# Dave Yost • Auditor of State

City Council  
City of Oregon  
5330 Seaman Road  
Oregon, Ohio 43616

We have reviewed the *Independent Auditor's Report* of the City of Oregon, Lucas County, prepared by James G. Zupka, CPA, Inc., for the audit period January 1, 2014 through December 31, 2014. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The City of Oregon is responsible for compliance with these laws and regulations.

A handwritten signature in black ink that reads "Dave Yost".

**INDEPENDENT AUDITOR'S REPORT**

To the Members of City Council  
City of Oregon, Ohio

The Honorable Dave Yost  
Auditor of State  
State of Ohio

**Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Oregon, Lucas County, Ohio, as of and for the year ended December 31, 2014, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

***Auditor's Responsibility***

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the City's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## ***Opinions***

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Oregon, Ohio, as of December 31, 2014, and the respective changes in financial position, and where applicable, cash flows and budgetary comparison for the General Fund thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## ***Other Matters***

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### *Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Oregon, Ohio's basic financial statements. The Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the basic financial statements.

The Schedule of Expenditures of Federal Awards is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

## **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated June 8, 2015, on our consideration of the City of Oregon, Ohio's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Oregon, Ohio's internal control over financial reporting and compliance.

## ***Management's Discussion and Analysis For the Year Ended December 31, 2014***

***Unaudited***

---

The discussion and analysis of the City of Oregon's financial performance provides an overall review of the City's financial activities for the fiscal year ended December 31, 2014. The intent of this discussion and analysis is to look at the City's financial performance as a whole; readers should also review the transmittal letter, notes to the basic financial statements and financial statements to enhance their understanding of the City's financial performance.

### **FINANCIAL HIGHLIGHTS**

Key financial highlights for 2014 are as follows:

- ❑ In total, net position increased \$16,238,846. Net position of governmental activities increased \$15,888,940, which represents a 14.9% increase from 2013. Net position of business-type activities increased \$349,906 from 2013.
- ❑ General revenues accounted for \$36.5 million in revenue or 67.6% of all revenues. Program specific revenues in the form of charges for services and grants and contributions accounted for the remaining 32.4% of total revenues of \$54,033,380.
- ❑ The City had \$25.3 million in expenses related to governmental activities; only \$8.1 million of these expenses were offset by program specific charges for services, grants or contributions. General revenues (primarily taxes) of \$36.5 million were adequate to provide for these programs.
- ❑ Among major funds, the general fund had \$31.6 million in revenues and \$17.3 million in expenditures. The general fund's fund balance increased \$7,037,972 to \$53,460,072.
- ❑ Net position for enterprise funds increased by \$346,976.

### **OVERVIEW OF THE FINANCIAL STATEMENTS**

This annual report consists of two parts – *management's discussion and analysis*, the *basic financial statements*. The basic financial statements include two kinds of statements that present different views of the City:

These statements are as follows:

1. *The Government-Wide Financial Statements* – These statements provide both long-term and short-term information about the City's overall financial status.
2. *The Fund Financial Statements* – These statements focus on individual parts of the City, reporting the City's operations in more detail than the government-wide statements.

The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data.

## **Government-wide Statements**

The government-wide statements report information about the City as a whole using accepted methods similar to those used by private-sector companies. The statement of net position includes all of the government's assets, deferred outflows of resources, liabilities and deferred inflows of resources. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two government-wide statements report the City's net position and how they have changed. Net position (the difference between the City's assets plus deferred outflows of resources and liabilities plus deferred inflows of resources) is one way to measure the City's financial health or position.

- Over time, increases or decreases in the City's net position is an indicator of whether its financial health is improving or deteriorating, respectively.
- To assess the overall health of the City you need to consider additional nonfinancial factors such as property tax base, current property tax laws, conditions of the City's infrastructure and continued growth within the City.

The government-wide financial statements of the City are divided into two categories:

- *Governmental Activities* – Most of the City's programs and services are reported here including security of persons and property, public health and welfare services, leisure time activities, community environment, basic utility services, transportation and general government.
- *Business-Type Activities* – These services are provided on a charge for goods or services basis to recover all of the expenses of the goods or services provided. The City's water and sewer services are reported as business-type activities.

## **Fund Financial Statements**

The fund financial statements provide more detailed information about the City's most significant funds, not the City as a whole. Funds are accounting devices that the City uses to keep track of specific sources of funding and spending for particular purposes.

**Governmental Funds** – Most of the City's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in future periods. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the City's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance projects. The relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is reconciled in the financial statements.

# CITY OF OREGON, OHIO

## Management's Discussion and Analysis For the Year Ended December 31, 2014

Unaudited

**Proprietary Funds** – Proprietary funds use the same basis of accounting as business-type activities; therefore, these statements will essentially match.

**Fiduciary Funds** – Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are *not* reflected in the government-wide financial statement because the resources of those funds are *not* available to support the City's programs. All of the City's fiduciary activities are reported in separate Statements of Fiduciary Net Position.

### FINANCIAL ANALYSIS OF THE CITY AS A WHOLE

The following table provides a comparison of net position between 2014 and 2013:

	Governmental Activities		Business-type Activities		Total	
	2014	2013	2014	2013	2014	2013

### Governmental Activities

Net position of the City's governmental activities increased by \$15,888,940. This was due primarily to strong income tax collections.

The City also receives an income tax, which is based on 2.25% of all salaries, wages, commissions and other compensation earned from residents living within the City and from nonresidents for work or services performed or rendered in the City.

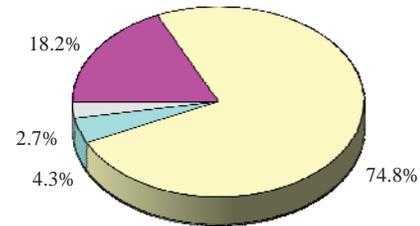

Property taxes and income taxes made up 3.4% and 71.4% respectively of revenues for governmental activities for the City in fiscal year 2014. The City's reliance upon tax revenues is demonstrated by the following graph indicating 74.8% of total revenues from general tax revenues:

# CITY OF OREGON, OHIO

## Management's Discussion and Analysis For the Year Ended December 31, 2014

Unaudited

Revenue Sources	2014	Percent of Total
General Shared Revenues	\$1,198,680	2.7%
Program Revenues	8,114,131	18.2%
General Tax Revenues	33,340,297	74.8%
General Other	1,917,092	4.3%
<b>Total Revenue</b>	<b>\$44,570,200</b>	<b>100.00%</b>

### Business-Type Activities

Net position of the business-type activities increased by \$349,906. This increase was due in large part to increases in charges for services during the year.

### FINANCIAL ANALYSIS OF THE CITY'S FUNDS

The City's governmental funds reported a combined fund balance of \$70,204,141, which is an increase from last year's balance of \$58,921,543. The schedule below indicates the fund balance and the total change in fund balance by fund type as of December 31, 2014 and 2013:

	Fund Balance December 31, 2014	Fund Balance December 31, 2013	Increase (Decrease)
General	\$53,460,072	\$46,422,100	\$7,037,972
Special Assessment Bond			
Retirement	307,919	225,297	82,622
Street Construction	2,728,982	541,332	2,187,650
Other Governmental	13,707,168	11,732,814	1,974,354
<b>Total</b>	<b>\$70,204,141</b>	<b>\$58,921,543</b>	<b>\$11,282,598</b>

General Fund – The City's General Fund balance increase is due to many factors. The tables that follow assist in illustrating the financial activities and balance of the General Fund:

	2014 Revenues	2013 Revenues	Increase (Decrease)
Taxes	\$26,978,687	\$23,317,387	\$3,661,300
Intergovernmental Revenue	666,521	910,054	(243,533)
Charges for Services	1,950,060	1,774,131	175,929
Fines, Licenses and Permits	590,125	511,047	79,078
Investment Earnings	1,020,962	41,991	978,971
Special Assessments	8,005	8,819	(814)
All Other Revenue	363,615	120,290	243,325
<b>Total</b>	<b>\$31,577,975</b>	<b>\$26,683,719</b>	<b>\$4,894,256</b>

# CITY OF OREGON, OHIO

---

## Management's Discussion and Analysis For the Year Ended December 31, 2014

Unaudited

General Fund revenues in 2014 increased approximately 18.3% compared to revenues in fiscal year 2013. The most significant factor contributing to this increase was an increase in income tax revenue and investment earnings.

	2014	2013	Increase
	<u>Expenditures</u>	<u>Expenditures</u>	<u>(Decrease)</u>
Security of Persons and Property	\$9,383,099	\$7,948,224	\$1,434,875
Public Health and Welfare Services	427,165	401,235	25,930
Leisure Time Activities	10,500	7,100	3,400
Community Environment	674,550	557,847	116,703
Transportation	2,883,954	2,473,214	410,740
General Government	3,959,335	3,716,149	243,186
Debt Service:			
Principal Retirement	29,703	28,636	1,067
Interest and Fiscal Charges	2,992	6,940	(3,948)
Total	<u>\$17,371,298</u>	<u>\$15,139,345</u>	<u>\$2,231,953</u>

General Fund expenditures increased by \$2,231,953 or 14.7% compared to the prior year mostly due to the increase in expenditures for security of persons and property.

### GENERAL FUND BUDGETARY INFORMATION

The City's budget is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The most significant budgeted fund is the General Fund.

During the course of fiscal year 2014 the City amended its General Fund budget several times.

For the General Fund, final budget basis revenue of \$19.5 million changed slightly from the original budget estimates of \$19.6 million. The General Fund had an adequate fund balance to cover expenditures.

### CHANGE IN FUND BALANCES

The increase in fund balance for the Special Assessment Bond Retirement Fund can be attributed to the decrease in principal and interest and fiscal charges paid in 2014.

The increase in fund balance for the Street Construction fund was largely related to the transfers in from the General Fund for street construction projects.

## CAPITAL ASSETS AND DEBT ADMINISTRATION

### Capital Assets

At the end of fiscal 2014 the City had \$100,181,603 net of accumulated depreciation invested in land, improvements, infrastructure, buildings, machinery and equipment, vehicles and construction in progress. Of this total, \$57,132,343 was related to governmental activities and \$43,049,260 to business-type activities. The following table shows fiscal year 2014 and 2013 balances:

	Governmental Activities		Increase (Decrease)
	2014	2013	
Land and Land Improvements	\$8,096,076	\$7,937,359	\$158,717
Construction in Progress	8,998,792	10,078,867	(1,080,075)
Buildings and Improvements	8,371,248	7,856,342	514,906
Machinery and Equipment	4,068,576	3,828,546	240,030
Vehicles	7,524,477	6,717,367	807,110
Infrastructure	62,375,314	56,066,737	6,308,577
Less: Accumulated Depreciation	(42,302,140)	(40,195,430)	(2,106,710)
Totals	<u>\$57,132,343</u>	<u>\$52,289,788</u>	<u>\$4,842,555</u>

	Business-Type Activities		Increase (Decrease)
	2014	2013	
Land	\$756,016	\$756,016	\$0
Construction in Progress	7,244,225	516,078	6,728,147
Buildings and Distribution	84,899,832	84,596,067	303,765
Machinery and Equipment	15,681,710	15,631,120	50,590
Vehicles	897,548	942,313	(44,765)
Less: Accumulated Depreciation	(66,430,071)	(63,931,887)	(2,498,184)
Totals	<u>\$43,049,260</u>	<u>\$38,509,707</u>	<u>\$4,539,553</u>

The primary increase occurred in infrastructure for the Governmental Activities. This was due to the construction expenses for the Flood Relief and Erosion Control Project and the Dustin Road Project. The largest increase in the Business-Type Activities was in construction in progress.

As of December 31, 2014, the City has contractual commitments of \$59,993,121, as listed in Note 16, for various projects. Included in these projects are street improvements, storm drainage, sanitary sewer, improvements to the Waste Water Treatment Plant and intersection improvements. Additional information on the City's capital assets can be found in Note 10.

## Management's Discussion and Analysis For the Year Ended December 31, 2014

Unaudited

---

### Debt

At December 31, 2014, the City had \$7.6 million in bonds outstanding, \$697,530 due within one year. The following table summarizes the City's debt outstanding as of December 31, 2014 and 2013:

	2014	2013
Governmental Activities:		
General Obligation Bonds	\$6,667,361	\$7,118,508
Special Assessment Bonds	75,000	98,000
Promissory Note	23,362	45,769
OPWC Loans Payable	1,077,564	686,775
Pension Liability	45,101	46,463
Workers Compensation Liability	72,718	164,948
Capital Lease Payable	62,766	92,469
Compensated Absences	2,765,995	2,572,783
Total Governmental Activities	<u>10,789,867</u>	<u>10,825,715</u>
Business-Type Activities:		
General Obligation Bonds	\$875,722	\$1,114,296
OWDA Loans Payable	21,531,145	17,380,418
OPWC Loans Payable	2,474,986	2,298,248
Compensated Absences	775,657	749,009
Total Business-Type Activities	<u>25,657,510</u>	<u>21,541,971</u>
Totals	<u>\$36,447,377</u>	<u>\$32,367,686</u>

State statutes limit the amount of unvoted general obligation debt the City may issue. The aggregate amount of the City's unvoted debt is also subject to overlapping debt restrictions with other political subdivisions. The actual aggregate amount of the City's unvoted debt, when added to that of other political subdivisions within the respective counties in which the City lies, is limited to ten mills. At December 31, 2014, the City's outstanding debt was below the legal limit. Additional information on the City's long-term debt can be found in Note 14.

For the Year Ended December 31, 2014***

***Unaudited***

---

## **ECONOMIC FACTORS**

The City's original budget for 2014 utilized conservative revenue estimates with limited adjustments in base operating costs. Original General Fund revenues were projected to be at the same level as actual receipts for 2013.

No additional personnel were added in the final approved budget. Department requests were reduced from original submissions; certain requested capital projects and capital acquisitions were eliminated or reduced; and only those items that management and City Council determined necessary were appropriated.

City Council continues to pursue new revenue sources, while reviewing the possibility of increasing existing sources, in addition to a continued review of reducing expenditures. A close watch of current economic conditions is ongoing to determine if increased revenues, or further reductions in expenditures, are necessary in order to maintain fiscal stability.

## **REQUESTS FOR INFORMATION**

This financial report is designed to provide our citizens, taxpayers, investors and creditors with a general overview of the City's finances and to show the City's accountability for the money it receives. If you have questions about this report or need additional financial information contact the Finance Department by calling 419-698-7000 or writing to City of Oregon Finance Department, 5330 Seaman Road, Oregon, Ohio 43616.

## *Reconciliation of The Statement of Revenues, Expenditures and Changes in Fund Balances of Governmental Funds to the Statement Of Activities For The Year Ended December 31, 2014*

---

Net Change in Fund Balances - Total Governmental Funds \$ 10,907,497

*Amounts reported for governmental activities in the statement of activities are different because*

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlay exceeded depreciation in the current period. 4,847,592

Governmental funds only report the disposal of assets to the extent proceeds are received from the sale. In the statement of activities, a gain or loss is reported for each disposal. This is the amount of the loss on the disposal of capital assets net of proceeds received. (5,037)

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds. (248,258)

The issuance of long-term debt provides current financial resources to governmental funds, but has no effect on net position. In addition, repayment of bond and loan principal along with other long-term obligations are expenditures in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position. 136,830

In the statement of activities, interest is accrued on outstanding bonds, whereas in governmental funds, an interest expenditure is reported when due. 1,361

Some expenses reported in the statement of activities, such as compensated absences, do not require the use of current financial resources and therefore are not reported as expenditures in the governmental funds. 181,889

The internal service funds are used by management to charge the costs of services to individual funds is not reported in the statement of activities. Governmental fund expenditures and related internal service fund revenues are eliminated. The net revenue (expense) of the internal service funds are allocated among the governmental activities. 67,066

*Change in Net Position of Governmental Activities* \$ 15,888,940

See accompanying notes to the basic financial statements

## ***Notes to the Basic Financial Statements For the Year Ended December 31, 2014***

---

### **NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The City of Oregon, Ohio (the "City") is a home rule municipal corporation created under the laws of the State of Ohio. The City operates under its own Charter. The current Charter, which provides for a Mayor/Council form of government, was adopted in 1958 and has been amended several times, most recently in 2002.

#### **A. Reporting Entity**

The accompanying basic financial statements of the City present the financial position of the various fund types, the results of operations of the various fund types and the cash flows of the proprietary funds. The financial statements are presented as of December 31, 2014 and for the year then ended and have been prepared in conformity with generally accepted accounting principles (GAAP) applicable to local governments. The Governmental Accounting Standards Board (the "GASB") is the standard-setting body for establishing governmental accounting and financial reporting principles, which are primarily set forth in the GASB's Codification of Governmental Accounting and Financial Reporting Standards (GASB Codification).

The accompanying basic financial statements comply with the provisions of GASB Statement No. 14, "*The Financial Reporting Entity*," as amended by GASB Statement No. 61 "*The Financial Reporting Entity: Omnibus; an amendment of GASB Statements No. 14 and No. 34*," in that the financial statements include all organizations, activities, functions and component units for which the City (the primary government) is financially accountable. Financial accountability is defined as the appointment of a voting majority of a legally separate organization's governing body and either (1) the City's ability to impose its will over the organization, or (2) the potential that the organization will provide a financial benefit to, or impose a financial burden on, the City.

Based on the foregoing, the City's financial reporting entity has no component units but includes all funds, agencies, boards and commissions that are part of the primary government, which includes the following services: police and fire protection, emergency medical, parks, recreation, cemetery, planning, zoning, street maintenance, judicial administration and other governmental services. In addition, the City owns and operates a water treatment and distribution system and a wastewater treatment and collection system, which are reported as enterprise funds.

The accounting policies and financial reporting practices of the City conform to generally accepted accounting principles as applicable to governmental units. The following is a summary of its significant accounting policies:

#### **B. Basis of Presentation - Fund Accounting**

The accounting system is organized and operated on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, deferred outflows of resources, liabilities, deferred inflows of resources, fund equity, revenues and expenditures (expenses). The various funds are summarized by type in the basic financial statements. The following fund types are used by the City:

# **CITY OF OREGON, OHIO**

---

## ***Notes to the Basic Financial Statements For the Year Ended December 31, 2014***

---

### **NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

#### **B. Basis of Presentation - Fund Accounting (Continued)**

*Governmental Funds* - Governmental funds are those funds through which most governmental functions are typically financed. The acquisition, use and balances of the City's expendable financial resources and the related current liabilities and deferred inflows of resources (except those accounted for in the proprietary funds) are accounted for through governmental funds. The measurement focus is upon determination of "financial flow" (sources, uses and balances of financial resources). The following are the City's major governmental funds:

General Fund - This fund is used to account for all financial resources except those accounted for in another fund. The general fund balance is available to the City for any purpose provided it is expended or transferred according to the general laws of Ohio.

Special Assessment Bond Retirement Fund – This fund is used to accumulate special assessment revenues collected by the County Treasurer and remitted to the City by the County Auditor for payment of assessment bonds.

Street Construction Fund – This fund is used to account for revenues received from various sources to be used for street construction projects within the City.

*Proprietary Funds* - All proprietary funds are accounted for on an "economic resources" measurement focus. This measurement focus provides that all assets and deferred outflows of resources and all liabilities and deferred inflows of resources associated with the operation of these funds are included on the balance sheet. Proprietary fund type operating statements present increases (i.e., revenues) and decreases (i.e., expenses) in total net position.

Enterprise Funds - These funds are used to account for operations that are financed and operated in a manner similar to private business enterprises, whereby the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. The City's major enterprise funds are:

Water Fund – This fund is used to account for the operation of the City's water service.

Sewer Fund – This fund is used to account for the operation of the City's sanitary sewer service.

# ***CITY OF OREGON, OHIO***

---

## ***Notes to the Basic Financial Statements For the Year Ended December 31, 2014***

---

### **NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

#### **B. Basis of Presentation - Fund Accounting (Continued)**

Internal Service Funds - These funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the City, or to other governments, on a cost-reimbursement basis. The City has three internal service funds, the Self Insurance Dental / Emergency Room Fund, the Workers' Compensation Fund and the Medical Spending Fund. These funds are used to account for monies received from city departments to cover the costs related to the self insurance program, potential liabilities for workers' compensation and for deposits from the employees into the medical cafeteria plan.

Fiduciary Funds - Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds and agency funds. Trust funds are used to account for assets held by the City under a trust agreement for individuals, private organizations or other governments and therefore not available to support the City's own programs. The City has no trust funds. The agency funds are custodial in nature (assets equal liabilities) and do not involve the measurement of results of operation. These funds operate on a full accrual basis of accounting. The City has five agency funds. These funds are used to account for monies received by the City in situations where the City's role is purely custodial in nature. The five funds are the Unclaimed Monies Fund, which is used to account for unclaimed monies, the Municipal Court Fund, which accounts for monies that flow through the municipal court office, the Ohio Board of Building Standards Assessment Fund, which accounts for assessed funds as required by the Ohio Revised Code, the Income Tax Joint District Fund, which accounts for income tax funds to be distributed between the City of Oregon and the City of Northwood and the Lucas County Water Collection Fund, which accounts for a portion of the revenue from Lucas County users of the City of Oregon's water.

#### **C. Basis of Presentation – Financial Statements**

Government-wide Financial Statements – The statement of net position and the statement of activities display information about the City as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The statements distinguish between those activities of the City that are governmental and those that are considered business-type activities. The activity of the internal service funds is eliminated to avoid “doubling up” revenues and expenses, however, the interfund services provided and used are not eliminated in the process of consolidation.

The government-wide statements are prepared using the economic resources measurement focus and the accrual basis of accounting. This is the same approach used in the preparation of the proprietary fund financial statements but differs from the manner in which governmental fund financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

# **CITY OF OREGON, OHIO**

---

## ***Notes to the Basic Financial Statements For the Year Ended December 31, 2014***

---

### **NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

#### **C. Basis of Presentation – Financial Statements (Continued)**

The government-wide statement of activities presents a comparison between direct expenses and program revenues for each segment of the business-type activities of the City and for each function or program of the City's governmental activities. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues which are not classified as program revenues are presented as general revenues of the City, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each business segment or governmental function is self-financing or draws from the general revenues of the City. Certain indirect costs are included in the program expenses reported for individual functions and activities.

*Fund Financial Statements* – Fund financial statements report detailed information about the City. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. Fiduciary funds are reported by fund type.

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental fund types are accounted for using a flow of current financial resources measurement focus. The financial statements for governmental funds are a balance sheet, which generally includes only current assets and deferred outflows of resources and current liabilities and deferred inflows of resources, and a statement of revenues, expenditures and changes in fund balances, which reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources.

All proprietary fund types are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and deferred outflows of resources and all liabilities and deferred inflows of resources associated with the operation of these funds are included on the statement of net position. The statement of changes in fund net position presents increases (i.e., revenues) and decreases (i.e., expenses) in total net position. The statement of cash flows provides information about how the City finances and meets the cash flow needs of its proprietary activities.

#### **D. Basis of Accounting**

Basis of accounting represents the methodology utilized in the recognition of revenues and expenditures or expenses reported in the financial statements. The accounting and reporting treatment applied to a fund is determined by its measurement focus.

# ***CITY OF OREGON, OHIO***

---

## ***Notes to the Basic Financial Statements For the Year Ended December 31, 2014***

---

### **NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

#### **D. Basis of Accounting (Continued)**

The modified accrual basis of accounting is followed by the governmental funds. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual, i.e., both measurable and available. The term "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period, which for the City is 60 days after year end. Expenditures are recognized in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest on general long-term debt which is recognized when due.

Non-exchange transactions, in which the City receives value without directly giving equal value in return, include income taxes, property taxes, grants, entitlements and donations. Revenue from income taxes is recognized in the period in which the income is earned and is available. Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied and the revenue is available. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the City must provide local resources to be used for a specific purpose, and expenditure requirements, in which the resources are provided to the City on a reimbursement basis. Revenues considered susceptible to accrual at year end include income taxes withheld by employers, interest on investments, special assessment, and state levied locally shared taxes (including motor vehicle license fees, and local government assistance). Other revenues, including licenses, permits, certain charges for services and miscellaneous revenues, are recorded as revenues when received in cash because generally these revenues are not measurable until actually received.

Special assessment installments, which are measurable, but not available at December 31, are recorded as deferred inflow of resources – unavailable amount. Property taxes measurable as of December 31, 2014, but which are not intended to finance 2014 operations and delinquent property taxes, whose availability is indeterminate, are recorded as deferred inflow of resources as further described in Note 7.

The accrual basis of accounting is utilized for reporting purposes by the proprietary funds and fiduciary funds. Revenues are recognized when they are earned and expenses are recognized when they are incurred. Government-Wide Statements are also prepared using the accrual basis of accounting.

---

## ***Notes to the Basic Financial Statements For the Year Ended December 31, 2014***

---

### **NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

#### **E. Deferred Inflows/Outflows of Resources**

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/ expenditure) until then. The City has one item that qualifies for reporting in this category. It is the deferred charge on refunding reported in the proprietary statements of net position. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time. On the government-wide statement of net position and governmental funds balance sheet, property taxes that are intended to finance future fiscal periods are reported as deferred inflows. In addition, the governmental funds balance sheet reports deferred inflows which arise only under a modified accrual basis of accounting. Accordingly, the item, *unavailable amounts*, is reported only in the governmental funds balance sheet. The governmental funds report unavailable amounts for delinquent property taxes, income taxes, special assessments, state levied shared taxes, interest and other revenues. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

This space intentionally left blank

---

## ***Notes to the Basic Financial Statements For the Year Ended December 31, 2014***

---

### **NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

#### **F. Budgetary Process**

The budgetary process is prescribed by provisions of the Ohio Revised Code and entails the preparation of budgetary documents within an established timetable. The major documents prepared are the tax budget, the certificate of estimated resources and the appropriation ordinance, all of which are prepared on the budgetary basis of accounting. The certificate of estimated resources and the appropriation ordinance are subject to amendment throughout the year.

All funds other than agency funds are legally required to be budgeted and appropriated; however, only governmental funds are required to be reported. The allocation of appropriations among departments and objects within a fund may be modified during the year only by an ordinance of City Council.

#### **1. Estimated Resources**

The County Budget Commission reviews estimated revenue and determines if the budget substantiates a need to levy all or part of previously authorized taxes. The Budget Commission then certifies its actions to the City by September 1 of each year. As part of the certification process, the City receives an official certificate of estimated resources stating the projected receipts by fund. Prior to December 31, the City must revise its budget so that the total contemplated expenditures from any fund during the ensuing fiscal year do not exceed the amount available as stated in the certificate of estimated resources. The revised budget then serves as the basis for the annual appropriations measure. On or about January 1, the certificate of estimated resources is amended to include any unencumbered fund balances from the preceding year. The certificate may be further amended during the year if a new source of revenue is identified or if actual receipts exceed current estimates. The amounts reported on the budgetary statements reflect the amounts in the first and final amended official certificate of estimated resources issued during 2014.

#### **2. Appropriations**

A temporary appropriation ordinance to control expenditures may be passed on or about January 1 of each year for the period January 1 through March 31. An annual appropriation ordinance must be passed by April 1 of each year for the period January 1 through December 31. The appropriation ordinance establishes spending controls at the legal level. The appropriation ordinance may be amended during the year as additional information becomes available, provided that total fund appropriations do not exceed the current estimated resources as certified by the County Budget Commission. The allocation of appropriations among departments and objects within a fund may be modified during the year only by an ordinance of City Council. During 2014 several supplemental appropriations were necessary to budget the use of contingency funds, major capital improvement projects and intergovernmental grant proceeds. Administrative control is maintained through the establishment of more detailed line-item budgets. The budgetary figures which appear in the "Statement of Revenues, Expenditures, and Changes in Fund Balances--Budget and Actual—for the General Fund are provided on the budgetary basis to provide a comparison of actual results with the final budget, including all amendments and modifications.

# ***CITY OF OREGON, OHIO***

---

## ***Notes to the Basic Financial Statements For the Year Ended December 31, 2014***

---

### **NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

#### **F. Budgetary Process (Continued)**

##### **3. Encumbrances**

As part of formal budgetary control, purchase orders, contracts and other commitments for expenditures are encumbered and recorded as the equivalent of expenditures (budget basis) in order to constrain that portion of the applicable appropriation and to determine and maintain legal compliance. However, on the GAAP basis of accounting, encumbrances do not constitute expenditures or liabilities and are reported in the fund balances for governmental funds in the accompanying basic financial statements.

##### **4. Lapsing of Appropriations**

At the close of each fiscal year, the unencumbered balance of each appropriation reverts to the respective fund from which it was appropriated and becomes subject to future appropriations. The encumbered appropriation balance is carried forward to the subsequent fiscal year and need not be reappropriated.

##### **5. Budgetary Basis of Accounting**

The City's budgetary process accounts for certain transactions on a basis other than generally accepted accounting principles (GAAP). The major differences between the budgetary basis and the GAAP basis lie in the manner in which revenues and expenditures are recorded. Under the budgetary basis, revenues and expenditures are recognized on the cash basis. Utilizing the cash basis, revenues are recorded when received in cash and expenditures when paid. Under the GAAP basis, revenues and expenditures are recorded on the modified accrual basis of accounting. On a budgetary basis investment earnings are recognized when realized, whereas on a GAAP basis unrealized gains and losses are recognized when investments are adjusted to fair value.

## Notes to the Basic Financial Statements For the Year Ended December 31, 2014

---

### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### F. Budgetary Process (Continued)

##### 5. Budgetary Basis of Accounting (Continued)

The following table summarizes the adjustments necessary to reconcile the GAAP basis statements to the budgetary basis statements for the general fund:

	<u>General Fund</u>
GAAP Basis (as reported)	\$6,662,871
Increase (Decrease):	
Accrued Revenues at December 31, 2014 received during 2015	(2,107,774)
Accrued Revenues at December 31, 2013 received during 2014	2,077,063
Accrued Expenditures at December 31, 2014 paid during 2015	1,077,973
Accrued Expenditures at December 31, 2013 paid during 2014	(926,935)
2013 Adjustment to Fair Value	(708,451)
2014 Adjustment to Fair Value	338,115
2013 Prepaids for 2014	124,037
2014 Prepaids for 2015	(135,348)
Outstanding Encumbrances	(503,966)
Perspective Difference:	
Activity of Funds Reclassified for GAAP Reporting Purposes	(629)
Budget Basis	<u><u>\$5,896,956</u></u>

#### G. Cash and Cash Equivalents

Cash and cash equivalents include amounts in demand deposits, short-term certificates of deposit and the State Treasury Asset Reserve (STAR Ohio). STAR Ohio is a very liquid investment and is reported as a cash equivalent in the basic financial statements. The certificates of deposit are considered cash equivalents because they are highly liquid investments with original maturity dates of three months or less.

# **CITY OF OREGON, OHIO**

---

## ***Notes to the Basic Financial Statements For the Year Ended December 31, 2014***

---

### **NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

#### **G. Cash and Cash Equivalents** (Continued)

The City pools its cash for investment and resource management purposes. Each fund's equity in pooled cash and investments represents the balance on hand as if each fund maintained its own cash and investment account. For purposes of the statement of cash flows, the proprietary funds' shares of equity in pooled certificates of deposit are considered to be cash equivalents. See Note 6, "Cash, Cash Equivalents and Investments."

#### **H. Investments**

Investment procedures and interest allocations are restricted by provisions of the Ohio Constitution, the Ohio Revised Code and the Oregon Municipal Code. In accordance with GASB Statement No. 31, "Accounting and Financial Reporting for Certain Investments and for External Investment Pools", the City records all its investments at fair value except for nonparticipating investment contracts (certificates of deposit) which are reported at cost, which approximates fair value. All investment income, including changes in the fair value of investments, are recognized as revenue in the operating statements. Fair value is determined by quoted market prices. See Note 6, "Cash, Cash Equivalents and Investments."

The City has invested funds in the STAR Ohio during 2014. STAR Ohio is an investment pool managed by the State Treasurer's Office, which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in STAR Ohio are valued at STAR Ohio's share price, which is the price the investment could be sold for on December 31, 2014.

#### **I. Inventory**

Inventory is stated at cost (first-in, first-out) in the governmental funds and at the lower of cost or market in the proprietary funds. The costs of inventory items are recorded as expenditures in the governmental funds when purchased and as expenses in the proprietary funds when used.

#### **J. Prepaid Items**

Payments made to vendors for services that will benefit periods beyond December 31, 2014, are recorded as prepaid items using the consumption method. A current asset for the prepaid amount is recorded at the time of the purchase and an expenditure/expense is reported in the year in which services are consumed.

# CITY OF OREGON, OHIO

---

## Notes to the Basic Financial Statements For the Year Ended December 31, 2014

---

### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### **K. Capital Assets and Depreciation**

Capital assets are defined by the City as assets with an initial, individual cost of more than \$5,000.

##### 1. Property, Plant and Equipment - Governmental Activities

Governmental activities capital assets are those not directly related to the business type funds. These generally are acquired or constructed for governmental activities and are recorded as expenditures in the governmental funds and are capitalized at cost (or estimated historical cost for assets not purchased in recent years). These assets are reported in the Governmental Activities column of the Government-wide Statement of Net Position, but they are not reported in the Fund Financial Statements. All infrastructure acquired prior to the implementation of GASB Statement No. 34, “*Basic Financial Statements – and Management’s Discussion and Analysis – for State and Local Governments*”, has been reported.

Contributed capital assets are recorded at fair market value at the date received. Capital assets include land, buildings, building improvements, machinery, equipment and infrastructure. Infrastructure is defined as long-lived capital assets that normally are stationary in nature and normally can be preserved for a significant number of years. Examples of infrastructure include roads, bridges, curbs and gutters, streets and sidewalks, drainage systems and lighting systems. Estimated historical costs for governmental activities capital asset values were initially determined by identifying historical costs when such information was available. In cases where information supporting original cost was not obtainable, estimated historical costs were developed. For certain capital assets, the estimates were arrived at by indexing estimated current costs back to the estimated year of acquisition.

##### 2. Property, Plant and Equipment – Business Type Activities

Property, plant and equipment acquired by the proprietary funds are stated at cost (or estimated historical cost), including interest capitalized during construction and architectural and engineering fees where applicable. Contributed capital assets are recorded at fair market value at the date received. These assets are reported in both the Business-Type Activities column of the Government-wide Statement of Net Position and in the respective funds.

##### 3. Depreciation

All capital assets are depreciated, excluding land and construction in progress. Depreciation has been provided using the straight-line method over the following estimated useful lives:

Description	Governmental and Business-Type Activities Estimated Lives (in years)
Buildings	20 - 40
Improvements other than Buildings/Infrastructure	10 - 50
Machinery, Equipment, Furniture and Fixtures	5 - 10

# **CITY OF OREGON, OHIO**

---

## ***Notes to the Basic Financial Statements For the Year Ended December 31, 2014***

---

### **NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

#### **L. Long-Term Obligations**

Long-term liabilities are being repaid from the following funds:

<u>Obligation</u>	<u>Fund</u>
General Obligation Bonds	General Obligation Bond Retirement Fund Sewer Fund
Special Assessment Bonds	Special Assessment Bond Retirement Fund
Ohio Water Development Authority Loans	Special Assessment Bond Retirement Fund Sewer Fund, Water Fund
Ohio Public Works Commission Loan	General Obligation Bond Retirement Fund Sewer Fund, Water Fund
Workers Compensation Liability	Workers Compensation Fund
Promissory Notes	General Obligation Bond Retirement Fund
Police and Firemen's Pension Accrued Liability	General Fund
Compensated Absences	General Fund Emergency Medical Services Operating Fund Recreation Fund, Water Fund, Sewer Fund

#### **M. Compensated Absences**

All full-time City employees earn vacation at varying rates based upon length of service. Carryovers are allowed by contracts up to 40 hours for bargaining contracts and 120 hours for non-bargaining legislation. Any additions require legislative approval. Upon separation from the City, the employee (or his estate) is paid for his accumulated unused vacation leave balance.

All full-time City employees earn sick leave at the rate of 1.25 days per calendar month of active service. Upon retirement from the City's service, an employee receives one hour of monetary compensation for each two hours of unused sick leave. The monetary compensation is equal to the hourly rate of compensation of the employee at the time of retirement.

In accordance with GASB Statement No. 16, "*Accounting for Compensated Absences*," the City records a liability for vacation time and sick leave when the obligation is attributable to services previously rendered or to rights that vest or accumulate, and when payment of the obligation is probable and can be reasonably determined.

# ***CITY OF OREGON, OHIO***

---

## ***Notes to the Basic Financial Statements For the Year Ended December 31, 2014***

---

### **NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

#### **M. Compensated Absences (Continued)**

For governmental funds, that portion of unpaid compensated absences that has matured and is expected to be paid using expendable, available resources is reported as an expenditure in the fund from which the individual earning the leave is paid, and a corresponding liability is reflected in the account "Compensated Absences Payable." In the government wide statement of net position, "Compensated Absences Payable" is recorded within the "Due within one year" account and the long-term portion of the liability is recorded within the "Due in more than one year" account. Compensated absences are expensed in the proprietary funds when earned and the related liability is reported within the fund.

#### **N. Net Position**

Net position represents the difference between assets plus deferred outflows of resources and liabilities plus deferred inflow of resources. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the City or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

The City applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

This space intentionally left blank

# **CITY OF OREGON, OHIO**

---

## ***Notes to the Basic Financial Statements For the Year Ended December 31, 2014***

---

### **NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

#### **O. Fund Balances**

In the fund financial statements, fund balance for governmental funds is reported in classifications that comprise a hierarchy based primarily on the extent to which the City is bound to honor constraints on the specific purpose for which amounts in the funds can be spent. Fund balance is reported in five components – nonspendable, restricted, committed, assigned and unassigned.

*Nonspendable* – Nonspendable fund balance includes amounts that cannot be spent because they are either not in spendable form or legally contractually required to be maintained intact.

*Restricted* – Restricted fund balance consists of amounts that have constraints placed on them either externally by third parties (creditors, grantors, contributors, or laws or regulations of other governments) or by law through constitutional provisions or enabling legislation. Enabling legislation authorizes the City to assess, levy, charge or otherwise mandate payment of resources (from external resource providers) and includes a legally enforceable requirement (compelled by external parties) that those resources be used only for the specific purposes stipulated in the legislation.

*Committed* – Committed fund balance consists of amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the City’s highest level of decision making authority. For the City, these constraints consist of ordinances passed by City Council. Committed amounts cannot be used for any other purpose unless the City removes or changes the specified use by taking the same type of action (ordinance) it employed previously to commit those amounts.

*Assigned* – Assigned fund balance consists of amounts that are constrained by the City’s intent to be used for specific purposes, but are neither restricted nor committed.

*Unassigned* – Unassigned fund balance consists of amounts that have not been restricted, committed or assigned to specific purposes within the General Fund as well as negative fund balances in all other governmental funds.

When both restricted and unrestricted resources are available for use, it is the City’s policy to use restricted resources first, then unrestricted (committed, assigned and unassigned) resources as they are needed.

# ***CITY OF OREGON, OHIO***

---

## ***Notes to the Basic Financial Statements For the Year Ended December 31, 2014***

---

### **NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

#### **P. Pensions**

The provision for pension costs is recorded when the related payroll is accrued and the obligation is incurred.

#### **Q. Interfund Activity**

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after nonoperating revenues/expenses in proprietary funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

Transfers between governmental and business-type activities on the government-wide statements are reported in the same manner as general revenues. In addition, interfund transfers between governmental funds are eliminated for reporting on the government-wide financial statements. Only transfers between governmental activities and business-type activities are reported on the statement of activities.

#### **R. Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

#### **S. Operating Revenues and Expenses**

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. For the City, these revenues are charges for services for water treatment and distribution, wastewater collection and treatment and maintenance of storm water collection systems. Operating expenses are necessary costs incurred to provide the good or service that is the primary activity of the fund. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

#### **T. Extraordinary and Special Items**

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of the City Council and that are either unusual in nature or infrequent in occurrence. Neither type of transaction occurred during fiscal year 2014.

# ***CITY OF OREGON, OHIO***

---

## ***Notes to the Basic Financial Statements For the Year Ended December 31, 2014***

---

### **NOTE 2 - COMPLIANCE AND ACCOUNTABILITY**

#### **A. Fund Deficits**

The fund deficit at December 31, 2014 of \$21,608 in the EMS Operating Fund (special revenue fund) arose from the recognition of expenditures on the modified accrual basis of accounting which are greater than expenditures recognized on the budgetary basis. The deficit does not exist under the cash basis of accounting. The General Fund provides transfers when cash is required, not when accruals occur.

#### **B. Negative Fund Cash Balance**

Ohio Revised Code Section 5705.10 states monies paid into any fund shall be used only for the purposes for which the fund is established. The Waste Water Treatment Plant Improvement Fund had a negative fund balance in the amount of \$1,496,660 at December 31, 2014. This fund is reported as part of the Sewer Fund on the financial statements.

### **NOTE 3 – CHANGE IN ACCOUNTING PRINCIPLE**

For 2014 the City implemented GASB Statement No. 69, “*Government Combinations and Disposals of Government Operations*,” and GASB Statement No. 70, “*Accounting and Financial Reporting for Nonexchange Financial Guarantees*”.

Statement No. 69 establishes accounting and financial reporting standards for mergers, acquisitions, and transfers of operations (i.e., government combinations). This statement also provides guidance on how to determine the gain or loss on a disposal of government operations.

Statement No. 70 establishes accounting and financial reporting standards for situations where a state or local government , as guarantor, agrees to indemnify a third-party obligation holder under specific conditions.

The implementation of these GASB Statements had no impact on beginning of year fund balance/net position.

### NOTE 4 – RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

#### A. Explanation of certain differences between the governmental fund balance sheet and the government-wide statement of net position

The governmental fund balance sheet includes a reconciliation between fund balance – total governmental funds and net position of governmental activities as reported in the government-wide statement of net position. The following is a detailed listing of those reconciling items that are net adjustments or a combination of several transactions:

*Other long-term assets not available to pay for current-period expenditures:*

Delinquent Income Tax Revenue	\$655,429
Delinquent Property Tax Revenue	55,674
Shared Revenues	455,388
Interest Revenues	88,708
All Other Revenue	131,504
Special Assessment Revenue	<u>3,171,021</u>
	\$4,557,724

*Long-Term liabilities not reported in the funds:*

Special Assessment Bonds Payable	(\$75,000)
General Obligation Bonds Payable	(6,527,335)
OPWC Loans Payable	(1,077,564)
Promissory Note Payable	(23,362)
Accrued Pension Liability	(45,101)
Accrued Interest on Long-Term Debt	(13,996)
Premium on Bonds Issued	(140,026)
Capital Leases Payable	(62,766)
Compensated Absences Payable	<u>(2,765,995)</u>
	(\$10,731,145)

# CITY OF OREGON, OHIO

---

### NOTE 4 – RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (Continued)

#### **B. Explanation of certain differences between the governmental fund statement of revenues, expenditures, and changes in fund balances and the government-wide statement of activities**

The governmental fund statement of revenues, expenditures, and changes in fund balances includes a reconciliation between net changes in fund balances – total governmental funds and changes in net position of governmental activities as reported in the government – wide statement of activities. The following is a detailed listing of those reconciling items that are net adjustments or a combination of several transactions:

*Amount by which capital outlay exceeded depreciation in the current period:*

Capital Outlay	\$7,055,862
Depreciation Expense	(2,208,270)
	<u>\$4,847,592</u>

*Governmental revenues not reported in the funds:*

Increase in Delinquent Income Tax Revenue	\$132,321
Decrease in Delinquent Property Tax	(19,363)
Decrease in Shared Revenue	(396,225)
Decrease in All Other Revenues	(12,560)
Increase in Interest Revenue	24,073
Increase in Special Assessment Revenue	23,496
	<u>(\$248,258)</u>

*Expenses not requiring the use of current financial resources:*

Increase in Compensated Absences Payable	(\$193,212)
Increase in supplies inventory	375,101
	<u>\$181,889</u>

## ***Notes to the Basic Financial Statements For the Year Ended December 31, 2014***

---

### **NOTE 6 - CASH, CASH EQUIVALENTS AND INVESTMENTS**

Cash resources of several individual funds are combined to form a pool of cash, cash equivalents and investments. In addition, investments are separately held by a number of individual funds. Statutes require the classification of funds held by the City into three categories:

Category 1 consists of "active" funds - those funds required to be kept in "cash" or "near cash" status for immediate use by the City. Such funds must be maintained either as cash in the City Treasury or in depository accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts.

Category 2 consists of "inactive" funds - those funds not required for use within the current five year period of designation of depositories. Inactive funds may be deposited or invested only as certificates of deposit maturing no later than the end of the current period of designation of depositories.

Category 3 consists of "interim" funds - those funds not needed for immediate use but needed before the end of the current period of designation of depositories. Interim funds may be invested or deposited in the following securities:

- United States treasury notes, bills, bonds, or any other obligation or security issued by the United States treasury or any other obligation guaranteed as to principal or interest by the United States;
- Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality, including but not limited to, the federal national mortgage association, federal home loan bank, federal farm credit bank, federal home loan mortgage corporation, government national mortgage association, and student loan marketing association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
- Written repurchase agreements in the securities listed above provided that the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and that the term of the agreement must not exceed thirty days;
- Interim deposits in eligible institutions applying for interim funds;
- Bonds and other obligations of the State of Ohio;
- No-load money market mutual funds consisting exclusively of obligations described in the first two bullets of this section and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions, and
- The State Treasury Asset Reserve of Ohio (STAR Ohio).

# CITY OF OREGON, OHIO

## Notes to the Basic Financial Statements For the Year Ended December 31, 2014

### NOTE 6 - CASH, CASH EQUIVALENTS AND INVESTMENTS (Continued)

#### A. Deposits

Custodial credit risk is the risk that, in the event of a bank failure, the City's deposits may not be returned. The City's policy is to place deposits with major local banks. All deposits, except for deposits held by fiscal and escrow agents or trustees, are collateralized with eligible securities. The securities pledged as collateral are pledged to a pool for each individual financial institution in amounts equal to at least 105% of the carrying value of all public deposits held by each institution. Collateral permitted by Chapter 135 of the ORC is limited to obligations of the United States and its agencies, bonds of any state, and bonds and other obligations of any county, municipal corporation or other legally constituted authority of the State of Ohio, or any instrumentality of such county, municipal corporation or other authority. Such collateral, as permitted by Chapter 135 of the ORC is held in single financial institution collateral pools at Federal Reserve Banks, or at member banks of the federal reserve system in the name of the respective depository bank and pledged as a pool of collateral against all of the public deposits it holds or as specific collateral held at a Federal Reserve Bank in the name of the City.

At year end the carrying amount of the City's deposits was \$28,491,625 and the bank balance was \$30,158,708. The Federal Deposit Insurance Corporation (FDIC) covered \$11,284,572 of the bank balance and \$18,874,136 was uninsured. Of the remaining uninsured bank balance, the City was exposed to custodial risk as follows:

	<u>Balance</u>
Uninsured and collateralized with securities held by the pledging institution's trust department not in the City's name	<u>\$18,874,136</u>
Total Balance	<u><u>\$18,874,136</u></u>

Investment earnings of \$393,373 earned by other funds were credited to the General Fund as required by local statute.

#### B. Investments

The City's investments at December 31, 2014 are summarized below:

	Fair Value	Credit Rating	Investment Maturities (in Years)		
			less than 1	1-3	3-5
FHLB	\$16,489,529	AA+ <sup>1</sup> / Aaa <sup>2</sup>	\$0	\$2,993,770	\$13,495,759
FHLMC	8,330,280	AA+ <sup>1</sup> / Aaa <sup>2</sup>	0	497,960	7,832,320
FNMA	20,560,495	AA+ <sup>1</sup> / Aaa <sup>2</sup>	0	5,004,509	15,555,986
FFCB	5,452,815	AA+ <sup>1</sup> / Aaa <sup>2</sup>	0	2,480,725	2,972,090
Negotiable CD's	4,911,219	AA+ <sup>1</sup>	250,125	1,940,391	2,720,703
STAR Ohio	914	AAAm <sup>1</sup>	914	0	0
Total Investments	<u>\$55,745,252</u>		<u>\$251,039</u>	<u>\$12,917,355</u>	<u>\$42,576,858</u>

<sup>1</sup> Standard & Poor's

<sup>2</sup> Moody's Investor Service

# CITY OF OREGON, OHIO

## Notes to the Basic Financial Statements For the Year Ended December 31, 2014

### NOTE 6 - CASH, CASH EQUIVALENTS AND INVESTMENTS (Continued)

#### **B. Investments** (Continued)

*Interest Rate Risk* – The Ohio Revised Code generally limits security purchases to those that mature within five years of settlement date.

*Credit Risk* – The City’s investments in FHLB, FHLMC, FNMA and FFCB securities were rated AA+ and Aaa by Standard & Poor’s and Moody’s Investor Services, respectively. Investments in Star Ohio were rated AAAM by Standard & Poor’s.

*Custodial Credit Risk* – The City’s investments in FHLB, FHLMC, FNMA and FFCB securities in the amounts of \$16,489,529, \$8,330,280, \$20,560,495 and \$5,452,815, respectively, are uninsured and unregistered with securities held by the counterparty's trust department or agent in the City's name.

*Concentration of Credit Risk* – The City places no limit on the amount the City may invest in one issuer. Of the City’s total investments, 29.6% are FHLB, 14.9% are FHLMC, 36.8% are FNMA, 9.9% are FFCB, less than 1% is Star Ohio and 8.8% are negotiable CD’s.

#### **C. Reconciliation of Cash, Cash Equivalents and Investments**

A reconciliation between classifications of cash and investments on the financial statements and classifications per items A and B of this note are as follows:

	Cash and Cash Equivalents	Investments
Per Financial Statements	\$23,492,539	\$60,744,338
Certificates of Deposit (with maturities of more than 3 months)	5,000,000	(5,000,000)
Investments:		
STAR Ohio	(914)	914
Per Footnote	<u>\$28,491,625</u>	<u>\$55,745,252</u>

### NOTE 7 - TAXES

#### **A. Property Taxes**

Property taxes include amounts levied against all real estate and public utility property, and tangible personal property used in business and located in the City. Real property taxes (other than public utility) collected during 2014 were levied after October 1, 2013 on assessed values as of January 1, 2013, the lien date. Assessed values were established by the County Auditor at 35% of appraised market value. All property is required to be revalued every six years. The last revaluation was completed in 2012 and the equalization adjustment was completed in 2009. Real property taxes are payable annually or semi-annually. The first payment is due January 31; the remainder is payable by July 31.

## ***CITY OF OREGON, OHIO***

---

### ***Notes to the Basic Financial Statements For the Year Ended December 31, 2014***

---

#### **NOTE 7 - TAXES (Continued)**

##### **A. Property Taxes (Continued)**

Public utility real property taxes collected in one calendar year are levied in the preceding calendar year on assessed values determined as of December 31 of the second year preceding the tax collection year, the lien date. Certain public utility tangible personal property is currently assessed at 100% of its true value. Public utility property taxes are payable on the same dates as real property described previously.

The Lucas County Treasurer collects property taxes on behalf of all taxing districts in the County including the City of Oregon. The County Auditor periodically remits to the City its portion of the taxes collected.

The full property tax rate for all City operations for the year ended December 31, 2014 was \$4.00 per \$1,000 of assessed value. The assessed value upon which the 2014 tax receipts were based was \$421,621,770. This amount constitutes \$393,670,450 in real property assessed value and \$27,951,320 in public utility assessed value.

Ohio law prohibits taxation of property from all taxing authorities in excess of 1% of assessed value without a vote of the people. Under current procedures, the City's share is 0.400% (4.00 mills) of assessed value.

##### **B. Income Tax**

The City levies a tax of 2.25% on all salaries, wages, commissions and other compensation and on net profits earned within the City as well as on incomes of residents earned outside the City. In the latter case, the City allows a credit of 100% of the tax paid to another municipality to a maximum of the total amount assessed. Employers within the City are required to withhold income tax on employee compensation and remit the tax to the City either monthly or quarterly, as required. Corporations and other individual taxpayers are required to pay their estimated tax quarterly and file a declaration annually.

**CITY OF OREGON, OHIO**

**Notes to the Basic Financial Statements  
For the Year Ended December 31, 2014**

**NOTE 8 - RECEIVABLES**

Receivables at December 31, 2014 consisted of taxes, interest, loans, accounts receivable, special assessments and intergovernmental receivables.

**NOTE 9 - TRANSFERS**

Following is a summary of transfers in and out for all funds for 2014:

	Transfers In:						Total
	General Fund	Special Assessment Bond Retirement Fund	Street Construction Fund	Other Governmental Funds	Water Fund	Sewer Fund	
Transfers Out:							
General Fund	\$0	\$0	\$2,951,458	\$1,000,124	\$2,394,600	\$1,200,000	\$7,546,182
Other Governmental Funds	2,000	0	1,684,155	643,825	0	0	2,329,980
Sewer Fund	0	57,795	0	150,000	0	0	207,795
	<u>\$2,000</u>	<u>\$57,795</u>	<u>\$4,635,613</u>	<u>\$1,793,949</u>	<u>\$2,394,600</u>	<u>\$1,200,000</u>	<u>\$10,083,957</u>

Transfers are used to (1) move revenues from the fund that statute or budget required to collect them to the fund that statute or budget requires to expend them, (2) move receipts restricted to debt service from the funds collecting the receipts to the debt service fund as debt service payments become due, and (3) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorization.

Transfers of \$6,697,152 were eliminated on the entity-wide statement of activities since they were within the governmental and business-type activities.

# ***CITY OF OREGON, OHIO***

---

## ***Notes to the Basic Financial Statements For the Year Ended December 31, 2014***

---

### **NOTE 11 – DEFINED BENEFIT PENSION PLANS**

All of the City's full-time employees participate in one of two separate retirement systems which are cost-sharing multiple employer defined benefit pension plans.

#### **A. Ohio Public Employees Retirement System (“OPERS”)**

The following information was provided by OPERS to assist the City in complying with GASB Statement No. 27, “*Accounting for Pensions by State and Local Government Employers.*”

All employees of the City, except full-time uniformed police officers and full-time firefighters, participate in one of the three pension plans administered by OPERS: the Traditional Pension Plan (TP), the Member-Directed Plan (MD), and the Combined Plan (CO). The TP Plan is a cost-sharing multiple employer defined benefit pension plan. The MD Plan is a defined contribution plan in which the member invests both member and employer contributions (employer contributions vest over five years at 20% per year). Under the MD Plan members accumulate retirement assets equal to the value of member and (vested) employer contributions plus any investment earnings thereon. The CO Plan is a cost-sharing multiple-employer defined benefit pension plan that has elements of both a defined benefit and defined contribution plan. Under the CO Plan employer contributions are invested by the retirement system to provide a formula retirement benefit similar in nature to the TP Plan. Member contributions, the investment of which is self-directed by the members, accumulate retirement assets in a manner similar to the MD Plan.

OPERS provides retirement, disability, survivor and death benefits and annual cost-of-living adjustments to members of the TP Plan and CO Plan. Members of the MD Plan do not qualify for ancillary benefits, including postemployment health care benefits. Chapter 145 of the Ohio Revised Code provides statutory authority to establish and amend benefits. The Ohio Public Employees Retirement System issues a stand-alone financial report that includes financial statements and required supplementary information for OPERS. Interested parties may obtain a copy by visiting <https://www.opers.org/investments/cafr.shtml>, by making a written request to OPERS, 277 East Town Street, Columbus, Ohio 43215-4642 or by calling (614) 222-5601 or 1-800-222-7377.

The ORC provides statutory authority for employee and employer contributions. For 2014, employee and employer contribution rates were consistent across all three plans (TP, MD and CO). The employee contribution rate is 10.0%. The 2014 employer contribution rate for local government employer units was 14.00% of covered payroll, which is the maximum contribution rate set by State statutes. Employer contribution rates are actuarially determined. A portion of the City's contribution is used to fund pension obligations with the remainder being used to fund health care benefits. The portion of employer contributions allocated to pension obligations for members in the Traditional and Combined Plans was 12.0% for calendar year 2014. The City's contributions for pension obligations to OPERS for the years ending December 31, 2014, 2013, and 2012 were \$1201,202, \$1,134,077 and \$1,120,241, respectively, or 92.6% of the required contributions for 2014 and 100% of the required contributions for 2013 and 2012. The unpaid contribution to fund pension obligations for 2014, in the amount of \$88,401, is recorded as a liability within the respective funds.

## ***CITY OF OREGON, OHIO***

---

### ***Notes to the Basic Financial Statements For the Year Ended December 31, 2014***

---

#### **NOTE 11 – DEFINED BENEFIT PENSION PLANS (Continued)**

##### **B. Ohio Police and Fire Pension Fund (“OP&F”)**

All City full-time police officers and full-time firefighters participate in OP&F, a cost-sharing multiple-employer defined benefit pension plan. OP&F provides retirement and disability benefits, annual cost of living adjustments and death benefits to plan members and beneficiaries. Contribution requirements and benefit provisions are established by the Ohio State Legislature and are codified in Chapter 742 of the ORC. The Ohio Police and Fire Pension Fund issues a stand-alone financial report that includes financial statements and required supplementary information for the plan. Interested parties may obtain a copy by making a written request to 140 East Town Street, Columbus, Ohio 43215-5164, by calling (614) 228-2975, or by visiting [www.op-f.org](http://www.op-f.org).

From January 1, 2014 through July 1, 2014, plan members were required to contribute 10.75% of their annual covered salary. From July 2, 2014 through December 31, 2014, plan members were required to contribute 11.5% of their annual covered salary. Throughout 2014, employers were required to contribute 19.5% and 24.0% respectively for police officers and firefighters. A portion of the City’s contribution is used to fund pension obligations with the remainder being used to fund health care benefits; for 2014, 19.0% of annual covered salary for police and 23.5% of annual covered salary for firefighters, respectively, were the portions used to fund pension obligations. The City’s contributions for pension obligations to the OP&F Fund for the years ending December 31, 2014, 2013, and 2012 were \$699,469, \$639,484 and \$651,425 for police officers and \$223,703, \$228,426 and \$212,323 for firefighters, respectively, or 92.2% and 93.6%, respectively of the required contributions for 2014 and 100% of the required contributions for 2013 and 2012. The unpaid contribution to fund pension obligations for 2014, in the amounts of \$54,226 for police and \$14,336 for fire, is recorded as a liability within the respective funds.

***Notes to the Basic Financial Statements  
For the Year Ended December 31, 2014***

---

**NOTE 12 - POSTEMPLOYMENT BENEFITS**

**A. Ohio Public Employees Retirement System (“OPERS”)**

Plan Description – OPERS administers three separate pension plans: the Traditional Pension Plan – a cost-sharing, multiple-employer defined benefit pension plan; the Member directed Plan – a defined contribution plan; and the Combined Plan – a cost sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and defined contribution plan.

OPERS maintains a cost-sharing, multiple-employer defined benefit post-employment health care plan, which includes a medical plan, prescription drug program and Medicare Part B Premium reimbursement, to qualifying member of both the Traditional Pension and the Combined Plans. Members of the Member Directed Plan do not qualify for ancillary benefits, including post-employment health care coverage.

In order to qualify for post-employment health care coverage, age-and-service retirees under the Traditional Pension and Combined Plans must have 10 or more years of qualifying Ohio service credit. Health care coverage for disability benefit recipients and qualified survivor benefit recipients is available. The health care coverage provided by OPERS is considered an Other Postemployment Benefit (OPEB) as described in GASB Statement No. 45. OPERS’ eligibility requirements for post-employment health care coverage changed for those retiring on and after January 1, 2015. Please see the Plan Statement in the OPERS 2013 CAFR for details.

The ORC permits, but does not mandate, OPERS to provide OPEB benefits to its eligible members and beneficiaries. Authority to establish and amend benefits is provided in Chapter 145 of the ORC.

OPERS issues a stand-alone financial report. Interested parties may obtain a copy by visiting <https://www.opers.org/investments/cafr.shtml>, by making a written request to OPERS, 277 East Town Street, Columbus, Ohio 43215-4642 or by calling (614) 222-5601 or 1-800-222-7377.

# ***CITY OF OREGON, OHIO***

---

## ***Notes to the Basic Financial Statements For the Year Ended December 31, 2014***

---

### **NOTE 12 - POSTEMPLOYMENT BENEFITS (Continued)**

#### **A. Ohio Public Employees Retirement System (“OPERS”) (Continued)**

Funding Policy – The ORC provides the statutory authority requiring public employers to fund post retirement health care coverage through their contributions to OPERS. A portion of each employer’s contribution to OPERS is set aside for the funding of post retirement health care benefits. Employer contribution rates are expressed as a percentage of the covered payroll of active members. In 2014, local government employers contributed at a rate of 14.00% of covered payroll. The ORC currently limits the employer contribution to a rate not to exceed 14.00% of covered payroll for local government employers. Active members do not make contributions to the OPEB plan.

The OPERS Postemployment Health Care plan was established under, and is administered in accordance with Internal Revenue Code 401(h). Each year the OPERS Retirement Board determines the portion of the employer contribution rate that will be set aside for funding of postemployment health care benefits. The portion of employer contributions allocated to health care for members in the Traditional and Combined Plans was 2.0% for calendar year 2014. Effective January 1, 2015, the portion of employer contributions allocated to healthcare remains at 2.0% for both plans, as recommended by the OPERS actuary. The OPERS Retirement Board is also authorized to establish rules for the payment of a portion of the health care benefits provided by the retiree or their surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and the coverage selected.

The City's contributions for health care to the OPERS for the years ending December 31, 2014, 2013, and 2012 were \$171,600, \$81,006 and \$320,069, respectively, or 92.6% of the required contributions for 2014 and 100% of the required contributions for 2013 and 2012.

Changes to the health care plan were adopted by the OPERS Board of Trustees on September 19, 2012, with a transition plan commencing January 1, 2014. With the recent passage of pension legislation under SB 343 and the approved health care changes, OPERS expects to be able to consistently allocate 4 percent of the employer contributions toward the health care fund after the end of the transition period.

#### **B. Ohio Police and Fire Pension Fund (“OP&F”)**

Plan Description – The City contributes to the OP&F sponsored health care program, a cost-sharing multiple-employer defined postemployment health care plan administered by OP&F. OP&F provides health care benefits including coverage for medical, prescription drugs, dental, vision, Medicare Part B Premium and long term care to retirees, qualifying benefit recipients and their eligible dependents.

### **NOTE 12 - POSTEMPLOYMENT BENEFITS (Continued)**

#### **B. Ohio Police and Fire Pension Fund (“OP&F”) (Continued)**

OP&F provides access to post-retirement health care coverage for any person who receives or is eligible to receive a monthly service, disability, or survivor benefit check or is a spouse or eligible dependent child of such person. The health care coverage provided by OP&F is considered an Other Postemployment Benefit (OPEB) as described in GASB Statement No. 45.

The ORC permits, but does not mandate, OP&F to provide OPEB benefits. Authority to establish and amend benefits is provided in Chapter 742 of the ORC.

OP&F issues a stand-alone financial report that includes financial information and required supplementary information for the plan. Interested parties may obtain a copy by making a written request to 140 East Town Street, Columbus, Ohio 43215-5164. That report is also available on OP&F’s website at [www.op-f.org](http://www.op-f.org).

Funding Policy – The ORC provides for contribution requirements of the participating employers and of plan members to the OP&F. Participating employers are required to contribute to the pension plan at rates expressed as percentages of the payroll of active pension plan members, currently, 19.5% and 24.0% of covered payroll for police and fire employers, respectively. The ORC states that the employer contribution may not exceed 19.5% of covered payroll for police employer units and 24.0% of covered payroll for fire employer units. Active members do not make contributions to the OPEB Plan.

OP&F maintains funds for health care in two separate accounts. One for health care benefits under an IRS code Section 115 trust and one for Medicare Part B reimbursements administrated as an Internal Revenue Code 401(h) account, both of which are within the defined benefit pension plan, under the authority granted by the Ohio Revised Code to the OP&F Board of Trustees.

The Board of Trustees is authorized to allocate a portion of the total employer contributions made into the pension plan to the Section 115 trust and the Section 401(h) account as the employer contribution for retiree health care benefits. For 2014, the portion of employer contributions allocated to health care was 0.5% of covered payroll for both police officers and firefighters. The amount of employer contributions allocated to the health care plan each year is subject to the Trustees’ primary responsibility to ensure that pension benefits are adequately funded and is limited by the provisions of Sections 115 and 401(h). The OP&F Board of Trustees also is authorized to establish requirements for contributions to the health care plan by retirees and their eligible dependents, or their surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and the coverage selected.

The City’s contributions for health care to the OP&F for the years ending December 31, 2014, 2013, and 2012 were \$17,935, \$118,605 and \$225,493 for police and \$4,660, \$34,423 and \$59,716 for firefighters, respectively, or 92.2% and 93.6% respectively, of the required contributions for 2014 and 100% of the required contributions for 2013 and 2012.

# CITY OF OREGON, OHIO

## Notes to the Basic Financial Statements For the Year Ended December 31, 2014

### NOTE 13 - COMPENSATED ABSENCES

In accordance with GASB Statement No. 16, "Accounting for Compensated Absences," vacation and compensatory time are accrued as liabilities when an employee's right to receive compensation is attributable to services already rendered and it is probable that the employee will be compensated through paid time off or some other means, such as cash payments at termination or retirement. Leave time that has been earned but is unavailable for use as paid time off or as some other form of compensation because an employee has not met the minimum service time requirement, is accrued to the extent that it is considered to be probable that the conditions for compensation will be met in the future.

Sick leave is accrued using the vesting method, whereby the liability is recorded on the basis of leave accumulated by employees who are eligible to receive termination payments as of the balance sheet date, and on leave balances accumulated by other employees who are expected to become eligible in the future to receive such payments.

At December 31, 2014, the City's accumulated, unpaid compensated absences amounted to \$3,541,652, of which \$2,765,995 is recorded as a liability of the Governmental Activities and \$775,657 is recorded as a liability of the Business-Type Activities.

### NOTE 14 - LONG-TERM DEBT

# CITY OF OREGON, OHIO

## Notes to the Basic Financial Statements For the Year Ended December 31, 2014

### NOTE 14 - LONG-TERM DEBT (Continued)

#### A. Special Assessments

The principal amount of the City's special assessment debt outstanding at December 31, 2014 of \$75,000, is general obligation debt (backed by the full faith and credit of the City) that is being retired with the proceeds from special assessments levied against benefited property owners. The City is obligated to repay the debt irrespective of the amount of special assessments collected from property owners. The fund balance of \$307,919 in the Special Assessment Bond Retirement Fund at December 31, 2014 is restricted for the retirement of outstanding special assessment bonds. Delinquent special assessments at year end were \$95,295.

#### B. Police and Firemen's Pension Fund

The City's liability for past service costs relating to the Police and Firemen's Pension Fund at December 31, 2014 was \$45,101 in principal and \$22,859 in interest payments through the year 2035. Only the principal amount is included in the Governmental Activities Long-Term Debt. This is paid out of the General Fund.

#### C. Principal and Interest Requirements

A summary of the City's future long-term debt funding requirements, including principal and interest payments as of December 31, 2014, follows:

Years	<u>Governmental Activities</u>					
	<u>General Obligation Bonds</u>		<u>Special Assessment Bonds</u>		<u>Promissory Note</u>	
	<u>Principal</u>	<u>Interest</u>	<u>Principal</u>	<u>Interest</u>	<u>Principal</u>	<u>Interest</u>
2015	\$453,530	\$161,246	\$24,000	\$3,938	\$23,362	\$742
2016	398,805	145,576	25,000	2,678	0	0
2017	375,000	133,988	26,000	1,365	0	0
2018	335,000	122,738	0	0	0	0
2019	325,000	112,688	0	0	0	0
2020-2024	1,750,000	463,340	0	0	0	0
2025-2029	2,065,000	263,528	0	0	0	0
2030-2032	825,000	37,306	0	0	0	0
Totals	<u>\$6,527,335</u>	<u>\$1,440,410</u>	<u>\$75,000</u>	<u>\$7,981</u>	<u>\$23,362</u>	<u>\$742</u>

2019	0	0	1,650,317	347,449	183,214	0
2020-2024	0	0	6,055,474	866,597	774,767	0
2025-2029	0	0	1,975,772	229,555	301,704	0
2030-2033	0	0	254,424	9,222	122,489	0
Totals	<u>\$820,000</u>	<u>\$59,700</u>	<u>\$15,945,872</u>	<u>\$3,434,000</u>	<u>\$2,115,032</u>	<u>\$0</u>

The City has been approved for various Ohio Water Development Authority (OWDA) and Ohio Public Works Commission loans. Because not all of these projects are complete and the final value of all of the loans are indeterminate, only the amortization of closed loans are presented above.

**E. Refunded General Obligation Debt**

On August 23, 2012, the City refunded \$1,475,000 of outstanding Sewer bonds (the "1998 Bonds") with an interest rate of 3.25% with a portion of the \$8,225,000 refunding bonds issued in August 2012. The entire principal amount of the 1998 bonds was paid off during 2012. The refunding was undertaken for the purpose of reducing interest rates and debt service on the prior bonds. The City reduced its aggregate debt service payments over the life of the refunded bonds by \$161,767 and obtained an economic gain (difference between the present values of the old and new debt service payments) of \$153,490.

**CITY OF OREGON, OHIO**

---

**NOTE 15 - CAPITAL LEASE**

The City leases equipment under a capital lease. The original cost of the equipment was \$149,975 and the related liability is reported in the Government-Wide Statement of Net Position.

The following is a schedule of future minimum lease payments under the capital lease together with the present value of the net minimum lease payments as of December 31, 2014:

<u>Year Ending December 31,</u>	<u>Capital Lease</u>
2015	\$32,696
2016	<u>32,696</u>
Minimum Lease Payments	65,392
Less amount representing interest at the City's incremental borrowing rate of interest	<u>(2,626)</u>
Present value of minimum lease payments	<u><u>\$62,766</u></u>

**NOTE 16 - CONSTRUCTION COMMITMENTS**

As of December 31, 2014, the City had the following commitments with respect to capital projects:

<u>Capital Projects</u>	<u>Remaining Construction Commitment</u>	<u>Expected Date of Completion</u>
WWTP Secondary Treatment Imp - Ph 1	\$2,146,113	June 2015
Coy & Dustin Intersection Improvements	613,556	June 2015
Isaac Streets Drive Improvements	239,607	June 2015
Municipal Complex - Geothermal	2,888,136	December 2015
Navarre Ave Beautification	682,000	December 2015
Sanitary Sewer Rehab - Ph 3	3,165,000	June 2016
Cedar Point Road Relocation	5,657,588	December 2016

Total	<u><u>\$59,993,121</u></u>	

# CITY OF OREGON, OHIO

---

## Notes to the Basic Financial Statements For the Year Ended December 31, 2014

---

### NOTE 17 - INSURANCE AND RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. In August 2004, the City joined the Ohio Government Risk Management Plan (the "OGRMP"), a public entity risk plan formed under Section 2744.081 of the Ohio Revised Code that operates as a common risk management and insurance program for 585 member political subdivisions. The City pays an annual premium to the OGRMP for its general insurance coverage. The agreement for formation of the OGRMP provides that the organization will be self-sustaining through member premiums and will reinsure all claims in excess of a member's deductible through commercial insurance and reinsurance companies.

The City continues to carry commercial insurance for other risks of loss, including employee health and life insurance. There has been no significant reduction in insurance coverages from coverages in the prior year. In addition, settled claims resulting from these risks have not exceeded commercial insurance coverages in any of the past three fiscal years.

#### **A. Self Insurance Fund**

The City established an internal service fund, the Self Insurance Fund, to receive payments from each fund based upon employee participation, to cover the cost of participant and dependent coverage under the plan. GASB Statement No. 10, "Accounting and Financial Reporting for Risk Financing and Related Insurance Issues," as amended by GASB Statement No. 30 "Risk Management Omnibus," requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. Claims incurred but not reported at year end were determined to be immaterial, therefore no liability has been recorded. Changes in the fund's claims liability amount for the past three years are as follows:

<u>Fiscal Year</u>	<u>Beginning of Fiscal Year Liability</u>	<u>Current Year Claims and Changes in Estimates</u>	<u>Claims Payments</u>	<u>Balance at Fiscal Year End</u>
2012	\$0	\$26,848	(\$26,848)	\$0
2013	0	34,273	(33,673)	600
2014	600	31,609	(31,609)	600

# **CITY OF OREGON, OHIO**

---

## **Notes to the Basic Financial Statements For the Year Ended December 31, 2014**

---

### **NOTE 17 - INSURANCE AND RISK MANAGEMENT (Continued)**

#### **B. Workers' Compensation Internal Service Fund**

The City is a participating member with the Ohio Municipal League Retrospective Rating Program. Retrospective (Retro) Rating is best described as a quasi self-insured program, which shifts a selected level of risk to the employer in return for a reduction in premium. Under the Retro plan employers are responsible for actual claims cost on all claims occurring within the program period. Retro claims have a ten-year life commencing with the date of injury. Claims cost for Retro claims incurred beyond ten years from the date of injury will be assumed by the Bureau. The City has a claims limit of \$200,000 per claim with a billable ceiling of 200% of the premium for 2014. Changes in the Workers' Compensation Internal Service Fund's claims liability for the past three years were as follows:

<u>Fiscal Year</u>	<u>Beginning of Fiscal Year Liability</u>	<u>Current Year Claims and Changes in Estimates</u>	<u>Claims Payments</u>	<u>Balance at Fiscal Year End</u>
2012	\$120,736	\$209,511	(\$145,690)	\$184,557
2013	184,557	176,062	(195,671)	164,948
2014	164,948	93,317	(185,547)	72,718

### **NOTE 18 - CONTINGENCIES**

The City is a party to various legal proceedings which seek damages or injunctive relief generally incidental to its operations and pending projects. The City's management is of the opinion that the ultimate disposition of various claims and legal proceedings will not have a material effect, if any, on the financial condition of the City.

The City has received several federal and state grants for specific purposes which are subject to review and audit by the grantor agencies. Such audits could lead to requests for reimbursements to grantor agencies for expenditures disallowed under the terms of the grant. Based upon prior experience, City management believes such disallowances, if any, will be immaterial.

### **NOTE 19 - CONDUIT DEBT OBLIGATION**

The City issued mortgage revenue bonds to provide financial assistance to The Alcore Oregon LLC in order to promote and advance the development of residential rental housing in the City of Oregon. The City has no obligation for the debt beyond the resources provided by the mortgage revenue bonds. Neither the City, the State, nor any political subdivision thereof is obligated in any manner for repayment of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements. At December 31, 2014, the mortgage revenue bonds had an outstanding balance payable of \$6,100,000.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING  
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF  
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH  
GOVERNMENT AUDITING STANDARDS**

To the Members of City Council and  
Members of the Audit Committee  
City of Oregon, Ohio

The Honorable David Yost  
Auditor of State  
State of Ohio

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Oregon, Lucas County, Ohio (the City), as of and for the year ended December 31, 2014, and the related notes to the financial statements, which collectively comprise the City of Oregon, Ohio's basic financial statements, and have issued our report thereon dated June 8, 2015.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the City of Oregon, Ohio's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Oregon, Ohio's internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Oregon, Ohio's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the City's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Oregon, Ohio's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City of Oregon, Ohio's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Oregon, Ohio's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**REPORT ON COMPLIANCE FOR  
EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE  
REQUIRED BY OMB CIRCULAR A-133**

To the Members of City Council and  
Members of the Audit Committee  
City of Oregon, Ohio

The Honorable David Yost  
Auditor of State  
State of Ohio

**Report on Compliance for Each Major Federal Program**

We have audited the City of Oregon, Lucas County, Ohio's compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on the City of Oregon, Ohio's major federal program for the year ended December 31, 2014. The City of Oregon, Ohio's major federal program is identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs.

***Management's Responsibility***

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

***Auditor's Responsibility***

Our responsibility is to express an opinion on compliance of the City of Oregon, Ohio's major federal program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City of Oregon, Ohio's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for its major federal program. However, our audit does not provide a legal determination of the City of Oregon, Ohio's compliance.

## ***Opinion on Each Major Federal Program***

In our opinion, the City of Oregon, Ohio, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended December 31, 2014.

## **Report on Internal Control Over Compliance**

Management of the City of Oregon, Ohio, is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City of Oregon, Ohio's internal control over compliance with the types of requirements that could have a direct and material effect on a major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City of Oregon, Ohio's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

**CITY OF OREGON  
LUCAS COUNTY , OHIO  
NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS  
FOR THE YEAR ENDED DECEMBER 31, 2014**

---

---

**NOTE 1: SIGNIFICANT ACCOUNTING POLICIES**

The accompanying Schedule of Expenditures of Federal Awards (the Schedule) summarizes activity of the City's federal award programs. The Schedule has been prepared on the cash basis of accounting.

**NOTE 2: MATCHING REQUIREMENTS**

Certain Federal programs require that the City contribute non-Federal funds (matching funds) to support the Federally-funded programs. The City has complied with the matching requirements. The expenditure of non-Federal matching funds is not included on the Schedule.

**NOTE 3: PROGRAM INCOME**

The City of Oregon, Ohio, uses federal funds received in the current and prior years to issue revolving loans. These loans are issued to a company and are to be repaid to the City in monthly installments. Principal received on these loans may be used to issue new loans. The principal outstanding at December 31, 2014 was \$131,504. The program income represents interest revenue earned from the revolving loans and bank accounts and repayments of loans of \$12,560. These amounts were subject to single audit procedures.
