AUDITED FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2012

Village Council Village of Mt. Orab 211 South High Street Mt. Orab, Ohio 45154

We have reviewed the *Independent Auditors' Report* of the Village of Mt. Orab, Brown County, prepared by Bastin & Company, LLC, for the audit period January 1, 2012 through December 31, 2012. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The Village of Mt. Orab is responsible for compliance with these laws and regulations.

INDEPENDENT AUDITORS' REPORT

Village of Mt. Orab **Brown County** 211 South High Street Mt. Orab. Ohio 45154

To the Village Council:

Report on the Financial Statements

We have audited the accompanying financial statements and related notes of the Village of Mt. Orab, Brown County, (the Village) as of and for the year ended December 31, 2012.

Management's Responsibility for the Financial Statements

Management is responsible for preparing and fairly presenting these financial statements in accordance with the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03; this responsibility includes designing, implementing and maintaining internal control relevant to preparing and fairly presenting financial statements free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to opine on these financial statements based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' Government Auditing Standards. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the Village's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the Village's internal control. Accordingly, we express no opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinion.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1 of the financial statements, the Village prepared these financial statements using the accounting basis permitted by the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03, which is an accounting basis other than accounting principles generally accepted in the United States of America, to satisfy requirements.

The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the *Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles* paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the Village as of December 31, 2012, or changes in financial position or cash flows thereof for the year then ended.

Opinion on Regulatory Basis of Accounting

In our opinion, the financial statements referred to above present fairly, in all material respects, the combined cash balances of the Village as of December 31, 2012, and its combined cash receipts and disbursements for the year then ended in accordance with the financial reporting provisions Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03 permit, described in Note 1.

Other Reporting Required by Government Auditing Standards

Bastin & Company, LLC

In accordance with *Government Auditing Standards*, we have also issued our report dated November 22, 2013, on our consideration of the Village's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Village's internal control over financial reporting and compliance.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Description of the Entity

The constitution and laws of the State of Ohio establish the rights and privileges of the Village of Mt. Orab, Brown County, Ohio (the Village) as a body corporate and politic. A publicly-elected Mayor and six-member Council directs the Village. The Village provides general government services, public safety, fire and EMS services, recreation, street maintenance, water and sewer utilities, and garbage services.

The Village's management believes these financial statements present all activities for which the Village is financially accountable except the financial statements do not include cash balances in debt service trust funds which are maintained by external custodians. Note 8 to the financial statements describes these assets.

B. Accounting Basis

These financial statements follow the accounting basis the Auditor of State prescribes or permits. This basis is similar to the cash receipts and disbursements accounting basis. The Village recognizes receipts when received in cash rather than when earned, and recognizes disbursements when paid rather than when a liability is incurred. Budgetary presentations report budgetary expenditures when a commitment is made (i.e., when an encumbrance is approved).

These statements include adequate disclosure of material matters, as the Auditor of State prescribes or permits.

C. Deposits and Investments

The Village's accounting basis includes investments as assets. This basis does not record disbursements for investment purchases or receipts for investment sales. This basis records gains or losses at the time of sale as receipts or disbursements, respectively.

STAR Ohio is recorded at share values the mutual funds report.

D. Fund Accounting

The Village uses fund accounting to segregate cash and investments that are restricted as to use. The Village classifies its funds into the following types:

1. General Fund

The General Fund accounts for and reports all financial resources not accounted for and reported in another fund.

2. Special Revenue Funds

These funds account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. The Village had the following significant Special Revenue Funds:

Street Construction, Maintenance and Repair Fund - This fund receives gasoline tax and motor vehicle tax monies for constructing, maintaining and repairing Village streets.

Police Levy Fund - This fund receives property tax money to pay for the Village's expenses for police protection.

Fire Levy Fund - This fund receives property tax money to pay for the Village's expenses for fire protection.

TIF District 4-40 Fund - This fund receives proceeds from 30 year tax incremental funding agreements. The Village retains 80 percent for debt service and 20 percent is paid to other taxing entities.

3. Debt Service Funds

These funds account for and report financial resources that are restricted, committed, or assigned to expenditure for principal and interest. The Village had the following significant Debt Service Funds:

TIF Apple Street West Note Fund - This fund is for making payments of principal and interest on notes, and receives note proceeds for funding ongoing street improvement projects within the tax incremental funding districts of the Village.

TIF Infrastructure Bond Fund - This fund is for making payments of principal and interest on bonds, and receives bond proceeds for funding ongoing infrastructure projects within the tax incremental funding districts of the Village.

4. Capital Project Funds

These funds account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets. The Village had the following significant Capital Project Fund:

Recovery Zone Bonds Firehouse Fund - This fund receives debt proceeds for the funding of improvements to the Firehouse.

5. Proprietary Funds

These funds account for operations that are similar to private business enterprises where management intends that the significant costs of providing certain goods or services will be recovered through user charges. The Village had the following Proprietary Fund types:

Enterprise Funds

These funds account for operations that are similar to private business enterprises, where management intends to recover the significant costs of providing certain goods or services through user charges. The Village had the following significant Enterprise Funds:

Water Operating Fund - This fund receives charges for services from residents to cover water service costs.

Sewer Operating Fund - This fund receives charges for services from residents to cover sewer service costs.

Waste Collection Operating Fund - This fund receives charges for services from residents to cover the cost of providing waste collection services.

Internal Service Fund

This fund accounts for services provided by one department to other departments of the government unit. The Village had the following Internal Service Fund:

Health Reimbursement Fund - This fund is used to account for the costs associated with the employee health insurance plan for the Village.

6. Fiduciary Fund (Agency Fund)

Agency funds are purely custodial in nature and are used to hold resources for individuals, organizations or other governments. The Village disburses these funds as directed by the individual, organization or other government. The Village had the following Fiduciary Fund:

Mayor's Court Fund - This fund is used to account for the collection and distribution of Mayor's Court fines, fees and bonds.

E. Budgetary Process

The Ohio Revised Code requires that each fund (except certain agency funds) be budgeted annually.

1. Appropriations

Budgetary expenditures (that is, disbursements and encumbrances) may not exceed appropriations at the fund, function or object level of control, and appropriations may not exceed estimated resources. The Village Council must annually approve appropriation measures and subsequent amendments. The County Budget Commission must also approve the annual appropriation measure. Appropriations lapse at year end.

2. Estimated Resources

Estimated resources include estimates of cash to be received (budgeted receipts) plus cash as of January 1. The County Budget Commission must also approve estimated resources.

3. Encumbrances

The Ohio Revised Code requires the Village to reserve (encumber) appropriations when individual commitments are made. Encumbrances outstanding at year end are carried over, and need not be reappropriated.

A summary of 2012 budgetary activity appears in Note 3.

F. Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the Village must observe constraints imposed upon the use of its governmental-fund resources. The classifications are as follows:

1. Nonspendable

The Village classifies assets as *nonspendable* when legally or contractually required to maintain the amounts intact.

2. Restricted

Fund balance is *restricted* when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or is imposed by law through constitutional provisions.

3. Committed

Council can *commit* amounts via formal action (resolution). The Village must adhere to these commitments unless Council amends the resolution. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed to satisfy contractual requirements.

4. Assigned

Assigned fund balances are intended for specific purposes but do not meet the criteria to be classified as *restricted* or *committed*. Governmental funds other than the General Fund report all fund balances as *assigned* unless they are restricted or committed. In the General Fund, *assigned* amounts represent intended uses established by Village Council or a Village official delegated that authority by resolution, or by State Statute.

5. Unassigned

Unassigned fund balance is the residual classification for the General Fund and includes amounts not included in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance.

The Village applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

G. Property, Plant and Equipment

The Village records disbursements for acquisitions of property, plant and equipment when paid. The accompanying financial statements do not report these items as assets.

H. Accumulated Leave

In certain circumstances, such as upon leaving employment, employees are entitled to cash payments for unused leave. The financial statements do not include a liability for unpaid leave.

2. EQUITY IN POOLED DEPOSITS AND INVESTMENTS

The Village maintains a deposit and investment pool all funds use. The Ohio Revised Code prescribes allowable deposits and investments. The carrying amount of deposits and investments at December 31, 2012 was as follows:

Demand deposits	\$1,400,622
Certificates of Deposit	407,460
Total deposits	1,808,082
Star Ohio	147,924
Total investments	147,924
Total deposits and investments	\$1,956,006

Deposits are insured by the Federal Depository Insurance Corporation or collateralized by the financial institution's public entity deposit pool.

Investments in STAR Ohio are not evidenced by securities that exist in physical or book-entry form.

3. BUDGETARY ACTIVITY

Budgetary activity for the year ending December 31, 2012 follows:

2012 Budgeted vs. Actual Receipts

	Budgeted	Actual	_
Fund Type	Receipts	Receipts	Variance
General	\$ 1,182,387	\$ 1,210,238	\$ 27,851

Total	\$ 12,077,882	\$ 11,305,832	\$ 772,050	

4. PROPERTY TAX

Real property taxes become a lien on January 1 preceding the October 1 date for which the Council adopted tax rates. The State Board of Tax Equalization adjusts these rates for inflation. Property taxes are also reduced for applicable homestead and rollback deductions. The financial statements include homestead and rollback amounts the State pays as Intergovernmental Receipts. Payments are due to the County by December 31. If the property owner elects to pay semiannually, the first half is due December 31. The second half payment is due the following June 20.

Public utilities are also taxed on personal and real property located within the Village.

Tangible personal property tax is assessed by the property owners, who must file a list of such property to the County by each April 30.

The County is responsible for assessing property, and for billing, collecting, and distributing all property taxes on behalf of the Village.

5. LOCAL INCOME TAX

The Village levies a municipal income tax of one percent on substantially all earned income arising from employment, residency, or business activities within the Village as well as certain income of residents earned outside of the Village.

Employers within the Village withhold income tax on employee compensation and remit the tax to the Village either monthly or quarterly, as required. Corporations and other individual taxpayers pay estimated taxes quarterly and file a declaration annually.

6. DEBT

Debt outstanding at December 31, 2012, was as follows:

The 1999 Various Purpose General Obligation Bonds were used for street improvements and sewer line extensions. The Bonds were issued in a total amount of \$765,000 and are payable in varying amounts through 2019.

The 2000 Wastewater Treatment Plant Improvement Ohio Public Works Commissions Loan (OPWC) relates to a sewer plant improvement project. The OPWC loaned the Village \$99,500 for this project. The Village will repay the loan in semi-annual installments over 20 years with a final payment date of July 1, 2020.

The 2001 Road Improvement Special Assessment General Obligation Bonds were used to make improvements to State Route 68. The Bonds were issued in a total amount of \$140,000 and are payable in varying amounts through 2021.

The 2002 Ohio Public Works Commission Reservoir Loan relates to the creation of a water reservoir. The OPWC loaned the Village \$300,000 for this project. The Village will repay the loan in semiannual installments over 20 years with a final payment date of July 1, 2022.

The 2003 Ohio Public Works Commission Phase 1 High Street Improvement Loan relates to a street improvement project within the Village. The OPWC loaned the Village \$240,162 for this project. The Village will repay the loan in semiannual installments over 20 years with a final payment date of January 1, 2024.

The 2004 Ohio Public Works Commission Phase 2 High Street Improvement Loan relates to a street improvement project within the Village. The OPWC loaned the Village \$239,830 for this project. The Village will repay the loan in semiannual installments over 20 years with a final payment date of July 1, 2024.

The 2004 Ohio Water Development Authority Water Treatment Plant Upgrade Loan relates to upgrades to the Village's water treatment plant. The OWDA loaned \$1,757,942 with interest at 2.0% to the Village for this project. The Village will repay the loan in semiannual installments of \$53,539 including interest, over 20 years and payments began on July 1, 2005, with the final payment due January 1, 2025.

The 2007 Ohio Water Development Authority Phase 1 Pump Station Waste Water Treatment Plant Improvement Loan relates to upgrades to the Village's water treatment plant. The OWDA loaned \$2,952,202 to the Village for this project. The Village will make payments of \$118,938 during 2013 and repay the remaining loan balance loan in semiannual installments of \$73,805 through January 2018.

8. DEBT SERVICE TRUST FUNDS

The 1997 First Mortgage Water Revenue Bonds trust agreement required the Village to establish various funds to be maintained by a custodian trustee. The Village has established these funds. At December 31, 2012, the custodian trustee held \$56,919 in Village assets.

The 2010 Water Refunding Bonds trust agreement also required the Village to establish various funds to be maintained by a custodian trustee that is funded from the proceeds of the 2010 Water Refunding Bonds along with available funds previously maintained in other bond accounts related to bonds that were advanced refunded. The Village has established these funds. At December 31, 2012, the custodian trustee held \$219,836 in Village assets.

These assets, and the related receipts and disbursements within those accounts, are not reflected in the accompanying financial statements.

9. RETIREMENT SYSTEMS

The Village's certified full-time fire fighters and full-time police officers belong to the Police and Fire Pension Fund (OP&F). Other employees belong to the Ohio Public Employees Retirement System (OPERS). OP&F and OPERS are cost-sharing, multiple-employer plans. The Ohio Revised Code prescribes these plans' benefits, which include postretirement healthcare and survivor and disability benefits.

The Ohio Revised Code also prescribes contribution rates. For 2012, OP&F participants contributed 10 percent of their wages. For 2012, the Village contributed to OP&F an amount equal to 19.5 percent of full-time police members' wages and 24 percent of full-time fire fighters' wages. For 2012, OPERS members contributed 10 percent of their gross salaries and the Village contributed an amount equaling 14 percent of participants' gross salaries. The Village has paid all contributions required through December 31, 2012.

10. TRANSFERS

During 2012 the TIF District Special Revenue Funds transferred \$316,417 to the Debt Service Funds for the retirement of related debt. The Water Operating Enterprise Fund transferred \$97,500 to other funds, which retired water related debt, and the Sewer Operating Enterprise Fund transferred \$162,470 to other funds, which retired sewer related debt.

11. RISK MANAGEMENT

The Village has obtained commercial insurance for the following risks:

- Comprehensive property and general liability;
- Wrongful Acts
- Law Enforcement Liability
- Excess Liability
- Property, Automobile, Inland Marine; and
- EDP
- Crime

The Village also provides health and life insurance coverage for full-time employees through a private carrier.

12. RELATED ORGANIZATION

The Mt. Orab Port Authority is a related organization of the Village of Mt. Orab. Although the Port Authority is legally separate from the Village, the Port Authority is accountable to the Village because the Village appoints the Port Authority's board.

13. SUBSEQUENT EVENTS

During September 2013 the Village received a \$395,000 Ohio Water Development Authority Wastewater Treatment Plant Upgrade Design Loan #6541. As of November 22, 2013, \$1,378 of the loan proceeds has been expended. The loan carries an interest rate of 4.74% and repayment terms have not been established by OWDA due to the interim nature of the loan.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Village of Mt. Orab Brown County 211 South High Street Mt. Orab, Ohio 45154

To the Village Council:

We have audited, in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the financial statements of the Village of Mt. Orab, Brown County Ohio, (the Village) as of and for the year ended December 31, 2012, and the related notes to the financial statements and have issued our report thereon dated November 22, 2013, wherein we noted the Village followed financial reporting provisions Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03 permit.

Internal Control Over Financial Reporting

As part of our financial statement audit, we considered the Village's internal control over financial reporting (internal control) to determine the audit procedures appropriate in the circumstances to the extent necessary to support our opinion on the financial statements, but not to the extent necessary to opine on the effectiveness of the Village's internal control. Accordingly, we have not opined on it.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the Village's financial statements. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all internal control deficiencies that might be material weaknesses or significant deficiencies. Given these limitations, we did not identify any deficiencies in internal control that we consider material weaknesses. However, unidentified material weaknesses may exist.

Compliance and Other Matters

As part of reasonably assuring whether the Village's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standard*.

Purpose of this Report

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the Village's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the Village's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
