## INDEPENDENT AUDITOR'S REPORT

Lakeview Local School District  
Trumbull County  
300 Hillman Drive  
Cortland, Ohio 44410

To the Board of Education:

### ***Report on the Financial Statements***

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Lakeview Local School District, Trumbull County, Ohio (the District), as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for preparing and fairly presenting these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes designing, implementing, and maintaining internal control relevant to preparing and fairly presenting financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to opine on these financial statements based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the District's internal control. Accordingly, we express no opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinions.

**Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Lakeview Local School District, Trumbull County, Ohio, as of June 30, 2014, and the respective changes in financial position thereof and the budgetary comparison for the General Fund thereof for the year then ended in accordance with the accounting principles generally accepted in the United States of America.

**Other Matters**

*Required Supplementary Information*

Accounting principles generally accepted in the United States of America require this presentation to include *Management's discussion and analysis*, listed in the table of contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, consisting of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, to the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not opine or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to opine or provide any other assurance.

*Supplementary and Other Information*

Our audit was conducted to opine on the District's basic financial statements taken as a whole.

The Schedule of Federal Awards Receipts and Expenditures presents additional analysis as required by the U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations and is also not a required part of the financial statements.

The schedule is management's responsibility, and derives from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. We subjected the schedule to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling the schedule directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves in accordance with auditing standards generally accepted in the United States of America. In our opinion, this schedule is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated February 18, 2015, on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

A handwritten signature in black ink that reads "Dave Yost". The signature is written in a cursive style with a large, looping "D" and "Y".

*For the Fiscal Year Ended June 30, 2014*  
*Unaudited*

---

It is a pleasure to present to you the financial picture of Lakeview Local School District (the "School District"). Included in these first few paragraphs and tables is the management's view of how our School District is currently performing. It is intended that this presentation be an objective and easily read analysis of the overall financial condition of our School District. Please consider our comments along with the financial statements and notes to fully understand our School District's finances.

**Financial Highlights**

- The School District's total net position increased due to an increase in cash and cash equivalents resulting from the collection of the property tax levy and from the reduction in outstanding debt liabilities.
- Capital asset additions included the purchase of two school buses and a pick-up truck.
- On March 6, 2012, voters renewed a 2.15 emergency levy generating \$613,731 per year. Collections on the renewal of this levy commenced on January 1, 2013. Then on May 7, 2013, the voters renewed a 3.3 mill, 5 year emergency operating levy generating \$890,000 per year. Collections on this levy commenced January 1, 2014.
- Outstanding long-term obligations decreased during fiscal year 2014 due to annual debt payments.

**Using This Annual Report**

This annual report consists of a series of financial statements and notes to those statements. The *Statement of Net Position* and the *Statement of Activities* provide information about the activities of the School District as a whole and present a longer-term view of the School District's finances. Fund financial statements provide the next level of detail. For governmental activities, these statements tell how these services were financed in the short term as well as what remains for future spending. Fund financial statements also report the School District's operations in more detail than the government-wide statements by providing information about the School District's most significant funds. In the case of Lakeview Local School District, the general fund is the most significant fund. The remaining statements provide financial information about activities for which the School District acts solely as a trustee or agent for the benefit of those outside the government.

**Reporting the School District as a Whole (District-Wide)**

*Statement of Net Position and the Statement of Activities*

The only two reports that display School District-wide finances are the Statement of Net Position and the Statement of Activities. Within these statements, we show the School District divided into two kinds of activities:

- Governmental Activities – All of the School District's instructional activities are reported here. Property Taxes, State and Federal Grants and fees finance the majority of activity in this group.

**Lakeview Local School District**  
*Management's Discussion and Analysis*  
*For the Fiscal Year Ended June 30, 2014*  
*Unaudited*

---

- **Business-Type Activities** – If the Board of Education sets a fee designed to offset the cost of operating a program, then this defines a business-type activity. The School District does not have any of this type of activity.

Analysis of the School District as a whole begins with table 1. While this document contains all of the funds used by the School District to provide programs and activities, the view of the School District as a whole considers all financial transactions. One of the most important issues when analyzing any business enterprise is “How did we do financially during 2014 and are we better off today than we were one year ago?” The two School District-wide documents try to provide and support the answer to these particular questions. These statements include all assets and deferred outflows of resources and liabilities and deferred inflows of resources using the accrual basis of accounting, similar to the accounting method used by most private-sector companies. The most important aspect of accrual accounting is that it takes into account all of the current year’s revenues and expenses regardless of when cash is received or paid out.

These statements also display the net position of the School District and note any changes that occurred during the year. Net position is the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources and they tend to be the lead indicator of financial health. This change in net position is important because it tells the reader whether, for the School District as a whole, the financial position has improved or diminished. The causes of this change may be the result of many factors, some financial and some not. Financial factors to consider may include changes in property tax values, tax levies and renewals or State funding issues before reaching a final conclusion about our School District’s financial status. Non-financial factors may include the School District’s performance, demographic and socioeconomic factors and willingness of the community to support the School District. It could prove helpful in making the analysis to look at the individual fund conditions to show the composition of the changes.

## **Reporting the School District’s Most Significant Funds**

### ***Fund Financial Statements***

Analysis of the School District’s major funds begins on page 10. The fund financial statements begin with the balance sheet and provide detailed information about each significant fund in contrast to the previously described School District-wide reporting. Most of the funds are required to be established by State law.

***Governmental Funds*** – Most of the School District’s funds are reported as governmental funds. These reports focus on how resources flow into and out of these funds and the balances left at year-end that are available for spending in future periods. These reports are done on a modified accrual basis. Modified accrual accounting measures cash and all other financial assets that can be readily converted into cash. The governmental fund statements provide a detailed, short-term view of the School District’s general government operations and the basic services it provides. There are differences between governmental funds (as reported in this section on a modified accrual basis) and governmental activities as reported in the *Statement of Net Position* and the *Statement of Activities*, which are reported on a full accrual basis. These differences are reconciled in the financial statements.

**Lakeview Local School District**  
*Management's Discussion and Analysis*  
*For the Fiscal Year Ended June 30, 2014*  
*Unaudited*

**The School District as a Whole**

Recall that the *Statement of Net Position* provides the perspective of the School District as a whole. Table 1 provides a summary of net position as of June 30, 2014 as compared to June 30, 2013.

(Table 1)  
Net Position  
Governmental Activities

	2014	2013	Change
<b>Assets</b>			
Current and Other Assets	\$12,961,826	\$12,507,665	\$454,161
Capital Assets	5,294,033	5,444,567	(150,534)
<i>Total Assets</i>	<u>18,255,859</u>	<u>17,952,232</u>	<u>303,627</u>
<b>Liabilities</b>			
Current Liabilities	1,885,817	1,829,109	(56,708)
Long-Term Liabilities			
Due within One Year	934,644	920,100	(14,544)
Due in More than One Year	2,240,430	3,239,346	998,916
<i>Total Liabilities</i>	<u>5,060,891</u>	<u>5,988,555</u>	<u>927,664</u>
<b>Deferred Inflows of Resources</b>	<u>8,279,668</u>	<u>7,974,566</u>	<u>(305,102)</u>
<b>Net Position</b>			
Net Investment in Capital Assets	3,319,033	3,219,064	99,969
Restricted for:			
Capital Projects	179,571	95,262	84,309
Debt Service	439,169	354,791	84,378
Other Purposes	272,098	238,263	33,835
Unrestricted	705,429	81,731	623,698
<i>Total Net Position</i>	<u>\$4,915,300</u>	<u>\$3,989,111</u>	<u>\$926,189</u>

The School District's property taxes continue to be a major source of assets resulting from the renewals of the 2.15 mill and 3.3 mill emergency levies. Seeking out additional sources of funding in the form of State and Federal grants is also a priority of the School District. Net capital assets decreased due to annual depreciation which was partially offset by current year additions to vehicles.

Total liabilities decreased during fiscal year 2013 due mainly to decreases in long-term obligations resulting from annual debt payments.

**Lakeview Local School District**  
*Management's Discussion and Analysis*  
*For the Fiscal Year Ended June 30, 2014*  
*Unaudited*

Revenue is further divided into two major components: program revenues and general revenues. Program revenues are defined as fees, restricted grants, and charges for services that are program specific. General revenues include taxes and unrestricted grants such as State Foundation support.

The School District relies heavily upon property taxes and the State Foundation Program to support its operations. The School District also actively solicits and receives additional grant and entitlement funds.

The School District saw an increase in operational grants. The School District continues to seek out additional sources of revenue to ensure the programs that are essential to the community are continued. The decrease in property taxes is due to the timing of when tax bills were sent by the County. Overall instructional expenses were decreased as the School District continues to monitor staffing levels to ensure a positive net position.

**Analysis of Overall Financial Positions and Results of Operations**

In Table 3 below, the total cost of services column contains all costs related to the programs and the net cost of services column shows how much of the total amount is not covered by program revenues. The net costs are program costs that must be covered by unrestricted State aid (State Foundation) or local taxes.

(Table 3)  
 Total and Net Cost of Program Services  
 Governmental Activities

	2014		2013	
	Total Cost of Services	Net Cost of Services	Total Cost of Services	Net Cost of Services
Instruction	\$10,120,814	\$8,096,621	\$10,142,283	\$8,711,238
Support Services:				
Pupils and Instructional Staff	1,352,518	1,338,156	1,904,657	1,647,287
Board of Education, Administration, Fiscal Services, Business and Central	2,027,711	2,027,552	1,926,154	1,833,101
Operation and Maintenance of Plant	1,398,134	1,337,979	1,531,508	1,407,800
Pupil Transportation	1,136,449	1,132,586	943,410	897,311
Food Service Operations and Operation of Non-Instructional Services	534,212	(3,412)	549,312	(18,385)
Extracurricular Activities	525,636	316,352	445,549	293,851
Interest and Fiscal Charges	4,450	4,450	7,509	7,509
<i>Total Expenses</i>	<u>\$17,099,924</u>	<u>\$14,250,284</u>	<u>\$17,450,382</u>	<u>\$14,779,712</u>

The School District's dependence upon general revenues for governmental activities is apparent from Table 3. The majority of instructional activities are supported through taxes and other general revenues.

**Lakeview Local School District**  
*Management's Discussion and Analysis*  
*For the Fiscal Year Ended June 30, 2014*  
*Unaudited*

**The School District's Funds**

Information about the School District's major fund, the general fund, starts on the balance sheet. This fund is accounted for using the modified accrual basis of accounting. The general fund balance decreased due to the timing of when tax bills were sent by the County. The School District also saw an increase in tuition and fees resulting from charges incurred for providing instruction.

**General Fund Budgetary Highlights**

The School District's budget is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances.

The forecasted budget presented to the Lakeview Local Board of Education in September was amended throughout the year. For the general fund, final budgeted revenues matched the original budgeted revenues. The final estimated revenue was slightly lower than actual revenues. The change was attributed to an increase in intergovernmental revenues as the School District was able to secure additional funding.

Final budgeted appropriations were slightly lower than the original budgeted appropriations of the general fund. Actual expenditures were under final budgeted appropriations. This change was the result of multiple refunds of prior year expenditures reducing actual expenses and from careful monitoring and budgeting on the School District's part to keep expenses down.

**Capital Assets**

Table 4 shows the ending balances of capital assets in various categories as of June 30, 2014, compared to the balances as of June 30, 2013.

(Table 4)  
 Capital Assets at June 30  
 Net of Depreciation  
 Governmental Activities

	2014	2013
Land	\$513,900	\$513,900
Land Improvements	72,034	135,952
Buildings and Improvements	4,333,006	4,528,022
Furniture, Equipment and Fixtures	66,883	79,853
Vehicles	308,210	186,840
Total	\$5,294,033	\$5,444,567

The decrease in capital assets was due to an additional year of depreciation offset by additions of two new school buses and a pick-up truck. For more information about the School District's capital assets, see Note 12 to the basic financial statements.

**Lakeview Local School District**  
*Management's Discussion and Analysis*  
*For the Fiscal Year Ended June 30, 2014*  
*Unaudited*

---

**Debt**

Table 5 below summarizes the School District's long-term outstanding debt.

(Table 5)  
Outstanding Long-Term Debt at June 30  
Governmental Activities

	<u>2014</u>	<u>2013</u>
1998 - School Improvement Refunding Bonds	\$1,860,000	\$2,475,000
Capital Leases	<u>115,000</u>	<u>225,000</u>
Total	<u>\$1,975,000</u>	<u>\$2,700,000</u>

The 1998 school improvement refunding bonds mature in fiscal year 2020. The capital leases will be fully paid off in fiscal year 2015. See Note 13 to the basic financial statements for additional information on the School District's long-term obligations.

**Current Issues**

As funding models continue to change at the State level, it will be important for the School District to continue to seek out additional sources of revenue in the form of State and Federal grants.

The voters, on May 6, 2014, passed a 4.0 mill, 5 year emergency operating renewal levy generating \$1,050,000 per year. Collections on this levy will begin in January 2015. This will continue to ensure the education programs that are important to the community will continue to be offered.

**Contacting the School District's Financial Management**

These financial reports and discussions are designed to provide our students, citizens, taxpayers, and creditors with a complete disclosure of the School District's finances and to demonstrate a high degree of accountability for the public dollars entrusted to us. If you have any questions about this report or need additional financial information, please write Sean Miller, Treasurer, Lakeview Local School District, 300 Hillman Drive, Cortland, Ohio 44410 or call (330) 638-1060 or email [Sean.Miller@neomin.org](mailto:Sean.Miller@neomin.org).

**Note 1 - Description of the School District and Reporting Entity**

Lakeview Local School District (the “School District”) is organized under Article VI, Sections 2 and 3 of the Constitution of the State of Ohio. The School District operates under a locally elected five-member Board form of government and provides educational services as mandated by State and federal agencies. The Board of Education controls the School District's four instructional/support facilities staffed by 84 classified employees, 117 certificated full and part-time employees, and 9 administrators who provide services to 1,879 students and other community members.

*Reporting Entity*

A reporting entity is composed of the primary government, component units and other organizations that are included to ensure that the financial statements are not misleading. The primary government of the School District consists of all funds, departments, boards and agencies that are not legally separate from the School District. For Lakeview Local School District, this includes the agencies and departments that provide the following services: general operations, food service and student related activities of the School District.

Component units are legally separate organizations for which the School District is financially accountable. The School District is financially accountable for an organization if the School District appoints a voting majority of the organization's governing board and (1) the School District is able to significantly influence the programs or services performed or provided by the organization; or (2) the School District is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the School District is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the School District in that the School District approves the budget, the issuance of debt or the levying of taxes, and there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the primary government. The School District has no component units.

The School District participates in two public entity pools and three jointly governed organizations. These organizations are the Ohio School Boards Association Workers' Compensation Group Rating Program, the Trumbull County School Employees Insurance Benefits Consortium, the Trumbull Career and Technical Center, the Northeast Ohio Management Information Network and the State Support Team Region 5. These organizations are presented in Notes 14 and 15 to the basic financial statements.

**Note 2 - Summary of Significant Accounting Policies**

The financial statements of the School District have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the School District's accounting policies are described below.

*Basis of Presentation*

The School District's basic financial statements consist of government-wide statements, including a statement of net position and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

**Lakeview Local School District**  
*Notes to the Basic Financial Statements*  
*For the Fiscal Year Ended June 30, 2014*

---

***Government-wide Financial Statements*** The statement of net position and the statement of activities display information about the School District as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. These statements usually distinguish between those activities of the School District that are governmental and those that are considered business-type. The School District however, has no business-type activities.

The statement of net position presents the financial condition of the governmental activities of the School District at fiscal year-end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the School District's governmental activities. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program and interest earned on grants that is required to be used to support a particular program. Revenues which are not classified as program revenues are presented as general revenues of the School District, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the School District.

***Fund Financial Statements*** During the year, the School District segregates transactions related to certain School District functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the School District at this more detailed level. The focus of governmental fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. Fiduciary funds are reported by type.

***Fund Accounting***

The School District uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self balancing set of accounts. There are two categories of funds: governmental and fiduciary.

***Governmental Funds*** Governmental funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities and deferred inflows of resources is reported as fund balance. The following is the School District's major governmental fund:

***General Fund*** The general fund is the operating fund of the School District and is used to account for and report all financial resources except those required to be accounted for and reported in another fund. The general fund balance is available to the School District for any purpose provided it is expended or transferred according to the general laws of Ohio.

The other governmental funds of the School District account for grants and other resources, whose use is restricted, committed or assigned to a particular purpose.

***Fiduciary Funds*** Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds and agency funds. Trust funds are used to account for assets held by the School District under a trust agreement for individuals, private organizations, or other governments and

**Lakeview Local School District**  
*Notes to the Basic Financial Statements*  
*For the Fiscal Year Ended June 30, 2014*

---

are therefore not available to support the School District's own programs. The School District's only trust fund is a private purpose trust which accounts for a college scholarship program for students. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The School District's agency funds account for student managed activities and OHSAA tournament activities.

***Measurement Focus***

***Government-wide Financial Statements*** The government-wide financial statements are prepared using the economic resources measurement focus. All assets and deferred outflows of resources and all liabilities and deferred inflows of resources associated with the operation of the School District are included on the statement of net position. The statement of activities presents increases (i.e., revenues) and decreases (i.e., expenses) in total net position.

***Fund Financial Statements*** All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and deferred outflows of resources and current liabilities and deferred inflows of resources generally are included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports on the sources (e.g., revenues and other financing sources) and uses (e.g., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

The private purpose trust fund is accounted for on a flow of economic resources measurement focus.

***Basis of Accounting***

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements and the statements presented for the fiduciary funds are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Differences in the accrual and the modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred outflows/inflows of resources, and in the presentation of expenses versus expenditures.

***Revenues - Exchange and Non-Exchange Transactions*** Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the School District, available means expected to be received within sixty days of fiscal year-end.

Nonexchange transactions, in which the School District receives value without directly giving equal value in return, include property taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied (See Note 10). Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the School District must provide local resources to be used for a specified purpose, and expenditure

**Lakeview Local School District**  
*Notes to the Basic Financial Statements*  
*For the Fiscal Year Ended June 30, 2014*

---

requirements, in which the resources are provided to the School District on a reimbursement basis. On a modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at fiscal year-end: property taxes available as an advance, interest, tuition, grants, fees and rentals.

***Deferred Outflows/Inflows of Resources*** In addition to assets, the statements of financial position will sometimes report a separate section for deferred outflows of resources. Deferred outflows of resources, represents a consumption of net position that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the statements of financial position report a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net position that applies to a future period and will not be recognized as an inflow of resources (revenue) until that time. For the School District, deferred inflows of resources include property taxes and unavailable revenue. Property taxes represent amounts for which there is an enforceable legal claim as of June 30, 2014, but which were levied to finance fiscal year 2015 operations. These amounts have been recorded as a deferred inflow on both the government-wide statement of net position and the governmental fund financial statements. Unavailable revenue is reported only on the governmental funds balance sheet, and represents receivables which will not be collected within the available period. For the School District unavailable revenue includes delinquent property taxes and intergovernmental grants. These amounts are deferred and recognized as an inflow of resources in the period the amounts become available.

***Expenses/Expenditures*** On the accrual basis of accounting, expenses are recognized at the time they are incurred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

***Cash and Cash Equivalents***

To improve cash management, cash received by the School District is pooled. Monies for all funds are maintained in this pool. Individual fund integrity is maintained through the School District's records. Interest in the pool is presented as "equity in pooled cash and cash equivalents".

The School District utilizes a financial institution to service bonded debt as principal and interest payments come due. The balance in this account is presented as "Cash and Cash Equivalents with Fiscal Agents" and represents deposits.

Following Ohio statutes, the Board of Education has, by resolution, specified the funds to receive an allocation of interest earnings. Interest revenue credited to the general fund during fiscal year 2014 amounted to \$7,061, which includes \$1,573 assigned from other School District funds.

**Lakeview Local School District**  
*Notes to the Basic Financial Statements*  
*For the Fiscal Year Ended June 30, 2014*

---

Investments of the cash management pool and investments with an original maturity of three months or less at the time they are purchased by the School District are presented on the financial statements as cash equivalents.

***Inventory***

Inventories are presented at cost on a first-in, first-out basis and are expended/expensed when used. Inventory consists of expendable supplies held for consumption and donated and purchased food held for resale.

***Capital Assets***

The School District's only capital assets are general capital assets. These assets generally result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the government-wide statement of net position but are not reported in the fund financial statements.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated capital assets are recorded at their fair market values as of the date received. The School District's capitalization threshold is \$5,000. The School District does not possess any infrastructure. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not.

All reported capital assets except land are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method over the following useful lives:

Description	Governmental Activities Estimated Lives
Land Improvements	20 years
Buildings and Improvements	50 years
Furniture and Fixtures	5 - 30 years
Vehicles	8 years

***Compensated Absences***

Vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable that the employer will compensate the employees for the benefits through paid time off or some other means.

Sick leave benefits are accrued as a liability using the vesting method. The liability includes the employees who are currently eligible to receive termination benefits and those the School District has identified as probable of receiving payment in the future. The amount is based on accumulated sick leave and employees' wage rates at fiscal year end, taking into consideration any limits specified in the School District's termination policy.

The entire compensated absence liability is reported on the government-wide financial statements.

**Lakeview Local School District**  
*Notes to the Basic Financial Statements*  
*For the Fiscal Year Ended June 30, 2014*

---

On the governmental fund financial statements, compensated absences are recognized as a liability and expenditure to the extent payments come due each period upon the occurrence of employee resignations and retirements. These amounts are recorded in the account "Matured Compensated Absences Payable" in the funds from which the employee who has accumulated unpaid leave is paid.

***Accrued Liabilities and Long-term Obligations***

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources, are reported as obligations of the funds. However, claims and judgments, compensated absences and special termination benefits that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current fiscal year.

***Internal Activity***

Transfers between governmental activities are eliminated on the government-wide financial statements. Internal events that are allocations of overhead expenses from one function to another or within the same function are eliminated on the Statement of Activities. Interfund payments for services provided and used are not eliminated.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

***Fund Balance***

Fund balance is divided into five classifications based primarily on the extent to which the School is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

***Nonspendable*** The nonspendable fund balance category includes amounts that cannot be spent because they are not in spendable form, or legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash.

***Restricted*** Fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or is imposed by law through constitutional provisions.

***Committed*** The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by a formal action (resolution) of the School District Board of Education. Those committed amounts cannot be used for any other purpose unless the School District Board of Education removes or changes the specified use by taking the same type of action (resolution) it employed to previously commit those amounts. Committed fund balance also incorporates contractual

**Lakeview Local School District**  
*Notes to the Basic Financial Statements*  
*For the Fiscal Year Ended June 30, 2014*

---

obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

**Assigned** Amounts in the assigned fund balance classification are intended to be used by the School District for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds other than the general fund, assigned fund balance represents the remaining amount that is not restricted or committed. These amounts are assigned by the School District Board of Education. In the general fund, assigned amounts represent intended uses established by the School District Board of Education, delegated that authority by State statute. State statute authorizes the Treasurer to assign fund balance purchases on order provided such amounts have been lawfully appropriated. The Board of Education assigned fund balance for local fund raising at the building level.

**Unassigned** Unassigned fund balance is the residual classification for the general fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance.

The School District applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

***Net Position***

Net position represents the difference between all other elements in a statement of financial position. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. Net position is reported as restricted when there are limitations imposed on their use through external restrictions imposed by creditors, grantors or laws or regulations of other governments. Net position restricted for other purposes include resources restricted for food service operations, instruction, support services, and extracurricular activities.

The School District applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

***Estimates***

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

***Budgetary Data***

All funds, other than agency funds, are legally required to be budgeted and appropriated. The major documents prepared are the tax budget, the appropriation resolution and the certificate of estimated resources, which are prepared on the budgetary basis of accounting. The tax budget demonstrates a need for existing or increased tax rates. The certificate of estimated resources establishes a limit on the amounts that the Board of Education may appropriate. The appropriation resolution is the Board's authorization to spend resources and set annual limits on expenditures plus encumbrances at a level of control selected by the Board. The legal level of control has been established by the Board of Education

**Lakeview Local School District**  
*Notes to the Basic Financial Statements*  
For the Fiscal Year Ended June 30, 2014

at the fund level. Budgetary modifications at this level require a resolution of the Board of Education. Budgetary allocations at the function and object level are made by the Treasurer.

The certificate of estimated resources may be amended during the year if projected increases or decreases in revenue are identified by the School District Treasurer. The amounts reported as the original and final budgeted amounts in the budgetary statements reflect the amounts in the certificate when the original and final appropriations were adopted.

The appropriation resolution is subject to amendment by the Board throughout the year with the restriction that appropriations may not exceed estimated revenues. The amounts reported as the original budgeted amounts reflect the first appropriation for that fund that covered the entire fiscal year, including amounts automatically carried over from prior years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by the Board during the fiscal year.

**Note 3 – Fund Balances**

Fund balance is classified as nonspendable, restricted, committed, assigned and/or unassigned based primarily on the extent to which the School District is bound to observe constraints imposed upon the use of the resources in the government funds. The constraints placed on fund balance for the major governmental funds and all other governmental funds are presented below:

Fund Balances	General	Other Governmental Funds	Total
<b><i>Nonspendable</i></b>			
Materials and Supplies Inventory	\$80,766	\$2,349	\$83,115
<b><i>Restricted for</i></b>			
Athletics and Music	0	24,416	24,416
College Scholarships	0	17,411	17,411
Regular Education	0	19,420	19,420
Food Service	0	133,481	133,481
Debt Service Payments	0	357,739	357,739
Capital Improvements	0	145,195	145,195
<b><i>Total Restricted</i></b>	<b>0</b>	<b>697,662</b>	<b>697,662</b>
<b><i>Assigned to</i></b>			
Local Fund Raising	9,075	0	9,075
Purchases on Order	186,931	0	186,931
<b><i>Total Assigned</i></b>	<b>196,006</b>	<b>0</b>	<b>196,006</b>
<b><i>Unassigned (Deficit)</i></b>	<b>553,194</b>	<b>(40,935)</b>	<b>512,259</b>
<b><i>Total Fund Balances</i></b>	<b>\$829,966</b>	<b>\$659,076</b>	<b>\$1,489,042</b>

**Lakeview Local School District**  
*Notes to the Basic Financial Statements*  
*For the Fiscal Year Ended June 30, 2014*

---

**Note 4 - Budgetary Basis of Accounting**

While the School District is reporting financial position, results of operations and changes in fund balance on the basis of generally accepted accounting principles (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The Statement of Revenues, Expenditures and Changes in Fund Balance - Budget (Non-GAAP Basis) and Actual presented for the general fund is presented on the budgetary basis to provide a meaningful comparison of actual results with the budget. The major differences between the budget basis and GAAP basis are:

1. Revenues are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis).
2. Expenditures are recorded when paid in cash (budget basis) as opposed to when the liability is incurred (GAAP basis).
3. Encumbrances are treated as expenditures (budget basis) rather than as a restricted, committed or assigned fund balance.
4. Budgetary revenues and expenditures of the uniform school supplies and public school support funds are classified to the general fund for GAAP reporting.

The following table summarizes the adjustments necessary to reconcile the GAAP basis statements to the budgetary basis statements for the general fund.

Net Change in Fund Balance	
GAAP Basis	(\$213,263)
Net Adjustment for Revenue Accruals	381,812
Net Adjustment for Expenditure Accruals	191,608
Perspective Differences:	
Uniform School Supplies	36,340
Public School Support	3,602
Encumbrances	(96,418)
Budget Basis	<u><u>\$303,681</u></u>

**Note 5 – Accountability**

At June 30, 2014, the Part B IDEA special revenue fund had a deficit balance of \$40,935. The deficit balance resulted from adjustments for accrued liabilities. The general fund is liable for any deficit in this fund and provides transfers when cash is required, not when accruals occur.

**Note 6 - Deposits and Investments**

Monies held by the School District are classified into three categories.

**Lakeview Local School District**  
*Notes to the Basic Financial Statements*  
*For the Fiscal Year Ended June 30, 2014*

---

Active deposits are public deposits necessary to meet current demands on the School District treasury. Active monies must be maintained either as cash in the School District treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that the Board has identified as not required for use within the current five year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidence by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts, including passbook accounts.

Interim monies held by the School District can be deposited or invested in the following securities:

1. United States Treasury Notes, Bills, Bonds, or any other obligation or security issued by the United States Treasury or any other obligation guaranteed as to payment of principal and interest by the United States;
2. Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality including, but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. Written repurchase agreements in the securities listed above;
4. Bonds and other obligations of the State of Ohio;
5. Time certificates of deposit or savings or deposit accounts including, but not limited to, passbook accounts;
6. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2);
7. The State Treasurer's investment pool (STAR Ohio);
8. Commercial paper and bankers acceptances if training requirements have been met.

Investments in stripped principal or interest obligations, reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. Investments may only be made through specified dealers and institutions.

**Lakeview Local School District**  
*Notes to the Basic Financial Statements*  
*For the Fiscal Year Ended June 30, 2014*

---

**Deposits**

***Custodial Credit Risk.*** Custodial credit risk for deposits is the risk that in the event of bank failure, the School District will not be able to recover deposits or collateral securities that are in possession of an outside party. At fiscal year-end, \$2,848,939 of the School District's bank balance of \$3,299,897 was uninsured and uncollateralized. Although the securities were held by the pledging financial institutions' trust department and all statutory requirements for the deposit of money had been followed, noncompliance with Federal requirements could potentially subject the School District to a successful claim by the FDIC.

The School District has no deposit policy for custodial risk beyond the requirements of State statute. Ohio law requires that deposits be either insured or protected by eligible securities pledged to and deposited either with the School District or a qualified trustee by the financial institution as security for repayment, or by a collateral pool of eligible securities deposited with a qualified trustee and pledged to secure the repayment of all public monies deposited in the financial institution whose market value at all times shall be at least one hundred five percent of the deposits being secured.

**Note 7 - Interfund Transfers**

The general fund made a transfer of \$172 to the scholarship special revenue fund to help provide funding for fiscal year 2014.

**Note 8 – Receivables**

Receivables at June 30, 2014, consisted of taxes, accounts and intergovernmental grants. All receivables are considered collectible in full due to the ability to foreclose for the nonpayment of taxes, the stable condition of State programs, and the current year guarantee of federal funds. All receivables, except for delinquent property taxes, are expected to be collected within one year. Property taxes, although ultimately collectible include some portion of delinquencies that will not be collected within one year.

A summary of the principal items of intergovernmental receivables follows:

	<u>Amount</u>
Title I	\$106,545
Part B IDEA	49,313
Catastrophic Aid Special Education	17,616
School Employees Retirement System	<u>6,546</u>
<b><i>Total Governmental Activities</i></b>	<b><u><u>\$180,020</u></u></b>

**Lakeview Local School District**  
*Notes to the Basic Financial Statements*  
*For the Fiscal Year Ended June 30, 2014*

---

**Note 9 - Contingencies**

***Grants***

The School District received financial assistance from federal and state agencies in the form of grants. The expenditure of funds received under these programs generally requires compliance with the terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the general fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the School District at June 30, 2014.

***Litigation***

The School District is not involved in any material litigation as either plaintiff or defendant.

**Note 10 - Property Taxes**

Property taxes are levied and assessed on a calendar year basis while the School District fiscal year runs from July through June. First half tax collections are received by the School District in the second half of the fiscal year. Second half tax distributions occur in the first half of the following fiscal year.

Property taxes include amounts levied against all real and public utility property located in the School District. Real property tax revenue received in calendar year 2014 represents collections of calendar year 2013 taxes. Real property taxes received in calendar year 2014 were levied after April 1, 2013, on the assessed value listed as of January 1, 2013, the lien date. Assessed values for real property taxes are established by State law at 35 percent of appraised market value. Real property taxes are payable annually or semiannually. If paid annually, payment is due December 31; if paid semiannually, the first payment is due December 31, with the remainder payable by June 20. Under certain circumstances, State statute permits alternate payment dates to be established.

Public utility property tax revenues received in calendar year 2014 represent the collection of calendar year 2013 taxes. Public utility real and tangible personal property taxes received in calendar year 2014 became a lien on December 31, 2012, were levied after April 1, 2013, and are collected with real property taxes. Public utility real property is assessed at thirty-five percent of true value; public utility tangible personal property is currently assessed at varying percentages of true value.

The School District receives property taxes from Trumbull County. The County Auditor periodically advances to the School District its portion of the taxes collected. Second-half real property tax payments collected by the County by June 30, 2014, are available to finance fiscal year 2014 operations. The amount available to be advanced can vary based on the date the tax bills are sent.

**Lakeview Local School District**  
*Notes to the Basic Financial Statements*  
*For the Fiscal Year Ended June 30, 2014*

Accrued property taxes receivable includes real property and public utility property taxes which are measurable as of June 30, 2014 and for which there is an enforceable legal claim. Although total property tax collections for the next fiscal year are measurable, only the amount of real property taxes available as an advance at June 30 were levied to finance current fiscal year operations are reported as revenue at fiscal year-end. The portion of the receivable not levied to finance current fiscal year operations is offset by a credit to deferred inflows of resources – property taxes. On the accrual basis, collectible delinquent property taxes have been recorded as a receivable and revenue while on the modified accrual basis the revenue has been reported as deferred inflows of resources – unavailable revenue.

The amount available as an advance at June 30, 2014 was \$18,638 in the general fund, \$1,548 in the bond retirement fund and \$601 in the permanent improvement fund. The amount available as an advance at June 30, 2013 was \$357,559 in the general fund and \$26,791 in the bond retirement fund and \$728 in the permanent improvement fund.

The assessed values upon which the fiscal year 2014 taxes were collected are:

	2013 Second Half Collections		2014 First Half Collections	
	Amount	Percent	Amount	Percent
Residential/Agricultural and Other Real Estate	\$256,017,820	97.26 %	\$255,605,410	97.04 %
Public Utility Personal	7,210,360	2.74	7,804,810	2.96
Total	<u>\$263,228,180</u>	<u>100.00 %</u>	<u>\$263,410,220</u>	<u>100.00 %</u>
Tax rate per \$1,000 of assessed valuation	\$48.00		\$48.00	

**Note 11 – Capital Lease**

In prior years, the School District entered into a capitalized lease for a construction and reroofing project and school buses. These leases meet the criteria for capital leases. Capital assets acquired by lease have been capitalized in the amount of \$1,045,000. This amount represents the present value of the minimum lease payments at the time of acquisition. Accumulated depreciation as of June 30, 2014 was \$320,264 leaving a current book value of \$724,736.

At June 30, 2014, the School District has the fiscal year 2015 payment remaining consisting of a principal and interest of \$115,000 and \$5,294, respectively.

**Lakeview Local School District**  
*Notes to the Basic Financial Statements*  
For the Fiscal Year Ended June 30, 2014

**Note 12 – Capital Assets**

Capital asset activity for the fiscal year ended June 30, 2014, was as follows:

	Restated Balance June 30, 2013	Additions	Deletions	Balance June 30, 2014
<b>Nondepreciable Capital Assets</b>				
Land	\$513,900	\$0	\$0	\$513,900
<b>Depreciable Capital Assets</b>				
Land Improvements	1,448,569	0	0	1,448,569
Buildings and Improvements	10,760,084	0	0	10,760,084
Furniture and Fixtures	585,930	0	0	585,930
Vehicles	1,366,879	167,514	(259,617)	1,274,776
<i>Total at Historical Cost</i>	<u>14,161,462</u>	<u>167,514</u>	<u>(259,617)</u>	<u>14,069,359</u>
Less: Accumulated Depreciation				
Land Improvements	(1,312,617)	(63,918)	0	(1,376,535)
Buildings and Improvements	(6,232,062)	(195,016)	0	(6,427,078)
Furniture and Fixtures	(506,077)	(12,970)	0	(519,047)
Vehicles	(1,180,039)	(46,144)	259,617	(966,566)
<i>Total Accumulated Depreciation</i>	<u>(9,230,795)</u>	<u>(318,048) *</u>	<u>259,617</u>	<u>(9,289,226)</u>
<i>Depreciable Capital Assets, Net of Accumulated Depreciation</i>	<u>4,930,667</u>	<u>(150,534)</u>	<u>0</u>	<u>4,780,133</u>
<i>Governmental Activities Capital Assets, Net</i>	<u>\$5,444,567</u>	<u>(\$150,534)</u>	<u>\$0</u>	<u>\$5,294,033</u>

\* Depreciation expense was charged to governmental functions as follows:

Instruction	
Regular	\$237,395
Support Services	
Instructional Staff	265
Administration	292
Operation and Maintenance of Plant	7,149
Pupil Transportation	51,296
Food Service Operations	3,603
Extracurricular Activities	18,048
Total Depreciation Expense	<u>\$318,048</u>

\*\* Note – During fiscal year 2014, the School District determined there were \$110,870 in both vehicle asset costs and depreciation missing from their capital asset inventory. There is no effect on net position as previously reported.

**Lakeview Local School District**  
*Notes to the Basic Financial Statements*  
*For the Fiscal Year Ended June 30, 2014*

**Note 13 – Long-Term Obligations**

Changes in long-term obligations of the School District during fiscal year 2014 were as follows:

	Principal Outstanding June 30, 2013	Additions	Deductions	Principal Outstanding June 30, 2014	Amount Due in One Year
<b>Governmental Activities</b>					
<b>General Obligation Bonds</b>					
1998 School Improvement Bonds					
Capital Appreciation Bonds 4.80% to 5.10%	\$140,503	\$0	\$140,503	\$0	\$0
Accretion on Capital Appreciation Bonds	474,497	0	474,497	0	0
Current Interest Term Bonds	1,860,000	0	0	1,860,000	645,000
<i>Total General Obligation Bonds</i>	2,475,000	0	615,000	1,860,000	645,000
Capital Leases Payable	225,000	0	110,000	115,000	115,000
Compensated Absences	1,459,446	195,100	454,472	1,200,074	174,644
<i>Total Governmental Activities</i>					
<i>Long-Term Liabilities</i>	<u>\$4,159,446</u>	<u>\$195,100</u>	<u>\$1,179,472</u>	<u>\$3,175,074</u>	<u>\$934,644</u>

In 1998, the School District issued \$4,465,070 in voted general obligation bonds for the purpose of constructing an auditorium, major renovations and an addition at the Bazetta elementary school. The bonds were issued for twenty-two year periods with a final maturity at December 1, 2019.

The 1998 general obligation bonds include capital appreciation bonds. The original issue amount was \$980,070 and the final maturity of these bonds is \$3,370,000. These bonds were paid in full during fiscal year 2014.

General obligation bonds will be paid from the debt service fund. Compensated absences will be paid from the general and food service special revenue funds. The capital lease will be paid from the permanent improvement capital projects fund.

The overall debt margin of the School District as of June 30, 2014 was \$22,204,659 with an unvoted debt margin of \$263,410. Principal and interest requirements to retire the general obligation bonds outstanding at June 30, 2014 are as follows:

	General Obligation Bonds	
	Term	
	Principal	Interest
2015	\$645,000	\$59,194
2016	235,000	42,254
2017	245,000	33,014
2018	245,000	23,581
2019	245,000	14,149
2020	245,000	4,716
Total	<u>\$1,860,000</u>	<u>\$176,908</u>

**Lakeview Local School District**  
*Notes to the Basic Financial Statements*  
*For the Fiscal Year Ended June 30, 2014*

---

**Note 14 – Public Entity Pools**

***Insurance Purchasing Pool***

***Ohio School Boards Association Workers' Compensation Group Rating Program*** The School District participates in the Ohio School Boards Association Workers' Compensation Group Rating Program (GRP), an insurance purchasing pool. The GRP's business and affairs are conducted by a three member Board of directors consisting of the President, the President-Elect and the Immediate Post President of the OSBA. The Executive Director of the OSBA, or his designee, serves as coordinator of the program. Each year, the participating school districts pay an enrollment fee to the GRP to cover the costs of administering the program.

***Shared Risk Pool***

***Trumbull County School Employees Insurance Benefits Consortium*** The School District participates in the Trumbull County School Employees Insurance Benefits Consortium. This is a shared risk pool comprised of sixteen Trumbull County School Districts. The Consortium is governed by an assembly which consists of one representative from each participating school district (usually the superintendent or designee). The assembly elects officers for one year terms to serve as the Board of Directors. The assembly exercises control over the operation of the Consortium. Each member's control over the budgeting and financing of the pool is limited to its voting authority and any representation it may have on the Board of Directors. Consortium revenues are generated from charges for services.

**Note 15 - Jointly Governed Organizations**

***Trumbull Career and Technical Center*** The Trumbull Career and Technical Center is a distinct political subdivision of the State of Ohio providing vocational needs of the students. The center is operated under the direction of a Board consisting of one representative from each of the nineteen participating school districts' elected boards, which possesses its own budgeting and taxing authority. The Board exercises total control over the operations of the Trumbull Career and Technical Center including budgeting, appropriating, contracting and designating management. The degree of control exercised by any participating school district is limited to its representation on the Governing Board. To obtain financial information write to the Trumbull Career and Technical Center, Gary Ghizzoni, who serves as Treasurer, at 528 Educational Highway, Warren, Ohio 44483.

***Northeast Ohio Management Information Network (NEOMIN)*** NEOMIN is a jointly governed organization among twenty-nine school districts and two educational service centers in Trumbull and Ashtabula Counties. The jointly governed organization was formed for the purpose of applying modern technology with the aid of computers and other electronic equipment to administrative and instructional functions among member districts. Each of the districts supports NEOMIN based upon a per pupil charge. Lakeview Local School District paid \$14,710 to NEOMIN during fiscal year 2014.

The Governing board consists of ten members: The Trumbull and Ashtabula County superintendents (permanent members), three superintendents from Ashtabula County participating school districts, three superintendents from Trumbull County participating school districts, the fiscal agent (or NEOMIN). The Newton Falls Exempted Village School District was not represented on the Governing Board during fiscal year 2014. The Board exercises total control over the operations of NEOMIN including budgeting, appropriating, contracting and designating management. The degree of control exercised by any participating school district is limited to its representation on the Governing Board. To obtain a copy of

**Lakeview Local School District**

*For the Fiscal Year Ended June 30, 2014*

---

NEOMIN's financial statements, write to the Trumbull County Educational Service Center, 6000 Youngstown Warren Road, Niles, Ohio 44446.

***State Support Team Region 5*** The State Support Team Region 5 is a special education service center which selects its own board, adopts its own budget and receives direct Federal and State grants for its operation. The jointly governed organization was formed for the purpose of initiating, expanding and improving special education programs and services for children with disabilities and their parents.

The State Support Team Region 5 is governed by a governing board of 39 members made up of representatives from 35 superintendents of the participating districts, one non-public school, one county board of mental retardation and two parents whose term rotates every year. The degree of control exercised by any participating school district is limited to its representation on the Board. Southington Local School District did not make any contributions to the State Support Team Region 5 during fiscal year 2014. Financial information can be obtained by contacting the Treasurer at the Mahoning County Educational Service Center, 100 DeBartolo Place, Suite 105, Youngstown, Ohio 44512.

## **Note 16 – Defined Benefit Pension Plans**

### ***School Employees Retirement System***

Plan Description – The School District participates in the School Employees Retirement System (SERS), a cost-sharing multiple-employer defined benefit pension plan. SERS provides retirement, disability and survivor benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Ohio Revised Code Chapter 3309. SERS issues a publicly available, stand-alone financial report that includes financial statements and required supplementary information. That report can be obtained by visiting the SERS website at [www.ohsers.org](http://www.ohsers.org) under Employers/Audit Resources.

Funding Policy – Plan members are required to contribute 10 percent of their annual covered salary and the School District is required to contribute 14 percent of annual covered payroll. The contribution requirements of plan members and employers are established and may be amended by the SERS' Retirement Board up to statutory maximum amounts of 10 percent for plan members and 14 percent for employers. The Retirement Board, acting with the advice of the actuary, allocates the employer contribution rate among four of the System's funds (Pension Trust Fund, Death Benefit Fund, Medicare B Fund, and Health Care Fund). For the fiscal year ended June 30, 2014, the allocation to pension and death benefits was 13.10 percent. The remaining 0.90 percent of the 14 percent employer contribution rate is allocated to the Medicare B and Health Care funds. The School District's required contributions for pension obligations to SERS for the fiscal years ended June 30, 2014, 2013 and 2012 were \$283,356, \$253,666 and \$259,089, respectively. For fiscal year 2014, 82.65 percent has been contributed, with the balance being reported as an intergovernmental payable. The full amount has been contributed for fiscal years 2013 and 2012.

### ***State Teachers Retirement System***

Plan Description – The School District participates in the State Teachers Retirement System of Ohio (STRS Ohio), a cost-sharing multiple-employer public employee retirement system. STRS Ohio provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS Ohio issues a stand-alone financial report that can be obtained by writing to STRS Ohio, 275 E. Broad St., Columbus, OH 43215-3771, by calling (888) 227-7877, or by visiting the STRS Ohio Web site at [www.strsoh.org](http://www.strsoh.org).

*Notes to the Basic Financial Statements*  
*For the Fiscal Year Ended June 30, 2014*

---

New members have a choice of three retirement plans; a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan and a Combined Plan. The DB plan offers an annual retirement allowance based on final average salary multiplied by a percentage that varies based on years of service, or an allowance based on a member's lifetime contributions and earned interest matched by STRS Ohio funds divided by an actuarially determined annuity factor. The DC Plan allows members to place all their member contributions and employer contributions equal to 10.5 percent of earned compensation into an investment account. Investment decisions are made by the member. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal. The Combined Plan offers features of both the DB Plan and the DC Plan. In the Combined Plan, member contributions are invested by the member, and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DB Plan. The DB portion of the Combined Plan payment is payable to a member on or after age 60; the DC portion of the account may be taken as a lump sum payment or converted to a lifetime monthly annuity at age 50. Benefits are established by Ohio Revised Code Chapter 3307.

A DB or Combined Plan member with five or more years of credited service who becomes disabled may qualify for a disability benefit. Eligible spouses and dependents of these active members who die before retirement may qualify for survivor benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member of the DC Plan dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

Funding Policy - Chapter 3307 of the Ohio Revised Code provides statutory authority for member and employer contributions. Contribution rates are established by the State Teachers Retirement Board, upon the recommendation of its consulting actuary, not to exceed statutory maximum rates of 11 percent for members and 14 percent for employers. The statutory maximum employee contribution rate was increased one percent July 1, 2013, and will be increased one percent each year until it reaches 14 percent on July 1, 2016. For the fiscal year ended June 30, 2014, plan members were required to contribute 11 percent of their annual covered salary. The School District was required to contribute 14 percent; 13 percent was the portion used to fund pension obligations.

The School District's required contributions to STRS Ohio for the DB Plan and for the defined benefit portion of the Combined Plan were \$971,242 and \$22,095 for the fiscal year ended June 30, 2014, \$967,216 and \$19,774 for the fiscal year ended June 30, 2013, and \$966,259 and \$22,766 for the fiscal year ended June 30, 2012. For fiscal year 2014, 84.36 percent has been contributed for the DB plan and the Combined Plan, with the balance being reported as an intergovernmental payable. The full amount has been contributed for fiscal years 2013 and 2012.

Contributions made to STRS Ohio for the DC Plan for fiscal year 2014 were \$3,480 made by the School District and \$2,735 made by the plan members. In addition, member contributions of \$17,361 were made for fiscal year 2014 for the defined contribution portion of the Combined Plan.

### **Social Security System**

Effective July 1, 1991, all employees not otherwise covered by the School Employees Retirement System or the State Teachers Retirement System of Ohio have an option to choose Social Security or the School Employees Retirement System. As of June 30, 2014, four members of the Board of Education have elected Social Security. The Board's liability is 6.2 percent of wages.

*Notes to the Basic Financial Statements*  
*For the Fiscal Year Ended June 30, 2014*

---

**Note 17 - Postemployment Benefits**

***School Employees Retirement System***

Plan Description – The School District participates in two cost-sharing multiple-employer defined benefit other postemployment benefit (OPEB) plans administered by the School Employees Retirement System for non-certificated retirees and their beneficiaries, a Health Care Plan and a Medicare Part B Plan. The Health Care Plan includes hospitalization and physicians' fees through several types of plans including HMO's, PPO's, Medicare Advantage, and traditional indemnity plans as well as a prescription drug program. The Medicare Part B Plan reimburses Medicare Part B premiums paid by eligible retirees and beneficiaries up to a statutory limit. Benefit provisions and the obligation to contribute are established by SERS based on authority granted by State statute. The financial reports of both Plans are included in the SERS Comprehensive Annual Financial Report which can be obtained on SERS' website at [www.ohsers.org](http://www.ohsers.org) under Employers/Audit Resources.

Funding Policy - State statute permits SERS to fund the health care benefits through employer contributions. Each year, after the allocation for statutorily required benefits, the Retirement Board allocates the remainder of the employer contribution of 14 percent of covered payroll to the Health Care Fund. The Health Care Fund was established and is administered in accordance with Internal Revenue Code Section 105(e). For fiscal year 2014, 0.14 percent of covered payroll was allocated to health care. In addition, employers pay a surcharge for employees earning less than an actuarially determined amount; for fiscal year 2014, this amount was \$20,250. During fiscal year 2014, the School District paid \$35,954 in surcharge.

Active employee members do not contribute to the Health Care Plan. Retirees and their beneficiaries are required to pay a health care premium that varies depending on the plan selected, the number of qualified years of service, Medicare eligibility and retirement status.

The School District's contributions for health care for the fiscal years ended June 30, 2014, 2013 and 2012 were \$3,028, \$3,196 and \$11,220, respectively. For fiscal year 2014, 82.65 percent has been contributed, with the balance being reported as an intergovernmental payable. The full amount has been contributed for fiscal years 2013 and 2012.

The Retirement Board, acting with advice of the actuary, allocates a portion of the employer contribution to the Medicare B Fund. For fiscal year 2014, this actuarially required allocation was 0.76 percent of covered payroll. The School District's contributions for Medicare Part B for the fiscal years ended June 30, 2014, 2013 and 2012, were \$16,439, \$14,781 and \$15,301, respectively. For fiscal year 2014, 82.65 percent has been contributed, with the balance being reported as an intergovernmental payable. The full amount has been contributed for fiscal years 2013 and 2012.

***State Teachers Retirement System***

Plan Description – The School District participates in the cost-sharing multiple-employer defined benefit Health Plan administered by the State Teachers Retirement System of Ohio (STRS Ohio) for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS Ohio. Ohio law authorizes STRS to offer this plan. Benefits include hospitalization, physicians' fees, prescription drugs and reimbursement of monthly Medicare Part B premiums. The Plan is included in the report of STRS Ohio which can be obtained by visiting [www.strsoh.org](http://www.strsoh.org) or by calling (888) 227-7877.

**Lakeview Local School District**  
*Notes to the Basic Financial Statements*  
*For the Fiscal Year Ended June 30, 2014*

---

Funding Policy – Ohio Revised Code Chapter 3307 authorizes STRS Ohio to offer the Plan and gives the Retirement Board authority over how much, if any, of the health care costs will be absorbed by STRS Ohio. Active employee members do not contribute to the Health Care Plan. All benefit recipients, for the most recent year, pay a monthly premium. Under Ohio law, funding for post-employment health care may be deducted from employer contributions. For fiscal year 2014, STRS Ohio allocated employer contributions equal to one percent of covered payroll to post-employment health care. The School District's contributions for health care for the fiscal years ended June 30, 2014, 2013 and 2012 were \$71,593, \$70,902 and \$69,415, respectively. For fiscal year 2014, 84.36 percent has been contributed, with the balance being reported as an intergovernmental payable. The full amount has been contributed for fiscal years 2013 and 2012. The STRS Board voted to discontinue the current one percent allocation to the health care fund effective July 1, 2014.

**Note 18 - Other Employee Benefits**

***Compensated Absences***

The criteria for determining vacation and sick leave benefits are derived from negotiated agreements and State laws. Classified employees earn ten to twenty days of vacation per fiscal year, depending upon length of service. Accumulated, unused vacation time is paid to classified employees and administrators upon termination of employment. Teachers do not earn vacation time. Teachers, administrators and classified employees earn sick leave at the rate of one and one-fourth days per month. Sick leave may be accumulated to a maximum of 320 days for all personnel. Upon retirement, payment is made for one-fourth of accrued, but unused sick leave credit to a maximum of 85 days for classified employees, teachers and administrators. Employees are given three days of personal leave at the beginning of the fiscal year. Upon retirement, all unused personal leave is converted to sick leave.

***Life Insurance Benefits***

The School District provides life insurance and accidental death and dismemberment insurance of \$50,000 to all full time employees through the ReliaStar Life Insurance Company.

***Retirement Incentives***

Per the negotiated agreement, eligible employees are entitled to receive an early retirement incentive bonus based on their years of service. In order to receive this bonus, employees must have at least 30 years' experience with the STRS/SERS and must resign by April 1 with an effective retirement date not later than the last day of the current school year. The bonus is limited to 20 percent of the bargaining unit employee's contract. The Retirement Incentive Bonus will be paid to the employee (30) days after the Treasurer receives a copy of the employee's first STRS/SERS check. Severance pay and retirement bonus will be placed in the mutually agreed upon 403(b).

**Lakeview Local School District**  
*Notes to the Basic Financial Statements*  
*For the Fiscal Year Ended June 30, 2014*

---

**Note 19 - Risk Management**

***Employee Health Benefits***

The School District has contracted with the Trumbull County School Employees Insurance Benefits Consortium to provide employee medical/surgical, dental, and prescription drug benefits. The Trumbull County School Employees Insurance Benefits Consortium is a shared risk pool comprised of sixteen Trumbull County school districts. Rates are set through an annual calculation process. The Lakeview Local School District pays a monthly contribution which is placed in a common fund from which claim payments are made for all participating school districts. Claims are paid for all participants regardless of claims flow. The board of directors has the right to return monies to an exiting district subsequent to the settlement of all expenses and claims. The School District pays medical/surgical/prescription drug premiums of \$1,382.05 for family coverage and \$531.36 for single coverage per employee per month for the PPO Plan #1, and premiums of \$1,240.84 for family coverage and \$476.89 for single coverage per employee per month for the PPO Plan #2. Employees are responsible for 10 percent of the cost. Premiums for dental coverage are \$75.69 monthly for family coverage and \$24.09 monthly for single coverage. The plan utilizes a \$10.00 prescription deductible. If the School District were to withdraw from the consortium, there would be no liability because premium levels fund a reserve for subsequent claim payments.

Settled claims have not exceeded this commercial coverage in any of the past three years. There have been no significant reductions in coverage from last year.

***Worker's Compensation***

For fiscal year 2014, the School District participated in the Ohio School Boards Association Workers' Compensation Group Rating Program (GRP), an insurance purchasing pool (Note 14). The intent of the GRP is to achieve the benefit of a reduced premium for the School District by virtue of its grouping and representation with other participants in the GRP. The workers' compensation experience of the participating school districts is calculated as one experience and a common premium rate is applied to all school districts in the GRP. Each participant pays its workers' compensation premium to the State based on the rate for the GRP rather than its individual rate. Total savings are then calculated and each participant's individual performance is compared to the overall savings percentage of the GRP.

A participant will then either receive money from or be required to contribute to the "Equity Pooling Fund". This "equity pooling" arrangement insures that each participant shares equally in the overall performance of the GRP. Participation in the GRP is limited to school districts that can meet the GRP's selection criteria. The firm of Comp Management, Inc. provides administrative, cost control and actuarial services to the GRP.

***Property and Liability***

The School District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees and natural disasters. During fiscal year 2014, the School District contracted for the following insurance coverage:

**Lakeview Local School District**  
*Notes to the Basic Financial Statements*  
*For the Fiscal Year Ended June 30, 2014*

Coverage	Amount
<b>Coverage provided by Ohio School Plan</b>	
Building and Contents - replacement cost (\$2,500 deductible)	\$51,973,998
Boiler and Machinery (\$2,500 deductible)	No limit
Automobile Liability (\$1,000 deductible on comprehensive) (\$1,000 deductible on Bus Collision) (\$500 deductible on Other Collision)	3,000,000
Auto Medical Payments - Per occurrence	5,000
General Liability	
Per occurrence (\$0 deductible)	3,000,000
Total per year	5,000,000

Settled claims have not exceeded this commercial coverage in any of the past three years. There have been no significant reductions in coverage from last year.

**Note 20 - Set Asides**

The School District is required by State statute to annually set aside in the general fund an amount based on a statutory formula for the acquisition and construction of capital improvements. Amounts not spent by the end of the fiscal year or offset by similarly restricted resources received during the year must be held in cash at year end and carried forward to be used for the same purposes in future years.

The following cash basis information describes the change in the fiscal year end set aside amount for capital acquisition. Disclosure of this information is required by State statute.

	<u>Capital Improvements</u>
Set-Aside Balance as of June 30, 2013	\$0
Current Year Set-aside Requirement	316,175
Current Year Offsets	(283,012)
Qualifying Disbursements	<u>(171,016)</u>
Total	<u><u>(\$137,853)</u></u>
Set-aside Balance Carried	
Forward to Future Fiscal Years	<u>\$0</u>
Set-aside Balance as of June 30, 2014	<u><u>\$0</u></u>

While the qualifying disbursements during the fiscal year reduced the capital improvement set-aside amount to below zero, this amount may not be used to reduce the set-aside requirements of future fiscal years.

**Lakeview Local School District**  
*Notes to the Basic Financial Statements*  
*For the Fiscal Year Ended June 30, 2014*

---

**Note 21 - Encumbrances**

Encumbrances are commitments related to unperformed contracts for goods or services. Encumbrance accounting is utilized to the extent necessary to assure effective budgetary control and accountability and to facilitate effective cash planning and control. At fiscal year end the amount of encumbrances expected to be honored upon performance by the vendor in the next fiscal year were as follows:

General	\$96,418
Other Governmental Funds	<u>42,194</u>
Total Governmental	<u><u>\$138,612</u></u>

**Note 22 – Subsequent Event**

On November 4, 2014, the voters rejected a \$23,815,000 bond levy and a 0.5 mill permanent improvement levy.

**LAKEVIEW LOCAL SCHOOL DISTRICT  
TRUMBULL COUNTY**

**NOTES TO THE SCHEDULE OF FEDERAL AWARDS RECEIPTS AND EXPENDITURES  
FISCAL YEAR ENDED JUNE 30, 2014**

**NOTE A - SIGNIFICANT ACCOUNTING POLICIES**

The accompanying Schedule of Federal Awards Receipts and Expenditures (the Schedule) reports the Lakeview Local School District's (the District's) federal award programs' receipts and disbursements. The schedule has been prepared on the cash basis of accounting.

**NOTE B - CHILD NUTRITION CLUSTER**

The District commingles cash receipts from the U.S. Department of Agriculture with similar State grants. When reporting expenditures on this Schedule, the District assumes it expends federal monies first.

**NOTE C – FOOD DONATION PROGRAM**

The District reports commodities consumed on the Schedule at the fair value. The District allocated donated food commodities to the respective program that benefitted from the use of those donated food commodities.

# Dave Yost • Auditor of State

## INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

Lakeview Local School District  
Trumbull County  
300 Hillman Drive  
Cortland, Ohio 44410

To the Board of Education:

We have audited, in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Lakeview Local School District, Trumbull County, (the District) as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the District's basic financial statements and have issued our report thereon dated February 18, 2015.

### ***Internal Control Over Financial Reporting***

As part of our financial statement audit, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures appropriate in the circumstances to the extent necessary to support our opinions on the financial statements, but not to the extent necessary to opine on the effectiveness of the District's internal control. Accordingly, we have not opined on it.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the District's financial statements. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all internal control deficiencies that might be material weaknesses or significant deficiencies. Given these limitations, we did not identify any deficiencies in internal control that we consider material weaknesses. However, unidentified material weaknesses may exist.

***Compliance and Other Matters***

As part of reasonably assuring whether the District's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

***Purpose of this Report***

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

A handwritten signature in black ink that reads "Dave Yost". The signature is written in a cursive style with a large, looping "D" and "Y".

## INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO THE MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133

Lakeview Local School District  
Trumbull County  
300 Hillman Drive  
Cortland, Ohio 44410

To the Board of Education:

### ***Report on Compliance for the Major Federal Program***

We have audited the Lakeview Local School District's (the District) compliance with the applicable requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133, Compliance Supplement* that could directly and materially affect the Lakeview Local School District's major federal program for the year ended June 30, 2014. The *Summary of Auditor's Results* in the accompanying schedule of findings identifies the District's major federal program.

### ***Management's Responsibility***

The District's Management is responsible for complying with the requirements of laws, regulations, contracts, and grants applicable to its federal program.

### ***Auditor's Responsibility***

Our responsibility is to opine on the District's compliance for the District's major federal program based on our audit of the applicable compliance requirements referred to above. Our compliance audit followed auditing standards generally accepted in the United States of America; the standards for financial audits included in the Comptroller General of the United States' *Government Auditing Standards*; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. These standards and OMB Circular A-133 require us to plan and perform the audit to reasonably assure whether noncompliance with the applicable compliance requirements referred to above that could directly and materially affect a major federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe our audit provides a reasonable basis for our compliance opinion on the District's major program. However, our audit does not provide a legal determination of the District's compliance.

### ***Opinion on the Major Federal Program***

In our opinion, the Lakeview Local School District complied, in all material respects with the compliance requirements referred to above that could directly and materially affect its major federal program for the year ended June 30, 2014.

***Report on Internal Control Over Compliance***

The District's management is responsible for establishing and maintaining effective internal control over compliance with the applicable compliance requirements referred to above. In planning and performing our compliance audit, we considered the District's internal control over compliance with the applicable requirements that could directly and materially affect a major federal program, to determine our auditing procedures appropriate for opining on each major federal program's compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not to the extent needed to opine on the effectiveness of internal control over compliance. Accordingly, we have not opined on the effectiveness of the District's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, when performing their assigned functions, to prevent, or to timely detect and correct, noncompliance with a federal program's applicable compliance requirement. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a federal program compliance requirement will not be prevented, or timely detected and corrected. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with federal program's applicable compliance requirement that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

This report only describes the scope of our internal control compliance tests and the results of this testing based on OMB Circular A-133 requirements. Accordingly, this report is not suitable for any other purpose.
