performed the procedure enumerated below, which was agreed to by the Board, solely to assist the Board in evaluating whether the YouthBuild Columbus Community School, Franklin County, Ohio (the School) has updated its anti-harassment policy in accordance with Ohio Rev. Code Section 3313.666. Management is responsible for complying with this requirement. This agreed-upon procedure engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of this procedure is solely the responsibility of the Board. Consequently; we make no representation regarding the sufficiency of the procedure described below either for the purpose for which this report has been requested or for any other purpose.

1. We noted the Board amended its anti-harassment policy at its meeting on November 14, 2012, to include violence within a dating relationship within its definition of harassment, intimidation or bullying.

We were not engaged to and did not conduct an examination, the objective of which would be the expression of an opinion on compliance with the anti-harassment policy. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the Board and Sponsor, and is not intended to be and should not be used by anyone other than these specified parties.
