FISCAL YEAR ENDED JUNE 30, 2014**

NOTE A - SIGNIFICANT ACCOUNTING POLICIES

The accompanying Schedule of Federal Awards Receipts and Expenditures (the Schedule) reports the Granville Exempted Village School District (the District's) federal award programs' receipts and disbursements. The schedule has been prepared on the cash basis of accounting.

NOTE B - CHILD NUTRITION CLUSTER

The District commingles cash receipts from the U.S. Department of Agriculture with similar State grants. When reporting expenditures on this Schedule, the District assumes it expends federal monies first.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY *GOVERNMENT AUDITING STANDARDS*

Granville Exempted Village School District
Licking County
130 North Granger Street
Granville, Ohio 43023

To the Board of Education:

We have audited, in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Granville Exempted Village School District, Licking County, Ohio, (the District) as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the District's basic financial statements and have issued our report thereon dated December 16, 2014.

Internal Control Over Financial Reporting

As part of our financial statement audit, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures appropriate in the circumstances to the extent necessary to support our opinions on the financial statements, but not to the extent necessary to opine on the effectiveness of the District's internal control. Accordingly, we have not opined on it.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the District's financial statements. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all internal control deficiencies that might be material weaknesses or significant deficiencies. Given these limitations, we did not identify any deficiencies in internal control that we consider material weaknesses. However, unidentified material weaknesses may exist.

Compliance and Other Matters

As part of reasonably assuring whether the District's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

Purpose of this Report

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO THE MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133 AND THE SCHEDULE OF FEDERAL AWARDS RECEIPTS AND EXPENDITURES

Granville Exempted Village School District
Licking County
130 North Granger Street
Granville, Ohio 43023

To the Board of Education:

Report on Compliance for Each Major Federal Program

We have audited the Granville Exempted Village School District, Licking County, Ohio's, (the District) compliance with the applicable requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133, Compliance Supplement* that could directly and materially affect the Granville Exempted Village School District's major federal program for the year ended June 30, 2014. The *Summary of Audit Results* in the accompanying schedule of findings identifies the District's major federal program.

Management's Responsibility

The District's Management is responsible for complying with the requirements of laws, regulations, contracts, and grants applicable to its federal program.

Auditor's Responsibility

Our responsibility is to opine on the District's compliance for the District's major federal program based on our audit of the applicable compliance requirements referred to above. Our compliance audit followed auditing standards generally accepted in the United States of America; the standards for financial audits included in the Comptroller General of the United States' *Government Auditing Standards*; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. These standards and OMB Circular A-133 require us to plan and perform the audit to reasonably assure whether noncompliance with the applicable compliance requirements referred to above that could directly and materially affect a major federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe our audit provides a reasonable basis for our compliance opinion on the District's major program. However, our audit does not provide a legal determination of the District's compliance.

Opinion on the Major Federal Program

In our opinion, the Granville Exempted Village School District complied, in all material respects with the compliance requirements referred to above that could directly and materially affect its major federal program for the year ended June 30, 2014.

Report on Internal Control Over Compliance

The District's management is responsible for establishing and maintaining effective internal control over compliance with the applicable compliance requirements referred to above. In planning and performing our compliance audit, we considered the District's internal control over compliance with the applicable requirements that could directly and materially affect a major federal program, to determine our auditing procedures appropriate for opining on each major federal program's compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not to the extent needed to opine on the effectiveness of internal control over compliance. Accordingly, we have not opined on the effectiveness of the District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, when performing their assigned functions, to prevent, or to timely detect and correct, noncompliance with a federal program's applicable compliance requirement. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a federal program compliance requirement will not be prevented, or timely detected and corrected. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a federal program's applicable compliance requirement that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

This report only describes the scope of our internal control compliance tests and the results of this testing based on OMB Circular A-133 requirements. Accordingly, this report is not suitable for any other purpose.

Report on the Schedule of Federal Awards Receipts and Expenditures Required by OMB Circular A-133

We have also audited the financial statements of the governmental activities, each major fund and the aggregate remaining fund information of Granville Exempted Village School District (the District) as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the District's basic financial statements. We issued our unmodified report thereon dated December 16, 2014. We conducted our audit to opine on the District's basic financial statements. The accompanying schedule of federal awards receipts and expenditures presents additional analysis required by the U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* and is not a required part of the basic financial statements. The schedule is management's responsibility, and was derived from and relates directly to the underlying accounting and other records management used to prepare the basic financial statements. We subjected this schedule to the auditing procedures we applied to the basic financial statements.

We also applied certain additional procedures, including comparing and reconciling this schedule directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, in accordance with auditing standards generally accepted in the United States of America. In our opinion, this schedule is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

December 16, 2014

To the Citizens and Board of Education of the Granville Exempted Village School District:

We are pleased to submit to you the Comprehensive Annual Financial Report (CAFR) of the Granville Exempted Village School District (the "District"). This CAFR, which includes a clean opinion unmodified from the Auditor of State of Ohio, conforms to accounting principles generally accepted in the United States of America (GAAP) as applicable to governmental entities. Responsibility for the accuracy of the data presented and the completeness and fairness of the presentation, including all disclosures, rests with District's management. To the best of our knowledge and belief, this CAFR and the enclosed data are accurate in all material respects and are reported in a manner designed to present fairly the financial position and results of operations of the District. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The District's MD&A can be found immediately following the Independent Auditor's Report.

This report includes all funds of the District. The District provides a full range of traditional educational programs, services and facilities. These include elementary and secondary curriculum at the general, college preparatory and vocational levels, a broad range of co-curricular and extracurricular activities, special education programs and facilities.

In addition to providing these general activities the District has administrative responsibility for state funds distributed to Granville Christian Academy and Welsh Hills School, private schools located within the District boundaries. In accordance with GASB Statement 24, this responsibility is included in the reporting entity as a special revenue fund. While these organizations share operational and service similarity with the District, all are separate and distinct entities. Because of their independent nature, these organizations' financial statements are not included in this report.

PROFILE OF THE SCHOOL DISTRICT

The District was organized in the late 1800's and is a fiscally independent political subdivision of the State of Ohio. The District is a public school system located in Licking County. The District's area is approximately 48 square miles and includes all of the Village of Granville and Granville Township as well as portions of the Cities of Newark and Heath and portions of Newark, Newton, McKean, St. Albans and Union Townships. Granville is a quaint New England-type village founded in 1805 by pioneers from Massachusetts and Connecticut. The area enjoys a favorable reputation for its educational institutions, including Denison University.

The Board of Education (the "Board") of the District is composed of five members elected at large by the citizens of the District. The Board serves as the taxing authority, contracting body, and policy initiator for the operation of the District. The Board is responsible for the adoption of the tax budget, the annual operating budget and the approval of all expenditures of the District. The Board is a body politic and corporate, as defined by Section 3313.02 of the Ohio Revised Code, and has only those powers and authority conferred upon it by the Code.

GRANVILLE EXEMPTED VILLAGE SCHOOL DISTRICT

The District had an estimated enrollment of 2,460 students for the fiscal year end June 30, 2014 compared to 2,482 students for the fiscal year ended June 30, 2013. These students are housed in one elementary school (grades K to 3), an intermediate school (grades 4 to 6), a middle school (grades 7 to 8), and a comprehensive high school (grades 9 to 12). The age of the buildings varies with the oldest built in 1950 and the newest, the intermediate building, opened in fiscal year 2003. Additionally, the District operates an administration building, a transportation building, and a maintenance office.

The District estimates enrollment to be 2,402, 2,407, and 2,409 for the fiscal years ending June 30, 2015, 2016, and 2017 respectively. The District's enrollment is based on average daily attendance figures and do not include students living within the District's attendance area who attend charter, community, or private schools.

Economic Condition and Outlook

Although the District has been impacted by the national recession, the local economy has been stable, with the housing market holding its value. Limited new construction and lower rates of turnover in housing has significantly slowed population growth from the levels seen last decade. These two factors, coupled with low birthrates as reported in the 2010 Census for the school district, are leading to projected enrollment declines over the next several years.

The Granville community is crafting a Comprehensive Development Plan. This Comprehensive Plan Update is intended to provide a framework through which the Granville Community can address issues related to the future of the community, including the extension of the Columbus region into Licking County, the strengthening of the tax base, and the expansion of housing opportunities, and assist with decisions that also serve to protect and preserve the rural character of the Township, the small town character of the Village, the quality and capacity of Granville schools, and other aspects of the community's quality of life.

The Granville area offers an excellent opportunity for business growth and expansion. The community contains a diverse group of employers, from small cottage home based businesses to major commercial/industrial and service corporations. Jobs are based in the college, area businesses, and many employers in the Columbus metropolitan area. Rich in higher education opportunities, Granville is the home of Denison University, and located just east of Granville, Central Ohio Technical College and The Ohio State University Newark campus. The four largest employers in the District in terms of numbers of employees are: Denison University, Granville Exempted Village Schools, Owens Corning Technical Center, and Mid-Ohio Mechanical, Inc.

GRANVILLE EXEMPTED VILLAGE SCHOOL DISTRICT

With the passage of a new 5.5 mill operating levy in November of 2013 and the five-year renewal of the district's permanent improvement levy in May of 2014, the district's cash balances is are expected to improve over the next couple years.. In addition to increased revenues from the levy, the District has also seen increases in state aid over the last two years, although that is expected to reverse in fiscal year 2016.

The financial forecast of General Fund operations for the next five years shows that the District's fiscal year 2015 ending General Fund cash balance is projected to be approximately \$4.3 million. This cash balance is expected to grow to almost \$4.9 million by the end of fiscal year 2016 and to remain positive through the current five-year forecast period.

MAJOR INITIATIVES AND ACCOMPLISHMENTS

Accomplishments for Fiscal Year 2014

Financial

Certificate of Achievement for Excellence in Financial Reporting

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the District for its comprehensive annual financial report for the fiscal year ended June 30, 2013. This was the fourth consecutive year that the District has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

Salaries

The district and the Granville Education Association (GEA) reached a three-year agreement in April 2014. The agreement calls for two percent base increases for each of the next three years, beginning with the 2014/2015 school year. This agreement comes on the heels of a two-year agreement in which employees received no base salary increases and no step increases in the first year and just a one percent base salary increase in the second year.

Health Care Benefits

The district and the GEA also worked together to come up with plan designs in medical insurance to help control costs. Changes to plan design helped reduce premium growth for the 2014/2015 school year by six to seven percent compared to what was expected under the previous plan given utilization rates.

GRANVILLE EXEMPTED VILLAGE SCHOOL DISTRICT

Instruction & Academic Achievement

The District earned the Ohio Department of Education's (ODE) designation "Excellent" for the 2013-2014 Local Report Card. Among the highlights on the 2014 Local Report Card (LRC), the District:

- Received all A's and two C's on LRC.
- Exceeded state goals for graduation rates.
- Granville is one of only four Ohio districts to meet all indicators every year since 1998.
- Achieved a Performance Index score of 108.6, in the top 26 in the state.
- Performance index ranking places the District in the top 5% of the entire state.
- Proficient and above percentages are higher than the similar district average in 14 of 19 tested subject areas.
- The District facilitated above expected growth overall and for all subgroups except for the lowest 20% achievement group, and they attained expected growth.
- 55% of graduates scored at or above the college readiness benchmarks in all four areas on the ACT (state average is 32%).
- Over 80% of graduates took the ACT college entrance exam and averaged a composite score of 25.3 (state average is 22.0).

Each of the District's four schools received A's, B's, or C's on all but one indicator on their LRC's in fiscal year 2014.

Granville High School:

- Exceeded state goals for all ten academic indicators.
- Exceeded state goals for graduation rate.
- Earned the highest state designation of A for all indicators.
- Earned the Battelle for Kids, "SOAR" award for high student growth (top 2 percent of state).
- Over 80% of graduates took the ACT college entrance exam and averaged a composite score of 25.3 (state average is 22.0).
- Met Annual Measureable Objectives (AMO) targets in Reading and Math and graduation for all subgroups.
- Over 60% of graduates took at least one Advanced Placement (AP) course during their high school career.
- Achieved a Performance Index score of 110.2.
- Performance Index ranking places GHS in the top 5% of all high schools.

Granville Middle School:

- Exceeded state goals for all five academic indicators.
- Facilitated a year's worth of growth overall for all subgroups
- Facilitated more than a year's worth of growth for students with disabilities.
- Achieved a Performance Index score of 108.5.
- Performance Index ranking places GMS in the top 10% of all middle schools.

Granville Intermediate School:

- Exceeded state goals for all seven academic indicators
- Facilitated more than a year's worth of growth for students overall.
- Achieved a Performance Index score of 107.6.
- Performance Index ranking places GIS in the top 5% of all intermediate schools.

Granville Elementary School:

- Exceeded state goals for all academic indicators.
- Earned all A's on LRC.
- Met Annual Measureable Objectives targets in Reading and Math for all subgroups.
- Achieved a Performance Index score of 108.2.
- Performance Index rating places GES in the top 5% of all elementary schools in the state.

Initiatives for Fiscal Year 2015

Financial

The District will apply to receive the Certificate of Excellence in Financial Reporting for its fiscal year 2014 CAFR.

With passage of a new operating levy and a renewed permanent improvement levy during the 2013/2014 school year, the district is in a sound financial situation moving forward. We will continue to carefully monitor spending to help maintain our fiscal condition.

There are no new initiatives in the treasurer's office for the 2014/2015 school year. There are plans to work on processes and workflows to make the office work more efficiently.

Instruction

Granville School District is embarking on an Innovation Process to determine the community focus for innovation over the next several years. This process will allow the administration to prioritize the limited resource towards a collective vision of innovation.

The Granville School District has fully implemented the new Ohio Learning Standards. During the 2014-2015 school year the students will be assessed using the Next Generation Assessments provided by The Ohio Department of Education. All professional development is focused on the high leverage strategy of Formative Assessment. Specifically, teachers are focused on developing high quality assessments to determine student mastery of content. Teachers are using the five keys to quality assessments to audit current assessments. Using the Target Method Match approach, teachers are matching assessment questions with the level of rigor required to demonstrate competency. The continuous improvement plan focuses all of the district work on improved student achievement outcomes and building teacher capacity on high leverage instructional strategies.

GRANVILLE EXEMPTED VILLAGE SCHOOL DISTRICT

FINANCIAL POLICIES AND INFORMATION

The District courses of study will continue to be revised and periodically updated to provide students with instruction that is closely correlated with the State's academic content standards. To support the effective implementation of the new courses of study, additional financial resources will be needed to train teachers and to provide students with current learning materials and equipment.

Internal Controls

The management of the District is responsible for establishing and maintaining internal controls designed to ensure that the assets of the District are protected from loss, theft or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with Generally Accepted Accounting Principles. The internal controls are designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived from its implementation; and (2) the valuation of cost and benefits requires estimates and judgments by management.

Budgetary Controls

The budgetary process is prescribed by provisions of the Ohio Revised Code and entails the preparation of budgetary documents within an established timetable. The major documents prepared are the certificate of estimated resources, and the appropriations resolution, both of which are prepared on the budgetary basis of accounting. The certificate of estimated resources and the appropriations resolution are subject to amendment throughout the year with the legal restriction that appropriations cannot exceed estimated resources, as certified. All funds, other than agency funds, are legally required to be budgeted and appropriated. The primary level of budgetary control required by Ohio

Revised Code is at the fund level. The level of budgetary control imposed by the District (the level at which expenditures cannot legally exceed the appropriated amount) is established at the fund level for all funds. Any budgetary modifications at these levels may only be made by resolution of the Board of Education. The District also maintains an encumbrance accounting system as one technique of accomplishing budgetary control. Encumbered amounts at year-end are carried forward to succeeding years and are not re-appropriated.

Risk Management

The District is enrolled in a group purchasing program for worker's compensation. In this plan, the individual premium rate is calculated based on the worker's compensation experience of the District. Additionally, the District carries all-risk property insurance on buildings and contents, fleet insurance on all rolling stock, liability and excess liability insurance coverage as well as officers' liability insurance, employee benefits liability, and workers' compensation intentional acts defense coverage. All employees are covered by the District's blanket bond, and medical coverage for employees is provided through a conventional healthcare plan.

Cash Management

Cash temporarily idle during the year was invested in demand deposits, certificates of deposit, and both the State Treasury Asset Reserve of Ohio (STAR Ohio) and the new STAR Plus program.

GRANVILLE EXEMPTED VILLAGE SCHOOL DISTRICT

Independent Audit

Office of Management and Budget Circular A-133 requires an annual audit by independent accountants. The Auditor of State of Ohio conducted the District's fiscal year 2014 audit. In addition to meeting the requirements set forth in state statutes, the audit also was designed to meet the requirements of the Federal Single Audit Act Amendments of 1996 and related OMB Circular A-133. The Independent Auditors' Report on the basic financial statements is included in the financial section of this report.

Acknowledgements

This report has been compiled and prepared by the Treasurer's office staff. Special acknowledgement is given to the Superintendent of Schools and the Granville Board of Education for their leadership and commitment to the students, staff and community of the Granville Exempted Village School District.

Respectfully submitted,

Mike Sobul, CFO/Treasurer

INDEPENDENT AUDITOR'S REPORT

Granville Exempted Village School District
Licking County
130 North Granger Street
Granville, Ohio 43023

To the Board of Education:

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Granville Exempted Village School District, Licking County, Ohio (the District), as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for preparing and fairly presenting these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes designing, implementing, and maintaining internal control relevant to preparing and fairly presenting financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to opine on these financial statements based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the District's internal control. Accordingly, we express no opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinions.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Granville Exempted Village School District, Licking County, Ohio, as of June 30, 2014, and the respective changes in financial position thereof and the budgetary comparison for the General fund thereof for the year then ended in accordance with the accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require this presentation to include *Management's discussion and analysis*, listed in the table of contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, consisting of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, to the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not opine or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to opine or provide any other assurance.

Supplementary and Other Information

Our audit was conducted to opine on the District's basic financial statements taken as a whole.

The introductory section, the financial section's combining statements, individual fund statements and schedules and the statistical section information present additional analysis and are not a required part of the basic financial statements.

The statements and schedules are management's responsibility, and derive from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. We subjected these statements and schedules to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling statements and schedules directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves in accordance with auditing standards generally accepted in the United States of America. In our opinion, these statements and schedules are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

We did not subject the introductory section and statistical section information to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion or any other assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 16, 2014, on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

GRANVILLE EXEMPTED VILLAGE SCHOOL DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2014 (UNAUDITED)

As management of the Granville Exempted Village School District (the District), we offer readers of the District's financial statements this narrative overview and analysis of the financial activities of the District for the fiscal year ended June 30, 2014. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found on pages 3-8 of this report.

Financial Highlights

- The assets and deferred outflows or resources of the District exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year by approximately \$3.9 million (net position).
- Net position increased \$1.1 million, or 40 percent, during the fiscal year.
- As of the close of the most recent fiscal year, the District's governmental funds reported combined ending fund balances of approximately \$4.7 million, an increase of \$2.1 million in comparison with the prior year.
- At the end of the current fiscal year, unassigned fund balance for the general fund was approximately \$1.0 million, or 4 percent of general fund expenditures.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the basic financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all of the District's assets, deferred outflows of resources, liabilities and deferred inflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The statement of activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

The government-wide financial statements can be found on pages 29-30 of this report.

GRANVILLE EXEMPTED VILLAGE SCHOOL DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2014 (UNAUDITED)

Fund Financial Statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The District's major funds are the general and debt service funds. All of the funds of the District can be divided into two categories: governmental funds and fiduciary funds.

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District adopts an annual appropriated budget for its general fund. A budgetary comparison statement has been provided for the general fund to demonstrate compliance with this budget.

The basic governmental fund financial statements can be found on pages 31-35 of this report.

Fiduciary Funds

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the District's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statement can be found on page 36 of this report.

Notes to the basic financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the basic financial statements begin on page 37 of this report.

Other information. The combining and individual fund statements and schedules referred to earlier in connection with nonmajor governmental funds can be found on pages 67-84 of this report.

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the District, assets and deferred outflows of resources exceed liabilities and deferred inflows of resources by approximately \$3.9 million at the close of the current fiscal year.

GRANVILLE EXEMPTED VILLAGE SCHOOL DISTRICT

**MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2014
(UNAUDITED)**

By far the largest portion of the District's net position reflects its investment in capital assets (e.g. land, buildings, furniture and equipment), less any related debt used to acquire those assets that is still outstanding. The District uses these capital assets to provide services; consequently, these assets are not available for future spending. Although the District's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An analysis of fiscal year 2014 in comparison with fiscal year 2013 follows for the Statement of Net Position:

	<u>2014</u>	<u>2013</u>	<u>Change</u>
Current and Other Assets	\$ 27,642,854	\$ 23,297,551	18.7%
Capital Assets	32,548,266	33,629,958	-3.2%
Total Assets	<u>60,191,120</u>	<u>56,927,509</u>	5.7%
Unamortized Amount on Refunding	647,559	684,562	-5.4%
Total Deferred Outflows of Resources	<u>647,559</u>	<u>684,562</u>	-5.4%
Current Liabilities	2,911,693	3,094,701	-5.9%
Long-term Liabilities	34,195,138	34,578,255	-1.1%
Total Liabilities	<u>37,106,831</u>	<u>37,672,956</u>	-1.5%
Property Taxes	19,852,171	17,170,217	15.6%
Total Deferred Inflows of Resources	<u>19,852,171</u>	<u>17,170,217</u>	15.6%
Net Investment in Capital Assets	7,821,681	8,620,362	-9.3%
Restricted	3,182,664	2,704,609	17.7%
Unrestricted	<u>(7,124,668)</u>	<u>(8,556,073)</u>	-16.7%
Total Net Position	<u>\$ 3,879,677</u>	<u>\$ 2,768,898</u>	40.1%

Current and Other Assets increased significantly in comparison with the prior fiscal year-end. This increase is primarily consists of an increase in Pooled Cash and Cash Equivalents as a result of operations (\$1.7 million), and an increase in Property Tax Receivable as a result the passage of the new property tax levy in November of 2013 (\$1.4 million).

Capital Assets and Net Investment in Capital Assets both decreased significantly in comparison with the prior fiscal year-end. These decreases represents the amount in which current year depreciation exceeded current year capital acquisitions.

Total Deferred Inflows of Resources increased significantly as a result of the passage of the new property tax levy in November of 2013.

Net Position at End of Year	<u>\$ 3,879,677</u>	<u>\$ 2,768,898</u>	

The schedule clearly shows the dependence upon tax revenues and state subsidies for governmental activities. Only 9.5 percent of the governmental activities performed by the District are supported through program revenues such as charges for services and operating grants. The remaining 90.5 percent is provided through general revenues such as property taxes and unrestricted grants and entitlements.

Revenues

Property Taxes increased significantly in comparison with the prior fiscal year due to the passage of the new property tax levy in November of 2013.

Program Expenses

During the fiscal year, program expenses increased only slightly in comparison with the prior fiscal year.

Financial Analysis of the District's Funds

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of the District's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the District's financing requirements. In particular, unrestricted fund balance may serve as a useful measure of the District's net resources available for spending at the end of the fiscal year.

An analysis of fiscal year 2014 in comparison with fiscal year 2013 follows:

	<u>Fund Balance June 30, 2014</u>	<u>Fund Balance June 30, 2013</u>	<u>Increase/ (Decrease)</u>
General Fund	\$ 1,204,620	\$ 322,576	\$ 882,044
Debt Service Fund	2,552,009	2,585,596	(33,587)
Other Governmental Funds	948,155	(255,753)	1,203,908
Total	<u>\$ 4,704,784</u>	<u>\$ 2,652,419</u>	<u>\$ 2,052,365</u>

General Fund

During the current fiscal year, the fund balance in the District's General Fund increased \$882,044, compared with a \$477,573 increase in the previous fiscal year.

Revenues increased approximately \$2.0 million during the fiscal year due to the passage of the new property tax levy in November of 2013. Expenditures increased \$854,473 or 3.8%. This increase is primarily the result inflationary increases.

GRANVILLE EXEMPTED VILLAGE SCHOOL DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2014 (UNAUDITED)

Debt Service Fund

During the current fiscal year, the fund balance in the Debt Service Fund decreased \$33,587. This decrease represents the amount in which current year debt service expenditures exceeded property and taxes and related intergovernmental revenues.

General Fund Budget Information

The District's budget is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The most significant budgeted fund is the general fund.

The variance between Original and Final Estimated Resources was insignificant. Actual budgetary revenues exceeded Final Estimated Resources by \$1.7 million, or 7 percent. This variance is the result of conservative budgeting.

The variance between Original and Final Appropriations was insignificant. Actual budgetary expenditures were \$428,158, or 1.8 percent, less than Final Appropriations.

Capital Assets

At the end of the fiscal year, the District's had \$32.5 million (net of accumulated depreciation) invested in capital assets, a decrease of \$1.1 million in comparison with the prior fiscal year-end. This decrease represents the amount in which current year depreciation, totaling \$1.5 million, exceeded current year capital acquisitions (\$419,190). This investment in capital assets includes land, land improvements, buildings and improvements, furniture, fixtures and equipment, and vehicles. Detailed information regarding capital asset activity is included in the Note 6 to the basic financial statements.

Debt

At the end of the fiscal year, the District had total long-term debt outstanding of \$33.1 million, a decrease of \$356,536 in comparison with the prior fiscal year-end. This decrease represents the amount in which current debt service payments and amortization, totaling \$2.5 million, exceeded new issues and current year accretion, totaling \$1.3 million and \$770,578, respectively. Detailed information regarding long-term obligations is included in Notes 7 to the basic financial statements.

Under current state statutes, the District's general obligation bonded debt issues are subject to a legal limitation based on 9% of the total taxable valuation of real and personal property. As of June 30, 2014, the District's general obligation debt was below the legal limit.

Economic Factors

The District's net position increased by \$1.1 million. The District passed a 5.5 mill operating levy in November of 2013. The District administration is committed to minimizing the shortfalls and maintaining a positive cash flow through spending controls that cause the least disruption to academic programs.

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES
IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
FOR THE FISCAL YEAR ENDED JUNE 30, 2014

Net Change in Fund Balances - Total Governmental Funds **\$ 2,052,365**

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense.

Depreciation Expense	(1,500,882)
Capital Outlay	419,190

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.

Property Taxes	(197,513)
----------------	-----------

The issuance of long-term debt (e.g. bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities.

Issuance of Refunding Bonds	(1,300,000)
Premium on Issuance of Refunding Bonds	(19,304)

GRANVILLE EXEMPTED VILLAGE SCHOOL DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2014

NOTE 1 – DESCRIPTION OF THE DISTRICT AND REPORTING ENTITY

Granville Exempted Village School District (the “District”) is organized under Article VI, Sections 2 and 3 of the Constitution of the State of Ohio. The District operates under a locally-elected Board form of government consisting of five members elected at-large for staggered four year terms. The District provides educational services as authorized by State statute and Federal guidelines.

The District was established in the late 1800’s. The District serves an area of approximately 48 square miles. It is located in Licking County, and includes all of the Village of Granville and Granville Township as well as portions of the Cities of Newark and Heath and portions of Newark, Newton, McKean, St. Albans and Union Townships. It is staffed by 49 non-certified employees, 158 certified full-time personnel and 19 administrative employees who provide services to 2,460 full time equivalent students. The District currently operates four instructional buildings, one administrative building, and one transportation building.

Reporting Entity:

A reporting entity is comprised of the primary government, component units, and other organizations that are included to insure that the financial statements are not misleading. The primary government of the District consists of all funds, departments, boards, and agencies that are not legally separate from the District. For the Granville Exempted Village School District, this includes general operations and student related activities of the District.

Component units are legally separate organizations for which the District is financially accountable. The District is financially accountable for an organization if the District appoints a voting majority of the organization’s governing board and (1) the District is able to significantly influence the programs or services performed or provided by the organization; or (2) the District is legally entitled to or can otherwise access the organization’s resources; the District is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to the organization; or the District is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the District in that the District provides the budget, the issuance of debt, or the levying of taxes. The District has no component units.

The following activities are included within the reporting entity;

Private Schools- Welsh Hills and Granville Christian Academy, private schools, operate within the District boundaries. Current State legislation provides funding to these private schools. These monies are received and disbursed on behalf of the private schools by the Treasurer of the District, as directed by the private schools in accordance with State rules and regulations. This activity is reflected in a special revenue fund for financial reporting purposes.

The District is associated with eight organizations, five of which are defined as jointly governed organizations, two as insurance purchasing pools, and one as a related organization. These organizations are the Licking Area Computer Association, Career and Technology Education Centers of Licking County, Metropolitan Educational Council, the School Study Council of Ohio, the Newark-Granville Community Authority, the Ohio School Boards Association Workers’ Compensation Group Rating Plan, the Metropolitan Educational Council Group Insurance Pool, and the Granville Schools Education Foundation, Incorporated. These organizations are presented in Notes 13, 14, and 15 to the basic financial statements.

GRANVILLE EXEMPTED VILLAGE SCHOOL DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2014

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Government-wide and Fund Financial Statements

The government-wide financial statements (i.e. the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities (the District has none), which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds (the District has none), and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual funds are reported as separate columns in the fund financial statements. Nonmajor funds are aggregated and presented in a single column.

The District reports the following major governmental funds:

General Fund — The General Fund is the District's primary operating fund. It accounts for all financial resources of the District, except those required to be accounted for in another fund.

Debt Service Fund — The Debt Service Fund is used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest, and related costs.

Other Governmental Funds of the District account for food services, co-curricular activities, federal and state grants, and other resources.

Proprietary Funds – Proprietary funds consist of enterprise funds, which are used to report any activity for which a fee is charged to external users for goods or services, and internal service funds, which are used to allocate costs of centralized services. The District reports no proprietary funds.

Fiduciary Funds — Fiduciary funds are used to account for assets held by the District in a trustee or agency capacity for others and therefore cannot be used to support the District's own programs. Fiduciary funds include pension trust funds, investment trust funds, private-purpose trust funds, and agency funds. The District has two fiduciary funds both being agency funds. One accounts for the Newark-Granville Authority and the other accounts for student activities.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements; however, interfund services provided and used are not eliminated.

GRANVILLE EXEMPTED VILLAGE SCHOOL DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2014

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(b) Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are prepared using the economic resources measurement focus and the accrual basis of accounting, as are the fiduciary fund financial statements, except agency funds which do not report results of operations and therefore have no measurement focus. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are prepared using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, are recorded only when payment is due.

In applying the susceptible to accrual concept under the modified accrual basis, the following revenue sources are deemed both measurable and available: property taxes available for advance, tuition, grants and student fees.

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense) until then. For the District, deferred outflows of resources include deferred charges on refundings reported in the government-wide statement of net position. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. For the District, deferred inflows of resources include property taxes and unavailable revenue. Property taxes represent amounts for which there is an enforceable legal claim as of June 30, 2014, but which were levied to finance fiscal year 2015 operations. These amounts have been recorded as a deferred inflow of resources on both the government-wide statement of net position and the governmental funds balance sheet. Unavailable revenue is reported only on the governmental funds balance sheet, and represents receivables which will not be collected within the availability period. For the District, unavailable revenue includes delinquent property taxes and intergovernmental revenues. These amounts are deferred and recognized as an inflow of resources in the period the amounts become available.

GRANVILLE EXEMPTED VILLAGE SCHOOL DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2014

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Expenditures/Expenses

On the accrual basis of accounting, expenses are recognized at the time they are incurred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation, are not recognized in governmental funds.

(c) Budgetary Data

All funds, except agency funds, are legally required to be budgeted and appropriated. The major documents prepared are the certificate of estimated resources and the appropriations resolution, each of which are prepared on the budgetary basis of accounting. The tax budget demonstrates a need for existing or increases tax rates and the filing requirement is waived by the Licking County Auditor. The certificate of estimated resources establishes a limit on the amount the Board of Education may appropriate. The appropriations resolution is the Board's authorization to spend resources and sets annual limits on expenditures plus encumbrances at the level of control selected by the Board. The legal level of budgetary control has been established by the Board of Education at the fund level for all funds. Any budgetary modifications at this level may only be made by the Board of Education. Budgetary allocations at the function and object level within all funds are made by the Treasurer. Advances in/out are not required to be budgeted since they represent a temporary cash flow resource and are intended to be repaid.

The Building Fund is not budgeted as it consists solely of outstanding advances.

The certificate of estimated resources may be amended during the year if the projected increases or decreases in revenue are identified by the Treasurer. The amounts reported as the original budgeted amounts on the budgetary statement reflect the amounts on the certificate of estimated resources when the original appropriations were adopted. The amounts reported as the final budgeted amounts on the budgetary statement reflect the amounts on the amended certificate of estimated resources in effect at the time the final appropriations were passed by the Board.

The appropriation resolution is subject to amendment throughout the year with the restriction that appropriations cannot exceed estimated resources. The amounts reported as the original budgeted amounts reflect the first appropriation resolution for that fund that covered the entire fiscal year, including amounts automatically carried forward from prior fiscal years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by the Board during the fiscal year.

(d) Cash and Investments

To improve cash management, cash received by the District is pooled and invested. Monies for all funds are maintained in this pool. Individual fund integrity is maintained through the District's records. Interest in the pool is presented as "Pooled Cash and Cash Equivalents" on the financial statements. Investments of the District's cash management pool and investments with an original maturity of three months or less at the time they are purchased by the District are presented on the financial statements as cash equivalents. Investments with an initial maturity of more than three months that were not purchased from the pool are reported as investments.

GRANVILLE EXEMPTED VILLAGE SCHOOL DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2014

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The District has segregated investments for non-negotiable certificates of deposit held separate from the District's investments. These non-negotiable certificates of deposit are to be used to provide scholarships to graduating seniors. These investments are presented on the financial statements as "Investments in Segregated Accounts" since they are not deposited into the District treasury.

Investments are reported as assets. Accordingly, purchases of investments are not recorded as expenses, and sales of investments are not recorded as revenues. During the fiscal year, the District's investments were limited to State Treasury Asset Reserve of Ohio (STAR Ohio) and certificates of deposit.

Investments in segregated accounts, totaling \$21,038 at fiscal year-end, represents certificates of deposit held for memorial and scholarship funds.

STAR Ohio is an investment pool managed by the State Treasurer's Office which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in STAR Ohio are valued at STAR Ohio's share price which is the price the investment could be sold for on June 30, 2014.

Following Ohio statutes, the Board of Education has, by resolution, specified the funds to receive an allocation of interest earnings. These funds include the general fund and debt service fund.

(e) Restricted Assets

Assets are reported as restricted when limitations on their use change the nature or normal understanding of the availability of the asset. Such constraints are either imposed by creditors, contributors, grantors, laws of other governments, or imposed by law through constitutional provisions or enabling legislation. The District had no restricted cash and cash equivalents at year-end.

(f) Inventory and Prepaid Items

Inventories are presented at the lower of cost or market on a first-in, first-out basis and are expensed when used. The District's inventory balances consist of food commodities.

Payments made to vendors for services that will benefit periods beyond fiscal year-end are recorded as prepaid items using the consumption method. A current asset for the prepaid amount is recorded at the time of purchase and an expenditure/expense is reported in the year which services are consumed.

At fiscal year-end, because inventory and prepaid items are not available to finance future governmental fund expenditures, the fund balance is reserved in the fund financial statements by an amount equal to the carrying value of the asset. The District had no significant prepaid items at year-end.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(g) Capital Assets and Depreciation

Capital assets are reported in the government-wide financial statements. Capital assets are defined as assets with an initial, individual cost of more than \$5,000. As the District constructs or acquires additional capital assets each period, they are capitalized and reported at historical cost. The reported value excludes normal maintenance and repairs which are essentially amounts spent in relation to capital assets that do not increase the capacity or efficiency of the item or extend its useful life beyond the original estimate. Donated capital assets are recorded at their estimated fair market value as of the date received. The District does not possess any infrastructure.

All reported capital assets, with the exception of land and construction in progress are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method over the following useful lives:

Land Improvements	15 – 20
Buildings and Improvements	20 – 50
Furniture, Fixtures and Equipment	5 – 20
Vehicles	10 – 15

(h) Interfund Activity

Exchange transactions between funds are reported as revenues in the seller funds and as expenditure/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds. These transfers are eliminated from the statement of activities.

On fund financial statements, receivables and payables resulting from short-term interfund loans are classified as “interfund loans receivable/payable”, receivables and payables resulting from long-term interfund loans are classified as “loans to/from other funds”, and receivables and payables resulting from payments on-behalf of other funds are classified as “due from/to other funds”. These amounts are eliminated in the statement of net position.

(i) Accrued Liabilities and Long-Term Obligations

In general, governmental fund payables and accrued liabilities that once incurred are paid in a timely manner and in full from current financial resources, are reported as obligations of the funds. However, compensated absences and special termination benefits that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current year.

In the government-wide financial statements, all long-term obligations are reported as liabilities in the statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest rate method. Bonds payable are reported net of the applicable bond premium or discount.

GRANVILLE EXEMPTED VILLAGE SCHOOL DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2014

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as an other financing source. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures. Long-term notes paid from the governmental funds are recognized as a liability in the fund financial statements since current resources are used to finance the debt.

(j) **Compensated Absences**

Vacation benefits are accrued as a liability as the benefits are earned if the employees' right to receive compensation is attributable to services already rendered and it is probable that the District will compensate the employees for the benefits through paid time off or some other means. The District records a liability for the accumulated unused vacation time when earned for all employees with more than one year of service.

Sick leave benefits are accrued as a liability using the vesting method. The liability includes the employees who are currently eligible to receive termination benefits and those the District has identified as probable of receiving payment in the future. The amount is based on accumulated sick leave and employees' wage rates at the fiscal year end, taking into consideration any limits specified in the District's termination policy. The District records a liability for accumulated unused sick leave for all employees having 10 or more years of current service with the District.

(k) **Net Position**

Net position represent the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources. Net investment in capital assets consist of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any borrowing used for the acquisition, construction or improvement of those assets. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. Net position restricted for other purposes include resources restricted for auxiliary services and state and federal grants restricted for specified purposes. None of the District's reported net position at June 30, 2014 was restricted by enabling legislation.

The District applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position are available.

(l) **Fund Balance**

GASB Statement No. 54, *Fund Balance Reporting* became effective for years beginning after June 15, 2010. The objective of this Statement is to enhance the usefulness of fund balance information by providing clearer fund balance classifications that can be more consistently applied and by clarifying the existing governmental fund type definitions. This Statement establishes fund balance classifications that comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of the resources reported in governmental funds.

GRANVILLE EXEMPTED VILLAGE SCHOOL DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2014

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

In accordance with this guidance, the District classifies its fund balance based on the purpose for which the resources were received and the level of constraint placed on the resources. The District may use the following categories:

Nonspendable - resources that are not in a spendable form (inventory) or have legal or contractual requirements to maintain the balance intact (unclaimed funds).

Restricted - resources that have external purpose restraints imposed on them by providers, such as creditors, grantors, or other regulators.

Committed - resources that can be used only for specific purposes pursuant to constraints imposed by formal action (resolution) of the District's highest level of decision-making authority (Board).

Assigned - resources that are constrained by the District's intent to be used for specific purposes, but are neither restricted nor committed. This includes the residual balance of all governmental funds other than the General Fund that were not classified elsewhere above. In the General Fund, assigned amounts represent intended uses established by policies of the District Board of Education, which includes giving the Treasurer the authority to constrain monies for intended purposes.

Unassigned - residual fund balance within the General Fund not classified elsewhere above and all other governmental fund balances which have a negative fund balance.

The District applies restricted resources first when an expense is incurred for purposes which both restricted and unrestricted fund balance/net position is available. The District considers committed, assigned and unassigned fund balances, respectively, to be spent when expenditures are incurred for purposes for which any of the unrestricted fund balance classifications could be used.

(m) Extraordinary and Special Items

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of the Board of Education and that are either unusual in nature or infrequent in occurrence. Neither type of transaction occurred during the fiscal year.

(n) Bond Premium and Discount/Accounting Gain or Loss

On government-wide statements, bond premiums are deferred and accreted over the term of the bonds. Bond premiums are presented as an addition to the face amount of the bonds.

For bond refundings resulting in the defeasance of debt reported in the government-wide financial statements, the difference between the reacquisition price and the net carrying amount of the old debt is deferred and amortized as a component of interest expense. The accounting gain or loss is amortized over the remaining life of the old debt or the life of the new debt, whichever is shorter, and is presented as an addition to or reduction of the face amount of the new debt.

On the governmental fund financial statements, bond premiums are recognized in the current period.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(o) Management Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reported period. Actual results could differ from those estimates.

NOTE 3 – BUDGETARY BASIS OF ACCOUNTING

While the District is reporting financial position, results of operations, and changes in fund balances on the basis of accounting principles generally accepted in the United States of America (GAAP), the budgetary basis, as provided by law, is based upon accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The Statement of Revenues, Expenditures, and Changes in Fund Balances - Budget and Actual (Non-GAAP Basis) – General Fund is presented on the budgetary basis to provide a meaningful comparison of actual results with the budget. The major differences between the budget basis and GAAP basis are as follows:

1. Revenues are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis).
2. Expenditures are recorded when paid in cash (budget basis) as opposed to when the liability is incurred (GAAP basis).
3. Encumbrances are treated as expenditures (budget basis) rather than as a reservation of fund balance (GAAP basis).

The following table summarizes the adjustments necessary to reconcile the GAAP basis statements to the budgetary basis statements for the General Fund.

<u>Net Change in Fund Balance</u>	
GAAP Basis	\$ 882,044
Revenues	(108,873)
Expenditures	(78,707)
Public School Support Fund	8,666
Other Sources and Uses	460,260
Encumbrances	(227,946)
Budgetary Basis	<u>\$ 935,444</u>

With the implementation of GASB Statement No. 54, *Fund Balance Reporting*, the District's Public School Support Fund, no longer meets the special revenue fund type criteria for reporting in the fiscal year-end external financial statements. As such, this fund is presented as part of the District's General Fund in the year-end financial statements. The budgetary comparison information in the fiscal year-end financial statements is the legally adopted budget for the general fund, without modification for the funds no longer meeting the special revenue criteria.

NOTE 4 – DEPOSITS AND INVESTMENTS

Monies held by the District are classified by State statute into three categories.

Active monies are public monies determined to be necessary to meet current demands upon the District treasury. Active monies must be maintained either as cash in the District treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that the Board has identified as not required for use within the current five year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts, including passbook accounts.

Interim monies held by the District can be deposited or invested in the following securities:

1. United States Treasury bills, bonds, notes, or any other obligation or security issued by the United States Treasury, or any other obligation guaranteed as to principal and interest by the United States;
2. Bonds, notes, debentures, or any other obligation or security issued by any federal government agency or instrumentality including, but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. Written repurchase agreements in the securities listed above provided the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least 2 percent and be marked to market daily, and the term of the agreement must not exceed thirty days;
4. Bonds and other obligations of the State of Ohio or Ohio local governments;
5. Time certificates of deposit or savings or deposit accounts including, but not limited to, passbook accounts;
6. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
7. The State Treasurer's investment pool (STAR Ohio);
8. Commercial paper and bankers acceptances if training requirements have been met.

Investments in stripped principal or interest obligations, reverse repurchase agreements, and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage, and short selling are also prohibited. An investment must mature within five years from the date of purchase, unless matched to a specific obligation or debt of the District, and must be purchased with the expectation that it will be held to maturity. Investments may only be made through specified dealers and institutions.

NOTE 4 – DEPOSITS AND INVESTMENTS (Continued)

Deposits

Custodial Credit Risk - In the case of deposits, this is the risk that, in the event of a bank failure, the District’s deposits may not be returned. All deposits are collateralized with eligible securities in amounts equal to at least 105% of the carrying value of the deposits. Such collateral, as permitted by the Ohio Revised Code, is held in single financial institution collateral pools at Federal Reserve Banks, or at member banks of the federal reserve system, in the name of the respective depository bank and pledged as a pool of collateral against all of the public deposits it holds or as specific collateral held at the Federal Reserve Bank in the name of the District.

At fiscal year-end, the carrying amount of the District’s deposits was \$6,431,821 and the bank balance was \$6,463,095. Of the District’s bank balance, \$5,560,897 was covered by the Federal Deposit Insurance Corporation (FDIC) and the remaining balance was exposed to custodial risk. Although all statutory requirements for the deposit of money had been followed, noncompliance with federal requirements could potentially subject the District to a successful claim by the FDIC.

The District has no deposit policy for custodial credit risk beyond the requirements of State statute. Ohio law requires that deposits be either insured or be protected by eligible securities pledged to and deposited either with the District or a qualified trustee by the financial institution as security for repayment, or by a collateral pool of eligible securities deposited with a qualified trustee and pledged to secure the repayment of all public monies deposited in the financial institution whose market value at all times shall be at least one hundred five percent of the deposits being secured.

Investments

At fiscal year end, the District’s had the following investments:

Investment Type	Fair Value	Percent of Total	Investment Maturities	
			Within 1 Year	1 to 2 Years
STAR Ohio	851	100.00%	851	-
Total	\$ 851	100%	\$ 851	\$ -

Interest Rate Risk - The District’s investment policy addresses interest rate risk to the extent that it allows the Treasurer to invest funds to a maximum maturity of five years. The Treasurer cannot make investments which he/she does not reasonably believe can be held until the maturity date. State statute requires that an investment matures within five years from the date of purchase, unless matched to a specific obligation or debt of the District, and that an investment must be purchased with the expectation that it will be held to maturity. The stated intent of the policy is to avoid the need to sell securities prior to maturity.

Credit Risk - STAR Ohio carries a rating of AAAM by Standard and Poor’s. Ohio law requires that STAR Ohio maintain the highest rating provided by at least one nationally recognized standard rating service. The District has no investment policy that addresses credit risk.

Concentration of Credit Risk - The District places no limit on the amount it may invest in any one issuer. The District’s investment percentages are noted in the table above.

NOTE 5 – PROPERTY TAXES

Property taxes are levied and assessed on a calendar year basis while the District’s fiscal year runs from July through June. First half tax collections are received by the District in the second half of the fiscal year. Second half tax distributions occur in the first half of the following fiscal year.

Property taxes include amounts levied against all real and public utility located in the school district. Real property tax revenue received in calendar year 2014 represents collections of calendar year 2013 taxes. Real property taxes received in calendar year 2014 were levied after April 1, 2013, on the assessed value listed as of January 1, 2013, the lien date. Assessed values for real property taxes are established by State law at thirty-five percent of appraised market value. Real property taxes are payable annually or semi-annually. If paid annually, payment is due December 31; if paid semiannually, the first payment is due December 31 with the remainder payable by June 20. Under certain circumstances, State statute permits alternate payment dates to be established.

Public utility property tax revenue received in calendar 2014 represents collections of calendar year 2013 taxes. Public utility real and tangible personal property taxes received in calendar year 2014 became a lien December 31, 2012, were levied after April 1, 2013 and are collected in 2014 with real property taxes. Public utility real property is assessed at thirty-five percent of true value; public utility tangible personal property is currently assessed at varying percentages of true value.

The District receives its property taxes from Licking County. The County Auditor periodically advances to the District its portion of taxes collected. Second-half real property tax payments collected by the County by June 30, 2014, are available to finance fiscal year 2014 operations. The amount available to be advanced can vary based on the date the tax bills are sent.

Accrued property taxes receivable includes real property and public utility property which are measurable as of June 30, 2014 and for which there is an enforceable legal claim. Although total property tax collections for the next fiscal year are measurable, only the amount of real property taxes available as an advance at June 30 was levied to finance current fiscal year operations and is reported as revenue at fiscal year-end. The portion of the receivable not levied to finance current fiscal year operations is offset by a credit to deferred inflows of resources.

On the government-wide financial statements, collectible delinquent property taxes have been recorded as a receivable and revenue, while on fund financial statements the revenue has been reported as a deferred inflow of resources.

The assessed values upon which the fiscal year 2014 taxes were collected are:

NOTE 7 - LONG-TERM OBLIGATIONS (Continued)

General Obligation Bonds

School Improvement General Obligation Refunding Bonds - On October 15, 1993, the District issued \$7,536,838 in School Improvement General Obligation Refunding Bonds with interest rates varying from 2.6 percent to 4.65 percent to advance refund \$7,540,000 of outstanding 1990 school improvement bonds with an average interest rate of 10 percent. The proceeds of the refunding were deposited in an irrevocable trust with Park National Bank to provide for all future debt service payments. As a result, the 1990 Series bonds are considered to be defeased and the liability for those bonds has been removed from the financial statements. The 1990 School Improvement Bonds matured on December 2, 2002.

The total principal and interest requirements to retire the 1994 School Improvement General Obligation Refunding Bonds are as follows:

Fiscal Year Ending June 30,	Principal	Interest
2015	\$ 79,779	\$ 550,273
2016	70,021	539,978
Total	<u>\$149,800</u>	<u>\$1,090,251</u>

The District issued School Improvement Bond Anticipation Notes at 4.87 percent for \$21,220,000 on May 3, 2001, as a result of the District passing a 7.75 mill levy on November 7, 2000. The purpose of the notes was to build a new intermediate/elementary building for grades 4-6, an expansion of the high school, a new maintenance building, renovation of the elementary school and middle school, and to update building technology. The School Improvement Bond Anticipation Notes matured on December 6, 2001. On October 4, 2001 the District issued \$21,209,782 in General Obligation School Improvement bonds to pay off the bond anticipation notes. The District received \$22,053,938 in bond proceeds, which included a premium of \$835,218 and accrued interest of \$8,938. The \$21,209,782 bond issue included serial, term, and capital appreciation bonds in the amount of \$2,495,000, \$18,685,000, and \$29,782 respectively. The capital appreciation bonds will mature December 1, 2012 through 2016.

These bonds were purchased at a discount at the time of issuance and, at maturity all compound interest is paid and the bond holder collects the face value. However, since interest is technically earned and compounded semi-annually, the value of the bond increases. The maturity amount of the bonds is \$2,175,000. The fiscal year 2014 accretion amount is \$318,413.

During fiscal year 2007, the District advance refunded \$18,685,000 of the term bonds. The advance refunded portion of the bonds was removed from the financial statements of the District. The remaining outstanding bonds are being retired from the Debt Service Fund. The original bonds were issued for a twenty seven year period with final maturity at December 1, 2028, and after the advance refunding has a final maturity at December 1, 2016.

On April 15, 2004, the District issued \$9,870,000 in General Obligation School Improvement Bonds to pay off outstanding 2003 bond anticipation notes. The District received \$10,318,130 in bond proceeds, which included \$16,078 in accrued interest and \$432,052 in premiums. The \$9,870,000 bond issue consists of serial, term, and capital appreciation bonds in the amount of \$6,855,000, \$2,950,000, and \$65,000 respectively. Issuance costs associated with the bond issue were \$207,507.

The capital appreciation bonds will mature December 1, 2012 through 2014. These bonds were purchased at a discount at the time of issuance and, at maturity all compound interest is paid and the bond holder collects the face value. However, since interest is technically earned and compounded semi-annually, the value of the bond increases. Therefore, as the value increases, the accretion is booked as principal. The maturity amount of the bonds is \$735,000. The fiscal year 2014 accretion amount is \$57,737.

During fiscal year 2007, the District advance refunded \$4,010,000 of the serial bonds, and \$2,950,000 of the term bonds. The advance refunded portion of the bonds, as well as the unamortized premium and issuance costs of these advance refunded bonds were removed from the financial statements of the District. The remaining outstanding bonds are being retired from the Debt Service Fund. The serial and term bonds were originally sold at a premium of \$432,052, of which \$110,318 remained outstanding after the refunding. The premium will be amortized over the life of the bonds. Issuance costs associated with the bond issue were \$207,507. The original bonds were issued for a twenty-four year period with final maturity at December 1, 2028, and after the advance refunding has a final maturity at December 1, 2019.

During fiscal year 2014, the District refunded the remaining \$1,300,000 of the serial bonds. The refunded portions of the bonds, as well as the unamortized premium were removed from the financial statements of the District. The remaining outstanding capital appreciation bonds are being retired from the Debt Service Fund.

On January 30, 2007, the District issued \$29,464,972 of Advance Refunding General Obligation Bonds that were issued to partially refund the 2002 School Improvement Bonds, the 2004 School Improvement Bonds, and the 2005 Library Improvement Bonds. The \$29,464,972 bond issue consists of serial, term, and capital appreciation bonds in the amount of \$12,730,000, \$16,460,000, and \$274,972. The bonds were issued for a twenty-four year period with a final maturity at December 1, 2031. At the date of refunding, \$30,608,490 was deposited in an irrevocable trust to provide for all future debt service payments on the refunded 2002 School improvement Bonds, the 2004 School Improvement Bonds, and the 2005 Library Improvement Bonds. The balance of the outstanding bonds refunded was removed from the District’s financial statements, and as of June 30, 2012, the refunded bonds have been paid in full. The advance refunding serial and capital appreciation bonds were issued with a premium in the amount of \$371,698 and \$1,437,243 respectively, which will be reported as an increase to bonds payable. The advance refunding term bonds were issued with a discount of \$306,814 which will be reported as a decrease to bonds payable. These amounts are being amortized to interest expense over the life of the bonds using the straight-line method. The amortization of the premium and discount for fiscal year 2014 was \$146,218 and \$12,273. Issuance costs associated with the bond issue in the amount of \$358,608. The refunding resulted in a difference between the net carrying amount of the debt and the acquisition price of \$925,082. The issuance resulted in a difference (savings) between the cash flows required to service the old debt and the cash flows required to service the new debt of \$1,971,224. The issuance resulted in an economic gain of \$1,097,604.

The capital appreciation bonds will mature December 1, 2016 and December 1, 2017. NOTE 8 – RECEIVABLES

Receivables at year-end consisted of property taxes, payments in lieu of taxes, intergovernmental and accounts. All receivables are considered collectible in full due to the ability to foreclose for the nonpayment of property taxes and payments in lieu of taxes, the stable condition of State programs, and the current year guarantee of federal funds. All receivables except property taxes are expected to be received within one year. Property taxes, although ultimately collectible, include some portion of delinquencies that will not be collected within one year.

NOTE 9 – DEFINED BENEFIT PENSION PLAN

(a) School Employees Retirement System

Plan Description - The District contributes to the School Employees Retirement System of Ohio (SERS), a cost-sharing multiple employer defined benefit pension plan. SERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by state statute per Chapter 3309 of the Ohio Revised Code. The School Employees Retirement System issues a publicly available, stand-alone financial report that includes financial statements and required supplementary information. That report may be obtained by writing to SERS, 300 East Broad St., Suite 100, Columbus, Ohio 43215-3746 or by calling (800) 878-5853. It is also posted on SERS' website at www.ohsers.org under Employer/Audit Resources.

Funding Policy - Plan members are required to contribute 10 percent of their annual covered salary and the District is required to contribute 14 percent of annual covered payroll. The contribution requirements of plan members and employers are established and may be amended, up to a statutory maximum amounts, by the SERS' Retirement Board. The Retirement Board acting with the advice of the actuary, allocates the employer contribution rate among the four funds (Pension Trust Fund, Death Benefit Fund, Medicare B Fund, and Health Care Fund) of the System. For fiscal year ending June 30, 2014, the allocation to pension and death benefits is 13.1 percent. The remaining .90% of the 14% employer contribution rate is allocated to the Health Care and Medicare B Funds. The District's contributions for pension obligations to SERS for the fiscal years ended June 30, 2014, 2013, and 2012, were \$431,851, \$415,592, and \$410,152, respectively. The amount contributed for fiscal year 2014 was 80 percent and 100 percent was contributed for fiscal years 2013 and 2012. The District's unpaid contribution for fiscal year 2014, including the surcharge, totaling \$102,720, has been recorded as a liability in the appropriate funds.

(b) State Teachers Retirement System

Plan Description - The District contributes to the State Teachers Retirement System of Ohio (STRS), a cost-sharing multiple employer public employee retirement system. STRS Ohio is a statewide retirement plan for licensed teachers and other faculty members employed in the public schools of Ohio or any school, college, university, institution or other agency controlled, managed and supported, in whole or in part, by the state or any political subdivision thereof. STRS Ohio issues a stand-alone financial report that may be obtained by writing to STRS Ohio, 275 E. Broad St., Columbus, OH 43215-3371, by calling (888) 227-7877, or by visiting the STRS Ohio web site at www.strsoh.org.

NOTE 9 – DEFINED BENEFIT PENSION PLAN (Continued)

Plan Description – New members have a choice of three retirement plan options, a Defined Benefit (DB) Plan, Defined Contribution (DC) Plan and a Combined Plan. The DB plan offers an annual retirement allowance based on final average salary times a percentage that varies based on years of service, or an allowance based on a member's lifetime contributions and earned interest matched by STRS Ohio funds divided by an actuarially determined annuity factor. The DC Plan allows members to place all their member contributions and employer contributions equal to 10.5 percent of earned compensation into an investment account. Investment decisions are made by the member. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or lump sum withdrawal. The Combined Plan offers features of the DC Plan and the DB Plan. In the Combined Plan, member contributions are invested by the member, and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DB Plan.

The DB portion of the Combined Plan payment is payable to a member on or after age 60; the DC portion of the account may be taken as a lump sum or converted to a lifetime monthly annuity at age 50. Benefits are established by Chapter 3307 of the Ohio Revised Code.

A DB or Combined Plan member with five or more years credited service who becomes disabled may qualify for a disability benefit. Eligible spouses and dependents of these active members who die before retirement may qualify for survivor benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member of the DC Plan dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

Funding Policy – For fiscal year 2014, plan members were required to contribute 11 percent of annual covered salaries. The District was required to contribute 14 percent; 13 percent was the portion used to fund pension obligations. Contribution rates are established by the State Teachers Retirement Board, upon recommendations of its consulting actuary, not to exceed statutory maximum rates of 10 percent for members and 14 percent for employers. Chapter 3307 of the Ohio Revised Code provides statutory authority for member and employer contributions.

The District's required contributions for pension obligations to the DB Plan for the fiscal years ended June 30, 2014, 2013, and 2012 were \$1,465,787, \$1,509,278, and \$1,648,162 respectively; 82 percent has been contributed for fiscal year 2014 and 100 percent for fiscal years 2013 and 2012. The District's unpaid contribution for fiscal year 2014, totaling \$279,168, has been recorded as a liability in the appropriate funds.

(c) *Social Security System*

Effective July 1, 1991, all employees not otherwise covered by School Employees Retirement System or State Teachers Retirement System have an option to choose Social Security. As of June 30, 2014, no members of the Board of Education have elected Social Security. The District's liability is 6.2 percent of wages paid.

NOTE 10 – POSTEMPLOYMENT BENEFITS

(a) School Employees Retirement System

Postemployment Benefits – In addition to a cost-sharing multiple-employer defined benefit pension plan the School Employees Retirement System of Ohio (SERS) administers two cost-sharing, multiple employer postemployment benefit plans.

Medicare Part B Plan – The Medicare B plan reimburses Medicare Part B premiums paid by eligible retirees and beneficiaries as set forth in Ohio Revised Code (ORC) 3309.69. Qualified benefit recipients who pay Medicare Part B premiums may apply for and receive a monthly reimbursement from SERS. The reimbursement amount is limited by statute to the lesser of the January 1, 1999 Medicare Part B premium or the current premium. The Medicare Part B premium for calendar year 2014 was \$104.90 for most participants, but could be as high as \$335.70 per month depending on their age.

SERS' reimbursement to retirees was \$45.50. The Retirement Board, acting with the advice of the actuary, allocates a portion of the current employer contribution rate to the Medicare B Fund. For fiscal year 2014, the actuarially required allocation is .76%. The District's contributions for the years ended June 30, 2014, 2013 and 2012 were \$25,054, \$23,476, and \$24,222, respectively, 80 percent has been contributed for fiscal year 2014 and 100 percent for fiscal years 2013 and 2012.

Health Care Plan – ORC 3309.375 and 3309.69 permit SERS to offer health care benefits to eligible retirees and beneficiaries. SERS' Retirement Board reserves the right to change or discontinue any health plan or program. SERS offers several types of health plans from various vendors, including HMOs, PPOs, Medicare Advantage and traditional indemnity plans. A prescription drug program is also available to those who elect health coverage. SERS employs two third-party administrators and a pharmacy benefit manager to manage the self-insurance and prescription drug plans, respectively.

The ORC provides the statutory authority to fund SERS' postemployment benefits through employer contributions. Active members do not make contributions to the postemployment benefit plans.

The Health Care Fund was established under, and is administered in accordance with Internal Revenue Code 105(e). Each year after the allocation for statutorily required benefits, the Retirement Board allocates the remainder of the employer 14% contribution to the Health Care Fund. For the year ended June 30, 2014, the health care allocation is .14%. An additional health care surcharge on employers is collected for employees earning less than an actuarially determined minimum compensation amount, pro-rated according to service credit earned. Statutes provide that no employer shall pay a health care surcharge greater than 2% of that employer's SERS-covered payroll; nor may SERS collect in aggregate more than 1.5% of the total statewide SERS-covered payroll for the health care surcharge. For fiscal year 2014, the minimum compensation level was established at \$20,250. The surcharge, added to the unallocated portion of the 14% employer contribution rate is the total amount assigned to the Health Care Fund. The District's contributions assigned to health care for the years ended June 30, 2014, 2013, and 2012 were \$47,810, \$87,981, and \$56,536, respectively, 80 percent has been contributed for fiscal year 2014 and 100 percent for fiscal years 2013 and 2012.

NOTE 10 – POSTEMPLOYMENT BENEFITS (Continued)

The SERS Retirement Board establishes the rules for the premiums paid by the retirees for health care coverage for themselves and their dependents or for their surviving beneficiaries. Premiums vary depending on the plan selected, qualified years of service, Medicare eligibility, and retirement status. The financial reports of SERS' Health Care and Medicare B plans are included in its *Comprehensive Annual Financial Report*. The report can be obtained by contacting SERS, 300 East Broad Street, Suite 100, Columbus, Ohio 43215-3746 or by calling toll free (800) 878-5853. It is also posted on SERS' website at www.ohsers.org under Employers/Audit Resources.

(b) State Teachers Retirement System

Plan Description - The District contributes to the cost-sharing, multiple employer postemployment benefit Health Plan (the "Plan") administered by the State Teachers Retirement System of Ohio (STRS Ohio) for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS Ohio. Benefits include hospitalization, physicians' fees, prescription drugs and reimbursement of monthly Medicare Part B premiums. The Plan is included in the report of STRS Ohio which may be obtained by writing 275 E. Broad St., Columbus, OH 43215-3371, by calling (888) 227-7877, or by visiting the STRS Ohio web site at www.strsoh.org.

Funding Policy – Ohio law authorizes STRS Ohio to offer the Plan and gives the Retirement Board authority over how much, if any, of the health care costs will be absorbed by STRS Ohio. Active employee members do not contribute to the Plan. All benefit recipients pay a monthly premium. Under Ohio law, funding for post-employment health care may be deducted from employer contributions. For 2014, STRS Ohio allocated employer contributions equal to 1 percent of covered payroll to the Health Care Stabilization Fund. The District's contributions for health care for the fiscal years ended June 30, 2014, 2013, and 2012 were \$112,753, \$116,098, and \$126,782, respectively; 82 percent has been contributed for fiscal year 2014 and 100 percent for fiscal years 2013 and 2012.

NOTE 11 – EMPLOYEE BENEFITS

(a) Compensated Absences

The criteria for determining vacation and sick leave benefits are derived from negotiated agreements and State laws. Classified employees earn ten to twenty days of vacation per fiscal year, depending upon length of service. Accumulated vacation time may be carried forward for the Treasurer and upon approval of the Superintendent, for all other classified employees. Accumulated, unused vacation time is paid to classified employees and administrators upon termination of employment. Teachers do not earn vacation time.

Teachers, administrators, and classified employees can earn sick leave at the rate of one and one-fourth days per month. Sick leave may be accumulated up to a maximum of 210 days for all personnel. Upon retirement, payment is made for one-third of accrued, but unused sick leave credit to a maximum of 50 days for classified and certified employees.

NOTE 12 – RISK MANAGEMENT (Continued)

For fiscal year 2014, the District participated in the Ohio School Boards Association Workers' Compensation Group Rating Plan (GRP), an insurance purchasing pool (Note 14). The intent of the GRP is to achieve the benefit of a reduced premium for the District by virtue of its grouping and representation with other participants in the GRP. The workers' compensation experience of the participating school districts is calculated as one experience and a common premium rate is applied to all school districts in the GRP. Each participant pays its workers' compensation premium to the State board on the rate for the GRP rather than its individual rate. Participation in the GRP is limited to school districts that can meet the GRP's selection criteria.

NOTE 13 – JOINTLY GOVERNED ORGANIZATIONS

(a) Licking Area Computer Association

The District is a participant in the Licking Area Computer Association (LACA) which is a computer consortium. LACA is an association which services fourteen entities within the boundaries of Licking, Knox, and Muskingum Counties. These entities consist of public school districts, private schools, and educational service centers. The organization was formed for the purpose of applying modern technology with the aid of computers and other electronic equipment to administrative and instructional functions among member school districts. The governing board of LACA consists of the superintendents from all participating districts. The continued existence of LACA is not dependent on the District's continued participation and the District has no equity interest in the Association. The LACA constitution states that any school district withdrawing from the Association prior to dissolution forfeits their claim to the Association's capital assets. The District's total payments to LACA for computer services during fiscal year 2014 were \$164,641. Financial statements for LACA can be obtained from their fiscal agent the Career and Technology Education Centers of Licking County, 150 Price Road, Newark, OH 43055.

(b) Career and Technology Education Centers of Licking County

The Career and Technology Education Centers of Licking County is a jointly governed organization providing vocational education to its member school districts. The Career and Technology Education Centers of Licking County is a distinct political subdivision of the State of Ohio operated under the direction of a Board consisting of three representatives from the Licking County Educational Service Center, two from the Newark City School District, one from the Heath City School District, and one from the Granville Exempted Village School District, which possesses its own budgeting and taxing authority. During 2014, the District made no contributions to the Career and Technology Education Centers of Licking County. To obtain financial information write to the Career and Technology Education Centers of Licking County, Ben Streby, who serves as Treasurer, at 150 Price Road, Newark, Ohio 43055.

NOTE 13 – JOINTLY GOVERNED ORGANIZATIONS (Continued)

(c) Metropolitan Educational Council

The District participates in the Metropolitan Educational Council (MEC), a jointly governed organization. The organization is composed of over 200 members which includes school districts, joint vocational schools, educational service centers, and libraries covering 37 counties in Central Ohio. The MEC helps its members purchase services, insurances, supplies, and other items at a discounted rate. The governing board of MEC is composed of either the superintendent, a designated representative or a member of the board of education for each participating school district in Franklin County and one representative from each county outside of Franklin County. Each year, the participating school districts pay a membership fee to MEC to cover the costs of administering the program. The District's membership payment to MEC for fiscal year 2014 was \$1,028. Financial information may be obtained from the Metropolitan Educational Council, Cindy Nye, who serves as interim fiscal officer, at 2100 Citygate Dr., Columbus, OH 43219.

(d) School Study Council of Ohio

The School Study Council of Ohio (Council) is a jointly governed organization operated by a Board of Trustees (Board). The Council is comprised of 70 member organizations. The purpose of the Council is to bring about the improvement of education in member school organizations. School districts maintain active membership by paying a yearly membership fee which entitles each school district to attend Council meetings and to vote.

School districts that elect to be associate members are entitled to attend meetings and participate in Council discussions but are not entitled to vote. The Board is annually elected from within the Council's active membership. In fiscal year 2014, the Board consisted of twenty-one members. Financial information may be obtained by contacting the School Study Council of Ohio at 4807 Evanswood Drive, Suite 300, Columbus, Ohio 43229.

(e) Newark-Granville Community Authority

The Newark-Granville Community Authority (Authority) is a jointly governed organization created under Section 349.03, Ohio Revised Code. The Authority was created for the purposes of encouraging the orderly development of a well-planned, diversified and economically sound new community in central Licking County. The Authority is operated by a Board of Trustees (Board) that is comprised of seven residents of the community who are elected to two-year terms. The revenue source of this organization consists of special assessments imposed by Licking County on Park Trails Community. The special assessment is based on a \$250,000 average home value within the community, which results in a minimum annual community development charge of \$455 per home for 20 consecutive years.

NOTE 14 – INSURANCE PURCHASING POOLS

(a) Ohio School Boards Association Workers' Compensation Group Rating Plan

The District participates in the Ohio School Boards Association (OSBA) Workers' Compensation Group Rating Program (GRP), an insurance purchasing pool. The intent of the GRP is to achieve the benefit of a reduced premium for the District by virtue of its grouping and representation with other participants in the GRP. The workers' compensation experience of the participating school districts is calculated as one experience and a common premium rate is applied to all school districts in the GRP. Each participant pays its workers' compensation premium to the State, based on the rate for the GRP rather than its individual rate. Total savings are then calculated and each participant's individual performance is compared to the overall savings percentage of the GRP. A participant will then either receive money from or be required to contribute to the "Equity Pooling Fund". This "equity pooling" arrangement insures that each participant shares equally in the overall performance of the GRP. Participation in the GRP is limited to school districts that can meet the GRP's selection criteria. The firm of Sheakley, Inc. provides administrative, cost control and actuarial services to the GRP. The GRP's business and affairs are conducted by a three member Board of directors consisting of the President, the President-Elect and the Immediate Past President of the OSBA. The Executive Director of the OSBA, or his designee, serves as coordinator of the program. Each year, the participating school districts pay an enrollment fee to the GRP to cover the costs of administering the program.

(b) Metropolitan Educational Council Group Insurance Pool

The District participates in the Metropolitan Educational Council (MEC), an insurance purchasing pool. The MEC helps its members purchase services, insurances, supplies, and other items at a discounted rate. The organization is composed of over 200 members which includes school districts, joint vocational schools, educational service centers, and libraries covering 37 counties in Central Ohio. The governing board of MEC is composed of either the superintendent, a designated representative or a member of the board of education for each participating school district in Franklin County and one representative from each county outside of Franklin County. Each year, the participating school districts pay a membership fee to MEC to cover the costs of administering the program.

NOTE 15 – RELATED ORGANIZATION

Granville Schools Education Foundation, Incorporated

The Granville Schools Education Foundation, authorized under Ohio Revised Code Chapter 1702, is a independent nonprofit corporation created in 1994. The Foundation's purpose is to improve education for the students of Granville Schools. The Foundation is governed by a Board of Trustees appointed by the Granville Exempted Village School District Board of Education. The Board of Trustees possesses its own contracting and budgeting authority, hires and fires personnel and does not depend on the District for operational subsidies. The District has no ability to impose its will on the organization nor does a burden/benefit relationship exist. Financial information can be obtained from the Granville Schools Education Foundation, Elizabeth Mayberry, who serves as Executive Director, at P.O. Box 84, Granville, Ohio 43023.

GRANVILLE EXEMPTED VILLAGE SCHOOL DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2014

NOTE 16 – CONTINGENCIES

(a) Grants

The District received financial assistance from federal and State agencies in the form of grants. The expenditure of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds.

(b) Litigation

The District is currently not a party to any material legal proceedings.

NOTE 17 – FUND DEFICIT

The following funds had a deficit fund balance at June 30, 2014:

Fund	Deficit Balance
Title VI-B IDEA	\$ (1,319)
Title I Disadvantaged Children	(1,100)

These deficit fund balances are the result of the recognition of payables in accordance with generally accepted accounting principles. The general fund provides transfers to cover deficit balances; however, this is done when cash is needed rather than when accruals occur.

NOTE 18 – SET-ASIDE CALCULATIONS

The District is required by State statute to annually set aside in the general fund an amount based on a statutory formula for the purchase an equal amount for the acquisition and construction of capital improvements.

The following cash basis information describes the change in the year-end set-aside amounts for capital acquisition. Disclosure of this information is required by State statute.

	Capital Acquisition
Set-aside cash balance as of June 30, 2013	\$ -
Current fiscal year set-aside requirement	423,314
Current Year Offsets	(912,063)
Qualifying Disbursements	-
Total	<u>\$ (488,749)</u>
Balance Carried Forward to FY 2015	<u>\$ -</u>

GRANVILLE EXEMPTED VILLAGE SCHOOL DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2014

NOTE 18 – SET-ASIDE CALCULATIONS (Continued)

Capital acquisition offsets and qualifying disbursements presented in the table were limited to those necessary to reduce the fiscal year-end balance to zero. Although the District had qualifying disbursements during the fiscal year that would have reduced the set-aside amount for capital acquisitions to below zero, this extra amount may not be used to reduce the set-aside requirement of future years, therefore the District has chosen not to present them.

NOTE 19 – INTERFUND BALANCES

The General Fund made an advance to the Other Governmental Capital Projects Building Fund in the amount of \$700,000 for engineering fees for a future middle school building project in December 2006. On May 12, 2014, The Board approved to forgive the \$700,000 loan from the General Fund to the Building Fund. The loan was reclassified as a transfer during the fiscal year between the funds.

During fiscal year 2009, the Debt Service Fund entered into a loan with the Permanent Improvement Fund in the amount of \$900,000 with an interest rate of 1 percent. During fiscal year 2014, \$225,000 was repaid leaving the loan completely repaid as of fiscal year-end.

The District's Debt Service Fund made payments of debt in the amount of \$239,740 on behalf of the General Fund in fiscal year 2009. This amount was repaid during fiscal year 2014.

NOTE 20 – CHANGES IN ACCOUNTING PRINCIPLES

For fiscal year 2014, the District has implemented the following

GASB Statement No. 66 "Technical Corrections – 2012 - an Amendment of GASB Statements No. 10 and No. 62" resolves conflicting guidance that results from the issuance of GASB Statements No. 54 and No. 62. This Statement also amends GASB Statement No. 10 by removing the provision that limits fund-based reporting of an entity's risk financing activities to the general fund and the internal service fund type. This Statement also amends GASB Statement No. 62 to clarify how to apply GASB Statement No. 13 and results in guidance that is consistent with GASB Statement No. 48. The implementation of this statement did not have an effect on the financial statements of the District.

GASB Statement No. 70 "Accounting and Financial Reporting for Nonexchange Financial Guarantees" enhances comparability of financial statements by requiring consistent reporting by those governmental entities that extend nonexchange financial guarantees and by those governmental entities that receive nonexchange financial guarantees. This Statement was implemented in the District's fiscal year 2014 financial statements; however, there was no effect.

COMBINING STATEMENTS – NONMAJOR GOVERNMENTAL FUNDS

GRANVILLE EXEMPTED VILLAGE SCHOOL DISTRICT

DESCRIPTION OF FUNDS NON-MAJOR GOVERNMENTAL FUNDS FOR THE FISCAL YEAR ENDED JUNE 30, 2014

Non-major Governmental Funds

Non-major Governmental Funds account for revenues from specific sources, which legally, or otherwise, are restricted to expenditures for specific purposes. A description of the District's Non-major Governmental Funds follows:

Permanent Improvement Fund - A fund provided to account for all transactions related to acquiring, constructing, or improving school facilities.

Building Fund - A fund used to account for the receipts and expenditures related to all special bond funds in the district. All proceeds from the sale of bonds, notes, or certificates of indebtedness, except premium and accrued interest, must be paid into this fund. Expenditures recorded here represent the costs of acquiring capital facilities including real property.

Food Service Fund - A fund used to account for the financial activity related to the District's food service operation.

Program Donations Fund - A fund used to account for the receipt and expenditure of program donations that can be expended for school district programs.

Other Grants Fund - A fund used to account for the proceeds of specific revenue sources, except for state and federal grants that are legally restricted to expenditures for specified purposes.

Classroom Facilities Maintenance Fund - A fund used to account for the proceeds of a levy for the maintenance of facilities.

District Managed Student Activity Fund - A fund provided to account for those student activity programs which have student participation in the activity but do not have student management of the programs. This fund would usually include athletic programs but could also include the band, cheerleaders, flag corps, and other similar types of activities.

Auxiliary Services Fund - A fund used to account for monies which provide services and materials to pupils attending non-public schools within the school district.

Data Communications Fund - A fund used to account for monies received in order for the District to obtain access to the Ohio Educational Computer Network.

Vocational Education Enhancement Fund - A fund used to account for Vocational Education Enhancements that: 1) expand the number of students enrolled in tech prep programs, 2) enable students to develop career plans, to identify initial educational and career goals, and to develop a career passport which provides a clear understanding of the student's knowledge, skills, and credentials to present to future employers, universities, and other training institutes, and 3) replace or update equipment essential for the instruction of students in job skills taught as part of a vocational program or programs approved for such instruction by the State Board of Education.

GRANVILLE EXEMPTED VILLAGE SCHOOL DISTRICT

DESCRIPTION OF FUNDS NON-MAJOR GOVERNMENTAL FUNDS FOR THE FISCAL YEAR ENDED JUNE 30, 2014

Race to the Top Fund - A fund used to account for federal funds used to assist states in providing either a new program or expansion of an existing program to support initiatives in the following areas: Standards and Assessments; Using Data to improve Instruction; Great Teachers and Leaders; and Turning Around the Lowest-Achieving Schools.

Title VI-B IDEA Fund - A fund used to account for federal funds used to assist states in providing an appropriate public education to all children with disabilities.

Title I Disadvantaged Children Fund - A fund used to provide financial assistance to State and Local educational agencies to meet the special needs of educationally deprived children. Included are the Even Start and Comprehensive School Reform programs.

Title II-A Improving Teacher Quality Fund - A fund used to account for monies to hire additional classroom teachers in grades 1 through 3, so that the number of students per teacher will be reduced.

Miscellaneous Federal Grants Fund - A fund used to account for various monies received through state agencies from the federal government or directly from the federal government which are not classified elsewhere. A separate cost center must be used for each grant.

Real property is reappraised every six years with a State mandated update of the current market value in the third year following each reappraisal

The assessed value of real property (including public utility real property) is 35 percent of estimated true value. Through 2008, personal property tax was assessed on all tangible personal property used in business in Ohio. The assessed value of public utility property ranges from 24 percent of true value to 88 percent, depending on the type of property. General business tangible personal property tax began being phased out in tax year 2006. The listing percentage was reduced to 18.75 percent for tax year 2006, 12.5 percent for tax year 2007, 6.25 percent for tax year 2008 and zero for tax year 2009.

The tangible personal property values associated with each year are the values that, when multiplied by the applicable rates, generated the property tax revenue billed in that year. For real property, the amounts generated by multiplying the assessed values by the applicable rates would be reduced by the 10 percent, 2 1/2 percent and homestead exemptions before being billed.

Values are shown net of exempt property.
