

LAKENGREN WATER AUTHORITY

PREBLE COUNTY, OHIO

AUDIT REPORT

For the Year Ended December 31, 2013

Dave Yost • Auditor of State

Board of Trustees
Lakengren Water Authority
24 Lakengren Drive
Eaton, Ohio 45320

We have reviewed the *Independent Auditor's Report* of the Lakengren Water Authority, Preble County, prepared by Charles E. Harris & Associates, Inc., for the audit period January 1, 2013 through December 31, 2013. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The Lakengren Water Authority is responsible for compliance with these laws and regulations.

A handwritten signature in cursive script that reads "Dave Yost".

INDEPENDENT AUDITOR'S REPORT

Lakengren Water Authority
Preble County
24 Lakengren Drive
Eaton, Ohio 45320

To the Board of Trustees:

Report on the Financial Statements

We have audited the accompanying financial statements of the business-type activities and each major enterprise fund of the Lakengren Water Authority, Preble County, Ohio (the Water Authority), as of and for the year ended December 31, 2013, and the related notes to the financial statements, which collectively comprise the Water Authority's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for preparing and fairly presenting these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes designing, implementing, and maintaining internal control relevant to preparing and fairly presenting financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to opine on these financial statements based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the Water Authority's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the Water Authority's internal control. Accordingly, we express no opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinions.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and each major enterprise fund of the Lakengren Water Authority, Preble County, Ohio, as of December 31, 2013, and the respective changes in financial position and cash flows, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require this presentation to include management's discussion and analysis and schedules for infrastructure assets using the modified approach, as listed in the table of contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, consisting of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, to the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not opine or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to opine or provide any other assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 27, 2014, on our consideration of the Water Authority's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Water Authority's internal control over financial reporting and compliance.

Management's Discussion and Analysis
For the Year Ended December 31, 2013
(Unaudited)

The management's discussion and analysis of the Lakengren Water Authority's (the "Water Authority") financial performance provides an overall review of the Water Authority's financial activities for the year ended December 31, 2013. The intent of this discussion and analysis is to look at the Water Authority's financial performance as a whole; readers should also review the notes to the basic financial statements and financial statements to enhance their understanding of the Water Authority's financial performance.

Financial Highlights

Key financial highlights for 2013 are as follows:

- In total, net position was \$7,520,933 at December 31, 2013 which represents a 1.98% increase from December 31, 2012. Water fund net position was \$2,972,408 and sewer fund net position was \$4,548,525 at December 31, 2013.
- The Water Authority had operating revenues of \$1,202,381, operating expenses of \$1,008,176, nonoperating revenues of \$920 and nonoperating expenses of \$49,202 for 2013. Total change in net position for the year was an increase of \$145,923.

Using this Financial Report

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand the Water Authority's financial activities. The statement of net position and statement of revenues, expenses and changes in net position provide information about the activities of the Water Authority, including all short-term and long-term financial resources and obligations.

Reporting the Water Authority's Financial Activities

Statement of Net Position, Statement of Revenues, Expenses, and Changes in Net Position and the Statement of Cash Flows.

These documents look at all financial transactions and ask the question, "How did we do financially during 2013?" The statement of net position and the statement of revenues, expenses and changes in net position answer this question. These statements include all assets, liabilities, deferred outflows of resources, and deferred inflows of resources, revenues and expenses using the accrual basis of accounting similar to the accounting used by most private-sector companies. This basis of accounting will take into account all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the Water Authority's net position and changes in those positions. This change in net position is important because it tells the reader that, for the Water Authority as a whole, the financial position of the Water Authority has improved or diminished. The causes of this change may be the result of many factors, some financial, some not. These statements can be found on pages 10 and 11 of this report.

Lakengren Water Authority
Preble County, Ohio

Management's Discussion and Analysis
For the Year Ended December 31, 2013
(Unaudited)

The Statement of Cash Flows provides information about how the Water Authority finances and meets the cash flow needs of its operations. The statement of cash flows can be found on page 12 of this report.

The notes provide additional information that is essential to a full understanding of the data provided in the financial statements. These notes to the basic financial statements can be found on pages 14-26 of this report.

In addition to the basic financial statements and accompanying notes, this report also presents certain supplementary information concerning the Water Authority's condition assessment of the infrastructure reported under the modified approach. Supplementary information can be found on pages 27-38 of this report.

The table below provides a summary of the Water Authority's net position at December 31, 2013 and December 31, 2012.

	<u>2013</u>	<u>2012</u>
<u>Assets:</u>		
Current and other assets	\$ 1,528,526	\$ 1,448,648
Noncurrent assets	8,618	8,869
Nondepreciable capital assets	5,025,621	4,992,241
Capital assets, net of depreciation	<u>2,541,558</u>	<u>2,672,623</u>
Total assets	<u>9,104,323</u>	<u>9,122,381</u>
<u>Liabilities:</u>		
Current and other liabilities	62,370	79,625
Long-term liabilities:		
Due within one year	169,092	165,034
Due in more than one year	<u>1,351,928</u>	<u>1,502,712</u>
Total liabilities	<u>1,583,390</u>	<u>1,747,371</u>
<u>Net Position:</u>		
Net investment in capital assets	6,083,329	6,031,187
Restricted	8,618	8,869
Unrestricted	<u>1,428,986</u>	<u>1,334,954</u>
Total net position	<u>\$ 7,520,933</u>	<u>\$ 7,375,010</u>

Over time, net position can serve as a useful indicator of a government's financial position. At December 31, 2013, the Water Authority's net position totaled \$7,520,933. Total net position increased 1.98% from December 31, 2012.

At year-end, capital assets represented 83.12% of total assets. Capital assets consist of land, nondepreciable infrastructure, buildings, vehicles, equipment and depreciable infrastructure. Capital assets, net of related debt to acquire the assets at December 31, 2013 were \$6,083,329.

Management's Discussion and Analysis
For the Year Ended December 31, 2013
(Unaudited)

The table below shows the changes in net position for 2013 and 2012.

	<u>2013</u>	<u>2012</u>
<u>Operating revenues:</u>		
Charges for services	\$ 1,179,525	\$ 1,109,345
Other revenues	<u>22,856</u>	<u>9,857</u>
Total operating revenues	<u>1,202,381</u>	<u>1,119,202</u>
 <u>Operating expenses:</u>		
Personal services	513,955	397,181
Operations and maintenance	112,495	201,507
Contractual services	82,359	92,330
Supplies and materials	31,701	24,452
Utilities	90,119	87,254
Depreciation	165,083	158,413
Other	<u>12,464</u>	<u>13,479</u>
Total operating expenses	<u>1,008,176</u>	<u>974,616</u>
 Operating income	 <u>194,205</u>	 <u>144,586</u>
 <u>Nonoperating revenues (expenses):</u>		
Interest income	920	251
Interest and fiscal charges	<u>(49,202)</u>	<u>(54,522)</u>
Total nonoperating revenues (expenses)	<u>(48,282)</u>	<u>(54,271)</u>
 Increase in net position	 145,923	 90,315
 Net position at beginning of year	 <u>7,375,010</u>	 <u>7,284,695</u>
Net position at end of year	<u>\$ 7,520,933</u>	<u>\$ 7,375,010</u>

Operating revenues of the Water Authority increased \$83,179 or 7.43% due mainly to an increase in charges for services. Operating expenses of the Water Authority also increased \$33,560 or 3.44% due to an increase in personal services.

The charts below illustrate the revenues and expenses for the Water Authority during 2013 and 2012.

(Unaudited)

Debt

At December 31, 2013, the Water Authority had water revenue bonds outstanding in the amount of \$300,000, \$75,000 of which is due in one year. The water revenue bonds were issued in 2008 to fund the construction of a new administration building. Principal payments will be made from the water fund.

The Water Authority has an OWDA loan outstanding at December 31, 2013. The total amount of the outstanding loan is \$1,183,850 and bears an interest rate of 2.75% with a final maturity of July 1, 2026, \$76,899 of this loan is due in one year. The loan was issued for the construction of a new water treatment plant. The debt payments will be paid from the water fund.

See Note 5 of the notes to the basic financial statements for more information.

Current Financial Related Activities

The Water Authority's net position increased \$145,923 from 2012 to 2013. Sound financial management from the board of trustees and fiscal officer has provided stability during 2013.

Contacting the Water Authority's Financial Management

This financial report is designed to provide the citizens of the Lakengren community and the Water Authority's creditors with a general overview of the Water Authority's finances and to show accountability for the money it receives. If you have questions about this report or need additional financial information contact Kellie Rickard, Fiscal Officer, 24 Lakengren Drive West, Eaton, Ohio 45320-2858, 937-456-4455 or email to krickard@lakengrenh2o.org.

Lakengren Water Authority
Preble County, Ohio

Notes to the Basic Financial Statements
For the Year Ended December 31, 2013

NOTE 1 - REPORTING ENTITY

The Lakengren Water Authority (the "Water Authority") was organized in 1989 under the provisions of Chapter 6119 of the Ohio Revised Code (ORC) by the Common Pleas Court of Preble County, Ohio, for the purpose of operating a potable water production and distribution system for the Lakengren community. In 1998, the Water Authority assumed operation of a wastewater collection and treatment system, previously operated by Preble County. The Board of Trustees is responsible for the fiscal control of the assets and the operating funds of the Water Authority.

The Water Authority operates under a three member Board of Trustees who are appointed by the Lakengren Property Owners Association for three year terms. All members are full-time resident property owners in the Lakengren community. The Water Authority is a body politic and corporate established with the rights and privileges conveyed to it by the constitution and laws of the State of Ohio.

The reporting entity is comprised of the stand-alone government, component units and other organizations that are included to ensure that the financial statements of the Water Authority are not misleading. The stand-alone government consists of all departments, boards and agencies that are not legally separate from the Water Authority.

Component units are legally separate organizations for which the Water Authority is financially accountable. The Water Authority is financially accountable for an organization if the Water Authority appoints a voting majority of the organization's Governing Board and (1) the Water Authority is able to significantly influence the programs or services performed or provided by the organization; or (2) the Water Authority is legally entitled to or can otherwise access the organization's resources; or (3) the Water Authority is legally obligated or has otherwise assumed the responsibility to finance deficits of or provide financial support to the organization; or (4) the Water Authority is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the Water Authority in that the Water Authority approves their budget, the issuance of their debt or the levying of their taxes. Certain organizations are also included as component units if the nature and significance of the relationship between the primary government and the organization is such that exclusion by the primary government would render the primary governments financial statements incomplete or misleading. Based upon the application of these criteria, the Water Authority has no component units. The basic financial statements of the reporting entity include only those of the Water Authority (the primary government).

**Lakengren Water Authority
Preble County, Ohio**

Notes to the Basic Financial Statements
For the Year Ended December 31, 2013

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Water Authority have been prepared in conformity with accounting principles generally accepted (GAAP) in the United States of America as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Water Authority's accounting policies are described below.

A. Basis of Presentation

The Water Authority's basic financial statements consist of a statement of net position, a statement of revenues, expenses and changes in net position and a statement of cash flows.

A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts.

Enterprise fund reporting focuses on the determination of the change in net position, financial position and cash flows. An enterprise fund may be used to account for any activity for which a fee is charged to external users for goods or services.

The following are the major enterprise funds of the Water Authority:

Water fund - This fund is used to account for the provision of water treatment and distribution to residential users in the community.

Sewer fund - This fund is used to account for the provision of sanitary sewer service to residential users in the community.

B. Measurement Focus

The accounting and financial reporting treatment of an entity's financial transactions is determined by the entity's measurement focus. The enterprise activities are accounted for using a flow of economic resources measurement focus. All assets, all liabilities, deferred outflows of resources and deferred inflows of resources associated with the operation of the Water Authority are included on the statement of net position. The statement of revenues, expenses and changes in net position presents increases (i.e., revenues) and decreases (i.e., expenses) in total net position. The statement of cash flows provides information about how the Water Authority finances and meets the cash flow needs of its enterprise activities.

C. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. The Water Authority's financial statements are prepared using the accrual basis of accounting.

Revenue is recorded on the accrual basis when the exchange takes place. Expenses are recognized at the time they are incurred.

**Lakengren Water Authority
Preble County, Ohio**

Notes to the Basic Financial Statements
For the Year Ended December 31, 2013

D. Cash and Cash Equivalents

To improve cash management, cash received by the Water Authority is pooled. Monies for both funds are maintained in this pool. Interest in the pool is presented as “equity in pooled cash and investments” on the financial statements. The Water Authority uses a financial institution to service bonded debt as principal and interest payments come due. The balances in the accounts held by these financial institutions are presented on the statement of net position as “restricted assets: cash with fiscal agent”.

The Water Authority has segregated bank accounts for monies held separate from the Water Authority’s central bank account. These interest-bearing deposit accounts are presented on the statement of net position as “cash and cash equivalents in segregated accounts”.

Investments of the cash management pool and investments with an original maturity of three months or less at the time they are purchased by the Water Authority are presented on the financial statements as equity and pooled cash and cash equivalents. Investments with an initial maturity of more than three months are presented as investments.

E. Budgetary Process

The Ohio Revised Code requires the Water Authority to budget annually. The Water Authority budgets on a cash basis for revenues and expenses.

Appropriations

Budgetary expenses may not exceed appropriations at the legal level of control, which has been established by the Board at the object level within each fund and department and appropriations may not exceed estimated resources. The Board must annually approve appropriation measures and subsequent amendments. The County Budget Commission is not required to approve the annual appropriation measure. Unencumbered appropriations lapse at year end.

Estimated Resources

Estimated resources include estimates of revenue to be earned and restricted and unrestricted net position as of January 1. The County Budget Commission is not required to approve estimated resources.

Encumbrances

As part of formal budgetary control, purchase orders, contracts, and other commitments for the expenditure of funds are recorded in order to reserve the portion of the applicable appropriation. At the close of each year, the unencumbered balance of each appropriation reverts to the respective fund from which it was appropriated and becomes subject to future appropriations. The encumbered appropriation balance is carried forward to the succeeding year and need not be reappropriated.

Lakengren Water Authority
Preble County, Ohio

Notes to the Basic Financial Statements
For the Year Ended December 31, 2013

F. Inventory

Inventories, which consist primarily of chemicals for treatment and repair parts, are presented at lower of cost or market, on a first-in, first-out basis and are expensed when used.

G. Prepaid Items

Payments made to vendors for services that will benefit periods beyond December 31, 2013 are recorded as prepaid items using the consumption method by recording a current asset for the prepaid amount and reflecting the expense in the year in which services are consumed.

H. Restricted Assets

Assets are reported as restricted when limitations on their use change the nature or normal understanding of the availability of the asset. Such constraints are either externally imposed by creditors, contributors, grantors, or laws of other governments, or are imposed by law through constitutional provisions or enabling legislation. Restricted assets of the Water Authority represent cash with fiscal agent for repayment of debt service on revenue bonds that are required by the bond indenture to be held by a financial services corporation.

I. Capital Assets

Capital assets utilized by the Water Authority are reported on the statement of net position. All capital assets are capitalized at cost (or estimated historical cost which is determined by indexing the current replacement cost back to the year of acquisition) and are updated for additions and retirements during the year. Donated capital assets are recorded at their fair market values as of the date received. The Water Authority maintains a capitalization threshold of \$5,000. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not.

All reported capital assets are depreciated except for land, construction in progress and certain infrastructure reported on the modified approach. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method over the following useful lives:

<u>Description</u>	<u>Estimated Lives</u>
Buildings	5-50 years
Vehicles	5 years
Equipment	7 years
Infrastructure	10-30 years

The Water Authority applies the modified approach for reporting to certain infrastructure assets. Under the modified approach the Water Authority has developed an asset management system that:

1. Keeps an up-to-date inventory of eligible infrastructure assets;

Lakengren Water Authority
Preble County, Ohio

Notes to the Basic Financial Statements
For the Year Ended December 31, 2013

2. Performs a conditional assessment of those eligible infrastructure assets at least every three years using a consistent measurement scale; and,
3. Estimates each year the annual amount to maintain and preserve those assets at the condition level established and disclosed by the government.

The Water Authority documents that the eligible infrastructure assets are being maintained at a level equal to or above the condition level established by the Water Authority. Conditional assessments are performed on an annual basis for infrastructure assets in accordance with the Water Authority capital asset policy. When using the modified approach, expenses to extend the life of infrastructure assets are charged to expense, while expenses that add to or improve infrastructure assets are capitalized.

J. Compensated Absences

Vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable that the Water Authority will compensate the employee for the benefits through paid time off or some other means. The Water Authority records a liability for all accumulated unused vacation leave when earned for all employees.

Sick leave benefits are accrued as a liability using the vesting method, and all employees are considered vested, as all employees are compensated for sick leave upon termination. Payment for sick leave at termination is limited to one fourth of the employee's accrued sick leave up to a maximum of thirty days. These amounts are recorded as "compensated absences payable" in the fund from which the employees who have accumulated unpaid leave are paid.

K. Net Position

Net position represents the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources. Net investment in capital assets, consists of capital assets, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the Water Authority or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

The Water Authority applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position are available. The water fund had restricted net position relative to those resources necessary to comply with covenants of bond financing agreements.

**Lakengren Water Authority
Preble County, Ohio**

Notes to the Basic Financial Statements
For the Year Ended December 31, 2013

L. Operating and Nonoperating Revenues and Expenses

Operating revenues are those revenues that are generated directly from primary activities. For the Water Authority, these revenues are charges for services and miscellaneous reimbursements. Operating expenses are necessary costs incurred to provide the goods or services that are the primary activity of the Water Authority. Nonoperating revenues are those revenues that are not generated directly from primary activities. For the Water Authority, this revenue is interest income and gain of sale of capital assets. Nonoperating expenses are costs other than those necessary costs incurred to provide the goods or services that are the primary activity of the Water Authority. For the Water Authority, these expenses are interest and fiscal charges expense and loss on sale of capital assets.

M. Contributions of Capital

Contributions of capital arise from outside contributions of capital assets or outside contributions of resources restricted to capital acquisition and construction. During 2013, there were no capital contributions.

N. Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

O. Extraordinary and Special Items

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of the Water Authority Administration and that are either unusual in nature or infrequent in occurrence. Neither type of transaction occurred during 2013.

NOTE 3 - DEPOSITS AND INVESTMENTS

The investments and deposits of the Water Authority's monies are governed by the Water Authority's investment policy. In accordance with these provisions, the Water Authority investments will conform to all applicable laws and regulations governing the investment of public monies, including Chapter 135 of the Ohio Revised Code. These State statutes classify monies held by the Water Authority into three categories.

Active deposits are public deposits necessary to meet current demands on the treasury. Such monies must be maintained either as cash in the Water Authority Treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

**Lakengren Water Authority
Preble County, Ohio**

Notes to the Basic Financial Statements
For the Year Ended December 31, 2013

Inactive deposits are public deposits that the Board of Trustees has identified as not required for use within the current five-year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use, but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit, maturing not more than one year from the date of deposit, or by savings or deposit accounts, including passbook accounts. Interim monies may be deposited or invested in notes, bonds or other obligations of the United State or any agency or instrumentality thereof, or in obligations of the State or any political subdivision thereof.

Deposits

Custodial credit risk for deposits is the risk that in the event of bank failure, the Water Authority will not be able to recover deposits or collateral securities that are in the possession of an outside party. At year-end, the carrying value of the Water Authority deposits was \$1,220,697. Based on the criteria described in GASB Statement No. 40, "Deposits and Investment Risk Disclosures", as of December 31, 2013, none of the Water Authority's bank balance of \$1,211,638 was exposed to custodial credit risk as described below.

The Water Authority has no deposit policy for custodial risk beyond the requirements of State statute. Ohio law requires that deposits be either insured or be protected by eligible securities pledged to and deposited either with the Water Authority or a qualified trustee by the financial institution as security for repayment, or by a collateral pool of eligible securities deposited with a qualified trustee and pledged to secure the repayment of all public monies deposited in the financial institution whose market value at all times shall be at least one-hundred-five percent of the deposits being secured.

NOTE 4 - ACCOUNTS RECEIVABLE

Accounts receivable represent monies due from residents for water usage and sewage treatment. No allowance for doubtful accounts has been recorded as all amounts are considered collectible. All receivables are expected to be collected within one year.

Lakengren Water Authority
Preble County, Ohio

Notes to the Basic Financial Statements
For the Year Ended December 31, 2013

NOTE 5 - LONG-TERM OBLIGATIONS

Changes in long-term obligations during the year ended December 31, 2013 were as follows:

	Balance			Balance	Amount
	<u>12/31/12</u>	<u>Increases</u>	<u>Decreases</u>	<u>12/31/13</u>	<u>Due in</u> <u>One Year</u>
<u>Bonds and loans</u>					
Series 2008 A untaxed revenue bonds, 4.02%	\$ 310,000	\$ -	\$ (62,000)	\$ 248,000	\$ 62,000
Series 2008 B taxed revenue bonds, 6.03%	65,000	-	(13,000)	52,000	13,000
OWDA loan, 2.75%	<u>1,258,677</u>	<u>-</u>	<u>(74,827)</u>	<u>1,183,850</u>	<u>76,899</u>
Total bonds and loans	<u>1,633,677</u>	<u>-</u>	<u>(149,827)</u>	<u>1,483,850</u>	<u>151,899</u>
<u>Other obligations</u>					
Compensated absences	<u>34,069</u>	<u>18,308</u>	<u>(15,207)</u>	<u>37,170</u>	<u>17,193</u>
Total long-term obligations	<u>\$ 1,667,746</u>	<u>\$ 18,308</u>	<u>\$ (165,034)</u>	<u>\$ 1,521,020</u>	<u>\$ 169,092</u>

On March 21, 2008, the Water Authority issued \$620,000 and \$130,000 in series 2008A untaxed revenue bonds and series 2008B taxed revenue bonds, respectively, for the construction of a new administration building. The bonds bear interest rates of 4.02% and 6.03%, respectively and mature on December 1, 2017. Interest payments on the bonds are due on June 1 and December 1 of each year.

The series 2008A untaxed revenue bonds and series 2008B taxed revenue bonds are general obligations of the Water Authority for which the full faith and credit of the Water Authority has pledged future water customers revenues, net of specific operating expenses, to repay the bonds that were used to construct a new administration building. The bonds are payable solely from water customer net revenues and are payable through 2017. Annual principal and interest payments on the bonds are expected to require approximately 40.38% of net revenues. Principal and interest paid for the current year and total water customer net revenues were \$75,000 and \$16,382, respectively.

The Water Authority has an Ohio Water Development Authority (OWDA) Loan outstanding at December 31, 2013. The total amount of the loan issued was \$1,667,151 and bears an interest rate of 2.75% with final maturity on July 1, 2026. The loan was issued for the construction of a new water treatment plant. The debt payments will be paid from the water fund.

**Lakengren Water Authority
Preble County, Ohio**

Notes to the Basic Financial Statements
For the Year Ended December 31, 2013

Principal and interest requirements to retire the bonds and loan outstanding at December 31, 2013 are:

Year	Revenue Bonds			OWDA loan		
	Principal	Interest	Total	Principal	Interest	Total
2014	\$ 75,000	\$ 13,105	\$ 88,105	\$ 76,899	\$ 32,031	\$ 108,930
2015	75,000	9,829	84,829	79,028	29,902	108,930

Preble County, Ohio**

Notes to the Basic Financial Statements
For the Year Ended December 31, 2013

NOTE 7 - RISK MANAGEMENT

The Water Authority is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees and natural disasters. During 2013, the Water Authority contracted with independent third parties for various types of insurance as follows:

<u>Coverage</u>	<u>Limit</u>	<u>Deductible</u>
Property	\$ 6,721,060	\$ 1,000
General liability:		
Per occasion	1,000,000	none
Aggregate	3,000,000	none
Public officials	1,000,000	1,000
Crime:		
Employee dishonesty	250,000	500
Employee theft	25,000	500
Automobile:		
Liability	1,000,000	none
Comprehensive	50,000	250
Collision	50,000	500

Settled claims have not exceeded coverage in the past three years and there has been no significant reduction in coverages from last year.

The Water Authority pays the State Workers' Compensation System a premium based on a rate per \$100 of salaries. This rate is calculated based on accident history and administrative costs.

NOTE 8 - OTHER EMPLOYEE BENEFITS

A. Insurance Benefits

The Water Authority employees have health insurance, dental and vision insurance, short term disability, and life insurance through independent third parties.

B. Compensated Absences

Accumulated Unpaid Vacation Leave

The Water Authority's employees earn vacation leave based on length of service. Vacation leave must be used within 12 months of being earned. Water Authority employees are paid for earned, unused vacation leave at the time of termination.

**Lakengren Water Authority
Preble County, Ohio**

Notes to the Basic Financial Statements
For the Year Ended December 31, 2013

Accumulated Unpaid Sick Leave

The Water Authority's employees earn .0575 hours of sick leave for each hour in active pay status. Employees may accrue and carry over all sick leave earned with no limits. Upon separation or retirement from the Water Authority, employees are paid for one-fourth of their accrued sick leave, up to a maximum payment of 30 days.

Vacation and sick leave are paid from the water and sewer funds.

NOTE 9 - PENSION PLAN

Ohio Public Employees Retirement System

Plan Description - The Water Authority participates in the Ohio Public Employees Retirement System (OPERS). OPERS administers three separate pension plans. The Traditional Pension Plan is a cost-sharing, multiple-employer defined benefit pension plan. The Member-Directed Plan is a defined contribution plan in which the member invests both member and employer contributions (employer contributions vest over five years at 20% per year). Under the Member-Directed Plan, members accumulate retirement assets equal to the value of the member and vested employer contributions plus any investment earnings. The Combined Plan is a cost-sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and a defined contribution plan. Under the Combined Plan, employer contributions are invested by the retirement system to provide a formula retirement benefit similar to the Traditional Pension Plan benefit. Member contributions, whose investment is self-directed by the member, accumulate retirement assets in a manner similar to the Member-Directed Plan.

OPERS provides retirement, disability, survivor and death benefits and annual cost of living adjustments to members of the Traditional Pension and the Combined Plans. Members of the Member-Directed Plan do not qualify for ancillary benefits. Authority to establish and amend benefits is provided by Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report that may be obtained by writing to OPERS, Attention: Finance Director, 277 E. Town St., Columbus, OH 43215-4642 or by calling (614) 222-5601 or (800) 222-7377.

Funding Policy - The Ohio Revised Code provides statutory authority for member and employer contributions. For 2013, member and contribution rates were consistent across all three plans. The 2013 member contribution rates were 10.00%. The Water Authority's contribution rate for 2013 was 14.00%.

The Water Authority's contribution rate for pension benefits for 2013 was 13%. The Water Authority's required contributions for pension obligations to the Traditional Pension and Combined Plans for the years ended December 31, 2013, 2012 and 2011 were \$40,820, \$26,967, and \$30,212, respectively; 79.9% has been contributed for 2013 and 100% has been contributed for 2012 and 2011.

**Lakengren Water Authority
Preble County, Ohio**

Notes to the Basic Financial Statements
For the Year Ended December 31, 2013

NOTE 10 - POSTEMPLOYMENT BENEFIT PLAN

Ohio Public Employees Retirement System

Plan Description - OPERS maintains a cost-sharing multiple employer defined benefit post-employment healthcare plan, which includes a medical plan, prescription drug program and Medicare Part B premium reimbursement, to qualifying members of both the Traditional Pension and the Combined Plans. Members of the Member-Directed Plan do not qualify for ancillary benefits, including post-employment health care coverage.

To qualify for post-employment health care coverage, age-and-service retirees under the Traditional Pension and Combined Plans must have ten years or more of qualifying Ohio service credit. Health care coverage for disability benefit recipients and qualified survivor benefit recipients is available. The health care coverage provided by OPERS meets the definition of an Other Post Employment Benefit (OPEB) as described in GASB State 45. The Ohio Revised Code permits, but not does mandate, OPERS to provide OPEB benefits to its eligible members and beneficiaries. Authority to establish and amend benefits is provided in Chapter 145 of the Ohio Revised Code.

Disclosures for the healthcare plan are presented separately in the OPERS financial report which may be obtained by writing to OPERS, Attention: Finance Director, 277 E. Town St., Columbus, OH 43215-4642 or by calling (614) 222-5601 or (800) 222-7377.

Funding Policy - OPERS' Post Employment Health Care plan was established under, and is administrated in accordance with, Internal Revenue Code 401(h). Each year, the OPERS Board of Trustees determines the portion of the employer contribution rate that will be set aside for funding of post employment health care benefits. The portion of employer contributions allocated to health care for members in the Traditional Plan was 1.0% during calendar year 2013. The portion of employer contributions allocated to health care for members in the Combined Plan was 1% during calendar year 2013. Effective January 1, 2014, the portion of employer contributions allocated to healthcare was raised to 2% for both plans, as recommended by the OPERS Actuary. The OPERS Board of Trustees is also authorized to establish rules for the retiree, or their surviving beneficiaries, to pay a portion of the health care benefits provided. Payment amounts vary depending on the number of covered dependents and the coverage selected.

The Water Authority's contributions allocated to fund post-employment health care benefits for the years ended December 31, 2013, 2012 and 2011 were \$3,140, \$20,522 and \$16,784, respectively; 79.9% has been contributed for 2013 and 100% has been contributed for 2012 and 2011.

Changes to the health care plan were adopted by the OPERS Board of Trustees on September 19, 2012, with a transition plan commencing January 1, 2014. With the recent passage of pension legislation and approved health care changes, OPERS expects to be able to consistently allocate 4% of the employers contributions toward the health care fund after the end of the transition period.

**Lakengren Water Authority
Preble County, Ohio**

Notes to the Basic Financial Statements
For the Year Ended December 31, 2013

NOTE 11 - LEASES

The Water Authority entered into an operating lease with a property owner outside the Lakengren Subdivision for real property. The lease of the property allows for extracting water found in or under the leased property. The term of this lease commenced April 1, 2004 and remains in force for a primary term of 99 years, provided the Ohio EPA approves the leased premises as a well site and the well continues to produce clean, useable water in acceptable quantities. The lease payments for the year ended December 31, 2013 were \$699.23 per month. The monthly lease payments shall be adjusted annually to the government's published rate of inflation.

The estimated future minimum lease payments, at the current rate, as of December 31, 2013 are as follows:

<u>Year</u>	<u>Amount</u>	<u>Year</u>	<u>Amount</u>
2014	\$ 8,388	2049-2053	\$ 41,940
2015	8,388	2054-2058	41,940
2016	8,388	2059-2063	41,940
2017	8,388	2064-2068	41,940
2018	8,388	2069-2073	41,940
2019-2023	41,940	2074-2078	41,940
2024-2028	41,940	2079-2083	41,940
2029-2033	41,940	2084-2088	41,940
2034-2038	41,940	2089-2093	41,940
2039-2043	41,940	2094-2098	41,940
2044-2048	41,940	2099-2103	41,940
		Total	<u>\$ 754,920</u>

REQUIRED SUPPLEMENTARY INFORMATION

**Lakengren Water Authority
Preble County, Ohio**

Supplementary information
Condition assessment of the infrastructure reported
under the modified approach
For the year ended December 31, 2013

Lakengren Water Authority (the “Water Authority”) reports certain infrastructure assets using the modified approach as outlined in Governmental Accounting Standard Board (GASB) Statement No. 34. The following disclosures pertain to the conditional assessment and budgeted versus actual expenses for the preservation of these assets. The conditional assessment is presented in each of the following sections for the years ended December 31, 2013, 2012, 2011, 2010, 2009, 2008, 2007 and the nine months ended December 31, 2006 which is also the year in which the Water Authority implemented the modified approach.

All infrastructure asset conditions are evaluated and rated based on the following criteria:

Rating of Asset	Condition	Description
1	Excellent	Basically sound, new equipment requiring no work
2	Good	Acceptable; minor wear; requires little work
3	Fair	Showing wear but functionally sound. Rehab needed soon to avoid progression to rating 4.
4	Poor	Function, but with a high degree of maintenance. Major work required.
5	Critical	Asset has failed or will fail imminently

A. Water Fund

Garage/Office

The garage and office space located is located between the water plant and the workshop. The Water Authority’s policy states that all buildings shall be maintained at level 2 or higher. The following is a summary of the conditional assessment for the garage/office.

Garage/office condition Level 2 - Good

The following is a comparison of the Water Authority’s budgeted and actual expenses for maintaining the garage/office:

Year Ended	Budgeted Expenses	Actual Expenses	Difference
12/31/2012	\$ -	\$ -	\$ -
12/31/2013	-	-	-

**Lakengren Water Authority
Preble County, Ohio**

Supplementary information
Condition assessment of the infrastructure reported
under the modified approach
For the year ended December 31, 2013

Workshop

The workshop is located in front of the water plant and garage. The Water Authority's policy states that all buildings shall be maintained at level 2 or higher. The following is a summary of the conditional assessment for the workshop:

Workshop condition Level 2 - Good

The following is a comparison of the Water Authority's budgeted and actual expenses for maintaining the workshop:

Year Ended	Budgeted Expenses	Actual Expenses	Difference
12/31/2012	\$ 1,500	\$ -	\$ 1,500
12/31/2013	1,500	-	1,500

Main Office

The Water Authority's main office is located at 24 Lakengren Drive. The Water Authority's policy states that all buildings shall be maintained at level 2 or higher. The following is a summary of the conditional assessment for the main office:

Main Office condition Level 2 - Good

The following is a comparison of the Water Authority's budgeted and actual expenses for maintaining the main office:

Year Ended	Budgeted Expenses	Actual Expenses	Difference
12/31/2012	\$ -	\$ -	\$ -
12/31/2013	8,000	7,155	845

Wells

Wells include production and monitoring wells. The Water Authority's policy states that all wells will be maintained at level two or higher. The following is a summary of the conditional assessment for the wells:

Well Condition	Number of Wells	Percent of Total
1 - Excellent	-	0.00%
2 - Good	7	100.00%
Total	7	100.00%

under the modified approach
For the year ended December 31, 2013

The following is a comparison of the Water Authority's budgeted and actual expenses for maintaining the wells:

Year Ended	Budgeted Expenses	Actual Expenses	Difference
12/31/2006	\$ 2,300	\$ 1,990	\$ 310
12/31/2007	7,900	7,277	623
12/31/2008	10,500	8,019	2,481
12/31/2009	10,500	10,307	193
12/31/2010	5,000	-	5,000
12/31/2011	22,000	21,685	315
12/31/2012	13,500	-	13,500
12/31/2013	9,300	-	9,300

Treatment Plant

The Water Authority has one water treatment plant that is rated at a level 1. The Water Authority's policy is to maintain the water treatment plant at a level 2 or higher. The following is a comparison of the Water Authority's budgeted and actual expenses for maintaining the water treatment plant:

Year Ended	Budgeted Expenses	Actual Expenses	Difference
12/31/2006	\$ 4,581	\$ 2,330	\$ 2,251
12/31/2007	1,000	1,482	(482)
12/31/2008	500	-	500
12/31/2009	1,000	403	597
12/31/2010	1,000	82	918
12/31/2011	1,000	-	1,000
12/31/2012	8,000	-	8,000
12/31/2013	8,000	-	8,000

Generator

The Water Authority has one stand-by generator that is rated at a level 1. The Water Authority's policy is to maintain the generator at a level two or higher. The following is a comparison of the Water Authority's budgeted and actual expenses for maintaining the generator:

Year Ended	Budgeted Expenses	Actual Expenses	Difference
12/31/2006	\$ 600	\$ 648	\$ (48)
12/31/2007	700	-	700
12/31/2008	700	26	674
12/31/2009	700	-	700
12/31/2010	500	-	500
12/31/2011	500	-	500
12/31/2012	6,500	-	6,500
12/31/2013	1,500	-	1,500

Control Panel

The Water Authority has one control panel that is rated at a level 1. The Water Authority's policy is to maintain the control panel at a level two or higher. The following is a comparison of the Water Authority's budgeted and actual expenses for maintaining the control panel:

Year Ended	Budgeted Expenses	Actual Expenses	Difference
12/31/2006	\$ 150	\$ 164	\$ (14)
12/31/2007	500	-	500
12/31/2008	500	-	500
12/31/2009	500	-	500
12/31/2010	500	-	500
12/31/2011	500	-	500
12/31/2012	500	-	500
12/31/2013	500	-	500

Meters

The Water Authority has 1,384 water meters. The Water Authority's policy states that 80 percent of all water meters will be maintained at level two or higher.

The following is a summary of the conditional assessment for the meters:

Meter Condition	Number of Water Meters	Percent of Total
1 - Excellent	1,384	100.00%
2 - Good	-	0.00%
Total	<u>1,384</u>	<u>100.00%</u>

The following is a comparison of the Water Authority's budgeted and actual expenses for maintaining the water meters:

Year Ended	Budgeted Expenses	Actual Expenses	Difference
12/31/2006	\$ 3,500	\$ 2,845	\$ 655
12/31/2007	3,000	1,184	1,816
12/31/2008	50,000	31,720	18,280
12/31/2009	27,000	23,413	3,587
12/31/2010	93,000	92,119	881
12/31/2011	500	-	500
12/31/2012	500	-	500
12/31/2013	500	-	500

Water Towers

The Water Authority has two water towers and both are rated at level 2. The Water Authority's policy is to maintain the water towers at a level two or higher. The following is a comparison of the Water Authority's budgeted and actual expenses for maintaining the water towers:

Year Ended	Budgeted Expenses	Actual Expenses	Difference
12/31/2006	\$ 7,151	\$ 7,132	\$ 19
12/31/2007	10,000	9,470	530
12/31/2008	10,000	9,470	530
12/31/2009	10,000	10,303	(303)
12/31/2010	10,000	9,470	530
12/31/2011	10,000	9,578	422
12/31/2012	10,000	9,470	530
12/31/2013	10,000	9,470	530

Shutoff Valves

The Water Authority has 179 water shutoff valves. The Water Authority's policy states that 80 percent of all shutoff valves will be maintained at level two or higher. The following is a summary of the conditional assessment for the shutoff valves:

Shutoff Valves Condition	Number of Shutoff Valves	Percent of Total
1 - Excellent	5	2.79%
2 - Good	170	94.96%
3 - Fair	4	2.23%
Total	<u>179</u>	<u>100.00%</u>

The following is a comparison of the Water Authority's budgeted and actual expenses for maintaining the shutoff valves:

Year Ended	Budgeted Expenses	Actual Expenses	Difference
12/31/2006	\$ 3,100	\$ 5,986	\$ (2,886)
12/31/2007	6,000	-	6,000

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY
GOVERNMENT AUDITING STANDARDS

Lakengren Water Authority
Preble County
24 Lakengren Drive
Eaton, Ohio 45320

To the Board of Trustees:

We have audited, in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the financial statements of the Lakengren Water Authority, Preble County, (the Water Authority) as of and for the year ended December 31, 2013, and the related notes to the financial statements, which collectively comprise the Water Authority's basic financial statements and have issued our report thereon dated June 27, 2014.

Internal Control Over Financial Reporting

As part of our financial statement audit, we considered the Water Authority's internal control over financial reporting (internal control) to determine the audit procedures appropriate in the circumstances to the extent necessary to support our opinions on the financial statements, but not to the extent necessary to opine on the effectiveness of the Water Authority's internal control. Accordingly, we have not opined on it.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. *A material weakness* is a deficiency, or combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the Water Authority's financial statements. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all internal control deficiencies that might be material weaknesses or significant deficiencies. Given these limitations, we did not identify any deficiencies in internal control that we consider material weaknesses. However, unidentified material weaknesses may exist.

Compliance and Other Matters

As part of reasonably assuring whether the Water Authority's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

Purpose of this Report

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the Water Authority's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the Water Authority's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
