INDEPENDENT AUDITOR'S REPORT

St. Bernard-Elmwood Place City School District
Hamilton County
105 Washington Avenue
St. Bernard, Ohio 45217

To the Board of Education:

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the major fund, and the aggregate remaining fund information of St. Bernard-Elmwood Place City School District, Hamilton County, Ohio (the District), as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for preparing and fairly presenting these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes designing, implementing, and maintaining internal control relevant to preparing and fairly presenting financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to opine on these financial statements based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the District's internal control. Accordingly, we express no opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinions.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the major fund, and the aggregate remaining fund information of St. Bernard-Elmwood Place City School District, Hamilton County, Ohio, as of June 30, 2014, and the respective changes in financial position thereof for the year then ended in accordance with the accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 19 to the financial statements, during the year ended June 30, 2014, the District adopted the provisions of Governmental Accounting Standard No. 65, *Items Previously Reported as Assets and Liabilities*. We did not modify our opinion regarding this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require this presentation to include *Management's discussion and analysis* and the *required budgetary comparison schedule* listed in the table of contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, consisting of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, to the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not opine or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to opine or provide any other assurance.

Supplementary and Other Information

Our audit was conducted to opine on the District's basic financial statements taken as a whole.

The Schedule of Federal Award Receipts and Expenditures presents additional analysis as required by the U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations and is also not a required part of the financial statements.

The schedule is management's responsibility, and derives from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. We subjected this schedule to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling the schedule directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves in accordance with auditing standards generally accepted in the United States of America. In our opinion, this schedule is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 13, 2015, on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

A handwritten signature in black ink that reads "Dave Yost". The signature is written in a cursive style with a large, looping "D" and "Y".

St. Bernard-Elmwood Place City School District
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2014
(Unaudited)

The discussion and analysis of St. Bernard-Elmwood Place City School District's financial performance provides an overall review of the District's financial activities for the fiscal year ended June 30, 2014. The intent of this discussion and analysis is to look at the District's financial performance as a whole; readers should also review the notes to the basic financial statements and basic financial statements to enhance their understanding of the District's performance.

Financial Highlights

Key financial highlights for 2014 are as follows:

- Net position of governmental activities increased \$964,322 which represents a 10% increase from 2013.
- General revenues accounted for \$11,075,230 in revenue or 73% of all revenues. Program specific revenues in the form of charges for services and sales, grants and contributions accounted for \$4,137,441 or 27% of total revenues of \$15,212,671.
- The District had \$14,248,349 in expenses related to governmental activities; \$4,137,441 of these expenses were offset by program specific charges for services, grants or contributions. General revenues of \$11,075,230 were also used to provide for these programs.

Overview of the Financial Statements

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand the District as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The *Statement of Net Position* and *Statement of Activities* provide information about the activities of the whole District, presenting both an aggregate view of the District's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the District's most significant funds with all other nonmajor funds presented in total in one column. The General Fund is the only major fund of the District.

Government-wide Financial Statements

While this document contains the large number of funds used by the District to provide programs and activities, the view of the District as a whole looks at all financial transactions and asks the question, "How did we do financially during 2014?" The Government-wide Financial Statements answer this question. These statements include *all assets and liabilities* using the accrual basis of accounting similar to the accounting used by most private-sector companies. This basis of accounting takes into account all of the current year's revenues and expenses regardless of when cash is received or paid.

St. Bernard-Elmwood Place City School District
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2014
(Unaudited)

These two statements report the District's *net position* and changes in the net position. This change in net position is important because it tells the reader that, for the District as a whole, the financial position has improved or diminished. The causes of this change may be the result of many factors, both financial and non-financial. Non-financial factors include the District's property tax base, current property tax laws in Ohio restricting revenue growth, facility conditions, required educational programs and other factors.

In the Government-wide Financial Statements, the overall financial position of the District is presented in the following manner:

- Governmental Activities – Most of the District's programs and services are reported here including instruction, support services, operation of non-instructional services, extracurricular activities, and interest and fiscal charges.

Fund Financial Statements

The analysis of the District's major fund is presented in the Fund Financial Statements (see Table of Contents). Fund financial reports provide detailed information about the District's major fund. The District uses many funds to account for a multitude of financial transactions. However, these fund financial statements focus on the District's most significant funds.

Governmental Funds Most of the District's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in future periods. These funds are reported using an accounting method called *modified accrual* accounting, which measures cash and all other *financial assets* that can readily be converted to cash. The governmental fund statements provide a detailed *short-term view* of the District's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship (or differences) between governmental *activities* (reported in the Statement of Net Position and the Statement of Activities) and governmental *funds* is reconciled in the financial statements.

Fiduciary Funds Fiduciary Funds are used to account for resources held for the benefits of parties outside the government. Fiduciary Funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the District's own programs.

(Unaudited)

The District as a Whole

As stated previously, the Statement of Net Position looks at the District as a whole. Table 1 provides a summary of the District's net position for 2014 compared to 2013:

Table 1
Net Position

| | <u>Governmental Activities</u> | |
|--|-----------------------------------|----------------------------------|
| | <u>2014</u> | <u>2013</u> |
| Assets: | | |
| Current and Other Assets | \$13,273,343 | \$12,290,057 |
| Capital Assets | <u>2,987,155</u> | <u>3,194,104</u> |
| Total Assets | <u>16,260,498</u> | <u>15,484,161</u> |
| Liabilities: | | |
| Other Liabilities | 1,056,213 | 1,041,755 |
| Long-Term Liabilities | <u>2,152,664</u> | <u>2,290,487</u> |
| Total Liabilities | <u>3,208,877</u> | <u>3,332,242</u> |
| Total Deferred Inflows of Resources | <u>2,381,000</u> | <u>2,445,620</u> |
| Net Position: | | |
| Net Investment in Capital Assets | 2,245,155 | 2,323,104 |
| Restricted | 626,223 | 554,596 |
| Unrestricted | <u>7,799,243</u> | <u>6,828,599</u> |
| Total Net Position | <u><u>\$10,670,621</u></u> | <u><u>\$9,706,299</u></u> |

Over time, net position can serve as a useful indicator of a government's financial position. At June 30, 2014, the District's assets exceeded liabilities and deferred inflows of resources by \$10,670,621.

At year-end, capital assets represented 18% of total assets. Capital assets include land, buildings and improvements, and equipment. Capital assets, net of related debt to acquire the assets at June 30, 2014, was \$2,245,155. These capital assets are used to provide services to the students and are not available

St. Bernard-Elmwood Place City School District
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2014
(Unaudited)

for future spending. Although the District's investment in capital assets is reported net of related debt, it should be noted that the resources to repay the debt must be provided from other sources, since capital assets may not be used to liquidate these liabilities.

A portion of the District's net position, \$626,223 represents resources that are subject to external restriction on how they must be used. The external restriction will not affect the availability of fund resources for future use.

Current assets increased from the prior year due primarily to an increase in cash and investments, taxes receivable and intergovernmental receivables in 2014 compared to 2013. Other Liabilities remained relatively consistent from 2013 to 2014.

Table 2 shows the changes in net position for fiscal years 2014 and 2013.

Table 2
Changes in Net Position

| | Governmental Activities | |
|---|-------------------------|--------------------|
| | 2014 | 2013 |
| Revenues: | | |
| Program Revenues | | |
| Charges for Services and Sales | \$1,264,627 | \$1,598,932 |
| Operating Grants, Contributions | 2,872,814 | 2,107,729 |
| General Revenues: | | |
| Property Taxes | 5,294,760 | 4,253,120 |
| Grants and Entitlements | 5,478,810 | 5,759,249 |
| Other | 301,660 | 266,252 |
| Total Revenues | <u>15,212,671</u> | <u>13,985,282</u> |
| Program Expenses: | | |
| Instruction | 8,039,707 | 7,850,229 |
| Support Services: | | |
| Pupil and Instructional Staff | 1,631,992 | 1,582,195 |
| School Administrative, General | | |
| Administration, and Fiscal | 1,538,196 | 1,419,219 |
| Operations and Maintenance | 1,293,679 | 1,214,290 |
| Pupil Transportation | 332,982 | 338,543 |
| Central | 193,627 | 200,983 |
| Operation of Non-Instructional Services | 919,553 | 927,538 |
| Extracurricular Activities | 255,991 | 245,493 |
| Interest and Fiscal Charges | 42,622 | 48,971 |
| Total Program Expenses | <u>14,248,349</u> | <u>13,827,461</u> |
| Change in Net Position | 964,322 | 157,821 |
| Net Position - Beginning of Year | <u>9,706,299</u> | <u>9,548,478</u> |
| Net Position - End of Year | <u>\$10,670,621</u> | <u>\$9,706,299</u> |

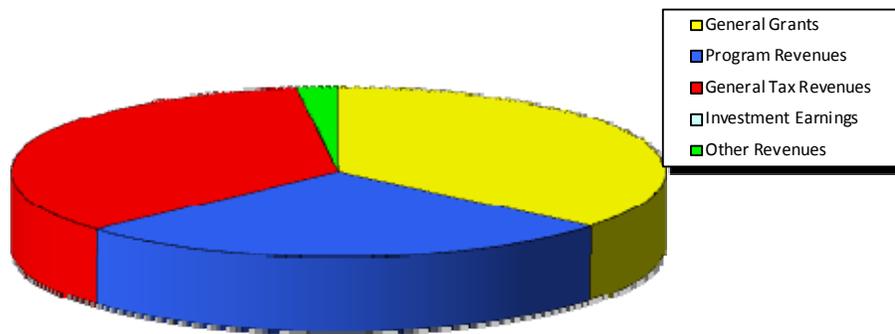

Of the total governmental activities revenues of \$15,212,671, \$4,137,441 is from program revenue. This means that the government relies on general revenues to fund the majority of the cost of services provided to the citizens. Of those general revenues, \$5,294,760 (48%) comes from property tax levies and \$5,478,810 (49%) is from state funding. This District's operations are reliant upon its property tax levy and the state's foundation program.

The District depends greatly on property taxes as a revenue source. The unique nature of property taxes in Ohio creates the need to routinely seek voter approval for operating funds. The overall revenues generated by a levy will not increase solely as a result of inflation. As an example, a homeowner with a home valued at \$100,000 and taxed at 1.0 mill would pay \$35.00 annually in taxes. If three years later the home were reappraised and increased to \$200,000 (and this inflationary increase in value is comparable to other property owners) the effective tax rate would become .5 mills and the owner would still pay \$35.00.

**St. Bernard-Elmwood Place City School District
 Management’s Discussion and Analysis
 For the Fiscal Year Ended June 30, 2014
 (Unaudited)**

Thus Ohio districts do not receive additional property tax revenue from increases in appraisal values and must regularly return to the voters to maintain a constant level of service.

| | | <u>Percentage</u> |
|-----------------------|---------------------|-------------------|
| General Grants | \$5,478,810 | 36.01% |
| Program Revenues | 4,137,441 | 27.19% |
| General Tax Revenues | 5,294,760 | 34.80% |
| Investment Earnings | 1,134 | 0.02% |
| Other Revenues | <u>300,526</u> | <u>1.98%</u> |
| Total Revenue Sources | <u>\$15,212,671</u> | <u>100.00%</u> |

Instruction comprises 56% of governmental program expenses. Support services expenses were 35% of governmental program expenses. All other expenses including interest expense were 9%. Interest expense was attributable to the outstanding borrowing for capital projects.

Property taxes increased primarily due to an increase in the amount of personal property tax (monies received from Hamilton County) received by the District in 2014 compared to 2013, while general grants (monies received from state sources) decreased from 2013 to 2014. Total expenses for fiscal year 2014 when compared to fiscal year 2013 increased slightly due to increases in instruction expenses (mainly from payroll costs).

Governmental Activities

The Statement of Activities shows the cost of program services and the charges for services and grants offsetting those services. Table 3 shows, for government activities, the total cost of services and the net cost of services. That is, it identifies the cost of these services supported by tax revenue and unrestricted State entitlements.

| Total Expenses | <u>\$14,248,349</u> | <u>\$13,827,461</u> | <u>(\$10,110,908)</u> | <u>(\$10,120,800)</u> |

The District's Major Fund

The District has one major governmental fund: the General Fund. Assets of the general fund comprised \$11,502,073 (84%) of the total \$13,693,116 governmental funds' assets.

General Fund: Fund balance at June 30, 2014 was \$7,646,888. The fund balance increased from 2014 compared to 2013. The overall fund balance increase is due to the District being able to control spending.

General Fund Budgeting Highlights

The District's budget is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The most significant budgeted fund is the General Fund.

The District uses site-based budgeting and the budgeting systems are designed to tightly control total site budgets but provide flexibility for site management. During the course of the year, the District reviews the Budget in an attempt to deal with unexpected changes in revenues and expenditures.

For the General Fund, final budgeted revenue remained consistent when compared to the original budgeted estimated revenue for fiscal year 2014.

The District's ending unobligated cash balance for the General Fund was \$5,899,445 which is \$1,551,717 above the final budgeted amount. Actual expenditures were less than final budget mainly due to over estimation of instructional and support services expenditures.

For the Fiscal Year Ended June 30, 2014
(Unaudited)**

Capital Assets and Debt Administration

Capital Assets

At the end of fiscal year 2014, the District had \$2,987,155 invested in land, buildings and improvements, and equipment. Table 4 shows fiscal year 2014 balances compared to fiscal year 2013:

Table 4
Capital Assets at June 30
(Net of Depreciation)

| | <u>Governmental Activities</u> | |
|----------------------------|--------------------------------|--------------------|
| | <u>2014</u> | <u>2013</u> |
| Land | \$306,322 | \$306,322 |
| Buildings and Improvements | 1,361,050 | 1,585,506 |
| Equipment | <u>1,319,783</u> | <u>1,302,276</u> |
| Total Net Capital Assets | <u>\$2,987,155</u> | <u>\$3,194,104</u> |

The decrease in capital assets is due to depreciation expense for the fiscal year being greater than additions.

See Note 6 to the basic financial statements for further details on the District’s capital assets.

Debt

At June 30, 2014, the District had \$742,000 in capital leases outstanding, \$135,000 due within one year. Table 5 summarizes debt outstanding.

Table 5
Outstanding Debt, at Year End

| | <u>Governmental Activities</u> | |
|---------------|--------------------------------|-------------|
| | <u>2014</u> | <u>2013</u> |
| Capital Lease | \$742,000 | \$871,000 |

See Note 7 and 8 in the notes to the basic financial statements for further details on the District’s outstanding debt.

For the Future

Externally, the Ohio Supreme Court found the State of Ohio in March 1997, to be operating an unconstitutional educational system, one that was neither “adequate” nor “equitable.” Since 1997, the State has directed its tax revenue growth toward school districts with little property tax wealth. In May of 2000, the Ohio Supreme Court again ruled that, while the State had made some progress, the current

St. Bernard-Elmwood Place City School District
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2014
(Unaudited)

funding system for schools is far too dependent on property taxes which are inherently not "equitable" nor "adequate". The Court directed the Governor and the legislature to address the fundamental issues creating the inequities. In 2001, the Ohio legislature crafted a school-funding program to address the Court's concerns.

On December 11, 2002, the Ohio Supreme Court issued its latest opinion regarding the State's school funding plan. The decision reaffirmed earlier decisions that Ohio's current school-funding decision is unconstitutional. The Supreme Court relinquished jurisdiction over the case and directed "...the Ohio General Assembly to enact a school-funding scheme that is thorough and efficient...".

The District is currently unable to determine what effect, if any, this decision will have on its future State funding and on its financial operations, or if the State of Ohio will comply with the decision.

This scenario requires management to plan carefully and prudently to provide the resources to meet student needs over the next several years. Financially, the future of the District is not without challenges. Management must diligently plan future expenditures.

HB66 will cause the district to lose over \$4,000,000 in local personal property tax revenue. During the fiscal years 2006 through 2010 the District was reimbursed for a portion of this lost revenue from the state based on the Districts fiscal year 2004 personal property tax collections. However, this reimbursement did not replace the anticipated tax revenues the District was expecting in fiscal years 2006 through 2010. For fiscal years 2011 through 2017 the reimbursement will be phased out completely. After fiscal year 2017, the District will only receive an increase in the foundation amount received from the state due to any decrease in valuation. The District will have further budget reductions up through 2017 as needed.

In June of 2013, the budget for 2014 and 2015 was passed (HB 59). District budget was increased by approximately \$250,000 per year. The District still receives \$2,724,638 payment for tangible personal property tax payments because of HB 66. The District was not required to repay any of this tangible personal property during this biennium.

All of the District's financial abilities will be needed to meet the challenges of the future. With careful planning and monitoring of the District's finances, the District's management is confident that the District can continue to provide a quality education for our students and provide a secure financial future.

Contacting the District's Financial Management

This financial report is designed to provide our citizens, taxpayers, and investors and creditors with a general overview of the District's finances and to show the District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact Michael Mays, Treasurer at St. Bernard-Elmwood Place City School District, 105 Washington Avenue, St. Bernard, Ohio 45217. Or E-mail at mmays@sbepschools.org.

St. Bernard-Elmwood Place City School District
Reconciliation of Total Governmental Fund Balance to
Net Position of Governmental Activities
June 30, 2014

Total Governmental Fund Balance \$9,064,875

Amounts reported for governmental activities in the
statement of net position are different because:

Capital assets used in governmental activities are not financial
resources and, therefore, are not reported in the funds.

Capital assets used in the operation of Governmental Funds 2,987,155

Other long-term assets are not available to pay for current-
period expenditures and, therefore, are deferred in the funds.

| | | |
|---------------------------|----------------|---------|
| Delinquent Property Taxes | 448,322 | |
| Intergovernmental | <u>202,203</u> | |
| | | 650,525 |

Some liabilities reported in the statement of net position do not
require the use of current financial resources and, therefore,
are not reported as liabilities in governmental funds.

Compensated Absences (1,289,934)

Long-term liabilities are not due and payable in the current
period and, therefore, are not reported in the funds.

(742,000)

Net Position of Governmental Activities \$10,670,621

See accompanying notes to the basic financial statements.

St. Bernard-Elmwood Place City School District
Notes to Basic Financial Statements
For the Fiscal Year Ended June 30, 2014

Note 1 – Description of the District

The St. Bernard-Elmwood Place City School District (the District) was chartered by the Ohio State Legislature in 1968. Prior to 1968, Elmwood Place and St. Bernard were separate school districts. Today, the District operates under current standards prescribed by the Ohio State Board of Education as provided in division (D) of Section 3301.07 and Section 119.01 of the Ohio Revised Code.

The District operates under a locally elected five member Board form of government and provides educational services as authorized by its charter or further mandated by state and/or federal agencies.

The District is the fifth smallest in Hamilton County in terms of enrollment. It currently operates two elementary schools (grades preschool-6 and grades K-6), and one junior/senior high school (grades 7-12).

Reporting Entity

In accordance with Governmental Accounting Standards Board (GASB) Statement 61, the reporting entity is comprised of the primary government, which consists of all funds, departments, boards, and agencies that are not legally separate from the District. This includes general operations, food service, and student related activities of the District.

Component units are legally separate organizations for which the District is financially accountable. The District is financially accountable for an organization if the District appoints a voting majority of the organization's governing board and (1) the District is able to significantly influence the programs or services performed or provided by the organization; or (2) the District is legally entitled to or can otherwise access the organization's resources; the District is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the District is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the District in that the District approves the budget, the issuance of debt, or the levying of taxes. The District has no component units.

Note 2 – Summary of Significant Accounting Policies

The financial statements of the District have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The most significant of the District's accounting policies are described below.

Measurement Focus

Government-wide Financial Statements

The government-wide statements are prepared using the economic resources measurement focus. All assets and liabilities associated with the operation of the District are included on the statement of net position. Fiduciary Funds are not included in government-wide statements.

St. Bernard-Elmwood Place City School District
Notes to Basic Financial Statements
For the Fiscal Year Ended June 30, 2014

The government-wide statement of activities presents a comparison between direct expenses and program revenues for each function or program of the District's governmental activities. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues which are not classified as program revenues are presented as general revenues of the District, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the District.

Fund Financial Statements

All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

The private purpose trust fund is reported using the economic resources measurement focus.

Fund Accounting

The District uses funds to maintain its financial records during the fiscal year. Fund accounting is designed to demonstrate legal compliance and to aid management by segregating transactions related to certain District functions or activities. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The various funds of the District are grouped into the categories governmental and fiduciary.

Governmental Funds

Governmental funds focus on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance. The following is the District's major governmental fund:

General Fund - The general fund is used to account for all financial resources except those required to be accounted for in another fund. The general fund balance is available for any purpose provided it is expended or transferred according to the general laws of Ohio.

Fiduciary Funds

Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private

St. Bernard-Elmwood Place City School District
Notes to Basic Financial Statements
For the Fiscal Year Ended June 30, 2014

purpose trust funds and agency funds. Trust funds are used to account for assets held by the District under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the District's own programs. Agency funds are custodian in nature (assets equal liabilities) and do not involve measurement of results of operations. The District's has a student activity Agency fund which accounts for assets and liabilities generated by student managed activities. The District's only trust fund is a private purpose trust which accounts for scholarship programs for students.

Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Fiduciary funds also use the accrual basis of accounting. Differences in the accrual and the modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue, and in the presentation of expenses versus expenditures.

Revenues – Exchange and Non-exchange Transactions

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the District, available means expected to be received within sixty days of fiscal year end.

Nonexchange transactions, in which the District receives value without directly giving equal value in return, included property taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the District must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the District on a reimbursement basis. On a modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at year end: property taxes available for advance, grants and interest.

Deferred Outflows/Inflows of Resources

In addition to assets, the statements of financial position will sometimes report a separate section for deferred outflows of resources. Deferred outflows of resources, represents a consumption of net position that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until then.

St. Bernard-Elmwood Place City School District
Notes to Basic Financial Statements
For the Fiscal Year Ended June 30, 2014

In addition to liabilities, the statements of financial position report a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net position that applies to a future period and will not be recognized as an inflow of resources (revenue) until that time. For the District, deferred inflows of resources include property taxes and grants and other taxes (which includes tax incremental financing 'TIF'). Property taxes represent amounts for which there is an enforceable legal claim as of June 30, 2014, but which were levied to finance year 2015 operations. These amounts have been recorded as deferred inflows on both the government-wide statement of net position and the governmental fund financial statements. TIF's have been recorded as deferred inflows on both the government-wide statement of net position and the governmental fund financial statements.

Expenses/Expenditures

On the accrual basis of accounting, expenses are recognized at the time they are incurred. The fair value of donated commodities used during the year is reported in the operating statement as an expense with a like amount reported as donated commodities revenue.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in the governmental funds.

Equity in Pooled Cash and Investments

Cash received by the District is pooled for investment purposes. Interest in the pool is presented as "Equity in Pooled Cash and Investments" on the financial statements.

Except for nonparticipating investment contracts, investments are reported at fair value which is based on quoted market prices. Nonparticipating investment contracts such as nonnegotiable certificates of deposits and repurchase agreements are reported at cost.

The District has invested funds in the State Treasury Asset Reserve of Ohio (STAR Ohio) during fiscal year 2014. STAR Ohio is an investment pool managed by the State Treasurer's Office, which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company but does operate in a manner consistent with Rule 2A7 of the Investment Company Act of 1940. Investments in STAR Ohio are valued at STAR Ohio's share price, which is the price the investment could be sold for on June 30, 2014.

Following Ohio statutes, the Board has, by resolution, specified the funds to receive an allocation of interest earnings. Interest revenue during fiscal year 2014 amounted to \$1,134 for the General Fund.

Inventory

Inventories are presented at cost on a first-in, first-out basis and are expended/expensed when used. Inventory consists of food held for resale.

St. Bernard-Elmwood Place City School District
Notes to Basic Financial Statements
For the Fiscal Year Ended June 30, 2014

Capital Assets

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated capital assets are recorded at their fair market values as of the date received. The District maintains a capitalization threshold of five thousand dollars (\$5,000). The District does not possess any infrastructure. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not.

All reported capital assets are depreciated, except land. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is allocated using the straight-line method over the following useful lives:

| <u>Description</u> | <u>Estimated Lives</u> |
|----------------------------|------------------------|
| Buildings and Improvements | 10-50 years |
| Equipment | 5-20 years |

Compensated Absences

The District reports compensated absences in accordance with the provisions of GASB Statement No. 16, "Accounting for Compensated Absences." Vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable that the District will compensate the employees for the benefits through paid time off or some other means. The District records a liability for accumulated unused vacation time, when earned, for all employees with more than one year of service.

Sick leave benefits are accrued as a liability using the vesting method. The entire compensated absence liability is reported on the government-wide financial statements.

For governmental fund financial statements, the current portion of unpaid compensated absences are recognized when due. The related liability is recorded in the account "compensated absences payable" in the fund from which the employees who have accumulated unpaid leave are paid.

The District's policies regarding compensated absences are determined by the state laws and/or negotiated agreements. In summary, the policies are as follows:

| <u>Vacation</u> | <u>Certified</u> | <u>Administrators</u> | <u>Non-Certificated</u> |
|----------------------|------------------|--------------------------|--|
| How earned | Not Eligible | 1.75-2.25 days per month | 10-21 days for each service year depending on length of service. |
| Maximum Accumulation | Not Applicable | Must use annually | Must use annually |
| Vested | Not Applicable | As Earned | As Earned |

Notes to Basic Financial Statements
For the Fiscal Year Ended June 30, 2014

| | | | |
|---------------------------------|---|---|---|
| Termination Entitlement | Not Applicable | Paid upon Termination | Paid upon Termination |
| <u>Sick Leave</u> How Earned | 1 1/4 days per month of employment (15 days per year) | 1 1/4 days per month of employment (15 days per year) | 1 1/4 days per month of employment (15 days per year) |
| Maximum Accumulation | 260 days | Number of days in contract -- 275 | Number of days in contract -- 215-260 |
| Vested | As Earned | As Earned | As Earned |
| Termination Entitlement | Per Contract | Per Contract | Per Contract |

Net Position

Net position represents the difference between assets and deferred outflows of resources, and liabilities and deferred inflows of resources. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the District or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

The District applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position are available. Of the District's \$626,223 in restricted net position, \$0 was restricted by enabling legislation.

Interfund Activity

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

On fund financial statements, receivables and payables resulting from short-term interfund loans are classified as "interfund receivables/payables". These amounts are eliminated in the governmental activities column on the Statement of Net Position.

St. Bernard-Elmwood Place City School District
Notes to Basic Financial Statements
For the Fiscal Year Ended June 30, 2014

As a general rule, the effect of interfund (internal) activity has been eliminated from the government-wide statement of activities. The interfund services provided and used are not eliminated in the process of consolidation.

Fund Balance

In accordance with Governmental Accounting Standards Board Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, the District classifies its fund balance based on the purpose for which the resources were received and the level of constraint placed on the resources. The following categories are used:

Nonspendable – resources that are not in spendable form (inventory) or have legal or contractual requirements to maintain the balance intact.

Restricted – resources that have external purpose restraints imposed on them by providers, such as creditors, grantors, or other regulators.

Committed – resources that are constrained for specific purposes that are internally imposed by the government at its highest level of decision making authority, the Board of Education. Formal action by the Board of Education is needed to commit or rescind resources.

Assigned – resources that are intended to be used for specific purposes as approved through the District's formal purchasing procedure by the Treasurer.

Unassigned – residual fund balance within the General Fund that is not restricted, committed, or assigned. In other governmental funds, the unassigned classification is used only to report a deficit balance resulting from incurred expenditures for specific purposes exceeding amounts which had been restricted, committed or assigned for said purposes.

The District considers committed, assigned, and unassigned fund balances, respectively, to be spent when expenditures are incurred for purposes for which any of the unrestricted fund balance classifications could be uses.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Note 3 – Equity in Pooled Cash and Investments

The District maintains a cash and investment pool used by all funds. Each fund type's portion of this pool is displayed on the financial statements as "Equity in Pooled Cash and Investments."

State statute requires the classification of monies held by the District into three categories:

St. Bernard-Elmwood Place City School District
Notes to Basic Financial Statements
For the Fiscal Year Ended June 30, 2014

Active Monies - Those monies required to be kept in a "cash" or "near cash" status for immediate use by the District. Such monies must by law be maintained either as cash in the District treasury, in depository accounts payable or withdrawable on demand.

Inactive Monies – Those monies not required for use within the current two year period of designated depositories. Ohio law permits inactive monies to be deposited or invested as certificates of deposit maturing not later than the end of the current period of designated depositories, or as savings or deposit accounts, including, but not limited to passbook accounts.

Interim Monies – Those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Ohio law permits interim monies to be invested or deposited in the following securities:

- (1) Bonds, notes, or other obligations of or guaranteed by the United States, or those for which the faith of the United States is pledged for the payment of principal and interest.
- (2) Bonds, notes, debentures, or other obligations or securities issued by any federal governmental agency.
- (3) No-load money market mutual funds consisting exclusively of obligations described in (1) or (2) above and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions.
- (4) Interim deposits in the eligible institutions applying for interim monies to be evidenced by time certificates of deposit maturing not more than one year from date of deposit, or by savings or deposit accounts, including, but limited to, passbook accounts.
- (5) Bonds and other obligations of the State of Ohio.
- (6) The Ohio State Treasurer's investment pool (STAR Ohio).
- (7) Commercial paper and banker's acceptances which meet the requirements established by Ohio Revised Code, Sec. 135.142.
- (8) Under limited circumstances, corporate debt interests in either of the two highest rating classifications by at least two nationally recognized rating agencies.

Protection of the District's deposits is provided by the Federal Deposit Insurance Corporation, by eligible securities pledged by the financial institution as security for repayment, by surety company bonds deposited with the treasurer by the financial institution or by a single collateral pool established by the financial institution to secure the repayment of all public moneys deposited with the institution.

St. Bernard-Elmwood Place City School District
Notes to Basic Financial Statements
For the Fiscal Year Ended June 30, 2014

Investments in stripped principal or interest obligations, reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. An investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the District, and must be purchased with the expectation that it will be held to maturity.

Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the treasurer or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

Deposits

Custodial credit risk is the risk that in the event of a bank failure, the government’s deposits may not be returned to it. The District’s policy for deposits is any balance not covered by depository insurance will be collateralized by the financial institutions with pledged securities. As of June 30, 2014, \$2,601,451 of the District’s bank balance of \$3,171,158 was exposed to custodial risk because it was uninsured and collateralized with securities held by the pledging financial institution’s trust department or agent, but not in the District’s name.

Ohio Revised Code Chapter 135, Uniform Depository Act, authorizes pledging of pooled securities in lieu of specific securities. Specifically, a designated public depository may pledge a single pool of eligible securities to secure repayment of all public monies deposited in the financial institution, provided that all times the total value of the securities so pledged is at least equal to 105% of the total amount of all public deposits secured by the pool, including the portion of such deposits covered by any federal deposit insurance.

Investments

As of June 30, 2014, the District had the following investments:

| | <u>Fair Value</u> | <u>Weighted Average Maturity (Years)</u> |
|----------|-------------------|--|
| STAROhio | \$5,314,043 | 0.14 |

Interest Rate Risk - In accordance with the investment policy, the District manages its exposure to declines in fair values by limiting the weighted average maturity of its investment portfolio to five years.

Credit Risk – It is the District’s policy to limit its investments that are not obligations of the U.S. Government or obligations explicitly guaranteed by the U.S. Government to investments which have the highest credit quality rating issued by nationally recognized statistical rating organizations. Investments in STAROhio were rated AAAM by Standards & Poor’s.

Concentration of Credit Risk – The District’s investment policy allows investments in Federal Agencies or Instrumentalities. The District has invested only in STAROhio.

St. Bernard-Elmwood Place City School District
Notes to Basic Financial Statements
For the Fiscal Year Ended June 30, 2014

Custodial Credit Risk is the risk that in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party.

Note 4 – Property Taxes

Property taxes are levied and assessed on a calendar year basis. Second half distributions occur in a new fiscal year. Property taxes include amounts levied against all real and public utility property located in the District. Real property taxes are levied after April 1 on the assessed value listed as of the prior January 1, the lien date. Public utility property taxes attached as a lien on December 31 of the prior year, were levied April 1 and are collected with real property taxes. Assessed values for real property taxes are established by State law at 35 percent of appraised market value. All property is required to be revalued every six years. Public utility property taxes are assessed on real property at 35 percent of true value.

Payments by multi-county taxpayers are due September 20. Single county taxpayers may pay annually or semi-annually. If paid annually, payment is due April 30; if paid semi-annually, the first payment is due April 30, with the remainder payable by September 20.

Real property taxes are payable annually or semi-annually. If paid annually, payment is due December 31; if paid semi-annually, the first payment is due December 31 with the remainder payable by June 20. Under certain circumstances, State statute permits alternate payment dates to be established. The District receives property taxes from Hamilton County. The County Auditor periodically advances to the District its portion of the taxes collected. Second-half real property tax payments collected by the County by June 30, 2014, are available to finance fiscal year 2015 operations. The amount available for advance can vary based on the date the tax bills are sent.

Accrued property taxes receivable represent delinquent taxes outstanding and real property, personal property and public utility taxes which became measurable at June 30, 2014. Delinquent property taxes collected within 60 days are included as a receivable and tax revenue as of June 30, 2014. Although total property tax collections for the next fiscal year are measurable, only the amount available as an advance at June 30 is available to finance current year operations. The receivable is, therefore, offset by a credit to deferred inflows for that portion not intended to finance current year operations. The amount available as an advance at June 30, 2014, was \$2,150,000 for General Fund, and is recognized as revenue.

On a full accrual basis, collectible delinquent property taxes have been recorded as a receivable and revenue, while on a modified accrual basis the revenue has been deferred.

The assessed values upon which the fiscal year 2014 taxes were collected are:

This Space Intentionally Left Blank

St. Bernard-Elmwood Place City School District
Notes to Basic Financial Statements
For the Fiscal Year Ended June 30, 2014

| | <u>Amount</u> |
|---|-----------------------------|
| Agricultural/Residential and Other Real Estate | \$92,634,250 |
| Public Utility Personal | <u>9,587,370</u> |
| Total | <u><u>\$102,221,620</u></u> |

Note 5 – Receivables

Receivables at June 30, 2014, consisted of taxes, accounts (rent and student fees), interest, intergovernmental grants and interfund. All receivables are considered collectible in full due to the ability to foreclose for the nonpayment of taxes, the stable condition of State programs, and the current year guarantee of federal funds.

Note 6 – Capital Assets

Capital asset activity for the fiscal year ended June 30, 2014, was as follows:

| | <u>Beginning Balance</u> | <u>Additions</u> | <u>Deletions</u> | <u>Ending Balance</u> |
|--|------------------------------|---------------------------|-------------------|---------------------------|
| Governmental Activities | | | | |
| <i>Capital Assets, not being depreciated:</i> | | | | |

St. Bernard-Elmwood Place City School District
Notes to Basic Financial Statements
For the Fiscal Year Ended June 30, 2014

Depreciation expense was charged to governmental functions as follows:

| | |
|---|-------------------------|
| Instruction: | |
| Regular | \$316,363 |
| Special | 26,355 |
| Support Services: | |
| Pupils | 1,118 |
| Instructional Staff | 19,273 |
| School Administration | 28,482 |
| Fiscal | 5,998 |
| Operations and Maintenance | 44,945 |
| Pupil Transportation | 33,963 |
| Central | 989 |
| Operation of Non-Instructional Services | 16,468 |
| Total Depreciation Expense | <u><u>\$493,954</u></u> |

Note 7 – Long-Term Liabilities

| | <u>Beginning Balance</u> | <u>Issued</u> | <u>Retired</u> | <u>Ending Balance</u> | <u>Due In One Year</u> |
|---------------------------------|------------------------------|-------------------------|-------------------------|---------------------------|----------------------------|
| Governmental Activities: | | | | | |
| OASBO Pool Lease | \$871,000 | \$0 | \$129,000 | \$742,000 | \$135,000 |
| Compensated Absences | <u>1,419,487</u> | <u>210,125</u> | <u>218,948</u> | <u>1,410,664</u> | <u>206,935</u> |
| Total Governmental Activities | <u><u>\$2,290,487</u></u> | <u><u>\$210,125</u></u> | <u><u>\$347,948</u></u> | <u><u>\$2,152,664</u></u> | <u><u>\$341,935</u></u> |

The capital lease will be paid from the debt service fund. Compensated absences will be paid from the fund from which the person is paid.

Note 8 – Capital Leases – Lessee Disclosure

In prior years, capital lease proceeds that were recorded in the Permanent Improvement Fund relate to the installation of an HVAC system in the District. The District is leasing the project from the Columbus Regional Airport Authority. Columbus Regional Airport Authority will retain title to the project during the lease term. Columbus Regional Airport Authority assigned National City Bank as trustee. The lease is renewable annually and expires in 2019. The intention of the District is to renew the lease annually.

The District began the project in fiscal year 2005. The District made \$129,000 in principal payments for fiscal year 2014. The principal amount owed on the lease at year end is \$742,000.

The trustee entered into an Interest Rate Exchange Agreement with respect to the loan, locking in the rate at 4.73% plus an annual administrative fee. The following is a schedule of the future long-term minimum lease payments required under the capital lease and the present value of the minimum lease payments as of June 30, 2014.

Note 9 - Pension Plans

School Employees Retirement System of Ohio

Plan Description

The District contributes to the School Employees Retirement System of Ohio (SERS), a cost-sharing multiple-employer defined benefit pension plan. SERS provides retirement, disability, and survivor benefits; annual cost-of-living adjustments; and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by state statute per Chapter 3309 of the Ohio Revised Code. SERS issues a publicly available, stand-alone financial report that includes financial statements and required supplementary information. That report can be obtained on SERS' website at www.ohsers.org under *Employers/Audit Resources*.

Funding Policy

Plan members are required to contribute 10% of their annual covered salary and the District is required to contribute 14% of annual covered payroll. The contribution requirements of plan members and employers are established and may be amended, up to statutory maximum amounts, by the SERS' Retirement Board. The Retirement Board acting with the advice of the actuary, allocates the employer contribution rate among four of the funds (Pension Trust Fund, Death Benefit Fund, Medicare B Fund, and Health Care fund) of the System. For fiscal year ending June 30, 2014, the allocation to pension and death benefits is 13.10%. The remaining 0.90% of the 14% employer contribution rate is allocated to the Health Care and Medicare B Funds. The District's contributions to SERS for the years ended June 30, 2014, 2013, and 2012 were \$239,310, \$223,734, and \$209,891, respectively; contributions equaled the required contributions for each year.

St. Bernard-Elmwood Place City School District
Notes to Basic Financial Statements
For the Fiscal Year Ended June 30, 2014

State Teachers Retirement System of Ohio

Plan Description

The School District participates in the State Teachers Retirement System of Ohio (STRS Ohio), a cost-sharing, multiple employer public employee retirement system. STRS Ohio is a statewide retirement plan for licensed teachers and other faculty members employed in the public schools of Ohio or any school, community school, college, university, institution, or other agency controlled, managed and supported, in whole or in part, by the state or any political subdivision thereof. Additional information or copies of STRS Ohio's *Comprehensive Annual Financial Report* can be requested by writing to STRS Ohio, 275 E. Broad Street, Columbus, OH 43215-3771, by calling toll-free 1-888-227-7877, or by visiting the STRS Ohio web site at www.strsoh.org.

Plan Options

New members have a choice of three retirement plan options. In addition to the Defined Benefit (DB) Plan, new members are offered a Defined Contribution (DC) Plan and a Combined Plan. The DC Plan allows members to allocate all their member contributions and employer contributions equal to 10.5% of earned compensation among various investment choices. The Combined Plan offers features of the DC Plan and DB Plan. In the Combined Plan, member contributions are allocated to investment choices by the member, and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DB Plan. Contributions into the DC Plan and Combined Plan are credited to member accounts as employers submit their payroll information to STRS Ohio, generally on a biweekly basis. DC and Combined Plan members will transfer to the DB Plan during their fifth year of membership unless they permanently select the DC or Combined Plan.

DB Plan Benefits

Plan benefits are established under Chapter 3307 of the Revised Code. Any member may retire who has (i) five years of service credit and attained age 60; (ii) 25 years of service credit and attained age 55; or (iii) 30 years of service credit regardless of age. The annual retirement allowance, payable for life, is the greater of the "formula benefit" or the "money-purchase benefit" calculation. Under the "formula benefit," the retirement allowance is based on years of credited service and final average salary, which is the average of the member's three highest salary years. The annual allowance is calculated by using a base percentage of 2.2% multiplied by the total number of years of service credit (including Ohio-valued purchased credit) times the final average salary. The 31st year of earned Ohio service credit is calculated at 2.5%. An additional one-tenth of a percent is added to the calculation for every year of earned Ohio service over 31 years (2.6% for 32 years, 2.7% for 33 years and so on) until 100% of final average salary is reached. For members with 35 or more years of Ohio contributing service, the first 30 years will be calculated at 2.5% instead of 2.2%. Under the "money-purchase benefit" calculation, a member's lifetime contributions plus interest at specified rates are matched by an equal amount from other STRS Ohio funds. This total is then divided by an actuarially determined annuity factor to determine the maximum annual retirement allowance.

DC Plan Benefits

Benefits are established under Sections 3307.80 to 3307.89 of the Revised Code. For members who select the DC Plan, all member contributions and employer contributions at a rate of 10.5% are placed in an investment account. The member determines how to allocate the member and employer money among various investment choices. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump-sum withdrawal. Employer contributions into members' accounts are vested after the first anniversary

St. Bernard-Elmwood Place City School District
Notes to Basic Financial Statements
For the Fiscal Year Ended June 30, 2014

of the first day of paid service. Members in the DC Plan who become disabled are entitled only to their account balance. If a member dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

Combined Plan Benefits

Member contributions are allocated by the member, and employer contributions are used to fund a defined benefit payment. A member's defined benefit is determined by multiplying 1% of the member's final average salary by the member's years of service credit. The defined benefit portion of the Combined Plan payment is payable to a member on or after age 60. The defined contribution portion of the account may be taken as a lump sum or converted to a lifetime monthly annuity at age 50.

A retiree of STRS Ohio or another Ohio public retirement system is eligible for reemployment as a teacher following the elapse of two months from the date of retirement. Contributions are made by the reemployed member and employer during the reemployment. Upon termination of reemployment or age 65, whichever comes later, the retiree is eligible for an annuity benefit or equivalent lump-sum payment in addition to the original retirement allowance. A reemployed retiree may alternatively receive a refund of only member contributions with interest before age 65, once employment is terminated.

Benefits are increased annually by 3% of the original base amount for DB Plan participants.

The DB and Combined Plans offer access to health care coverage to eligible retirees who participated in the plans and their eligible dependents. Coverage under the current program includes hospitalizations, physicians' fees, prescription drugs and partial reimbursement of monthly Medicare Part B premiums. By Ohio law, health care benefits are not guaranteed.

A DB or Combined Plan member with five or more years' credited service who becomes disabled may qualify for a disability benefit. Eligible spouses and dependents of members who die before retirement may qualify for survivor benefits. A death benefit of \$1,000 is payable to the beneficiary of each deceased retired member who participated in the DB Plan. Death benefit coverage up to \$2,000 can be purchased by participants in the DB, DC or Combined Plans. Various other benefits are available to members' beneficiaries.

Funding Policy

Chapter 3307 of the Revised Code provides statutory authority for member and employer contributions. Contribution rates are established by the State Teachers Retirement Board, upon recommendations of its consulting actuary, not to exceed statutory maximum rates of 11% for members and 14% for employers.

Contribution requirements and the contributions actually made for the fiscal year ended June 30, 2014, were 11% of covered payroll for members and 14% for employers. The District's contributions to STRS for the years ended June 30, 2014, 2013, and 2012 were \$825,842, \$829,615, and \$850,120, respectively; 86% has been contributed for fiscal year 2014 and 100% for fiscal years 2013 and 2012.

St. Bernard-Elmwood Place City School District
Notes to Basic Financial Statements
For the Fiscal Year Ended June 30, 2014

Note 10- Post Employment Benefits

School Employees Retirement System of Ohio

Plan Description

In addition to a cost-sharing multiple-employer defined benefit pension plan, the School Employees Retirement System of Ohio (SERS) administers two postemployment benefit plans.

Medicare Part B Plan

The Medicare B plan reimburses Medicare Part B premiums paid by eligible retirees and beneficiaries as set forth in Ohio Revised Code (ORC) 3309.69. Qualified benefit recipients who pay Medicare Part B premiums may apply for and receive a monthly reimbursement from SERS. The reimbursement amount is limited by statute to the lesser of the January 1, 1999 Medicare Part B premium or the current premium. The Medicare Part B premium for calendar year 2013 was \$104.90 for most participants, but could be as high as \$335.70 depending on their income; SERS' reimbursement to retirees was \$45.50.

The Retirement Board, acting with the advice of the actuary, allocates a portion of the current employer contribution rate to the Medicare B Fund. For fiscal year 2014, the actuarially required allocation was .76%. District contributions for the years ended June 30, 2014, 2013 and 2012 were \$12,991, \$11,826, and \$18,518, respectively, which equaled the required contributions each year.

Health Care Plan

ORC 3309.375 and 3309.69 permit SERS to offer health care benefits to eligible retirees and beneficiaries. SERS' Retirement Board reserves the right to change or discontinue any health plan or program. SERS offers several types of health plans from various vendors, including HMO's, PPO's, Medicare Advantage and traditional indemnity plans. A prescription drug program is also available to those who elect health coverage. SERS employs two third-party administrators and a pharmacy benefit manager to manage the self-insurance and prescription drug plans, respectively.

The ORC provides the statutory authority to fund SERS' postemployment benefits through employer contributions. Active members do not make contributions to the postemployment benefit plans.

The Health Care Fund was established under, and is administered in accordance with, Internal Revenue Code 105(e). Each year after the allocation for statutorily required benefits, the Retirement Board allocates the remainder of the employer 14% contribution to the Health Care Fund. At June 30, 2014, the health care allocation was .14%. An additional health care surcharge on employers is collected for employees earning less than an actuarially determined minimum compensation amount, pro-rated according to service credit earned. Statutes provide that no employer shall pay a health care surcharge greater than 2% of that employer's SERS-covered payroll; nor may SERS collect in aggregate more than 1.5% of the total statewide SERS-covered payroll for the health care surcharge. For fiscal year 2014, the minimum compensation level was established at \$20,525. The surcharge, added to the unallocated portion of the 14% employer contribution rate is the total amount assigned to the Health Care Fund. The District contributions assigned to health care for the years ended June 30, 2014, 2013, and 2012 were \$2,393, \$2,557, and \$13,580, respectively.

St. Bernard-Elmwood Place City School District
Notes to Basic Financial Statements
For the Fiscal Year Ended June 30, 2014

The SERS Retirement Board establishes the rules for the premiums paid by the retirees for health care coverage for themselves and their dependents or for their surviving beneficiaries. Premiums vary depending on the plan selected, qualified years of service, Medicare eligibility, and retirement status.

The financial reports of SERS' Health Care and Medicare B plans are included in its *Comprehensive Annual Financial Report*. The report can be obtained on SERS' website at www.ohsers.org under *Employers/Audit Resources*.

State Teachers Retirement System of Ohio

Plan Description

STRS Ohio administers a pension plan that is comprised of: a Defined Benefit Plan; a self-directed Defined Contribution Plan and a Combined Plan that is a hybrid of the Defined Benefit and the Defined Contribution Plan.

Ohio law authorized STRS Ohio to offer a cost-sharing, multiple-employer health care plan. STRS Ohio provides access to health care coverage to eligible retirees who participated in the Defined Benefit or Combined Plans. Coverage under the current program includes hospitalization, physicians' fees, prescription drugs and reimbursement of monthly Medicare Part B premiums.

Pursuant to 3307 of the Revised Code, the Retirement Board has discretionary authority over how much, if any, of the associated health care costs will be absorbed by STRS Ohio. All health care plan enrollees, for the most recent year, pay a portion of the health care costs in the form of a monthly premium.

STRS Ohio issues a stand-alone financial report. Interested parties can view the most recent *Comprehensive Annual Financial Report* by visiting www.strsoh.org or by requesting a copy by calling toll-free 1-888-227-7877.

Funding Policy

Under Ohio law, funding for post-employment health care may be deducted from employer contributions. Of the 14% employer contributions rate, 1% of covered payroll was allocated to post-employment health care for the years ended June 30, 2014, 2013 and 2012. The 14% employer contribution rate is the maximum rate established under Ohio law. The District contributions for the years ended June 30, 2014, 2013, and 2012 were \$58,989, \$59,258, and \$60,723, 86% has been contributed for fiscal year 2014 and 100% for fiscal years 2013 and 2012.

Note 11 – Contingent Liabilities

Grants

The School District received financial assistance from federal and State agencies in the form of grants. The expenditure of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds.

St. Bernard-Elmwood Place City School District
Notes to Basic Financial Statements
For the Fiscal Year Ended June 30, 2014

However, in the opinion of management, any such disallowed claims will not have a material effect on any of the financial statements of the individual fund types included herein or on the overall financial position of the District as of June 30, 2014.

Litigation

The District's attorney estimates that all other potential claims against the District not covered by insurance resulting from all other litigation would not materially affect the financial statements of the District.

Note 12 - Jointly Governed Organizations

The Hamilton/Clermont Cooperative Association (H/CCA) is a jointly governed organization consisting of 31 school districts. The organization was formed for the purpose of applying modern technology, with the aid of computers and other electronic equipment, to administrative and instructional functions among member districts. Each of the governments of these schools supports H/CCA and shares in a percentage of the equity based on the resources provided. H/CCA is governed by a board of directors consisting of the superintendents or designees of the member school districts. The degree of control exercised by any participating school district is limited to its representation on the board. Financial information can be obtained by writing to Hamilton/Clermont Cooperative Association, 7615 Harrison Avenue, Cincinnati, Ohio 45231-3107.

The Great Oaks Institute of Technology and Career Development, a jointly governed organization, is a distinct political subdivision of the State of Ohio which operates under the direction of a board consisting of a representative from each participating school district's elected board. That board possesses its own budgeting and taxing authority. The Great Oaks Institute of Technology and Career Development provides academic preparation and job training which lead to employment and/or further education upon graduation from high school. The District has no ongoing financial interest in or responsibility for the Vocational School. To obtain financial information write to the Great Oaks Institute of Technology and Career Development, 3254 East Kemper Road, Cincinnati, Ohio 45241-1581.

Note 13 – OASBO Group Rating Program

The District participates in the Ohio Association of School Business Officials Workers' Compensation Group Rating Program (GRP), an insurance purchasing pool. The GRP's business and affairs are conducted by a three member Board of Directors consisting of the President, the President-Elect and the Immediate Past President of the Ohio Association of School Business Officials (OASBO). The Executive Director of the OASBO, or his designee, serves as coordinator of the program. Each year, the participating school districts pay an enrollment fee to the GRP to cover the costs of administering the program.

The intent of the GRP is to achieve the benefit of a reduced premium for the District by virtue of its grouping and representation with other participants in the GRP. The workers compensation experience of the participating school districts is calculated as one experience and a common premium rate is applied to all school districts in the GRP. Each participant pays its workers' compensation premium to the State based on the rate for the GRP rather than its individual rate. Total savings are then calculated and each participant's individual performance is compared to the overall savings percentage of the GRP. A participant will then either receive money from or be required to contribute to the "Equity Pooling

St. Bernard-Elmwood Place City School District
Notes to Basic Financial Statements
For the Fiscal Year Ended June 30, 2014

Fund”. This “equity pooling” arrangement insures that each participant shares equally in the overall performance of the GRP. Participation in the GRP is limited to school districts that can meet the GRP’s selection criteria. The firm of Comp Management, Inc. provides administrative, cost control and actuarial services to the GRP.

Note 14 – Risk Management

The District is exposed to various risks of loss related to torts, theft of, damage to and destruction of assets, errors and omissions, injuries to employees and natural disasters. The District carries insurance coverage with the following companies:

| <u>Coverage</u> | <u>Company</u> |
|-------------------|--------------------------------------|
| Automobile | Governmental Underwriters of America |
| Property | Governmental Underwriters of America |
| General Liability | Governmental Underwriters of America |

Limits and deductible amounts for the above policies vary accordingly.

| <u>Coverage</u> | <u>Limits</u> | <u>Deductibles</u> |
|-------------------|--|--------------------|
| Automobile | \$2,000,000 each occurrence | \$500 collision |
| Property | Covered for value of loss | \$1,000 each loss |
| General Liability | \$2,000,000 each occurrence \$4,000,000 general aggregate | |

The District pays the State of Ohio Bureau of Workers’ Compensation System a premium based on a rate per \$100 of salaries. This rate is calculated based on accident history and administrative costs.

There were no significant reductions in insurance coverage from the prior year. Also, there were no settlements that exceeded insurance coverage for the past three years.

The District participates in the Greater Cincinnati Insurance Consortium, an insurance purchasing pool. The District can obtain better coverage and/or lower premiums by purchasing health, dental, and life insurance benefits through the pool.

The District participates in Greater Cincinnati Insurance Consortium (GCIC) Self-Insurance Program, a shared risk pool, comprised of other area school districts. Each member pays an administrative fee to the pool. Each school district has a representative on the assembly (usually the superintendent or designee).

This Space Intentionally Left Blank

St. Bernard-Elmwood Place City School District
Notes to Basic Financial Statements
For the Fiscal Year Ended June 30, 2014

Note 15 – Accountability

The following individual funds had a deficit in fund balance at year end:

| <u>Other Governmental Funds:</u> | <u>Deficit</u> |
|----------------------------------|----------------|
| Athletics | \$14,655 |
| Poverty Aid | 15,449 |
| Public Preschool | 2,453 |
| Special Education | 119,442 |
| Title I | 135,854 |

The deficit in fund balance was primarily due to accruals in GAAP. The general fund is liable for any deficit in these funds and will provide operating transfers when cash is required not when accruals occur.

Note 16 – Set-Asides

The District is required by State statute to annually set aside in the general fund an amount based on a statutory formula for the acquisition and construction of capital improvements. Amounts not spent by year-end or offset by similarly restricted resources received during the year must be held in cash at year-end and carried forward to be used for the same purposes in future years.

The following cash basis information describes the change in the year-end set-aside amounts for capital acquisition. Disclosure of this information is required by State statute.

| | <u>Capital Acquisition</u> |
|---|--------------------------------|
| Set Aside Reserve Balance as of June 30, 2013 | \$0 |
| Current Year Set Aside Requirements | 182,040 |
| Qualified Disbursements | (171,621) |
| Current Year Offsets | <u>(10,419) *</u> |
| Set Aside Reserve Balance as of June 30, 2014 | <u><u>\$0</u></u> |

* - is a carryforward from prior years that can be used as the eligible amount to be used as a current year offsets. \$41,083 was used as the eligible offset for FY05, \$6,984 for FY06, \$37,071 for FY07, \$8,494 for FY08, \$0 for FY09, \$0 for FY10, \$0 for FY11, \$22,597 for FY12, \$7,498 for FY13, and \$10,419 for FY14. \$1,673,854 will be the offset carryforward for FY15.

Qualifying disbursements for capital maintenance reserve during the year were \$171,621 and \$10,419 of current year offsets.

St. Bernard-Elmwood Place City School District
Notes to Basic Financial Statements
For the Fiscal Year Ended June 30, 2014

Note 17 – Interfund Transactions

Interfund transactions at June 30, 2014, consisted of the following interfund receivables, interfund payables, transfers in and transfers out:

| | Interfund | | Transfers | |
|--------------------------|------------------|------------------|------------------|------------------|
| | Receivable | Payable | In | Out |
| General Fund | \$419,773 | \$0 | \$0 | \$331,444 |
| Other Governmental Funds | 0 | 419,773 | 331,444 | 0 |
| Total All Funds | <u>\$419,773</u> | <u>\$419,773</u> | <u>\$331,444</u> | <u>\$331,444</u> |

Interfund balances/transfers are used to move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them and unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations; to segregate and to return money to the fund from which it was originally provided once a project is completed.

Note 18 – Fund Balances

Fund balance is classified as nonspendable, restricted, committed, assigned and/or unassigned based primarily on the extent to which the District is bound to observe constraints imposed upon the use of the resources in the government funds. The constraints placed on fund balance for the major governmental fund and all other governmental funds are presented below:

Note 19 – Change in Accounting Principles

The District adopted the provisions of GASB Statement Number 65, *Items Previously Reported as Assets and Liabilities*. GASB Statement Number 65 establishes accounting and financial reporting standards that reclassify, as deferred outflows of resources or deferred inflows of resources, certain items that were previously reported as assets and liabilities and recognizes, as outflows of resources or inflows of resources, certain items that were previously reported as assets and liabilities. The provisions of this Statement are effective for financial statements for periods beginning after December 15, 2012 and have been implemented by the District.

See accompanying notes to the required supplementary information.

St. Bernard-Elmwood Place City School District
Notes to the Required Supplementary Information
For The Year Ended June 30, 2014

Note 1 – Budgetary Process

All funds, except agency funds, are legally required to be budgeted and appropriated. The major documents prepared are the tax budget, the appropriations resolution and the certificate of estimated resources which are prepared on the budgetary basis of accounting. The tax budget demonstrates a need for existing or increased tax rates. The certificate of estimated resources establishes a limit on the amount that the Board of Education may appropriate. The appropriation resolution is the Board's authorization to spend resources and sets annual limits on expenditures plus encumbrances at the level of control selected by the Board. The legal level of control has been established by the Board at the fund level. Any budgetary modifications at this level may only be made by resolution of the Board.

The certificate of estimated resources may be amended during the year if projected increases or decreases in revenue are identified by the District Treasurer. The amounts reported as the original budgeted amounts on the budgetary statements reflect the amounts on the certificate of estimated resources when the original appropriations were adopted. The amounts reported as the final budgeted amounts on the budgetary statements reflect the amounts on the final amended certificate of estimated resources issued during the fiscal year 2014.

The appropriation resolution is subject to amendment by the Board throughout the year with the restriction that appropriations cannot exceed estimated resources. The amounts reported as the original budgeted amounts reflect the first appropriation resolution for that fund that covered the entire year, including amounts automatically carried forward from prior years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by the Board during the year.

While the District is reporting financial position, results of operations and changes in fund balance on the basis of generally accepted accounting principles (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The Schedule of Revenues, Expenditures and Changes in Fund Balances - Budget and Actual (Non-GAAP Budgetary Basis) presented on the budgetary basis to provide a meaningful comparison of actual results with the budget. The major differences between the budget basis and GAAP basis are as follows:

1. Revenues are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis).
2. Expenditures are recorded when paid in cash (budget basis) as opposed to when the liability is incurred (GAAP basis).
3. Encumbrances are treated as expenditures for all funds (budget basis) rather than as an assignment of fund balance (GAAP basis).
4. Advances in and advances out are operating transactions (budget basis) as opposed to balance sheet transactions.

St. Bernard-Elmwood Place City School District
Notes to the Required Supplementary Information
For The Year Ended June 30, 2014

The following table summarizes the adjustments necessary to reconcile the GAAP basis statements to the budgetary basis statements for the general fund.

Net Change in Fund Balance

| | <u>General</u> |
|--------------------------|-------------------------|

NOTES TO SCHEDULE OF FEDERAL AWARDS RECEIPTS AND EXPENDITURES

NOTE A - SIGNIFICANT ACCOUNTING POLICIES

The Schedule of Federal Awards Receipts and Expenditures (the "Schedule") is a summary of the activity of the District's federal award programs. The Schedule has been prepared on the cash basis of accounting.

NOTE B - FOOD DISTRIBUTION

Nonmonetary assistance is reported on the Schedule at the fair market value of the commodities received and disbursed.

NOTE C - NUTRITION CLUSTER

Cash receipts from the U.S. Department of Agriculture are commingled with State grants. It is assumed federal monies are expended first.

Dave Yost • Auditor of State

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY *GOVERNMENT AUDITING STANDARDS*

St. Bernard-Elmwood Place City School District
Hamilton County
105 Washington Avenue
St. Bernard, Ohio 45217

To the Board of Education:

We have audited, in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of St. Bernard-Elmwood Place City School District, Hamilton County, (the District) as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the District's basic financial statements and have issued our report thereon dated March 13, 2015, wherein we noted that the District adopted the provisions of Governmental Accounting Standard No. 65, *Items Previously Reported as Assets and Liabilities*.

Internal Control Over Financial Reporting

As part of our financial statement audit, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures appropriate in the circumstances to the extent necessary to support our opinion on the financial statements, but not to the extent necessary to opine on the effectiveness of the District's internal control. Accordingly, we have not opined on it.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the District's financial statements. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all internal control deficiencies that might be material weaknesses or significant deficiencies. Given these limitations, we did not identify any deficiencies in internal control that we consider material weaknesses. However, unidentified material weaknesses may exist.

Compliance and Other Matters

As part of reasonably assuring whether the District's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

Purpose of this Report

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

A handwritten signature in black ink that reads "Dave Yost". The signature is written in a cursive style with a large, looping "D" and "Y".

Dave Yost • Auditor of State

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO THE MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133

St. Bernard-Elmwood Place City School District
Hamilton County
105 Washington Avenue
St. Bernard, Ohio 45217

To the Board of Education:

Report on Compliance for the Major Federal Program

We have audited the St. Bernard-Elmwood Place City School District's (the District) compliance with the applicable requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133, Compliance Supplement* that could directly and materially affect the St. Bernard-Elmwood Place City School District's major federal program for the year ended June 30, 2014. The *Summary of Auditor's Results* in the accompanying schedule of findings identifies the District's major federal program.

Management's Responsibility

The District's Management is responsible for complying with the requirements of laws, regulations, contracts, and grants applicable to its federal program.

Auditor's Responsibility

Our responsibility is to opine on the District's compliance for the District's major federal program based on our audit of the applicable compliance requirements referred to above. Our compliance audit followed auditing standards generally accepted in the United States of America; the standards for financial audits included in the Comptroller General of the United States' *Government Auditing Standards*; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. These standards and OMB Circular A-133 require us to plan and perform the audit to reasonably assure whether noncompliance with the applicable compliance requirements referred to above that could directly and materially affect a major federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe our audit provides a reasonable basis for our compliance opinion on the District's major program. However, our audit does not provide a legal determination of the District's compliance.

Opinion on the Major Federal Program

In our opinion, the St. Bernard-Elmwood Place City School District complied, in all material respects with the compliance requirements referred to above that could directly and materially affect its major federal program for the year ended June 30, 2014.

Report on Internal Control Over Compliance

The District's management is responsible for establishing and maintaining effective internal control over compliance with the applicable compliance requirements referred to above. In planning and performing our compliance audit, we considered the District's internal control over compliance with the applicable requirements that could directly and materially affect a major federal program, to determine our auditing procedures appropriate for opining on each major federal program's compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not to the extent needed to opine on the effectiveness of internal control over compliance. Accordingly, we have not opined on the effectiveness of the District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, when performing their assigned functions, to prevent, or to timely detect and correct, noncompliance with a federal program's applicable compliance requirement. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a federal program compliance requirement will not be prevented, or timely detected and corrected. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with federal program's applicable compliance requirement that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

This report only describes the scope of our internal control compliance tests and the results of this testing based on OMB Circular A-133 requirements. Accordingly, this report is not suitable for any other purpose.
