INDEPENDENT AUDITOR'S REPORT

Madison Township
Hancock County
P.O. Box 708
Arlington, Ohio 45814-0708

To the Board of Trustees:

Report on the Financial Statements

We have audited the accompanying financial statements of the cash balances, receipts and disbursements by fund type, and related notes of Madison Township, Hancock County, Ohio (the Township) as of and for the years ended December 31, 2019 and 2018.

Management's Responsibility for the Financial Statements

Management is responsible for preparing and fairly presenting these financial statements in accordance with the financial reporting provisions Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit; this responsibility includes designing, implementing and maintaining internal control relevant to preparing and fairly presenting financial statements free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to opine on these financial statements based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the Township's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the Township's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinions.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 2 of the financial statements, the Township prepared these financial statements using the accounting basis permitted by the financial reporting provisions of Ohio Revised Code Section 117.38

and Ohio Administrative Code Section 117-2-03(D), which is an accounting basis other than accounting principles generally accepted in the United States of America (GAAP), to satisfy these requirements.

Although the effects on the financial statements of the variances between the regulatory accounting basis and GAAP are not reasonably determinable, we presume they are material.

Though the Township does not intend these statements to conform to GAAP, auditing standards generally accepted in the United States of America require us to include an adverse opinion on GAAP. However, the adverse opinion does not imply the amounts reported are materially misstated under the accounting basis Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit. Our opinion on this accounting basis is in the *Opinion on Regulatory Basis of Accounting* paragraph below.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the *Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles* paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the Township as of December 31, 2019 and 2018, and the respective changes in financial position thereof for the years then ended.

Opinion on Regulatory Basis of Accounting

In our opinion, the financial statements referred to above present fairly, in all material respects, the cash balances, receipts and disbursements by fund type, and related notes of Madison Township, Hancock County, Ohio as of December 31, 2019 and 2018, for the years then ended in accordance with the financial reporting provisions Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit, described in Note 2.

Emphasis of Matter

As discussed in Note 9 to the financial statements, the financial impact of COVID-19 and the ensuing emergency measures will impact subsequent periods of the Township. We did not modify our opinion regarding this matter.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 3, 2020, on our consideration of the Township's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Township's internal control over financial reporting and compliance.

Madison Township
Hancock County
Notes to the Financial Statements
For the Year Ended December 31, 2019

Note 1 – Reporting Entity

The constitution and laws of the State of Ohio establish the rights and privileges of Madison Township, Hancock County, (the Township) as a body corporate and politic. A publicly elected three-member Board of Trustees directs the Township. The Township provides road and bridge maintenance, and cemetery maintenance. The Township contracts with the Village of Arlington to provide fire services and Appleseed EMS to provide Ambulance services.

Jointly Governed Organization and Public Entity Risk Pool

The Township participates in a jointly governed organization and a public entity risk pool. Notes 6 and 11 to the financial statements provide additional information for these entities. The Township's management believes these financial statements present all activities for which the Township is financially accountable.

Note 2 – Summary of Significant Accounting Policies

Basis of Presentation

The Township's financial statements consist of a combined statement of receipts, disbursements and changes in fund balances (regulatory cash basis) for all governmental fund types.

Fund Accounting

The Township uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The funds of the Township are presented below:

General Fund The general fund accounts for and reports all financial resources not accounted for and reported in another fund. The general fund balance is available to the Township for any purpose provided it is expended or transferred according to the general laws of Ohio.

Special Revenue Funds These funds account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. The Township had the following significant special revenue funds:

Gas Tax Fund The gas tax fund accounts for and reports that portion of the State gasoline tax restricted for maintenance and repair of roads within the Township.

Road and Bridge Fund The road and bridge fund accounts for and reports property tax money for constructing, maintaining, and repairing Township road and bridges.

Capital Project Funds These funds account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets. The Township had the following significant capital project fund:

Public Works Commission Project Fund The Township received a grant from the state for capital improvements. The proceeds are restricted for capital improvement.

Hancock County
Notes to the Financial Statements
For the Year Ended December 31, 2019

Basis of Accounting

These financial statements follow the accounting basis permitted by the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03 (D). This basis is similar to the cash receipts and disbursements accounting basis. The Board recognizes receipts when received in cash rather than when earned, and recognizes disbursements when paid rather than when a liability is incurred. Budgetary presentations report budgetary expenditures when a commitment is made (i.e., when an encumbrance is approved).

These statements include adequate disclosure of material matters, as the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03 (D) permit.

Budgetary Process

The Ohio Revised Code requires that each fund be budgeted annually.

Appropriations Budgetary expenditures (that is, disbursements and encumbrances) may not exceed appropriations at the fund, function or object level of control, and appropriations may not exceed estimated resources. The Board of Trustees must annually approve appropriation measures and subsequent amendments. Appropriations lapse at year end.

Estimated Resources Estimated resources include estimates of cash to be received (budgeted receipts) plus cash as of January 1. The County Budget Commission must approve estimated resources.

Encumbrances The Ohio Revised Code requires the Township to reserve (encumber) appropriations when individual commitments are made. Encumbrances outstanding at year end are canceled, and reappropriated in the subsequent year.

A summary of 2019 budgetary activity appears in Note 3.

Deposits and Investments

The Township's accounting basis includes investments as assets. This basis does not record disbursements for investment purchases or receipts for investment sales. This basis records gains or losses at the time of sale as receipts or disbursements, respectively.

Capital Assets

The Township records disbursements for acquisitions of property, plant, and equipment when paid. The accompanying financial statements do not report these items as assets.

Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the Township must observe constraints imposed upon the use of its governmental-fund resources. The classifications are as follows:

Nonspendable The Township classifies assets as *nonspendable* when legally or contractually required to maintain the amounts intact.

Restricted Fund balance is *restricted* when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or is imposed by law through constitutional provisions.

Madison Township
Hancock County
Notes to the Financial Statements
For the Year Ended December 31, 2019

Committed Trustees can *commit* amounts via formal action (resolution). The Township must adhere to these commitments unless the Trustees amend the resolution. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed to satisfy contractual requirements.

Assigned Assigned fund balances are intended for specific purposes but do not meet the criteria to be classified as *restricted* or *committed*. Governmental funds other than the general fund report all fund balances as *assigned* unless they are restricted or committed. In the general fund, *assigned* amounts represent intended uses established by Township Trustees or a Township official delegated that authority by resolution, or by State Statute.

Unassigned Unassigned fund balance is the residual classification for the general fund and includes amounts not included in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance.

The Township applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

Note 3 – Budgetary Activity

Budgetary activity for the year ending December 31, 2019 follows:

2019 Budgeted vs. Actual Receipts			
Fund Type	Budgeted Receipts	Actual Receipts	Variance
General	\$47,565	\$64,337	\$16,772

Note 4 – Deposits

The Township maintains a deposit pool of all funds use. The Ohio Revised Code prescribes allowable deposits and investments. The carrying amount of deposits at December 31 was as follows:

	2019
Demand deposits	\$333,868

Deposits

Deposits are insured by the Federal Deposit Insurance Corporation or collateralized through the Ohio Pooled Collateral System (OPCS), a collateral pool of eligible securities deposited with a qualified trustee and pledged to the Treasurer of State to secure the repayment of all public monies deposited in the financial institution.

Note 5 – Property Taxes

Real property taxes become a lien on January 1 preceding the October 1 date for which the Trustees adopted tax rates. The State Board of Tax Equalization adjusts these rates for inflation. Property taxes are also reduced for applicable non-business, owner occupancy, and homestead exemption credits and/or homestead and rollback deductions. The financial statements include these credits and/or deduction amounts the State pays as Intergovernmental Receipts. Payments are due to the County by December 31. If the property owner elects to pay semiannually, the first half is due December 31. The second half payment is due the following June 20.

The County is responsible for assessing property and for billing, collecting, and distributing all property taxes on behalf of the Township.

Note 6 – Risk Management

Risk Pool Membership

The Township is a member of the Ohio Township Association Risk Management Authority (The Pool). The Pool assumes the risk of loss up to the limits of the Township’s policy. The Pool covers the following risks:

- General liability and casualty
- Public official’s liability
- Cyber
- Law enforcement liability
- Automobile liability
- Vehicles
- Property
- Equipment breakdown

The Pool reported the following summary of assets and actuarially-measured liabilities available to pay those liabilities as of December 31:

	<u>2019</u>
Cash and investments	\$35,207,320
Actuarial liabilities	\$ 10,519,942

Note 7 – Defined Benefit Pension Plan

Ohio Public Employees Retirement System

Employees belong to the Ohio Public Employees Retirement System (OPERS). OPERS is a cost-sharing, multiple-employer plan. The Ohio Revised Code prescribes this plan's benefits, which include postretirement health care and survivor and disability benefits.

The Ohio Revised Code also prescribes contribution rates. OPERS members contributed 10 percent of their gross salaries, and the Township contributed an amount equaling 14 percent of participants' gross salaries. The Township has paid all contributions required through December 31, 2019.

Note 8 – Postemployment Benefits

OPERS offers a cost-sharing, multiple-employer defined benefit postemployment plan, which includes multiple health care plans including medical coverage, prescription drug coverage, deposits to a Health Reimbursement Arrangement, and Medicare Part B premium reimbursements, to qualifying benefit recipients. The portion of employer contributions allocated to health care for members in the traditional pension plan and combined plan was 0 percent during calendar year 2019. The portion of employer contributions allocated to health care for members in the member-directed plan was 4.0 percent during calendar year 2019.

Note 9 – Subsequent Event

The United States and the State of Ohio declared a state of emergency in March 2020 due to the COVID-19 pandemic. The financial impact of COVID-19 and the ensuing emergency measures will impact subsequent periods of the Township. The impact on the Township's future operating costs, revenues, and any recovery from emergency funding, either federal or state, cannot be estimated.

Note 10 – Miscellaneous Revenue

The General Fund received payment from another entity for a shared cost in 2019.

Note 11 – Jointly Governed Organization

The Township participates in a jointly governed organization entered into with Eagle Township, Van Buren Township, Village of Arlington, and Village of Jenera to form the Appleseed Joint Ambulance District. Each political subdivision within the District appoints one member.

Arlington, Ohio 45814-0708

To the Board of Trustees:

We have audited, in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the financial statements of the cash balances, receipts, and disbursements by fund type of Madison Township, Hancock County, Ohio (the Township) as of and for the years ended December 31, 2019 and 2018, and the related notes to the financial statements and have issued our report thereon dated September 3, 2020 wherein we noted the Township followed financial reporting provisions Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit. We also noted the financial impact of COVID-19 and the ensuing emergency measures will impact subsequent periods of the Township.

Internal Control Over Financial Reporting

As part of our financial statement audit, we considered the Township's internal control over financial reporting (internal control) to determine the audit procedures appropriate in the circumstances to the extent necessary to support our opinions on the financial statements, but not to the extent necessary to opine on the effectiveness of the Township's internal control. Accordingly, we have not opined on it.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the Township's financial statements. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all internal control deficiencies that might be material weaknesses or significant deficiencies. Therefore, unidentified material weaknesses or significant deficiencies may exist. We did identify a certain deficiency in internal control, described in the accompanying schedule of findings that we consider a material weakness. We consider finding 2019-001 to be a material weakness.

Compliance and Other Matters

As part of reasonably assuring whether the Township's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

Township's Response to Findings

The Township's response to the finding identified in our audit is described in the accompanying schedule of findings. We did not subject the Township's response to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the Township's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the Township's internal control and compliance. Accordingly, this report is not suitable for any other purpose.

FINDING NUMBER 2019-001

Material Weakness – Financial Monitoring

In our audit engagement letter, as required by AU-C Section 210, Terms of Engagement, paragraph .06, management acknowledged its responsibility for the preparation and fair presentation of their financial statements; this responsibility includes designing, implementing and maintaining internal control relevant to preparing and fairly presenting financial statements free from material misstatement, whether due to fraud or error as discussed in AU-C Section 210 paragraphs .A14 & .A16. In addition, Governmental Accounting Standards Board (GASB) Statement No. 54 (codified as GASB Cod 1800.165-.179) requires fund balance be divided into one of five classifications based on the extent to which constraints are imposed upon the resources.

The following errors were noted in the accompanying 2019 and 2018 financial statements:

- In 2019 and 2018, General Fund subsequent year appropriations in excess of estimated receipts were incorrectly classified as unassigned instead of assigned fund balance in the amounts of \$46,384 and \$39,770, respectively.
- In 2019, Homestead and Rollback receipts were improperly recorded as property and other local taxes revenue rather than an intergovernmental revenue in the amounts of \$2,641 and \$6,024 in the General and Road and Bridge funds, respectively.
- In 2018, Homestead and Rollback receipts were improperly recorded as property and other local taxes revenue rather than an intergovernmental revenue in the amounts of \$2,638 and \$6,005 in the General and Road and Bridge funds, respectively.

These errors were the result of inadequate policies and procedures in reviewing the financial statements. Failure to complete accurate financial statements could lead to the Board of Trustees making misinformed decisions. The accompanying financial statements have been adjusted to correct these errors.

To help ensure the Township's financial statements and notes to the financial statements are complete and accurate, the Board should adopt policies and procedures, including a final review of the financial statements and notes to the financial statements by the Fiscal Officer and the Board, to identify and correct errors and omissions. In addition, the Fiscal Officer should also review Audit Bulletin 2011-004 for guidance on GASB Statement No. 54.
