Basic Financial Statements – Modified Cash Basis

June 30, 2015

with Independent Auditors' Report

Dave Yost • Auditor of State

Board of Education
Lima City School District
755 St Johns
Lima, OH 45804

We have reviewed the *Independent Auditor's Report* of the Lima City School District, Allen County, prepared by Clark, Schaefer, Hackett & Co., for the audit period July 1, 2014 through June 30, 2015. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The Lima City School District is responsible for compliance with these laws and regulations.

A handwritten signature in black ink that reads "Dave Yost".

INDEPENDENT AUDITORS' REPORT

Board of Education
Lima City School District
755 St. Johns Avenue
Lima, Ohio 45804

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Lima City School District (the District) as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash accounting basis Note 2 describes. This responsibility includes determining that the modified cash accounting basis is acceptable for the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

f. 937.399.5433

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective modified cash financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the District, as of June 30, 2015, and the respective changes in modified cash financial position thereof, and the respective budgetary fund comparison for the General fund, for the year then ended in accordance with the accounting basis described in Note 2.

Accounting Basis

Ohio Administrative Code Section 117-2-03(B) requires the District to prepare its annual financial report in accordance with accounting principles generally accepted in the United States of America. We draw attention to Note 2 of the financial statements, which describes the basis applied to these statements, which is a basis other than generally accepted accounting principles. We did not modify our opinion regarding this matter.

Other Matters

Supplemental and Other Information

Our audit was conducted for the purpose of forming our opinions on the financial statements that collectively comprise the District's basic financial statements. The schedule of expenditures of federal awards (the Schedule) as required by the U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The Schedule of Expenditures of Federal Awards is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying account and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 30, 2015, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015**

1. DESCRIPTION OF THE SCHOOL DISTRICT AND REPORTING ENTITY

Lima City School District (the School District) is organized under Article VI, Sections 2 and 3 of the Constitution of the State of Ohio. The School District operates under a locally-elected Board form of government consisting of five members elected at-large for staggered four year terms. The School District provides educational services as authorized by state statute and/or federal guidelines.

The School District was established in 1856 through the consolidation of existing land areas and school districts. The School District is the 58th largest in the State of Ohio (among 628 school districts) in terms of enrollment. It is staffed by 198 non-certificated employees and 390 certificated full-time teaching and administrative personnel who provide services to 3,894 students and other community members. The School District currently operates ten instructional/support facilities including one administrative center.

Reporting Entity

The reporting entity is comprised of the primary government, component units, and other organizations that are included to ensure that the financial statements of the School District are not misleading. The primary government consists of all funds, departments, boards, and agencies that are not legally separate from the School District. For the School District, this includes general operations, food service, and student related activities of the School District.

Parochial Schools - Within the School District boundaries, Lima Central Catholic and three elementary schools are operated by the Toledo Catholic Diocese. Current State legislation provides funding to these parochial schools. These monies are received and disbursed on behalf of the parochial school by the Treasurer of the School District, as directed by the parochial school. The activity of these State monies is reflected in a special revenue fund for financial reporting purposes.

Component units are legally separate organizations for which the School District is financially accountable. The School District is financially accountable for an organization if the School District appoints a voting majority of the organization's governing board and (1) the School District is able to significantly influence the programs or services performed or provided by the organization; or (2) the School District is legally entitled to or can otherwise access the organization's resources; the School District is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the School District is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the School District in that the School District approves the budget, the issuance of debt, or the levying of taxes. The School District has no component units which are significant in relation to the basic financial statements of the School District.

The following entities which perform activities within the School District's boundaries for the benefit of its residents are excluded from the accompanying financial statements because the School District is not financially accountable for these entities, nor are they fiscally dependent on the School District: the City of Lima and the Parent Teacher Association.

The School District is associated with three jointly governed organizations, one group purchasing pool and a related organization. These organizations include the Northwest Ohio Area Computer Services Cooperative, the West Central Ohio Regional Professional Development Center, the Northwestern Ohio Educational Research Council, Inc., the Allen County Schools Health Benefit Plan, and the Lima Public Library. These organizations are presented in Notes 15, 16 and 17 to the financial statements.

**LIMA CITY SCHOOL DISTRICT
ALLEN COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015
(Continued)**

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

Although Ohio Administrative Code Section 117-2-03 (B) requires the School District's financial report to follow generally accepted accounting principles (GAAP), the School District chooses to prepare its financial statements and notes in accordance with the modified cash basis of accounting. The School District recognizes receipts when received in cash rather than when earned and recognizes disbursements when paid rather than when a liability is incurred.

The School District also reports long-term investments as assets, valued at cost. Budgetary presentations report budgetary expenditures when a commitment is made (i.e., when an encumbrance is approved). Differences between disbursements reported in the government-wide and fund financial statements versus budgetary expenditures result from encumbrances outstanding at the beginning and end of the fiscal year.

B. Basis of Presentation

The School District's basic financial statements consist of government-wide financial statements, including a statement of net position and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

1. Government-Wide Financial Statements

The statement of net position and the statement of activities display information about the School District as a whole. These statements include the financial activities of the primary government, except for fiduciary funds.

The statement of net position presents the cash balance of the governmental activities of the School District at fiscal year-end. The statement of activities compares disbursements with program receipts for each function or program of the School District's governmental activities. Disbursements are reported by function. A function is a group of related activities designed to accomplish a major service or regulatory program for which the government is responsible. Program receipts include charges paid by the recipient of the program's goods or services and grants and contributions restricted to meeting the operational or capital requirements of a particular program. General receipts are all receipts not classified as program receipts, with certain limited exceptions. The comparison of direct disbursements with program receipts identifies the extent to which each governmental function is self-financing on a modified cash basis or draws from the School District's general receipts.

2. Fund Financial Statements

During the fiscal year, the School District segregates transactions related to certain School District functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the School District at this more detailed level. The focus of governmental fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. Fiduciary funds are reported by type.

FOR THE FISCAL YEAR ENDED JUNE 30, 2015
(Continued)**

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Fund Accounting

The School District uses funds to maintain its financial records during the fiscal year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The funds of the School District are divided into two categories, governmental and fiduciary.

1. Governmental Funds:

The School District classifies funds financed primarily from taxes, intergovernmental receipts (e.g. grants), and other nonexchange transactions as governmental funds. The School District's major fund is as follows:

General Fund - The General Fund is a set of accounts used to show all ordinary operations of a school system, generally all transactions which do not have to be accounted for in another fund.

The other governmental funds of the School District account for grants and other resources whose use is restricted to a particular purpose.

2. Fiduciary Funds:

The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private purpose trust funds and agency funds. Trust funds are used to account for assets held by the School District under a trust agreement for individuals, private organizations, or other governments and are not available to support the School District's own programs. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The School District's Trust Fund accounts for scholarships and the Agency Fund accounts for various student-managed activities. Fiduciary funds are not included in the government-wide statements.

D. Budgetary Process

All funds, except agency funds, are legally required to be budgeted and appropriated. The major documents prepared are the tax budget, the certificate of estimated resources, and the appropriations resolution, all of which are prepared on the budgetary basis of accounting. The tax budget demonstrates a need for existing or increased tax rates. The certificate of estimated resources establishes the limit on the amount the Board of Education may appropriate. The appropriations resolution is the Board's authorization to spend resources and sets annual limits on expenditures plus encumbrances at the level of control selected by the Board.

The legal level of control has been established by the Board at the fund level for all funds. Budgetary allocations at the function and object level within all funds are made by the Treasurer.

The certificate of estimated resources may be amended during the fiscal year if projected increases or decreases in receipts are identified by the Treasurer. The amounts reported as the original budgeted amounts on the budgetary statements reflect the amounts on the certificate of estimated resources when the original appropriations were adopted. The amounts reported as the final budgeted amounts on the budgetary statements reflect the amounts on the amended certificate of estimated resources in effect at the time final appropriations were passed by the Board.

**LIMA CITY SCHOOL DISTRICT
ALLEN COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015
(Continued)**

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The appropriation resolution is subject to amendment throughout the year with the restriction that appropriations cannot exceed estimated resources. The amounts reported as the original budgeted amounts reflect the first appropriation resolution for that fund that covered the entire fiscal year, including amounts automatically carried forward from prior fiscal years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by the Board during the fiscal year.

While the School District is reporting financial position, results of operation, and changes in fund balances on the modified cash basis fund statements, the budgetary basis as provided by law is based upon accounting for certain transactions of cash receipts, disbursements and encumbrances. The budgetary comparison statement for the General fund is presented on the budgetary basis to provide a meaningful comparison of actual results with the budgeted amounts. The adjustments necessary to reconcile modified cash and budget basis statements are as follows:

	<u>Net Change in Fund Balance</u>
	General Fund
Modified Cash Basis	\$ 5,894,609
Encumbrances	(555,647)
Excess of Funds Combined with General Fund for Reporting Purposes	(9,944)
Budget Basis	\$ 5,329,018

E. Cash and Investments

To improve cash management, the majority of cash received by the School District is pooled. Monies for all funds are maintained in this pool. Individual fund integrity is maintained through School District records. Interest in the pool is presented as "Equity in Pooled Cash and Investments." Specific funds have separately identifiable investments.

During fiscal year 2015, investments included Federal National Mortgage Association, Federal Home Loan Bank, Federal Home Loan Mortgage, US Treasury Money Market and STAR Ohio. STAR Ohio, which is an investment pool, managed by the State Treasurer's Office, which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in STAR Ohio are valued at STAR Ohio's share price, which is the price the investment could be sold for on June 30, 2015.

Following Ohio Statutes, the Board of Education has, by resolution, specified the funds to receive an allocation of interest earnings. Interest earnings credited to the General Fund during fiscal year 2015 was \$12,722, which included \$4,107 assigned from other School District funds.

Investments of the School District's cash management pool and investments with an original maturity of three months or less at the time they are purchased by the School District are presented on the financial statements as cash equivalents. Investments with an initial maturity of more than three months that were not purchased from the pool are reported as investments

**LIMA CITY SCHOOL DISTRICT
ALLEN COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015
(Continued)**

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

F. Capital Assets

Acquisitions of property, plant and equipment are recorded as disbursements when paid. The financial statements do not report these assets.

G. Compensated Absences

Employees are entitled to cash payments for unused vacation and sick leave in certain circumstances, such as upon leaving employment. Unpaid vacation and sick leave are not reflected as liabilities under the modified cash basis of accounting used by the School District.

H. Long-Term Liabilities

Modified cash basis financial statements do not report liabilities for bonds and other long-term obligations. Proceeds of debt are reported when cash is received and principal and interest payments are reported when disbursements are made.

I. Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the District is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

Nonspendable - The nonspendable fund balance category includes amounts that cannot be spent because there are in spendable form, or legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash.

Restricted – Fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or is imposed by law through constitutional provisions.

Committed – The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by a formal action (resolution) of the School District's governing board. Those committed amounts cannot be used for any other purpose unless the governing board removes or changes the specified use by taking the same type of action (resolution) it employed to previously commit those amounts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Assigned – Amounts in the assigned fund balance classification are intended to be used by the District for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds other than the general fund, assigned fund balance represents the remaining amount that is not restricted or committed. In the general fund, assigned amounts represent intended uses established by the District's governing board. The Board of Education has authorized the Treasurer to assign fund balance for purchases on order provided those amounts have been lawfully appropriated.

**LIMA CITY SCHOOL DISTRICT
ALLEN COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015
(Continued)**

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

I. Fund Balance (Continued)

Unassigned – Unassigned fund balance is the residual classification for the general fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned.

The School District applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

J. Interfund Activity

Transfers within governmental activities are eliminated on the government-wide financial statements. Exchange transactions between funds are reported as receipts in the seller funds and as expenditures in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds. Repayments from funds responsible for particular expenditures to the funds that initially paid for them are not presented on the financial statements.

K. Pensions

For purposes of measuring the net pension liability, information about the fiduciary net position of the pension plans and additions to/deductions from their fiduciary net position have been determined on the same basis as they are reported by the pension systems. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. The pension systems report investments at fair value.

L. Net Cash Position

Net cash position represent cash assets held by the School District at year-end. Net cash position is reported as restricted when there are limitations imposed on their use either through enabling legislation adopted by the School District or through external restrictions imposed by creditors, grantors or laws, or regulations of other governments. Restricted for Other Purposes is comprised of net position restricted for grants. The School District applies restricted resources first when a cash disbursement is made for purposes for which both restricted and unrestricted net cash position is available. As of June 30, 2015, of the School District's \$5,427,791 restricted net cash position, \$0 was restricted by enabling legislation.

3. ACCOUNTABILITY AND COMPLIANCE

Compliance

Ohio Administrative Code, Section 117-2-03 (B), requires the School District to prepare its annual financial report in accordance with generally accepted accounting principles. However, the School District prepared its financial statements on a modified cash basis, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. The accompanying financial statements omit assets, liabilities, net position/fund balances, and

**LIMA CITY SCHOOL DISTRICT
ALLEN COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015
(Continued)**

3. ACCOUNTABILITY AND COMPLIANCE (Continued)

disclosures that, while material, cannot be determined at this time. The School District can be fined and various other administrative remedies may be taken against the School District.

Deficit Fund Balances

At June 30, 2015 the following non-major special revenue funds reported a deficit ending fund balance:

<u>Non-Major Special Revenue Funds:</u>	
Early Childhood Education	\$ (1,835)
Alternative Education	(434)
IDEA Part B Grant	(53,722)
Title I School Improvement Grant	(15,554)
Limited English Proficiency Grant	(2,115)
Title I Disadvantaged Children Grant	(81,946)
Title II-A Grant	(5,688)
Miscellaneous Federal Grants	(62,101)

The deficits in these funds occurred as a result of grant expenditures coming due prior to the School District drawing against the grant funding. All deficit balances were resolved shortly into the subsequent fiscal year when the draws against these grants were received by the School District.

4. DEPOSITS AND INVESTMENTS

State statutes classify monies held by the School District into three categories.

Active deposits are public deposits necessary to meet current demands on the treasury. Such monies must be maintained either as cash in the School District Treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that the Board of Education has identified as not required for use within the current five year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit, or by savings or deposit accounts including passbook accounts.

Interim monies may be deposited or invested in the following securities:

1. United States treasury notes, bills, bonds, or other obligations of or securities issued by the United States treasury or any other obligation guaranteed as to the payment of principal and interest by the United States;
2. Bonds, notes, debentures, or other obligations or securities issued by any federal government agency or instrumentality, including, but not limited to, the federal national mortgage association, federal home loan bank, federal farm credit bank, federal home loan mortgage corporation, government national mortgage association, and student loan

**LIMA CITY SCHOOL DISTRICT
ALLEN COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015
(Continued)**

4. DEPOSITS AND INVESTMENTS (Continued)

- marketing association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. Written repurchase agreements in the securities listed above, provided that the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and that the term of the agreement must not exceed thirty days;
 4. Bonds and other obligations of the State of Ohio;
 5. Interim deposits in the eligible institutions applying for interim money as provided in section 135.08 of the Revised Code;
 6. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
 7. The State Treasurer's investment pool (STAR Ohio);
 8. Certain bankers' acceptances for a period not to exceed one hundred eighty days and commercial paper notes for a period not to exceed one hundred eighty days in an amount not to exceed twenty-five percent of the interim moneys available for investment at any one time;
 9. Commercial paper notes issued by any entity that is defined in division (D) of section 1705.01 of the Revised Code and has assets exceeding five hundred million dollars, and to which notes are rated at the time of purchase in the highest classification established by at least two standard rating services; the aggregate value of the notes does not exceed ten percent of the aggregate value of the outstanding commercial paper of the issuing corporation; the notes mature no later than one hundred eighty days after purchase; and
 10. Bankers' acceptances of banks that are members of the federal deposit insurance corporation to which obligations both the following apply: obligations are eligible for purchase by the Federal Reserve System and the obligations mature no later than one hundred eighty days after purchase.

Protection of School District's deposits is provided by the Federal Deposit Insurance Corporation, by eligible securities pledged by the financial institution as security for repayment, by surety company bonds deposited with the Treasurer by the financial institution, or by a single collateral pool established by the financial institution to secure the repayment of all public monies deposited with the institution.

Investments in stripped principal or interest obligations reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. An investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the School District, and must be purchased with the expectation that it will be held to maturity. Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of securities representing the investments to the treasurer or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

**LIMA CITY SCHOOL DISTRICT
ALLEN COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015
(Continued)**

4. DEPOSITS AND INVESTMENTS (Continued)

A. Cash on Hand

At fiscal year end, the School District had \$200 in undeposited cash on hand which is included on the Statement of Assets and Fund Balances of the School District as part of "Equity in Pooled Cash and Investments".

B. Deposits

Custodial credit risk for deposits is the risk that in the event of bank failure, the School District will not be able to recover deposits or collateral securities that are in the possession of an outside party. At fiscal year end, the carrying amount of the School District's deposits was \$12,655,719, and the bank balance was \$13,005,040. Of the bank balance, \$638,047 was covered by federal depository insurance and \$12,366,993 was exposed to custodial credit risk because it was uninsured and collateralized with securities held by the pledging institutions trust department or agent, but not in the name of the School District. Although all State statutory requirements for the deposit of money had been followed, non-compliance with federal requirements would potentially subject the School District to a successful claim by the Federal Deposit Insurance Corporation.

The School District has no deposit policy for custodial risk beyond the requirements of State statute. Ohio law required that deposits be either insured or be protected by eligible securities pledged to and deposited either with the School District or a qualified trustee by the financial institution as security for repayment, or by a collateral pool of eligible securities deposited with a qualified trustee and pledged to secure the repayment of all public monies deposited in the financial institution whose market value at all times shall be at least one hundred five percent of the deposits being secured.

C. Investments

The School District's investments are categorized below to give an indication of the level of risk assumed by the School District at fiscal year-end.

	Carrying Value	Market Value	Investment Maturities (in years)		Credit Rating S&P
			Less than 1	1-5	
Federal National Mortgage Assoc.	\$ 1,121,939	\$ 1,124,768	\$ 160,144	\$ 964,624	AA+
Federal Home Loan Bank	1,354,304	1,355,809	719,857	635,952	AA+
Federal Home Loan Mortgage Corp.	739,656	740,618	-	740,618	AA+
US Treasury Money Market funds	1,402,045	1,402,045	1,402,045	-	AAA
STAR Ohio	166,118	166,034	166,034	-	AAA
Total Investments	<u>\$ 4,784,062</u>	<u>\$ 4,789,274</u>	<u>\$ 2,448,080</u>	<u>\$ 2,341,194</u>	

The School District uses the modified cash basis of accounting and records all investments at cost rather than at market value.

Interest Rate Risk – The School District does have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. In practice, the School District manages its exposure to declines in fair values by limiting the maximum maturity of its investment portfolio to five years.

**LIMA CITY SCHOOL DISTRICT
ALLEN COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015
(Continued)**

4. DEPOSITS AND INVESTMENTS (Continued)

Credit Risk –The School District limits their investments to securities issued by Federal Agencies, US Treasury Money Market Funds and STAR Ohio.

Concentration of Credit Risk – The School District’s investment policy allows investments in Repurchase Agreements, US Government Securities and Instrumentalities, Money Market Mutual Funds and STAR Ohio and allowable investments as defined by Ohio Revised Code Sections 133 and 135. The School District has invested 24% in Federal National Mortgage Association, 28% in Federal Home Loan Bank, 15% in Federal Home Loan Mortgage Corp., 29% in US Treasury Money Market, and 4% in STAR Ohio.

Custodial Credit Risk - Custodial credit risk is the risk that in the event of the failure of the counterparty, the School District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. All of the School District’s securities are either insured and registered in the name of the School District or at least registered in the name of the School District. The School District has no investment policy dealing with investment custodial risk beyond the requirement in state statute that prohibits payment for investments prior to the delivery of the securities representing such investments to the treasurer or qualified trustee.

5. PROPERTY TAXES

Property taxes are levied and assessed on a calendar year basis, while the School District’s fiscal year runs from July through June. First-half tax distributions are received by the School District in the second half of the fiscal year. Second-half tax distributions are received in the first half of the following fiscal year. Property taxes include amounts levied against all real property, public utility property, and tangible personal property (used in business) located in the School District. Real and public utility property tax receipts received in calendar year 2015 represent the collection of calendar year 2014 taxes. Real property taxes for calendar year 2015 are levied after April 1, 2014, on the assessed values as of January 1, 2014, the lien date.

Assessed values for real property taxes are established by State statute at 35 percent of appraised market value. Real property taxes are payable annually or semiannually. If paid annually, payment is due December 31; if paid semiannually, the first payment is due December 31, with the remainder payable by June 20. Under certain circumstances, State statute permits alternate payment dates to be established.

Public utility property tax receipts received in calendar 2015 represent collections of calendar year 2014 taxes. Public utility real and tangible personal property taxes received in calendar year 2015 became a lien December 31, 2013, were levied after April 1, 2014 and are collected with real property taxes. Public utility real property is assessed at thirty-five percent of true value; public utility tangible personal property currently is assessed at varying percentages of true value.

The School District receives property taxes from Allen County. The County Auditor periodically advances to the School District its portion of the taxes collected.

**LIMA CITY SCHOOL DISTRICT
ALLEN COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015
(Continued)**

5. PROPERTY TAXES (Continued)

Ohio House Bill No. 66 was signed into law on June 30, 2005. House Bill No. 66 phased out the tax on tangible personal property of general businesses, telephone and telecommunications companies and railroads. The tax on general business and railroad property was eliminated in calendar year 2009 and the tax on telephone and telecommunications property was eliminated in calendar year 2011. The tax was phased out by reducing the assessment rate on the property each year. The bill replaces receipts lost by the School District due to the phasing out of the tax. In calendar years 2006 through 2010, the School District was fully reimbursed at the level of calendar year 2004 assessed values for the lost receipts. In calendar years 2011 through 2017, the reimbursements will be phased out.

The assessed values upon which the fiscal year 2015 taxes were collected are:

	2014 Second- Half Collections		2015 First- Half Collections	
	Amount	Percent	Amount	Percent
Agricultural/Residential and Other Real Estate	\$272,587,320	93.3%	\$269,174,960	93.1%
Public Utility	<u>19,512,070</u>	<u>6.7%</u>	<u>19,815,830</u>	<u>6.9%</u>
Total Assessed Value	<u>\$292,099,390</u>	<u>100.0%</u>	<u>\$288,990,790</u>	<u>100.0%</u>
Tax rate per \$1,000 of assessed valuation	\$49.67		\$50.03	

6. RISK MANAGEMENT

A. Property and Liability

The School District is exposed to various risks of loss related to torts; theft of, or damage to, and destruction of assets; error and omissions; injuries to employees; and natural disasters. During fiscal year 2015, the School District contracted with The Midwestern Indemnity Co. for property, general liability and business personal property insurance. Limits for these coverages are \$148,147,654, \$1,000,000 each occurrence and \$2,000,000 general aggregate limit and \$23,450,000, respectively. Professional liability is protected by the Midwestern Indemnity Co. with \$1,000,000 each occurrence, \$1,000,000 aggregated limit.

Vehicles are covered by The Midwestern Indemnity Company and have a \$1,000 deductible for comprehensive and collisions. Automobile liability has a \$1,000,000 combined single limit of liability.

Settled claims have not exceeded this commercial coverage in any of the past three years. There have been no significant reductions in insurance coverage from last year.

Public officials' bond insurance is provided by American States Insurance Company for a total of \$140,000.

B. Workers' Compensation

The School District provided Workers' Compensation for its employees. The firm of Sheakley Uniservice, Inc. served as our third party administrator (TPA) and provided administrative, cost control, assistance with safety programs and actuarial services to the School District. Comp Management served as our medical care organization (MCO) and handled our medical claims.

**LIMA CITY SCHOOL DISTRICT
ALLEN COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015
(Continued)**

6. RISK MANAGEMENT (Continued)

C. Health Insurance

The School District participates in the Allen County Schools Health Benefit Plan (the Plan), a public entity shared risk pool consisting of some of the school districts within Allen County. The School District pays monthly premiums to the Plan for employee medical and dental benefits. The Plan is responsible for the management and operations of the program. Upon withdrawal from the Plan, a participant is responsible for the payment of all Plan liabilities to its employees, dependents, and designated beneficiaries accruing as a result of withdrawal.

7. DEFINED BENEFIT PENSION PLANS

Net Pension Liability

For fiscal year 2015, Governmental Accounting Standards Board (GASB) Statement No. 68, "Accounting and Financial Reporting for Pensions" and GASB Statement No. 71, "Pension Transition for Contributions Made Subsequent to the Measurement Date—an amendment of GASB Statement No. 68" were effective. These GASB pronouncements had no effect on beginning net position as reported June 30, 2014, as the net pension liability is not reported in the accompanying financial statements. The net pension liability has been disclosed below.

Pensions are a component of exchange transactions—between an employer and its employees—of salaries and benefits for employee services. Pensions are provided to an employee—on a deferred-payment basis—as part of the total compensation package offered by an employer for employee services each financial period.

The net pension liability represents the School District's proportionate share of each pension plan's collective actuarial present value of projected benefit payments attributable to past periods of service, net of each pension plan's fiduciary net position. The net pension liability calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting this estimate annually.

Ohio Revised Code limits the School District's obligation for this liability to annually required payments. The School District cannot control benefit terms or the manner in which pensions are financed; however, the School District does receive the benefit of employees' services in exchange for compensation including pension.

GASB 68 assumes the liability is solely the obligation of the employer, because (1) they benefit from employee services; and (2) State statute requires all funding to come from these employers. All contributions to date have come solely from these employers (which also includes costs paid in the form of withholdings from employees). State statute requires the pension plans to amortize unfunded liabilities within 30 years. If the amortization period exceeds 30 years, each pension plan's board must propose corrective action to the State legislature. Any resulting legislative change to benefits or funding could significantly affect the net pension liability. Resulting adjustments to the net pension liability would be effective when the changes are legally enforceable.

Plan Description - School Employees Retirement System (SERS)

Plan Description – School District non-teaching employees participate in SERS, a cost-sharing multiple-employer defined benefit pension plan administered by SERS. SERS provides retirement, disability and survivor benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Ohio Revised Code Chapter 3309. SERS issues a publicly available, stand-alone financial report that includes

**LIMA CITY SCHOOL DISTRICT
ALLEN COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015
(Continued)**

7. DEFINED BENEFIT PENSION PLANS (Continued)

financial statements, required supplementary information and detailed information about SERS' fiduciary net position. That report can be obtained by visiting the SERS website at www.ohsers.org under Employers/Audit Resources.

Age and service requirements for retirement are as follows:

	Eligible to Retire on or before August 1, 2017 *	Eligible to Retire on or after August 1, 2017
Full Benefits	Any age with 30 years of service credit	Age 67 with 10 years of service credit; or Age 57 with 30 years of service credit
Actuarially Reduced Benefits	Age 60 with 5 years of service credit Age 55 with 25 years of service credit	Age 62 with 10 years of service credit; or Age 60 with 25 years of service credit

* Members with 25 years of service credit as of August 1, 2017, will be included in this plan.

Annual retirement benefits are calculated based on final average salary multiplied by a percentage that varies based on year of service; 2.2 percent for the first thirty years of service and 2.5 percent for years of service credit over 30. Final average salary is the average of the highest three years of salary.

One year after an effective benefit date, a benefit recipient is entitled to a three percent cost-of-living adjustment (COLA). This same COLA is added each year to the base benefit amount on the anniversary date of the benefit.

Funding Policy – Plan members are required to contribute 10 percent of their annual covered salary and the School District is required to contribute 14 percent of annual covered payroll. The contribution requirements of plan members and employers are established and may be amended by the SERS' Retirement Board up to statutory maximum amounts of 10 percent for plan members and 14 percent for employers. The Retirement Board, acting with the advice of the actuary, allocates the employer contribution rate among four of the System's funds (Pension Trust Fund, Death Benefit Fund, Medicare B Fund, and Health Care Fund). For the fiscal year ended June 30, 2015, the allocation to pension, death benefits, and Medicare B was 13.18 percent. The remaining 0.82 percent of the 14 percent employer contribution rate was allocated to the Health Care Fund.

The School District's contractually required contribution to SERS was \$1,229,967 for fiscal year 2015.

Plan Description - State Teachers Retirement System (STRS)

Plan Description – School District licensed teachers and other faculty members participate in STRS Ohio, a cost-sharing multiple-employer public employee retirement system administered by STRS. STRS provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS issues a stand-alone financial report that includes financial statements, required supplementary information and detailed information about STRS' fiduciary net position. That report can be obtained by writing to STRS, 275 E. Broad St., Columbus, OH 43215-3771, by calling (888) 227-7877, or by visiting the STRS Web site at www.strsoh.org.

New members have a choice of three retirement plans; a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan and a Combined Plan. Benefits are established by Ohio Revised Code Chapter 3307. The DB plan offers an annual retirement allowance based on final average salary multiplied by a percentage that varies based on years of service. Effective August 1, 2015, the

**LIMA CITY SCHOOL DISTRICT
ALLEN COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015
(Continued)**

7. DEFINED BENEFIT PENSION PLANS (Continued)

calculation will be 2.2 percent of final average salary for the five highest years of earnings multiplied by all years of service. With certain exceptions, the basic benefit is increased each year by two percent of the original base benefit. For members retiring August 1, 2013, or later, the first two percent is paid on the fifth anniversary of the retirement benefit. Members are eligible to retire at age 60 with five year of qualifying service credit, or age 55 with 25 years of service, or 30 years of service regardless of age. Age and service requirements for retirement will increase effective August 1, 2015, and will continue to increase periodically until they reach age 60 with 35 years of service or age 65 with five year of service on August 1, 2026.

The DC Plan allows members to place all their member contributions and 9.5 percent of the 14 percent employer contributions into an investment account. Investment allocation decisions are determined by the member. The remaining 4.5 percent of the 14 percent employer rate is allocated to the defined benefit unfunded liability. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal.

The Combined Plan offers features of both the DB Plan and the DC Plan. In the Combined Plan, member contributions are allocated among investment choices by the member, and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DB Plan. The defined benefit portion of the Combined Plan payment is payable to a member on or after age 60 with five years of services. The defined contribution portion of the account may be taken as a lump sum payment or converted to a lifetime monthly annuity at age 50.

New members who choose the DC plan or Combined Plan will have another opportunity to reselect a permanent plan during their fifth year of membership. Members may remain in the same plan or transfer to another STRS plan. The optional annuitization of a member's defined contribution account or the defined contribution portion of a member's Combined Plan account to a lifetime benefit results in STRS bearing the risk of investment gain or loss on the account. STRS has therefore included all three plan options as one defined benefit plan for GASB 68 reporting purposes.

A DB or Combined Plan member with five or more years of credited service who is determined to be disabled may qualify for a disability benefit. Eligible survivors of members who die before service retirement may qualify for monthly benefits. New members on or after July 1, 2013, must have at least ten years of qualifying service credit that apply for disability benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member of the DC Plan dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

Funding Policy – Employer and member contribution rates are established by the State Teachers Retirement Board and limited by Chapter 3307 of the Ohio Revised Code. The statutory maximum employee contribution rate was increased one percent July 1, 2014, and will be increased one percent each year until it reaches 14 percent on July 1, 2016. For the fiscal year ended June 30, 2015, plan members were required to contribute 12 percent of their annual covered salary. The School District was required to contribute 14 percent; the entire 14 percent was the portion used to fund pension obligations. The fiscal year 2015 contribution rates were equal to the statutory maximum rates.

The School District's contractually required contribution to STRS was \$2,803,500 for fiscal year 2015.

ALLEN COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015
(Continued)**

7. DEFINED BENEFIT PENSION PLANS (Continued)

Net Pension Liability

The net pension liability was measured as of June 30, 2014, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The School District's proportion of the net pension liability was based on the School District's share of contributions to the pension plan relative to the projected contributions of all participating entities. Following is information related to the proportionate share:

	<u>SERS</u>	<u>STRS</u>	<u>Total</u>
Proportionate Share of the Net Pension Liability	\$ 10,671,302	\$ 47,479,875	\$ 58,151,177
Proportion of the Net Pension Liability	0.2108560%	0.1952020%	

Actuarial Assumptions - SERS

SERS' total pension liability was determined by their actuaries in accordance with GASB Statement No. 67, as part of their annual actuarial valuation for each defined benefit retirement plan. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts (e.g., salaries, credited service) and assumptions about the probability of occurrence of events far into the future (e.g., mortality, disabilities, retirements, employment termination). Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employers and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations.

Actuarial calculations reflect a long-term perspective. For a newly hired employee, actuarial calculations will take into account the employee's entire career with the employer and also take into consideration the benefits, if any, paid to the employee after termination of employment until the death of the employee and any applicable contingent annuitant. In many cases actuarial calculations reflect several decades of service with the employer and the payment of benefits after termination.

Key methods and assumptions used in calculating the total pension liability in the latest actuarial valuation, prepared as of June 30, 2014, are presented below:

Wage Inflation	3.25 percent
Future Salary Increases, including inflation	4.00 percent to 22 percent
COLA or Ad Hoc COLA	3 percent
Investment Rate of Return	7.75 percent net of investments expense, including inflation
Actuarial Cost Method	Entry Age Normal

For post-retirement mortality, the table used in evaluating allowances to be paid is the 1994 Group Annuity Mortality Table set back one year for both men and women. Special mortality tables are used for the period after disability retirement.

The most recent experience study was completed June 30, 2010.

ALLEN COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015
(Continued)**

7. DEFINED BENEFIT PENSION PLANS (Continued)

The long-term return expectation for the Pension Plan Investments has been determined using a building-block approach and assumes a time horizon, as defined in SERS' Statement of Investment Policy. A forecasted rate of inflation serves as the baseline for the return expectation. Various real return premiums over the baseline inflation rate have been established for each asset class. The long-term expected nominal rate of return has been determined by calculating a weighted averaged of the expected real return premiums for each asset class, adding the projected inflation rate, and adding the expected return from rebalancing uncorrelated asset classes. The target allocation and best estimates of arithmetic real rates of return for each major assets class are summarized in the following table:

Asset Class	Target Allocation	Long Term Expected Real Rate of Return
Cash	1.00 %	0.00 %
US Stocks	22.50	5.00
Non-US Stocks	22.50	5.50
Fixed Income	19.00	1.50
Private Equity	10.00	10.00
Real Assets	10.00	5.00
Multi-Asset Strategies	15.00	7.50
Total	<u>100.00 %</u>	

Discount Rate The total pension liability was calculated using the discount rate of 7.75 percent. The projection of cash flows used to determine the discount rate assumed the contributions from employers and from the members would be computed based on contribution requirements as stipulated by State statute. Projected inflows from investment earning were calculated using the long-term assumed investment rate of return (7.75 percent). Based on those assumptions, the plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefits to determine the total pension liability.

Sensitivity of the School District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate Net pension liability is sensitive to changes in the discount rate, and to illustrate the potential impact the following table presents the net pension liability calculated using the discount rate of 7.75 percent, as well as what each plan's net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.75 percent), or one percentage point higher (8.75 percent) than the current rate.

	1% Decrease (6.75%)	Current Discount Rate (7.75%)	1% Increase (8.75%)
School District's proportionate share of the net pension liability	\$ 15,224,777	\$ 10,671,302	\$ 6,841,436

**LIMA CITY SCHOOL DISTRICT
ALLEN COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015
(Continued)**

7. DEFINED BENEFIT PENSION PLANS (Continued)

Actuarial Assumptions - STRS

The total pension liability in the June 30, 2014, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.75 percent
Projected salary increases	2.75 percent at age 70 to 12.25 percent at age 20
Investment rate of return	7.75 percent, net of investment expenses
Cost-of-Living Adjustments (COLA)	2 percent simple applied as follows: for members retiring before August 1, 2013, 2 percent per year; for members retiring August 1, 2013, or later, 2 percent COLA paid on fifth anniversary of retirement date.

Mortality rates were based on the RP-2000 Combined Mortality Table (Projection 2022—Scale AA) for Males and Females. Males' ages are set-back two years through age 89 and no set-back for age 90 and above. Females younger than age 80 are set back four years, one year set back from age 80 through 89 and not set back from age 90 and above.

Actuarial assumptions used in the June 30, 2014, valuation are based on the results of an actuarial experience study, effective July 1, 2012.

The 10 year expected real rate of return on pension plan investments was determined by STRS' investment consultant by developing best estimates of expected future real rates of return for each major asset class. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized as follows:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long Term Expected Real Rate of Return</u>
Domestic Equity	31.00 %	8.00 %
International Equity	26.00	7.85
Alternatives	14.00	8.00
Fixed Income	18.00	3.75
Real Estate	10.00	6.75
Liquidity Reserves	<u>1.00</u>	3.00
Total	<u>100.00 %</u>	

Discount Rate The discount rate used to measure the total pension liability was 7.75 percent as of June 30, 2014. The projection of cash flows used to determine the discount rate assumes member and employer contributions will be made at the statutory contribution rates in accordance with rate increases described above. For this purpose, only employer contributions that are intended to fund benefits of current plan members and their beneficiaries are included. Projected employer contributions that are intended to fund the service costs of future plan members and their beneficiaries, as well as projected contributions from future plan members, are not included. Based on those assumptions, STRS' fiduciary net position was projected to be available to make all projected future benefit payments to current plan members as of June 30, 2014. Therefore, the long-term expected rate of return on pension plan investments of 7.75 percent was applied to all periods of projected benefit payment to determine the total pension liability as of June 30, 2014.

7. DEFINED BENEFIT PENSION PLANS (Continued)

Sensitivity of the School District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate The following table presents the School District's proportionate share of the net pension liability calculated using the current period discount rate assumption of 7.75 percent, as well as what the School District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one-percentage-point lower (6.75 percent) or one-percentage-point higher (8.75 percent) than the current rate:

	1% Decrease (6.75%)	Current Discount Rate (7.75%)	1% Increase (8.75%)
School District's proportionate share of the net pension liability	\$ 67,972,616	\$ 47,479,875	\$ 30,149,910

Social Security System

Effective July 1, 1991, all employees not otherwise covered by the School Employees Retirement System or the State Teachers Retirement System of Ohio have an option to choose Social Security or the School Retirement System. As of June 30, 2015, two (2) members of the Board of Education have elected Social Security. The contribution rate is 6.2 percent of wages.

8. POSTEMPLOYMENT BENEFITS

School Employee Retirement System

Plan Description – In addition to a cost sharing multiple employer defined benefit pension plan, SERS administers a postemployment benefit plan. Sections 3309.375 and 3309.69 of the Ohio Revised Code (ORC) permit SERS to offer health care benefits to eligible retirees and beneficiaries. SERS offers several types of health plans from various vendors including HMOs, PPOs, Medicare Advantage and traditional indemnity plans. A prescription drug program is also available to those who elect health care coverage. SERS employs two third-party administrators and a pharmacy benefit manager to manage the self-insurance and prescription drug plans, respectively. The ORC provides the statutory authority to fund SERS' postemployment benefits through employer contributions. Active members do not make contributions to the postemployment benefit plan.

Fund Policy – The Health Care Fund was established under, and is administered in accordance with Internal Revenue Code 105(e). Each year after the allocation for statutorily required pension and benefits, the Retirement Board allocates the remainder of the employer 14% contribution to the Health Care Fund to be used to subsidize the cost of health care coverage. For the year ended June 30, 2015, the health care allocation is 0.82%. An additional health care surcharge on employers is collected for employees earning less than an actuarially determined minimum compensation amount, pro-rated if less than a full year of service was earned. By statute no employer shall pay a health care surcharge greater than 2% of that employer's SERS-covered payroll; nor may SERS collect in aggregate more than 1.5% of the total statewide SERS-covered payroll for health care surcharge. For fiscal year 2015, the minimum compensation level was established at \$20,450. The School District's allocated contributions to the health care fund for the years ended June 30, 2015, 2014 and 2013 were \$76,523, \$8,781, and \$9,716 respectively; which equaled the required contributions for each year.

The SERS Retirement Board establishes the rules for the premiums paid by the retirees for health care coverage for themselves, dependents, or surviving beneficiaries. Premiums vary depending on plan selected, qualified years of service, Medicare eligibility, and retirement status. The financial reports of the health care plan are included in SERS' CAFR which can be obtained at www.ohsers.org under employers/audit resources.

**LIMA CITY SCHOOL DISTRICT
ALLEN COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015
(Continued)**

8. POSTEMPLOYMENT BENEFITS (Continued)

State Teachers Retirement System

Plan Description – The School District contributes to the cost sharing multiple employer defined benefit Health Plan administered by the State Teachers Retirement System of Ohio (STRS Ohio) for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS Ohio. Benefits include hospitalization, physicians' fees, prescription drugs and reimbursement of monthly Medicare Part B premiums. The Plan is included in the report of STRS Ohio which may be obtained by visiting www.strsoh.org or by calling (888) 227-7877.

Funding Policy – Ohio law authorizes STRS Ohio to offer the Plan and gives the Retirement Board authority over how much, if any, of the health care costs will be absorbed by STRS Ohio. Active employee members do not contribute to the Plan. All benefit recipients pay a monthly premium. Under Ohio law, funding for post-employment health care may be deducted from employer contributions. For 2015, STRS Ohio did not allocate any of the employer contributions to the Health Care Stabilization Fund. The School District's contributions for health care for the fiscal years ended June 30, 2015, 2014, and 2013 were \$0, \$207,799, and \$207,246 respectively; which were equal to the required contributions for each year.

9. LONG-TERM DEBT OBLIGATIONS

Under the modified cash basis of accounting, debt obligations are not reported as a liability in the accompanying basic financial statements. However, information regarding such changes in the School District's general long-term debt obligations during 2015 is as follows:

	Balance 6/30/2014	Additions	Deletions	Balance 6/30/2015	Amount Due with in One Year
General Obligation Bonds - 2000					
School Facilities - Various Purpose:					
Serial and Term Bonds - 5-6%	\$ 60,000	\$ -	\$ -	\$ 60,000	\$ -

**LIMA CITY SCHOOL DISTRICT
ALLEN COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015
(Continued)**

9. LONG-TERM DEBT OBLIGATIONS (Continued)

Ohio School Facilities Loan - On December 3, 1999, the School District and the Ohio School Facilities Commission entered into a school facilities agreement pursuant to Ohio Revised Code Section 3318.08 for construction and improvements to its facilities under the State's "Classroom Facilities Program." Under this program, the School District entered into an agreement with the State of Ohio in which the State paid for a portion of the estimated project costs.

The total budget for the project was \$104,029,247, of which \$92,663,247 was awarded in school facilities monies and \$11,366,000 was the School District's share of the project. The School District issued bonds which are being repaid from the proceeds of a tax levy. An additional property tax levy of one-half mill levy was levied for a twenty-three year period to maintain the facilities. If the School District's three-year average adjusted valuation per pupil increases above the state-wide median three-year adjusted valuation per pupil, the School District may become responsible for repayment of a portion of the State's contribution. Based on the School District's adjusted valuation relative to the state-wide median adjusted valuation, this possibility appears remote. This debt is not reflected in the general long-term obligations schedule above.

School Facilities Bonds - Classroom Facilities - On June 15, 2000, the School District issued \$9,999,999 in general obligation bonds authorized pursuant to a vote of the electors of the School District at an election held on November 2, 1999, under the authority of Ohio Revised Code Chapter 133. The proceeds of the Bonds were used to pay outstanding bond anticipation notes issued for the purpose of paying the local share of school construction under the State of Ohio Classroom Facilities Construction Program. The bond issue included serial, term and capital appreciation bonds in the amount of \$4,580,000, \$5,035,000 and \$384,999, respectively. The bonds were issued for a twenty three year period. On November 10, 2005, a portion of these bonds were refunded. The capital appreciation bonds issued on June 15, 2000 were not subject to redemption prior to scheduled maturity.

School Facilities Advance Refunding Bonds - On November 10, 2005, the School District issued \$8,540,000 in serial and term bonds and \$464,990 in capital appreciation bonds to provide resources to purchase U.S. Government Securities that were placed in an irrevocable trust for the purpose of generating resources for the advance refunding of \$3,970,000 of the School Facilities Bonds - Various Purpose dated June 1, 2000 and maturing on December 1, 2022 and \$5,035,000 of the School Facilities Bonds - Classroom Facilities dated June 15, 2000 and maturing on December 1, 2022. The bonds were issued for a seventeen-year period with final maturity of December 1, 2022. The bonds are being retired from the Debt Service Fund.

The capital appreciation bonds mature in fiscal years 2016 through 2017 at a total maturity amount of \$2,045,000. However, under the modified cash basis of accounting, the outstanding balance in the schedule of changes in general long-term obligations is recorded at the original issue amount and no accretion is reported.

School Improvement Advance Refunding Bonds - On March 1, 2012, the School District issued \$4,125,000 in serial bonds and \$94,970 in capital appreciation bonds to provide resources to purchase U.S. Government Securities that were placed in an irrevocable trust for the purpose of generating resources for the advance refunding of \$4,220,000 School Improvement Bonds dated October 22, 2003 and maturing on December 1, 2028. The bonds were issued for a seventeen-year period with final maturity of December 1, 2028.

**LIMA CITY SCHOOL DISTRICT
ALLEN COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015
(Continued)**

9. LONG-TERM DEBT OBLIGATIONS (Continued)

These general obligation serial bonds issued on March 1, 2013, due December 1, 2028, are subject to prior redemption. Serial bonds maturing on or after December 1, 2022 are subject to prior redemption by and at the sole option of the School District either in whole or in part (as selected by the Board and in whole multiples of \$5,000), on any date on or after December 1, 2021 at a redemption price equal to 100% of the principal amount redeemed, plus accrued interest to the redemption date. The capital appreciation bonds are not subject to redemption prior to scheduled maturity. The capital appreciation bonds will mature in fiscal years 2020 and 2021. The maturity amount of the bonds is \$495,000. However, under the modified cash basis of accounting, the outstanding balance in the schedule of changes in general long-term obligations is recorded at the original issue amount and no accretion is reported. The bonds are being retired from the Debt Service Fund.

Various Purpose Advance Refunding Bonds – On March 1, 2012, the School District issued \$305,000 in serial bonds to provide resources that were used to advance refund \$290,000 of the outstanding \$335,000 Various Purpose Bonds dated December 1, 2001. These funds will be deposited in an Escrow Fund (the 2013B Unvoted Bonds Escrow Fund) held by The Huntington National Bank (the Escrow Agent), pursuant to an Escrow Agreement between the School District and the Escrow Agent dated as of March 1, 2012 (the 2013B Unvoted Bonds Escrow Agreement). The bonds were issued for a six-year period with final maturity December 1, 2017. The bonds are being retired from the Debt Service Fund and, are not subject to redemption prior to scheduled maturity.

Principal and interest requirements to retire general obligation bonds outstanding at June 30, 2015 are shown below. Principal for capital appreciation bonds are shown at issuance value, however the full maturity of these bonds is the total of principal and accreted interest.

Fiscal Year	Serial and Current Interest		Capital Appreciation		Total
	Principal	Interest	Principal	Accreted Interest	
2016	\$ 285,000	\$ 375,313	\$ 249,372	\$ 775,628	\$ 1,685,313
2017	305,000	370,887	215,618	804,382	1,695,887
2018	1,345,000	345,763	-	-	1,690,763
2019	1,340,000	298,874	-	-	1,638,874
2020	1,100,000	252,825	62,076	237,924	1,652,825
2021-2025	5,005,000	556,962	32,894	162,106	5,756,962
2026-2029	1,410,000	86,100	-	-	1,496,100
	<u>\$ 10,790,000</u>	<u>\$ 2,286,724</u>	<u>\$ 559,960</u>	<u>\$ 1,980,040</u>	<u>\$ 15,616,724</u>

Lease-Purchase Agreement – Stadium Renovations - On April 9, 2013, the School District entered into a ground lease with a financial institution for the High School athletic stadium for \$100 through December 1, 2032. Simultaneously, the two parties entered into a contract to lease the property to the School District, including existing and new improvements made upon the property.

To facilitate the new improvements to the property called for within the agreement, an escrow agreement was also entered into wherein the financial institution was required to deposit \$1,600,000 and the School District was required to deposit \$420,000. The School District has the responsibility to authorize disbursements from the escrow account. Any funds remaining in the escrow account upon completion of the improvements will be used to prepay base rent payments

9. LONG-TERM DEBT OBLIGATIONS (Continued)

called for under the facilities agreement. Annual rental payments are contingent upon being annually appropriated by the School District and are scheduled to end on December 1, 2027. Upon final payment of all scheduled rent payments, ownership of property reverts back to the School District.

Principal and interest components of the scheduled base rent payments outstanding at June 30, 2015 are shown below.

Fiscal Year	Principal	Interest	Total
2016	\$ 94,000	\$ 46,529	\$ 140,529
2017	98,000	43,438	141,438
2018	101,000	40,234	141,234
2019	104,000	36,933	140,933
2020	108,000	33,520	141,520
2021-2025	588,000	112,700	700,700
2026-2028	399,000	19,530	418,530
	<u>\$ 1,492,000</u>	<u>\$ 332,884</u>	<u>\$ 1,824,884</u>

10. OTHER EMPLOYEE BENEFITS

Compensated Absences

The criteria for determining vacation and sick leave benefits is derived from negotiated agreements and State laws. Classified employees earn ten to twenty days of vacation per year, depending upon length of service. The superintendent and treasurer earn twenty five days of vacation per year. Accumulated unused vacation time is paid to classified employees, the superintendent and the treasurer upon termination of employment. Teachers do not earn vacation time.

11. INTERFUND ACTIVITY

The District transferred \$10,726 and \$1,000, totaling \$11,726, from the General Fund to the Miscellaneous Federal Grants Fund and the Athletic Fund, respectively during the fiscal year to provide temporary operating resources.

All intrafund transfers were eliminated for purposes of reporting in the District-Wide Financial Statements.

(Continued)**

12. STATUTORY RESERVES

The School District is required by state law to set aside certain general fund receipt amounts, as defined, into various reserves. For fiscal year ended June 30, 2015, the reserve activity was as follows:

	<u>Capital Acquisition</u>
Set Aside Reserve Balance June 30, 2014	\$ 0
Current Year Set Aside Requirement	635,990
Current Year Qualifying Expenditures	(123,841)
Current Year Offsets	(551,167)
Prior Year Offset from Bond Proceeds	<u>0</u>
Total	<u>\$ (39,018)</u>
Balance Carried Forward to Fiscal Year 2016	<u>0</u>
Set Aside Reserve Balance June 30, 2015	<u>0</u>

The District reported total qualifying expenditures solely to meet the set aside requirement. Additional qualifying expenditures were spent but not reported.

13. CONTRACTUAL COMMITMENTS

As of fiscal year end, the District was in the final process of constructing a scoreboard and the remaining balance of \$230,586 was paid on July 29, 2015.

14. ENCUMBRANCES

At year end, the School District had the following amounts encumbered for future purchase obligations:

<u>Fund</u>	<u>Encumbrances</u>
General Fund	\$ 557,112
Nonmajor Governmental Funds	<u>396,915</u>
Total Encumbrances	<u>\$ 954,027</u>

15. JOINTLY GOVERNED ORGANIZATIONS

Northwest Ohio Area Computer Services Cooperative - The School District is a participant in the Northwest Ohio Area Computer Services Cooperative (NOACSC) which is a computer consortium. NOACSC is an association of public school districts within the boundaries of Allen, Putnam, Mercer, Hancock, Van Wert, and Paulding Counties and Cities of Wapakoneta and St. Marys. The organization was formed for the purpose of applying modern technology with the aid of computers and other electronic equipment to administrative and instructional functions among member school districts. Financial information can be obtained from Ray Burden, who serves as director, at 645 South Main Street, Lima, Ohio 45804.

West Central Ohio Regional Professional Development Center (Center) - The Center is a jointly governed organization among the school districts located in Allen, Auglaize, Hancock, Hardin, Mercer, Paulding, Putnam and Van Wert counties. The jointly governed organization was formed for the purpose of establishing an articulated, regional structure for professional development, in which school districts, the business community, higher education and other groups cooperatively plan and implement effective professional development activities than are tied directly to school improvement, and in particular, to improvements in instructional programs. The Center is governed by a board made up of fifty-two representatives of the participating school districts, the business community, and two institutions of higher learning whose term rotates every two years. The degree of control exercised by any participating school district is limited to its representation on the Board. Financial information may be obtained by contacting Greg Spiess, Treasurer, Hancock County Educational Service Center, 7746 County Road 140, Findlay, Ohio 45840-3087.

Northwestern Ohio Educational Research Council, Inc. - The Northwestern Ohio Educational Research Council, Inc. (NOERC) is a jointly governed organization formed to bring educational entities into a better understanding of their common educational problems, facilitate and conduct practical educational research, coordinate educational research among members, provide a means for evaluating and disseminating the results of research, serve as a repository for research and legislative materials, and provide opportunities for training. The NOERC serves a twenty-five county area in Northwest Ohio. The Board of Directors consists of superintendents from two educational service centers, two exempted village school districts, five local school districts, and five city school districts, as well as representatives from two private or parochial schools and three institutions of higher education. Each active member is entitled to one vote on all issues addressed by the Board of Directors. Financial information can be obtained from the Northwestern Ohio Educational Research Council, Inc., 441 East Market Street, Celina, Ohio 45822.

**LIMA CITY SCHOOL DISTRICT
ALLEN COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015
(Continued)**

16. GROUP PURCHASING POOL

Allen County Schools Health Benefit Plan - The School District participates in the Allen County Schools Health Benefit Plan (the Trust), a public entity shared risk pool consisting of the school districts within Allen County. The Trust is organized as a Voluntary Employee Benefit Association under Section 501(c)(9) of the Internal Revenue Code and provides sick, accident and other benefits to the employees of the participating school districts.

Each participating school district's superintendent is appointed to a Board of Trustees which advises the Trustee, Grossman Consulting, concerning aspects of the administration of the Trust. Each school district decides which plans offered to the Board of Education will be extended to its employees. Participation in the Trust is by written application subject to acceptance by the Board of Trustees and payment of the monthly premiums.

Financial information can be obtained from Dean Wittwer, who serves as Chairman, at the Allen County Educational Service Center, 1920 Slabtown Road, Lima, Ohio 45804.

17. RELATED ORGANIZATION

Lima Public Library - The Lima Public Library is a distinct political subdivision of the State of Ohio created under Chapter 3375 of the Ohio Revised Code. The Library is governed by a Board of Trustees appointed by the Lima City School District Board of Education. The Board of Trustees possesses its own contracting and budgeting authority, hires and fires personnel, and does not depend on the School District for operational subsidies. Although the School District serves as the taxing authority, its role is limited to a ministerial function. The determination to request approval of a tax, the rate, and the purpose are discretionary decisions made solely by the Board of Trustees. Financial information can be obtained from the Lima Public Library, Scott Shafer, Clerk/Treasurer, 650 West Market Street, Lima, Ohio 45801.

18. CONTINGENCIES

A. Grants

The School District received financial assistance from federal and state agencies in the form of grants. The expenditure of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the School District at June 30, 2015.

B. Litigation

The School District is a party to legal proceedings. At this time, it is the School District opinion that ultimate disposition of claims will not have a material effect on the financial position of the School District.

**LIMA CITY SCHOOL DISTRICT
ALLEN COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015
(Continued)**

18. CONTINGENCIES (Continued)

C. Full-Time Equivalency Review

School District Foundation funding is based on the annualized full-time equivalent (FTE) enrollment of each student. Effective for the 2014-2015 school year, traditional school districts must comply with minimum hours of instruction, instead of a minimum number of school days each year. The funding formula the Ohio Department of Education (ODE) is legislatively required to follow will continue to adjust as enrollment information is updated by the school district, which can extend past the fiscal year end. As of the date of this report, ODE has not finalized the impact of enrollment adjustments to the June 30, 2015 Foundation funding for the school district; therefore, the financial statement impact is not determinable at this time. ODE and management believe this will result in either a receivable to or liability of the School District.

19. CHANGE IN ACCOUNTING PRINCIPLES

For the fiscal year ended June 30, 2015, the School District implemented GASB Statements No. 68, Accounting and Financial Reporting for Pensions; No. 69, Government Combinations and Disposals of Government Operations; and No. 71, Pension Transition for Contributions Made Subsequent to the Measurement Date.

GASB Statement No. 68 addresses the accounting and financial reporting for pensions that are provided to the employees of state and local governmental employers through pension plans that are administered through trust agreements. This statement establishes standards for measuring and recognizing liabilities, deferred outflows of resources, deferred inflows of resources, and pension expenses. Note disclosures and required supplementary information requirements about pension are also addressed. GASB Statement No. 71 addresses how pension contributions, if any, made subsequent to the measurer date of the beginning net pension liability should be accounted for during the implementation of GASB Statement No. 68. Due to accounting basis used to prepare these financial statements, changes to the financial statements were limited to the note disclosures.

GASB Statement No. 69 establishes reporting standards for related to government combinations and disposals of government operations, including mergers, acquisitions and transfer of operations. The implementation of this Statement did not impact the School District's beginning net cash position for fiscal year 2015.

20. SUBSEQUENT EVENTS

In an effort to take advantage of low interest rates, the School District issued \$6,660,000 Unlimited Tax General Obligation Refunding Bonds to pay-off and replace a portion of the School District's existing \$7,244,990 School Facilities Refunding Bonds, Series 2005 on August 5, 2015. This refunding is anticipated to save the School District approximately \$567,251 over the remaining life of the bonds, with the average interest rate decreasing by approximately 1.89%, shifting from 4.01% to 2.12%.

Additionally, on September 22, 2015 the School District issued \$2,490,000 in Energy Conservation Improvement Bonds for the purpose of energy conservation measures in various facilities throughout the District.

See accompanying notes to the Schedule of Expenditures of Federal Awards.

1. Significant Accounting Policies:

The accompanying schedule of expenditures of federal awards is a summary of the federal awards programs of the Lima City School District. This schedule has been prepared on the cash basis of accounting.

2. U.S. Department of Agriculture Programs:

Cash receipts from the U.S. Department of Agriculture are commingled with State grants. When reporting expenditures on the schedule of expenditures of federal awards, it is assumed federal monies are expended first.

3. Food Commodities Program:

Non-monetary assistance, such as food received from the U.S. Department of Agriculture, is reported in the schedule at the fair market value of the commodities received and consumed. At June 30, 2015 the District had no significant food commodities in inventory.

4. Matching Requirements:

Certain federal programs require the School District to contribute non-federal funds (matching funds) to support federally-funded programs. The District has complied with the matching requirements. The expenditure of non-federal (matching) funds is not included on the Schedule of Expenditures of Federal Awards.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Board of Education
Lima City School District
755 St. Johns Avenue
Lima, Ohio 45804

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Lima City School District (the District), as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the District's basic financial statements and have issued our report thereon dated December 30, 2015, wherein we noted the District prepared its financial statements on a modified cash accounting basis, which is a basis other than accounting principles generally accepted in the United States of America.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control of financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

14 east main street, ste. 500
springfield, oh 45502

www.cshco.com
p. 937.399.2000
f. 937.399.5433

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance that are required to be reported under *Government Auditing Standards* and which are described in the accompanying schedule of findings and questioned costs as items 2015-001 and 2015-002.

District's Responses to Findings

The District's responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. The District's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Clark, Schaefer, Hackett & Co.

Springfield, Ohio
December 30, 2015

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR
FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE
REQUIRED BY OMB CIRCULAR A-133**

Board of Education
Lima City School District
755 St. Johns Avenue
Lima, Ohio 45804

Report on Compliance for Each Major Federal Program

We have audited the Lima City School District (the District) compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the District's major federal programs for the year ended June 30, 2015. The District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the District's compliance.

Opinion on Each Major Federal Program

In our opinion, the District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2015.

14 east main street, ste. 500
springfield, oh 45502

www.cshco.com
p. 937.399.2000
f. 937.399.5433

Report on Internal Control Over Compliance

Management of the District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

SECTION II – FINANCIAL STATEMENT FINDINGS

2015-001: Reporting Annual Financial Statements

Condition: The District's annual financial statements follow a comprehensive accounting basis other than accounting principles generally accepted in the United States of America (GAAP).

Criteria: Ohio Administrative Code Section 117-2-3(B) requires the District to prepare its annual financial report in accordance with GAAP.

Effect: Pursuant to Ohio Rev. Code Section 117.38 the District may be fined and subject to various other administrative remedies for its failure to file the required financial report in accordance with GAAP.

Cause: Due to current economic issues, the District elected to prepare and submit its annual financial report on the cash basis of accounting as a means to realize savings in accounting and auditing fees on an annual basis. The accompanying financial statements and notes omit material assets, liabilities, fund equities, and disclosures that, while material, cannot be determined at this time.

Recommendation: We recommend the District further consider reporting its annual financial report in accordance with GAAP to include all assets, liabilities and disclosures to provide a complete presentation of its financial status.

Management Response: *The School District officials do not believe that preparing financial statements in accordance with generally accepted accounting principles is cost beneficial.*

2015-002: Restricted Resources

Condition: The revenue in the Bond Retirement fund is limited to restricted purposes approved in the levy ballot. The District had two instances where the expenditures in this fund that did not meet the intended restricted purpose, including principal and interest payment for the Stadium lease and costs associated with a facility rental expense.

Criteria: Ohio Rev. Code Section 5705.10 states that all revenue derived from a special levy shall be credited to a special fund for the purpose for which the levy was made.

Effect: The District has transferred the funds from the General Fund to the Bond Retirement Fund to cover this amount, subsequent to fiscal year end.

Cause: The transfer from the General Fund to cover the principal and interest payments was not made during the fiscal year and was an oversight by the District.

Recommendation: We recommend the District review the nature and extend of the expenditures from restricted resources prior to being spent.

Management Response: *The School District believes that the transfer from the General Fund to the Bond Retirement Fund should have been posted in fiscal year 2015; however it was simply an oversight that was correct in fiscal year 2016.*

SECTION III – FEDERAL AWARDS FINDINGS AND QUESTIONED COSTS

None noted

Finding 2014-001: Reporting Annual Financial Statements

The District's annual financial statements follow a comprehensive accounting basis other than accounting principles generally accepted in the United States of America (GAAP). Ohio Administrative Code Section 117-2-3(B) requires the District to prepare its annual financial report in accordance with GAAP.

Status: Uncorrected - See finding 2015-001
