We have reviewed the *Independent Auditor's Report* of the Constellation Schools: Stockyard Community Elementary, Cuyahoga County, prepared by Rea & Associates, Inc., for the audit period July 1, 2014 through June 30, 2015. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The Constellation Schools: Stockyard Community Elementary is responsible for compliance with these laws and regulations.

Independent Auditor's Report

Report on the Financial Statements

We have audited the accompanying financial statements of the Constellation Schools: Stockyard Community Elementary, Cuyahoga County, Ohio (the "School") as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the School's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the School, as of June 30, 2015, and the changes in financial position and the cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of a Matter

As described in Note II.3, the School restated the net position balance to account for the implementation of Governmental Accounting Standard Board (GASB) Statement No. 68, "*Accounting and Financial Reporting for Pensions – An Amendment of GASB Statement No. 27*", and GASB Statement No. 71, "*Pension Transition for Contributions Made Subsequent to the Measurement Date – An Amendment of GASB Statement No. 68*." Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the *Management's Discussion and Analysis* and the *Schedule of the School's Proportionate Share of the Net Pension Liability*, and *Schedule of the School's Contributions* on pages 5–11, 41, and 42-43, respectively, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the School's basic financial statements. The *Schedule of Expenditures of Federal Awards*, as required by the Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* are presented for purposes of additional analysis and is not a required part of the basic financial statements.

The *Schedule of Expenditures of Federal Awards* is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the *Schedule of Expenditures of Federal Awards* is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated November 24, 2015 on our consideration of the School's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School's internal control over financial reporting and compliance.

Management's Discussion and Analysis For the Year Ended June 30, 2015

The discussion and analysis of Constellation Schools: Stockyard Community Elementary (SCE) financial performance provides an overall review of financial activities for the fiscal year ended June 30, 2015. The intent of this discussion and analysis is to look at the financial performance of SCE as a whole. Readers should also review the Notes to the Financial Statements and the Financial Statements to enhance their understanding of the financial performance of SCE.

Financial Highlights

Key financial highlights for 2015 include the following:

- During 2015 SCE expended \$241,760 of the April 2014 bond refinance proceeds for building improvements. A total of \$973,128 remains in the project fund as of June 30, 2015 for additional building improvements.
- In total, net position increased \$163,174, which represents an 8.7% increase from 2014. A moderate revenue increase along with operating expense increases were offset by a decrease bond refinance fees of \$195,026 from 2014.
- Total assets and deferred outflow of resources increased \$220,200, which represents a 4.1% increase from 2014. This is due to increased cash from operations, changes in bond escrow and reserve accounts; increases in capital assets from building construction and increases in deferred outflows of resources.
- Liabilities and deferred inflows of resources increased \$57,026 which represents a 0.8% increase from 2014. Increases in vendor payables, bond interest payable, bond fees payable and deferred inflows of resources were offset by decreases in bonds payable, unearned revenues and net pension liability during the year.
- Operating revenues increased by \$11,949, which represents a 0.5% increase from 2014. This is a result of State Foundation Aid increases offset by decreases in other revenues.
- Expenses decreased by \$7,754 which represents a 0.3% decrease from 2014. Operating expense increases are due to additional staff, services, materials, supplies and equipment which were offset by reductions in bond refinancing fees and changes in net pension liabilities.
- Non-operating revenues increased by \$114,259, which represents a 21.9% increase from 2014. This increase is due to increased receipts for federal grant programs.
- During 2015, SCE implemented GASB 68, which requires changes in the manner for which pension expenses and liabilities are reported. Net Pension balances for 2014 were restated and pension expenses during 2015 were reduced.

Using this Financial Report

This report consists of three parts, Management's Discussion and Analysis, the Financial Statements and the Notes to the Financial Statements. The Financial Statements include a Statement of Net Position, a Statement of Revenues, Expenses and Changes in Net Position and a Statement of Cash Flows.

Management's Discussion and Analysis

For the Year Ended June 30, 2015

Statement of Net Position

The Statement of Net Position looks at how well SCE has performed financially through June 30, 2015. This statement includes all of the assets, deferred outflow of resources, liabilities, deferred inflows of resources and net position using the accrual basis of accounting, which is the accounting method used by most private-sector companies. This basis of accounting takes into account all revenues earned and expenses incurred during the year, regardless as to when the cash is received or expended.

The following schedule provides a summary Statement of Net Position for fiscal years ended June 30, 2015 and 2014 for SCE.

Management's Discussion and Analysis

For the Year Ended June 30, 2015

Net Position increased in both fiscal years ending June 30, 2015 and 2014. This is due to a combination of bond fees, enrollment changes, federal grant programs and carefully managing operating expenditures in both years 2014 and 2015. Although certain expenditures such as salaries will increase or decrease as the number of classes increase and decrease, other costs remain fixed such as facilities costs resulting in more efficient operations.

Overall, revenues increased by \$126,208 from 2014 to 2015. The most significant changes in revenues are increases of \$28,814 from State Foundation and Poverty Based Assistance funds and increases in Federal Funds totaling \$114,126. Other revenues also increased during the year due primarily to increases in services provided to other schools.

Overall expenses decreased from 2014 to 2015. This is a result of normal annual increases in operating costs, student services, facility operations and supply purchases offset by a decrease in bond fees. Salaries and Fringe Benefits increased \$85,175 due to staff increases and regular annual salary increases. Changes in Net Pension Liability expense is due to recognition of pension liabilities per GASB 68. Purchased services increased by \$73,230 due to pupil instruction and support services, special education services, professional development, administrative services and occupancy costs. Materials and Supplies increased by \$1,817 due to increased purchases of facility supplies. Capital Outlay increased \$11,059 due to purchases of technology and equipment. Depreciation increased \$4,817. Other Expenses decreased \$134,691 due primarily to bond refinancing fees incurred in 2014.

Capital Assets

As of June 30, 2015, SCE had \$2,483,323 invested in land, construction in progress, building, building improvements, technology, software, furniture and equipment, net of depreciation. This is a \$200,524 increase from June 30, 2014.

The following schedule provides a summary of Capital Assets as of June 30, 2015 and 2014 for SCE.

	<u>2015</u>	<u>2014</u>	<u>Change</u>	<u>%</u>

Management's Discussion and Analysis For the Year Ended June 30, 2015

Bond Debt Service

On April 10, 2014 SCE shared in the closing of a multi-school, multi-property bond financing arrangement with the Cleveland Cuyahoga County Port Authority (CCCPA). A portion of the proceeds, along with escrow and reserve deposits from a 2008 bond issue, were deposited into an escrow account with US Bank, National Association for the purpose of advance refunding the prior bonds when they come due. The CCCPA bond refinance allowed SCE to acquire title to the land and building in which it operates, to improve ongoing financial reporting requirements and to complete renovation projects at SCE. SCE provided a mortgage on the land, building and improvements from US Bank, National Association. Financing was achieved through the issuance of a series of bonds maturing annually beginning on January 1, 2015 and continuing until January 1, 2044. Interest, which is paid semi-annually on January 1 and July 1, varies from a rate of 5.00% per annum to 7.75%. The outstanding principal balance, net of unamortized original bond discount, as of June 30, 2015 is \$4,088,076. For more information on debt service see the Notes to the Financial Statements.

Equipment Financing

During fiscal year 2012, SCE entered into a lease agreement with Winthrop Resources Corporation for \$13,770 worth of technology equipment. The lease term is for a total of 48 months, carries an interest rate of 7.38% per annum and will expire in January 2016. During fiscal year 2013, SCE entered into another lease agreement with Winthrop Resources Corporation for \$4,711 worth of technology equipment. The lease term is for a total of 36 months, carries an interest rate of 0.50% per annum and will expire in October 2016. The lease values have been recorded as capital equipment to recognize the assets, and as capital equipment lease payables to recognize the lease debt. The outstanding principal value as of June 30, 2015 on the combined leases payable is \$4,371.

During fiscal year 2014, SCE secured a four year loan with CF Bank to purchase \$77,982 of technology equipment. The loan is for a term of 4 years with interest at 3.99% per annum. In fiscal year 2015, SCE secured a second four year loan with CF Bank to purchase another \$6,197 of technology equipment. The outstanding principal value as of June 30, 2015 on both loans payable is \$52,618.

Net Pension Liabilities

During 2015, SCE adopted GASB Statement 68, "Accounting and Financial Reporting for Pensions—an Amendment of GASB Statement 27," which significantly revises accounting for pension costs and liabilities. For reasons discussed below, many end users of this financial statement will gain a clearer understanding of SCE's actual financial condition by adding deferred inflows related to pension and the net pension liability to the reported net position and subtracting deferred outflows related to pension.

Governmental Accounting Standards Board standards are national and apply to all government financial reports prepared in accordance with generally accepted accounting principles. When accounting for pension costs, GASB 27 focused on a funding approach. This approach limited pension costs to contributions annually required by law, which may or may not be sufficient to fully fund each plan's *net pension liability*. GASB 68 takes an earnings approach to pension accounting; however, the nature of Ohio's statewide pension systems and state law governing

CONSTELLATION SCHOOLS: STOCKYARD COMMUNITY ELEMENTARY

Management's Discussion and Analysis For the Year Ended June 30, 2015

those systems requires additional explanation in order to properly understand the information presented in these statements.

Under the new standards required by GASB 68, the net pension liability equals SCE's proportionate share of each plan's collective:

1. Present value of estimated future pension benefits attributable to active and inactive employees' past service
- 2 Minus plan assets available to pay these benefits

GASB notes that pension obligations, whether funded or unfunded, are part of the "employment exchange" – that is, the employee is trading his or her labor in exchange for wages, benefits, and the promise of a future pension. GASB noted that the unfunded portion of this pension promise is a present obligation of the government, part of a bargained-for benefit to the employee, and should accordingly be reported by the government as a liability since they received the benefit of the exchange. However, SCE is not responsible for certain key factors affecting the balance of this liability. In Ohio, the employee shares the obligation of funding pension benefits with the employer. Both employer and employee contribution rates are capped by State statute. A change in these caps requires action of both Houses of the General Assembly and approval of the Governor. Benefit provisions are also determined by State statute. The employee enters the employment exchange with the knowledge that the employer's promise is limited not by contract but by law. The employer enters the exchange also knowing that there is a specific, legal limit to its contribution to the pension system. In Ohio, there is no legal means to enforce the unfunded liability of the pension system *as against the public employer*. State law operates to mitigate/lessen the moral obligation of the public employer to the employee, because all parties enter the employment exchange with notice as to the law. The pension system is responsible for the administration of the plan.

Most long-term liabilities have set repayment schedules or, in the case of compensated absences (i.e. sick and vacation leave), are satisfied through paid time-off or termination payments. There is no repayment schedule for the net pension liability. As explained above, changes in pension benefits, contribution rates, and return on investments affect the balance of the net pension liability, but are outside the control of the local government. In the event that contributions, investment returns, and other changes are insufficient to keep up with required pension payments, State statute does not assign/identify the responsible party for the unfunded portion. Due to the unique nature of how the net pension liability is satisfied, this liability is separately identified within the long-term liability section of the statement of net position.

In accordance with GASB 68, SCE's statements prepared on an accrual basis of accounting include an annual pension expense for their proportionate share of each plan's *change* in net pension liability not accounted for as deferred inflows/outflows.

As a result of implementing GASB 68, SCE is reporting a net pension liability and deferred inflows/outflows of resources related to pension on the accrual basis of accounting. This implementation also had the effect of restating net position at June 30, 2014, from \$918,574 to (\$1,864,861).

CONSTELLATION SCHOOLS: STOCKYARD COMMUNITY ELEMENTARY

Management's Discussion and Analysis

For the Year Ended June 30, 2015

The information necessary to restate the 2014 beginning balances and the 2014 pension expense amounts for the effects of the initial implementation of GASB 68 is not available. Therefore, 2014 expenses still include pension expense of \$139,706 computed under GASB 27. GASB 27 required recognizing pension expense equal to the contractually required plan contributions. Under GASB 68, pension expense represents additional amounts earned, adjusted by deferred inflows and outflows. The contractually required contribution is no longer a component of pension expense. Under GASB 68, the 2015 statements report pension expense of \$99,284. Consequently, in order to compare 2015 total program expense to 2014, the following adjustments are needed:

Total 2015 program expenses under GASB 68	\$2,619,850
Pension expense under GASB 68	(99,284)
2015 contractually required contribution	<u>148,445</u>
Adjusted 2015 program expenses	2,669,011
Total 2014 program expenses under GASB 27	<u>2,522,106</u>
Increase in program expenses not related pension	<u>\$146,905</u>

Current Financial Issues

Constellation Schools: Stockyard Community Elementary opened in the fall of 2004. The school has grown from 35 students, three teaching staff members and expenses of \$410,613 to a total of 283 students, 28 teaching staff members and expenses of \$2,908,206. SCE exercised its' purchase option and arranged for the sale of the building and land which it leased to The Industrial Development Authority of the County of Pima. Title to the property was transferred to SCE during 2014 as part of the bond refinancing with the CCCPA.

The Board of Directors, school management and school staff continue to work diligently to ensure that SCE maintains the highest level of educational services and financial integrity that we have always provided. Our goal continues to be providing a strong educational product for our students and families and to maintain the reputation we have developed during our previous years.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2015

I. Description of the School and Reporting Entity

Constellation Schools: Stockyard Community Elementary (SCE), is a nonprofit corporation established on October 17, 2001 pursuant to Ohio Revised Code Chapters 3314 and 1702 to maintain and provide a school exclusively for any educational, literary, scientific and related teaching service that qualifies as an exempt organization under §501(c)(3) of the Internal Revenue Code. On May 5, 2003, SCE (as Lorain-Southside Community School) received a determination letter confirming tax-exempt status with the Internal Revenue Service under section 501(c)(3) of the Internal Revenue Code. Management is not aware of any course of action or series of events that have occurred that might adversely affect the tax-exempt status of SCE. SCE, which is part of Ohio's education program, is independent of any school district. SCE may sue and be sued, acquire facilities as needed, and contract for any services necessary for the operation of SCE.

SCE was approved for operation under a contract between the Governing Authority of SCE and the Ohio Department of Education (the Sponsor) for a period of five years commencing July 1, 2002 and terminating on June 30, 2007. On October 16, 2003 SCE entered into a contract with Lucas County Educational Service Center (LCESC) to have LCESC replace the Ohio Department of Education as their sponsor. The contract with LCESC, now known as ESC of Lake Erie West (ESCLEW) has been renewed with a current expiration date of June 30, 2018. Under the terms of the contract ESCLEW will provide sponsorship services for a fee. See Note XV for further discussion of the sponsor services.

SCE entered into an agreement with Constellation Schools (CS) to provide legal, financial, business and educational management services for the fiscal year. See Note XV for further discussion of this management agreement.

SCE operates under a five member Board of Directors. The Board is responsible for carrying out the provisions of the contract, which include, but are not limited to, state mandated provisions regarding student population, curriculum, academic goals, performance standards, admission standards, and qualification of teachers. The Board of Directors controls SCE instructional facility staffed by 28 certificated full time teaching personnel and 7 support staff who provide services to 283 students. During 2015, the board members for SCE also serve as the board for Constellation Schools: Westpark Community Elementary, Puritas Community Elementary and Constellation Schools: Madison Community Elementary.

II. Summary of Significant Accounting Policies

The financial statements of SCE have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental nonprofit organizations. The Governmental Accounting Standards Board (GASB) is the accepted

CONSTELLATION SCHOOLS: STOCKYARD COMMUNITY ELEMENTARY

**- A Community School -
Cuyahoga County, Ohio**

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2015**

standard setting body for establishing governmental accounting and financial reporting principles. The more significant of SCE's accounting policies are described below.

1. Basis of Presentation

Enterprise accounting is used to account for operations that are financed and operated in a manner similar to private business enterprises where the intent is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges or where it has been decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

2. Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment is determined by its measurement focus. Enterprise accounting uses a flow of economic resources measurement focus. With this measurement focus, all assets, deferred outflow of resources and all liabilities and deferred inflows of resources are included on the Statement of Net Position. Operating statements present increases (e.g., revenues) and decreases (e.g., expenses) in net total position.

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. SCE prepares financial statements using the accrual basis of accounting. Revenues resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded when the exchange takes place. Revenues resulting from non-exchange transactions, in which SCE receives value without directly giving equal value in return, such as grants and entitlements, are recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the fiscal year when the resources are required to be used or the fiscal year when the use is first permitted; matching requirements, in which SCE must provide local resources to be used for a specified purpose; and expenditure requirements, in which resources are provided to SCE on a reimbursement basis. Expenses are recognized at the time they are incurred.

3. Change in Accounting Principles

For the fiscal year ended June 30, 2015, SCE has implemented Governmental Accounting Standards Board (GASB) Statement No. 68, *Accounting and Financial Reporting for Pensions—an amendment of GASB Statement No. 27*, GASB Statement No. 69, *Government Combinations and Disposals of Government Operations* and GASB Statement No. 71, *Pension Transition for*

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2015**

Contributions Made Subsequent to the Measurement Date - An Amendment of GASB Statement No. 68.

GASB Statement No. 68 requires recognition of the entire net pension liability and a more comprehensive measure of pension expense for defined benefit pensions and defined contribution pensions provided to the employees of state and local governmental employers through pension plans that are administered through trusts or equivalent arrangements. The implementation of GASB Statement No. 68 resulted in the inclusion of net pension liability and pension expense components on the full-accrual financial statements. See below for the effect on net position as previously reported.

GASB Statement No. 69 addresses accounting and financial reporting for government combinations (including mergers, acquisitions and transfers of operations) and disposals of government operations. The implementation of GASB Statement No. 69 did not have an effect on the financial statements of SCE.

GASB Statement No. 71 amends paragraph 137 of GASB Statement No. 68 to require that, at transition, a government recognize a beginning deferred outflow of resources for its pension contributions, if any, made subsequent to the measurement date of the beginning net pension liability. The provisions of this Statement are required to be applied simultaneously with the provisions of Statement 68. See below for the effect on net position as previously reported.

Net Position Previously Reported as of June 30, 2014	\$918,574
Addition of Net Pension Liability	(2,923,141)
Addition of Deferred Outflow of Resources - Pension	<u>139,706</u>
Restated Net Position at July 1, 2014	<u><u>(\$1,864,861)</u></u>

4. Cash

All monies received by SCE are deposited in demand deposit accounts.

5. Budgetary Process

Pursuant to Ohio Revised Code Chapter 5705.391 SCE prepares and adopts an annual budget which includes estimated revenues and expenditures for the fiscal year and a five year forecast of revenues and expenditures. SCE will from time to time adopt budget revisions as necessary.

6. Due From Other Governments and Accounts Receivable

Monies due SCE for the year ended June 30, 2015 are recorded as Due From Other Governments and as Accounts Receivable. A current asset for the receivable amount is recorded at the time of the event causing the monies to be due.

7. Capital Assets and Depreciation

Capital assets are capitalized at cost and updated for additions and retirements during the year. Donated fixed assets are recorded at their fair market values as of the dates received. All items with a useful life of one year or greater and a value of \$1,000 or more are capitalized. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized.

All capital assets are depreciated except for land and construction in process. Depreciation of buildings, building improvements, computers, technology and furniture and equipment is computed using the straight line method over their estimated useful lives. Improvements to fixed assets are depreciated over the remaining useful lives of the related fixed assets or less. Estimated useful lives are as follows:

Capital Asset Classification	Years
Building	40
Building Improvements	10 to 40
Technology & Software	3 to 5
Furniture and Equipment	10

8. Intergovernmental Revenues

SCE currently participates in the State Foundation Program and the State Poverty Based Assistance Program. Revenues received from these programs are recognized as operating revenues in the accounting period in which all eligibility requirements have been met. SCE also participates in Federal Entitlement Programs, the Federal Lunch Reimbursement Program and various State Grant Programs. State and Federal Grants and Entitlements are recognized as non-operating revenues in the accounting period in which all eligibility requirements have been met. Amounts awarded under the above named programs for the 2015 school year totaled \$3,009,079.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2015

9. Private Grants and Contributions

SCE received grants and contributions from private sources to support the schools programs. Private grants and contributions are recognized as non-operating revenues in the accounting period in which they are received. SCE did not receive any private grants or contributions for the 2015 fiscal year.

10. Compensated Absences

Vacation is taken in a manner which corresponds with the school calendar; therefore, SCE does not accrue vacation time as a liability.

Sick leave benefits are earned at the rate of one and one-quarter day per month and can be accrued up to a maximum of one hundred twenty days. SCE will accept the transfer of sick days from another school district up to the maximum accrual amount. No financial accrual for sick time is made since unused sick time is not paid to employees upon employment termination.

11. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the pension plans and additions to/deductions from their fiduciary net position have been determined on the same basis as they are reported by the pension systems. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. The pension systems report investments at fair value.

12. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from these estimates.

13. Unearned Revenue

Unearned revenue arises when assets are recognized before revenue recognition criteria have been satisfied. The unearned revenue for SCE consists of materials fees received in the current year which pertains to the next school year.

CONSTELLATION SCHOOLS: STOCKYARD COMMUNITY ELEMENTARY

**- A Community School -
Cuyahoga County, Ohio**

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2015**

14. Deferred Inflows of Resources and Deferred Outflows of Resources

A deferred outflow of resources is a consumption of assets by SCE that is applicable to a future reporting period and will not be recognized as an outflow of resources (expense/expenditure) until then.

A deferred inflow of resources is an acquisition of assets by SCE that is applicable to a future reporting period and will not be recognized as an inflow of resources (revenue) until that time.

When utilizing the accrual basis of accounting, unamortized deferred charges on debt refinancing are reported as a deferred outflow of resources. Deferred charges on refunding result from the difference in the carrying value of refunded debt to its reacquisition price. This amount is deferred and amortized over the shorter period of the life of the refunded debt or of the refunding debt.

During 2015, SCE implemented GASB 68 which requires recognition of the entire net pension liability along with a more comprehensive measure of pension activity during the year. The financial statements for 2015 include deferred outflow of resources, deferred inflows or resources, pension expenses and net pension liability

III. Deposits

At fiscal year end June 30, 2015, the carrying amount of SCE's deposits totaled \$973,936 and its bank balance was \$1,016,376. Based on the criteria described in GASB Statement No. 40, "Deposit and Investment Risk Disclosure," as of June 30, 2015, \$766,376, of the bank balance was exposed to custodial risk as discussed below, while \$250,000 was covered by the Federal Depository Insurance Corporation.

Escrow and reserve accounts held in trust on behalf of SCE and the Cleveland Cuyahoga County Port Authority totaled \$1,485,163 at fiscal year end June 30, 2015. The escrow accounts are invested in the US Treasury and are 100% backed by the full faith and credit of the United States government. Reserve accounts are invested in U.S. Bank Open Commercial Paper instruments.

Custodial credit risk is the risk that in the event of bank failure, SCE will not be able to recover the deposits. All deposits are collateralized with eligible securities in amounts equal to at least 105% of the carrying value of the deposits. Such collateral, as permitted by the Ohio Revised Code, is held in single financial institution collateral pools at the Federal Reserve Banks or at member banks of the federal reserve system, in the name of the respective depository bank and pledged as a pool of collateral against all of the public deposits it holds or as specific collateral held at the Federal Reserve Bank in the name of SCE.

VI. Loan Payable

During fiscal year 2014, SCE secured a four year loan with CF Bank to purchase \$77,982 of technology equipment. The loan is for a term of 4 years with interest at 3.99% per annum. Interest and principal are paid monthly with loan maturity occurring on October 15, 2017. Equipment purchased with loan proceeds has been capitalized.

During fiscal year 2015, SCE secured a four year loan with CF Bank to purchase \$6,197 of technology equipment. The loan is for a term of 4 years with interest at 3.99% per annum. Interest and principal are paid monthly with loan maturity occurring on January 15, 2019. Equipment purchased with loan proceeds has been capitalized.

Principal payments during fiscal year 2015 totaled \$19,436 and interest paid totaled \$2,380. Future minimum loan payments for principal and interest under the capital lease are as follows:

Year	CF Bank - 2014			CF Bank 2015

VII. Capital Equipment Lease Payable

During fiscal year 2012, SCE entered into a four year lease for technology equipment. This lease meets the criteria of a capital lease as defined by accounting standards, which defines a capital lease generally as one which transfers the benefits and risks of ownership of the lessee. Assets of technology equipment totaling \$13,770 have been capitalized. This amount represents the actual purchase price of the equipment and is the same as the net present value of the minimum lease payments at the time of acquisition.

On September 30, 2013, SCE entered into a three year lease for technology equipment. This lease meets the criteria of a capital lease as defined by accounting standards, which defines a capital lease generally as one which transfers the benefits and risks of ownership of the lessee. Assets of technology equipment totaling \$4,711 have been capitalized. This amount represents the actual purchase price of the equipment and is the same as the net present value of the minimum lease payments at the time of acquisition.

Principal payments during fiscal year 2015 totaled \$5,238 and interest paid totaled \$329. Future minimum lease payments for principal and interest under both capital leases are as follows:

<u>Year</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2016	\$3,845	\$62	\$3,907
2017	<u>526</u>	<u>1</u>	<u>527</u>
Total	<u>\$4,371</u>	<u>\$63</u>	<u>\$4,434</u>

VIII. School Building Purchase

In order to finance a multi-million dollar expansion project during fiscal year 2008 the building and land located at 3200 West 65th Street in Cleveland was purchased by The Industrial Development Authority of the County of Pima (IDA) on January 23, 2008 as part of a bond financing deal. SCE leased the property from IDA under a capitalized lease arrangement. On April 10, 2014 the bond issue was refinanced and title for the property was turned over to the ownership of SCE (See Note IX). The original purchase price and building improvements under the capitalized lease continue to be recognized as capital assets and are being depreciated over their remaining useful life.

IX. Capital Lease Bond Notes Payable

On April 10, 2014 SCE closed a \$30,790,000 multi-school, multi-property bond financing arrangement with the Cleveland Cuyahoga County Port Authority (CCCPA). Underwriters' discounts totaling \$538,825 and original bond discounts of \$163,934 were deducted from the bond proceeds at issuance. A portion of the proceeds, along with escrow and reserve deposits from a prior bond issue, were deposited into an escrow account with US Bank, National Association for the purpose of advance refunding the prior bonds when they come due (See Note X). In addition, \$4,953,849 of the CCCPA bonds is financing multi-million dollar building acquisition, renovation and expansion projects to meet increasing demand for enrollment for the participating schools.

The properties are managed through annual lease and sub-lease arrangements. SCE and the CCCPA secured mortgages on the land, building and improvements from US Bank, National Association. Financing was achieved through the issuance of a series of bonds maturing annually beginning on January 1, 2015 and continuing until January 1, 2044. Interest, which is paid semi-annually on January 1 and July 1, is at the rate of 5.00% per annum for the bonds maturing between 2015 and 2017 (Series B); 5.75% for the bonds maturing between 2018 and 2024 (Series A); 6.50% for the bonds maturing between 2025 and 2034 (Series A); and 7.75% for the bonds maturing between 2035 and 2044 (Series A). The outstanding principal balance, net of unamortized bond discount, as of June 30, 2015 is \$4,088,076 and interest payable due July 1, 2015 is \$134,049. Interest expense during 2015 totaled \$195,223. Changes in the Capital Lease Bond Notes Payable during the year consist of the following:

	<u>6/30/14</u>	<u>Additions</u>	<u>Reductions</u>	<u>6/30/15</u>	<u>Due In One Year</u>
Series A	\$4,023,720	\$0	\$0	\$4,023,720	\$0
Series B	108,712	0	(23,487)	85,225	41,607
Bond Discount	<u>(21,775)</u>	<u>0</u>	<u>906</u>	<u>(20,869)</u>	<u>0</u>
TOTALS	<u>\$4,110,657</u>	<u>\$0</u>	<u>(\$22,581)</u>	<u>\$4,088,076</u>	<u>\$41,607</u>

These lease obligations meet the criteria of a capital lease as defined by Financial Accounting Standards Board Statement Number 13, "Accounting for Leases" and has been recorded in the financial statements. Land, Building, Other Purchase Costs, and Building Improvements in existence at the date of the bond issuance continue to be recognized as capital assets and are being depreciated over their remaining useful life. SCE's share of bond issuance costs totaling \$195,026 were expensed at the time of the bond issuance. The reacquisition price exceeded the net carrying amount of the 2008 debt by \$342,538. Loss on refinancing is reported as "Unamortized Deferred Charges on Bond Refinancing" and is being amortized through annual charges to interest for the

remaining life of the 2008 bond issue. The original bond discount, which totaled \$22,002 for SCE, is being amortized through annual charges to interest for the remaining life of the 2008 bond issue. As of June 30, 2015 the unamortized balances for the cost to refinance and the bond discount are \$324,882 and \$20,869 respectively. The Bond Indenture requires SCE to meet certain covenants. As of June 30, 2015 SCE is in compliance with those covenants.

As part of the agreements for the leases, monies were deposited into several escrow accounts with US Bank, N.A. Payments for renovation and financing activities have been paid from these accounts through June 30, 2015. Lease payments were made by SCE to cover bond interest and administrative fees and to make deposits into reserve accounts. Funds were deposited from initial bond proceeds into a Debt Service Reserve Account to meet future debt service needs. Lease payments made during 2015 to fund interest, reserves and bond expenses totaled \$324,193.

The balances of escrow and reserve accounts as of June 30, 2015 are as follows:

Project Fund	\$973,128
Bond Debt Service Account	143,236
Expense Fund	14,994
Total Bond Escrow Accounts	<u>\$1,131,358</u>
Debt Service Reserve	\$330,434

X. Refunded Capital Lease Bond Notes Payable

On April 10, 2014 SCE closed a \$30,790,000 multi-school, multi-property bond financing arrangement with the Cleveland Cuyahoga County Port Authority (CCCPA). A portion of the proceeds, \$22,004,213, along with escrow and reserve deposits from a prior bond issue, \$5,245,493, were used to advance refund the entire Constellation Schools Series 2008 Bonds issued by The Industrial Development Authority of the County of Pima (See Note IX). The refunding portion of the issue, along with the escrow and reserve accounts from the 2008 issue, were deposited into an escrow account with US Bank, National Association for the purpose of advance refunding the bonds when they come due.

XI. Risk Management

1. Property and Liability Insurance

SCE is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. For fiscal year 2015, SCE contracted with Traveler's Property Casualty Company of America for property insurance, The Hanover Insurance Company for liability insurance and errors and omissions insurance and Allamerica Financial Benefit Insurance Company for Automobile insurance.

General property and liability is covered at \$10,000,000 single occurrence limit and \$11,000,000 aggregated. Hired and Non-Owned Vehicles are covered at \$1,000,000 combined single limit of liability. Other coverage includes Employee Crime, School Leaders Errors & Omissions, Sexual Abuse and Misconduct, Electronic Data Processing and Business Interruption. Settled claims have not exceeded this coverage in any of the past three years, nor has there been any significant reduction in insurance coverage from the prior year.

2. Workers' Compensation

SCE makes premium payments to the Ohio Worker's Compensation System for employee injury coverage. There have been four claims filed by SCE employees with the Ohio Worker's Compensation System between January 1, 2010 and June 30, 2015. The total payments made for these claims have been \$1,175. In the opinion of management, these claims will not have a material adverse effect on the overall financial position of SCE as June 30, 2015.

3. Employee Medical, Dental, Vision and Life Benefits

SCE provides medical, dental, vision and life insurance benefits to all full time employees. Employees participate in premium payments through pretax payroll deductions. Total insurance benefits paid by SCE for the fiscal year is \$149,282.

XII. Defined Benefit Pension Plans

1. Net Pension Liability

The net pension liability reported on the statement of net position represents a liability to employees for pensions. Pensions are a component of exchange transactions—between an employer and its employees—of salaries and benefits for employee services. Pensions are provided to an employee—on a deferred-payment basis—as part of the total compensation package offered by an employer for employee services each financial period. The obligation to sacrifice resources for pensions is a present obligation because it was created as a result of employment exchanges that already have occurred.

The net pension liability represents SCE's proportionate share of each pension plan's collective actuarial present value of projected benefit payments attributable to past periods of service, net of each pension plan's fiduciary net position. The net pension liability calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting this estimate annually.

CONSTELLATION SCHOOLS: STOCKYARD COMMUNITY ELEMENTARY

**- A Community School -
Cuyahoga County, Ohio**

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2015**

Ohio Revised Code limits SCE's obligation for this liability to annually required payments. SCE cannot control benefit terms or the manner in which pensions are financed; however, SCE does receive the benefit of employees' services in exchange for compensation including pension.

GASB 68 assumes the liability is solely the obligation of the employer, because (1) they benefit from employee services; and (2) State statute requires all funding to come from these employers. All contributions to date have come solely from these employers (which also includes costs paid in the form of withholdings from employees). State statute requires the pension plans to amortize unfunded liabilities within 30 years. If the amortization period exceeds 30 years, each pension plan's board must propose corrective action to the State legislature. Any resulting legislative change to benefits or funding could significantly affect the net pension liability. Resulting adjustments to the net pension liability would be effective when the changes are legally enforceable.

The proportionate share of each plan's unfunded benefits is presented as a long-term *net pension liability* on the accrual basis of accounting. Any liability for the contractually-required pension contribution outstanding at the end of the year is included in *intergovernmental payable* on both the accrual and modified accrual bases of accounting.

2. Plan Description - School Employees Retirement System (SERS)

Plan Description – School non-teaching employees participate in SERS, a cost-sharing multiple-employer defined benefit pension plan administered by SERS. SERS provides retirement, disability and survivor benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Ohio Revised Code Chapter 3309. SERS issues a publicly available, stand-alone financial report that includes financial statements, required supplementary information and detailed information about SERS' fiduciary net position. That report can be obtained by visiting the SERS website at www.ohsers.org under Employers/Audit Resources.

Age and service requirements for retirement are as follows:

	Eligible to Retire on or before August 1, 2017*	Eligible to Retire on or after August 1, 2017*
Full Benefits	Any age with 30 years of service credit	Age 67 with 10 years of service credit; or Age 57 with 30 years of service credit
Actuarially Reduced Benefits	Age 60 with 5 years of service credit Age 55 with 25 years of service credit	Age 62 with 10 years of service credit; or Age 60 with 25 years of service credit

*Members with 25 years of service credit as of August 1, 2017, will be included in this plan.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2015**

Annual retirement benefits are calculated based on final average salary multiplied by a percentage that varies based on year of service; 2.2 percent for the first thirty years of service and 2.5 percent for years of service credit over 30. Final average salary is the average of the highest three years of salary.

One year after an effective benefit date, a benefit recipient is entitled to a three percent cost-of-living adjustment (COLA). This same COLA is added each year to the base benefit amount on the anniversary date of the benefit.

Funding Policy – Plan members are required to contribute 10 percent of their annual covered salary and SCE is required to contribute 14 percent of annual covered payroll. The contribution requirements of plan members and employers are established and may be amended by the SERS' Retirement Board up to statutory maximum amounts of 10 percent for plan members and 14 percent for employers. The Retirement Board, acting with the advice of the actuary, allocates the employer contribution rate among four of the System's funds (Pension Trust Fund, Death Benefit Fund, Medicare B Fund, and Health Care Fund). For the fiscal year ended June 30, 2015, the allocation to pension, death benefits, and Medicare B was 13.18 percent. The remaining 0.82 percent of the 14 percent employer contribution rate was allocated to the Health Care Fund.

SCE's contractually required contribution to SERS was \$22,289 for fiscal year 2015.

3. Plan Description - State Teachers Retirement System (STRS)

Plan Description – School licensed teachers and other faculty members participate in STRS Ohio, a cost-sharing multiple-employer public employee retirement system administered by STRS. STRS provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS issues a stand-alone financial report that includes financial statements, required supplementary information and detailed information about STRS' fiduciary net position. That report can be obtained by writing to STRS, 275 E. Broad St., Columbus, OH 43215-3771, by calling (888) 227-7877, or by visiting the STRS Web site at www.strsoh.org.

New members have a choice of three retirement plans; a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan and a Combined Plan. Benefits are established by Ohio Revised Code Chapter 3307. The DB plan offers an annual retirement allowance based on final average salary multiplied by a percentage that varies based on years of service. Effective August 1, 2015, the calculation will be 2.2 percent of final average salary for the five highest years of earnings multiplied by all years of service. With certain exceptions, the basic benefit is increased each year by two percent of the original base benefit. For members retiring August 1, 2013, or later, the first two percent is paid on the fifth

anniversary of the retirement benefit. Members are eligible to retire at age 60 with five years of qualifying service credit, or age 55 with 25 years of service, or 30 years of service regardless of age. Age and service requirements for retirement will increase effective August 1, 2015, and will continue to increase periodically until they reach age 60 with 35 years of service or age 65 with five years of service on August 1, 2026.

The DC Plan allows members to place all their member contributions and 9.5 percent of the 14 percent employer contributions into an investment account. Investment allocation decisions are determined by the member. The remaining 4.5 percent of the 14 percent employer rate is allocated to the defined benefit unfunded liability. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal.

The Combined Plan offers features of both the DB Plan and the DC Plan. In the Combined Plan, member contributions are allocated among investment choices by the member, and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DB Plan. The defined benefit portion of the Combined Plan payment is payable to a member on or after age 60 with five years of services. The defined contribution portion of the account may be taken as a lump sum payment or converted to a lifetime monthly annuity at age 50.

New members who choose the DC plan or Combined Plan will have another opportunity to reselect a permanent plan during their fifth year of membership. Members may remain in the same plan or transfer to another STRS plan. The optional annuitization of a member's defined contribution account or the defined contribution portion of a member's Combined Plan account to a lifetime benefit results in STRS bearing the risk of investment gain or loss on the account. STRS has therefore included all three plan options as one defined benefit plan for GASB 68 reporting purposes.

A DB or Combined Plan member with five or more years of credited service who is determined to be disabled may qualify for a disability benefit. Eligible survivors of members who die before service retirement may qualify for monthly benefits. New members on or after July 1, 2013, must have at least ten years of qualifying service credit that apply for disability benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member of the DC Plan dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

Funding Policy – Employer and member contribution rates are established by the State Teachers Retirement Board and limited by Chapter 3307 of the Ohio

Revised Code. The statutory maximum employee contribution rate was increased one percent July 1, 2014, and will be increased one percent each year until it reaches 14 percent on July 1, 2016. For the fiscal year ended June 30, 2015, plan members were required to contribute 12 percent of their annual covered salary. SCE was required to contribute 14 percent; the entire 14 percent was the portion used to fund pension obligations. The fiscal year 2015 contribution rates were equal to the statutory maximum rates.

SCE's contractually required contribution to STRS was \$126,156 for fiscal year 2015.

4. Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

The net pension liability was measured as of June 30, 2014, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. SCE's proportion of the net pension liability was based on SCE's share of contributions to the pension plan relative to the contributions of all participating entities. Following is information related to the proportionate share and pension expense:

	<u>STRS</u>	<u>SERS</u>	<u>Total</u>
Proportionate Share of the Net Pension Liability	\$ 2,171,800	\$ 286,045	\$ 2,457,845
Proportion of the Net Pension Liability	0.00892883%	0.00565200%	
Pension Expense	\$ 81,390	\$ 17,894	\$ 99,284

At June 30, 2015, SCE reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>STRS</u>	<u>SERS</u>	<u>Total</u>
Deferred Outflows of Resources			
Differences between expected and actual experience	\$ 20,908	\$ 2,435	\$ 23,343
School contributions subsequent to the measurement date	126,156	22,289	148,445
Total Deferred Outflows of Resources	<u>\$ 147,064</u>	<u>\$ 24,724</u>	<u>\$ 171,788</u>

Deferred Inflows of Resources			
Net difference between projected and actual earnings on pension plan investments	<u>\$ 401,791</u>	<u>\$ 46,426</u>	<u>\$ 448,217</u>

recognized as a reduction of the net pension liability in the fiscal year ending June 30, 2016. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized in pension expense as follows:

	<u>STRS</u>	<u>SERS</u>	<u>Total</u>
Fiscal Year Ending June 30:			
2016	\$ (95,221)	\$ (10,998)	\$ (106,219)

2019	<u>(95,220)</u>	<u>(10,997)</u>	<u>(106,217)</u>
	<u>\$ (380,883)</u>	<u>\$ (43,991)</u>	<u>\$ (424,874)</u>

5. Actuarial Assumptions - SERS

SERS' total pension liability was determined by their actuaries in accordance with GASB Statement No. 67, as part of their annual actuarial valuation for each defined benefit retirement plan. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts (e.g., salaries, credited service) and assumptions about the probability of occurrence of events far into the future (e.g., mortality, disabilities, retirements, employment termination). Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employers and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations.

Actuarial calculations reflect a long-term perspective. For a newly hired employee, actuarial calculations will take into account the employee's entire career with the employer and also take into consideration the benefits, if any, paid to the employee after termination of employment until the death of the employee and any applicable contingent annuitant. In many cases actuarial calculations reflect several decades of service with the employer and the payment of benefits after termination.

Key methods and assumptions used in calculating the total pension liability in the latest actuarial valuation, prepared as of June 30, 2014, are presented below:

**NOTES TO THE FINANCIAL STATEMENTS

Wage Inflation	3.25 percent
Future Salary Increases, including inflation	4.00 percent to 22 percent
COLA or Ad Hoc COLA	3 percent
Investment Rate of Return	7.75 percent net of investments expense, including inflation
Actuarial Cost Method	Entry Age Normal

For post-retirement mortality, the table used in evaluating allowances to be paid is the 1994 Group Annuity Mortality Table set back one year for both men and women. Special mortality tables are used for the period after disability retirement.

The most recent experience study was completed June 30, 2010.

The long-term return expectation for the Pension Plan Investments has been determined using a building-block approach and assumes a time horizon, as defined in SERS' *Statement of Investment Policy*. A forecasted rate of inflation serves as the baseline for the return expectation. Various real return premiums over the baseline inflation rate have been established for each asset class. The long-term expected nominal rate of return has been determined by calculating a weighted averaged of the expected real return premiums for each asset class, adding the projected inflation rate, and adding the expected return from rebalancing uncorrelated asset classes. The target allocation and best estimates of arithmetic real rates of return for each major assets class are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long Term Expected Real Rate of Return</u>
Cash	1.00 %	0.00 %
US Stocks	22.50	5.00
Non-US Stocks	22.50	5.50
Fixed Income	19.00	1.50
Private Equity	10.00	10.00
Real Assets	10.00	5.00
Multi-Asset Strategies	15.00	7.50
 Total	 <u>100.00 %</u>	

Discount Rate The total pension liability was calculated using the discount rate of 7.75 percent. The projection of cash flows used to determine the discount rate assumed the contributions from employers and from the members would be computed based on contribution requirements as stipulated by State statute.

CONSTELLATION SCHOOLS: STOCKYARD COMMUNITY ELEMENTARY

**- A Community School -
Cuyahoga County, Ohio**

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2015**

Projected inflows from investment earning were calculated using the long-term assumed investment rate of return (7.75 percent). Based on those assumptions, the plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefits to determine the total pension liability.

Sensitivity of the School's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate Net pension liability is sensitive to changes in the discount rate, and to illustrate the potential impact the following table presents the net pension liability calculated using the discount rate of 7.75 percent, as well as what each plan's net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.75 percent), or one percentage point higher (8.75 percent) than the current rate.

	1% Decrease <u>(6.75%)</u>	Current Discount Rate <u>(7.75%)</u>	1% Increase <u>(8.75%)</u>
School's proportionate share of the net pension liability	\$ 408,100	\$ 286,045	\$ 183,385

6. Actuarial Assumptions - STRS

The total pension liability in the June 30, 2014, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.75 percent
Projected salary increase	2.75 percent at 70 to 12.25 percent at age 20
Investment Rate of Return	7.75 percent, net of investment expenses
Cost-of-Living Adjustments (COLA)	2 percent simple applied as follows: for members retiring before August 1, 2013, 2 percent per year, for members retiring August 1, 2013, or later, 2 percent COLA paid on fifth anniversary of retirement date

Mortality rates were based on the RP-2000 Combined Mortality Table (Projection 2022—Scale AA) for Males and Females. Males' ages are set-back two years through age 89 and no set-back for age 90 and above. Females younger than age 80 are set back four years, one year set back from age 80 through 89 and not set back from age 90 and above.

Actuarial assumptions used in the June 30, 2014, valuation are based on the results of an actuarial experience study, effective July 1, 2012.

The 10 year expected real rate of return on pension plan investments was determined by STRS' investment consultant by developing best estimates of

CONSTELLATION SCHOOLS: STOCKYARD COMMUNITY ELEMENTARY

**- A Community School -
Cuyahoga County, Ohio**

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2015**

expected future real rates of return for each major asset class. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized as follows:

Asset Class	Target Allocation	Long Term Expected Real Rate of Return
Domestic Equity	31.00 %	8.00 %
International Equity	26.00	7.85
Alternatives	14.00	8.00
Fixed Income	18.00	3.75
Real Estate	10.00	6.75
Liquidity Reserves	1.00	3.00
Total	<u>100.00 %</u>	

Discount Rate The discount rate used to measure the total pension liability was 7.75 percent as of June 30, 2014. The projection of cash flows used to determine the discount rate assumes member and employer contributions will be made at the statutory contribution rates in accordance with rate increases described above. For this purpose, only employer contributions that are intended to fund benefits of current plan members and their beneficiaries are included. Projected employer contributions that are intended to fund the service costs of future plan members and their beneficiaries, as well as projected contributions from future plan members, are not included. Based on those assumptions, STRS' fiduciary net position was projected to be available to make all projected future benefit payments to current plan members as of June 30, 2014. Therefore, the long-term expected rate of return on pension plan investments of 7.75 percent was applied to all periods of projected benefit payment to determine the total pension liability as of June 30, 2014.

Sensitivity of the School's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate The following table presents SCE's proportionate share of the net pension liability calculated using the current period discount rate assumption of 7.75 percent, as well as what SCE's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one-percentage-point lower (6.75 percent) or one-percentage-point higher (8.75 percent) than the current rate:

	1% Decrease (6.75%)	Current Discount Rate (7.75%)	1% Increase (8.75%)
School's proportionate share of the net pension liability	\$ 3,109,169	\$ 2,171,800	\$ 1,379,102

XIII. Post-Employment Benefits

1. School Employees Retirement System

Health Care Plan Description - SCE contributes to the SERS Health Care Fund, administered by SERS for non-certificated retirees and their beneficiaries. For GASB 45 purposes, this plan is considered a cost-sharing, multiple-employer, defined benefit other postemployment benefit (OPEB) plan. The Health Care Plan includes hospitalization and physicians' fees through several types of plans including HMO's, PPO's, Medicare Advantage, and traditional indemnity plans as well as a prescription drug program. The financial report of the Plan is included in the SERS Comprehensive Annual Financial Report which can be obtained on SERS' website at www.ohsers.org under Employers/Audit Resources.

Access to health care for retirees and beneficiaries is permitted in accordance with Section 3309 of the Ohio Revised Code. The Health Care Fund was established and is administered in accordance with Internal Revenue Code Section 105(e). SERS' Retirement Board reserves the right to change or discontinue any health plan or program. Health care is financed through a combination of employer contributions and retiree premiums, copays and deductibles on covered health care expenses, investment returns, and any funds received as a result of SERS' participation in Medicare programs. Active employee members do not contribute to the Health Care Plan. Retirees and their beneficiaries are required to pay a health care premium that varies depending on the plan selected, the number of qualified years of service, Medicare eligibility and retirement status.

Funding Policy - State statute permits SERS to fund the health care benefits through employer contributions. Each year, after the allocation for statutorily required basic benefits, the Retirement Board allocates the remainder of the employer contribution of 14 percent of covered payroll to the Health Care Fund. For fiscal year 2015, 0.82 percent of covered payroll was allocated to health care. In addition, employers pay a surcharge for employees earning less than an actuarially determined minimum compensation amount, pro-rated according to service credit earned. For fiscal year 2015, this amount was \$20,450. Statutes provide that no employer shall pay a health care surcharge greater than 2 percent of that employer's SERS-covered payroll; nor may SERS collect in aggregate more than 1.5 percent of the total statewide SERS-covered payroll for the health care surcharge.

SCE's contributions for health care (including surcharge) for the fiscal years ended June 30, 2015, 2014, and 2013 were \$4,303, \$7,473 and \$2,207, respectively. The full amount has been contributed for fiscal years 2015, 2014 and 2013.

2. State Teachers Retirement System

Plan Description – SCE participates in the cost-sharing multiple-employer defined benefit Health Plan administered by the State Teachers Retirement System of Ohio (STRS) for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS. Ohio law authorizes STRS to offer this plan. Benefits include hospitalization, physicians' fees, prescription drugs and reimbursement of monthly Medicare Part B premiums. The Plan is included in the report of STRS which can be obtained by visiting www.strsoh.org or by calling (888) 227-7877.

Funding Policy – Ohio Revised Code Chapter 3307 authorizes STRS Ohio to offer the Plan and gives the Retirement Board authority over how much, if any, of the health care costs will be absorbed by STRS. Active employee members do not contribute to the Health Care Plan. All benefit recipients, for the most recent year, pay a monthly premium. Under Ohio law, funding for post-employment health care may be deducted from employer contributions. For fiscal year 2015, STRS did not allocate any employer contributions to post-employment health care. SCE's contributions for health care for the fiscal years ended June 30, 2015, 2014, and 2013 were \$0, \$8,903 and \$9,858, respectively. The full amount has been contributed for fiscal years 2015, 2014 and 2013.

XIV. Contingencies

1. Grants

SCE received financial assistance from Federal and State agencies in the form of grants. The disbursement of funds received under these programs requires compliance with terms and conditions, specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of SCE. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of SCE at June 30, 2015.

2. Enrollment FTE

The Ohio Department of Education conducts reviews of enrollment and full-time equivalency (FTE) calculations made by the schools. These reviews are conducted to ensure the schools are reporting accurate student enrollment data to the State, upon which state foundation funding is calculated. The conclusions of this review could result in state funding being adjusted. Adjustments to the state funding received during fiscal year 2015 are immaterial and are not reflected in the 2015 financial statements but will be included in the financial activity for fiscal year 2016.

XV. Sponsorship and Management Agreements

SCE entered into an agreement with the ESC of Lake Erie West, (ESCLEW) formerly Lucas County Educational Service Center, to provide sponsorship and oversight services as required by law. The agreement was renewed at the end of the fiscal year and continues until June 30, 2018. Sponsorship fees are calculated as 2.0% of the Fiscal Year 2015 Foundation payments received by SCE, from the State of Ohio. The total amount due from SCE for fiscal year 2015 was \$46,470, all of which was paid prior to June 30, 2015.

SCE entered into an agreement with Constellation Schools to provide legal, financial, and business management services for fiscal year 2015. The agreement was for a period of one year, effective July 1, 2013. Management fees are calculated as 6.25% of the Fiscal Year 2015 Foundation payment received by SCE from the State of Ohio plus a fixed fee of \$144,375. The total fee cannot exceed twice the fixed fee. The total amount due from SCE for the fiscal year ending June 30, 2015 was \$288,771 all of which was paid prior to June 30, 2015.

XVI. Net Restricted for Debt Purposes

Net restricted for debt purposes represents the combination of Escrow Accounts and Bond Reserve Accounts, net of the outstanding portion of Bonds Payable used to finance these assets. The Project Fund, which is included in Escrow Accounts, is being held for construction purposes and was partially liquidated during the fiscal year. The Bond Debt Service Account and the Expense Fund, which are included in Escrow Accounts, along with the Debt Service Reserve and Operating Reserve Accounts, which are being held for bond financing reserve requirements, will continue to be funded until January 1, 2044.

XVII. Subsequent Events

During the summer of 2015 Constellation Schools embarked on an initiative to provide each student from grades two and up a laptop to be used for educational purposes. A total of 4,080 laptops were acquired through a lease with Winthrop Leasing in partnership with CF Bank. Each school will be charged a lease amount equal to the number of computers provided to their students during the fall of 2015.

Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Constellation Schools: Stockyard Community Elementary, Cuyahoga County, Ohio (the "School") as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the School's basic financial statements, and have issued our report thereon dated November 24, 2015, in which we noted the School restated their June 30, 2014 net position to account for the implementation of Governmental Accounting Standard Board (GASB) Statement No. 68, "*Accounting and Financial Reporting for Pensions – An Amendment of GASB Statement No. 27*", and GASB Statement No. 71, "*Pension Transition for Contributions Made Subsequent to the Measurement Date – An Amendment of GASB Statement No. 68*."

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the School's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control. Accordingly, we do not express an opinion on the effectiveness of the School's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the School's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Independent Auditor's Report on Compliance for Each Major Federal Program and
Report on Internal Control over Compliance Required by OMB Circular A-133**

Report on Compliance for Each Major Federal Program

We have audited the Constellation Schools: Stockyard Community Elementary, Cuyahoga County, Ohio (the "School") compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the School's major federal programs for the year ended June 30, 2015. The School's major federal programs are identified in the summary of auditor's results section of the accompanying *Schedule of Findings and Questioned Costs*.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the School's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the School's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the School's compliance.

Opinion on Each Major Federal Program

In our opinion, the School complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2015.

Report on Internal Control over Compliance

Management of the School is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the School's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the School's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

*Notes to the Schedule of Expenditures of Federal Awards – Cash Basis
For the Fiscal Year Ended June 30, 2015*

- (A) The accompanying schedule of expenditures of federal awards includes the federal grant activity of Constellation Schools: Stockyard Community Elementary and is presented on the cash basis of accounting. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.
- (B) Federal money is commingled with state subsidy reimbursements. It is assumed federal moneys are expended first.
- (C) The Community School generally must spend Federal assistance within 15 months of receipt (funds must be obligated by June 30th and spent by September 30th). However, with ODE’s approval, a school can transfer unspent Federal assistance to the succeeding year, thus allowing the school a total of 27 months to spend the assistance. Schools can document this by using special cost centers for each year’s activity, and transferring the amounts ODE approves between the cost centers. During fiscal year 2015, the Ohio Department of Education (ODE) authorized the following transfers:

CFDA Number / Grant Title	Grant Year	Transfer In	Transfer Out
84.367 Improving Teacher Quality	2015	\$ 390
