## INDEPENDENT AUDITOR'S REPORT

Greenon Local School District  
Clark County  
500 South Xenia Drive  
Enon, Ohio 45323

To the Board of Education:

### ***Report on the Financial Statements***

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Greenon Local School District, Clark County, Ohio (the District), as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for preparing and fairly presenting these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes designing, implementing, and maintaining internal control relevant to preparing and fairly presenting financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to opine on these financial statements based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the District's internal control. Accordingly, we express no opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinions.

**Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Greenon Local School District, Clark County, Ohio, as of June 30, 2015, and the respective changes in financial position thereof and the budgetary comparison for the General fund thereof for the year then ended in accordance with the accounting principles generally accepted in the United States of America.

**Emphasis of Matter**

As discussed in Note 3 to the financial statements, during the year ended June 30, 2015, the District adopted Governmental Accounting Standards Board (GASB) Statement No. 68, *Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27* and also GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date*. We did not modify our opinion regarding this matter.

**Other Matters**

*Required Supplementary Information*

Accounting principles generally accepted in the United States of America require this presentation to include *Management's discussion and analysis* and schedules of net pension liabilities and pension contributions listed in the table of contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, consisting of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, to the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not opine or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to opine or provide any other assurance.

*Supplementary and Other Information*

Our audit was conducted to opine on the District's basic financial statements taken as a whole.

The Schedule of Federal Awards Receipts and Expenditures presents additional analysis as required by the U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations and is also not a required part of the financial statements.

The schedule is management's responsibility, and derives from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. We subjected this schedule to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling the schedule directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves in accordance with auditing standards generally accepted in the United States of America. In our opinion, this schedule is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated March 16, 2016, on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

A handwritten signature in black ink that reads "Dave Yost". The signature is written in a cursive style with a large, looping "Y" and "O".

**GREENON LOCAL SCHOOL DISTRICT  
CLARK COUNTY**

**MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2015  
UNAUDITED  
(Continued)**

The discussion and analysis of the Greenon Local School District's (the "School District") financial performance provides an overall review of the School District's financial activities for the fiscal year ended June 30, 2015. The intent of this discussion and analysis is to look at the School District's financial performance as a whole; readers should also review the basic financial statements and the notes to the basic financial statements to enhance their understanding of the School District's financial performance.

**Financial Highlights**

Key financial highlights for fiscal year 2015 are as follows:

- In total, net position of governmental activities increased \$2,252,487 which represents a 15.52% increase from 2014.
- General revenues accounted for \$15,362,129 in revenue or 80.97% of all revenues. Program specific revenues in the form of charges for services and sales, and operating grants and contributions accounted for \$3,573,754 or 19.03% of total revenues of \$18,781,987.
- The School District had \$16,881,702 in expenses related to governmental activities; \$3,573,754 of these expenses were offset by program specific charges for services, operating and capital grants or contributions. General revenues supporting governmental activities (primarily taxes and unrestricted grants and entitlements) of \$15,362,129 were adequate to provide for these programs.
- The School District's major governmental funds are the general fund and the permanent improvement fund. The general fund had \$15,990,364 in revenues and \$14,018,170 in expenditures. During fiscal year 2015, the general fund's fund balance increased \$1,972,194 from \$1,185,003 to \$3,157,197.
- The permanent improvement fund had \$1,473,996 in revenues and a special item and \$1,384,926 in expenditures and other financing uses. During fiscal year 2015, the permanent improvement fund's fund balance increased \$89,070 from \$1,295,007 to \$1,384,077.

**Using these Basic Financial Statements**

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand the School District as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The *statement of net position* and *statement of activities* provide information about the activities of the whole School District, presenting both an aggregate view of the School District's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the School District's most significant funds with all other nonmajor funds presented in total in one column. In the case of the School District, the general fund and the permanent improvement fund are by far the most significant funds, and the only governmental funds reported as major funds.

**Reporting the School District as a Whole**

***Statement of Net Position and the Statement of Activities***

While this document contains the large number of funds used by the School District to provide programs and activities, the view of the School District as a whole looks at all financial transactions and asks the question, "How did we do financially during 2015?"

**GREENON LOCAL SCHOOL DISTRICT  
CLARK COUNTY**

**MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2015  
UNAUDITED  
(Continued)**

The statement of net position and the statement of activities answer this question. These statements include *all assets, deferred outflows of resources, liabilities, deferred inflows of resources, revenues and expenses* using the *accrual basis of accounting* similar to the accounting used by most private-sector companies. This basis of accounting will take into account all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the School District's *net position* and changes in that position. This change in net position is important because it tells the reader that, for the School District as a whole, the *financial position* of the School District has improved or diminished. The causes of this change may be the result of many factors, some financial, some not. Non-financial factors include the School District's property tax base, current property tax laws in Ohio restricting revenue growth, facility conditions, required educational programs and other factors.

In the statement of net position and the statement of activities, the governmental activities include the School District's programs and services, including instruction, support services, operation and maintenance of plant, pupil transportation, extracurricular activities, and food service operations.

The School District's statement of net position and statement of activities can be found on pages 17-18 of this report.

**Reporting the School District's Most Significant Funds**

***Fund Financial Statements***

The analysis of the School District's major governmental funds begins on page 13. Fund financial reports provide detailed information about the School District's major funds. The School District uses many funds to account for a multitude of financial transactions. However, these fund financial statements focus on the School District's most significant funds. The School District's major governmental funds are the general fund and the permanent improvement fund.

***Governmental Funds***

Most of the School District's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in future periods. These funds are reported using an accounting method called *modified accrual* accounting, which measures cash and all other *financial assets* that can readily be converted to cash. The governmental fund financial statements provide a detailed *short-term* view of the School District's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship (or differences) between governmental *activities* (reported in the statement of net position and the statement of activities) and governmental *funds* is reconciled in the basic financial statements. The basic governmental fund financial statements can be found on pages 19-23 of this report.

***Reporting the School District's Fiduciary Responsibilities***

The School District is the trustee, or fiduciary, for its scholarship programs. This activity is presented as a private-purpose trust fund. The School District also acts in a trustee capacity as an agent for individuals or other entities. These activities are reported in agency funds. All of the School District's fiduciary activities are reported in separate statements of fiduciary net position and changes in fiduciary net position on pages 24 and 25. These activities are excluded from the School District's other financial statements because the assets cannot be utilized by the School District to finance its operations.

**GREENON LOCAL SCHOOL DISTRICT  
CLARK COUNTY**

**MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2015  
UNAUDITED  
(Continued)**

**Notes to the Basic Financial Statements**

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. These notes to the basic financial statements can be found on pages 27-60 of this report.

**Required Supplementary Information**

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the District's net pension liability. The required supplementary information can be found on pages 61 through 68 of this report.

**The School District as a Whole**

Recall that the statement of net position provides the perspective of the School District as a whole.

The table below provides a summary of the School District's net position at June 30, 2015 and June 30, 2014. The net position at June 30, 2014 has been restated as described in Note 3.A.

	<b>Net Position</b>	
	<b>Governmental Activities 2015</b>	<b>Restated Governmental Activities 2014</b>
<b>Assets:</b>		
Current and other assets	\$15,700,422	\$12,730,547
Capital assets, net	6,605,843	6,939,855
Total assets	22,306,265	19,670,402
<b>Deferred Outflows of Resources:</b>		
Pension	1,421,005	1,232,351
Total deferred outflows of resources	1,421,005	1,232,351
<b>Liabilities:</b>		
<b>Current liabilities</b>	1,870,698	1,766,820
<b>Long-term liabilities:</b>		
Due within one year	380,413	306,028
<b>Due in more than one year:</b>		
Net pension liability	20,685,698	24,574,089
Other amounts	789,653	912,430
Total liabilities	23,726,462	27,559,367
<b>Deferred Inflows of Resources:</b>		
Property taxes levied for next year	8,524,339	7,852,922
Pensions	3,733,518	-
Total deferred inflows of resources	12,257,857	7,852,922
<b>Net Position:</b>		
Net investment in capital assets	6,462,494	6,735,310
Restricted	1,604,249	1,471,451
Unrestricted (deficit)	(20,323,792)	(22,716,297)
Total net position (deficit)	(\$12,257,049)	(\$14,509,536)

During 2015, the School District adopted GASB Statement 68, "Accounting and Financial Reporting for Pensions—an Amendment of GASB Statement 27," which significantly revises accounting for pension costs and liabilities. For reasons discussed below, many end users of this financial statement will gain a clearer understanding of the School District's actual financial condition by adding deferred inflows related to pension and the net pension liability to the reported net position and subtracting deferred outflows related to pension.

**GREENON LOCAL SCHOOL DISTRICT  
CLARK COUNTY**

**MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2015  
UNAUDITED  
(Continued)**

Governmental Accounting Standards Board standards are national and apply to all government financial reports prepared in accordance with generally accepted accounting principles. When accounting for pension costs, GASB 27 focused on a funding approach. This approach limited pension costs to contributions annually required by law, which may or may not be sufficient to fully fund each plan's *net pension liability*. GASB 68 takes an earnings approach to pension accounting; however, the nature of Ohio's statewide pension systems and state law governing those systems requires additional explanation in order to properly understand the information presented in these statements.

Under the new standards required by GASB 68, the net pension liability equals the District's proportionate share of each plan's collective:

1. Present value of estimated future pension benefits attributable to active and inactive employees' past service
- 2 Minus plan assets available to pay these benefits

GASB notes that pension obligations, whether funded or unfunded, are part of the "employment exchange" – that is, the employee is trading his or her labor in exchange for wages, benefits, and the promise of a future pension. GASB noted that the unfunded portion of this pension promise is a present obligation of the government, part of a bargained-for benefit to the employee, and should accordingly be reported by the government as a liability since they received the benefit of the exchange. However, the School District is not responsible for certain key factors affecting the balance of this liability. In Ohio, the employee shares the obligation of funding pension benefits with the employer. Both employer and employee contribution rates are capped by State statute. A change in these caps requires action of both Houses of the General Assembly and approval of the Governor. Benefit provisions are also determined by State statute. The employee enters the employment exchange with the knowledge that the employer's promise is limited not by contract but by law. The employer enters the exchange also knowing that there is a specific, legal limit to its contribution to the pension system. In Ohio, there is no legal means to enforce the unfunded liability of the pension system *as against the public employer*. State law operates to mitigate/lessen the moral obligation of the public employer to the employee, because all parties enter the employment exchange with notice as to the law. The pension system is responsible for the administration of the plan.

Most long-term liabilities have set repayment schedules or, in the case of compensated absences (i.e. sick and vacation leave), are satisfied through paid time-off or termination payments. There is no repayment schedule for the net pension liability. As explained above, changes in pension benefits, contribution rates, and return on investments affect the balance of the net pension liability, but are outside the control of the local government. In the event that contributions, investment returns, and other changes are insufficient to keep up with required pension payments, State statute does not assign/identify the responsible party for the unfunded portion. Due to the unique nature of how the net pension liability is satisfied, this liability is separately identified within the long-term liability section of the statement of net position.

In accordance with GASB 68, the School District's statements prepared on an accrual basis of accounting include an annual pension expense for their proportionate share of each plan's *change* in net pension liability not accounted for as deferred inflows/outflows.

As a result of implementing GASB 68, the School District is reporting a net pension liability and deferred inflows/outflows of resources related to pension on the accrual basis of accounting. This implementation also had the effect of restating net position at June 30, 2014, from \$8,832,202 to (\$14,509,536).

Over time, net position can serve as a useful indicator of a government's financial position. At June 30, 2015, the School District's liabilities plus deferred inflows of resources exceeded assets plus deferred outflows by \$12,257,049. Of this total, \$1,604,249 is restricted in use.

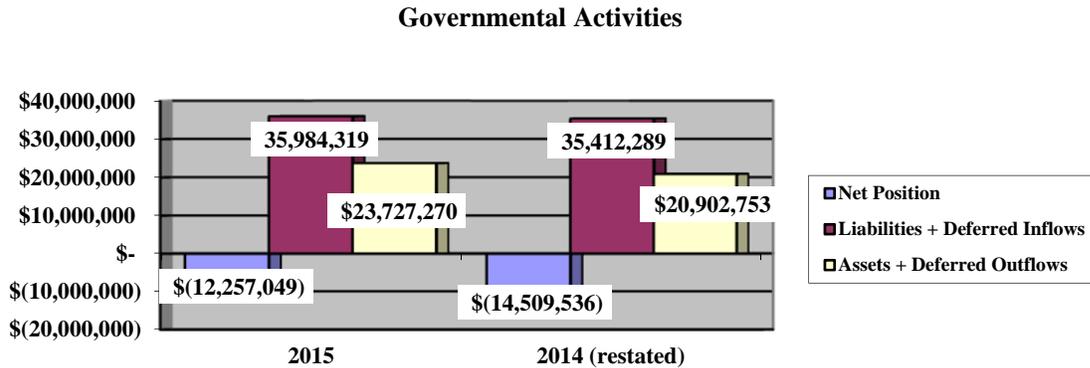

**GREENON LOCAL SCHOOL DISTRICT  
CLARK COUNTY**

**MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2015  
UNAUDITED  
(Continued)**

At year-end, capital assets represented 29.61% of total assets. Capital assets include land, buildings and improvements, furniture and equipment, vehicles and infrastructure. Net investment in capital assets at June 30, 2015, was \$6,462,494. These capital assets are used to provide services to the students and are not available for future spending. Although the School District's investment in capital assets is reported net of related debt, it should be noted that the resources to repay the debt must be provided from other sources, since capital assets may not be used to liquidate these liabilities.

A portion of the School District's net position, \$1,604,249, represents resources that are subject to external restriction on how they may be used. The remaining balance of unrestricted net position is a deficit of \$20,323,792.

The graph below shows the School District's assets, deferred outflows of resources, liabilities, deferred inflows of resources and net position at June 30, 2015 and June 30, 2014. The amounts at June 30, 2014 have been restated as described in Note 3.A.

The table below shows the change in net position for fiscal year 2015 and 2014. The net position at June 30, 2014 has been restated as described in Note 3.A.

<b>Change in Net Position</b>		
	<b>Governmental Activities 2015</b>	<b>Restated Governmental Activities 2014</b>
<b>Revenues:</b>

Net position (deficit) at end of year	<u>(\$12,257,049)</u>	<u>(\$14,509,536)</u>

**Governmental Activities**

The information necessary to restate the 2014 beginning balances and the 2014 pension expense amounts for the effects of the initial implementation of GASB 68 is not available. Therefore, 2014 functional expenses still include pension expense of \$1,232,351 computed under GASB 27. GASB 27 required recognizing pension expense equal to the contractually required contributions to the plan. Under GASB 68, pension expense represents additional amounts earned, adjusted by deferred inflows/outflows. The contractually required contribution is no longer a component of pension expense. Under GASB 68, the 2015 statements report pension expense of \$882,926.

Consequently, in order to compare 2015 total program expenses to 2014, the following adjustments are needed:

**GREENON LOCAL SCHOOL DISTRICT  
CLARK COUNTY**

**MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2015  
UNAUDITED  
(Continued)**

Total 2015 program expenses under GASB 68	\$16,881,702
Pension expense under GASB 68	(882,926)
2015 contractually required contributions	<u>1,226,453</u>
Adjusted 2015 program expenses	17,225,229
Total 2014 program expenses under GASB 27	<u>17,832,958</u>
Decrease in program expenses not related to pension	<u><u>(\$607,729)</u></u>

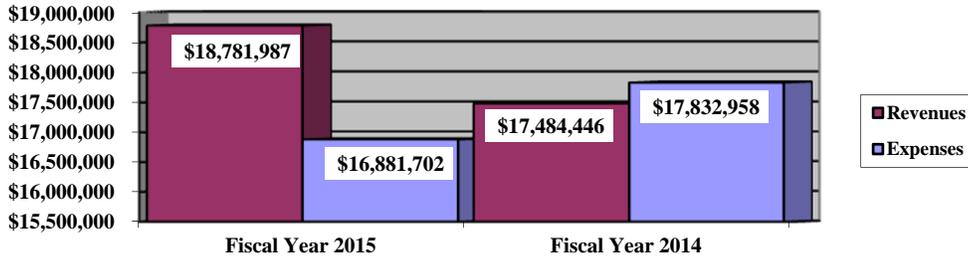

Net position of the School District's governmental activities increased \$2,252,487. Total governmental expenses of \$16,881,702 were offset by program revenues of \$3,573,754 and general revenues of \$15,208,233. Program revenues supported 21.17% of the total governmental expenses.

The primary sources of revenue for governmental activities are derived from property taxes and grants and entitlements. These revenue sources represent 75.51% of total governmental revenue.

The largest expense of the School District is for instructional programs. Instruction expenses totaled \$9,704,489 or 57.49% of total governmental expenses for fiscal year 2015.

The graph below presents the School District's governmental activities revenues and expenses for fiscal year 2015 and 2014.

**Governmental Activities - Revenues and Expenses**

The statement of activities shows the cost of program services and the charges for services and grants offsetting those services. The following table shows, for governmental activities, the total cost of services and the net cost of services. The total cost of services represents the total cost the School District incurred to provide the service and the net cost of services represents the cost of the service after applying specific program revenues attributable to that service.

The dependence upon tax and other general revenues for governmental activities is apparent, 75.01% of instruction activities are supported through taxes and other general revenues. For all governmental activities, general revenue support is 78.83%. The School District's taxpayers and unrestricted grants and entitlements are by far the primary support for School District's students.

The graph below presents the School District's governmental activities revenues for fiscal year 2015 and 2014.

(Continued)**

**The School District's Funds**

The School District's governmental funds reported a combined fund balance of \$4,467,567, which is greater than last year's total of \$2,392,673. The schedule below indicates the fund balance and the total change in fund balance as of June 30, 2015 and June 30, 2014.

	<b>Fund Balance (Deficit) June 30, 2015</b>	<b>Fund Balance (Deficit) June 30, 2014</b>	<b>Change</b>	<b>Percentage Change</b>
General	\$3,157,197	\$1,185,003	\$1,972,194	166.43 %
Permanent Improvement	1,384,077	1,295,007	89,070	6.88 %
Other Governmental	(73,707)	(87,337)	13,630	15.61 %
Total	<u>\$4,467,567</u>	<u>\$2,392,673</u>	<u>\$2,074,894</u>	86.72 %

**General Fund**

The School District's general fund balance increased \$1,972,194.

Revenues of the general fund increased \$1,005,906 or 6.71%. The most significant increase was in the area of taxes which increased \$897,568 or 13.86%. This increase is primarily due to an increase in property taxes received by the District during fiscal year 2015. Other revenues increased \$24,089 due to an increase in revenues from local sources.

Expenditures of the general fund decreased \$1,440,150 or 9.32%. This decrease can be attributed to the District selling Husted Elementary during fiscal year 2015. This resulted in the elimination of expenditures that were associated with the building.

The table that follows assists in illustrating the financial activities of the general fund.

	<b>2015 Amount</b>	<b>2014 Amount</b>	<b>Change</b>	<b>Percentage Change</b>
<b>Revenues:</b>				
Taxes	\$7,373,619	\$6,476,051	\$897,568	13.86 %
Earnings on investments	7,998	7,982	16	0.20 %
Intergovernmental	7,643,900	7,520,697	123,203	1.64 %
Tuition	701,639	740,609	(38,970)	(5.26) %
Other revenues	263,208	239,119	24,089	10.07 %
Total	<u>15,990,364</u>	<u>14,984,458</u>	<u>1,005,906</u>	6.71 %
<b>Expenditures:</b>				
Instruction	8,815,844	9,596,449	(780,605)	(8.13) %
Support services	4,903,599	5,586,090	(682,491)	(12.22) %
Extracurricular activities	298,727	275,781	22,946	8.32 %
Total	<u>\$14,018,170</u>	<u>\$15,458,320</u>	<u>(\$1,440,150)</u>	(9.32) %

**Permanent Improvement Fund**

The permanent improvement fund had \$1,473,996 in revenues and a special item and \$1,384,926 in expenditures and other financing uses. During fiscal year 2015, the permanent improvement fund balance increased \$89,070 from \$1,295,007 to \$1,384,077.

**MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2015  
UNAUDITED  
(Continued)**

***General Fund Budgeting Highlights***

The School District's budget is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The most significant budgeted fund is the general fund.

During the course of fiscal year 2015, the School District did not amend its general fund revenues budget. For the general fund, original and final budgeted revenues and other financing sources were \$15,661,145. Actual revenues and other financing sources for fiscal year 2015 was \$16,098,697. This represents a \$437,552 increase from final budgeted revenues.

General fund original appropriations (appropriated expenditures including other financing uses) totaled \$15,189,959, which were decreased to \$14,488,593 in the final appropriations. The actual budget basis expenditures and other financing uses for fiscal year 2015 totaled \$14,137,954, which was \$350,639 less than the final budget appropriations.

**Capital Assets and Debt Administration**

***Capital Assets***

At the end of fiscal year 2015, the School District had \$6,605,843 invested in land, buildings and improvements, furniture and equipment, vehicles and infrastructure. This entire amount is reported in governmental activities.

The following table shows June 30, 2015 balances compared to June 30, 2014.

<b>Capital Assets at June 30 (Net of Depreciation)</b>		
	<b>Governmental Activities</b>	
	<b>2015</b>	<b>2014</b>
Land	\$84,740	\$84,740
Buildings and improvements	4,391,803	4,675,306
Furniture and equipment	1,064,092	1,024,801
Vehicles	916,364	996,404
Infrastructure	148,844	158,604
Total	<u>\$6,605,843</u>	<u>\$6,939,855</u>

The overall decrease in capital assets of \$334,012 is due to the disposal of Husted Elementary during fiscal year 2015.

See Note 8 to the basic financial statements for additional information on the School District's capital assets.

***Debt Administration***

At June 30, 2015, the School District had \$143,349 in capital leases outstanding. Of this amount, \$41,659 is due within one year and \$101,690 is due in more than one year.

The following table summarizes the debt outstanding.

**GREENON LOCAL SCHOOL DISTRICT  
CLARK COUNTY**

**MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2015  
UNAUDITED  
(Continued)**

<b>Outstanding Debt, at Year End</b>		
	<b>Governmental Activities 2015</b>	<b>Governmental Activities 2014</b>
General obligation bonds		\$21,565
Capital lease obligations	\$143,349	182,980
Total	\$143,349	\$204,545

See Note 13 to the basic financial statements for additional information on the School District's debt administration.

**For the Future**

***Local Funding***

Due to declining enrollment; aged and inadequate facilities; and due to the need to achieve operational efficiencies, the School District was seeking to construct two new facilities in a partnership with the Ohio School Facilities Commission: a PK-6 elementary/primary building, and a 7-12 Jr. High/High School. Had the issue passed, the School District would have been able to consolidate from four existing facilities to two grade level buildings. School District leadership saw this as a strategically sound move that would have put the School District on a firm financial foundation for years to come.

Despite the levy failure, School District Leadership still sees its overall goals described above (addressing declining enrollment; replacing/renovating aged and inadequate facilities; and achieving operational efficiencies) as being relevant and necessary.

In November of 2015, the School District renewed an existing emergency levy of \$500K that passed by a 65/35% margin. This has assisted in stabilizing the District after passing new monies in November of 2014. The District is proud of its community support of our public schools.

The District's Administration is constantly exploring ways to eliminate/reduce future deficits. Greenon has shared services with its Treasurer Position since fiscal year 2012. The District also shares Special Education Supervisor, Psychological Services and most recently mechanical service with Southeastern Local.

***State Funding***

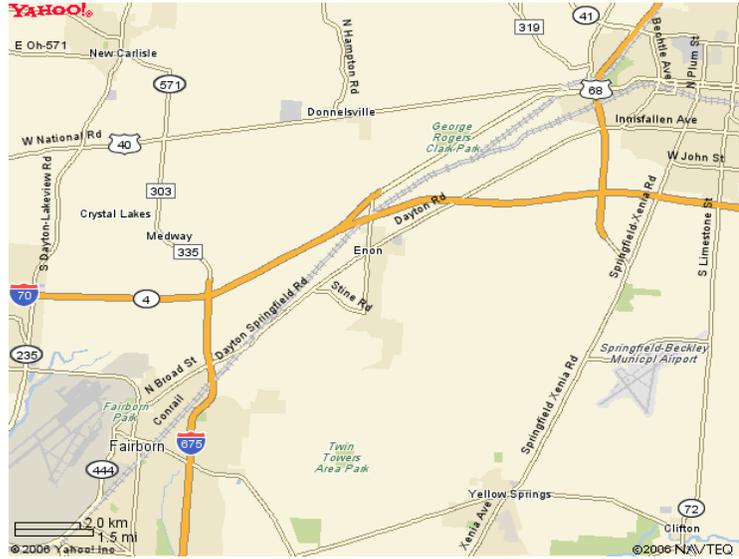

As discussed earlier, declining enrollment has been an impetus to move from four buildings to three. The declining enrollment is also affecting state funding. As it moves forward the next few fiscal years, the School District will be on the state guarantee—that is, due to declining enrollment, each year's state funding will be a guaranteed percentage of the prior year. For this reason, state funding will be at best stagnant, with the potential for a slight decline. Additionally, the School District lost about \$375,000 in Ed Jobs funding after fiscal year 2012. Combined with a loss in tangible personal property reimbursements of about \$475,000 over the 2011 and 2012 fiscal years, the School District faces significant challenges with state funding as it moves forward.

**Contacting the District's Financial Management**

This financial report is designed to provide our citizens, taxpayers, and investors and creditors with a general overview of the School District's finances and to show the District's accountability for the money it receives. If you have questions about this report or need additional financial information contact: Mr. Bradley McKee, Treasurer, Greenon Local School District, 500 South Xenia Drive, Enon, OH 45323.

**RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES  
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS  
TO THE STATEMENT OF ACTIVITIES  
FOR THE FISCAL YEAR ENDED JUNE 30, 2015**

Net change in fund balances - total governmental funds		\$ 2,074,894
<i>Amounts reported for governmental activities in the statement of activities are different because:</i>		
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense.		
Capital asset additions	\$ 313,149	
Current year depreciation	<u>(291,083)</u>	
Total		22,066
The net effect of various miscellaneous transactions involving capital assets (i.e., sales, disposals, trade-ins, and donations) is to decrease net position.		
		(356,078)
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.		
Property taxes	31,452	
Earnings on investments	243	
Intergovernmental	<u>25,326</u>	
Total		57,021
Repayment of bond and capital lease principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities on the statement of net position. Principal payments during the year were:		
Bonds	21,565	
Capital leases	<u>39,631</u>	
Total		61,196
In the statement of activities, interest is accrued on outstanding bonds, whereas in governmental funds, an interest expenditure is reported when due. The following item resulted in less interest being reported in the statement of activities:		
Decrease in accrued interest payable		197
Some expenses reported in the statement of activities, such as compensated absences, do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.		
		49,664
Contractually required pension contributions are reported as expenditures in governmental funds; however, the statement of activities reports these amounts as deferred outflows.		
		1,226,453
Except for amounts reported as deferred inflows/outflows, changes in the net pension liability are reported as pension expense in the statement of activities.		
		<u>(882,926)</u>
Change in net position of governmental activities		<u><u>\$ 2,252,487</u></u>

**GREENON LOCAL SCHOOL DISTRICT  
CLARK COUNTY, OHIO**

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2015**

**1. DESCRIPTION OF THE SCHOOL DISTRICT AND REPORTING ENTITY**

Greenon Local School District (the "School District") is organized under Article VI, Sections 2 and 3 of the Constitution of the State of Ohio. The School District operates under a locally-elected five-member Board form of government and provides educational services as mandated by State statute and federal guidelines. This Board of Education controls the School District's four instructional/support facilities.

The basic financial statements of the School District have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The School District's significant accounting policies are described below.

**A. Reporting Entity**

The reporting entity has been defined in accordance with GASB Statement No. 14, "The Financial Reporting Entity" as amended by GASB Statement No. 39, "Determining Whether Certain Organizations Are Component Units" and GASB Statement No. 61, "The Financial Reporting Entity: Omnibus an amendment of GASB Statements No. 14 and No. 34". The reporting entity is composed of the primary government and component units. The primary government consists of all funds, departments, boards and agencies that are not legally separate from the School District. For the School District, this includes general operations, food service, and student related activities of the School District.

Component units are legally separate organizations for which the School District is financially accountable. The School District is financially accountable for an organization if the School District appoints a voting majority of the organization's Governing Board and (1) the School District is able to significantly influence the programs or services performed or provided by the organization; or (2) the School District is legally entitled to or can otherwise access the organization's resources; or (3) the School District is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or (4) the School District is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the School District in that the School District approves the budget, the issuance of debt or the levying of taxes. Certain organizations are also included as component units if the nature and significance of the relationship between the primary government and the organization is such that exclusion by the primary government would render the primary government's financial statements incomplete or misleading. Based upon the application of these criteria, the School District has no component units. The basic financial statements of the reporting entity include only those of the School District (the primary government).

The School District participates in five jointly governed organizations and two insurance purchasing pools. These organizations are the Miami Valley Educational Computer Association (MVECA), the Southwestern Ohio Educational Purchasing Council (SOEPC), the Southwestern Ohio Instructional Technology Association (SOITA), the Clark County Family and Children First Council (FCF), Springfield/Clark Career Technology Center, the Southwestern Ohio Educational Purchasing Council Workers' Compensation Group Rating Plan (GRP), and the Southwestern Ohio Educational Purchasing Council Medical Benefits Plan, respectively. These organizations are presented in Notes 16 and 17 to the basic financial statements.

CLARK COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2015  
(Continued)**

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**A. Government-wide and Fund Financial Statements**

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government. The effect of interfund activity has been removed from these statements. Governmental activities normally are supported by taxes and intergovernmental revenues.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

**B. Measurement Focus and Financial Statement Presentation**

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the School District considers revenues to be available if they are collected within sixty days of the end of the fiscal period. Expenditures generally are recorded when a liability is expected to be liquidated with expendable, available resources. However compensated absences are recorded only when payment is due.

Property taxes, grants and entitlements, tuition, fees and interest associated with the current fiscal period are all considered to susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered measurable and available only when cash is received by the School District.

**C. Fund Accounting**

The School District uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The School District employs the use of two categories of funds: governmental and fiduciary.

**GREENON LOCAL SCHOOL DISTRICT  
CLARK COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2015  
(Continued)**

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**1. Governmental Funds**

Governmental funds are those through which most governmental functions typically are financed. Governmental funds reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purpose for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets, deferred outflows of resources, liabilities and deferred inflows of resources is reported as fund balance.

The School District reports the following major governmental funds:

The general fund is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The permanent improvement fund is used to account for all transactions related to acquiring, constructing, or improving of such permanent improvements as are authorized by Chapter 5705, Revised Code.

Other governmental funds of the School District are used to account for (a) financial resources that are restricted, committed, or assigned to expenditures for capital outlays including the acquisition or construction of capital facilities and other capital assets, (b) specific revenue sources that are restricted or committed to an expenditure for specified purposes other than debt service or capital projects and (c) financial resources that are restricted, committed, or assigned to expenditures for principal and interest.

**2. Fiduciary Fund**

Fiduciary fund reporting focuses on net position and changes in net position. The School District maintains two fiduciary funds. One is an agency fund known as the student activities fund, which was established to account for revenues generated by student managed activities. The School District's agency fund is custodial in nature (assets equal liabilities) and does not involve the measurement of results of operations. The other is a private purpose trust fund established to provide scholarships to students for higher education.

When both restricted and unrestricted resources are available for use, it is the School District's policy to use the restricted resources first, and then unrestricted resources, as they are needed.

**D. Basis of Accounting**

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting.

**GREENON LOCAL SCHOOL DISTRICT  
CLARK COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2015  
(Continued)**

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**1. Revenues - Exchange and Non-exchange Transactions**

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the School District, available means expected to be received within sixty days of fiscal year end.

Non-exchange transactions, in which the School District receives value without directly giving equal value in return, include property taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied (See Note 6). Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted, matching requirements, in which the School District must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the School District on a reimbursement basis. On a modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at fiscal year-end: property taxes available as an advance, interest, tuition, grants and student fees.

**2. Deferred Outflows of Resources and Deferred Inflows of Resources**

In addition to assets, the government-wide statement of net position will report a separate section for deferred outflows of resources. Deferred outflows of resources, represents a consumption of net position that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until then. For the School District, deferred outflows of resources have been reported for the following two items related the School District's net pension liability: (1) the difference between expected and actual experience of the pension systems, and (2) the School District's contributions to the pension systems subsequent to the measurement date.

In addition to liabilities, both the government-wide statement of net position and the governmental fund financial statements report a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net position that applies to a future period and will not be recognized as an inflow of resources (revenue) until that time. For the School District, deferred inflows of resources include property taxes and unavailable revenue. Property taxes represent amounts for which there is an enforceable legal claim as of June 30, 2015, but which were levied to finance fiscal year 2016 operations. These amounts have been recorded as a deferred inflow of resources on both the government-wide statement of net position and the governmental fund financial statements. Unavailable revenue is reported only on the governmental funds balance sheet, and represents receivables which will not be collected within the available period. For the School District unavailable revenue includes, but is not limited to, delinquent property taxes and intergovernmental grants. These amounts are deferred and recognized as an inflow of resources in the period the amounts become available.

**GREENON LOCAL SCHOOL DISTRICT  
CLARK COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2015  
(Continued)**

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

The School District also reports a deferred inflow of resources for the net difference between projected and actual earnings on pension plan investments related to the School District's net pension liability. This deferred inflow of resources is only reported on the government-wide statement of net position.

**3. Expenses/Expenditures**

On the accrual basis of accounting, expenses are recognized at the time they are incurred. The entitlement value of donated commodities used during the year is reported in the statement of revenues, expenditures and changes in fund balances as an expenditure with a like amount reported as intergovernmental revenue. Unused donated commodities are reported as inter-governmental revenue.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

**E. Budgetary Process**

The budgetary process is prescribed by provisions of the Ohio Revised Code and entails the preparation of budgetary documents within an established timetable. The major documents prepared are the tax budget, the certificate of estimated resources, and the appropriation resolution, all of which are prepared on the budgetary basis of accounting. The certificate of estimated resources and the appropriation resolution are subject to amendment throughout the year with the legal restriction that appropriations cannot exceed estimated resources, as certified.

All funds, other than the agency fund, are legally required to be budgeted and appropriated. The legal level of budgetary control is at the object level for the General Fund and the fund level for all other funds. The Treasurer has been given the authority to further allocate the Board's appropriations. Any budgetary modifications at the legal level may only be made by resolution of the Board of Education.

**1. Tax Budget:**

Prior to January 15, the Superintendent and Treasurer submit to the Board of Education a proposed operating budget for the fiscal year commencing the following July 1. The budget includes proposed expenditures and the means of financing for all funds. Public hearings are publicized and conducted to obtain taxpayers' comments. The express purpose of this budget document is to reflect the need for existing or increased tax rates. By no later than January 20, the Board-adopted budget is filed with the County Budget Commission for rate determination.

**GREENON LOCAL SCHOOL DISTRICT  
CLARK COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2015  
(Continued)**

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**2. Estimated Resources:**

Prior to April 1, the Board of Education accepts, by formal resolution, the tax rates as determined by the County Budget Commission and receives the Commission's certificate of estimated resources which states the projected revenue of each fund. Prior to June 30, the School District must revise its budget so that total contemplated expenditures from any fund during the ensuing year will not exceed the amount stated in the certificate of estimated resources. The revised budget then serves as the basis for the appropriation measure. On or about July 1, the certificate is amended to include any unencumbered cash balances from the preceding year. The certificate may be further amended during the year if projected increases or decreases in revenue are identified by the School District Treasurer. The amounts reported in the budgetary statements reflect the amounts in the amended certificate in effect at the time the final appropriations were passed by the Board of Education.

**3. Appropriations:**

Upon receipt from the County Auditor of an amended certificate of estimated resources based on final assessed values and tax rates or a certificate saying no new certificate is necessary, the annual appropriation resolution is legally enacted by the Board of Education at the object expenditure level in the General fund and fund level of expenditures for all other funds, which is the legal level of budgetary control. Prior to the passage of the annual appropriation measure, the Board may pass a temporary appropriation measure to meet the ordinary expenses of the School District. Budgetary controls require that the appropriation resolution, by fund, be within the estimated resources as certified by the County Budget Commission and the total of expenditures and encumbrances may not exceed the appropriation totals at the legal level of control. The Board may pass supplemental fund appropriations so long as the total appropriations by fund do not exceed the amounts set forth in the most recent certificate of estimated resources. During the year, supplemental appropriations were legally enacted; however, these amendments were not significant.

The budgetary figures which appear in the "statement of revenues, expenditures, and changes in fund balance - budget and actual (non-GAAP budgetary basis) - general fund" are provided on the budgetary basis to provide a comparison of actual results with the final budget, including all amendments and modifications. Budget figures appearing in the statement of budgetary comparisons are based upon the following:

Initial Budget is the legally adopted amount of appropriation originally passed by School District Board through the original appropriation resolution.

Final Budget represents the final appropriation amounts, including all amendments and modifications.

**4. Encumbrances:**

As part of formal budgetary control, purchase orders, contracts and other commitments for the expenditure of monies are recorded as the equivalent of expenditures on the non-GAAP budgetary basis in order to reserve that portion of the applicable appropriation and to determine and maintain legal compliance. On the GAAP basis, encumbrances outstanding at fiscal year-end are reported as assigned fund balance in the general fund and within the other funds respective fund balance classifications.

**GREENON LOCAL SCHOOL DISTRICT  
CLARK COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2015  
(Continued)**

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**5. Lapsing of Appropriations:**

At the close of each fiscal year, the unencumbered balance of each appropriation reverts to the respective fund from which it was appropriated and becomes subject to future appropriation. Encumbered appropriations are carried forward to the succeeding fiscal year and are not re-appropriated.

**F. Cash and Investments**

To improve cash management, all cash received by the School District is pooled. Monies for all funds are maintained in this pool. Individual fund integrity is maintained through School District records. Each fund's interest in the pool is presented as "equity in pooled cash and investments" on the statement of net position and governmental fund balance sheet.

The School District has segregated bank accounts for monies held separate from the School District's central bank account. These interest bearing depository accounts are presented on the statement of net position and governmental fund balance sheet as "cash in segregated accounts" since they are not required to be deposited into the School District treasury.

During fiscal year 2015, the School District investments were limited to Federal Home Loan Bank (FHLB) securities, Federal Home Loan Mortgage Corporation (FHLMC) securities, Federal National Mortgage Association (FNMA) securities, US Treasury Notes, and a US Government money market. Except for nonparticipating investment contracts, investments are reported at fair value, which is based on quoted market prices.

The School District Treasurer has determined the funds to receive an allocation of interest earnings. Interest revenue credited to the general fund during fiscal year 2015 amounted to \$7,998, which includes \$2,222 assigned from other School District funds. The permanent improvement capital projects, and special trust and Myers trust special revenue funds also received interest of \$2,466 and \$29, respectively.

**G. Inventory**

Inventories are stated at cost, which is determined on a first-in, first-out basis. Inventory consists of expendable supplies held for consumption. The costs of inventory items are recorded as expenditures when purchased.

On the fund financial statements, reported materials and supplies inventory is equally offset by a nonspendable fund balance in the governmental funds which indicates that it does not constitute available spendable resources even though it is a component of net position.

**H. Prepayments**

Certain payments to vendors reflect the costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements. These items are reported as assets on the balance sheet using the consumption method. A current asset for the prepaid amounts is recorded at the time of the purchase and the expenditure/expense is reported in the year in which services are consumed. At fiscal year-end, because prepayments are not available to finance future governmental fund expenditures, a nonspendable fund balance is recorded by an amount equal to the carrying value of the asset on the fund financial statements.

**GREENON LOCAL SCHOOL DISTRICT  
CLARK COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2015  
(Continued)**

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**I. Capital Assets and Depreciation**

Capital assets, which include land, buildings and improvements, furniture and equipment, vehicles, and infrastructure are reported on the government-wide financial statements. Capital assets are defined by the School District as assets with an initial, individual cost of more than \$2,500 (amount not rounded) and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if actual amounts were not available. Donated capital assets are recorded at an estimated fair market value at the date of donation. The School District reviewed possible infrastructure assets (roads, bridges, culverts, etc.), which could be required to be capitalized. The School District reports the waste water treatment plant as infrastructure.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Capital assets of the primary government are depreciated using the straight line method over the following estimated useful lives:

<b>Assets</b>	<b>Years</b>
Buildings and Improvements	50
Vehicles, Furniture and Equipment	5-20
Infrastructure	25

**J. Compensated Absences**

Vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable that the School District will compensate the employees for the benefits through paid time off or some other means. The School District records a liability for accumulated unused vacation time when earned for all employees with more than one year of service.

Sick leave benefits are accrued as a liability using the vesting method. The liability includes the employees who are currently eligible to receive termination benefits and those the School District has identified as probable of receiving payment in the future. The amount is based on accumulated sick leave and employees' wage rates at fiscal year-end, taking into consideration any limits specified in the School District's termination policy. The School District records a liability for accumulated unused sick leave for all employees after ten years of current service with the School District.

For governmental funds, the current portion of unpaid compensated absences is the amount normally due for payment during the current year. Matured leave payable in the fund financial statements represents the entire current portion. These amounts are reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements. The entire liability is reported on the government-wide statement of net position.

**K. Accrued Liabilities and Long-Term Obligations**

All payables, accrued liabilities and long-term obligations are reported on the government-wide financial statements.

**GREENON LOCAL SCHOOL DISTRICT  
CLARK COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2015  
(Continued)**

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

In general, governmental fund payables and accrued liabilities are reported on the governmental fund financial statement as an obligation when they will be liquidated with current resources. However, general obligation bonds, capital lease obligation, compensated absences and special termination benefits that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they will be paid with current available expendable financial resources. Payments made more than sixty days after year-end are considered not to have used current available financial resources.

**L. Interfund Balances**

On fund financial statements, receivables and payables resulting from short-term interfund loans are classified as "interfund loans receivable/payable". These amounts are eliminated in the governmental type activities columns of the statement of net position.

**M. Interfund Transactions**

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures in the purchase funds. Flows of cash or goods from one fund to another without requirement for repayment are reported as interfund transfers. Repayments from funds responsible for particular expenditures to the funds that initially paid for them are not presented on the financial statements.

**N. Net Position**

Net position represents the difference between assets and deferred outflows and liabilities and deferred inflows. The net position component "net investment in capital assets," consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction or improvement of those assets or related debt also should be included in this component of net position. Net position is reported as restricted when there are limitations imposed on its use either through the enabling legislation adopted by the District or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. The amount restricted for other purposes represents amount restricted for the latchkey fund a nonmajor governmental fund.

The District applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

**O. Fund Balance**

Fund balance is divided into five classifications based primarily on the extent to which the School District is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

**Non-spendable** - The non-spendable fund balance classification includes amounts that cannot be spent because they are not in spendable form or legally required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash. It also includes the long-term amount of loans receivable.

**GREENON LOCAL SCHOOL DISTRICT  
CLARK COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2015  
(Continued)**

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**Restricted** - Fund balance is reported as restricted when constraints are placed on the use of resources that are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments, or imposed by law through constitutional provisions or enabling legislation.

**Committed** - The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by a formal action (resolution) of the School District Board of Education (the highest level of decision making authority). Those committed amounts cannot be used for any other purpose unless the School District Board of Education removes or changes the specified use by taking the same type of action (resolution) it employed to previously commit those amounts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

**Assigned** - Amounts in the assigned fund balance classification are intended to be used by the School District for specific purposes, but do not meet the criteria to be classified as restricted nor committed. In governmental funds other than the general fund, assigned fund balance represents the remaining amount that is not restricted or committed. In the general fund, assigned amounts represent intended uses established by policies of the School District Board of Education, which includes giving the Treasurer the authority to constrain monies for intended purposes.

**Unassigned** - Unassigned fund balance is the residual classification for the general fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is only used to report a deficit fund balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned.

The School District applies restricted resources first when expenditures are incurred for purposes for which restricted and unrestricted (committed, assigned, and unassigned) fund balance is available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

**P. Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

**Q. Pensions**

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the pension plans and additions to/deductions from their fiduciary net position have been determined on the same basis as they are reported by the pension systems. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. The pension systems report investments at fair value.

**GREENON LOCAL SCHOOL DISTRICT  
CLARK COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2015  
(Continued)**

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**R. Extraordinary and Special Items**

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of the Board of Education and that are either unusual in nature or infrequent in occurrence. During fiscal year 2015, the District reported a special item of \$475,520 on fund financial statements and \$198,306 on the statement of activities due to the sale of Husted Elementary.

**3. ACCOUNTABILITY AND COMPLIANCE**

**A. Change in Accounting Principles/Restatement of Net Position**

For fiscal year 2015, the School District has implemented GASB Statement No. 68, "Accounting and Financial Reporting for Pensions - an Amendment of GASB Statement No. 27", GASB Statement No. 69 "Government Combinations and Disposals of Government Operations", and GASB Statement No. 71, "Pension Transition for Contributions Made Subsequent to the Measurement Date - an Amendment of GASB Statement No. 68".

GASB Statement No. 69 establishes accounting and financial reporting standards related to government combinations and disposals of government operations. The Statement improves the decision usefulness of financial reporting by requiring that disclosures be made by governments about combination arrangements in which they engage and for disposals of government operations. The implementation of GASB Statement No. 69 did not have an effect on the financial statements of the School District.

GASB Statement No. 68 improves the accounting and financial reporting by state and local governments for pensions. It also improves information provided by state and local governmental employers about financial support for pensions that is provided by other entities. GASB 68 established standards for measuring and recognizing pension liabilities, deferred outflows of resources deferred inflows of resources and expense/expenditure. The implementation of GASB Statement No. 68 affected the School District's pension plan disclosures, as presented in Note 10 to the financial statements, and added required supplementary information which is presented on pages 65 – 71.

GASB Statement No. 71 improves the accounting and financial reporting by addressing an issue in GASB Statement No. 68, concerning transition provisions related to certain pension contributions made to defined benefit pension plans prior to implementation of that Statement by employers and non-employer contributing entities.

A net position restatement is required in order to implement GASB Statement No. 68 and 71. The governmental activities at July 1, 2014 have been restated as follows:

	<b>Governmental Activities</b>
Net position as previously reported	\$8,832,202
Deferred outflows - payments	
subsequent to measurement date	1,232,351
Net pension liability	(24,574,089)
Restated net position at July 1, 2014	(\$14,509,536)

**GREENON LOCAL SCHOOL DISTRICT  
CLARK COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2015  
(Continued)**

**3. ACCOUNTABILITY AND COMPLIANCE (Continued)**

Other than employer contributions subsequent to the measurement date, the School District made no restatement for deferred inflows/outflows of resources as the information needed to generate these restatements was not available. The restatement had no effect on fund balances.

**B. Deficit Fund Balances**

Fund balances at June 30, 2015 included the following individual fund deficits:

<u>Non-major funds</u>	<u>Deficit</u>
Food Service	\$169,958
IDEA, Part B	26,828
Title I, Disadvantaged Children	24,484

The general fund is liable for any deficit in these funds and provides transfers when cash is required, not when accruals occur. The deficit fund balances resulted from adjustments for accrued liabilities.

**4. DEPOSITS AND INVESTMENTS**

State statutes classify monies held by the School District into three categories.

Active deposits are public deposits necessary to meet current demands on the treasury. Such monies must be maintained either as cash in the School District treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that the Board of Education has identified as not required for use within the current five year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use, but which will be needed before the end of the current period of designation of depositories.

Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts including passbook accounts.

Interim monies may be deposited or invested in the following securities:

1. United States Treasury Notes, Bills, Bonds, or any other obligation or security issued by the United States Treasury or any other obligation guaranteed as to principal and interest by the United States;
2. Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality, including, but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;

**GREENON LOCAL SCHOOL DISTRICT  
CLARK COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2015  
(Continued)**

**4. DEPOSITS AND INVESTMENTS (Continued)**

3. Written repurchase agreements in the securities listed above provided that the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and that the term of the agreement must not exceed thirty days;
4. Bonds and other obligations of the State of Ohio;
5. No-load money market mutual funds consisting exclusively of obligations described in items (1) and (2) above and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
6. The State Treasurer's investment pool (STAR Ohio);
7. Certain banker's acceptance and commercial paper notes for a period not to exceed one-hundred-eighty days from the purchase date in an amount not to exceed twenty-five percent of the interim monies available for investment at any one time; and,
8. Under limited circumstances, corporate debt interests rated in either of the two highest classifications by at least two nationally recognized rating agencies.

Protection of the School District's deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, by surety company bonds deposited with the Treasurer by the financial institution or by a single collateral pool established by the financial institution to secure the repayment of all public monies deposited with the institution.

Investments in stripped principal or interest obligations, reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. An investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the School District, and must be purchased with the expectation that it will be held to maturity. Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the Treasurer or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

**A. Deposits with Financial Institutions**

At June 30, 2015, the carrying amount of all School District deposits was \$5,086,174. The District also has \$220 in a segregated account. Based on the criteria described in GASB Statement No. 40, "Deposits and Investment Risk Disclosures", as of June 30, 2015, \$283,131 of the School District's bank balance of \$5,162,251 was exposed to custodial credit risk as discussed below, while \$4,879,120 was covered by the FDIC.

**GREENON LOCAL SCHOOL DISTRICT  
CLARK COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2015  
(Continued)**

**4. DEPOSITS AND INVESTMENTS (Continued)**

Custodial credit risk is the risk that, in the event of bank failure, the School District's deposits may not be returned. All deposits are collateralized with eligible securities in amounts equal to at least 105% of the carrying value of the deposits. Such collateral, as permitted by the Ohio Revised Code, is held in single financial institution collateral pools at Federal Reserve Banks, or at member banks of the federal reserve system, in the name of the respective depository bank and pledged as a pool of collateral against all of the public deposits it holds or as specific collateral held at the Federal Reserve Bank in the name of the School District. The School District has no deposit policy for custodial credit risk beyond the requirements of State statute. Although the securities were held by the pledging institutions' trust department and all statutory requirements for the deposit of money had been followed, noncompliance with federal requirements could potentially subject the School District to a successful claim by the FDIC.

**B. Investments**

As of June 30, 2015, the School District had the following investments and maturities:

<u>Investment type</u>	<u>Fair Value</u>	<u>Invest Maturities</u>			
		<u>6 months or less</u>	<u>7 to 12 months</u>	<u>19 to 24 months</u>	<u>Greater than 24 months</u>
FHLB	\$89,685				\$89,685
FHLMC	570,216	\$54,982		\$114,844	400,390
FNMA	314,183		\$80,111		234,072
US Treasury Note	145,068	145,068			
US Government money market	5,047	5,047			
<b>Total</b>	<u>\$1,124,199</u>	<u>\$205,097</u>	<u>\$80,111</u>	<u>\$114,844</u>	<u>\$724,147</u>

The weighted average of maturity of investments is 2.12 years.

**Interest Rate Risk:** As a means of limiting its exposure to fair value losses arising from rising interest rates and according to State law, the School District's investment policy limits investment portfolio maturities to five years or less.

**Credit Risk:** The School District's investments in federal agency securities and US Treasury Note were rated AA+ and Aaa by Standard & Poor's and Moody's Investor Services, respectively. Standard & Poor's has assigned the US Government money market an AAAM money market rating. The School District has no policy dealing with credit risk beyond the requirements of State statute.

**Custodial Credit Risk:** For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the School District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The federal agency securities are exposed to custodial credit risk in that they are uninsured, unregistered and led by the counterparty's trust department or agent, but not in the School District's name. The School District has no investment policy dealing with investment custodial risk beyond the requirement in State statute that prohibits payment for investments prior to the delivery of the securities representing such investments to the Treasurer or qualified trustee.

**Concentration of Credit Risk:** The School District places no limit on the amount that may be invested in any one issuer. The following table includes the percentage of each investment type held by the School District at June 30, 2015:

**GREENON LOCAL SCHOOL DISTRICT  
CLARK COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2015  
(Continued)**

**4. DEPOSITS AND INVESTMENTS (Continued)**

<u>Investment type</u>	<u>Fair Value</u>	<u>% of total</u>
FHLB	\$89,685	7.98
FHLMC	570,216	50.72
FNMA	314,183	27.95
US Treasury Note	145,068	12.90
US Government money market	5,047	0.45
Total	<u>\$1,124,199</u>	<u>100.00</u>

**C. Reconciliation of Cash and Investments to the Statement of Net Position**

The following is a reconciliation of cash and investments as reported in the note above to cash and investments as reported on the statement of net position as of June 30, 2015:

<u>Cash and investments per note disclosure</u>	
Carrying amount of deposits	\$5,086,174
Cash in segregated accounts	220
Investments	1,124,199
Total	<u>\$6,210,593</u>

<u>Cash and investments per statement of net position</u>	
Governmental activities including segregated	\$6,130,323
Private-purpose trust funds	21,409
Agency funds	58,861
Total	<u>\$6,210,593</u>

**5. INTERFUND TRANSACTIONS**

- A.** Interfund loans receivable/payable consisted of the following at June 30, 2015, as reported on the fund statement:

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>
General fund	Non-major governmental fund	<u>\$105,118</u>

The primary purpose of the interfund balances is to cover costs in specific funds where revenues were not received by June 30. These interfund balances will be repaid once the anticipated revenues are received.

Interfund balances between governmental funds are eliminated on the government-wide statement of net position.

- B.** Interfund transfers for the year ended June 30, 2015, consisted of the following, as reported on the fund financial statements:

<u>Transfer from permanent improvement fund to:</u>	<u>Amount</u>
Non-major governmental funds	<u>\$10,903</u>

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, and (2) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

**GREENON LOCAL SCHOOL DISTRICT  
CLARK COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2015  
(Continued)**

**5. INTERFUND TRANSACTIONS (Continued)**

Funds were moved from the permanent improvement fund to the debt service fund (a nonmajor governmental fund) to pay debt during fiscal year 2015.

Interfund transfers between governmental funds are eliminated on the government-wide financial statements; therefore, no transfers are reported in the statement of activities.

All transfers were made in compliance with Ohio Revised Code Sections 5705.14, 5705.15 and 5705.16.

**6. PROPERTY TAXES**

Property taxes are levied and assessed on a calendar year basis while the School District fiscal year runs from July through June. First half tax collections are received by the School District in the second half of the fiscal year. Second half tax distributions occur in the first half of the following fiscal year.

Property taxes include amounts levied against all real property and public utility property. Real property tax revenues received in calendar year 2015 represent the collection of calendar year 2014 taxes. Real property taxes received in calendar year 2015 were levied after April 1, 2014, on the assessed values as of January 1, 2014, the lien date. Assessed values for real property taxes are established by State statute at 35 percent of appraised market value. Real property taxes are payable annually or semiannually. If paid annually, payment is due December 31; if paid semiannually, the first payment is due December 31, with the remainder payable by June 20. Under certain circumstances, State statute permits alternate payment dates to be established. Public utility property tax revenues received in calendar year 2015 represent the collection of calendar year 2014 taxes. Public utility real and personal property taxes received in calendar year 2015 became a lien on December 31, 2013, were levied after April 1, 2014, and are collected with real property taxes. Public utility real property is assessed at 35 percent of true value; public utility tangible personal property is currently assessed at varying percentages of true value.

The School District receives property taxes from Clark County. The County Auditor periodically advances to the School District its portion of the taxes collected. Second-half real property tax payments collected by the County by June 30, 2015, are available to finance fiscal year 2015 operations. The amount available as an advance at June 30, 2015 was \$280,787 in the general fund and \$707 in the permanent improvement fund. This amount is recorded as revenue. The amount available for advance at June 30, 2014 was \$412,647 in the general fund and \$12,393 in the permanent improvement fund. The amount of second-half real property taxes available for advance at fiscal year-end can vary based on the date the tax bills are sent.

Accrued property taxes receivable includes real property, public utility property and delinquent tangible personal property taxes which are measurable as of June 30, 2015 and for which there is an enforceable legal claim. Although total property tax collections for the next fiscal year are measurable, only the amount of real property taxes available as an advance at June 30 was levied to finance current fiscal year operations and is reported as revenue at fiscal year-end. The portion of the receivable not levied to finance current fiscal year operations is offset by a credit to deferred inflows.

On the accrual basis of accounting, collectible delinquent property taxes have been recorded as a receivable and revenue, while on a modified accrual basis of accounting the revenue has been reported as a deferred inflow.

**GREENON LOCAL SCHOOL DISTRICT  
CLARK COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2015  
(Continued)**

**6. PROPERTY TAXES (Continued)**

The assessed values upon which the fiscal year 2015 taxes were collected are:

	<b>2014 Second Half Collections</b>		<b>2015 First Half Collections</b>	
	<b>Amount</b>	<b>Percent</b>	<b>Amount</b>	<b>Percent</b>
Agricultural/residential and other real estate	\$244,376,010	96.10	\$248,518,600	96.05
Public utility personal	9,923,880	3.90	10,214,830	3.95
<b>Total</b>	<b>\$254,299,890</b>	<b>100.00</b>	<b>\$258,733,430</b>	<b>100.00</b>
Tax rate per \$1,000 of assessed valuation				
General	\$35.30		\$43.25	
Permanent Improvement	3.00		3.20	

**7. RECEIVABLES**

Receivables at June 30, 2015, consisted of taxes, accounts, accrued interest and intergovernmental grants. All receivables are considered collectible in full. A summary of the principal items of intergovernmental receivables follows:

	<b>Amount</b>
<b>Intergovernmental receivables:</b>	
<b>General fund:</b>	
SERS refund	\$87,522
Foundation adjustment	74,472
<b>Non-major governmental funds:</b>	
Race to the top	12,132
Title I	42,401
Title VI-B IDEA	49,384
Improving Teacher Quality	3,600
Total intergovernmental receivables	269,511
Property Taxes	9,220,342
Accounts receivable	68,150
Accrued interest receivable	1,726
<b>Total receivables</b>	<b>\$9,559,729</b>

**8. CAPITAL ASSETS**

Capital asset activity for the fiscal year ended June 30, 2015 was as follows.

	<b>Balance 06/30/14</b>	<b>Additions</b>	<b>Deductions</b>	<b>Balance 06/30/15</b>
<b>Capital assets, not being depreciated:</b>				
Land	\$84,740			\$84,740
<b>Total capital assets, not being depreciated</b>	<b>84,740</b>			<b>84,740</b>

Pupil transportation	92,174
Central	42,082
Extracurricular	48,339
Food service operations	9,010
Total depreciation expense	<u>\$291,083</u>

**9. RISK MANAGEMENT**

**A. Property and Liability**

The School District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. For fiscal year 2015, the School District contracted with the Southwestern Ohio EPC Liability/Property/Fleet Program.

Insurance coverage provided includes the following:

**GREENON LOCAL SCHOOL DISTRICT  
CLARK COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2015  
(Continued)**

**9. RISK MANAGEMENT (Continued)**

General Liability:	
Per Occurrence	\$1,000,000
Total Per Year	3,000,000
Total Per Year for Pool	350,000,000
Automobile Liability (\$1,000 Deductible)	1,000,000
Property Insurance (\$1,000 Deductible) for Member	1,000,000
Total Per Year for Pool	350,000,000
School Board Legal Liability (\$10,000 Deductible)	1,000,000
Boiler/Machinery (\$3,500 Deductible) for Pool	250,000,000
Excess Liability (in excess of underlying \$1,000,000 for member)	5,000,000
Site Pollution Legal Liability (\$25,000 Deductible)	1,000,000

Settled claims have not exceeded this commercial coverage in any of the past three years. There have been no significant reductions in insurance coverage from last year.

**B. Workers' Compensation**

For fiscal year 2015, the School District participated in the Southwestern Ohio Educational Purchasing Council Workers' Compensation Group Rating Plan (GRP), an insurance purchasing pool (Note 17). The intent of the GRP is to achieve the benefit of a reduced premium for the School District by virtue of its grouping and representation with other participants in the GRP. The workers' compensation experience of the participating school districts is calculated as one experience and a common premium rate is applied to all school districts in the GRP. Each participant pays its workers' compensation premium to the State based on the rate for the GRP rather than its individual rate. Total savings are then calculated and each participant's individual performance is compared to the overall savings of the GRP. A participant will then either receive money from or be required to contribute to the "Equity Pooling Fund." This "equity pooling" arrangement insures that each participant shares equally in the overall performance of the GRP. Participation in the GRP is limited to school districts that can meet the GRP's selection criteria. The firm of Hunter Consulting provides administrative, cost control and actuarial services to the GRP.

**10. DEFINED BENEFIT PENSION PLANS**

**A. Net Pension Liability**

The net pension liability reported on the statement of net position represents a liability to employees for pensions. Pensions are a component of exchange transactions—between an employer and its employees—of salaries and benefits for employee services. Pensions are provided to an employee—on a deferred-payment basis—as part of the total compensation package offered by an employer for employee services each financial period. The obligation to sacrifice resources for pensions is a present obligation because it was created as a result of employment exchanges that already have occurred.

The net pension liability represents the School District's proportionate share of each pension plan's collective actuarial present value of projected benefit payments attributable to past periods of service, net of each pension plan's fiduciary net position. The net pension liability calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting this estimate annually.

**GREENON LOCAL SCHOOL DISTRICT  
CLARK COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2015  
(Continued)**

**10. DEFINED BENEFIT PENSION PLANS (Continued)**

Ohio Revised Code limits the School District's obligation for this liability to annually required payments. The School District cannot control benefit terms or the manner in which pensions are financed; however, the School District does receive the benefit of employees' services in exchange for compensation including pension.

GASB 68 assumes the liability is solely the obligation of the employer, because (1) they benefit from employee services; and (2) State statute requires all funding to come from these employers. All contributions to date have come solely from these employers (which also includes costs paid in the form of withholdings from employees). State statute requires the pension plans to amortize unfunded liabilities within 30 years. If the amortization period exceeds 30 years, each pension plan's board must propose corrective action to the State legislature. Any resulting legislative change to benefits or funding could significantly affect the net pension liability. Resulting adjustments to the net pension liability would be effective when the changes are legally enforceable.

The proportionate share of each plan's unfunded benefits is presented as a long-term net pension liability on the accrual basis of accounting. Any liability for the contractually-required pension contribution outstanding at the end of the year is included in pension and postemployment benefits payable on both the accrual and modified accrual bases of accounting.

**B. Plan Description - School Employees Retirement System (SERS)**

**Plan Description** –School District non-teaching employees participate in SERS, a cost-sharing multiple-employer defined benefit pension plan administered by SERS. SERS provides retirement, disability and survivor benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Ohio Revised Code Chapter 3309. SERS issues a publicly available, stand-alone financial report that includes financial statements, required supplementary information and detailed information about SERS' fiduciary net position. That report can be obtained by visiting the SERS website at [www.ohsers.org](http://www.ohsers.org) under Employers/Audit Resources.

Age and service requirements for retirement are as follows:

	<b>Eligible to Retire on or before August 1, 2017 *</b>	<b>Eligible to Retire after August 1, 2017</b>
Full Benefits	Any age with 30 years of service credit	Age 67 with 10 years of service credit; or Age 57 with 30 years of service credit
Actuarially Reduced Benefits	Age 60 with 5 years of service credit Age 55 with 25 years of service credit	Age 62 with 10 years of service credit; or Age 60 with 25 years of service credit

\* Members with 25 years of service credit as of August 1, 2017, will be included in this plan.

Annual retirement benefits are calculated based on final average salary multiplied by a percentage that varies based on year of service; 2.2 percent for the first thirty years of service and 2.5 percent for years of service credit over 30. Final average salary is the average of the highest three years of salary.

One year after an effective benefit date, a benefit recipient is entitled to a three percent cost-of-living adjustment (COLA). This same COLA is added each year to the base benefit amount on the anniversary date of the benefit.

**GREENON LOCAL SCHOOL DISTRICT  
CLARK COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2015  
(Continued)**

**10. DEFINED BENEFIT PENSION PLANS (Continued)**

**Funding Policy** – Plan members are required to contribute 10 percent of their annual covered salary and the School District is required to contribute 14 percent of annual covered payroll. The contribution requirements of plan members and employers are established and may be amended by the SERS' Retirement Board up to statutory maximum amounts of 10 percent for plan members and 14 percent for employers. The Retirement Board, acting with the advice of the actuary, allocates the employer contribution rate among four of the System's funds (Pension Trust Fund, Death Benefit Fund, Medicare B Fund, and Health Care Fund). For the fiscal year ended June 30, 2015, the allocation to pension, death benefits, and Medicare B was 13.18 percent. The remaining 0.82 percent of the 14 percent employer contribution rate was allocated to the Health Care Fund.

The School District's contractually required contribution to SERS was \$295,294 for fiscal year 2015. Of this amount \$87,522 is reported as pension and postemployment benefits payable.

**C. Plan Description - State Teachers Retirement System (STRS)**

**Plan Description** –School District licensed teachers and other faculty members participate in STRS Ohio, a cost-sharing multiple-employer public employee retirement system administered by STRS. STRS provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS issues a stand-alone financial report that includes financial statements, required supplementary information and detailed information about STRS' fiduciary net position. That report can be obtained by writing to STRS, 275 E. Broad St., Columbus, OH 43215-3771, by calling (888) 227-7877, or by visiting the STRS Web site at [www.strsoh.org](http://www.strsoh.org).

New members have a choice of three retirement plans; a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan and a Combined Plan. Benefits are established by Ohio Revised Code Chapter 3307. The DB plan offers an annual retirement allowance based on final average salary multiplied by a percentage that varies based on years of service. Effective August 1, 2015, the calculation will be 2.2 percent of final average salary for the five highest years of earnings multiplied by all years of service. With certain exceptions, the basic benefit is increased each year by two percent of the original base benefit. For members retiring August 1, 2013, or later, the first two percent is paid on the fifth anniversary of the retirement benefit. Members are eligible to retire at age 60 with five years of qualifying service credit, or age 55 with 25 years of service, or 30 years of service regardless of age. Age and service requirements for retirement will increase effective August 1, 2015, and will continue to increase periodically until they reach age 60 with 35 years of service or age 65 with five years of service on August 1, 2026.

The DC Plan allows members to place all their member contributions and 9.5 percent of the 14 percent employer contributions into an investment account. Investment allocation decisions are determined by the member. The remaining 4.5 percent of the 14 percent employer rate is allocated to the defined benefit unfunded liability. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal.

The Combined Plan offers features of both the DB Plan and the DC Plan. In the Combined Plan, member contributions are allocated among investment choices by the member, and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DB Plan. The defined benefit portion of the Combined Plan payment is payable to a member on or after age 60 with five years of services. The defined contribution portion of the account may be taken as a lump sum payment or converted to a lifetime monthly annuity at age 50.

**GREENON LOCAL SCHOOL DISTRICT  
CLARK COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2015  
(Continued)**

**10. DEFINED BENEFIT PENSION PLANS (Continued)**

New members who choose the DC plan or Combined Plan will have another opportunity to reselect a permanent plan during their fifth year of membership. Members may remain in the same plan or transfer to another STRS plan. The optional annuitization of a member's defined contribution account or the defined contribution portion of a member's Combined Plan account to a lifetime benefit results in STRS bearing the risk of investment gain or loss on the account. STRS has therefore included all three plan options as one defined benefit plan for GASB 68 reporting purposes.

A DB or Combined Plan member with five or more years of credited service who is determined to be disabled may qualify for a disability benefit. Eligible survivors of members who die before service retirement may qualify for monthly benefits. New members on or after July 1, 2013, must have at least ten years of qualifying service credit that apply for disability benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member of the DC Plan dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

**Funding Policy** – Employer and member contribution rates are established by the State Teachers Retirement Board and limited by Chapter 3307 of the Ohio Revised Code. The statutory maximum employee contribution rate was increased one percent July 1, 2014, and will be increased one percent each year until it reaches 14 percent on July 1, 2016. For the fiscal year ended June 30, 2015, plan members were required to contribute 12 percent of their annual covered salary. The School District was required to contribute 14 percent; the entire 14 percent was the portion used to fund pension obligations. The fiscal year 2015 contribution rates were equal to the statutory maximum rates.

The School District's contractually required contribution to STRS was \$931,159 for fiscal year 2015. Of this amount, \$148,848 is reported as pension and postemployment benefits payable.

**D. Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

The net pension liability was measured as of June 30, 2014, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The School District's proportion of the net pension liability was based on the School District's share of contributions to the pension plan relative to the contributions of all participating entities. Following is information related to the proportionate share and pension expense:

	<u>SERS</u>	<u>STRS</u>	<u>Total</u>
Proportionate share of the net pension liability	\$4,115,002	\$16,570,696	\$20,685,698
Proportion of the net pension liability	0.08130900%	0.06812639%	
Pension expense	\$240,138	\$642,788	882,926

At June 30, 2015, the School District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

**GREENON LOCAL SCHOOL DISTRICT  
CLARK COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2015  
(Continued)**

**10. DEFINED BENEFIT PENSION PLANS (Continued)**

	<b>SERS</b>	<b>STRS</b>	<b>Total</b>
<b>Deferred outflows of resources</b>			
Differences between expected and actual experience	\$35,023	\$159,529	\$94,552
School District contributions subsequent to the measurement date	295,294	931,159	1,226,453
Total deferred outflows of resources	<u>\$330,317</u>	<u>\$1,090,688</u>	<u>\$1,421,005</u>
<b>Deferred inflows of resources</b>			
Net difference between projected and actual earnings on pension plan investments	\$667,876	\$3,065,642	\$3,733,518
Total deferred inflows of resources	<u>\$667,876</u>	<u>\$3,065,642</u>	<u>\$3,733,518</u>

\$1,226,453 reported as deferred outflows of resources related to pension resulting from School District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2016. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized in pension expense as follows:

	<b>SERS</b>	<b>STRS</b>	<b>Total</b>
<b>Fiscal Year Ending June 30:</b>			
2016	(\$158,213)	(\$726,529)	(\$884,742)
2017	(158,213)	(726,529)	(884,742)
2018	(158,213)	(726,529)	(884,742)
2019	(158,214)	(726,526)	(884,740)
Total	<u>(\$632,853)</u>	<u>(\$2,906,113)</u>	<u>(\$3,538,966)</u>

**E. Actuarial Assumptions - SERS**

SERS' total pension liability was determined by their actuaries in accordance with GASB Statement No. 67, as part of their annual actuarial valuation for each defined benefit retirement plan. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts (e.g., salaries, credited service) and assumptions about the probability of occurrence of events far into the future (e.g., mortality, disabilities, retirements, employment termination). Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employers and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations.

**GREENON LOCAL SCHOOL DISTRICT  
CLARK COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2015  
(Continued)**

**10. DEFINED BENEFIT PENSION PLANS (Continued)**

Actuarial calculations reflect a long-term perspective. For a newly hired employee, actuarial calculations will take into account the employee's entire career with the employer and also take into consideration the benefits, if any, paid to the employee after termination of employment until the death of the employee and any applicable contingent annuitant. In many cases actuarial calculations reflect several decades of service with the employer and the payment of benefits after termination.

Key methods and assumptions used in calculating the total pension liability in the latest actuarial valuation, prepared as of June 30, 2014, are presented below:

Wage Inflation	3.25 percent
Future Salary Increases, including inflation	4.00 percent to 22 percent
COLA or Ad Hoc COLA	3 percent
Investment Rate of Return	7.75 percent net of investments expense, including inflation
Actuarial Cost Method	Entry Age Normal

For post-retirement mortality, the table used in evaluating allowances to be paid is the 1994 Group Annuity Mortality Table set back one year for both men and women. Special mortality tables are used for the period after disability retirement.

The most recent experience study was completed June 30, 2010.

The long-term return expectation for the Pension Plan Investments has been determined using a building-block approach and assumes a time horizon, as defined in SERS' Statement of Investment Policy. A forecasted rate of inflation serves as the baseline for the return expectation. Various real return premiums over the baseline inflation rate have been established for each asset class. The long-term expected nominal rate of return has been determined by calculating a weighted averaged of the expected real return premiums for each asset class, adding the projected inflation rate, and adding the expected return from rebalancing uncorrelated asset classes. The target allocation and best estimates of arithmetic real rates of return for each major assets class are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Cash	1.00 %	0.00 %
US Stocks	22.50	5.00
Non-US Stocks	22.50	5.50
Fixed Income	19.00	1.50
Private Equity	10.00	10.00
Real Assets	10.00	5.00
Multi-Asset Strategies	15.00	7.50
Total	<u>100.00 %</u>	

**Discount Rate** The total pension liability was calculated using the discount rate of 7.75 percent. The projection of cash flows used to determine the discount rate assumed the contributions from employers and from the members would be computed based on contribution requirements as stipulated by State statute. Projected inflows from investment earning were calculated using the long-term assumed investment rate of return (7.75 percent). Based on those assumptions, the plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefits to determine the total pension liability.

**GREENON LOCAL SCHOOL DISTRICT  
CLARK COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2015  
(Continued)**

**10. DEFINED BENEFIT PENSION PLANS (Continued)**

**Sensitivity of the School District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate** Net pension liability is sensitive to changes in the discount rate, and to illustrate the potential impact the following table presents the net pension liability calculated using the discount rate of 7.75 percent, as well as what each plan's net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.75 percent), or one percentage point higher (8.75 percent) than the current rate.

	<b>1% Decrease (6.75%)</b>	<b>Current Discount Rate (7.75%)</b>	<b>1% Increase (8.75%)</b>
School District's proportionate share of the net pension liability	\$5,870,885	\$4,115,002	\$2,638,153

**F. Actuarial Assumptions - STRS**

The total pension liability in the June 30, 2014, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.75 percent
Projected salary increases	2.75 percent at age 70 to 12.25 percent at age 20
Investment Rate of Return	7.75 percent, net of investment expenses
Cost-of-Living Adjustments (COLA)	2 percent simple applied as follows: for members retiring before August 1, 2013, 2 percent per year; for members retiring August 1, or later, 2 percent COLA paid on fifth anniversary of retirement date

Mortality rates were based on the RP-2000 Combined Mortality Table (Projection 2022—Scale AA) for Males and Females. Males' ages are set-back two years through age 89 and no set-back for age 90 and above. Females younger than age 80 are set back four years, one year set back from age 80 through 89 and not set back from age 90 and above.

Actuarial assumptions used in the June 30, 2014, valuation are based on the results of an actuarial experience study, effective July 1, 2012.

The 10 year expected real rate of return on pension plan investments was determined by STRS' investment consultant by developing best estimates of expected future real rates of return for each major asset class. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized as follows:

<b>Asset Class</b>	<b>Target Allocation</b>	<b>Long-Term Expected Real Rate of Return</b>
Domestic Equity	31.00 %	8.00 %
International Equity	26.00	7.85
Alternatives	14.00	8.00
Fixed Income	18.00	3.75
Real Estate	10.00	6.75
Liquidity Reserves	1.00	3.00
Total	<u>100.00 %</u>	

**GREENON LOCAL SCHOOL DISTRICT  
CLARK COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2015  
(Continued)**

**10. DEFINED BENEFIT PENSION PLANS (Continued)**

**Discount Rate** The discount rate used to measure the total pension liability was 7.75 percent as of June 30, 2014. The projection of cash flows used to determine the discount rate assumes member and employer contributions will be made at the statutory contribution rates in accordance with rate increases described above. For this purpose, only employer contributions that are intended to fund benefits of current plan members and their beneficiaries are included. Projected employer contributions that are intended to fund the service costs of future plan members and their beneficiaries, as well as projected contributions from future plan members, are not included. Based on those assumptions, STRS' fiduciary net position was projected to be available to make all projected future benefit payments to current plan members as of June 30, 2014. Therefore, the long-term expected rate of return on pension plan investments of 7.75 percent was applied to all periods of projected benefit payment to determine the total pension liability as of June 30, 2014.

**Sensitivity of the School District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate** The following table presents the School District's proportionate share of the net pension liability calculated using the current period discount rate assumption of 7.75 percent, as well as what the School District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one-percentage-point lower (6.75 percent) or one-percentage-point higher (8.75 percent) than the current rate:

	1% Decrease █ (6.75%)	Current Discount Rate █ (7.75%)	1% Increase █ (8.75%)
School District's proportionate share of the net pension liability	\$23,722,758	\$ 16,570,696	\$10,522,458

**11. POST-EMPLOYMENT BENEFITS**

**A. School Employees Retirement System**

**Health Care Plan Description** - The School District contributes to the SERS Health Care Fund, administered by SERS for non-certificated retirees and their beneficiaries. For GASB 45 purposes, this plan is considered a cost-sharing, multiple-employer, defined benefit other postemployment benefit (OPEB) plan. The Health Care Plan includes hospitalization and physicians' fees through several types of plans including HMO's, PPO's, Medicare Advantage, and traditional indemnity plans as well as a prescription drug program. The financial report of the Plan is included in the SERS Comprehensive Annual Financial Report which can be obtained on SERS' website at [www.ohsers.org](http://www.ohsers.org) under Employers/Audit Resources.

Access to health care for retirees and beneficiaries is permitted in accordance with Section 3309 of the Ohio Revised Code. The Health Care Fund was established and is administered in accordance with Internal Revenue Code Section 105(e). SERS' Retirement Board reserves the right to change or discontinue any health plan or program. Health care is financed through a combination of employer contributions and retiree premiums, copays and deductibles on covered health care expenses, investment returns, and any funds received as a result of SERS' participation in Medicare programs. Active employee members do not contribute to the Health Care Plan. Retirees and their beneficiaries are required to pay a health care premium that varies depending on the plan selected, the number of qualified years of service, Medicare eligibility and retirement status.

**GREENON LOCAL SCHOOL DISTRICT  
CLARK COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2015  
(Continued)**

**11. POST-EMPLOYMENT BENEFITS - (Continued)**

**Funding Policy** - State statute permits SERS to fund the health care benefits through employer contributions. Each year, after the allocation for statutorily required basic benefits, the Retirement Board allocates the remainder of the employer contribution of 14 percent of covered payroll to the Health Care Fund. For fiscal year 2015, 0.82 percent of covered payroll was allocated to health care. In addition, employers pay a surcharge for employees earning less than an actuarially determined minimum compensation amount, pro-rated according to service credit earned. For fiscal year 2015, this amount was \$20,450. Statutes provide that no employer shall pay a health care surcharge greater than 2 percent of that employer's SERS-covered payroll; nor may SERS collect in aggregate more than 1.5 percent of the total statewide SERS-covered payroll for the health care surcharge. For fiscal year 2015, the School District's surcharge obligation was \$37,673.

The School District's contributions for health care for the fiscal years ended June 30, 2015, 2014, and 2013 were \$57,096, \$41,452, and \$37,621, respectively. For fiscal year 2015, 73.50 percent has been contributed, with the balance being reported as pension and postemployment benefits payable. The full amount has been contributed for fiscal years 2014 and 2013.

**B. State Teachers Retirement System**

**Plan Description** – The School District participates in the cost-sharing multiple-employer defined benefit Health Plan administered by the State Teachers Retirement System of Ohio (STRS) for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS. Ohio law authorizes STRS to offer this plan. Benefits include hospitalization, physicians' fees, prescription drugs and reimbursement of monthly Medicare Part B premiums. The Plan is included in the report of STRS which can be obtained by visiting [www.strsoh.org](http://www.strsoh.org) or by calling (888) 227-7877.

**Funding Policy** – Ohio Revised Code Chapter 3307 authorizes STRS to offer the Plan and gives the Retirement Board authority over how much, if any, of the health care costs will be absorbed by STRS. Active employee members do not contribute to the Health Care Plan. All benefit recipients, for the most recent year, pay a monthly premium. Under Ohio law, funding for post-employment health care may be deducted from employer contributions. For fiscal year 2015, STRS did not allocate any employer contributions to post-employment health care. The School District's contributions for health care for the fiscal years ended June 30, 2015, 2014, and 2013 were \$0, \$71,846, and \$73,271 respectively. The full amount has been contributed for fiscal years 2015, 2014 and 2013.

**12. OTHER EMPLOYEE BENEFITS**

**A. Compensated Absences**

The criteria for determining vacation and sick leave benefits are derived from negotiated agreements and State laws. Eligible classified employees earn ten to twenty days of vacation per fiscal year, depending upon length of service. Accumulated, unused vacation time is paid to classified employees and administrators upon termination of employment. Teachers do not earn vacation time. Teachers, administrators and classified employees earn sick leave at the rate of one and one-fourth days per month. Sick leave may be accumulated up to a maximum of 270 days for classified personnel and 280 days for certified personnel. For classified personnel, upon retirement, payment is made for 25% of the first 160 days and 22% of the days in excess of 160 but not to exceed a total of 64 days.

**GREENON LOCAL SCHOOL DISTRICT  
CLARK COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2015  
(Continued)**

**12. OTHER EMPLOYEE BENEFITS (Continued)**

For certified personnel, upon retirement, payment is made for 25% of the first 160 days and 22.2% of the days in excess of 160 but not to exceed a total of 67 days.

**B. Insurance Benefits**

The School District has elected to provide employee medical/surgical benefits through United Healthcare of Ohio. The Board pays 85 percent of the monthly premium for certified and classified employees. Dental insurance is provided by the School District to most employees through Delta Dental. Vision insurance is provided by the School District to most employees through Vision Service Plan. The Board pays 80 percent for certified employees and 85 percent for classified employees of the dental and vision insurance. The School District provides life insurance and accidental death and dismemberment insurance to most employees through Sunlife Financial.

**C. Special Termination Benefits**

For fiscal year 2015 and in previous years, the School District offered eligible certified employees a special termination benefit. To be eligible, the employee must meet the requirements set forth by the State Teachers Retirement System. In fiscal year 2014, anyone who was eligible to retire had to give written notice by March 30, 2015, of intention to retire. Those who did retire, were eligible to receive a special termination benefit equal to 40% of their base pay for the current contract year. Payment to an eligible employee is made in two equal installments, the first of which will occur in the September immediately following the employee's retirement and the second of which will occur one year later. Alternatively, they may elect to receive the entire 40% one year later in September.

**13. LONG-TERM OBLIGATIONS**

The changes in the School District's long-term obligations during fiscal year 2015 were as follows. Long-term obligations are restated in accordance with Note 3.A.

	<u>Interest Rate</u>	<u>Restated Balance June 30, 2014</u>	<u>Increase</u>	<u>Decrease</u>	<u>Balance June 30, 2015</u>	<u>Amounts Due in One Year</u>
General Obligation Bonds:						
Series 2012 GO Bonds	2.36%	\$ 21,565	\$ -	\$ (21,565)	\$ -	\$ -
Total General Obligation Bonds		<u>21,565</u>	<u>-</u>	<u>(21,565)</u>	<u>-</u>	<u>-</u>
Other Long-term Obligations:						
Compensated absences		877,477	329,743	(308,419)	898,801	280,405
Termination benefits		136,436	69,567	(78,087)	127,916	58,349
Net pension liability		24,574,089	-	(3,888,391)	20,685,698	-
Capital lease obligation		<u>182,980</u>	<u>-</u>	<u>(39,631)</u>	<u>143,349</u>	<u>41,659</u>
Total Other Long-term Obligations		<u>25,770,982</u>	<u>399,310</u>	<u>(4,314,528)</u>	<u>21,855,764</u>	<u>380,413</u>
Total		<u>\$ 25,792,547</u>	<u>\$ 399,310</u>	<u>\$(4,336,093)</u>	<u>\$ 21,855,764</u>	<u>\$ 380,413</u>

**GREENON LOCAL SCHOOL DISTRICT  
CLARK COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2015  
(Continued)**

**13. LONG-TERM OBLIGATIONS (Continued)**

General Obligation Bonds - In 2012, Greenon Local School District issued \$84,000 in unvoted general obligation bonds for the purpose of acquisition of equipment for the School District, under the authority of Ohio Revised Code Sections 133.06(G) and 3313.372. The bonds were issued for a three year period with final maturity during fiscal year 2015. The bond will be retired from the debt service fund (a nonmajor governmental fund). At June 30, 2015 there were no further obligations outstanding on this debt.

Net Pension Liability – see Note 10 for more information on net pension liability

Compensated absences and the special termination benefit will be paid from the funds from which the employees' salaries are paid. The capital lease will be paid from the permanent improvement fund.

**Legal Debt Margin**

The Ohio Revised Code provides that voted net general obligation debt of the School District shall never exceed 9% of the total assessed valuation of the School District. The code further provides that unvoted indebtedness shall not exceed 1/10 of 1% of the property valuation of the School District. The code additionally states that unvoted indebtedness related to energy conservation debt shall not exceed 9/10 of 1% of the property valuation of the School District. The assessed valuation used in determining the School District's legal debt margin has been modified by House Bill 530 which became effective March 30, 2006. In accordance with House Bill 530, the assessed valuation used in the School District's legal debt margin calculation excluded tangible personal property used in business, telephone or telegraph property, interexchange telecommunications company property, and personal property owned or leased by a railroad company and used in railroad operations. The effects of these debt limitations at June 30, 2015, are a voted debt margin of \$23,286,009 and an unvoted debt margin of \$258,733.

**14. CAPITALIZED LEASES - LESSEE DISCLOSURE**

In the current fiscal year, the District entered into capitalized lease for copier equipment. This lease agreement met the criteria of a capital lease as defined by generally accepted accounting principles, which defines a capital lease generally as one which transfers benefits and risks of ownership to the lessee. Capital lease payments have been reclassified and are reflected as debt service expenditures in the financial statements for the governmental funds.

Capital assets consisting of copiers have been capitalized in the amount of \$210,411. This amount represents the present value of the minimum lease payments at the time of acquisition. Accumulated depreciation as of June 30, 2015 for the copiers amounted to \$63,123, leaving a current book value of \$147,288. A corresponding liability was recorded in the government-wide financial statements. The District made principal payments of \$39,631 during fiscal year 2015.

The following is a schedule of the future minimum lease payments required under the capital lease and the present value of the minimum lease payments:

**GREENON LOCAL SCHOOL DISTRICT  
CLARK COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2015  
(Continued)**

**14. CAPITALIZED LEASES - LESSEE DISCLOSURE (Continued)**

Fiscal Year Ending June 30,	Amount
2016	\$47,880
2017	47,880
2018	47,880
2019	11,969
Total minimum lease payments	155,609
Less: amount representing interest	(12,260)
Total	\$143,349

**15. BUDGETARY BASIS OF ACCOUNTING**

While reporting financial position, results of operations, and changes in fund balance on the basis of generally accepted accounting principles (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts and disbursements.

The statement of revenue, expenditures and changes in fund balance - budget and actual (non-GAAP budgetary basis) presented for the general fund is presented on the budgetary basis to provide a meaningful comparison of actual results with the budget. The major differences between the budget basis and the GAAP basis are that:

- (a) Revenues and other financing sources are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis);
- (b) Expenditures and other financing uses are recorded when paid in cash (budget basis) as opposed to when the liability is incurred (GAAP basis);
- (c) In order to determine compliance with Ohio law, and to reserve that portion of the applicable appropriation, total outstanding encumbrances (budget basis) are recorded as the equivalent of an expenditure, as opposed to assigned or committed fund balance for that portion of outstanding encumbrances not already recognized as an account payable (GAAP basis);
- (d) Advances-in and advances-out are operating transactions (budget basis) as opposed to balance sheet transactions (GAAP basis); and,
- (e) Some funds are included in the general fund (GAAP basis), but have separate legally adopted budgets (budget basis).

The adjustments necessary to convert the results of operations for the year on the budget basis to the GAAP basis for the general fund is as follows:

<b>Net Change in Fund Balance</b>	
	<b>General fund</b>
Budget basis	\$1,960,743
Net adjustment for revenue accruals	(66,627)
Net adjustment for expenditure accruals	75,055
Net adjustment for other sources/uses	(73,707)
Funds budgeted elsewhere	(9,839)
Adjustment for encumbrances	86,569
GAAP basis	\$1,972,194

**GREENON LOCAL SCHOOL DISTRICT  
CLARK COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2015  
(Continued)**

**15. BUDGETARY BASIS OF ACCOUNTING (Continued)**

Certain funds that are legally budgeted in separate special revenue funds are considered part of the general fund on a GAAP basis. This includes the public school support fund, the district agency fund the underground storage tank fund and the workers compensation fund.

**16. JOINTLY GOVERNED ORGANIZATIONS**

**Miami Valley Educational Computer Association** – The School District is a participant in the Miami Valley Educational Computer Association (MVECA) which is a computer consortium. MVECA is an association of public school districts within the boundaries of Clark, Clinton, Fayette, Greene, Madison and Highland Counties. The organization was formed for the purpose of applying modern technology with the aid of computers and other electronic equipment to administrative and instructional functions among member school districts. The governing board of MVECA consists of six representatives from the member districts elected by majority vote of all charter member school districts within each county plus one representative from the fiscal agent. The School District paid MVECA \$82,212 for services provided during the fiscal year. Financial information can be obtained from Thor Sage, Executive Director, at MVECA at 330 East Enon Road, Yellow Springs, Ohio 45387.

**Southwestern Ohio Educational Purchasing Council** - The Southwestern Ohio Educational Purchasing Council (SOEPC) is a purchasing cooperative made up of 139 school districts in 18 counties. The purpose of the cooperative is to obtain prices for quality merchandise and services commonly used by schools. All member districts are obligated to pay all fees, charges, or other assessments as established by the SOEPC. Each member district has one voting representative. Title to any and all equipment, furniture and supplies purchased by the SOEPC is held in trust for the member districts. Any district withdrawing from the SOEPC shall forfeit its claim to any and all SOEPC assets. One year prior notice is necessary for withdrawal from the group.

During this time, the withdrawing member is liable for all member obligations. Payments to SOEPC are made from the general fund. During the fiscal year, the School District paid \$59,731 to the SOEPC. To obtain financial information, write to the Southwestern Ohio Educational Purchasing Council, Ken Swink, who serves as Director, at 303 Corporate Center Drive, Suite 208, Vandalia, OH 45377.

**Southwestern Ohio Instructional Technology Association** - The Southwestern Ohio Instructional Technology Association (SOITA) is a not-for-profit corporation. The purpose of the corporation is to serve the educational needs of the area through television programming for the advancement of educational programs. The Board of Trustees is comprised of twenty-three representatives of SOITA member schools or institutions. Twenty-one representatives are elected from within the counties by the qualified members within the counties, i.e., Auglaize, Brown, Butler, Champaign, Clark, Clermont, Clinton, Darke, Fayette, Greene, Hamilton, Logan, Mercer, Miami, Montgomery, Preble, Shelby, and Warren. Montgomery, Greene and Butler Counties elect two representatives per area. All others elect one representative per area. One at-large non-public representative is elected by the non-public school SOITA members in the State-assigned SOITA service area representative. One at-large higher education representative is elected by higher education SOITA members from within the State-assigned SOITA service area.

All member districts are obligated to pay all fees, charges, or other assessments as established by the SOITA. Upon dissolution, the net position shall be distributed to the federal government, or to a state or local government, for a public purpose. Payments to SOITA are made from the general fund. During fiscal year 2015, the School District did not make any payments to SOITA. To obtain financial information, write to the Southwestern Ohio Instructional Technology Association, Frank DePalma, who serves as Interim Director, at 1205 East Fifth Street, Dayton, Ohio 45402.

**GREENON LOCAL SCHOOL DISTRICT  
CLARK COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2015  
(Continued)**

**16. JOINTLY GOVERNED ORGANIZATIONS (Continued)**

**Clark County Family and Children First Council** - The Clark County Family and Children First Council (FCF) is a voluntary association established with the purpose to coordinate and integrate those services within Clark County which are available for families and to establish a comprehensive, coordinated, multi-disciplinary, interagency system for the delivery of such services in order to more effectively meet the needs of families and children.

The Board of Trustees is comprised of eighteen representatives of each the members of the FCF, including the Superintendent of the Clark County Educational Service Center, who was appointed by the Superintendents of the Clark County schools. All members are obligated to pay all dues as established by the FCF to aid the financing of the operations and programs of the FCF. The Greenon Local School District does not pay any dues since the Clark County Educational Service Center represents the School District. Any member withdrawing from the FCF must give one hundred eighty days written notice to the FCF after formal action of the member's governing board. To obtain financial information, write to the Clark County Family and Children First Council, Leslie Crew, who serves as Executive Director, at 1345 Lagonda Avenue, Springfield, Ohio 45502.

**Springfield/Clark Career Technology Center** - The Springfield/Clark Career Technology Center (CTC) is a distinct political subdivision of the State of Ohio operated under the direction of a Board consisting of one or two representatives from each of the eight participating school districts' and educational service center's elected boards, which possess its own budgeting and taxing authority. One member is appointed from the following: Clark-Shawnee Local School District, Greenon Local School District, Northeastern Local School District, Northwestern Local School District, Southeastern Local School District, Tecumseh Local School District, and the Clark County Educational Service Center. Two members are appointed from the Springfield City School District. To obtain financial information, write to the Springfield/Clark County Career Technology Center, Pam Orr/Steven Clark, who serve as Treasurers, 1901 Selma Road, Springfield, Ohio 45505-4239.

**17. INSURANCE PURCHASING POOL**

Southwestern Ohio Educational Purchasing Council Workers' Compensation Group Rating Plan - The School District participates in the Southwestern Ohio Educational Purchasing Council Workers' Compensation Group Rating Plan (GRP). The GRP's business and affairs are conducted by an eleven member committee consisting of various GRP representatives that are elected by the general assembly. Either the superintendent or treasurer from each participating school district serves on the general assembly. Each year, the participating school districts pay an enrollment fee to the GRP to cover the costs of administering the program.

Southwestern Ohio Educational Purchasing Council Medical Benefits Plan - The School District participates in the Southwestern Ohio Educational Purchasing Council Medical Benefits Plan (MBP). The MBP's business and affairs are conducted by an eleven member committee consisting of various EPC representatives that are elected by the general assembly. Either the superintendent or treasurer from each participating school district serves on the general assembly. Each fiscal year, the participating school districts pay an enrollment fee to the MBP to cover the costs of administering the program.

**GREENON LOCAL SCHOOL DISTRICT  
CLARK COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2015  
(Continued)**

**18. SET-ASIDES**

The School District is required by State law to annually set-aside certain general fund revenue amounts, as defined by statutory formula, for the acquisition and construction of capital improvements. Amounts not spent by the end of the fiscal year or offset by similarly restricted resources received during the year must be held in cash at fiscal year-end. This amount must be carried forward to be used for the same purpose in future years. Expenditures exceeding the set-aside requirement may not be carried forward to the next fiscal year.

The following cash-basis information describes the change in the fiscal year-end set-aside amount for capital improvements. Disclosure of this information is required by State statute.

	<b>Capital Improvements</b>
Set-aside balance June 30, 2014	
Current year set-aside requirement	\$297,550
Current year offsets	<u>(779,839)</u>
Total	<u>(\$482,289)</u>
Balance carried forward to fiscal year 2016	<u>\$0</u>
Set-aside balance June 30, 2015	<u><u>\$0</u></u>

**19. CONTINGENCIES**

**A. Grants**

The School District received financial assistance from federal and State agencies in the form of grants. The expenditure of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds. However, the effect of any such disallowed claims on the overall financial position of the School District at June 30, 2015, if applicable, cannot be determined at this time.

**B. Litigation**

The School District is party to legal proceedings. At this time, the School District is of the opinion that ultimate disposition of claims will not have a material effect on the financial position of the School District.

**C. Foundation Funding**

School District Foundation funding is based on the annualized full-time equivalent (FTE) enrollment of each student. Effective for the 2014-2015 school year, traditional School Districts must comply with minimum hours of instruction, instead of a minimum number of school days each year. The funding formula the Ohio Department of Education (ODE) is legislatively required to follow will continue to adjust as enrollment information is updated by the School District, which can extend past the fiscal year-end. As of the date of this report, ODE has not finalized the impact of enrollment adjustments to the June 30, 2015 Foundation funding for the School District; therefore, the financial statement impact is not determinable at this time. ODE and management believe this will result in either a receivable to or liability of the School District.

**GREENON LOCAL SCHOOL DISTRICT  
CLARK COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2015  
(Continued)**

**20. OTHER COMMITMENTS**

The School District utilizes encumbrance accounting as part of its budgetary controls. Encumbrances outstanding at year end may be reported as part of restricted, committed, or assigned classifications of fund balance. At year end, the School District's commitments for encumbrances in the governmental funds were as follows:

<u>Fund</u>	<u>Encumbrances</u>
General fund	\$99,392
Permanent Improvement fund	480,816
Non-major governmental funds	13,479
Total	<u>\$593,687</u>

**21. SUBSEQUENT EVENTS**

On February 26, 2015 the District approved a project agreement with the Ohio Facilities Construction Commission to issue House Bill 264 School energy debt with an interest rate of 1% for a total project cost (including financing) of \$579,268. On January 5, 2016, the District received loan proceeds for the project from the Ohio Development Services Agency in the amount of \$526,182. The loan will be repaid over 12 years with semi-annual payments of \$23,678.

**GREENON LOCAL SCHOOL DISTRICT  
CLARK COUNTY**

**NOTES TO THE SCHEDULE OF FEDERAL AWARDS RECEIPTS AND EXPENDITURES  
FOR THE FISCAL YEAR ENDED JUNE 30, 2015**

**NOTE A – SIGNIFICANT ACCOUNTING POLICIES**

The accompanying Schedule of Federal Awards Receipts and Expenditures (the Schedule) reports Greenon Local School District's (the District's) federal award programs' receipts and disbursements. The Schedule has been prepared on the cash basis of accounting.

**NOTE B – CHILD NUTRITION CLUSTER**

The District commingles cash receipts from the U.S. Department of Agriculture with similar State grants. When reporting expenditures on this Schedule, the District assumes it expends federal monies first.

**NOTE C – FOOD DONATION PROGRAM**

The District reports commodities consumed on the Schedule at the entitlement value. The District allocated donated food commodities to the respective program that benefitted from the use of those donated food commodities.

**NOTE D – MATCHING REQUIREMENTS**

Certain Federal programs require the District to contribute non-Federal funds (matching funds) to support the Federally-funded programs. The District has met its matching requirements. The Schedule does not include the expenditure of non-Federal matching funds.

## INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

Greenon Local School District  
Clark County  
500 South Xenia Drive  
Enon, Ohio 45323

To the Board of Education:

We have audited, in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Greenon Local School District, Clark County, (the District) as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the District's basic financial statements and have issued our report thereon dated March 16, 2016, wherein we noted the District adopted Government Accounting Standard No. 68, *Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27* and Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date*.

### ***Internal Control Over Financial Reporting***

As part of our financial statement audit, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures appropriate in the circumstances to the extent necessary to support our opinions on the financial statements, but not to the extent necessary to opine on the effectiveness of the District's internal control. Accordingly, we have not opined on it.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the District's financial statements. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all internal control deficiencies that might be material weaknesses or significant deficiencies. Given these limitations, we did not identify any deficiencies in internal control that we consider material weaknesses. However, unidentified material weaknesses may exist.

***Compliance and Other Matters***

As part of reasonably assuring whether the District's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

***Purpose of this Report***

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

A handwritten signature in black ink that reads "Dave Yost". The signature is written in a cursive style with a large, looping "D" and "Y".

## INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133

Greenon Local School District  
Clark County  
500 South Xenia Drive  
Enon, Ohio 45323

To the Board of Education:

### ***Report on Compliance for Each Major Federal Program***

We have audited the Greenon Local School District's (the District) compliance with the applicable requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133, Compliance Supplement* that could directly and materially affect each of the Greenon Local School District's major federal programs for the year ended June 30, 2015. The *Summary of Auditor's Results* in the accompanying schedule of findings identifies the District's major federal programs.

### ***Management's Responsibility***

The District's Management is responsible for complying with the requirements of laws, regulations, contracts, and grants applicable to its federal program.

### ***Auditor's Responsibility***

Our responsibility is to opine on the District's compliance for each of the District's major federal programs based on our audit of the applicable compliance requirements referred to above. Our compliance audit followed auditing standards generally accepted in the United States of America; the standards for financial audits included in the Comptroller General of the United States' *Government Auditing Standards*; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. These standards and OMB Circular A-133 require us to plan and perform the audit to reasonably assure whether noncompliance with the applicable compliance requirements referred to above that could directly and materially affect a major federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe our audit provides a reasonable basis for our compliance opinion on the District's major programs. However, our audit does not provide a legal determination of the District's compliance.

### ***Opinion on Each Major Federal Program***

In our opinion, the Greenon Local School District complied, in all material respects with the compliance requirements referred to above that could directly and materially affect each of its major federal programs for the year ended June 30, 2015.

**Report on Internal Control Over Compliance**

The District's management is responsible for establishing and maintaining effective internal control over compliance with the applicable compliance requirements referred to above. In planning and performing our compliance audit, we considered the District's internal control over compliance with the applicable requirements that could directly and materially affect a major federal program, to determine our auditing procedures appropriate for opining on each major federal program's compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not to the extent needed to opine on the effectiveness of internal control over compliance. Accordingly, we have not opined on the effectiveness of the District's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, when performing their assigned functions, to prevent, or to timely detect and correct, noncompliance with a federal program's applicable compliance requirement. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a federal program compliance requirement will not be prevented, or timely detected and corrected. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with federal program's applicable compliance requirement that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

This report only describes the scope of our internal control over compliance tests and the results of this testing based on OMB Circular A-133 requirements. Accordingly, this report is not suitable for any other purpose.
