

COMPREHENSIVE ANNUAL FINANCIAL REPORT FOR THE FISCAL YEAR ENDED JUNE 30, 2017

Board of Education Stow-Munroe Falls City School District 4350 Allen Road Stow, Ohio 44224

We have reviewed the *Independent Auditor's Report* of the Stow-Munroe Falls City School District, Summit County, prepared by Julian & Grube, Inc., for the audit period July 1, 2016 through June 30, 2017. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The Stow-Munroe Falls City School District is responsible for compliance with these laws and regulations.

Dave Yost Auditor of State

#### Stow-Munroe Falls City Schools

4350 Allen Road, Stow, Ohio 44224 | 330.689.5445 | FAX 330.688.1629 | www.smfschools.org

December 28, 2017

Members of the Board of Education and Residents of the Stow-Munroe Falls City School District

The Comprehensive Annual Financial Report (CAFR) of the Stow-Munroe Falls City School District (the "District") for the fiscal year ended June 30, 2017 is hereby submitted. This CAFR includes financial statements and other financial and statistical data that conforms to accounting principles generally accepted in the United States of America (GAAP) as they apply to governmental entities. Responsibility for both the accuracy of the data, and the completeness and fairness of the presentation, including all disclosures, rests with the District. To the best of our knowledge and belief, the enclosed data is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds of the District. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

Management of the District is responsible for establishing and maintaining internal controls designed to ensure that the assets of the District are protected from loss, theft or misuse, and to ensure that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with GAAP. The internal controls are designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived from its implementation; and (2) the valuation of costs and benefits requires estimates and judgments by management.

State statute requires an annual audit by independent auditors. The firm of Julian & Grube, Inc. conducted the audit for fiscal year 2017. The audit has been conducted in accordance with generally accepted auditing standards, generally accepted government auditing standards, and includes a review of internal controls and tests of compliance with Federal and State laws and regulations. The Independent Auditor's Report is included in this CAFR.

In addition to the financial audit, a single audit was performed as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). The single audit report is not included in the CAFR.

As a part of the District's independent audit, tests are made to determine the adequacy of the internal controls, including that portion related to federal financial assistance programs, as well as to determine that the District has complied with applicable laws and regulations. The results of the District's independent audit for the fiscal year ended June 30, 2017 provided no instances of material weaknesses in internal controls.

This transmittal letter is designed to provide historical information about the District, as well as complement the required Management's Discussion and Analysis (MD&A). GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements. The District's MD&A, which focuses on the government-wide statements, can be found immediately following the Independent Accountants' Report. This transmittal letter should be read in conjunction with the MD&A, which can be found beginning on page 13.

District Vision: "To actively engage all learners in meaningful experiences which enable them to acquire the tools necessary to become productive, responsible citizens."

#### PROFILE OF STOW-MUNROE FALLS CITY SCHOOL DISTRICT

The District ranks as the second largest school district in Summit County, Ohio. As of the end of the fiscal year, the average daily membership (ADM) was 5,126 students attending nine schools. Enrollment is expected to remain consistent for the near future.

The District has 658 full and part-time employees (not including supplemental positions). The District employs 378 certificated employees, 29 certificated and non-certificated administrators and 251 non-certificated staff members.

The District's instructional buildings range in age from 28 years to 77 years. Detailed information about the District's buildings is presented in the statistical section of the CAFR.

The District offers a wide variety of educational programs for all segments of the community. Stow-Munroe Falls High School (SMFHS) is part of the Six District Educational Compact which offers 25 career programs to students in five other neighboring high schools. Six of the career programs are offered at SMFHS: Cooperative Business Education, Marketing Education, Business Careers Technology, Culinary Arts and Catering, Pre-engineering Academy, Aviation Career Academy and Career Based Intervention. The District provides extensive special education services and offers a gifted program for grades 4-8. All District kindergarten students are offered the option of attending all-day kindergarten classes.

A full range of extracurricular programs and activities are available to students beginning in the elementary grades. All District schools have libraries and special purpose rooms.

An active Council of Parent Teacher Associations (PTA) provides for articulation, cooperation, communication and partnership between parents, community members, and school officials.

The District cooperates with the City of Stow's Park and Recreation Department, churches and a number of community and civic organizations in making school facilities available for athletic, recreational and enrichment activities.

Classroom teachers, at all levels, are supported by specialists in media, guidance, art, instrumental and vocal music, physical education and math. A comprehensive interscholastic and intramural sports program is offered to students at select grade levels of the District. All elementary schools have media aides and secondary schools are staffed by certified media specialists. Four psychologists, ten counselors, specific coordinators for Title I (a federally funded reading and mathematics program), and gifted programs offer direction, support and coordination of services for all students. All schools have nurses or medical assistants for most of the school day, five days a week.

#### **Employees**

A statewide public employee bargaining law applies generally to public employee relations and collective bargaining. The starting salary (2016-17 school year) for a teacher with a bachelor's degree is \$38,190, and the maximum salary for a teacher with a master's degree plus 15 graduate hours and 27 years of experience is \$80,924.

The District's certificated employees, excluding administration, are members of the Stow Teachers Association (STA), a labor organization affiliated with the Ohio Education Association. The contract between the Board of Education and the STA expires June 30, 2017.

All of the District's support staff employees, including secretarial, custodial, maintenance, food service, transportation, and teacher aides, are represented for bargaining purposes by the Stow-Munroe Falls Classified Employees' Association (SMFCEA), a labor organization affiliated with the Ohio Education Association. The SMFCEA contract expires June 30, 2017.

In the judgment of the Board and administration, labor relations between the District and its employees remain excellent.

#### The Reporting Entity

The District has reviewed its reporting entity definition in order to insure conformance with the Governmental Accounting Standards Board Statement No. 14, "<u>The Financial Reporting Entity</u>" as amended by GASB Statement No. 39, "<u>Determining Whether Certain Organizations Are Component Units</u>" and GASB Statement No. 61, "<u>The Financial Reporting Entity</u>: <u>Omnibus an Amendment of GASB Statements No. 14 and No. 34</u>". In evaluating how to define the District for financial reporting purposes, management has considered all agencies, departments and organizations making up the District (the primary government) and its potential component units. Based upon the application of these criteria, the District has no component units and is not itself a component unit of another government. The basic financial statements of the reporting entity include only those of the District (the primary government).

The District participates in certain organizations that are defined as jointly governed organizations and public entity risk pools. These organizations include the Northeast Ohio Network for Educational Technology (NEONET), the Six District Educational Compact, the Ohio Schools Council, the Stark County Schools Council of Governments Health Benefits Program, and the Ohio School Boards Association Worker's Compensation Group Rating Program. These organizations are presented in Note 1.A to the basic financial statements.

#### **Budgetary Controls**

In addition to the internal controls mentioned above, the District maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the Board of Education. Activities of all funds are included in the annual appropriated budget. The legal level of budgetary control is at the fund level for all funds. The District also maintains an encumbrance accounting system as one technique of accomplishing budgetary control.

Unencumbered amounts lapse at year-end. A complete description of the District's budgetary process can be found in Note 1.E. to the basic financial statements. As demonstrated by the statements and schedules included in the financial section of this report, the District continues to meet its responsibility for sound financial management. The general fund balance was \$21,680,289 at June 30, 2017 as can be seen on the budgetary statement on page 31.

#### **ECONOMIC CONDITION**

#### Local Economy

The District is located in Summit County, in Northeast Ohio, approximately thirty miles south of Cleveland. Most of the District is located within Summit County, with a small portion falling in Portage County.

The District is served by diversified transportation facilities including immediate access to two State highways and Interstate 80 (Ohio Turnpike). Major commercial banks with offices within the District include PNC Bank, First Merit Bank, Huntington Bank, Fifth Third Bank and Charter One Bank. Three daily newspapers and one weekly newspaper serve the District. The District falls within the broadcast area of six television stations and numerous AM/FM radio stations. Within commuting distance of the District are numerous public and private two and four-year colleges and universities including Kent State University, Akron University, Cleveland State University, Youngstown State University, Walsh University, and Mount Union University.

The cities of Stow and Munroe Falls are located in northern Summit County, northeast of Akron and Cuyahoga Falls. They have a reputation for friendliness, hospitality, and have great pride in their history. They are growing, progressive cities that welcome new business ventures and support their existing ones. The quality schools have played a major role in making the community an attractive family environment which continues to attract quality professional and managerial persons.

The District's residents are within easy driving time of medical facilities, colleges and universities, recreational facilities, including national, state and local parks, shopping malls and professional athletic facilities.

#### Long-Term Financial Planning

The District prepares a five-year financial forecast annually for use as a tool for long range planning. The five-year forecast contains projected local and state revenues, spending patterns within each area of the budget, and cash balances in the District's operating fund. The five-year forecast provides early warning signs of potential financial problems.

The District uses the five-year forecast to provide a basis for making financial decisions, including the construction of the annual budget, adjustments to staffing levels, collective bargaining, and the placement of tax levies on the ballot. Specific examples of recent decisions that have resulted in improvements in the District's financial condition include the passage of a 1.99 mill, permanent improvement levy in November 2016.

#### Major Initiatives for the Year

The District purchased six new buses to continue the fleet upgrade.

The District continued upgrading security in both buildings and on buses.

The District continued the process of providing new and replacement iPads and Chromebooks for teaching and testing.

The District participated in a wellness program in conjunction with the Akron General Medical Center.

The District replaced the gym floor at Lakeview Elementary.

The entire District telephone system was replaced/upgraded.

The District restructured its in-service days and programs and using employees as presenters.

#### Major Initiatives for the Future

The District will continue making security upgrades at all buildings.

The District will continue upgrades of laptops for the teaching staff.

The District plans to convert all personnel, special services and treasurer's office records to electronic storage.

The District will use the proceeds of a newly passed permanent improvement levy to provide the crucial repairs and upgrades needed to all buildings.

Book studies will continue and adoptions will be made as necessary.

The District will replace/upgrade the auditorium and gym at Kimpton Middle School.

The District will change its online payment platform to Payschools for a more streamlined process for staff and parents.

The District will continue upgrades of flooring.

#### INDEPENDENT AUDIT

Pursuant to statute, the State prescribes a uniform accounting system to standardize accounting classification and financial reporting for all units of local education agencies in Ohio. The District adopted and has been in conformance with that system.

#### **AWARDS**

GFOA Certificate of Achievement - The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Stow-Munroe Falls City School District for its Comprehensive Annual Financial Report for the fiscal year ended June 30, 2016. The Certificate of Achievement is the highest form of recognition in the area of governmental financial reporting. In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized Comprehensive Annual Financial Report that conforms to program standards. Such a report must satisfy both generally accepted accounting principles and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only. We believe our current report continues to conform to the Certificate of Achievement program requirements and we are submitting it to GFOA.

ASBO Certificate - The Association of School Business Officials International (ASBO) awarded a Certificate of Excellence in Financial Reporting for the fiscal year ended June 30, 2016, to the Stow-Munroe Falls City School District. This award certifies that the Comprehensive Annual Financial Report substantially conformed to the principles and standards of financial reporting as recommended and adopted by the Association of School Business Officials. This award is granted only after an intensive review of the financial report by an expert panel of certified public accountants and practicing business officials. Management believes that the Comprehensive Annual Financial Report submitted for the fiscal year ended June 30, 2017, will conform to ASBO's principles and standards.

#### **ACKNOWLEDGEMENTS**

The preparation of the comprehensive annual financial report on a timely basis was made possible by the dedicated services of the Treasurer's Office staff. In addition, we acknowledge the outstanding services of our data processing department in meeting the vast informational requirements. Our consultant, Julian & Grube, Inc., provided us with expert technical assistance in all phases of preparing the report. The assistance of the Summit County Fiscal Office in providing information is also appreciated.

In closing, without the leadership and support of the Board of Education of the District, preparation of this report would not have been possible.

Sincerely,

Kristy Stoicoiu Treasurer

#### Independent Auditor's Report

Stow-Munroe Falls City School District Summit County 4350 Allen Road Stow, Ohio 44224

To the Board of Education:

#### Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the major fund, and the aggregate remaining fund information of the Stow-Munroe Falls City School District, Summit County, Ohio, as of and for the fiscal year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the Stow-Munroe Falls City School District's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for preparing and fairly presenting these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes designing, implementing, and maintaining internal control relevant to preparing and fairly presenting financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to opine on these financial statements based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the Stow-Munroe Falls City School District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the Stow-Munroe Falls City School District's internal control. Accordingly, we express no opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinions.

Independent Auditor's Report Stow-Munroe Falls City School District

#### **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the major fund, and the aggregate remaining fund information of the Stow-Munroe Falls City School District, Summit County, Ohio, as of June 30, 2017, and the respective changes in financial position thereof and the budgetary comparison for the General fund thereof for the fiscal year then ended in accordance with the accounting principles generally accepted in the United States of America.

#### **Other Matters**

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require this presentation to include *management's discussion and analysis* and schedules of net pension liabilities and pension contributions listed in the table of contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, consisting of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, to the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not opine or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to opine or provide any other assurance.

#### Supplementary and Other Information

Our audit was conducted to opine on the Stow-Munroe Falls City School District's basic financial statements taken as a whole.

The introductory section, the financial section's combining statements, individual fund statements and schedules and the statistical section information present additional analysis and are not a required part of the basic financial statements.

The statements and schedules are management's responsibility, and derive from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. We subjected this information to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling this information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves in accordance with auditing standards generally accepted in the United States of America. In our opinion, this information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

We did not subject the introductory section and statistical section information to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion or any other assurance on them.

#### Other Reporting Required by Government Auditing Standards

ulian & Sube the

In accordance with *Government Auditing Standards*, we have also issued our report dated December 28, 2017, on our consideration of the Stow-Munroe Falls City School District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Stow-Munroe Falls City School District's internal control over financial reporting and compliance.

Julian & Grube, Inc. December 28, 2017

#### MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2017

The management's discussion and analysis of the Stow-Munroe Falls City School District's (the "District") financial performance provides an overall review of the District's financial activities for the fiscal year ended June 30, 2017. The intent of this discussion and analysis is to look at the District's financial performance as a whole; readers should also review the transmittal letter, the basic financial statements and the notes to the basic financial statements to enhance their understanding of the District's financial performance.

#### **Financial Highlights**

Key financial highlights for 2017 are as follows:

- The District's net position of governmental activities decreased \$10,822,579 which represents a 29.94% decrease from 2016.
- General revenues accounted for \$48,287,464 in revenue or 84.31% of all revenues. Program specific revenues in the form of charges for services and sales, grants and contributions accounted for \$8,983,438 or 15.69% of total revenues of \$57,270,902.
- The District had \$68,093,481 in expenses related to governmental activities; \$8,983,438 of these expenses was offset by program specific charges for services, grants or contributions. General revenues supporting governmental activities (primarily taxes and unrestricted grants and entitlements) of \$48,287,464 were not adequate to provide for these programs.
- The District's only major governmental fund is the general fund. The general fund had \$53,204,084 in revenues and other financing sources and \$60,712,910 in expenditures and other financing uses. During fiscal year 2017, the general fund's fund balance decreased \$7,508,826 from a balance of \$29,117,603 to \$21,608,777.

#### Using this Comprehensive Annual Financial Report (CAFR)

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand the District as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The statement of net position and statement of activities provide information about the activities of the whole District, presenting both an aggregate view of the District's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the District's most significant funds with all other nonmajor funds presented in total in one column. In the case of the District, the general fund is by far the most significant fund, and the only governmental fund reported as a major fund.

#### Reporting the District as a Whole

#### Statement of Net Position and the Statement of Activities

While this document contains the large number of funds used by the District to provide programs and activities, the view of the District as a whole looks at all financial transactions and asks the question, "How did we do financially during 2017?" The statement of net position and the statement of activities answer this question. These statements include all assets, deferred outflows, liabilities, deferred inflows, revenues and expenses using the accrual basis of accounting similar to the accounting used by most private-sector companies. This basis of accounting will take into account all of the current year's revenues and expenses regardless of when cash is received or paid.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2017

These two statements report the District's net position and changes in that position. This change in net position is important because it tells the reader that, for the District as a whole, the financial position of the District has improved or diminished. The causes of this change may be the result of many factors, some financial, some not. Non-financial factors include the District's property tax base, current property tax laws in Ohio restricting revenue growth, facility conditions, required educational programs and other factors.

In the statement of net position and the statement of activities, the governmental activities include the District's programs and services, including instruction, support services, operations and maintenance, pupil transportation, extracurricular activities, and food service operations.

The District's statement of net position and statement of activities can be found on pages 25-26 of this report.

#### Reporting the District's Most Significant Funds

#### Fund Financial Statements

The analysis of the District's major governmental fund begins on page 21. Fund financial reports provide detailed information about the District's major funds. The District uses many funds to account for a multitude of financial transactions. However, these fund financial statements focus on the District's most significant funds. The District's only major governmental fund is the general fund.

#### Governmental Funds

Most of the District's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in future periods. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets than can readily be converted to cash. The governmental fund financial statements provide a detailed short-term view of the District's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship (or differences) between governmental activities (reported in the statement of net position and the statement of activities) and governmental funds is reconciled in the basic financial statements. The basic governmental fund financial statements can be found on pages 27-31 of this report.

#### Reporting the District's Fiduciary Responsibilities

The District is the trustee, or fiduciary, for its scholarship programs. This activity is presented as a private-purpose trust fund. The District also acts in a trustee capacity as an agent for individuals or other entities. These activities are reported in agency funds. All of the District's fiduciary activities are reported in separate statements of fiduciary net position and changes in fiduciary net position on pages 32 and 33. These activities are excluded from the District's other financial statements because the assets cannot be utilized by the District to finance its operations.

#### Notes to the Basic Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. These notes to the basic financial statements can be found on pages 34-70 of this report.

# MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2017

#### Required Supplementary Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the District's net pension liability. The required supplementary information can be found on pages 72-78 of this report.

#### The District as a Whole

The statement of net position provides the perspective of the District as a whole. The table below provides a summary of the District's net position for June 30, 2017 and June 30, 2016.

#### **Net Position**

	Governmental Activities 2017	Governmental Activities 2016
Assets		
Current and other assets	\$ 60,865,112	\$ 63,755,732
Capital assets, net	21,535,494	20,230,649
Total assets	82,400,606	83,986,381

#### MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2017

During 2015, the District adopted GASB Statement 68, "Accounting and Financial Reporting for Pensions—an Amendment of GASB Statement 27," which significantly revises accounting for pension costs and liabilities. For reasons discussed below, many end users of this financial statement will gain a clearer understanding of the District's actual financial condition by adding deferred inflows related to pension and the net pension liability to the reported net position and subtracting deferred outflows related to pension.

Governmental Accounting Standards Board standards are national and apply to all government financial reports prepared in accordance with generally accepted accounting principles. When accounting for pension costs, GASB 27 focused on a funding approach. This approach limited pension costs to contributions annually required by law, which may or may not be sufficient to fully fund each plan's *net pension liability*. GASB 68 takes an earnings approach to pension accounting; however, the nature of Ohio's statewide pension systems and state law governing those systems requires additional explanation in order to properly understand the information presented in these statements.

Under the new standards required by GASB 68, the net pension liability equals the District's proportionate share of each plan's collective:

- 1. Present value of estimated future pension benefits attributable to active and inactive employees' past service
- 2. Minus plan assets available to pay these benefits

GASB notes that pension obligations, whether funded or unfunded, are part of the "employment exchange" – that is, the employee is trading his or her labor in exchange for wages, benefits, and the promise of a future pension. GASB noted that the unfunded portion of this pension promise is a present obligation of the government, part of a bargained-for benefit to the employee, and should accordingly be reported by the government as a liability since they received the benefit of the exchange. However, the District is not responsible for certain key factors affecting the balance of this liability. In Ohio, the employee shares the obligation of funding pension benefits with the employer. Both employer and employee contribution rates are capped by State statute. A change in these caps requires action of both Houses of the General Assembly and approval of the Governor. Benefit provisions are also determined by State statute. The employee enters the employment exchange with the knowledge that the employer's promise is limited not by contract but by law. The employer enters the exchange also knowing that there is a specific, legal limit to its contribution to the pension system. In Ohio, there is no legal means to enforce the unfunded liability of the pension system *as against the public employer*. State law operates to mitigate/lessen the moral obligation of the public employer to the employee, because all parties enter the employment exchange with notice as to the law. The pension system is responsible for the administration of the plan.

Most long-term liabilities have set repayment schedules or, in the case of compensated absences (i.e. sick and vacation leave), are satisfied through paid time-off or termination payments. There is no repayment schedule for the net pension liability. As explained above, changes in pension benefits, contribution rates, and return on investments affect the balance of the net pension liability, but are outside the control of the local government. In the event that contributions, investment returns, and other changes are insufficient to keep up with required pension payments, State statute does not assign/identify the responsible party for the unfunded portion. Due to the unique nature of how the net pension liability is satisfied, this liability is separately identified within the long-term liability section of the statement of net position.

In accordance with GASB 68, the District's statements prepared on an accrual basis of accounting include an annual pension expense for their proportionate share of each plan's *change* in net pension liability not accounted for as deferred inflows/outflows.

Over time, net position can serve as a useful indicator of a government's financial position. At June 30, 2017, the District's liabilities and deferred outflows of resources exceeded assets and deferred inflows of resources by \$46,968,143. Of this total, \$646,129 is restricted in use.

# MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2017

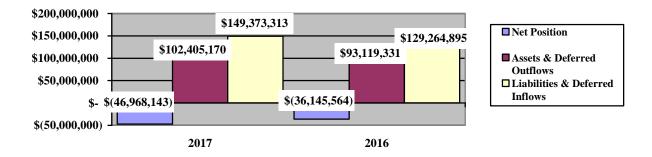

At year-end, capital assets represented 26.14% of total assets. Capital assets include land, construction in progress, land improvements, buildings and improvements, furniture and equipment and vehicles. Net investment in capital assets at June 30, 2017, was \$15,200,038. These capital assets are used to provide services to the students and are not available for future spending. Although the District's investment in capital assets is reported net of related debt, it should be noted that the resources to repay the debt must be provided from other sources, since capital assets may not be used to liquidate these liabilities.

Capital assets increased because of a new permanent improvement levy improved by the District's voters.

A portion of the District's net position, \$646,129 represents resources that are subject to external restriction on how they may be used. The remaining balance of unrestricted net position was a deficit of \$62,814,310. The deficit balance in unrestricted net position was the result of reporting the net pension liability required by GASB 68.

The graph below illustrates the District's governmental activities assets plus deferred outflows, liabilities plus deferred inflows and net position at June 30, 2017 and 2016.

#### **Governmental Activities**

#### MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2017

The table below shows the changes in net position for governmental activities between 2017 and 2016.

#### **Change in Net Position**

	Governmental Activities2017	Governmental Activities 2016
Revenues		
Program revenues:		
Charges for services and sales	\$ 4,484,209	\$ 4,357,574
Operating grants and contributions	4,499,229	4,351,903
General revenues:		
Property taxes	30,572,028	34,834,295
Payments in lieu of taxes	53,102	218,504
Grants and entitlements	17,572,111	17,389,770
Investment earnings	31,294	94,325
Miscellaneous	58,929	382,045
Total revenues	57,270,902	61,628,416
		continued

Tax revenue decreased approximately \$4.3 million during fiscal year 2017. This decrease is due to fluctuations in the amounts of tax advances available from the County Auditors over the past several years.

The largest expense of the District is for instructional programs. Instruction expenses totaled \$41,915,918 or 61.56% of total governmental expenses for fiscal 2017. Overall, expenses increased approximately \$7.9 million over 2016 expenses. The primary reasons for this is an increase in the net pension liability and increases in wages and benefits.

# MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2017

#### **Change in Net Position (Continued)**

	Governmental Activities2017	Governmental Activities 2016
<u>Expenses</u>		
Program expenses:		
Instruction:

Changes in net position	(10,822,579)	1,440,968
Net position at beginning of year	(36,145,564)	(37,586,532)
Net position at end of year	\$ (46,968,143)	\$ (36,145,564)

#### **Governmental Activities**

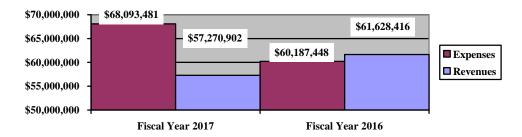

Net position of the District's governmental activities decreased \$10,822,579. Total governmental expenses of \$68,093,481 were offset by program revenues of \$8,983,438 and general revenues of \$48,287,464. Program revenues supported 13.19% of the total governmental expenses.

The primary sources of revenue for governmental activities are derived from property taxes and unrestricted grants and entitlements. These revenue sources represent 84.06% of total governmental revenue.

# MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2017

The graph below presents the District's governmental activities revenue and expenses for fiscal year 2017 and 2016.

#### **Governmental Activities - Revenues and Expenses**

The statement of activities shows the cost of program services and the charges for services and grants offsetting those services. The following table shows, for governmental activities, the total cost of services and the net cost of services for 2017 and 2016. That is, it identifies the cost of these services supported by tax revenue and unrestricted State grants and entitlements.

#### **Governmental Activities**

Total expenses	\$ 68,093,481	\$ 59,110,043	\$ 60,187,448	\$ 51,477,971

#### MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2017

The dependence upon tax and other general revenues for governmental activities is apparent as 85.20% of instruction activities are supported through taxes and other general revenues. For all governmental activities, general revenue support is 86.81%. The District's taxpayers and unrestricted grants and entitlements from the State of Ohio, as a whole, are by far the primary support for District's students.

The graph below presents the District's governmental activities revenue for fiscal years 2017 and 2016.

#### **Governmental Activities - General and Program Revenues**

General revenues decreased \$4,631,475 or 8.76% from fiscal 2016 to 2017 and program revenues increased \$273,961 or 3.15% from 2016 to 2017.

#### The District's Funds

The District's governmental funds reported a combined fund balance of \$21,245,002, which is less than last year's total of \$29,802,994. The schedule below indicates the fund balance and the total change in fund balance as of June 30, 2017 and 2016.

	Fund Balance June 30, 2017	Fund Balance June 30, 2016	(Decrease)	Percentage <u>Change</u>
General Other Governmental	\$ 21,608,777 (363,775)	\$ 29,117,603 685,391	\$ (7,508,826) (1,049,166)	(25.79) % (153.08) %
Total	\$ 21,245,002	\$ 29,802,994	\$ (8,557,992)	(28.72) %

#### General Fund

The District's general fund balance decreased \$7,508,826. Revenues decreased from the prior year by \$4,749,582, or 8.27%, while expenditures increased \$3,447,301, or 6.04%, from the prior year. An analysis of the general fund's revenues and expenditures is provided below.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2017

The table that follows assists in illustrating the financial activities and fund balance of the general fund.

	2017 Amount	2016 Amount	Increase (Decrease)	Percentage Change
Revenues	7 Hillouit	7 Hillount	(Beereuse)	Change
Taxes	\$ 29,434,303	\$ 34,230,865	\$ (4,796,562)	(14.01) %
Earnings on investments	31,735	88,500	(56,765)	(64.14) %
Intergovernmental	19,177,316	19,089,211	88,105	0.46 %
Other revenues	4,017,133	4,001,493	15,640	0.39 %
Total	\$ 52,660,487	\$ 57,410,069	\$ (4,749,582)	(8.27) %
Expenditures				
Instruction	\$ 37,500,023	\$ 35,224,291	\$ 2,275,732	6.46 %
Support services	20,484,784	19,679,119	805,665	4.09 %
Non-instructional services	14,568	-	14,568	100.00 %
Extracurricular activities	1,009,139	962,444	46,695	4.85 %
Facilities acquisition and construction	752,960	669,332	83,628	12.49 %
Debt service	724,128	503,115	221,013	43.93 %
Total	\$ 60,485,602	\$ 57,038,301	\$ 3,447,301	6.04 %

The only significant reason that revenue decreased between fiscal year 2017 and fiscal year 2016 is due to a decrease in property tax revenues. This is mainly due to fluctuations in the amount of tax advances available for the County Auditors at fiscal year-end.

The increase in instruction and support services is primarily due to customary wage and benefit increases. The increase in debt service expenditures totaled \$221,013 for fiscal year 2017. This was due to the District entering into a new lease purchase agreement for buses during fiscal year 2017. Payments on this new long-term obligation is made from the general fund.

#### General Fund Budgeting Highlights

The District's budget is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The most significant budgeted fund is the general fund.

For the general fund, original budgeted revenues and other financing sources were \$56,413,421. Final budgeted revenues and other financing sources were increased to \$57,769,462. Actual revenues and other financing sources for fiscal year 2017 were \$57,857,061. This was \$87,599 greater than the final budgeted revenues. The District conservatively budgets revenues as can be seen with actual revenues being larger than in the final budget.

General fund original appropriations (appropriated expenditures including other financing uses) of \$83,190,182 were increased to \$84,724,182 in the final appropriations. The actual budget basis expenditures and other financing uses for fiscal year 2017 totaled \$62,604,400, which was \$22,119,782 less than the final budgeted appropriations. The District's policy for preparing appropriations is to budget all available resources in order to avoid violating the Ohio Revised Code, which states that actual expenditures may not exceed appropriations.

### MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2017

### **Capital Assets and Debt Administration**

### Capital Assets

At the end of fiscal 2017, the District had \$21,535,494 invested in land, construction in progress, land improvements, buildings and improvements, furniture and equipment and vehicles. This entire amount is reported in governmental activities. The following table shows fiscal 2017 balances compared to 2016:

### Capital Assets at June 30 (Net of Depreciation)

	Governmental Activities				
	2017	2016			
Land	\$ 563,915	\$ 563,915			
Construction in progress	1,104,864	-			
Land improvements	2,286,234	2,490,386			
Building and improvements	12,222,486	12,499,593			
Furniture, fixtures and equipment	2,825,271	2,379,212			
Vehicles	2,532,724	2,297,543			
Total	\$ 21,535,494	\$ 20,230,649			

Total additions to capital assets for fiscal year 2017 were \$2,957,499. Total disposals to capital assets for fiscal year 2017 were \$29,463 (net of accumulated depreciation). Depreciation expense recorded for the fiscal year totaled \$1,623,191.

See Note 7 to the basic financial statements for additional information on the District's capital assets.

#### **Debt Administration**

At June 30, 2017, the District had \$5,898,902 in general obligation bonds, energy conservation bonds and lease purchase obligations outstanding. Of this total, \$742,693 is due within one year and \$5,156,209 is due in greater than one year. The following table summarizes the bond and lease purchase obligations outstanding.

### Outstanding Bonds, at Year End

	Governmental Activities	Governmental Activities 2016
General obligation bonds Energy conservation bonds	\$ 1,225,000 3,583,612	\$ 1,535,000 3,784,885
Lease purchase obligations	1,090,290	849,459
Total	\$ 5,898,902	\$ 6,169,344

See Note 9 to the basic financial statements for additional information on the District's long-term obligations.

### MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2017

#### **Current Financial Related Activities**

As the preceding information shows, the District relies heavily upon State Foundation and property tax monies. The Board of Education and administration closely monitor its revenues and expenditures in accordance with its financial forecast. The financial future of the District is not without its challenges though. These issues stem from issues that are local and at the State level. The local challenges will continue to exist, as the District must rely heavily on property taxes to fund its operations. State level challenges continue to evolve as the State of Ohio neglects to deal with the unconstitutionality of the State's educational funding system.

The District is currently facing two challenges. One challenge is the future of the State funding. On December 11, 2002, the Ohio Supreme Court issued its latest opinion regarding the State's school funding plan. The decision reaffirmed earlier decisions that Ohio's current school-funding plan is unconstitutional. The Ohio General Assembly was directed to enact a school-funding mechanism that is to be thorough and efficient. The District is unable to determine what effect, if any, this decision will have on future funding from the State.

Due to unsettled issues in the school funding, management is required to plan carefully and prudently to provide the resources to meet student needs over the next several years.

In conclusion, the District's system of budgeting and internal controls is well regarded. All of the District's financial abilities will be needed to meet the challenges of the future.

### **Contacting the District's Financial Management**

This financial report is designed to provide our citizens, taxpayers, investors and creditors with a general overview of the District's finances and to show the District's accountability for the money it receives. If you have questions about this report or need additional financial information contact: Ms. Kristy Stoicoiu, Treasurer, at Stow-Munroe Falls City School District, 4350 Allen Road, Stow, Ohio 44224.

# RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE FISCAL YEAR ENDED JUNE 30, 2017

Net change in fund balances - total governmental funds		\$ (8,557,992)
Amounts reported for governmental activities in the statement of activities are different because:		
Governmental funds report capital outlays as expenditures.  However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense.		
Capital asset additions Current year depreciation Total	\$ 2,957,499 (1,623,191)	1,334,308
The net effect of various miscellaneous transactions involving capital assets (i.e., sales, disposals, trade-ins, and donations) is to decrease net position.		(29,463)
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.		
Taxes Earnings on investments Intergovernmental Total	(387,481) (441) (35,522)	. (423,444)
Repayment of bond and capital lease principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities on the statement of net position. Principal payments during the year were:  Bonds Capital leases Total	511,273 247,096	758,369
Issuance of capital leases are recorded as other financing sources in the funds; however, in the statement of activities, they are not reported as other financing sources as they increase liabilities on the statement of net position.		(487,927)
In the statement of activities, interest is accrued on outstanding bonds, whereas in governmental funds, an interest expenditure is reported when due. The following items resulted in more interest being reported in the statement of activities:  Increase in accrued interest payable	(5,385)	
Amortization of bond premiums Total	6,481	1,096
Contractually required pension contributions are reported as expenditures in governmental funds; however, the statement of activities reports these amounts as deferred outflows.		5,164,361
Except for amounts reported as deferred inflows/outflows, changes in the net pension liability are reported as pension expense in the statement of activities.		(8,413,724)
Some expenses reported in the statement of activities, such as compensated absences, do not require the use of current financial resources and therefore are not reported as expenditures		
in governmental funds.		(168,163)
Change in net position of governmental activities		\$ (10,822,579)

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2017

### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Stow-Munroe Falls City School District (the "District") operates under a locally-elected, five-member Board form of government and provides educational services as authorized or mandated by State and/or Federal agencies. This Board controls the District's nine instructional/support facilities staffed by 251 full-time and part-time non-certified employees, 378 certified teaching personnel and 29 administrators. The District provides services to 5,126 students and other community members.

The basic financial statements of the District have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The District's significant accounting policies are described below.

### A. Reporting Entity

The reporting entity has been defined in accordance with GASB Statement No. 14, "<u>The Financial Reporting Entity</u>" as amended by GASB Statement No. 39, "<u>Determining Whether Certain Organizations Are Component Units</u>" and GASB Statement No. 61, "<u>The Financial Reporting Entity</u>: <u>Omnibus an Amendment of GASB Statements No. 14 and No. 34</u>". The reporting entity is composed of the primary government and component units. The primary government consists of all funds, departments, boards and agencies that are not legally separate from the District. For the District, this includes general operations, food service, and student related activities of the District.

Component units are legally separate organizations for which the District is financially accountable. The District is financially accountable for an organization if the District appoints a voting majority of the organization's Governing Board and (1) the District is able to significantly influence the programs or services performed or provided by the organization; or (2) the District is legally entitled to or can otherwise access the organization's resources; or (3) the District is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or (4) the District is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the District in that the District approves the budget, the issuance of debt or the levying of taxes. Certain organizations are also included as component units if the nature and significance of the relationship between the primary government and the organization is such that exclusion by the primary government would render the primary government's financial statements incomplete or misleading. Based upon the application of these criteria, the District has no component units. The basic financial statements of the reporting entity include only those of the District (the primary government).

Within the District boundaries are two non-public schools, Holy Family School, which is operated through the Cleveland Diocese, and the Kids Country Preschool, which is operated by Kids Country, Incorporated. Current State legislation provides funding to these non-public schools. These monies are received and disbursed on behalf of the non-public school by the Treasurer of the District, as directed by the non-public school. This activity is reflected in a nonmajor governmental fund for financial reporting purposes.

### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2017

### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

The following organizations are described due to their relationship to the District:

#### RELATED ORGANIZATION

### Stow-Munroe Falls Public Library

The Stow-Munroe Falls Public Library (the "Library") is a related organization to the District. The District's Board of Education is responsible for appointing all the trustees of the Library; however, the District's Board of Education cannot influence the Library's operation nor does the Library represent a potential financial benefit or burden to the District. Although the District serves as the taxing authority and may issue tax related debt on behalf of the Library, including the determination of the rate and duration, the District must place the levy on the ballot. The Library may issue debt and determines its own budget. The Library did not receive any funding from the District during the fiscal year 2017.

#### JOINTLY GOVERNED ORGANIZATIONS

### Northeast Ohio Network for Educational Technology (NEOnet)

NEOnet was established as a jointly governed organization among sixteen school districts and the Summit County Educational Service Center that was formed July 1, 1995. NEOnet was formed for the purpose of applying modern technology (with the aid of computers and other electronic equipment) to improve administrative and instructional functions of member districts. NEOnet has since been restructured and organized as a council of governments (COG) under Ohio Revised Code 3301.075 and Chapter 167. The new COG is called the Metropolitan Regional Service Council. The Council serves several program functions for the nineteen school district members, such as NEOnet information technology center (ITC) functions and as a collaborative purchasing agent. The Council is self supporting and conducts its fiscal services in house with a licensed treasurer.

The Council employs an Executive Director who works cooperatively with a seven-member Board of Directors consisting of four superintendents, the ESC superintendent, one member of the treasurers' committee and one member of the technology committee. The degree of control exercised by any participating school district is limited to its representation on the assembly, which elects the board of directors, who exercises total control over the operation of NEOnet including budgeting, appropriating, contracting and designating management. All revenues are generated from State funding and an annual fee per student to participating districts. The Metropolitan Regional Services Council and NEOnet are located at 700 Graham Road, Cuyahoga Falls, Ohio 44221. During the current fiscal year, the District contributed \$550,824 to NEOnet.

### Six District Educational Compact

The Six District Educational Compact is a jointly governed organization to provide for the vocational and special education needs of the students of six participating school districts. The six member board consists of the superintendent from each of the participating school districts. Students may attend any vocational or special education class offered by any of the six districts. If a student elects to attend a class offered by a school district other than the school district in which the student resides, the school district of residence pays an instructional fee to the school district that offered the class. Hudson City School District serves as the fiscal agent for this agreement, collecting and distributing payments. All revenues are generated from charges for services. The District paid \$572,414 to the Six District Educational Compact for services during fiscal year 2017.

### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2017

### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

### Ohio Schools Council Association

The Ohio Schools Council Association (Council) is a jointly governed organization comprised of one hundred and twenty one member districts. The mission of the Council is to identify, plan and provide services to member districts that can be more effectively achieved by cooperative endeavors of member districts than by an individual district operating on its own. Each district supports the Council by paying an annual participation fee. The Council's Board consists of nine superintendents of the participating districts whose term rotates every year. The degree of control exercised by any school district is limited to its representation on the Board. In fiscal year 2017, the District paid \$56,822 to the Council. Financial information can be obtained by contacting David Cottrell, the Executive Director of the Ohio Schools Council at 6133 Rockside Road, Suite 10, Independence, Ohio 44131.

The District participates in the Council's prepaid natural gas program which was implemented during fiscal year 2000. This program allows school districts to purchase natural gas at reduced rates, if the school districts will commit to participating in the program for a twelve year period. The participants make monthly payments based upon estimated usage. Annually, these estimated payments are compared to actual usage and any necessary adjustments are made.

The City of Hamilton, a municipal corporation and political subdivision duly organized and existing under the laws of the State of Ohio, issued \$89,450,000 in debt to purchase twelve years of natural gas from CMS Energy Corporation for the participants. The participating school districts are not obligated in any manner for this debt. If a participating school district terminates its agreement, the district is entitled to recover the amount, if any, of its contributions to the operating fund which are not encumbered for its share of program administrative costs.

### PUBLIC ENTITY RISK POOL

### Stark County Schools Council of Government Health Benefits Program

The Stark County Schools Council of Government Health Benefits Program (the "Consortium") is a shared risk pool, with participants from Stark, Mahoning, Summit, and Portage Counties and provides medical/surgical, dental, life insurance and dismemberment insurance. The Consortium is governed by an assembly which consists of one representative from each participant (usually the superintendent or designee). The assembly elects officers for two year terms to serve as the Board of Directors. The assembly exercises control over the operation of the Consortium. All Consortium revenues are generated from charges for services. Financial information can be obtained by writing to Stark County Educational Service Center, 2100 38th Street NW, Canton, Ohio 44709.

### Ohio Schools' Council Workers' Compensation Group Rating Program

The Ohio Schools' Council Workers' Compensation Group Rating Program (the "Plan") is an insurance purchasing pool (see Note 10.C.). The plan is intended to reduce premiums for the participants. The Worker's Compensation experience of the participating school districts is calculated as one experience and a common premium rate is applied to all school districts in the Plan.

### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2017

### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

### **B.** Fund Accounting

The District uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self balancing set of accounts. There are three categories of funds: governmental, proprietary and fiduciary. The District does not have proprietary funds.

#### GOVERNMENTAL FUNDS

Governmental funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and deferred outflows and liabilities and deferred inflows is reported as fund balance. The following is the District's major governmental fund:

<u>General fund</u> - The general fund is used to account for and report all financial resources not accounted for and reported in another fund. The general fund balance is available for any purpose provided it is expended or transferred according to the general laws of Ohio.

Other governmental funds of the District are used to account for (a) financial resources that are restricted, committed, or assigned to expenditures for capital outlays including the acquisition or construction of capital facilities and other capital assets and (b) specific revenue sources that are restricted or committed to an expenditure for specified purposes other than debt service or capital projects.

### FIDUCIARY FUNDS

Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds and agency funds. Trust funds are used to account for assets held by the District under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the District's own programs. The District's only trust fund is a private purpose trust, which primarily accounts for memorial and scholarship programs. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The District's agency fund accounts for student activity.

### C. Basis of Presentation and Measurement Focus

<u>Government-wide Financial Statements</u> - The statement of net position and the statement of activities display information about the District as a whole. These statements include the financial activities of the primary government, except for fiduciary funds.

The government-wide statement of activities presents a comparison between direct expenses and program revenues for each function or program of the governmental activities of the District. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include amounts paid by the recipient of goods or services offered by the program and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues not classified as program revenues are presented as general revenues of the District.

### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2017

### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

The government-wide financial statements are prepared using the economic resources measurement focus. All assets, deferred outflows, liabilities and deferred inflows associated with the operation of the District are included on the statement of net position.

<u>Fund Financial Statements</u> - Fund financial statements report detailed information about the District. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column, and all nonmajor funds are aggregated into one column. Fiduciary funds are reported by fund type.

All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and deferred outflows of resources and current liabilities and deferred inflows of resources generally are included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

The private-purpose trust fund is reported using the economic resources measurement focus. The agency fund does not report a measurement focus as it does not report operations.

### D. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Fiduciary funds use the accrual basis of accounting.

<u>Revenues - Exchange and Nonexchange Transactions</u> - Revenues resulting from exchange transactions, in which each party gives and receives essentially equal value, are recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the District, available means expected to be received within sixty days of fiscal year end.

Nonexchange transactions, in which the District receives value without directly giving equal value in return, include property taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied (See Note 5).

Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted, matching requirements, in which the District must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the District on a reimbursement basis. On a modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2017

### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at fiscal year end: property taxes available as an advance, interest, tuition, grants, student fees and rentals.

<u>Deferred Outflows of Resources and Deferred Inflows of Resources</u> - In addition to assets, the government-wide statement of net position will report a separate section for deferred outflows of resources. Deferred outflows of resources, represents a consumption of net position that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until then. See Note 11 for deferred outflows of resources related to the District's net pension liability.

In addition to liabilities, both the government-wide statement of net position and the governmental fund financial statements report a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net position that applies to a future period and will not be recognized as an inflow of resources (revenue) until that time. For the District, deferred inflows of resources include property taxes and unavailable revenue. Property taxes represent amounts for which there is an enforceable legal claim as of June 30, 2017, but which were levied to finance fiscal year 2018 operations. These amounts have been recorded as a deferred inflow of resources on both the government-wide statement of net position and the governmental fund financial statements. Unavailable revenue is reported only on the governmental funds balance sheet, and represents receivables which will not be collected within the available period. For the District unavailable revenue includes, but is not limited to, delinquent property taxes, accrued interest and intergovernmental grants. These amounts are deferred and recognized as an inflow of resources in the period the amounts become available.

See Note 11 for deferred inflows of resources related to the District's net pension liability. This deferred inflow of resources is only reported on the government-wide statement of net position.

<u>Expenses/Expenditures</u> - On the accrual basis of accounting, expenses are recognized at the time they are incurred. The entitlement value of donated commodities used during the year is reported in the statement of revenues, expenditures and changes in fund balances as an expenditure with a like amount reported as intergovernmental revenue.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

### E. Budgets

The budgetary process is prescribed by provisions of the Ohio Revised Code and entails the preparation of budget documents within an established timetable. The major documents prepared are the alternative tax budget, the certificate of estimated resources, and the appropriations resolution, all of which are prepared on the budgetary basis of accounting. All funds, other than agency funds, are required to be budgeted and appropriated. The legal level of budgetary control is at the fund level for all funds. Any budgetary modifications at this level may only be made by resolution of the Board of Education. Although the legal level of budgetary control was established at the fund level of expenditures for the general fund, the District has elected to present the budgetary statement comparison at the fund and function level of expenditures.

### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2017

### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

The certificate of estimated resources and the appropriations resolution are subject to amendment throughout the year with the legal restriction that appropriations cannot exceed estimated resources, as certified. The amounts reported as the original budgeted revenues in the budgetary statements reflect the amounts in the certificate of estimated resources when the original appropriations were adopted. The amounts reported as the final budgeted revenues in the budgetary statement reflect the amounts in the amended certificate of estimated resources that was in effect at the time the final appropriations were passed by the Board of Education. The amounts reported as the original budgeted expenditures reflect the first appropriation for that fund that covered the entire fiscal year, including amounts automatically carried over from prior years. The amounts reported as the final budgeted expenditures represent the final appropriation amounts passed by the Board during the year.

#### F. Cash and Investments

To improve cash management, cash received by the District is pooled. Monies for all funds are maintained in this pool. Individual fund integrity is maintained through the District's records. Each fund's interest in the pool is presented as "equity in pooled cash and investments" on the basic financial statements.

During fiscal year 2017, investments were limited to federal agency securities, U.S. Treasury money market funds, negotiable certificates of deposit, a repurchase agreement and investments in the State Treasury Asset Reserve of Ohio (STAR Ohio). Except for nonparticipating investment contracts, investments are reported at fair value, which is based on quoted market prices. Nonparticipating investment contracts, such as repurchase agreements, are reported at cost.

STAR Ohio, is an investment pool managed by the State Treasurer's Office which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but has adopted Governmental Accounting Standards Board (GASB), Statement No. 79, "Certain External Investment Pools and Pool Participants." The District measures its investment in STAR Ohio at the net asset value (NAV) per share provided by STAR Ohio. The NAV per share is calculated on an amortized cost basis that provides an NAV per share that approximates fair value.

For fiscal year 2017, there were no limitations or restrictions on any participant withdrawals due to redemption notice periods, liquidity fees, or redemption gates. However, notice must be given 24 hours in advance of all deposits and withdrawals exceeding \$25 million. STAR Ohio reserves the right to limit the transaction to \$50 million, requiring the excess amount to be transacted the following business day(s), but only to the \$50 million limit. All accounts of the participant will be combined for these purposes.

Under existing Ohio statutes, all investment earnings are assigned to the general fund except those specifically related to certain trust funds, unless the Board of Education specifically directs interest to be recorded in other funds. Interest revenue credited to the general fund during fiscal year 2017 amounted to \$31,735 which includes \$1,248 assigned from other District funds.

For presentation on the basic financial statements, investments of the cash management pool and investments with original maturities of three months or less at the time they are purchased by the District are considered to be cash equivalents. Investments with an initial maturity of more than three months are reported as investments.

### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2017

### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

An analysis of the District's investment accounts at year end is provided in Note 3.

### G. Inventory

On the government-wide and fund financial statements, purchased inventories are presented at the lower of cost or market and donated commodities are presented at their entitlement value. Inventories are recorded on a first-in, first-out basis and are expended/expensed when used. Inventories are accounted for using the consumption method.

Inventory consists of expendable supplies held for consumption, donated and purchased food, and workbooks.

### H. Capital Assets

General capital assets are those related to government activities. These assets generally result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the government-wide statement of net position, but are not reported in the fund financial statements.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated capital assets are recorded at their acquisition values as of the date received. The District maintained a capitalization threshold of \$5,000 for its general capital assets during fiscal year 2017. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not.

All reported capital assets, except land and construction in progress, are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets.

Governmental

Depreciation is computed using the straight-line method over the following useful lives:

	Activities
<u>Description</u>	<b>Estimated Lives</b>
Land improvements	15 - 20 years
Buildings and improvements	10 - 40 years
Furniture, fixtures and equipment	5 - 20 years
Vehicles	8 - 15 years

#### I. Interfund Balances

On fund financial statements, receivables and payables resulting from short-term interfund loans between governmental funds are classified as "interfund loans receivable/payable". These amounts are eliminated in the governmental activities column on the statement of net position.

### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2017

### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

### J. Compensated Absences

GASB Statement No. 16, "Accounting for Compensated Absences", specifies the method used to accrue liabilities for leave benefits. Vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable that the District will compensate the employees for the benefits through paid time off or some other means.

Sick leave benefits are accrued as a liability using the termination method. An accrual for earned sick leave is made to the extent that is probable that benefits will result in termination (severance) payments. The liability is an estimate based on the District's past experience of making termination (severance) payments.

The total liability for vacation and sick leave payments has been calculated using pay rates in effect at June 30, 2017 and reduced to the maximum payment allowed by labor contract and/or statute, plus any additional salary related payments.

The entire compensated absence liability is reported on the government-wide financial statements.

For governmental fund financial statements, compensated absences are recognized as liabilities and expenditures as payments come due each period upon the occurrence of employee resignations and retirements.

### K. Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources, are reported as obligations of the funds. However, claims and judgments, net pension liabilities and compensated absences that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current year. Bonds and lease purchase obligations are recognized as a liability on the fund financial statements when due.

#### L. Estimates

The preparation of the basic financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the basic financial statements and accompanying notes. Actual results may differ from those estimates.

#### M. Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the District is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2017

### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

<u>Nonspendable</u> - The nonspendable fund balance classification includes amounts that cannot be spent because they are not in spendable form or legally required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash.

<u>Restricted</u> - Fund balance is reported as restricted when constraints are placed on the use of resources that are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments, or imposed by law through constitutional provisions or enabling legislation.

<u>Committed</u> - The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by a formal action (resolution) of the District Board of Education (the highest level of decision making authority). Those committed amounts cannot be used for any other purpose unless the District Board of Education removes or changes the specified use by taking the same type of action (resolution) it employed to previously commit those amounts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

<u>Assigned</u> - Amounts in the assigned fund balance classification are intended to be used by the District for specific purposes but do not meet the criteria to be classified as restricted nor committed. In governmental funds other than the general fund, assigned fund balance represents the remaining amount that is not restricted or committed. In the general fund, assigned amounts represent intended uses established by policies of the District Board of Education, which includes giving the Treasurer the authority to constrain monies for intended purposes.

<u>Unassigned</u> - Unassigned fund balance is the residual classification for the general fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is only used to report a deficit fund balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned.

The District applies restricted resources first when expenditures are incurred for purposes for which restricted and unrestricted (committed, assigned, and unassigned) fund balance is available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

### N. Net Position

Net position represents the difference between assets and deferred outflows and liabilities and deferred inflows. The net position component "net investment in capital assets," consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction or improvement of those assets or related debt also should be included in this component of net position. Net position is reported as restricted when there are limitations imposed on its use either through the enabling legislation adopted by the District or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2017

### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

The District applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

### O. Interfund Activity

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the basic financial statements.

Interfund transfers between governmental funds are eliminated for reporting in the government-wide statement of activities.

### P. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the pension plans and additions to/deductions from their fiduciary net position have been determined on the same basis as they are reported by the pension systems. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. The pension systems report investments at fair value.

### Q. Extraordinary and Special Items

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of the Board of Education and that are either unusual in nature or infrequent in occurrence. During fiscal year 2017, the District did not incur any transactions that would be classified as an extraordinary item or special item.

### R. Unamortized Bond Premiums

Bond premiums are deferred and amortized over the term of the bonds using the straight-line method, which approximates the effective interest method. Bond premiums are presented as an addition to the face amount of the bonds.

On the governmental fund financial statements, issuance costs and bond premiums are recognized in the current period. A reconciliation between the bonds face value and the amount reported on the statement of net position is presented in Note 9.

### S. Fair Value

The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2017

### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

### T. Prepayments

Certain payments to vendors reflect the costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements. These items are reported as assets using the consumption method. A current asset for the prepaid amounts is recorded at the time of the purchase and the expenditure/expense is reported in the year in which services are consumed.

#### NOTE 2 - ACCOUNTABILITY AND COMPLIANCE

### A. Change in Accounting Principles

For fiscal year 2017, the District has implemented GASB Statement No. 77, "Tax Abatement Disclosures", GASB Statement No. 78, "Pensions Provided Through Certain Multiple-Employer Defined Benefit Pension Plans", GASB Statement No. 80, "Blending Requirements for Certain Component Units - An Amendment of GASB Statement No. 14" and GASB Statement No. 82, "Pension Issues - An Amendment of GASB Statements No. 67, No. 68 and No. 73".

GASB Statement No. 77 requires governments that enter into tax abatement agreements to disclose certain information about the agreement. GASB Statement No. 77 also requires disclosures related to tax abatement agreements that have been entered into by other governments that reduce the reporting government's tax revenues. These disclosures were incorporated in the District's fiscal year 2017 financial statements (see Note 17); however, there was no effect on beginning net position/fund balance.

GASB Statement No. 78 establishes accounting and financial reporting standards for defined benefit pensions provided to the employees of state or local governmental employers through a cost-sharing multiple-employer defined benefit pension plan (cost-sharing pension plan) that meets the criteria in paragraph 4 of Statement 68 and that (a) is not a state or local governmental pension plan, (b) is used to provide defined benefit pensions both to employees of state or local governmental employers and to employees of employers that are not state or local governmental employers, and (c) has no predominant state or local governmental employer (either individually or collectively with other state or local governmental employers that provide pensions through the pension plan). The implementation of GASB Statement No. 78 did not have an effect on the financial statements of the District.

GASB Statement No. 80 improves the financial reporting by clarifying the financial statement presentation requirements for certain component units. This Statement applies to component units that are organized as not-for-profit corporations in which the primary government is the sole corporate member. The implementation of GASB Statement No. 80 did not have an effect on the financial statements of the District.

GASB Statement No. 82 addresses issues regarding (1) the presentation of payroll-related measures in required supplementary information, (2) the selection of assumptions and the treatment of deviations from the guidance in an Actuarial Standard of Practice for financial reporting purposes, and (3) the classification of payments made by employers to satisfy employee (plan member) contribution requirements. The implementation of GASB Statement No. 82 did not have an effect on the financial statements of the District.

### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2017

### NOTE 2 - ACCOUNTABILITY AND COMPLIANCE - (Continued)

### **B.** Deficit Fund Balances

Fund balances at June 30, 2017 included the following individual fund deficits:

Nonmajor funds	<u>Deficit</u>
Food service	\$ 68,075
IDEA Part B grants	545,288
Title III limited English proficiency	128
Title I disadvantaged children	96,910
Improving teacher quality	21,594

The general fund is liable for any deficit in these funds and provides transfers when cash is required, not when accruals occur. The deficit fund balances resulted from adjustments for accrued liabilities.

### **NOTE 3 - DEPOSITS AND INVESTMENTS**

State statutes classify monies held by the District into three categories.

Active deposits are public deposits necessary to meet current demands on the treasury. Such monies must be maintained either as cash in the District treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that the Board of Education has identified as not required for use within the current five-year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use, but which will be needed before the end of the current period of designation of depositories.

Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts including passbook accounts.

Interim monies may be deposited or invested in the following securities:

- 1. United States Treasury Notes, Bills, Bonds, or any other obligation or security issued by the United States Treasury or any other obligation guaranteed as to principal and interest by the United States;
- 2. Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality, including, but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;

### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2017

### **NOTE 3 - DEPOSITS AND INVESTMENTS - (Continued)**

- 3. Written repurchase agreements in the securities listed above provided that the fair value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and that the term of the agreement must not exceed thirty days;
- 4. Bonds and other obligations of the State of Ohio;
- 5. No-load money market mutual funds consisting exclusively of obligations described in items (1) and (2) above and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
- 6. The State Treasurer's investment pool (STAR Ohio);
- 7. Certain banker's acceptance and commercial paper notes for a period not to exceed one hundred eighty days from the purchase date in an amount not to exceed twenty-five percent of the interim monies available for investment at any one time; and,
- 8. Under limited circumstances, corporate debt interests rated in either of the two highest classifications by at least two nationally recognized rating agencies.

Protection of the District's deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, by surety company bonds deposited with the Treasurer by the financial institution or by a single collateral pool established by the financial institution to secure the repayment of all public monies deposited with the institution.

Investments in stripped principal or interest obligations, reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. An investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the District, and must be purchased with the expectation that it will be held to maturity.

Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the Treasurer or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

### A. Cash on Hand

At fiscal year end, the District had \$1,050 in undeposited cash on hand which is included on the financial statements of the District as part of "equity in pooled cash and investments".

### **B.** Deposits with Financial Institutions

At June 30, 2017, the carrying amount of all District deposits was \$4,371,385, exclusive of the repurchase agreement reported below. Based on the criteria described in GASB Statement No. 40, "<u>Deposits and Investment Risk Disclosures</u>", as of June 30, 2017, \$2,654,662 of the District's bank balance of \$5,432,292 was exposed to custodial risk as discussed below, while \$2,777,630 was covered by the FDIC.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2017

### **NOTE 3 - DEPOSITS AND INVESTMENTS - (Continued)**

Custodial credit risk is the risk that, in the event of bank failure, the District's deposits may not be returned. All deposits are collateralized with eligible securities in amounts equal to at least 105% of the carrying value of the deposits. Such collateral, as permitted by the Ohio Revised Code, is held in single financial institution collateral pools at Federal Reserve Banks, or at member banks of the federal reserve system, in the name of the respective depository bank and pledged as a pool of collateral against all of the public deposits it holds or as specific collateral held at the Federal Reserve Bank in the name of the District. The District has no deposit policy for custodial credit risk beyond the requirements of State statute. Although the securities were held by the pledging institutions' trust department and all statutory requirements for the deposit of money had been followed, noncompliance with federal requirements could potentially subject the District to a successful claim by the FDIC.

### C. Investments

As of June 30, 2017, the District had the following investments and maturities:

				Investment maturities							
Measurement/	N.	Ieasurement	6	of months or		7 to 12		13 to 18	19 to 24	G	reater Than
Investment type		value	_	less	_	months		months	months		24 months
Fair value:											
FHLMC	\$	1,054,066	\$	-	\$	-	\$	-	\$ 447,978	\$	606,088
FHLB		547,414		-		-		304,903	-		242,511
FFCB		273,318		273,318		-		-	-		-
FNMA		2,765,669		-		-		-	1,642,600		1,123,069
Negotiable CDs		1,402,828		489,775		423,551		245,090	244,412		-
Repurchase agreement		12,341,724		12,341,724		-		-	-		-
U.S. Treasury											
money market		45,126		45,126		-		-	-		-
Amortized cost:											
STAR Ohio		688,801		688,801	_		_			_	
	\$	19,118,946	\$	13,838,744	\$	423,551	\$	549,993	\$ 2,334,990	\$	1,971,668

The weighted average maturity of investments is 0.54 years.

The District's investments in U.S. Treasury money market mutual funds are valued using quoted market prices in active markets (Level 1 inputs). The District's investments in federal agency securities, the federal agency securities that underlie the repurchase agreement and negotiable CD's are valued using quoted prices in markets that are not considered to be active, dealer quotations or alternative pricing sources for similar assets or liabilities for which all significant inputs are observable, either directly or indirectly (Level 2 inputs).

*Interest Rate Risk:* Interest rate risk arises as potential purchasers of debt securities will not agree to pay face value for those securities if interest rates subsequently increase. As a means of limiting its exposure to fair value losses arising from rising interest rates and according to State law, the District's investment policy limits investment portfolio maturities to five years or less.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2017

### **NOTE 3 - DEPOSITS AND INVESTMENTS - (Continued)**

Credit Risk: STAR Ohio carries a rating of AAAm by Standard & Poor's. Ohio law requires that STAR Ohio maintain the highest rating provided by at least one nationally recognized standard rating service. The District's investments in federal agency securities and the federal agency securities that underlie the District's repurchase agreements were rated AA+ and Aaa by Standard & Poor's and Moody's Investor Services, respectively. The District's investment policy does not specifically address credit risk beyond requiring the District to only invest in securities authorized by State statute.

Custodial Credit Risk: For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The federal agency securities are exposed to custodial credit risk in that they are uninsured, unregistered and held by the counterparty's trust department or agent but not in the District's name. The negotiable CDs are covered by FDIC. Of the District's investment in repurchase agreements, the entire balance is collateralized by underlying securities that are held by the investment's counterparty, not in the name of the District. Ohio law requires the market value of the securities subject to repurchase agreement must exceed the principal value of securities subject to a repurchase agreement by 2%. The District has no investment policy dealing with investment custodial risk beyond the requirement in State statute that prohibits payment for investments prior to the delivery of the securities representing such investments to the Treasurer or qualified trustee.

Concentration of Credit Risk: The District's investment policy places no limit on the amount that may be invested in any one issuer. The following table includes the percentage of each investment type held by the District at June 30, 2017:

Measurement/	$\mathbf{N}$	leasurement	
<u>Investment type</u>		value	% of Total
Fair value:			
FHLMC	\$	1,054,066	5.51
FHLB		547,414	2.86
FFCB		273,318	1.43
FNMA		2,765,669	14.47
Negotiable CD's		1,402,828	7.34
Repurchase agreement		12,341,724	64.55
U.S. Treasury			
money market		45,126	0.24
Amortized cost:			
STAR Ohio		688,801	3.60
	\$	19,118,946	100.00

### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2017

### **NOTE 3 - DEPOSITS AND INVESTMENTS - (Continued)**

### D. Reconciliation of Cash and Investment to the Statement of Net Position

The following is a reconciliation of cash and investments as reported in the note above to cash and investments as reported on the statement of net position as of June 30, 2017:

Cash	and	investments	ner	note

Carrying amount of deposits	\$ 4,371,385
Investments	19,118,946
Cash on hand	1,050
Total	\$ 23,491,381

#### Cash and investments per statement of net position

Governmental activities	\$ 23,358,348
Private-purpose trust fund	2,663
Agency fund	 130,370
Total	\$ 23,491,381

#### **NOTE 4 - INTERFUND TRANSACTIONS**

**A.** Interfund balances at June 30, 2017 as reported on the fund statements, consist of the following individual interfund loans receivable and payable:

Receivable fund	Payable fund	Amount
General	Nonmajor governmental funds	\$ 545,091

The primary purpose of the interfund balances is to cover costs in specific funds where revenues were not received by June 30. These interfund balances will be repaid once the anticipated revenues are received. All interfund balances are expected to be repaid within one year.

Interfund balances between governmental funds are eliminated on the government-wide financial statements.

**B.** Interfund transfers for the year ended June 30, 2017 consisted of the following, as reported on the fund financial statements:

<u>Transfers from general fund to:</u>	Amount
Nonmajor governmental funds	\$ 227,308

Transfers are used to move revenues from the fund that statute or budget required to collect them to the fund that statute or budget requires to expend them and to use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2017

### **NOTE 4 - INTERFUND TRANSACTIONS - (Continued)**

Interfund transfers between governmental funds are eliminated on the government-wide financial statements. No interfund transfers are reported on the statement of activities.

All transfers were made in compliance with Ohio Revised Code Sections 5705.14, 5705.15 and 5705.16.

#### **NOTE 5 - PROPERTY TAXES**

Property taxes are levied and assessed on a calendar year basis while the District fiscal year runs from July through June. First half tax collections are received by the District in the second half of the fiscal year. Second half tax distributions occur in the first half of the following fiscal year.

Property taxes include amounts levied against all real property and public utility property. Real property tax revenues received in calendar year 2017 represent the collection of calendar year 2016 taxes. Real property taxes received in calendar year 2017 were levied after April 1, 2016, on the assessed values as of January 1, 2016, the lien date. Assessed values for real property taxes are established by State statute at 35 percent of appraised market value. Real property taxes are payable annually or semiannually. If paid annually, payment is due December 31; if paid semiannually, the first payment is due December 31, with the remainder payable by June 20. Under certain circumstances, State statute permits alternate payment dates to be established. Public utility property tax revenues received in calendar year 2017 represent the collection of calendar year 2016 taxes. Public utility real and personal property taxes received in calendar year 2017 became a lien on December 31, 2015, were levied after April 1, 2016, and are collected with real property taxes. Public utility real property is assessed at 35 percent of true value; public utility tangible personal property is currently assessed at varying percentages of true value.

The District receives property taxes from Summit and Portage Counties. The County Fiscal Officer and County Auditor, respectively, periodically advance to the District their portion of the taxes collected. Second-half real property tax payments collected by the County by June 30, 2017, are available to finance fiscal year 2017 operations. The amount available as an advance at June 30, 2017 was \$3,777,992 in the general fund and \$237,779 in the permanent improvement fund, a nonmajor governmental fund. This amount is recorded as revenue. The amount available for advance at June 30, 2016 was \$8,019,546 in the general fund and \$125,183 in the permanent improvement fund, a nonmajor governmental fund. The amount of second-half real property taxes available for advance at fiscal year-end can vary based on the date the tax bills are sent.

Accrued property taxes receivable includes real property, public utility property and delinquent tangible personal property taxes which are measurable as of June 30, 2017 and for which there is an enforceable legal claim. Although total property tax collections for the next fiscal year are measurable, only the amount of real property taxes available as an advance at June 30 was levied to finance current fiscal year operations and is reported as revenue at fiscal year-end. The portion of the receivable not levied to finance current fiscal year operations is offset by a credit to deferred inflows.

On the accrual basis of accounting, collectible delinquent property taxes have been recorded as a receivable and revenue, while on a modified accrual basis of accounting the revenue has been reported as a deferred inflow.

### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2017

### **NOTE 5 - PROPERTY TAXES - (Continued)**

The assessed values upon which the fiscal year 2017 taxes were collected are:

		2016 Second Half Collections			2017 First Half Collections		
	_	Amount	<u>Percent</u>		Amount	Percent	
Agricultural/residential and other real estate Public utility personal	\$	892,141,140 12,920,870	98.57 1.43	\$	900,557,020 13,930,890	98.48 1.52	
Total	\$	905,062,010	100.00	\$	914,487,910	100.00	
Tax rate per \$1,000 of assessed valuation	\$	53.58		\$	55.34		

#### **NOTE 6 - RECEIVABLES**

Receivables at June 30, 2017 consisted of taxes, accounts (billings for user charged services and student fees), accrued interest and intergovernmental grants and entitlements. All receivables are considered collectible in full due to the ability to foreclose for the nonpayment of taxes, the stable condition of State programs and the current year guarantee of federal funds. A summary of the receivables reported on the statement of net position follows:

### Governmental activities:

00,011111011011	
Taxes	\$ 36,804,017
Accounts	6,862
Intergovernmental:	
BWC refund	115,463
E-Rate	4,068
Medicaid	80,076
Foundation adjustment	44,040
IDEA part B grant	150,014
Title III limited English proficiency grant	199
Title I disadvantaged children grant	106,367
Improving teacher quality grant	 16,264
Total intergovernmental	516,491
Accrued interest	 17,601
Total receivables	\$ 37,344,971

Receivables have been disaggregated on the face of the basic financial statements. All receivables are expected to be collected within the subsequent year.

### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2017

### **NOTE 7 - CAPITAL ASSETS**

Capital asset activity for the fiscal year ended June 30, 2017, was as follows:

	Balance 06/30/16	Additions	Deductions	Balance 06/30/17
Governmental activities:				
Capital assets, not being depreciated:				
Land	\$ 563,915	\$ -	\$ -	\$ 563,915

Total depreciation expense	\$ 1,623,191

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2017

### NOTE 8 - CAPITALIZED LEASES - LESSEE DISCLOSURE

On October 28, 2013, the District entered into a lease-purchase agreement with De Lage Landen Public Finance LLC for the purchase of copiers. Also during fiscal year 2014, the District entered into a lease-purchase agreement with First Merit Bank for 8 new school buses. During fiscal year 2016, the District entered into a lease-purchase agreement with First Merit Bank for 5 new school buses. During fiscal year 2017, the District entered into a lease-purchase agreement with First Merit Bank for 6 new school buses.

Capital assets consisting of furniture, fixtures and equipment and vehicles have been capitalized in the amount of \$137,239, and \$1,666,123, respectively. Accumulated depreciation on the copiers as of June 30, 2017 was \$50,321, leaving a current book value of \$86,918. Accumulated depreciation on the vehicles as of June 30, 2017 was \$171,497, leaving a current book value of \$1,494,626. Principal and interest payments are made from the general fund and totaled \$247,096 and \$23,831, respectively, in fiscal year 2017.

The following is a schedule of the future minimum lease payments required under the capital leases and the present value of the future minimum lease payments as of June 30, 2017.

Fiscal year ending June 30,	Copiers	Buses		Total	
2018	\$ 15,460	\$	322,768	\$	338,228

### Series 2006 Bus Acquisition/Energy Conservation Bonds

In fiscal year 2007, the District issued \$3,805,000 in general obligation bonds for the purpose of financing school bus acquisitions and energy conservation projects to various District buildings. These bonds mature December 1, 2021. These bonds are paid out of the general fund and the permanent improvement fund, a nonmajor governmental fund.

The following is a summary of future annual debt service requirements for maturity for the general obligation bonds:

Fiscal	_	General Obligation Bonds					
Year Ending		Principal_	Interest		<u>Total</u>		
2018	\$	225,000	\$	46,847	\$	271,847	
2019		235,000		37,359		272,359	
2020		245,000		27,306		272,306	
2021		255,000		16,681		271,681	
2022		265,000		5,631	_	270,631	
Total	\$	1,225,000	\$	133,824	\$	1,358,824	

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2017

### **NOTE 9 - LONG-TERM OBLIGATIONS - (Continued)**

### Series 2015 Energy Conservation Bonds

In fiscal year 2016, the District issued \$3,784,885 in energy conservation bonds for the purpose of financing energy saving improvements to various District buildings. These bonds mature December 1, 2030 and bear an interest rate of 3.15%. These bonds are paid out of the general fund.

The following is a summary of future annual debt service requirements for maturity for the energy conservation bonds:

Fiscal	Energy Conservation Bonds					
Year Ending	<u> </u>	Principal		Interest		Total
2018	\$	207,613	\$	109,614	\$	317,227
2019		214,153		102,971		317,124
2020		220,899		96,119		317,018
2021		227,857		89,051		316,908
2022		235,034		81,760		316,794
2023 - 2027		1,290,999		291,150		1,582,149
2028 - 2031		1,187,057		76,234		1,263,291
Total	\$	3,583,612	\$	846,899	\$	4,430,511

#### Lease Purchase Obligations

The interest rates on the school bus lease purchase obligations is 2.52% for the fiscal year 2014 lease, 3.19% for the fiscal year 2016 lease and 2.75% for the fiscal year 2017 lease. The interest rate on the copier lease purchase obligation is 3.96%. For more detail on the lease purchase obligations, see Note 8.

### **Compensated Absences**

Compensated absences represent accumulated vacation and an estimated sick leave liability for employees both eligible to retire and those expected to become eligible in the future. Compensated absences will be paid from the fund from which the employee is paid. Compensated absences will be paid from the general fund and the following nonmajor governmental funds: food service, auxiliary services, IDEA part B grant, Title I disadvantaged children, and improving teacher quality.

### Net Pension Liability

The District's net pension liability is described in Note 11. The District pays obligations related to employee compensation from the fund benefitting from their service, which, for the District, is primarily the general fund.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2017

### **NOTE 9 - LONG-TERM OBLIGATIONS - (Continued)**

### B. Legal Debt Margin

The Ohio Revised Code provides that voted net general obligation debt of the District shall never exceed 9% of the total assessed valuation of the District. The code further provides that unvoted indebtedness shall not exceed 1/10 of 1% of the property valuation of the District. The code additionally states that unvoted indebtedness related to energy conservation debt shall not exceed 9/10 of 1% of the property valuation of the District. The assessed valuation used in determining the District's legal debt margin has been modified by House Bill 530 which became effective March 30, 2006. In accordance with House Bill 530, the assessed valuation used in the District's legal debt margin calculation excluded tangible personal property used in business, telephone or telegraph property, interexchange telecommunications company property, and personal property owned or leased by a railroad company and used in railroad operations. The effects of these debt limitations at June 30, 2017, are a voted debt margin of \$81,078,912, an unvoted debt margin of \$914,488, and an energy conservation debt margin of \$4,646,779.

### **NOTE 10 - RISK MANAGEMENT**

#### A. Comprehensive

The District is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors and omissions; injuries to employees; and natural disasters. These risks are covered by commercial insurance purchased from independent third parties. There have been no settlements paid in excess of insurance in the past three years nor has insurance coverage been significantly reduced from 2016.

### B. Employee Group Life, Medical, Dental, and Vision Insurance

The District participates in the Stark County Schools Council of Governments Health Benefits Program ("the Council"), a shared risk pool, to provide employee medical/surgical/dental and vision benefits. The Council is a risk sharing pool created pursuant to State statute for the purpose of carrying out a cooperative program for the provision and administration of health care benefits. The Assembly is the legislative decision-making body of the Council. The Assembly is comprised of the superintendents or executive officers of the members, who have been appointed by the respective governing body of each member.

The intent of the insurance pool is to achieve a reduced, stable and competitive rate for the District by grouping with other members of the Health Benefits Program. The experience of all participating districts is calculated as one and a common premium rate is applied to all member districts.

Rates are set through an annual calculation process. The District pays a monthly contribution which is placed in a common fund from which claim payments are made for all participating districts. The employees share the cost of the monthly premium with the Board.

Claims are paid for all participants regardless of claims flow. Upon termination, all District claims would be paid without regard to the District's account balance. The Stark County Schools Council of Government Board of Directors has the right to return monies to an exiting school district subsequent to the settlement of all expenses and claims.

### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2017

### **NOTE 10 - RISK MANAGEMENT - (Continued)**

### C. Workers' Compensation

The District participates in the Ohio Schools Council Workers' Compensation Group Rating Program (GRP), an insurance purchasing pool (Note 1.A.). The intent of the GRP is to achieve the benefits of a reduced premium for the District by virtue of its grouping and representation with other participants in the GRP. The worker's compensation experience of the participating school districts is calculated as one experience and a common premium rate is applied to all school districts in the GRP. Each participant pays its worker's compensation premium to the State based on the rate for the GRP rather than its individual rate. Total savings is then calculated and each participant's individual performance is compared to the overall savings percentage of the GRP. A participant will then either receive money from or be required to contribute to the "equity pooling fund". This "equity pooling" arrangement insures that each participant share equally in the overall performance of the GRP. Participation in the GRP is limited to school districts that can meet the GRP's selection criteria. The firm of Sheakley Uniservice, Inc. provides administrative, cost control and actuarial services to the GRP.

### **NOTE 11 - DEFINED BENEFIT PENSION PLANS**

### Net Pension Liability

The net pension liability reported on the statement of net position represents a liability to employees for pensions. Pensions are a component of exchange transactions—between an employer and its employees—of salaries and benefits for employee services. Pensions are provided to an employee—on a deferred-payment basis—as part of the total compensation package offered by an employer for employee services each financial period. The obligation to sacrifice resources for pensions is a present obligation because it was created as a result of employment exchanges that already have occurred.

The net pension liability represents the District's proportionate share of each pension plan's collective actuarial present value of projected benefit payments attributable to past periods of service, net of each pension plan's fiduciary net position. The net pension liability calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting this estimate annually.

The Ohio Revised Code limits the District's obligation for this liability to annually required payments. The District cannot control benefit terms or the manner in which pensions are financed; however, the District does receive the benefit of employees' services in exchange for compensation including pension.

GASB 68 assumes the liability is solely the obligation of the employer, because (1) they benefit from employee services; and (2) State statute requires all funding to come from these employers. All contributions to date have come solely from these employers (which also includes costs paid in the form of withholdings from employees). State statute requires the pension plans to amortize unfunded liabilities within 30 years. If the amortization period exceeds 30 years, each pension plan's board must propose corrective action to the State legislature. Any resulting legislative change to benefits or funding could significantly affect the net pension liability. Resulting adjustments to the net pension liability would be effective when the changes are legally enforceable.

#### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2017

#### **NOTE 11 - DEFINED BENEFIT PENSION PLANS - (Continued)**

The proportionate share of each plan's unfunded benefits is presented as a long-term *net pension liability* on the accrual basis of accounting. Any liability for the contractually-required pension contribution outstanding at the end of the year is included in *pension and postemployment obligation payable* on both the accrual and modified accrual bases of accounting.

#### Plan Description - School Employees Retirement System (SERS)

Plan Description - District non-teaching employees participate in SERS, a cost-sharing multiple-employer defined benefit pension plan administered by SERS. SERS provides retirement, disability and survivor benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Ohio Revised Code Chapter 3309. SERS issues a publicly available, stand-alone financial report that includes financial statements, required supplementary information and detailed information about SERS' fiduciary net position. That report can be obtained by visiting the SERS website at www.ohsers.org under Employers/Audit Resources.

Age and service requirements for retirement are as follows:

	Eligible to Retire on or before August 1, 2017 *	Eligible to Retire after August 1, 2017
Full Benefits	Any age with 30 years of service credit Age 65 with 5 years of service credit	Age 67 with 10 years of service credit; or Age 57 with 30 years of service credit
Actuarially Reduced Benefits	Age 60 with 5 years of service credit Age 55 with 25 years of service credit	Age 62 with 10 years of service credit; or Age 60 with 25 years of service credit

<sup>\*</sup> Members with 25 years of service credit as of August 1, 2017, will be included in this plan.

Annual retirement benefits are calculated based on final average salary multiplied by a percentage that varies based on year of service; 2.2 percent for the first thirty years of service and 2.5 percent for years of service credit over 30. Final average salary is the average of the highest three years of salary.

One year after an effective benefit date, a benefit recipient is entitled to a three percent cost-of-living adjustment (COLA). This same COLA is added each year to the base benefit amount on the anniversary date of the benefit.

Funding Policy - Plan members are required to contribute 10 percent of their annual covered salary and the District is required to contribute 14 percent of annual covered payroll. The contribution requirements of plan members and employers are established and may be amended by the SERS' Retirement Board up to statutory maximum amounts of 10 percent for plan members and 14 percent for employers. The Retirement Board, acting with the advice of the actuary, allocates the employer contribution rate among four of the System's funds (Pension Trust Fund, Death Benefit Fund, Medicare B Fund, and Health Care Fund). For the fiscal year ended June 30, 2017, the entire 14 percent was allocated to pension, death benefits, and Medicare B and no portion of the employer contribution rate was allocated to the Health Care Fund.

The District's contractually required contribution to SERS was \$1,338,140 for fiscal year 2017. Of this amount, \$175,568 is reported as pension and postemployment obligation payable.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2017

#### **NOTE 11 - DEFINED BENEFIT PENSION PLANS - (Continued)**

#### Plan Description - State Teachers Retirement System (STRS)

Plan Description - District licensed teachers and other faculty members participate in STRS Ohio, a cost-sharing multiple-employer public employee retirement system administered by STRS. STRS provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS issues a stand-alone financial report that includes financial statements, required supplementary information and detailed information about STRS' fiduciary net position. That report can be obtained by writing to STRS, 275 E. Broad St., Columbus, OH 43215-3771, by calling (888) 227-7877, or by visiting the STRS Web site at www.strsoh.org.

New members have a choice of three retirement plans; a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan and a Combined Plan. Benefits are established by Ohio Revised Code Chapter 3307. The DB plan offers an annual retirement allowance based on final average salary multiplied by a percentage that varies based on years of service. Effective August 1, 2015, the calculation will be 2.2 percent of final average salary for the five highest years of earnings multiplied by all years of service. With certain exceptions, the basic benefit is increased each year by two percent of the original base benefit. For members retiring August 1, 2013, or later, the first two percent is paid on the fifth anniversary of the retirement benefit. Members are eligible to retire at age 60 with five years of qualifying service credit, or age 55 with 26 years of service, or 31 years of service regardless of age. Age and service requirements for retirement will increase effective August 1, 2015, and will continue to increase periodically until they reach age 60 with 35 years of service or age 65 with five years of service on August 1, 2026.

The DC Plan allows members to place all their member contributions and 9.5 percent of the 14 percent employer contributions into an investment account. Investment allocation decisions are determined by the member. The remaining 4.5 percent of the 14 percent employer rate is allocated to the defined benefit unfunded liability. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal.

The Combined Plan offers features of both the DB Plan and the DC Plan. In the Combined Plan, member contributions are allocated among investment choices by the member, and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DB Plan. The defined benefit portion of the Combined Plan payment is payable to a member on or after age 60 with five years of services. The defined contribution portion of the account may be taken as a lump sum payment or converted to a lifetime monthly annuity at age 50.

New members who choose the DC plan or Combined Plan will have another opportunity to reselect a permanent plan during their fifth year of membership. Members may remain in the same plan or transfer to another STRS plan. The optional annuitization of a member's defined contribution account or the defined contribution portion of a member's Combined Plan account to a lifetime benefit results in STRS bearing the risk of investment gain or loss on the account. STRS has therefore included all three plan options as one defined benefit plan for GASB 68 reporting purposes.

A DB or Combined Plan member with five or more years of credited service who is determined to be disabled may qualify for a disability benefit. Eligible survivors of members who die before service retirement may qualify for monthly benefits. New members on or after July 1, 2013, must have at least ten years of qualifying service credit that apply for disability benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member of the DC Plan dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2017

#### **NOTE 11 - DEFINED BENEFIT PENSION PLANS - (Continued)**

Funding Policy - Employer and member contribution rates are established by the State Teachers Retirement Board and limited by Chapter 3307 of the Ohio Revised Code. For the fiscal year ended June 30, 2017, plan members were required to contribute 14 percent of their annual covered salary. The District was required to contribute 14 percent; the entire 14 percent was the portion used to fund pension obligations. The fiscal year 2017 contribution rates were equal to the statutory maximum rates.

The District's contractually required contribution to STRS was \$3,826,221 for fiscal year 2017. Of this amount, \$630,824 is reported as pension and postemployment obligation payable.

### Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

The net pension liability was measured as of June 30, 2016, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on the District's share of contributions to the pension plan relative to the contributions of all participating entities. Following is information related to the proportionate share and pension expense:

	SERS	STRS	Total
Proportion of the net pension	·		
liability prior measurement date	0.26848000%	0.23713628%	
Proportion of the net pension			
liability current measurement date	0.26656490%	0.24077678%	
Change in proportionate share	-0.00191510%	0.00364050%	
Proportionate share of the net			
pension liability	\$ 19,510,091	\$ 80,595,246	\$ 100,105,337
Pension expense	\$ 1,848,567	\$ 6,565,157	\$ 8,413,724

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2017

#### NOTE 11 - DEFINED BENEFIT PENSION PLANS - (Continued)

At June 30, 2017, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	SERS	STRS	Total
Deferred outflows of resources	·		
Differences between expected and			
actual experience	\$ 263,145	\$ 3,256,436	\$ 3,519,581
Net difference between projected and			
actual earnings on pension plan investments	1,609,301	6,691,569	8,300,870
Changes of assumptions	1,302,406	-	1,302,406
Difference between District contributions and proportionate share of contributions/			
change in proportionate share	-	1,717,346	1,717,346
District contributions subsequent to the			
measurement date	1,338,140	3,826,221	5,164,361
Total deferred outflows of resources	\$ 4,512,992	\$ 15,491,572	\$ 20,004,564
Deferred inflows of resources			
Difference between District contributions and proportionate share of contributions/			
change in proportionate share	\$ 288,811	\$ -	\$ 288,811
Total deferred inflows of resources	\$ 288,811	\$ -	\$ 288,811

\$5,164,361 reported as deferred outflows of resources related to pension resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2018. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized in pension expense as follows:

Fiscal Year Ending June 30:	 SERS	 STRS	 Total
Tiscar Tear Ending June 30.			
2018	\$ 666,296	\$ 2,077,791	\$ 2,744,087
2019	665,138	2,077,791	2,742,929
2020	1,091,999	4,645,534	5,737,533
2021	462,608	2,864,235	 3,326,843
Total	\$ 2,886,041	\$ 11,665,351	\$ 14,551,392

#### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2017

#### **NOTE 11 - DEFINED BENEFIT PENSION PLANS - (Continued)**

#### Actuarial Assumptions - SERS

SERS' total pension liability was determined by their actuaries in accordance with GASB Statement No. 67, as part of their annual actuarial valuation for each defined benefit retirement plan. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts (e.g., salaries, credited service) and assumptions about the probability of occurrence of events far into the future (e.g., mortality, disabilities, retirements, employment termination). Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employers and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations.

Actuarial calculations reflect a long-term perspective. For a newly hired employee, actuarial calculations will take into account the employee's entire career with the employer and also take into consideration the benefits, if any, paid to the employee after termination of employment until the death of the employee and any applicable contingent annuitant. In many cases actuarial calculations reflect several decades of service with the employer and the payment of benefits after termination.

Key methods and assumptions used in calculating the total pension liability in the latest actuarial valuation, prepared as of June 30, 2016, are presented below:

Wage Inflation 3.00 percent

Future Salary Increases, including inflation 3.50 percent to 18.20 percent

COLA or Ad Hoc COLA 3 percent

Investment Rate of Return 7.50 percent net of investments expense, including inflation

Actuarial Cost Method Entry Age Normal (level percent of payroll)

For post-retirement mortality, the table used in evaluating allowances to be paid is the RP-2014 Blue Collar Mortality Table with fully generational projection and Scale BB, with 120% of male rates and 110% of female rates used. The RP-2000 Disabled Mortality Table with 90% for male rates and 100% for female rates set back five years is used for the period after disability retirement. Special mortality tables are used for the period after disability retirement.

The actuarial assumptions used in the June 30, 2016 valuation were based on the results of an experience study that was completed June 30, 2015. As a result of the actuarial experience study, the following changes of assumptions affected the total pension liability since the prior measurement date: (a) the assumed rate of inflation was reduced from 3.25% to 3.00%, (b) payroll growth assumption was reduced from 4.00% to 3.50%, (c) assumed real wage growth was reduced from 0.75% to 0.50%, (d) Rates of withdrawal, retirement and disability were updated to reflect recent experience, (e) mortality among active members was updated to RP-2014 Blue Collar Mortality Table with fully generational projection and a five year age set-back for both males and females, (f) mortality among service retired members, and beneficiaries was updated to the following RP-2014 Blue Collar Mortality Table with fully generational projection with Scale BB, 120% of male rates, and 110% of female rates and (g) mortality among disable member was updated to RP-2000 Disabled Mortality Table, 90% for male rates and 100% for female rates, set back five years is used for the period after disability retirement.

#### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2017

#### **NOTE 11 - DEFINED BENEFIT PENSION PLANS - (Continued)**

The long-term return expectation for the Pension Plan Investments has been determined using a building-block approach and assumes a time horizon, as defined in SERS' *Statement of Investment Policy*. A forecasted rate of inflation serves as the baseline for the return expectation. Various real return premiums over the baseline inflation rate have been established for each asset class. The long-term expected nominal rate of return has been determined by calculating a weighted averaged of the expected return premiums for each asset class, adding the projected inflation rate, and adding the expected return from rebalancing uncorrelated asset classes.

The target allocation and best estimates of arithmetic real rates of return for each major assets class are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return		
Cash	1.00 %	0.50 %		
US Equity	22.50	4.75		
International Equity	22.50	7.00		
Fixed Income	19.00	1.50		
Private Equity	10.00	8.00		
Real Assets	15.00	5.00		
Multi-Asset Strategies	10.00	3.00		
_				
Total	100.00 %			

Discount Rate - The total pension liability was calculated using the discount rate of 7.50 percent. A discount rate of 7.75 percent was used in the prior measurement period. The projection of cash flows used to determine the discount rate assumed the contributions from employers and from the members would be computed based on contribution requirements as stipulated by State statute. Projected inflows from investment earning were calculated using the long-term assumed investment rate of return (7.50 percent). Based on those assumptions, the plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefits to determine the total pension liability.

**Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate** - Net pension liability is sensitive to changes in the discount rate, and to illustrate the potential impact the following table presents the net pension liability calculated using the discount rate of 7.50 percent, as well as what each plan's net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.50 percent), or one percentage point higher (8.50 percent) than the current rate.

	Current					
	1	% Decrease (6.50%)	D	iscount Rate (7.50%)	1	% Increase (8.50%)
District's proportionate share		(0.2070)		(7.5070)		(0.2070)
of the net pension liability	\$	25,830,145	\$	19,510,091	\$	14,219,943

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2017

#### **NOTE 11 - DEFINED BENEFIT PENSION PLANS - (Continued)**

#### Actuarial Assumptions - STRS

The total pension liability in the June 30, 2016, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.75 percent
Projected salary increases	2.75 percent at age 70 to 12.25 percent at age 20
Investment Rate of Return	7.75 percent, net of investment expenses
Cost-of-Living Adjustments	2 percent simple applied as follows: for members retiring before
(COLA)	August 1, 2013, 2 percent per year; for members retiring August 1, 2013,
	or later, 2 percent COLA paid on fifth anniversary of retirement date.

Mortality rates were based on the RP-2000 Combined Mortality Table (Projection 2022—Scale AA) for Males and Females. Males' ages are set-back two years through age 89 and no set-back for age 90 and above. Females younger than age 80 are set back four years, one year set back from age 80 through 89 and not set back from age 90 and above.

Actuarial assumptions used in the June 30, 2016, valuation are based on the results of an actuarial experience study, effective July 1, 2012.

The 10 year expected real rate of return on pension plan investments was determined by STRS' investment consultant by developing best estimates of expected future real rates of return for each major asset class. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized as follows:

	Target	Long Term Expected
Asset Class	Allocation	Real Rate of Return *
Domestic Equity	31.00 %	8.00 %
International Equity	26.00	7.85
Alternatives	14.00	8.00
Fixed Income	18.00	3.75
Real Estate	10.00	6.75
Liquidity Reserves	1.00	3.00
Total	100.00 %	7.61 %

<sup>\* 10-</sup>year annualized geometric nominal returns, which include the real rate of return and inflation of 2.50% and does not include investments expenses. The total fund long-term expected return reflects diversification among the asset classes and therefore is not a weighted average return of the individual asset classes.

#### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2017

#### **NOTE 11 - DEFINED BENEFIT PENSION PLANS - (Continued)**

Discount Rate - The discount rate used to measure the total pension liability was 7.75 percent as of June 30, 2016. The projection of cash flows used to determine the discount rate assumes member and employer contributions will be made at the statutory contribution rates in accordance with rate increases described above. For this purpose, only employer contributions that are intended to fund benefits of current plan members and their beneficiaries are included. Projected employer contributions that are intended to fund the service costs of future plan members and their beneficiaries, as well as projected contributions from future plan members, are not included. Based on those assumptions, STRS' fiduciary net position was projected to be available to make all projected future benefit payments to current plan members as of June 30, 2016. Therefore, the long-term expected rate of return on pension plan investments of 7.75 percent was applied to all periods of projected benefit payment to determine the total pension liability as of June 30, 2016.

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate - The following table presents the District's proportionate share of the net pension liability calculated using the current period discount rate assumption of 7.75 percent, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one-percentage-point lower (6.75 percent) or one-percentage-point higher (8.75 percent) than the current rate:

	Current					
	1	1% Decrease (6.75%)	D	riscount Rate (7.75%)	1	(8.75%)
District's proportionate share						
of the net pension liability	\$	107,104,533	\$	80,595,246	\$	58,233,100

Changes Between Measurement Date and Report Date - In March 2017, the STRS Board adopted certain assumption changes which will impact their annual actuarial valuation prepared as of June 30, 2017. The most significant change is a reduction in the discount rate from 7.75 percent to 7.45 percent. In April 2017, the STRS Board voted to suspend cost of living adjustments granted on or after July 1, 2017. Although the exact amount of these changes is not known, the overall decrease to District's NPL is expected to be significant.

#### **NOTE 12 - POSTEMPLOYMENT BENEFITS**

#### A. School Employees Retirement System

Health Care Plan Description - The District contributes to the SERS Health Care Fund, administered by SERS for non-certificated retirees and their beneficiaries. For GASB 45 purposes, this plan is considered a cost-sharing, multiple-employer, defined benefit other postemployment benefit (OPEB) plan. The Health Care Plan includes hospitalization and physicians' fees through several types of plans including HMO's, PPO's, Medicare Advantage, and traditional indemnity plans as well as a prescription drug program. The financial report of the Plan is included in the SERS Comprehensive Annual Financial Report which can be obtained on SERS' website at <a href="www.ohsers.org">www.ohsers.org</a> under Employers/Audit Resources.

#### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2017

#### **NOTE 12 - POSTEMPLOYMENT BENEFITS - (Continued)**

Access to health care for retirees and beneficiaries is permitted in accordance with Section 3309 of the Ohio Revised Code. The Health Care Fund was established and is administered in accordance with Internal Revenue Code Section 105(e). SERS' Retirement Board reserves the right to change or discontinue any health plan or program. Health care is financed through a combination of employer contributions and retiree premiums, copays and deductibles on covered health care expenses, investment returns, and any funds received as a result of SERS' participation in Medicare programs. Active employee members do not contribute to the Health Care Plan. Retirees and their beneficiaries are required to pay a health care premium that varies depending on the plan selected, number of qualified years of service, Medicare eligibility and retirement status.

Funding Policy - State statute permits SERS to fund the health care benefits through employer contributions. Each year, after the allocation for statutorily required basic benefits, the Retirement Board allocates the remainder of the employer contribution of 14 percent of covered payroll to the Health Care Fund. For fiscal year 2017, none of the employer contribution was allocated to health care. In addition, employers pay a surcharge for employees earning less than an actuarially determined minimum compensation amount, pro-rated according to service credit earned. For fiscal year 2017, this amount was \$23,500. Statutes provide that no employer shall pay a health care surcharge greater than 2 percent of that employer's SERS-covered payroll; nor may SERS collect in aggregate more than 1.5 percent of the total statewide SERS-covered payroll for the health care surcharge. For fiscal year 2017, the District's surcharge obligation was \$149,154.

The District's contributions for health care for the fiscal years ended June 30, 2017, 2016, and 2015 were \$149,154, \$133,183, and \$203,950, respectively. The fiscal year 2017 amount has been reported as pension and postemployment obligation payable. The full amount has been contributed for fiscal years 2016 and 2015.

#### **B.** State Teachers Retirement System

Plan Description - The District participates in the cost-sharing multiple-employer defined benefit Health Plan administered by the State Teachers Retirement System of Ohio (STRS) for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS. Ohio law authorizes STRS to offer this plan. Benefits include hospitalization, physicians' fees, prescription drugs and reimbursement of monthly Medicare Part B premiums. The Plan is included in the report of STRS which can be obtained by visiting <a href="https://www.strsoh.org">www.strsoh.org</a> or by calling (888) 227-7877.

Funding Policy - Ohio law authorizes STRS Ohio to offer the Plan and gives the Retirement Board authority over how much, if any, of the health care costs will be absorbed by STRS Ohio. Active employee members do not contribute to the Plan. All benefit recipients pay a monthly premium. Under Ohio law, funding for post-employment health care may be deducted from employer contributions. For 2017, STRS Ohio did not allocate any employer contributions to the Health Care Stabilization Fund. The District's did not make any contributions for health care for the fiscal years ended June 30, 2017, 2016 and 2015.

#### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2017

#### NOTE 13 - BUDGETARY BASIS OF ACCOUNTING

While reporting financial position, results of operations, and changes in fund balance on the basis of generally accepted accounting principles (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts and disbursements.

The statement of revenue, expenditures and changes in fund balance - budget and actual (non-GAAP budgetary basis) presented for the general fund is presented on the budgetary basis to provide a meaningful comparison of actual results with the budget. The major differences between the budget basis and the GAAP basis are that:

- (a) Revenues and other financing sources are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis);
- (b) Expenditures and other financing uses are recorded when paid in cash (budget basis) as opposed to when the liability is incurred (GAAP basis);
- (c) In order to determine compliance with Ohio law, and to reserve that portion of the applicable appropriation, total outstanding encumbrances (budget basis) are recorded as the equivalent of an expenditure, as opposed to assigned or committed fund balance for that portion of outstanding encumbrances not already recognized as an account payable (GAAP basis);
- (d) Advances-in and advances-out are operating transactions (budget basis) as opposed to balance sheet transactions (GAAP basis);
- (e) Investments are reported at fair value (GAAP basis) rather than cost (budget basis); and,
- (f) Some funds are included in the general fund (GAAP basis), but have separate legally adopted budgets (budget basis).

The adjustments necessary to convert the results of operations for the year on the budget basis to the GAAP basis for the general fund is as follows:

#### **Net Change in Fund Balance**

	General fund
Budget basis	\$ (4,747,339)
Net adjustment for revenue accruals	(4,434,684)
Net adjustment for expenditure accruals	862,673
Net adjustment for other sources/uses	234,606
Funds budgeted elsewhere	(6,674)
Adjustment for encumbrances	582,592
GAAP basis	\$ (7,508,826)

Certain funds that are legally budgeted in separate special revenue funds are considered part of the general fund on a GAAP basis. This includes the unclaimed monies fund, the uniform school supplies fund, special rotary fund, and the public school support fund.

#### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2017

#### **NOTE 14 - CONTINGENCIES**

#### A. Grants

The District receives significant financial assistance from numerous Federal, State and local agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the general fund or other applicable funds; however, in the opinion of management, any such disallowed claims will not have a material effect on the financial position of the District at June 30, 2017.

#### B. Litigation

The District is a party to legal proceedings. Management of the District is of the opinion that the outcome of any such legal proceeding will not have a material adverse effect, if any, on the financial condition of the District.

#### C. Foundation Funding

District foundation funding is based on the annualized full-time equivalent (FTE) enrollment of each student. The Ohio Department of Education (ODE) is legislatively required to adjust/reconcile funding as enrollment information is updated by schools throughout the State, which can extend past the fiscal year end. As of the date of this report, additional ODE adjustments for fiscal year 2017 are not finalized. As a result, the impact of future FTE adjustments on the fiscal year 2017 financial statements is not determinable, at this time. Management believes this may result in either an additional receivable to, or a liability of, the District.

#### **NOTE 15 - SET-ASIDES**

The District is required by State law to annually set-aside certain general fund revenue amounts, as defined by statutory formula, for the acquisition and construction of capital improvements. Amounts not spent by the end of the fiscal year or offset by similarly restricted resources received during the year must be held in cash at fiscal year-end. This amount must be carried forward to be used for the same purpose in future years. Expenditures exceeding the set-aside requirement may not be carried forward to the next fiscal year.

The following cash-basis information describes the change in the fiscal year-end set-aside amount for capital improvements. Disclosure of this information is required by State statute.

### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2017

#### **NOTE 15 - SET-ASIDES - (Continued)**

Total	\$ (2	2,264,511)
Balance carried forward to fiscal year 2018	\$	_
Set-aside balance June 30, 2017	\$	_

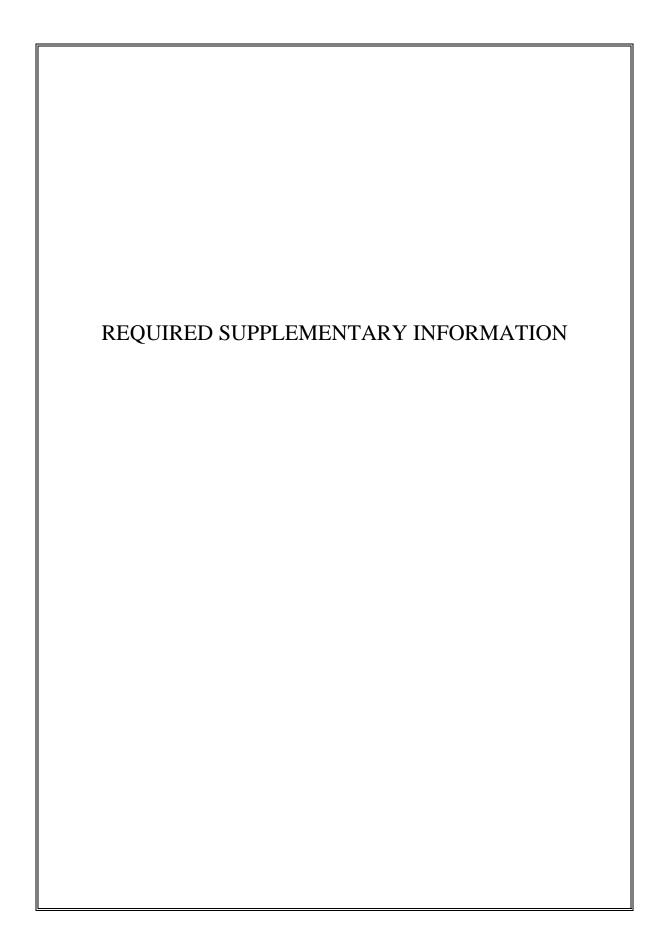

#### **NOTE 16 - OTHER COMMITMENTS**

The District utilizes encumbrance accounting as part of its budgetary controls. Encumbrances outstanding at year end may be reported as part of restricted, committed, or assigned classifications of fund balance. At year end, the District's commitments for encumbrances in the governmental funds were as follows:

	J	ear-End
<u>Fund</u>	Enc	umbrances
General fund	\$	511,986
Other governmental		238,282
Total	\$	750,268

#### NOTE 17 - TAX ABATEMENT AGREEMENTS ENTERED INTO BY OTHER GOVERNMENTS

The City of Stow (the "City") has established Community Reinvestment Areas (CRAs) that gives the City the ability to attract, retain and expand businesses located in the City. Residential abatements are provided to encourage investment in certain areas of the City where repair of existing structures or construction of new structures has been discouraged. Pursuant to the Ohio Revised Code Chapter 5709, the City established three (3) Community Reinvestment Areas. The areas were created after 1994. The City provides both commercial and residential abatements under certain circumstances outlined in the legislation. Under the agreements, the property owner's property taxes assessed to the District have been abated. During fiscal year 2017, the District's property taxes were reduced by \$316,131.

#### NOTES TO REQUIRED SUPPLEMENTARY INFORMATION FOR THE FISCAL YEAR ENDED JUNE 30, 2017

#### SCHOOL EMPLOYEES RETIREMENT SYSTEM (SERS) OF OHIO

Information about factors that significantly affect trends in the amounts reported in the schedules should be presented as notes to the schedule.

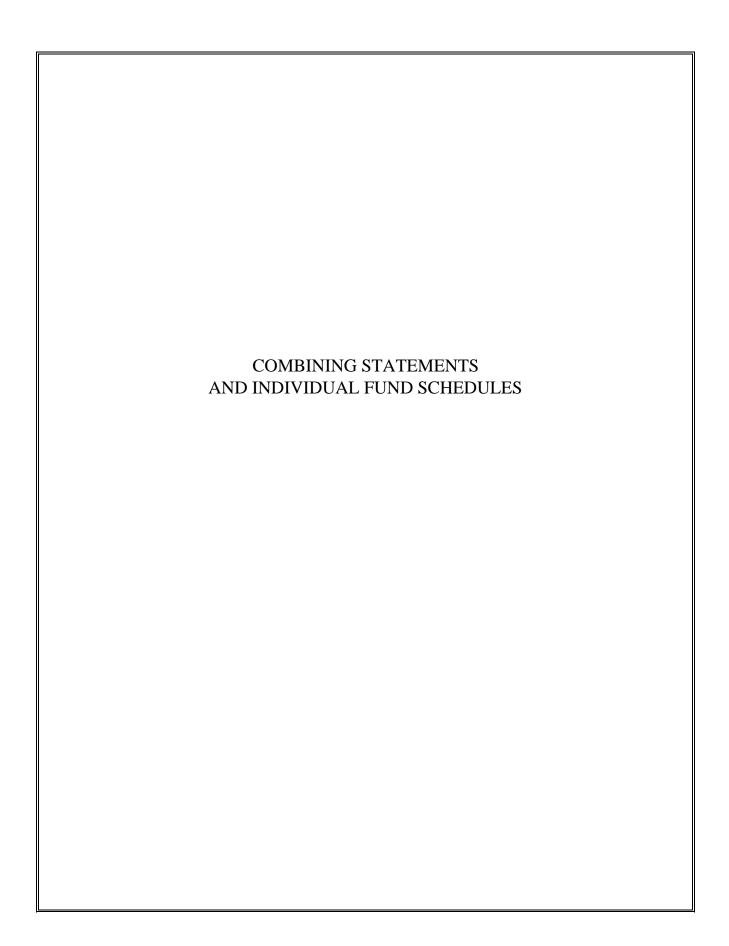

Changes in benefit terms: There were no changes in benefit terms from the amounts reported for fiscal years 2014-2017.

Changes in assumptions: There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for fiscal years 2014-2016. For fiscal year 2017, the following changes of assumptions affected the total pension liability since the prior measurement date: (a) the assumed rate of inflation was reduced from 3.25% to 3.00%, (b) payroll growth assumption was reduced from 4.00% to 3.50%, (c) assumed real wage growth was reduced from 0.75% to 0.50%, (d) Rates of withdrawal, retirement and disability were updated to reflect recent experience, (e) mortality among active members was updated to RP-2014 Blue Collar Mortality Table with fully generational projection and a five year age set-back for both males and females, (f) mortality among service retired members, and beneficiaries was updated to the following RP-2014 Blue Collar Mortality Table with fully generational projection with Scale BB, 120% of male rates, and 110% of female rates and (g) mortality among disable member was updated to RP-2000 Disabled Mortality Table, 90% for male rates and 100% for female rates, set back five years is used for the period after disability retirement.

#### STATE TEACHERS RETIREMENT SYSTEM (STRS) OF OHIO

Changes in benefit terms: There were no changes in benefit terms from the amounts reported for fiscal years 2014-2017.

Changes in assumptions: There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for fiscal years 2014-2017. See the notes to the basic financial statements for the methods and assumptions in this calculation.

#### **MAJOR FUND**

#### **General Fund**

The general fund is used to account for and report all financial resources not accounted for and reported in another fund. The general fund balance is available for any purpose provided it is expended or transferred according to the general laws of Ohio. A budgetary statement for the general fund is presented as part of the basic financial statements. The level of detail presented in that statement is greater than the legal level of budgetary control; therefore, a separate additional schedule is not presented.

Some funds are included in the general fund (GAAP basis), but have separate legally adopted budgets (budget basis):

#### **Uniform School Supplies Fund**

Section 3313.811, Revised Code

A fund used to account for the purchase and sale of school supplies for use in the District. Profits derived from such sales are used for school purposes or activities connected with the school.

#### **Special Services Rotary Fund**

Section 5705.12, Revised Code

A fund used to account for income and expenditures made in connection with the sale of consumer services provided by vocational education classes.

#### **Public School Support Fund**

Section 5705.12, Revised Code

To account for specific local revenue sources (other than taxes) generated by individual school buildings (e.g. sale of pictures, profits from vending machines, etc.) Expenditures include field trips, materials, equipment and other items to supplement co-curricular and extra-curricular programs.

Unclaimed Monies Fund Section 9.39, Revised Code

To account for unclaimed funds that are legally required to be maintained for five years.

### STOW-MUNROE FALLS CITY SCHOOL DISTRICT COMBINING STATEMENTS - NONMAJOR FUNDS

#### Nonmajor Special Revenue Funds

Special revenue funds are used to account for revenues from specific sources which are restricted, legally or otherwise, to expenditures for specific purposes. A description of the District's special revenue funds follows:

Food Service Fund Section 3313.81, Revised Code

A fund used to account for financial transactions related to food service operations.

Other Grants Fund Section 5705.09, Revised Code

A fund used to account for the proceeds of specific revenue sources (except for state and federal grants) that are legally restricted to expenditures for specified purposes.

#### **District Managed Activity Fund**

Section 3313.062, Revised Code

A fund used to account for those student activity programs which have student participation in the activity but do not have student management of the programs. This fund usually includes athletic programs but could also include the band, cheerleaders, flag corps, and other similar types of activities.

#### **Auxiliary Services Fund**

Current Budget Bill. appropriation line items 200-511 and 200-532

A fund used to account for receipts and expenditures incurred in providing services and materials to pupils attending non-public schools within the District.

#### **Data Communication Fund**

Current Budget Bill. appropriation line item 200-426

A fund used to account for monies appropriated for the costs incurred in connecting schools to the Ohio Educational Computer Network.

#### **Miscellaneous State Grants Fund**

Section 5705.12, Revised Code

A fund used to account for various monies received from State agencies not classified elsewhere.

#### **IDEA Part B Grants Fund**

Catalog of Federal Domestic Assistance #84.027

A fund used to account for Federal monies which assist states in the identification of handicapped children, and provision of full educational opportunities to handicapped children at the preschool, elementary, and secondary levels.

#### **Title III Limited English Proficiency Fund**

Catalog of Federal Domestic Assistance #84.365

A fund used to account for funds used to develop and carry out elementary and secondary school programs, including activities at the pre-school level, to meet the educational needs of children of limited English proficiency.

#### **Title I Disadvantaged Children Fund**

Catalog of Federal Domestic Assistance #84.010

A fund used to account for monies to State and Local educational agencies to meet the special needs of educationally deprived children.

#### **Improving Teacher Quality Fund**

Catalog of Federal Domestic Assistance #84.367

A fund used to account for monies to hire additional classroom teachers in grades 1 through 3, so that the number of students per teacher will be reduced.

### STOW-MUNROE FALLS CITY SCHOOL DISTRICT COMBINING STATEMENTS - NONMAJOR FUNDS

#### Nonmajor Capital Projects Fund

Capital projects funds account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds and trust funds). A description of the District's capital projects fund follows:

#### **Permanent Improvement Fund**

Section 5705.10, Revised Code

A fund used to account for all transactions related to the acquisition or construction of such permanent improvements as are authorized by Chapter 5705 of the Revised Code.

Building Fund Section 5705.09, Revised Code

A fund used to account for the receipts and expenditures related to all special bond funds in the District.

Fund balance at end of year	\$		\$ 78,000	\$	78,000	

#### **FIDUCIARY FUND DESCRIPTIONS**

#### **Fiduciary Funds**

Fiduciary fund reporting focuses on net position and changes in net position. The fidicuary fund category is split into two classifications: private purpose trust and agency funds. Private purpose trust funds are used to account for assets held by the District under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the District's own programs. Agency funds are purely custodial (assets equal liabilities) and thus do not involve the measurement of results

#### **Private Purpose Trust Fund**

Scholarship Trust Section 5705.09, Revised Code

A fund provided to account for monies set aside from endowments for scholarships for students enrolled in the District. The principal and income from such a fund may be expended.

#### **Agency Funds**

District Agency Section 5705.12, Revised Code

A fund provided to account for monies for Ohio High School Athletic Association (OHSAA) tournaments.

Student Managed Activity Section 3313.062, Revised Code

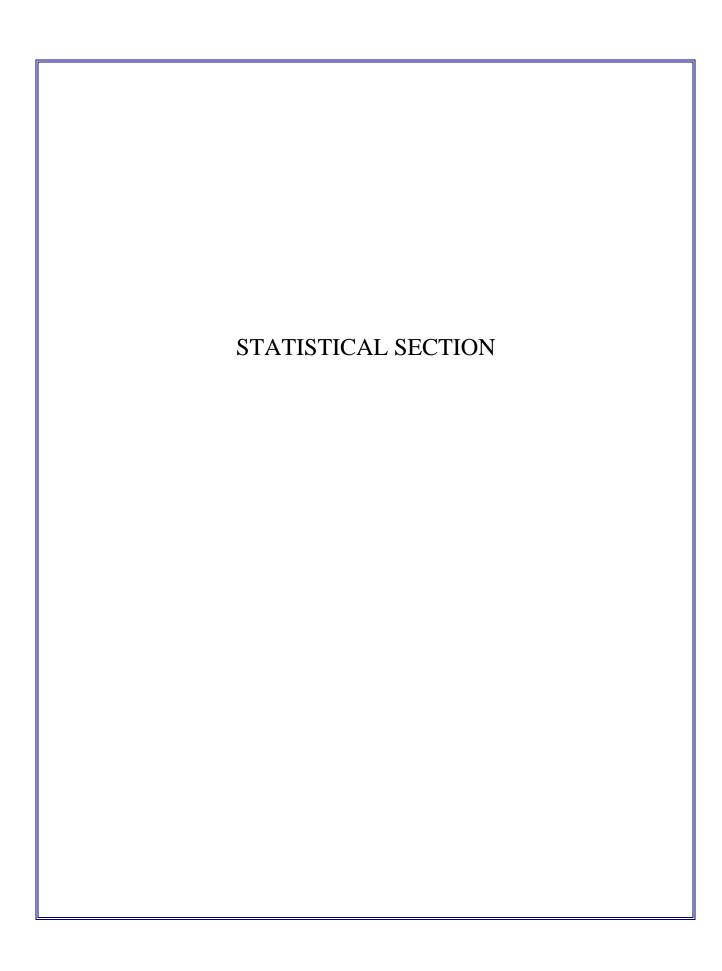

A fund provided to account for those student activity programs which have student participation in the activity and have students involved in the management of the program. This fund typically includes those student activities which consist of a student body, student president, student treasurer, and faculty advisor.

#### STATISTICAL SECTION

This part of the Stow-Munroe Falls City School District's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the District's overall financial health.

<u>Contents</u>	<b>Page</b>
Financial Trends  These schedules contain trend information to help the reader understand how the District's financial performance and wellbeing have changed over time.	104-117
Revenue Capacity These schedules contain information to help the reader assess the District's most significant local revenue source, the property tax.	118-125
<b>Debt Capacity</b> These schedules present information to help the reader assess the affordability of the District's current levels of outstanding debt and the District's ability to issue additional debt in the future.	126-129
<b>Demographic and Economic Information</b> These schedules offer demographic and economic indicators to help the reader understand the environment within which the District's financial activities take place.	130-131
<b>Operating Information</b> These schedules contain service and infrastructure data to help the reader understand how the information in the District's financial report relates to the services the District provides and the activities it performs.	132-144

Source: School District financial records.

**Note:** The District implemented GASB Statement No. 54 in fiscal year 2011. Descriptions of the GASB Statement No. 54 fund balance classifications can be found in Note 1.M. of the basic financial statements. Prior to fiscal year 2011, fund balance was classified as either reserved or unreserved. Reserved fund balance indicates that portion of fund balance which is not available for current appropriation or is legally segregated for a specific use. Any fund balance not classified as reserved was classified as unreserved.

Source: Summit County Fiscal Office and District financial records

**Note:** Ohio Bond Law sets a limit of 9% for voted debt and 1/10 of 1% for unvoted debt.

**Note:** Voted Debt Margins are determined without reference to applicable monies in the District's debt service fund.

**Note:** Beginning in fiscal year 2007, the amount of assessed valuation for railroad and telephone personal property has been exluded from the debt margin calculation.

Note: Total debt applicable to limit does not include premiums.

#### Notes to the Schedule of Expenditures of Federal Awards:

- (A) OAKS did not assign pass-through numbers for fiscal year 2017.
- (B) This schedule includes the federal award activity of the Stow-Munroe Falls City School District under programs of the federal government for the fiscal year ended June 30, 2017 and is prepared in accordance with the cash basis of accounting. The information on this schedule is prepared in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the schedule presents only a selected portion of the operations of the Stow-Munroe Falls City School District, it is not intended to and does not present the financial position, changes in net position, or cash flows of the Stow-Munroe Falls City School District.
- (C) The Food Donation Program is a non-cash, in kind, federal grant. Commodities are reported at the entitlement value.
- (D) Included as part of "Child Nutrition Cluster" in determining major programs
- (E) Commingled with state and local revenue from sales of breakfast and lunches; assumed expenditures were made on a first-in, first-out basis.
- (F) Included as part of "Special Education Cluster" when determining major programs.
- (G) CFR Section 200.414 of the Uniform Guidance allows a non-federal entity that has never received a negotiated indirect cost rate to charge a de minimis rate of 10% of modified total direct costs to indirect costs. The District has not elected to use the 10% de minimis indirect cost rate.

## Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Required by *Government Auditing Standards*

Stow-Munroe Falls City School District Summit County 4350 Allen Road Stow, Ohio 44224

### To the Board of Education:

We have audited, in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the financial statements of the governmental activities, the major fund, and the aggregate remaining fund information of the Stow-Munroe Falls City School District, Summit County, Ohio, as of and for the fiscal year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the Stow-Munroe Falls City School District's basic financial statements and have issued our report thereon dated December 28, 2017.

### Internal Control Over Financial Reporting

As part of our financial statement audit, we considered the Stow-Munroe Falls City School District's internal control over financial reporting (internal control) to determine the audit procedures appropriate in the circumstances to the extent necessary to support our opinions on the financial statements, but not to the extent necessary to opine on the effectiveness of the Stow-Munroe Falls City School District's internal control. Accordingly, we have not opined on it.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the Stow-Munroe Falls City School District's financial statements. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all internal control deficiencies that might be material weaknesses or significant deficiencies. Given these limitations, we did not identify any deficiencies in internal control that we consider material weaknesses. However, unidentified material weaknesses may exist.

Board of Education Stow-Munroe Falls City School District

### Compliance and Other Matters

As part of reasonably assuring whether the Stow-Munroe Falls City School District's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

### Purpose of this Report

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the Stow-Munroe Falls City School District's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the Stow-Munroe Falls City School District's internal control and compliance. Accordingly, this report is not suitable for any other purpose.

Independent Auditor's Report on Compliance With Requirements Applicable to the Major Federal Program and on Internal Control Over Compliance and the Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

Stow-Munroe Falls City School District Summit County 4350 Allen Road Stow, Ohio 44224

To the Board of Education:

### Report on Compliance for the Major Federal Program

We have audited the Stow-Munroe Falls City School District's compliance with the applicable requirements described in the U.S. Office of Management and Budget (OMB) *Compliance Supplement* that could directly and materially affect the Stow-Munroe Falls City School District's major federal program for the fiscal year ended June 30, 2017. The *Summary of Auditor's Results* in the accompanying schedule of findings identifies the Stow-Munroe Falls City School District's major federal program.

### Management's Responsibility

The Stow-Munroe Falls City School District's Management is responsible for complying with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

### Auditor's Responsibility

Our responsibility is to opine on the Stow-Munroe Falls City School District's compliance for the Stow-Munroe Falls City School District's major federal program based on our audit of the applicable compliance requirements referred to above. Our compliance audit followed auditing standards generally accepted in the United States of America; the standards for financial audits included in the Comptroller General of the United States' *Government Auditing Standards*; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). These standards and the Uniform Guidance require us to plan and perform the audit to reasonably assure whether noncompliance with the applicable compliance requirements referred to above that could directly and materially affect a major federal program occurred. An audit includes examining, on a test basis, evidence about the Stow-Munroe Falls City School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe our audit provides a reasonable basis for our compliance opinion on the Stow-Munroe Falls City School District's major program. However, our audit does not provide a legal determination of the Stow-Munroe Falls City School District's compliance.

### Opinion on the Major Federal Program

In our opinion, the Stow-Munroe Falls City School District complied, in all material respects with the compliance requirements referred to above that could directly and materially affect its major federal program for the fiscal year ended June 30, 2017.

Board of Education Stow-Munroe Falls City School District

### Report on Internal Control Over Compliance

The Stow-Munroe Falls City School District's management is responsible for establishing and maintaining effective internal control over compliance with the applicable compliance requirements referred to above. In planning and performing our compliance audit, we considered the Stow-Munroe Falls City School District's internal control over compliance with the applicable requirements that could directly and materially affect a major federal program, to determine our auditing procedures appropriate for opining on each major federal program's compliance and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not to the extent needed to opine on the effectiveness of internal control over compliance. Accordingly, we have not opined on the effectiveness of the Stow-Munroe Falls City School District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, when performing their assigned functions, to prevent, or to timely detect and correct, noncompliance with a federal program's applicable compliance requirement. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a federal program compliance requirement will not be prevented, or timely detected and corrected. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with federal program's applicable compliance requirement that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

This report only describes the scope of our internal control over compliance tests and the results of this testing based on Uniform Guidance requirements. Accordingly, this report is not suitable for any other purpose.

### Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have also audited the financial statements of the governmental activities, the major fund, and the aggregate remaining fund information of the Stow-Munroe Falls City School District as of and for the fiscal year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the Stow-Munroe Falls City School District's basic financial statements. We issued our unmodified report thereon dated December 28, 2017. We conducted our audit to opine on the Stow-Munroe Falls City School District's basic financial statements as a whole. The accompanying schedule of expenditures of federal awards presents additional analysis required by the Uniform Guidance and is not a required part of the basic financial statements. The schedule is management's responsibility, and was derived from and relates directly to the underlying accounting and other records management used to prepare the basic financial statements. We subjected this schedule to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling this schedule directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, this schedule is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

Julian & Grube, Inc. December 28, 2017
