Independent Auditor's Report

Midnimo Cross Cultural Community School
Franklin County
1567 Loretta Avenue
Columbus, Ohio 43211

To the Board of Directors:

Report on the Financial Statements

We have audited the accompanying financial statements of the Midnimo Cross Cultural Community School, Franklin County, Ohio, as of and for the fiscal year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the Midnimo Cross Cultural Community School's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for preparing and fairly presenting these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes designing, implementing, and maintaining internal control relevant to preparing and fairly presenting financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to opine on these financial statements based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the Midnimo Cross Cultural Community School's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the Midnimo Cross Cultural Community School's internal control. Accordingly, we express no opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Midnimo Cross Cultural Community School, Franklin County, Ohio, as of June 30, 2013, and the changes in its financial position and its cash flows for the fiscal year then ended in accordance with the accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require this presentation to include *Management's discussion and analysis*, listed in the table of contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, consisting of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, to the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not opine or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to opine or provide any other assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated January 24, 2014, on our consideration of the Midnimo Cross Cultural Community School's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Midnimo Cross Cultural Community School's internal control over financial reporting and compliance.

The Management's Discussion and Analysis (MD&A) is an element of the reporting model adopted by the Governmental Accounting Standards Board (GASB) in their Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*, issued in June 1999. Certain comparative information between the current year and the prior year is required to be presented, and is presented in the MD&A.

The basic financial statements include a statement of net position, statement of revenues, expenses and changes in net position, and a statement of cash flows. As the School reports its operations using enterprise fund accounting, all financial transactions and accounts are reported as one activity, therefore the entity wide and the fund presentations information is the same.

**MANAGEMENT’S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2013

Statement of Net Position

The statement of net position answers the question, “How did we do financially during the fiscal year?” This statement includes all assets and liabilities, both financial and capital, and short-term and long-term, using the accrual basis of accounting and the economic resources focus, which is similar to the accounting used by most private-sector companies. This basis of accounting takes into account all revenues and expenses during the year, regardless of when the cash is received or paid.

This statement reports the School’s net position; however, in evaluating the overall position and financial viability of the School, non-financial information such as the condition of the School’s property and potential changes in the laws governing charter schools in the State of Ohio will also need to be evaluated.

Table 1 provides a summary of the School’s net position for June 30, 2013 compared to those reported for fiscal year 2012.

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2013**

1. Description of the School and Reporting Entity
--

Midnimo Cross Cultural Community School (the School), is a nonprofit corporation established pursuant to Ohio Revised Code Chapters 3314 and 1702. The School, which is part of the State's education program, is independent of any school district and is non sectarian in its programs, admission policies, employment practices, and all other operations. The School may sue and be sued, acquire facilities as needed, and contract for any services necessary for the operation of the School.

The School was approved for operation under a contract with the St. Aloysius Orphanage during the fiscal year ended June 30, 2007, and renews annually every June 30th unless cancelled by either party with 90 days notice.

The School is required to operate under the direction of a Governing Board consisting of at least five members. The Governing Board is responsible for carrying out the provisions of the contract, which include, but are not limited to, state-mandated provisions regarding student population, curriculum, academic goals, performance standards, admission standards and qualifications of teachers.

On May 28, 2007, the School and Educational Solutions Co. entered into a full-performance management contract. Under this contract, Educational Solutions Co. is obligated to manage and operate the School. Educational Solutions Co. is an Ohio non-profit corporation that was established and is operated for educational purposes to support Ohio community schools. It was granted federal tax exemption under IRS Section 501(c)(3), and it is classified as a public charity under IRS Section 509(a)(3), a supporting organization. In addition to the School, Educational Solutions Co. currently supports three other Ohio community schools. Each of its supported schools are members of Educational Solutions Co., as such term is defined by Ohio Revised Cod Chapter 1702. As members of Educational Solutions Co., the schools, under Educational Solutions Co.'s Code of Regulations, elect a majority of the Board of Directors of Educational Solutions Co. As a result of this relationship, Educational Solutions Co. is "operated, supervised, or controlled by" its supported schools, as such term is defined by Regs. Section 1.509(a)-4(g), and Educational Solutions Co. is a Type I supporting organization. As a result of this relationship, Educational Solutions Co. is responsive to the needs and demands of its supported schools and is an integral part of their operations.

2. Summary of Significant Accounting Policies
--

The financial statements of the School have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental nonprofit organizations. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

A. Basis of Presentation

Enterprise accounting is used to account for operations that are financed and operated in a manner similar to private business enterprises where the intent is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges or where it has been decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

B. Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. Enterprise accounting uses a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities are included on the statement of net position. The difference between total assets and liabilities are defined as net position. The statement of revenues, expenses and changes in net position present increases (i.e., revenues) and decreases (i.e., expenses) in total net position.

Basis of accounting refers to when revenues and expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made.

The accrual basis of accounting is utilized for reporting purposes. Revenues are recognized when they are earned, and expenses are recognized when they are incurred.

C. Budgetary Process

Unlike other public schools located in the state of Ohio, community schools are not required to follow budgetary provisions set forth in Ohio Rev. Code Section 5705, unless specifically provided in the Schools contract with its Sponsor. The contract between the School and its Sponsor does prescribe an annual budget requirement in addition to preparing a five-year forecast which is to be updated on an annual basis.

**MIDNIMO CROSS CULTURAL COMMUNITY SCHOOL
FRANKLIN COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2013**

2. Summary of Significant Accounting Policies (Continued)

D. Cash

All monies received by the School are maintained in a demand deposit account. For internal accounting purposes, the School segregates its cash into separate funds. Cash is defined as demand deposits, savings, and investments with original maturity less than 90 days.

E. Capital Assets

Capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the fiscal year. Donated capital assets are recorded at their fair market values as of the date received. The School does not possess any infrastructure. The School capitalizes all capital assets, regardless of cost. Improvements are capitalized. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized.

All reported capital assets are depreciated. Improvements to capital assets are depreciated over the remaining useful life of the related capital assets. Depreciation is computed using the straight-line method over the following useful lives:

<u>Description</u>	<u>Estimated Life</u>
Buildings	40 years
Furniture, Fixtures, and Equipment	5 years
Leasehold Improvements	15 years

F. Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from these estimates.

G. Intergovernmental Revenues

The School is a participant in the State Foundation Program. The foundation funding is recognized as operating revenues in the accounting period in which they are earned, essentially the same as the fiscal year. Federal and state grants and entitlements are recognized as non-operating revenues in the accounting period in which all eligibility requirements of the grants have been met.

Intergovernmental revenues associated with the Foundation Program totaled \$535,534 and revenues associated with specific education grants from the state and federal governments totaled \$431,659 during fiscal year 2013.

FRANKLIN COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS

2. Summary of Significant Accounting Policies (Continued)
--

H. Federal Tax Exemption Status

The School is a non-profit organization that has been determined by the Internal Revenue Service to be exempt from federal income taxes as a tax-exempt organization under Section 501 (c)(3) of the Internal Revenue Code.

I. Operating and Non-Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly by the School's primary mission. For the School, operating revenues include revenues paid through the State Foundation Program. Operating expenses are necessary costs incurred to support the School's primary mission, including purchased services, materials and supplies and depreciation.

Non-operating revenues and expenses are those that are not generated directly by the School's primary mission. Various federal and state grants, interest earnings, if any, and payments made to the School by other instructional entities for use of the School's instructional staff comprise the non-operating revenues of the School. Interest and fiscal charges on outstanding obligations, as well as gain or loss on capital asset disposals, if any, comprise the non-operating expenses.

J. Accrued Liabilities

Obligations incurred but unbilled prior to June 30, 2013 are reported as accrued liabilities in the accompanying financial statements. Accrued liabilities totaled \$42,944 at June 30, 2013.

K. Deferred Outflow / Deferred Inflows of Resources

In addition to assets, the statement of financial position may report a separate category for deferred outflows of resources. Deferred outflows of resources represent consumption of net position that applies to a future period and will not be recognized as an outflow of resources (expense) until then. At June 30, 2013, the School reported no deferred outflows of resources.

In addition to liabilities, the statement of net position may report a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net position that applies to a future period and will not be recognized as an inflow of resources (revenue) until then. At June 30, 2013, the School had no items which were classified as deferred inflows of resources.

**MIDNIMO CROSS CULTURAL COMMUNITY SCHOOL
FRANKLIN COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2013**

2. Summary of Significant Accounting Policies (Continued)

L. Net Position

Net position represent the difference between assets plus deferred outflows of resources and liabilities plus deferred inflows of resources. Net investment in capital assets consists of capital assets, net of accumulated depreciation reduced by any outstanding capital related debt. Net position are reported as restricted when there are limitations imposed on their use through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

The School applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position are available.

M. Economic Dependency

The School receives 100% of its operating revenue from the Ohio Department of Education. Due to the significance of this revenue source, the School is considered to be economically dependent on the State of Ohio Department of Education.

3. Change in Accounting Principles

For fiscal year 2013, the School has implemented Governmental Accounting Standards Board (GASB) Statement No. 62, "Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989, FASB and AICPA Pronouncements," Statement No. 63, "Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position," Statement No. 65, "Items Previously Reported as Assets and Liabilities," and Statement No. 66, "Technical Corrections – 2012 – an amendment of GASB Statements No. 10 and No. 62.

GASB Statement No. 62 codifies accounting and financial reporting guidance contained in pre-November 30, 1989 FASB and AICPA pronouncements in an effort to codify all sources of GAAP for State and local governments so that they derive from a single source. The implementation of GASB Statement No. 62 did not have an effect on the financial statements of the School.

GASB Statement No. 63 provides financial and reporting guidance for deferred outflows of resources and deferred inflows of resources which are financial statement elements that are distinct from assets and liabilities. GASB Statement No. 63 standardizes the presentation of deferred outflows of resources and deferred inflows of resources and their effects on a government's net position. The implementation of GASB Statement No. 63 has changed the presentation of the School's financial statements to incorporate the concepts of net position, deferred outflows of resources and deferred inflows of resources.

**MIDNIMO CROSS CULTURAL COMMUNITY SCHOOL
FRANKLIN COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2013**

3. Change in Accounting Principles (Continued)

GASB Statement No. 65 properly classifies certain items that were previously reported as assets and liabilities as deferred outflows or resources or deferred inflows of resources or recognizes certain items that were previously reported as assets and liabilities as outflows of resources (expenses) or inflows of resources (revenues). These changes were incorporated in the School's fiscal year 2013 financial statements; however, there was no effect on beginning net position/fund balance.

GASB Statement No. 66 resolves conflicting accounting and financial reporting guidance that could diminish the consistency of financial reporting and thereby enhance the usefulness of the financial reports. The implementation of this statement did not result in any change in the School's financial statements.

4. Deposits

At June 30, 2013, the carrying amount of the School's deposits was \$10,469 and the bank balance was \$54,407. Based on the criteria in GASB Statement No. 40, "Deposits and Investment Risk Disclosures", as of June 30, 2013, the School's bank balance was covered by the Federal Deposit Insurance Corporation.

5. Capital Assets

Capital asset activity for the fiscal year ended June 30, 2013 was as follows:

	<u>Balance 7/1/2012</u>	<u>Additions</u>	<u>Deletions</u>	<u>Balance 6/30/2013</u>
Capital Assets:				
Furniture and Equipment	<u>\$ 87,416</u>	<u>\$ 16,032</u>	<u>\$ -</u>	<u>\$ 103,448</u>

6. Defined Benefit Pension Plans

A. School Employees Retirement System

Plan Description

The School contributes to the School Employees Retirement System (SERS), a cost-sharing, multiple employer defined benefit pension plan. SERS provides retirement, disability, and survivor benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by state statute per Chapter 3309 of the Ohio Revised Code. SERS issues a publicly available, stand-alone financial report that includes financial statements and required supplementary information. That report can be obtained on SERS' website at www.ohsers.org under **Employers/Audit Resources**.

Funding Policy

Plan members are required to contribute 10% of their annual covered salary and the School is required to contribute 14% of annual covered payroll. The contribution requirements of plan members and employers are established and may be amended, up to statutory maximum amounts, by the SERS' Retirement Board. The Retirement Board acting with the advice of the actuary, allocates the employer contribution rate among four of the funds (Pension Trust Fund, Death Benefit Fund, Medicare B Fund, and Health Care Fund) of the System. For fiscal year ending June 30, 2013, the allocation to pension and death benefits is 13.10%. The remaining .90% of the 14% employer contribution rate is allocated to the Health Care and Medicare B Funds. The School's required contributions for pension obligations and death benefits to SERS for the fiscal years ended June 30, 2013, 2012 and 2011 were \$15,703, \$15,097, and \$16,399, respectively; which were equal to the required contributions for each year and are paid and reported by the Management Co. (Note 13).

B. State Teachers Retirement System

The School participates in the State Teachers Retirement System of Ohio (STRS Ohio), a cost sharing, multiple-employer public employee retirement system. STRS Ohio provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS Ohio issues a stand-alone comprehensive annual financial report that may be obtained by writing to STRS Ohio, 275 E. 6. Defined Benefit Pension Plans (Continued)

New members have a choice of three retirement plan options. In addition to the Defined Benefit (DB) Plan, new members are offered a Defined Contribution (DC) Plan and a Combined Plan. The DC Plan allows members to allocate all their member contributions and employer contributions equal to 10.5% of earned compensation among various investment choices. The Combined Plan offers features of the DC Plan and the DB Plan. In the Combined Plan, member contributions are allocated to investment choices by the member, and employer contributions are used to fund a defined benefit payment at a reduced level from the regular DB Plan. Contributions into the DC Plan and Combined Plan are credited to member accounts as employers submit their payroll information to STRS Ohio, generally on a biweekly basis. DC and Combined Plan members may transfer to a different STRS Ohio retirement plan during their fifth year of membership. Eligible members who do not make a choice during the reselection period will permanently remain in their current plan.

The DB Plan benefits are established under Chapter 3307 of the Ohio Revised Code. Any member may retire who has (i) five years of service credit and attained age 60; (ii) 25 years of service credit and attained age 55; or (iii) 30 years of service credit regardless of age. The annual retirement allowance, payable for life, is the greater of the “formula benefit” or the “money-purchase benefit” calculation. Under the formula benefit the retirement allowance is based on years of credited service and final average salary, which is the average of the members’ three highest salary years. The annual allowance is calculated by using a base percentage of 2.2% multiplied by the total number of years of service credit (including Ohio-valued purchased credit) times the final average salary. The 31st year of earned Ohio service credit is calculated at 2.5% with an additional one-tenth of a percent added to the calculation for every year over 31 years until 100% of the final average salary is reached. For members with 35 or more years of Ohio contributing services, the first 30 years will be calculated at 2.5%. Under the money-purchase benefit, members’ lifetime contributions plus interest at specified rates are matched by an equal amount from other STRS Ohio funds. The total is then divided by an actuarially determined annuity factor to determine the maximum annual retirement allowance. Benefits are increased annually by 3% of the original base amount.

6. Defined Benefit Pension Plans (Continued)

The DC Plan allows members to allocate all their member contributions and employer contributions equal to 10.5% of earned compensation among various investment choices. Benefits are established under Sections 3307.80 to 3307.89 of the Ohio Revised Code. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal. Employer contributions into members' accounts are vested after the first anniversary of the first day of paid service. Members in the DC Plan who become disabled are entitled only to their account balance. If a member dies before retirement benefits begin, the members' designated beneficiary is entitled to receive the member's account balance.

Combined Plan offers features of the DC Plan and the DB Plan. Member contributions are allocated to investments selected by the member, and employer contributions are used to fund a defined benefit payment at a reduced level from the regular DB Plan. Plan members' defined benefit is determined by multiplying 1% of the members' final average salary by the members' years of service credit. The defined benefit portion of the Combined Plan is payable to members on or after age 60. The defined contribution portion of the account may be taken as a lump sum or converted to a lifetime monthly annuity at age 50.

A retiree of STRS Ohio or another Ohio public retirement system is eligible for reemployment following the elapse of two months from the date of retirement. Contributions are made by the reemployed member and employer during reemployment. Upon termination of reemployment or age 65, whichever comes later, the retiree is eligible for an annuity benefit or equivalent lump-sum payment in addition to the original retirement allowance. A reemployed retiree may alternatively receive a refund of only member contributions with interest before age 65, once employment is terminated.

For fiscal year ended June 30, 2013, members were required to contribute 10% of their annual covered salary and the School was required to contribute 14%. Member and employer contributions were established by the State Teachers Retirement Board, upon recommendation of its consulting actuary, not to exceed statutory maximum rates of 14% for members and 14% for employers provided by Chapter 3307 of the Ohio Revised Code.

The School's required contributions for pension obligations to STRS Ohio for the fiscal years ended June 30, 2013, 2012 and 2011 were \$56,104, \$54,689, and \$51,424, respectively; which were equal to the required contributions for each year and are paid and reported by the Management Co. (Note 13).

7. Post-Employment Benefits

A. School Employee Retirement System

In addition to a cost-sharing multiple-employer defined benefit pension plan the School Employees Retirement System of Ohio (SERS) administers two postemployment benefit plans.

Medicare Part B Plan

The Medicare Part B plan reimburses Medicare Part B premiums paid by eligible retirees and beneficiaries as set forth in Ohio Revised Code (ORC) 3309.69. Qualified benefit recipients who pay Medicare Part B premiums may apply for and receive a monthly reimbursement from SERS. The reimbursement amount is limited by statute to the lesser of the January 1, 1999 Medicare Part B premium or the current premium. The Medicare Part B monthly premium for calendar year 2013 was \$104.90 for most participants, but could be as high as \$335.70 per month depending on their income. SERS' reimbursement to retirees was \$45.50.

The Retirement Board, acting with the advice of the actuary, allocates a portion of the current employer contribution rate to the Medicare B Fund. For fiscal year 2013, the actuarially required allocation is .74%. The School contributions for the years ended June 30, 2013, 2012 and 2011 were \$887, \$892, and \$1,055, respectively, which equaled the required contributions each year.

Health Care Plan

ORC 3309.375 and 3309.69 permit SERS to offer health care benefits to eligible retirees and beneficiaries. SERS' Retirement Board reserves the right to change or discontinue any health plan or program. SERS offers several types of health plans from various vendors, including HMOs, PPOs, Medicare Advantage and traditional indemnity plans. A prescription drug program is also available to those who elect health coverage. SERS employs two third-party administrators and a pharmacy benefit manager to manage the self-insurance and prescription drug plans, respectively.

The ORC provides the statutory authority to fund SERS' postemployment benefits through employer contributions. Active members do not make contributions to the postemployment benefit plans.

7. Post-Employment Benefits (Continued)

The Health Care Fund was established under, and is administered in accordance with Internal Revenue Code 105(e). Each year after the allocation for statutorily required benefits, the Retirement Board allocates the remainder of the employer 14% contribution to the Health Care Fund. For the year ended June 30, 2013, the health care allocation is .16%. An additional health care surcharge on employers is collected for employees earning less than an actuarially determined minimum compensation amount, pro-rated according to service credit earned. Statues provides that no employer shall pay a health care surcharge greater than 2% of that employer's SERS-covered payroll; nor may SERS collect in aggregate more than 1.5% of the total statewide SERS-covered payroll for the health care surcharge. For fiscal year 2013, the minimum 4 compensation level was established at \$20,525.

The surcharge, added to the unallocated portion of the 14% employer contribution rate is the total amount assigned to the Health Care Fund. The School's contributions for health care (including surcharge) for the fiscal years ended June 30, 2013, 2012 and 2011 were \$1,798, \$2,702, and \$4,469, respectively; which were equal to the required contributions for each year and are paid and reported by the Management Co. (Note 13)

The SERS Retirement Board establishes the rules for the premium paid by the retirees for healthcare coverage for themselves and their dependents or for their surviving beneficiaries. Premiums vary depending on the plan selected, qualified years of service, Medicare eligibility and retirement status.

The financial reports of SERS' Health Care and Medicaid B plans are included in its Comprehensive Annual Financial Report. This report can be obtained on SERS Website at www.ohsers.org under Employer/Audit Resources.

Active employee members do not contribute to the Plan. All benefit recipients pay a monthly premium. For 2013, STRS Ohio allocated employer contributions equal to 1 percent of covered payroll to the Health Care Stabilization Fund. The School's contributions for health care for the fiscal years ended June 30, 2013, 2012 and 2011 were \$4,316, \$4,207, and \$3,956, respectively; which were equal to the required contributions for each year and are paid and reported by the Management Co. However, the effect of any such disallowed claims on the overall financial position of the School at June 30, 2013, if applicable, cannot be determined at this time.

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Required by *Government Auditing Standards*

Midnimo Cross Cultural Community School
Franklin County
1567 Loretta Avenue
Columbus, Ohio 43211

To the Board of Directors:

We have audited, in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the financial statements of the Midnimo Cross Cultural Community School, Franklin County, Ohio, as of and for the fiscal year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the Midnimo Cross Cultural Community School's basic financial statements and have issued our report thereon dated January 24, 2014.

Internal Control Over Financial Reporting

As part of our financial statement audit, we considered the Midnimo Cross Cultural Community School's internal control over financial reporting (internal control) to determine the audit procedures appropriate in the circumstances to the extent necessary to support our opinion on the financial statements, but not to the extent necessary to opine on the effectiveness of the Midnimo Cross Cultural Community School's internal control. Accordingly, we have not opined on it.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the Midnimo Cross Cultural Community School's financial statements. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all internal control deficiencies that might be material weaknesses or significant deficiencies. Given these limitations, we did not identify any deficiencies in internal control that we consider material weaknesses. However, unidentified material weaknesses may exist.

Board of Directors
Midnimo Cross Cultural Community School

Compliance and Other Matters

As part of reasonably assuring whether the Midnimo Cross Cultural Community School's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

Purpose of this Report

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the Midnimo Cross Cultural Community School's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the Midnimo Cross Cultural Community School's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
