Dave Yost • Auditor of State

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY *GOVERNMENT AUDITING STANDARDS*

City of Brook Park
Cuyahoga County
6161 Engle Road
Brook Park, Ohio 44142

To the City Council:

We have audited, in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the City of Brook Park, Cuyahoga County, (the City) as of and for the year ended December 31, 2013, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated June 30, 2014.

Internal Control Over Financial Reporting

As part of our financial statement audit, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures appropriate in the circumstances to the extent necessary to support our opinions on the financial statements, but not to the extent necessary to opine on the effectiveness of the City's internal control. Accordingly, we have not opined on it.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the City's financial statements. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all internal control deficiencies that might be material weaknesses or significant deficiencies. Given these limitations, we did not identify any deficiencies in internal control that we consider material weaknesses. However, unidentified material weaknesses may exist.

Compliance and Other Matters

As part of reasonably assuring whether the City's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

Purpose of this Report

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

City of Brook Park

Finance Department

Gregory M. Cingle
Finance Director

Martin S. Healy
Assistant Finance Director

June 30, 2014

To the Honorable Mayor and Members of City Council,
And Citizens of Brook Park, Ohio:

State law requires that all general-purpose local governments publish within six months of the close of each fiscal year a complete set of financial statements presented in conformity with Generally Accepted Accounting Principles (GAAP) and audited in accordance with Generally Accepted Auditing Standards (GAAS) by a firm of licensed certified public accountants. Pursuant to that requirement, we hereby issue the Comprehensive Annual Financial Report (CAFR) of the city of Brook Park (City) for the fiscal year ended December 31, 2013.

This report consists of management's representations concerning the finances of the City. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management of the City has established a comprehensive internal control framework that is designed to both protect the government's assets from loss, theft or misuse and to compile sufficient reliable information for the preparation of the City's financial statements in conformity with GAAP. Since the cost of internal controls should not outweigh their benefits, the City's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assure that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The City's financial statements have been audited by Dave Yost, Auditor of State. The goal of the independent audit was to provide reasonable assurance that the financial statements of the City for the fiscal year ended December 31, 2013, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion on the financial statements of the City for the fiscal year ended December 31, 2013, and that the financial statements are fairly presented in conformity with GAAP. The report of the independent auditor is presented as the first component of the financial section of this report.

The requirements of GAAP necessitate that management provide a narrative introduction, overview and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This Letter of Transmittal is designed to complement the City's MD&A and should be read in conjunction with it. The MD&A can be found immediately following the report of the independent auditors.

Profile of the Government

The city of Brook Park, incorporated in 1967, is located in the Southwest portion of Cuyahoga County, 13 miles from Downtown Cleveland, with the cities of Parma to the east, Berea to the west and Middleburg Heights to the south. Brook Park is an easily accessible suburban community that abuts Cleveland Hopkins Airport on the Northwest boundary and has ready access to Interstates 71 and 480 and the Ohio Turnpike. With an excellent combination of residential, commercial and industrial areas that provide tax support, the City is able to finance the building of excellent administrative, recreational and service facilities as well as provide a wide variety of municipal services, such as police and fire services, street services, sewer services and recreation services.

The City operates under a mayor-council form of government. The mayor, designated by the charter as the chief executive officer of the City, is elected to serve a four-year term. The mayor has the power to appoint, promote, discipline, transfer, reduce or remove any employee of the City, except those elected, those who work for an elected official and those whose terms of office are set by the charter. Legislative authority is vested in an eight-member council. The council consists of a president, three council members elected at-large and four council members elected by ward. Council members are elected to serve a two-year term. Each member of council has a right to vote, except for the president, who may vote only in the event of a tie.

The mayor is entitled to a seat on council but has no voting rights. The mayor may veto any legislation passed by council. A veto may be overridden by a two-thirds vote of all members of council. The council fixes compensation of City officials and employees and enacts ordinances and resolutions relating to City services, tax levies, appropriations, indebtedness, the licensing of regulated businesses and trades and other municipal purposes.

Other elected officials include the finance director and law director, each of whom serves four-year terms.

Detailed provisions for the City's budget, tax levies and appropriations are set forth in the Ohio Revised Code and charter. With the assistance of the finance director, the mayor is required to submit to council an estimate of the revenues and expenditures of the City for the succeeding fiscal year. The mayor submits to council an appropriation ordinance budget for the next succeeding fiscal year based on the annual estimate. Council is required to adopt said ordinance in its original form or with those revisions as it may find proper within 90 days of the beginning of the fiscal year.

The City maintains budgetary control on a non-GAAP basis by fund and within each fund by department at major object levels, which include personal services, travel and education, contractual services, supplies and materials, other expenditures, capital outlay, debt service and operating transfers. For management purposes, the major object level is further defined with budgeted amounts not to exceed the aggregate appropriated by council.

Budgetary control is maintained by an encumbrance of purchase commitment amounts prior to the release of purchase orders to vendors. Requisitions for the expenditure of monies are submitted to the mayor for approval and preparation of a purchase order. The purchase order is forwarded to the finance director's office for certification of the availability of funds, and the estimated expenditure is encumbered against the available appropriation. Unencumbered appropriations lapse at the end of each year. The City's accounting system provides interim financial reports that detail year-to-date expenditures plus encumbrances versus the original appropriations plus or minus any additional approved appropriations. The report permits the officials of the City to ascertain the status of a department's appropriations at any time during the year.

Factors Affecting Financial Condition

I. Economic Conditions and Outlook. In general, the US economy quickened its pace slightly in 2013, overcoming the drag from higher payroll taxes and a slowdown in government spending due to sequestration cuts:

- The federal government shut down for 16 days.
- The U.S. unemployment rate continued to fall throughout the year but so did the number of jobs being added on a month-to-month basis, suggesting that more people were dropping out of the labor force.
- Economic activity in the manufacturing sector continued to expand.
- U.S. stocks were up for a fifth year in a row while daily volatility fell to its lowest level in seven years.
- Estimated GDP growth averaged 2.3% for the year.
- The U.S. Federal Reserve continued their monetary efforts to keep short-term rates close to zero.
- The U.S. commercial real estate market had a strong finish to 2013 with continued recovery in the fourth quarter (Q4 2013), according to the latest analysis from CBRE Group, Inc.
- The U.S. residential real estate market continued to make a steady recovery as home prices increased over 10% in 2013.

Factors affecting local economic conditions and outlook are as follows:

- The pace of recovery in the Fourth Federal Reserve District's labor market slowed in 2013, while the nation's picked up, according to the most recently available data.
- There are approximately 150 homes in foreclosure and 61 homes that are vacant and/or abandoned. In 2013, there were 94 homes in foreclosure and 50-60 homes that were vacant and/or abandoned.
- There were 17 businesses that closed in 2013.

II. Local Economic Activity. The City continues to exercise significant energy to sustain its existing economic base and pursue new business opportunities.

- Classic Auto Group commenced construction of a new Collection Auto Group Mini Cooper automotive dealership within the City and announced plans to relocate its current Acura dealership and yet another of its dealerships to the City by mid summer 2014. Approximately 60-75 jobs are anticipated with the relocation of its dealerships, and an additional 40-60 jobs are anticipated with the new Mini Cooper dealership.
- Ganley Chevrolet has completed its new dealership facility on Brookpark Road, creating approximately 60-75 new jobs.
- The City is working aggressively and cooperatively with Ford Motor Co. to maximize operations and capacity at Engine Plant #1, which currently produces its EcoBoost six (6) and eight (8) cylinder internal combustion engines.
- Roses Discount Stores has leased 57,000 square feet in the Brookgate Shopping Center as its flagship location in Northeast Ohio, bringing a minimum of 20 jobs to the City.
- Cuyahoga Machine Company has completed its 25,000 sq. ft. facility on W. 137th Street, bringing 12 full-time jobs and a growth agenda to add up to eight additional jobs.
- Ohio State Highway Patrol completed its building purchase on W. 140th Street, bringing 72 jobs to the City. There is a possibility that additional jobs could be added in the future.

III. Major Economic Initiatives. The City continued to focus on business retention, redevelopment opportunities, infrastructure improvements and prospecting for new business investment in the community. More specifically, the City has created the Office of Environmental Remediation within the Department of Economic Development to creatively remediate, repurpose and reactivate dormant industrial/commercial properties. An economic development financing strategy has been developed and is presently being implemented to finance the redevelopment of the City's industrial core. The City will focus on advanced manufacturing initiatives to capitalize on insourcing trends to meet the demand of the North American marketplace.

Retention Activity:

We remain focused on the events surrounding Ford Motor Company and NASA Glenn:

- Ford Motor Company: The \$20MM Engine Plant No. 1 retrofit is complete and production of Ford's EcoBoost engines has commenced. The continued improvement in economic conditions and Ford's dynamic management has been a major factor in Ford's success.

The City is working closely with Ford Motor Co. to strategize, remediate and repurpose its existing lands and facilities to foster the development of new advanced manufacturing, industrial, intermodal and/or cargo facilities on all available lands in Ford's Foreign Trade Zone.

- NASA Glenn: As part of the President Obama's proposed Fiscal Year 2015 budget, Glenn works in partnership with other Centers, U.S. industry, universities and other Government institutions to develop critical systems technologies and capabilities that address National aerospace priorities. Distinguished by its unique blend of aeronautics, space flight and project management expertise and experience, the Center's work focuses on research and technological advances in: air-breathing propulsion; advanced communications; in-space propulsion and cryogenic fluids management; power, energy storage and conversion; materials and structures for extreme environments; and physical sciences and biomedical technologies in space. Glenn leads development of the system and technology required for Solar Electric Propulsion, a key system to enable the robotic system of NASA's Asteroid Redirect Mission and to benefit other science and exploration missions. Glenn also leads the Space Technology Research Grants program, the Cryogenic Propellant Storage and Transfer project and the following Game Changing Development projects: Advanced In-Space Propulsion; Advanced Space Power Systems; and Nanotechnology. If the budget is approved, civil servant and contractor employment levels are projected to remain stable, approximately 1,500 individuals each.

Redevelopment Opportunities:

- Since acquiring the north side of Brookpark Road from the city of Cleveland in 1998, there has been substantial private funding invested on a year-over-year basis. Continuing on this success, Collection Auto Group has advised the City that they have entered into an agreement to repurpose existing lands between W. 139th and W. 140th streets for new automotive sales. The City will continue to meet with business owners and developers to find creative opportunities for new projects along this important corridor.
- The City's first-ever Master Plan, finalized in 2012, will be updated to reclassify Ford's Engine Plant No. 2 and the recently demolished Casting Facility site as industrial lands available for future industrial/advanced manufacturing redevelopment.

Infrastructure:

- The Agnes Blvd. reconstruction project was near completion.
- The Delores Blvd. and Thompson Blvd. resurfacing projects were completed.
- The Engle Road sanitary sewer replacement project was completed in May 2014.
- The Engle Road and W.147St./Elm Ave. resurfacing projects commenced in early 2014. Approximately \$3.4MM will be invested, with the majority of the funding coming from grants awarded by ODOT, OPWC and Cuyahoga County.

Future Projects:

- The City is aggressively pursuing the relocation of Harley Davidson Cleveland to secure at least 40 new jobs along with its multi-million dollar annual sales.
- A large, middle market privately held industrial firm is planning the construction of its North American headquarters on 20 acres within the City to relocate/consolidate its operations. Project cost is expected to exceed \$12MM. Annual payroll will exceed \$6MM. The project will add over 100 new jobs.
- The Greater Cleveland Regional Transit Authority (RTA) will invest \$10.3MM to complete the renovation of its Brook Park transit facility.

The above initiatives are imperative to the City's economic development strategy and long-term success. Each of these projects will help enhance the City's ability to attract additional investment into the community.

Cash Management Policies and Practices

Cash management is a vital component of the City's overall financial strategy. Under the direction of the finance director, the City maintains an aggressive cash management program. Major considerations are timing of cash flows necessary to pay City liabilities and available interest rates. As City funds become available, they are invested immediately in short-term certificates of deposit or other securities authorized by state statutes. Interest earnings are allocated to funds based on the requirements of the Ohio Constitution and state statutes. All deposits and investments are covered by pooled collateral that has a face value equal to at least 105 percent of deposits.

Risk Management

The City has contracted with Wichert Insurance Company to negotiate property, general liability, boiler and machinery, automobile, law enforcement, public officials and umbrella insurance for the City. Medical insurance is provided for full-time employees and their families. The plan is self-funded and administered by a third party administrator. The state of Ohio provides workers' compensation coverage for employees of the City.

Awards and Acknowledgements

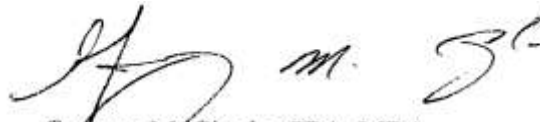

Certificate of Achievement. The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City for its CAFR for the fiscal year ended December 31, 2012. The Certificate of Achievement is a prestigious national award that recognizes conformance with the highest standards for preparation of state and local government financial reports.

In order to be awarded a Certificate of Achievement, the City published an easily readable and efficiently organized CAFR. This report conformed to program standards and satisfied both GAAP and applicable legal requirements.

The Certificate of Achievement is valid for a period of only one year. The City has received a Certificate of Achievement for the last 22 years. We believe that our current CAFR continues to meet the requirements for the Certificate of Achievement, and we are submitting it to the GFOA to determine its eligibility for another certificate.

Acknowledgement. The finance department, with the efficient and dedicated service of its entire staff, prepared this CAFR. We would like to express special appreciation to the independent accounting firm of James G. Zupka, CPA, Inc., who contributed significantly to the preparation of this report. In addition, we would like to thank the Mayor and each member of Brook Park City Council for their support, which has allowed the finance department to operate at the level that the residents of the City demand and deserve.

Respectfully submitted,

Gregory M. Cingle, CPA, MBA
Finance Director

INDEPENDENT AUDITOR'S REPORT

City of Brook Park
Cuyahoga County
6161 Engle Road
Brook Park, Ohio 44142

To the City Council:

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the City of Brook Park, Cuyahoga County, Ohio (the City), as of and for the year ended December 31, 2013, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for preparing and fairly presenting these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes designing, implementing, and maintaining internal control relevant to preparing and fairly presenting financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to opine on these financial statements based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the City's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the City's internal control. Accordingly, we express no opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinions.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the City of Brook Park, Cuyahoga County, Ohio, as of December 31, 2013, and the respective changes in financial position and, where applicable, cash flows thereof and the budgetary comparisons for the General Fund thereof for the year then ended in accordance with the accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require this presentation to include *Management's discussion and analysis* listed in the table of contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, consisting of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, to the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not opine or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to opine or provide any other assurance.

Supplementary and Other Information

Our audit was conducted to opine on the City's basic financial statements taken as a whole.

The introductory section, the financial section's combining statements, individual fund schedules and the statistical section information present additional analysis and are not a required part of the basic financial statements.

The statements and schedules are management's responsibility, and derive from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. We subjected these statements and schedules to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling statements directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves in accordance with auditing standards generally accepted in the United States of America. In our opinion, these statements and schedules are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

We did not subject the introductory section and statistical section information to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion or any other assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 30, 2014, on our consideration of the City's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

City of Brook Park, Ohio

Management's Discussion and Analysis (Unaudited)

For the Year Ended December 31, 2013

The discussion and analysis of the City of Brook Park's (the City) financial performance provides an overall review of the City's financial activities for the year ended December 31, 2013. The intent of this discussion and analysis is to look at the City's financial performance as a whole. Readers are encouraged to consider this information in conjunction with the additional information contained in the financial statements and the notes thereof.

Financial Highlights

Key financial highlights for 2013 are:

- Revenue from municipal income and other taxes totaled \$18,134,634.
- Total assets increased by \$2,843,700 or a 2.94 percent increase from 2012.
- Total net position decreased by \$701,266 or a 0.85 percent decrease from 2012.
- Total capital assets increased slightly by \$12,657 or a less than a 0.02 percent increase from 2012.
- Total outstanding long-term liabilities increased by \$4,402,174. This was a 48.16 percent increase from 2012 which is mainly attributed to the City's issuance of general obligation bonds.
- At the end of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$17,288,258, an increase of \$3,282,302 in comparison with the prior year's amount. Approximately 17.17 percent of this total amount, or \$2,967,565, is available for spending at the government's discretion (unassigned fund balance) without externally or internally imposed constraints.
- At the end of the current fiscal year, the General Fund's unassigned fund balance was \$3,070,287, or 14.96 percent of General Fund expenditures (not including other financing uses).

Using This Comprehensive Annual Financial Report (CAFR)

This annual report consists of a series of financial statements and notes to those statements. These statements are prepared and organized so the reader can understand the City both financially and operationally. The statements proceed to provide an increasingly detailed look at our specific financial condition.

The *Statement of Net Position* and *Statement of Activities* provide information about the activities of the whole City, presenting both an aggregate view of the City's finances and long-term view of those assets. Major fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term and what dollars remain for future spending. The fund financial statements also look at the City's most significant funds, with all other nonmajor funds presented in total in one column.

For the Year Ended December 31, 2013

Reporting the City of Brook Park as a Whole

Statement of Net Position and Statement of Activities

While the CAFR contains information about the funds used by the City to provide services to our citizens, the *Statement of Net Position* and the *Statement of Activities* provide a view of the City's monetary transactions and answer the question, "How did the City do financially during 2013?" These statements include all assets, deferred outflows of resources, liabilities, and deferred inflows of resources using the accrual basis of accounting, which is similar to the accounting method used by the private sector. This accounting method takes into account all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the City's net position and the changes in net position. The changes in net position are important because it tells the reader whether the financial position of the City has improved or diminished. When evaluating the overall position of the City, non-financial information should also be considered, such as: changes in the City's tax base, amendments to property and income tax laws, condition of capital assets, etc.

The *Statement of Net Position* and the *Statement of Activities* will include the following governmental activities: police, fire, street maintenance, parks and recreation and general administration. Income taxes, property taxes and state and federal subsidy grants finance most of these activities.

The *Statement of Net Position* and the *Statement of Activities* are divided into the following categories:

- Assets
- Deferred Outflows of Resources
- Liabilities
- Deferred Inflows of Resources
- Net Position (Assets and Deferred Outflows of Resources minus Liabilities and Deferred Inflows of Resources)
- Program Revenues and Expenses
- General Revenues
- Net Position at the Beginning and End of Year

Reporting of the Most Significant Funds of the City of Brook Park

Fund Financial Statements

The presentation of the City's major funds begins on page 19. Fund financial statements provide detailed information about the City's major funds based on the restrictions on the use of monies. The City has established many funds to account for the multitude of services, facilities and infrastructure improvements provided to our residents. However, these fund financial statements focus on the City's most significant funds. In the case of the City, the major funds are the General and Capital Improvements Funds. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

City of Brook Park, Ohio

Management's Discussion and Analysis (Unaudited) (continued)

For the Year Ended December 31, 2013

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources as well as on the balance of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the near-term financing requirements of a government. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets and deferred inflows of resources that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the City's general government operations and the basic services it provides. Both the *Governmental Funds Balance Sheet* and the *Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balances* provide a reconciliation to facilitate a comparison between governmental activities (reported in the *Statement of Net Position* and the *Statement of Activities*) and governmental funds.

The City maintains 18 individual governmental funds. Information is presented separately in the *Governmental Funds Balance Sheet* and in the *Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balances* for the General Fund and Capital Improvements Fund. Data from the other governmental funds are combined into single, aggregated presentations. Individual fund data for each of these nonmajor governmental funds is provided elsewhere in this CAFR in the form of combining statements.

The City adopts an annual appropriated budget for each of its funds. A budgetary comparison statement (non-GAAP budgetary basis) has been provided for each governmental and proprietary fund to demonstrate budgetary compliance.

Proprietary Funds

Internal service funds are an accounting device used to accumulate and allocate costs internally among the various functions of a city. Since this predominately benefits governmental rather than business functions, it has been included within governmental activities in the government-wide financial statements. The City maintains one type of proprietary fund for the self insurance of health care benefits.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Internal Service Fund.

The basic proprietary fund financial statements can be found starting on page 24.

Fiduciary Funds

Fiduciary funds are used to account for resources held for the benefit of parties outside the government and are not reflected in the government-wide financial statements because resources are not available to support the City's own programs. The City has only agency funds to report within the fiduciary fund category. Agency funds are reported on a full accrual basis of accounting and only present a statement of fiduciary net position.

City of Brook Park, Ohio

Management's Discussion and Analysis (Unaudited) (continued)

For the Year Ended December 31, 2013

Notes to the Financial Statements

The notes provide additional information that is essential for a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found starting on page 28.

Other information

In addition to the basic financial statements and the accompanying notes, this CAFR also presents certain other information that the City believes readers will find useful. After the notes to the basic financial statements, the combining statements, referred to earlier in connection with nonmajor governmental funds, are presented along with individual detailed budgetary comparisons for all nonmajor funds. This information can be found starting on page 67.

The City as a Whole

As noted earlier, the *Statement of Net Position* looks at the City as a whole and can prove to be a useful indicator of the City's financial position. Table 1 provides a summary of the City's net position for 2013 as compared to 2012.

Table 1
Net Position

	<u>2013</u>	<u>2012</u>
ASSETS		
Current and other assets	\$25,040,815	\$22,209,772
Capital assets, net	<u>74,534,127</u>	<u>74,521,470</u>
Total Assets	<u>99,574,942</u>	<u>96,731,242</u>
LIABILITIES		
Current and other liabilities	2,193,295	3,124,084
Long-term liabilities:		
Due within one year	2,129,667	1,941,252
Due in more than one year	<u>11,412,530</u>	<u>7,198,771</u>
Total Liabilities	<u>15,735,492</u>	<u>12,264,107</u>
DEFERRED INFLOWS OF RESOURCES		
Property Taxes	1,660,688	1,587,107
NET POSITION		
Net investment in capital assets	68,500,606	69,659,655
Restricted	7,611,415	7,323,321
Unrestricted	<u>6,066,741</u>	<u>5,897,052</u>
Total Net Position	<u>\$82,178,762</u>	<u>\$82,880,028</u>

A portion of the 2012 net position was reclassified between restricted and unrestricted. This reclass did not affect the total 2012 net position.

City of Brook Park, Ohio

Management's Discussion and Analysis (Unaudited) (continued)

For the Year Ended December 31, 2013

An additional portion of the City's net position, 9.26 percent, represents resources that are subject to external restrictions on how they are to be used. Unrestricted net position, \$6,066,741, may be used to meet the City's ongoing obligations to citizens and creditors.

Total assets increased by \$2,843,700 during the current year. The following factors were responsible for the change in total assets:

- The City issued general obligation bonds (\$5,520,000) with varying interest rates ranging from 2.0 percent to 4.75 percent. Final maturity dates are December 31, 2028, and December 31, 2033. The funds are being used for the following infrastructure improvements: Engle Road sanitary sewer replacement project, Engle Road resurfacing project and West 150th sanitary sewer improvement project (Phase III). Additionally, the bond anticipation note issued in 2012 was retired with a portion of the proceeds.
- The increase in current assets is principally due to the receipt of bond proceeds that has yet to be disbursed for the infrastructure improvements. Details of the bond issuance are discussed in Note 8 of the basic financial statements.
- Investment in the infrastructure of the City continued in 2013. The Agnes Blvd. reconstruction project was nearly completed. Dolores Blvd. and Thompson Blvd. resurfacing projects were completed. In addition, substantial improvements were made to Kennedy Ball Field in 2013.
- Capital equipment that was purchased in 2013 included:
 1. Two trucks with equipment for snow removal (\$46,339)
 2. Two zero turn mowers (\$21,804)
- The Brookpark Rd. resurfacing project was finalized in 2013. The project improved Brookpark Rd. in the cities of Brook Park, Cleveland and Parma. Total cost of the project was a little over \$3 million. Funding sources included dollars from ODOT and Ohio Public Works.

Total liabilities increased by \$3,471,385, which is primarily due to an increase in long-term liabilities as a result of the above referenced issuance of general obligation bonds.

The largest portion of the City's net position (83.36 percent) reflects its net investment in capital assets, i.e. land, buildings, machinery, equipment, vehicles and infrastructure, less any related outstanding debt used to acquire those assets along with related deferred outflows/inflows of resources. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt and related deferred outflows/inflows of resources, it should be noted that resources needed to repay this debt must be provided from other sources since the capital assets themselves cannot be used to liquidate those liabilities and related deferred inflows of resources.

City of Brook Park, Ohio

Management's Discussion and Analysis (Unaudited) (continued)

For the Year Ended December 31, 2013

Table 2 shows the changes in net position for 2013 as compared with 2012.

Net Position - End of Year	<u>\$82,178,762</u>	<u>\$82,880,028</u>

Governmental Activities

Several revenue sources fund the City's governmental activities, with City income tax being the largest contributor. The City's income tax rate is two percent on gross income and has not changed since 1991. Residents of the City who work in other communities and pay the withholding tax to those municipalities receive a 100 percent tax credit of up to two percent on their City income tax. During 2013, the revenues generated from municipal income tax and other miscellaneous taxes amounted to \$18,134,634. The 2.06 percent increase in income tax collections from 2012 to 2013 can mostly be attributed to net profit tax collections.

City of Brook Park, Ohio

Management's Discussion and Analysis (Unaudited) (continued)

For the Year Ended December 31, 2013

For 2013, City income tax revenue of 20 percent is earmarked for specific capital improvements. These revenues are allocated by an ordinance, providing that a substantial portion of the City's income tax collections be set aside for roads, city facilities and capital needs.

Of the \$25,176,355 in total revenue, income tax and other miscellaneous taxes accounted for 72.03 percent, property taxes accounted for 7.18 percent and charges for services totaling accounted for 13.46 percent of total revenue.

The combination of income tax, property tax, charges for services and intergovernmental funding was not sufficient to fund all of the expenses in the governmental activities. The City monitors its sources of revenues very closely for fluctuations. For the most part, decreases in functional expenses are a direct result of the City's conscious effort to control costs in a declining economic environment. The largest program functions for the City relate to security of persons and property and general government. During 2013, security of persons and property accounted for 43.62 percent of program expenses, and 17.83 percent of program expenses related to general government. In 2013, the overall decrease in expenses was \$1,617,805. This decrease in expenses was achieved primarily through controlling departmental expenses, reduced legal fees and lower operating transfers.

Currently there are 41 full-time sworn officers in the police department. The department wrote 2,338 tickets in 2013, which constituted a 2.13 percent decrease over tickets written in 2012.

The fire department consists of 36 full-time firefighters. The department handled 2,627 calls for assistance in 2013, of which approximately 2,204 were for emergency medical services (EMS), with the balance attributed to fire and fire-related incidents. Total calls for assistance represented a decrease of nearly 9.29 percent over 2012.

City of Brook Park, Ohio

Management's Discussion and Analysis (Unaudited) (continued)

For the Year Ended December 31, 2013

Program Expenses

For the year ended December 31, 2013, the City's total cost of services was \$25,877,621, with a net cost of services totaling \$21,337,356.

Table 3 itemizes fiscal year 2013 program expenses by specific function.

Table 3
Program Expenses

	Total Cost of Services 2013	Net Cost of Services 2013
Security of persons and property	\$11,287,480	\$ 10,446,871
General government	4,614,338	3,779,356
Public works	3,230,274	3,147,063
Transportation	3,083,726	2,148,180
Leisure time activities	2,198,184	1,726,465
Community development	886,092	(471,140)
Public health and welfare	313,017	296,051
Interest and fiscal charges	264,510	264,510
Total cost of service	<u>\$25,877,621</u>	<u>\$ 21,337,356</u>

The above table shows the total cost of services as well as the net cost of services. That is, it identifies the cost of the services supported by tax revenue and unrestricted intergovernmental revenues.

As referenced, most of the City's governmental activities rely on general revenues (property taxes, municipal income tax, grants, etc.) to support program expenses.

The City's Funds

Governmental Funds

The focus of the City's governmental funds is to provide information on near-term inflows, outflows and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balances may serve as a useful measure of a government's net resources available for spending at the end of the year. Information about the City's governmental funds begins on page 19.

As of the end of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$17,288,258. Of that amount, \$2,967,565 constitutes unassigned fund balances that are available for spending at the government's discretion without externally or internally imposed constraints. The remaining balance is nonspendable, restricted, committed, or assigned to indicate that it is not available for new spending.

City of Brook Park, Ohio

Management's Discussion and Analysis (Unaudited) (continued)

For the Year Ended December 31, 2013

General Fund

The General Fund is the chief operating fund of the City. As of December 31, 2013, the total fund balance for the General Fund was \$5,473,130, of which \$3,070,287 was unassigned. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to fund expenditures (not including other financing uses). Unassigned fund balance represents 14.96 percent of total General Fund expenditures, while total fund balance represents 26.66 percent of that same amount.

The said fund balance decreased by \$902,530 during 2013. Decreases in municipal income taxes, property taxes and revenues received from the state of Ohio were primarily responsible for the decrease.

Capital Improvements Fund

The Capital Improvements Fund accounts for miscellaneous revenue and non revenue in addition to the portion of municipal income tax allocated by City council for the purpose of improving, constructing, maintaining and purchasing those items necessary to enhance the operation of the City. As of December 31, 2013, the total fund balance for the Capital Improvements Fund was \$6,888,225, of which \$3,025,151 was committed. The said fund balance increased by \$3,585,894 during 2013, mainly due to the issuance of general obligation bonds (referenced earlier in this analysis).

City Budget

The City's budget is prepared according to Ohio law and accounts for certain transactions on a basis of cash receipts, cash disbursements and encumbrances. The most significant budgeted fund is the General Fund. Except for agency funds, an annual appropriation budget is legally required to be prepared for all funds of the City. City council is provided with a detailed line item budget for all departments. After discussions at regularly held council meetings that are open to the public, the budget is adopted at the department level by object. Within each object, appropriations can be transferred between line items with the approval of the finance director and the respective department head. Council must approve any revisions in the budget that alter object level totals or total appropriations for any department or fund. During the course of 2013, the City amended its General Fund budget various times. The finance department watches all department expenditures closely to monitor compliance with allocated budgets and provides monthly reports to City council that depict monthly and year-to-date activity.

For the General Fund, the final budget basis revenue plus other financing sources was \$21.5 million as compared to the original budget estimate plus other financing sources of \$20.8 million. The final budget was higher than the original budget due to higher than expected income tax collections and a one-time receipt of funds from the Bureau of Workers' Compensation (BWC). The final appropriations plus other financing uses of \$23.2 million were sufficient to meet the actual expenditures plus other financing uses for the year, \$22.4 million. Final appropriations exceeded original appropriations mainly due to increases in overtime gas and repair and maintenance. The City's ending budgetary fund balance was \$1,062,957 higher than the final budgeted amount primarily due to conservative revenue and expenditure budgetary practices.

City of Brook Park, Ohio

Management's Discussion and Analysis (Unaudited) (continued)

For the Year Ended December 31, 2013

Capital Assets and Debt Administration

Capital Assets

As of December 31, 2013, the City had \$74.5 million invested in land, construction in progress, buildings and improvements, improvements other than buildings, machinery and equipment, furniture and fixtures, vehicles and infrastructure. Table 4 shows fiscal year 2013 balances of capital assets, net of depreciation, as compared to 2012.

Table 4
Capital Assets at Year End
(Net of Depreciation)

	<u>2013</u>	<u>2012</u>
Land	\$ 4,925,383	\$ 4,925,383
Construction in progress	4,348,071	4,828,766
Buildings and improvements	9,037,760	9,371,402
Improvements other than buildings	1,156,696	1,198,563
Machinery and equipment	2,152,669	2,479,241
Furniture and fixtures	34,177	40,363
Vehicles	3,095,760	3,538,653
Infrastructure:		
Streets	36,540,296	34,465,703
Sewers	12,460,084	12,869,879
Water Lines	783,231	803,517
Total Capital Assets	<u>\$ 74,534,127</u>	<u>\$ 74,521,470</u>

Except for construction in progress, vehicles, and streets, the balances for the above capital assets remained practically unchanged. In 2013, numerous vehicles were disposed of and several capital projects were completed or nearing completion.

With respect to infrastructure, the City engineer maintains a comprehensive listing of all the streets, bridges, culverts and sewer lines located within the City. As part of the annual road maintenance program, the City engineer evaluates the condition of each street after each winter and prepares a list of streets to be either resurfaced or crack sealed. In the case of concrete roads, the damaged portion will be either replaced or repaired. After approval from City council, the projects are bid in the spring to get the best possible pricing from contractors. For additional information on capital assets, see Note 7 of the basic financial statements.

City of Brook Park, Ohio

Management's Discussion and Analysis (Unaudited) (continued)

For the Year Ended December 31, 2013

Debt

On December 31, 2013, the City had \$10,946,130 in outstanding debt, with \$977,182 of that debt due within one year.

Table 5 summarizes general obligation bonds, capital leases, OPWC loan, and short-term bond anticipation notes.

Table 5
Outstanding Debt at Year End

	<u>2013</u>	<u>2012</u>
General obligation bonds	\$ 7,977,641	\$ 2,504,004
Capital leases	1,253,966	1,616,919
OPWC loans	1,714,523	1,817,897
Short-term bond anticipation notes	-	752,227
Total outstanding debt	<u>\$ 10,946,130</u>	<u>\$ 6,691,047</u>

As mentioned earlier in this analysis, the City issued \$5,520,000 in general obligation bonds in 2013 (see page 9 for an explanation on the use of the bond proceeds).

As of December 31, 2013, the City's overall legal debt margin was \$37,604,817, with an unvoted debt margin of \$16,600,667.

More detailed information about the City's debt liabilities is presented in Note 8 and Note 20 of the basic financial statements.

Current Financial Related Activities

The current economic environment continues to provide major challenges for the administrative and legislative functions of the city of Brook Park.

Ford Motor Co. will begin adding nearly 450 employees starting in the third quarter of 2014 to produce Ford's new 2-liter, 4-cylinder EcoBoost engine but new work has yet to be identified for Engine Plant #2. Ford's Casting Plant has been razed, creating a large area of unutilized acreage that is vital to the economic development success of the City.

Local officials and Ford executives will continue to meet frequently to discuss current operating conditions and to strategize for new business alternatives that will keep the Brook Park Ford facility competitive in their corporate structure, resulting in a long-term existence within the City. In addition, discussions will continue on how to best develop the above referenced unutilized land that previously housed the Casting Plant.

NASA Glenn, the largest taxpayer in the City, continues to be a tremendous asset to the community as well as the region as a whole. President Obama's proposed Fiscal Year 2015 budget supports this assertion as significant funding of NASA Glenn programs is planned. City officials will continue to meet with Glenn administrators to converse about the current and future state of their facility.

City of Brook Park, Ohio

Management's Discussion and Analysis (Unaudited) (continued)

For the Year Ended December 31, 2013

Revenues aren't keeping pace with the overall operating and capital improvement needs of the City. Local officials have placed two tax initiatives on the ballot in August 2014 to generate more revenue to meet the necessities of the City.

In closing, local officials continue to work through the economic challenges facing the City and remain committed to providing full disclosure of the financial position of the City to its residents.

Contacting the City's Finance Department

The CAFR is designed to provide our citizens, taxpayers, investors and creditors with a general overview of the City's finances and to show the City's accountability for the money it receives. If you have any questions about this CAFR or need additional financial information, please contact Finance Director Gregory M. Cingle.

City of Brook Park, Ohio

Reconciliation of Total Governmental Fund Balances to Net Position of Governmental Activities

December 31, 2013

Total Governmental Funds Balance \$ 17,288,258

Amounts reported for Governmental Activities in the Statement of Net Position are different because:

Capital Assets used in Governmental Activities are not financial resources and, therefore, are not reported in the funds 74,534,127

Other long-term assets are not available to pay for current-period expenditures and, therefore, are unavailable revenues in the funds:

Delinquent property taxes	\$ 133,777	
Municipal income and other taxes	988,109	
Special assessments	85,968	
Intergovernmental	608,450	
Charges for services	67,538	
Total		1,883,842

The prepayment of the City's net OPEB amount is a result of the City's annual OPEB expenses exceeding the annual OPEB cost. 163,830

In the Statement of Activities, interest is accrued on outstanding bonds, whereas in Governmental funds, an interest expenditure is reported when due. (58,702)

Internal Service funds are used by management to charge the costs of certain activities, such as insurance to individual funds. The assets and liabilities of the Internal Service funds are included in Governmental Activities in the Statement of Net Position. 1,824,940

Long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported in the funds:

General obligation bonds	(7,705,000)	
OPWC loans	(1,714,523)	
Unamortized bond premiums	(272,641)	
Judgments payable	(189,000)	
Capital leases	(1,253,966)	
Retirement incentive payable	(360,550)	
Compensated absences	(1,961,853)	
Total		(13,457,533)

Net Position of Governmental Activities \$ 82,178,762

Fund Balances - End of Year	\$ 5,473,130	\$ 6,888,225	\$ 4,926,903	\$ 17,288,258

The notes to the basic financial statements are an integral part of this statement

City of Brook Park, Ohio

Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances of Governmental Funds to the Statement of Activities

For the Year Ended December 31, 2013

Net Change in Fund Balances-Total Governmental Funds \$ 3,282,302

Amounts reported for Governmental Activities in the Statement of Activities are different because:

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.

Capital Outlay	\$ 3,316,821	
Depreciation	<u>(3,276,314)</u>	
Total		40,507

In the Statement of Activities, only the loss on the disposal of capital assets is reported, whereas, in the Governmental Funds, the proceeds from the disposals increase financial resources. Thus, the change in net position differs from the change in fund balance by the net book value of the capital assets. (27,850)

Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds.

Delinquent property taxes	(19,323)	
Municipal income and other taxes	219,461	
Special assessments	(2,301)	
Intergovernmental	(293,236)	
Charges for services	<u>(30,304)</u>	
Total		(125,703)

Other financing sources in the Governmental funds increase long-term liabilities in the Statement of Net Position. These sources were attributed to the issuance of general obligation bonds and related premiums. (5,773,973)

Repayment of bond and loan principal and capital leases are expenditures in the Governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Position. 761,327

Some expenses reported in the Statement of Activities do not require the use of current financial resources and therefore are not reported as expenditures in Governmental funds.

Compensated absences	(72,549)	
Judgments payable	100,000	
Accrued interest on bonds	(43,714)	
Annual OPEB cost	65,096	
Amortization of bond premiums	5,336	
Retirement incentive payable	<u>577,685</u>	
Total		631,854

Internal Service funds are used by management to charge costs to certain activities, such as insurance to individual funds. The net revenue (expense) of Internal Service funds are reported in the Governmental Activities. 510,270

Change in Net Position of Governmental Activities \$ (701,266)

Notes to the Basic Financial Statements

For The Year Ended December 31, 2013

Note 1: The Reporting Entity

The City of Brook Park (the City) is a home rule municipal corporation established under the laws of the State of Ohio which operates under its own Charter. The current Charter, which provides for a mayor-council form of government, was adopted October 18, 1966.

A reporting entity is comprised of the primary government, component units and other organizations that are included to ensure that the financial statements are not misleading. The primary government of the City consists of all funds, departments, boards and agencies that are not legally separate from the City. For the City, this includes police and fire protection, parks and recreation, planning, zoning, street maintenance and repair, refuse collection and general administrative services. The City's departments include a public safety department, a public service department, a street maintenance department, a sanitation system, a parks and recreation department, a planning and zoning department, and a staff to provide support (i.e., payroll processing, accounts payable, and revenue collection) to the service providers. The operation of each of these activities and entities is directly controlled by the City Council through the budgetary process.

The Mayor's Court (the Court), which provides judicial services, is responsible for the levying and collecting of fines and forfeitures under state and local laws, and their subsequent distribution to various government agencies. The City budgets and appropriates funds for the operation of the Court and is ultimately responsible for any operating deficits sustained by the Court. The City's share of the fines collected by the Court, along with its share of the Court's administrative and operating costs, is recorded in the City's General Fund. Due to this relationship, the Court is not considered a component unit of the City but rather as part of the primary government unit itself. Monies held by the Court in a fiduciary capacity are recorded as an agency fund in the accompanying financial statements.

Component units are legally separate organizations for which the City is financially accountable. The City is financially accountable for an organization if the City appoints a voting majority of the organization's governing board and (1) the City is able to significantly influence the programs or services performed or provided by the organization; or (2) the City is legally entitled to or can otherwise access the organization's resources; the City is legally obligated or has otherwise assumed the responsibility to finance deficits of, or provide financial support to, the organization. Component units may also include organizations that are fiscally dependent on the City in that the City approves the budget, the issuance of debt, or the levying of taxes. The City has no component units.

Jointly Governed Organizations

Southwest General Health Center

Southwest General Health Center is an Ohio nonprofit corporation providing health services. The Health Center is a jointly governed organization among the communities of Berea, Brook Park, Columbia Township, Middleburg Heights, Olmsted Falls and Strongsville.

City of Brook Park, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2013

Note 1: The Reporting Entity (continued)

Jointly Governed Organizations (continued)

The Health Center is governed by a Board of Trustees consisting of the following: one member of the legislative body from each of the political subdivisions, one resident from each of the political subdivisions who is not a member of the legislative body, three persons who are residents of any of the participating political subdivisions, the president and the executive vice president of the corporations, and the president and the vice president of the medical staff. The legislative body of each political subdivision elects their own member to serve on the Board of Trustees of the Health Center.

The Board exercises total control over the operations of the Health Center including budgeting, appropriating, contracting and designating management. Each City's control is limited to its representation on the Board. In 2013, the City of Brook Park contributed \$108,109 of property tax levies and intergovernmental revenue to the Health Center.

Southwest Regional Communications Network Council of Governments

The Southwest Regional Communications Network Council of Governments is a jointly-governed organization between the City and seven other communities. Formed as a Regional Council of Governments as permitted under Ohio Revised Code Section 167.01, the intent of this organization is to establish, own, operate, maintain, and administer, a regional communications network for public safety and public service purposes for the mutual benefit of the participating communities. This organization is controlled by a governing body consisting of each participating community's mayor or his/her delegate or representative. The degree of control exercised by any member is limited to its representation on the governing board. All members agree to contribute the sums of money on a shared basis as agreed per the requirements set forth in the Articles of Understanding. In accordance with GASB Statement No. 14 as amended by GASB Statement No. 61, the City does not have an equity interest in the organization.

Note 2: Summary of Significant Accounting Policies

The financial statements of the City have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to local governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial principles. The most significant of the City's accounting policies are described below.

A. Basis of Presentation

The City's basic financial statements consist of government-wide statements, including a statement of net position and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

City of Brook Park, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2013

Note 2: Summary of Significant Accounting Policies (continued)

A. Basis of Presentation (continued)

Government-Wide Financial Statements

The statement of net position and the statement of activities display information about the City as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The activity of the internal service fund is eliminated to avoid doubling up revenues and expenses.

The statement of net position presents the financial condition of the governmental activities of the City at year-end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the City's governmental activities. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program and interest earned on grants that is required to be used to support a particular program. Revenues not classified as program revenues are presented as general revenues of the City, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the City.

Fund Financial Statements

During the year, the City segregates transactions related to certain City functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the City at this more detailed level. The focus of governmental fund financial statements is on major funds. Each major fund is presented in a separate column. Non-Major funds are aggregated and presented in a single column. The internal service fund is presented in a single column on the face of the proprietary fund statements. Fiduciary funds are reported by type.

B. Fund Accounting

The City uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. There are three categories of funds: governmental, proprietary and fiduciary.

City of Brook Park, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2013

Note 2: Summary of Significant Accounting Policies (continued)

B. Fund Accounting (continued)

Governmental Funds

Governmental funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and deferred outflows of resources compared to liabilities and deferred inflows of resources is reported as fund balance. The following are the City's major governmental funds:

General Fund

The General Fund accounts for all financial resources except those required to be accounted for in another fund. The General Fund balance is available to the City for any purpose provided it is expended or transferred according to the charter of the City and/or the general laws of Ohio.

Capital Improvements Fund

The Capital Improvements Fund accounts for intergovernmental revenues, bond proceeds, and the portion of municipal income tax allocated by Council for the purpose of improving, constructing, maintaining, and purchasing those items necessary to enhance the operation of the City.

The other governmental funds of the City account for grants and other resources whose use is restricted, committed, or assigned to a particular purpose.

Proprietary Funds

Proprietary fund reporting focuses on the determination of operating income, changes in net position, financial position and cash flows. Proprietary funds are classified as either enterprise or internal service. The City has no enterprise funds.

Internal Service Fund

Internal service funds account for the financing of services provided by one department or agency to other departments or agencies of the City on a cost-reimbursement basis. The City's internal service fund reports on a self-insurance program for employee medical benefits.

Note 2: Summary of Significant Accounting Policies (continued)

B. Fund Accounting (continued)

Fiduciary Funds

Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds and agency funds. Trust funds are used to account for assets held by the City under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the City's own programs. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The City's only fiduciary funds are agency funds. The City's agency funds account for: street opening fees, mayor's court activity, building code fees, employees' share of payroll deductions due to other agencies, assets held for the Southwest Regional Communication jointly governed organization, and employees' share of pension contributions.

C. Measurement Focus

Government-Wide Financial Statements

The government-wide financial statements are prepared using the economic resources measurement focus. All assets and deferred outflows of resources and all liabilities and deferred inflows of resources associated with the operation of the City are included on the Statement of Net Position, except for fiduciary funds. The Statement of Activities presents increases (e.g. revenues) and decreases (e.g. expenses) in total net position.

Fund Financial Statements

All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and deferred outflows of resources and current liabilities and deferred inflows of resources generally are included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include reconciliations with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

Like the government-wide statements, all proprietary funds are accounted for on a flow of economic resources measurement focus. All assets and deferred outflows of resources and all liabilities and deferred inflows of resources associated with the operation of these funds are included on the statement of net position. The statement of revenues, expenses and changes in net position presents increases (i.e., revenues) and decreases (i.e., expenses) in total net position. The statement of cash flows provides information about how the City finances and meets the cash flow needs of its proprietary activities.

City of Brook Park, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2013

Note 2: Summary of Significant Accounting Policies (continued)

D. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting; proprietary and fiduciary funds also use the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Differences in the accrual and modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred outflows/inflows of resources, and in the presentation of expenses versus expenditures.

Revenues – Exchange and Non-Exchange Transactions

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the year in which the resources are measurable and become available. Available means that the resources will be collected within the current year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current year. The available period for the City is sixty days after year-end.

Non-exchange transactions, in which the City receives value without directly giving equal value in return, include income taxes, property taxes, grants, entitlements and donations. On an accrual basis, revenue from income taxes is recognized in the period in which the income is earned. Revenue from property taxes is recognized in the year for which the taxes are levied (see Note 6). Revenue from grants, entitlements and donations is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the City must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the City on a reimbursement basis. On a modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at year-end: income tax, state-levied locally shared taxes (including gasoline tax and motor vehicle license tax), fines and forfeitures, licenses and permits, interest, grants and entitlements and rentals.

Deferred Outflows/Inflows of Resources

In addition to assets, the statements of financial position will sometimes report a separate section for deferred outflows of resources. Deferred outflows of resources, represents a consumption of net position that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until then. The City did not have any deferred outflows of resources as of December 31, 2013.

City of Brook Park, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2013

Note 2: Summary of Significant Accounting Policies (continued)

D. Basis of Accounting (continued)

Deferred Outflows/Inflows of Resources (continued)

In addition to liabilities, the statements of financial position report a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net position that applies to a future period and will not be recognized as an inflow of resources (revenue) until that time. For the City, deferred inflows of resources include property taxes and unavailable revenues. Property taxes represent amounts for which there is an enforceable legal claim as of December 31, 2013, but which were levied to finance year 2014 operations. These amounts have been recorded as deferred inflows on both the government-wide statement of net position and the governmental fund financial statements. Unavailable revenue is reported only on the governmental funds balance sheet, and represents receivables which will not be collected within the available period. For the City, unavailable revenue includes delinquent property taxes, income taxes, intergovernmental grants, special assessments, and charges for services. These amounts are deferred and recognized as inflows of resources in the period the amounts become available.

Expenses/Expenditures

On the accrual basis of accounting, expenses are recognized at the time they are incurred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

E. Budgetary Process

An annual appropriated budget is legally required to be prepared for all funds of the City other than agency funds. Council passes appropriations at the department level by object. Line item appropriations may be transferred between the accounts with the approval of the Finance Director and respective department head. Council must approve any revisions in the budget that alter total fund appropriations. The following are the procedures used by the City in establishing the budgetary data reported in the basic financial statements:

Tax Budget

A tax budget of estimated revenue and expenditures for all funds other than agency funds is submitted to the County Auditor, as Secretary of the County Budget Commission, by July 20th of each year, for the period January 1 to December 31 of the following year.

City of Brook Park, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2013

Note 2: Summary of Significant Accounting Policies (continued)

E. Budgetary Process (continued)

Estimated Resources

The County Budget Commission determines if the budget substantiates a need to levy the full amount of authorized property tax rates and reviews revenue estimates. The Commission certifies its actions to the City by September 1. As part of this certification, the City receives the official certificate of estimated resources, which states the projected revenue of each fund. Prior to December 31, the City must revise its budget so that the total contemplated expenditures from any fund during the ensuing fiscal year will not exceed the amount available as stated in the certificate of estimated resources. The revised budget then serves as the basis for the annual appropriations measure.

On or about January 1 the certificate of estimated resources is amended to include unencumbered fund balances at December 31. Further amendments may be made during the year if the Finance Director determines that revenue to be collected will be greater than or less than the prior estimates and the budget commission d the revised estimates to be reasonable. The amounts reported in the budgetary statements as original represent the amounts in the first official certificate of estimated resources issued during 2013. The amounts reported in the budgetary statements as final reflect the amounts in the final amended official certificate of estimated resources issued during 2013.

Annual Estimate

The Mayor, with the assistance of the Finance Director, is required by Charter to submit to Council, on or before December 1 of each fiscal year, an estimate of the revenues and expenditures of each fund of the City for the next succeeding fiscal year. The annual estimate serves as the basis for appropriations (the appropriated budget) in each fund.

Appropriations

An appropriation ordinance (the appropriated budget) to control the level of expenditures for all funds must be legally enacted on or about January 1. Appropriations may not exceed estimated resources as established in the official Amended Certificate of Estimated Resources. Supplemental appropriations may be adopted by Council action. During the year, several supplemental appropriation measures were necessary. The amounts reported as the original budgeted amounts in the budgetary statements reflect the first appropriated budget for each fund that covered the entire year, including amounts automatically carried over from prior years. The amounts reported as the final budgeted amounts in the statements of budgetary comparisons represent the final appropriation amounts, including all amendments and modifications.

Lapsing of Appropriations

At the close of each year, the unencumbered balance of each appropriation reverts to the respective fund from which it was appropriated and becomes subject to future appropriations. The encumbered appropriation balance is carried over for the subsequent year's expenditures and is reappropriated.

City of Brook Park, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2013

Note 2: Summary of Significant Accounting Policies (continued)

E. Budgetary Process (continued)

Budgeted Level of Expenditure

Administrative control is maintained through the establishment of detailed line-item budgets. Appropriated funds may not be expended for purposes other than those designated in the appropriation ordinance without authority from Council. Expenditures plus encumbrances may not legally exceed appropriations at the level of appropriation adopted by Council. For all funds, Council appropriations are made at the department level by object. The appropriations set by Council must remain fixed unless amended by Council ordinance. More detailed appropriation allocations may be made by the Finance Director as long as the allocations are within Council's appropriated amount.

Encumbrances

As part of formal budgetary control, purchase orders, contracts, and other commitments for the expenditure of monies are encumbered and recorded as the equivalent of expenditures on the non-GAAP budgetary basis in order to reserve that portion of the applicable appropriation and determine and maintain legal compliance. The Ohio Revised Code prohibits expenditures plus encumbrances from exceeding appropriations. Encumbrances outstanding at year-end are reported as part of restricted, committed, and assigned fund balances for subsequent-year expenditures of governmental funds.

F. Pooled Cash and Cash Equivalents

To improve cash management, cash received by the City is pooled. Monies for all funds are maintained in this pool. Individual fund integrity is maintained through City records. Each fund's interest in the pool is presented as "equity in pooled cash and cash equivalents" on the balance sheet.

The City has segregated bank accounts for monies held separate from the City's cash pool. These depository accounts are presented on the Statement of Fiduciary Net Position as "cash and cash equivalents in segregated accounts" since they are not required to be deposited into the City's treasury and are related to the City's mayor's court.

Investments are reported at fair value which is based on quoted market prices.

The City complies with GASB Statement No. 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*. As a governmental entity other than an external investment pool in accordance with GASB 31, the City's investments are stated at fair value, except for interest-earning investment contracts, money market investments, and external investment pools (see Note 5).

City of Brook Park, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2013

Note 2: Summary of Significant Accounting Policies (continued)

F. Pooled Cash and Cash Equivalents (continued)

In applying GASB Statement No. 31, the City utilized the following methods and assumptions as of December 31, 2013:

The portfolio was limited to the State Treasury Asset Reserve of Ohio (STAR Ohio).

Most of the City's investments are reported at fair value, which is the quoted market price as of the valuation date. For investments in STAR Ohio, fair value is determined by the pool's share price. Exceptions to the fair value requirement include money market investments.

Money market investments, including U.S. Treasury and agency obligations that had a remaining maturity of one year or less at the time of purchase by the City, are reported at amortized cost.

Aside from investments clearly identified as belonging to a specific fund, any unrealized gain/loss resulting from the valuation will be recognized within the general fund to the extent its cash and investments balance exceeds the cumulative value of those investments subject to GASB Statement No. 31.

The gain/loss resulting from valuation will be reported within the investment income account on the Statement of Activities.

The City's policy is to hold investments until market values equal or exceed cost.

During the year, the City invested in STAR Ohio, an investment pool managed by the State Treasurer's office which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in STAR Ohio are valued at STAR Ohio's share price, which is the price the investment could be sold for on December 31, 2013.

Interest allocation is determined by the Ohio Constitution, state statutes, and local ordinances adopted under City Charter. Under these provisions, City funds required to receive interest allocations are: 1) those which receive proceeds from the sale of notes and/or bonds and 2) those which receive distributions of state gasoline tax and motor vehicle licenses fees (street maintenance and state highway special revenue funds). All remaining interest is allocated to the general fund. Legally, proprietary funds generally do not receive interest.

G. Inventory

Inventories are stated at cost, on the first-in, first-out basis. The purchase method is used to account for inventories. Under the purchase method, inventories are recorded as expenditures in the governmental fund types when purchased; however, material amounts of inventories at period-end are reported as assets of the respective fund, which are equally offset in the nonspendable component of fund balance which indicates they are unavailable for appropriation even though they are a component of reported assets. Inventory consists of expendable supplies.

City of Brook Park, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2013

Note 2: Summary of Significant Accounting Policies (continued)

H. Prepaid Items

Payments made to vendors for services that will benefit periods beyond December 31, 2013, are recorded as prepaid items using the allocation method by recording a current asset for the prepaid amount and reflecting the expenditure/expense in the year in which it was consumed.

I. Receivables

Receivables at December 31, 2013 consist of taxes, intergovernmental, accounts (billings for user charged services), special assessments, and accrued interest on investments. All are deemed collectible in full.

J. Capital Assets

General capital assets are those assets not specifically related to activities reported in the proprietary funds. These assets generally result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the government-wide statement of net position but are not reported in the fund financial statements.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and disposals during the year. Donated capital assets are recorded at their fair market values as of the date received. The City maintains a capitalization threshold of five thousand dollars. The City's infrastructure consists of bridges, culverts, curbs, sidewalks, storm sewers, streets, irrigation systems and water and sewer lines. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not. Interest incurred during the construction of capital assets is also capitalized.

All capital assets are depreciated except for land and construction in progress. Improvements are depreciated over the remaining useful lives of the related capital assets. Useful lives for infrastructure were estimated based on the City's historical records of necessary improvements and replacement. Depreciation is computed using the straight-line method over the following useful lives:

<u>Description</u>	<u>Estimated Lives</u>
Buildings and Improvements	50 years
Machinery and Equipment	10 to 15 years
Vehicles	6 to 10 years
Infrastructure	25 to 50 years

City of Brook Park, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2013

Note 2: Summary of Significant Accounting Policies (continued)

K. Interfund Balances

On fund financial statements, outstanding interfund loans and unpaid amounts for interfund services are reported as “interfund receivables/payables”. Interfund loans which do not represent available expendable resources would be offset by a component of fund balance. Interfund balance amounts are eliminated in the statement of net position.

L. Compensated Absences

The City reports compensated absences in accordance with the provisions of GASB No. 16, “*Accounting for Compensated Absences*.” Vacation benefits are accrued as a liability as the benefits are earned if the employees’ rights to receive compensation are attributable to services already rendered and it is probable that the employer will compensate the employees for the benefits through paid time off or some other means.

Sick leave benefits are accrued as a liability using the vesting method. The liability includes the employees who are currently eligible to receive termination benefits and those that the City has identified as probable of receiving payment in the future. The amount is based on accumulated sick leave and employee wage rates at fiscal year end taking into consideration any limits specified in the City’s termination policy. Additionally, certain salary related payments associated with the payment of compensated absences have been accrued.

The entire compensated absence liability is reported on the government-wide financial statements. A liability for the amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

M. Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds. However, claims and judgments and compensated absences that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current year. Bonds, capital leases and long-term loans are recognized as a liability on the fund financial statements when due.

City of Brook Park, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2013

Note 2: Summary of Significant Accounting Policies (continued)

N. Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the City is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

Nonspendable – The nonspendable fund balance classification includes amounts that cannot be spent because they are not spendable in form, or legally or contractually required to be maintained intact. The “not in spendable form” criterion includes items that are not expected to be converted to cash. It also includes the long-term amount of loans receivable, as well as property acquired for resale, unless the use of the proceeds from the collection of those receivables or from the sale of those properties is restricted, committed, or assigned.

Restricted – Fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or is imposed by law through constitutional provisions.

Committed – The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by a formal action (ordinance) of the City’s Council. Those committed amounts cannot be used for any other purpose unless the City’s Council removes or changes the specified use by taking the same type of action (ordinance) it employed to previously commit those amounts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Assigned – Amounts in the assigned fund balance classification are intended to be used by the City for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds other than the general fund, assigned fund balance represents the remaining amount that is not restricted or committed. In the general fund, assigned amounts would represent intended uses established by City Council.

Unassigned – Unassigned fund balance is the residual classification for the general fund and includes all spendable amounts not contained in the other classifications. In the other governmental funds, the unassigned classification is used only to report a deficit balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned.

The City applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

City of Brook Park, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2013

Note 2: Summary of Significant Accounting Policies (continued)

O. Net Position

Net position is the residual amount when comparing assets and deferred outflows of resources to liabilities and deferred inflows of resources. The net investment in capital assets component of net position consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of those assets along with any related deferred outflows/inflows of resources. The restricted component of net position is reported when there are limitations imposed on their use either through the enabling legislation adopted by the City or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

The City applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position are available. As of December 31, 2013, the City did not have net position restricted by enabling legislation.

P. Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. For the City, these revenues are charges for services for the self-insurance program. Operating expenses are necessary costs incurred to provide the service that is the primary activity of the fund. All revenues and expenses not meeting this definition are reported as non-operating.

Q. Grants and Intergovernmental Revenues

Federal grants and assistance awards made on the basis of entitlement periods are recorded as intergovernmental receivables and revenues when entitlement occurs. Federal reimbursement-type grants are recorded as intergovernmental receivables and revenues in the period when all applicable eligibility requirements have been met and the resources are available.

R. Interfund Activity

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after nonoperating revenues/expenses in proprietary funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

S. Extraordinary and Special Items

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of the City Administration and that are either unusual in nature or infrequent in occurrence. Neither extraordinary nor special items had occurred in 2013.

City of Brook Park, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2013

Note 2: Summary of Significant Accounting Policies (continued)

T. Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Note 3: Changes in Accounting Principles and Prior Period Adjustments

Changes in Accounting Principles

GASB Statement No. 61, *The Financial Reporting Entity: Omnibus – an amendment of GASB Statements No. 14 and No. 34*. The objective of this Statement is to improve financial reporting for a governmental financial reporting entity. The requirements of Statement No. 14, *The Financial Reporting Entity*, and the related financial reporting requirements of Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*, were amended to better meet user needs and to address reporting entity issues that have arisen since the issuance of those Statements. The requirements of this Statement are effective for financial statements for periods beginning after June 15, 2012 and have been implemented by the City.

GASB Statement No. 66, *Technical Corrections – 2012 – an amendment of GASB Statements No. 10 and No. 62*. The objective of this Statement is to improve accounting and financial reporting for a governmental financial reporting entity by resolving conflicting guidance that resulted from the issuance of two pronouncements, Statements No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, and No. 62, *Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements*. The requirements of this Statement are effective for financial statements for periods beginning after December 15, 2012 and have been implemented by the City.

The implementation of these GASB Statements had no impact on the City's financial statements.

City of Brook Park, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2013

Note 3: Changes in Accounting Principles and Prior Period Adjustments (continued)

Prior Period Adjustments

A prior period adjustment is necessary to reclass a portion of the cash balance of the Capital Improvements Fund into the General Fund, from which the monies originated from initially. This reclassification of cash balances had the following impact on prior period's fund balances and budgetary cash balances:

	<u>General</u>	<u>Capital Improvements</u>
<i><u>Modified Accrual Basis Adjustment:</u></i>		
Fund Balances, December 31, 2012	\$ 4,483,731	\$ 5,194,260
Prior Period Adjustment:		
Reclassification of Cash	1,891,929	(1,891,929)
Restated Fund Balances, December 31, 2012	<u>\$ 6,375,660</u>	<u>\$ 3,302,331</u>
<i><u>Budgetary Basis Adjustment:</u></i>		
Cash Fund Balances, December 31, 2012	\$ 2,859,180	\$ 5,814,981
Prior Period Adjustment:		
Reclassification of Cash	1,891,929	(1,891,929)
Restated Cash Fund Balances, December 31, 2012	<u>\$ 4,751,109</u>	<u>\$ 3,923,052</u>

Note 4: Budgetary Basis of Accounting

While the City is reporting financial position, results of operations, and changes in fund balances on the basis of generally accepted accounting principles (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances.

The Statements of Revenues, Expenditures and Changes in Fund Balances – Budget (Non-GAAP Budgetary Basis) and Actual presented for the General Fund is presented on the budgetary basis to provide a meaningful comparison of actual results with the budget. The major differences between the budget basis and the GAAP basis are that:

- (a) Revenues are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis);
- (b) Expenditures are recorded when paid in cash (budget basis) as opposed to when the liability is incurred (GAAP basis);
- (c) Encumbrances are treated as expenditures (budget) rather than as a part of restricted, committed, and assigned fund balances (GAAP);

City of Brook Park, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2013

Note 4: Budgetary Basis of Accounting (continued)

- (d) Investment are recorded at fair value (GAAP) rather than at cost (budget); and
- (e) Some funds are included in the General Fund (GAAP basis), but have separate legally adopted budgets (budget basis).

The following table summarizes the adjustments necessary to reconcile the GAAP basis statements to the budgetary basis statements for the General Fund.

	<u>Net Change in Fund Balance</u>
GAAP Basis	\$ (902,530)
Increase (Decrease) Due to:	
Revenue Accruals	1,204,760
Expenditure Accruals	(1,048,869)
Funds with Separate Legally Adopted Budget	182,716
Outstanding Encumbrances	(335,937)
Budget Basis	<u>\$ (899,860)</u>

Note 5: Deposits and Investments

State statutes classify monies held by the City into three categories. Active deposits are public deposits necessary to meet current demands on the treasury. Such monies must be maintained either as cash in the City treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are monies identified as not required for use within the current five year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit account including, but not limited to, passbook accounts.

Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim monies may be deposited or invested in the following securities:

1. United States Treasury notes, Bills, Bonds, or any other obligation or security issued by the United States Treasury or any other obligation guaranteed as to principal and interest by the United States;

City of Brook Park, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2013

Note 5: Deposits and Investments (continued)

2. Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality, including but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. Written repurchase agreements in the securities listed above provided that the fair value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily;
4. Investment grade obligations of state and local governments, and public authorities;
5. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) of this section and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions; and
6. The State Treasurer's investment pool (STAR Ohio).

Investments in stripped principal or interest obligations, reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. An investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the City, and must be purchased with the expectation that it will be held to maturity.

Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the treasurer or qualified trustee or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

Deposits

Custodial credit risk is the risk that in the event of bank failure, the City's deposits may not be returned to it. The City has no deposit policy for custodial risk beyond the requirements of State statute. Ohio law requires that deposits either be insured or protected by eligible securities pledged to and deposited either within the City or a qualified trustee by the financial institution as security for repayment, or by a collateral pool of eligible securities deposited with a qualified trustee and pledged to secure the repayment of all public monies deposited in the financial institution whose fair value at all times shall be at least one hundred and five percent of the deposits being secured.

City of Brook Park, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2013

Note 5: Deposits and Investments (continued)

Deposits (continued)

At year-end, the carrying amount of the City's deposits was \$15,536,800 (including \$4,030 of petty cash and \$15,329 of segregated accounts) and the bank balance was \$15,981,943. As of December 31, 2013, \$265,329 of the City's bank balances were covered by Federal depository insurance and the remaining \$15,716,614 was exposed to custodial credit risk because it was uninsured and collateralized. Although the securities were held by the pledging institution's trust department and all statutory requirements for the investment of money had been followed, noncompliance with Federal requirements could potentially subject the City to a successful claim by the FDIC.

Investments

Investments are reported at fair value. As of December 31, 2013, the City had the following investments:

<u>Investment Type</u>	<u>Fair- Value</u>	<u>Credit Rating (*)</u>	<u>Investment Maturities (in Years)</u>
STAR Ohio	\$ 3,274,107	AAAm	<1
Total Investments	<u>3,274,107</u>		<u>\$ 3,274,107</u>
Carrying Amount of Deposits	15,532,770		
Petty Cash	4,030		
Total Cash and Investments	<u>\$ 18,810,907</u>		

* Credit Ratings were obtained from Standard & Poor's, respectively, for all investments.

Interest Rate Risk arises because potential purchasers of debt securities will not agree to pay face value for those securities if interest rates subsequently increase. The City's investment policy addresses interest rate risk requiring that the City's investment portfolio be structured so that securities mature to meet cash requirements for ongoing operations and/or long-term debt payments, thereby avoiding that need to sell securities on the open market prior to maturity and by investing operating funds primarily in short-term investments. The City's investment policy also limits security purchases to those that mature in five years unless specifically matched to a specific cash flow. To date, no investments have been purchased with a life greater than five years.

City of Brook Park, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2013

Note 5: Deposits and Investments (continued)

Investments (continued)

Custodial Risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, the City will not be able to recover the value of investment or collateral securities that are in the possession of an outside party. All financial institutions and broker/dealers who desire to become qualified for investment transactions with the City must meet a set of prescribed standards and be periodically reviewed.

Credit Risk is addressed by the City's investment policy by the requirements that all investments are authorized by Ohio Revised Code and that the portfolio be diversified both by types of investment and issuer. The investments of the City are registered and the credit rating provided by Standard & Poor's is provided in the table above.

Concentration of Credit Risk is defined by the Governmental Accounting Standards Board as five percent or more in the securities of a single issuer. The City's investment policy requires diversification of the portfolio but does not indicate specific percentage allocations. The City's investment in STAR Ohio represents 100.00 percent of the City's total investments.

Note 6: Receivables

Receivables at December 31, 2013 consisted primarily of taxes, intergovernmental receivables arising from grants, entitlements or shared revenues, accounts, special assessments and interest on investments. All receivables are considered fully collectible.

A. Property Tax

Property taxes include amounts levied against all real, public utility, and tangible personal property located in the City. Taxes collected on real property (other than public utility) in one calendar year are levied in the preceding calendar year on assessed values as of January 1 of that preceding year, the lien date. Assessed values are established by state statute at 35 percent of appraised market value. All property is required to be revalued every six years. The last revaluation was completed in 2012. Real property taxes are payable annually or semiannually. The first payment is due December 31, with the remainder payable by June 20.

City of Brook Park, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2013

Note 6: Receivables (continued)

A. Property Tax (continued)

Taxes collected on tangible personal property (other than public utility) in one calendar year are levied in the prior calendar year on assessed values during and at the close of the most recent fiscal year of the taxpayer that ended on or before March 31 of that calendar year, and at the tax rates determined in the preceding year.

Tangible personal property used in business (except for public utilities) is currently assessed for *ad valorem* taxation purposes at 25 percent of its true value. The tangible personal property tax has been phased out and the City is only receiving residual amounts from delinquent tangible personal property taxes. Amounts paid by multi-county taxpayers are due September 20. Single county taxpayers may pay annually or semiannually. If paid annually, payment is due April 30; if paid semiannually, the first payment is due April 30; with the remainder payable by September 20.

Public utility real and tangible personal property taxes collected in one calendar year are levied in the preceding calendar year on assessed values determined as of December 31 of the second year preceding the tax collection year, the lien date. Certain public utility tangible personal property currently is assessed at 88 percent of its true value. Public utility property taxes are payable on the same dates as real property taxes described previously.

The County Fiscal Officer collects property taxes on behalf of all taxing districts in the county, including the City of Brook Park. The County Fiscal Officer periodically remits to the City its portion of the taxes collected.

The full tax rate for all City operations for the year ended December 31, 2013, was \$4.75 per \$1,000 of assessed value. The assessed values of real and tangible personal property upon which 2012 property tax receipts were based are as follows:

<u>Category</u>	<u>Assessed Value</u>
Real Estate	\$ 409,748,240
Public Utility	10,334,750
Total	<u>\$ 420,082,990</u>

B. Income Tax

The City levies and collects a 2 percent income tax on all income earned within the City as well as on income of residents earned outside the City. In the latter case, the City allows a credit of 100 percent of the tax paid to another municipality, not to exceed the amount owed. Employers within the City are required to withhold income tax on employee earnings and remit the tax to the City at least quarterly. Corporations and other individual taxpayers are also required to pay their estimated tax at least quarterly and file a final return annually. The City, by ordinance, allocates income tax revenues and expenditures for collecting, administering, and enforcing the tax to the General and Capital Improvements Capital Projects Funds, at eighty and twenty percent, respectively.

City of Brook Park, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2013

Note 6: Receivables (continued)

B. Income Tax (continued)

The Capital Improvements Capital Projects Fund further allocates income taxes to other capital projects funds, as transfers, through the budgetary process. On a cash basis, total income tax receipts for 2013 were \$17,633,060.

C. Intergovernmental Receivables

A summary of the principal items of intergovernmental receivables follows:

	<u>Amounts</u>
Local government funds	\$ 199,553
Auto registration fees	91,250
Homestead and rollback	116,935
CAT tax reimbursement	2,468
Estate tax	42,190
Gasoline and excise tax	345,499
Public utility reimbursement	336
Permissive tax	3,556
City of Cleveland (share of OPWC loan)	1,013,652
City of Cleveland (misc. reimbursement)	22,694
Fines and forfeitures	10,207
Miscellaneous reimbursements	<u>5,968</u>
Total	<u>\$ 1,854,308</u>

General obligation bonds are direct obligations of the City for which its full faith and credit are pledged for repayment. In the event that income tax revenues are not sufficient to meet annual principal and interest requirements, the City has reserved the right to levy and assess a special assessment on the property. Revenues will be received in and the debt will be repaid from the General Obligation Debt Service Fund.

During 2005, the Ohio Public Works Commission (OPWC) approved a loan to the City to finance a portion of the West 150th Street Improvement project. OPWC committed up to \$1,949,332 at a zero percent interest rate for twenty years. The City and the City of Cleveland have an agreement to share the debt service requirements of the OPWC loan. The City will pay 100 percent of the annual debt service requirements and the City of Cleveland will reimburse the City 65 percent of the annual debt service requirement. The City has recorded an intergovernmental receivable in the amount of \$1,013,652 to recognize the City of Cleveland's share of the loan.

During 2010, the Ohio Public Works Commission (OPWC) approved a loan to the City to finance a portion of the Smith/Hummel Sewer Improvement Project Phase II. OPWC has committed up to \$573,140 at a zero percent interest rate for twenty years. The City has completed the project but only utilized \$118,139 of total \$573,140 in loan proceeds from OPWC.

During 2011, the City issued \$1,705,000 in various purpose improvement bonds, series 2011 with interest rates ranging from 2.00 percent to 3.40 percent over the life of the bonds. The proceeds from these bonds were used to finance the reconstruction of Heatherwood Drive (\$905,000) and a waterline replacement on Sheldon Road (\$800,000). The bonds will mature in 2026.

On October 1, 2013, the City issued \$5,520,000 in various purpose improvement bonds, series 2013 with interest rates ranging from 2.00 percent to 4.75 percent over the life of the bonds. The proceeds from these bonds were used to finance the Engle Road resurfacing project (\$1,835,000), the Engle Road sanitary sewer replacement project (\$1,965,000), and the Smith Road sanitary sewer project (\$1,720,000). The bonds will be fully matured in 2033.

City of Brook Park, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2013

Note 8: Long-Term Obligations (continued)

The City offered employees participation in an Early Retirement Incentive Plan (the Plan). Participation was open to eligible employees under the Ohio Public Employees Retirement System (OPERS). The Plan allows the City to pay the cost, as determined by OPERS, of three years of eligible service credit for each eligible employee. To participate in the Plan, each eligible employee had to notify the City during the period June 1, 2011 through May 31, 2012. As of December 31, 2013, the Plan's remaining liability is \$445,214, of which \$84,664 is recorded as a liability on the governmental fund financial statements. The Plan liability will be paid out of the General Fund.

Compensated absences are generally paid from the General Fund, Street Maintenance Special Revenue Fund, State Highway Special Revenue Fund, and Community Diversion Special Revenue Fund.

See Notes 9 and 17 for additional information on capital leases and judgments, respectively.

The City's overall legal debt margin was \$37,604,817 at December 31, 2013.

Principal and interest requirements to retire long-term obligations outstanding at December 31, 2013 are as follows:

Year	General Obligation Bonds		OPWC Loans	Total
	Principal	Interest	Principal	
2014	\$ 505,000	\$ 314,141	\$ 103,374	\$ 922,515
2015	380,000	265,963	103,374	749,337
2016	390,000	257,213	103,374	750,587

Total	<u>\$ 7,705,000</u>	<u>\$ 3,014,757</u>	<u>\$ 1,714,523</u>	<u>\$ 12,434,280</u>

City of Brook Park, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2013

Note 9: Leases

Capital Leases

The City has entered into lease agreements as lessee for financing which relate to various equipment and vehicles. These lease agreements qualify as capital leases for accounting purposes and therefore, have been recorded at the present value of their future minimum lease payments as of inception date.

	<u>Governmental Activities</u>
Assets:	
Machinery and equipment	\$ 932,651
Less: accumulated depreciation	<u>(205,003)</u>
Total	<u>\$ 727,648</u>
Vehicles	\$ 4,281,397
Less: accumulated depreciation	<u>(1,764,196)</u>
Total	<u>\$ 2,517,201</u>

The future minimum lease obligations and the net present value of these minimum lease payments as of December 31, 2013, were as follows:

<u>Year</u>	<u>Payments</u>
2014	\$ 389,451
2015	230,549
2016	230,548
2017	230,549
2018	<u>230,549</u>
Total Minimum Lease Payments	1,311,646
Less: Amount Representing Interest	<u>(57,680)</u>
Present Value of Minimum Lease Payment	<u>\$ 1,253,966</u>

Operating Leases

In prior years, the City entered into a noncancelable operating lease for various copiers. Total costs for the lease was \$18,000 for the year ended December 31, 2013. The future minimum lease payments for these leases are as follows:

<u>Year Ending December 31,</u>	<u>Amount</u>
2014	\$ 18,000
2015	6,000
Total	<u>\$ 24,000</u>

City of Brook Park, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2013

Note 10: Compensated Absences

Vacation leave is earned at rates which vary depending upon length of service and standard work week. Current policy credits vacation leave on the employee's anniversary date and allows the unused balance to be carried ninety days past the subsequent anniversary date. City employees are paid for earned, unused vacation leave at the time of termination of employment.

Sick leave is earned at the rate of four and six-tenths hours for every eighty hours worked. Each employee with the City is paid for five eighths of the employee's earned unused sick leave upon retirement from the City, or the full balance may be transferred to another governmental agency.

Note 11: Pension Plans

A. *Ohio Public Employees Retirement System*

The City participates in the Ohio Public Employees Retirement System (OPERS). OPERS administers three separate pension plans. The Traditional Pension Plan is a cost-sharing, multiple-employer defined benefit pension plan. The Member-Directed Plan is a defined contribution plan in which the member invests both member and employer contributions (employer contributions vest over five years at 20 percent per year). Under the Member-Directed Plan, members accumulate retirement assets equal to the value of member and (vested) employer contributions plus any investment earnings. The Combined Plan is a cost-sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and a defined contribution plan. Under the Combined Plan, employer contributions are invested by the retirement system to provide a formula retirement benefit similar in nature to, but less than, the Traditional Pension Plan benefit. Member contributions, the investment of which is self-directed by the members, accumulate retirement assets in a manner similar to the Member-Directed Plan.

OPERS provides retirement, disability, survivor and death benefits and annual cost-of-living adjustments to members of the Traditional Pension and the Combined Plans. Members of the Member-Directed Plan do not qualify for ancillary benefits. Authority to establish and amend benefits is provided in Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report that may be obtained by visiting www.opers.org/investments/cafr.shtml, by writing to OPERS, 277 E. Town Street, Columbus, OH 43215-4642, or by calling (614) 222-5601 or (800) 222-7377.

The Ohio Revised Code provides statutory authority for member and employer contributions. For the year ended December 31, 2013, the members of all three plans were required to contribute 10.00 percent of their annual covered salaries. The City's contribution rate was 14.00 percent of covered payroll. The pension allocation for the Traditional and Combined Plans was 13.00 percent during calendar year 2013. The City's required pension contributions for the Traditional Pension and Combined Plans for the years ended December 31, 2013, 2012, and 2011 were \$796,278, \$631,442, and \$681,567, respectively; 88.23 percent has been contributed for 2013 and 100 percent has been contributed for 2012 and 2011.

City of Brook Park, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2013

Note 11: Pension Plans (continued)

B. Ohio Police and Fire Pension Fund

The City contributes to the Ohio Police and Fire Pension Fund (OP&F), a cost-sharing, multiple-employer defined benefit pension plan. The OP&F provides retirement and disability pension benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefit provisions are established by the Ohio State Legislature and are codified in Chapter 742 of the Ohio Revised Code. OP&F issues a publicly available financial report that includes financial information and required supplementary information for the Plan. That report may be obtained by writing to the Ohio Police and Fire Pension Fund, 140 East Town Street, Columbus, Ohio 43215-5164. That report is also available on OP&F's website at www.op-f.org.

From January 1, 2013 thru July 1, 2013, Plan members were required to contribute 10.00 percent of their annual covered salary. From July 2, 2013 thru December 31, 2013, Plan members were required to contribute 10.75 percent of their annual covered salary. Throughout 2013, the City is required to contribute 19.50 percent and 24.0 percent for police officers and firefighters, respectively.

The portion of the City's contributions to fund pension obligations from January 1, 2013 thru May 31, 2013, for both police officers and firefighters was 14.81 percent and 19.31 percent, respectively. The portion of the City's contributions to fund pension obligations from June 1, 2013 thru December 31, 2013 for both police officers and firefighters was 16.65 percent and 21.15 percent, respectively. The City's contributions for pension obligations to the OP&F for police and firefighters were \$481,633 and \$572,611 for the year ended December 31, 2013, \$388,484 and \$517,304 for the year ended December 31, 2012, and \$395,232 and \$538,686 for the year ended December 31, 2011, respectively; 88.19 percent for police and 88.30 percent for firefighters has been contributed for 2013. The full amount has been contributed for 2012 and 2011.

Note 12: Postemployment Benefits

A. Ohio Public Employees Retirement System

Plan Description - The Ohio Public Employees Retirement System (OPERS) administers three separate pension plans; the Traditional Pension Plan is a cost-sharing, multiple-employer defined benefit pension plan; the Member-Directed Plan is a defined contribution plan; and the Combined Plan is a cost-sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and a defined contribution plan.

OPERS maintains a cost-sharing, multiple-employer defined benefit post-employment healthcare plan, which includes a medical plan, prescription drug program, and Medicare Part B premium reimbursement, to qualifying members of both the Traditional Pension and the Combined Plans. Members of the Member-Directed Plan do not qualify for ancillary benefits, including post-employment health care coverage.

City of Brook Park, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2013

Note 12: Postemployment Benefits (continued)

A. Ohio Public Employees Retirement System (continued)

In order to qualify for post-employment health care coverage, age and service retirees under the Traditional Pension and Combined Plans must have ten or more years of qualifying Ohio service credit. Health care coverage for disability benefit recipients and qualified survivor benefit recipients is available. The health care coverage provided by OPERS meets the definition of an Other Post-Employment Benefit (OPEB) as described in GASB Statement No. 45.

The Ohio Revised Code permits, but does not mandate, OPERS to provide the OPEB Plan to its eligible members and beneficiaries. Authority to establish and amend the OPEB Plan is provided in Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report that may be obtained by visiting www.opers.org/investments/cafr.shtml, by writing to OPERS, 277 E. Town Street, Columbus, OH 43215-4642, or by calling (614) 222-5601 or (800) 222-7377.

Funding Policy - The Ohio Revised Code provides the statutory authority requiring public employers to fund post-retirement health care through their contributions to OPERS. A portion of each employer's contribution to OPERS is set aside for the funding of post-retirement health care coverage. The 2013 local government employer contribution rate was 14.00 percent of covered payroll. The Ohio Revised Code currently limits the employer contribution to a rate not to exceed 14.00 percent of covered payroll for local government employers. Active members do not make contributions to the OPEB Plan.

OPERS' Post-employment Health Care plan was established under, and is administered in accordance with, Internal Revenue Code 401(h). Each year, the OPERS Board of Trustees determines the portion of the employer contribution rate that will be set aside for funding of post employment health care benefits. The portion of employer contributions allocated to health care for members in the Traditional Plan was 1.00 percent during calendar year 2013. The portion of employer contributions allocated to health care for members in the Combined Plan was 1.00 percent during calendar year 2013. Effective January 1, 2014, the portion of employer contributions allocated to health care was raised to 2.00 percent for both plans, as recommended by the OPERS Actuary.

The OPERS Board of Trustees is also authorized to establish rules for the retiree or their surviving beneficiaries to pay a portion of the health care benefits provided. Payment amounts vary depending on the number of covered dependents and the coverage selected. The City's actual employer contributions for December 31, 2013, 2012 and 2011 which were used to fund post-employment benefits were \$61,252, \$252,577, and \$272,627, respectively; 88.23 percent has been contributed for 2013 and 100 percent has been contributed for 2012 and 2011.

Changes to the health care plan were adopted by the OPERS Board of Trustees on September 19, 2012, with a transition plan commencing January 1, 2014. With the recent passage of pension legislation under SB 343 and the approved health care changes, OPERS expects to be able to consistently allocate 4.00 percent of the employer contributions toward the health care fund after the end of the transition period.

City of Brook Park, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2013

Note 12: Postemployment Benefits (continued)

B. Ohio Police and Fire Pension Fund

Plan Description - The City contributes to the Ohio Police and Fire Pension Fund (OP&F) sponsored health care program, a cost-sharing multiple-employer defined post-employment health care plan administered by OP&F. OP&F provides health care benefits including coverage for medical, prescription drugs, dental, vision, Medicare Part B premium and long term care to retirees, qualifying benefit recipients and their eligible dependents.

OP&F provides access to post-retirement health care coverage for any person who receives or is eligible to receive a monthly service, disability, or statutory survivor benefit or is a spouse or eligible dependent child of such person. The health care coverage provided by OP&F meets the definition of an Other Post-Employment Benefit (OPEB) as described in GASB Statement No. 45.

The Ohio Revised Code allows, but does not mandate OP&F to provide OPEB benefits. Authority for the OP&F Board of Trustees to provide health care coverage to eligible participants and to establish and amend benefits is codified in Chapter 742 of the Ohio Revised Code.

OP&F issues a publicly available financial report that includes financial information and required supplementary information for the Plan. That report may be obtained by writing to OP&F, 140 E. Town Street, Columbus, OH 43215-5164. That report is also available on OP&F's website at www.op-f.org.

Funding Policy - The Ohio Revised Code provides for contribution requirements of the participating employers and of plan members to the OP&F (defined benefit pension plan). Participating employers are required to contribute to the pension plan at rates expressed as percentages of the payroll of active pension plan members, currently, 19.50 percent and 24.00 percent of covered payroll for police and fire employers, respectively. The Ohio Revised Code states that the employer contribution may not exceed 19.50 percent of covered payroll for police employer units and 24.00 percent of covered payroll for fire employer units. Active members do not make contributions to the OPEB plan.

OP&F maintains funds for health care in two separate accounts. One for health care benefits under an IRS Code Section 115 trust and one for Medicare Part B reimbursements administered as an Internal Revenue Code 401(h) account, both of which are within the defined benefit pension plan, under the authority granted by the Ohio Revised Code to the OP&F Board of Trustees.

The Board of Trustees is authorized to allocate a portion of the total employer contributions made into the pension plan to the Section 115 Trust and the Section 401(h) account as the employer contribution for retiree health care benefits. The portion of employer contributions allocated to health care was 4.69 percent of covered payroll from January 1, 2013 thru May 31, 2013 and 2.85 percent of covered payroll from June 1, 2013 thru December 31, 2013. The amount of employer contributions allocated to the health care plan each year is subject to the Trustees' primary responsibility to ensure that pension benefits are adequately funded and is limited by the provisions of the Sections 115 and 401(h).

City of Brook Park, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2013

Note 12: Postemployment Benefits (continued)

B. Ohio Police and Fire Pension Fund (continued)

The OP&F Board of Trustees also is authorized to establish requirements for contributions to the health care plan by retirees and their eligible dependents, or their surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and the coverage selected.

The City's contributions to OP&F which were allocated to fund post-employment health care benefits for police and firefighters were \$106,409 and \$99,612 for the year ended December 31, 2013, \$205,668 and \$202,423 for the year ended December 31, 2012, and \$209,240 and \$210,790 for the year ended December 31, 2011, respectively; 88.19 percent for police and 88.30 for firefighters has been contributed for 2013 and 100 percent for 2012 and 2011.

Note 13: Other Postemployment Benefits

Plan Description

The City provides post-employment health care and life insurance benefits (OPEB) for retired employees through a single-employer defined benefit plan. The benefits, benefit levels, employee contributions and employer contributions are governed by the City and can be amended by the City through its union contracts. The activity of the plan is reported in the City's General Fund as part of the general government expenditure function.

Benefits Provided

The City provides post-employment health care and life insurance benefits to its retirees. To be eligible for benefits, a retiree must have qualified under the following union contracts with the City:

- Fraternal Order of Police, Lodge No. 15 representing Patrol Officers
- Ohio Patrolmen Benevolent Association representing Sergeants and Lieutenants
- Brook Park Fire Fighters Association and IAFF Local 1141 representing Firefighters

Post-employment benefits include reimbursement of costs associated with health care coverage up to \$400 per month and a life insurance benefit of \$5,000 which the City provides the premium payment. Dependents of eligible retirees will continue to receive the post-employment benefits at the time of the retiree's death. To receive the reimbursement of health care costs, the retiree must have retired on or before December 31, 2007.

As of December 31, 2011 (the latest information available), 107 retirees and dependents are currently receiving the post-employment benefits mentioned above.

Funding Policy

The City's annual contributions to the plan are negotiated through the union contracts of the City. For the fiscal year ended December 31, 2013, the City contributed \$308,580 to the plan. The plan requires no matching contributions from the employees during their period of employment.

City of Brook Park, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2013

Note 13: Other Postemployment Benefits (continued)

Annual OPEB Costs and Net OPEB Obligation

The City's latest actuarial valuation performed for the plan was as of December 31, 2011 (the latest information available) to determine the funded status of the plan as of that date as well as the employer's annual required contribution (ARC) for the fiscal year ended December 31, 2011. For 2013, the City's annual OPEB cost (expense) of \$243,484 was less than the actual employer contribution for the fiscal year and the net OPEB amount has been recorded as a prepayment on the government-wide financial statements. The City's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan and the net OPEB obligation for 2013, 2012 and 2011 are as follows:

Fiscal Year Ended	Annual Required Contribution	Interest on Net OPEB Obligation	Adjustment to the ARC	Annual OPEB Cost	Employer Contribution	% of Annual OPEB Cost Contributed	Change in Net OPEB Obligation	Net OPEB Obligation Balance
December 31, 2011	\$ 233,199	\$ 206	\$ (298)	\$ 233,107	\$ 265,195	113.77%	\$ (32,088)	\$ (26,926)
December 31, 2012	247,433	(1,077)	1,585	247,941	319,749	128.96%	(71,808)	(98,734)
December 31, 2013	247,433	(3,949)	-	243,484	308,580	126.74%	(65,096)	(163,830)

Funded Status and Funding Progress

The funded status of the plan as of December 31, 2011 (the latest information available), was as follows:

		2011	2010
Net OPEB Obligation	Actuarial Accrued Liability (AAL)	\$ 3,962,769	\$ 4,213,588
	Actuarial Value of Plan Assets	-	-
<u>Balance</u>	Unfunded Actuarial Accrued Liability (UAAL)	\$ 3,962,769	\$ 4,213,588
	Funded Ratio (Actuarial Value of Plan Assets/AAL)	0.00%	0.00%

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the ARCs of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future.

Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with long-term perspective of the calculations.

City of Brook Park, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2013

Note 13: Other Postemployment Benefits (continued)

In the December 31, 2011 actuarial valuation, the projected unit credit cost method was used. The actuarial assumptions include a discount rate (interest rate) of 4.00 percent and a healthcare cost trend rate (which is the anticipated rate of future increases in health care costs due to inflation) of 3.00 percent which applies to uncapped reimbursements only and equals approximate historical increase in uncapped reimbursements. The actuarial value of assets was zero as a result of the City's pay-as-you-go funding of the plan and premiums are paid when due. The plan's unfunded actuarial accrued liability is being amortized as a level percentage of projected payrolls on a closed basis. The remaining amortization period at December 31, 2011, was 27 years.

Note 14: Risk Management

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees and natural disasters. During the year, the City contracted with Wichert Insurance Services, Inc. to manage its insurance coverage. The City's insurance carrier for all coverages is Selective Insurance Co. of America. The coverage limits, on December 31, 2013, per occurrence for all types of coverage are as follows:

<u>Type of Coverage</u>	<u>Coverage</u>
Property:	
Blanket building and contents	\$ 46,954,743
Business income and extra expense	Actual Loss
	Sustained-12 mos.
General liability:	
Commercial general liability, which includes:	1,000,000
Employee benefits	
Employers liability (Ohio stop gap)	
Automotive liability	1,000,000
Excess liability:	
Umbrella, which includes:	10,000,000
All underlying liabilities	
Public officials and law enforcement	
Other types of coverages:	
Contractors equipment	1,224,286
EDP equipment	346,585
Employee dishonesty	1,000,000
Valuable papers	100,000
Accounts receivable	100,000
Law enforcement	1,000,000
Public Officials	1,000,000
Flood	Each Occurrence Aggregate
	5,000,000 10,000,000
Earthquake	Each Occurrence Aggregate
	5,000,000 10,000,000

City of Brook Park, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2013

Note 14: Risk Management (continued)

There were no reductions in insurance coverage from the previous year, nor have settlements exceeded insurance coverage in any of the prior three fiscal years.

The City provides a medical plan for full time employees and their families. The plan is self-funded for fiscal year 2013 and administered by a third party organization. All covered employees also received prescription drug coverage, vision and dental plans. Full time employees are covered by a \$25,000 term life insurance policy.

For the plan, the preferred provider prices all claims which are then submitted to the third party administrator. The third party administrator reviews and processes the claims, which the City then pays. The City has stop loss coverage of \$500,000 in the aggregate. In 2013, the City funded the self-insurance reserve \$515 per month for single coverage and \$1,380 per month for family coverage. These rates are paid by the fund from which the employee's compensation is paid and include medical, prescription, dental and vision coverage.

The claims liability of \$70,989 as estimated by the third party administrator and reported in the Self-Insurance Fund at December 31, 2013 is based on the requirements of the GASB Statement No. 30 which requires that a liability for unpaid claims costs, including estimates of costs relating to incurred, but not reported claims, be reported if information prior to the issuance of the financial statements indicates that it is possible that a liability has been incurred at the date of the financial statements and that the amount of the loss can be reasonably estimated. The liability represents the self-funded plan's portion of claims that remained outstanding at December 31, 2013. Changes in the fund's claim liability amount for the years ended 2011, 2012, and 2013 are as follows:

	<u>Beginning of Year Liability</u>	<u>Current Year Claims and Changes in Estimates</u>	<u>Claim Payments</u>	<u>Balance at Year End</u>
2011	\$ 360,200	\$ 1,749,651	\$ (1,850,137)	\$ 259,714
2012	259,714	1,773,229	(1,820,490)	212,453
2013	212,453	1,733,427	(1,874,891)	70,989

The State of Ohio provides workers' compensation coverage. The City pays the State Workers' Compensation System a premium based on a rate per \$100 of salaries. This rate is calculated based on accident history and administrative costs.

City of Brook Park, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2013

Note 15: Construction and Other Significant Commitments

At December 31, 2013, the City's significant contractual construction commitments consisted of:

<u>Project</u>	<u>Contract Amount</u>	<u>Amount Paid</u>	<u>Remaining on Contract</u>
City Hall Windows and Doors	\$ 214,259	\$ 211,299	\$ 2,960
2013 Roads Program	1,241,202	662,984	578,218
2012 Roads Program	1,139,632	1,123,194	16,438
Engle Rd Sanitary Sewer Impr.	2,043,929	1,723,106	320,823
Smith Rd Sanitary Sewer Impr.	297,268	56,481	240,787
Total	<u>\$ 4,936,290</u>	<u>\$ 3,777,064</u>	<u>\$ 1,159,226</u>

The City utilizes encumbrance accounting as part of its budgetary controls. Encumbrances outstanding at year-end are components of fund balance for subsequent year expenditures and may be reported as part of restricted, committed, or assigned classifications of fund balance. As of December 31, 2013, the City's commitments for encumbrances in the governmental funds were as follows:

	<u>Encumbrances Outstanding</u>
Major Funds:	
General	\$ 263,442
Capital Improvements	1,607,835
Nonmajor Funds:	
Special Revenue Funds	32,692
Total	<u>\$ 1,903,969</u>

Note 16: Interfund Transfers

Interfund transfers for the year ended December 31, 2013, consisted of the following:

<u>Transfer To</u>	<u>Transfer From</u>		<u>Total</u>
	<u>General Fund</u>	<u>Capital Improvements Fund</u>	
General Fund	\$ -	\$ 500,000	\$ 500,000
Capital Improvements Fund	500,000	-	500,000
Non-Major Governmental Funds	1,229,000	588,504	1,817,504
Total	<u>\$ 1,729,000</u>	<u>\$ 1,088,504</u>	<u>\$ 2,817,504</u>

City of Brook Park, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2013

Note 16: Interfund Transfers (continued)

Transfers are used to move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them and unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations; to segregate money for anticipated capital projects; to provide additional resources for current operations or debt service; and to return money to the fund from which it was originally provided once a project is completed.

Note 17: Contingencies/Pending Litigation

A. Grants

The City received financial assistance from Federal and State agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with the terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the City at December 31, 2013.

B. Litigation

In March 2011, the City reached a settlement with a property owner wherein the City agreed to pay \$874,000. The City has paid \$685,000 of this settlement as of December 31, 2013. The remaining settlement will be paid over the next two years concluding in 2015. The outstanding amount of the settlement has been recorded as a liability on the City's government-wide statements.

There are additional claims and lawsuits that are pending against the City. The amount of the liability from these claims and lawsuits, if any, cannot be reasonably estimated at this time. However, in the opinion of management, any such claims and lawsuits will not have a material adverse effect on the overall financial position of the City at December 31, 2013.

Note 18: Accountability

Fund Equity Deficit - Special Revenue Funds

There are fund deficits in the Police Pension and Fire Pension Special Revenue Funds of \$51,146 and \$51,576, respectively, caused by the application of accounting principles generally accepted in the United States of America to these funds. The General Fund is liable for any deficit in these funds and provides operating transfers when cash is required, not when accruals occur.

City of Brook Park, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2013

Note 19: Fund Balances

Fund balance is classified as nonspendable, restricted, committed, assigned and/or unassigned based primarily on the extent to which the City is bound to observe constraints imposed upon the use of the resources in the governmental funds. The constraints placed on fund balance for the major governmental funds and all other governmental funds are presented below:

Fund Balances	General	Capital Improvements	Other Governmental Funds	Total
<i>Nonspendable</i>				
Prepaid Items	\$ 108,588	\$ -	\$ -	\$ 108,588

City of Brook Park, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2013

Note 20: Short-Term Obligations

Changes in short-term debt activity for the year ended December 31, 2013 was as follows:

	Balances 12/31/2012	Issued	Retired	Balances 12/31/2013
Sanitary Sewer Improvement Notes, Series 2012	\$ 750,000	\$ -	\$ 750,000	\$ -
Unamortized Note Premium	2,227	-	2,227	-
Total Governmental Short-term Liabilities	<u>\$ 752,227</u>	<u>\$ -</u>	<u>\$ 752,227</u>	<u>\$ -</u>

The 2012 bond anticipation notes were retired during 2013 using a portion of the proceeds from the various purpose improvement bonds, series 2013. These bond anticipation notes were originally issued to finance the construction and installation of the sanitary sewer system along Engle Road between Snow Road and Holland Road.

Note 21: Subsequent Event

On March 28, 2014, the City entered into a capital lease transaction with Huntington Bank in the amount of \$150,900 at an annual interest rate of 2.24 percent. The proceeds from the lease were used for the purchase of five vehicles. The final lease payment will be April 1, 2016.

City of Brook Park, Ohio

Fund Descriptions
Non-Major Governmental Funds

For The Year Ended December 31, 2013

Non-Major Special Revenue Funds

Street Maintenance Fund

The Street Maintenance Fund accounts for ninety-two and one half percent (92.5%) of the state gasoline tax and motor vehicle registration fees restricted for street maintenance and repair.

State Highway Fund

The State Highway Fund accounts for seven and one half percent (7.5%) of the state gasoline tax and motor vehicle registration fees restricted for maintenance and repair of state highways within the City.

Permissive Tax Fund

The Permissive Tax Fund accounts for additional motor vehicle registration fees restricted for maintenance and repair of streets within the City.

Economic Development Fund

The Economic Development Fund accounts for parking fees and proceeds received from the sale of City owned property committed for expenditures essential to the development of the City.

Brook Park Road Corridor Fund

The Brook Park Road Corridor Fund accounts for funds received from the City of Cleveland as a result of a legal settlement committed for attorney fees, land acquisition, grants or loans to Brook Park Road businesses and other expenditures related to the overall improvement of the corridor.

Special Recreation Fund

The Special Recreation Fund accounts for operations of City sponsored recreation programs committed by participation fees and facility rentals.

Law Enforcement Fund

The Law Enforcement Fund accounts for confiscated monies from criminal offenses and restricted, by state statute, for expenditures that would enhance the operation of the police department.

DWI Enforcement and Education Fund

The DWI Enforcement and Education Fund accounts for fine monies used by the law enforcement agency to pay costs related to DWI enforcement and for educating the public about laws governing the operation of a motor vehicle under the influence of alcohol.

Federal Forfeiture Fund

The Federal Forfeiture Fund accounts for confiscated monies from a Federal task force and restricted for expenditures that would enhance the operation of the police department.

Community Diversion Fund

The Community Diversion Fund accounts for reimbursements received from Cuyahoga County Juvenile Court to promote and develop a community diversion program to address juvenile misdemeanor and status offenders.

City of Brook Park, Ohio

Fund Descriptions
Non-Major Governmental Funds

For The Year Ended December 31, 2013

Non-Major Special Revenue Funds (continued)

Retiree Accrued Benefits Fund

The Retiree Accrued Benefits Fund accounts for funds allocated to pay for the accrued compensated absences paid out to employees upon retirement. Due to the implementation of GASB Statement No. 54, the fund was combined with the General Fund on the governmental fund financial statements but remained a separate fund in the budgetary schedules because it has a separate legally adopted budget.

Police Pension Fund

The Police Pension Fund accounts for the accumulation of property taxes levied for the payment of current employer's pension contributions.

Fire Pension Fund

The Fire Pension Fund accounts for the accumulation of property taxes levied for the payment of current employer's pension contributions.

Southwest General Health Center Fund

The Southwest General Health Center Fund accounts for a special property tax levied to provide resources to support a health care facility.

Continuing Training Program Fund

The Continuing Training Program Fund accounts for restricted funds to provide for the training of the City's safety forces.

FEMA Fund

The FEMA Fund accounts for restricted funds that are used to reimburse costs incurred as a result of a natural disaster (Hurricane Sandy).

Non-Major Debt Service Fund

General Obligation Debt Service Fund

The General Obligation Debt Service Fund accounts for the resources that are used for payment of principal and interest and fiscal charges on general obligation debt.

City of Brook Park, Ohio

Combining Statements

Agency Funds

Agency Funds

Cash Bonds Held Fund

The Cash Bonds Held Fund accounts for deposits to insure the proper repair of street openings.

Mayor's Court Fund

The Mayor's Court Fund accounts for the collection and distribution of court fines and forfeitures.

Board of Building Standards Fund

The Board of Building Standards Fund accounts for the collection and distribution of State required building code fees.

Payroll Deduction Employees' Share Fund

The Payroll Deduction Employees' Share Fund accounts for employees' payroll deductions which are to be distributed to other agencies.

Radio Tower Replacement Fund

The Radio Tower Replacement Fund accounts for resources received from participating entities of the Southwest Regional Communications jointly governed organization, with the City of Brook Park acting as the fiscal agent. These resources are accumulated for the future replacement of the radio tower.

Pension Employee Withholding Fund

The Pension Employee Withholding Fund accounts for employees' pension contributions which are to be distributed to the pension agencies.

STATISTICAL SECTION

City of Brook Park, Ohio

Statistical Section

This part of City's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City's overall financial health.

<u>Contents</u>	<u>Page(s)</u>
Financial Trends These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.	S2 – S7
Revenue Capacity These schedules contain information to help the reader assess the City's most significant local revenue source, the property tax.	S8 - S13
Debt Capacity These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.	S14–S17
Economic and Demographic Information These schedules offer economic and demographic indicators to help the reader understand the environment within which the City's financial activities take place.	S18-S19
Operating Information These schedules contain service data to help the reader understand how the information in the City's financial report relates to the services the City provides and the activities it performs.	S20-S23

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.

(1) State reimbursement of rollback and homestead exemptions is included

Note: The County is aware of the requirement to report delinquent tax collections by levy year rather than by collection year. The County's current computer system tracks levy amounts by either current levy or delinquent levy. Once amounts become part of the delinquent levy, the ability to track information by levy year is lost. The County is looking at options to provide this information in the future.

- Population and Personal Income data are presented on Table 15
- The OPWC Loans are in the City's name; however, \$1,013,652 of the total outstanding at December 31, 2013 will be reimbursed by the City of Cleveland.
- The funding structure of the OWDA Loan was changed from a loan to grant during 2010. Therefore, the City is no longer required to repay the \$339,187.
