## INDEPENDENT AUDITOR'S REPORT

Lorain K-12 Digital Academy  
Lorain County  
2350 Pole Avenue  
Lorain, Ohio 44052

To the Board of Directors:

### ***Report on the Financial Statements***

We have audited the accompanying financial statements of the Lorain K-12 Digital Academy, Lorain County, Ohio (the Academy), a component unit of the Lorain City School District, as of and for the years ended June 30, 2015 and 2014, and the related notes to the financial statements, which collectively comprise the Academy's basic financial statements as listed in the table of contents.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for preparing and fairly presenting these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes designing, implementing, and maintaining internal control relevant to preparing and fairly presenting financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to opine on these financial statements based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the Academy's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the Academy's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our opinion.

**Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Lorain K-12 Digital Academy, Lorain County, Ohio as of June 30, 2015 and 2014, and the changes in its financial position and its cash flows for the years then ended in accordance with the accounting principles generally accepted in the United States of America.

**Other Matters**

*Required Supplementary Information*

Accounting principles generally accepted in the United States of America require this presentation to include *Management's discussion and analysis* listed in the table of contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, consisting of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries to the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not opine or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to opine or provide any other assurance.

**Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated March 14, 2016, on our consideration of the Academy's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Academy's internal control over financial reporting and compliance.

*Management's Discussion and Analysis*  
*For the Fiscal Years Ended June 30, 2015 and 2014*

---

The discussion and analysis of the Lorain K-12 Digital Academy's (the "Academy") financial performance provides an overall review of the Academy's financial activities for the fiscal years ended June 30, 2015 and June 30, 2014. The intent of this discussion and analysis is to look at the Academy's financial performance as a whole; readers should also review the basic financial statements and the notes to the basic financial statements to enhance their understanding of the Academy's financial performance.

Certain comparative information between the current fiscal year and the prior fiscal year is required to be presented in the MD&A. Due to the comparative presentation within the basic financial statements, a comparison analysis between fiscal year 2014 and fiscal year 2013 is also required.

**Financial Highlights**

Key financial highlights for the fiscal year ended June 30, 2015 are as follows:

- Net position totaled \$384,434, which is a decrease of \$73,971 from fiscal year 2014.
- Operating revenues equaled \$916,645, down 18 percent from fiscal year 2014. Operating expenses of \$1,260,030 showed an increase of 12 percent from fiscal year 2014.

**Using this Annual Report**

This annual report consists of the MD&A, the basic financial statements and the notes to the basic financial statements. The basic financial statements include statements of net position, statements of revenues, expenses and changes in net position, and statements of cash flows.

The statement of net position and the statement of revenues, expenses and changes in net position answer the question, "How did we do financially during fiscal years 2015 and 2014?" The statement of net position includes all assets and deferred outflows of resources and liabilities and deferred inflows of resources using the accrual basis of accounting and the economic resources measurement focus, which is similar to the accounting used by most companies in the private sector. This basis of accounting takes into account all of the current fiscal year's revenues and expenses regardless of when cash is received or paid.

Unrestricted	335,303	391,232	777,008
Total Net Position	\$ 384,434	\$ 458,405	\$ 814,029

Total assets decreased \$29,966 from fiscal year 2014 to fiscal year 2015. Cash decreased \$83,029 from fiscal year 2014, while grants receivable increased \$53,063. Liabilities, consisting of accounts and intergovernmental payables, increased \$44,005 and net position decreased \$73,971 from fiscal year 2014.

Total assets decreased \$369,649 from fiscal year 2013 to fiscal year 2014. Cash decreased \$377,262 from fiscal year 2013, mainly due to the payment of the \$500,000 sponsorship fee to Lorain City School District. Liabilities, consisting of accounts payable, decreased \$14,025 and net position decreased \$355,624 from fiscal year 2013.

The Academy is dependent on grants and foundation money to fund operations.

<b>Increase (Decrease) in Net Position</b>	<u>\$ (73,971)</u>	<u>\$ (355,624)</u>	<u>\$ 161,706</u>

The Academy's activities consist of enterprise activity. Community schools receive no support from taxes; the State Foundation Program is the primary support for the Academy's students.

Revenue from foundation payments decreased \$199,828 due to a decrease in enrollment of over 40 students while federal grant revenue showed an increase of \$123,544, mainly from the Title I grant. Operating expenses increased \$138,497, or 12 percent over fiscal year 2014. Purchased services increased \$222,258 due to increases in professional and administrative support services while materials and supplies decreased \$104,283, partially due to a decrease in technology purchases.

Revenue from foundation payments increased \$221,585 from fiscal year 2013 in addition to an increase in federal grant revenue for an increase in total revenues of \$286,261. Operating expenses increased \$303,411 over fiscal year 2013. These increases in activity are due to an increase in enrollment which went from 152.10 full time equivalents (FTEs) in fiscal year 2013 to 181.87 in fiscal year 2014. Non-operating expenses include a sponsorship fee in fiscal year 2014. See Note 12 for further information.

**Contacting the Academy's Management**

This financial report is designed to provide our citizens, investors and creditors with a general overview of the Academy's finances and to show the Academy's accountability for the money it receives. If you have any questions about this report or need additional financial information, contact the Treasurer, at Lorain K-12 Digital Academy, 2350 Pole Avenue, Lorain, OH 44052.

**Note 1 – Description of the Academy and Reporting Entity**

The Lorain K-12 Digital Academy (the "Academy") is a nonprofit corporation established pursuant to the Ohio Revised Code Chapters 1702 and 3314 to address the needs of students in kindergarten through the twelfth grade. The Academy is nonsectarian in its programs, admission policies, employment practices, and all other operations. The Academy may sue and be sued, acquire facilities as needed, and contract for any services necessary for the operation of the Academy. The Academy is considered a component unit of the Lorain City School District (the "Sponsor") for reporting purposes, in accordance with Governmental Accounting Standards Board (GASB) Statement No. 61.

The Academy is an innovative initiative that is a cooperative effort with Lorain City Schools. It is a conversion community school sponsored by the Lorain City School District. Furthermore, the Academy uses the services of the Tri-Rivers Educational Computer Association (TRECA) and the TRECA Digital Academy to assist with overall programming and operations. The Academy uses the latest technology to reach a diverse student population. This population includes, but is not limited to home schoolers, children with special physical and mental needs, students removed from the classroom for discipline concerns, students who need an alternative to the traditional classroom including religious reasons, and students within the district that desire a specific course not currently offered. Enrollment is limited to students within the attendance area of the Lorain City School District.

The Academy was approved for sponsorship for the 2008-2009 academic year through an amendment to the original agreement after the merging of the Lorain K-8 Digital Academy, Lorain Elementary Digital Academy and the Lorain Alternative Academy. The Academy was approved for continuing sponsorship under a resolution on August 26, 2009 with the Sponsor for a period of five years ending August 26, 2014. Near the end of fiscal year 2014, the Academy and the Sponsor entered in a Successor Community School Sponsorship Contract. This contract was to extend the original contract through June 30, 2019. One primary modification to the original contract is related to sponsorship fees (See Note 12).

The Sponsor has designated five members of the community to represent the Sponsor in the occupants' official capacities as members of the Academy's Board of Directors. The individuals who hold such office with the Sponsor shall be formally instructed by the Sponsor that, as directors of the Academy, they are to represent the Sponsor and its interests. From time to time in its discretion, the Sponsor may substitute other administrative positions for those previously designated for this purpose.

Pursuant to the Sponsor's authority under section 3314.08(G) of the Ohio Revised Code to provide the Academy with services, the Sponsor shall be the fiscal agent of the Academy and shall direct the Sponsor's treasurer to serve as the Academy's fiscal officer. The Sponsor shall evaluate the performance of the Academy according to the standards set forth in the Assessment and Accountability Plan. The Sponsor is not legally responsible for the final outcome of the community school.

A service contract exists between the Academy and the Sponsor in which the Sponsor agrees to provide to the Academy professional, technical support and other services upon the Academy's request, but is subject to the availability of such services. The price for services rendered by the Sponsor to the Academy is established as the Sponsor's "cost of providing such services including, without limitation, employee salaries and fringe benefits, equipment costs if any, and administrative overhead." All personnel, excluding TRECA, providing services to the Academy on behalf of the Sponsor under the

service contract are considered employees of the Sponsor, and the Sponsor shall be solely responsible for all payroll functions.

**Note 2 – Summary of Significant Accounting Policies**

The more significant of the Academy's accounting policies are described below.

***A. Basis of Presentation***

The Academy's basic financial statements consist of statements of net position, statements of revenues, expenses and changes in net position, and statements of cash flows.

Enterprise reporting focuses on the determination of the change in net position, financial position and cash flows.

***B. Measurement Focus***

Enterprise accounting uses a flow of economic resources measurement focus. With this measurement focus, all assets and deferred outflows of resources and liabilities and deferred inflows of resources are included on the statements of net position. The statements of revenues, expenses and changes in net position present increases (i.e., revenues) and decreases (i.e., expenses) in net total position. The statements of cash flows provide information about how the Academy finances and meets the cash flow needs of its enterprise activities.

***C. Basis of Accounting***

Basis of accounting determines when transactions are recorded in the financial records and reported on the basic financial statements. The Academy's basic financial statements are prepared using the accrual basis of accounting.

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place.

Non-exchange transactions, in which the Academy receives value without directly giving equal value in return, include grants, entitlements and donations. Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the fiscal year when the resources are required to be used or the fiscal year when use is first permitted, matching requirements, in which the Academy must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the Academy on a reimbursement basis.

Grants and entitlements received before the eligibility requirements are met are recorded as deferred inflows of resources.

Expenses are recognized at the time they are incurred.

---

***D. Budgetary Process***

The Academy shall operate in compliance with a bi-annual budget which must be reviewed and approved by the Academy's Board of Directors. The Academy must maintain financial records in a similar manner to those records of the Sponsor. The Academy complies with the policies and procedures regarding internal financial controls which are apparent under the standards.

***E. Cash and Cash Equivalents***

Cash held by the Academy is reflected as "Equity in pooled cash and cash equivalents" on the statements of net position. Investments with an original maturity of three months or less at the time they are purchased are presented on the financial statements as cash equivalents. Investments with an initial maturity of more than three months are reported as investments. The Academy has no investments.

***F. Capital Assets***

All capital assets are capitalized at cost and updated for additions and reductions during the fiscal year. Donated capital assets are recorded at their fair market value on the date donated. The Academy maintains a capitalization threshold of \$5,000. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized.

The Academy currently has no capital assets.

***G. Net Position***

Net position represents the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the Academy or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. At June 30, 2015, there was no net position restricted by enabling legislation. Net position restricted for other purposes are primarily for student instruction.

The Academy applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

***H. Operating Revenues and Expenses***

Operating revenues are those revenues that are generated directly from the primary activities. For the Academy, these revenues are payments from the State Foundation Program and State distributed casino revenue. Operating expenses are necessary costs incurred to provide the goods or services that are the primary activities of the Academy. All revenues and expenses not meeting these definitions are reported as non-operating.

**Lorain K-12 Digital Academy**  
**Lorain County, Ohio**  
*Notes to the Basic Financial Statements*  
*For the Fiscal Years Ended June 30, 2015 and 2014*

---

***I. Intergovernmental Revenues***

The Academy currently participates in the State Foundation Program. Revenues received from this program are recognized as operating revenues in the accounting period in which all eligibility requirements have been met.

In addition, the Academy participates in the State Education Management Information System (“EMIS”) through the Ohio Department of Education.

For fiscal year 2015, the Academy also receives revenues from the IDEA-B, Title I and Title II-A federal grant programs and casino revenues distributed from the State.

For fiscal year 2014, the Academy also receives revenues from the IDEA-B and Title I federal grant programs and casino revenues distributed from the State.

***J. Estimates***

The preparation of the basic financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the basic financial statements and accompanying notes. Actual results may differ from those estimates.

***K. Contributions of Capital***

Contributions of capital arise from outside contributions of capital assets or from grants or outside contributions of resources restricted to capital acquisition and construction. The Academy did not receive any contributions during fiscal year 2015 or 2014.

***L. Changes in Accounting Principles***

For the fiscal year ended June 30, 2015, the Academy has implemented Governmental Accounting Standards Board (GASB) Statement No. 68, *Accounting and Financial Reporting for Pensions—an amendment of GASB Statement No. 27*, 69, *Government Combinations and Disposals of Government Operations* and GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date - An Amendment of GASB Statement No. 68*.

GASB Statement No. 68 requires recognition of the entire net pension liability and a more comprehensive measure of pension expense for defined benefit pensions and defined contribution pensions provided to the employees of state and local governmental employers through pension plans that are administered through trusts or equivalent arrangements. The implementation of GASB Statement No. 68 did not have an effect on the financial statements of the Academy since it is not the employer of record for the employees.

**Lorain K-12 Digital Academy**  
**Lorain County, Ohio**  
*Notes to the Basic Financial Statements*  
*For the Fiscal Years Ended June 30, 2015 and 2014*

---

GASB Statement No. 69 addresses accounting and financial reporting for government combinations (including mergers, acquisitions and transfers of operations) and disposals of government operations. The implementation of GASB Statement No. 69 did not have an effect on the financial statements of the Academy.

GASB Statement No. 71 amends paragraph 137 of GASB Statement No. 68 to require that, at transition, a government recognize a beginning deferred outflow of resources for its pension contributions, if any, made subsequent to the measurement date of the beginning net pension liability. The requirements of this Statement will eliminate the source of a potential significant understatement of restated beginning net position and expense in the first year of implementation of GASB Statement No. 68. The implementation of GASB Statement No. 71 did not have an effect on the financial statements of the Academy.

### **Note 3 - Deposits**

State statutes classify monies held by the Academy into three categories.

Active deposits are public deposits necessary to meet current demands on the treasury. Such monies must be maintained either as cash in the Academy treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that the Board of Education has identified as not required for use within the current two year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts.

Protection of Academy's deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, by surety company bonds deposited with the Treasurer by the financial institution or by a single collateral pool established by the financial institution to secure the repayment of all public monies deposited with the institution.

Interim monies to be deposited or invested in the following securities:

1. United States Treasury Notes, Bills, Bonds, or any other obligation or security issued by the United States Treasury or any other obligation guaranteed as to principal and interest by the United States;
2. Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality, including but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and

Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;

3. Written repurchase agreements in the securities listed above provided that the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and that the term of the agreement must not exceed thirty days;
4. Bonds and other obligations of the State of Ohio;
5. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) of this section and repurchase agreements secured by such obligations, provided that investments in securities described in these divisions are made only through eligible institutions;
6. The State Treasurer's investment pool (STAR Ohio and STAR Plus);
7. Certain banker's acceptance and commercial paper notes for a period not to exceed one hundred eighty days from the purchase date in an amount not to exceed twenty-five percent of the interim monies available for investment at any one time; and,
8. Under limited circumstances, corporate debt interests rated in either of the two highest classifications by at least two nationally recognized rating agencies.

Investments in stripped principal or interest obligations reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. An investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the Academy, and must be purchased with the expectation that it will be held to maturity. Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the Treasurer or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

Custodial credit risk for deposits is the risk that in the event of bank failure, the government's deposits may not be returned to it. Protection of Academy cash and deposits is provided by the Federal Deposit Insurance Corporation, as well as qualified securities pledged by the institution holding the assets. By law, financial institutions must collateralize all uninsured public deposits. The face value of the pooled collateral must equal at least 105 percent of uninsured public funds deposited. Collateral is held by trustees including the Federal Reserve Bank and designated third party trustees of the financial institutions.

### ***Deposits***

At fiscal year end June 30, 2015, the carrying value of the Academy's deposits and the bank balances of the deposits totaled \$377,379.

\$250,000 of the bank balance was covered by depository insurance and \$127,379 was uninsured and uncollateralized. Although the securities serving as collateral were held by the pledging institution in the pledging institution's name, and all State statutory requirements for the deposit of money had been followed, noncompliance with federal requirements could potentially subject the Academy to a successful claim by the FDIC.

At fiscal year end June 30, 2014, the carrying value of the Academy's deposits and the bank balances of the deposits totaled \$460,408.

\$250,000 of the bank balance was covered by depository insurance and \$210,408 was uninsured and uncollateralized. Although the securities serving as collateral were held by the pledging institution in the pledging institution's name, and all State statutory requirements for the deposit of money had been followed, noncompliance with federal requirements could potentially subject the Academy to a successful claim by the FDIC.

**Note 4 – Charter School Funding**

On October 26, 2006, the Ohio Supreme Court ruled that publicly funded, privately operated community (i.e. charter) schools are constitutional.

**Note 5 - Receivables**

Intergovernmental receivables at June 30, 2015 and 2014 consisted of \$82,964 and \$29,901, respectively in federal grants.

**Note 6 – Purchased Services**

For the fiscal year ended June 30, 2015, purchased services were as follows:

Instructional Services	\$ 465,701
Management Services	425
Other Professional and Technical Services	212,543
Other Travel and Meeting Expenses	1,206
Other Communications Service	453,457

For the fiscal year ended June 30, 2014, purchased services were as follows:

Instructional Services	\$ 407,784
Management Services	3,610
Other Professional and Technical Services	102,373
Other Travel and Meeting Expenses	187
Other Communications Service	397,120
Property Services	<u>40,000</u>
	<u>\$ 951,074</u>

**Note 7 - Risk Management**

The Academy is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees and natural disasters. During fiscal year 2015 and 2014, the Academy was covered under commercial insurance for property, and liability coverage.

Settled claims have not exceeded this commercial coverage in any of the past three years and there have been no significant reductions in insurance coverage from last year.

**Note 8 - Agreements with the Tri-Rivers Educational Computer Association**

The Academy entered into an agreement with the Tri-Rivers Educational Computer Association (“TRECA”), which is a member of the Ohio Education Computer Network established in accordance with Ohio Revised Code Section 3301.075.

The Comprehensive Services Agreement with TRECA provides instructional/curricular, technical, and support services as well as provide student training and technical support for the fiscal 2015 and 2014 school years.

TRECA and Metropolitan Educational Council merged on February 24, 2015 forming META Solutions.

**Note 9 – Contingencies**

***Grants***

The Academy received financial assistance from federal and State agencies in the form of grants. The expenditure of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the general fund or other applicable funds. However, the effect of any such disallowed claims on the overall financial position of the Academy at June 30, 2015, if applicable, cannot be determined at this time.

**Note 10 - State Foundation Funding**

The Ohio Department of Education conducts reviews of enrollment data and full-time equivalency (FTE) calculations made by the schools. These reviews are conducted annually to ensure the schools are reporting accurate student enrollment data to the State, upon which state foundation funding is calculated. The FTE adjustment amounted to a \$6,829 underpayment in fiscal year 2015, which is immaterial and is not reflected in the 2015 financial statements but will be included in the financial activity for fiscal year 2016.

**Note 11 - Fiscal Agent**

The Academy utilizes the services of the Lorain City School District Treasurer as their fiscal officer. The Academy does not directly pay the Treasurer; however, it does reimburse Lorain City School District for the services. No fees for services were paid in fiscal year 2015.

**Note 12 – Sponsorship Fees**

The Academy and Sponsor entered into a Successor Community School Sponsorship Contract in June 2014. As part of this agreement, pursuant to the authority granted by Section 3314.03(C) of the Ohio Revised Code, the Academy was obligated to pay the Sponsor \$500,000. This payment was required to be paid in full by June 30, 2014 or paid in five equal installments, payable by June 30, 2014, 2015, 2016, 2017 and 2018. The Academy made the full payment during June 2014.

In addition, the Academy shall pay the Sponsor by June 30 of every subsequent year of the Successor Contract, from the funding provided to the Academy by the Ohio Department of Education pursuant to Section 3318.08 of the Ohio Revised code, all of the Academy's unencumbered general fund balance, except that if, as of June 30 of such year, the Academy is required by the terms of this Successor Contract (or any sponsorship contract subsequently entered into between the parties) to continue to operate as a community school in the immediately succeeding academic year, the Academy shall retain sufficient funds to cover the Academy's expenditures, as projected by the Sponsor, through September 30 of such year (i.e., the Academy shall retain that amount of funding that will cover the operating costs of the Academy for the months of July, August, and September, as projected by the Sponsor). The amounts paid to the Sponsor or retained by the Academy pursuant to this paragraph may be varied in any given year by agreement of the parties. The Sponsor and the Academy agree that no money is owed to the Sponsor for fiscal year 2015 as it relates to this agreement.

The Academy paid a 3 percent sponsor oversight/monitoring fee to Lorain City School District which amounted to \$34,036 for fiscal year 2015.

## INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY *GOVERNMENT AUDITING STANDARDS*

Lorain K-12 Digital Academy  
Lorain County  
2350 Pole Avenue  
Lorain, Ohio 44052

To the Board of Directors:

We have audited, in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the financial statements of the Lorain K-12 Digital Academy, Lorain County, Ohio (the Academy), a component unit of the Lorain City School District, as of and for the years ended June 30, 2015 and 2014, and the related notes to the financial statements, which collectively comprise the Academy's basic financial statements and have issued our report thereon dated March 14, 2016.

### ***Internal Control Over Financial Reporting***

As part of our financial statement audit, we considered the Academy's internal control over financial reporting (internal control) to determine the audit procedures appropriate in the circumstances to the extent necessary to support our opinion on the financial statements, but not to the extent necessary to opine on the effectiveness of the Academy's internal control. Accordingly, we have not opined on it.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the Academy's financial statements. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all internal control deficiencies that might be material weaknesses or significant deficiencies. Given these limitations, we did not identify any deficiencies in internal control that we consider material weaknesses. However, unidentified material weaknesses may exist.

### ***Compliance and Other Matters***

As part of reasonably assuring whether the Academy's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

***Purpose of this Report***

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the Academy's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the Academy's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
