INDEPENDENT AUDITOR'S REPORT

Perrysburg Exempted Village School District
Wood County
140 East Indiana Avenue
Perrysburg, Ohio 43551

To the Board of Education:

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Perrysburg Exempted Village School District, Wood County, Ohio (the District), as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for preparing and fairly presenting these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes designing, implementing, and maintaining internal control relevant to preparing and fairly presenting financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to opine on these financial statements based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the District's internal control. Accordingly, we express no opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinions.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Perrysburg Exempted Village School District, Wood County, Ohio, as of June 30, 2015, and the respective changes in financial position and, where applicable, cash flows thereof and for the General fund thereof for the year then ended in accordance with the accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 3 to the financial statements, during the year ended June 30, 2015, the District adopted Governmental Accounting Standard Board (GASB) No. 68, *Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27* and Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date*. We did not modify our opinion regarding this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require this presentation to include *Management's discussion and analysis*, schedules of net pension liabilities and pension contributions listed in the table of contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, consisting of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, to the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not opine or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to opine or provide any other assurance.

Supplementary and Other Information

Our audit was conducted to opine on the District's basic financial statements taken as a whole.

The Federal Award Receipts and Expenditures Schedule presents additional analysis as required by the U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations and is also not a required part of the financial statements.

The schedule is management's responsibility, and derives from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. We subjected this schedule to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling this schedule directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves in accordance with auditing standards generally accepted in the United States of America. In our opinion, this schedule is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 29, 2016, on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

A handwritten signature in black ink that reads "Dave Yost". The signature is written in a cursive style with a large, looping initial "D".

**MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015
(UNAUDITED)**

The management's discussion and analysis of the Perrysburg Exempted Village School District's (the "District") financial performance provides an overall review of the District's financial activities for the fiscal year ended June 30, 2015. The intent of this discussion and analysis is to look at the District's financial performance as a whole; notes to the basic financial statements and basic financial statements to enhance their understanding of the District's financial performance.

Financial Highlights

Key financial highlights for 2015 are as follows:

- The District restated net position for 2014 as described in Note 3.A. The District's net position of governmental activities increased \$4,162,814 which represents a 12.53% increase from 2014 as restated.
- General revenues accounted for \$51,629,048 in revenue or 87.58% of all revenues. Program specific revenues in the form of charges for services and sales, operating and capital grants and contributions accounted for \$7,320,507 or 12.42% of total revenues of \$58,949,555.
- The District had \$54,786,741 in expenses related to governmental activities; only \$7,320,507 of these expenses was offset by program specific charges for services, grants or contributions. General revenues supporting governmental activities (primarily taxes and unrestricted grants and entitlements) of \$51,629,048 were adequate to provide for these programs.
- The District's major governmental funds are the general fund and building fund. The general fund had \$48,778,958 in revenues and other financing sources and \$47,169,403 in expenditures. During fiscal 2015, the general fund's fund balance increased \$1,609,555 from \$7,400,637 to \$9,010,192.
- The building fund had \$39,249,720 in revenues and other financing sources \$1,485,794 in expenditures. During fiscal year 2015, the building fund's fund balance increased by \$37,763,926 from \$11,524 to \$38,275,450.

Using the Basic Financial Statements

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand the District as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The statement of net position and statement of activities provide information about the activities of the whole District, presenting both an aggregate view of the District's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the District's most significant funds with all other nonmajor funds presented in total in one column. In the case of the District, the major funds are the general fund and the building fund.

**PERRYSBURG EXEMPTED VILLAGE SCHOOL DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015
(UNAUDITED)

Reporting the District as a Whole

Statement of Net Position and the Statement of Activities

While this document contains the large number of funds used by the District to provide programs and activities, the view of the District as a whole looks at all financial transactions and asks the question, "How did we do financially during 2015?" The statement of net position and statement of activities answer this question. These statements include all assets, deferred outflows, liabilities, deferred inflows, revenues and expenses using the accrual basis of accounting similar to the accounting used by most private-sector companies. The accrual basis of accounting will take into account all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the District's net position and changes in that position. This change in net position is important because it tells the reader that, for the District as a whole, the financial position of the District has improved or diminished. The causes of this change may be the result of many factors, some financial, some not. Non-financial factors include the District's property tax base, current property tax laws in Ohio restricting revenue growth, facility conditions, required educational programs and other factors.

In the statement of net position and statement of activities, the governmental activities include the District's programs and services, including instruction, support services, operation and maintenance, pupil transportation, extracurricular activities, operation of non-instructional services, and food service operations.

The statement of net position and statement of activities can be found on pages 20-21 of this report.

Reporting the District's Most Significant Funds

Fund Financial Statements

The analysis of the District's major governmental funds begins on page 14. Fund financial reports provide detailed information about the District's major funds. The District uses many funds to account for a multitude of financial transactions. However, these fund financial statements focus on the District's most significant funds. The District's major funds are the general fund and building fund.

Governmental Funds

Most of the District's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in future periods. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund financial statements provide a detailed short-term view of the District's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship (or differences) between governmental activities (reported in the statement of net position and statement of activities) and governmental funds is reconciled in the basic financial statements. The basic governmental fund financial statements can be found on pages 22-25 and the budgetary statement for the general fund can be found on page 26.

WOOD COUNTY, OHIO**

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015
(UNAUDITED)

Proprietary Funds

The District maintains only one type of proprietary fund. The internal service fund is an accounting device used to accumulate and allocate costs internally among the District's various functions. The District has an internal service fund to account for a self-insurance program which provides dental benefits to employees. The basic proprietary fund financial statements can be found on pages 27-29 of this report.

Fiduciary Funds

The District is the trustee, or fiduciary, for its scholarship programs. This activity is presented as a private-purpose trust fund. The District also acts in a trustee capacity as an agent for individuals. These activities are reported in an agency fund. All of the District's fiduciary activities are reported in separate statements of fiduciary net position and changes in fiduciary net position on pages 30 and 31. These activities are excluded from the District's other financial statements because the assets cannot be utilized by the District to finance its operations.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. These notes to the basic financial statements can be found on pages 32-74 of this report.

Required Supplementary Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the District's net pension liability. The required supplementary information can be found on pages 76-82 of this report.

The District as a Whole

The statement of net position provides the perspective of the District as a whole. The table below provides a summary of the District's net position for June 30, 2015 and June 30, 2014. The net position at June 30, 2014 has been restated as described in Note 3.A.

During 2015, the District adopted GASB Statement 68, "Accounting and Financial Reporting for Pensions—an Amendment of GASB Statement 27," which significantly revises accounting for pension costs and liabilities. For reasons discussed below, many end users of this financial statement will gain a clearer understanding of the District's actual financial condition by adding deferred inflows related to pension and the net pension liability to the reported net position and subtracting deferred outflows related to pension.

**PERRYSBURG EXEMPTED VILLAGE SCHOOL DISTRICT
WOOD COUNTY, OHIO**

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015
(UNAUDITED)

Governmental Accounting Standards Board standards are national and apply to all government financial reports prepared in accordance with generally accepted accounting principles. When accounting for pension costs, GASB 27 focused on a funding approach. This approach limited pension costs to contributions annually required by law, which may or may not be sufficient to fully fund each plan's *net pension liability*. GASB 68 takes an earnings approach to pension accounting; however, the nature of Ohio's statewide pension systems and state law governing those systems requires additional explanation in order to properly understand the information presented in these statements.

Under the new standards required by GASB 68, the net pension liability equals the District's proportionate share of each plan's collective:

1. Present value of estimated future pension benefits attributable to active and inactive employees' past service
2. Minus plan assets available to pay these benefits

GASB notes that pension obligations, whether funded or unfunded, are part of the "employment exchange" – that is, the employee is trading his or her labor in exchange for wages, benefits, and the promise of a future pension. GASB noted that the unfunded portion of this pension promise is a present obligation of the government, part of a bargained-for benefit to the employee, and should accordingly be reported by the government as a liability since they received the benefit of the exchange. However, the District is not responsible for certain key factors affecting the balance of this liability. In Ohio, the employee shares the obligation of funding pension benefits with the employer. Both employer and employee contribution rates are capped by State statute. A change in these caps requires action of both Houses of the General Assembly and approval of the Governor. Benefit provisions are also determined by State statute. The employee enters the employment exchange with the knowledge that the employer's promise is limited not by contract but by law. The employer enters the exchange also knowing that there is a specific, legal limit to its contribution to the pension system. In Ohio, there is no legal means to enforce the unfunded liability of the pension system *as against the public employer*. State law operates to mitigate/lessen the moral obligation of the public employer to the employee, because all parties enter the employment exchange with notice as to the law. The pension system is responsible for the administration of the plan.

Most long-term liabilities have set repayment schedules or, in the case of compensated absences (i.e. sick and vacation leave), are satisfied through paid time-off or termination payments. There is no repayment schedule for the net pension liability. As explained above, changes in pension benefits, contribution rates, and return on investments affect the balance of the net pension liability, but are outside the control of the local government. In the event that contributions, investment returns, and other changes are insufficient to keep up with required pension payments, State statute does not assign/identify the responsible party for the unfunded portion. Due to the unique nature of how the net pension liability is satisfied, this liability is separately identified within the long-term liability section of the statement of net position.

In accordance with GASB 68, the District's statements prepared on an accrual basis of accounting include an annual pension expense for their proportionate share of each plan's *change* in net pension liability not accounted for as deferred inflows/outflows.

As a result of implementing GASB 68, the District is reporting a net pension liability and deferred inflows/outflows of resources related to pension on the accrual basis of accounting. This implementation also had the effect of restating net position at June 30, 2014, from \$32,265,232 to a deficit of \$33,236,638.

Over time, net position can serve as a useful indicator of a government's financial position. At June 30, 2015, the District's liabilities and deferred outflows exceeded assets and deferred inflows by \$29,073,824. Of this total, \$4,359,953 is restricted in use.

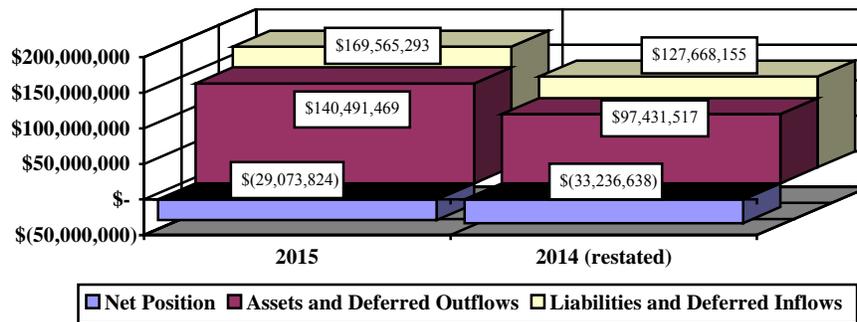

**PERRYSBURG EXEMPTED VILLAGE SCHOOL DISTRICT
WOOD COUNTY, OHIO**

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015
(UNAUDITED)

At year-end, capital assets represented 35.51% of total assets. Capital assets include land, construction in progress, land improvements, buildings and improvements, furniture and equipment and vehicles. The District's net investment in capital assets at June 30, 2015, was \$21,642,705. These capital assets are used to provide services to the students and are not available for future spending. Although the District's investment in capital assets is reported net of related debt, it should be noted that the resources to repay the debt must be provided from other sources, since capital assets may not be used to liquidate these liabilities.

A portion of the District's net position, \$4,359,953, represents resources that are subject to external restriction on how they may be used. The remaining balance of unrestricted net position was a deficit of \$55,076,482. The deficit balance in unrestricted net position was the result of reporting the net pension liability required by GASB 68.

The graph below illustrates the District's governmental activities assets plus deferred outflows, liabilities plus deferred inflows and net position at June 30, 2015 and 2014 as restated in Note 3.A.

The table below shows the changes in net position for governmental activities between 2015 and 2014. The net position at June 30, 2014 has been restated as described in Note 3.A.

| | Change in Net Position | |
|------------------------------------|---|---|
| | Governmental Activities <u>2015</u> | Governmental Activities <u>2014</u> |
| Revenues | | |
| Program revenues: | | |
| Charges for services and sales | \$ 3,514,154 | \$ 3,053,100 |
| Operating grants and contributions | 3,219,379 | 3,761,301 |
| Capital grants and contributions | 586,974 | 62,583 |
| General revenues: | | |
| Property taxes | 31,582,208 | 31,093,314 |

Governmental Activities

The information necessary to restate the 2014 beginning balances and the 2014 pension expense amounts for the effects of the initial implementation of GASB 68 is not available. Therefore, 2014 functional expenses still include pension expense of \$3,401,616 computed under GASB 27. GASB 27 required recognizing pension expense equal to the contractually required contributions to the plan. Under GASB 68, pension expense represents additional amounts earned, adjusted by deferred inflows/outflows. The contractually required contribution is no longer a component of pension expense. Under GASB 68, the 2015 statements report pension expense of \$2,433,612.

**PERRYSBURG EXEMPTED VILLAGE SCHOOL DISTRICT
WOOD COUNTY, OHIO**

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015
(UNAUDITED)

Consequently, in order to compare 2015 total program expenses to 2014, the following adjustments are needed:

| | |
|---|---------------------|
| Total 2015 program expenses under GASB 68 | \$ 54,786,741 |
| Pension expense under GASB 68 | (2,433,612) |
| 2015 contractually required contributions | <u>3,841,042</u> |
| Adjusted 2015 program expenses | 56,194,171 |
| Total 2014 program expenses under GASB 27 | <u>53,158,310</u> |
| Increase in program expenses not related to pension | <u>\$ 3,035,861</u> |

Net position of the District's governmental activities increased \$4,162,814. Total governmental expenses of \$54,786,741 were offset by program revenues of \$7,320,507 and general revenues of \$51,629,048. Program revenues supported 13.36% of the total governmental expenses.

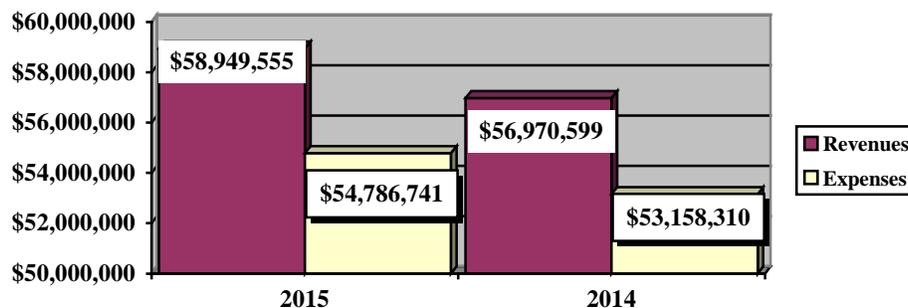

The primary sources of revenue for governmental activities are derived from property taxes, school district income taxes, grants and entitlements and payments in lieu of taxes. These four sources of revenue total \$51,516,782 and represent 87.58% of total governmental revenue. Real estate property is reappraised every six years.

The District saw an increase in capital grants and contributions during fiscal year 2015 of approximately \$524,000. This was primarily due to an increase in the amount of capital donations for the Perrysburg Athletic Complex. Unrestricted grants and entitlements increased due to the changes in the State Foundation funding formula. Income tax revenue increased approximately \$246,000 due to declining unemployment rates.

The expenses of the District increased approximately \$1.63 million due to two factors. First, the District's agreements with the bargaining units resulted in an increase in wages and benefits increases for District employees. Second, the enrollment of the District continues to grow resulting in more services being provided.

The graph below presents the District's governmental activities revenue and expenses for fiscal years 2015 and 2014.

Governmental Activities - Revenues and Expenses

**PERRYSBURG EXEMPTED VILLAGE SCHOOL DISTRICT
WOOD COUNTY, OHIO**

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015
(UNAUDITED)

The statement of activities shows the cost of program services and the charges for services and grants offsetting those services. The following table shows, for governmental activities, the total cost of services and the net cost of services for 2015 compared to 2014. That is, it identifies the cost of these services supported by tax revenue and unrestricted State grants and entitlements.

| | Governmental Activities | | | |
|--|--------------------------------|-------------------------|---------------------------|-------------------------|
| | Total Cost of Services | Net Cost of Services | Total Cost of Services | Net Cost of Services |
| | <u>2015</u> | <u>2015</u> | <u>2014</u> | <u>2014</u> |

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015
(UNAUDITED)

The graph below presents the District's general and program revenues for fiscal years 2015 and 2014.

Governmental Activities - General and Program Revenues

The District's Funds

The District's governmental funds reported a combined fund balance of \$53,157,318, which is greater than last year's total of \$12,246,600. The schedule below indicates the fund balance and the total change in fund balance as of June 30, 2015 and 2014.

| | <u>Fund Balance June 30, 2015</u> | <u>Fund Balance June 30, 2014</u> | <u>Increase</u> |
|--------------------|---------------------------------------|---------------------------------------|----------------------|
| General | \$ 9,010,192 | \$ 7,400,637 | \$ 1,609,555 |
| Building | 38,275,450 | 511,524 | 37,763,926 |
| Other governmental | <u>5,871,676</u> | <u>4,334,439</u> | <u>1,537,237</u> |
| Total | <u>\$ 53,157,318</u> | <u>\$ 12,246,600</u> | <u>\$ 40,910,718</u> |

General Fund

The District's general fund balance increased \$1,609,555. The schedule below provides detail on the revenues and expenditures of the general fund for fiscal years 2015 and 2014.

| | <u>2015 Amount</u> | <u>2014 Amount</u> | <u>Percentage Change</u> |
|-------------------------|------------------------|------------------------|------------------------------|
| <u>Revenues</u> | | | |
| Taxes | \$ 32,957,048 | \$ 32,152,699 | 2.50 % |
| Tuition | 644,106 | 415,197 | 55.13 % |
| Earnings on investments | 33,248 | 29,688 | 11.99 % |
| Intergovernmental | 13,928,045 | 13,125,108 | 6.12 % |
| Other revenues | <u>1,214,917</u> | <u>855,568</u> | 42.00 % |
| Total | <u>\$ 48,777,364</u> | <u>\$ 46,578,260</u> | 4.72 % |

**PERRYSBURG EXEMPTED VILLAGE SCHOOL DISTRICT
WOOD COUNTY, OHIO**

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015
(UNAUDITED)

| | 2015 <u>Amount</u> | 2014 <u>Amount</u> | Percentage <u>Change</u> |
|---|-----------------------|-----------------------|-----------------------------|
| <u>Expenditures</u> | | | |
| Instruction | \$ 30,581,981 | \$ 28,652,058 | 6.74 % |
| Support services | 15,157,415 | 14,328,549 | 5.78 % |
| Operation of non-instructional services | 5,512 | 4,712 | 100.00 % |
| Extracurricular activities | 1,084,395 | 969,315 | 11.87 % |
| Debt service | <u>340,100</u> | <u>170,050</u> | 100.00 % |
| Total | <u>\$ 47,169,403</u> | <u>\$ 44,124,684</u> | 6.90 % |

Revenues of the general fund increased approximately \$2.2 million compared to fiscal year 2014. This is mainly due to an \$802,937 increase in intergovernmental revenues and \$804,349 increase in taxes revenue. Changes to the State Foundation funding formula resulted in an increase in revenues for the District. Income tax revenue increased due to declining unemployment. Tuition revenue increased \$228,909 in fiscal year 2015. This increase is due to an increase in receipts for all-day kindergarten. All other revenues remained consistent with prior year amounts.

Expenditures in the general fund increased approximately \$3.05 million from fiscal year 2014. The main reason for the increase in expenditures is due to an increase in wages and benefits.

Building Fund

The building fund had \$39,249,720 in revenues and other financing sources and \$1,485,794 in expenditures. During fiscal year 2015, the building fund's fund balance increased by \$37,763,926 from \$511,524 to \$38,275,450. This increase is due to the sale of general obligation bonds to finance the District's construction project.

General Fund Budgeting Highlights

The District's budget is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The most significant budgeted fund is the general fund.

During the course of fiscal year 2015, the original and final budgeted revenues and other financing sources were \$46,585,580. Actual revenues and other financing sources for fiscal year 2015 were \$47,645,079. Actual revenues and other financing sources were \$1,059,499 more than final budgeted revenues.

General fund original appropriations (appropriated expenditures plus other financing uses) of \$45,961,428 were increased to \$46,657,622 in the final budget. The actual budget basis expenditures and other financing uses for fiscal year 2015 totaled \$46,368,290, which was \$289,332 less than the final budget appropriations.

Debt Administration and Capital Assets

Debt Administration

At June 30, 2015, the District had \$60,386,498 in general obligation bonds, \$3,740,535 in energy conservation notes and \$281,000 in OASBO notes payable. Of this total, \$3,008,908 is due within one year and \$61,399,125 is due in greater than one year.

**PERRYSBURG EXEMPTED VILLAGE SCHOOL DISTRICT
WOOD COUNTY, OHIO**

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015
(UNAUDITED)

The following table summarizes the bonds, notes and lease obligations outstanding at June 30, 2015 and 2014.

Outstanding Debt, at Year End

| | Governmental Activities <u>2015</u> | Governmental Activities <u>2014</u> |
|--------------------------|---|---|
| General obligation bonds | \$ 60,386,498 | \$ 23,751,234 |
| Energy conservation note | 3,740,535 | 3,961,484 |
| Lease-purchase agreement | - | 89,916 |
| OASBO note payable | <u>281,000</u> | <u>346,000</u> |
| Total | <u>\$ 64,408,033</u> | <u>\$ 28,148,634</u> |

At June 30, 2015, the District's overall legal debt margin was \$17,157,458 with an unvoted debt margin of \$806,029.

See Note 10 to the basic financial statements for further detail on the District's long-term obligations.

Capital Assets

At the end of fiscal 2015, the District had \$48,305,187 invested in land, construction in progress, land improvements, buildings and improvements, furniture and equipment, and vehicles. The following table shows fiscal 2015 balances compared to 2014:

**Capital Assets at June 30
(Net of Depreciation)**

| | Governmental Activities | |
|---------------------------|-------------------------|----------------------|
| | 2015 | 2014 |
| Land | \$ 3,567,821 | \$ 3,567,821 |
| Construction in progress | 866,522 | 3,557,951 |
| Land improvements | 2,048,144 | 2,436,981 |
| Building and improvements | 39,979,628 | 36,965,175 |
| Furniture and equipment | 1,284,051 | 1,212,680 |
| Vehicles | <u>559,021</u> | <u>619,665</u> |
| Total | <u>\$ 48,305,187</u> | <u>\$ 48,360,273</u> |

Total additions to capital assets for 2015 were \$2,853,239. Depreciation recorded for the fiscal year totaled \$2,906,720. Disposals net of accumulated depreciation were \$1,605.

The overall decrease in capital assets of \$55,086 is due to depreciation expense exceeding current year additions and disposals net of accumulated depreciation for fiscal year 2015.

See Note 9 to the basic financial statements for further details on the District's capital assets.

**PERRYSBURG EXEMPTED VILLAGE SCHOOL DISTRICT
WOOD COUNTY, OHIO**

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015
(UNAUDITED)

Economic Conditions and Outlook

The District have experienced the effects of an economic turn-around over the past several years. We continue to see signs of continuous economic growth throughout the District. Commercial and residential development continues. A District that traditionally prospers from the effects of residential and commercial real estate growth and a continuous increased income tax stream has seen these resources continue to grow but at the same time, create economic challenges for the District.

The District is comprised of approximately 41 square miles in the north central portion of Wood County (the "County"), and is bordered on the north by the Maumee River. Residential construction has resulted in significant growth in the population of the District during the past several years, and this growth is expected to continue into the foreseeable future. The City of Perrysburg (the "City") is an attractive municipality and is proud of its heritage. Although some residential development is occurring within the City boundaries, the majority of the current development is primarily in the southwest quadrant of the District, within Perrysburg and Middleton Townships. Development is primarily residential, although some limited retail and light manufacturing construction has occurred. The District is located in a reasonably good agricultural area, although agriculture is no longer a major contributor to the City or to the District. The City and the greater Toledo metropolitan area provide residents with many retail, commercial and light industrial advantages associated with small cities. Residents have the availability of a variety of shopping, entertainment and dining venues, as well as a steady mix of employment options. The District continues to play a vital role as a center of the community, and a sense of pride is evident within the District and throughout the community. The availability of new housing and transportation routes make the area attractive to families moving to this Northwest Ohio area. Those moving into the area have the advantages of the larger city conveniences and services while retaining the positives associated with the smaller, community-oriented environment. There has been a decline in some of the major manufacturing and distribution companies in the nearby Toledo metropolitan area, but several opportunities still exist. These provide employment possibilities, major shopping areas, recreation and medical services.

The District operates four K-5 elementary school buildings, one 6-8 middle school, and one 9-12 high school. The District continues to maintain the Commodore Building that is located in the central portion of the City, and that currently houses the central administration. Original construction dates for these school buildings range from 1894 to 2001, and most of the buildings have had one or more major additions. In general, the buildings have been well maintained; yet, changes in program requirements and the inflexibility of several of the buildings present limitations for the delivery of the instructional programs. The Commodore Building continues to be renovated for administrative offices. The building is home to not only the District's administrative personnel, but is host to a number of professional development programs for education personnel across Northwest Ohio. The District community is changing. A different set of expectations for the schools comes with these changes. As new residents arrive and local conditions are altered, different work requirements and family expectations follow. The changing nature of agribusiness, manufacturing and service industries with new applications from technology creates the need for different skills for managers and workers. As residents are exposed to these changes in their home, business and work, they develop expectations for the schools that are different from those that have influenced the District in the past. Preparation to work in the information society is quite different from that required in the agriculture or industrial societies of the past. New and compelling research findings about both curriculum and A-1 instruction are finding their way into classrooms. All of these changes have potential for impact on teachers and teaching, as well as on school facilities and instructional materials.

The District is an independent political subdivision of the State of Ohio and operates subject to the provisions of the Ohio Constitution and various sections of the Ohio Revised Code. Under such laws, there is no authority for the District to have a charter or adopt local laws. The District is neither a part of, nor under the control of, the City. The territory of the District is considerably larger than the territory of the City.

**PERRYSBURG EXEMPTED VILLAGE SCHOOL DISTRICT
WOOD COUNTY, OHIO**

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015
(UNAUDITED)

Historically, real estate values throughout the District, have increased at an average rate of almost two (1.77%) percent over the past ten years, in a non-triennial update or reappraisal year. The District has seen steady increases in the overall valuation since the 2011 reappraisal. Agricultural values have been adjusted on several occasions throughout the State to reflect more accurate CAUV (Current Agricultural Land Use Values) values. District agricultural values increased over seventy (71.2%) percent from 2013 values but since agricultural values represent only less than two (1.28%) percent of the District's total valuation; the increase provided little relief to offset the lower than anticipated growth of other valuations. Agricultural valuation continues to become less of the District's total valuation because of the scheduled building projects throughout the District. Overall, the District did experience some additional valuation growth again this past year. Commercial valuations experienced the next largest percentage growth at over five (5.41%) percent while residential growth came in right behind at 2.23%. The District experienced the effects of a triennial update in tax year 2014. The actual real estate tax collection did experience an increase due mainly to the increase established by the incremental levy. Voters renewed the incremental levy, originally approved by the community in 2004, in November of 2012. The request was increased from \$7,566,710 annually to \$10,000,000 in the first year and increasing \$975,000 annually for the remaining three years of the levy life. Millage ranges will be contingent on valuation growth throughout the life of the levy. Currently the levy is collecting 14.40 mills and generating \$11,950,000 annually. The levy will return to the community in November of 2016 for reconsideration. The District may experience some benefits as a result of being at the twenty mill floor and experiencing some revenue growth on inside millage as the District's valuation continues to grow. The dollars (\$11,950,000) generated from the emergency levy represents almost twenty-five (24.75%) percent of the District's actual fiscal year 2016 revenue.

The District's income tax collection continues to be a valuable resource impacting the operations of the District in fiscal year 2015. The District, once again, experienced some growth in 2015 for the income tax collections. Historically the income tax has grown at an average rate of 4.57% over the past twenty years. The rate of growth from 2013-14 to 2014-15 was 3.36% or \$200,170. Overall revenue grew moderately for 2014-15. In 2013-14 the District saw a 9.71% or a \$3,978,528 increase in revenue. This year, 2014-15, the District experienced an increase of \$2,686,763 or 5.98%. The majority of that growth came from the built-in increase associated with the incremental real estate collection. The District also received a significant increase in state funding as a result of the biennium budget. Negotiations with certified and classified staff in the spring of 2013 ran into the 2013-14 fiscal year. After a long negotiation process, negotiated agreements were ratified in December of 2013 resulting in salary adjustments in the second half of fiscal year 2014. Several other monetary issues were addressed as well allowing the District to work toward some financial stability. The community continues to grow and as a result creating a larger tax base of taxpaying residents but economic conditions continue to affect overall values of the homes and businesses that exist throughout the community.

The District continues to implement very aggressive measures to balance the budget and provide some financial stability. As the District moves forward into fiscal year 2016, the staff and administration continue to look at future growth throughout the community and the challenges that overcrowding presents. Reliance on the State of Ohio for financial support continues to be a huge question. Perrysburg residents have been very supportive of the District. The local community has replaced a large portion of the funding that state has taken away over the past several years with the approval of the incremental levy in 2012.

The District's expenditure levels continue to be reviewed and closely monitored. The administration has managed to control the growth of expenditures levels to average less than three (2.74%) percent over the prior five years prior to 2015-16. The 2013-14 and 2014-15 expenditure levels was significantly higher due to the collective bargaining agreement being approved and the laptop initiative being implemented. The District also experience increases in legal fees and special education costs. The 2014-15 expenditures rose 5.79% over the 2013-14 expenditure levels. As a result, this increase has had a significant impact on that five year average. Historically, over the past twenty-five (25) years, the average rate of growth has been above five (5.33%) percent. Growth has been projected for the next five years at 3.56%. A more structured budgeting process has been developed and implemented.

**PERRYSBURG EXEMPTED VILLAGE SCHOOL DISTRICT
WOOD COUNTY, OHIO**

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015
(UNAUDITED)

Board committees continue to be utilized in terms of the approval and implementation of various District programs and the costs associated with those programs. Retirements and the replacement of a more experienced work force with a new staff has also kept expenditure levels at higher than anticipated levels. We will continue to be a primary focus as we move into future years. The implementation of a merit based compensation system has been utilized over the past year and is currently being reviewed for its effectiveness and sustainability. We anticipate that proposed changes to the STRS and SERS retirement programs will prompt more senior employees to retire prior to July 2017.

Instructional programs and curriculum adoptions have and will continue to be a primary focus of the District's administrative team. The District added an assistant director of teaching and learning to assist in some of the initiatives that have begun. The District implemented a one to one technology initiative in 2013-14 where students received laptop computers that are utilized in the instructional delivery and practice. Curriculum adoptions were placed on hold for several years due to financial restraints but schedules have been adopted to revisit and update courses of study. As the District continues to move forward with these curriculum updates and new technology initiatives, financial planning has become an integral part of this process. Costs for services for students with special needs continue to rise. This is such an uncontrollable cost. Court placed students with disabilities have a drastic impact on District finances. The District reviews these services on an annual basis to review their effectiveness for services and costs.

The District continues to grow in all aspects of economic development. Housing starts continue to rise and the District's enrollment continues to escalate. Portable classrooms were purchased and installed at two elementary buildings in the District in the summer of 2013 at a cost of approximately \$550,000 to address the overcrowding issue. The District is in the process of planning and design of a new intermediate school to be built on an eighteen (18) acre parcel of land at the corner of Hull Prairie and Roachton Roads, located in the southwest corner of the District. Voters approved the \$38,900,000 bond issue in November of 2014. This will remove the fifth grade from the elementary building and the sixth grade from the current junior high and allow some additional growth to occur. New subdivisions are platted and building continues throughout the District. Several apartment complexes have added students to already maximum building capacities.

Several tax abatements were negotiated over the last year with new companies and existing companies expanding operations throughout the District. It is evident that the economy has had its effect on the ability for companies to build and expand like they have in the past but the activity is beginning to accelerate once again.

We are extremely pleased with the direction the District has taken financially, instructionally and structurally.

Contacting the District's Financial Management

This financial report is designed to provide our citizens, taxpayers, investors and creditors with a general overview of the District's finances and to show the District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Treasurer's Office, at Perrysburg Exempted Village School District, 140 E. Indiana Ave., Perrysburg Ohio 43551.

RECONCILIATION OF TOTAL GOVERNMENTAL FUND BALANCES TO
NET POSITION OF GOVERNMENTAL ACTIVITIES
JUNE 30, 2015

| | | | |
|--|----|---------------------|----------------------------|
| Total governmental fund balances | | \$ | 53,157,318 |
| <i>Amounts reported for governmental activities on the statement of net position are different because:</i> | | | |
| Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds. | | | 48,305,187 |
| Other long-term assets are not available to pay for current-period expenditures and therefore are deferred inflows in the funds. | | | |
| Property taxes receivable | \$ | 397,823 | |
| Income taxes receivable | | 408,535 | |
| Payment in lieu of taxes receivable | | 15,000 | |
| Intergovernmental receivable | | <u>117,252</u> | |
| Total | | | 938,610 |
| An internal service fund is used by management to charge the costs of insurance to individual funds. The assets and liabilities of the internal service fund are included in governmental activities on the statement of net position. | | | 2,422,694 |
| Unamortized premiums on bonds issued are not recognized in the funds. | | | (1,481,108) |
| Unamortized amounts on refundings are not recognized in the funds. | | | 80,625 |
| Accrued interest payable is not due and payable in the current period and therefore is not reported in the funds. | | | (504,555) |
| The net pension liability is not due and payable in the current period; therefore, the liability and related deferred inflows/outflows are not reported in governmental funds. | | | |
| Deferred outflows - pension | | 4,388,609 | |
| Deferred inflows - pension | | (10,510,664) | |
| Net pension liability | | <u>(57,972,385)</u> | |
| Total | | | (64,094,440) |
| Long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported in the funds. | | | |
| General obligation bonds | | (60,386,498) | |
| Compensated absences | | (3,490,122) | |
| OASBO note payable | | (281,000) | |
| Energy conservation note | | <u>(3,740,535)</u> | |
| Total | | | <u>(67,898,155)</u> |
| Net position of governmental activities | | \$ | <u>(29,073,824)</u> |

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
FOR THE FISCAL YEAR ENDED JUNE 30, 2015

| | | |
|---|--------------------|-------------------------|
| Net change in fund balances - total governmental funds | \$ | 40,910,718 |
| <i>Amounts reported for governmental activities in the statement of activities are different because:</i> | | |
| Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. | | |
| Capital asset additions | \$ 2,853,239 | |
| Current year depreciation | <u>(2,906,720)</u> | |
| Total | | (53,481) |
| The net effect of various miscellaneous transactions involving capital assets (i.e., sales, disposals, trade-ins, and donations) is to decrease net position. | | |
| | | (1,605) |
| Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds. | | |
| Property taxes | 6,879 | |
| Income taxes | 9,082 | |
| Intergovernmental | <u>(162,861)</u> | |
| Total | | (146,900) |
| Repayment of bond, lease and note principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities on the statement of net position. | | |
| | | 2,900,865 |
| Issuance of bonds are recorded as an other financing source in the funds; however, in the statement of activities, it is not reported as an other financing source as it increases liabilities on the statement of net position. | | |
| | | (38,900,000) |
| Premiums on bonds are amortized over the life of the issuance in the statement of activities. | | |
| | | (1,348,859) |
| In the statement of activities, interest is accrued on outstanding bonds, whereas in governmental funds, an interest expenditure is reported when due. | | |
| Increase in accrued interest payable | (398,617) | |
| Accreted interest on capital appreciation bonds | (260,264) | |
| Amortization of bond premiums | 48,164 | |
| Amortization of deferred charges | <u>(20,769)</u> | |
| Total | | (631,486) |
| Some expenses reported in the statement of activities, such as compensated absences, do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds. | | |
| | | (180,455) |
| Contractually required pension contributions are reported as expenditures in governmental funds; however, the statement of activities reports these amounts as deferred outflows. | | |
| | | 3,841,042 |
| Except for amounts reported as deferred inflows/outflows, changes in the net pension liability are reported as pension expense in the statement of activities. | | |
| | | (2,433,612) |
| An internal service fund used by management to charge the costs of insurance to individual funds is not reported in the statement of activities. Governmental fund expenditures and the related internal service fund revenues are eliminated. The net revenue (expense) of the internal service fund is allocated among the governmental activities. | | |
| | | <u>206,587</u> |
| Change in net position of governmental activities | \$ | <u>4,162,814</u> |

WOOD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 1 - DESCRIPTION OF THE SCHOOL DISTRICT

The Perrysburg Exempted Village School District (the "District") is located in Wood County in northwest Ohio.

The District is organized under Sections 2 and 3, Article VI of the Constitution of the State of Ohio. Under such laws, there is no authority for a school district to have a charter or adopt local laws. The legislative power of the District is vested in the Board of Education, consisting of five members elected at large for staggered four year terms.

It currently operates 4 elementary schools, 1 junior high school, and 1 comprehensive high school. The District employs 25 administrators, 177 non-certified and 308 certified full-time and part-time employees to provide services to approximately 4,795 students and various community groups.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The basic financial statements of the District have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The District's significant accounting policies are described below.

A. Reporting Entity

The reporting entity has been defined in accordance with GASB Statement No. 14, "The Financial Reporting Entity" as amended by GASB Statement No. 39, "Determining Whether Certain Organizations Are Component Units" and GASB Statement No. 61, "The Financial Reporting Entity: Omnibus an Amendment of GASB Statements No. 14 and No. 34". The reporting entity is composed of the primary government and component units. The primary government consists of all funds, departments, boards and agencies that are not legally separate from the District. For the District, this includes general operations, food service, and student related activities of the District.

Component units are legally separate organizations for which the District is financially accountable. The District is financially accountable for an organization if the District appoints a voting majority of the organization's Governing Board and (1) the District is able to significantly influence the programs or services performed or provided by the organization; or (2) the District is legally entitled to or can otherwise access the organization's resources; or (3) the District is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or (4) the District is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the District in that the District approves the budget, the issuance of debt or the levying of taxes. Certain organizations are also included as component units if the nature and significance of the relationship between the primary government and the organization is such that exclusion by the primary government would render the primary government's financial statements incomplete or misleading. Based upon the application of these criteria, the District has no component units. The basic financial statements of the reporting entity include only those of the District (the primary government).

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

JOINTLY GOVERNED ORGANIZATIONS

Northern Ohio Educational Computer Association (NOECA)

The NOECA is a jointly governed organization among 41 area school districts and service centers. The jointly governed organization was formed for the purpose of applying modern technology with the aid of computers and other electronic equipment to the administrative and instructional functions among member school districts and service centers. Each of the governments of these schools supports the NOECA based upon a per pupil charge, dependent upon the software package utilized. The NOECA assembly consists of a superintendent from each participating district and a representative from the fiscal agent. The NOECA is governed by a Board of Directors chosen from the general membership of the NOECA Assembly. The Board of Directors consists of a representative from the fiscal agent, the chairman of each of the operating committees, and two Assembly members from each county in which participating districts are located. Each district's authority is limited to its representation on the Board. Financial information can be obtained by contacting Matt Bauer, Treasurer for the North Point Education Service Center, who serves as fiscal agent at 1210 E. Bogart Road, Sandusky, Ohio 44870.

Penta Career Center

The Penta Career Center (the "Center") is a separate body politic and corporate, established by the Ohio Revised Code (ORC) to provide vocational and special education needs of the students. The Center accepts non-tuition students from the District as a member school; however, it is considered a separate political subdivision and is not considered to be part of the District. Financial information can be obtained from the Penta County Career Center, Carrie Herringshaw, who serves as Treasurer, at 9301 Buck Road, Perrysburg, Ohio 43551.

B. Fund Accounting

The District uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self balancing set of accounts. There are three categories of funds: governmental, proprietary and fiduciary.

GOVERNMENTAL FUNDS

Governmental funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and deferred outflows and liabilities and deferred inflows is reported as fund balance.

The following are the District's major governmental funds:

General fund - The general fund is used to account for and report all financial resources not accounted for and reported in another fund. The general fund balance is available for any purpose provided it is expended or transferred according to the general laws of Ohio.

**PERRYSBURG EXEMPTED VILLAGE SCHOOL DISTRICT
WOOD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Building fund - The building fund is used to account for resources that are restricted for the acquisition of capital facilities and capital assets. All proceeds from the sale of bonds, notes or certificates of indebtedness, except premium and accrued interest, are paid into this fund. Expenditures recorded here represent the costs of acquiring capital facilities, including real property.

Other governmental funds of the District are used to account for (a) financial resources that are restricted, committed, or assigned to expenditures for capital outlays including the acquisition or construction of capital facilities and other capital assets, (b) specific revenue sources that are restricted or committed to an expenditure for specified purposes other than debt service or capital projects and (c) financial resources that are restricted, committed or assigned to expenditure for principal and interest.

PROPRIETARY FUND

Proprietary funds are used to account for the District's ongoing activities which are similar to those often found in the private sector. The District has no enterprise funds. The following is a description of the District's internal service fund:

Internal service fund - The internal service fund is used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the District, or to other governments, on a cost-reimbursement basis. The only internal service fund of the District accounts for a self-insurance program, which provides dental, vision, medical/surgical and life insurance benefits to employees.

FIDUCIARY FUNDS

Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds and agency funds. Trust funds are used to account for assets held by the District under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the District's own programs. The District's only trust fund is a private-purpose trust which accounts for scholarship programs for students. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The District's agency fund accounts for student activities.

C. Basis of Presentation and Measurement Focus

Government-wide Financial Statements - The statement of net position and the statement of activities display information about the District as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. Internal service fund operating activity is eliminated to avoid overstatement of revenues and expenses.

**PERRYSBURG EXEMPTED VILLAGE SCHOOL DISTRICT
WOOD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

The government-wide statement of activities presents a comparison between direct expenses and program revenues for each function or program of the governmental activities of the District. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include amounts paid by the recipient of goods or services offered by the program and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues not classified as program revenues are presented as general revenues of the District.

The government-wide financial statements are prepared using the economic resources measurement focus. All assets, deferred outflows, liabilities and deferred inflows associated with the operation of the District are included on the statement of net position.

Fund Financial Statements - Fund financial statements report detailed information about the District. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column, and all nonmajor funds are aggregated into one column. The internal service fund is presented in a single column on the face of the proprietary fund statements. Fiduciary funds are reported by fund type.

All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and deferred outflows and current liabilities and deferred inflows generally are included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

Like the government-wide statements, the internal service fund is accounted for on a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of this fund are included on the statement of fund net position. The statement of changes in fund net position presents increases (i.e., revenues) and decreases (i.e., expenses) in net total assets. The statement of cash flows provides information about how the District finances and meets the cash flow needs of its proprietary activity.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operation. The principal operating revenue of the District's internal service fund is charges for services. Operating expenses for internal service funds include claims and administrative expenses. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

The private-purpose trust fund is reported using the economic resources measurement focus. Agency funds do not report a measurement focus as they do not report operations.

**PERRYSBURG EXEMPTED VILLAGE SCHOOL DISTRICT
WOOD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

D. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Proprietary and fiduciary funds also use the accrual basis of accounting.

Revenues - Exchange and Nonexchange Transactions - Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the District, available means expected to be received within sixty days of fiscal year end.

Nonexchange transactions, in which the District receives value without directly giving equal value in return, includes property taxes, income taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied (See Note 6). Revenue from income taxes is recognized in the fiscal year in which the underlying exchange transaction occurred (See Note 7).

Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted, matching requirements, in which the District must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the District on a reimbursement basis. On a modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at fiscal year-end: property taxes available as an advance, income taxes, interest, tuition, grants, student fees and rentals.

Deferred Outflows of Resources and Deferred Inflows of Resources - In addition to assets, the government-wide statement of net position will report a separate section for deferred outflows of resources. Deferred outflows of resources, represents a consumption of net position that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until then. For the District, deferred outflows of resources have been reported for the following two items related the District's net pension liability: (1) the difference between expected and actual experience of the pension systems, and (2) the District's contributions to the pension systems subsequent to the measurement date. In addition, deferred outflows of resources include a deferred charge on debt refunding. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

**PERRYSBURG EXEMPTED VILLAGE SCHOOL DISTRICT
WOOD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

In addition to liabilities, both the government-wide statement of net position and the governmental fund financial statements report a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net position that applies to a future period and will not be recognized as an inflow of resources (revenue) until that time. For the District, deferred inflows of resources include property taxes, payments in lieu of taxes and unavailable revenue. Property taxes and payments in lieu of taxes represent amounts for which there is an enforceable legal claim as of June 30, 2015, but which were levied to finance fiscal year 2016 operations. These amounts have been recorded as a deferred inflow of resources on both the government-wide statement of net position and the governmental fund financial statements. Unavailable revenue is reported only on the governmental funds balance sheet, and represents receivables which will not be collected within the available period. For the District unavailable revenue includes, but is not limited to, delinquent property taxes and intergovernmental grants. These amounts are deferred and recognized as an inflow of resources in the period the amounts become available.

The District also reports a deferred inflow of resources for the net difference between projected and actual earnings on pension plan investments related to the District's net pension liability. This deferred inflow of resources is only reported on the government-wide statement of net position.

Expenses/Expenditures - On the accrual basis of accounting, expenses are recognized at the time they are incurred. The entitlement value of donated commodities used during the year is reported in the statement of revenues, expenditures and changes in fund balances as an expenditure with a like amount reported as intergovernmental revenue.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

E. Budgets

The budgetary process is prescribed by provisions of the Ohio Revised Code and entails the preparation of budgetary documents within an established timetable. The major documents prepared are the tax budget, the certificate of estimated resources, and the appropriation resolution, all of which are prepared on the budgetary basis of accounting. The certificate of estimated resources and the appropriations resolution are subject to amendment throughout the year with the legal restriction that appropriations cannot exceed estimated resources, as certified. All funds, other than agency funds, are legally required to be budgeted and appropriated. The legal level of budgetary control is at the fund level for all funds. Although the legal level of budgetary control was established at the fund level of expenditures, the District has elected to present budgetary statement comparisons at the fund and function level of expenditures. Any budgetary modifications at these levels may only be made by resolution of the Board of Education.

**PERRYSBURG EXEMPTED VILLAGE SCHOOL DISTRICT
WOOD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Tax Budget:

Prior to January 15, the Superintendent and Treasurer submit to the Board of Education a proposed operating budget for the fiscal year commencing the following July 1. The budget includes proposed expenditures and the means of financing for all funds. Public hearings are publicized and conducted to obtain taxpayers' comments. The purpose of this budget document is to reflect the need for existing (or increased) tax rates. By no later than January 20, the Board-adopted budget is filed with the Wood County Budget Commission for rate determination. The Wood County Budget Commission waived the tax budget filing requirement for fiscal year 2015.

Estimated Resources:

By April 1, the Board of Education accepts, by formal resolution, the tax rates as determined by the Budget Commission and receives the Commission's certificate of estimated resources, which states the projected revenue of each fund. Prior to July 1, the District must revise its budget so that total contemplated expenditures from any fund during the ensuing year will not exceed the amount stated in the certificate of estimated resources. The revised budget then serves as the basis for the appropriation measure. On or about July 1, the certificate is amended to include any unencumbered cash balances from the preceding year. The certificate may be further amended during the year if projected increases or decreases in revenue are identified by the District Treasurer. The amounts reported in the budgetary statements reflect the amounts in the original and final amended certificate of estimated resources issued during the fiscal year.

Appropriations:

Upon receipt from the County Auditor of an amended certificate of estimated resources based on final assessed values and tax rates or a certificate saying no new certificate is necessary, the annual appropriation resolution is enacted by the Board of Education. Prior to the passage of the annual appropriation measure, the Board may pass a temporary appropriation measure to meet the ordinary expenses of the District. The appropriation resolution, by fund, must be within the estimated resources as certified by the County Budget Commission and the total of expenditures may not exceed the appropriation totals at the fund level which is the legal level of control. Any revisions that alter appropriations at the fund level must be approved by the Board of Education.

The Board may pass supplemental fund appropriations so long as the total appropriations by fund do not exceed the amounts set forth in the most recent certificate of estimated resources. During the year, all supplemental appropriations were legally enacted.

The appropriation resolution is subject to amendment by the Board throughout the year with the restriction that appropriations may not exceed estimated revenues. The amounts reported as the original budget amounts reflect the first appropriation for that fund that covered the entire fiscal year, including amounts automatically carried over from prior year. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by the Board during the year.

**PERRYSBURG EXEMPTED VILLAGE SCHOOL DISTRICT
WOOD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

F. Cash and Investments

To improve cash management, cash received by the District is pooled. Monies for all funds are maintained in this pool. Individual fund integrity is maintained through the District's records. Each fund's interest in the pool is presented as "equity in pooled cash and investments" on the basic financial statements.

During fiscal year 2015, investments were limited to investments in repurchase agreements, federal agency securities, commercial paper, U.S. Government money market mutual funds and the State Treasury Asset Reserve of Ohio (STAR Ohio).

The District had invested funds in STAR Ohio during fiscal year 2015. STAR Ohio is an investment pool managed by the State Treasurer's Office, which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in STAR Ohio are valued at STAR Ohio's shares price which is the price the investment could be sold for on June 30, 2015.

Under existing Ohio statutes all investment earnings are assigned to the general fund unless statutorily required to be credited to a specific fund or the Board of Education has, by resolution, specified the funds to receive an allocation of interest earnings. Interest revenue credited to the general fund during fiscal year 2015 amounted to \$33,248, which includes \$19,776 assigned from other District funds.

For presentation on the basic financial statements, investments of the cash management pool and investments with original maturities of three months or less at the time they are purchased by the District are considered to be cash equivalents.

An analysis of the District's investment account at fiscal year-end is provided in Note 4.

G. Cash and Investments with Toledo Community Foundation, Inc.

The District is the sole beneficiary of a fund held by the Toledo Community Foundation, Inc. The Toledo Community Foundation, Inc. is a not-for-profit corporation organized exclusively for charitable, religious, educational, and scientific purposes. Funds held by the Toledo Community Foundation, Inc. are disbursed to the District upon request and approval by the Board of Trustees. Since the fund solely benefits the District, the fund balance and financial activity of this fund is included in this report as part of other governmental funds.

**PERRYSBURG EXEMPTED VILLAGE SCHOOL DISTRICT
WOOD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

H. Inventory

On government-wide and fund financial statements, purchased inventories are presented at the lower of cost or market and donated commodities are presented at their entitlement value. Inventories are recorded on a first-in, first-out basis and are expensed when used. Inventories are accounted for using the consumption method.

Inventory consists of expendable supplies held for consumption, donated food and purchased food.

I. Prepaids

Certain payments to vendors reflect the costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements. These items are reported as assets on the financial statements using the consumption method. A current asset for the prepaid amounts is recorded at the time of the purchase and the expenditure/expense is reported in the year in which services are consumed.

J. Capital Assets

Capital assets, which include property, plant and equipment, are reported in the government-wide financial statements. The District maintains a capitalization threshold of \$2,500 for its capital assets. In addition, a capital asset must have an estimated useful life greater than one year. All capital assets are capitalized at cost or estimated historical cost where no historical records exist. Donated capital assets are recorded at their estimated fair values as of the date received. The District does not possess any infrastructure. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized.

When capital assets are purchased, they are capitalized and depreciated in the government-wide statements and the proprietary fund statements. Capital assets are reported as expenditures of the current period in the governmental fund financial statements.

All reported capital assets except land and construction in progress are depreciated. Depreciation is computed using the straight-line method over the following useful lives:

| <u>Description</u> | Governmental Activities <u>Estimated Lives</u> |
|----------------------------|--|
| Land improvements | 20 years |
| Buildings and improvements | 20 - 50 years |
| Furniture and equipment | 5 - 20 years |
| Vehicles | 8 - 10 years |

**PERRYSBURG EXEMPTED VILLAGE SCHOOL DISTRICT
WOOD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

K. Interfund Balances

On fund financial statements, receivables and payables resulting from short-term interfund loans between governmental funds are classified as “interfund receivable/payable”. These amounts are eliminated in the governmental activities column on the statement of net position.

L. Compensated Absences

Compensated absences of the District consist of vacation leave and sick leave to the extent that payments to the employee for these absences are attributable to services already rendered and are not contingent on a specific event that is outside the control of the District and the employee.

In accordance with the provisions of GASB Statement No. 16, “Accounting for Compensated Absences”, a liability for vacation leave is accrued if a) the employees’ rights to payment are attributable to services already rendered; and b) it is probable that the employer will compensate the employees for the benefits through paid time off or other means, such as cash payment at termination or retirement. An accrual for earned sick leave is made to the extent that it is probable that the benefits will result in termination (severance) payments. A liability for sick leave is accrued using the vesting method; i.e., the liability is based on the sick leave accumulated at the balance sheet date by those employees who are currently eligible to receive termination (severance) payments, as well as those employees expected to become eligible in the future.

For purposes of establishing a liability for sick leave on employees expected to become eligible to retire in the future, all employees age fifty or greater with at least ten years of service or any employee with fifteen years of service were considered expected to become eligible to retire in accordance with GASB Statement No. 16.

The total liability for vacation and sick leave payments has been calculated using pay rates in effect at June 30, 2015 and reduced to the maximum payment allowed by labor contract and/or statute, plus any additional salary related payments.

The entire compensated absence liability is reported on the government-wide financial statements.

For governmental fund financial statements, the current portion of unpaid compensated absences is the amount expected to be paid using expendable available resources. These amounts are recorded in the account “compensated absences payable” in the fund from which the employees who have accumulated unpaid leave are paid. The noncurrent portion of the liability is not reported.

M. Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, is paid in a timely manner and, in full from current financial resources is reported as obligations of the funds. However, claims and judgments and compensated absences that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current year. Bonds and notes are recognized as a liability on the fund financial statements when due.

**PERRYSBURG EXEMPTED VILLAGE SCHOOL DISTRICT
WOOD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

N. Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the District is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

Nonspendable - The nonspendable fund balance classification includes amounts that cannot be spent because they are not in spendable form or legally required to be maintained intact. The “not in spendable form” criterion includes items that are not expected to be converted to cash.

Restricted - Fund balance is reported as restricted when constraints are placed on the use of resources that are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments, or imposed by law through constitutional provisions or enabling legislation.

Committed - The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by a formal action (resolution) of the District Board of Education (the highest level of decision making authority). Those committed amounts cannot be used for any other purpose unless the District Board of Education removes or changes the specified use by taking the same type of action (resolution) it employed to previously commit those amounts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Assigned - Amounts in the assigned fund balance classification are intended to be used by the District for specific purposes but do not meet the criteria to be classified as restricted nor committed. In governmental funds other than the general fund, assigned fund balance represents the remaining amount that is not restricted or committed. In the general fund, assigned amounts represent intended uses established by policies of the District Board of Education, which includes giving the Treasurer the authority to constrain monies for intended purposes.

Unassigned - Unassigned fund balance is the residual classification for the general fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is only used to report a deficit fund balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned.

The District applies restricted resources first when expenditures are incurred for purposes for which restricted and unrestricted (committed, assigned, and unassigned) fund balance is available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

O. Restricted Assets

Assets are reported as restricted assets when limitations on their use change the normal understanding of the availability of the asset. Such constraints are either imposed by creditors, contributors, grantors, or laws of other governments or imposed by enabling legislation. Restricted assets include amounts for school bus purchases. See Note 20 for details.

WOOD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

P. Net Position

Net position represents the difference between assets and deferred outflows and liabilities and deferred inflows. The net position component “net investment in capital assets,” consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction or improvement of those assets or related debt also should be included in this component of net position. Net position is reported as restricted when there are limitations imposed on its use either through the enabling legislation adopted by the District or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. The amount restricted for other purposes represents amounts restricted for food service and school bus purchases.

The District applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

Q. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

R. Parochial School

The St. Rose School, a parochial school located within the District boundaries operated through the Toledo Catholic Archdiocese. Current State legislation provides funding to this parochial school, which is received and disbursed on behalf of the parochial school by the Treasurer of the District, as directed by the parochial school. The administration of the State monies by the District is reflected in a special revenue fund for financial reporting purposes.

S. Unamortized Bond Premium and Deferred Charges on Refunding

Bond premiums are deferred and amortized over the term of the bonds using the straight-line method, which approximates the effective interest method. Bond premiums are presented as an addition to the face amount of the bonds. A reconciliation between the bonds face value and the amount reported on the statement of net position is presented in Note 10.

For advance refundings resulting in the defeasance of debt, the difference between the reacquisition price and the net carrying amount of the old debt is deferred and amortized as a component of interest expense. This accounting gain or loss is amortized over the remaining life of the old debt or the life of the new debt, whichever is shorter and is presented as a deferred outflow of resources on the statement of net position.

**PERRYSBURG EXEMPTED VILLAGE SCHOOL DISTRICT
WOOD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

T. Extraordinary and Special Items

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of the Board of Education and that are either unusual in nature or infrequent in occurrence. Neither type of transaction occurred during fiscal year 2015.

U. Interfund Activity

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the basic financial statements.

Interfund activities between governmental funds are eliminated in the statement of activities.

V. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the pension plans and additions to/deductions from their fiduciary net position have been determined on the same basis as they are reported by the pension systems. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. The pension systems report investments at fair value.

NOTE 3 - ACCOUNTABILITY AND COMPLIANCE

A. Change in Accounting Principles

For fiscal year 2015, the District has implemented GASB Statement No. 68, "Accounting and Financial Reporting for Pensions - an Amendment of GASB Statement No. 27", GASB Statement No. 69 "Government Combinations and Disposals of Government Operations", and GASB Statement No. 71, "Pension Transition for Contributions Made Subsequent to the Measurement Date - an Amendment of GASB Statement No. 68".

GASB Statement No. 69 establishes accounting and financial reporting standards related to government combinations and disposals of government operations. The Statement improves the decision usefulness of financial reporting by requiring that disclosures be made by governments about combination arrangements in which they engage and for disposals of government operations. The implementation of GASB Statement No. 69 did not have an effect on the financial statements of the District.

**PERRYSBURG EXEMPTED VILLAGE SCHOOL DISTRICT
WOOD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 3 - ACCOUNTABILITY AND COMPLIANCE - (Continued)

GASB Statement No. 68 improves the accounting and financial reporting by state and local governments for pensions. It also improves information provided by state and local governmental employers about financial support for pensions that is provided by other entities. The implementation of GASB Statement No. 68 effected the District's pension plan disclosures and added required supplementary information.

GASB Statement No. 71 improves the accounting and financial reporting by addressing an issue in GASB Statement No. 68, concerning transition provisions related to certain pension contributions made to defined benefit pension plans prior to implementation of that Statement by employers and nonemployer contributing entities.

A net position restatement is required in order to implement GASB Statement No 68 and 71. The governmental activities at July 1, 2014 have been restated as follows:

| | Governmental Activities |
|-------------------------------------|----------------------------|
| Net position as previously reported | \$ 32,265,232 |
| Deferred outflows - pension | 3,401,616 |
| Net pension liability | (68,903,486) |
| Net position at July 1, 2014 | \$ (33,236,638) |

The restatement had no effect on fund balances.

B. Deficit Fund Balances

Fund balances at June 30, 2015 included the following individual fund deficits:

| <u>Nonmajor governmental funds</u> | <u>Deficit</u> |
|------------------------------------|----------------|
| Miscellaneous state grants | \$ 7,219 |
| Title VI-B | 111,419 |
| Title I | 5,656 |

The general fund is liable for deficits in these funds and provides transfers when cash is required, not when accruals occur. The deficit fund balances resulted from adjustments for accrued liabilities.

NOTE 4 - DEPOSITS AND INVESTMENTS

State statutes classify monies held by the District into three categories.

Active deposits are public deposits necessary to meet current demands on the treasury. Such monies must be maintained either as cash in the District treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

**PERRYSBURG EXEMPTED VILLAGE SCHOOL DISTRICT
WOOD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 4 - DEPOSITS AND INVESTMENTS - (Continued)

Inactive deposits are public deposits that the Board of Education has identified as not required for use within the current five year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use, but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts including passbook accounts.

Interim monies may be deposited or invested in the following securities:

1. United States Treasury Notes, Bills, Bonds, or any other obligation or security issued by the United States Treasury or any other obligation guaranteed as to principal and interest by the United States;
2. Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality, including, but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. Written repurchase agreements in the securities listed above provided that the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and that the term of the agreement must not exceed thirty days;
4. Bonds and other obligations of the State of Ohio;
5. No-load money market mutual funds consisting exclusively of obligations described in items (1) and (2) above and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
6. The State Treasurer's investment pool (STAR Ohio);
7. Certain banker's acceptance and commercial paper notes for a period not to exceed one hundred eighty days from the purchase date in an amount not to exceed twenty-five percent of the interim monies available for investment at any one time; and,
8. Under limited circumstances, corporate debt interests rated in either of the two highest classifications by at least two nationally recognized rating agencies.

Protection of the District's deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, by surety company bonds deposited with the Treasurer by the financial institution or by a single collateral pool established by the financial institution to secure the repayment of all public monies deposited with the institution.

**PERRYSBURG EXEMPTED VILLAGE SCHOOL DISTRICT
WOOD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 4 - DEPOSITS AND INVESTMENTS - (Continued)

Investments in stripped principal or interest obligations, reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. An investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the District, and must be purchased with the expectation that it will be held to maturity. Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the Treasurer or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

A. Cash on Hand

At fiscal year end, the District had \$11,105 in undeposited cash on hand which is included on the financial statements of the District as part of “equity in pooled cash and investments”.

B. Cash and Investments with Toledo Community Foundation, Inc.

At fiscal year end, the District had \$402,628 in cash and investments held by the Toledo Community Foundation, Inc. (TCF). These funds are to be used for the Perrysburg Athletic Complex. The cash and investments held by the TCF are not included in the carrying amount of deposits discussed below.

C. Deposits with Financial Institutions

At June 30, 2015, the carrying amount of all District deposits was \$10,485,413, exclusive of the repurchase agreement reported in investments below. Based on the criteria described in GASB Statement No. 40, “Deposits and Investment Risk Disclosures”, as of June 30, 2015, \$6,424,184 of the District’s bank balance of \$11,452,645 was exposed to custodial risk as discussed below, while \$5,028,461 was covered by the FDIC.

Custodial credit risk is the risk that, in the event of bank failure, the District’s deposits may not be returned. All deposits are collateralized with eligible securities in amounts equal to at least 105% of the carrying value of the deposits. Such collateral, as permitted by the Ohio Revised Code, is held in single financial institution collateral pools at Federal Reserve Banks, or at member banks of the federal reserve system, in the name of the respective depository bank and pledged as a pool of collateral against all of the public deposits it holds or as specific collateral held at the Federal Reserve Bank in the name of the District. The District has no deposit policy for custodial credit risk beyond the requirements of State statute. Although the securities were held by the pledging institutions’ trust department and all statutory requirements for the deposit of money had been followed, noncompliance with federal requirements could potentially subject the District to a successful claim by the FDIC.

FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 4 - DEPOSITS AND INVESTMENTS - (Continued)

D. Investments

| <u>Investment type</u> | <u>Fair value</u> | <u>Investment maturities</u> | | | | |
|------------------------------------|----------------------|------------------------------|-----------------------|------------------------|------------------------|-------------------------------|
| | | <u>6 months or less</u> | <u>7 to 12 months</u> | <u>13 to 18 months</u> | <u>19 to 24 months</u> | <u>Greater than 24 months</u> |
| FNMA | \$ 3,099,234 | \$ - | \$ - | \$ 3,099,234 | \$ - | \$ - |
| FFCB | 12,023,405 | - | - | 4,840,750 | 6,183,728 | 998,927 |
| FHLMC | 17,593,084 | - | - | 1,399,768 | 9,690,950 | 6,502,366 |
| Commercial paper | 7,198,489 | 1,033,789 | 6,164,700 | - | - | - |
| STAR Ohio | 20,290 | 20,290 | - | - | - | - |
| Repurchase agreements | 1,886,815 | 1,886,815 | - | - | - | - |
| U.S. Government money market funds | 16,196 | 16,196 | - | - | - | - |
| | <u>\$ 41,837,513</u> | <u>\$ 2,957,090</u> | <u>\$ 6,164,700</u> | <u>\$ 9,339,752</u> | <u>\$ 15,874,678</u> | <u>\$ 7,501,293</u> |

The weighted average maturity of investments is 1.41 years.

Interest Rate Risk: Interest rate risk arises as potential purchasers of debt securities will not agree to pay face value for those securities if interest rates subsequently increase. As a means of limiting its exposure to fair value losses arising from rising interest rates and according to State law, the District's investment policy limits investment portfolio maturities to five years or less.

Credit Risk: The District's investments in federal agency securities and the federal agency securities that underlie the repurchase agreements were rated AA+ and Aaa by Standard & Poor's and Moody's Investor Services, respectively. The District's investments in commercial paper were rated A-1 or A-1+ by Standard & Poor's and P-1 by Moody's Investor Services. Standard & Poor's has assigned STAR Ohio and the U.S. Government money market funds an AAAM money market rating. Ohio law requires that STAR Ohio maintain the highest rating provided by at least one nationally recognized standard rating service. The District's investment policy does not specifically address credit risk beyond the adherence to all relevant sections of the Ohio Revised Code.

Custodial Credit Risk: For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The federal agency securities and commercial paper are exposed to custodial credit risk in that they are uninsured, unregistered and held by the counterparty's trust department or agent but not in the District's name. Of the District's investment in repurchase agreements, the entire balance is collateralized by underlying securities that are held by the investment's counterparty, not in the name of the District. Ohio law requires the market value of the securities subject to repurchase agreements must exceed the principal value of securities subject to a repurchase agreement by 2%. The District has no investment policy dealing with investment custodial risk beyond the requirement in State statute that prohibits payment for investments prior to the delivery of the securities representing such investments to the Treasurer or qualified trustee.

**PERRYSBURG EXEMPTED VILLAGE SCHOOL DISTRICT
WOOD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 4 - DEPOSITS AND INVESTMENTS - (Continued)

Concentration of Credit Risk: The District places no limit on the amount that may be invested in any one issuer. The following table includes the percentage of each investment type held by the District at June 30, 2015:

| <u>Investment type</u> | <u>Fair value</u> | <u>% of total</u> |
|---------------------------------------|----------------------|-------------------|
| FNMA | \$ 3,099,234 | 7.41 |
| FFCB | 12,023,405 | 28.74 |
| FHLMC | 17,593,084 | 42.05 |
| Commercial paper | 7,198,489 | 17.21 |
| STAR Ohio | 20,290 | 0.05 |
| Repurchase agreements | 1,886,815 | 4.51 |
| U.S. Government money market funds | 16,196 | 0.03 |
| | <u>\$ 41,837,513</u> | <u>100.00</u> |

E. Reconciliation of Cash and Investments to the Statement of Net Position

The following is a reconciliation of cash and investments as reported in the note above to cash and investments as reported on the statement of net position as of June 30, 2015:

| | |
|---|----------------------|
| <u>Cash and investments per note</u> | |
| Carrying amount of deposits | \$ 10,485,413 |
| Investments | 41,837,513 |
| Cash and investments with TCF | 402,628 |
| Cash on hand | 11,105 |
| Total | <u>\$ 52,736,659</u> |
| <u>Cash and investments per statement of net position</u> | |
| Governmental activities | \$ 52,373,225 |
| Private-purpose trust fund | 268,175 |
| Agency funds | 95,259 |
| Total | <u>\$ 52,736,659</u> |

NOTE 5 - INTERFUND TRANSACTIONS

Interfund balances at June 30, 2015 as reported on the fund statements, consist of the following individual interfund loans receivable and payable:

| <u>Receivable fund</u> | <u>Payable fund</u> | <u>Amount</u> |
|------------------------|-----------------------------|-------------------|
| General | Nonmajor governmental funds | \$ 3,287 |
| General | Building | 238,566 |
| | | <u>\$ 241,853</u> |

The primary purpose of the interfund balances with non-major funds is to cover costs in specific funds where revenues were not received by June 30. These interfund balances will be repaid once the anticipated revenues are received. All interfund balances are expected to be repaid within one year.

**PERRYSBURG EXEMPTED VILLAGE SCHOOL DISTRICT
WOOD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 5 - INTERFUND TRANSACTIONS - (Continued)

The interfund balance between the general fund and the building fund arose when the District used monies from the general fund to pay costs associated with the new elementary building rather than the proceeds from the new debt issue, which had been placed in a segregated investment account.

Interfund balances between governmental funds are eliminated on the government-wide financial statements.

NOTE 6 - PROPERTY TAXES

Property taxes are levied and assessed on a calendar year basis while the District fiscal year runs from July through June. First half tax collections are received by the District in the second half of the fiscal year. Second half tax distributions occur in the first half of the following fiscal year.

Property taxes include amounts levied against all real property and public utility property. Real property tax revenues received in calendar year 2015 represent the collection of calendar year 2014 taxes. Real property taxes received in calendar year 2015 were levied after April 1, 2014, on the assessed values as of January 1, 2014, the lien date. Assessed values for real property taxes are established by State statute at 35 percent of appraised market value. Real property taxes are payable annually or semiannually. If paid annually, payment is due December 31; if paid semiannually, the first payment is due December 31, with the remainder payable by June 20. Under certain circumstances, State statute permits alternate payment dates to be established. Public utility property tax revenues received in calendar year 2015 represent the collection of calendar year 2014 taxes. Public utility real and personal property taxes received in calendar year 2015 became a lien on December 31, 2013, were levied after April 1, 2014, and are collected with real property taxes. Public utility real property is assessed at 35 percent of true value; public utility tangible personal property is currently assessed at varying percentages of true value.

The District receives property taxes from Wood County. The County Auditor periodically advances to the District its portion of the taxes collected. Second-half real property tax payments collected by the County by June 30, 2015, are available to finance fiscal year 2015 operations. The amount available as an advance at June 30, 2015 was \$7,486,510 in the general fund, \$866,676 in the debt service fund, a nonmajor governmental fund, and \$457,305 in the permanent improvement fund, a nonmajor governmental fund. This amount is recorded as revenue. The amount available for advance at June 30, 2014 was \$6,817,856 in the general fund, \$845,320 in the debt service fund, a nonmajor governmental fund, and \$450,838 in the permanent improvement fund, a nonmajor governmental fund. The amount of second-half real property taxes available for advance at fiscal year-end can vary based on the date the tax bills are sent.

Accrued property taxes receivable includes real property, public utility property and delinquent tangible personal property taxes which are measurable as of June 30, 2015 and for which there is an enforceable legal claim. Although total property tax collections for the next fiscal year are measurable, only the amount of real property taxes available as an advance at June 30 was levied to finance current fiscal year operations and is reported as revenue at fiscal year-end. The portion of the receivable not levied to finance current fiscal year operations is offset by a credit to deferred inflows.

On the accrual basis of accounting, collectible delinquent property taxes have been recorded as a receivable and revenue, while on a modified accrual basis of accounting the revenue has been reported as a deferred inflow.

**PERRYSBURG EXEMPTED VILLAGE SCHOOL DISTRICT
WOOD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 6 - PROPERTY TAXES

The assessed values upon which the fiscal year 2015 taxes were collected are:

| | 2014 Second Half Collections | | 2015 First Half Collections | |
|---|---------------------------------|----------------|--------------------------------|----------------|
| | <u>Amount</u> | <u>Percent</u> | <u>Amount</u> | <u>Percent</u> |
| Agricultural/residential and other real estate | \$ 766,425,930 | 98.17 | \$ 791,324,550 | 98.18 |
| Public utility personal | <u>14,273,840</u> | <u>1.83</u> | <u>14,704,620</u> | <u>1.82</u> |
| Total | <u>\$ 780,699,770</u> | <u>100.00</u> | <u>\$ 806,029,170</u> | <u>100.00</u> |
| Tax rate per \$1,000 of assessed valuation | \$ 71.20 | | \$ 71.65 | |

NOTE 7 - INCOME TAXES

In 1991, the voters of the District passed a .5% school income tax on wages earned by residents of the District. Taxpayers are required to file an annual return. The State makes quarterly distributions to the District after withholding amounts for administrative fees and estimated refunds. Income tax revenue is credited to the general fund and totaled \$6,246,373 on the governmental fund financial statements during fiscal year 2015.

NOTE 8 - RECEIVABLES

Receivables at June 30, 2015 consisted of property taxes, school district income taxes, payments in lieu of taxes, accrued interest, accounts (billings for user charged services and student fees) and intergovernmental grants and entitlements. All receivables are considered collectible in full due to the ability to foreclose for the nonpayment of taxes, the stable condition of state programs and the current year guarantee of federal funds. A summary of the principal items of receivables reported on the statement of net position follows:

| | |
|---------------------------------|----------------------|
| Governmental activities: | |
| Property taxes | \$ 32,078,130 |
| School district income tax | 2,817,569 |
| Payments in lieu of taxes | 269,996 |
| Intergovernmental | 120,285 |
| Accrued interest | 43,196 |
| Accounts | <u>542</u> |
| Total | <u>\$ 35,329,718</u> |

Receivables have been disaggregated on the face of the financial statements. All receivables are expected to be collected in the subsequent year.

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 10 - LONG-TERM OBLIGATIONS - (Continued)

Series 1999B general obligation bonds: On April 1, 1999, the District issued general obligation bonds for the purpose of constructing, renovating, remodeling, adding to, furnishing, equipping and otherwise improving District buildings and facilities and acquiring, improving and equipping real estate and interests for District purposes. The issue is made up of serial and term bonds, bears interest rates ranging from 3.20-5.00% and matured on December 1, 2014. On December 20, 2006, the District issued \$8,570,000 (series 2006 advance refunding general obligation bonds) to advance refund the callable portion of the bonds. On January 24, 2007, the District issued \$8,965,000 (series 2007 advance refunding general obligation bonds) to advance refund the callable portion of the bonds. On February 2, 2011, the District issued \$3,795,000 (series 2011 advance refunding general obligation bonds) to advance refund the remaining callable portion of the bonds. The refunded portions of the series 1999B bonds included portions of the serial bonds and the entire amount of the term bonds. This refunded debt is considered defeased (in-substance) and accordingly, has been removed from the statement of net position.

Series 2004 advance refunding general obligation bonds: On September 1, 2003, the District issued general obligation bonds to advance refund portions of the series 1992A refunding general obligation bonds and the series 1992B refunding general obligation bonds. The refunded debt is considered defeased (in-substance) and accordingly, has been removed from the statement of net position.

At June 30, 2015, the refunding issue is comprised of current interest bonds, par value \$1,450,000. The interest rate on the current interest bonds ranges from 2.00-4.00%. The capital appreciation bonds matured December 1, 2013 (approximate initial offering yield to maturity 4.20%) at a redemption price equal to 100% of the principal, plus accrued interest to the redemption date.

Interest payments on the current interest bonds are due on June 1 and December 1 each year. The final maturity stated in the issue is December 1, 2015.

Series 2006 advance refunding general obligation bonds: On December 20, 2006, the District issued general obligation bonds to advance refund portions of the series 1999A general obligation bonds and the series 1999B general obligation bonds. The refunded debt is considered defeased (in-substance) and accordingly, has been removed from the statement of net position.

The refunding issue is comprised of both current interest bonds, par value \$8,610,000, and capital appreciation bonds, par value \$69,995. The interest rate on the current interest bonds ranges from 3.50-4.00%. The capital appreciation bonds mature December 1, 2016 (approximate initial offering yield to maturity 3.83%) at a redemption price equal to 100% of the principal, plus accrued interest to the redemption date. The accreted value at maturity for the capital appreciation bonds is \$885,000. Total accreted interest of \$546,247 has been included in the statement of net position.

Interest payments on the current interest bonds are due on June 1 and December 1 each year. The final maturity stated in the issue is December 1, 2025.

WOOD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 10 - LONG-TERM OBLIGATIONS - (Continued)

Series 2007 advance refunding general obligation bonds: On January 24, 2007, the District issued general obligation bonds to advance refund a portion of the series 1999B general obligation bonds. The refunded debt is considered defeased (in-substance) and accordingly, has been removed from the statement of net position.

The refunding issue is comprised of both current interest bonds, par value \$8,615,000, and capital appreciation bonds, par value \$164,933. The interest rate on the current interest bonds ranges from 3.75-4.25%. The capital appreciation bonds mature December 1, 2015 (approximate initial offering yield to maturity 3.95%) and December 1, 2016 (approximate initial offering yield to maturity 4.00%) at a redemption price equal to 100% of the principal, plus accrued interest to the redemption date. The accreted value at maturity for the capital appreciation bonds is \$790,000. Total accreted interest of \$503,492 has been included in the statement of net position.

Interest payments on the current interest bonds are due on June 1 and December 1 each year. The final maturity stated in the issue is December 1, 2022.

Series 2011 advance refunding general obligation bonds: On February 2, 2011, the District issued general obligation bonds to advance refund a portion of the series 1999B general obligation bonds. The refunded debt is considered defeased (in-substance) and accordingly, has been removed from the statement of net position.

The refunding issue is comprised of both current interest bonds, par value \$2,620,000, and capital appreciation bonds, par value \$48,955. The interest rate on the current interest bonds ranges from 2.00-3.00%. The capital appreciation bonds mature on December 1, 2017 (approximate initial offering yield to maturity 3.31%) at a redemption price equal to 100% of the principal, plus accrued interest to the redemption date. The accreted value at maturity for the capital appreciation bonds is \$180,000. Total accreted interest of \$62,816 has been included in the statement of net position.

Interest payments on the current interest bonds are due on June 1 and December 1 each year. The final maturity stated in the issue is December 1, 2017.

The reacquisition price exceeded the net carrying amount of the old debt by \$47,546. This amount is being netted against the new debt and amortized over the remaining life of the refunded debt.

Series 2015 general obligation bonds: On March 25, 2015, the District issued \$38,900,000 of general obligation bonds for the purpose of constructing, renovating, remodeling, adding to, furnishing, equipping and otherwise improving District buildings and facilities and acquiring, improving and equipping real estate and interests for District purposes. The issue is made up of serial and term bonds, bears interest rates ranging from 2.00-5.00% and matures on December 1, 2043. At June 30, 2015, \$38,238,484 of the bond proceeds are unspent.

All general obligation bonds are paid from the debt service fund, a nonmajor governmental fund.

OASBO note payable: On August 13, 2009, the District entered into a note agreement in the amount of \$655,000, with the Ohio Association of School Business Officials' (OASBO) Expanded Asset Pooled Financing Program to finance the cost of installing a new artificial turf and related appurtenance at the high school stadium and renovating, reconstructing and otherwise improving the Commodore building. The annual payments are made from the district managed student activity fund, a nonmajor governmental fund. At June 30, 2015, the District had outstanding borrowings of \$281,000.

WOOD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 10 - LONG-TERM OBLIGATIONS - (Continued)

Energy conservation note: On September 19, 2013, the District issued \$4,069,476 in energy conservation notes for energy improvements to all existing buildings. The notes were issued for a fifteen year period, with final maturity in fiscal year 2029. The notes bear an interest rate of 3.0499% and are retired through the general fund.

Early retirement incentive: Early retirement incentives were paid from the general fund (see Note 12.B. for details).

Lease purchase agreement: The lease purchase agreement was paid from the permanent improvement fund, a nonmajor governmental fund (See Note 11 for details).

Compensated absences: Compensated absences will be paid from the fund from which the employees' salaries are paid. Compensated absences will be paid from the general fund and the food service fund, a nonmajor governmental fund.

Net pension liability: A discussion of the District's net pension liability is located in Note 14.

C. Legal Debt Margin

The Ohio Revised Code provides that voted net general obligation debt of the District shall never exceed 9% of the total assessed valuation of the District. The code further provides that unvoted indebtedness shall not exceed 1/10 of 1% of the property valuation of the District. The code additionally states that unvoted indebtedness related to energy conservation debt shall not exceed 9/10 of 1% of the property valuation of the District. The assessed valuation used in determining the District's legal debt margin has been modified by House Bill 530 which became effective March 30, 2006. In accordance with House Bill 530, the assessed valuation used in the District's legal debt margin calculation excluded tangible personal property used in business, telephone or telegraph property, interexchange telecommunications company property, and personal property owned or leased by a railroad company and used in railroad operations. The effects of these debt limitations at June 30, 2015, are a voted debt margin of \$17,157,458 (including available funds of \$3,888,776) and an unvoted debt margin of \$806,029.

NOTE 11 - LEASE PURCHASE AGREEMENT

During fiscal year 2011, the District entered into a capital lease for the acquisition of communications equipment. This lease meets the criteria of a capital lease as defined by accounting principles generally accepted in the United States of America which defines a capital lease generally as one which transfers the benefits and risks of ownership to the lessee at the conclusion of the lease term. At inception, the lease was accounted for as an other financing source and a capital outlay expenditure in the permanent improvement fund, a nonmajor governmental fund. Capital lease payments are reclassified and shown as debt service expenditures in the permanent improvement fund, a nonmajor governmental fund.

The general capital assets acquired by this capital lease has been capitalized in the governmental activities on the statement of net position in the amount of \$463,381, which is equal to the present value of the future minimum lease payments as of the date of their inception in addition to a \$27,890 promotional discount paid to the lessor by the manufacturer of the communication equipment. Accumulated depreciation as of June 30, 2015 was \$187,669, leaving a current book value of \$229,374 (net of a salvage value of \$46,338). The lease obligation was completely retired during fiscal year 2015.

**PERRYSBURG EXEMPTED VILLAGE SCHOOL DISTRICT
WOOD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 12 - EMPLOYEE BENEFITS

A. Compensated Absences

The criteria for determining vacation and sick leave components are derived from negotiated agreements and State laws. Classified employees, with one or more years of service, earn ten to twenty days of vacation per fiscal year, depending upon length of service. Accumulated, unused vacation time is paid to classified employees and administrators upon termination of employment. Teachers do not earn vacation time.

All employees are entitled to a sick leave credit equal to one and one-quarter days for each month of service. Sick leave will either be absorbed by time off due to illness or injury or, within certain limitations, be paid to the employee upon retirement. The amount paid to an employee upon retirement varies by classification. Certified and non-certified staff entitled to receive four days per year for each of the last ten years of District service, plus an additional eleven days are added for each year in the last three years before retirement in which the teacher completed the year with their maximum days of accumulated, but unused sick leave. In addition, if the teacher completes their last six years of service with the maximum accumulated sick leave balance, they will receive an additional six days of severance. Administrative staff is entitled to the greater of 72 days or to receive eight days per year for each of the last four years of District service, plus one-fourth of their total accumulated sick leave.

B. Early Retirement Incentive

During fiscal year 2006, the District offered an early retirement incentive to employees which consist of annual payments of \$5,000 for a period of five years plus reimbursement of health care premium costs not to exceed \$5,000 per year for a period of five years. The liabilities related to the reimbursement of health care premium costs have been recorded at their net present value using a discount rate of 4.00%. The early retirement incentive liability was completely retired during fiscal year 2015.

NOTE 13 - RISK MANAGEMENT

A. Comprehensive

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets, errors and omissions; and natural disasters for which the District maintains comprehensive insurance with private carriers for real property, building contents, vehicles and general liability insurance. Vehicle policies include liability coverage for bodily injury and property damage. Settled claims have not exceeded this commercial coverage in any of the past three years. There has been no significant change in coverage from last year.

B. Workers' Compensation Rating Program

The District participates in the Bureau of Worker's Compensation retrospective rating program. The District hired David Kaderavek of Kaderavek LP, LLC of Perrysburg, Ohio to serve as the administrator of District's program.

**PERRYSBURG EXEMPTED VILLAGE SCHOOL DISTRICT
WOOD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 13 - RISK MANAGEMENT - (Continued)

C. Employee Group Life, Medical/Surgical, Dental and Vision Insurance

The District has established an internal service “self-insurance” fund, in conjunction with a formalized risk management program, in an effort to minimize risk exposure and control claims and premium costs.

This self-insurance fund was established for the purpose of accumulating balances sufficient to self-insure basic medical coverage and permit excess umbrella coverage for claims over a pre-determined level. Board and employee premium contributions are determined by negotiated agreement. Amounts are paid into this fund from the general fund and certain nonmajor governmental funds. Claims payments are made on an as-incurred basis, thus no “reserve” remains with the insurance carrier.

Expenses for claims are recorded as other expenses when it is probable that an asset has been impaired or a liability has been incurred and the amount of loss can be reasonably estimated. Liabilities include an amount for claims that have been incurred but not reported. Because actual claims liabilities depend on such complex factors as inflation, changes in legal doctrines, and damage awards, the process used in computing claims liability does not necessarily result in an exact amount.

Claims liabilities are re-evaluated periodically to take into consideration recently settled claims, the frequency of claims, and other economic and social factors.

Liabilities for incurred losses to be settled by fixed or reasonably determinable payments over a long period of time are reported at their present value using expected future investment assumptions as determined by the third party administrator. These liabilities are reported at their present value of \$525,900 at June 30, 2015 and are based on the requirements of GASB Statement No. 10, “Accounting and Financial Reporting for Risk Financing and Related Insurance Issues”, as amended by GASB Statement No. 30, “Risk Financing Omnibus”, which requires that a liability for unpaid claims costs, including estimates of costs relating to incurred, but not reported claims, be accrued at the estimated ultimate cost of settling claims.

Changes in claims activity for the 2015 and 2014 fiscal years are as follows:

| <u>Fiscal Year</u> | <u>Beginning Balance</u> | <u>Current Year Claims</u> | <u>Claims Payments</u> | <u>Ending Balance</u> |
|------------------------|------------------------------|--------------------------------|----------------------------|---------------------------|
| 2015 | \$ 457,300 | \$ 4,795,519 | \$ (4,726,919) | \$ 525,900 |
| 2014 | 501,200 | 4,394,387 | (4,438,287) | 457,300 |

**PERRYSBURG EXEMPTED VILLAGE SCHOOL DISTRICT
WOOD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 14 - DEFINED BENEFIT PENSION PLANS

Net Pension Liability

The net pension liability reported on the statement of net position represents a liability to employees for pensions. Pensions are a component of exchange transactions—between an employer and its employees—of salaries and benefits for employee services. Pensions are provided to an employee—on a deferred-payment basis—as part of the total compensation package offered by an employer for employee services each financial period. The obligation to sacrifice resources for pensions is a present obligation because it was created as a result of employment exchanges that already have occurred.

The net pension liability represents the District’s proportionate share of each pension plan’s collective actuarial present value of projected benefit payments attributable to past periods of service, net of each pension plan’s fiduciary net position. The net pension liability calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting this estimate annually.

The Ohio Revised Code limits the District’s obligation for this liability to annually required payments. The District cannot control benefit terms or the manner in which pensions are financed; however, the District does receive the benefit of employees’ services in exchange for compensation including pension.

GASB 68 assumes the liability is solely the obligation of the employer, because (1) they benefit from employee services; and (2) State statute requires all funding to come from these employers. All contributions to date have come solely from these employers (which also includes costs paid in the form of withholdings from employees). State statute requires the pension plans to amortize unfunded liabilities within 30 years. If the amortization period exceeds 30 years, each pension plan’s board must propose corrective action to the State legislature. Any resulting legislative change to benefits or funding could significantly affect the net pension liability. Resulting adjustments to the net pension liability would be effective when the changes are legally enforceable.

The proportionate share of each plan’s unfunded benefits is presented as a long-term *net pension liability* on the accrual basis of accounting. Any liability for the contractually-required pension contribution outstanding at the end of the year is included in *pension and postemployment benefits payable* on both the accrual and modified accrual bases of accounting.

Plan Description - School Employees Retirement System (SERS)

Plan Description –District non-teaching employees participate in SERS, a cost-sharing multiple-employer defined benefit pension plan administered by SERS. SERS provides retirement, disability and survivor benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Ohio Revised Code Chapter 3309. SERS issues a publicly available, stand-alone financial report that includes financial statements, required supplementary information and detailed information about SERS’ fiduciary net position. That report can be obtained by visiting the SERS website at www.ohsers.org under Employers/Audit Resources.

**PERRYSBURG EXEMPTED VILLAGE SCHOOL DISTRICT
WOOD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 14 - DEFINED BENEFIT PENSION PLANS - (Continued)

Age and service requirements for retirement are as follows:

| | Eligible to Retire on or before August 1, 2017 * | Eligible to Retire after August 1, 2017 |
|------------------------------|---|--|
| Full Benefits | Any age with 30 years of service credit | Age 67 with 10 years of service credit; or Age 57 with 30 years of service credit |
| Actuarially Reduced Benefits | Age 60 with 5 years of service credit Age 55 with 25 years of service credit | Age 62 with 10 years of service credit; or Age 60 with 25 years of service credit |

* Members with 25 years of service credit as of August 1, 2017, will be included in this plan.

Annual retirement benefits are calculated based on final average salary multiplied by a percentage that varies based on year of service; 2.2 percent for the first thirty years of service and 2.5 percent for years of service credit over 30. Final average salary is the average of the highest three years of salary.

One year after an effective benefit date, a benefit recipient is entitled to a three percent cost-of-living adjustment (COLA). This same COLA is added each year to the base benefit amount on the anniversary date of the benefit.

Funding Policy – Plan members are required to contribute 10 percent of their annual covered salary and the District is required to contribute 14 percent of annual covered payroll. The contribution requirements of plan members and employers are established and may be amended by the SERS’ Retirement Board up to statutory maximum amounts of 10 percent for plan members and 14 percent for employers. The Retirement Board, acting with the advice of the actuary, allocates the employer contribution rate among four of the System’s funds (Pension Trust Fund, Death Benefit Fund, Medicare B Fund, and Health Care Fund). For the fiscal year ended June 30, 2015, the allocation to pension, death benefits, and Medicare B was 13.18 percent. The remaining 0.82 percent of the 14 percent employer contribution rate was allocated to the Health Care Fund.

The District’s contractually required contribution to SERS was \$760,141 for fiscal year 2015. Of this amount \$112,950 is reported as pension and postemployment benefits payable.

Plan Description - State Teachers Retirement System (STRS)

Plan Description – District licensed teachers and other faculty members participate in STRS Ohio, a cost-sharing multiple-employer public employee retirement system administered by STRS. STRS provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS issues a stand-alone financial report that includes financial statements, required supplementary information and detailed information about STRS’ fiduciary net position. That report can be obtained by writing to STRS, 275 E. Broad St., Columbus, OH 43215-3771, by calling (888) 227-7877, or by visiting the STRS Web site at www.strsoh.org.

**PERRYSBURG EXEMPTED VILLAGE SCHOOL DISTRICT
WOOD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 14 - DEFINED BENEFIT PENSION PLANS - (Continued)

New members have a choice of three retirement plans; a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan and a Combined Plan. Benefits are established by Ohio Revised Code Chapter 3307. The DB plan offers an annual retirement allowance based on final average salary multiplied by a percentage that varies based on years of service. Effective August 1, 2015, the calculation will be 2.2 percent of final average salary for the five highest years of earnings multiplied by all years of service. With certain exceptions, the basic benefit is increased each year by two percent of the original base benefit. For members retiring August 1, 2013, or later, the first two percent is paid on the fifth anniversary of the retirement benefit. Members are eligible to retire at age 60 with five years of qualifying service credit, or age 55 with 25 years of service, or 30 years of service regardless of age. Age and service requirements for retirement will increase effective August 1, 2015, and will continue to increase periodically until they reach age 60 with 35 years of service or age 65 with five years of service on August 1, 2026.

The DC Plan allows members to place all their member contributions and 9.5 percent of the 14 percent employer contributions into an investment account. Investment allocation decisions are determined by the member. The remaining 4.5 percent of the 14 percent employer rate is allocated to the defined benefit unfunded liability. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal.

The Combined Plan offers features of both the DB Plan and the DC Plan. In the Combined Plan, member contributions are allocated among investment choices by the member, and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DB Plan. The defined benefit portion of the Combined Plan payment is payable to a member on or after age 60 with five years of services. The defined contribution portion of the account may be taken as a lump sum payment or converted to a lifetime monthly annuity at age 50.

New members who choose the DC plan or Combined Plan will have another opportunity to reselect a permanent plan during their fifth year of membership. Members may remain in the same plan or transfer to another STRS plan. The optional annuitization of a member's defined contribution account or the defined contribution portion of a member's Combined Plan account to a lifetime benefit results in STRS bearing the risk of investment gain or loss on the account. STRS has therefore included all three plan options as one defined benefit plan for GASB 68 reporting purposes.

A DB or Combined Plan member with five or more years of credited service who is determined to be disabled may qualify for a disability benefit. Eligible survivors of members who die before service retirement may qualify for monthly benefits. New members on or after July 1, 2013, must have at least ten years of qualifying service credit that apply for disability benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member of the DC Plan dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

Funding Policy – Employer and member contribution rates are established by the State Teachers Retirement Board and limited by Chapter 3307 of the Ohio Revised Code. The statutory maximum employee contribution rate was increased one percent July 1, 2014, and will be increased one percent each year until it reaches 14 percent on July 1, 2016. For the fiscal year ended June 30, 2015, plan members were required to contribute 12 percent of their annual covered salary. The District was required to contribute 14 percent; the entire 14 percent was the portion used to fund pension obligations. The fiscal year 2015 contribution rates were equal to the statutory maximum rates.

**PERRYSBURG EXEMPTED VILLAGE SCHOOL DISTRICT
WOOD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 14 - DEFINED BENEFIT PENSION PLANS - (Continued)

The District's contractually required contribution to STRS was \$3,080,901 for fiscal year 2015. Of this amount, \$523,731 is reported as pension and postemployment benefits payable.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

The net pension liability was measured as of June 30, 2014, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on the District's share of contributions to the pension plan relative to the contributions of all participating entities. Following is information related to the proportionate share and pension expense:

| | <u>SERS</u> | <u>STRS</u> | <u>Total</u> |
|--|--------------|---------------|---------------|
| Proportionate share of the net pension liability | \$ 9,446,604 | \$ 48,525,781 | \$ 57,972,385 |
| Proportion of the net pension liability | 0.18665700% | 0.19950196% | |
| Pension expense | \$ 551,270 | \$ 1,882,342 | \$ 2,433,612 |

At June 30, 2015, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

| | <u>SERS</u> | <u>STRS</u> | <u>Total</u> |
|--|---------------------|---------------------|----------------------|
| Deferred outflows of resources | | | |
| Differences between expected and actual experience | \$ 80,401 | \$ 467,166 | \$ 547,567 |
| District contributions subsequent to the measurement date | <u>760,141</u> | <u>3,080,901</u> | <u>3,841,042</u> |
| Total deferred outflows of resources | <u>\$ 840,542</u> | <u>\$ 3,548,067</u> | <u>\$ 4,388,609</u> |
| Deferred inflows of resources | | | |
| Net difference between projected and actual earnings on pension plan investments | <u>\$ 1,533,211</u> | <u>\$ 8,977,453</u> | <u>\$ 10,510,664</u> |
| Total deferred inflows of resources | <u>\$ 1,533,211</u> | <u>\$ 8,977,453</u> | <u>\$ 10,510,664</u> |

**PERRYSBURG EXEMPTED VILLAGE SCHOOL DISTRICT
WOOD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 14 - DEFINED BENEFIT PENSION PLANS - (Continued)

\$3,841,042 reported as deferred outflows of resources related to pension resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2016. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized in pension expense as follows:

| Fiscal Year Ending June 30: | <u>SERS</u> | <u>STRS</u> | <u>Total</u> |
|-----------------------------|-----------------------|-----------------------|-----------------------|
| 2016 | \$ (363,203) | \$ (2,127,571) | \$ (2,490,774) |
| 2017 | (363,203) | (2,127,571) | (2,490,774) |
| 2018 | (363,203) | (2,127,571) | (2,490,774) |
| 2019 | <u>(363,201)</u> | <u>(2,127,574)</u> | <u>(2,490,775)</u> |
| Total | <u>\$ (1,452,810)</u> | <u>\$ (8,510,287)</u> | <u>\$ (9,963,097)</u> |

Actuarial Assumptions - SERS

SERS' total pension liability was determined by their actuaries in accordance with GASB Statement No. 67, as part of their annual actuarial valuation for each defined benefit retirement plan. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts (e.g., salaries, credited service) and assumptions about the probability of occurrence of events far into the future (e.g., mortality, disabilities, retirements, employment termination). Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employers and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations.

Actuarial calculations reflect a long-term perspective. For a newly hired employee, actuarial calculations will take into account the employee's entire career with the employer and also take into consideration the benefits, if any, paid to the employee after termination of employment until the death of the employee and any applicable contingent annuitant. In many cases actuarial calculations reflect several decades of service with the employer and the payment of benefits after termination.

Key methods and assumptions used in calculating the total pension liability in the latest actuarial valuation, prepared as of June 30, 2014, are presented below:

| | |
|--|--|
| Wage Inflation | 3.25 percent |
| Future Salary Increases, including inflation | 4.00 percent to 22 percent |
| COLA or Ad Hoc COLA | 3 percent |
| Investment Rate of Return | 7.75 percent net of investments expense, including inflation |
| Actuarial Cost Method | Entry Age Normal |

**PERRYSBURG EXEMPTED VILLAGE SCHOOL DISTRICT
WOOD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 14 - DEFINED BENEFIT PENSION PLANS - (Continued)

For post-retirement mortality, the table used in evaluating allowances to be paid is the 1994 Group Annuity Mortality Table set back one year for both men and women. Special mortality tables are used for the period after disability retirement.

The most recent experience study was completed June 30, 2010.

The long-term return expectation for the Pension Plan Investments has been determined using a building-block approach and assumes a time horizon, as defined in SERS' *Statement of Investment Policy*. A forecasted rate of inflation serves as the baseline for the return expectation. Various real return premiums over the baseline inflation rate have been established for each asset class. The long-term expected nominal rate of return has been determined by calculating a weighted averaged of the expected real return premiums for each asset class, adding the projected inflation rate, and adding the expected return from rebalancing uncorrelated asset classes. The target allocation and best estimates of arithmetic real rates of return for each major assets class are summarized in the following table:

| Asset Class | Target Allocation | Long-Term Expected Real Rate of Return |
|------------------------|----------------------|---|
| Cash | 1.00 % | 0.00 % |
| US Stocks | 22.50 | 5.00 |
| Non-US Stocks | 22.50 | 5.50 |
| Fixed Income | 19.00 | 1.50 |
| Private Equity | 10.00 | 10.00 |
| Real Assets | 10.00 | 5.00 |
| Multi-Asset Strategies | 15.00 | 7.50 |
| Total | <u>100.00 %</u> | |

Discount Rate - The total pension liability was calculated using the discount rate of 7.75 percent. The projection of cash flows used to determine the discount rate assumed the contributions from employers and from the members would be computed based on contribution requirements as stipulated by State statute. Projected inflows from investment earning were calculated using the long-term assumed investment rate of return (7.75 percent). Based on those assumptions, the plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefits to determine the total pension liability.

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate - Net pension liability is sensitive to changes in the discount rate, and to illustrate the potential impact the following table presents the net pension liability calculated using the discount rate of 7.75 percent, as well as what each plan's net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.75 percent), or one percentage point higher (8.75 percent) than the current rate.

**PERRYSBURG EXEMPTED VILLAGE SCHOOL DISTRICT
WOOD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 14 - DEFINED BENEFIT PENSION PLANS - (Continued)

| | 1% Decrease (6.75%) | Current Discount Rate (7.75%) | 1% Increase (8.75%) |
|--|------------------------|-------------------------------------|------------------------|
| District's proportionate share of the net pension liability | \$ 13,477,497 | \$ 9,446,604 | \$ 6,056,275 |

Actuarial Assumptions - STRS

The total pension liability in the June 30, 2014, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

| | |
|--------------------------------------|--|
| Inflation | 2.75 percent |
| Projected salary increases | 2.75 percent at age 70 to 12.25 percent at age 20 |
| Investment Rate of Return | 7.75 percent, net of investment expenses |
| Cost-of-Living Adjustments (COLA) | 2 percent simple applied as follows: for members retiring before August 1, 2013, 2 percent per year; for members retiring August 1, 2013, or later, 2 percent COLA paid on fifth anniversary of retirement date. |

Mortality rates were based on the RP-2000 Combined Mortality Table (Projection 2022—Scale AA) for Males and Females. Males' ages are set-back two years through age 89 and no set-back for age 90 and above. Females younger than age 80 are set back four years, one year set back from age 80 through 89 and not set back from age 90 and above.

Actuarial assumptions used in the June 30, 2014, valuation are based on the results of an actuarial experience study, effective July 1, 2012.

The 10 year expected real rate of return on pension plan investments was determined by STRS' investment consultant by developing best estimates of expected future real rates of return for each major asset class. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized as follows:

| Asset Class | Target Allocation | Long-Term Expected Real Rate of Return |
|----------------------|----------------------|---|
| Domestic Equity | 31.00 % | 8.00 % |
| International Equity | 26.00 | 7.85 |
| Alternatives | 14.00 | 8.00 |
| Fixed Income | 18.00 | 3.75 |
| Real Estate | 10.00 | 6.75 |
| Liquidity Reserves | 1.00 | 3.00 |
| Total | 100.00 % | |

**PERRYSBURG EXEMPTED VILLAGE SCHOOL DISTRICT
WOOD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 14 - DEFINED BENEFIT PENSION PLANS - (Continued)

Discount Rate - The discount rate used to measure the total pension liability was 7.75 percent as of June 30, 2014. The projection of cash flows used to determine the discount rate assumes member and employer contributions will be made at the statutory contribution rates in accordance with rate increases described above. For this purpose, only employer contributions that are intended to fund benefits of current plan members and their beneficiaries are included. Projected employer contributions that are intended to fund the service costs of future plan members and their beneficiaries, as well as projected contributions from future plan members, are not included. Based on those assumptions, STRS' fiduciary net position was projected to be available to make all projected future benefit payments to current plan members as of June 30, 2014. Therefore, the long-term expected rate of return on pension plan investments of 7.75 percent was applied to all periods of projected benefit payment to determine the total pension liability as of June 30, 2014.

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate The following table presents the District's proportionate share of the net pension liability calculated using the current period discount rate assumption of 7.75 percent, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one-percentage-point lower (6.75 percent) or one-percentage-point higher (8.75 percent) than the current rate:

| | 1% Decrease (6.75%) | Current Discount Rate (7.75%) | 1% Increase (8.75%) |
|--|------------------------|-------------------------------------|------------------------|
| District's proportionate share of the net pension liability | \$ 69,469,946 | \$ 48,525,781 | \$ 30,814,065 |

NOTE 15 - POSTEMPLOYMENT BENEFITS

A. School Employees Retirement System

Health Care Plan Description - The District contributes to the SERS Health Care Fund, administered by SERS for non-certificated retirees and their beneficiaries. For GASB 45 purposes, this plan is considered a cost-sharing, multiple-employer, defined benefit other postemployment benefit (OPEB) plan. The Health Care Plan includes hospitalization and physicians' fees through several types of plans including HMO's, PPO's, Medicare Advantage, and traditional indemnity plans as well as a prescription drug program. The financial report of the Plan is included in the SERS Comprehensive Annual Financial Report which can be obtained on SERS' website at www.ohsers.org under Employers/Audit Resources.

Access to health care for retirees and beneficiaries is permitted in accordance with Section 3309 of the Ohio Revised Code. The Health Care Fund was established and is administered in accordance with Internal Revenue Code Section 105(e). SERS' Retirement Board reserves the right to change or discontinue any health plan or program. Health care is financed through a combination of employer contributions and retiree premiums, copays and deductibles on covered health care expenses, investment returns, and any funds received as a result of SERS' participation in Medicare programs. Active employee members do not contribute to the Health Care Plan. Retirees and their beneficiaries are required to pay a health care premium that varies depending on the plan selected, the number of qualified years of service, Medicare eligibility and retirement status.

**PERRYSBURG EXEMPTED VILLAGE SCHOOL DISTRICT
WOOD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 14 - POSTEMPLOYMENT BENEFITS - (Continued)

Funding Policy - State statute permits SERS to fund the health care benefits through employer contributions. Each year, after the allocation for statutorily required basic benefits, the Retirement Board allocates the remainder of the employer contribution of 14 percent of covered payroll to the Health Care Fund. For fiscal year 2015, 0.82 percent of covered payroll was allocated to health care. In addition, employers pay a surcharge for employees earning less than an actuarially determined minimum compensation amount, pro-rated according to service credit earned. For fiscal year 2015, this amount was \$20,450. Statutes provide that no employer shall pay a health care surcharge greater than 2 percent of that employer's SERS-covered payroll; nor may SERS collect in aggregate more than 1.5 percent of the total statewide SERS-covered payroll for the health care surcharge. For fiscal year 2015, the District's surcharge obligation was \$100,008.

The District's contributions for health care for the fiscal years ended June 30, 2015, 2014, and 2013 were \$140,781, \$91,867, and \$80,567, respectively. For fiscal year 2015, 86.71 percent has been contributed, with the balance being reported as pension and postemployment benefits payable. The full amount has been contributed for fiscal years 2014 and 2013.

B. State Teachers Retirement System

Plan Description – The District participates in the cost-sharing multiple-employer defined benefit Health Plan administered by the State Teachers Retirement System of Ohio (STRS) for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS. Ohio law authorizes STRS to offer this plan. Benefits include hospitalization, physicians' fees, prescription drugs and reimbursement of monthly Medicare Part B premiums. The Plan is included in the report of STRS which can be obtained by visiting www.strsoh.org or by calling (888) 227-7877.

Funding Policy – Ohio Revised Code Chapter 3307 authorizes STRS to offer the Plan and gives the Retirement Board authority over how much, if any, of the health care costs will be absorbed by STRS. Active employee members do not contribute to the Health Care Plan. All benefit recipients, for the most recent year, pay a monthly premium. Under Ohio law, funding for post-employment health care may be deducted from employer contributions. For fiscal year 2015, STRS did not allocate any employer contributions to post-employment health care. The District's contributions for health care for the fiscal years ended June 30, 2015, 2014, and 2013 were \$0, \$212,253, and \$202,890 respectively. The full amount has been contributed for fiscal years 2015, 2014 and 2013.

NOTE 16 - BUDGETARY BASIS OF ACCOUNTING

While reporting financial position, results of operations, and changes in fund balance on the basis of accounting principles generally accepted in the United States of America (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts and disbursements.

The statement of revenue, expenditures and changes in fund balance - budget and actual (non-GAAP budgetary basis) presented for the general fund is presented on the budgetary basis to provide a meaningful comparison of actual results with the budget. The major differences between the budget basis and the GAAP basis are that:

- (a) Revenues and other financing sources are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis);

**PERRYSBURG EXEMPTED VILLAGE SCHOOL DISTRICT
WOOD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 16 - BUDGETARY BASIS OF ACCOUNTING - (Continued)

- (b) Expenditures and other financing uses are recorded when paid in cash (budget basis) as opposed to when the liability is incurred (GAAP basis);
- (c) In order to determine compliance with Ohio law, and to reserve that portion of the applicable appropriation, total outstanding encumbrances (budget basis) are recorded as the equivalent of an expenditure, as opposed to assigned or committed fund balance for that portion of outstanding encumbrances not already recognized as an account payable (GAAP basis);
- (d) Advances-in and advances-out are operating transactions (budget basis) as opposed to balance sheet transactions (GAAP basis); and,
- (e) Some funds are included in the general fund (GAAP basis), but have separate legally adopted budgets (budget basis).

The adjustments necessary to convert the results of operations for the year on the budget basis to the GAAP basis for the general fund is as follows:

Net Change in Fund Balance

| | <u>General fund</u> |
|---|---------------------|
| Budget basis | \$ 1,276,789 |
| Net adjustment for revenue accruals | 657,980 |
| Net adjustment for expenditure accruals | (407,167) |
| Net adjustment for other sources/uses | (121,130) |
| Funds budgeted elsewhere | 15,039 |
| Adjustment for encumbrances | 188,044 |
| GAAP basis | \$ 1,609,555 |

Certain funds that are legally budgeted in separate special revenue funds are considered part of the general fund on a GAAP basis. This includes the uniform school supplies fund, the staff rotary fund, the learning day by day fund, the rotary services fund, the underground storage tank fund, the rotary special services fund, the technology insurance fund and the public school support fund.

NOTE 17 - CONTINGENCIES

A. Grants

The District receives significant financial assistance from numerous federal, State and local agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the District. However, in the opinion of management, any such disallowed claims will not have a material effect on the financial position of the District.

**PERRYSBURG EXEMPTED VILLAGE SCHOOL DISTRICT
WOOD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 17 - CONTINGENCIES - (Continued)

B. Litigation

The District is involved in no material litigation as either plaintiff or defendant.

C. Foundation Funding

District Foundation funding is based on the annualized full-time equivalent (FTE) enrollment of each student. Effective for the 2014-2015 school year, traditional Districts must comply with minimum hours of instruction, instead of a minimum number of school days each year. The funding formula the Ohio Department of Education (ODE) is legislatively required to follow will continue to adjust as enrollment information is updated by the District, which can extend past the fiscal year-end. As of the date of this report, ODE has not finalized the impact of enrollment adjustments to the June 30, 2015 Foundation funding for the District; therefore, the financial statement impact is not determinable at this time. ODE and management believe this will result in either a receivable to or liability of the District.

NOTE 18 - OTHER COMMITMENTS

The District utilizes encumbrance accounting as part of its budgetary controls. Encumbrances outstanding at year end may be reported as part of restricted, committed, or assigned classifications of fund balance. At year end, the District's commitments for encumbrances in the governmental funds were as follows:

| <u>Fund</u> | <u>Year-End Encumbrances</u> |
|--------------------|----------------------------------|
| General fund | \$ 106,109 |
| Building | 1,181,684 |
| Other governmental | <u>333,309</u> |
| Total | <u>\$ 1,621,102</u> |

NOTE 19 - CONTRACTUAL COMMITMENTS

As of June 30, 2015, the District has commitments with the following company for the construction project.

| <u>Contractor</u> | <u>Contract Amount</u> | <u>Amount Paid as of June 30, 2015</u> | <u>Amount Remaining on Contract</u> |
|---------------------------|----------------------------|--|---|
| Midwest Contracting, Inc. | \$ 227,900 | \$ 219,839 | \$ 8,061 |
| Campbell, Inc. | 1,306,889 | - | 1,306,889 |

In addition to the amounts paid above, the District has recorded contracts payable in the amounts of \$407,032 for costs incurred prior to fiscal year end on the construction project. Costs incurred by fiscal year end (including contracts payable) have been recorded as construction-in-progress in the District's capital assets (See Note 9).

**PERRYSBURG EXEMPTED VILLAGE SCHOOL DISTRICT
WOOD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 20 - SET-ASIDES

The District is required by State law to annually set-aside certain general fund revenue amounts, as defined by statutory formula, for the acquisition and construction of capital improvements. Amounts not spent by the end of the fiscal year or offset by similarly restricted resources received during the year must be held in cash at fiscal year-end. This amount must be carried forward to be used for the same purpose in future years. Expenditures exceeding the set-aside requirement may not be carried forward to the next fiscal year.

The following cash-basis information describes the change in the fiscal year-end set-aside amount for capital improvements. Disclosure of this information is required by State statute.

| | <u>Capital Improvements</u> |
|---|---------------------------------|
| Set-aside balance June 30, 2014 | \$ - |
| Current year set-aside requirement | 813,342 |
| Contributions in excess of the current fiscal year set-aside requirement | - |
| Current year qualifying expenditures | - |
| Excess qualified expenditures from prior years | - |
| Current year offsets | (1,937,767) |
| Waiver granted by ODE | - |
| Prior year offset from bond proceeds | - |
| Total | <u>\$ (1,124,425)</u> |
| Balance carried forward to fiscal year 2016 | <u>\$ -</u> |
| Set-aside balance June 30, 2015 | <u>\$ -</u> |

In addition to the above statutory set-asides, the District had \$1,270 in monies restricted for school bus purchases.

During fiscal year 2015, the District issued \$38,900,000 in capital related school improvement bonds. These proceeds may be used to reduce the capital improvements set-aside amount to below zero for future years. The amount presented for prior year offset from bond proceeds is limited to an amount needed to reduce the capital improvements set-aside balance to \$0. The District is responsible for tracking the amount of bond proceeds that may be used as an offset in future periods, which was \$38,900,000 at June 30, 2015.

WOOD COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2015

NOTE 21 - FUND BALANCE

Fund balance is classified as nonspendable, restricted, committed, assigned and/or unassigned based primarily on the extent to which the District is bound to observe constraints imposed upon the use of resources in the governmental funds. The constraints placed on fund balance for the major governmental funds and all other governmental funds are presented below:

| Fund balance | General | Building | Nonmajor Governmental Funds | Total Governmental Funds |
|------------------------------|---------------------|----------------------|-----------------------------------|--------------------------------|
| Nonspendable: | | | | |
| Prepays | \$ 12,208 | \$ - | \$ 1,897 | \$ 14,105 |
| Total nonspendable | <u>12,208</u> | <u>-</u> | <u>1,897</u> | <u>14,105</u> |
| Restricted: | | | | |
| Debt service | - | - | 3,888,776 | 3,888,776 |
| Capital improvements | - | 38,275,450 | 628,476 | 38,903,926 |
| Food service operations | - | - | 405,500 | 405,500 |
| Non-public schools | - | - | 7,371 | 7,371 |
| Extracurricular | - | - | 329,834 | 329,834 |
| Targeted academic assistance | - | - | 3,830 | 3,830 |
| School bus purchases | 1,270 | - | - | 1,270 |
| Other purposes | <u>-</u> | <u>-</u> | <u>493,643</u> | <u>493,643</u> |
| Total restricted | <u>1,270</u> | <u>38,275,450</u> | <u>5,757,430</u> | <u>44,034,150</u> |
| Committed: | | | | |
| Capital improvements | - | - | 236,643 | 236,643 |
| Other purposes | <u>11,000</u> | <u>-</u> | <u>-</u> | <u>11,000</u> |
| Total committed | <u>11,000</u> | <u>-</u> | <u>236,643</u> | <u>247,643</u> |
| Assigned: | | | | |
| Student instruction | 35,976 | - | - | 35,976 |
| Student and staff support | 187,599 | - | - | 187,599 |
| Uniform school supplies | 77,225 | - | - | 77,225 |
| Other purposes | <u>165,174</u> | <u>-</u> | <u>-</u> | <u>165,174</u> |
| Total assigned | <u>465,974</u> | <u>-</u> | <u>-</u> | <u>465,974</u> |
| Unassigned (deficit) | <u>8,519,740</u> | <u>-</u> | <u>(124,294)</u> | <u>8,395,446</u> |
| Total fund balances | <u>\$ 9,010,192</u> | <u>\$ 38,275,450</u> | <u>\$ 5,871,676</u> | <u>\$ 53,157,318</u> |

**NOTES TO THE FEDERAL AWARDS RECEIPTS AND EXPENDITURES SCHEDULE
FOR THE FISCAL YEAR ENDED JUNE 30, 2015**

NOTE A - SIGNIFICANT ACCOUNTING POLICIES

The accompanying Federal Awards Receipts and Expenditures Schedule (the Schedule) reports Perrysburg Exempted Village School District's (the District's) federal award programs' receipts and disbursements. The Schedule has been prepared on the cash basis of accounting.

NOTE B - CHILD NUTRITION CLUSTER

The District commingles cash receipts from the U.S. Department of Agriculture with similar State grants. When reporting expenditures on this Schedule, the District assumes it expends federal monies first.

NOTE C - FOOD DONATION PROGRAM

The District reports commodities consumed on the Schedule at the entitlement value. The District allocated donated food commodities to the program that benefitted from the use of those donated food commodities.

Dave Yost • Auditor of State

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

Perrysburg Exempted Village School District
Wood County
140 East Indiana Avenue
Perrysburg, Ohio 43551

To the Board of Education:

We have audited, in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the financial statements of the governmental activities, the major fund, and the aggregate remaining fund information of Perrysburg Exempted Village School District, Wood County, Ohio (the District) as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the District's basic financial statements and have issued our report thereon dated March 29, 2016, wherein we noted the District adopted new accounting guidance in Governmental Accounting Standards Board (GASB) Statement No. 68, *Accounting and Financial Reporting for Pensions – an amendment to GASB Statement No. 27 and Statement No. 71 Pension Transition for Contributions Made Subsequent to the Measurement Date*.

Internal Control Over Financial Reporting

As part of our financial statement audit, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures appropriate in the circumstances to the extent necessary to support our opinions on the financial statements, but not to the extent necessary to opine on the effectiveness of the District's internal control. Accordingly, we have not opined on it.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the District's financial statements. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all internal control deficiencies that might be material weaknesses or significant deficiencies. Therefore, unidentified material weaknesses or significant deficiencies may exist. We did identify a certain deficiency in internal control, described in the accompanying schedule of findings that we consider a material weakness. We consider finding 2015-001 to be a material weakness.

Compliance and Other Matters

As part of reasonably assuring whether the Entity's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

Entity's Response to Finding

The District's response to the finding identified in our audit is described in the accompanying schedule of findings. We did not audit the District's response and, accordingly, we express no opinion on it.

Purpose of this Report

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Dave Yost • Auditor of State

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133

Perrysburg Exempted Village School District
Wood County
140 East Indiana Avenue
Perrysburg, Ohio 43551

To the Board of Education:

Report on Compliance for Each Major Federal Program

We have audited Perrysburg Exempted Village School District, Wood County, Ohio's (the District) compliance with the applicable requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133, Compliance Supplement* that could directly and materially affect each of the District's major federal programs for the year ended June 30, 2015. The *Summary of Auditor's Results* in the accompanying schedule of findings identifies the District's major federal programs.

Management's Responsibility

The District's Management is responsible for complying with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to opine on the District's compliance for each of the District's major federal programs based on our audit of the applicable compliance requirements referred to above. Our compliance audit followed auditing standards generally accepted in the United States of America; the standards for financial audits included in the Comptroller General of the United States' *Government Auditing Standards*; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. These standards and OMB Circular A-133 require us to plan and perform the audit to reasonably assure whether noncompliance with the applicable compliance requirements referred to above that could directly and materially affect a major federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe our audit provides a reasonable basis for our compliance opinion on the District's major programs. However, our audit does not provide a legal determination of the District's compliance.

Opinion on Each Major Federal Program

In our opinion, Perrysburg Exempted Village School District, Wood County, Ohio complied, in all material respects with the compliance requirements referred to above that could directly and materially affect each of its major federal programs for the year ended June 30, 2015.

Report on Internal Control Over Compliance

The District's management is responsible for establishing and maintaining effective internal control over compliance with the applicable compliance requirements referred to above. In planning and performing our compliance audit, we considered the District's internal control over compliance with the applicable requirements that could directly and materially affect a major federal program, to determine our auditing procedures appropriate for opining on each major federal program's compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not to the extent needed to opine on the effectiveness of internal control over compliance. Accordingly, we have not opined on the effectiveness of the District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, when performing their assigned functions, to prevent, or to timely detect and correct, noncompliance with a federal program's applicable compliance requirement. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a federal program compliance requirement will not be prevented, or timely detected and corrected. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with federal program's applicable compliance requirement that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

This report only describes the scope of our internal control over compliance tests and the results of this testing based on OMB Circular A-133 requirements. Accordingly, this report is not suitable for any other purpose.

Dave Yost
Auditor of State

Columbus, Ohio

March 29, 2016

| (d)(1)(vii) | Major Programs (list): | <u>Child Nutrition Cluster:</u> School Breakfast Program – CFDA - #10.553 and National School Lunch Program - CFDA #10.555 Special Education Grants to States – CFDA #84.027 |
| (d)(1)(viii) | Dollar Threshold: Type A/B Programs | Type A: > \$ 300,000 Type B: all others |
| (d)(1)(ix) | Low Risk Auditee? | Yes |

**2. FINDINGS RELATED TO THE FINANCIAL STATEMENTS
REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS**

FINDING NUMBER 2015-001

Material Weakness – Cash and Investments

The District's accounting policy for cash and investments provides that investments of the District's cash management pool and investments with an original maturity of three months or less at the time of purchase by the District are presented on the financial statements as cash equivalents. Investments with an initial maturity of more than three months that are purchased from the pool are to be reported as investments.

The District purchased several investments from the Bond Retirement Fund (\$1,033,789) and the Building Fund (\$38,877,852). These investments had initial maturities greater than three months and were recorded as cash equivalents on the financial statements rather than investments.

The entire fund balance of the Building fund was invested in a separate account which should have been recorded as investments. Expenditures of \$238,566 recorded in the Building fund were actually paid from General fund monies. An interfund receivable and payable was recorded between the General and Building funds in the amount of the deficit.

A final review of the financial statements and investments may have detected these errors.

Adjustments were recorded on the financial statements to present the investments purchased from the Bond Retirement and Building Funds as investments instead of cash equivalents and the interfund receivable and payable to cover the deficit in the Building fund.

We recommend all investments be compared with the District's accounting policy for cash and investments to determine proper disclosure on the financial statements and for the District to review the financial statements for errors prior to filing.

Officials' Response:

The district has communicated with both Julian & Grube and Redtree Investment Group that in the future the reports need to be clear on the length of maturity for all cash equivalents and investments so they are categorized appropriately. This is especially important because of the change in leadership that the district will be experiencing in the coming months. In order to correct this past oversight, the interim Treasurer/CFO has recommended to management that a monthly analysis of the building fund (004) be done in order to correctly classify interest between it and the general fund. An adjustment for this interest from the inception of the project (March 2015) through March 2016 will be made in order to post interest income correctly into the general fund. From this point forward, the general fund will not be used to pay building fund expenditures to vendors; the funds will be moved from the investment account with Redtree to the district's operating account. As such, interest will be posted to the correct fund on a monthly basis
