# INDEPENDENT AUDITOR'S REPORT

Harrison Township Paulding County P.O. Box 103 Payne, Ohio 45880-0103

To the Board of Trustees:

## Report on the Financial Statements

We have audited the accompanying financial statements of the cash balances, receipts and disbursements by fund type, and related notes of Harrison Township, Paulding County, Ohio (the Township) as of and for the years ended December 31, 2016 and 2015.

## Management's Responsibility for the Financial Statements

Management is responsible for preparing and fairly presenting these financial statements in accordance with the financial reporting provisions Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit; this responsibility includes designing, implementing and maintaining internal control relevant to preparing and fairly presenting financial statements free from material misstatement, whether due to fraud or error.

## Auditor's Responsibility

Our responsibility is to opine on these financial statements based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the Township's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the Township's internal control. Accordingly, we express no opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinions.

#### Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 2 of the financial statements, the Township prepared these financial statements using the accounting basis permitted by the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D), which is an accounting basis other than accounting principles generally accepted in the United States of America (GAAP), to satisfy these requirements.

Although the effects on the financial statements of the variances between the regulatory accounting basis and GAAP are not reasonably determinable, we presume they are material.

Though the Township does not intend these statements to conform to GAAP, auditing standards generally accepted in the United States of America require us to include an adverse opinion on GAAP. However, the adverse opinion does not imply the amounts reported are materially misstated under the accounting basis Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit. Our opinion on this accounting basis is in the *Opinion on Regulatory Basis of Accounting* paragraph below.

#### Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the *Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles* paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the Township as of December 31, 2016 and 2015, or changes in financial position thereof for the years then ended.

## **Opinion on Regulatory Basis of Accounting**

In our opinion, the financial statements referred to above present fairly, in all material respects, the cash balances, receipts and disbursements by fund type, and related notes of Harrison Township, Paulding County, Ohio as of December 31, 2016 and 2015, for the years then ended in accordance with the financial reporting provisions Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit, described in Note 2.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated January 8, 2018, on our consideration of the Township's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Township's internal control over financial reporting and compliance.

# NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2016

#### NOTE 1 – REPORTING ENTITY

The constitution and laws of the State of Ohio establish the rights and privileges of Harrison Township, Paulding County, (the Township) as a body corporate and politic. A publicly elected three-member Board of Trustees directs the Township. The Township provides road and bridge maintenance, and cemetery maintenance. The Township contracts with the Villages of Payne and Antwerp to provide fire protection and emergency medical services.

The Township participates in the Ohio Township Association Risk Management Authority (OTARMA) public entity risk pool. Note 7 to the financial statements provide additional information for this entity.

The Township's management believes these financial statements present all activities for which the Township is financially accountable.

# NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### Basis of Presentation

The Township's financial statements consist of a combined statement of receipts, disbursements and changes in fund balances (regulatory cash basis) for all governmental fund types.

#### Fund Accounting

The Township uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The funds of the Township are presented below:

**General Fund** - The General fund accounts for and reports all financial resources not accounted for and reported in another fund. The general fund balance is available to the Township for any purpose provided it is expended or transferred according to the general laws of Ohio.

**Special Revenue Funds** - These funds account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. The Township had the following significant Special Revenue Funds:

*Gas Tax Fund* - The Gas Tax fund accounts for and reports that portion of the State gasoline tax restricted for maintenance and repair of roads within the Township.

**Road and Bridge Fund** – The Road and Bridge Fund received tax levy money that is committed for maintenance and repair of roads within the Township.

#### Basis of Accounting

These financial statements follow the accounting basis permitted by the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03 (D). This basis is similar to the cash receipts and disbursements accounting basis. The Board recognizes receipts when received in cash rather than when earned, and recognizes disbursements when paid rather than when a liability is incurred. Budgetary presentations report budgetary expenditures when a commitment is made (i.e., when an encumbrance is approved).

These statements include adequate disclosure of material matters, as the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03 (D) permit.

#### NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2016 (Continued)

# NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### **Budgetary Process**

The Ohio Revised Code requires that each fund be budgeted annually.

**Appropriations** - Budgetary expenditures (that is, disbursements and encumbrances) may not exceed appropriations at the fund, function or object level of control, and appropriations may not exceed estimated resources. The Board of Trustees must annually approve appropriation measures and subsequent amendments. Appropriations lapse at year-end.

**Estimated Resources** - Estimated resources include estimates of cash to be received (budgeted receipts) plus cash as of January 1. The County Budget Commission must approve estimated resources.

**Encumbrances** - The Ohio Revised Code requires the Township to reserve (encumber) appropriations when individual commitments are made. Encumbrances outstanding at year-end are carried over, and need not be reappropriated. Encumbrances outstanding at year-end are canceled, and reappropriated in the subsequent year.

A summary of 2015 budgetary activity appears in Note 4.

#### **Deposits and Investments**

The Township's accounting basis includes investments as assets. This basis does not record disbursements for investment purchases or receipts for investment sales. This basis records gains or losses at the time of sale as receipts or disbursements, respectively.

The Township values certificate of deposits at cost.

#### **Capital Assets**

The Township records disbursements for acquisitions of property, plant, and equipment when paid. The accompanying financial statements do not report these items as assets.

## Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the Township must observe constraints imposed upon the use of its governmental-fund resources. The classifications are as follows:

**Nonspendable** - The Township classifies assets as *nonspendable* when legally or contractually required to maintain the amounts intact.

**Restricted** - Fund balance is *restricted* when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or is imposed by law through constitutional provisions.

**Committed** - Trustees can *commit* amounts via formal action (resolution). The Township must adhere to these commitments unless the Trustees amend the resolution. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed to satisfy contractual requirements.

#### NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2016 (Continued)

# NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

**Assigned** - Assigned fund balances are intended for specific purposes but do not meet the criteria to be classified as *restricted* or *committed*. Governmental funds other than the general fund report all fund balances as *assigned* unless they are restricted or committed. In the general fund, *assigned* amounts represent intended uses established by Township Trustees or a Township official delegated that authority by resolution, or by State Statute.

**Unassigned** - Unassigned fund balance is the residual classification for the general fund and includes amounts not included in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance.

The Township applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

# NOTE 3 - COMPLIANCE

Contrary to Ohio law, lease payments were paid from the General Fund which has a levy for current expenses, instead of the Special Revenue Road and Bridge Fund.

# NOTE 4 – BUDGETARY ACTIVITY

Budgetary activity for the year ending December 31, 2016 follows:

2016 Budgeted vs. Actual Receipts			
	Budgeted Actual		
Fund Type	Receipts	Receipts	Variance
General	\$58,730	\$84,826	\$26,096
Special Revenue	198,595	233,461	34,866
Total	\$257,325	\$318,287	\$60,962

2016 Budgeted vs. Actual Budgetary Basis Expenditures			
	Appropriation	Budgetary	
Fund Type	Authority	Expenditures	Variance
General	\$481,020	\$87,146	\$393,874

Total	\$1,213,768	\$233,494	\$980,274

#### NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2016 (Continued)

# NOTE 5 – DEPOSITS

The Township maintains a deposit pool all funds use. The Ohio Revised Code prescribes allowable deposits and investments. The carrying amount of deposits at December 31 was as follows:

	2016
Demand deposits	\$991,236
Certificates of deposit	50,000
Total deposits	\$1,041,236

## Deposits

Deposits are insured by the Federal Depository Insurance Corporation; or collateralized by the financial institution public entity deposit pool.

# NOTE 6 – PROPERTY TAXES

Real property taxes become a lien on January 1 preceding the October 1 date for which the Trustees adopted tax rates. The State Board of Tax Equalization adjusts these rates for inflation. Property taxes are also reduced for applicable homestead and rollback deductions. The financial statements include homestead and rollback amounts the State pays as Intergovernmental Receipts. Payments are due to the County by December 31. If the property owner elects to pay semiannually, the first half is due December 31. The second half payment is due the following June 20.

Public utilities are also taxed on personal and real property located within the Township.

The County is responsible for assessing property, and for billing, collecting, and distributing all property taxes on behalf of the Township.

# NOTE 7 - RISK MANAGEMENT

The Township is exposed to various risks of property and casualty losses, and injuries to employees.

The Township insures against injuries to employees through the Ohio Bureau of Worker's Compensation.

The Township belongs to the Ohio Township Association Risk Management Authority (OTARMA), a risksharing pool available to Ohio townships. OTARMA provides property and casualty coverage for its members. York Risk Pooling Services, Inc. (formally known as American Risk Pooling Consultants, Inc.) (York or Management), functions as the administrator of the Pool and provides underwriting claims, loss control, risk management, and reinsurance services for the Pool. Member governments pay annual contributions to fund OTARMA. OTARMA pays judgments, settlements and other expenses resulting from covered claims that exceed the members' deductibles.

# Casualty and Property Coverage

The Pool is a member of American Public Entity Excess Pool (APEEP), which is also administered by York. APEEP provides the Pool with an excess risk-sharing program. Under this arrangement, OTARMA retains insured risks up to an amount specified in the contracts. At December 31, 2016, OTARMA retained \$350,000 for casualty claims and \$250,000 for property claims.

#### NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2016 (Continued)

## NOTE 7 - RISK MANAGEMENT (Continued)

The aforementioned casualty and property reinsurance agreement does not discharge OTARMA's primary liability for claims payments on covered losses. Claims exceeding coverage limits are the obligation of the respective government.

## Financial Position

OTARMA's financial statements (audited by other accountants) conform with generally accepted accounting principles, and reported the following assets, liabilities and retained earnings at December 31, 2016.

	<u>2016</u>
Assets	\$38,473,283
Liabilities	8,244,140
Net Position	\$30,229,143

At December 31, 2016, the liabilities above include approximately \$7.4 million of estimated incurred claims payable. The assets above also include approximately \$6.9 million of unpaid claims to be billed to approximately 1,010 member governments in the future, as of December 31, 2016. These amounts will be included in future contributions from members when the related claims are due for payment. As of December 31, 2016, the Township's share of these unpaid claims collectible in future years is approximately \$3,000.

Based on discussions with OTARMA, the expected rates OTARMA charges to compute member contributions, which are used to pay claims as they become due, are not expected to change significantly from those used to determine the historical contributions detailed below. By contract, the annual liability of each member is limited to the amount of financial contributions required to be made to OTARMA for each year of membership.

2016 Contributions to OTARMA	
<u>\$6,562</u>	

After one year of membership, a member may withdraw on the anniversary of the date of joining OTARMA, if the member notifies OTARMA in writing 60 days prior to the anniversary date. Upon withdrawal, members are eligible for a full or partial refund of their capital contributions, minus the subsequent year's contribution. Withdrawing members have no other future obligation to the pool. Also upon withdrawal, payments for all casualty claims and claim expenses become the sole responsibility of the withdrawing member, regardless of whether a claim occurred or was reported prior to the withdrawal.

# NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2015

## Note 1 – Reporting Entity

The constitution and laws of the State of Ohio establish the rights and privileges of Harrison Township, Paulding County, (the Township) as a body corporate and politic. A publicly elected three-member Board of Trustees directs the Township. The Township provides road and bridge maintenance, and cemetery maintenance. The Township contracts with the Village of Payne and Antwerp to provide fire protection and emergency medical services.

The Township participates in the Ohio Township Association Risk Management Authority (OTARMA) public entity risk pool. Note 7 to the financial statements provide additional information for this entity.

The Township's management believes these financial statements present all activities for which the Township is financially accountable.

## Note 2 - Summary of Significant Accounting Policies

## Basis of Presentation

The Township's financial statements consist of a combined statement of receipts, disbursements and changes in fund balances (regulatory cash basis) for all governmental fund types.

#### Fund Accounting

The Township uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The funds of the Township are presented below:

**General Fund** - The General Fund accounts for and reports all financial resources not accounted for and reported in another fund. The General Fund balance is available to the Township for any purpose provided it is expended or transferred according to the general laws of Ohio.

**Special Revenue Funds -** These funds account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. The Township had the following significant Special Revenue Funds:

*Gas Tax Fund* - The Gas Tax Fund accounts for and reports that portion of the State gasoline tax restricted for maintenance and repair of roads within the Township.

**Road and Bridge Fund** – The Road and Bridge Fund receives tax levy money that is committed for maintenance and repair of roads within the Township.

*Fire District Fund* – The Fire District Fund receives tax levy money that is restricted for fire protection services

## Basis of Accounting

These financial statements follow the accounting basis permitted by the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03 (D). This basis is similar to the cash receipts and disbursements accounting basis. The Board recognizes receipts when received in cash rather than when earned, and recognizes disbursements when paid rather than when a liability is incurred. Budgetary presentations report budgetary expenditures when a commitment is made (i.e., when an encumbrance is approved).

#### NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2015 (Continued)

# NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

These statements include adequate disclosure of material matters, as the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03 (D) permit.

#### **Budgetary Process**

The Ohio Revised Code requires that each fund be budgeted annually.

**Appropriations -** Budgetary expenditures (that is, disbursements and encumbrances) may not exceed appropriations at the fund, function or object level of control, and appropriations may not exceed estimated resources. The Board of Trustees must annually approve appropriation measures and subsequent amendments. Appropriations lapse at year-end.

**Estimated Resources** - Estimated resources include estimates of cash to be received (budgeted receipts) plus cash as of January 1. The County Budget Commission must approve estimated resources.

**Encumbrances** - The Ohio Revised Code requires the Township to reserve (encumber) appropriations when individual commitments are made. Encumbrances outstanding at year-end are carried over, and need not be reappropriated. Encumbrances outstanding at year-end are canceled, and reappropriated in the subsequent year.

A summary of 2015 budgetary activity appears in Note 4.

#### Deposits and Investments

The Township's accounting basis includes investments as assets. This basis does not record disbursements for investment purchases or receipts for investment sales. This basis records gains or losses at the time of sale as receipts or disbursements, respectively.

The Township values certificate of deposits at cost

## **Capital Assets**

The Township records disbursements for acquisitions of property, plant, and equipment when paid. The accompanying financial statements do not report these items as assets.

## Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the Township must observe constraints imposed upon the use of its governmental-fund resources. The classifications are as follows:

**Nonspendable** - The Township classifies assets as *nonspendable* when legally or contractually required to maintain the amounts intact.

**Restricted** - Fund balance is *restricted* when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or is imposed by law through constitutional provisions.

#### NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2015 (Continued)

# NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

**Committed** - Trustees can *commit* amounts via formal action (resolution). The Township must adhere to these commitments unless the Trustees amend the resolution. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed to satisfy contractual requirements.

**Assigned** - Assigned fund balances are intended for specific purposes but do not meet the criteria to be classified as *restricted* or *committed*. Governmental funds other than the general fund report all fund balances as *assigned* unless they are restricted or committed. In the general fund, *assigned* amounts represent intended uses established by Township Trustees or a Township official delegated that authority by resolution, or by State Statute.

**Unassigned** - Unassigned fund balance is the residual classification for the general fund and includes amounts not included in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance.

The Township applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

## **NOTE 3 - COMPLIANCE**

Contrary to Ohio law, lease payments were paid from the General Fund which has a levy for current expenses, instead of the Special Revenue Road and Bridge Fund.

## NOTE 4 – BUDGETARY ACTIVITY

#### NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2015 (Continued)

# NOTE 5 – DEPOSITS

The Township maintains a deposit pool all funds use. The Ohio Revised Code prescribes allowable deposits and investments. The carrying amount of deposits at December 31 was as follows:

	2015
Demand deposits	\$906,443
Certificates of deposit	50,000
Total deposits	\$956,443

## Deposits

Deposits are insured by the Federal Depository Insurance Corporation; or collateralized by the financial institution public entity deposit pool.

# NOTE 6 – PROPERTY TAXES

Real property taxes become a lien on January 1 preceding the October 1 date for which the Trustees adopted tax rates. The State Board of Tax Equalization adjusts these rates for inflation. Property taxes are also reduced for applicable homestead and rollback deductions. The financial statements include homestead and rollback amounts the State pays as Intergovernmental Receipts. Payments are due to the County by December 31. If the property owner elects to pay semiannually, the first half is due December 31. The second half payment is due the following June 20.

Public utilities are also taxed on personal and real property located within the Township.

The County is responsible for assessing property, and for billing, collecting, and distributing all property taxes on behalf of the Township.

# NOTE 7 - RISK MANAGEMENT

The Township is exposed to various risks of property and casualty losses, and injuries to employees.

The Township insures against injuries to employees through the Ohio Bureau of Worker's Compensation.

The Township belongs to the Ohio Township Association Risk Management Authority (OTARMA), a risksharing pool available to Ohio townships. OTARMA provides property and casualty coverage for its members. York Risk Pooling Services, Inc. (formally known as American Risk Pooling Consultants, Inc.) (York or Management), functions as the administrator of the Pool and provides underwriting claims, loss control, risk management, and reinsurance services for the Pool. Member governments pay annual contributions to fund OTARMA. OTARMA pays judgments, settlements and other expenses resulting from covered claims that exceed the members' deductibles.

# Casualty and Property Coverage

The Pool is a member of American Public Entity Excess Pool (APEEP), which is also administered by York. APEEP provides the Pool with an excess risk-sharing program. Under this arrangement, OTARMA retains insured risks up to an amount specified in the contracts. At December 31, 2015, OTARMA retained \$350,000 for casualty claims and \$250,000 for property claims.

#### NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2015 (Continued)

## NOTE 7 - RISK MANAGEMENT (Continued)

The aforementioned casualty and property reinsurance agreement does not discharge OTARMA's primary liability for claims payments on covered losses. Claims exceeding coverage limits are the obligation of the respective government.

## Financial Position

OTARMA's financial statements (audited by other accountants) conform with generally accepted accounting principles, and reported the following assets, liabilities and retained earnings at December 31, 2015.

	<u>2015</u>
Assets	\$37,313,311
Liabilities	8,418,518
Net Position	\$28,894,793

At December 31, 2015 the liabilities above include approximately \$7.8 million of estimated incurred claims payable. The assets above also include approximately \$7.7 million of unpaid claims to be billed to approximately 989 member governments in the future, as of December 31, 2015. These amounts will be included in future contributions from members when the related claims are due for payment. As of December 31, 2015, the Township's share of these unpaid claims collectible in future years is approximately \$2,000.

Based on discussions with OTARMA, the expected rates OTARMA charges to compute member contributions, which are used to pay claims as they become due, are not expected to change significantly from those used to determine the historical contributions detailed below. By contract, the annual liability of each member is limited to the amount of financial contributions required to be made to OTARMA for each year of membership.

2015 Contributions to OTARMA			
\$4,624			

After one year of membership, a member may withdraw on the anniversary of the date of joining OTARMA, if the member notifies OTARMA in writing 60 days prior to the anniversary date. Upon withdrawal, members are eligible for a full or partial refund of their capital contributions, minus the subsequent year's contribution. Withdrawing members have no other future obligation to the pool. Also upon withdrawal, payments for all casualty claims and claim expenses become the sole responsibility of the withdrawing member, regardless of whether a claim occurred or was reported prior to the withdrawal.

# NOTE 8 - DEFINED BENEFIT PENSION PLANS

## Ohio Public Employees Retirement System

Ten Township officials and employees belong to the Ohio Public Employees Retirement System (OPERS). OPERS is a cost-sharing, multiple-employer plan. The Ohio Revised Code prescribes this plan's benefits, which include postretirement healthcare and survivor and disability benefits.

The Ohio Revised Code also prescribes contribution rates. OPERS members contributed 10%, of their gross salaries and the Township contributed an amount equaling 14%, of participants' gross salaries. The Township has paid all contributions required through December 31, 2015.

#### NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2015 (Continued)

# NOTE 8 - DEFINED BENEFIT PENSION PLANS (Continued)

## Social Security

One Township official contributed to social Security. This plan provides retirement benefits, including survivor and disability benefits to participants.

Employees contributed 6.2 percent of their gross salaries. The Township contributed an amount equal to 6.2 percent of participants' gross salaries. The Township has paid all contributions required through December 31, 2015

## NOTE 9 – POSTEMPLOYMENT BENEFITS

OPERS offer cost-sharing, multiple-employer defined benefit postemployment plans, which include multiple health care plans including medical coverage, prescription drug coverage, deposits to a Health Reimbursement Arrangement and Medicare Part B premium reimbursements, to qualifying benefit recipients. OPERS contributes 2 percent of the employer contribution to fund these benefits.

# NOTE 10 – DEBT

In 2014, the Township financed a three-year lease for a dump truck with annual installments of \$19,710 (6% interest) and an option to purchase the truck for \$1 at the end of the lease.

## Amortization

Amortization of the above debt, including interest, is scheduled as follows:

Year ending December 31:	Principal	Interest
2016	\$18,594	\$1,116

## **NOTE 11 – INTERFUND TRANSACTIONS**

For the year ended December 31, 2015, the General Fund transferred \$19,710 to the Special Revenue Road and Bridge Fund.

Transfers are used to move receipts from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them. Transfers are also used to move unrestricted receipts collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations

# INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY *GOVERNMENT AUDITING STANDARDS*

Harrison Township Paulding County P. O. Box 103 Payne, Ohio 45880-0103

To the Board of Trustees:

We have audited, in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the financial statements of the cash balances, receipts, and disbursements by fund type of Harrison Township, Paulding County, Ohio (the Township) as of and for the years ended December 31, 2016 and 2015 and the related notes to the financial statements, and have issued our report thereon dated January 8, 2018, wherein we noted the Township followed financial reporting provisions Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit.

# Internal Control Over Financial Reporting

As part of our financial statement audit, we considered the Township's internal control over financial reporting (internal control) to determine the audit procedures appropriate in the circumstances to the extent necessary to support our opinions on the financial statements, but not to the extent necessary to opine on the effectiveness of the Township's internal control. Accordingly, we have not opined on it.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the Township's financial statements. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all internal control deficiencies that might be material weaknesses or significant deficiencies. Therefore, unidentified material weaknesses or significant deficiencies may exist. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings that we consider material weaknesses. We consider findings 2016-001 through 2016-003 to be material weaknesses.

Harrison Township Paulding County Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters

Required by *Governmental Auditing Standards* Page 2

# **Compliance and Other Matters**

As part of reasonably assuring whether the Township's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed an instance of noncompliance or other matter we must report under *Government Auditing Standards* which is described in the accompanying schedule of findings as item 2016-001.

# Purpose of this Report

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the Township's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the Township's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## SCHEDULE OF FINDINGS DECEMBER 31, 2016 AND 2015

# FINDINGS RELATED TO THE FINANCIAL STATEMENTS REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS

# FINDING NUMBER 2016-001

## **Noncompliance Citation and Material Weakness**

**Ohio Rev. Code § 5705.05** provides that the purpose and intent of the general levy for current expenses is to provide one general operating fund derived from taxation from which any expenditures for current expenses of any kind may be made. The taxing authority of a political subdivision may include in such levy the amounts required for carrying into effect any of the general or special powers granted by law to such subdivision, including the acquisition or construction of permanent improvements and the payment of judgments, but excluding the payment of debt charges. The power to include in the general levy for current expenses additional amounts for purposes for which a special tax is authorized shall not affect the right or obligation to levy such special tax.

**1981 Ohio Att'y Gen. Op. No. 81-035** provides that certain moneys paid into the general fund which are not derived from a general levy for current expenses are placed in the general fund precisely because their use is not restricted. Such monies may be used to pay debt charges provided that they have not been commingled with general fund monies which may not be used for debt payment. Where otherwise unrestricted monies have been paid into the general fund and have been commingled with restricted monies to the extent that the particular source from which the monies originated cannot be distinguished, such monies may be used to pay debt charges only after they have been transferred to an appropriate fund pursuant to **Ohio Rev. Code § 5705.14**.

The Township's general levy is restricted for current expenses and is commingled with unrestricted monies. The Township paid dump truck capital lease payments from the General Fund instead of the Special Revenue Road and Bridge Fund in the amount of \$19,711 in 2016 and \$19,710 in 2015.

This error was a result of inadequate policies and procedures in monitoring financial statement information. The financial statements and accounting records have been adjusted to correct these errors.

We recommend the Fiscal Officer pay the dump truck and tractor debt payments out of a Road fund or transfer out of the General Fund to a separate allowable fund to pay debt.

# FINDING NUMBER 2016-002

## Material Weakness

# **Financial Reporting**

The Township's management is responsible for the fair presentation of the financial statements. In addition, GASB Statement No. 54 requires fund balance be divided into one of five classifications based on the extent to which constraints are imposed upon the resources.

The Special Revenue Road and Bridge Fund restricted fund balance was overstated and committed fund balance was understated by \$84,464 and \$63,695 in 2016 and 2015, respectively.

These errors were a result of inadequate policies and procedures in reviewing the financial statements. The accompanying financial statements were adjusted to correct these and other errors.

Harrison Township Paulding County Schedule of Findings Page 2

Sound financial reporting is the responsibility of the Fiscal Officer and the governing board and is essential to ensure the information provided to the readers of the financial statements is complete and accurate.

To help ensure the Township's financial statements and notes to the statements are complete and accurate, the Township should adopt policies and procedures, including a final review of the statements and notes by the Fiscal Officer and the audit committee to identify and correct errors and omissions. In addition, the Fiscal Officer should also review the Auditor of State's (AOS) Township handbook which contains a chart of accounts as well as AOS Bulletin 2011-004 for guidance on GASB 54.

## Material Weakness

# Posting Budgeted Receipts and Appropriations:

The legally adopted budgeted receipts and disbursements should agree to the budgeted receipts and disbursements posted to the accounting system and in the notes to the financial statements. The Fiscal Officer did not always properly post budgeted receipts as listed on the Certificate of Estimated Resources or appropriations as approved by the Board. Failure to post correct budget amounts could inhibit the Township's ability to monitor financial activity. We noted difference between the amounts per the certificate of estimated resources and appropriations compared to the posted amounts in the following fund:

Fund	Estimated Receipts	Posted Budgeted Receipts	Variance
For the Year Ended December 31, 2015			
General Fund	\$51,346	\$36,346	\$15,000

Fund	Appropriations	Posted Appropriations	Variance
For the Year Ended December 31, 2015			
General Fund	\$281,750	\$241,750	\$40,000

The accompanying notes to the financial statements were adjusted to correct these errors.

We recommend the Township develop policies and implement procedures to assure that all budgeted receipts and appropriations posted to the UAN system agree to the Board approved certificate of estimated resources and appropriations.

## Officials' Response:

We did not receive a response from Officials to the findings reported above.
