## Independent Accountants' Report on Applying Agreed-Upon Procedures

Ohio Department of Medicaid  
50 West Town Street, Suite 400  
Columbus, Ohio 43215

RE: Shanna F. Botos, C.N.P. NPI: 1629031281  
Program Year 2: Meaningful Use Stage 2 Year 1

We have performed the procedures enumerated below, which were agreed to by the Ohio Department of Medicaid (ODM), on Shanna F. Botos' (hereafter referred to as the Provider) compliance with the requirements of the Medicaid Provider Incentive Program (MPIP) for the year ended December 31, 2015. The Provider is responsible for compliance with the MPIP requirements. The sufficiency of these procedures is solely the responsibility of ODM. Consequently, we make no representation regarding the sufficiency of the procedures enumerated below either for the purpose for which this report has been requested or for any other purpose.

1. We compared the Provider's Ohio Medicaid Agreement dates from the Medicaid Information Technology System to the patient volume and meaningful use attestation periods. We found the Provider had an active agreement in effect during the attestation periods.
2. Using the Ohio e-license center, we compared the licensure type and effective dates to the patient volume and meaningful use attestation periods. We found no exceptions.
3. Using the MPIP system, we confirmed the Provider underwent the ODM's payment approval process, was approved for an incentive payment and received an incentive payment.

We compared the date of the payment approval with the date of the incentive payment and confirmed the payment approval occurred prior to the payment. In addition, we compared the payment amount with the MPIP payment schedule and found no variance.

4. We obtained the Provider's encounters during the patient volume attestation period. We scanned the list and found no duplicate encounters. We also scanned the list and found only three hospital encounters which were Medicaid. We inquired and an explanation was not provided why there were no other encounters during the period.

We found the Provider had encounters for only two days in September and one day in October during the attestation period. The Provider rendered no services during November 2015.

5. We calculated the Medicaid patient volume based on the encounters identified in procedure 4 and confirmed the Provider met the 30 percent patient volume requirement; however, the attestation period does not appear to be consistent with 42 CFR 495.306(c) which must be calculated using a representative, continuous 90 day period.
6. We found that the Provider's location was using a newer version of the electronic health record (EHR) software reported in the MPIP system. We verified that the newer version of the EHR software was approved by the Office of the National Coordinator of Health IT.

Shanna F. Botos, C.N.P.  
Independent Accountants' Report on  
Applying Agreed-Upon Procedures

7. We obtained the Provider's location and matched that to the meaningful use report. We found no exception.
8. We obtained supporting documentation for the 10 objectives and compared it to the applicable criteria. We found no exceptions. For those measures that require only unique patients be counted, we scanned the detailed data and found no duplicate patients.
9. We obtained supporting documentation for the clinical quality measures and compared it to the applicable criteria. We confirmed the minimum number of measures was met with at least one measure from three different domains.

This agreed-upon procedures engagement was conducted in accordance with the American Institute of Certified Public Accountants' attestation standards. We were not engaged to and did not conduct an examination or review, the objective of which would be the expression of an opinion or conclusion, respectively, on the Provider's compliance with the requirements of the Medicaid Provider Incentive Program. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported.

This report is intended solely for the information and use of the Provider and the ODM, and is not intended to be, and should not be used by anyone other than the specified parties.
