We have reviewed the *Independent Auditor's Report* of the MetroParks of Butler County, Butler County, prepared by Julian & Grube, Inc., for the audit period January 1, 2014 through December 31, 2015. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The MetroParks of Butler County is responsible for compliance with these laws and regulations.

## INDEPENDENT AUDITOR'S REPORT

MetroParks of Butler County  
Butler County  
2051 Timberman Road  
Hamilton, Ohio 45013

To the Board of Park Commissioners:

### *Report on the Financial Statements*

We have audited the accompanying financial statements and related notes of the MetroParks of Butler County, Butler County, Ohio, as of and for the years ended December 31, 2015 and 2014.

### *Management's Responsibility for the Financial Statements*

Management is responsible for preparing and fairly presenting these financial statements in accordance with the financial reporting provisions Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit; this responsibility includes designing, implementing and maintaining internal control relevant to preparing and fairly presenting financial statements free from material misstatement, whether due to fraud or error.

### *Auditor's Responsibility*

Our responsibility is to opine on these financial statements based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the MetroParks of Butler County's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the MetroParks of Butler County's internal control. Accordingly, we express no opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinions.

### *Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles*

As described in Note 1 of the financial statements, the MetroParks of Butler County prepared these financial statements using the accounting basis permitted by the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D), which is an accounting basis other than accounting principles generally accepted in the United States of America (GAAP), to satisfy these requirements.

Although the effects on the financial statements of the variances between the regulatory accounting basis and GAAP are not reasonably determinable, we presume they are material.

Though the MetroParks of Butler County does not intend these statements to conform to GAAP, auditing standards generally accepted in the United States of America require us to include an adverse opinion on GAAP. However, the adverse opinion does not imply the amounts reported are materially misstated under the accounting basis Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit. Our opinion on this accounting basis is in the *Opinion on Regulatory Basis of Accounting* paragraph below.

***Adverse Opinion on U.S. Generally Accepted Accounting Principles***

In our opinion, because of the significance of the matter discussed in the *Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles* paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the MetroParks of Butler County as of December 31, 2015 and 2014, or changes in financial position thereof for the years then ended.

***Opinion on Regulatory Basis of Accounting***

In our opinion, the financial statements referred to above present fairly, in all material respects, the combined cash balances of the MetroParks of Butler County, Butler County, Ohio, as of December 31, 2015 and 2014, and its combined cash receipts and disbursements for the years then ended in accordance with the financial reporting provisions Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit, described in Note 1.

***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated April 19, 2016, on our consideration of the MetroParks of Butler County's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the MetroParks of Butler County's internal control over financial reporting and compliance.

FOR THE YEARS ENDED DECEMBER 31, 2015 AND 2014**

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**A. Description of the Entity**

The constitution and laws of the State of Ohio establish the rights and privileges of the MetroParks of Butler County, Butler County, Ohio (the District), as a body corporate and politic. The probate judge of Butler County appoints a three-member Board of Commissioners to govern the District. The Commissioners are authorized to acquire, develop, protect, maintain, and improve park lands and facilities. The Commissioners may convert acquired land into forest reserves. The Commissioners are also responsible for activities related to conserving natural resources, including streams, lakes, submerged lands, and swamp lands. The Board may also create parks, parkways, and other reservations and may afforest, develop, improve and protect and promote the use of these assets conducive to the general welfare.

The District's management believes these financial statements present all activities for which the District is financially accountable.

**B. Basis of Accounting**

These financial statements follow the accounting basis permitted by the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D). This basis is similar to the cash receipts and disbursements accounting basis. The District recognizes receipts when received in cash rather than when earned, and recognizes disbursements when paid rather than when a liability is incurred. Budgetary presentations report budgetary expenditures when a commitment is made (i.e., when an encumbrance is approved).

These statements include adequate disclosure of material matters, as the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit.

**C. Cash and Investments**

As the Ohio Revised Code permits, the Butler County Treasurer holds the District's cash as the District's custodian. The County holds the District's assets in its investment pool, valued at the Treasurer's reported carrying amount.

**D. Fund Accounting**

The District uses fund accounting to segregate cash and investments that are restricted as to use. The District classifies its funds into the following types:

**1. General Fund**

The general fund is used to account for all activities of the District not required to be included in another fund. The general fund balance is available to the District for any purpose provided it is expended or transferred according to the general laws of Ohio.

**2. Capital Projects Funds**

These funds account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets. The District had the following significant capital project funds:

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)**

Capital Projects Fund

This fund is used to account for the acquisition, construction, or improvement of the capital assets of MetroParks, including the Voice of America Park.

Sycamore Bluffs Project Grant Fund

This fund was used to account for the purchase of land located at Sycamore Bluffs, which was funded through a grant from the State of Ohio.

**3. Permanent Fund**

This fund accounts for assets held under a trust agreement that are legally restricted to the extent that only earnings, not principal, are available to support the District's programs unless certain exceptions apply. The District had the following permanent fund:

Park District Trust Fund

This fund accounts for a trust agreement stipulating that the principal sum be invested and the interest be used for routine acquisition and maintenance of public parks, except in the event the interest is less than \$3,000 per year, all or any portion of the principal may be used for said purposes. The trust was established in 1998 with a principal amount of \$104,745.

**E. Budgetary Process**

The Ohio Revised Code requires that each fund be budgeted annually.

**1. Appropriations**

Budgetary expenditures (that is, disbursements and encumbrances) may not exceed appropriations at the fund, function or item level of control, and appropriations may not exceed estimated resources. The District Board must annually approve appropriation measures and subsequent amendments. The County Budget Commission must also approve the annual appropriation measure. Unencumbered appropriations lapse at year end.

**2. Estimated Resources**

Estimated resources include estimates of cash to be received (budgeted receipts) plus unencumbered cash as of January 1. The County Budget Commission must also approve estimated resources.

**3. Encumbrances**

The Ohio Revised Code requires the District to reserve (encumber) appropriations when individual commitments are made. Encumbrances outstanding at year end are carried over, and need not be reappropriated.

A summary of 2015 and 2014 budgetary activity appears in Note 2.

FOR THE YEARS ENDED DECEMBER 31, 2015 AND 2014

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)**

**F. Fund Balance**

Under GASB No. 54, fund balances are divided into five classifications based primarily on the extent to which the District must observe constraints imposed upon the use of its governmental-fund resources. The classifications are as follows:

1. **Nonspendable**

The District classifies assets as *nonspendable* when legally or contractually required to maintain the amounts intact.

2. **Restricted**

Fund balance is *restricted* when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or is imposed by law through constitutional provisions.

3. **Committed**

The Board can *commit* amounts via formal action (resolution). The District must adhere to these commitments unless the Board amends the resolution. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed to satisfy contractual requirements.

4. **Assigned**

Assigned fund balances are intended for specific purposes but do not meet the criteria to be classified as *restricted* or *committed*. Governmental funds other than the general fund report all fund balances as *assigned* unless they are restricted or committed. In the general fund, *assigned* amounts represent intended uses established by the Board or a District official delegated that authority by resolution, or by State Statute.

5. **Unassigned**

Unassigned fund balance is the residual classification for the general fund and includes amounts not included in other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance.

The District applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

**G. Property, Plant, and Equipment**

The District records disbursements for acquisitions of property, plant, and equipment when paid. The accompanying financial statements do not report these items as assets.

**H. Accumulated Leave**

In certain circumstances, such as upon leaving employment, employees are entitled to cash payments for unused leave. The financial statements do not include a liability for unpaid leave.

**I. Total Columns on Financial Statements**

Total columns on the financial statements are captioned "Total (Memorandum Only)" to indicate that they are presented only to facilitate financial analysis. Interfund-type eliminations have not been made in the aggregation of this data.

**NOTE 4 - PROPERTY TAX**

Real property taxes become a lien on January 1 preceding the October 1 date for which the Board adopted tax rates. The State Board of Tax Equalization adjusts these rates for inflation. Property taxes are also reduced for applicable homestead and rollback deductions. The financial statements include homestead and rollback amounts the State pays as Intergovernmental Receipts. Payments are due to the County by December 31. If the property owner elects to pay semiannually, the first half is due December 31. The second half payment is due the following June 20.

Public utilities are also taxed on personal and real property located within the District.

The County is responsible for assessing property, and for billing, collecting, and distributing all property taxes on behalf of the District.

**NOTE 5 - RETIREMENT SYSTEMS**

Retirement Rates	Year	Member Rate	Employer Rate
PERS - Local	2014-2015	10%	14%

The District's employees belong to the Ohio Public Employees Retirement System (OPERS). OPERS is a cost-sharing, multiple-employer plan. The Ohio Revised Code prescribes this plan's benefits, which include postretirement healthcare and survivor and disability benefits.

The Ohio Revised Code also prescribes contribution rates. For 2015 and 2014, OPERS members contributed 10% of their gross salaries and the District contributed an amount equaling 14% of participants' gross salaries. The District has paid all contributions required through December 31, 2015.

**NOTE 6 - RISK MANAGEMENT**

The District belongs to the Ohio Plan Risk Management, Inc. (OPRM) - formerly known as the Ohio Government Risk Management Plan, (the "Plan"), a non-assessable, unincorporated non-profit association providing a formalized, jointly administered self-insurance risk management program and other administrative services to Ohio governments ("Members"). The Plan is legally separate from its member governments.

Pursuant to Section 2744.081 of the Ohio Revised Code, the plan provides property, liability, errors and omissions, law enforcement, automobile, excess liability, crime, surety and bond, inland marine and other coverages to its members sold through fourteen appointed independent agents in the State of Ohio.

OPRM coverage programs are developed specific to each member's risk management needs and the related premiums for coverage are determined through the application of uniform underwriting criteria addressing the member's exposure to loss, except OPRM retains 41.5% (effective November 1, 2011) of the premium and losses on the first \$250,000 casualty treaty and 10% of the first \$1,000,000 property treaty. Effective November 1, 2012 (and through October 2014) the plan increased its retention to 50% of the first \$250,000 casualty treaty. The Plan's property retention remained unchanged from prior years. This change was made to balance the reinsurance market conditions. Members are only responsible for their self-retention (deductible) amounts, which vary from member to member. OPRM had 774 and 783 members as of December 31, 2013 and 2014 respectively, which is the latest information available.

Plan members are responsible to notify the Plan of their intent to renew coverage by their renewal date. If a member chooses not to renew with the Plan, they have no other financial obligation to the Plan, but still need to promptly notify the Plan of any potential claims occurring during their membership period. The former member's covered claims, which occurred during their membership period, remain the responsibility of the Plan.

Settlement amounts did not exceed insurance coverage for the past three fiscal years. There has also been no significant reduction in coverage from the prior year.

The Pool's audited financial statements conform with generally accepted accounting principles, and reported the following assets, liabilities and equity at December 31, 2013 and 2014 (the latest information available).

	<u>2014</u>	<u>2013</u>
Assets	\$ 14,830,185	\$ 13,774,304
Liabilities	<u>(8,942,504)</u>	<u>(7,968,395)</u>
Members' Equity	<u>\$ 5,887,681</u>	<u>\$ 5,805,909</u>

You can read the complete audited financial statements for OPRM at the Plan's website, [www.ohioplan.org](http://www.ohioplan.org).

**NOTE 7 - CONTINGENT LIABILITES**

LITIGATION

The District is involved in no material litigations as either plaintiff or defendant.

GRANT FUNDING

Amounts grantor agencies pay to the District are subject to audit and adjustment by the grantor. The grantor may require refunding any disallowed costs. Management cannot presently determine amounts grantors may disallow. However, based on prior experience, management believes any refunds would be immaterial.

CONTRACTUAL OBLIGATIONS

The District has entered into contractual agreements with third parties that provide for future receipts to be provided to the District in exchange for certain sponsorships and naming rights of District-owned facilities and District-managed events. Based on the accounting basis these financial statements have been prepared on, more fully described in Note 1, no amounts have been recorded in the financial statements related to these future receipts or the District's future obligations under the contractual agreements.

**Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Required by *Government Auditing Standards***

MetroParks of Butler County  
Butler County  
2051 Timberman Road  
Hamilton, Ohio 45013

To the Board of Park Commissioners:

We have audited, in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the financial statements of the MetroParks of Butler County, Butler County, Ohio, as of and for the years ended December 31, 2015 and 2014 and the related notes to the financial statements, and have issued our report thereon dated April 19, 2016, wherein we noted the MetroParks of Butler County followed financial reporting provisions Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit.

***Internal Control Over Financial Reporting***

As part of our financial statement audit, we considered the MetroParks of Butler County's internal control over financial reporting (internal control) to determine the audit procedures appropriate in the circumstances to the extent necessary to support our opinions on the financial statements, but not to the extent necessary to opine on the effectiveness of the MetroParks of Butler County's internal control. Accordingly, we have not opined on it.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the MetroParks of Butler County's financial statements. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all internal control deficiencies that might be material weaknesses or significant deficiencies. Given these limitations, we did not identify any deficiencies in internal control that we consider material weaknesses. However, unidentified material weaknesses may exist.

Board of Park Commissioners  
MetroParks of Butler County

***Compliance and Other Matters***

As part of reasonably assuring whether the MetroParks of Butler County's financial statements is free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

***Purpose of this Report***

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the MetroParks of Butler County's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the MetroParks of Butler County's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**STATUS OF PRIOR AUDIT FINDINGS  
DECEMBER 31, 2015 AND 2014**

<b><u>Finding Number</u></b>	<b><u>Finding Summary</u></b>	<b><u>Fully Corrected?</u></b>	<b><u>Not Corrected, Partially Corrected; Significantly Different Corrective Action Taken; or Finding No Longer Valid; Explain:</u></b>
2013-MOBC-001	<u>Significant Deficiency - Financial Statement Presentation</u> - Accurate financial reporting is required in order to provide management and the Board with objective and timely information to enable well-informed decisions. For the year ended December 31, 2012, the District had budgeted and informed the auditors that an on-behalf payment from the Ohio Public Works Commission for the purchase of land at Timberman Ridge in the amount of \$1,395,000 was not recorded on the financial statements. Thus, an audit adjustment was made to the District's financial statements to increase intergovernmental receipts by \$1,395,000 and increase capital outlay by \$1,395,000.	Yes	N/A
