INDEPENDENT AUDITOR'S REPORT

Urbana Community School
Champaign County
711 Wood Street
Urbana, Ohio 43078

To the Board of Education:

Report on the Financial Statements

We have audited the accompanying financial statements of Urbana Community School, Champaign County, Ohio (the School), a component unit of Urbana City School District, as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the school's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for preparing and fairly presenting these financial statements in accordance with the cash accounting basis Note 2.B describes. This responsibility includes determining that the cash accounting basis is acceptable for the circumstances. Management is also responsible for designing, implementing and maintaining internal control relevant to preparing and fairly presenting financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to opine on these financial statements based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the School's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the School's internal control. Accordingly, we express no opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the cash financial position of Urbana Community School, Champaign County, Ohio, a component unit of Urbana City School District, as of June 30, 2014, and the respective changes in cash financial position thereof for the year then ended in accordance with the accounting basis described in Note 2.B.

Accounting Basis

Ohio Administrative Code §117-2-03(B) requires the School to prepare its annual financial report in accordance with accounting principles generally accepted in the United States of America. We draw attention to Note 2.B of the financial statements, which describes the basis applied to these statements, which is a basis other than generally accepted accounting principles. We did not modify our opinion regarding this matter.

Other Matters

Supplemental and Other Information

We audited to opine on the School's financial statements that collectively comprise its basic financial statements. *Management's Discussion & Analysis* includes tables of net position and changes in net position. This information provides additional analysis and is not a required part of the basic financial statements.

These tables are management's responsibility, and derive from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. We subjected these tables to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling these tables directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and in accordance with auditing standards generally accepted in the United States of America. In our opinion, these tables are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Other than the aforementioned procedures applied to the tables, we applied no procedures to any other information in Management's Discussion & Analysis, and we express no opinion or any other assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated August 14, 2014, on our consideration of the School's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School's internal control over financial reporting and compliance.

**MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2014
UNAUDITED**

The discussion and analysis of the Urbana Community School's (the "School") financial performance provides an overall review of the School's financial activities for the fiscal year ended June 30, 2014. The intent of this discussion and analysis is to look at the School's financial performance as a whole; readers should also review the notes to the basic financial statements and financial statements to enhance their understanding of the School's financial performance.

Financial Highlights

Key financial highlights for 2014 are as follows:

- In total, the School's net position was \$790,857 at June 30, 2014.
- The School had operating receipts of \$260,614 and operating disbursements of \$323,541 for fiscal year 2014.
- The School also received \$3,742 non-operating receipts during fiscal year 2014.
- Total change in net position for fiscal year 2014 was a decrease of \$59,185, from a beginning balance of \$850,042 to a balance of \$790,857.

Using the Basic Financial Statements

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand the School's financial activities. The statement of net position – cash basis and statement of receipts, disbursements and changes in net position – cash basis provide information about the activities of the School.

Reporting the School's Financial Activities

Statement of Net Position and the Statement of Receipts, Disbursements, and Changes in Net Position

These documents look at all financial transactions and ask the question, "How did the School perform financially during 2014?" The statement of net position – cash basis and statement of receipts, disbursements, and changes in net position – cash basis answer this question. These statements include only the School's net position using the cash basis of accounting, which is a financial reporting framework other than accounting principles generally accepted in the United States of America. This basis of accounting takes into account only the current year's receipts and disbursements if the cash is actually received or paid.

These two statements report the School's net position and changes in net position on a cash basis. This change in net position is important because it tells the reader that, for the School as a whole, the cash basis financial position of the School has improved or diminished. The causes of this change may be the result of many factors, some financial, some not. These statements can be found on pages 7 and 8 of this report.

The table below provides a summary of the School's net position for fiscal years 2014 and 2013.

| | Net Position | |
|----------------------|---------------------|------------------|
| | 2014 | 2013 |
| Assets: | | |
| Current assets | \$790,857 | \$850,042 |
| Total assets | <u>790,857</u> | <u>850,042</u> |
| Net Position: | | |
| Restricted | 8,000 | 13,000 |
| Unrestricted | 782,857 | 837,042 |
| Total net position | <u>\$790,857</u> | <u>\$850,042</u> |

Over time, net position can serve as a useful indicator of a government's financial position. Total net position of the School decreased \$59,185, which represents a 6.96% decrease from the School's net position at June 30, 2013. A portion of the School's net position, \$8,000, represents resources that are subject to external restriction on how they may be used. The remaining balance of unrestricted net position of \$782,857 may be used for the School's ongoing operations.

The table below shows the changes in net position for fiscal year 2014 and 2013.

| | Changes in Net Position | |
|-----------------------------------|--------------------------------|------------------|
| | 2014 | 2013 |
| Operating Receipts: | | |
| State foundation | \$260,614 | \$264,645 |
| Total operating receipts | <u>260,614</u> | <u>264,645</u> |
| Operating Disbursements: | | |
| Purchased services | 322,473 | 234,593 |
| Materials and supplies | 1,050 | 23,562 |
| Other operating expenses | 18 | |
| Total operating disbursements | <u>323,541</u> | <u>258,155</u> |
| Non-operating receipts: | | |
| Unrestricted state grants | 3,106 | 839 |
| Interest income | 636 | 824 |
| Total non-operating receipts | <u>3,742</u> | <u>1,663</u> |
| Change in net position | (59,185) | 8,153 |
| Net position at beginning of year | <u>850,042</u> | <u>841,889</u> |
| Net position at end of year | <u>\$790,857</u> | <u>\$850,042</u> |

State foundation receipts decreased 1.52% from 2013, and the School received \$3,106 in unrestricted state grants during 2014 resulting from the School's allocation of casino revenue. Purchased services disbursements increased \$87,880 or 37.46% due to a one-time sponsorship payment in 2014 and materials and supplies disbursements decreased \$22,512 or 95.54% due to equipment purchases in 2013. In total, the 2014 fiscal year end net position of the School decreased 6.96% from the fiscal year end 2013.

**NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2014**

1. DESCRIPTION OF THE SCHOOL

Urbana Community School (the "School") is a school as provided for by Ohio Revised Code Chapters 3314 and 1702 within the Urbana City School District (the "Sponsor"). The School's objective is to use technology to reach a diverse student population. The School is designed for students who have a desire for, and whose education can be optimized by, a program of online instruction in an independent environment that does not include most ancillary components of a more traditional education. Because the focus is on distance learning, the ability of students to learn independently in their own homes using an online educational program is an essential element of the School's program. This population may include, but will not be limited to, home schoolers, children with special physical and mental needs, students removed from the regular classroom for discipline concerns, students who need an alternative to the traditional classroom for various reasons, including religious reasons, transient students, and students within the Sponsor school district that desire a specific course not currently offered but available through online instruction. The program will permit the use of a "blended" approach to the delivery of educational services designed to provide the optimum balance between online and traditional instruction for each individual student. The School, which is part of the state's education program, is independent of any school district and is nonsectarian in its programs, admission policies, employment practices and all other operations. The School may sue and be sued in its own name, acquire facilities as needed and contract for services necessary for the operation of the School. The School is considered a component unit of the Urbana City School District for reporting purposes, in accordance with Governmental Accounting Standards Board (GASB) Statement No. 14 as amended by GASB Statements No. 39 and GASB Statement No. 61.

The School was initially approved under contract with the Sponsor for the period of five years commencing July 1, 2003. The current three year contract, previously due to expire on June 30, 2012, was extended through June 30, 2013. A new agreement was approved in September of 2013 to run through June 30, 2017. The School began operations on July 1, 2004.

The School operates under the direction of a Board of Directors of which a majority shall be elected or appointed public officials or employees, or shall be other community leaders as set forth in the School's code of regulations. The Board may also include one or more parents of students enrolled in the School or civic leaders, also as set forth in the School's code of regulations.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

As discussed in Note 2.B, these financial statements are presented on the cash basis of accounting. The cash basis of accounting differs from accounting principles generally accepted in the United States of America (GAAP). Generally accepted accounting principles include all relevant Governmental Accounting Standards Board (GASB) pronouncements, which have been applied to the extent they are applicable to the cash basis of accounting. Following are the more significant of the School's accounting policies.

A. Basis of Presentation

Enterprise fund accounting is used to account for operations that are financed and operated in a manner similar to private business enterprises where the intent is that the costs (disbursements) related to providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges or where it has been decided that periodic determination of receipts, disbursements, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

CHAMPAIGN COUNTY**

**NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2014
(Continued)**

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Basis of Accounting

Although Ohio Administrative Code §117-2-03 (B) requires the School's financial report to follow generally accepted accounting principles, the School chooses to prepare its financial statements and notes in accordance with the cash basis of accounting, which is a financial reporting framework other than generally accepted accounting principles in the United States of America. The School recognizes receipts when received in cash rather than when earned and recognizes disbursements when paid rather than when a liability is incurred.

These statements include adequate disclosure of material matters, in accordance with the basis of accounting described in the preceding paragraph.

C. Budgetary Process

Unlike other public schools located in the State of Ohio, community schools are not required to follow budgetary provisions set forth in Ohio Revised Code §5705, unless specifically provided in the School's contract with its Sponsor. The contract between the School and its Sponsor requires the School to prepare a five-year annual budget detailing revenues and expenses. The five-year projection is also required by Ohio Revised Code §5705.391.

D. Cash and Cash Equivalents

The School maintains an interest bearing depository account. All funds of the School are maintained in this account. This interest bearing depository account is presented on the statement of net position - cash basis as "equity in pooled cash and cash equivalents".

E. Capital Assets and Depreciation

Acquisitions of property, plant, and equipment purchased are recorded as disbursements when paid. These items are not reflected as assets on the accompanying financial statements. Depreciation has not been reported for any capital assets.

F. Operating Receipts and Disbursements

Operating receipts are those receipts that are generated directly from the primary activity of the School. Operating disbursements are necessary costs incurred to provide the service that is the primary activity of the School. All receipts and disbursements not meeting this definition are reported as non-operating.

G. Intergovernmental Receipts

The School currently participates in the State Foundation Program through the Ohio Department of Education. Receipts from this program are recognized as operating receipts in the accounting period in which payment is received by the School. Foundation program receipts for the fiscal year 2014 amounted to \$260,614.

Grants and entitlements are recognized as non-operating receipts in the accounting period in which they are received. During 2014, the School received \$3,106 in unrestricted grants from the State of Ohio.

**URBANA COMMUNITY SCHOOL

CHAMPAIGN COUNTY**

**NOTES TO BASIC FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

H. Net position

Net position is reported as restricted when there are limitations imposed on the use either through enabling legislation or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. The School's policy is to first apply restricted resources when a cash disbursement is incurred for purposes for which both restricted and unrestricted net position is available.

3. ACCOUNTABILITY AND COMPLIANCE

A. Change in Accounting Principles

For fiscal year 2014, the School has implemented GASB Statement No. 67, "Financial Reporting for Pension Plans - an amendment of GASB Statement No. 25", and GASB Statement No. 70, "Accounting and Financial Reporting for Nonexchange Financial Guarantees".

GASB Statement No. 67 improves the usefulness of pension information included in the general purpose external financial reports of state and local governmental pension plans for making decisions and assessing accountability. The implementation of GASB Statement No. 67 did not have an effect on the financial statements of the School.

GASB Statement No. 70 improves the recognition, measurement, and disclosures for state and local governments that have extended or received financial guarantees that are non-exchange transactions. The implementation of GASB Statement No. 70 did not have an effect on the financial statements of the School.

B. Compliance

Ohio Administrative Code, §117-2-03(B), requires that the School prepare its annual financial report in accordance with generally accepted accounting principles. However, the School prepared its financial statements on a cash basis, which is a financial reporting framework other than accounting principles generally accepted in the United States of America. The accompanying financial statements omit assets, deferred outflows of resources, liabilities, deferred inflows of resources, net position/fund balances, and disclosures that, while material, cannot be determined at this time. The School can be fined and various other administrative remedies may be taken against the School.

4. EQUITY IN POOLED CASH AND INVESTMENTS

At June 30, 2014, the carrying amount of the School's deposits was \$790,857. Based on the criteria described in GASB Statement No. 40, "Deposits and Investment Risk Disclosures", as of June 30, 2014, \$540,857 of the School's bank balance of \$790,857 was exposed to custodial risk as discussed below, while \$250,000 was covered by the Federal Deposit Insurance Corporation (FDIC).

**URBANA COMMUNITY SCHOOL
(A COMPONENT UNIT OF URBANA CITY SCHOOL DISTRICT)
CHAMPAIGN COUNTY**

**NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2014
(Continued)**

4. EQUITY IN POOLED CASH AND INVESTMENTS (Continued)

Custodial credit risk is the risk that, in the event of bank failure, the School's deposits may not be returned. All deposits are collateralized with eligible securities in amounts equal to at least 105% of the carrying value of the deposits. Such collateral, as permitted by the Ohio Revised Code, is held in single financial institution collateral pools at Federal Reserve Banks, or at member banks of the federal reserve system, in the name of the respective depository bank and pledged as a pool of collateral against all of the public deposits it holds or as specific collateral held at the Federal Reserve Bank in the name of the School. The School has no deposit policy for custodial credit risk beyond the requirements of State statute. Although the securities were held by the pledging institutions' trust department and all statutory requirements for the deposit of money had been followed, noncompliance with federal requirements could potentially subject the School to a successful claim by the FDIC.

5. COMPREHENSIVE SERVICES AGREEMENT WITH TRECA

The School contracted with Tri-Rivers Education Computer Association (TRECA) for the period July 1, 2013 through June 30, 2014. Under the contract, the following terms were agreed upon:

1. TRECA shall provide the School with instructional, supervisory/administrative, and technical services sufficient to substantially implement the School's educational plan and the School's assessment and accountability plan.
2. All personnel providing services to the School on behalf of TRECA under the agreement shall be employees of TRECA and TRECA shall be solely responsible for all payroll functions, including retirement system contributions and all other legal withholding and/or payroll taxes, with respect to such personnel. All shall possess any certification or licensure which may be required by law.
3. The School shall secure the services of an Executive Director, who shall be the chief operating officer of the school, with primary responsibility for day-to-day operations of the School.
4. Curricular services provided by TRECA shall be limited to the standardized curriculum developed by TRECA.
5. The School shall pay to TRECA \$3,000 per full-time student enrolled in the School per year for comprehensive services. Additional service packages may be provided on such terms as are agreed to by the parties.

During fiscal year 2014, the School paid \$135,090 to TRECA for services.

To obtain TRECA's audited June 30, 2014 financial statements, please contact Scott Armstrong at scott@treca.org.

6. RISK MANAGEMENT

The School is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to contracted personnel; and natural disasters. For fiscal year 2014, the School was named on the Sponsor's policy for property and general liability insurance.

**URBANA COMMUNITY SCHOOL
(A COMPONENT UNIT OF URBANA CITY SCHOOL DISTRICT)
CHAMPAIGN COUNTY**

**NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2014

7. PURCHASED SERVICES

For fiscal year ended June 30, 2014, disbursements for purchased services were as follows:

| | |
|------------------|------------------|
| TRECA services | \$135,090 |
| Sponsor services | 180,847 |
| Other services | 6,536 |
| Total | <u>\$322,473</u> |

8. CONTINGENCIES

A. Grants

The School received financial assistance from federal and State agencies in the form of grants. The expenditure of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability; however, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the School at June 30, 2014.

B. State Foundation Funding

The Ohio Department of Education conducts reviews of enrollment data and full-time equivalency (FTE) calculations made by the schools. These reviews are conducted to ensure the schools are reporting accurate student enrollment data to the State, upon which State foundation funding is calculated. The School has not been reviewed as of June 30, 2014. The School does not anticipate any significant adjustments to State funding for fiscal year 2015 as a result of the reviews which have yet to be completed.

C. Litigation

The School is not involved in any litigation that, in the opinion of management, would have a material effect on the financial statements.

9. FISCAL AGENT

The School utilizes the services of the Sponsor's Treasurer as its fiscal officer. The School does not directly pay the Treasurer; however, it does reimburse the Sponsor for services provided.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY *GOVERNMENT AUDITING STANDARDS*

Urbana Community School
Champaign County
711 Wood Street
Urbana, Ohio 43078

To the Board of Education:

We have audited, in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the financial statements of Urbana Community School, Champaign County, (the School), a component unit of Urbana City School District, as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the School's basic financial statements, and have issued our report thereon dated August 14, 2014, wherein we noted the School uses a special purpose framework other than generally accepted accounting principles.

Internal Control Over Financial Reporting

As part of our financial statement audit, we considered the School's internal control over financial reporting (internal control) to determine the audit procedures appropriate in the circumstances to the extent necessary to support our opinion on the financial statements, but not to the extent necessary to opine on the effectiveness of the School's internal control. Accordingly, we have not opined on it.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the School's financial statements. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all internal control deficiencies that might be material weaknesses or significant deficiencies. Given these limitations, we did not identify any deficiencies in internal control that we consider material weaknesses. However, unidentified material weaknesses may exist.

Compliance and Other Matters

As part of reasonably assuring whether the School's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed an instance of noncompliance or other matters we must report under *Government Auditing Standards*, which is described in the accompanying schedule of findings as item 2014-001.

Entity's Response to Findings

The School's response to the finding identified in our audit is described in the accompanying schedule of findings. We did not audit the School's response and, accordingly, we express no opinion on it.

Purpose of this Report

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the School's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the School's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

CHAMPAIGN COUNTY

SCHEDULE OF FINDINGS
JUNE 30, 2014

FINDINGS RELATED TO THE FINANCIAL STATEMENTS
REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS

FINDING NUMBER 2014-001

MATERIAL NONCOMPLIANCE

Ohio Rev. Code §117.38 provides that each public office shall file a financial report for each fiscal year. The Auditor of State may prescribe forms by rule or may issue guidelines, or both, for such reports. If the Auditor of State has not prescribed a rule regarding the form for the report, the public office shall submit its report on the form utilized by the public office.

Ohio Admin. Code § 117-2-03 further clarifies the requirements of Ohio Rev. Code §117.38. Ohio Admin. Code §117-2-03(B) requires the School to file annual financial reports which are prepared using generally accepted accounting principles (GAAP).

For fiscal year 2014, the School prepared financial statements that report on the basis of cash receipts and cash disbursements, rather than GAAP. The accompanying financial statements and notes omit certain assets, liabilities, fund equities, and disclosures that, while material, cannot be determined at this time. Pursuant to Ohio Rev. Code §117.38, the School may be fined and subject to various other administrative remedies for its failure to file the required financial report.

The School should prepare its annual financial statements according to generally accepted accounting principles to help provide the users with more meaningful financial statements.

Officials' Response:

The Board of Education and management of the School are knowledgeable concerning the required reporting format and the similarities and differences from the required reporting format and the other comprehensive basis of accounting (OCBOA) incorporated by the School. The sponsor, Urbana City School District, utilizes OCBOA reporting. As Urbana Community School is a component unit of the Urbana City School District, personnel determined reporting on a like basis to be in the best interest of the School at this time.
