## CITY OF NORTH CANTON STARK COUNTY Regular Audit For the Year Ended December 31, 2017

City Council City of North Canton 145 North Main Street North Canton, Ohio 44720

We have reviewed the *Independent Auditor's Report* of the City of North Canton, Stark County, prepared by Perry & Associates, Certified Public Accountants, A.C., for the audit period January 1, 2017 through December 31, 2017. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The City of North Canton is responsible for compliance with these laws and regulations.

Dave Yost Auditor of State

## INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

June 25, 2018

City of North Canton Stark County 145 North Main Street North Canton, Ohio 44720

To the City Council:

We have audited, in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the **City of North Canton**, Stark County, (the City) as of and for the year ended December 31, 2017, and the related notes to the financial statements, which collectively comprise the City's basic financial statements and have issued our report thereon dated June 25, 2018.

#### Internal Control Over Financial Reporting

As part of our financial statement audit, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures appropriate in the circumstances to the extent necessary to support our opinions on the financial statements, but not to the extent necessary to opine on the effectiveness of the City's internal control. Accordingly, we have not opined on it.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the City's financial statements. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all internal control deficiencies that might be material weaknesses or significant deficiencies. Given these limitations, we did not identify any deficiencies in internal control that we consider material weaknesses. However, unidentified material weaknesses may exist.

Independent Auditor's Report on Internal Control Over
Financial Reporting and on Compliance and Other Matters
Required by Government Auditing Standards
Page 2

#### **Compliance and Other Matters**

As part of reasonably assuring whether the City's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

#### Purpose of this Report

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

#### CITY OF NORTH CANTON

June 25, 2018

Honorable Citizens of North Canton And Members of City Council North Canton, Ohio

#### Transmittal Letter

The Comprehensive Annual Financial Report (CAFR) of the City of North Canton, Ohio (the "City") is hereby presented. This CAFR represents the official report of the City of North Canton's operations and financial position for the year ended December 31, 2017, and has been developed to accurately detail the status of City finances to North Canton residents and elected officials, investment banks, underwriters and all other interested parties. This report includes the City's implementation of accounting principles generally accepted in the United States of America (GAAP) set forth by the Governmental Accounting Standards Board (GASB).

Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with the City. To the best of our knowledge and belief, the enclosed data are accurate in all material respects and are reported in a manner designed to present fairly the financial position and results of operations of the City. All disclosures necessary to enable the reader to gain an understanding of the City's financial activities have been included. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

State statutes require the City to be subjected to an annual audit by the Auditor of State or by an independent certified public accountant approved by the Auditor of State. The firm of Perry & Associates, CPA's A.C. has performed the City audit as of December 31, 2017 and they have issued an unmodified ("clean") opinion. The Independent Auditor's Report on the basic financial statements and the combining and individual fund statements and schedules are included financial section of this report.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of a Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The MD&A can be found immediately following the Independent Auditor's Report.

As part of the City's independent audit, tests are made to determine the adequacy of the internal control structure, as well as to determine that the City has complied with applicable laws and regulations. The results of the City's independent audit for the year ended December 31, 2017 provided no instances of material weaknesses in the internal control structure or significant violations of applicable laws and regulations.

#### **Reporting Entity**

The City has reviewed its reporting entity definition in order to ensure conformance with GASB Statement No. 14, "The Financial Reporting Entity" as amended by GASB Statement No. 39, "Determining Whether Certain Organizations Are Component Units" and GASB Statement No. 61, "The Financial Reporting Entity: Omnibus". In evaluating how to define the City for financial reporting purposes, management has considered all agencies, departments and organizations making up the City of North Canton (the primary government) and its potential component units. The primary government consists of all funds, departments, boards and agencies that are not legally separate from the City. For the City of North Canton, this includes the departments and agencies that provide the following services: police and fire protection, parks and recreation, planning, zoning, street maintenance and repair, mayor's court and general administrative services. The City has one component unit: The City of North Canton Community Improvement Corporation that is shown as a separate discrete component unit. This component unit is included as part of the reporting entity because the primary government appoints all members of their board of trustees and is able to impose its will on the organization.

#### **Profile of the Government**

The City acquired its first existence as a recognized political entity when the Village plat was recorded on February 19, 1831 as New Berlin. As a result of sentiment against Germany during World War I, the name of the Village was changed to North Canton on January 31, 1918. The City gained formal status as a City effective January 1, 1962. The City is located in the northern half of Stark County and is approximately 7.15 square miles in size. The City's population, according to the 2010 census, was 17,488.

The City is a home-rule municipal corporation operating under the laws of the State of Ohio. The City's current charter, its municipal constitution, has been amended seven times since its original adoption on November 8, 1960. The laws of the State of Ohio prevail when conflicts exist between the charter and the State constitution and in matters where the charter is silent. The Charter provides for a "Mayor-Administrator-Council" form of government. The City's charter can only be amended by a majority vote of the City's registered voters.

Legislative authority is vested in a seven-member Council, four of which are elected from wards and three are elected at-large. Council members are elected for two year terms in the odd numbered years through a nonpartisan election process. Their term of office begins December 1. The Council holds an organizational meeting within the first three days of December each year. The Mayor presides over the meeting until President of Council is elected by the members of Council.

The Director of Law, Director of Finance and Clerk to the Council are appointed by, and serve at the pleasure of the Council. Council also appoints the three members of the City's Civil Service Commission. The Council fixes compensation of City officials and employees, and enacts legislation in the form of ordinances and resolutions relative to City services, tax levies, appropriating and borrowing monies, and other municipal purposes.

The Mayor is elected for a two year term to begin on the first day of December following the election. According to the Charter, the Mayor is the executive of the City and is responsible to the electors for enforcement of all laws and ordinances, and for control and proper operation of all administrative departments and divisions. The Mayor appoints a Director of Administration subject to confirmation by a majority vote of Council. The Director of Administration is responsible to the Mayor for the general administration of the affairs of the City.

As authorized by its charter and codes, the City provides the following broad categories of services to its citizens:

- The Department of Service includes the divisions of Streets, Sewer, Water, Engineering, and Parks and Playgrounds.
- The Department of Safety includes the divisions of Police, Fire, Health and Sanitation, Emergency Medical Services, and Inspection and Licensing.
- The City also operates three enterprise activities: a water system, a sewer system, and garbage service. The water service is metropolitan in nature and reaches far beyond the City's incorporated boundaries.

The Council is required to adopt a permanent appropriation measure within ninety days of the beginning of the year covered by such ordinance. The annual budget serves as the foundation for the City of North Canton's financial planning and control. The budget is prepared by fund and department. Transfers between funds, need special approval from Council.

#### **North Canton Local Economy**

#### Background

The City of North Canton is located in Northeast Ohio along the Interstate 77 corridor with convenient access to markets in Cleveland, Akron and Canton. The Akron Canton Regional Airport is located within a five-minute drive from the City's corporate limits and provides nationwide passenger and commercial airfreight services to the region. Major Airlines, such as Allegiant Air, American Airlines, Delta Airlines, Southwest Airlines, Spirit Airlines, and United Airlines, provide passenger service at the facility and the passenger traffic at the airport represents approximately twenty percent of all air travel growth in Ohio. The airport continues to have approximately two million customers annually.

North Canton's location allows business and industry to take advantage of a regional academic cluster that contains six universities/colleges that offer high tech programs in biosciences, bioinformatics, fuel cells and information technology. These colleges and universities include Walsh University, Stark State College, Kent State University, University of Akron, Malone University, and University of Mount Union.

#### Recent Economic History

The City of North Canton was the home for the Hoover Company for over 100 years and the company employed over 4,000 persons locally at its peak. In 2007, the Hoover Manufacturing Company's parent company, the Maytag Corporation, was purchased by the Whirlpool Corporation as part of a larger acquisition package and then subsequently sold to Techtronic Industries Company Ltd. (TTI) for approximately \$107 million. TTI decided they would close the North Canton Hoover Manufacturing Plant at the end of the third quarter of 2007. At the time of TTI's announcement, the employment levels at the North Canton Hoover facility were about 800 hourly workers. The plant was officially closed on September 27, 2007.

After the closure, California based Industrial Realty Group (IRG) and Industrial Commerce Realty (ICR), national and regional real estate development companies that specialize in redevelopment of older industrial buildings, purchased the former Hoover site on January 28, 2008. The official ownership of the site is Maple Street Commerce, LLC. The City and Developer have renamed the site as the "Hoover District" to connect the past community history with the new marketing efforts to redevelop the site. City officials continue to work with IRG as each phase of the Hoover District project progresses.

#### Current Local Economy

Since 2008, the partnership between the City of North Canton and Hoover District Developer have continued to bring new employees and increased income tax revenues to the City. Currently fourteen companies call the Hoover District their home and employ over 1,000 people and the total annual income tax revenue for the 2017 calendar year has increased to over \$500,000.

The Hoover District continues to play a big role helping drive the City's economy. The City and the Developer continue to work together to redevelop the Hoover District site for warehousing, manufacturing, offices, limited retail, and residential housing units that offers a true "live work" community. In addition, the community has several other business clusters including healthcare, business services, and education. This includes a significant presence of the Aultman North Medical Care Facility/North Canton Medical Group, the Mercy Medical Center, Akron Children's Hospital Pediatrics offices, St. Luke's Lutheran Community, The Windsor, Altercare of Ohio, Heritage Villas, The Danbury and Sanctuary Grande senior living facilities, Northeast Professional Home Care Inc. and numerous medical and dental offices that account for over 1,250 jobs.

The City also has a significant number of jobs involved in software development with companies like Prime Pro Data Inc. and Squirrels LLC. Further, employment in education has increased to over 2,650 jobs at both Walsh University and the North Canton City School District.

#### **Long-Term Financial Planning**

The City's income tax ordinance provided for 0.30 percent of the first 1 percent tax rate (after paying all costs associated with the collection of the income tax) be used for capital improvements and 0.70 percent of the first 1 percent be used for general operations of the City. The remaining 0.5 percent tax rate was to be used for either general operations of the City or capital improvements. As the cost of general operations increased at a greater pace than income tax collections, the amount directed to capital improvements had been reduced to the minimum amount allowed. This minimum amount was about 20 percent of the full 1.5 percent tax. As there were fewer funds for capital projects, the City looked at other means to finance equipment purchases and road, curb and gutter improvements. These financing options included capital leasing, grants and zero interest loans. Although the City will continue to explore all financing options, the income tax ordinance was revised for 2017. For 2017 and again in 2018, 30 percent of the full 1.5 percent income tax rate (after paying all costs associated with the collection of the income tax) will be used for capital improvements and the remaining 70 percent will be used for general operations of the City. This allocation is reviewed each year as the budget is prepared for the following year and can be adjusted to meet the priorities of each year's budget.

#### **Relevant Financial Policies**

The City maintains several reserve funds to accumulate resources for future needs. One such fund is for the payout of earned vacation and eligible sick leave to employees who terminate employment with the City. In 2017 and again in the 2018 budget, no contributions to this fund were necessary, as the amount in the fund is sufficient to cover anticipated termination payments. In addition, the City is accumulating a reserve for improvements to the police department firing range. The City's newest reserve fund was created so that each department can accumulate unspent budgeted dollars to save money towards future capital needs.

#### **Major Initiatives**

The City of North Canton will continue its major initiatives/focus areas it has adopted over the past few years that concentrates its efforts on financial stability and growth. The City has prospered since the end of the "Great Recession" that officially occurred in the period of 2008 through 2009. Job losses, plant closures, and significant cuts in State promised funding substantially effected the City's finances and ability to deliver services to its residential and commercial customers. As a result, the City has adopted several major management issues to assure long-term financial stability, growth, and delivery of superior customer service. These include the following:

- 1. Lean staffing controls;
- 2. Controlling expenditures;
- 3. Improvement of operating efficiencies;
- 4. Maintenance of a strong general fund and capital improvement fund balances;
- 5. Development of a capital improvement plans to repair and replace capital assets;
- 6. Strong investment policies;
- 7. Aggressive grant seeking for economic development and capital improvement projects;
- 8. Major focus on economic development and job retention and expansion and,
- 9. Superior service delivery to residents and business customers.

These measures have been effective in reducing costs and improving efficiencies throughout the City for the 2012 – 2017 fiscal years. Several examples include strong managed operating revenues and expenses with very strong revenue to expense ratios, very strong and improving trends in the general fund, strong job growth during this period evidenced by positive trends and continual increases in income tax revenue during the period, and a defined five-year capital improvement plan. Further, aggressive grant seeking has allowed the replacement and installation of new infrastructure at a fraction of the cost to the City's capital improvement funds.

#### **Awards and Acknowledgements**

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of North Canton for its Comprehensive Annual Financial Report for the year ended December 31, 2016. This was the twenty-ninth consecutive year that the government has achieved this prestigious national award. In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe our current report continues to conform to the Certificate of Achievement Program requirements, and we are submitting it the GFOA to determine its eligibility for another certificate.

I would like to thank the Mayor and Members of Council for their support for continued excellence in financial reporting and disclosure. The City would like to express its appreciation to Julian & Grube, Inc. for their assistance with the preparation of this CAFR.

This comprehensive annual financial report was prepared by the Finance Department with the efficient and dedicated services of its entire staff. I express my appreciation to each of them and to many of the City's other employees contributing to this effort.

Respectfully Submitted,

Laura Brown

#### **INDEPENDENT AUDITOR'S REPORT**

June 25, 2018

City of North Canton Stark County 145 North Main Street North Canton, Ohio 44720

To the City Council:

#### Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the **City of North Canton**, Stark County, Ohio (the City), as of and for the year ended December 31, 2017, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for preparing and fairly presenting these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes designing, implementing, and maintaining internal control relevant to preparing and fairly presenting financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to opine on these financial statements based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the City's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the City's internal control. Accordingly, we express no opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

#### www.perrycpas.com

City of North Canton Stark County Independent Auditor's Report Page 2

#### Auditor's Responsibility (Continued)

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinions.

#### **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of North Canton, Stark County, Ohio, as of December 31, 2017, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparisons for the General and Emergency Medical Services Levy funds thereof for the year then ended in accordance with the accounting principles generally accepted in the United States of America.

#### **Other Matters**

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require this presentation to include *Management's discussion and analysis*, schedules of net pension liabilities and pension contributions listed in the table of contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, consisting of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, to the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not opine or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to opine or provide any other assurance.

#### Supplementary and Other Information

Our audit was conducted to opine on the City's basic financial statements taken as a whole.

The introductory section, the financial section's combining statements, individual fund statements and schedules and the statistical section information present additional analysis and are not a required part of the basic financial statements.

The statements and schedules are management's responsibility, and derive from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. We subjected these statements and schedules to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling statements and schedules directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves in accordance with auditing standards generally accepted in the United States of America. In our opinion, these statements and schedules are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

We did not subject the introductory section and statistical section information to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion or any other assurance on them.

City of North Canton Stark County Independent Auditor's Report Page 3

#### Other Reporting Required by Government Auditing Standards

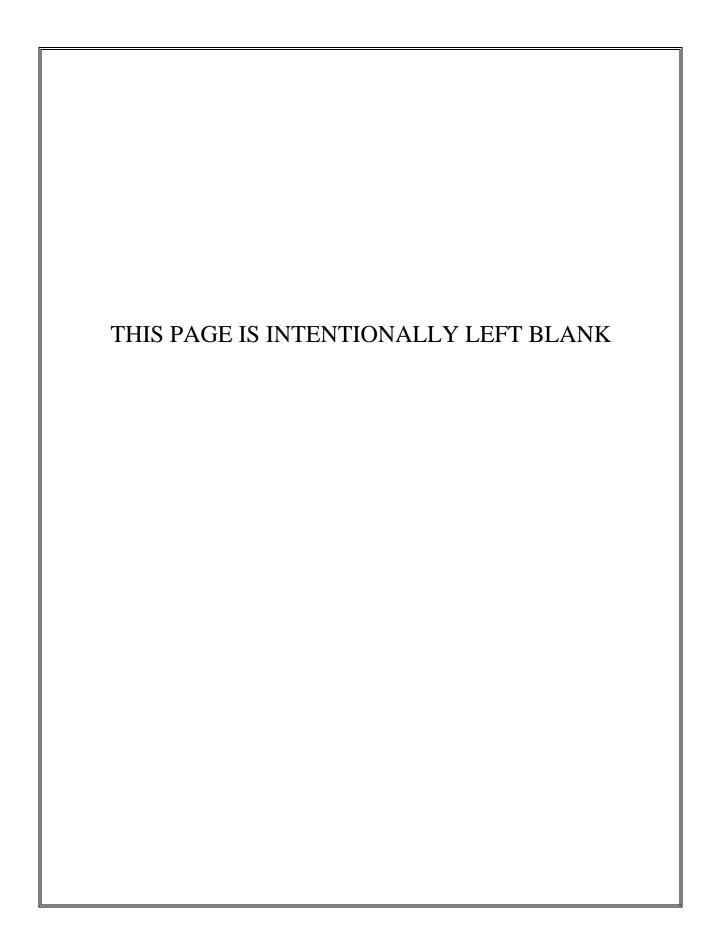

In accordance with *Government Auditing Standards*, we have also issued our report dated June 25, 2018, on our consideration of the City's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2017 UNAUDITED

The Management's Discussion and Analysis for the City of North Canton's (the "City") financial statements provides an overview of the City's financial activities for the year ended December 31, 2017. The intent of this discussion and analysis is to provide a narrative that describes the City's performance as a whole. To obtain a more detailed understanding, one should also review the transmittal letter, the notes to the basic financial statements and the basic financial statements.

#### **Financial Highlights**

Key financial highlights for 2017 are as follows:

- The total net position of the City increased \$2,406,791. Net position of governmental activities increased \$1,320,664 or 3.00% over 2016's net position and business-type activities increased \$1,086,127 or 2.91% over 2016's net position.
- ➤ General revenues accounted for \$11,669,479 or 82.28% of total governmental activities revenue. Program specific revenues accounted for \$2,512,641 or 17.72% of total governmental activities revenue.
- ➤ The City had \$12,861,456 in expenses related to governmental activities; \$2,512,641 of these expenses were offset by program specific charges for services, grants or contributions. The remaining expenses of the governmental activities of \$10,348,815 were offset by general revenues (primarily property taxes, income taxes and unrestricted grants and entitlements) of \$11,669,479.
- The general fund had revenues and other financing sources of \$8,163,798 in 2017. The expenditures and other financing uses of the general fund totaled \$6,883,130 in 2017. The net increase in the fund balance for the general fund was \$1,280,668 or 16.76%, from \$7,642,952 to \$8,923,620.
- The emergency medical services levy fund had revenues and other financing sources of \$1,796,530 in 2017. The emergency medical services levy fund had expenditures of \$1,543,896. The fund balance of the emergency medical services levy fund increased \$252,634 from \$212,396 to \$465,030.
- The capital improvement major fund had 2,396,647 in revenues and \$3,332,871 in expenditures in 2017. The fund balance for the capital improvement fund decreased \$936,224 or 24.06%, from \$3,890,882 to \$2,954,658.
- Net position for the business-type activities, which are made up of the water, sewer, and garbage funds, increased \$1,086,127 from a net position of \$37,295,313 to \$38,381,440 in 2017.
- The water fund had \$7,060,554 in operating revenues and \$5,219,032 in operating expenses in 2017. The water fund also had nonoperating expenses of \$254,607. The net position of the water fund increased \$1,586,915 or 5.82%.
- The sewer fund had \$3,049,564 in operating revenues and \$3,522,333 in operating expenses in 2017. The sewer fund also had non-operating expenses of \$62,741. The net position of the sewer fund decreased \$535,510 or 5.70%.
- The garbage fund had \$975,900 in operating revenues and \$1,006,209 in operating expenses in 2017. The garbage fund also had non-operating revenues of \$62,960. The net position of the garbage fund increased \$32,651 or 13.49%.

#### Using this Comprehensive Annual Financial Report (CAFR)

The City's annual report consists of a series of financial statements and notes to those statements. The statements are organized so the reader can understand the City of North Canton as a total financial and operating entity. The individual statements provide a detailed look at specific financial activities.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2017 UNAUDITED

The City's basic financial statements are comprised of three components: 1) City-wide financial statements; 2) fund financial statements; and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

The Statement of Net Position and the Statement of Activities provide information about the activities of the City as a whole and present a long-term view of the City's finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell the reader how services were financed in the short-term, as well as the amount of funds remaining for future spending. The fund financial statements also look at the City's major funds with all other non-major funds presented in total in one column.

#### Reporting the City as a Whole

Statement of Net Position and Statement of Activities

The analysis of the City as a whole begins on page 8. One of the most important questions asked about the City's finances is, "How did the City perform financially during 2017?" The Statement of Net Position and the Statement of Activities provide information concerning the City as a whole and its financial activities that will assist the reader in answering this question. These statements include all assets, deferred outflows of resources, liabilities and deferred inflows of resources using the accrual method of accounting similar to the accounting used by most private-sector businesses. This method of accounting will take into account all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the City's net position and changes in the net position. The change in net position is important because it allows the reader to judge in many respects as to whether or not the City's financial position has improved or diminished over the past year. The causes of any change in financial position for the City may be related to, or the result of, many factors, some of which may be directly financial, and others which may be only indirectly related to the City's finances. Indirect financial factors include changes in the City's tax or revenue base, changes in general tax law in Ohio or the City, variations in economic conditions, the condition of the City's capital assets and other related factors which may impact revenues or expenses.

In the Statement of Net Position and the Statement of Activities, the City operation is divided into two distinct types of activities as follows:

- Governmental Activities Most of the City's programs and services are considered to be governmental
  activities, including general government, security of persons and property, public health and welfare,
  transportation, community environment, leisure time activities and basic utility services. These services are
  funded primarily by taxes and intergovernmental revenues including federal and state grants and other shared
  revenues.
- Business-Type Activities These services are provided on a charge for goods or services basis to recover all of the expenses of the goods or services provided.

The City-wide financial statements can be found on pages 23-25 of this report.

#### **Fund Financial Statements**

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like the State and other local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

Fund financial reports provide detailed information about the City's major funds. The City uses many funds to account for a multitude of financial transactions. However, these fund financial statements focus on the City's most significant funds, not on the City as a whole. The City's major governmental funds are the general fund, the emergency medical services levy fund and the capital improvement fund. The City's major proprietary funds are the water fund, the sewer fund and the garbage fund.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2017 UNAUDITED

#### Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on events that produce near-term inflows and outflows of spendable resources, as well as on the balances of spendable resources available at the end of the year. This information is useful in evaluating a government's near-term financing requirements.

Because the focus of the governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for the City's governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund Balance Sheet and the governmental fund Statement of Revenues, Expenditures and Changes in Fund Balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains numerous individual governmental funds. Information is presented separately in the governmental fund Balance Sheet and in the governmental Statement of Revenues, Expenditures, and Changes in Fund Balances for the major funds, which were identified earlier. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report. The basic governmental fund financial statements can be found on pages 26-34 of this report.

The City adopts an annual appropriation budget for its general fund and other funds. Budgetary statements and schedules have been provided for all annually budgeted funds to demonstrate compliance.

#### Proprietary Funds

The City maintains two different types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for its water system, sewer and garbage. Internal service funds are an accounting device used to accumulate and allocate costs internally among the City's various functions. The City uses an internal service fund to account for its self-insurance programs for medical-related employee benefits. The basic proprietary fund statements can be found on pages 35-38 of this report.

#### Fiduciary Funds

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected on the government-wide financial statements because the resources from those funds are not available to support the City's programs. The accounting method used for fiduciary funds is much like that used for the proprietary funds. The basic fiduciary fund financial statement can be found on page 39 of this report.

#### Notes to the Basic Financial Statements

The financial statement notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. Notes to the basic financial statements can be found on pages 41-91 of this report.

#### Required Supplementary Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the City's net pension liability. The required supplementary information can be found on pages 94-100 of this report.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2017 UNAUDITED

#### **Government-Wide Financial Analysis**

The Statement of Net Position provides the perspective of the City as a whole.

The table below provides a summary of the City's net position at December 31, 2017 compared to December 31, 2016.

During a previous year, the City adopted Governmental Accounting Standards Board (GASB) Statement 68, "Accounting and Financial Reporting for Pensions—an Amendment of GASB Statement 27" and GASB Statement 71, "Pension Transition for Contributions Made Subsequent to the Measurement Date - An Amendment of GASB Statement No. 68" which significantly revises accounting for pension costs and liabilities. For reasons discussed below, many end users of this financial statement will gain a clearer understanding of the City's actual financial condition by adding deferred inflows related to pension and the net pension liability to the reported net position and subtracting deferred outflows related to pension.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2017 UNAUDITED

Governmental Accounting Standards Board standards are national and apply to all government financial reports prepared in accordance with generally accepted accounting principles. When accounting for pension costs, GASB 27 focused on a funding approach. This approach limited pension costs to contributions annually required by law, which may or may not be sufficient to fully fund each plan's *net pension liability*. GASB 68 takes an earnings approach to pension accounting; however, the nature of Ohio's statewide pension systems and state law governing those systems requires additional explanation in order to properly understand the information presented in these statements.

Under the standards required by GASB 68, the net pension liability equals the City's proportionate share of each plan's collective:

- 1. Present value of estimated future pension benefits attributable to active and inactive employees' past service
- 2. Minus plan assets available to pay these benefits

GASB notes that pension obligations, whether funded or unfunded, are part of the "employment exchange" – that is, the employee is trading his or her labor in exchange for wages, benefits, and the promise of a future pension. GASB noted that the unfunded portion of this pension promise is a present obligation of the government, part of a bargained-for benefit to the employee, and should accordingly be reported by the government as a liability since they received the benefit of the exchange. However, the City is not responsible for certain key factors affecting the balance of this liability. In Ohio, the employee shares the obligation of funding pension benefits with the employer. Both employer and employee contribution rates are capped by State statute. A change in these caps requires action of both Houses of the General Assembly and approval of the Governor. Benefit provisions are also determined by State statute. The employee enters the employment exchange with the knowledge that the employer's promise is limited not by contract but by law. The employer enters the exchange also knowing that there is a specific, legal limit to its contribution to the pension system. In Ohio, there is no legal means to enforce the unfunded liability of the pension system as against the public employer. State law operates to mitigate/lessen the moral obligation of the public employer to the employee, because all parties enter the employment exchange with notice as to the law. The pension system is responsible for the administration of the plan.

Most long-term liabilities have set repayment schedules or, in the case of compensated absences (i.e. sick and vacation leave), are satisfied through paid time-off or termination payments. There is no repayment schedule for the net pension liability. As explained above, changes in pension benefits, contribution rates, and return on investments affect the balance of the net pension liability, but are outside the control of the local government. In the event that contributions, investment returns, and other changes are insufficient to keep up with required pension payments, State statute does not assign/identify the responsible party for the unfunded portion. Due to the unique nature of how the net pension liability is satisfied, this liability is separately identified within the long-term liability section of the statement of net position.

In accordance with GASB 68, the City's statements prepared on an accrual basis of accounting include an annual pension expense for their proportionate share of each plan's *change* in net pension liability not accounted for as deferred inflows/outflows.

Over time, net position can serve as a useful indicator of a government's financial position. At December 31, 2017, the City's assets plus deferred outflows of resources exceeded liabilities plus deferred inflows of resources by \$83,656,523. At year-end, net position was \$45,275,083 and \$38,381,440 for the governmental activities and the business-type activities, respectively.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2017 UNAUDITED

Capital assets reported on the government-wide statements represent the largest portion of the City's assets. At December 31, 2017, capital assets represented 71.07% of total assets. Capital assets include land, easements and rights of way, construction in progress (CIP), land improvements, buildings, equipment, software, sewer rights and infrastructure. Net investment in capital assets at December 31, 2017, was \$33,955,258 and \$31,587,314 in the governmental activities and business-type activities, respectively. These capital assets are used to provide services to citizens and are not available for future spending. Although the City's investment in capital assets is reported net of related debt, it should be noted that the resources to repay the debt must be provided from other sources, since capital assets may not be used to liquidate these liabilities.

Assets of governmental activities increased \$1,896,123 or 3.38%. This increase can mainly be attributed to an increase in equity in pooled cash and investments and capital assets. The increase in equity in pool cash and investments is the result of conservative spending while revenues increased from the previous year. The increase in capital assets was the result of new land improvements, equipment and street programs that were purchased during the year. Liabilities of the governmental activities decreased by \$304,231 or 2.33% which is due primarily to an decrease in the net pension liabilities related to the City's proportionate share of the Ohio Police & Fire (OP&F) net pension liability as well as the payment of current year principal payments on other long-term obligations.

Assets of business-type activities increased \$893,765 or 1.69%. This increase was the result of an increase in buildings and water and sewer lines infrastructure. Liabilities of the business-type activities increased by \$61,424. This increase was also due to an increase in the City's net pension liability.

As of December 31, 2017, the City is able to report positive balances in all three categories of net position, both for the government as a whole, as well as for its separate governmental and business-type activities.

A portion of the City's governmental net position, \$3,186,980, represents resources that are subject to external restriction on how they may be used. This is a decrease of \$21,891 from 2016. In the governmental activities, the remaining balance of unrestricted net position of \$8,132,845 may be used to meet the City's ongoing obligations to citizens and creditors.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2017 UNAUDITED

#### **Statement of Activities**

The table below shows the changes in net position for years 2017 and 2016.

#### Governmental Activities

Governmental activities net position increased \$1,320,664 in 2017.

Security of persons and property, which primarily supports the operations of the police and fire departments accounted for \$4,234,672 of the total expenses of the City. These expenses were partially funded by \$18,316 in direct charges to users of the services. General government expenses totaled \$2,139,358. General government expenses were partially funded by \$420,751 in direct charges to users of the services.

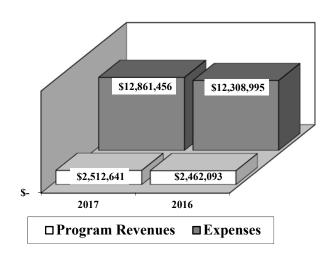

The State and federal government contributed to the City a total of \$980,665 in operating grants and contributions. Capital grants and contributions increased due to money being received from the Ohio Public Works Commission (OPWC) during the year.

General revenues totaled 11,669,479 and amounted to 82.28% of total governmental revenues. These revenues primarily consist of property and income tax revenue of \$10,824,556. This increase was the result of greater than expected income tax collections compared to the previous year. The other primary source of general revenues is grants and entitlements not restricted to specific programs, including local government, local government revenue assistance, homestead and rollback, making up \$641,490.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2017 UNAUDITED

The Statement of Activities shows the cost of program services and the charges for services and grants offsetting those services. The following table shows, for governmental activities, the total cost of services and the net cost of services. That is, it identifies the cost of these services supported by tax revenue and unrestricted State grants and entitlements. As can be seen in the graph below, the City is highly dependent upon property and income taxes as well as unrestricted grants and entitlements to support its governmental activities.

#### Governmental Activities - Program Revenues vs. Total Expenses

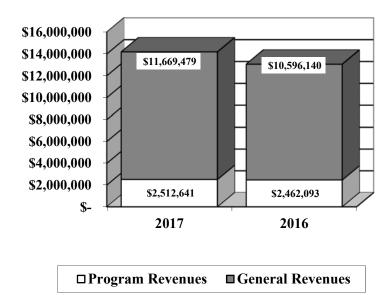

#### **Governmental Activities**

D. F.	Т	otal Cost of Services 2017	1	Net Cost of Services 2017	T	otal Cost of Services 2016	1	Net Cost of Services 2016
Program Expenses:	¢	2 120 259	¢	1 710 605	ď	1 050 412	¢	1 401 005
General government Security of persons and property:	\$	2,139,358	\$	1,718,605	\$	1,858,413	\$	1,401,095
Police		3,623,736		3,589,307		3,639,343		3,616,335
Fire		610,936		607,545		750,133		750,124
Public health and welfare		1,812,729		1,187,150		1,600,200		1,019,745
Transportation		2,808,748		1,849,038		2,182,339		1,220,417
Community environment		559,672		234,258		520,582		168,237
Leisure time activities		702,842		559,477		674,203		587,167
Basic utility services		553,272		553,272		1,006,385		1,006,385
Interest and fiscal charges		50,163		50,163		77,397		77,397
Total Expenses	\$	12,861,456	\$	10,348,815	\$	12,308,995	\$	9,846,902

The dependence upon general revenues for governmental activities is apparent, with 80.46% of expenses supported through taxes and other general revenues in 2017 and 80.00% in 2016.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2017 UNAUDITED

#### **Governmental Activities – General and Program Revenues**

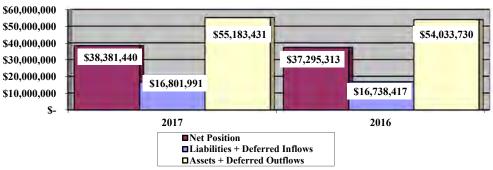

#### **Business-Type Activities**

Business-type activities include the water, sewer, and garbage enterprise funds. These programs had program revenues of \$11,071,931, expenses of \$10,062,851 and general revenues of \$77,047 for 2017. Additional discussion on the enterprise funds can be found on the subsequent pages.

The graph below shows the business-type activities assets, deferred outflows of resources, liabilities, deferred inflows of resources and net position at December 31, 2017 and 2016.

#### **Net Position in Business - Type Activities**

#### **Governmental Funds**

The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measure of the City's net resources available for spending at year-end.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2017 UNAUDITED

The City's governmental funds reported a combined fund balance of \$15,291,070 which is \$419,734 higher than last year's total of \$14,871,336. The schedule below indicates the fund balances and the total change in fund balances as of December 31, 2017 for all major and nonmajor governmental funds.

	 Fund         Fund           Balances         Balances           12/31/17         12/31/16			Change		
Major Funds:						
General	\$ 8,923,620	\$	7,642,952	\$	1,280,668	
Emergency Medical Services Levy	465,030		212,396		252,634	
Capital Improvement	2,954,658		3,890,882		(936,224)	
Other Nonmajor Governmental Funds	 2,947,762		3,125,106		(177,344)	
Total	\$ 15,291,070	\$	14,871,336	\$	419,734	

#### General Fund

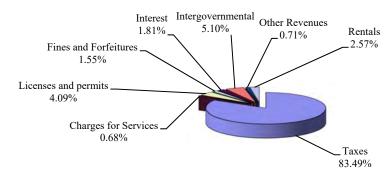

The City's general fund balance increased \$1,280,668. The table that follows assists in illustrating the revenues of the general fund.

	2017		2016			Percentage	
	 Amount	_	Amount	_	<u>Change</u>	Change	_
Revenues							
Taxes	\$ 6,646,983	\$	6,126,478	\$	520,505	8.50	%
Charges for services	53,990		14,125		39,865	282.23	%
Licenses and permits	325,414		352,345		(26,931)	(7.64)	) %
Fines and forfeitures	123,727		128,695		(4,968)	(3.86)	) %
Intergovernmental	405,808		445,944		(40,136)	(9.00)	) %
Interest	144,192		105,247		38,945	37.00	%
Rentals	204,375		186,421		17,954	9.63	%
Other	 56,731		70,030		(13,299)	(18.99)	) %
Total	\$ 7,961,220	\$	7,429,285	\$	531,935	7.16	%

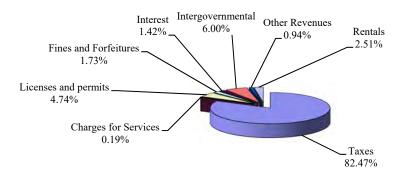

Revenues of the general fund increased \$531,935 or 7.16%. Tax revenues increased \$520,505 or 8.50%. This increase was the result of better income tax collections compared to the prior year. All other major revenue remained comparable to 2016.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2017 UNAUDITED

#### Revenues - 2017

#### Revenues - 2016

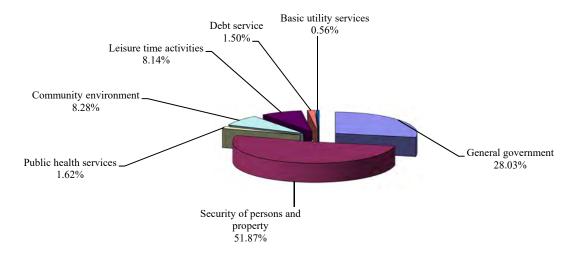

The table that follows assists in illustrating the expenditures of the general fund.

	_	2017 Amount	 2016 Amount	_	Change_	Percentage Change
<b>Expenditures</b>						
General government	\$	1,739,838	\$ 1,567,459	\$	172,379	11.00 %
Security of persons and property:						
Police		3,220,357	3,216,473		3,884	0.12 %
Public health and welfare		100,652	131,329		(30,677)	(23.36) %
Community environment		514,138	539,291		(25,153)	(4.66) %
Leisure time activities		505,092	560,245		(55,153)	(9.84) %
Basic utility services		34,905	5,537		29,368	530.40 %
Debt service		93,148	 96,998		(3,850)	(3.97) %
Total	\$	6,208,130	\$ 6,117,332	\$	90,798	1.48 %

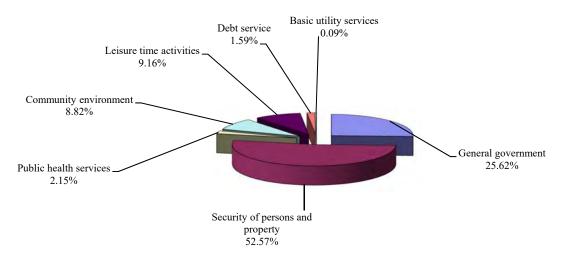

Expenditures of the general fund increased \$90,798 or 1.48%. While many of the categories showed decreases, the largest increase was in the area of general government which increased \$172,379. This increase was the result of increased spending by the director of administration for personal services and electronic data processing for contract services.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2017 UNAUDITED

#### Expenditures - 2017

#### Expenditures – 2016

#### **Emergency Medical Services Levy**

The emergency medical services levy fund had revenues and other financing sources of \$1,796,530. The emergency medical services levy fund had expenditures of \$1,543,896. The fund balance of the emergency medical services levy fund increased \$252,634 during 2017 from \$212,396 to \$465,030. The fund balance increased due to a transfer in from the general fund.

#### Capital Improvement Fund

The capital improvement major fund had \$2,396,647 in revenues and \$3,332,871 in expenditures in 2017. The fund balance for the capital improvement fund decreased \$936,224, or 24.06%, from \$3,890,882 to \$2,954,658 in 2017. The decrease in fund balance was the result of the City increasing its capital spending while also receiving additional income taxes into the fund.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2017 UNAUDITED

#### **Budgeting Highlights - General Fund**

The City's budgeting process is prescribed by the Ohio Revised Code (ORC). Essentially the budget is the City's appropriations which are restricted by the amounts of anticipated revenues certified by the Budget Commission in accordance with the ORC. Therefore, the City's plans or desires cannot be totally reflected in the original budget. If budgeted revenues are adjusted due to actual activity then the appropriations can be adjusted accordingly.

Budgetary information is presented for the general fund. In the general fund, the actual revenues and other financing sources of \$7,224,429 were higher than the final budget amount by \$194,563. This increase is due primarily to rental income coming in \$118,594 higher than originally projected. All other revenues sources were comparable between the budgeted and actual amounts with the exception of charges for services which decreased due to the swimming pool collection decreased drastically.

Actual expenditures and other financing uses of \$6,403,727 were lower than the final budget amount by \$851,167. This decrease was primarily due to conservative spending in the police department, permits and inspections, parks department and other general government. Final appropriations were \$39,653 lower than original appropriations. The City was able to reallocate costs between departments and lower other amounts in order to stay on budget.

#### **Proprietary Funds**

The City's proprietary funds provide the same type of information found in the government-wide financial statements for business-type activities, except in more detail. The only difference between the amounts reported as business-type activities and the amounts reported in the proprietary fund statements are interfund eliminations between proprietary funds. The only interfund activities reported in the government-wide statements are those between business-type activities and governmental activities (reported as internal balances and transfers) whereas interfund amounts between various enterprise funds are reported in the proprietary fund statements.

The City's business-type funds reported a combined net position of \$37,996,293, which is \$1,084,056 above last year's total of \$36,912,237.

The schedule below indicates the net position and the total change in net position as of December 31, 2017 and December 31, 2016 for all major business-type funds.

	Net Position 12/31/17	Net Position 12/31/16	Change
Major Funds:			
Water	\$ 28,865,277	\$ 27,278,362	\$ 1,586,915
Sewer	8,856,385	9,391,895	(535,510)
Garbage	274,631	241,980	32,651
Total	<u>\$ 37,996,293</u>	\$ 36,912,237	\$ 1,084,056

#### Water Fund

The water fund had \$7,060,554 in operating revenues and \$5,219,032 in operating expenses during 2017. The water fund also had \$254,607 in nonoperating expenses. The net position of the water fund increased \$1,586,915 from \$27,278,362 to \$28,865,277. This increase was the result of water rates being sufficient to cover the costs needing to operate the water department.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2017 UNAUDITED

#### Sewer Fund

The sewer fund had \$3,049,564 in operating revenues and \$3,522,333 in operating expenses during 2017. The sewer fund also had \$62,741 in nonoperating expenses. The net position of the sewer fund decreased \$535,510 from \$9,391,895 to \$8,856,385. This decrease is the result of an increase in operating expenses while revenues stayed relatively the same as the prior year.

#### Garbage Fund

The garbage fund had \$975,900 in operating revenues and \$1,006,209 in operating expenses in 2017. The garbage fund also had non-operating revenues of \$62,960. The net position of the garbage fund increased \$32,651 or 13.49%. The fund balance increased due primarily to a few waste and recycling grants received during the year.

#### **Capital Assets and Debt Administration**

#### Capital Assets

At December 31, 2017, the City had \$79,538,809 (net of accumulated depreciation) invested in land, easements and right of ways, construction in progress (CIP), land improvements, buildings, equipment, software, sewer rights and infrastructure. Of this total, \$35,462,297 was reported in governmental activities and \$44,076,512 was reported in business-type activities. See Note 11 in the basic financial statements for additional capital asset disclosure. The following table shows December 31, 2017 balances compared to December 31, 2016.

## Capital Assets at December 31 (Net of Depreciation)

	Governmen	tal Activities	Business-Ty	pe Activities	Total		
	<u>2017</u>	2016	<u>2017</u>	2016	<u>2017</u>	2016

Totals	\$ 35,462,297	\$ 34,549,659	\$ 44,076,512	\$ 42,920,049	\$ 79,538,809	\$ 77,469,708	

#### MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2017 UNAUDITED

#### Debt

The City had the following long-term obligations outstanding at December 31, 2017 and 2016.

	Governmental Activities  2017	Governmental Activities 2016
General obligation bonds Capital leases	\$ 1,441,356 10,661	\$ 1,601,660 16,078
Total governmental activities long-term obligations	\$ 1,452,017	\$ 1,617,738
	Business-type Activities 2017	Business-type Activities 2016
OWDA loans Intergovernmental loans OPWC loans General obligation bonds	\$ 5,397,382 1,627,081 1,543,051 3,388,644	\$ 6,009,749 1,330,599 1,658,951 3,683,340
Total business-type activities long-term obligations	\$ 11,956,158	\$ 12,682,639

See Note 16 in the basic financial statements for additional disclosures and detail regarding the City's debt activity.

#### **Economic Factors and Next Year's Budget**

About ten years after the great recession and the closure of the Hoover Company, the City of North Canton has rebounded and the local and regional economy has continued to grow in several key sectors.

The educational sector is led by Walsh University and North Canton City School District. The University completed the construction of a new 44,000 square foot signature building on its campus to be known as the "Marlene and Joe Toot Global Learning Center". The University invested approximately \$20,000,000 to construct classroom and office space with a heavy emphasis on digital and high technology. It is anticipated that this facility will draw more technology companies to the region and provide potential employees to local software development companies such as Prime Pro Data, People 2.0 Global Inc. and Squirrels Inc. North Canton City School District continues to be the City's largest employer (by amount of income tax withholdings) and is exploring options on rehabilitating or reconstructing all School District facilities over the next several years. The School District has been recognized for numerous awards in the past year, including a national Blue Ribbon School honor for Orchard Hill Intermediate School. Orchard Hill was one of only 342 schools in the United States to receive this recognition.

2017 saw continued growth in the medical sector with the opening of the \$16,000,000 Sanctuary Grande Senior Living facility. This facility offers independent and assisted living for seniors, as well as Alzheimer's care. In early 2018, Akron Children's Hospital broke ground on a \$13,800,000 project to expand pediatric services in North Canton. The Hospital and the City signed a 10-year Industrial and Commercial Job Creation Incentive Grant Agreement for this project. The City will return a portion of new income tax generated by the facility to the Hospital to provide for further capital investments in equipment for the facility, and the Hospital will donate a new park shelter to the City at Dogwood Park.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2017 UNAUDITED

The City continues to see investment in new construction projects as well as smaller businesses filling in existing space along Main Street and beyond. In 2017, Goodwill Industries broke ground on a new retail store and drive-thru donation center, more than doubling the space of their current location. The grand opening for the store was at the end of April 2018. In July 2017, Walther's Twin Tavern restaurant opened in another newly constructed building on the City's northern end. Also in 2017, two existing spaces were transformed into restaurants: a bank building was converted into a Starbucks Coffee store and a video store was remodeled into Pav's Creamery ice cream shop. On the City's east side, a building constructed in 2017 is occupied by a Pet Valu Store and Antonio's Real Italian Pizza, increasing the options for shopping and dining in the Washington Square area. New residential development continues at an even pace as new lots in the Sanctuary development have come on line in 2017 and the early part of 2018.

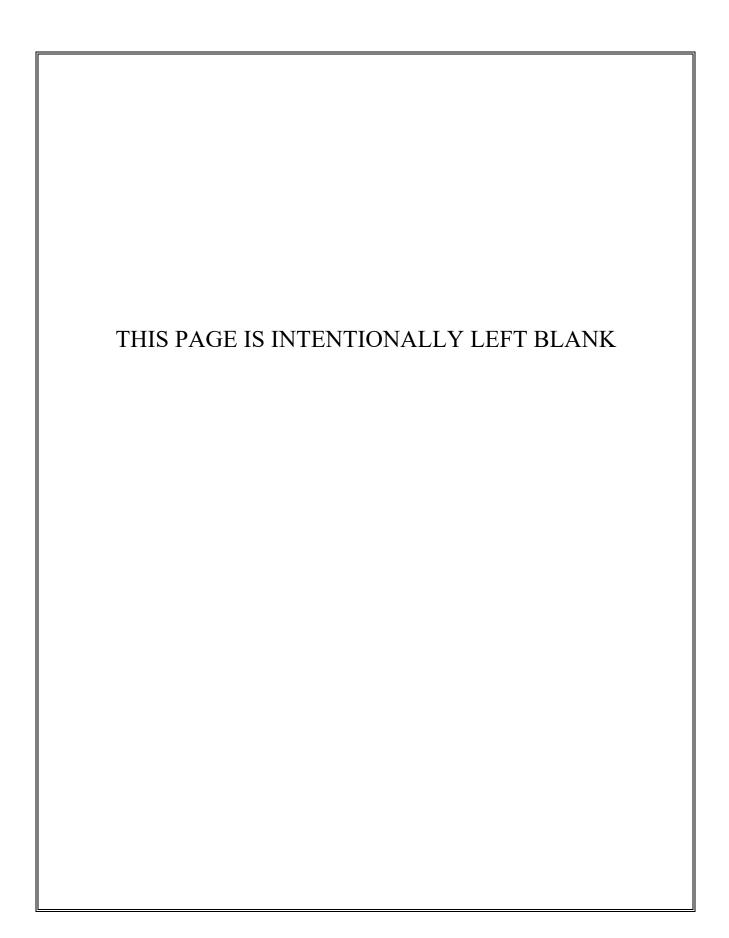

The City's income tax revenue (on a cash basis) decreased in 2016 due to a transition from in-house income tax collection to the Regional Income Tax Agency. This transition affected the timing of income tax revenue being received by the City. The City's income tax revenue rebounded in 2017 once this transition period was over. In addition, as the general economy continues to improve, the City's income tax revenue in 2017 was at an all-time high. Income tax revenues (net of the cost of tax collection) are to be split 70 percent to the general fund and 30 percent to the capital improvement fund. Dedicating 30 percent of the City's largest revenue source to capital improvements demonstrates the City's commitment to keeping infrastructure well-maintained.

Two significant infrastructure projects were begun in 2017 and continue into early 2018. One was an upgrade to all IT systems City-wide, including: creating a dedicated, secure, climate-controlled server room with upgraded servers, rewiring all City buildings for faster network speeds, replacing network components, replacing a centrex phone system with a VOIP phone system, and connecting all City buildings on the network. The second significant project is a reconstruction and waterproofing of the portico along the front of City Hall. This project was undertaken to address water damage to the lower level of the building and expanded to include landscaping and cosmetic updates to the courtyard area just to the south of City Hall. In addition, a pull-in lane will be added in front of the building to allow for short-term parking for customers wishing to quickly pay a utility bill, rent a park shelter, or visit City offices.

Other infrastructure projects were ongoing during 2017 such as street improvements, storm sewer replacements and improvements, and an expansion of Fire Station #2 to provide more living space for EMS personnel. Although the capital improvement fund is primarily used for governmental capital assets such as these, the City is committed to the repair and maintenance of business-type capital assets as well. Water rates increased each year since June 2013 and had a final planned increase in June of 2017. The City is taking steps to analyze water and sewer operations to determine the future utility rates that will be necessary to keep the systems strong.

#### **Requests for Information**

This financial report is designed to provide a general overview of the City's finances for City officials, members of the public and others who may have an interest in the City's financial standing. It also is designed to demonstrate the City's accountability for the money it receives from all sources, particularly the taxpayers of North Canton. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to Ms. Laura Brown, Director of Finance, City of North Canton, 145 North Main Street, North Canton, Ohio 44720.

## RECONCILIATION OF TOTAL GOVERNMENTAL FUND BALANCES TO NET POSITION OF GOVERNMENTAL ACTIVITIES DECEMBER 31, 2017

Total governmental fund balances		\$	15,291,070
Amounts reported for governmental activities on the Statement of Net Position are different because:			
Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds.			35,462,297
Other long-term assets are not available to pay for current- period expenditures and therefore are deferred inflows in the funds. Property taxes receivable Muncipal income taxes receivable	\$ 97,057 1,980,388		
Accounts receivable Special assessments receivable Intergovernmental receivable	94,439 4,638 578,103		
Accrued interest receivable Total	12,559	-	2,767,184
An internal service fund is used by management to charge the costs of insurance to individual funds. The assets and liabilities of the internal service fund are included in governmental			
activities on the Statement of Net Position.			1,343,703
An internal balance is recorded in governmental activities to reflect overpayments to the internal service fund by the business-type activities.			(385,147)
Accrued interest payable is not due and payable in the current period and therefore is not reported in the funds.			(4,351)
Unamortized deferred amounts on refundings are not recognized in the governmental funds.			67,354
Unamortized premiums on bond issuances are not recognized in the funds.			(122,376)
The net pension asset and net pension liability are not available to pay for current period expenditures and are not due and payable in the current period, respectively; therefore, the asset, liability and related deferred inflows/outflows are not reported in governmental funds.			
Net pension asset Deferred outflows of resources Deferred inflows of resources Net pension liability	20,360 3,029,495 (666,699) (9,040,865)		
Total	,	=	(6,657,709)
Long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported in the funds.			
Compensated absences Capital lease payable	(1,034,925) (10,661)		
General obligation bonds payable Total	(1,441,356)	-	(2,486,942)
Net position of governmental activities		\$	45,275,083

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED DECEMBER 31, 2017

Net change in fund balances - total governmental funds		\$	419,734
Amounts reported for governmental activities in the Statement of Activities are different because:			
statement of Activities are afferent because.			
Governmental funds report capital outlays as expenditures.			
However, in the Statement of Activities, the cost of those			
assets is allocated over their estimated useful lives as depreciation expense.			
Capital asset additions	\$ 3,394,861		
Current year depreciation	 (2,436,808)		
Total	 		958,053
The net effect of various miscellaneous transactions involving			
capital assets (i.e., sales, disposals, trade-ins, and donations) is to			
decrease net position.			(45,415)
Revenues in the Statement of Activities that do not provide			
current financial resources are not reported as revenues in			
the funds.			
Delinquent property taxes	17,073		
Municipal income taxes	327,119		
Charges for services	8,384		
Special assessments Intergovernmental	4,159 (1,548)		
Interest	(602)		
Other	6,545		
Total			361,130
Repayment of bond and lease principal is an expenditure in the			
governmental funds, but the repayment reduces long-term			
liabilities on the Statement of Net Position.			165,721
In the Statement of Activities, interest is accrued on outstanding			
bonds and loans, whereas in governmental funds, an interest expenditure is reported when due.			
Accrued interest payable	543		
Amortization of deferred amounts on refunding	13,909		
Amortization of bond premiums	 (5,214)		
Total			9,238
Some expenses reported in the Statement of Activities,			
such as compensated absences,			
do not require the use of current financial resources and therefore			
are not reported as expenditures in governmental funds.			114,576
Contractually required pension contributions are reported as expenditures			
in governmental funds; however, the Statement of Net Position reports			
these amounts as deferred outflows.			760,060
Except for amounts reported as deferred inflows/outflows, changes in			
the net pension asset/liability are reported as pension expense in the			
Statement of Activities.			(1,426,131)
The internal service fund used by management to charge			
the costs of insurance to individual funds is not reported in			
the government-wide Statement of Activities. Governmental fund			
expenditures and the related internal service fund revenues			
are eliminated. The net revenue (expense) of the internal			
service fund is allocated among the governmental activities.		-	3,698
Change in net position of governmental activities		\$	1,320,664

## NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2017

#### NOTE 1 - DESCRIPTION OF THE CITY

The City was incorporated as a village in 1831 and became a city in 1962. The City of North Canton (the "City") is a charter municipal corporation, incorporated under the laws of the State of Ohio. The City operates under a "Mayor-Administrator-Council" form of government. Elected officials include seven council members and a mayor.

#### **Reporting Entity**

The reporting entity has been defined in accordance with GASB Statement No. 14, "The Financial Reporting Entity" as amended by GASB Statement No. 39, "Determining Whether Certain Organizations Are Component Units" and GASB Statement No. 61, "The Financial Reporting Entity: Omnibus". The reporting entity is comprised of the primary government, component units and other organizations that are included to ensure that the financial statements are not misleading. The primary government of the City consists of all funds, departments, boards and agencies that are not legally separate from the City. For the City of North Canton this includes the departments that provide the following services: police, fire, emergency medical, parks and recreation, water and sewer, rubbish collection, street construction, maintenance and repair and general administrative services.

The Mayor is an elected official who has a fiduciary responsibility for the collection and disbursement of Mayor's Court fees and fines. This activity has been included in the City's financial statements as a special revenue fund.

Component units are legally separate organizations for which the City is financially accountable. The City is financially accountable for an organization if the City appoints a voting majority of the organization's Governing Board and (1) the City is able to significantly influence the programs or services performed or provided by the organization; (2) the City is legally entitled to or can otherwise access the organization's resources; (3) the City is legally obligated or has otherwise assumed the responsibility to finance deficits of or provide financial support to the organization; or (4) the City is obligated for the debt of the organization. Component units may also include organizations for which the City approves the budget, the issuance of debt, or the levying of taxes. Certain organizations are also included as component units if the nature and significance of the relationship between the primary government and the organization is such that exclusion by the primary government would render the primary governments financial statements incomplete or misleading. The City has one component unit.

Community Improvement Corporation (CIC) - The City of North Canton Community Improvement Corporation was formed pursuant to Ordinance 103-80 passed October 28, 1980. The CIC was designated as the not-for-profit agency of the City for industrial, commercial, distribution and research development. The membership of the CIC was expanded in 2005 and now includes the Mayor, Director of Administration, Director of Finance, President of Council, Chairperson of Council's Community and Economic Development Committee, one additional member appointed by Council and two members appointed by the Mayor. The CIC is also dependent on the City for financial support and is therefore presented as a component unit of the City. Financial statements can be obtained from the Director of Finance, Community Improvement Corporation, 145 North Main Street, North Canton, Ohio 44720.

The City participates in three jointly governed organizations: the Stark Council of Governments, the Stark County Combined General Health District and the Regional Income Tax Agency (RITA). These organizations are described in Note 20 of the Basic Financial Statements.

Information in the following notes to the basic financial statements is applicable to the primary government. Information relative to the component unit is presented in Note 23.

### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2017

#### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the City have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the City's accounting policies are described below.

#### A. Basis of Presentation

The City's basic financial statements consist of government-wide statements, including a Statement of Net Position and a Statement of Activities, and fund financial statements, which provide a more detailed level of financial information.

Government-wide Financial Statements - The Statement of Net Position and the Statement of Activities display information about the City as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The statements distinguish between those activities of the City that are governmental and those that are considered business-type activities. The activity of the internal service fund is eliminated to avoid "doubling up" revenues and expenses.

The Statement of Net Position presents the financial condition of the governmental and business-type activities of the City at year end. The Statement of Activities presents a comparison between direct expenses and program revenues for each program or function of the City's governmental activities and for the business-type activities of the City. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program and interest earned on grants that is required to be used to support a particular program. Revenues which are not classified as program revenues are presented as general revenues of the City, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each business segment or governmental program is self-financing or draws from the general revenues of the City. The City does not eliminate interfund services provided and used when consolidating activities.

**Fund Financial Statements** - During the year, the City segregates transactions related to certain City functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the City at this more detailed level. The focus of governmental and enterprise fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. The internal service fund is presented in a single column on the face of the proprietary fund statements. Fiduciary funds are reported by type.

#### B. Fund Accounting

The City uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The City's funds are classified as either governmental, proprietary or fiduciary.

# NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2017

#### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Governmental Funds - Governmental funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets plus deferred outflows less liabilities plus deferred inflows is reported as fund balance. The following are the City's major governmental funds:

**General fund** - The general fund is used to account for and report all financial resources not accounted for and reported in another fund. The general fund balance is available for any purpose provided it is expended or transferred according to the general laws of Ohio.

**Emergency medical services levy fund** - The emergency medical services levy fund accounts for property taxes levied that are restricted for the partial operation of the emergency medical service department.

*Capital improvement fund* - The capital improvement fund accounts for City income tax revenue that is committed and bond proceeds that are restricted for various capital projects.

Other governmental funds of the City are used to account for (a) financial resources that are restricted, committed, or assigned to expenditures for capital outlays including the acquisition or construction of capital facilities and other capital assets and (b) specific revenue sources that are restricted or committed to an expenditure for specified purposes other than debt service or capital projects.

**Proprietary Funds** - Proprietary fund reporting focuses on the determination of operating income, changes in net position, financial position and cash flows. Proprietary funds are classified as either enterprise or internal service.

**Enterprise Funds** - Enterprise funds may be used to account for any activity for which a fee is charged to external users for goods or services. The City's major enterprise funds are:

**Water fund** - This fund accounts for the treatment and provision of water to the residents and commercial users of the City and certain residents of the County.

**Sewer fund** - This fund accounts for the sanitary sewer services provided to the residents and commercial users of the City and certain residents of the County.

*Garbage fund* - This fund accounts for the garbage and recycling service provided by a successful bidder for the residential users of the City.

*Internal service fund* - The internal service fund accounts for the financing of services provided by one department or agency to other departments or agencies of the City on a cost reimbursement basis. The City's only internal service fund accounts for a self-insurance program for employee medical/surgical benefits.

Fiduciary Funds - Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private purpose trust funds and agency funds. Trust funds are used to account for assets held by the City under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the City's own programs. Agency funds are purely custodial (assets equal liabilities) and thus do not involve measurement of results of operations. The City's only agency fund is used to keep track of required deposits.

# NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2017

#### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

#### C. Measurement Focus

Government-wide Financial Statements - The government-wide financial statements are prepared using the economic resources measurement focus. All non-fiduciary assets, all deferred outflows of resources, all liabilities and all deferred inflows of resources associated with the operation of the City are included on the Statement of Net Position. The Statement of Activities presents increases (e.g. revenues) and decreases (e.g. expenses) in total net position.

Fund Financial Statements - All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets, current deferred outflows of resources, current liabilities and current deferred inflows of resources generally are included on the Balance Sheet. The Statement of Revenues, Expenditures and Changes in Fund Balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

Like the government-wide statements, all proprietary funds are accounted for on a flow of economic resources measurement focus. All assets, all deferred outflows of resources, all liabilities and all deferred inflows of resources associated with the operation of these funds are included on the Statement of Net Position. The Statement of Revenues, Expenses and Changes in Fund Net Position presents increases (i.e., revenues) and decreases (i.e., expenses) in net total assets. The Statement of Cash Flows provides information about how the City finances and meets the cash flow needs of its proprietary activities.

Agency funds do not report a measurement focus as they do not report operations.

#### D. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting; proprietary and fiduciary funds also use the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Differences in the accrual and modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred inflows, and in the presentation of expenses versus expenditures.

**Revenues - Exchange and Nonexchange Transactions -** Revenues resulting from exchange transactions, in which each party gives and receives essentially equal value, are recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the year in which the resources are measurable and become available. Available means that the resources will be collected within the current year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current year. For the City, available means expected to be received within thirty-one days of year end.

# NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2017

#### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Nonexchange transactions, in which the City receives value without directly giving equal value in return, include income taxes, property taxes, grants, entitlements and donations. On an accrual basis, revenue from income taxes is recognized in the period in which the income is earned. Revenue from property taxes is recognized in the year for which the taxes are levied (See Note 5). Revenue from grants, entitlements and donations is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the City must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the City on a reimbursement basis. On a modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at year end: income tax, State-levied locally shared taxes (including gasoline tax and motor vehicle license fees), fines and forfeitures, interest, grants and rentals.

**Deferred Outflows of Resources and Deferred Inflows of Resources** - In addition to assets, the government-wide statement of net position will report a separate section for deferred outflows of resources. Deferred outflows of resources, represents a consumption of net position that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until then. For the City, See Note 12 for deferred outflows of resources related the City's net pension liability. In addition, deferred outflows of resources include a deferred charge on debt refunding. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

In addition to liabilities, both the government-wide statement of net position and the governmental fund financial statements report a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net position that applies to a future period and will not be recognized as an inflow of resources (revenue) until that time. For the City, deferred inflows of resources include property taxes, payments in lieu of taxes and unavailable revenue. Property taxes represent amounts for which there is an enforceable legal claim as of December 31, 2017, but which were levied to finance 2018 operations. These amounts have been recorded as a deferred inflow of resources on both the government-wide statement of net position and the governmental fund financial statements. Unavailable revenue is reported only on the governmental funds balance sheet, and represents receivables which will not be collected within the available period. For the City, unavailable revenue includes, but is not limited to, income taxes, delinquent property taxes and intergovernmental grants. These amounts are deferred and recognized as an inflow of resources in the period the amounts become available.

For the City, See Note 12 for deferred inflows of resources related to the City's net pension liability. This deferred inflow of resources is only reported on the government-wide statement of net position.

Expenses/Expenditures - On the accrual basis of accounting, expenses are recognized at the time they are incurred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

# NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2017

## NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

#### E. Budgetary Process

All funds, except agency funds, are legally required to be budgeted and appropriated. Budgetary information for the Mayor's Court special revenue fund is not maintained because it is not included in the entity for which the "appropriated budget" is adopted. The major documents prepared are the alternate tax budget, the Certificate of Estimated Resources, and the appropriations resolution, all of which are prepared on the budgetary basis of accounting. The alternate tax budget demonstrates a need for existing or increased tax rates. The Certificate of Estimated Resources establishes a limit on the amount Council may appropriate. The appropriations resolution is Council's authorization to spend resources and sets annual limits on expenditures plus encumbrances at the level of control selected by Council. The legal level of control has been established by Council at the fund function level for all funds. Budgetary modification may only be made by resolution of the City Council at the legal level of control. Budgetary statements are presented beyond that legal level of control for information purposes only.

The Certificate of Estimated Resources may be amended during the year if projected increases or decreases in revenue are identified by the Finance Director. The amounts reported as the original budgeted amounts on the budgetary statements reflect the amounts on the Certificate of Estimated Resources when the original appropriations were adopted. The amounts reported as the final budgeted amounts on the budgetary statements reflect the amounts on the amended Certificate of Estimated Resources in effect at the time final appropriations were passed by Council.

The appropriation resolution is subject to amendment throughout the year with the restriction that appropriations cannot exceed estimated resources. The amounts reported as the original budgeted amounts reflect the first appropriation resolution for that fund that covered the entire year, including amounts automatically carried forward from prior years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by Council during the year.

#### F. Cash and Investments

To improve cash management, cash received by the City is pooled. Monies for all funds, including the proprietary funds, are maintained in this pool. Individual fund integrity is maintained through City records. Interest in the pool is presented as "equity in pooled cash and investments".

The City has segregated bank accounts for monies held separate from the City's central bank account. These interest bearing depository accounts are presented as "cash and cash equivalents in segregated accounts" since they are not required to be deposited into the City treasury.

Funding of the Community Improvement Corporation (CIC) is included on the financial statements as "cash and cash equivalents with escrow agent".

During 2017, investments were limited to Federal National Mortgage Association (FNMA) securities, Federal Home Loan Bank (FHLB) securities, Federal Home Loan Mortgage Corporation (FHLMC) securities, a U.S. Government money market, negotiable certificates of deposit, a City of Cincinnati municipal bonds and State Treasury Asset Reserve of Ohio (STAR Ohio).

# NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2017

#### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

During 2017, the City invested in STAR Ohio. STAR Ohio (the State Treasury Asset Reserve of Ohio), is an investment pool managed by the State Treasurer's Office which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but has adopted Governmental Accounting Standards Board (GASB), Statement No. 79, "Certain External Investment Pools and Pool Participants." The City measures its investment in STAR Ohio at the net asset value (NAV) per share provided by STAR Ohio. The NAV per share is calculated on an amortized cost basis that provides an NAV per share that approximates fair value.

For 2017, there were no limitations or restrictions on any participant withdrawals due to redemption notice periods, liquidity fees, or redemption gates. However, notice must be given 24 hours in advance of all deposits and withdrawals exceeding \$25 million. STAR Ohio reserves the right to limit the transaction to \$50 million, requiring the excess amount to be transacted the following business day(s), but only to the \$50 million limit. All accounts of the participant will be combined for these purposes.

Except for nonparticipating investment contracts, investments are reported at fair value which is based on quoted market prices. Nonparticipating investment contracts, such as repurchase agreements and non-negotiable certificates of deposit, are reported at cost.

Investment procedures are restricted by the provisions of the Ohio Revised Code. Interest revenue credited to the general fund during 2017 amounted to \$144,192, which includes \$123,936 assigned from other City funds.

Investments with an original maturity of three months or less and investments of the cash management pool are presented on the financial statements as cash equivalents.

## G. Prepaid Items

Payments made to vendors for services that will benefit periods beyond December 31, 2017, are recorded as prepaid items using the consumption method by recording a current asset for the prepaid amount at the time of the purchase and the expenditure/expense in the year in which services are consumed. At year end, because prepayments are not available to finance future governmental fund expenditures, a nonspendable fund balance is recorded by an amount equal to the carrying value of the asset on the fund financial statements.

#### H. Inventory

Inventories are presented at cost on a first-in, first-out basis and are expended/expensed when used. Inventory consists of expendable supplies. On the fund financial statements, reported material and supplies inventory is equally offset by a nonspendable fund balance which indicates that it does not constitute available spendable resources even though it is a component of net current assets.

#### I. Capital Assets

Governmental capital assets are those assets not specifically related to activities reported in the proprietary funds. These assets generally result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the government-wide Statement of Net Position, but are not reported in the fund financial statements. Capital assets utilized by the enterprise funds are reported both in the business-type activities column of the government-wide Statement of Net Position and in the respective funds.

# NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2017

#### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and deductions during the year. The City was able to estimate the historical cost for the initial reporting of infrastructure by backtrending (i.e., estimating the current replacement cost of the infrastructure to be capitalized and using an appropriate price-level index to deflate the cost to the acquisition year or estimated acquisition year). Donated capital assets are recorded at their acquisition values as of the date received. The City's capitalization threshold is \$5,000. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not. Interest incurred during the construction of capital assets utilized by the enterprise funds is also capitalized.

All reported capital assets except land, easements and right of ways and construction in progress are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Useful lives for infrastructure were estimated based on the City's historical records or necessary improvements and replacement. Depreciation is computed using the straight-line method over the following useful lives:

	Governmental	Business-Type
	Activities	Activities
<u>Description</u>	Estimated Lives	Estimated Lives
Land Improvements	20 years	10 - 40 years
Buildings	20 - 50 years	20 - 50 years
Equipment	10 - 15 years	3 - 15 years
Software	10 - 15 years	3 - 15 years
Infrastructure	20 - 50 years	40 years
Sewer Rights	n/a	40 years

The City's infrastructure consists of a streets subsystem, a storm sewers subsystem, a bridge subsystem, and water and sewer lines including infrastructure acquired before December 31, 1980.

#### J. Interfund Balances

On the fund financial statements, receivables and payables resulting from short-term interfund loans are classified as "interfund loans receivables/payables". Receivables and payables resulting from negative cash balances are classified as "due to/due from other funds". These amounts are eliminated in the governmental and business-type activities columns of the Statement of Net Position, except for the net residual amounts due between governmental and business-type activities, which are presented as internal balances.

## K. Compensated Absences

Vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable that the City will compensate the employees for the benefits through paid time off or some other means. The City records a liability for accumulated unused vacation time when earned for all employees with more than one year of service.

# NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2017

#### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Sick leave benefits are accrued as a liability using the vesting method. The liability includes the employees who are currently eligible to receive termination benefits and those the City has identified as probable of receiving payment in the future. The amount is based on accumulated sick leave and employees' wage rates at year end, taking into consideration any limits specified in the City's termination policy. The City records a liability for accumulated unused sick leave for employees after one year of service with the City.

On governmental fund financial statements, compensated absences are recognized as liabilities and expenditures to the extent payments come due each period upon the occurrence of employee resignations and retirements. These amounts are recorded in the account "compensated absences payable" in the fund from which the employees who have accumulated leave are paid. The noncurrent portion of the liability is not reported.

## L. Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements, and all payables, accrued liabilities and long-term obligations payable from proprietary funds are reported on the proprietary funds financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources, are reported as obligations of the funds. However, claims and judgments and compensated absences that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current year. Bonds are recognized as a liability on the governmental fund financial statements when due.

#### M. Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the City is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

<u>Nonspendable</u> - The nonspendable fund balance classification includes amounts that cannot be spent because they are not in spendable form or legally required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash. It also includes the long-term amount of loans receivable.

<u>Restricted</u> - Fund balance is reported as restricted when constraints are placed on the use of resources that are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments, or imposed by law through constitutional provisions or enabling legislation.

<u>Committed</u> - The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by a formal action (ordinance) of City Council (the highest level of decision making authority). Those committed amounts cannot be used for any other purpose unless City Council removes or changes the specified use by taking the same type of action (ordinance) it employed to previously commit those amounts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

# NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2017

#### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

<u>Assigned</u> - Amounts in the assigned fund balance classification are intended to be used by the City for specific purposes but do not meet the criteria to be classified as restricted nor committed. In governmental funds other than the general fund, assigned fund balance represents the remaining amount that is not restricted or committed. In the general fund, assigned amounts represent intended uses established by policies (resolutions) of City Council, which includes giving the Director of Finance the authority to constrain monies for intended purposes.

<u>Unassigned</u> - Unassigned fund balance is the residual classification for the general fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is only used to report a deficit fund balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned.

The City applies restricted resources first when expenditures are incurred for purposes for which restricted and unrestricted (committed, assigned, and unassigned) fund balance is available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

#### N. Net Position

Net position represents the difference between assets plus deferred outflows of resources and liabilities plus deferred inflows of resources. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction or improvement of those assets or related debt also should be included in this component of net position. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. None of the restricted net position on the government-wide Statement of Net Position is restricted by enabling legislation.

The City applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

#### O. Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. For the City, these revenues are for water, sewer, garbage and recycling and self-insurance programs. Operating expenses are necessary costs incurred to provide the goods or services that are the primary activity of the funds. All revenues and expenses not meeting these definitions are reported as non-operating.

## P. Contributions of Capital

Contributions of capital in governmental activities and proprietary fund financial statements arise from outside contributions of capital assets, tap-in fees to the extent they exceed the cost of the connection to the system, from grants or outside contributions of resources restricted to capital acquisition and construction, or from other funds within the City.

# NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2017

## NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

#### Q. Internal Activity

Transfers between governmental and business-type activities on the government-wide statements are reported in the same manner as general revenues. Internal allocations of overhead expenses from one function to another or within the same function are eliminated on the statement of activities. Interfund payments for services provided and used are not eliminated.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

#### R. Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

#### S. Unamortized Bond Premiums, Unamortized Accounting Loss and Bond Issuance Costs

Bond premiums are deferred and amortized over the term of the bonds using the straight-line method, which approximates the effective interest method. Bond premiums are presented as an addition to the face amount of the bonds.

On the governmental fund financial statements, bond premiums are recognized in the current period. The reconciliation between the bonds face value and the amount reported on the Statement of Net Position is presented in Note 16.

For advance refundings resulting in the defeasance of debt, the difference between the reacquisition price and the net carrying amount of the old debt is deferred and amortized as a component of interest expense. This accounting gain or loss is amortized over the remaining life of the old debt or the life of the new debt, whichever is shorter, and is presented as a deferred outflow of resources.

Bond issuance costs are expensed when they occur.

## T. Extraordinary and Special Items

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of the City Administration and that are either unusual in nature or infrequent in occurrence. Neither type of transaction occurred during 2017.

## U. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the pension plans and additions to/deductions from their fiduciary net position have been determined on the same basis as they are reported by the pension systems. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. The pension systems report investments at fair value.

# NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2017

#### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

#### V. Fair Value Measurements

The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

#### NOTE 3 - ACCOUNTABILITY AND COMPLIANCE

## A. Change in Accounting Principles

For 2017, the City has implemented GASB Statement No. 80, "Blending Requirements for Certain Component Units - An Amendment of GASB Statement No. 14", GASB Statement No. 81 "Irrevocable Split-Interest Agreements", and GASB Statement No. 82, "Pension Issues - An Amendment of GASB Statements No. 67, No. 68, and No. 73".

GASB Statement No. 80 amends the blending requirements for the financial statement presentation of component units. The additional criterion requires blending of a component unit incorporated as a not-for-profit corporation in which the primary government is the sole corporate member. The implementation of GASB Statement No. 80 did not have an effect on the financial statements of the City.

GASB Statement No. 81 improves the accounting and financial reporting for irrevocable split-interest agreements by providing recognition and measurement guidance for situations in which a government is a beneficiary of the agreement. The implementation of GASB Statement No. 81 did not have an effect on the financial statements of the City.

GASB Statement No. 82 addresses issues regarding (1) the presentation of payroll-related measures in required supplementary information, (2) the selection of assumptions and the treatment of deviations from the guidance in an Actuarial Standard of Practice for financial reporting purposes, and (3) the classification of payments made by employers to satisfy employee (plan member) contribution requirements. The implementation of GASB Statement No. 82 did not have an effect on the financial statements of the City.

#### **B.** Deficit Fund Balances

Fund balances at December 31, 2017 included the following individual fund deficit:

Nonmajor fund	<u>Deficit</u>
Issue II fund	\$ 9.500

The general fund is liable for any deficit in this fund and provides transfers when cash is required, not when accruals occur. The deficit fund balance resulted from adjustments for accrued liabilities.

# NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2017

#### **NOTE 4 - DEPOSITS AND INVESTMENTS**

Monies held by the City are classified by State Statute into three categories:

Active deposits are public deposits necessary to meet current demands on the treasury. Such monies must be maintained either as cash in the City Treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that Council has identified as not required for use within the current five year period of designation of depositories. Inactive deposits must be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits in interim monies. Interim monies are those monies which are not needed for immediate use, but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts including passbook accounts.

Interim monies may be deposited or invested in the following:

- 1. United States Treasury Notes, Bills, Bonds, or any other obligation or security issued by the United States Treasury or any other obligation guaranteed as to principal or interest by the United States;
- 2. Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality, including, but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
- 3. Written repurchase agreements in the securities listed above provided that the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and that the term of the agreement must not exceed thirty days;
- 4. Bonds and other obligations of the State of Ohio;
- 5. No-load money market mutual funds consisting exclusively of obligations described in items (1) or (2) above and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
- 6. The State Treasurer's investment pool (STAR Ohio);
- 7. High grade commercial paper for a period not to exceed 270 days in an amount not to exceed twenty-five percent of the City's interim monies available for investment; and,
- 8. Bankers acceptances for a period not to exceed 270 days and in an amount not to exceed twenty-five percent of the City's interim monies available for investment.

# NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2017

#### NOTE 4 - DEPOSITS AND INVESTMENTS - (Continued)

The City may also invest any monies not required to be used for a period of six months or more in the following:

- 1. Bonds of the State of Ohio;
- 2. Bonds of any municipal corporation, village, county, township, or other political subdivision of this State, as to which there is no default of principal, interest or coupons; and,
- 3. Obligations of the City.

Protection of the City's deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, by surety company bonds deposited with the treasurer by the financial institution, or by a single collateral pool established by the financial institution to secure the repayment of all public moneys deposited with the institution.

Investments in stripped principal or interest obligations, reverse repurchase agreements, and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. An investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the City, and must be purchased with the expectation that it will be held to maturity. Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the treasurer or qualified trustee or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

## A. Cash in Segregated Accounts

At year end, the City had monies held outside of the City treasury. These depository accounts were established for the general trust fund (a nonmajor governmental fund), the law enforcement trust fund (a nonmajor governmental fund) and for deposit and construction escrow (agency fund). These depository accounts are included in "deposits with financial institutions" below.

#### B. Deposits with Financial Institutions

At December 31, 2017, the carrying amount of all City deposits was \$3,015,514. Based on the criteria described in GASB Statement No. 40, "Deposits and Investment Risk Disclosures", as of December 31, 2017, \$3,230,528 of the City's bank balance of \$3,740,783 was exposed to custodial risk as discussed below, while \$510,255 was covered by the FDIC and \$3,230,528 was covered by the Ohio Pooled Collateral System.

Custodial credit risk is the risk that, in the event of bank failure, the City will not be able to recover deposits or collateral securities that are in the possession of an outside party. The City has no deposit policy for custodial credit risk beyond the requirements of State statute. Ohio law requires that deposits either be insured or protected by (1) eligible securities pledged to the City and deposited with a qualified trustee by the financial institution as security for repayment whose market value at all times shall be at least 105 percent of the deposits being secured, or (2) participation in the Ohio Pooled Collateral System (OPCS), a collateral pool of eligible securities deposited with a qualified trustee and pledged to the Treasurer of State to secure the repayment of all public monies deposited in the financial institution. OPCS requires the total market value of the securities pledged to be 102 percent of the deposits being secured or a reduced rate set by the Treasurer of State.

# NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2017

#### NOTE 4 - DEPOSITS AND INVESTMENTS - (Continued)

#### C. Investments

As of December 31, 2017, the City had the following investments and maturities:

				Investment Maturities								
Measurement/	M	easurement	6	months or		7 to 12		13 to 18	19 to 24		Gr	eater than
<u>Investment type</u>		Value		less	-	months	_	months	months	_	_24	1 months
Fair value:												
FHLB	\$	562,042	\$	-	\$	-	\$	-	\$	-	\$	562,042
FHLMC		257,474		-		-		-		-		257,474
FNMA		988,437		-		-		-	987,12	20		1,317
Negotiable CD's		5,712,776		494,820		1,500,795		543,026	908,31	5	2	2,265,820
City of Cincinnati bonds		271,817		-		-		-		-		271,817
U.S. Government money market		35,191		35,191		-		-		-		-
Amortized cost:												
STAR Ohio		13,687,792	_1	3,687,792	_					_		
Total	\$	21,515,529	\$ 1	4,217,803	\$	1,500,795	\$	543,026	\$1,895,43	5	\$ 3	3,358,470

The weighted average of maturity of investments is 0.76 years.

The City's investments in U.S. Government money market mutual funds are valued using quoted market prices in active markets (Level 1 inputs). The City's investments in federal agency securities (FHLB, FNMA, FHLMC), negotiable CD's and City of Cincinnati bonds are valued using quoted prices in markets that are not considered to be active, dealer quotations or alternative pricing sources for similar assets or liabilities for which all significant inputs are observable, either directly or indirectly (Level 2 inputs).

*Interest Rate Risk:* As a means of limiting its exposure to fair value losses arising from rising interest rates and according to State law, the City's investment policy limits investment portfolio maturities to five years or less.

*Credit Risk:* The City's investments in federal agency securities, were rated AA+ and Aaa by Standard & Poor's and Moody's Investor Services, respectively. The City's investment in the City of Cincinnati's bonds were rated AAA by Standards & Poor's. Standards & Poor's has assigned the U.S. Government money market and STAR Ohio an AAAm rating. The City limits its investments to those authorized by State statute.

Custodial Credit Risk: For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The federal agency securities are exposed to custodial credit risk in that they are uninsured, unregistered and held by the counterparty's trust department or agent, but not in the City's name. The City has no investment policy dealing with investment custodial risk beyond the requirement in State statute that prohibits payment for investments prior to the delivery of the securities representing such investments to the Director of Finance or qualified trustee.

## NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2017

#### **NOTE 4 - DEPOSITS AND INVESTMENTS - (Continued)**

Concentration of Credit Risk: The City places no limit on the amount that may be invested in any one issuer. The following table includes the percentage of each investment type held by the City at December 31, 2017:

Measurement/	Me	easurement	
<u>Investment type</u>		Value	% of Total
Fair value:			
FHLB	\$	562,042	2.61
FHLMC		257,474	1.20
FNMA		988,437	4.59
Negotiable CD's		5,712,776	26.55
City of Cincinnati bonds		271,817	1.26
U.S. Government money market		35,191	0.16
Amortized cost:			
STAR Ohio	_	13,687,792	63.62
Total	\$	21,515,529	99.99

#### D. Reconciliation of Cash and Investments to the Statement of Net Position

The following is a reconciliation of cash and investments as reported in the note above to cash and investments as reported on the Statement of Net Position as of December 31, 2017:

Cash and investments per note		
Carrying amount of deposits	\$	3,015,514
Investments		21,515,529
Total	\$	24,531,043
Cash and investments per Statement of Net Position	<u>on</u>	
Governmental activities	\$	16,495,283
Business-type activities		7,956,820
Agency fund		78,940
Total	\$	24,531,043

## **NOTE 5 - PROPERTY TAXES**

Property taxes include amounts levied against all real and public utility property located in the City. Taxes collected from real property taxes (other than public utility) in one calendar year are levied in the preceding calendar year on the assessed value as of January 1 of that preceding year, the lien date. Assessed values are established by the County Auditor at 35 percent of appraised market value. All property is required to be revaluated every six years. Real property taxes are payable annually or semi-annually. If paid annually, payment is due December 31; if paid semi-annually, the first payment is due December 31, with the remainder payable by June 20. Under certain circumstances, State statute permits later payment dates to be established.

Public utility real taxes collected in one calendar year are levied in the preceding calendar year on assessed values determined as of December 31 of the second year proceeding the tax collection year, the lien date. Public utility real property is assessed at 35 percent of true value. 2017 public utility property taxes became a lien December 31, 2016, are levied after October 1, 2017, and are collected in 2018 with real property taxes. Public utility property taxes are payable on the same dates as real property taxes described previously.

# NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2017

#### **NOTE 5 - PROPERTY TAXES - (Continued)**

The County Treasurer collects property taxes on behalf of all taxing districts in the County, including the City of North Canton. The County Auditor periodically remits to the City its portion of the taxes collected. Property taxes receivable represents real property taxes, public utility taxes and outstanding delinquencies which are measurable as of December 31, 2017 and for which there is an enforceable legal claim. In the governmental funds, the current portion receivable has been offset by a deferred inflow of resources since the current taxes were not levied to finance 2017 operations and the collection of delinquent taxes has been offset by a deferred inflow of resources since the collection of the taxes during the available period is not subject to reasonable estimation. On a full accrual basis, collectible delinquent property taxes have been recorded as a receivable and revenue while on a modified accrual basis the revenue is deferred.

The full tax rate for all City operations for the year ended December 31, 2017 was \$7.40 per \$1,000 of assessed value. The assessed values of real and tangible personal property upon which 2017 property tax receipts were based are as follows:

#### Real property

Residential/agricultural	\$ 301,311,680
Commercial/industrial/mineral	85,356,080
Public utility	7,717,590
Total assessed value	\$ 394,385,350

#### **NOTE 6 - RECEIVABLES**

Receivables at December 31, 2017, consisted primarily of municipal income taxes, property and other taxes and intergovernmental receivables arising from grants, entitlements, and shared revenues, special assessments, accrued interest on investments and accounts (billings for utility service).

An allowance for doubtful accounts in the amount of \$73,407 has been recorded for accounts that are expected to be uncollectible. All receivables except for delinquent property taxes and special assessments are expected to be collected within one year. Property taxes, although ultimately collectible, include some portion of delinquencies that will not be collected within one year.

Special assessments expected to be collected in more than one year amount to \$47,809. At December 31, 2017, the amount of delinquent special assessments was \$3,757.

## NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2017

#### **NOTE 6 - RECEIVABLES - (Continued)**

#### A. Intergovernmental Receivable

A summary of intergovernmental receivables follows:

#### **Governmental activities:**

Local government	\$ 137,059
Homestead and rollback	57,269
BWC refund	4,569
Street construction, maintenance and repair	348,121
Fire operating levy	11,404
Emergency medical services	57,628
Storm sewer levy	22,482
Street levy	22,482
Continuing enforcement education	9,640
Total governmental activities	\$ 670,654
<b>Business-type activities:</b>	
Water	\$ 1,813
Sewer	617
Garbage	 15,464
Total business-type activities	\$ 17,894

## **B.** Municipal Income Taxes

The City levies a municipal income tax of 1.5 percent on all income earned within the City as well as on income of residents earned outside of the City. In the latter case, the City allows a credit of 100 percent on the income earned outside of the City and paid to another municipality. Employers within the City are required to withhold income tax on employee earnings and remit the tax to the City either on a monthly basis or quarterly basis, depending on the tax liability. Corporations and other individual taxpayers are required to pay their estimated tax at least quarterly and file a final return annually.

According to the City's Income Tax Ordinance, income tax revenues are to be allocated as follows: (1) Such part thereof as shall be necessary to defray all costs of collection, administration and enforcement of the entire tax imposed by this Ordinance, (2) the balance of the one percent shall be allocated as follows: three-tenths to the Capital Improvement Fund and seven-tenths for general operating purposes, for uses, in each case, as determined by Council and (3) the remaining one-half percent so imposed shall be allocated for general municipal operations and capital improvements in amounts and for uses, in each case, as determined by Council. Additional increases in the income tax rate would require voter approval.

# NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2017

#### **NOTE 7 - RISK MANAGEMENT**

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees and natural disasters. During 2017, the City contracted with Public Entities Pool of Ohio for the following coverages:

Legal Liability \$6,	000,000
Automobile Liability \$6,	000,000
Law Enforcement Operations \$6,	000,000
Wrongful Acts \$6,	000,000
Property Coverage/Equipment Breakdown \$48	3,529,379
Earthquake Coverage \$1,	000,000
Flood Coverage \$1,	000,000
Employee Dishonesty \$10	00,000
Electronic Data Processing \$50	,000
Miscellaneous Property \$72	25,253
Automobile Physical Damage \$6,	000,000

Settled claims have not exceeded this commercial coverage in any of the past three years. There has not been a significant reduction in coverage from the prior year.

The City pays the State Workers' Compensation System a premium based on a rate per \$100 of salaries. This rate is calculated based on accident history and administrative costs. The City is part of the group rating plan through the Ohio Municipal League with CompManagement as the Third Party Administrator.

The City has elected to provide employee medical/surgical benefits through a self-insured program. The City maintains a self-insurance internal service fund to account for and finance its uninsured risks of loss in this program. This plan provides a medical/surgical plan with a \$100 single and \$200 family deductible for innetwork providers and a \$500 single and \$1,000 family deductible for out-of-network providers. The City uses a third party administrator to review, process and pay all claims on behalf of the City.

The City purchases stop-loss coverage for claims in excess of \$50,000 per employee per year and an aggregate of \$1,000,000. The City pays into the self-insurance internal service fund \$1,316 for family coverage or \$506 for individual coverage per employee per month which represents the entire premium required. This premium is paid by the fund that pays the salary of the employee and is based on historical cost information.

The claims liability of \$180,206 reported in the internal service fund at December 31, 2017 is estimated by a third party administrator and is based on the requirements of Governmental Accounting Standards Board Statement No. 10, "Accounting and Financial Reporting for Risk Financing and Related Insurance Issues", as amended by GASB Statement No. 30, "Risk Financing Omnibus", which requires that a liability for unpaid claims costs, including estimates of costs relating to incurred but not reported claims, be reported. The estimate was not affected by incremental claim adjustment expenses and does not include other allocated or unallocated claim adjustment expenses. Changes in the fund's claims liability amounts in 2017 and 2016 are:

	Balance at			Balance
	Beginning of Year	Current Year Claims	Claims Payments	at End of Year
2017	\$ 53,625	\$ 813,161	\$ (686,580)	\$ 180,206
2016	154,990	660,311	(761,676)	53,625

# NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2017

#### **NOTE 8 - OPERATING LEASE**

In July 2003, the City acquired the premises known as The Fairways (formerly Arrowhead Country Club) for \$4.2 million. This area, approximately 105 acres, includes a golf course, clubhouse and pool. The City intends to keep the property operating as a golf course. The property is insured by the operating tenant with certificate of insurance provided to the City which is provided protection as an additional insured on the liability section and loss payee on the property section.

In December 2003, the City entered into a triple-net lease agreement with a golf course operator effective January 1, 2004. A triple-net lease means the lessee is responsible for operations, insurance and taxes. The initial lease agreement was for five years with an option to extend. Upon the expiration of the original agreement, a new lease agreement was entered into in December 2008 with a golf course operator, R&S Golf Properties, Inc. The new lease agreement is for an initial term of three years with an option to extend it an additional three years. On December 12, 2011, the lease agreement was extended for another three years. In July 2014, the lease agreement was extended for another three years. The lessee is responsible for the complete operations of the golf course and clubhouse. The lessee is also required to make \$80,000 in capital improvements in each of the lease. As of December 31, 2017, R&S Golf Properties, Inc. has not made the lease payment related to 2017. At this time, it is unknown if the lease will be extended, as the City is working with R&S Golf Properties, Inc. to bring the operator into compliance with the terms of the lease.

The assets involved in the lease are as follows:

	Governmental Activities
Asset:	
Land	\$ 1,780,214
Buildings	1,648,340
Land improvements	592,759
Equipment	176,749
Subtotal	4,198,062
Less: accumulated depreciation	(1,260,765)
Total	\$ 2,937,297

# NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2017

## **NOTE 9 - CONTRACTUAL COMMITMENTS**

The City had the following contractual commitments outstanding at December 31, 2017:

	Contract	Amount	Amount
<u>Vendor</u>	Amount	<u>Expended</u>	Outstanding
AtNet Plus	\$ 250,000	\$ (190,561)	\$ 59,439
Burch Hydro Inc	250,000	(85,194)	164,806
Cargill	405,000	(332,089)	72,911
Carmeuse Lime Inc	350,000	(318,319)	31,681
Central Allied Enterprises Inc	672,000	(385,533)	286,467
Coon Caulking & Sealants Inc	518,104	-	518,104
Easton Construction Inc	132,500	-	132,500
Northstar Asphalt Inc	1,498,500	(1,366,586)	131,914
Stark County Treasurer	1,799,550	(1,441,590)	357,960
Total Contractual Commitments	\$ 5,875,654	\$ (4,119,872)	\$ 1,755,782

## **NOTE 10 - OTHER COMMITMENTS**

The City utilizes encumbrance accounting as part of its budgetary controls. Encumbrances outstanding at year end may be reported as part of restricted, committed, or assigned classifications of fund balance. At year end, the City's commitments for encumbrances in the governmental funds were as follows:

	Y	Year End
<u>Fund</u>	En	cumbrances
General fund	\$	146,941
Emergency medical service levy fund		3,772
Capital improvement fund		1,323,985
Other governmental		252,069
Total	\$	1,726,767

# NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2017

# NOTE 11 - CAPITAL ASSETS

## A. Governmental Activities

Governmental capital asset activity for the year ended December 31, 2017, was as follows:

	Balance			Balance
<b>Governmental activities:</b>	12/31/16	Additions	<u>Deductions</u>	12/31/17

# NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2017

#### **NOTE 12 - DEFINED BENEFIT PENSION PLANS**

#### Net Pension Liability/Asset

The net pension liability/asset reported on the statement of net position represents a liability or asset to employees for pensions. Pensions are a component of exchange transactions—between an employer and its employees—of salaries and benefits for employee services. Pensions are provided to an employee—on a deferred-payment basis—as part of the total compensation package offered by an employer for employee services each financial period. The obligation to sacrifice resources for pensions is a present obligation because it was created as a result of employment exchanges that already have occurred.

The net pension liability/asset represents the City's proportionate share of each pension plan's collective actuarial present value of projected benefit payments attributable to past periods of service, net of each pension plan's fiduciary net position. The net pension liability/asset calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting this estimate annually.

The Ohio Revised Code limits the City's obligation for this liability to annually required payments. The City cannot control benefit terms or the manner in which pensions are financed; however, the City does receive the benefit of employees' services in exchange for compensation including pension.

GASB 68 assumes any net pension liability is solely the obligation of the employer, because (1) they benefit from employee services; and (2) State statute requires all funding to come from these employers. All contributions to date have come solely from these employers (which also includes costs paid in the form of withholdings from employees). State statute requires the pension plans to amortize unfunded liabilities within 30 years. If the amortization period exceeds 30 years, each pension plan's board must propose corrective action to the State legislature. Any resulting legislative change to benefits or funding could significantly affect the net pension liability. Resulting adjustments to the net pension liability would be effective when the changes are legally enforceable.

The proportionate share of each plan's unfunded benefits or overfunded benefits is presented as a long-term *net pension liability* or *net pension asset*, respectively, on the accrual basis of accounting. Any liability for the contractually-required pension contribution outstanding at the end of the year is included in *intergovernmental payable* on both the accrual and modified accrual bases of accounting.

#### Plan Description - Ohio Public Employees Retirement System (OPERS)

Plan Description - City employees, other than full-time police and firefighters, participate in the Ohio Public Employees Retirement System (OPERS). OPERS administers three separate pension plans. The Traditional Pension Plan is a cost-sharing, multiple-employer defined benefit pension plan. The Member-Directed Plan is a defined contribution plan and the Combined Plan is a cost-sharing, multiple-employer defined benefit pension plan with defined contribution features. While members (e.g. City employees) may elect the Member-Directed Plan and the Combined Plan, substantially all employee members are in OPERS' Traditional Pension Plan.

OPERS provides retirement, disability, survivor and death benefits, and annual cost of living adjustments to members of the Traditional Pension Plan. Authority to establish and amend benefits is provided by Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report that includes financial statements, required supplementary information and detailed information about OPERS' fiduciary net position that may be obtained by visiting <a href="https://www.opers.org/financial/reports.shtml">https://www.opers.org/financial/reports.shtml</a>, by writing to the Ohio Public Employees Retirement System, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling 800-222-7377.

# NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2017

## NOTE 12 - DEFINED BENEFIT PENSION PLANS - (Continued)

Senate Bill (SB) 343 was enacted into law with an effective date of January 7, 2013. In the legislation, members were categorized into three groups with varying provisions of the law applicable to each group. The following table provides age and service requirements for retirement and the retirement formula applied to final average salary (FAS) for the three member groups under the Traditional Pension Plan as per the reduced benefits adopted by SB 343 (see OPERS CAFR referenced above for additional information):

Group A
Eligible to retire prior to
January 7, 2013 or five years
after January 7, 2013
State and Local

# Group B 20 years of service credit prior to January 7, 2013 or eligible to retire ten years after January 7, 2013

# Group C Members not in other Groups and members hired on or after January 7, 2013

## Age and Service Requirements:

Age 60 with 60 months of service credit or Age 55 with 25 years of service credit

#### Formula

2.2% of FAS multiplied by years of service for the first 30 years and 2.5% for service years in excess of 30

## State and Local

Age and Service Requirements:
Age 60 with 60 months of service credit
or Age 55 with 25 years of service credit

#### Formula:

2.2% of FAS multiplied by years of service for the first 30 years and 2.5% for service years in excess of 30

# State and Local Age and Service Requirements:

Age 57 with 25 years of service credit or Age 62 with 5 years of service credit

#### Formula

2.2% of FAS multiplied by years of service for the first 35 years and 2.5% for service years in excess of 35

Final average Salary (FAS) represents the average of the three highest years of earnings over a member's career for Groups A and B. Group C is based on the average of the five highest years of earnings over a member's career.

Members who retire before meeting the age and years of service credit requirement for unreduced benefits receive a percentage reduction in the benefit amount.

When a benefit recipient has received benefits for 12 months, an annual cost of living adjustment (COLA) is provided. This COLA is calculated on the base retirement benefit at the date of retirement and is not compounded. For those retiring prior to January 7, 2013, the COLA will continue to be a 3.00% simple annual COLA. For those retiring subsequent to January 7, 2013, beginning in calendar year 2019, the COLA will be based on the average percentage increase in the Consumer Price Index, capped at 2.25%.

Benefits in the Combined Plan consist of both an age-and-service formula benefit (defined benefit) and a defined contribution element. The defined benefit element is calculated on the basis of age, FAS, and years of service. Eligibility regarding age and years of service in the Combined Plan is the same as the Traditional Pension Plan. The benefit formula for the defined benefit component of the plan for State and Local members in transition Groups A and B applies a factor of 1.00% to the member's FAS for the first 30 years of service.

A factor of 1.25% is applied to years of service in excess of 30. The benefit formula for transition Group C applies a factor of 1.0% to the member's FAS and the first 35 years of service and a factor of 1.25% is applied to years in excess of 35. Persons retiring before age 65 with less than 30 years of service credit receive a percentage reduction in benefit. The defined contribution portion of the benefit is based on accumulated member contributions plus or minus any investment gains or losses on those contributions. Members retiring under the Combined Plan receive a 2.25% COLA adjustment on the defined benefit portion of their benefit.

Defined contribution plan benefits are established in the plan documents, which may be amended by the OPERS's Board of Trustees. Member-Directed Plan and Combined Plan members who have met the retirement eligibility requirements may apply for retirement benefits. The amount available for defined contribution benefits in the Combined Plan consists of the member's contributions plus or minus the investment gains or losses resulting from the member's investment selections. The amount available for defined contribution benefits in the Member-Directed Plan consists of the members' contributions, vested employer contributions and investment gains or losses resulting from the members' investment selections.

# NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2017

#### NOTE 12 - DEFINED BENEFIT PENSION PLANS - (Continued)

Employer contributions and associated investment earnings vest over a five-year period, at a rate of 20% each year. For additional information, see the Plan Statement in the OPERS CAFR.

Funding Policy - The Ohio Revised Code (ORC) provides statutory authority for member and employer contributions as follows:

	State		
	and Local		
2017 Statutory Maximum Contribution Rates			
Employer	14.0	%	
Employee	10.0	<b>%</b>	
2017 Actual Contribution Rates			
Employer:			
Pension	13.0	%	
Post-employment Health Care Benefits	1.0	%	
Total Employer	14.0	%	
Employee	10.0	%	

Employer contribution rates are actuarially determined and are expressed as a percentage of covered payroll.

The City's contractually required contribution for the Traditional Pension Plan, the Combined Plan and Member-Directed Plan was \$549,847 for 2017. Of this amount, \$90,988 is reported as intergovernmental payable.

#### Plan Description – Ohio Police & Fire Pension Fund (OP&F)

Plan Description - City full-time police and firefighters participate in Ohio Police and Fire Pension Fund (OP&F), a cost-sharing, multiple-employer defined benefit pension plan administered by OP&F. OP&F provides retirement and disability pension benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefit provisions are established by the Ohio State Legislature and are codified in Chapter 742 of the Ohio Revised Code. OP&F issues a publicly available financial report that includes financial information and required supplementary information and detailed information about OP&F fiduciary net position. The report that may be obtained by visiting the OPF website at <a href="www.op-f.org">www.op-f.org</a> or by writing to the Ohio Police and Fire Pension Fund, 140 East Town Street, Columbus, Ohio 43215-5164.

Upon attaining a qualifying age with sufficient years of service, a member of OP&F may retire and receive a lifetime monthly pension. OP&F offers four types of service retirement: normal, service commuted, age/service commuted and actuarially reduced. Each type has different eligibility guidelines and is calculated using the member's average annual salary. The following discussion of the pension formula relates to normal service retirement.

For members hired after July 1, 2013, the minimum retirement age is 52 for normal service retirement with at least 25 years of service credit. For members hired on or before after July 1, 2013, the minimum retirement age is 48 for normal service retirement with at least 25 years of service credit.

The annual pension benefit for normal service retirement is equal to a percentage of the allowable average annual salary. The percentage equals 2.50% for each of the first 20 years of service credit, 2.00% for each of the next five years of service credit and 1.50% for each year of service credit in excess of 25 years. The maximum pension of 72.00% of the allowable average annual salary is paid after 33 years of service credit.

## NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2017

## **NOTE 12 - DEFINED BENEFIT PENSION PLANS - (Continued)**

Under normal service retirement, retired members who are at least 55 years old and have been receiving OPF benefits for at least one year may be eligible for a cost-of-living allowance adjustment. The age 55 provision for receiving a COLA does not apply to those who are receiving a permanent and total disability benefit and statutory survivors.

Members retiring under normal service retirement, with less than 15 years of service credit on July 1, 2013, will receive a COLA equal to either three percent or the percent increase, if any, in the consumer price index (CPI) over the 12-month period ending on September 30 of the immediately preceding year, whichever is less. The COLA amount for members with at least 15 years of service credit as of July 1, 2013 is equal to three percent of their base pension or disability benefit.

Funding Policy - The Ohio Revised Code (ORC) provides statutory authority for member and employer contributions as follows:

	Police	Firefighters			
2017 Statutory Maximum Contribution Rates					
Employer	19.50	<b>%</b>	24.00	<b>%</b>	
Employee	12.25	<b>%</b>	12.25	<b>%</b>	
2017 Actual Contribution Rates					
Employer:					
Pension	19.00	%	23.50	%	
Post-employment Health Care Benefits	0.50	<b>%</b>	0.50	<b>%</b>	
Total Employer	19.50	%	24.00	%	
Employee	12.25	%	12.25	%	

Employer contribution rates are expressed as a percentage of covered payroll. The City's contractually required contribution to OP&F was \$455,266 for 2017. Of this amount \$88,420 is reported as intergovernmental payable.

# Pension Liabilities/Assets, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

The net pension liability and net pension asset for the OPERS Traditional Pension Plan, Combined Plan and Member-Directed Plan, respectively, were measured as of December 31, 2016, and the total pension liability or asset used to calculate the net pension liability or asset was determined by an actuarial valuation as of that date. OP&F's total pension liability was measured as of December 31, 2016, and was determined by rolling forward the total pension liability as of January 1, 2016, to December 31, 2016. The City's proportion of the net pension liability or asset was based on the City's share of contributions to the pension plan relative to the contributions of all participating entities.

# NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2017

# NOTE 12 - DEFINED BENEFIT PENSION PLANS - (Continued)

Following is information related to the proportionate share and pension expense:

			OPERS -

## **Actuarial Assumptions - OPERS**

Actuarial valuations of an ongoing plan involve estimates of the values of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and cost trends. Actuarially determined amounts are subject to continual review or modification as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation. The total pension liability was determined by an actuarial valuation as of December 31, 2016, using the following actuarial assumptions applied to all prior periods included in the measurement in accordance with the requirements of GASB 67. In 2016, the Board's actuarial consultants conducted an experience study for the period 2011 through 2015, comparing assumptions to actual results. The experience study incorporates both a historical review and forward-looking projections to determine the appropriate set of assumptions to keep the plan on a path toward full funding. Information from this study led to changes in both demographic and economic assumptions, with the most notable being a reduction in the actuarially assumed rate of return from 8.00% down to 7.50%, for the defined benefit investments, decreasing the wage inflation from 3.75% to 3.25% and changing the future salary increases from a range of 4.25%-10.05% to 3.25%-10.75%. Key methods and assumptions used in the latest actuarial valuation, reflecting experience study results, are presented below.

Wage inflation Future salary increases, including inflation COLA or ad hoc COLA

Investment rate of return Actuarial cost method 3.25%
3.25% to 10.75% including wage inflation
Pre 1/7/2013 retirees: 3.00%, simple
Post 1/7/2013 retirees: 3.00%, simple
through 2018, then 2.15% simple
7.50%
Individual entry age

# NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2017

#### NOTE 12 - DEFINED BENEFIT PENSION PLANS - (Continued)

Mortality rates are based on the RP-2014 Healthy Annuitant mortality table. For males, Healthy Annuitant Mortality tables were used, adjusted for mortality improvement back to the observation period base of 2006 and then established the base year as 2015. For females, Healthy Annuitant Mortality tables were used, adjusted for mortality improvements back to the observation period base year of 2006 and then established the base year as 2010. The mortality rates used in evaluating disability allowances were based on the RP-2014 Disabled mortality tables, adjusted for mortality improvement back to the observation base year of 2006 and then established the base year as 2015 for males and 2010 for females. Mortality rates for a particular calendar year for both healthy and disabled retiree mortality tables are determined by applying the MP-2015 mortality improvement scale to the above described tables.

The most recent experience study was completed for the five-year period ended December 31, 2015.

The long-term rate of return on defined benefit investment assets was determined using a building-block method in which best-estimate ranges of expected future real rates of return are developed for each major asset class. These ranges are combined to produce the long-term expected real rate of return by weighting the expected future real rates of return by the target asset allocation percentage, adjusted for inflation.

During 2016, OPERS managed investments in four investment portfolios: the Defined Benefit portfolio, the 401(h) Health Care Trust portfolio, the 115 Health Care Trust portfolio and the Defined Contribution portfolio. The 401(h) Health Care Trust portfolio was closed as of June 30, 2016 and the net position transferred to the 115 Health Care Trust portfolio on July 1, 2016. The Defined Benefit portfolio contains the investment assets of the Traditional Pension Plan, the defined benefit component of the Combined Plan and the annuitized accounts of the Member-Directed Plan. The Defined Benefit portfolio historically included the assets of the Member-Directed retiree medical accounts funded through the VEBA Trust. However, the VEBA Trust was closed as of June 30, 2016 and the net position transferred to the 115 Health Care Trust portfolio on July 1, 2016. Within the Defined Benefit portfolio, contributions into the plans are all recorded at the same time, and benefit payments all occur on the first of the month. Accordingly, the money-weighted rate of return is considered to be the same for all plans within the portfolio. The annual money-weighted rate of return expressing investment performance, net of investment expenses and adjusted for the changing amounts actually invested, for the Defined Benefit portfolio is 8.3% for 2016.

The allocation of investment assets with the Defined Benefit portfolio is approved by the OPERS Board of Trustees as outlined in the annual investment plan. Plan assets are managed on a total return basis with a long-term objective of achieving and maintaining a fully funded status for the benefits provided through the defined benefit pension plans. The table below displays the Board-approved asset allocation policy for 2016 and the long-term expected real rates of return:

337 - 1 - 1 - 4 - 1 A --- - -

		weighted Average			
	Long-Term Expe				
	Target	Real Rate of Return			
Asset Class	Allocation	(Arithmetic)			
Fixed income	23.00 %	2.75 %			
Domestic equities	20.70	6.34			
Real estate	10.00	4.75			
Private equity	10.00	8.97			
International equities	18.30	7.95			
Other investments	18.00	4.92			
Total	100.00 %	5.66 %			

## NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2017

#### **NOTE 12 - DEFINED BENEFIT PENSION PLANS - (Continued)**

Discount Rate - The discount rate used to measure the total pension liability/asset was 7.50%, post-experience study results, for the Traditional Pension Plan, the Combined Plan and Member-Directed Plan. A discount rate of 8.00% was used in the previous measurement period. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and those of the contributing employers are made at the contractually required rates, as actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefits payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments for the Traditional Pension Plan, Combined Plan and Member-Directed Plan was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the City's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate - The following table presents the City's proportionate share of the net pension liability/asset calculated using the current period discount rate assumption of 7.50%, as well as what the City's proportionate share of the net pension liability/asset would be if it were calculated using a discount rate that is one-percentage-point lower (6.50%) or one-percentage-point higher (8.50%) than the current rate:

	Current					
	170200000			iscount Rate (7.50%)	1% Increase (8.50%)	
City's proportionate share						
of the net pension liability (asset):						
Traditional Pension Plan	\$	9,738,391	\$	6,374,448	\$	3,571,193
Combined Plan		2,635		(36,658)		(67,182)
Member-Directed Plan		170		(71)		(170)

#### Actuarial Assumptions - OP&F

OP&F's total pension liability as of December 31, 2016 is based on the results of an actuarial valuation date of January 1, 2016, and rolled-forward using generally accepted actuarial procedures. The total pension liability is determined by OP&F's actuaries in accordance with GASB Statement No. 67, as part of their annual valuation. Actuarial valuations of an ongoing plan involve estimates of reported amounts and assumptions about probability of occurrence of events far into the future. Examples include assumptions about future employment mortality, salary increases, disabilities, retirements and employment terminations. Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

Key methods and assumptions used in calculating the total pension liability in the latest actuarial valuation, prepared as of January 1, 2016, are presented below:

Valuation date	January 1, 2016
Actuarial cost method	Entry age normal
Investment rate of return	8.25%
Projected salary increases	4.25% - 11.00%
Payroll increases	3.75%
Inflation assumptions	3.25%
Cost of living adjustments	2.60% and 3.00% simple

# NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2017

## **NOTE 12 - DEFINED BENEFIT PENSION PLANS - (Continued)**

Rates of death are based on the RP2000 Combined Table, age-adjusted as follows. For active members, set back six years. For disability retirements, set forward five years for police and three years for firefighters. For service retirements, set back zero years for police and two years for firefighters. For beneficiaries, set back zero years. The rates are applied on a fully generational basis, with a base year of 2009, using mortality improvement Scale AA.

The most recent experience study was completed for the five-year period ended December 31, 2016. The recommended assumption changes based on this experience study were adopted by OPF's Board and were effective beginning with the January 1, 2017 actuarial valuation.

The long-term expected rate of return on pension plan investments was determined using a building-block approach and assumes a time horizon, as defined in the Statement of Investment Policy. A forecasted rate of inflation serves as the baseline for the return expected. Various real return premiums over the baseline inflation rate have been established for each asset class. The long-term expected nominal rate of return has been determined by calculating a weighted averaged of the expected real return premiums for each asset class, adding the projected inflation rate and adding the expected return from rebalancing uncorrelated asset classes.

Best estimates of the long-term expected geometric real rates of return for each major asset class included in OPF's target asset allocation as of December 31, 2016 are summarized below:

	Target	10 Year Expected	30 Year Expected
Asset Class	Allocation	Real Rate of Return **	Real Rate of Return **
Cash and Cash Equivalents	- %		
Domestic Equity	16.00	4.46 %	5.21 %
Non-US Equity	16.00	4.66	5.40
Core Fixed Income *	20.00	1.67	2.37
Global Inflation			
Protected Securities *	20.00	0.49	2.33
High Yield	15.00	3.33	4.48
Real Estate	12.00	4.71	5.65
Private Markets	8.00	7.31	7.99
Timber	5.00	6.87	6.87
Master Limited Partnerships	8.00	6.92	7.36
Total	120.00 %		

Note: assumptions are geometric.

OPF's Board of Trustees has incorporated the "risk parity" concept into OP&F's asset liability valuation with the goal of reducing equity risk exposure, which reduces overall Total Portfolio risk without sacrificing return, and creating a more risk-balanced portfolio based on their relationship between asset classes and economic environments. From the notional portfolio perspective above, the Total Portfolio may be levered up to 1.2 times due to the application of leverage in certain fixed income asset classes.

<sup>\*</sup> levered 2x

<sup>\*\*</sup> numbers include inflation

# NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2017

#### NOTE 12 - DEFINED BENEFIT PENSION PLANS - (Continued)

**Discount Rate** - The total pension liability was calculated using the discount rate of 8.25%. The projection of cash flows used to determine the discount rate assumed the contributions from employers and from the members would be computed based on contribution requirements as stipulated by State statute. Projected inflows from investment earning were calculated using the longer-term assumed investment rate of return 8.25%. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, a long-term expected rate of return on pension plan investments was applied to all periods of projected benefits to determine the total pension liability.

Sensitivity of the City's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate - Net pension liability is sensitive to changes in the discount rate, and to illustrate the potential impact the following table presents the net pension liability calculated using the discount rate of 8.25%, as well as what the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (7.25%), or one percentage point higher (9.25%) than the current rate.

		Current	
	1% Decrease	Discount Rate	1% Increase
	(7.25%)	(8.25%)	(9.25%)
City's proportionate share			
of the net pension liability	\$ 7,335,190	\$ 5,507,346	\$ 3,958,303

Changes Between Measurement Date and Report Date - In October 2017, the OP&F Board adopted certain assumption changes which will impact their annual actuarial valuation prepared as of January 1, 2017. The most significant change is a reduction in the discount rate from 8.25% to 8.00%. Although the exact amount of these changes is not known, it has the potential to impact to the City's net pension liability.

#### **NOTE 13 - POSTRETIREMENT BENEFIT PLANS**

#### A. Ohio Public Employees Retirement System

Plan Description - OPERS administers three separate pension plans: The Traditional Pension Plan—a cost-sharing, multiple-employer defined benefit pension plan; the Member Directed Plan—a defined contribution plan; and the Combined Plan—a cost-sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and defined contribution plan.

OPERS maintains a cost-sharing, multiple-employer defined benefit post-employment health care trust, which funds multiple health care plans including medical coverage, prescription drug coverage and deposits to a Health Reimbursement Arrangement to qualifying benefit recipients of both the Traditional Pension and the Combined plans. This trust is also used to fund health care for Member Directed Plan participants, in the form of a Retiree Medical Account (RMA). At retirement or refund, Member-Directed Plan participants may be eligible for reimbursement of qualified medical expenses from their vested RMA balance.

In order to qualify for health care coverage, age-and-service retirees under the Traditional Pension and Combined plans must have 20 or more years of qualifying Ohio service credit. Health care coverage for disability benefit recipients and qualified survivor benefit recipients is available. The health care coverage provided by OPERS meets the definition of an Other Post Employment Benefit (OPEB) as described in GASB Statement 45. Please see the Plan Statement in the OPERS 2016 CAFR for details.

The Ohio Revised Code permits, but does not require, OPERS to provide health care to its eligible benefit recipients. Authority to establish and amend health care coverage is provided to the OPERS Board of Trustees (OPERS Board) in Chapter 145 of the Ohio Revised Code.

# NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2017

#### NOTE 13 - POSTRETIREMENT BENEFIT PLANS - (Continued)

Disclosures for the healthcare plan are presented separately in the OPERS financial report which may be obtained by visiting <a href="https://www.opers.org/financial/reports.shtml">https://www.opers.org/financial/reports.shtml</a>, writing to OPERS, 277 East Town Street, Columbus, OH 43215-4642 or by calling (800) 222-7377.

Funding Policy - The post-employment healthcare plan was established under, and is administered in accordance with, Internal Revenue Code Section 401(h). State statute requires that public employers fund post-employment healthcare through contributions to OPERS. A portion of each employer's contribution to the Traditional or Combined Plans is set aside for the funding of post-employment health care.

Employer contribution rates are expressed as a percentage of the covered payroll of active employees. In 2017, local government employers contributed 14.00% of covered payroll. Each year the OPERS' Retirement Board determines the portion of the employer contribution rate that will be set aside for the funding of the postemployment health care benefits. The portion of employer contributions allocated to fund post-employment healthcare for members in the Traditional Plan and Combined Plan for 2017 was 1.00%.

The OPERS Retirement Board is also authorized to establish rules for the payment of a portion of the health care benefits provided, by the retiree or their surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and the coverage selected. Active members do not make contributions to the post-employment healthcare plan.

The City's contributions allocated to fund post-employment health care benefits for the years ended December 31, 2017, 2016, and 2015 were \$42,296, \$79,240, and \$77,781, respectively; 84.63% has been contributed for 2017 and 100% has been contributed for 2016 and 2015. The remaining 2017 post-employment health care benefits liability has been reported as intergovernmental payable on the basic financial statements.

Changes to the health care plan were adopted by the OPERS Board of Trustees on September 19, 2012, with a transition plan commencing January 1, 2014. With the recent passage of pension legislation under State Bill 343 and the approved health care changes, OPERS expects to be able to consistently allocate 4.00% of the employer contributions toward the health care fund after the end of the transition period.

#### B. Ohio Police and Fire Pension Fund

Plan Description - The City contributes to the OP&F Pension Fund sponsored health care program, a cost-sharing multiple-employer defined postemployment health care plan administered by OP&F. OP&F provides healthcare benefits including coverage for medical, prescription drugs, dental, vision, Medicare Part B Premium and long term care to retirees, qualifying benefit recipients and their eligible dependents.

OP&F provides access to post-employment health care coverage to any person who receives or is eligible to receive a monthly service, disability or survivor benefit check or is a spouse or eligible dependent child of such person. The health care coverage provided by OP&F meets the definition of an Other Post Employment Benefit (OPEB) as described in GASB Statement 45.

The Ohio Revised Code allows, but does not mandate OP&F to provide OPEB benefits. Authority for the OP&F Board of Trustees to provide health care coverage to eligible participants and to establish and amend benefits is codified in Chapter 742 of the Ohio Revised Code.

OP&F issues a publicly available financial report that includes financial statements and required supplementary information for the plan. That report may be obtained by writing to the OP&F, 140 East Town Street, Columbus, Ohio 43215-5164 or by visiting the website at <a href="https://www.op-f.org">www.op-f.org</a>.

# NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2017

#### **NOTE 13 - POSTRETIREMENT BENEFIT PLANS - (Continued)**

Funding Policy - The Ohio Revised Code provides for contribution requirements of the participating employers and of plan members to the OP&F (defined benefit pension plan). Participating employers are required to contribute to the pension plan at rates expressed as percentages of the payroll of active pension plan members, currently, 19.50% and 24.00% of covered payroll for police and fire employers, respectively. The Ohio Revised Code states that the employer contribution may not exceed 19.50% of covered payroll for police employer units and 24.00% of covered payroll for fire employer units. Active members do not make contributions to the OPEB Plan.

OP&F maintains funds for health care in two separate accounts, one account is for health care benefits under an Internal Revenue Code Section 115 trust and the other account is for Medicare Part B reimbursements administered as an Internal Revenue Code Section 401(h) account, both of which are within the defined benefit pension plan, under the authority granted by the Ohio Revised Code to the OP&F Board of Trustees.

The Board of Trustees is authorized to allocate a portion of the total employer contributions made into the pension plan into the Section 115 trust and the Section 401(h) account as the employer contribution for retiree health care benefits. The portion of employer contributions allocated to health care was .5% of covered payroll from January 1, 2017 thru December 31, 2017. The amount of employer contributions allocated to the health care plan each year is subject to the Trustees' primary responsibility to ensure that the pension benefits are adequately funded and is limited by the provisions of Sections 115 and 401(h).

The OP&F Board of Trustees also is authorized to establish requirements for contributions to the health care plan by retirees and their eligible dependents, or their surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and the coverage selected.

The City's contributions to OP&F which were allocated to fund post-employment healthcare benefits for police officers and firefighters were \$8,193 and \$3,062 for the year ended December 31, 2017, \$7,749 and \$2,373 for the year ended December 31, 2016, and \$7,408 and \$1,917, for the year ended December 31, 2015. 100% has been contributed for 2016 and 2015. 81.10% has been contributed for police and 80.94% has been contributed for firefighters for 2017. The remaining 2017 post-employment health care benefits liability has been reported as intergovernmental payable on the basic financial statements.

#### NOTE 14 - OTHER POSTEMPLOYMENT BENEFITS

#### A. Compensated Absences

City employees are granted vacation and sick leave in varying amounts. In the event of separation, an employee is paid for accumulated vacation and sick leave at various rates.

Vacation leave is earned at rates which vary depending upon length of service. Current policy credits vacation leave on January 1 of each year for all full time employees. Vacation accumulation may not exceed three weeks accrual at year end. Any unused excess is eliminated from the employee's leave balance. In case of death, termination, lay-off, or retirement, an employee (or his estate) is paid for his unused vacation to a maximum of three weeks carry-over from the previous year plus any current year accrual.

Sick leave is earned for all full time employees at the rate of 4.6 hours per pay with the exception of full time employees of emergency medical services who receive 6.15 hours per pay. Employees, at the time of retirement, are paid for 50 percent of their accumulated sick leave.

## NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2017

## **NOTE 14 - OTHER POSTEMPLOYMENT BENEFITS - (Continued)**

#### B. Insurance

The City provides life insurance and accidental death and dismemberment insurance to its employees through Sun Life Assurance Company of Canada.

## **NOTE 15 - CAPITAL LEASE**

In a prior year, the City entered into a lease for copier equipment. Assets acquired through a capital lease were capitalized at the present value of the minimum lease payments at the time the lease was entered into.

The assets acquired through capital leases are as follows:

	 vernmental Activities
Asset:	
Equipment	\$ 22,062
Less: accumulated depreciation	 (11,031)
Total	\$ 11,031

The lease provided for minimum annual lease payments as follows:

Year Ending <a href="December 31">December 31</a> ,	 rernmental ctivities
2018	\$ 6,098 5,082
2019 Total minimum lease payments	11,180
Less: amount representing interest	(519)
Present value of future minimum lease payments	\$ 10,661

Capital lease		16,078				(5,417)	_	10,661		5,694
Total governmental activities	\$	11,976,670	\$	819,025	\$	(1,232,983)		11,562,712	\$	279,132
	Add: unamortized premiums							122,376		
	Total on Statement of Net Position							11,685,088		

On March 23, 2011, the City issued \$3,315,000 in Series 2011A Various Purpose General Obligation Bonds. In governmental activities, \$1,300,000 in bonds will be used for the City Hall Roof/Civic Center Roof and salt storage and \$500,000 in bonds were will be used for North Main Street and various street reconstruction projects. During 2016, \$1,220,000 of these bonds were refunded by the Series 2016 Refunding Bonds. At December 31, 2017, there were no further obligations outstanding.

On March 23, 2011, the City issued \$700,000 in Series 2011B General Obligation Real Estate Acquisition Bonds that issued to refund \$700,000 in manuscript debt that was originally issued to purchase the Arrowhead County Club.

On April 19, 2016, the City issued a total of \$4,925,000 in Series 2016 Refunding Bonds to advance refund \$1,220,000 of the Series 2011A governmental activities General Obligation Bonds, \$2,660,000 in the Series 2007 Water Bonds and \$1,080,000 in the water General Obligation Bonds. The refunded debt is considered defeased (in-substance) and accordingly, has been removed from the statement of net position. The refunding bonds are comprised of current interest bonds, par value \$4,925,000. Principal and interest payments are made from the water fund and are due on June 1 and December 1 of each year. The refunding bonds carry interest rates ranging from 2.00-4.00% and have a final maturity date of December 1, 2030.

The reacquisition price of the Series 2016 bonds exceeded the net carrying amount of the old debt by \$250,432. This amount is being netted against the new debt and amortized over the remaining life of the refunded debt, which equal to the life of the Series 2016 issued. This advance refunding was undertaken to reduce the combined total debt service payments by \$617,846 and resulted in an economic gain of \$550,842.

The compensated absences liability will be paid out of the general fund.

Net pension liability: See Note 12 for details.

Capital lease: See Note 15 for details.

# NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2017

### **NOTE 16 - LONG-TERM OBLIGATIONS - (Continued)**

In January 2003, the City was approved for a construction loan through the Water Supply Revolving Loan Fund, which is administered by the Ohio Environmental Protection Agency, for the purpose of funding the improvements and upgrades to the City's Water Treatment Plant. The loan, which is administered by the Ohio Water Development Authority, is at a rate of 3.65 percent and is to be repaid over 20 years. The total amount of the loan, including capitalized interest, was \$7.2 million. In January, 2004, the City received a construction loan through the Water Supply Revolving Loan Fund for the purpose of funding the expansion to the City's Water Treatment Plant. The loan is at a rate of 3.76 percent and is to be repaid over 20 years. The total amount of the loan was for \$3.0 million, repayments began in 2005. In July, 2005, the City received a construction loan through the Water Supply Revolving Loan Fund for the purpose of funding the expansion to the City's Water Treatment Plant. The loan is at a rate of 3.25 percent for \$1.7 million and is to be repaid over 20 years.

The City has pledged future water and sewer revenues to repay OWDA loans. The loans are payable solely from water and sewer fund revenues and are payable through 2026. Annual principal and interest payments on the loans are expected to require 24.20 percent of net revenues and 8.15 percent of total revenues. The total principal and interest remaining to be paid on the loans is \$6,222,503. Principal and interest paid for the current year were \$824,038, total net revenues were \$3,404,862 and total revenues were \$10,110,118.

In 1994, the City entered into a contractual agreement with the City of Canton for the improvement and future maintenance of a wastewater treatment plant that is in the area that will shared between the City of Canton, Stark County and the City of North Canton and that City residents are able to tap into. The project was financed by the three OWDA loans issued in 2002 by the City of Canton. The original loan was followed by two supplemental loans to cover change order costs beyond the original loan amount. All proceeds were received by the City of Canton and the City of Canton is responsible for the debt retirement and maintenance. The plant is a capital asset of the City of Canton. The total amount collectively owed to the City of Canton as of December 31, 2017 is \$125,056. This amount has been recorded on the City's books as a long-term liability in the sewer enterprise fund. An amount has been recorded as sewer rights in the City sewer enterprise fund capital assets. These amounts will be amortized over the useful life of the asset to the City of Canton.

In 2013, the City entered into a contractual agreement with the City of Canton for the construction of the Water Reclamation Facility that is in the area that will shared between the City of Canton, Stark County and the City of North Canton and that City residents are able to tap into. The total project is estimated to cost \$88.6 million, with the City's portion estimated to be \$1.9 million. The project was financed by two OWDA loans issued by the City of Canton. The first loan was issued in August 2013 for the acquisition of membrane separators and associated components. In early 2014, the City issued another OWDA loan for the construction, engineering assistance during construction, and the unpaid balance of the design loan. All proceeds will be received by the City of Canton and the City of Canton will be responsible for the debt retirement and maintenance. The plant will be a capital asset of the City of Canton. The total amount collectively owed to the City of Canton as of December 31, 2017 is \$1,502,025. These loans have not been completely disbursed, therefore, no amortization schedule is available at December 31, 2017. This amount has been recorded on the City's books as a long-term liability in the sewer enterprise fund. An amount has been recorded as sewer rights in the City sewer enterprise fund capital assets. These amounts will be amortized over the useful life of the asset to the City of Canton once the project is complete.

# NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2017

### **NOTE 16 - LONG-TERM OBLIGATIONS - (Continued)**

The Ohio Public Works Commission (OPWC) loans are for the construction of a booster pump station, the Applegrove waterline, the North Main St. waterline, water tower #1 exterior painting and the Lynbrook sanitary sewer. These loans are zero interest loans and the booster pump station and the North Main Street waterline will be repaid over 20 years while the Applegrove waterline will be repaid over 30 years. The water tower #1 exterior painting and the Lynbrook sanitary sewer loans are still open and do not have a repayment schedule. These loan liabilities except the Lynbrook sanitary sewer loan are reflected in the water fund which received the proceeds. These loans are payable solely from water fund revenues. The Lynbrook sanitary sewer loan liability is reflected in the sewer fund which received the proceeds. This loan is payable solely from sewer fund revenues.

On March 23, 2011, the City issued \$3,315,000 in Series 2011A Various Purpose General Obligation Bonds. In business-type activities, \$915,000 in bonds was used to retire bond anticipation notes maturing on March 25, 2011 and \$600,000 in bonds was used for the Frank/Applegrove waterline. During 2016, \$1,080,000 of these bonds were refunded by the Series 2016 Refunding Bonds.

Principal and interest requirements to retire the outstanding debt at December 31, 2017, are as follows:

		Total Governmental

From time to time, the City has issued Industrial Revenue Bonds to provide assistance to private-sector entities for the acquisition and construction of industrial and commercial facilities deemed to be in the public interest. The bonds are secured by the property financed and are payable solely from payments received on the underlying mortgage loans; ownership of the acquired facilities transfers to the private-sector entity served by the bond issuance. Neither the City, the State, nor any political subdivision thereof is obligated in any manner for repayment of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements. As of December 31, 2017, there were two series of Industrial Revenue Bonds outstanding, with an aggregate principal amount payable of \$20,850,732.

# NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2017

### **NOTE 16 - LONG-TERM OBLIGATIONS - (Continued)**

### Legal Debt Margin

The Ohio Revised Code provides that the net debt of a municipal corporation, whether or not approved by the electors, shall not exceed 10.5% of the total value of all property in the municipal corporation as listed and assessed for taxation. In addition, the unvoted net debt of municipal corporations cannot exceed 5.5% of the total taxation value of property. The assessed valuation used in determining the City's legal debt margin has been modified by House Bill 530 which became effective March 30, 2006. In accordance with House Bill 530, the assessed valuation used in calculating the City's legal debt margin calculation excludes tangible personal property used in business, telephone or telegraph property, interexchange telecommunications company property, and personal property owned or leased by a railroad company and used in railroad operations. The statutory limitations on debt are measured by a direct ratio of net debt to tax valuation and expressed in terms of a percentage. At December 31, 2017, the City's total debt margin was \$39,969,106 and the unvoted debt margin was \$20,249,838.

### **NOTE 17 - INTERFUND ACTIVITY**

**A.** The general fund transfers monies to other funds for general operations. The other funds from which employee wages are paid transfer monies to the general fund to pay for sick and vacation leave.

		Transfe	om			
Transfer to	_	<u>General</u>	N	onmajor fund	_	Total
Major funds						
General	\$	-	\$	202,578	\$	202,578
Emergency medical services levy		275,000		_		275,000
Nonmajor funds						
Fire operating levy		200,000		-		200,000
Street construction, maintenance and repair		200,000	_			200,000
Total	\$	675,000	\$	202,578	\$	877,578

Transfers between governmental funds are eliminated on the government-wide financial statements. Transfers between business-type funds are eliminated on the government-wide financial statements. Transfers between governmental funds and business-type activities are presented as transfers on the Statement of Activities. The transfers from the Issue II fund (a nonmajor governmental fund) to the general fund was a residual equity transfer.

**B.** Interfund loans receivable/payable consisted of the following at December 31, 2017, as reported on the fund statements:

Receivable fund	Payable fund	<u>Amount</u>
General	Nonmajor governmental fund	\$ 30,000

# NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2017

### **NOTE 17 - INTERFUND ACTIVITY - (Continued)**

The primary purpose of the interfund balances is to cover costs in specific funds where revenues were not received by December 31. These interfund balances will be repaid once the anticipated revenues are received. Interfund loans between governmental funds are eliminated on the statement of net position, thus there are not internal balances.

### NOTE 18 - BUDGETARY BASIS OF ACCOUNTING

While reporting financial position, results of operations, and changes in fund balance on the basis of accounting principles generally accepted in the United States of America (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts and disbursements.

The Statement of Revenue, Expenditures and Changes in Fund Balance - Budget and Actual (non-GAAP budgetary basis) presented for the general fund and the emergency medical service levy fund are presented on the budgetary basis to provide a meaningful comparison of actual results with the budget.

The major differences between the budget basis and the GAAP basis are that:

- (a) Revenues and other financing sources are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis);
- (b) Expenditures and other financing uses are recorded when paid in cash (budget basis) as opposed to when the liability is incurred (GAAP basis);
- (c) In order to determine compliance with Ohio law, and to reserve that portion of the applicable appropriation, total outstanding encumbrances (budget basis) are recorded as the equivalent of an expenditure, as opposed to restricted, assigned or committed fund balance for that portion of outstanding encumbrances not already recognized as an account payable (GAAP basis);
- (d) Advances-in and advances-out are operating transactions (budget basis) as opposed to Balance Sheet transactions (GAAP basis);
- (e) Investments are reported at fair value (GAAP basis) rather than cost (budget basis); and,
- (f) Some funds are included in the general fund (GAAP basis), but have separate legally adopted budgets (budget basis).

The following table summarizes the adjustments necessary to reconcile the GAAP basis statements (as reported in the fund financial statements) to the budgetary basis statements for all governmental funds for which a budgetary basis statement is presented:

# NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2017

# NOTE 18 - BUDGETARY BASIS OF ACCOUNTING - (Continued)

# **Net Change in Fund Balance**

# NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2017

### NOTE 20 - JOINTLY GOVERNED ORGANIZATIONS

### Stark Council of Governments

The City participates in the Stark Council of Governments (the "Council") which is a statutorily created political subdivision of the State. The Council is jointly governed among Stark County and its municipalities and townships which direct the operations of the Stark County Metropolitan Narcotics Unit and the Stark County Crime Laboratory. Of the 27 Board Members, the City has one appointed member. Each member's control over the operation of the Council is limited to its representation on the Board. The Board exercises total authority over the operation of the Council including budgeting, appropriation, contracting, and designating management. The City does not have an equity interest in the Council. The Council is not accumulating significant financial resources or experiencing fiscal stress which would cause additional financial benefit to or burden on the City. The City did not contribute any funds to the Council in 2017. Complete financial statements can be obtained from the Stark Council of Governments, P.O. Box 21451 Canton, Ohio 44701-1451.

### Stark County Combined General Health District

The City participates in the Stark County Combined General Health District (the "Health District") which is a statutorily created political subdivision of the State. The Health District is jointly governed by Stark County townships, villages, the City of Louisville, and the City of North Canton. Of the 7 Board Members, the City has one appointed member. The Board is made up of various professionals who are equally representative of the general health district. The Board exercises total authority over the operation of the Health District including budgeting, appropriation, contracting, and designating management. The City does not have an equity interest in the Health District. The Health District is not accumulating significant financial resources or experiencing fiscal stress which would cause additional financial benefit to or burden on the City. The City contributed \$100,652 to the Health District in 2017. Complete financial statements can be obtained from the Stark County Combined General Health District, 3951 Convenience Circle NW, Canton, Ohio 44718.

### Regional Income Tax Agency (RITA)

In 1971, 38 municipalities joined together to organize a Regional Council of Governments (RCOG) under the authority of Chapter 167 of the Ohio Revised Code to administer tax collection and enforcement concerns facing the cities and villages. The purpose of the RCOG is to foster cooperation between the municipalities through sharing facilities for their common benefit. This includes the establishment of a central collection facility for the purpose of administering the income tax laws of the various municipal corporations who are members of the RCOG and for the purpose of collecting income taxes on behalf of each member municipality, doing all things allowed by law to accomplish such purpose. The first official act of the RCOG was to form the Regional Income Tax Agency (RITA). Today RITA serves as the income tax collection agency for almost 200 municipalities throughout the State of Ohio. During 2017, the City paid \$234,409 in income tax collection fees to RITA.

Each member municipality appoints its own delegate to the RCOG, including electing members to the RITA Board of Trustees. Regardless of the population or tax collections of member municipalities, each member of the RCOG has an equal say in the operations of RITA.

### **NOTE 21 - LITIGATION**

The City of North Canton is a party to legal proceedings. The City management is of the opinion that ultimate disposition of these claims and legal proceedings will not have a material effect, if any, on the financial condition of the City.

### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2017

### **NOTE 22 - TAX ABATEMENTS**

The City had two Community Reinvestment Areas, Main Street CRA and Valley View CRA. These CRA programs were created by ordinance as authorized in Ohio Revised Code Sections 3735.65-70. The CRAs provided an incentive for new residential, commercial, or industrial development or rehabilitation in designated areas. A property tax exemption on 100% of the increase in assessed valuation resulting from improvements was given on residential properties. The residential tax exemption varied from 10 to 15 years, based on the type of dwelling and the cost of remodeling or construction. For commercial and industrial properties, those exemptions were negotiated on a case-by-case bases in advance of the commencement of construction or remodeling. An ordinance to repeal both CRAs was passed by City Council in 2016, however abatements granted prior to the repeal are still in place. The amount of property taxes that were reduced during 2017 as a result of tax abatement agreements was \$79,049.

#### NOTE 23 - NORTH CANTON COMMUNITY IMPROVEMENT CORPORATION

The City of North Canton Community Improvement Corporation (the "CIC") was formed pursuant to Ordinance 103-80 passed October 28, 1980 and incorporated as a corporation not-for-profit under Title XVII, Chapters 1702 and 1724 of the Ohio Revised Code for the purpose to advance, encourage, and promote industrial, economic, commercial and civic development of the City of North Canton. The CIC has been designated as the City of North Canton's agent for industrial and commercial distributions and research development.

The City of North Canton (the "City") is a charter municipal corporation incorporated under the laws of the State of Ohio. In accordance with the Governmental Accounting Standards Board (GASB) Statement No. 14, "The Financial Reporting Entity", as amended by GASB Statement No. 39, "Determining Whether Certain Organizations are Component Units" and GASB Statement No. 61, "The Financial Reporting Entity: Omnibus", the City's financial statements include all organizations, activities and functions which comprise the primary government and those legally separate entities for which the City is financially accountable. The CIC is a legally separate entity and is discretely presented as a component unit of the City of North Canton. Financial accountability is defined as the appointment of a voting majority of the unit's Board and either 1) the City's ability to impose its will over the unit, or 2) the possibility that the unit will provide a financial benefit or impose a financial burden to the City. The CIC does not include any other units in its presentation.

### **Summary of Significant Accounting Policies**

The basic financial statements (BFS) of the CIC have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

The CIC's significant accounting policies are described below.

### A. Basis of Accounting

The financial statements of the CIC are prepared using the accrual basis of accounting.

### B. Cash and Cash Equivalents

All monies received by the CIC are deposited in a demand deposit accounts.

# NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2017

### NOTE 23 - NORTH CANTON COMMUNITY IMPROVEMENT CORPORATION - (Continued)

### C. Capital Assets and Depreciation

All capital assets are capitalized at cost and updated for additions and reductions during the year. Donated capital assets are recorded at their fair market value on the date donated. The CIC maintains a capitalization threshold of \$500. The CIC does not have any infrastructure. Improvements are capitalized. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized.

All capital assets except land are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method. Land improvements and equipment are depreciated over five to forty years.

### D. Net Position

Net position represents the difference between assets plus deferred outflows of resources less liabilities plus deferred inflows of resources. Net investment in capital assets consists of capital assets, net of accumulated depreciation. Net position is reported as restricted when there are limitations imposed on its use through external restrictions imposed by creditors, grantors or laws or regulations of other governments. The CIC has no restricted net position.

The CIC applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

### E. Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

### **Deposits**

At December 31, 2017, the carrying amount of the CIC's deposits was \$916,796. Based on the criteria described in GASB Statement No. 40, "Deposits and Investment Risk Disclosures", as of December 31, 2017, all of the bank balance of \$916,796 was covered by the Federal Deposit Insurance Corporation.

### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2017

# NOTE 23 - NORTH CANTON COMMUNITY IMPROVEMENT CORPORATION - (Continued)

### Capital Assets

Capital asset activity for the year ended December 31, 2017, was as follows:

	Balance			Balance
	12/31/16	Additions	<u>Deductions</u>	12/31/17
Capital assets, not being depreciated: Land	\$ 71,439	\$ -	\$ -	\$ 71,439
Total capital assets, not being depreciated	71,439			71,439
Capital assets, being depreciated:  Land improvements  Equipment	44,200 444,000	-	-	44,200 444,000
Total capital assets, being depreciated	488,200			488,200
Less: accumulated depreciation:				
Land improvements Equipment	(39,780) (88,800)	(4,420) (11,100)	- 	(44,200) (99,900)
Total accumulated depreciation	(128,580)	(15,520)		(144,100)
Total capital assets, net	\$ 431,059	\$ (15,520)	<u>\$ -</u>	\$ 415,539

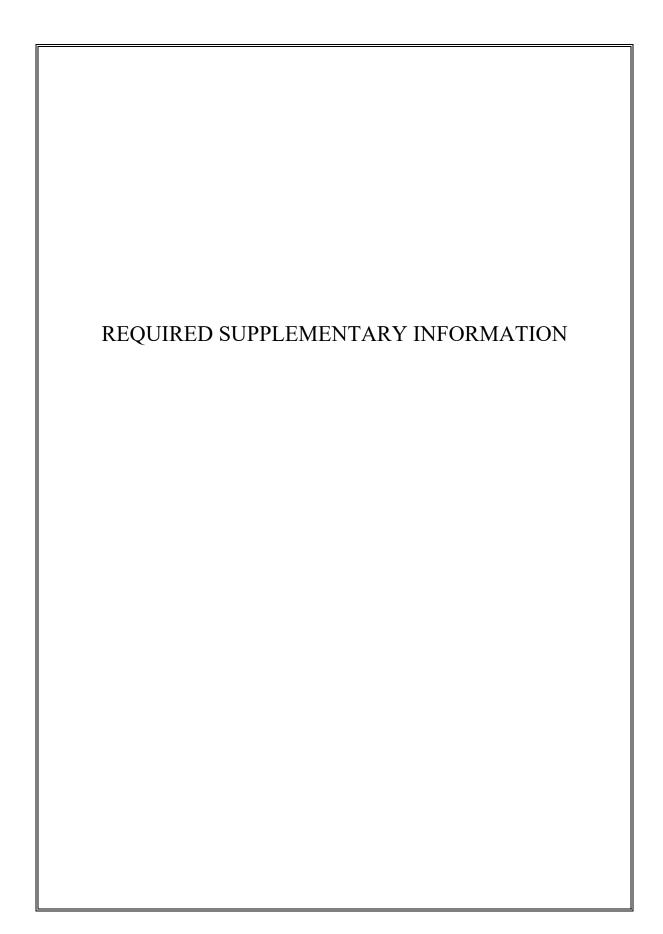

### **Intergovernmental Receivable**

In 2005, the North Canton City Council approved the funding of the CIC in the amount of \$1.5 million out of the City's general fund. This funding is to assist the City's economic development efforts by creating or retaining businesses and jobs. As of December 31, 2017, the CIC has received \$1,443,000 under this funding mechanism.

### Litigation

The CIC is involved in no material litigation as either plaintiff or defendant.

### NOTES TO REQUIRED SUPPLEMENTARY INFORMATION FOR THE YEAR ENDED DECEMBER 31, 2017

### OHIO PUBLIC EMPLOYEES RETIREMENT SYSTEM (OPERS)

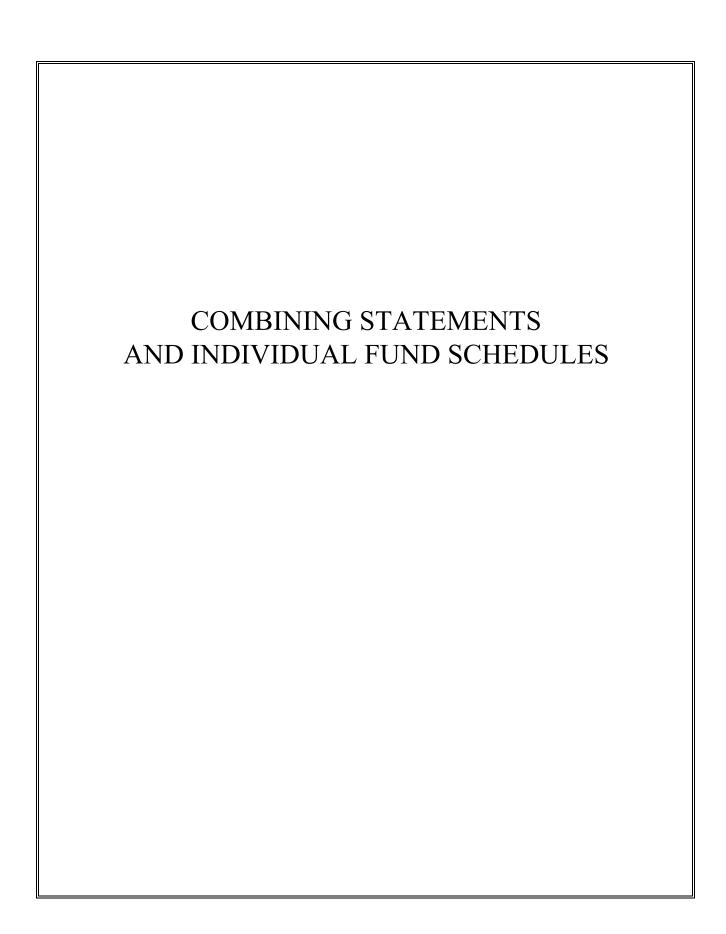

Changes in benefit terms: There were no changes in benefit terms from the amounts reported for 2014-2017.

Changes in assumptions: There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for 2014-2016. For 2017, the following were the most significant changes of assumptions that affected the total pension liability since the prior measurement date: (a) reduction in the actuarially assumed rate of return from 8.00% down to 7.50%, (b) for defined benefit investments, decreasing the wage inflation from 3.75% to 3.25% and (c) changing the future salary increases from a range of 4.25%-10.05% to 3.25%-10.75%.

### OHIO POLICE AND FIRE (OP&F) PENSION FUND

Changes in benefit terms: There were no changes in benefit terms from the amounts reported for 2014-2017.

*Changes in assumptions*: There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for 2014-2017. See the notes to the basic financial statements for the methods and assumptions in this calculation.

# INDIVIDUAL FUND SCHEDULES FUND DESCRIPTIONS - MAJOR FUNDS

### **GENERAL FUND**

The general fund is used to account for and report all financial resources not accounted for and reported in another fund. The general fund balance is available for any purpose provided it is expended or transferred according to the general laws of Ohio.

### **Major Special Revenue Fund**

### **Emergency Medical Services Levy Fund**

The emergency medical services levy fund accounts for property taxes levied that are restricted for the partial operation of the emergency medical service department.

### **Major Capital Projects Fund**

### Capital Improvement Fund

The capital improvement fund accounts for City income tax revenue that is committed and bond proceeds that are restricted for various capital projects.

### **Major Enterprise Funds**

### Water Fund

This fund accounts for the treatment and provision of water to the residents and commercial users of the City and certain residents of the County.

### Sewer Fund

This fund accounts for the sanitary sewer services provided to the residents and commercial users of the City and certain residents of the County.

### Garbage Fund

This fund accounts for the garbage and recycling service provided by a successful bidder for the residential users of the City.

# INDIVIDUAL FUND SCHEDULES FUND DESCRIPTIONS - NONMAJOR GOVERNMENTAL FUNDS

### SPECIAL REVENUE FUNDS

Special revenue funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specific purposes other than debt service or capital projects. The term *proceeds of specific revenue sources* establishes that one or more specific restricted or committed revenues should be the foundation for a special revenue fund. The following are the special revenue funds which the City operates:

### Nonmajor Special Revenue Funds

### Fire Operating Levy Fund

This fund accounts for property taxes levied that are restricted for the partial operation of the fire department.

### Computer Fund

This fund accounts for fees charged to any case processed through Mayor's Court for computer services that are restricted for the operation of the court system.

### Enforcement and Education Fund

This fund accounts for revenues received from fines levied when arrests are made for driving under the influence of alcohol. This money is restricted for education of officers and members of the community.

### Street Construction, Maintenance and Repair Fund

This fund accounts for the portion of state gasoline tax and motor vehicle registration fees that are restricted for the maintenance of the streets within the City.

### Storm Sewer Levy Fund

This fund accounts for property taxes levied that are restricted to maintain, improve or construct storm sewers within the City.

### Street Levy Fund

This fund accounts for property taxes levied that are restricted to subsidize improvement of streets within the City.

### Municipal Road Fund

This fund accounts for the portion of permissive motor vehicle license tax levied by the County that is allocated to the City that is restricted for street repair.

#### General Trust Fund

This fund accounts for donations to the City that are restricted by the donors to be used for specific purposes.

#### Law Enforcement Trust Fund

This fund accounts for money collected from federal forfeitures that is restricted for specific law enforcement purposes.

### Continuing Professional Education Fund

This fund accounts for grant money received from the State of Ohio that is restricted for Peace Officer training.

### Community Disaster Relief Fund

This fund accounts for donations that are restricted for the use of assisting businesses or community members during times of natural disasters.

### Mayor's Court Fund

This fund accounts for activity that is restricted for the City's Mayor's Court. Budgetary information is not reported because it is not included in the entity for which the "appropriated budget" is adopted and does not maintain a separate budgetary record.

# INDIVIDUAL FUND SCHEDULES FUND DESCRIPTIONS - NONMAJOR GOVERNMENTAL FUNDS

### **Nonmajor Special Revenue Funds**

The following funds are included in the general fund (GAAP basis), but have separate legally adopted budgets (budget basis):

### Income Tax Fund

The fund accounts for money that is committed to income tax collected in the City.

### Compensated Absences Fund

This fund accounts for the accumulation of resources for accumulated sick leave and vacation leave, upon the termination of employment of employees in the City.

### North Canton CIC Escrow Fund

This fund accounts for money that has been committed to fund the North Canton Community Improvement Corporation (CIC).

### CAPITAL PROJECTS FUND

Capital project funds are used to account for and report financial resources that are restricted, committed or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets. Capital project funds exclude those types of capital-related outflows financed by proprietary funds or for assets that will be held in trust for individuals, private organizations, or other governments. The following is a description of all nonmajor capital project funds:

### **Nonmajor Capital Projects Fund**

### Issue II Fund

This fund accounts for grant monies received from the Ohio Public Works Commission plus City matching funds. Expenditures are restricted to specific projects within the City.

### Indoor Firearms Training Range Improvement Fund

This fund accounts for transfers that are committed to improve the indoor firearms range for the police department.

#### INDIVIDUAL FUND SCHEDULES FUND DESCRIPTIONS - PROPRIETARY FUNDS

#### **ENTERPRISE FUNDS**

Enterprise funds are used to account for the financing of costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis that are financed or recovered primarily through user charges.

#### INTERNAL SERVICE FUNDS

To account for the financing of services provided by one department or agency to other departments or agencies of the City on a cost-reimbursement basis.

#### **Internal Service Fund**

#### Insurance Fund

This fund accounts for the financing of services provided by one department or agency to other departments or agencies of the City on a cost reimbursement basis. The City's internal service fund accounts for a self-insurance program for employee medical/surgical benefits.

### SCHEDULE OF REVENUES, EXPENSES AND CHANGES IN FUND EQUITY - BUDGET AND ACTUAL (NON-GAAP BUDGETARY BASIS) INSURANCE FUND

### INDIVIDUAL FUND SCHEDULES FUND DESCRIPTIONS - FIDUCIARY FUNDS

Fiduciary funds are used to account for assets held by the City in a trustee capacity, or as an agency for individuals, private organizations, other governments and/or funds. The following are the City's fiduciary fund types:

#### **Agency Fund**

Agency funds maintain assets held by the City as an agent for individuals, private organizations, other governmental units and/or funds. These funds are purely custodial (assets equal liabilities) and therefore do not involve the measurement of results. The following is the City's agency fund.

#### Deposits and Fees Fund

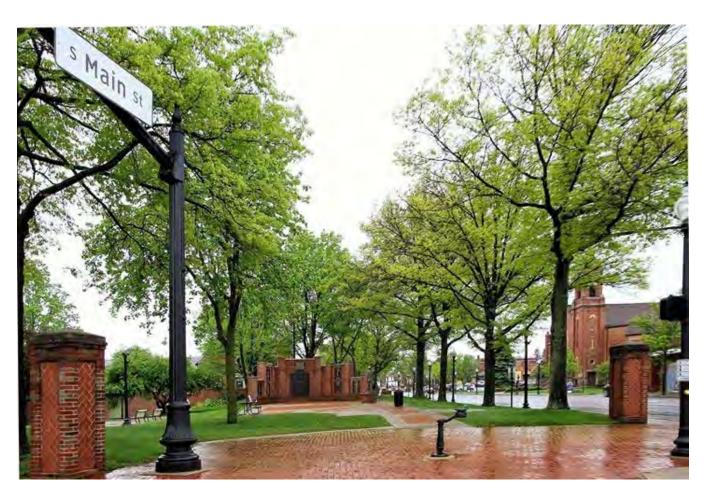

To account for monies put on deposit with the City in accordance with various City ordinances.

### STATEMENT OF CHANGES IN ASSETS AND LIABILITIES ${\bf AGENCY\;FUND}$

Source: County Auditor.

Real property is reappraised every six years with a State mandated update of the current market value in the third year following each appraisal.

The assessed value of real property (including public utility real property) is 35 percent of estimated true value. The assessed value of public utility personal property ranges from 25 percent of true value for railroad property to 88 percent for electric transmission and distribution property. General business tangible property was assessed in previous years at 25 percent for machinery and equipment and 23 percent for inventories. The general business tangible personal property tax started being phased out in 2006. For collection year 2008, both types of general business tangible personal property were assessed at 6.25 percent. The percentage was zero for 2009.

The tangible personal property values associated with each year are the values that, when multiplied by the applicable rates, generated the property tax revenue billed in that year. For real property, the amounts generated by multiplying the assessed values by the applicable rates would be reduced by the 10 percent, 2 1/2 percent and homestead exemptions before being billed. Beginning in the 2006 collection year, the 10 percent rollback for commercial/industrial property has been eliminated.

Notes: The rates presented for a particular calendar year are the rates that, when applied to the assessed values presented in the Assessed Value Table, generated the property tax revenue billed in that year. The City's basic property tax rate may be increased only by a majority vote of the City's residents.

The real property tax rates for the voted levies of the overlapping taxing districts are reduced so that inflationary increases in value do not generate additional revenue.

The City has no charter millage.

Overlapping rates are those of local and county governments that apply to property owners within the City.
