#### INDEPENDENT AUDITOR'S REPORT

Aladdin Academy Mercer County 441 E. Market Street Celina. Ohio 45822

To the Board of Education:

#### Report on the Financial Statements

We have audited the accompanying financial statements of Aladdin Academy, Mercer County, Ohio (the Academy), as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the Academy's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for preparing and fairly presenting these financial statements in accordance with the cash accounting basis Note 2 describes. This responsibility includes determining that the cash accounting basis is acceptable for the circumstances. Management is also responsible for designing, implementing and maintaining internal control relevant to preparing and fairly presenting financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to opine on these financial statements based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the Academy's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the Academy's internal control. Accordingly, we express no opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinions.

#### Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective cash financial position of Aladdin Academy, Mercer County, Ohio, as of June 30, 2014, and the respective changes in cash financial position thereof for the year then ended in accordance with the accounting basis described in Note 2.

Aladdin Academy Mercer County Independent Auditor's Report Page 2

#### **Accounting Basis**

Ohio Administrative Code § 117-2-03(B) requires the Academy to prepare its annual financial report in accordance with accounting principles generally accepted in the United States of America. We draw attention to Note 2 of the financial statements, which describes the basis applied to these statements, which is a basis other than generally accepted accounting principles. We did not modify our opinion regarding this matter.

#### Other Matters

Supplemental and Other Information

We audited to opine on the Academy's financial statements that collectively comprise its basic financial statements.

Management's Discussion & Analysis includes tables of net position-cash basis, and changes in net position. This information provides additional analysis and is not a required part of the basic financial statements.

These tables are management's responsibility, and derive from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. We subjected these tables to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling these tables directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and in accordance with auditing standards generally accepted in the United States of America. In our opinion, these tables are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Other than the aforementioned procedures applied to the tables, we applied no procedures to any other information in Management's Discussion & Analysis, and we express no opinion or any other assurance on it.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 23, 2015, on our consideration of the Academy's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Academy's internal control over financial reporting and compliance.

**Dave Yost** Auditor of State Columbus, Ohio

March 23, 2015

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2014 (Unaudited)

The management's discussion and analysis of Aladdin Academy's (the "Academy") financial performance provides an overall view of the Academy's financial activities for the fiscal year ended June 30, 2014. The intent of this discussion and analysis is to look at the Academy's financial performance as a whole; readers should also review the notes to the basic financial statements and financial statements to enhance their understanding of the Academy's financial performance.

#### **Financial Highlights**

Key financial highlights for fiscal year 2014 are as follows:

- In total, net position was \$193,224 at June 30, 2014.
- The Academy had operating receipts of \$351,954 and operating disbursements of \$158,808 for fiscal year 2014.

#### **Using this Annual Financial Report**

This annual report consists of a series of financial statements and notes to those statements. These cash basis statements are organized so the reader can understand the Academy's financial activities. The statement of net position and statement of receipts, disbursements and changes in cash basis net position provide information about the activities of the Academy, including how services were financed in the short-term and what remains for future spending.

#### **Reporting the Academy's Financial Activities**

Statement of Net Position; Statement of Receipts, Disbursements and Changes in Cash Basis Net Position

These documents look at all financial transactions and ask the question, "How did we do financially during fiscal year 2014?" The statement of net position and the statement of receipts, disbursements and changes in cash basis net position answer this question.

These two statements report the Academy's net position and changes in net position. This change in net position is important because it tells the reader that, for the Academy as a whole, the financial position of the Academy has improved or diminished. The causes of this change may be the result of many factors, some financial, some not. These statements can be found on pages 7 and 8 of this report.

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2014 (Unaudited)

Table 1 provides a summary of the Academy's net position for fiscal year 2014. Since this is the first year that the Academy has prepared financial statements on a cash basis, receipt and disbursement comparisons to fiscal year 2013 are not available. This table, as well as Table 2 below, will present fiscal years in side-by-side comparisons in successive reporting years. This will enable the reader to draw further conclusions about the Academy's financial status and possibly project future problems.

**Table 1**Net Position – Cash Basis

	 2014	
Assets		
Cash	\$ 193,224	
Net Position		
Unrestricted	\$ 193,224	

Over time, net position can serve as a useful indicator of a government's financial position.

Table 2 shows the changes in net position for fiscal years 2014:

**Table 2** Changes in Net Position

	2014
<b>Operating Receipts</b>	
State Foundation	\$347,709
Facilities Aid	4,245
Total Operating Receipts	351,954
<b>Operating Disbursements</b>	
Purchased Services	129,811
Materials and Supplies	13,046
Capital Outlay	15,160
Other	791
Total Operating Disbursements	158,808
Operating Income (Loss)	193,146
Non-Operating Receipts	
Interest	78_
Change in Net Position	\$193,224

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2014 (Unaudited)

The statements of receipts, disbursements, and changes in cash basis net position show the cost of operating disbursements and the receipts offsetting those services. Table 2 shows the total amount of operating and non-operating receipts associated with those disbursements. That is, it identifies the amount of operating disbursements supported by State and other funding.

The dependence upon state foundation revenue for operating activities is apparent. Most of these monies were used for purchased services. The Academy's foundation receipts are 99 percent of total receipts. State sources are by far the primary support for the Aladdin Academy.

#### **Current Financial Related Activities**

The Academy is sponsored by the Mercer County Educational Service Center and is designed to assist atrisk students while also delivering credit recovery services with an emphasis on the use of technology. The Academy relies heavily on State Foundation funds.

The future of the Academy is dependent upon continued funding from the State Foundation funds as no local revenue can be generated through tuition, school district income taxes, or property taxes. It is the intention of the management of the Academy to pursue other State and Federal grants as they become available.

#### **Contacting the Community Academy's Financial Management**

This financial report is designed to provide our clients and creditors with a general overview of the Academy's finances and to show the Academy's accountability for the money it receives. If you have questions about this report or need additional information contact: Mary Brandon, Treasurer, Aladdin Academy, 441 East Market Street, Celina, Ohio 45822.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2014

#### NOTE 1 - DESCRIPTION OF THE SCHOOL AND REPORTING ENTITY

Aladdin Academy (the "Academy") is a nonprofit corporation established pursuant to Ohio Revised Code Chapters 3314 and 1702 to address the needs of at-risk students in grades 6 through 12. The Academy, which is part of the State's education program, is independent of any school district and is nonsectarian in its programs, admission policies, employment practices, and all other operations. The Academy may sue and be sued, acquire facilities as needed, and contract for any services necessary for the operation of the Academy.

The Academy was approved for operation under a contract with the Board of Education of the Mercer County Educational Service Center (the "Sponsor") for a period of five years commencing with fiscal year July 1, 2013 through June 30, 2018. The Sponsor is responsible for evaluating the performance of the Academy and has the authority to deny renewal of the contract at its expiration or terminate the contract prior to its expiration.

The Academy operates under a six-member Board of Directors (the "Board"). The Board is responsible for carrying out the provisions of the contract which include, but are not limited to, state mandated provisions regarding student population, curriculum, academic goals, performance standards, admission standards, and qualifications of teachers.

The Academy is associated with one insurance pool, the Schools of Ohio Risk Sharing Authority. The Academy is also associated with one jointly governed organization, the Northwest Ohio Area Computer Services Cooperative. These organizations are presented in Notes 8 and 9 to the basic financial statements.

#### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

As discussed further in Note 2.B, these financial statements are presented on a cash basis of accounting. This cash basis of accounting differs from accounting principles generally accepted in the United States of America (GAAP). Generally accepted accounting principles include all relevant Governmental Accounting Standards Board (GASB) pronouncements, which have been applied to the extent they are applicable to the cash basis of accounting. Following are the more significant of the Academy's accounting policies.

#### A. Basis of Presentation

Enterprise accounting is used to account for operations that are financed and operated in a manner similar to private business enterprises where the intent is that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. The Academy's basic financial statements consist of a Statement of Net Position - Cash Basis and a Statement of Receipts, Disbursements and Change in Cash Basis Net Position.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2014

#### B. Basis of Accounting

Basis of accounting refers to when receipts and disbursements are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made. Although required by Ohio Administrative Code Sections 117-2-03(B) to prepare its annual financial report in accordance with generally accepted accounting principles (GAAP), the Academy chooses to prepare its financial statements and notes in accordance with the cash accounting basis. This basis of accounting is similar to the cash receipts and disbursements basis of accounting. Receipts are recognized when received in cash rather than when earned, and disbursements are recognized when paid rather than when a liability is incurred.

As a result of the use of this cash basis of accounting, certain assets and their related revenues (such as accounts receivable and revenue for billed or provided services not yet collected) and certain liabilities and their related expenses (such as accounts payable and expenses for goods or services received but not yet paid, and accrued expenses and liabilities) are not recorded in these financial statements.

These statements include adequate disclosure of material matters, in accordance with the basis of accounting described in the preceding paragraph.

#### C. Budgetary Process

Unlike other public schools located in the state of Ohio, community schools are not required to follow budgetary provisions set forth in Ohio Rev. Code Chapter 5705, with the exception of 5705.391. All other budgetary provisions are not required to be followed, unless specifically provided in the Academy's contract with its Sponsor. The contract between the Academy and its Fiscal Agent requires the Academy to provide the Fiscal Agent with an Annual Appropriation Resolution that will budget the necessary revenues and expenses in sufficient amounts as to not incur a deficit balance in any of the Academy's designated accounts.

#### D. Cash

All monies received by the Academy are accounted for by the Academy's Fiscal Agent, the Mercer County Educational Service Center. All cash received by the fiscal agent is maintained in a separate bank account in the Academy's name.

Cash held by the Academy is reflected as "Cash" on the statement of net position. Investments with an original maturity of three months or less at the time they are purchased are presented on the financial statements as cash equivalents. Investments with an initial maturity of more than three months are reported as investments. The Academy had no investments in fiscal year 2014.

#### E. Inventory and Prepaid Items

The Academy reports disbursements for inventory and prepaid items when paid. These items are not reflected as assets in the accompanying financial statements.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2014

#### F. Capital Assets and Depreciation

Acquisitions of property, plant, and equipment are recorded as disbursements when paid. The financial statements do not reflect these items as assets.

#### G. Tax Exemption Status

The Academy is a non-profit organization that, in the opinion of legal counsel, is exempt from federal income taxes due to the Academy's status as an integral part of its sponsoring political subdivision, the Mercer County Educational Service Center.

#### H. Intergovernmental Receipts

The Academy currently participates in the State Foundation Program, the Public Charter Schools Program and the State Special Education Program. Receipts received from these programs are recognized as operating receipts in the accounting period in which all eligibility requirements have been met. Other grants and entitlements are recognized as non-operating receipts in the accounting period in which all eligibility requirements have been met.

Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the Academy must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the Academy on a reimbursement basis.

The Ohio Department of Education conducts reviews of enrollment data and full-time equivalency (FTE) calculations made by the Academy. These reviews are conducted to ensure the Academy is reporting accurate enrollment data to the State, upon which State Foundation funding is calculated.

#### I. Operating Receipts and Disbursements

Operating receipts are those receipts that are generated directly from the primary activity of the Academy. Operating disbursements are necessary costs incurred to provide the service that is the primary activity of the Academy. All receipts and disbursements not meeting this definition are reported as non-operating.

#### J. Extraordinary and Special Items

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of the Board of Directors and that are either unusual in nature or infrequent in occurrence. Neither type of transaction occurred during fiscal year 2014.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2014

#### K. Net Position

Equity is classified as net position and is displayed in separate components. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the Academy or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. The Academy applies restricted resources first when a cash disbursement is incurred for purposes for which both restricted and unrestricted net position are available.

#### **NOTE 3 - DEPOSITS**

According to State law, public depositories must give security for all uninsured public funds on deposit. These institutions may either specifically collateralize individual accounts in lieu of amounts insured by FDIC, or may pledge a pool of government securities valued at least 105 percent of the total value of uninsured public monies on deposit at the institution. Repurchase agreements must be secured by the specific government securities upon which the repurchase agreements are based. These securities must be obligations of or guaranteed by the United States and mature or be redeemable within 5 years of the date of the related repurchase agreement. State law does not require security for public deposits and investments to be maintained in the Academy's name. During fiscal year 2014, the Academy and public depositories complied with the provisions of these statutes.

Custodial credit risk is the risk that, in the event of a bank failure, the Academy's deposits may not be returned. All deposits are collateralized with eligible securities in amounts equal to at least 105 percent of the carrying value of the deposits. Such collateral, as permitted by the Ohio Revised Code, is held in single financial institution collateral pools at Federal Reserve Banks, or at member banks of the federal reserve system, in the name of the respective depository bank and pledged as collateral against all of the public deposits it holds or as specific collateral held at the Federal Reserve Bank in the name of the Academy. The Academy has no deposit policy for custodial credit risk beyond the requirements of State statute. Although the securities were held by the pledging institutions' trust department and all statutory requirements for the deposit of money had been followed, noncompliance with federal requirements could potentially subject the Academy to a successful claim by the FDIC.

At June 30, 2014, the carrying amount of the Academy's deposits was \$193,224 and the bank balance was \$196,880. Of the Academy's bank balance, the entire amount was covered by Federal Deposit Insurance Corporation. There are no significant statutory restrictions regarding the deposit and investment of funds by the Academy.

#### **NOTE 4 – PURCHASED SERVICES**

For fiscal year ended June 30, 2014, purchased service disbursements were as follows:

	2014	
Professional Services	\$	127,768
Travel, Mileage and Meetings		2,043
Total	\$	129,811

2014

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2014

#### NOTE 5 – FISCAL AGENT

The School entered into a Fiscal Agent Agreement with the Mercer County Educational Service Center. As part of this agreement, the Treasurer of the Mercer County Educational Service Center serves as the Fiscal Officer of the Academy. The Academy shall compensate the fiscal agent three percent of the Academy's total annual revenues ("Service Fee"), paid in quarterly installments. During fiscal year 2014, the Academy paid no fiscal agent service fees to the ESC.

#### NOTE 6 – PAYMENTS TO SPONSER / RELATED PARTY TRANSACTIONS

The Academy Sponsorship Contract between the Academy and Mercer County Educational Service Center (the "Sponsor") outlined the specific payments to be made by the Academy to the Sponsor during fiscal year 2014. In addition, the Academy Sponsorship Contract stated that the two parties agreed to pay other mutually agreed upon amounts, including fees for any services provided to the Academy by the Sponsor. The Academy paid the Sponsor \$126,469 during fiscal year 2014 for salaries and benefits.

#### NOTE 7 – RISK MANAGEMENT

The Academy is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During fiscal year 2014, the Academy contracted for the following insurance coverage.

Coverage provided by the Schools of Ohio Risk Sharing Authority is as follows:

General Liability	
Occurrence	\$ 5,000,000
Aggregate	7,000,000
Automobile Liability	5,000,000
<b>Building and Contents</b>	10,110
Umbrella Policy	10,000,000

Settled claims did not exceed this commercial coverage in fiscal year 2014, the Academy's first year of operations.

For fiscal year 2014, the Academy participated in the Schools of Ohio Risk Sharing Authority (SORSA), an insurance purchasing pool. Each participant enters into an individual agreement with SORSA for insurance coverage and pays annual premiums to SORSA based on the types and limits of coverage and deductibles selected by the participant.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2014

#### NOTE 8 – INSURANCE PURCHASING POOL

The Academy participates in the Schools of Ohio Risk Sharing Authority (SORSA), an insurance purchasing pool established under Section 2744.081 of the Ohio Revised Code. SORSA is an incorporated nonprofit association of its members which enables the participants to provide for a formalized joint insurance purchasing program for maintaining adequate insurance protection and provides risk management programs and other administrative services. SORSA's business and affairs are conducted by a board consisting of nine superintendents and treasurers, as well as an attorney, accountant, and four representatives from the pool's administrator, Willis Pooling. Willis Pooling is responsible for processing claims and establishing agreements between SORSA and its members. Financial information can be obtained from Willis Pooling, 655 Metro Place South, Dublin, Ohio 43017.

#### NOTE 9 – JOINTLY GOVERNED ORGANIZATION

The Northwest Ohio Area Computer Services Cooperative ("NOACSC") is a jointly governed organization among forty-seven school districts. The jointly governed organization was formed for the purpose of applying modern technology with the aid of computers and other electronic equipment to administrative and instructional functions among member school districts. Each of the governments of these schools supports NOACSC based on a per pupil charge dependent on the software package utilized. The NOACSC Assembly consists of a representative from each participating school district and the superintendent from the fiscal agent. The Board of Directors consists of the superintendent from the fiscal agent and two Assembly members from each county in which participating school districts are located. The degree of control exercised by any participating school district is limited to its representation on the Board. Financial information can be obtained by contacting Ray Burden, Executive Director, 645 South Main Street, Lima, Ohio 45804.

#### **NOTE 10 - CONTINGENCIES**

#### A. Grants

The Academy received financial assistance from State agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the Academy. However, the effect of any such disallowed claims on the overall financial position of the Academy at June 30, 2014, if applicable, cannot be determined at this time.

#### B. Full-Time Equivalency

The Ohio Department of Education conducts reviews of enrollment data and full-time equivalency (FTE) calculations made by the schools. These reviews are conducted to ensure the schools are reporting accurate student enrollment data to the State, upon which state foundation funding is calculated. During fiscal year 2015, the Academy will receive \$525 from the State through their foundation receipts for an underpayment from fiscal year 2014.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2014

#### C. Litigation

The Academy is not party to any claims or lawsuits that would, in the Academy's opinion, have a material effect of the basic financial statements.

#### D. Foundation Payments

The Ohio Department of Education (ODE) has identified several community schools and/or STEM schools that made critical data errors between the June payment and the Final #1 payment. As a result, ODE will be running a Final #2 foundation report for community schools and STEM schools for fiscal year 2014. As of the date of this report, a final list of schools impacted and amounts are not yet available, but ODE believes this will result in receivables to the schools affected.

#### NOTE 11 - ACCOUNTABILITY AND COMPLIANCE

Ohio Administrative Code Section 117-2-03 requires the Academy to prepare its annual financial report in accordance with generally accepted accounting principles. For fiscal year 2014, the Academy prepared it financial report on the cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. This financial report omits assets, deferred outflows of resources, liabilities, deferred inflows of resources, fund equities and disclosures that, while material, cannot be determined at this time.

This page intentionally left blank.

# INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

Aladdin Academy Mercer County 441 E. Market Street Celina, Ohio 45822

#### To the Board of Education:

We have audited, in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the financial statements of Aladdin Academy, Mercer County, (the Academy) as of and for the year ended June 30, 2014 and the related notes to the financial statements and have issued our report thereon dated March 23, 2015, wherein we noted the Academy uses a special purpose framework other than general accepted accounting principles.

#### Internal Control Over Financial Reporting

As part of our financial statement audit, we considered the Academy's internal control over financial reporting (internal control) to determine the audit procedures appropriate in the circumstances to the extent necessary to support our opinion on the financial statements, but not to the extent necessary to opine on the effectiveness of the Academy's internal control. Accordingly, we have not opined on it.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A material weakness is a deficiency, or combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the Entity's financial statements. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all internal control deficiencies that might be material weaknesses or significant deficiencies. Given these limitations, we did not identify any deficiencies in internal control that we consider material weaknesses. However, unidentified material weaknesses may exist.

#### **Compliance and Other Matters**

As part of reasonably assuring whether the Academy's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed an instance of noncompliance or other matters we must report under *Government Auditing Standards* which is described in the accompanying schedule of findings as item 2014-001.

Aladdin Academy
Mercer County
Independent Auditor's Report on Internal Controls over
Financial Reporting and on Compliance and Other Matters
Required by Government Auditing Standards
Page 2

#### Entity's Response to Findings

The Academy's response to the finding identified in our audit is described in the accompanying schedule of findings. We did not audit the Academy's response and, accordingly, we express no opinion on it.

#### Purpose of this Report

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the Academy's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the Academy's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Dave Yost** Auditor of State Columbus, Ohio

March 23, 2015

# ALADDIN ACADEMY MERCER COUNTY

#### SCHEDULE OF FINDINGS JUNE 30, 2014

# 1. FINDINGS RELATED TO THE FINANCIAL STATEMENTS REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS

#### **FINDING NUMBER 2014-001**

#### **NONCOMPLIANCE**

#### **Not Reporting in Accordance With GAAP**

Ohio Rev. Code Section §117.38 states that each public office shall file a financial report for each fiscal year. The Auditor of State may prescribe forms by rule or may issue guidelines, or both, for such reports. If the Auditor of State has not prescribed a rule regarding the form for the report, the public office shall submit its report on the form utilized by the public office. Ohio Administrative Code §117-2-03(B) further clarifies the requirements of Ohio Rev. Code §117.38.

Ohio Adm. Code §117-2-03 (B) requires community schools to file annual financial reports which are prepared using generally accepted accounting principles. However the Academy prepared its financial statements for 2014 following the cash accounting basis. This is a comprehensive accounting basis other than generally accepted accounting principles. The accompanying financial statements omit assets, liabilities, fund equities and disclosures that, while material, cannot be determined at this time. Pursuant to Ohio Rev. Code §117.38, the Academy may be fined and subject to various other administrative remedies for its failure to file the required financial report.

The Academy should prepare its annual financial statements in accordance with generally accepted accounting principles to include assets, liabilities, and the disclosures to provide a completed presentation of financial status.

#### Official's Response:

The use of GAAP financial reporting and subsequent higher audit costs are detrimental to the organization's finances and find the use of OCBOA reporting, which is acceptable by AICPA, provides excellent year-end financial reporting for the entity.

This page intentionally left blank.

#### Independent Accountants' Report on Applying Agreed-Upon Procedures

Aladdin Academy Mercer County 441 E. Market Street Celina, Ohio 45822

To the Board of Education:

Ohio Rev. Code Section 117.53 states "the auditor of state shall identify whether the school district or community school has adopted an anti-harassment policy in accordance with Section 3313.666 of the Revised Code. This determination shall be recorded in the audit report. The auditor of state shall not prescribe the content or operation of any anti-harassment policy adopted by a school district or community school."

Accordingly, we have performed the procedure enumerated below, which was agreed to by the Board, solely to assist the Board in evaluating whether Aladdin Academy (the Academy) has adopted its anti-harassment policy in accordance with Ohio Rev. Code Section 3313.666. Management is responsible for complying with this requirement. This agreed-upon procedure engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of this procedure is solely the responsibility of the Board. Consequently; we make no representation regarding the sufficiency of the procedure described below either for the purpose for which this report has been requested or for any other purpose.

1. We noted the Academy adopted its anti-harassment policy at its meeting on October 3, 2013 to include prohibiting harassment, intimidation, or bullying of any student "on a school bus" or by an "electronic act".

We were not engaged to and did not conduct an examination, the objective of which would be the expression of an opinion on compliance with the anti-harassment policy. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the Board and Academy's sponsor, and is not intended to be and should not be used by anyone other than these specified parties.
