INDEPENDENT AUDITOR'S REPORT

Walnut Creek Township
Holmes County
P.O. Box 165
Walnut Creek, Ohio 44687

To the Board of Trustees:

Report on the Financial Statements

We have audited the accompanying financial statements and related notes of Walnut Creek Township, Holmes County, Ohio, (the Township) as of and for the years ended December 31, 2013 and 2012.

Management's Responsibility for the Financial Statements

Management is responsible for preparing and fairly presenting these financial statements in accordance with the financial reporting provisions Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit; this responsibility includes designing, implementing and maintaining internal control relevant to preparing and fairly presenting financial statements free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to opine on these financial statements based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the Township's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the Township's internal control. Accordingly, we express no opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinion.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1 of the financial statements, the Township prepared these financial statements using the accounting basis permitted by the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D), which is an accounting basis other than accounting principles generally accepted in the United States of America, to satisfy these requirements.

The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the *Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles* paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the Township as of December 31, 2013 and 2012, or changes in financial position thereof for the years then ended.

Opinion on Regulatory Basis of Accounting

In our opinion, the financial statements referred to above present fairly, in all material respects, the combined cash balances of Walnut Creek Township, Holmes County, Ohio, as of December 31, 2013 and 2012, and its combined cash receipts and disbursements for the years then ended in accordance with the financial reporting provisions Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit, described in Note 1.

Emphasis of Matter

As discussed in Note 1 to the financial statements, during 2012, the Township elected to change its financial presentation from the cash basis to the accounting basis permitted by the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D). We did not modify our opinion with respect to this matter.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 10, 2014, on our consideration of the Township's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Township's internal control over financial reporting and compliance.

**NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2013 AND 2012**

1. Summary of Significant Accounting Policies

A. Description of the Entity

The constitution and laws of the State of Ohio establish the rights and privileges of the Walnut Creek Township, Holmes County, Ohio, (the Township) as a body corporate and politic. A publicly-elected three-member Board of Trustees directs the Township. The Township provides road and bridge maintenance, and cemetery maintenance. The Township is covered by the East Holmes Fire and EMS District for fire protection and EMS services. The Township is also covered by the Holmes County Sheriff for general police protection.

The Township participates in a public entity risk pool, Ohio Township Association Risk Management Authority (OTARMA). OTARMA provides property and casualty coverage for its members. Note 6 to the financial statements provides additional information for this entity.

The Township's management believes these financial statements present all activities for which the Township is financially accountable.

B. Accounting Basis

These financial statements follow the accounting basis the Auditor of State prescribes or permits. This basis is similar to the cash receipts and disbursements accounting basis. The Township recognizes receipts when received in cash rather than when earned, and recognizes disbursements when paid rather than when a liability is incurred. Budgetary presentations report budgetary expenditures when a commitment is made (i.e., when an encumbrance is approved).

These statements include adequate disclosure of material matters, as the Auditor of State prescribes or permits.

C. Deposits

The Township did not have any investments.

D. Fund Accounting

The Township uses fund accounting to segregate cash and investments that are restricted as to use. The Township classifies its funds into the following types:

1. General Fund

The General Fund accounts for and reports all financial resources not accounted for and reported in another fund.

2. Special Revenue Funds

These funds account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. The Township had the following significant Special Revenue Funds:

2. Special Revenue Funds (Continued)

Road and Bridge Fund - This fund receives property tax money for constructing, maintaining, and repairing Township roads and bridges.

Gasoline Tax Fund - This fund receives gasoline tax money to pay for constructing, maintaining, and repairing Township roads.

Road District Fund - This fund receives property tax money for constructing, maintaining, and repairing Township roads and bridges.

E. Budgetary Process

The Ohio Revised Code requires that each fund be budgeted annually.

1. Appropriations

Budgetary expenditures (that is, disbursements and encumbrances) may not exceed appropriations at the fund, function or object level of control, and appropriations may not exceed estimated resources. The Board of Trustees must annually approve appropriation measures and subsequent amendments. Unencumbered appropriations lapse at year end.

2. Estimated Resources

Estimated resources include estimates of cash to be received (budgeted receipts) plus unencumbered cash as of January 1. The County Budget Commission must approve estimated resources.

3. Encumbrances

The Ohio Revised Code requires the Township to reserve (encumber) appropriations when individual commitments are made. Encumbrances outstanding at year end are carried over, and need not be reappropriated.

A summary of 2013 and 2012 budgetary activity appears in Note 3.

F. Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the Township must observe constraints imposed upon the use of its governmental-fund resources. The classifications are as follows:

1. Nonspendable

The Township classifies assets as *nonspendable* when legally or contractually required to maintain the amounts intact.

HOLMES COUNTY**

**NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2013 AND 2012
(Continued)**

1. Summary of Significant Accounting Policies (Continued)

F. Fund Balance (Continued)

2. Restricted

Fund balance is *restricted* when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or is imposed by law through constitutional provisions.

3. Committed

Trustees can *commit* amounts via formal action (resolution). The Township must adhere to these commitments unless the Trustees amend the resolution. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed to satisfy contractual requirements.

4. Assigned

Assigned fund balances are intended for specific purposes but do not meet the criteria to be classified as *restricted* or *committed*. Governmental funds other than the general fund report all fund balances as *assigned* unless they are restricted or committed. In the general fund, *assigned* amounts represent intended uses established by Township Trustees or a Township official delegated that authority by resolution, or by State Statute.

5. Unassigned

Unassigned fund balance is the residual classification for the general fund and includes amounts not included in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance.

The Township applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

G. Property, Plant, and Equipment

The Township records disbursements for acquisitions of property, plant, and equipment when paid. The accompanying financial statements do not report these items as assets.

2. Equity in Pooled Deposits

The Township maintains a deposit pool all funds use. The Ohio Revised Code prescribes allowable deposits. The carrying amount of deposits at December 31 was as follows:

Certificates of deposit	259,888	258,853
Total deposits	\$ 1,309,587	\$ 1,392,383

Deposits: Deposits are insured by the Federal Depository Insurance Corporation; or collateralized by the financial institution's public entity deposit pool.

3. Budgetary Activity

Budgetary activity for the years ended December 31, 2013 and 2012 follows:

2013 Budgeted vs. Actual Receipts

Fund Type	Budgeted Receipts	Actual Receipts	Variance
General	\$247,280	\$327,215	\$79,935
Special Revenue	325,100	315,103	(9,997)
Total	\$572,380	\$642,318	\$69,938

2013 Budgeted vs. Actual Budgetary Basis Expenditures

Fund Type	Appropriation Authority	Budgetary Expenditures	Variance

4. Property Tax

Real property taxes become a lien on January 1 preceding the October 1 date for which the Trustees adopted tax rates. The State Board of Tax Equalization adjusts these rates for inflation. Property taxes are also reduced for applicable homestead and rollback deductions. The financial statements include homestead and rollback amounts the State pays as Intergovernmental Receipts. Payments are due to the County by December 31. If the property owner elects to pay semiannually, the first half is due December 31. The second half payment is due the following June 20.

The County is responsible for assessing property, and for billing, collecting, and distributing all property taxes on behalf of the Township.

5. Retirement System

The Township's employees belong to the Ohio Public Employees Retirement System (OPERS). OPERS is a cost-sharing, multiple-employer plan. The Ohio Revised Code prescribes the plans' benefits, which include postretirement healthcare and survivor and disability benefits.

The Ohio Revised Code also prescribes contribution rates. For 2013 and 2012, OPERS members contributed 10% of their gross salaries and the Township contributed an amount equaling 14% of participants' gross salaries. The Township has paid all contributions required through December 31, 2013.

6. Risk Management

The Township is exposed to various risks of property and casualty losses, and injuries to employees.

The Township insures against injuries to employees through the Ohio Bureau of Workers' Compensation.

The Township belongs to the Ohio Township Association Risk Management Authority (OTARMA), a risk-sharing pool available to Ohio townships. OTARMA provides property and casualty coverage for its members. York Risk Pooling Services, Inc. (formally known as American Risk Pooling Consultants, Inc.) (York or Management), functions as the administrator of the Pool and provides underwriting claims, loss control, risk management, and reinsurance services for the Pool. Member governments pay annual contributions to fund OTARMA. OTARMA pays judgments, settlements and other expenses resulting from covered claims that exceed the members' deductibles.

Casualty and Property Coverage

The Pool is a member of American Public Entity Excess Pool (APEEP), which is also administered by York. APEEP provides the Pool with an excess risk-sharing program. Under this arrangement, OTARMA retains insured risks up to an amount specified in the contracts. At December 31, 2013, OTARMA retained \$350,000 for casualty claims and \$250,000 for property claims.

**WALNUT CREEK TOWNSHIP
HOLMES COUNTY**

**NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2013 AND 2012
(Continued)**

6. Risk Management (Continued)

The aforementioned casualty and property reinsurance agreement does not discharge OTARMA's primary liability for claims payments on covered losses. Claims exceeding coverage limits are the obligation of the respective government.

Financial Position

OTARMA's financial statements (audited by other accountants) conform with generally accepted accounting principles, and reported the following assets, liabilities and retained earnings at December 31, 2013 and 2012:

	<u>2013</u>	<u>2012</u>
Assets	\$34,954,286	\$34,771,270
Liabilities	8,486,363	9,355,082
Net Position	\$26,467,923	\$25,416,188

At December 31, 2013 and 2012, respectively, the liabilities above include approximately \$7.9 and \$8.7 million of estimated incurred claims payable. The assets above also include approximately \$7.4 and \$7.8 million of unpaid claims to be billed to approximately 948 member governments in the future, as of December 31, 2013 and 2012, respectively. These amounts will be included in future contributions from members when the related claims are due for payment. As of December 31, 2013, the Township's share of these unpaid claims collectible in future years is approximately \$4,430.

Based on discussions with OTARMA, the expected rates OTARMA charges to compute member contributions, which are used to pay claims as they become due, are not expected to change significantly from those used to determine the historical contributions detailed below. By contract, the annual liability of each member is limited to the amount of financial contributions required to be made to OTARMA for each year of membership.

<u>Contributions to OTARMA</u>	
<u>2013</u>	<u>2012</u>
\$8,056	\$7,081

After one year of membership, a member may withdraw on the anniversary of the date of joining OTARMA, if the member notifies OTARMA in writing 60 days prior to the anniversary date. Upon withdrawal, members are eligible for a full or partial refund of their capital contributions, minus the subsequent year's contribution. Withdrawing members have no other future obligation to the pool. Also upon withdrawal, payments for all casualty claims and claim expenses become the sole responsibility of the withdrawing member, regardless of whether a claim occurred or was reported prior to the withdrawal.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY *GOVERNMENT AUDITING STANDARDS*

Walnut Creek Township
Holmes County
P.O. Box 165
Walnut Creek, Ohio 44687

To the Board of Trustees:

We have audited in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the financial statements of the Walnut Creek Township, Holmes County, Ohio, (the Township) as of and for the years ended December 31, 2013 and 2012, and the related notes to the financial statements and have issued our report thereon dated September 10, 2014 wherein we noted the Township followed financial reporting provisions Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit.

Internal Control Over Financial Reporting

As part of our financial statement audit, we considered the Township's internal control over financial reporting (internal control) to determine the audit procedures appropriate in the circumstances to the extent necessary to support our opinion on the financial statements, but not to the extent necessary to opine on the effectiveness of the Township's internal control. Accordingly, we have not opined on it.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the Township's financial statements. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all internal control deficiencies that might be material weaknesses or significant deficiencies. Given these limitations, we did not identify any deficiencies in internal control that we consider material weaknesses. However, unidentified material weaknesses may exist.

Compliance and Other Matters

As part of reasonably assuring whether the Township's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

Purpose of this Report

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the Township's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the Township's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
