Recommendation: Maintain Documentation for Random Moment Time Study	5
Appendix A: Income and Expenditure Report Adjustments – 2012	6

Independent Auditor's Report on Applying Agreed-Upon Procedures

Halina Schroeder, Audit Chief Division of Fiscal Administration, Audit Office Ohio Department of Developmental Disabilities 30 E. Broad Street, 13th Floor Columbus, Ohio 43215

Dear Ms. Schroeder:

As permitted by Ohio Revised Code Section 5123.05 and as required by the *Application for a §1915(c) Home and Community Based Services Waiver*, Appendix I-2(c), the Auditor of State's Office has performed the procedures enumerated below, to which the Ohio Department of Developmental Disabilities (DODD) agreed. The purpose is to assist you in evaluating whether the North East Ohio Network (NEON or the COG) prepared its *Income and Expenditure Report* (Cost Report) and *County Summary Workbooks* for the year ended December 31, 2012 in accordance with DODD's Guide to Preparing Income and Expenditure Reports for COGs and County Boards of Developmental Disabilities (Cost Report Guide) and to assist you in evaluating whether reported receipts and disbursements complied with 2 CFR 225 (OMB Circular A-87 *Cost Principles for State, Local, and Indian Tribal Governments*), and other compliance requirements described in the procedures below. The Council of Government's management is responsible for preparing these reports. This agreed-upon procedures engagement was conducted in accordance with the American Institute of Certified Public Accountants' attestation standards. The sufficiency of these procedures is solely the responsibility of DODD. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

Revenue Testing

1. DODD requested us to compare the COG's receipts with those reported on *Schedule C Income Report* of the *County Summary Workbooks* and report variances exceeding two percent of total receipts on *Schedule C Income Report* or greater than \$1,000.

We compared amounts paid to the COG per the 2012 Annual Subsidy Amount and Reconciliation Final reports (DODD confirmations) to *Schedule C, Income Report* of the *County Summary Workbooks*.

We found differences as reported in Appendix A.

Trial Balance Analysis and Non-Payroll Expenditures Testing

1. We compared the COG's total assets to total liabilities plus equity on the trial balance report.

We found a difference related to an error in the beginning balance for one fund; however, this resulted in no variance to the Cost Report.

NEON recorded receipts and disbursements on behalf of the county developmental disabilities (County Boards). NEON prepared *County Summary Workbooks* to distribute these receipts and disbursements to each of the following County Boards: Ashland, Ashtabula, Columbiana, Cuyahoga, Geauga, Lake, Lorain, Mahoning, Medina, Portage, Richland, Stark, Summit, Trumbull and Wayne.

> 2. DODD asked us to compare the COG's disbursements on the trial balance and general ledger reports to Schedule A, Summary of Service Costs-By Program and worksheets 2 through 5 of the COG's Cost Report and Schedule A and worksheets 2 through 10 of the County Summary Workbooks, and report variances exceeding \$100 for total service contracts, other expenses and COG expenses on any worksheet.

We compared all service contracts, other expenses and COG expenses on *Schedule A*, and worksheets 2 through 5 of the COG's Cost Report and *Schedule A* and worksheets 2 through 10 of the *County Summary Workbooks* to disbursements on the COG's trial balance and general ledger reports.

We found differences as reported in Appendix A.

3. DODD asked us to determine whether the COG's disbursements on the general ledger report were properly classified within two percent of total service contracts, other expenses and COG expenses for worksheets 2 through 5 of the COG's Cost Report and Schedule A and worksheets 2 through 10 of the County Summary Workbooks and if these worksheets included disbursements over \$100 which are non-federal reimbursable under 2 CFR Appendix B.

We scanned the COG's general ledger report for service contracts, other expenses and COG expense rows on worksheets 2 through 5 of the COG's Cost Report and *Schedule A* and worksheets 2 through 10 of the *County Summary Workbooks* and reviewed documentation to identify disbursements not classified according to the Cost Report Guide or costs which are non-federal reimbursable under 2 CFR 225 Appendix B.

We found differences as reported in Appendix A for misclassified costs and non-federal reimbursable costs.

4. We haphazardly selected a sample of 60 non-payroll disbursements from the general ledger report that were classified as total service contracts, other expenses or COG expenses on worksheets 2 through 5 of the COG Cost Report and Schedule A and worksheets 2 through 10 of the County Summary Workbooks.

We determined if supporting documentation was maintained as required by 2 CFR 225 (OMB Circular A-87, Appendix A, (C)(1)(j)) and the disbursement was properly classified according to the Cost Report Guide.

We found differences as reported in Appendix A for misclassified and non-federal reimbursable costs.

5. We scanned the COG's general ledger for items purchased during 2012 that met the COG's capitalization criteria and traced them to inclusion on the COG's Book Asset Detail.

We found no unrecorded purchases meeting the capitalization criteria.

Payroll Testing

1. DODD asked us to determine if salaries on the COG's annual salary report and trial balance report were within two percent of payroll costs reported on the COG's Cost Report and the *County Summary Workbooks*.

We compared the total payroll costs per the COG's annual salary report and trial balance report with payroll costs reported on the COG's Cost Report and the *County Summary Workbooks*.

We found differences as reported in Appendix A.

> 2. We selected a haphazard sample of five employees and compared the COG's organizational chart to the worksheet on the COG's Cost Report or the County Summary Workbooks in which each employee's salary and benefit costs were allocated to ensure the allocation is consistent with the Cost Report Guide. DODD asked us to report differences greater than two percent of the total wage and benefit of any worksheet affected.

We found differences as reported in Appendix A.

3. DODD asked us to scan the COG's payroll journal for 2012 and compare classification of employees to entries on the COG's Cost Report and *County Summary Workbooks* to determine if salary and benefit costs were reported in accordance with the Cost Report Guide.

We tested all of the COG's salary allocations and, as a result of the differences found, we prepared a spreadsheet allocating employee costs to the correct *County Board summary Workbook* and proper cost center. We used the COG's methodology for allocating salary and recalculated allocations and found variances. In addition we applied the same methodology (hours of work) to employees that were not properly allocated to the *County Summary Workbooks*.

We reported these differences in Appendix A.

Property, Depreciation, and Asset Verification Testing

1. DODD asked us to compare the COG's procedures regarding capitalization of fixed assets with the Cost Report Guide for preparing *Worksheet 1, Capital Costs* and 2 CFR 225 (OMB Circular A-87, Appendix B, 15(a)(2).

We found no inconsistencies between the COG's capitalization procedures and the guidelines listed above.

2. DODD asked us to compare the COG's depreciation schedule to *Worksheet 1, Capital Costs* of the COG Cost Report and report any variances exceeding \$100.

We compared all depreciation entries on *Worksheet 1, Capital Costs* to the COG's Book Asset Detail 1/01/12 - 12/31/12 report.

We found differences as reported in Appendix A.

3. DODD asked us to scan the COG's depreciation schedule for 2012 for depreciation taken on the same asset more than once, assets that have been fully depreciated, or depreciation taken on assets during the period of acquisition which were not in compliance with the Cost Report Guide.

We had developed a 2011 depreciation schedule as the COG's Book Asset Detail report did not show salvage value and therefore correct depreciation amounts. For 2012, the COG again provided a Book Asset Detail report that did not calculate depreciation according to the Cost Report Guide. As a result, we took the depreciation schedule we developed for 2011 and updated this schedule to reflect 2012 purchases and to calculate current year depreciation.

We reported these differences in Appendix A.

4. We compared the COG's final 2011 depreciation schedule to the COG's 2012 depreciation schedules for changes in the depreciation amounts for assets purchased prior to the period under review which were not in compliance with the Cost Report Guide.

We did not perform this procedure as we developed the 2011 depreciation schedule and updated this schedule for 2012 (see procedure 3 above).

5. DODD asked us to haphazardly select one of the COG's fixed assets which meet the COG's capitalization policy and are being depreciated in its first year in 2012 to determine if their useful lives agreed to the estimated useful lives prescribed in the 2008 AHA Asset Guides. We also recomputed the first year's depreciation for these assets, based on their cost, acquisition date and useful life to determine compliance with the Cost Report Guides.

We did not perform this step as there were no items purchased in 2011 that met the capitalization criteria and depreciated for the first time in 2012.

6. DODD asked us to haphazardly select the lesser of five percent or five disposed assets in 2012 from the COG's list of disposed assets and determined if the asset was removed from the COG's fixed asset ledger. DODD also asked us to recalculate depreciation and any gain or loss applicable to 2012 for the disposed items based on its undepreciated basis and any proceeds received from the disposal or sale of the asset to determine compliance with the Cost Report Guide and CMS Publication 15-1, Chapter 1.

We did not perform this procedure because the COG stated that no capital assets were disposed of in 2012. We scanned the COG's general ledger report and found no proceeds from the sale or exchange of fixed assets.

Medicaid Administrative Claiming Testing

1. DODD asked us to contact its Random Moment Time Study (RMTS) Coordinator to report differences between the MAC salary and benefits versus the COG's payroll records exceeding one percent.

We compared salaries and benefits entered on the MAC RMTS Summary reports to the COG's annual payroll records.

We found no differences exceeding one percent.

2. We compared the MAC RMTS Summary reports to Lines 1 and 2 of Worksheet 4, Medicaid Administrative Claiming.

We found differences as reported in Appendix A.

3. We compared Ancillary Costs on the Roll up Report for Ohio Department of Job and Family Services to Lines 6-10 of the *MAC Reconciliation Worksheet*.

We found difference as reported in Appendix A.

4. We selected 12 RMTS observed moments completed by employees of the COG from the DODD RMTS Participant Moments Question and Answer report for the second quarter of 2012 in which they documented their time spent on administering Medicaid-funded programs. We determined if supporting documentation of the COG employees' activity for each observed moment was maintained and the observed moment was properly classified in accordance with DODD's Guide to Medicaid Administrative Claiming (MAC) using the Random Moment Time Studies (RMTS) Methodology for 2010.

We found one observed moment for Medicaid Services and Activity Code 13 - Medicaid Related Provider Relations that lacked supporting documentation in accordance with the above guidelines.

We reported this instance of non-compliance to DODD. DODD is currently working with the Ohio Department of Medicaid (ODM) to determine an acceptable methodology to calculate the findings for recovery.

Recommendation:

We recommended the COG maintain documentation for RMTS observed moments in accordance with DODD's Guide to Medicaid Administrative Claiming (MAC) using the Random Moment Time Studies (RMTS) Methodology in the section Response and Documentation of Random Moment says in pertinent part, "Appropriate documentation should provide the detail needed to support the activity selected for the sample moment and clearly identify the date and time corresponding to the sampled moment."

The COG responded that they were unable to provide this documentation as the staff person was no longer employed. They are aware of the noncompliance for 2012 and intend to correct the matter going forward in subsequent reviews.

We did not audit the response and, accordingly, we express no opinion on it.

We were not engaged to and did not conduct an audit, the objective of which would be the expression of an opinion on the COG's Cost Report. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the use of the managements of the COG, DODD, the Ohio Department of Medicaid, the Centers for Medicare and Medicaid Services, and is not intended to be, and should not be used by anyone other than these specified parties.

Dave Yost Auditor of State

^{*} Original Cost Report balances have been adjusted to reflect allocations as a result of the above adjustments to Worksheet 1, Worksheet 2 of the COG Cost Report. Other county summary workbooks have been affected by this same allocation; however, those adjustments are not shown here due to this being a function of how costs flow down from Schedule B of the COG Cost Report.

[#] Original Cost Report balances have been adjusted to reflect allocations as a result of the above adjustments to Worksheet 2, Worksheet 2A and Worksheet of the COG Cost Report due to the "check writing" services provided by the COG to Lorain County
