INDEPENDENT AUDITOR'S REPORT

Johnny Appleseed Metropolitan Park District Allen County 2355 Ada Road Lima, Ohio 45801

To the Board of Commissioners:

Report on the Financial Statements

We have audited the accompanying financial statements and related notes of Johnny Appleseed Metropolitan Park District, Allen County, Ohio (the District) as of and for the years ended December 31, 2013 and 2012.

Management's Responsibility for the Financial Statements

Management is responsible for preparing and fairly presenting these financial statements in accordance with the financial reporting provisions Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit; this responsibility includes designing, implementing and maintaining internal control relevant to preparing and fairly presenting financial statements free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to opine on these financial statements based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the District's internal control. Accordingly, we express no opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinion.

Johnny Appleseed Metropolitan Park District Allen County Independent Auditor's Report Page 2

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1 B of the financial statements, the District prepared these financial statements using the accounting basis permitted by the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D), which is an accounting basis other than accounting principles generally accepted in the United States of America, to satisfy requirements.

The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 B and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the *Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles* paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the District as of December 31, 2013 and 2012, or changes in financial position thereof for the years then ended.

Opinion on Regulatory Basis of Accounting

In our opinion, the financial statements referred to above present fairly, in all material respects, the cash balances of Johnny Appleseed Metropolitan Park District, Allen County as of December 31, 2013 and 2012, and its cash receipts and disbursements for the years then ended in accordance with the financial reporting provisions Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit, described in Note 1 B.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated July 14, 2014, on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2013 AND 2012

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Description of the Entity

The constitution and laws of the State of Ohio establish the rights and privileges of the Johnny Appleseed Metropolitan Park, Allen County, (the District) as a body corporate and politic. The probate judge of Allen County appoints a three-member Board of Commissioners to govern the District. The Commissioners are authorized to acquire, develop, protect, maintain, and improve park lands and facilities. The Commissioners may convert acquired land into forest reserves. The Commissioners are also responsible for activities related to conserving natural resources, including streams, lakes, submerged lands, and swamp lands. The Board may also create parks, parkways, and other reservations and may afforest, develop, improve and protect and promote the use of these assets conducive to the general welfare.

The Park District Foundation of Allen County is a related organization of the Park District. Financial information is not included in these statements. See additional information in Note 6.

B. Accounting Basis

These financial statements follow the accounting basis the Auditor of State prescribes or permits. This basis is similar to the cash receipts and disbursements accounting basis. The District recognizes receipts when received in cash rather than when earned, and recognizes disbursements when paid rather than when a liability is incurred. Budgetary presentations report budgetary expenditures when a commitment is made (i.e., when an encumbrance is approved).

These statements include adequate disclosure of material matters, as the Auditor of State prescribes or permits.

C. Deposit and Investments

As the Ohio Revised Code permits, the Allen County Treasurer holds the District's deposits as the District's custodian. The County holds the District's assets in its investment pool, valued at the Treasurer's reported carrying amount.

D. Fund Accounting

The District uses fund accounting to segregate cash and investments that are restricted as to use. The District classifies its funds into the following type:

1. General Fund

The General Fund accounts for and reports all financial resources.

E. Budgetary Process

The Ohio Revised Code requires that each fund (except certain agency funds) be budgeted annually.

1. Appropriations

Budgetary expenditures (that is, disbursements and encumbrances) may not exceed appropriations at the fund, function or object level of control, and appropriations may not exceed estimated resources. The District Board must annually approve appropriation measures and subsequent amendments. Appropriations lapse at year end.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2013 AND 2012 (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Estimated Resources

Estimated resources include estimates of cash to be received (budgeted receipts) plus cash as of January 1. The County Budget Commission must approve estimated resources.

3. Encumbrances

The Ohio Revised Code requires the District to reserve (encumber) appropriations when individual commitments are made. Encumbrances outstanding at year end are canceled, and re-appropriated in the subsequent year.

A summary of 2013 and 2012 budgetary activity appears in Note 2.

F. Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the District must observe constraints imposed upon the use of its governmental-fund resources. The classifications are as follows:

1. Non-spendable

The District classifies assets as *non-spendable* when legally or contractually required to maintain the amounts intact.

2. Restricted

Fund balance is *restricted* when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or is imposed by law through constitutional provisions.

3. Committed

Commissioners can *commit* amounts via formal action (resolution). The District must adhere to these commitments unless the Commissioners amend the resolution. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed to satisfy contractual requirements.

4. Assigned

Assigned fund balances are intended for specific purposes but do not meet the criteria to be classified as *restricted* or *committed*. Governmental funds other than the general fund report all fund balances as *assigned* unless they are restricted or committed. In the general fund, *assigned* amounts represent intended uses established by District Commissioners or a District official delegated that authority by resolution, or by State Statute.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2013 AND 2012 (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

5. Unassigned

Unassigned fund balance is the residual classification for the general fund and includes amounts not included in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance.

The District applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

G. Property, Plant, and Equipment

The District records disbursements for acquisitions of property, plant, and equipment when paid. The accompanying financial statements do not report these items as assets.

H Accumulated Leave

In certain circumstances, such as upon leaving employment, employees are entitled to cash payments for unused leave. The financial statements do not include a liability for unpaid leave.

2. BUDGETARY ACTIVITY

Budgetary activity for the years ending December 31, 2013 and 2012 follows:

Fund Type	Budgeted Receipts	Actual Receipts	Variance	
General	\$1,424,650	\$1,514,512	\$89,862	
Total	\$1,424,650	\$1,514,512	\$89,862	

2013 Budgeted vs. Actual Budgetary Basis Expenditures

Total	\$3,782,780	\$1,342,065	\$2,440,715

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2013 AND 2012 (Continued)

3. PROPERTY TAX

Real property taxes become a lien on January 1 preceding the October 1 date for which the Board adopted tax rates. The State Board of Tax Equalization adjusts these rates for inflation. Property taxes are also reduced for applicable homestead and rollback deductions. The financial statements include homestead and rollback amounts the State pays as Intergovernmental Receipts. Payments are due to the County by December 31. If the property owner elects to pay semiannually, the first half is due December 31. The second half payment is due the following June 20.

Public utilities are also taxed on personal and real property located within the District.

The County is responsible for assessing property, and for billing, collecting, and distributing all property taxes on behalf of the District.

4. RETIREMENT SYSTEMS

The District's employees belong to the Ohio Public Employees Retirement System (OPERS). OPERS is a cost-sharing, multiple-employer plan. The Ohio Revised Code prescribes this plan's benefits, which include postretirement healthcare and survivor and disability benefits.

The Ohio Revised Code also prescribes contribution rates. For 2013 and 2012, OPERS members contributed and 10% of their gross salaries and the District contributed an amount equaling 14% of participants' gross salaries. The District has paid all contributions required through December 31, 2013.

5. RISK MANAGEMENT

Commercial Insurance

The District has obtained commercial insurance for the following risks:

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

Johnny Appleseed Metropolitan Park District Allen County 2355 Ada Road Lima, Ohio 45801

To the Board of Commissioners

We have audited, in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the financial statements of Johnny Appleseed Metropolitan Park District, Allen County, Ohio (the District), as of and for the years ended December 31, 2013 and 2012 and the related notes to the financial statements, and have issued our report thereon dated July 14, 2014 wherein we noted the District followed financial reporting provisions Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit.

Internal Control Over Financial Reporting

As part of our financial statement audit, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures appropriate in the circumstances to the extent necessary to support our opinion on the financial statements, but not to the extent necessary to opine on the effectiveness of the District's internal control. Accordingly, we have not opined on it.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Therefore, unidentified material weaknesses or significant deficiencies may exist. However, as described in the accompanying schedule of findings we identified a certain deficiency in internal control over financial reporting, that we consider a material weakness.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A material weakness is a deficiency, or a combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the District's financial statements. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider finding 2013-001 described in the accompanying schedule of findings to be a material weakness.

Compliance and Other Matters

As part of reasonably assuring whether the District's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

Entity's Response to Findings

The District's response to the finding identified in our audit is described in the accompanying schedule of findings. We did not audit the District's response and, accordingly, we express no opinion on it.

Purpose of this Report

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

SCHEDULE OF FINDINGS DECEMBER 31, 2013 AND 2012

FINDINGS RELATED TO THE FINANCIAL STATEMENTS REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS

FINDING NUMBER 2013-001

Material Weakness - Financial Statement Reclassifications

The District prepared its annual financial statements in accordance with accounting practices the Auditor of State prescribes or permits. The District's annual financial report for 2013 and 2012 contained errors which resulted in classification errors related to reporting of fund balance at end of each year. Auditor of State Bulletin 2011-004 states that when the appropriation measure is adopted for the subsequent year, and those appropriations exceed estimated receipts, the excess is to be assigned as it uses existing fund balance at year-end. This would be applicable to the general fund as it is only fund with a positive unassigned fund balance.

The District failed to properly classify the amount by which appropriations exceeded estimated receipts for the subsequent fiscal year in the amount of \$2,434,400 for 2012 and \$2,245,000 for 2013. These amounts should have been classified as assigned fund balance rather than unassigned fund balance in the General Fund. The accompanying financial statements have been adjusted for these errors.

Also, the District in 2012 failed to report expenses of \$22,788 related to property tax fees that were not recorded. The accompanying financial statements have been adjusted for this error.

Additionally, in 2013 the District recorded charges for services revenues in the amount of \$4,730 in the General Fund that had not been recorded by the Fiscal Agent, the Allen County Auditor. The accompanying financial statements were not adjusted for this error.

The District should implement procedures to review the financial statements to improve the accuracy and completeness of the statements and to provide for comparative financial statements from year to year. Failure to do so could result in materially misstated financial statements being issued.

Official's Response:

We will attempt to classify amounts in every category appropriately. Regarding the recorded charges for services in the amount of \$4,730 we had reported that the money was deposited at the Union Bank and received through credit card payments. It was received in December 2013 and posted in January 2014.
