We have reviewed the *Independent Auditor's Report* of the Mid East Ohio Regional Council, Knox County, prepared by Julian & Grube, Inc., for the audit period January 1, 2014 through December 31, 2014. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The Mid East Ohio Regional Council is responsible for compliance with these laws and regulations.

Independent Auditor's Report

Mid East Ohio Regional Council
Knox County
1 Avalon Road
Mt. Vernon, Ohio 43050

To the Members of the Board:

Report on the Financial Statements

We have audited the accompanying financial statements of the Mid East Ohio Regional Council, Knox County, Ohio, as of and for the year ended December 31, 2014, and the related notes to the financial statements, which collectively comprise the Mid East Ohio Regional Council's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for preparing and fairly presenting these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes designing, implementing, and maintaining internal control relevant to preparing and fairly presenting financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to opine on these financial statements based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the Mid East Ohio Regional Council's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the Mid East Ohio Regional Council's internal control. Accordingly, we express no opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Mid East Ohio Regional Council, Knox County, Ohio, as of December 31, 2014, and the changes in financial position and its cash flows for the year then ended in accordance with the accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require this presentation to include *Management's discussion and analysis* listed in the table of contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, consisting of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, to the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not opine or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to opine or provide any other assurance.

Supplementary and Other Information

Our audit was conducted to opine on the Mid East Ohio Regional Council's basic financial statements taken as a whole.

The Schedule of Federal Awards Expenditures (the "Schedule") presents additional analysis as required by the U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations and is also not a required part of the financial statements.

The Schedule is management's responsibility, and derives from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. We subjected this Schedule to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling the Schedule directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves in accordance with auditing standards generally accepted in the United States of America. In our opinion, this Schedule is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated April 27, 2015, on our consideration of the Mid East Ohio Regional Council's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Mid East Ohio Regional Council's internal control over financial reporting and compliance.

**MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED DECEMBER 31, 2014
(UNAUDITED)**

The management's discussion and analysis of Mid East Ohio Regional Council's (the "Council") financial performance provides an overall review of the Council's financial activities for the year ended December 31, 2014. The intent of this discussion and analysis is to look at the Council's financial performance as a whole. Readers should also review the basic financial statements and the notes to the basic financial statements to enhance their understanding of the Council's financial performance.

Financial Highlights

Key financial highlights for the year of 2014 are as follows:

- Net position increased \$1,726,218, which represents a 9.8% increase from the year ended December 31, 2013.
- The Council's operating revenues total \$6,975,322 for the year ended December 31, 2014. Operating expenses amount to 5,318,845.

Using the Basic Financial Statements

Statement of Net Position, Statement of Revenues, Expenses and Changes in Net Position and the Statement of Cash Flows

This annual report consists of two parts: management's discussion and analysis and the basic financial statements. The basic financial statements include a statement of net position, statement of revenues, expenses and changes in net position and a statement of cash flows. Since the Council only uses one fund for its operations, the entity wide and fund presentation information are the same.

The statement of net position and statement of revenues, expenses and changes in net position answers the question, "How did we do financially during 2014?" These statements include all assets and liabilities both financial and capital, and short-term and long-term, using the accrual basis of accounting and economic resource focus, which is similar to the accounting used by most private-sector companies. This basis of accounting takes into account all revenues and expenses during the year, regardless of when the cash is received or paid.

The statement of cash flows provides information about how the Council finances and meets the cash flow needs of its operations. The statement of cash flows can be found on page 11 of this report.

Notes to the Basic Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the financial statements. These notes to the basic financial statements can be found on pages 12 - 21 of this report.

Budgeting Highlights

Although the Council is not required to prepare a budget according to Ohio law, an annual budget is completed for management purposes. Budget information is reported to the Council members.

Capital Assets

As of December 31, 2014, the Council had \$607,035 invested in capital assets, net of accumulated depreciation. This amount consisted of \$585,175 of net depreciable capital assets and \$21,860 of land, which were reported on the statement of net position. The following table shows December 31, 2014 balances compared to 2013:

Current Financial Related Activities

During calendar year 2014, the Council's budgetary process continued to consist of a central agency-wide budget segmented with four departments. Department budgets were monitored through monthly reports to each responsible Director who used the data to review expenses. The MEORC Board also received reports of the budget to actual status of revenue and expenditures.

During 2014 the Council and their Board of Directors continued to explore shared services opportunities with the following approaches: the Centers of Excellence that support and align person-centered practices/philosophies transformations in Region V in relation to the 'imagine' collaboration with the Ohio Department of Developmental Disabilities (DODD); and developing a formal strategic planning process that addresses the Council's current and on-going advantages, challenges and opportunities utilizing the return analysis of the 2013 return on investment (ROI) study, a SWOT analysis and environmental scan. In 2015 it is expected that the Board of Directors will approve a strategic plan that directs the Council's future and action plans will be deployed to Council staff members.

The current fiscal position of the Council is healthy; however, being mindful of the current environment impacting all governmental entities, the Council and their Board of Directors are committed to the strategic planning and refinement of the Council's Mission, Vision and Values to support the value and improvement of services to stakeholders.

During 2014, the Council began to shift the service area of case management for Transitional Developmental Disabilities (TDD) waivers to the member county boards. This will be a gradual process and during this time through 2015-2016 the impact on the indirect cost will be closely monitored and reported to the Board of Directors.

The strategic goals for 2015 are: #1: Development of business processes for customers will provide valued, quality services; #2: Continuously improve internal operations; #3: Collaborate with customers, partners and stakeholders in order to build strong relationships and #4: Use a business model that maintains a positive budget and builds on the current capital investments. The financial goal #4 will focus on stabilizing the fund balance, improving cost-effectiveness of key services, ongoing monitoring of departmental budgets and exploring alternative funding sources.

During 2014, the Council has partnered with PNC Bank and PNC Capital Markets, LLC to further investment opportunities, within the parameters of the Council's investment policy, to increase interest revenue for the Council and member county boards.

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2014**

NOTE 1 - DESCRIPTION OF THE COUNCIL

Mid East Ohio Regional Council (the "Council") is a council of governments created under the authority of Chapter 167 of the Ohio Revised Code. Eighteen county Boards of Developmental Disabilities are participants in an agreement that creates and governs the Council. The Council may not exceed the scope of the authority possessed by its member organizations.

Management believes the basic financial statements included in this report represent all of the activities of the Council over which it has the ability to exercise direct operating control.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The basic financial statements of the Association have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The Association's significant accounting policies are described below.

A. Reporting Entity

The Council's reporting entity has been defined in accordance with GASB Statement No. 14, "The Financial Reporting Entity" as amended by GASB Statement No. 39, "Determining Whether Certain Organizations are Component Units," and GASB Statement No. 61, "The Financial Reporting Entity: Omnibus - An Amendment of GASB Statements No. 14 and No. 34." The financial statements include all operations for which the Council is financially accountable. Financial accountability, as defined by the GASB, exists if the Council appoints a voting majority of an organization's Governing Board and is either able to impose its will on that organization or there is a potential for the organization to provide specific financial benefits to, or impose specific burdens on, the Council. The Council may also be financially accountable for governmental organizations with a separately elected Governing Board, a Governing Board appointed by another government, or a jointly appointed Board that is fiscally dependent on the Council. The Council also took into consideration other organizations for which the nature and significance of their relationship with the Council are such that exclusion would cause the Council's basic financial statements to be misleading or incomplete. The Council has no component units. On this basis, no governmental organizations other than the Council itself are included in the financial reporting entity.

B. Fund Accounting

The Council uses a single fund to report its financial position and the results of its operations. A fund is a separate accounting entity with a self-balancing set of accounts. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain Council activities or functions.

KNOX COUNTY**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2014

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

PROPRIETARY FUNDS

A proprietary fund is used to account for the Council's ongoing activities which are similar to those often found in the private sector where the determination of net income is necessary or useful to sound financial administration. Proprietary funds consist of enterprise funds and internal service funds. The Council does not have internal service funds.

Enterprise Funds - The enterprise fund is used to account for operations (a) that are financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges, or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes. The Council's only enterprise fund is the following:

Operations Fund - This fund accounts for the operation and administration of services provided by the Council's departments including business, quality, investigative services and administrative overhead.

C. Basis of Presentation and Measurement Focus

The Council's basic financial statements consist of a statement of net position, a statement of revenue, expenses and changes in net position, and a statement of cash flows.

The Council uses a single enterprise fund to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts.

All proprietary fund types are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets, deferred outflows of resources, liabilities and deferred inflows of resources associated with the operation of these funds are included on the statement of net position. The statement of changes in fund net position presents increases (i.e., revenues) and decreases (i.e., expenses) in net total position. The statement of cash flows provides information about how the Council finances and meets the cash flow needs of its proprietary activities.

D. Cash and Cash Equivalents

Cash received by the Council is presented as "equity in cash and cash equivalents" on the statement of net position.

KNOX COUNTY**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2014

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

The Council has invested funds in STAR Ohio. Investments are reported at fair value which is based on quoted market prices. STAR Ohio is an investment pool managed by the State Treasurer's Office which allows governments within the state to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in STAR Ohio are valued at STAR Ohio's shares price which is the price the investment could be sold for on December 31, 2014.

The Council also has invested funds with PNC Capital Markets. These investments consist of Federal Home Loan Bank bonds and Federal Farm Credit Bonds, and are stated at fair value. PNC is registered with the SEC as a broker-dealer and investment advisor.

Interest earned during the year from STAR Ohio, PNC and Merrill Lynch was \$124,781.

For presentation on the statement of net position and statement of cash flows, investments with original maturities of three months or less at the time they are purchased by the Council are considered to be cash equivalents. Investments with an initial maturity of more than three months are reported as investments.

An analysis of the Council's investment accounts at year end is provided in Note 3.

E. Prepayments

Prepayments represent expenses which have been paid, but not yet incurred under GAAP. These items are reported as an asset on the statement of net position.

F. Capital Assets

Capital assets utilized by the Council are reported on the statement of net position.

All capital assets are capitalized at cost and updated for additions and retirements during the year. The Council implemented a capitalization threshold of \$5,000 as of January 1, 2008, an increase from \$500 prior to that date. Donated capital assets are recorded at their fair market values as of the date received.

Depreciation is computed using the straight-line method over the following useful lives:

<u>Depreciation</u>	<u>Estimated Lives</u>
Furniture and Equipment	7 Years
Building and Improvements	40 Years

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2014

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

G. Net Position

Net position represents the difference between assets and liabilities. Net position investment in capital assets, consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. Net position are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the Council or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. The Council has no restricted net position.

The Council applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position are available.

H. Estimates

The preparation of the basic financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the basic financial statements and accompanying notes. Actual results may differ from those estimates.

I. Extraordinary and Special Items

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of the Council and that are either unusual in nature or infrequent in occurrence. The Council had no extraordinary or special items for the year ended December 31, 2014.

J. Budgetary Process

The Council is not bound by the budgetary laws prescribed by the Ohio Revised Code. The Council does pass an annual budget for the fiscal year. Modifications to the budget are approved by the Board when necessary.

K. Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the Council. Operating expenses are necessary costs incurred to provide the goods or services that are the primary activity of the Council. All revenues and expenditures not meeting these definitions are reported as nonoperating.

NOTE 3 - DEPOSITS AND INVESTMENTS

There are no legal restrictions on the Council's investments or deposits. However, the Council has adopted as their investment policy the legal restrictions imposed by the Ohio Revised Code on certain political subdivisions. This policy requires the classification of monies held by the Council into three categories:

Active deposits are public deposits necessary to meet current demands on the treasury. Such monies must be maintained either as cash in the Council treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits the Council has identified as not required for use within the current five year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use, but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings accounts, including passbook accounts.

Protection of the Council's deposits are provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, by surety company bonds deposited with the treasurer by the financial institution or by a single collateral pool established by the financial institution to secure the repayment of all public monies deposited with the institution.

Interim monies may be deposited or invested in the following securities:

1. United States Treasury Notes, Bills, Bonds, or any other obligation or security issued by the United States Treasury or any other obligation guaranteed as to principal or interest by the United States;
2. Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality, including but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. Written repurchase agreements in the securities listed above provided that the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and that the term of the agreement must not exceed thirty days;
4. Bonds and other obligations of the State of Ohio;
5. No-loan money market mutual fund consisting exclusively of obligations described in items (1) and (2) above and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions; and,
6. The State Treasury Asset Reserve of Ohio (STAR Ohio).

NOTE 3 - DEPOSITS AND INVESTMENTS - (Continued)

Investments in stripped principal or interest obligations, reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. An investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the Council, and must be purchased with the expectation that it will be held to maturity. Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the qualified trustee or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

A. Deposits with Financial Institutions

At December 31, 2014, the carrying amount of the Council's deposits was \$85,768. Based on the criteria described in GASB Statement No. 40, "Deposits and Investment Risk Disclosures", as of December 31, 2014, \$83,764 of the Council's bank balance was covered by the Federal Deposit Insurance Corporation and \$2,004 was covered by the National Credit Union Share Insurance Fund.

B. Investments

As of December 31, 2014, the Council had the following investments and maturities:

<u>Investment type</u>	<u>Fair Value</u>	<u>Investment Maturities</u>	
		<u>3 months or less</u>	<u>Greater than 3 months</u>
PNC	\$ 18,572,866	\$ 2,094,632	\$ 16,478,234
STAR Ohio	488	488	-
Total Investments	<u>18,573,354</u>	<u>2,095,120</u>	<u>16,478,234</u>
FCUSIF Deposits	2,004	2,004	-
FDIC Deposits	<u>83,764</u>	<u>83,764</u>	<u>-</u>
Total	<u>\$ 18,659,122</u>	<u>\$ 2,180,888</u>	<u>\$ 16,478,234</u>

During the current period, the Council invested in Federal Home Loan Bank bonds and Federal Farm Credit Bonds. During the year ended December 31, 2014, investments from all sources earned \$124,781 in interest and decreased in value by \$9,020.

Interest Rate Risk: As a means of limiting its exposure to fair value losses arising from rising interest rates and according to state law, the Council's investment policy limits investment portfolio maturities to five years or less.

Credit Risk: Standard & Poor's has assigned STAR Ohio an AAAM money market rating. Standard & Poor's has assigned PNC an A- credit rating. Ohio law requires that STAR Ohio maintain the highest rating provided by at least one nationally recognized standard rating service. The Council's investment policy does not specifically address credit risk beyond requiring the Council to only invest in securities authorized by State statute.

NOTE 3 - DEPOSITS AND INVESTMENTS - (Continued)

Custodial Credit Risk: For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the Council will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The federal agency security is exposed to custodial credit risk in that they are uninsured, unregistered and held by the counterparty's trust department or agent, but not in the Council's name. The Council has no investment policy dealing with investment custodial risk beyond the requirement in State statute that prohibits payment for investments prior to the delivery of the securities representing such investments to the treasurer or qualified trustee.

While the value of any investment may lose value, a mechanism is set up to protect the Council from losing its investments in the instance that the counterparty fails. The Securities Investor Protection Corporation will cover up to \$500,000 (including up to \$100,000 for "cash") in the event that an investment firm collapses. In addition, a portion of the Council's investments in excess of the SIPC coverage are also insured through an additional insurance plan through the investment broker. Of the \$18,659,122 the Council has invested, \$16,478,234 is insured by the SIPC and \$2,180,888 is covered by additional insurance.

Concentration of Credit Risk: The Council places no limit on the amount that may be invested in any one issuer. The following table includes the percentage of each investment type held by the Council at December 31, 2014:

<u>Investment type</u>	<u>Fair Value</u>	<u>% of Total</u>
PNC	\$ 18,572,866	99.99
STAR Ohio	<u>488</u>	<u>0.01</u>
 Total	 <u>\$ 18,573,354</u>	 <u>100.00</u>

NOTE 4 - RECEIVABLES

Receivables at December 31, 2014 consisted of intergovernmental grants and entitlements. A summary of the receivables reported on the statement of net position follows:

NOTE 6 - RISK MANAGEMENT

A. Comprehensive

The Council is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets, errors and omissions, injuries to employees and natural disasters. During the year ended December 31, 2014, the Council retained property insurance and liability coverage.

Settled claims have not exceeded this commercial coverage in any of the past three years. There have been no significant reductions in insurance coverage from the previous year.

B. Employee Dishonesty Bonds

The Council carries employee dishonesty bonds for the employees and Board Members in the amount of \$300,000.

NOTE 7 - CONTINGENCIES

A. Grants

The Council receives significant financial assistance from numerous federal, state and local agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the applicable funds. However, in the opinion of management, any such disallowed claims will not have a material effect on any of the basic financial statements of the individual fund types included herein or on the overall financial position of the Council at December 31, 2014.

B. Litigation

The Council is not party to any legal proceeding.

NOTE 8 - PENSION PLANS

Ohio Public Employees Retirement System

Plan Description - The Council participates in the Ohio Public Employees Retirement System (OPERS). OPERS administers three separate pension plans. The Traditional Pension Plan is a cost-sharing, multiple-employer defined benefit pension plan. The Member-Directed Plan is a defined contribution plan in which the member invests both member and employer contributions (employer contributions vest over five years at 20% per year). Under the Member-Directed Plan, members accumulate retirement assets equal to the value of the member and vested employer contributions plus any investment earnings. The Combined Plan is a cost-sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and a defined contribution plan. Under the Combined Plan, employer contributions are invested by the retirement system to provide a formula retirement benefit similar to the Traditional Pension Plan benefit. Member contributions, whose investment is self-directed by the member, accumulate retirement assets in a manner similar to the Member-Directed Plan.

OPERS provides retirement, disability, survivor and death benefits and annual cost of living adjustments to members of the Traditional Pension and the Combined Plans. Members of the Member-Directed Plan do not qualify for ancillary benefits. Authority to establish and amend benefits is provided by Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report which may be obtained by visiting <https://www.opers.org/investments/cafr.shtml>, writing to OPERS, 277 East Town Street, Columbus, OH 43215-4642 or by calling (614) 222-5601 or (800) 222-7377.

Funding Policy - The Ohio Revised Code provides statutory authority for member and employer contributions. For 2014, member and employer contribution rates were consistent across all three plans. The 2014 member contribution rates were 10.00% for members. The Council's contribution rate for 2014 was 14.00% of covered payroll.

The Council's contribution rate for pension benefits for members in the Traditional Plan and Combined Plan for 2014 was 12.00%. The Council's required contributions for pension obligations to the Traditional Pension and Combined Plans for the years ended December 31, 2014, 2013, and 2012 were \$186,875, \$193,019, and \$107,599, respectively; 100% has been contributed for 2014, 2013 and 2012. Contributions to the Member-Directed Plan for 2014 were \$15,572 made by the Council and \$11,123 made by the plan members.

NOTE 9 - POSTRETIREMENT BENEFIT PLANS

Ohio Public Employees Retirement System

Plan Description - OPERS maintains a cost-sharing multiple employer defined benefit post-employment healthcare plan, which includes a medical plan, prescription drug program and Medicare Part B premium reimbursement, to qualifying members of both the Traditional Pension and the Combined Plans. Members of the Member-Directed Plan do not qualify for ancillary benefits, including post-employment health care coverage.

To qualify for post-employment health care coverage, age-and-service retirees under the Traditional Pension and Combined Plans must have ten years or more of qualifying Ohio service credit. The Ohio Revised Code permits, but does not mandate, OPERS to provide OPEB benefits to its eligible members and beneficiaries. Authority to establish and amend benefits is provided in Chapter 145 of the Ohio Revised Code.

**MID EAST OHIO REGIONAL COUNCIL
KNOX COUNTY**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2014

NOTE 9 - POSTRETIREMENT BENEFIT PLANS - (Continued)

Disclosures for the healthcare plan are presented separately in the OPERS financial report which may be obtained by visiting <https://www.opers.org/investments/cafr.shtml>, writing to OPERS, 277 East Town Street, Columbus, OH 43215-4642 or by calling (614) 222-5601 or (800) 222-7377.

Funding Policy - The post-employment healthcare plan was established under, and is administered in accordance with, Internal Revenue Code Section 401(h). State statute requires that public employers fund post-employment healthcare through contributions to OPERS. A portion of each employer's contribution to the Traditional or Combined Plans is set aside for the funding of post-employment health care.

Employer contribution rates are expressed as a percentage of the covered payroll of active employees. In 2014, local government employers contributed 14.00% of covered payroll. Each year the OPERS' Retirement Board determines the portion of the employer contribution rate that will be set aside for the funding of the postemployment health care benefits. The portion of employer contributions allocated to fund post-employment healthcare for members in the Traditional Plan and Combined Plan for 2014 was 2.00%.

The OPERS Retirement Board is also authorized to establish rules for the payment of a portion of the health care benefits provided, by the retiree or their surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and the coverage selected. Active members do not make contributions to the post-employment healthcare plan.

The Council's contributions allocated to fund post-employment health care benefits for the years ended December 31, 2014, 2013, and 2012 were \$31,146, \$14,848, and \$43,039, respectively; 100% has been contributed for 2014, 2013 and 2012.

Changes to the health care plan were adopted by the OPERS Board of Trustees on September 19, 2012, with a transition plan commencing January 1, 2014. With the recent passage of pension legislation under State Bill 343 and the approved health care changes, OPERS expects to be able to consistently allocate 4.00% of the employer contributions toward the health care fund after the end of the transition period.

**Independent Auditor's Report on Internal Control Over Financial Reporting and
on Compliance and Other Matters Required by *Government Auditing Standards***

Mid East Ohio Regional Council
Knox County
1 Avalon Road
Mt. Vernon, Ohio 43050

To the Members of the Board:

We have audited, in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the financial statements of the Mid East Ohio Regional Council, Knox County, Ohio, as of and for the year ended December 31, 2014, and the related notes to the financial statements, which collectively comprise the Mid East Ohio Regional Council's basic financial statements and have issued our report thereon dated April 27, 2015.

Internal Control Over Financial Reporting

As part of our financial statement audit, we considered the Mid East Ohio Regional Council's internal control over financial reporting (internal control) to determine the audit procedures appropriate in the circumstances to the extent necessary to support our opinions on the financial statements, but not to the extent necessary to opine on the effectiveness of the Mid East Ohio Regional Council's internal control. Accordingly, we have not opined on it.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the Mid East Ohio Regional Council's financial statements. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all internal control deficiencies that might be material weaknesses or significant deficiencies. Given these limitations, we did not identify any deficiencies in internal control that we consider material weaknesses. However, unidentified material weaknesses may exist.

Members of the Board
Mid East Ohio Regional Council

Compliance and Other Matters

As part of reasonably assuring whether the Mid East Ohio Regional Council's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

Purpose of this Report

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the Mid East Ohio Regional Council's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the Mid East Ohio Regional Council's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Independent Auditor's Report on Compliance With Requirements Applicable to The
Major Federal Program and on Internal Control Over Compliance
Required by OMB Circular A-133**

Mid East Ohio Regional Council
Knox County
1 Avalon Road
Mt. Vernon, Ohio 43050

To the Members of the Board:

Report on Compliance for the Major Federal Program

We have audited the Mid East Ohio Regional Council's compliance with the applicable requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133, Compliance Supplement* that could directly and materially affect the Mid East Ohio Regional Council's major federal program for the year ended December 31, 2014. The *Summary of Auditor's Results* in the accompanying schedule of findings identifies the Mid East Ohio Regional Council's major federal program.

Management's Responsibility

The Mid East Ohio Regional Council's Management is responsible for complying with the requirements of laws, regulations, contracts, and grants applicable to its federal program.

Auditor's Responsibility

Our responsibility is to opine on the Mid East Ohio Regional Council's compliance for the Mid East Ohio Regional Council's major federal program based on our audit of the applicable compliance requirements referred to above. Our compliance audit followed auditing standards generally accepted in the United States of America; the standards for financial audits included in the Comptroller General of the United States' *Government Auditing Standards*; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. These standards and OMB Circular A-133 require us to plan and perform the audit to reasonably assure whether noncompliance with the applicable compliance requirements referred to above that could directly and materially affect a major federal program occurred. An audit includes examining, on a test basis, evidence about the Mid East Ohio Regional Council's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe our audit provides a reasonable basis for our compliance opinion on the Mid East Ohio Regional Council's major program. However, our audit does not provide a legal determination of the Mid East Ohio Regional Council's compliance.

Opinion on the Major Federal Program

In our opinion, the Mid East Ohio Regional Council complied, in all material respects with the compliance requirements referred to above that could directly and materially affect its major federal program for the year ended December 31, 2014.

Members of the Board
Mid East Ohio Regional Council

Report on Internal Control Over Compliance

The Mid East Ohio Regional Council's management is responsible for establishing and maintaining effective internal control over compliance with the applicable compliance requirements referred to above. In planning and performing our compliance audit, we considered the Mid East Ohio Regional Council's internal control over compliance with the applicable requirements that could directly and materially affect a major federal program, to determine our auditing procedures appropriate for opining on each major federal program's compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not to the extent needed to opine on the effectiveness of internal control over compliance. Accordingly, we have not opined on the effectiveness of the Mid East Ohio Regional Council's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, when performing their assigned functions, to prevent, or to timely detect and correct, noncompliance with a federal program's applicable compliance requirement. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a federal program compliance requirement will not be prevented, or timely detected and corrected. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with federal program's applicable compliance requirement that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

This report only describes the scope of our internal control over compliance tests and the results of this testing based on OMB Circular A-133 requirements. Accordingly, this report is not suitable for any other purpose.
