## INDEPENDENT AUDITOR'S REPORT

Putnam County  
245 East Main Street  
Ottawa, Ohio 45875-1968

To the Board of County Commissioners:

### ***Report on the Financial Statements***

We have audited the accompanying cash-basis financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Putnam County, Ohio (the County), as of and for the year ended December 31, 2016, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for preparing and fairly presenting these financial statements in accordance with the cash accounting basis Note 2 describes. This responsibility includes determining that the cash accounting basis is acceptable for the circumstances. Management is also responsible for designing, implementing and maintaining internal control relevant to preparing and fairly presenting financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to opine on these financial statements based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the County's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the County's internal control. Accordingly, we express no opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinions.

**Summary of Opinions**

| Opinion Unit                         | Type of Opinion |
|--------------------------------------|-----------------|
| Governmental Activities              | Unmodified      |
| Business-Type Activities             | Unmodified      |
| Discretely Presented Component Unit  | Qualified       |
| General Fund                         | Unmodified      |
| Auto License and Gas Tax Fund        | Unmodified      |
| Brookhill Center School              | Unmodified      |
| Landfill Trust Fund                  | Unmodified      |
| Putnam County EMS Fund               | Unmodified      |
| Aggregate Remaining Fund Information | Unmodified      |

**Basis for Qualified Opinion on the Discretely Presented Component Unit**

Brookhill Center Industries, Inc. prepared financial statements that were presented in accordance with accounting principles generally accepted in the United States of America and were audited by other auditors. The discretely presented component unit's financial statements were omitted from the County's basic financial statements due to the fact that they were not presented on the same accounting basis as the County. Brookhill Center Industries, Inc. financial activities, excluded from the County's basic financial statements as a discretely presented component unit, represents 100 percent of the assets net position, receipts and disbursements of the County's discretely presented component unit. We could not determine the amounts of assets, net position, receipts and disbursements the accompanying statements should present for the omitted discretely-presented component unit.

**Qualified Opinion**

In our opinion, except for the effects of the matter described in the *Basis for Qualified Opinion on the Discretely Presented Component Unit* paragraph, the financial statements referred to above present fairly, in all material respects, the respective cash financial position of Putnam County, Ohio (the County), as of and for the year ended December 31, 2016, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

***Unmodified Opinions***

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective cash financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Putnam County, Ohio, as of December 31, 2016, and the respective changes in cash financial position and the respective budgetary comparison for the General and Auto License and Gas Tax, and the Brookhill Center School funds, thereof for the year then ended in accordance with the accounting basis described in Note 2

***Accounting Basis***

Ohio Administrative Code § 117-2-03(B) requires the County to prepare its annual financial report in accordance with accounting principles generally accepted in the United States of America. We draw attention to Note 2 of the financial statements, which describes the basis applied to these statements. The financial statements are prepared on the cash basis of accounting, which is a basis other than generally accepted accounting principles. We did not modify our opinion regarding this matter.

***Other Matters***

*Supplemental Information*

Our audit was conducted to opine on the financial statements taken as a whole.

The Schedule of Expenditures of Federal Awards presents additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards and is not a required part of the financial statements.

The schedule is management's responsibility, and derives from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. We subjected this schedule to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling this schedule directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and in accordance with auditing standards generally accepted in the United States of America. In our opinion, this schedule is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

*Other Information*

We applied no procedures to Management's Discussion and Analysis and the letter of transmittal, as listed in the table of contents. Accordingly, we express no opinion or any other assurance on them.

***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated September 21, 2017, on our consideration of the County's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

**PUTNAM COUNTY**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS**  
**FOR THE YEAR ENDED DECEMBER 31, 2016**  
**UNAUDITED**

The discussion and analysis of Putnam County's (the County) financial performance provides an overall review of the County's financial activities for the year ended December 31, 2016, within the limitations of the County's cash basis of accounting. Readers should also review the basic financial statements and notes to enhance their understanding of the County's financial performance

**Financial Highlights**

Key financial highlights for 2016 are as follows:

*Overall:*

- Total net position increased \$1,879,519 with Governmental Activities increasing by \$1,666,691 and Business-Type Activities increasing by \$212,828.
- Total cash receipts were \$29,136,130 in 2016.
- Total program cash disbursements were \$27,256,611 in 2016.

*Governmental Activities:*

- Total program cash receipts were \$13,063,827 in 2016, while program cash disbursements were \$25,111,361.
- Program cash disbursements were primarily composed of General Government, Public Safety, Public Works and Health related cash disbursements which were \$18,633,952 in 2016.

*Business-Type Activities:*

- Total program cash receipts were \$1,729,610 for Business Activities, while corresponding cash disbursements were \$2,145,250. General receipts are the primary reason for the increase in Net Position in the Business-type activities.

**Using this Basic Financial Report**

This annual report is presented in a format consistent with the presentation requirements of Governmental Accounting Standards Board (GASB) Statement No. 34, as applicable to the County's cash basis of accounting.

**Report Components**

The statement of net position and statement of activities provide information about the cash activities of the County as a whole.

Fund financial statements provide a greater level of detail. Funds are created and maintained on the financial records of the County as a way to segregate money whose use is restricted to a particular specified purpose. These statements present financial information by fund, presenting funds with the largest balances or most activity in separate columns.

The notes to the financial statements are an integral part of the government-wide and fund financial statements and provide expanded explanation and detail regarding the information reported in the statements.

**Basis of Accounting**

The basis of accounting is a set of guidelines that determine when financial events are recorded. The County has elected to present its financial statements on a cash basis of accounting. This basis of accounting is a basis of accounting other than generally accepted accounting principles. Under the County's cash basis of accounting, receipts and disbursements are recorded when cash is received or paid.

As a result of using the cash basis of accounting, certain assets and their related revenues (such as accounts receivable) and certain liabilities and their related expenses (such as accounts payable) are not recorded in the financial statements. Therefore, when reviewing the financial information and discussion within this report, the reader must keep in mind the limitations resulting from the use of the cash basis of accounting.

**Reporting the County as a Whole**

The statement of net position and the statement of activities reflect how the County did financially during 2016, within the limitations of cash basis accounting. The statement of net position presents the cash balances and investments of the governmental and business-type activities of the County at year end. The statement of activities compares cash disbursements with program receipts for each governmental program and business-type activity. Program receipts include charges paid by the recipient of the program's goods or services and grants and contributions restricted to meeting the operational or capital requirements of a particular program. General receipts are all receipts not classified as program receipts. The comparison of cash disbursements with program receipts identifies how each governmental function or business-type activity draws from the County's general receipts.

These statements report the County's cash position and the changes in cash position. Keeping in mind the limitations of the cash basis of accounting, you can think of these changes as one way to measure the County's financial health. Over time, increases or decreases in the County's cash position is one indicator of whether the County's financial health is improving or deteriorating. When evaluating the County's financial condition, you should also consider other nonfinancial factors as well such as the County's property tax base, the condition of the County's capital assets and infrastructure, the extent of the County's debt obligations, the reliance on non-local financial resources for operations and the need for continued growth in the major local revenue sources such as property and sales taxes.

In the statement of net position and the statement of activities, we divide the County into two types of activities:

**Governmental activities:** Most of the County's basic services are reported here, including public safety, public works, health, and human services. State and federal grants and sales and property taxes finance most of these activities. Benefits provided through governmental activities are not necessarily paid for by the people receiving them.

**Business-type activity:** The County has one major business-type activity, the Putnam County Emergency Medical Services Fund. Business-type activities are financed by a fee charged to the customers receiving the service.

**Reporting the County's Most Significant Funds**

**Fund Financial Statements**

Fund financial statements provide detailed information about the County's major funds – not the County as a whole. The County establishes separate funds to better manage its many activities and to help

demonstrate that money that is restricted as to how it may be used is being spent for the intended purpose. The funds of the County are split into three categories: governmental, proprietary and fiduciary.

**Governmental Funds** – Most of the County's activities are reported in governmental funds. The governmental fund financial statements provide a detailed view of the County's governmental operations and the basic services it provides. Governmental fund information helps determine whether there are more or less financial resources that can be spent to finance the County's programs. The County's significant governmental funds are presented on the financial statements in separate columns. The information for nonmajor funds (funds whose activity or balances are not large enough to warrant separate reporting) is combined and presented in total in a single column. The County's major governmental funds are the General Fund, Auto License and Gas Tax Fund, Brookhill Center School Fund, and the Landfill Trust. The programs reported in governmental funds are closely related to those reported in the governmental activities section of the entity-wide statements.

**Proprietary Funds** – When the County charges customers for the services it provides, these services are generally reported in proprietary funds. When the services are provided to the general public, the activity is reported as an enterprise fund. The County has one major enterprise fund, the Putnam County Emergency Medical Services Fund.

**Fiduciary Funds** – Fiduciary funds are used to account for resources held for the benefit of parties outside the County. Fiduciary funds are not reflected on the government-wide financial statements because the resources of these funds are not available to support the County's programs.

The unique nature of property taxes in Ohio creates the need to routinely seek voter approval for operating funds. The overall monies generated by a voted levy do not increase solely as a result of inflation. Thus, County's dependence upon property taxes is hampered by a lack of tax growth and must return to the voters to maintain a constant level of service. Property taxes and sales taxes made up 23 percent and 16 percent, respectively, of cash receipts for governmental activities for Putnam County in 2016. Operating grants and contributions made up 33 percent of cash receipts for governmental activities for the County.

**Governmental Activities**

If you look at the Statement of Activities, you will see that the first column lists the major services provided by the County. The next column identifies the costs of providing these services. The major program disbursements for governmental activities are for public safety, public works and health, which account for 20, 16, and 18 percent of all governmental disbursements, respectively. The next three columns of the Statement entitled Program Receipts identify amounts paid by people who are directly charged for the service and grants received by the County that must be used to provide a specific service. The net Receipt (Disbursement) column compares the program receipts to the cost of the service. This "net cost" amount represents the cost of the service which ends up being paid from money provided by local taxpayers. These net costs are paid from the general receipts which are presented at the bottom of the Statement. A comparison between the total cost of services and the net cost is presented in Table 3.

**Business-Type Activities**

Business-type activities include providing emergency medical services to the residents of Putnam County, and activity for the closed landfill. Overall Net Position increased \$212,828 from 2015 to 2016. Program receipts did not support business-type activities. During 2016 program disbursements exceeded program receipts by \$415,640.

**The County's Funds**

Total governmental funds had receipts and other financing sources of \$27,935,057 and disbursements and other financing uses of \$26,268,366. The net change in fund balance for the year increased the most in the Brookhill Center School Fund where the cash balance went from \$1,707,509 in 2015 to \$2,578,972 for 2016, as a result of more revenues than expenditures.

**General Fund Budgeting Highlights**

The County's budget is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The most significant budgeted fund is the General Fund. For the General Fund, final budget basis receipts and other financing sources were \$10,344,539. Total actual disbursements and other financing uses on the budget basis (cash outlays plus encumbrances) were \$10,823,985, \$236,562 more than actual cash receipts and other financing sources, and \$820,405 less than the final budget estimates.

**Capital Assets and Debt Administration**

**Capital Assets**

The County does not record capital assets in the accompanying basic financial statements, but records payments for capital assets as disbursements. The County had capital outlay disbursements of \$1,113,076 during 2016.

**Debt**

At December 31, 2016, the County's outstanding debt included \$485,394 in loans payable from governmental activities. For further information regarding the County's debt, refer to Note 13 to the financial statements.

**Current Financial Related Activities**

As the preceding information shows, the County heavily depends on its property taxpayers as well as intergovernmental monies. Since the property tax receipts do not grow at the same level as inflation, and intergovernmental monies are decreasing, the County will be faced with significant challenges over the next several years to contain costs and ultimately determine what options are available to the County to increase financial resources.

All of the County's financial abilities will be needed to meet the challenges of the future.

**Contacting the County's Financial Management**

This financial report is designed to provide our citizen's, taxpayers, and investors and creditors with a general overview of the County's finances and to reflect the County's accountability for the monies it receives. If you have questions about this report or need additional financial information contact Robert Benroth, County Auditor at Putnam County, P.O. ## PUTNAM COUNTY

### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2016

#### Note 1 – Reporting Entity

Putnam County, Ohio (the County), is a body politic and corporate established in 1820 to exercise the rights and privileges conveyed to it by the constitution and laws of the State of Ohio. The County is governed by a board of three commissioners elected by the voters of the County. Other officials elected by the voters of the County that manage various segments of the County's operations are the Auditor, Treasurer, Recorder, Clerk of Courts, Coroner, Engineer, Prosecuting Attorney, Sheriff, a Common Pleas Court Judge, a Probate/Juvenile Court Judge, and a Municipal Court Judge

Although the elected officials manage the internal operations of their respective departments, the County Commissioners authorize cash disbursements as well as serve as the budget and taxing authority, contracting body, and the chief administrators of public services for the entire County.

The reporting entity is composed of the primary government, component units, and other organizations that are included to ensure the financial statements of the County are not misleading.

#### A. Primary Government

The primary government consists of all funds, departments, boards, and agencies that are not legally separate from the County. For Putnam County, this includes the Putnam County Board of Developmental Disabilities (DD), Putnam County Alcohol, Drug Addiction and Mental Health Services (ADAMHS), Putnam County Home, Children Services Board, and departments and activities that are directly operated by the elected County officials.

#### B. Component Units

Component units are legally separate organizations for which the County is financially accountable. The County is financially accountable for an organization if the County appoints a voting majority of the organization's governing board and (1) the County is able to significantly influence the programs or services performed or provided by the organization; or (2) the County is legally entitled to or can otherwise access the organization's resources; the County is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the County is obligated for the debt of the organization. The County is also financially accountable for any organizations that are fiscally dependent on the County in that the County approves their budget, the issuance of their debt, or the levying of their taxes. Component units also include legally separate, tax-exempt entities whose resources are for the direct benefit of the County, are accessible to the County and are significant in amount to the County.

#### Component Unit

Based on the foregoing criteria, the Brookhill Center Industries, Inc. (the Workshop) is a component unit of the County. The County's financial statements omit the Brookhill Center Industries, Inc., as a component unit.

#### Potential Component Units Reported as Agency Funds

As custodian of public funds, the County Treasurer invests all public monies held on deposit in the County treasury. In the case of the separate organizations listed below, the County serves as fiscal agent, but the organizations are not considered part of Putnam County. Accordingly, the activity of the following organizations is reported as agency funds within the financial statements:

Putnam County Soil and Water Conservation District  
Putnam County Health Department  
Local Emergency Planning Commission

FOR THE YEAR ENDED DECEMBER 31, 2016  
(Continued)**

C. Jointly Governed Organizations and Public Entity Risk Pools

The County participates in several jointly governed organizations and public entity risk pools. These organizations are presented in Notes 20 and 21 to the basic financial statements. These organizations are:

- Multi-Area Narcotics (MAN)
- Blanchard River Stream Enhancement Project
- Ottawa River Stream Enhancement Project
- Juvenile Residential Center of Northwest Ohio
- County Risk Sharing Authority, Inc. (CORSA)
- County Commissioners Association of Ohio Service Corporation (CCAOSC)
- County Employee Benefit Consortium of Ohio, Inc (CEBCO)

The County's management believes these financial statements present all activities for which the County is financially accountable.

**Note 2 – Summary of Significant Accounting Policies**

As discussed further in Note 2C, these financial statements are presented on a cash basis of accounting. This cash basis of accounting differs from accounting principles generally accepted in the United States of America (GAAP). Generally accepted accounting principles include all relevant Governmental Accounting Standards Board (GASB) pronouncements, which have been applied to the extent they are applicable to the cash basis of accounting. The following are the more significant of the County's accounting policies.

A. Basis of Presentation

The County's basic financial statements consist of government-wide financial statements, including a statement of net position and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

1. Government-Wide Financial Statements

The statement of net position and the statement of activities display information about the County as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The statements distinguish between those activities of the County that are governmental in nature and those that are considered business-type activities. Governmental activities generally are financed through taxes, intergovernmental receipts or other nonexchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services.

The statement of net position presents the cash balance, of the governmental and business-type activities of the County at year end. The statement of activities compares disbursements and program receipts for each program or function of the County's governmental activities and business-type activities. Disbursements are reported by function. A function is a group of related activities designed to accomplish a major service or regulatory program for which the County is responsible. Program receipts include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program, and receipts of interest earned on grants that are required to be used to support a particular program.

Receipts which are not classified as program receipts are presented as general receipts of the County, with certain limited exceptions. The comparison of direct disbursements with program

## PUTNAM COUNTY

### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2016 (Continued)

receipts identifies the extent to which each governmental program or business activity is self-financing on a cash basis or draws from the general receipts of the County.

#### 2. Fund Financial Statements

During the year, the County segregates transactions related to certain County functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the County at this more detailed level. The focus of governmental and enterprise fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. Fiduciary funds are reported by type.

Proprietary fund statements distinguish operating transactions from nonoperating transactions. Operating receipts generally result from exchange transactions such as charges for services directly relating to the funds' principal services. Operating disbursements include costs of sales and services and administrative costs. The fund statements report all other receipts and disbursements as nonoperating.

#### B. Fund Accounting

The County uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The funds of the County are presented in three categories: governmental, proprietary, and fiduciary.

##### 1. Governmental Funds

Governmental funds are those through which most governmental functions of the County are financed. The following are the County's major governmental funds:

General - The General Fund accounts for all financial resources, except those required to be accounted for in another fund. The General Fund balance is available to the County for any purpose provided it is expended or transferred according to the general laws of Ohio.

Auto License and Gas Tax - This fund accounts for State levied, shared monies derived from gasoline taxes and the sale of motor vehicle licenses. Disbursements are restricted by State law to county road and bridge repair/improvement programs.

Brookhill Center School - This fund accounts for the operation of a school for the developmentally disabled, financed by a county-wide property tax levy and federal and state grants.

Landfill Trust - This fund was used to guaranty payment of the costs associated with the closure and post-closure care of the County landfill. The landfill was closed during 2001.

The other governmental funds of the County account for grants and other resources whose use is restricted for a particular purpose.

##### 2. Proprietary Funds

The County classifies funds financed primarily from user charges for goods or services as proprietary. Proprietary funds are classified as enterprise funds.

Enterprise Funds - Enterprise funds may be used to account for any activity for which a fee is charged to external users for goods or services. The following is the County's major enterprise fund:

## PUTNAM COUNTY

### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2016 (Continued)

Putnam County Emergency Medical Services - This fund accounts for the daily operations of Putnam County Emergency Medical Services. Receipts are generated from ambulance fees and charges for medical services.

#### 3. Fiduciary Funds

Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private purpose trust funds, and agency funds. Trust funds are used to account for assets held by the County under a trust agreement for individuals, private organizations, or other governments and are not available to support the County's own programs. Agency funds are purely custodial in nature and are used to account for assets held by the County for political subdivisions for which the County acts as fiscal agent and for taxes, state-levied shared revenues, and fines and forfeitures collected and distributed to other political subdivisions.

#### C. Basis of Accounting

The County's financial statements are prepared using the cash basis of accounting. Receipts are recorded in the County's financial records and reported in the financial statements when cash is received rather than when earned and disbursements are recorded when cash is paid rather than when a liability is incurred.

As a result of the use of this cash basis of accounting, certain assets and their related revenues (such as accounts receivable and revenue for billed or provided services not yet collected) and certain liabilities and their related expenses (such as accounts payable and expenses for goods or services received but not yet paid, and accrued expenses and liabilities) are not recorded in these financial statements.

#### D. Budgetary Process

All funds, except agency funds, are legally required to be budgeted and appropriated. The major documents prepared are the tax budget, the certificate of estimated resources, and the appropriations resolution, all of which are prepared on the budgetary basis of accounting. The tax budget demonstrates a need for existing or increased tax rates. The certificate of estimated resources establishes a limit on the amount the County Commissioners may appropriate. The appropriations resolution is the County Commissioners' authorization to spend resources and sets annual limits on cash disbursements plus encumbrances at the level of control selected by the County Commissioners. The legal level of control has been established by the County Commissioners at the fund, department, and object level for all funds.

The certificate of estimated resources may be amended during the year if projected increases or decreases in receipts are identified by the County Auditor. The amounts reported as the original budgeted amounts on the budgetary statements reflect the amounts on the certificate of estimated resources when the original appropriations were adopted. The amounts reported as the final budgeted amounts on the budgetary statements reflect the amounts on the amended certificate of estimated resources in effect at the time final appropriations were passed by the County Commissioners.

The appropriations resolution is subject to amendment throughout the year with the restriction that appropriations cannot exceed estimated resources. The amounts reported as the original budgeted amounts reflect the first appropriation resolution for that fund that covered the entire year, including amounts automatically carried forward from prior years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by the County Commissioners during the year.

FOR THE YEAR ENDED DECEMBER 31, 2016  
(Continued)**

E. Cash and Investments

To improve cash management, cash received by the County is pooled and invested. Individual fund integrity is maintained through County records. Interest in the pool is presented as "Equity in Pooled Cash and Cash Equivalents".

Investments are reported as assets. Accordingly, purchases of investments are not recorded as disbursements, and sales of investments are not recorded as receipts. Gains or losses at the time of sale are recorded as receipts or negative receipts (contra revenue), respectively.

During 2016, the County invested in nonnegotiable certificates of deposit, federal agency securities and STAR Ohio. Investments are reported at cost, except for STAR Ohio.

STAR Ohio (the State Treasury Asset Reserve of Ohio) is an investment pool managed by the State Treasurer's Office, which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in STAR Ohio are valued at STAR Ohio's share price, which is the price the investment could be sold for on December 31, 2016.

Interest earnings are allocated to County funds according to State statutes, grant requirements, or debt related restrictions. Interest receipts credited to the General Fund during 2016 were \$139,729 which includes \$114,670 assigned from other County funds.

F. Restricted Assets

Assets are reported as restricted when limitations on their use change the nature or normal understanding of their use. Such constraints are either externally imposed by creditors, contributors, grantors, or laws of other governments, or are imposed by law through constitutional provisions or enabling legislation.

G. Inventory and Prepaid Items

The County reports disbursements for inventory and prepaid items when paid. These items are not reflected as assets in the accompanying financial statements.

H. Capital Assets

Acquisitions of property, plant and equipment are recorded as disbursements when paid. These items are not reflected as assets in the accompanying financial statements.

I. Interfund Receivables/Payables

The County reports advances-in and advances-out for interfund loans. These items are not reflected as assets and liabilities in the accompanying financial statements.

The County had interfund loans payables/receivables at December 31, 2016.

J. Accumulated Leave

In certain circumstances, such as upon leaving employment or retirement, employees are entitled to cash payments for unused leave. Unpaid leave is not reflected as a liability under the County's cash basis of accounting.

## PUTNAM COUNTY

### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2016 (Continued)

#### K. Employer Contributions to Cost-Sharing Pension Plans

The County recognizes the disbursement for employer contributions to cost-sharing pension plans when they are paid. As described in Notes 11 and 12, the employer contributions include portions for pension benefits and for postretirement health care benefits.

#### L. Long-Term Obligations

The County's cash basis financial statements do not report liabilities for bonds and other long-term obligations. Proceeds of debt are reported when cash is received and principal and interest payments are reported when paid. Since recording a capital asset when entering into a capital lease is not the result of a cash transaction, neither another financing source nor a capital outlay expenditure are reported at inception. Lease payments are reported when paid.

#### M. Net Position

Net position is reported as restricted when there are limitations imposed on their use either through enabling legislation or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. Net position restricted for other purposes primarily include activities involving the upkeep of the County's roads and bridges, various mental health services, child support and welfare services, services for the handicapped and developmentally disabled, and activities of the County's courts. The County's policy is to first apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted resources are available.

#### N. Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the County is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

***Nonspendable*** The nonspendable fund balance category includes amounts that cannot be spent because they are not in spendable form, or are legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash. It also includes the long-term amount of interfund loans.

***Restricted*** Fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or is imposed by law through constitutional provisions.

Enabling legislation authorizes the County to assess, levy, charge, or otherwise mandate payment of resources (from external resource providers) and includes a legally enforceable requirement that those resources be used only for the specific purposes stipulated in the legislation. Legal enforceability means that the County can be compelled by an external party—such as citizens, public interest groups, or the judiciary to use resources created by enabling legislation only for the purposes specified by the legislation.

***Committed*** The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by formal action (ordinance or resolution) of the County Commissioners. Those committed amounts cannot be used for any other purpose unless the County Commissioners removes or changes the specified use by taking the same type of action (ordinance or resolution) it employed to previously commit those amounts. In contrast to fund balance that is restricted by enabling legislation, the committed fund balance classification may be redeployed for other purposes with appropriate due process. Constraints imposed on the use of committed amounts are imposed by the County Commissioners, separate from the

(Continued)

authorization to raise the underlying revenue; therefore, compliance with these constraints is not considered to be legally enforceable. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

**Assigned** Amounts in the assigned fund balance classification are intended to be used by the County for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds other than the general fund, assigned fund balance represents the remaining amount that is not restricted or committed. In the general fund, assigned amounts represent intended uses established by the County Commissioners or a County official delegated that authority by ordinance, or by State Statute.

**Unassigned** Unassigned fund balance is the residual classification for the general fund and includes amounts not contained in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance.

The County applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

O. Interfund Transactions

Transfers between governmental and business-type activities on the government-wide financial statements are reported in the same manner as general receipts.

Exchange transactions between funds are reported as receipts in the seller funds and as disbursements in the purchaser funds. Subsidies from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after nonoperating receipts/cash disbursements in proprietary funds.

Repayments from funds responsible for particular cash disbursements to the funds that initially paid for them are not presented in the financial statements.

**Note 3 – Accountability and Compliance**

A. Change in Accounting Principals

For 2016, the County has implemented GASB Statement No. 72, "Fair Value Measurement and Application", GASB Statement No. 73 "Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68", and GASB Statement No. 79, "Certain External Investment Pools and Pool Participants".

GASB Statement No. 72 addresses accounting and financial reporting issues related to fair value measurement. This statement also provides guidance for applying fair value to certain investments and disclosures related to all fair value measurements. The implementation of GASB Statement No. 72 did not have an effect on the beginning fund balance/net position of the County. However, the guidance from GASB Statement No. 72 was incorporated into the disclosures.

GASB Statement No. 73 improves the usefulness of information about pensions included in the general purposes external financial reports of state and local governments for making decisions and assessing accountability. The implementation of GASB Statement No. 73 did not have an effect on the financial statements of the County.

**PUTNAM COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2016  
(Continued)**

GASB Statement No. 79 establishes accounting and financial reporting standards for qualifying external investment pools that elect to measure for financial reporting purposes all of their investments at amortized cost. This Statement provides accounting and financial reporting guidance also establishes additional note disclosure requirements for governments that participate in those pools. The implementation of GASB 79 did not have an effect on the financial statements of the County.

**B. Compliance**

Ohio Administrative Code, Section 117-2-03 (B), requires the County to prepare its annual financial report in accordance with generally accepted accounting principles. However, the County prepared its financial statements on a cash basis, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. The accompanying financial statements omit assets, liabilities, net position/fund balances, and disclosures that, while material, cannot be determined at this time. In addition, a component unit, Brookhill Center Industries, Inc. was excluded from this presentation. The County can be fined and various other administrative remedies may be taken against the County.

**Note 4 – Budgetary Basis of Accounting**

The budgetary basis as provided by law is based upon accounting for certain transactions on the basis of cash receipts, disbursements, and encumbrances. The Statement of Receipts, Disbursements and Changes in Fund Balance – Budget and Actual – Budgetary Basis presented for the general fund and each major special revenue fund is prepared on the budgetary basis to provide a meaningful comparison of actual results with the budget. The difference between the budgetary basis and the cash basis is (are) outstanding year end encumbrances are treated as expenditures (budgetary basis) rather than as a reservation of fund balance (cash basis). The encumbrances outstanding at year end (budgetary basis) amounted to \$393,754 in the General Fund and \$31,587 in the Auto License and Gas Tax Fund.

In addition, as part of Governmental Accounting Standards Board Statement No. 54, “Fund Balance Reporting”, certain funds that are legally budgeted in separate special revenue funds (unclaimed monies, clerk of court title administration, and recorder equipment fee funds) are considered part of the General fund on the cash basis.

The following table summarizes the adjustments necessary to reconcile the cash basis statement to the budgetary basis statement for the General Fund, Auto License and Gas Tax Fund, and Brookhill Center School Fund

**Note 6 – Deposits and Investments**

Monies held by the County are classified by State statute into two categories. Active monies are public monies determined to be necessary to meet current demands upon the County treasury. Active monies must be maintained either as cash in the County treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Monies held by the County which are not considered active are classified as inactive. Beginning June 15, 2004, inactive monies could be deposited or invested with certain limitations in the following securities provided the County has filed a written investment policy with the Ohio Auditor of State:

1. United States Treasury bills, bonds, notes, or any other obligation or security issued by the United States Treasury, or any other obligation guaranteed as to principal and interest by the United States, or any book entry, zero coupon United States treasury security that is a direct obligation of the United States;
2. Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality;
3. Written repurchase agreements in the securities listed above;

4. Bonds and other obligations of the State of Ohio or its political subdivisions;
5. Time certificates of deposit or savings or deposit accounts including, but not limited to, passbook accounts;
6. No-load money market mutual funds;
7. The State Treasurer's investment pool (STAR Ohio);
8. Securities lending agreements in which the County lends securities and the eligible institution agrees to simultaneously exchange either securities or cash, equal value for equal value;
9. Commercial paper notes, corporate notes and bankers' acceptances; and
10. Debt interests rated at the time of purchase in the three highest categories by two nationally recognized standard rating services and issued by foreign nations diplomatically recognized by the United States government. All interest and principal shall be denominated and payable in United States funds.

Reverse repurchase agreements, investments in derivatives, and investments in stripped principal or interest obligations that are not issued or guaranteed by the United States, are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. Bankers' acceptances must mature within 180 days. Commercial paper and corporate notes must mature within 270 days. All other investments must mature within five years from the date of settlement unless matched to a specific obligation or debt of the County. Investments must be purchased with the expectation that they will be held to maturity. Investments may only be made through specified dealers and institutions.

At year end, the County had \$173,613 in undeposited cash on hand which is included as part of "Equity in Pooled Cash and Cash Equivalents".

Deposits

Custodial credit risk for deposits is the risk that in the event of bank failure, the County will not be able to recover deposits or collateral securities that are in the possession of an outside party. At year end, \$14,130,054 of the County's bank balance of \$18,880,054 was exposed to custodial credit risk because those deposits were uninsured and collateralized with securities held by the pledging financial institution's trust department or agent, but not in the County's name.

The County has no deposit policy for custodial risk beyond the requirements of State statute. Ohio law requires that deposits be either insured or be protected by eligible securities pledged to and deposited either with the County or a qualified trustee by the financial institution as security for repayment, or by a collateral pool of eligible securities deposited with a qualified trustee and pledged to secure the repayment of all public monies deposited in the financial institution whose market value at all times shall be at least one hundred five percent of the deposits being secured. All state statutory requirements for the collateralization of deposits had been followed.

Investments

As of December 31, 2016, the County had the following investments:

The weighted average maturity of investments is 1.2 years

*Interest Rate Risk:* Interest rate risk arises because potential purchasers of debt securities will not agree to pay face value for those securities if interest rates subsequently increase. As a means of limiting its exposure to fair value losses arising from rising interest rates and according to state law, the County's investment policy limits portfolio maturities to five years or less.

*Credit Risk:* The Federal National Mortgage Association Notes, Federal Farm Credit Banks Notes, Federal Home Loan Bank Notes and Federal Home Loan Mortgage Corporation Notes carry a rating of AA+ by Standards & Poor's. The County has no investment policy dealing with investment credit risk beyond the requirements in state statutes. STAR Ohio must maintain the highest rating provided by at least one nationally recognized standard rating service.

*Concentration of Credit Risk:* The County places no limit on the amount that may be invested in any one issuer. The following table includes the percentage of each investment type held by the County at December 31, 2016:

**Note 7 – Permissive Sales and Use Tax**

The County Commissioners, by resolution, imposed a 1.25 percent tax on all retail sales made in the County, except sales of motor vehicles, and on the storage, use, or consumption of tangible personal property in the County, including motor vehicles, not subject to the sales tax. The allocation of the sales tax is 90 percent to the County's General Fund and 10 percent to the Capital improvement Capital Projects Fund. Vendor collections of the tax are paid to the State Treasurer by the twenty-third day of the month following collection. The Ohio Department of Taxation certifies the amount of the tax to be returned to the Ohio Department of Budget and Management (OBM) so that OBM can issue the amount of the tax to be returned to the County. The Ohio Department of Taxation's certification must be made within forty-five days after the end of each month. The OBM then has five days in which to draw the warrant payable to the County.

**Note 8 – Property Taxes**

Property taxes include amounts levied against all real and public utility property located in the County. Real property tax receipts received in 2016 represent the collection of 2015 taxes. Real property taxes received in 2016 were levied after October 1, 2015, on the assessed values as of January 1, 2015, the lien date. Assessed values for real property taxes are established by State statute at 35 percent of appraised market value. Real property taxes are payable annually or semiannually. If paid annually, payment is due December 31; if paid semiannually, the first payment is due December 31, with the remainder payable by June 20. Under certain circumstances, State statute permits alternate payment dates to be established.

Public utility real and tangible personal property taxes collected in one calendar year are levied in the preceding calendar year on assessed values determined as of December 31 of the second year preceding the tax collection year, the lien date. Public utility tangible personal property is assessed at varying percentages of true value; public utility real property is assessed at 35 percent of true value. 2016 public utility property taxes became a lien December 31, 2015, are levied after October 1, 2016, and are collected in 2017 with real property taxes. Public utility property taxes are payable on the same dates as real property taxes described previously.

The County Treasurer collects property taxes on behalf of all taxing districts within the County. The County Auditor periodically remits to the taxing districts their portion of the taxes collected. The collection and distribution of taxes for all subdivisions within the County, excluding the County itself, is accounted for through agency funds. The amount of the County's tax collections is accounted for within the applicable funds.

The full tax rate for all County operations for the year ended December 31, 2016, was \$10.65 per \$1,000 of assessed value. The assessed values of real property, public utility property, and tangible personal property upon which 2016 property tax receipts were based are as follows:

|                               |    |                    |

**Note 9 – Interfund Receivables/Payables**

The County reports advances-in and advances-out for interfund loans. These items are not reflected as assets and liabilities in the accompanying financial statements.

Interfund balances at December 31, 2016, consisted of receivables due the General Fund in the amount of \$357,898, which is payable from Other Governmental Funds.

The balance due to the General fund includes loans made to provide working capital for operations or projects.

Flood insurance for the County Annex at 336 E. Main St., Ottawa is covered by Westfield Insurance Company. The coverage amount for the Annex Building and Contents is \$50,000.

With the exceptions of medical coverage, dental coverage for DD employees, and worker's compensation, all insurance is held with CORSA. There has been no significant reduction in insurance coverage from 2005, and settled claims have not exceeded this coverage in the past three years. The County pays all elected officials' bonds by statute.

For 2016, the County participated in the County Commissioners Association of Ohio Service Corporation, a worker's compensation group rating plan (Plan). The Plan is intended to achieve lower workers' compensation rates while establishing safer working conditions and environments for the participants. The workers' compensation experience of the participating counties is calculated as one experience and a common premium rate is applied to all counties in the Plan. Each county pays its workers' compensation premium to the State based on the rate for the Plan rather than the county's individual rate.

In order to allocate the savings derived by the formation of the Plan, and to maximize the number of participants in the Plan, the Plan's executive committee annually calculates the total savings which accrued to the Plan through its formation. This savings is then compared to the overall savings percentage of the

Plan. The Plan's executive committee then collects rate contributions from or pays rate equalization rebates to the various participants. Participation in the Plan is limited to counties that can meet the Plan's selection criteria. The firm of Comp Management, Inc. provides administrative, cost control and actuarial services to the Plan. Each year, the County pays an enrollment fee to the Plan to cover the costs of administering the program.

The County may withdraw from the Plan if written notice is provided sixty days prior to the prescribed application deadline of the Ohio Bureau of Workers' Compensation. However, the County is not relieved of the obligation to pay any amounts owed to the Plan prior to withdrawal, and any county leaving the Plan allows the representative of the Plan to access loss experience for three years following the last year of participation.

The County provides employee medical and dental coverage through County Employee Benefit Consortium of Ohio, Inc. (CEBCO). Settled claims have not exceeded this coverage in the past three years.

The Board of Developmental Disabilities (DD) participates as a member of the Putnam County School Insurance Group, a public entity risk pool, administered by Sky Trust. DD converted its fully-insured medical insurance program to partial self insurance through participation in this public entity risk pool. Medical Mutual of Ohio provides claim review and processing. DD maintains stop-loss coverage for its medical insurance program. Aggregate stop loss is maintained for expected claims.

**Note 11 - Defined Benefit Pension Plans**

***Net Pension Liability***

The net pension liability reported on the statement of net position represents a liability to employees for pensions. Pensions are a component of exchange transactions—between an employer and its employees—of salaries and benefits for employee services. Pensions are provided to an employee—on a deferred-payment basis—as part of the total compensation package offered by an employer for employee services each financial period. The obligation to sacrifice resources for pensions is a present obligation because it was created as a result of employment exchanges that already have occurred.

The net pension liability represents the County's proportionate share of each pension plan's collective actuarial present value of projected benefit payments attributable to past periods of service, net of each pension plan's fiduciary net position. The net pension liability calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting this estimate annually.

Ohio Revised Code limits the County's obligation for this liability to annually required payments. The County cannot control benefit terms or the manner in which pensions are financed; however, the County does receive the benefit of employees' services in exchange for compensation including pension.

GASB 68 assumes the liability is solely the obligation of the employer, because (1) they benefit from employee services; and (2) State statute requires all funding to come from these employers. All contributions to date have come solely from these employers (which also includes costs paid in the form of withholdings from employees). State statute requires the pension plans to amortize unfunded liabilities within 30 years. If the amortization period exceeds 30 years, each pension plan's board must propose corrective action to the State legislature. Any resulting legislative change to benefits or funding could significantly affect the net pension liability. Resulting adjustments to the net pension liability would be effective when the changes are legally enforceable.

The net pension liability is disclosed as a commitment and not reported on the face of the financial statements as a liability because of the use of the cash basis framework.

**Plan Description – Ohio Public Employees Retirement System (OPERS)**

Plan Description - County employees, participate in the Ohio Public Employees Retirement System(OPERS). OPERS administers three separate pension plans. The traditional pension plan is a cost-sharing, multiple-employer defined benefit pension plan. The member-directed plan is a defined contribution plan and the combined plan is a cost-sharing, multiple-employer defined benefit pension plan with defined contribution features. While members (e.g. County employees) may elect the member-directed plan and the combined plan, substantially all employee members are in OPERS' traditional plan; therefore, the following disclosure focuses on the traditional pension plan.

OPERS provides retirement, disability, survivor and death benefits, and annual cost of living adjustments to members of the traditional plan. Authority to establish and amend benefits is provided by Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report that includes financial statements, required supplementary information and detailed information about OPERS' fiduciary net position that may be obtained by visiting <https://www.opers.org/financial/reports.shtml>, by writing to the Ohio Public Employees Retirement System, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling 800-222-7377.

Senate Bill (SB) 343 was enacted into law with an effective date of January 7, 2013. In the legislation, members were categorized into three groups with varying provisions of the law applicable to each group. The following table provides age and service requirements for retirement and the retirement formula applied to final average salary (FAS) for the three member groups under the traditional plan as per the reduced benefits adopted by SB 343 (see OPERS' CAFR referenced above for additional information):

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2016  
(Continued)**

Final average Salary (FAS) represents the average of the three highest years of earnings over a member's career for Groups A and B. Group C is based on the average of the five highest years of earnings over a member's career.

Members who retire before meeting the age and years of service credit requirement for unreduced benefits receive a percentage reduction in the benefit amount.

When a benefit recipient has received benefits for 12 months, an annual cost of living adjustment (COLA) is provided. This COLA is calculated on the base retirement benefit at the date of retirement and is not compounded. For those retiring prior to January 7, 2013, the COLA will continue to be a 3 percent simple annual COLA. For those retiring subsequent to January 7, 2013, beginning in calendar year 2019, the COLA will be based on the average percentage increase in the Consumer Price Index, capped at 3 percent.

Benefits in the Combined Plan consist of both an age-and-service formula benefit (defined benefit) and a defined contribution element. The defined benefit element is calculated on the basis of age, FAS, and years of service. Eligibility regarding age and years of service in the Combined Plan is the same as the Traditional Pension Plan. The benefit formula for the defined benefit component of the plan for State and Local members in transition Groups A and B applies a factor of 1.0% to the member's FAS for the first 30 years of service.

A factor of 1.25% is applied to years of service in excess of 30. The benefit formula for transition Group C applies a factor of 1.0% to the member's FAS and the first 35 years of service and a factor of 1.25% is applied to years in excess of 35. Persons retiring before age 65 with less than 30 years of service credit receive a percentage reduction in benefit. The defined contribution portion of the benefit is based on accumulated member contributions plus or minus any investment gains or losses on those contributions. Members retiring under the Combined Plan receive a 3% COLA adjustment on the defined benefit portion of their benefit.

Defined contribution plan benefits are established in the plan documents, which may be amended by the OPERS's Board of Trustees. Member-Directed Plan and Combined Plan members who have met the retirement eligibility requirements may apply for retirement benefits. The amount available for defined contribution benefits in the Combined Plan consists of the member's contributions plus or minus the investment gains or losses resulting from the member's investment selections. The amount available for defined contribution benefits in the Member-Directed Plan consists of the members' contributions, vested employer contributions and investment gains or losses resulting from the members' investment selections. Employer contributions and associated investment earnings vest over a five-year period, at a rate of 20% each year. For additional information, see the Plan Statement in the OPERS CAFR.

\*\* This rate is determined by OPERS" Board but is limited by the ORC to not more than 2 percent greater than the public safety rate, which has no maximum rate established by the ORC.

Employer contribution rates are actuarially determined and are expressed as a percentage of covered payroll.

The County's contractually required contribution for both the Traditional Pension Plan and the Combined Plan was \$1,611,560 for 2016.

***Net Pension Liability***

The net pension liability for OPERS was measured as of December 31, 2015, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. OPF's total pension liability was measured as of December 31, 2015, and was determined by rolling forward the total pension liability as of January 1, 2015, to December 31, 2015. The County's proportion of the net pension liability was based on the County's share of contributions to the pension plan relative to the contributions of all participating entities. Following is information related to the proportionate share:

|  |              |
|--|--------------|
|  | <u>OPERS</u> |
| Proportionate Share of the Net Pension Liability | \$16,844,233 |
| Proportion of the Net Pension Liability          | 0.0972460%   |

***Actuarial Assumptions - OPERS***

Actuarial valuations of an ongoing plan involve estimates of the values of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and cost trends. Actuarially determined amounts are subject to continual review or modification as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation. The total pension liability in the December 31, 2015, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

|  |  |
|--|--|
| Wage Inflation                               | 3.75%  |

Mortality rates were based on the RP-2000 Mortality Table projected 20 years using Projection Scale AA. For males, 105 percent of the combined healthy male mortality rates were used. For females, 100 percent of the combined healthy female mortality rates were used. The mortality rates used in evaluating disability allowances were based on the RP-2000 mortality table with no projections. For males 120 percent of the disabled female mortality rates were used set forward two years. For females, 100 percent of the disabled female mortality rates were used.

The most recent experience study was completed for the five year period ended December 31, 2010.

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2016  
(Continued)**

The long-term rate of return on defined benefit investment assets was determined using a building-block method in which best-estimate ranges of expected future real rates of return are developed for each major asset class. These ranges are combined to produce the long-term expected real rate of return by weighting the expected future real rates of return by the target asset allocation percentage, adjusted for inflation.

OPERS manages investments in four investment portfolios: the Defined Benefits portfolio, the Health Care portfolio, the 115 Health Care Trust portfolio and the Defined Contribution portfolio. The Defined Benefit portfolio includes the investment assets of the Traditional Pension Plan, the defined benefit component of the Combined Plan, the annuitized accounts of the Member-Directed Plan and the VEBA Trust. Within the Defined Benefit portfolio, contributions into the plans are all recorded at the same time, and benefit payments all occur on the first of the month. Accordingly, the money-weighted rate of return is considered to be the same for all plans within the portfolio. The money weighted rate of return, net of investments expense, for the Defined Benefit portfolio is .40 percent for 2015.

The allocation of investment assets with the Defined Benefit portfolio is approved by the Board of Trustees as outlined in the annual investment plan. Plan assets are managed on a total return basis with a long-term objective of achieving and maintaining a fully funded status for the benefits provided through the defined benefit pension plans. The table below displays the Board-approved asset allocation policy for 2015 and the long-term expected real rates of return:

***Discount Rate***

The discount rate used to measure the total pension liability was 8 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and those of the contributing employers are made at the statutorily required rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefits payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

***Sensitivity of the County's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate***

The following table presents the County's proportionate share of the net pension liability calculated using the current period discount rate assumption of 8 percent, as well as what the County's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one-percentage-point lower (7 percent) or one-percentage-point higher (9 percent) than the current rate:

***Changes Between Measurement Date and Report Date***

In October 2016, the OPERS Board adopted certain assumption changes which will impact the annual actuarial valuation prepared as of December 31, 2016. The most significant change is a reduction in the discount rate from 8 percent to 7.5 percent. Although the exact amount of these changes is not known, the impact to the County's net pension liability is expected to be significant.

**Note 12 – Postretirement Benefit Plan**

**Ohio Public Employees Retirement**

Plan Description – Ohio Public Employees Retirement System (OPERS) administers three separate pension plans: The Traditional Pension Plan—a cost sharing, multiple-employer defined benefit pension plan; the Member-Directed Plan—a defined contribution plan; and the Combined Plan—a cost sharing, multiple employer defined benefit pension plan that has elements of both a defined benefit and defined contribution plan.

OPERS maintains a cost-sharing multiple-employer defined benefit post-employment health care plan for qualifying members of both the Traditional Pension and the Combined Plans. Members of the Member-Directed Plan do not qualify for ancillary benefits, including post-employment health care coverage.

In order to qualify for post-employment health care coverage, age-and-service retirees under the Traditional Pension and Combined Plans must have 20 or more years of qualifying Ohio service credit. Health care coverage for disability benefit recipients and qualified survivor benefit recipients is available. The health care coverage provided by OPERS meets the definition of an Other Post Employment Benefit (OPEB) as described in GASB Statement 45. See OPERS' CAFR referenced below for additional information.

The Ohio Revised Code permits, but does not mandate, OPERS to provide health care benefits to its eligible members and beneficiaries. Authority to establish and amend benefits is provided in Chapter 145 of the Ohio Revised Code.

Disclosures for the health care plan are presented separately in the OPERS financial report which may be obtained by visiting <https://www.opers.org/financial/reports.shtml>, writing to OPERS, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling 614-222-5601 or 800-222-7377.

Funding Policy –The Ohio Revised Code provides the statutory authority requiring public employers to fund post retirement health care through contributions to OPERS. A portion of each employer's contribution to OPERS is set aside for the funding of post-retirement health care.

Employer contribution rates are expressed as a percentage of the covered payroll of active members. In 2016, state and local employers contributed at a rate of 14.0% of covered payroll, and public safety and law enforcement employers contributed at 18.10%. These are the maximum employer contribution rates permitted by the Ohio Revised Code. Active member contributions do not fund health care.

**PUTNAM COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2016  
(Continued)**

At the beginning of 2016, OPERS maintained three health care trusts. The two cost-sharing, multiple employer trusts, the 401(h) Health Care Trust (401(h) Trust) and the 115 Health Care Trust (115 Trust), worked together to provide health care funding to eligible retirees of the Traditional Pension and Combined plans. Each year, the OPERS Board of Trustees determines the portion of the employer contributions rate that will be set aside to fund health care plans. As recommended by OPERS' actuary, the portion of employer contributions allocated to health care beginning January 1, 2016 remained at 2.0 percent for both the Traditional Pension and Combined plans. The Board is also authorized to establish rules for the retiree or their surviving beneficiaries to pay a portion of the health care provided. Payment amounts vary depending on the number of covered dependents and the coverage selected. The third trust is a Voluntary Employee's Beneficiary Association (VEBA) Trust that provides funding for a Retiree Medical Account (RMA) for Member-Directed Plan members. The employer contribution as a percentage of covered payroll deposited to the RMAs for 2016 was 4.0 percent.

In March 2016, OPERS received two favorable rulings from the IRS allowing OPERS to consolidate all health care assets into the 115 Trust. Transition to the new health care trust structure occurred during 2016. OPERS Combining Statements of Changes in Fiduciary Net Position for the year ended December 31, 2016, will reflect a partial year of activity in the 401(h) Trust and VEBA Trust prior to the termination of these trusts as of end of business day June 30, 2016, and the assets and liabilities, or net position, of these trusts being consolidated into the 115 Trust on July 1, 2016.

Substantially all of the County's contribution allocated to fund postemployment health care benefits relates to the cost-sharing, multiple employer trusts. The corresponding contribution for the years ended December 31, 2016, 2015 and 2014 were \$268,593, \$254,710, and \$246,700, respectively. The full amount has been contributed for all three years.

**Note 13 – Debt**

The County's long-term debt activity for the year ended December 31, 2016 was as follows:

In 2011, the County obtained an Ohio Public Works Commission (OPWC) interest free loan, in the amount of \$200,000 for the replacement of the wastewater plant for the Putnam County Board of Developmental Disabilities (DD). Semiannual payments of \$5,000 over 20 years will be paid from DD revenues.

In 2011, the County obtained an Ohio Water Development Association (OWDA) loan, in the amount of \$404,811, with a 1.5% interest rate, for manhole relining. The loan will be repaid in semiannual installments over 31 years from transfers from the General Fund.

The following is a summary of the County's future annual debt service requirements for governmental activities:

The Ohio Revised Code provides that net general obligation debt of the County, exclusive of certain exempt debt, issued without a vote of the electors shall never exceed 1 percent of the total assessed valuation of the County. The Revised Code further provides that total voted and unvoted net debt of the County less the same exempt debt shall never exceed a sum equal to 3 percent of the first \$100,000,000 of assessed valuation, plus 1.5 percent of such valuation in excess of \$100,000,000 and not in excess of \$300,000,000, plus 2.5 percent of such valuation in excess of \$300,000,000. The effects of the debt limitations at December 31, 2016, were an overall debt margin of \$21,874,442 and an unvoted debt margin of \$9,349,777.

**Conduit Debt**

In 2015, the County issued \$8,024,700 in Ohio Economic Development Bonds for the purpose of making a loan to assist the Bluffton University in financing a portion of the cost of acquiring, constructing, improving, installing, and equipping the facilities. The County is not obligated in any way to pay the debt charges on the bonds from any of its finds, and therefore, the debt has been excluded entirely from the County's debt presentation. As of December 31, 2016, \$7,842,511, of these bonds was outstanding.

In 2016, the County issued \$3,031,400 in Ohio Economic Development Bonds for the purpose of making a loan to assist the Bluffton University in financing a portion of the cost of acquiring, constructing, improving, installing, and equipping the facilities. The County is not obligated in any way to pay the debt charges on the bonds from any of its finds, and therefore, the debt has been excluded entirely from the County's debt presentation. As of December 31, 2016, \$2,758,862, of these bonds was outstanding.

In 2016, the County issued \$3,500,000 in Ohio Economic Development Bonds for the purpose of making a loan to assist the Leipsic Community Center in financing a portion of the cost of acquiring, constructing, improving, installing, and equipping the facilities. The County is not obligated in any way to pay the debt charges on the bonds from any of its finds, and therefore, the debt has been excluded entirely from the County's debt presentation. As of December 31, 2016, \$3,500,000, of these bonds was outstanding.

**Note 14 – Leases**

The County leases buildings, vehicles and other equipment under noncancelable leases. The County disbursed \$13,541 to pay lease costs for the year ended December 31, 2016. Future lease payments are as follows:

**Note 15 – Postclosure Costs**

State and federal laws and regulations require the County to perform certain maintenance and monitoring functions at the landfill site for thirty years after closure. The County’s landfill was closed in 1997.

The County is required by state and federal laws and regulations to provide assurances that financial resources will be available to provide for postclosure care and remediation or containment of environmental hazards at the landfill. The County has passed the financial accountability test in which the County has proven to be able to self-fund these future costs.

**Note 16 – Interfund Transfers**

During 2016 the following transfers were made:

**Note 19 – Contingent Liabilities**

The County is defendant in several lawsuits. Although management cannot presently determine the outcome of these suits, they believe the resolution of these matters will not materially adversely affect the County's financial condition.

Amounts grantor agencies pay to the County are subject to audit and adjustment by the grantor, principally the federal government. Grantors may require refunding any disallowed costs. Management cannot presently determine amounts grantors may disallow. However, based on prior experience, management believes any refunds would be immaterial.

**Note 20 – Jointly Governed Organizations**

Multi-Area Narcotics (MAN)

Putnam County is a member of the Multi-Area Narcotics task force which is a jointly governed organization between Defiance, Williams, Fulton, and Putnam Counties and the Cities of Defiance and Bryan. The purpose of MAN is to act as a joint regional task force in the fight against narcotics. MAN is governed by a board consisting of the sheriffs and police chiefs of the respective counties and cities. The main source of revenue is from federal grants and local matching funds from the entities. In 2016, Putnam County made a \$25,000 contribution to the MAN's operations. Information can be obtained from the Defiance County Sheriff's office, 113 Beide Street, Defiance, Ohio 43512.

Juvenile Residential Center of Northwest Ohio

The Juvenile Residential Center of Northwest Ohio is a jointly governed organization between Ohio counties, (*Defiance, Fulton, Hancock, Henry, Paulding, Putnam, Ottawa, Van Wert, Williams and Wood Counties*). The Center provides for juvenile rehabilitation and correction for juvenile offenders who would otherwise be eligible for commitment to the Ohio Department of Youth Services. The Center is controlled by a governing board consisting of the juvenile court judge from each of the participating counties. Each County's ability to influence the operations of the Center is limited to their representation on the governing board. Wood County serves as the fiscal agent.

**Note 21 – Public Entity Risk Pools**

A. County Risk Sharing Authority, Inc.

The County Risk Sharing Authority, Inc. (CORSA) is a jointly governed organization among sixty-two counties in Ohio. CORSA was formed as an Ohio not-for-profit corporation for the purpose of establishing the CORSA Insurance/Self-Insurance Program, a group primary and excess insurance/self-insurance and risk management program. Member counties agree to jointly participate in coverage of losses and pay all contributions necessary for the specified insurance coverages provided by CORSA.

Each member county has one vote on all matters requiring a vote, to be cast by a designated representative. The affairs of CORSA are managed by an elected board of not more than nine trustees. Only county commissioners of member counties are eligible to serve on the Board of Trustees. No county may have more than one representative on the Board of Trustees at any time. Each member county's control over the budgeting and financing of CORSA is limited to its voting authority and any representation it may have on the Board of Trustees.

B. County Commissioners Association of Ohio Service Corporation (CCAOSC)

The County participates in a group rating plan for workers' compensation as established under Section 4123.29 of the Ohio Revised Code. The County Commissioners Association of Ohio Service Corporation (CCAOSC) was established through the County Commissioners Association of Ohio (CCAO) as an insurance purchasing pool.

A group executive committee is responsible for calculating annual rate contributions and rebates, approving the selection of a third party administrator, reviewing and approving proposed third party fees, fees for risk management services and general management fees, determining ongoing eligibility of each participant, and performing any other acts and functions which may be delegated to it by the participants. The group executive committee consists of nine members. Two members are the president and treasurer of CCAOSC; the remaining seven members are representatives of the participants. These seven members are elected for the ensuing year by the participants at a meeting held in December of each year. No participant can have more than one member on the group executive committee in any year, and each elected member shall be a county commissioner.

C. County Employee Benefit Consortium of Ohio, Inc. (CEBCO)

The County is participating in an insurance group purchasing pool for employee benefit plan costs which was established under the authority granted by Section 9.833 of the Ohio Revised Code. The County Employee Benefit Consortium of Ohio, Inc. (CEBCO) was established to assist political subdivisions of the State of Ohio in controlling employee benefit plan costs.

CEBCO is responsible for obtaining and providing to members within 90 days after the last day of the year, a written report by a member of the American Academy of Actuaries concerning the benefit program.

**PUTNAM COUNTY**

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2016  
(Continued)**

This report shall certify whether the amounts reserved by CEBCO to cover potential cost of health care benefits for eligible officials, employees, and dependents are sufficient and are computed in accordance with accepted loss reserving standards. Each member political subdivision has a voting representative on the CEBCO Board.

**Note 22 – Brookhill Workshop, Inc.**

Brookhill Workshop, Inc. (the Workshop) is a component unit of the County. The activity for the Workshop was excluded from this presentation. The Workshop is a legally separate, not-for-profit corporation, served by a self-appointing board of trustees. The Workshop, under a contractual agreement with the Putnam County Board of Developmental Disabilities (DD), provides sheltered employment for developmentally disabled or handicapped adults in the County. The Putnam County Board of DD provides the Workshop with staff salaries, transportation, equipment (except that used directly in the production of goods or rendering of services), staff to administer and supervise training programs, and other funds as necessary for the operation of the Workshop. The Workshop is considered a component unit because of the significant services and resources provided by the County to the Workshop and the Workshop's sole purpose of providing assistance to the handicapped adults of the County. The Workshop prepares its Financial Statements in accordance with Financial Accounting Standards Board (FASB) Statement No. 117, "Financial Statements of Not-for-Profit Organizations." Separately issued financial statements can be obtained from the Brookhill Center Industries, Inc. of Putnam County.

**Note 23 – Related Party Transactions**

During 2016, the County provided facilities, certain equipment, transportation, and salaries for administration, implementation, and supervision of its programs to the Workshop. The Workshop, a component unit of the County, did not attempt to value these items for 2016. The Workshop should have recorded operating revenues and expenses at cost or fair market value, as applicable, to the extent the contribution was related to the vocational purpose of the Workshop. Additional habilitative services provided directly to Workshop clients by the County was also not calculated.

**NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS  
2 CFR 200.510(b)(6)  
FOR THE YEAR ENDED DECEMBER 31, 2016**

**NOTE A – BASIS OF PRESENTATION**

The accompanying Schedule of Expenditures of Federal Awards (the Schedule) includes the federal award activity of Putnam County (the County's) under programs of the federal government for the year ended December 31, 2016. The information on this Schedule is prepared in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the County, it is not intended to and does not present the financial position, changes in net position, or cash flows of the County.

**NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Expenditures reported on the Schedule are reported on the cash basis of accounting. Such expenditures are recognized following, as applicable, either the cost principles contained in OMB Circular A-87 *Cost Principles for State, Local, and Indian Tribal Governments* (codified in 2 CFR Part 225), or the cost principles contained in Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, wherein certain types of expenditures may or may not be allowable or may be limited as to reimbursement. The County has elected not to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

**NOTE C - COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) and HOME INVESTMENT PARTNERSHIPS PROGRAM (HOME) GRANT PROGRAMS with REVOLVING LOAN CASH BALANCE**

The current cash balance on the County's local program income account as of December 31, 2016 is \$22,343.

**NOTE D - MATCHING REQUIREMENTS**

Certain Federal programs require the County to contribute non-Federal funds (matching funds) to support the Federally-funded programs. The County has met its matching requirements. The Schedule does not include the expenditure of non-Federal matching funds.

## INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

Putnam County  
245 East Main Street  
Ottawa, Ohio 45875-1968

To the Board of County Commissioners:

We have audited, in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the cash-basis financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Putnam County, Ohio (the County) as of and for the year ended December 31, 2016, and the related notes to the financial statements, which collectively comprise the County's basic financial statements and have issued our report thereon dated September 21, 2017, wherein we noted the County uses a special purpose framework other than generally accepted accounting principles. We also qualified our opinion due to the discretely presented component unit's financial statements being omitted from the County's financial statements.

### ***Internal Control Over Financial Reporting***

As part of our financial statement audit, we considered the County's internal control over financial reporting (internal control) to determine the audit procedures appropriate in the circumstances to the extent necessary to support our opinions on the financial statements, but not to the extent necessary to opine on the effectiveness of the County's internal control. Accordingly, we have not opined on it.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the County's financial statements. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all internal control deficiencies that might be material weaknesses or significant deficiencies. Therefore, unidentified material weaknesses or significant deficiencies may exist. We did identify a certain deficiency in internal control, described in the accompanying schedule of findings that we consider a material weakness. We consider finding 2016-002 to be a material weakness.

***Compliance and Other Matters***

As part of reasonably assuring whether the County's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed an instance of noncompliance or other matters we must report under *Government Auditing Standards* which is described in the accompanying schedule of findings as item 2016-001.

***Entity's Response to Findings***

The County's responses to the findings identified in our audit are described in the accompanying schedule of findings or corrective action plan. We did not audit the County's responses and, accordingly, we express no opinion on them.

***Purpose of this Report***

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the County's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the County's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Putnam County  
245 East Main Street  
Ottawa, Ohio 45875-1968

To the Board of County Commissioners:

### ***Report on Compliance for Each Major Federal Program***

We have audited Putnam County, Ohio's (the County) compliance with the applicable requirements described in the U.S. Office of Management and Budget (OMB) *Compliance Supplement* that could directly and materially affect each of the County's major federal programs for the year ended December 31, 2016. The *Summary of Auditor's Results* in the accompanying schedule of findings identifies the County's major federal programs.

### ***Management's Responsibility***

The County's Management is responsible for complying with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

### ***Auditor's Responsibility***

Our responsibility is to opine on the County's compliance for each of the County's major federal programs based on our audit of the applicable compliance requirements referred to above. Our compliance audit followed auditing standards generally accepted in the United States of America; the standards for financial audits included in the Comptroller General of the United States' *Government Auditing Standards*; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). These standards and the Uniform Guidance require us to plan and perform the audit to reasonably assure whether noncompliance with the applicable compliance requirements referred to above that could directly and materially affect a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe our audit provides a reasonable basis for our compliance opinion on each of the County's major programs. However, our audit does not provide a legal determination of the County's compliance.

**Opinion on Each Major Federal Programs**

In our opinion, Putnam County complied, in all material respects with the compliance requirements referred to above that could directly and materially affect each of its major federal programs for the year ended December 31, 2016.

**Report on Internal Control over Compliance**

The County's management is responsible for establishing and maintaining effective internal control over compliance with the applicable compliance requirements referred to above. In planning and performing our compliance audit, we considered the County's internal control over compliance with the applicable requirements that could directly and materially affect a major federal program, to determine our auditing procedures appropriate for opining on each major federal program's compliance and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not to the extent needed to opine on the effectiveness of internal control over compliance. Accordingly, we have not opined on the effectiveness of the County's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, when performing their assigned functions, to prevent, or to timely detect and correct, noncompliance with a federal program's applicable compliance requirement. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a federal program compliance requirement will not be prevented, or timely detected and corrected. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with federal program's applicable compliance requirement that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

This report only describes the scope of our internal control over compliance tests and the results of this testing based on Uniform Guidance requirements. Accordingly, this report is not suitable for any other purpose.

**2. FINDINGS RELATED TO THE FINANCIAL STATEMENTS  
REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS**

**FINDING NUMBER 2016-001**

**Noncompliance Citation**

**Ohio Rev. Code § 117.38** provides that each public office, other than a state agency, shall file a financial report for each fiscal year. The Auditor of State may prescribe forms by rule or may issue guidelines, or both, for such reports. If the Auditor of State has not prescribed a rule regarding the form for the report, the public office shall submit its report on the form utilized by the public office.

**Ohio Admin. Code § 117-2-03(B)**, which further clarifies the requirements of Ohio Rev. Code § 117.38, requires the County to file annual financial reports which are prepared using generally accepted accounting principles (GAAP).

The County lacked a GASB 34 policy and therefore prepared its financial statements in accordance with standards established by the Auditor of State for governmental entities not required to prepare annual reports in accordance with generally accepted accounting principles. The accompanying financial statements and notes omit assets, liabilities, fund equities, and disclosures that, while material, cannot be determined at this time. The County can be fined and various other administrative remedies may be taken against the County.

We recommend the County prepare its financial statements in accordance with generally accepted accounting principles.

**Material Weakness**

**Financial Reporting**

Accurate financial reporting is the responsibility of the County Auditor and is essential to ensure the information provided to the readers of the financial statements accurately reflects the County's activity.

The County lacked a policy regarding financial review which contributed to errors ranging in amounts from \$2,121 to \$876,568. The material errors were as follows:

- Intergovernmental revenue in the amount of \$172,274 was incorrectly classified as miscellaneous revenue in the Brookhill Center Fund and Governmental Type Activities.
- Principal in the amount of \$10,000 was incorrectly classified as health expense in the Brookhill Center Fund and Governmental Type Activities.
- On the Brookhill Center Fund budget to actual statement, beginning fund balance was adjusted by \$17,234 in the original, final, and actual columns to agree to the prior audit ending fund balance.

As a result, the County's financial statements did not correctly reflect the financial activity of the County. The County's financial statements have been adjusted to correct the errors noted above.

In addition, the County's discretely presented component unit's financial statements were omitted from the County's basic financial statements due to them being prepared on a different accounting basis than the County. The effect on the financial statements of the variances between the cash basis of accounting used by the County and accounting principles generally accepted in the United States of America, use by the component unit, although not reasonable determinable are presumed to be material.

To help ensure the County's financial statements and notes to the statements are complete and accurate, the County Auditor should adopt policies and procedures, including a final review of the financial statements, management's discussion and analysis, and notes to the financial statements to identify and correct errors and omissions. In addition, we recommend the County present financial information for all material component units on the same accounting basis used by the County.
