Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Required by Government Auditing Standards	11
Schedule of Findings	13

#### INDEPENDENT AUDITOR'S REPORT

Washington Township Mercer County 402 Pine Road Fort Recovery, Ohio 45846

To the Trustees:

#### Report on the Financial Statements

We have audited the accompanying financial statements and related notes of Washington Township, Mercer County, (the Township) as of and for the years ended December 31, 2013 and 2012.

#### Management's Responsibility for the Financial Statements

Management is responsible for preparing and fairly presenting these financial statements in accordance with the financial reporting provisions Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit; this responsibility includes designing, implementing and maintaining internal control relevant to preparing and fairly presenting financial statements free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to opine on these financial statements based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the Township's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the Township's internal control. Accordingly, we express no opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinion.

#### Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1 of the financial statements, the Township prepared these financial statements using the accounting basis permitted by the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D), which is an accounting basis other than accounting principles generally accepted in the United States of America, to satisfy requirements.

Washington Township Mercer County Independent A ăa le Report Page 2

The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

#### Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the *Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles* paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the Township as of December 31, 2013 and 2012, or changes in financial position thereof for the years then ended.

#### Opinion on Regulatory Basis of Accounting

In our opinion, the financial statements referred to above present fairly, in all material respects, the combined cash balances of Washington Township, Mercer County as of December 31, 2013 and 2012, and its combined cash receipts and disbursements for the years then ended in accordance with the financial reporting provisions Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit, described in Note 1.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated April 14, 2014, on our consideration of the Township's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Township's internal control over financial reporting and compliance.

**Dave Yost** Auditor of State

Columbus, Ohio

April 14, 2014

# COMBINED STATEMENT OF RECEIPTS, DISBURSEMENTS, AND CHANGES IN FUND CASH BALANCES (CASH BALANCE) - ALL GOVERNMENTAL FUND TYPES FOR THE YEAR ENDED DECEMBER 31, 2013

	Types		Totals

The notes to the financial statements are an integral part of this statement.

#### NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2013 AND 2012

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### A. Description of the Entity

The constitution and laws of the State of Ohio establish the rights and privileges of Washington Township, Mercer County, as a body corporate and politic. A publicly-elected three-member Board of Trustees and a publicly elected clerk directs the Township. The Township provides general governmental services, including road and bridge maintenance, cemetery maintenance, and emergency medical services. The Township contracts with Mercer County to provide ambulance services.

#### **B.** Accounting Basis

These financial statements follow the accounting basis the Auditor of State prescribes or permits. This basis is similar to the cash receipts and disbursements accounting basis. The Township recognizes receipts when received in cash rather than when earned, and recognizes disbursements when paid rather than when a liability is incurred. Budgetary presentations report budgetary expenditures when a commitment is made (i.e., when an encumbrance is approved).

These statements include adequate disclosure of material matters, as the Auditor of State prescribes or permits.

#### C. Deposits and Investments

The Township Clerk invests all available funds of the Township in an interest bearing checking account.

#### D. Fund Accounting

The Township uses fund accounting to segregate cash and investments that are restricted as to use. The Township classifies its funds into the following types:

#### 1. General Fund

The General Fund accounts for and reports all financial resources not accounted for and reported in another fund.

#### 2. Special Revenue Funds

These funds account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. The Township had the following significant Special Revenue Funds:

**Road and Bridge Fund** - This fund receives property tax money for constructing, maintaining, and repairing Township roads and bridges.

**Gasoline Tax Fund** - This fund receives gasoline tax money to pay for constructing, maintaining, and repairing Township roads.

#### NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2013 AND 2012 (Continued)

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### 3. Capital Project Funds

These funds account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets.. The Township had the following significant capital project fundK

**Issue II Fund** - The Township received proceeds of an Ohio Public Works Commission grant which was used for improvement projects.

#### E. Budgetary Process

The Ohio Revised Code requires that each fund be budgeted annually.

#### 1. Appropriations

Budgetary expenditures (that is, disbursements and encumbrances) may not exceed appropriations at the fund, function or object level of control, and appropriations may not exceed estimated resources. The Board of Trustees must annually approve appropriation measures and subsequent amendments. Unencumbered appropriations lapse at year end. The County Budget Commission must also approve the annual appropriation measure.

#### 2. Estimated Resources

Estimated resources include estimates of cash to be received (budgeted receipts) plus cash as of January 1. The County Budget Commission must approve estimated resources.

#### 3. Encumbrances

The Ohio Revised Code requires the Township to reserve (encumber) appropriations when individual commitments are made. Encumbrances outstanding at year end are canceled, and re-appropriated in the subsequent year.

A summary of 2013 and 2012 budgetary activity appears in Note 3.

#### F. Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the Township must observe constraints imposed upon the use of its governmental-fund resources. The classifications are as follows:

#### 1. Non-spendable

The Township classifies assets as *non-spendable* when legally or contractually required to maintain the amounts intact.

#### NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2013 AND 2012 (Continued)

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### 2. Restricted

Fund balance is *restricted* when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or is imposed by law through constitutional provisions.

#### 3. Committed

Trustees can *commit* amounts via formal action (resolution). The Township must adhere to these commitments unless the Trustees amend the resolution. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed to satisfy contractual requirements.

#### 4. Assigned

Assigned fund balances are intended for specific purposes but do not meet the criteria to be classified as *restricted* or *committed*. Governmental funds other than the general fund report all fund balances as *assigned* unless they are restricted or committed. In the general fund, *assigned* amounts represent intended uses established by Township Trustees or a Township official delegated that authority by resolution, or by State Statute.

#### 5. Unassigned

Unassigned fund balance is the residual classification for the general fund and includes amounts not included in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance.

The Township applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

#### G. Property, Plant, and Equipment

The Township records disbursements for acquisitions of property, plant, and equipment when paid. The accompanying financial statements do not report these items as assets.

#### 2. EQUITY IN POOLED DEPOSITS AND INVESTMENTS

The Township maintains a deposit and investments pool all funds use. The Ohio Revised Code prescribes allowable deposits and investments. The carrying amount of deposits and investments at December 31 was as follows:

	2013	2012
Demand Deposits	\$111,214	\$137,264

**Deposits:** Deposits are insured by the Federal Depository Insurance Corporation.

#### NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2013 AND 2012 (Continued)

#### 3. BUDGETARY ACTIVITY

Budgetary activity for the years ending 2013 and 2012 follows:

	Budgeted	Actual	
Fund Type	Receipts	Receipts	Variance
General	\$69,000	\$69,792	\$792
Special Revenue	153,050	155,237	2,187
Total	\$222,050	\$225,029	\$2,979

#### 2013 Budgeted vs. Actual Budgetary Basic Expenditures

	Appropriation	Budgetary	
Fund Type	Authority	Expenditures	Variance
Total	\$332,528	\$251,079	\$81,449

#### 2012 Budgeted vs. Actual Receipts

	Budgeted	Actual	
Fund Type	Receipts	Receipts	Variance
General	\$85,000	\$85,595	\$595
Special Revenue	161,100	167,562	6,462
Capital Projects	31,000	31,629	629
Total	\$277,100	\$284,786	\$7,686

#### 2012 Budgeted vs. Actual Budgetary Basis Expenditures

	Appropriation	Budgetary	
Fund Type	Authority	Expenditures	Variance
Total	\$299,528	\$220,245	\$79,283

**Ohio Rev Code 5705.38(C)** states appropriation measures shall be classified so as to set forth separately the amounts appropriated for each office, department, and division, and, within each, the amount appropriated for personal services. The Trustees approved one lump sum for the 2012 and 2013 annual appropriations.

#### 4. PROPERTY TAX

Real property taxes become a lien on January 1 preceding the October 1 date for which the Trustees adopted tax rates. The State Board of Tax Equalization adjusts these rates for inflation. Property taxes are also reduced for applicable homestead and rollback deductions. The financial statements include homestead and rollback amounts the State pays as Intergovernmental Receipts. If the property owner elects to pay semiannually, the first half is due February 20. The second half payment is due the following July 20.

Public utilities are also taxed on personal and real property located within the Township

The County is responsible for assessing property, and for billing, collecting, and distributing all property taxes on behalf of the Township.

#### NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2013 AND 2012 (Continued)

#### 5. Retirement Systems

The Township's elected officials belong to the Public Employees Retirement System (PERS) of Ohio. PERS is a cost-sharing, multi-employer plan. This plan provides retirement benefits, including postretirement healthcare, and survivor and disability benefits to participants as prescribed by the Ohio Revised Code.

The Ohio Revised Code also prescribes contribution rates. For 2013 and 2012, members of PERS contributed 10% of their gross salaries. The Township contributed an amount of 14% in 2013 and 2012 of participants' gross salaries. The Township has paid all contributions required through 2013.

#### 6. RISK MANAGEMENT

The Township is exposed to various risks of property and casualty losses, and injuries to employees.

The Township insures against injuries to employees through the Ohio Bureau of Worker's Compensation.

The Township belongs to the Ohio Township Association Risk Management Authority (OTARMA), a risk-sharing pool available to Ohio townships. OTARMA provides property and casualty coverage for its members. York Risk Pooling Services, Inc. (formally known as American Risk Pooling Consultants, Inc.) (York or Management), functions as the administrator of the Pool and provides underwriting claims, loss control, risk management, and reinsurance services for the Pool. Member governments pay annual contributions to fund OTARMA. OTARMA pays judgments, settlements and other expenses resulting from covered claims that exceed the members' deductibles.

#### A. Casualty and Property Coverage

APEEP provides OTARMA with an excess risk-sharing program. Under this arrangement, OTARMA retains insured risks up to an amount specified in the contracts. At December 31, 2012, OTARMA retained \$350,000 for casualty claims and \$250,000 for property claims.

The aforementioned casualty and property reinsurance agreement does not discharge OTARMA's primary liability for claims payments on covered losses. Claims exceeding coverage limits are the obligation of the respective government.

#### **B.** Financial Position

OTARMA's financial statements (audited by other accountants) conform with generally accepted accounting principles, and reported the following assets, liabilities and retained earnings at December 31, 2012 and 2011 (the latest information available):

	2012	2011
Assets	\$34,771,270	\$35,086,165
Liabilities	(9,355,082)	(9,718,792)
Net Position	\$25,416.188	\$25,367,373

#### NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2013 AND 2012 (Continued)

#### 6. RISK MANAGEMENT (Continued)

At December 31, 2012 and 2011, respectively, the liabilities above include approximately \$8.7 and \$9.1 million of estimated incurred claims payable. The assets above also include approximately \$7.96 and \$8.6 million of unpaid claims to be billed to approximately 944 member governments in the future, as of December 31, 2012 and 2011, respectively. These amounts will be included in future contributions from members when the related claims are due for payment. As of December 31, 2012, the Township's share of these unpaid claims collectible in future years is approximately \$1,873.

Based on discussions with OTARMA, the expected rates OTARMA charges to compute member contributions, which are used to pay claims as they become due, are not expected to change significantly from those used to determine the historical contributions detailed below. By contract, the annual liability of each member is limited to the amount of financial contributions required to be made to OTARMA for each year of membership.

Contributions to OTARMA		
2013 2012		
\$3,175	\$2,040	

After one year of membership, a member may withdraw on the anniversary of the date of joining OTARMA, if the member notifies OTARMA in writing 60 days prior to the anniversary date. Upon withdrawal, members are eligible for a full or partial refund of their capital contributions, minus the subsequent year's contribution. Withdrawing members have no other future obligation to the pool. Also upon withdrawal, payments for all casualty claims and claim expenses become the sole responsibility of the withdrawing member, regardless of whether a claim occurred or was reported prior to the withdrawal.

# INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

Washington Township Mercer County 402 Pine Road Fort Recovery, Ohio 45846

#### To the Trustees:

We have audited, in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the financial of Washington Township, Mercer County, (the Township) as of and for the years ended December 31, 2013 and December 31, 2012 and the related notes to the financial statements, and have issued our report thereon dated April 14, 2014 wherein we noted the Township followed financial reporting provisions Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03 permit.

#### Internal Control Over Financial Reporting

As part of our financial statement audit, we considered the Township's internal control over financial reporting (internal control) to determine the audit procedures appropriate in the circumstances to the extent necessary to support our opinion on the financial statements, but not to the extent necessary to opine on the effectiveness of the Township's internal control. Accordingly, we have not opined on it.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Therefore, unidentified material weaknesses or significant deficiencies may exist. However, as described in the accompanying schedule of findings we identified certain deficiencies in internal control over financial reporting, that we consider material weaknesses.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A material weakness is a deficiency, or a combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the Township's financial statements. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider findings 2013-001 and 2013-002 described in the accompanying schedule of findings to be material weaknesses.

Washington Township
Mercer County
Independent Auditor's Report On Internal Control Over
Financial Reporting And On Compliance And Other Matters
Required By Government Auditing Standards
Page 2

#### **Compliance and Other Matters**

As part of reasonably assuring whether the Township's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed an instance of noncompliance or other matters we must report under *Government Auditing Standards* which is described in the accompanying schedule of findings as item 2013-001.

#### Entity's Response to Findings

The Township's responses to the findings identified in our audit are described in the accompanying schedule of findings. We did not audit the Township's responses and, accordingly, we express no opinion on them.

#### Purpose of this Report

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the Township's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the Government's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Dave Yost** Auditor of State

Columbus, Ohio

April 14, 2014

#### SCHEDULE OF FINDINGS DECEMBER 31, 2013 AND 2012

### FINDINGS RELATED TO THE FINANCIAL STATEMENTS REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS

#### **FINDING NUMBER 2013-001**

#### 1. Appropriation Resolution - Noncompliance/Material Weakness

**Ohio Rev Code 5705.38(C)** states appropriation measures shall be classified so as to set forth separately the amounts appropriated for each office, department, and division, and, within each, the amount appropriated for personal services.

The Trustees approved one lump sum for the 2012 and 2013 annual appropriations in the minutes. The fiscal officer then divided the amounts by fund and line account in the Uniform Accounting Network system.

Not approving appropriations at the required detail made it difficult to monitor the appropriations versus actual expenditures and estimated resources by fund.

The Trustees should approve the annual appropriation resolution at the level required by the Ohio Revised Code to provide for improved financial monitoring.

#### Official's Response:

At our next regular meeting on March 25, 2014, we will have the appropriations for 2014 be specifically listed by fund in a resolution to be signed by all trustees and the fiscal officer.

#### 2. Classification of Revenues – Material Weakness

In 2012, the Township received \$11,500 insurance claim check that was recorded as intergovernmental revenue instead of miscellaneous revenue in the Road and Bridge Fund.

The failure to properly post this receipt resulted in a material misstatement of the reported revenue. The reclassification was made to the accompanying financial statements.

The fiscal officer should review postings each month and again at the end of each fiscal year to verify that all amounts are classified and posted in accordance with the Township's chart of accounts.

#### Official's Response:

The fiscal office had the miscellaneous revenue income account listed on her manual sheet of receipts but mistakenly posted the receipt to the next income line item, intergovernmental receipts, in the UAN system. In the future, each receipt will be double checked to make sure it was posted to the proper account.
