INDEPENDENT AUDITOR'S REPORT

Osnaburg Local School District Stark County 310 Browning Ct. East Canton, Ohio 44730

To the Board of Education:

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Osnaburg Local School District, Stark County, Ohio (the District), as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for preparing and fairly presenting these financial statements in accordance with the cash accounting basis Note 2 describes. This responsibility includes determining that the cash accounting basis is acceptable for the circumstances. Management is also responsible for designing, implementing and maintaining internal control relevant to preparing and fairly presenting financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to opine on these financial statements based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the District's internal control. Accordingly, we express no opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinions.

Osnaburg Local School District Stark County Independent Auditor's Report Page 2

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective cash financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Osnaburg Local School District, Stark County, Ohio, as of June 30, 2017, and the respective changes in cash financial position and the budgetary comparison for the General Fund thereof for the year then ended in accordance with the accounting basis described in Note 2.

Accounting Basis

Ohio Administrative Code § 117-2-03(B) requires the District to prepare its annual financial report in accordance with accounting principles generally accepted in the United States of America. We draw attention to Note 2 of the financial statements, which describes the basis applied to these statements. The financial statements are prepared on the cash basis of accounting, which is a basis other than generally accepted accounting principles. We did not modify our opinion regarding this matter.

Other Matters

Other Information

We applied no procedures to Management's Discussion & Analysis as listed in the table of contents. Accordingly, we express no opinion or any other assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 6, 2017, on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Dave Yost Auditor of State Columbus, Ohio

December 6, 2017

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2017 (UNAUDITED)

The management's discussion and analysis of the Osnaburg Local School District's (the "District") financial performance provides an overall review of the District's financial activities for the fiscal year ended June 30, 2017, within the limitations of the District's cash basis of accounting. The intent of this discussion and analysis is to look at the District's financial performance as a whole; readers should also review the cash basis financial statements and the notes to the financial statements to enhance their understanding of the District's financial performance.

Financial Highlights

Key financial highlights for fiscal year 2017 are as follows:

- The total net cash position of the District increased \$904,986 or 19.96% from fiscal year 2016.
- General cash receipts accounted for \$8,786,598 or 72.51% of all governmental activities cash receipts. Program specific cash receipts in the form of charges for services and sales, grants and contributions accounted for \$3,330,972 or 27.49% of total governmental activities cash receipts of \$12,117,570.
- The District's governmental activities reported a transfer in of \$60,506 from the private-purpose trust fund during fiscal year 2017.
- The District had \$11,273,090 in cash disbursements related to governmental activities; \$3,330,972 of these cash disbursements were offset by program specific charges for services, grants or contributions. General cash receipts supporting governmental activities (primarily taxes and unrestricted grants and entitlements) of \$8,786,598 were adequate to provide for these programs.
- The District's major governmental funds are the general fund and classroom facilities fund. The general fund had \$9,327,480 in cash receipts and other financing sources and \$8,806,334 in cash disbursements and other financing uses. During fiscal year 2017, the general fund cash balance increased from \$2,703,680 to \$3,224,826.
- The classroom facilities fund had \$3,659 in cash receipts and \$4,619 in cash disbursements. During fiscal year 2017, the classroom facilities fund cash balance decreased from \$963,856 to \$962,896.

Using the Cash Basis Basic Financial Statements (BFS)

This annual report is presented in a format consistent with the presentation requirements of the Governmental Accounting Standards Board (GASB) Statement No. 34, as applicable to the District's cash basis of accounting.

The statement of net position - cash basis and statement of activities - cash basis provide information about the activities of the whole District, presenting an aggregate view of the District's cash basis finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the District's most significant funds with all other nonmajor funds presented in total in one column. In the case of the District, the general fund and classroom facilities fund are by far the most significant funds, and the only governmental funds reported as major funds.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2017 (UNAUDITED)

Reporting the District as a Whole

Statement of Net Position and the Statement of Activities

The statement of net position - cash basis and the statement of activities - cash basis answer the question, "How did we do financially during fiscal year 2017?" These statements include only net position using the cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. This basis of accounting takes into account only the current year's receipts and disbursements if the cash is actually received or paid.

These two statements report the District's net cash position and changes in that position on a cash basis. This change in net cash position is important because it tells the reader that, for the District as a whole, the cash basis financial position of the District has improved or diminished. The causes of this change may be the result of many factors, some financial, some not. Non-financial factors include the District's property tax base, current property tax laws in Ohio restricting revenue growth, facility conditions, mandated federal and state programs and other factors.

As a result of the use of the cash basis of accounting, certain assets and their related revenues (such as accounts receivable and revenue for billed or provided services not collected) and liabilities and their related expenses (such as accounts payable and expenses for goods or services received but not yet paid, and accrued expenses and liabilities) are not recorded in these financial statements. Therefore, when reviewing the financial information and discussion within this annual report, the reader should keep in mind the limitations resulting from the use of the cash basis of accounting.

In the statement of net position - cash basis and the statement of activities - cash basis, the governmental activities include the District's programs and services, including instruction, support services, operation and maintenance of plant, pupil transportation, extracurricular activities and food service operations.

Reporting the District's Most Significant Funds

Fund Financial Statements

Fund financial reports provide detailed information about the District's major funds. The District uses many funds to account for a multitude of financial transactions. However, these fund financial statements focus on the District's most significant funds. The District's major governmental funds are the general fund and classroom facilities fund.

Governmental Funds

Most of the District's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in future periods. These funds are reported using the cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. The governmental fund statements provide a detailed view of the District's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer cash basis financial resources that can be readily spent to finance various District programs.

Since the District is reporting on the cash basis of accounting, there are no differences in the net cash position and fund cash balances or changes in net cash position and changes in fund cash balances. Therefore, no reconciliation is necessary between such financial statements.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2017 (UNAUDITED)

Reporting the District's Fiduciary Responsibilities

The District is the trustee, or fiduciary, for its scholarship programs. These activities are presented as private-purpose trust funds. The District also acts in a trustee capacity as an agent for individuals or other entities. These activities are reported in agency funds. All of the District's fiduciary activities are reported in separate statements of fiduciary net position - cash basis and changes in fiduciary net position - cash basis. These activities are excluded from the District's other financial statements because the assets cannot be utilized by the District to finance its operations.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

The District as a Whole

Recall that the statement of net position - cash basis provides the perspective of the District as a whole.

The table below provides a summary of the District's net cash position at June 30, 2017 and 2016.

Net Cash Position

		overnmental Activities 2017		overnmental Activities 2016
Assets	•	7.05 0.050	φ.	4 #22 0 42
Equity in pooled cash and cash equivalents	\$	5,378,368	\$	4,533,943
Cash with fiscal agent		60,561		
Total assets		5,438,929		4,533,943
Net cash position				
Restricted		1,937,999		1,797,393
Unrestricted		3,500,930		2,736,550
Total net cash position	\$	5,438,929	\$	4,533,943

At June 30, 2017, the District's net cash position was \$5,438,929. A portion of this amount, \$1,937,999, represents resources that are subject to external restriction on how they may be used. The remaining balance of unrestricted net cash position of \$3,500,930 may be used to meet the District's ongoing obligations to the students and creditors.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2017 (UNAUDITED)

Net cash position at end of year	\$ 5,438,929	\$ 4,533,943

Governmental Activities

Net cash position of the District's governmental activities increased \$904,986 in fiscal year 2017. Total governmental cash disbursements of \$11,273,090 were offset by program cash receipts of \$3,330,972 and general cash receipts of \$8,786,598. Program cash receipts supported 29.55% of the total governmental disbursements.

The District received \$1,101,100 in capital grants and contributions primarily to fund the sports complex refurbishment.

The primary sources of receipts for governmental activities are derived from property taxes and unrestricted grants and entitlements. These sources represent 72.18% of total governmental cash receipts.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2017 (UNAUDITED)

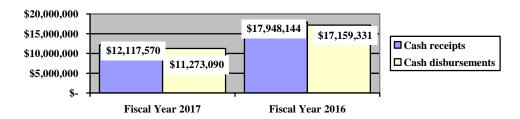

Cash disbursements decreased in fiscal year 2017 by \$5,886,241 or 34.31% due to the general obligation bonds series 2007 being refunded in the prior fiscal year. The largest cash disbursement of the District is for instructional programs. Instruction disbursements totaled \$5,647,924 or 50.10% of total governmental disbursements for fiscal year 2017.

The increase in facilities acquisition and construction disbursements from fiscal year 2016 to fiscal year 2017 is due to the sports complex refurbishment.

During fiscal year 2017, the District created an education foundation. One result of this was a transfer in of \$60,506 in scholarship money from the private purpose trust fund to the governmental activities.

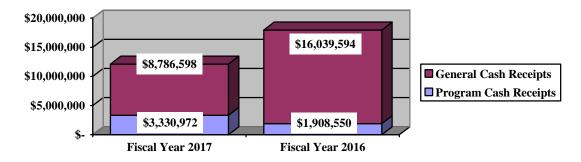

The graph below presents the District's cash receipts and cash disbursements for fiscal years 2017 and 2016.

Governmental Activities - Cash Receipts and Cash Disbursements

The graph below presents the District's governmental activities cash receipts for the fiscal years 2017 and 2016.

Governmental Activities - General and Program Cash Receipts

The statement of activities - cash basis shows the cost of program services and the charges for services and grants offsetting those services. The following table shows, for governmental activities, the total cost of services and the net cost of services. That is, it identifies the cost of these services supported by tax receipts and unrestricted State grants and entitlements.

Total cash disbursements	\$	11,273,090	\$	7,942,118	\$	17,159,331	\$	15,250,781

The dependence upon general cash receipts for governmental activities is apparent; with 70.46% and 88.88% of cash disbursements supported through taxes and other general cash receipts during fiscal years 2017 and 2016, respectively.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2017 (UNAUDITED)

The District's Funds

The District's governmental funds reported a combined fund cash balance of \$5,438,929, which is \$904,986 greater than last year's total of \$4,533,943. The schedule below indicates the fund cash balance and the total change in fund cash balance as of June 30, 2017 and June 30, 2016, for all major and nonmajor governmental funds.

	Cash Balance ne 30, 2017	 Cash Balance ne 30, 2016	Increase Decrease)	Percentage <u>Change</u>	
General Classroom facilities Nonmajor governmental	\$ 3,224,826 962,896 1,251,207	\$ 2,703,680 963,856 866,407	\$ 521,146 (960) 384,800	19.28 % (0.10) % 44.41 %	
Total	\$ 5,438,929	\$ 4,533,943	\$ 904,986	19.96 %	

General Fund

For the general fund, both cash receipts and cash disbursements increased from the prior year. The table that follows assists in illustrating the cash receipts and disbursements of the general fund.

	2017 Amount		_	2016 Amount		Increase Decrease)	Percentag Change	
Cash receipts								
Property taxes	\$	2,482,491	\$	2,263,394	\$	219,097	9.68	%
Earnings on investments		23,753		8,814		14,939	169.49	%
Intergovernmental		6,193,792		5,737,918		455,874	7.94	%
Other revenues	_	623,914		589,341		34,573	5.87	%
Total	\$	9,323,950	\$	8,599,467	\$	724,483	8.42	%
Cash disbursements								
Instruction	\$	5,211,627	\$	4,736,555	\$	475,072	10.03	%
Support services		3,038,702		2,691,136		347,566	12.92	%
Non-instructional services		12,830		8,928		3,902	43.71	%
Extracurricular activities	_	267,275		273,173		(5,898)	(2.16)	%
Total	\$	8,530,434	\$	7,709,792	\$	820,642	10.64	%

The general fund's cash receipts increased \$724,483 or 8.42% in fiscal year 2017. Intergovernmental revenue increased \$455,874 or 7.94% due to increase in foundation revenue in the current fiscal year. Other revenues increased \$34,573 or 5.87% due to an increase in open enrollment in fiscal year 2017. All other receipts for the general fund were comparable to the prior year.

The general fund's cash disbursements increased \$820,642 or 10.64% in fiscal year 2017. Instructional disbursements increased \$475,072 or 10.03% in fiscal year 2017 primarily due to customary wage and benefit increases. Support services increased \$347,566 or 12.92% primarily due to an increase in operations and maintenance and pupil transportation disbursements during fiscal year 2017. All other cash disbursements for the general fund were comparable to the prior year.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2017 (UNAUDITED)

Classroom Facilities Fund

The classroom facilities fund is reported as a major fund and had \$3,659 in cash receipts and \$4,619 in cash disbursements. During fiscal year 2017, the classroom facilities fund cash balance decreased from \$963,856 to \$962,896.

General Fund Budgeting Highlights

The District's budget is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The most significant budgeted fund is the general fund.

For the general fund, final estimated budgetary basis receipts and other financing sources were \$751,953 above original budget estimates of \$8,508,375. The actual budgetary basis receipts and other financing sources of \$9,316,730 exceeded final budget estimates by \$56,402. Original budgetary basis disbursements were \$8,862,527, which were increased to \$9,155,090 in the final budget. The actual budgetary basis disbursements of \$9,042,611 were \$112,479 less than the final budget estimates. There were no significant variances between final budget and actual amounts for either receipts or disbursements.

Capital Assets and Debt Administration

Capital Assets

The District does not record capital assets in the accompanying cash basis basic financial statements, but records payments for capital assets as disbursements. The District had facilities acquisition and construction disbursements of \$1,118,726 during fiscal year 2017.

Debt Administration

At June 30, 2017, the District had \$7,298,870 in general obligation bonds outstanding. Of this total, \$315,000 is due within one year and \$6,983,870 is due in more than one year.

Outstanding Debt, at Year End

	Governmental Activities	Governmental Activities
	2017	2016
General obligation bonds	\$ 7,298,870	\$ 7,587,648
Total	\$ 7,298,870	\$ 7,587,648

See Note 7 in the notes to the basic financial statements for additional information.

Current Financial Related Activities

A deficit spending pattern from 2006-2015 academic years ate away at our carryover. Cuts in programming and staffing were implemented at the end of the 2009 - 10 school year, taking effect the 2010 - 11 academic year. Additional cuts in programming and staffing have occurred every year up until the 15-16 academic year. The new state budget shows a reduction of some \$50,000 at this time, but we are able to sustain without seeking new money. The last new operating levy was passed in 1997 and at that time District administrators assured the community that we would not ask for any new money until at least 2005. We have kept and exceeded that promise.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2017 (UNAUDITED)

Osnaburg Local Schools has performed reasonably well in some categories according to the state's new report card. Conversely, the District finds some areas that need to be reflected on as well. Although the percentages have changed to earn the point per assessment from 75 to 80, we have attained "C" in our performance index, "A" in attendance and graduation, and we are working to improve and maintain special education/ gifted scores and individual growth measures of each child. We have invested in MAPS to help us assess the achievement and close learning gaps of each child in our K through 8 program as well as adding additional support in our elementary special educational program. We are participating in the Ohio Improvement Process with fidelity and maximizing our "time on task" through the utilization of DLT, BLT, TBT, and other logistical meeting time during the daily schedule. Our High School has been awarded the "Silver Medal" by U.S. News and World Report for the third consecutive year, our third graders performed at a 79% proficient rate compared to the state average in the mid 50's, we are honored to have a Five Star pre-school program for the second consecutive year. 70% all tested areas that our children were assessed in performed above the state's average. 100% of our seniors graduated this past year and were awarded over \$250,000 in scholarships. We are extremely proud of all of our staff and students and want to congratulate them for all of their hard work and dedication as we strive to improve each and every child's performance. The District continues to allocate funds to allow our students to receive the opportunities that they need in order to be college and career ready. Additionally, it is vital that we provide maximum opportunities for our children according to the resources that we have.

Our classified and certified staffs each negotiated their current contract in the spring of 2016 and reached agreements for the next years to come. We have made data-driven decisions to meet the needs of our children for FY 18 as well. We have hired a middle school intervention specialist and middle level language arts teacher to allow for the incorporation of STEM at the eighth grade and high school levels as a focus on "gifted" educational performance. Our data and statistics informs us that we must continue to support our children's emotional, social, and academic needs in this fiscal year. We have added counseling at the middle level, intervention specialist and aid at the elementary level, and added a Career Based Instructor at the high school level to allow us to use our personnel to assist and support our high school learners in mathematics. Our growing STEM program attained a Jennings Grant in the amount of \$12,000 and this will allow us to continue more project based learning from Kindergarten through eighth grade. We have repurposed our high school media center to serve our stakeholders as a media center/"maker's space" for more project based learning opportunities.

Excitingly, we have had the great fortune to be able to renovate our stadium's track and turf surfaces in FY 18 due to having tremendous support and financial donors who have solidified this project. The renovation is due to be complete before August 1st of 2017 and ready for competition in the fall of 2017. Additionally, we negotiated support for a new "state of the art" scoreboard that will allow our children to have video production opportunities for years to come. We will continue to gain support for a new stadium grand entrance and potentially a field house that will support our student/athletes, community, and staff for years to come.

Contacting the District's Financial Management

This financial report is designed to provide our citizens, taxpayers, and investors and creditors with a general overview of the District's finances and to show the District's accountability for the money it receives. If you have questions about this report or need additional financial information contact Ms. Christine Robenstine, Treasurer, Osnaburg Local School District, 310 Browning Ct., East Canton, Ohio 44730.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2017

NOTE 1 - DESCRIPTION OF THE SCHOOL DISTRICT

The Osnaburg Local School District (the "District") is organized under Article VI, Sections 2 and 3 of the Constitution of the State of Ohio. The District operates under a locally-elected Board form of government consisting of five members elected at-large for staggered four-year terms. The District provides educational services as authorized by State statute and/or federal guidelines.

The District is located in East Canton, Stark County, Ohio. It is staffed by 47 non-certified employees and 62 certified employees who provide services to 858 students and other community members. The District operates one K-12 school building.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

As discussed in Note 2.B., these financial statements are presented on the cash basis of accounting. The cash basis of accounting differs from accounting principles generally accepted in the United States of America (GAAP). GAAP includes all relevant Governmental Accounting Standards Board (GASB) pronouncements. In cases where these cash basis statements contain items that are the same as, or similar to, those items in financial statements prepared in conformity with GAAP, similar informative disclosures are provided.

A. Reporting Entity

The reporting entity has been defined in accordance with GASB Statement No. 14, "<u>The Financial Reporting Entity</u>" as amended by GASB Statement No. 39, "<u>Determining Whether Certain Organizations Are Component Units</u>" and GASB Statement No. 61, "<u>The Financial Reporting Entity: Omnibus an amendment of GASB Statements No. 14 and No. 34</u>". The reporting entity is composed of the primary government and component units. The primary government consists of all funds, departments, boards and agencies that are not legally separate from the District. For the District, this includes general operations, food service, and student related activities of the District.

Component units are legally separate organizations for which the District is financially accountable. The District is financially accountable for an organization if the District appoints a voting majority of the organization's Governing Board and (1) the District is able to significantly influence the programs or services performed or provided by the organization; or (2) the District is legally entitled to or can otherwise access the organization's resources; or (3) the District is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or (4) the District is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the District in that the District approves the budget, the issuance of debt or the levying of taxes. Certain organizations are also included as component units if the nature and significance of the relationship between the primary government and the organization is such that exclusion by the primary government would render the primary government's financial statements incomplete or misleading. Based upon the application of these criteria, the District has no component units. The basic financial statements of the reporting entity include only those of the District (the primary government).

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2017

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

The following organizations are described due to their relationship to the District:

JOINTLY GOVERNED ORGANIZATIONS

Stark-Portage Area Computer Consortium (SPARCC)

The District is a member of SPARCC, a jointly governed organization which provides computer services to the school districts within the boundaries of Stark and Portage Counties. Each District's Superintendent serves as a representative on the Board, which consists of approximately 31 member districts. However, SPARCC is primarily governed by a five member Executive Board which is made up of two representatives from Stark County, two from Portage County, and a Treasurer. The Board meets monthly to address any current issues.

PUBLIC ENTITY RISK POOLS

Risk Sharing Pool

The Stark County Schools Council of Governments Health Benefits Program is a shared risk pool created pursuant to State statute for the purpose of administering health care benefits. The consortium is governed by an assembly which consists of one representative from each participating member. The assembly elects officers for one year terms to serve on the Board of Directors. The assembly exercises control over the operation of the Consortium. All Consortium revenues are generated from charges for services.

Insurance Purchasing Pool

The Stark County Schools Council of Governments Workers' Compensation Group Rating Plan has created a group insurance pool for the purpose of creating a group rating plan for workers' compensation. The group is comprised of the treasurers of the members who have been appointed by the respective governing body of each member.

The intent of the pool is to achieve a reduced rate for the District by grouping with other members of the pool. The injury claim histories of all participating members are used to calculate a common rate for the pool. An annual fee is paid to CompManagement, Inc. to administer the group and to manage any injury claims. Premium savings created by the group are prorated to each member annually based on its payroll percent of the group.

B. Basis of Accounting

Although required by Ohio Administrative Code § 117-2-03(B) to prepare its annual financial report in accordance with GAAP, the District chooses to prepare its financial statements and notes on the cash basis of accounting. The cash basis of accounting is a comprehensive basis of accounting other than GAAP. Receipts are recognized when received in cash rather than when earned, and disbursements are recognized when paid rather than when a liability is incurred.

Budgetary presentations report budgetary cash disbursements when a commitment is made (i.e. when an encumbrance is approved). The difference between disbursements reported in the fund and entity wide statements and disbursements reported in the budgetary statements are due to current year encumbrances being added to disbursements reported on the budgetary statements.

These statements include adequate disclosure of material matters, in accordance with the cash basis of accounting.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2017

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

C. Fund Accounting

The District uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self balancing set of accounts. There are three categories of funds: governmental, proprietary and fiduciary. The District does not have proprietary funds.

GOVERNMENTAL FUNDS

The District classifies funds financed primarily from taxes, intergovernmental receipts (e.g. grants) and other non-exchange transactions as governmental funds. The following are the District's major governmental funds:

<u>General fund</u> - The general fund is used to account for and report all financial resources not accounted for and reported in another fund. The general fund balance is available for any purpose provided it is expended or transferred according to the general laws of Ohio.

<u>Classroom facilities fund</u> - This fund is used to account for monies received and expended in connection with contracts entered into by the District and the Ohio Department of Education for the building and equipping of classroom facilities.

Other governmental funds of the District are used to account for (a) financial resources that are restricted, committed, or assigned to expenditures for capital outlays including the acquisition or construction of capital facilities and other capital assets, (b) specific revenue sources that are restricted or committed to an expenditure for specified purposes other than debt service or capital projects and (c) financial resources that are restricted, committed, or assigned to expenditure for principal and interest.

FIDUCIARY FUNDS

Fiduciary fund reporting focuses on net cash position and changes in net cash position. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds and agency funds. Trust funds are used to account for cash assets held by the District under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the District's own programs. The District's only trust funds are private-purpose trusts which account for scholarship programs for students. Agency funds are custodial in nature and do not involve measurement of results of operations. The District's agency fund accounts for student activities.

D. Basis of Presentation

<u>Government-wide Financial Statements</u> - The statement of net position - cash basis and the statement of activities - cash basis display information about the District as a whole. These statements include the financial activities of the primary government, except for fiduciary funds.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2017

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

The government-wide statement of activities - cash basis compares disbursements with program receipts for each function or program of the District's governmental activities. These disbursements are those that are specifically associated with a service, program or department and are therefore clearly identifiable to a particular function. Program receipts include charges paid by the recipient of the goods or services offered by the program and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Receipts which are not classified as program receipts are presented as general receipts of the District. The comparison of direct disbursements with program receipts identifies the extent to which each business segment or governmental function is self-financing on the cash basis or draws from the general receipts of the District.

<u>Fund Financial Statements</u> - Fund financial statements report detailed information about the District. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column, and all nonmajor funds are aggregated into one column. Fiduciary funds are reported by fund type.

E. Budgets

The District is required by State statute to adopt an annual appropriated cash basis budget for all funds, except agency funds. The specific timetable for fiscal year 2017 is as follows:

- 1. Prior to January 15, the Superintendent and Treasurer submit to the Board of Education a proposed operating budget for the fiscal year commencing the following July 1. The budget includes proposed expenditures and the means of financing for all funds. Public hearings are publicized and conducted to obtain taxpayers' comments. The purpose of this budget document is to reflect the need for existing (or increased) tax rates.
- 2. On October 25, 2005, the Stark County Budget Commission voted to waive the requirement that school districts adopt a tax budget as required by Section 5705.28 of the Ohio Revised Code, by January 15th and the filing by January 20th. The Budget Commission now requires an alternate tax budget be submitted by January 20th, which no longer requires specific Board approval.
- 3. Prior to April 1, the Board of Education accepts, by formal resolution, the tax rates as determined by the Budget Commission and receives the Commission's Certificate of Estimated Resources which states the projected revenue of each fund. Prior to July 1, the District must revise its budget so that total contemplated expenditures from any fund during the ensuing year will not exceed the amount stated in the Certificate of Estimated Resources. The revised budget then serves as a basis for the appropriation measure. On or about July 1, the certificate is amended to include any unencumbered balances from the preceding year as reported by the District Treasurer. The certificate may be further amended during the year if projected increases or decreases in revenue are identified by the District Treasurer. The budget figures, as shown in the accompanying budgetary statement, reflect the amounts set forth in the original and final Amended Certificates of Estimated Resources issued for fiscal year 2017.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2017

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

- 4. By July 1, the annual appropriation resolution is legally enacted by the Board of Education at the fund level of expenditures, which is the legal level of budgetary control. State statute permits a temporary appropriation to be effective until no later than October 1 of each year. Although the legal level of budgetary control was established at the fund level of expenditures, the District has elected to present budgetary statement comparisons at the fund and function level of expenditures. Resolution appropriations by fund must be within the estimated resources as certified by the County Budget Commission and the total of expenditures and encumbrances may not exceed the appropriation totals.
- 5. Any revisions that alter the total of any fund appropriation must be approved by the Board of Education.
- 6. Formal budgetary integration is employed as a management control device during the year for all funds consistent with the general obligation bond indenture and other statutory provisions. All funds completed the year within the amount of their legally authorized cash basis appropriation.
- 7. Appropriation amounts are reported as originally adopted, or as amended by the Board of Education through the year by supplemental appropriations, which either reallocated or increased the original appropriated amounts. All supplemental appropriations were legally enacted by the Board prior to June 30, 2017. The budget figures, as shown in the accompanying budgetary statement, reflect the original and final appropriation amounts including all amendments and modifications.
- 8. Unencumbered appropriations lapse at year end. Encumbered appropriations are carried forward to the succeeding fiscal year and need not be reappropriated. Expenditures plus encumbrances may not legally exceed budgeted appropriations at the fund level.

F. Cash and Investments

To improve cash management, cash received by the District is pooled in a central bank account. Monies for all funds are maintained in this pool. Individual fund integrity is maintained through the District's records. Each fund's interest in the pool is presented as "equity in pooled cash and cash equivalents" on the basic financial statements.

During fiscal year 2017, investments were limited to the State Treasury Asset Reserve of Ohio (STAR Ohio). Except for nonparticipating investment contracts, investments are reported at fair value, which is based on quoted market prices.

During fiscal year 2017, the District invested in STAR Ohio. STAR Ohio (the State Treasury Asset Reserve of Ohio), is an investment pool managed by the State Treasurer's Office which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but has adopted Governmental Accounting Standards Board (GASB), Statement No. 79, "Certain External Investment Pools and Pool Participants." The District measures its investment in STAR Ohio at the net asset value (NAV) per share provided by STAR Ohio. The NAV per share is calculated on an amortized cost basis that provides an NAV per share that approximates fair value.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2017

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

For fiscal year 2017, there were no limitations or restrictions on any participant withdrawals due to redemption notice periods, liquidity fees, or redemption gates. However, notice must be given 24 hours in advance of all deposits and withdrawals exceeding \$25 million. STAR Ohio reserves the right to limit the transaction to \$50 million, requiring the excess amount to be transacted the following business day(s), but only to the \$50 million limit. All accounts of the participant will be combined for these purposes.

Under existing Ohio statutes all investment earnings are assigned to the general fund unless statutorily required to be credited to a specific fund. Interest revenue credited to the general fund during fiscal year 2017 amounted to \$23,753, which includes \$5,186 assigned from other funds.

For presentation on the basic financial statements, investments of the cash management pool and investments with original maturities of three months or less at the time they are purchased by the District are considered to be cash equivalents. Investments with an initial maturity of more than three months are reported as investments.

An analysis of the District's investment account at year end is provided in Note 4.

G. Cash and Investments with Stark Community Foundation, Inc.

The District is the sole beneficiary of a fund held by the Stark Community Foundation, Inc. The Stark Community Foundation, Inc. is a not-for-profit corporation organized exclusively for charitable, educational, and community purposes. Funds held by the Stark Community Foundation, Inc. are disbursed to the District upon request and approval by the Board of Trustees. Since the fund solely benefits the District, the fund balance and financial activity of this fund is included in this report as part of other governmental funds.

H. Capital Assets

Acquisition of property, plant, and equipment purchased are recorded as disbursements when paid. These items are not reflected as assets on the accompanying financial statements under the cash basis of accounting. Depreciation has not been reported for any capital assets.

I. Unpaid Vacation and Sick Leave

Employees are entitled to cash payments for unused vacation and sick leave in certain circumstances, such as upon leaving employment. Unpaid vacation and sick leave are not reflected as liabilities under the cash basis of accounting.

J. Long-Term Obligations

Bonds and other long-term obligations are not recognized as a liability in the financial statements under the cash basis of accounting. These statements report proceeds of debt when cash is received, and debt service disbursements for debt principal payments.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2017

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

K. Fund Cash Balance

Fund cash balance is divided into five classifications based primarily on the extent to which the District is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

<u>Nonspendable</u> - The nonspendable fund balance classification includes amounts that cannot be spent because they are not in spendable form or legally required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash.

<u>Restricted</u> - Fund balance is reported as restricted when constraints are placed on the use of resources that are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments, or imposed by law through constitutional provisions or enabling legislation.

<u>Committed</u> - The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by a formal action (resolution) of the District Board of Education (the highest level of decision making authority). Those committed amounts cannot be used for any other purpose unless the District Board of Education removes or changes the specified use by taking the same type of action (resolution) it employed to previously commit those amounts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

<u>Assigned</u> - Amounts in the assigned fund balance classification are intended to be used by the District for specific purposes but do not meet the criteria to be classified as restricted nor committed. In governmental funds other than the general fund, assigned fund balance represents the remaining amount that is not restricted or committed. In the general fund, assigned amounts represent intended uses established by policies of the District Board of Education, which includes giving the Treasurer the authority to constrain monies for intended purposes.

<u>Unassigned</u> - Unassigned fund balance is the residual classification for the general fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is only used to report a deficit fund balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned.

The District applies restricted resources first when disbursements are incurred for purposes for which restricted and unrestricted (committed, assigned, and unassigned) fund balance is available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when disbursements are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

L. Net Cash Position

Net cash position is reported as restricted when enabling legislation or creditors, grantors or laws or regulations of other governments have imposed limitations on its use. The District first applies restricted resources when a disbursement is incurred for purposes for which both restricted and unrestricted net cash position is available. The District did not have any assets restricted by enabling legislation at June 30, 2017.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2017

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

M. Restricted Assets

Assets are reported as restricted assets when limitations on their use change the normal understanding of the availability of the asset. Such constraints are either imposed by creditors, contributors, grantors, or laws of other governments or imposed by enabling legislation. The District did not have any restricted assets at June 30, 2017.

N. Interfund Activity

Exchange transactions between funds are reported as receipts in the seller funds and as disbursements in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers in governmental funds. Repayments from funds responsible for particular disbursements to the funds that initially paid for them are not presented on the basic financial statements. Interfund advances and transfers between governmental funds are eliminated in the statement of activities - cash basis.

O. Vocational Education

The District has entered into an agreement with the Canton Local School District, Perry Local School District and the Sandy Valley Local School District to provide career technical education programs for students. The Canton Local School District is the principal agency for the programs and is responsible for the physical facilities of the programs. Student counts are based on FTEs (Full Time Equivalencies) as reported as contract career technical in the EMIS. The State transfers State Funding as funds taken from the sending district and credited to the attending district.

P. Extraordinary and Special Items

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of the Board of Education and that are either unusual in nature or infrequent in occurrence. Neither type of transaction occurred during fiscal year 2017.

Q. Pensions

For purposes of measuring the net pension liability, information about the fiduciary net position of the pension plans and additions to/deductions from their fiduciary net positon have been determined on the same basis as they are reported by the pension systems. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. The pension systems report investments at fair value.

NOTE 3 - ACCOUNTABILITY AND COMPLIANCE

A. Change in Accounting Principles

For fiscal year 2017, the District has implemented GASB Statement No. 77, "Tax Abatement Disclosures", GASB Statement No. 78, "Pensions Provided Through Certain Multiple-Employer Defined Benefit Pension Plans", GASB Statement No. 80, "Blending Requirements for Certain Component Units - An Amendment of GASB Statement No. 14" and GASB Statement No. 82, "Pension Issues - An Amendment of GASB Statements No. 67, No. 68 and No. 73".

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2017

NOTE 3 - ACCOUNTABILITY AND COMPLIANCE - (Continued)

GASB Statement No. 77 requires governments that enter into tax abatement agreements to disclose certain information about the agreement. GASB Statement No. 77 also requires disclosures related to tax abatement agreements that have been entered into by other governments that reduce the reporting government's tax revenues. The implementation of GASB Statement No. 77 did not have an effect on the financial statements of the District.

GASB Statement No. 78 establishes accounting and financial reporting standards for defined benefit pensions provided to the employees of state or local governmental employers through a cost-sharing multiple-employer defined benefit pension plan (cost-sharing pension plan) that meets the criteria in paragraph 4 of Statement 68 and that (a) is not a state or local governmental pension plan, (b) is used to provide defined benefit pensions both to employees of state or local governmental employers and to employees of employers that are not state or local governmental employers, and (c) has no predominant state or local governmental employer (either individually or collectively with other state or local governmental employers that provide pensions through the pension plan). The implementation of GASB Statement No. 78 did not have an effect on the financial statements of the District.

GASB Statement No. 80 improves the financial reporting by clarifying the financial statement presentation requirements for certain component units. This Statement applies to component units that are organized as not-for-profit corporations in which the primary government is the sole corporate member. The implementation of GASB Statement No. 80 did not have an effect on the financial statements of the District.

GASB Statement No. 82 addresses issues regarding (1) the presentation of payroll-related measures in required supplementary information, (2) the selection of assumptions and the treatment of deviations from the guidance in an Actuarial Standard of Practice for financial reporting purposes, and (3) the classification of payments made by employers to satisfy employee (plan member) contribution requirements. The implementation of GASB Statement No. 82 did not have an effect on the financial statements of the District.

B. Compliance

Ohio Administrative Code § 117-2-03(B) requires the District to prepare its annual financial report in accordance with generally accepted accounting principles. However, the District prepared its financial statements on a cash basis, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. The accompanying financial statements omit assets, deferred outflows of resources, liabilities, deferred inflows of resources, net position/fund balances, and disclosures that, while material, cannot be determined at this time. The District can be fined and various other administrative remedies may be taken against the District.

NOTE 4 - DEPOSITS AND INVESTMENTS

State statutes classify monies held by the District into three categories.

Active deposits are public deposits necessary to meet current demands on the treasury. Such monies must be maintained either as cash in the District treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2017

NOTE 4 - DEPOSITS AND INVESTMENTS - (Continued)

Inactive deposits are public deposits that the Board of Education has identified as not required for use within the current five-year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use, but which will be needed before the end of the current period of designation of depositories.

Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts including passbook accounts.

Interim monies may be deposited or invested in the following securities:

- 1. United States Treasury Notes, Bills, Bonds, or any other obligation or security issued by the United States Treasury or any other obligation guaranteed as to principal and interest by the United States;
- 2. Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality, including, but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
- 3. Written repurchase agreements in the securities listed above provided that the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and that the term of the agreement must not exceed thirty days;
- 4. Bonds and other obligations of the State of Ohio;
- 5. No-load money market mutual funds consisting exclusively of obligations described in items (1) and (2) above and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
- 6. The State Treasurer's investment pool (STAR Ohio);
- 7. Certain banker's acceptance and commercial paper notes for a period not to exceed one hundred eighty days from the purchase date in an amount not to exceed twenty-five percent of the interim monies available for investment at any one time; and,
- 8. Under limited circumstances, corporate note interests rated in either of the two highest classifications by at least two nationally recognized rating agencies.

Protection of the District's deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, by surety company bonds deposited with the Treasurer by the financial institution or by a single collateral pool established by the financial institution to secure the repayment of all public monies deposited with the institution.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2017

NOTE 4 - DEPOSITS AND INVESTMENTS - (Continued)

Investments in stripped principal or interest obligations, reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. An investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the District, and must be purchased with the expectation that it will be held to maturity. Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the Treasurer or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

A. Cash on Hand

At fiscal year end, the District had \$100 in undeposited cash on hand which is included on the financial statements of the District as part of "equity in pooled cash and cash equivalents".

B. Cash and Investments with Stark Community Foundation, Inc.

At fiscal year end, the District had \$60,561 in cash and investments held by the Stark Community Foundation, Inc. (SCF). These funds are to be used for the E. Joel Davis Memorial Scholarship. The cash and investments held by the SCF are not included in the carrying amount of deposits discussed below

C. Deposits with Financial Institutions

At June 30, 2017, the carrying amount of all District deposits was \$3,913,063. Based on the criteria described in GASB Statement No. 40, "Deposits and Investment Risk Disclosures", as of June 30, 2017, \$3,421,993 of the District's bank balance of \$3,941,993 was exposed to custodial risk as discussed below, while \$520,000 was covered by the FDIC.

Custodial credit risk is the risk that, in the event of bank failure, the District's deposits may not be returned. All deposits are collateralized with eligible securities in amounts equal to at least 105% of the carrying value of the deposits. Such collateral, as permitted by the Ohio Revised Code, is held in single financial institution collateral pools at Federal Reserve Banks, or at member banks of the federal reserve system, in the name of the respective depository bank and pledged as a pool of collateral against all of the public deposits it holds or as specific collateral held at the Federal Reserve Bank in the name of the District. The District has no deposit policy for custodial credit risk beyond the requirements of State statute. Although the securities were held by the pledging institutions' trust department and all statutory requirements for the deposit of money had been followed, noncompliance with federal requirements could potentially subject the District to a successful claim by the FDIC.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2017

NOTE 4 - DEPOSITS AND INVESTMENTS - (Continued)

D. Investments

As of June 30, 2017, the District had the following investments and maturities:

		Investment	
		<u>Maturities</u>	
		6 months or	
Investment type	Fair Value	less	
STAR Ohio	\$ 1,574,414	\$ 1,574,414	
Total	\$ 1,574,414	\$ 1,574,414	

Interest Rate Risk: As a means of limiting its exposure to fair value losses arising from rising interest rates and according to State law, the District's investment policy limits investment portfolio maturities to five years or less.

Credit Risk: STAR Ohio carries a rating of AAAm by Standard & Poor's. Ohio law requires that STAR Ohio maintain the highest rating provided by at least one nationally recognized standard rating service. The District's investment policy does not specifically address credit risk beyond requiring the District to only invest in securities authorized by State statute.

Concentration of Credit Risk: The District places no limit on the amount that may be invested in any one issuer. The following table includes the percentage of each investment type held by the District at June 30, 2017:

<u>Investment type</u>	Fair Value	% to Total
STAR Ohio	\$ 1,574,414	100.00

E. Reconciliation of Cash and Investments to the Statement of Net Position - Cash Basis

The following is a reconciliation of cash and investments as reported in the note above to cash and investments as reported on the statement of net position - cash basis as of June 30, 2017:

<u>Cash and investments per note</u>		
Carrying amount of deposits	\$	3,913,063
Investments		1,574,414
Cash with fiscal agent		60,561
Cash on hand		100
Total	<u>\$</u>	5,548,138

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2017

NOTE 4 - DEPOSITS AND INVESTMENTS - (Continued)

Total	\$	5,548,138
Agency fund		51,313
Private-purpose trust funds		57,896
Governmental activities	\$	5,438,929
<u> Cash and investments per statement of net position - cash bas</u>	<u> 31S</u>	

NOTE 5 - INTERFUND TRANSACTIONS

A. Interfund transfers for the year ended June 30, 2017 consisted of the following, as reported on the fund financial statements:

<u>Transfers from the general fund to</u> :	Amount
Nonmajor governmental funds	\$ 250,000
<u>Transfers from the private purpose trust fund to:</u>	
Nonmajor governmental funds	60,506
	\$ 310,506

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, and (2) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

The transfer from the private purpose trust fund to the nonmajor governmental funds was to move the balance of the E. Joel Davis Memorial Scholarship fund to the Education Foundation fund, a nonmajor governmental fund.

Interfund transfers between governmental funds are eliminated for reporting in the statement of activities. All transfers were made in compliance with Ohio Revised Code Sections 5705.14, 5705.15 and 5705.16.

B. Interfund transactions for the year ended June 30, 2017, consisted of the following, as reported on the fund financial statements:

Advances from general fund to:	Amount
Nonmajor governmental funds	\$ 25,900

The primary purpose of the advances to the governmental funds is to cover costs in grant funds where the requested project cash requests were not received by June 30. These advances will be repaid once the anticipated revenues are received. All outstanding advances are expected to be repaid within one year.

Interfund advances between governmental funds are eliminated on the government-wide financial statements; therefore, no advances are reported on the statement of activities.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2017

NOTE 6 - PROPERTY TAXES

Property taxes are levied and assessed on a calendar year basis while the District fiscal year runs from July through June. First half tax collections are received by the District in the second half of the fiscal year. Second half tax distributions occur in the first half of the following fiscal year.

Property taxes include amounts levied against all real property and public utility property. Real property tax revenues received in calendar year 2017 represent the collection of calendar year 2016 taxes. Real property taxes received in calendar year 2017 were levied after April 1, 2016, on the assessed values as of January 1, 2016, the lien date. Assessed values for real property taxes are established by State statute at 35 percent of appraised market value. Real property taxes are payable annually or semiannually. If paid annually, payment is due December 31; if paid semiannually, the first payment is due December 31, with the remainder payable by June 20. Under certain circumstances, State statute permits alternate payment dates to be established. Public utility property tax revenues received in calendar year 2017 represent the collection of calendar year 2016 taxes. Public utility real and personal property taxes received in calendar year 2017 became a lien on December 31, 2015, were levied after April 1, 2016, and are collected with real property taxes. Public utility real property is assessed at 35 percent of true value; public utility tangible personal property is currently assessed at varying percentages of true value.

The District receives property taxes from Stark and Carroll Counties. The County Auditors periodically advance to the District its portion of the taxes collected. Second-half real property tax payments collected by the Counties by June 30, 2017, are available to finance fiscal year 2017 operations. The amount of second-half real property taxes available for advance at fiscal year-end can vary based on the date the tax bills are sent.

The assessed values upon which the fiscal year 2017 taxes were collected are:

	2016 Second Half Collections			2017 First Half Collections			
		Amount	Percent		Amount	Percent	
Agricultural/residential and other real estate Public utility personal	\$	95,053,850 4,396,200	95.58 4.42	\$	95,119,360 4,419,800	95.56 4.44	
Total	\$	99,450,050	100.00	\$	99,539,160	100.00	
Tax rate per \$1,000 of assessed valuation	\$	63.80		\$	63.40		

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2017

NOTE 7 - LONG-TERM OBLIGATIONS

A. On May 9, 2007, the District issued \$8,701,615 in general obligations bonds (Series 2007 School Facilities Construction and Improvement Bonds). The bond issue represents the District's local share and local funded initiatives of a construction project approved and significantly funded by the Ohio School Facilities Commission (OSFC). The OSFC has awarded the District a \$14,797,046 grant for the project, and will make quarterly disbursements to the District until the project is completed. These bonds are general obligations of the District for which the full faith and credit of the District is pledged for repayment. Payments of principal and interest relating to this bond issue are recorded as a disbursement in the bond retirement fund (a nonmajor governmental fund). The source of payment is derived from a 6.2 mil bonded debt tax levy. In conjunction with the 6.2 mils which support the bond issue, the District also passed in fiscal year 2007 a .5 mil levy to ultimately fund the maintenance costs of the new facilities. Tax revenue from this levy will be reported in the classroom facilities maintenance fund, a nonmajor governmental fund.

This issue is comprised of both current interest bonds, par value \$8,520,000, and capital appreciation bonds, par value \$181,615. The interest rates on the current interest bonds range from 4.000% to 4.125%. The capital appreciation bonds matured on December 1, 2014 (stated interest 18.139%), December 1, 2015 (stated interest 18.139%) and December 16, 2016 (stated interest 18.139%) at a redemption price equal to 100% of the principal, plus accrued interest to the redemption date.

The current interest bonds were advance refunded as discussed below. The refunded debt is considered defeased (in-substance) and accordingly has been removed from the District's long-term obligations. The principal balance outstanding of the defeased bonds was \$7,320,000 at June 30, 2017.

B. On December 8, 2015, the District issued \$7,319,752 in general obligation bonds (Series 2015 Refunding Bonds) to refund the Series 2007 general obligation bonds (Series 2007 School Facilities Construction and Improvement Bonds) that were for District's local share and local funded initiatives of a construction project approved and significantly funded by the Ohio School Facilities Commission (OSFC). The bonds include serial and capital appreciation bonds, in the original amount of \$7,175,000 and \$144,752, respectively.

The interest rates on the current interest bonds range from 1.500% to 4.000%. The capital appreciation bonds mature on December 1, 2021 (stated interest 14.800%) at a redemption price equal to 100% of the principal, plus accrued interest to the redemption date. The accreted value at maturity for the capital appreciation bonds is \$340,000.

Interest payments on the current interest bonds are due on June 1 and December 1 of each year. The final maturity stated in the issue is December 1, 2035. The bonds are being retired from the bond retirement fund, a nonmajor governmental fund.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2017

NOTE 7 - LONG-TERM OBLIGATIONS - (Continued)

The following is a schedule of activity for the general obligation bonds during fiscal year 2017:

	Balance 06/30/16 Additions		Additions	Reductions		_	Balance 06/30/17		Due Within One Year	
General obligation bonds - Series 2007										
Capital appreciation bonds	\$	50,382	\$	-	\$	(50,382)	\$	-	9	-
Accreted interest		207,188		7,430		(214,618)		-		-
General obligation bonds - Series 2015										
Current interest bonds		7,175,000		-		(55,000)		7,120,000		315,000
Capital appreciation bonds		144,752		-		-		144,752		-
Accreted interest		10,326		23,792				34,118	_	
Total G.O. bonds	\$	7,587,648	\$	31,222	\$	(320,000)	\$	7,298,870	9	\$ 315,000

The following is a summary of the future debt service requirements to maturity for the Series 2015 general obligation bonds:

	Current Interest Bonds				Capital Appreciation Bonds				ls		
Fiscal Year	_	Principal	_	Interest	 Total	_	Principal		Interest	_	Total

C. Legal Debt Margin

The Ohio Revised Code provides that voted net general obligation debt of the District shall never exceed 9% of the total assessed valuation of the District. The code further provides that unvoted indebtedness shall not exceed 1/10 of 1% of the property valuation of the District. The code additionally states that unvoted indebtedness related to energy conservation debt shall not exceed 9/10 of 1% of the property valuation of the District. The assessed valuation used in determining the District's legal debt margin has been modified by House Bill 530 which became effective March 30, 2006. In accordance with House Bill 530, the assessed valuation used in the District's legal debt margin calculation excluded tangible personal property used in business, telephone or telegraph property, interexchange telecommunications company property, and personal property owned or leased by a railroad company and used in railroad operations. The effects of these debt limitations at June 30, 2017, resulted in a voted debt margin of \$2,139,980 and an unvoted debt margin of \$99,539.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2017

NOTE 8 - EMPLOYEE BENEFITS

A. Compensated Absences

The criteria for determining vested vacation and sick leave benefits are derived from negotiated agreements and State laws. Classified employees earn 10 to 30 days of vacation per year, depending upon length of service and hours worked. Teachers do not earn vacation time. Administrators employed to work 240-260 days per year earn 20-25 days of vacation annually. Teachers, administrators and classified employees earn sick leave at the rate of one and one-fourth days per month up to a maximum of 320 days. Upon retirement, employees receive payment for one-fourth of the total sick leave accumulation, up to a maximum of 73 days for certified employees and 70 days for classified employees.

B. Life Insurance

The District provides life insurance and accidental death and dismemberment insurance to most employees. Life insurance is provided through the Stark County Schools Council of Governments Health Benefits Program, an insurance purchasing pool (Note 2.A.).

C. Retirement Incentive

The District had a retirement incentive bonus in place during fiscal year 2017. The employee must have worked for the District for at least 10 years. This bonus is available to certified teaching employees in the amount of \$15,000. The bonus for the classified non-teaching employees is \$250/year up to a maximum of \$7,500. Employees retiring the first time they are eligible to retire based upon STRS or SERS Ohio eligibility will receive the bonus. No employees took advantage of the retirement incentive in fiscal year 2017.

NOTE 9 - RISK MANAGEMENT

A. Comprehensive

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees and natural disasters. The District has contracted with Ohio Casualty for property, general and excess liability insurance, boiler and machinery and inland marine with a \$5,000 deductible.

Ohio Casualty also covers computers, audio/visual equipment, musical instruments, playground, and miscellaneous equipment with a \$500 deductible.

Professional liability is protected by Ohio Casualty with a \$5,000,000 single occurrence, \$5,000,000 aggregate and \$1,000 deductible. Vehicles are also covered by Ohio Casualty and have a \$500 deductible for comprehensive and a \$250 deductible for collision. Automobile liability and vehicle liability both have a \$1,000,000 single limit of liability.

Settled claims have not exceeded this commercial coverage in any of the past three years. There has been no significant reduction in coverage from 2016.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2017

NOTE 9 - RISK MANAGEMENT - (Continued)

B. Workers' Compensation Plan

The Osnaburg Local School District participates in a workers' compensation program jointly sponsored by the Ohio Association of School Business Officials (OASBO) and the Ohio School Board Association (OSBA), known as SchoolComp. CompManagement, Inc. (CMI) is the program's third party administrator. SchoolComp serves to group its members' risks for the purpose of obtaining a favorable experience rating to determine its premium liability to the Ohio Bureau of Workers' Compensation (OBWC) and the Ohio Workers' Compensation Fund. This may be accomplished through participation in a group rating program or through group retrospective rating. The Osnaburg Local School District has chosen to participate in a/the group rating program for 2016-17. Participation in SchoolComp is restricted to members who meet enrollment criteria and are jointly in good standing with OASBO and OSBA. OASBO and OSBA are certified sponsors recognized by OBWC.

C. Employee Group Health Insurance

The District has contracted with the Stark County Schools Council of Governments Health Benefits Program, an insurance purchasing pool (Note 2.A.), to provide employee medical/surgical and dental benefits. Rates are set through an annual calculation process. The District pays a monthly contribution which is paid in a common fund from which claim payments are made for all participants regardless of claims flow. The Board of Directors has the right to return monies to an existing school district subsequent to the settlements of all expenses and claims. The District pays health premiums of \$1,588 for family coverage and \$654 for single coverage per employee per month and the District pays dental premiums of \$205 for family coverage and \$83 for single coverage per employee per month. In fiscal year 2017, the District paid 87% of the health insurance premium and the certified staff paid 13%. The District paid 91% of the health insurance premium and the classified staff paid 9% of the premium. Districts in the insurance purchasing pool were allowed to take three premium holidays based on fiscal year 2016; the District took June, July and August 2016, as their premium holidays. In May of 2017, schools were told they could take two premium holidays based on fiscal year 2017; the District took June and July 2017 as their premium holidays. The districts were also informed that there will be changes in the calculation of premium holidays for FY 18.

NOTE 10 - PENSION PLANS

Net Pension Liability

Pensions are a component of exchange transactions—between an employer and its employees—of salaries and benefits for employee services. Pensions are provided to an employee—on a deferred-payment basis—as part of the total compensation package offered by an employer for employee services each financial period.

The net pension liability represents the District's proportionate share of each pension plan's collective actuarial present value of projected benefit payments attributable to past periods of service, net of each pension plan's fiduciary net position. The net pension liability calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting this estimate annually.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2017

NOTE 10 - PENSION PLANS - (Continued)

The Ohio Revised Code limits the District's obligation for this liability to annually required payments. The District cannot control benefit terms or the manner in which pensions are financed; however, the District does receive the benefit of employees' services in exchange for compensation including pension.

GASB 68 assumes the liability is solely the obligation of the employer, because (1) they benefit from employee services; and (2) State statute requires all funding to come from these employers. All contributions to date have come solely from these employers (which also includes costs paid in the form of withholdings from employees). State statute requires the pension plans to amortize unfunded liabilities within 30 years. If the amortization period exceeds 30 years, each pension plan's board must propose corrective action to the State legislature. Any resulting legislative change to benefits or funding could significantly affect the net pension liability. Resulting adjustments to the net pension liability would be effective when the changes are legally enforceable.

Plan Description - School Employees Retirement System (SERS)

Plan Description - The District non-teaching employees participate in SERS, a cost-sharing multiple-employer defined benefit pension plan administered by SERS. SERS provides retirement, disability and survivor benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Ohio Revised Code Chapter 3309. SERS issues a publicly available, stand-alone financial report that includes financial statements, required supplementary information and detailed information about SERS' fiduciary net position. That report can be obtained by visiting the SERS website at www.ohsers.org under Employers/Audit Resources.

Age and service requirements for retirement are as follows:

	Eligible to	Eligible to
	Retire on or before	Retire on or after
	August 1, 2017 *	August 1, 2017
Full benefits	Any age with 30 years of service credit	Age 67 with 10 years of service credit; or Age 57 with 30 years of service credit
Actuarially reduced benefits	Age 60 with 5 years of service credit Age 55 with 25 years of service credit	Age 62 with 10 years of service credit; or Age 60 with 25 years of service credit

^{*} Members with 25 years of service credit as of August 1, 2017, will be included in this plan.

Annual retirement benefits are calculated based on final average salary multiplied by a percentage that varies based on year of service; 2.2 percent for the first thirty years of service and 2.5 percent for years of service credit over 30. Final average salary is the average of the highest three years of salary.

One year after an effective benefit date, a benefit recipient is entitled to a three percent cost-of-living adjustment (COLA). This same COLA is added each year to the base benefit amount on the anniversary date of the benefit.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2017

NOTE 10 - PENSION PLANS - (Continued)

Funding Policy - Plan members are required to contribute 10 percent of their annual covered salary and the District is required to contribute 14 percent of annual covered payroll. The contribution requirements of plan members and employers are established and may be amended by the SERS' Retirement Board up to statutory maximum amounts of 10 percent for plan members and 14 percent for employers. The Retirement Board, acting with the advice of the actuary, allocates the employer contribution rate among four of the System's funds (Pension Trust Fund, Death Benefit Fund, Medicare B Fund, and Health Care Fund). For the fiscal year ended June 30, 2017, the allocation to pension, death benefits, and Medicare B was 14 percent. None of the employer contribution rate was allocated to the Health Care Fund.

The District's contractually required contribution to SERS was \$150,783 for fiscal year 2017.

Plan Description - State Teachers Retirement System (STRS)

Plan Description - District licensed teachers and other faculty members participate in STRS Ohio, a cost-sharing multiple-employer public employee retirement system administered by STRS. STRS provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS issues a stand-alone financial report that includes financial statements, required supplementary information and detailed information about STRS' fiduciary net position. That report can be obtained by writing to STRS, 275 E. Broad St., Columbus, OH 43215-3771, by calling (888) 227-7877, or by visiting the STRS Web site at www.strsoh.org.

New members have a choice of three retirement plans; a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan and a Combined Plan. Benefits are established by Ohio Revised Code Chapter 3307. The DB Plan offers an annual retirement allowance based on final average salary multiplied by a percentage that varies based on years of service. Effective August 1, 2015, the calculation will be 2.2 percent of final average salary for the five highest years of earnings multiplied by all years of service. With certain exceptions, the basic benefit is increased each year by two percent of the original base benefit. For members retiring August 1, 2013, or later, the first two percent is paid on the fifth anniversary of the retirement benefit. Members are eligible to retire at age 60 with five years of qualifying service credit, or age 55 with 25 years of service, or 30 years of service regardless of age. Age and service requirements for retirement will increase effective August 1, 2015, and will continue to increase periodically until they reach age 60 with 35 years of service or age 65 with five years of service on August 1, 2026.

The DC Plan allows members to place all their member contributions and 9.5 percent of the 14 percent employer contributions into an investment account. Investment allocation decisions are determined by the member. The remaining 4.5 percent of the 14 percent employer rate is allocated to the defined benefit unfunded liability. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal.

The Combined Plan offers features of both the DB Plan and the DC Plan. In the Combined Plan, 11.5% of the 13% member rate goes to the DC Plan and the remaining 1.5% is applied to the DB Plan. Member contributions to the DC Plan are allocated among investment choices by the member, and contributions to the DB Plan from the employer and the member are used to fund the defined benefit payment at a reduced level from the regular DB Plan. The defined benefit portion of the Combined Plan payment is payable to a member on or after age 60 with five years of services. The defined contribution portion of the account may be taken as a lump sum payment or converted to a lifetime monthly annuity at age 50.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2017

NOTE 10 - PENSION PLANS - (Continued)

New members who choose the DC Plan or Combined Plan will have another opportunity to reselect a permanent plan during their fifth year of membership. Members may remain in the same plan or transfer to another STRS plan. The optional annuitization of a member's defined contribution account or the defined contribution portion of a member's Combined Plan account to a lifetime benefit results in STRS bearing the risk of investment gain or loss on the account. STRS has therefore included all three plan options as one defined benefit plan for GASB 68 reporting purposes.

A DB or Combined Plan member with five or more years of credited service who is determined to be disabled may qualify for a disability benefit. Eligible survivors of members who die before service retirement may qualify for monthly benefits. New members on or after July 1, 2013, must have at least ten years of qualifying service credit that apply for disability benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member of the DC Plan dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

Funding Policy - Employer and member contribution rates are established by the State Teachers Retirement Board and limited by Chapter 3307 of the Ohio Revised Code. For fiscal year 2017, plan members were required to contribute 14 percent of their annual covered salary. The District was required to contribute 14 percent; the entire 14 percent was the portion used to fund pension obligations. The 2017 contribution rates were equal to the statutory maximum rates.

The District's contractually required contribution to STRS Ohio was \$451,274 for fiscal year 2017.

Net Pension Liability

The net pension liability was measured as of June 30, 2016, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on the District's share of contributions to the pension plan relative to the projected contributions of all participating entities. Following is information related to the proportionate share:

	SERS	STRS Ohio	Total
Proportion of the net pension			
liability prior measurement date	0.03501220%	0.03158020%	
Proportion of the net pension			
liability current measurement date	0.03449430%	<u>0.03155133</u> %	
Change in proportionate share	- <u>0.00051790</u> %	- <u>0.00002887</u> %	
Proportionate share of the net pension liability	\$ 2,524,664	\$ 10,561,181	\$ 13,085,845

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2017

NOTE 10 - PENSION PLANS - (Continued)

Actuarial Assumptions - SERS

SERS' total pension liability was determined by their actuaries in accordance with GASB Statement No. 67, as part of their annual actuarial valuation for each defined benefit retirement plan. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts (e.g., salaries, credited service) and assumptions about the probability of occurrence of events far into the future (e.g., mortality, disabilities, retirements, employment termination). Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employers and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations.

Actuarial calculations reflect a long-term perspective. For a newly hired employee, actuarial calculations will take into account the employee's entire career with the employer and also take into consideration the benefits, if any, paid to the employee after termination of employment until the death of the employee and any applicable contingent annuitant. In many cases actuarial calculations reflect several decades of service with the employer and the payment of benefits after termination.

Key methods and assumptions used in calculating the total pension liability in the latest actuarial valuation, prepared as of June 30, 2016, are presented below:

Wage inflation
Future salary increases, including inflation
COLA or ad hoc COLA
Investment rate of return
Actuarial cost method

3.00 percent
3.50 percent to 18.20 percent
3 percent
7.50 percent net of investments expense, including inflation

Entry age normal (level percent of payroll)

For post-retirement mortality, the table used in evaluating allowances to be paid is the RP-2014 Blue Collar Mortality Table with fully generational projection and Scale BB, with 120% of male rates and 110% of female rates used. The RP-2000 Disabled Mortality Table with 90% for male rates and 100% for female rates set back five years is used for the period after disability retirement. Special mortality tables are used for the period after disability retirement.

The actuarial assumptions used in the June 30, 2016 valuation were based on the results of an experience study that was completed June 30, 2015. As a result of the actuarial experience study, the following changes of assumptions affected the total pension liability since the prior measurement date: (a) the assumed rate of inflation was reduced from 3.25% to 3.00%, (b) payroll growth assumption was reduced from 4.00% to 3.50%, (c) assumed real wage growth was reduced from 0.75% to 0.50%, (d) Rates of withdrawal, retirement and disability were updated to reflect recent experience, (e) mortality among active members was updated to RP-2014 Blue Collar Mortality Table with fully generational projection and a five year age set-back for both males and females, (f) mortality among service retired members, and beneficiaries was updated to the following RP-2014 Blue Collar Mortality Table with fully generational projection with Scale BB, 120% of male rates, and 110% of female rates and (g) mortality among disable member was updated to RP-2000 Disabled Mortality Table, 90% for male rates and 100% for female rates, set back five years is used for the period after disability retirement.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2017

NOTE 10 - PENSION PLANS - (Continued)

The long-term return expectation for the Pension Plan Investments has been determined using a building-block approach and assumes a time horizon, as defined in SERS' *Statement of Investment Policy*. A forecasted rate of inflation serves as the baseline for the return expectation. Various real return premiums over the baseline inflation rate have been established for each asset class. The long-term expected nominal rate of return has been determined by calculating a weighted averaged of the expected real return premiums for each asset class, adding the projected inflation rate, and adding the expected return from rebalancing uncorrelated asset classes.

The target allocation and best estimates of arithmetic real rates of return for each major assets class are summarized in the following table:

Asset Class	TargetAllocation	Long Term Expected Real Rate of Return
Cash	1.00 %	0.50 %
US Equity	22.50	4.75
International Equity	22.50	7.00
Fixed Income	19.00	1.50
Private Equity	10.00	8.00
Real Assets	15.00	5.00
Multi-Asset Strategies	10.00	3.00
	·	
Total	100.00 %	

Discount Rate - The total pension liability was calculated using the discount rate of 7.50 percent. The projection of cash flows used to determine the discount rate assumed the contributions from employers and from the members would be computed based on contribution requirements as stipulated by State statute. Projected inflows from investment earning were calculated using the long-term assumed investment rate of return (7.50 percent). Based on those assumptions, the plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefits to determine the total pension liability.

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate - Net pension liability is sensitive to changes in the discount rate, and to illustrate the potential impact the following table presents the net pension liability calculated using the discount rate of 7.50 percent, as well as what each plan's net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.50 percent), or one percentage point higher (8.50 percent) than the current rate.

	Current					
	19	% Decrease	Di	scount Rate	19	6 Increase
		(6.50%)		(7.50%)		(8.50%)
District's proportionate share		_				
of the net pension liability	\$	3,342,498	\$	2,524,664	\$	1,840,103

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2017

NOTE 10 - PENSION PLANS - (Continued)

Actuarial Assumptions - STRS Ohio

The total pension liability in the June 30, 2016, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.75 percent
Projected salary increases	2.75 percent at age 70 to 12.25 percent at age 20
Investment rate of return	7.75 percent, net of investment expenses
Cost-of-living adjustments	2 percent simple applied as follows: for members retiring before
(COLA)	August 1, 2013, 2 percent per year; for members retiring August 1, 2013,
	or later, 2 percent COLA paid on fifth anniversary of retirement date.

Mortality rates were based on the RP-2000 Combined Mortality Table (Projection 2022—Scale AA) for Males and Females. Males' ages are set-back two years through age 89 and no set-back for age 90 and above. Females younger than age 80 are set back four years, one year set back from age 80 through 89 and no set back from age 90 and above.

Actuarial assumptions used in the June 30, 2016, valuation are based on the results of an actuarial experience study, effective July 1, 2012.

STRS Ohio's investment consultant develops an estimate range for the investment return assumption based on the target allocation adopted by the Retirement Board. The target allocation and long-term expected rate of return for each major asset class are summarized as follows:

Asset Class Allocation Real Rate of Return * Domestic Equity 31.00 % 8.00 % International Equity 26.00 7.85 Alternatives 14.00 8.00 Fixed Income 18.00 3.75 Real Estate 10.00 6.75 Liquidity Reserves 1.00 3.00		Target	Long Term Expected			
International Equity 26.00 7.85 Alternatives 14.00 8.00 Fixed Income 18.00 3.75 Real Estate 10.00 6.75 Liquidity Reserves 1.00 3.00	Asset Class	Allocation	Real Rate of Return *			
International Equity 26.00 7.85 Alternatives 14.00 8.00 Fixed Income 18.00 3.75 Real Estate 10.00 6.75 Liquidity Reserves 1.00 3.00						
Alternatives 14.00 8.00 Fixed Income 18.00 3.75 Real Estate 10.00 6.75 Liquidity Reserves 1.00 3.00	Domestic Equity	31.00 %	8.00 %			
Fixed Income 18.00 3.75 Real Estate 10.00 6.75 Liquidity Reserves 1.00 3.00	International Equity	26.00	7.85			
Real Estate 10.00 6.75 Liquidity Reserves 1.00 3.00	Alternatives	14.00	8.00			
Liquidity Reserves 1.00 3.00	Fixed Income	18.00	3.75			
	Real Estate	10.00	6.75			
Total 100.00 % 7.61 %	Liquidity Reserves	1.00	3.00			
Total 100.00 % 7.61 %						
	Total	100.00 %	7.61 %			

^{*10-}Year geometric nominal returns, which include the real rate of return and inflation of 2.50% and does not include investment expenses. The total fund long-term expected return reflects diversification among the asset classes and therefore is not a weighted average return of the individual asset classes.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2017

NOTE 10 - PENSION PLANS - (Continued)

Discount Rate - The discount rate used to measure the total pension liability was 7.75 percent as of June 30, 2016. The projection of cash flows used to determine the discount rate assumes member and employer contributions will be made at the statutory contribution rates in accordance with rate increases described above. For this purpose, only employer contributions that are intended to fund benefits of current plan members and their beneficiaries are included. Projected employer contributions that are intended to fund the service costs of future plan members and their beneficiaries, as well as projected contributions from future plan members, are not included. Based on those assumptions, STRS' fiduciary net position was projected to be available to make all projected future benefit payments to current plan members as of June 30, 2016. Therefore, the long-term expected rate of return on pension plan investments of 7.75 percent was applied to all periods of projected benefit payment to determine the total pension liability as of June 30, 2016.

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate - The following table presents the District's proportionate share of the net pension liability calculated using the current period discount rate assumption of 7.75 percent, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one-percentage-point lower (6.75 percent) or one-percentage-point higher (8.75 percent) than the current rate:

	Current					
	1% Decrease	Discount Rate	1% Increase			
	(6.75%)	(7.75%)	(8.75%)			
District's proportionate share						
of the net pension liability	\$ 14,034,952	\$ 10,561,181	\$ 7,630,851			

Changes Between Measurement Date and Report Date - In March 2017, the STRS Board adopted certain assumption changes which impacted their annual actuarial valuation prepared as of July 1, 2016. The most significant changes are a reduction in the expected investment return to 7.45% from 7.75% and a change to updated generational mortality tables. Although the exact amount of these changes is not known, the impact to the District's net pension liability is expected to be significant.

NOTE 11 - POSTEMPLOYMENT BENEFITS

A. School Employees Retirement System

Health Care Plan Description - The District contributes to the SERS Health Care Fund, administered by SERS for non-certificated retirees and their beneficiaries. For GASB 45 purposes, this plan is considered a cost-sharing, multiple-employer, defined benefit other postemployment benefit (OPEB) plan. The Health Care Plan includes hospitalization and physicians' fees through several types of plans including HMO's, PPO's, Medicare Advantage, and traditional indemnity plans as well as a prescription drug program. The financial report of the Plan is included in the SERS Comprehensive Annual Financial Report which can be obtained on SERS' website at at www.ohsers.org under Employers/Audit Resources.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2017

NOTE 11 - POSTEMPLOYMENT BENEFITS - (Continued)

Access to health care for retirees and beneficiaries is permitted in accordance with Section 3309 of the Ohio Revised Code. The Health Care Fund was established and is administered in accordance with Internal Revenue Code Section 105(e). SERS' Retirement Board reserves the right to change or discontinue any health plan or program. Health care is financed through a combination of employer contributions and retiree premiums, copays and deductibles on covered health care expenses, investment returns, and any funds received as a result of SERS' participation in Medicare programs. Active employee members do not contribute to the Health Care Plan. Retirees and their beneficiaries are required to pay a health care premium that varies depending on the plan selected, the number of qualified years of service, Medicare eligibility and retirement status.

Funding Policy - State statute permits SERS to fund the health care benefits through employer contributions. Each year, after the allocation for statutorily required basic benefits, the Retirement Board allocates the remainder of the employer contribution of 14 percent of covered payroll to the Health Care Fund. For fiscal year 2017, no portion of covered payroll was allocated to health care. In addition, employers pay a surcharge for employees earning less than an actuarially determined minimum compensation amount, pro-rated according to service credit earned. For fiscal year 2017, this amount was \$23,500. Statutes provide that no employer shall pay a health care surcharge greater than 2 percent of that employer's SERS-covered payroll; nor may SERS collect in aggregate more than 1.5 percent of the total statewide SERS-covered payroll for the health care surcharge.

The District's contributions for health care for the fiscal years ended June 30, 2017, 2016, and 2015 were \$17,702, \$18,652, and \$25,265, respectively. 100 percent has been contributed for fiscal years 2017, 2016 and 2015.

B. State Teachers Retirement System of Ohio

Plan Description - The District contributes to the cost sharing, multiple employer defined benefit Health Plan (the "Plan") administered by the State Teachers Retirement System of Ohio (STRS Ohio) for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS Ohio. Benefits include hospitalization, physicians' fees, prescription drugs and reimbursement of monthly Medicare Part B premiums. The Plan is included in the report of STRS Ohio which may be obtained by visiting www.strsoh.org, under "Publications" or by calling (888) 227-7877.

Funding Policy - Ohio law authorizes STRS Ohio to offer the Plan and gives the Retirement Board authority over how much, if any, of the health care costs will be absorbed by STRS Ohio. Active employee members do not contribute to the Plan. All benefit recipients pay a monthly premium. Under Ohio law, funding for post-employment health care may be deducted from employer contributions. For 2017, STRS Ohio did not allocate any employer contributions to the Health Care Stabilization Fund. The District did not make any contributions for health care for the fiscal years ended June 30, 2017, 2016 and 2015.

NOTE 12 - BUDGETARY BASIS OF ACCOUNTING

While the District is reporting financial position, results of operations, and changes in fund balance on the cash basis, the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The statement of cash receipts, disbursements and change in fund balance - budget and actual - budgetary basis presented for the general fund is presented on the budgetary basis to provide a meaningful comparison of actual results with the budget. The major differences between the budgetary basis and the cash basis are that:

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2017

NOTE 12 - BUDGETARY BASIS OF ACCOUNTING - (Continued)

- (a) In order to determine compliance with Ohio law, and to reserve that portion of the applicable appropriation, total outstanding encumbrances (budget basis) are recorded as the equivalent of a disbursement, as opposed to assigned or committed fund balance (cash basis); and,
- (b) Some funds are included in the general fund (cash basis), but have separate legally adopted budgets (budget basis).

The adjustments necessary to reconcile the budget basis statement to the cash basis statement are as follows:

Net Change in Fund Cash Balance

	Ge	neral fund
Budget basis	\$	274,119
Funds budgeted elsewhere		(380)
Adjustment for encumbrances		247,407
Cash basis	\$	521,146

Certain funds that are legally budgeted in separate special revenue funds are considered part of the general fund on a cash basis. This includes the public school support fund.

NOTE 13 - CONTINGENCIES

A. Grants

The District received financial assistance from federal and State agencies in the form of grants. The expenditure of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become an obligation of the general fund or other applicable funds. However, the effect of any such disallowed claims on the overall financial position of the District at June 30, 2017, if applicable, cannot be determined at this time.

B. Litigation

The District is involved in no material litigation as either plaintiff or defendant.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2017

NOTE 14 - SET-ASIDES

The District is required by State law to annually set-aside certain general fund revenue amounts, as defined by statutory formula, for the acquisition and construction of capital improvements. Amounts not spent by the end of the fiscal year or offset by similarly restricted resources received during the year must be held in cash at fiscal year-end. This amount must be carried forward to be used for the same purpose in future years. Expenditures exceeding the set-aside requirement may not be carried forward to the next fiscal year.

The following cash-basis information describes the change in the fiscal year-end set-aside amount for capital improvements. Disclosure of this information is required by State statute.

	Capital Improvemen		
Set-aside balance June 30, 2016	\$	-	
Current year set-aside requirement		137,879	
Current year qualifying expenditures		(246,392)	
Current year offsets		(62,590)	
Prior year offset from bond proceeds		<u>-</u>	
Total	\$	(171,103)	
Balance carried forward to fiscal year 2018	\$		
Set-aside balance June 30, 2017	\$	_	

During fiscal year 2007, the District issued \$8,701,615 in capital related school improvement bonds. These proceeds may be used to reduce the capital improvements set-aside amount to below zero for future years. The amount presented for prior year offset from bond proceeds is limited to an amount needed to reduce the capital improvements set-aside balance to \$0. The District is responsible for tracking the amount of bond proceeds that may be used as an offset in future periods, which was \$8,352,111 at June 30, 2017.

NOTE 15 - OPERATING LEASE - LESSOR DISCLOSURE

On October 20, 2011, the District and Chesapeake Exploration, L.L.C. (the "Lessee") entered into an agreement in which the District leases land to the Lessee and grants exclusive rights for the excavation of oil and gas therein. The primary term of the lease is five years, effective October 20, 2011. At the Lessee's sole discretion, on or before the expiration date of the primary term, the Lessee may extend the duration of the lease for one additional five-year term. The Lessee is to pay the District a single rental payment of \$5.00 per net acre. In addition, the agreement stipulates that the Lessee pay the District a yearly royalty fee equal to one-eighth of the net revenue realized by the Lessee for all oil and gas produced and marketed from the land. The lease was not renewed and expired on October 20, 2016. The District did not receive any payments from the Lessee during fiscal year 2017.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2017

NOTE 16 - OTHER COMMITMENTS

The District utilizes encumbrance accounting as part of its budgetary controls. Encumbrances outstanding at year end may be reported as part of restricted, committed, or assigned classifications of fund balance. At year end, the District's commitments for encumbrances in the governmental funds were as follows:

	Year-End Encumbrances	
<u>Fund</u>		
General fund	\$	247,503
Classroom facilities		6,437
Nonmajor governmental		253,848
Total	\$	507,788

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

Osnaburg Local School District Stark County 310 Browning Ct. East Canton, Ohio 44730

To the Board of Education:

We have audited in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the cash-basis financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Osnaburg Local School District, Stark County, (the District) as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the District's basic financial statements and have issued our report thereon dated December 6, 2017, wherein we noted the District uses a special purpose framework other than generally accepted accounting principles.

Internal Control Over Financial Reporting

As part of our financial statement audit, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures appropriate in the circumstances to the extent necessary to support our opinions on the financial statements, but not to the extent necessary to opine on the effectiveness of the District's internal control. Accordingly, we have not opined on it.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A material weakness is a deficiency, or combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the District's financial statements. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all internal control deficiencies that might be material weaknesses or significant deficiencies. Given these limitations, we did not identify any deficiencies in internal control that we consider material weaknesses. However, unidentified material weaknesses may exist.

Independent Auditor's Report Internal Control Over
Financial Reporting and On Compliance and Other Matters
Required By Government Auditing Standards
Page 2

Compliance and Other Matters

As part of reasonably assuring whether the District's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed an instance of noncompliance or other matters we must report under *Government Auditing Standards* which is described in the accompanying schedule of findings as item 2017-001.

District's Response to Findings

The District's response to the finding identified in our audit is described in the accompanying schedule of findings. We did not audit the District's response and, accordingly, we express no opinion on it.

Purpose of this Report

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this report is not suitable for any other purpose.

Dave Yost Auditor of State Columbus, Ohio

December 6, 2017

SCHEDULE OF FINDINGS JUNE 30, 2017

FINDINGS RELATED TO THE FINANCIAL STATEMENTS REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS

Financial Statement Presentation

Finding Number	2017-001

NONCOMPLIANCE

Ohio Rev. Code Section 117.38 provides that each public office shall file a financial report for each fiscal year. The auditor of state may prescribe forms by rule or may issue guidelines, or both, for such reports. If the auditor of state has not prescribed a rule regarding the form for the report, the public office shall submit its report to the form utilized by the public office.

Ohio Administrative Code Section 117-2-03 further clarifies the requirements of Ohio Rev. Code 117.38. Furthermore, the public offices shall give public notice that the financial report is available for public inspection. Ohio Admin. Code Section 117-2-03(B) requires the School District to prepare its annual financial report in accordance with generally accepted accounting principles. Pursuant to Ohio Rev. Code Section 117.38, the School District may be fined and subject to various other administrative remedies for its failure to file the required financial report.

The District did not report the financial activity of the District in accordance with generally accepted accounting principles (GAAP) for fiscal year ending June 30, 2017. The accompanying financial statements and notes omit assets, liabilities, deferred inflows/outflows, fund equities, and disclosures that, while material, cannot be determined at this time.

The Board of Education should review the standards and ensure preparation of its financial statements in accordance with AICPA's Audit and Accounting Guide Audits of State and Local Governments. The Board of Education should ensure the financial statements are prepared in accordance with the Ohio Administrative Code and the Ohio Revised Code. Implementation of these procedures may help ensure accurate and timely financial statements are available to the District's community.

Official's Response:

The Osnaburg Local Board of Education has reviewed the standards for financial reporting and has again deemed the generally accepted accounting principles to be too costly. Therefore we will continue reporting on a cash-basis of accounting. The District's financial statements will be prepared in a format that substantially conforms to the reporting model prescribed by Governmental Accounting Standards Board Statement No. 34 or "GAAP look-a-like" financial statements. We understand there will be \$750 fines for this non-compliance, but still feel the estimated \$8,000-\$10,000 annual savings is justified.
