# NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS 2 CFR 200.510(b)(6) FOR THE YEAR ENDED DECEMBER 31, 2020

# **NOTE A - BASIS OF PRESENTATION**

The accompanying Schedule of Expenditures of Federal Awards (the Schedule) includes the federal award activity of Crawford County (the County) under programs of the federal government for the year ended December 31, 2020. The information on this Schedule is prepared in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the County, it is not intended to and does not present the financial position, changes in net position, or cash flows of the County.

### NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the cash basis of accounting, except WIOA Cluster expenditures (CFDA #'s 17.258, 17.259, and 17.278) are presented on an accrual basis. Such expenditures are recognized following the cost principles contained in Uniform Guidance wherein certain types of expenditures may or may not be allowable or may be limited as to reimbursement.

# NOTE C - INDIRECT COST RATE

The County has elected not to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

### **NOTE D - SUBRECIPIENTS**

The County passes certain federal awards received from the U.S. Department of Health and Human Services and the U.S. Department of Treasury to other governments or not-for-profit agencies (subrecipients). As Note B describes, the County reports expenditures of Federal awards to subrecipients when paid in cash.

As a subrecipient, the County has certain compliance responsibilities, such as monitoring its subrecipients to help assure they use these subawards as authorized by laws, regulations, and the provisions of contracts or grant agreements, and that subrecipients achieve the award's performance goals.

# NOTE E - COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) AND HOME INVESTMENT PARTNERSHIPS PROGRAM (HOME) GRANT PROGRAMS WITH REVOLVING LOAN CASH BALANCE

The current cash balance on the County's local program income account as of December 31, 2020 is \$67,128.

# **NOTE F - MATCHING REQUIREMENTS**

Certain Federal programs require the County to contribute non-Federal funds (matching funds) to support the Federally-funded programs. The County has met its matching requirements. The Schedule does not include the expenditure of non-Federal matching funds.

# INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

Crawford County 112 East Mansfield Street Bucyrus, Ohio 44820

To the Board of County Commissioners:

We have audited, in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the financial statements of the governmental activities, the business-type activities, each major fund, and the remaining fund information of Crawford County, Ohio, (the County) as of and for the year ended December 31, 2020, and the related notes to the financial statements, which collectively comprise the County's basic financial statements and have issued our report thereon dated June 18, 2021, wherein we noted the financial impact of COVID-19 and the continuing emergency measures will impact subsequent periods of the County.

# Internal Control Over Financial Reporting

As part of our financial statement audit, we considered the County's internal control over financial reporting (internal control) to determine the audit procedures appropriate in the circumstances to the extent necessary to support our opinions on the financial statements, but not to the extent necessary to opine on the effectiveness of the County's internal control. Accordingly, we have not opined on it.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A material weakness is a deficiency, or combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the County's financial statements. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all internal control deficiencies that might be material weaknesses or significant deficiencies. Given these limitations, we did not identify any deficiencies in internal control that we consider material weaknesses. However, unidentified material weaknesses may exist.

Efficient • Effective • Transparent

Crawford County
Independent Auditor's Report on Internal Control Over
Financial Reporting and on Compliance and Other Matters
Required by Government Auditing Standards
Page 2

# Compliance and Other Matters

As part of reasonably assuring whether the County's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

# Purpose of this Report

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the County's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the County's internal control and compliance. Accordingly, this report is not suitable for any other purpose.

Keith Faber Auditor of State Columbus, Ohio

June 18, 2021

88 East Broad Street, 5<sup>th</sup> Floor Columbus, Ohio 43215-3506 (614) 466-3402 or (800) 443-9275 Central Region@ohioauditor.gov

# INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO THE MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Crawford County 112 East Mansfield Street Bucyrus, Ohio 44820

To the Board of Commissioners:

# Report on Compliance for the Major Federal Program

We have audited Crawford County's (the County's) compliance with the applicable requirements described in the U.S. Office of Management and Budget (OMB) *Compliance Supplement* that could directly and materially affect the County's major federal program for the year ended December 31, 2020. The *Summary of Auditor's Results* in the accompanying schedule of findings identifies the County's major federal program.

# Management's Responsibility

The County's Management is responsible for complying with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal program.

# Auditor's Responsibility

Our responsibility is to opine on the County's compliance for the County's major federal program based on our audit of the applicable compliance requirements referred to above. Our compliance audit followed auditing standards generally accepted in the United States of America; the standards for financial audits included in the Comptroller General of the United States' *Government Auditing Standards*; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). These standards and the Uniform Guidance require us to plan and perform the audit to reasonably assure whether noncompliance with the applicable compliance requirements referred to above that could directly and materially affect a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe our audit provides a reasonable basis for our compliance opinion on the County's major program. However, our audit does not provide a legal determination of the County's compliance.

Efficient • Effective • Transparent

Crawford County
Independent Auditor's Report on Compliance with Requirements Applicable
to the Major Federal Program and on Internal Control Over Compliance Required
by the Uniform Guidance
Page 2

# Opinion on the Major Federal Program

In our opinion, the County complied, in all material respects with the compliance requirements referred to above that could directly and materially affect its major federal program for the year ended December 31, 2020.

# Report on Internal Control Over Compliance

The County's management is responsible for establishing and maintaining effective internal control over compliance with the applicable compliance requirements referred to above. In planning and performing our compliance audit, we considered the County's internal control over compliance with the applicable requirements that could directly and materially affect a major federal program, to determine our auditing procedures appropriate for opining on each major federal program's compliance and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not to the extent needed to opine on the effectiveness of internal control over compliance. Accordingly, we have not opined on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, when performing their assigned functions, to prevent, or to timely detect and correct, noncompliance with a federal program's applicable compliance requirement. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a federal program compliance requirement will not be prevented, or timely detected and corrected. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with federal program's applicable compliance requirement that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

This report only describes the scope of our internal control over compliance tests and the results of this testing based on Uniform Guidance requirements. Accordingly, this report is not suitable for any other purpose.

# Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have also audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Crawford County, Ohio, (the County) as of and for the year ended December 31, 2020, and the related notes to the financial statements, which collectively comprise the County's basic financial statements. We issued our unmodified report thereon dated June 18, 2021, wherein we noted the financial impact of COVID-19 and the continuing emergency measures will impact subsequent periods of the County. We conducted our audit to opine on the County's basic financial statements as a whole. The accompanying schedule of expenditures of federal awards presents additional analysis required by the Uniform Guidance and is not a required part of the basic financial statements. The schedule is management's responsibility, and was derived from and relates directly to the underlying accounting and other records management used to prepare the basic financial statements. We subjected this schedule to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling this schedule directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, this schedule is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

Keith Faber Auditor of State Columbus, Ohio

# Crawford County Auditor

Joan M. Wolfe

June 18, 2021

Crawford County Commissioners Citizens of Crawford County

As County Auditor, I am pleased to present Crawford County's Comprehensive Annual Financial Report for the year ended December 31, 2020. This Comprehensive Annual Financial Report conforms to generally accepted accounting principles (GAAP), as applicable to governmental entities. State law requires that the County file basic financial statements with the Auditor of State within one hundred fifty days after the close of the fiscal year. This published report fulfills that requirement and further provides an in-depth review of the County's financial activities.

The responsibility for both the accuracy of presented data and the completeness and fairness of the presentation rests with the County Auditor. The County has a framework of internal controls established to ensure the accuracy of the presented data and the completeness and fairness of the presentation. Because the cost of internal controls should not exceed anticipated benefits, the controls provide reasonable assurance that the financial statements are free of any material misstatements. This report will provide the taxpayers of Crawford County with financial data that enables them to gain a true understanding of the County's financial affairs.

GAAP requires Management's Discussion and Analysis (MD&A), a narrative introduction, overview, and analysis of the basic financial statements. The MD&A is located in the Financial Section of this report, following the Independent Auditor's Report. This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it.

The Auditor of the State of Ohio has issued an unmodified opinion on Crawford County's financial statements for the year ended December 31, 2020. The Independent Auditor's Report is located at the front of the financial section of this report.

# PROFILE OF THE COUNTY

The County was formed by an act of the General Assembly on April 1, 1826. Located approximately sixty miles from the state capital of Columbus, the County encompasses two municipalities, five villages, and sixteen townships. The central part of the County is comprised largely of the two municipalities, Bucyrus (which is the County seat) and Galion. The remaining areas of the County are semi-rural to rural. The County includes 400 square miles and has an estimated population of 40,890.

The County provides a wide range of services as mandated by State statute. The three member Board of County Commissioners serves as the taxing authority and the contracting authority for the County. The County Commissioners also create and adopt the annual operating budget and approve expenditures of County tax monies.

The County Auditor serves as Chief Fiscal Officer for the County, as well as the tax assessor for all political subdivisions within the County. The County Auditor is responsible for maintaining all financial records and establishes taxing rates for real estate and personal property. Once collected, the tax receipts are distributed to the appropriate political subdivision. The County Auditor is also the chief disbursing agent who, by the issuance of County warrants, makes payment to creditors for liabilities incurred by the County. The County Auditor also serves as the County Sealer of Weights and Measures and as the licensing agent for certain permits required by State statute. The County Auditor serves as Fiscal Agent, but the County is not financially accountable for the Crawford County General Health District, the Crawford County Soil and Water Conservation District, the Crawford County Park District, and the Crawford County Family and Children First Council.

The County Treasurer is the custodian of all County funds and is responsible for collecting all tax moneys and applying payments to the appropriate tax accounts. The Treasurer is also responsible for investing all idle County funds as specified by Ohio law. Other elected officials serving four-year terms include the Recorder, Clerk of Courts, Coroner, Engineer, Prosecutor, and Sheriff. The Common Pleas Court Judges and the County Municipal Court Judge are elected to six-year terms.

The County Commissioners are required to adopt a final budget by no later than April 1 of each year. This annual budget serves as the foundation for Crawford County's financial planning and control. The budget is prepared at the fund, program, department, and object level. Department heads are required to submit any changes to their budget through the County Commissioners.

# LOCAL ECONOMY

For just more than a decade, Crawford County citizens and community leaders have been working to reverse the impact of economic and community challenges including population decline, health and wellness, drug abuse prevention, educational attainment, leadership, and workforce development obstacles. By "beginning with the end in mind", Crawford County is working to continually enhance the quality of life and economic climate to move the community forward through the introduction of innovative tools, strategic partnerships, and leveraging the desirable location of the community.

The Crawford County Partnership for Education and Economic Development (The Partnership) aligned stakeholders, countywide, in 2009 to identify the aforementioned challenges and a strategic plan with goals that addressed these challenges. Called *Crawford: 20/20 Vision*, the plan focused on the areas of economic growth via retention, expansion, attraction, education, workforce development, quality of life, public safety, drug abuse, and leadership development.

The Crawford 20/20 Vision guided the County and served as a platform to move the County forward another ten years into 2030. The updated plan will focus on the areas of economic, community, and workforce development. As part of the process, a survey was made available to community members who work, live, and play in Crawford County. The Partnership contracted with New Growth Group, Cleveland-based national research and planning firm, to facilitate this process neutrally. Within each of the areas of focus, exist overarching strategies. The plan will utilize baselines and key metrics to ensure the strategies move trends in the right direction, whether that be slowing population decline or increasing the household median income.

The Partnership's influence has led to a stronger Crawford County by working with local and state government, community agencies, and businesses to streamline resources, initiatives, and avoid duplication of efforts. Recent initiatives launched include Emergency Loan Fund (in response to the COVID-19 pandemic), establishing a Transportation Improvement District for the County, creating a Community Reinvestment Area in Polk Township, and collaborating with surrounding counties to develop a Comprehensive Economic Development Strategy.

The County is easily accessible and its location, near U.S. Route 30, is within an eight hour drive of over 65 percent of U.S. businesses. Visitors come from all over the country but especially travelers from Indiana, Michigan, Illinois, and Pennsylvania for the County's agricultural, sports and entertainment, and historical tourism amenities.

In addition to the County being located along U.S. Route 30, the County sits 58 miles from Interstate 75 and 30 miles from Interstate 71. Another major state route, State Route 4, also runs through the County, connecting Sandusky to Cincinnati. With the State of Ohio's investment in the Route 30 expansion west toward Indiana, Crawford County is home to multiple interchanges along Route 30 prime for development and ease of transportation. The Partnership works closely to ensure the opportunities along U.S. Route 30 are set up for success and growth by utilizing programs such as the Rural Industrial Park Loan Program offered through Ohio Department Services Agency and the JobsOhio Site Inventory Program. These programs offer grants and low-interest loans that allow developers to build spec buildings and sites to entice a business to expand or move to the area and, in turn, creating jobs, revenue streams, and local taxes to grow the economy in Crawford County.

Over the past few years, the Partnership's countywide economic and community development efforts have encouraged millions in capital investment. In July 2020, Shutterfly, Inc. announced it would invest more than \$23 million over three years to enhance product offerings at its Galion, Ohio location. The company, which already employs nearly two hundred people, expects to add another one hundred new jobs over the three-year expansion project. Ongoing retention and expansion surveys ensure that area business' needs are being addressed. Crawford County's Ohio Crossroads Industrial Center in Bucyrus is home to a SiteOhio Authenticated Sites and has been shortlisted for a food manufacturer looking to expand in the Midwest.

Crawford County is home to two Opportunity Zones which were selected by the State of Ohio in 2018 as areas that show potential for job creation and creation for investment and development. The Partnership continues to build strategy and value propositions to market and incorporate these Zones for interested investors and business enterprises.

Crawford County's workforce continues to strengthen through efforts to close the skills gap and attract and retain qualified talent. Through the Crawford County Business & Education Advisory Council, the Partnership collaborates with local businesses and schools to build awareness of local job opportunities and what is needed to obtain and retain these positions. For example, Workforce Awareness for Graduates and Educators (WAGE Tours), is a program that connects students and educators to local businesses and job opportunities. The Partnership continues to support other workforce and soft skills initiatives such as Crawford Works, a holistic program that assists unemployed and underemployed adults in advancing to economic self-sufficiency through training and job placement opportunities with local employer partners, and The Leader in Me program which is a national program that uses the values of Stephen Covey's 7 Habits of Highly Effective People as a foundation. The Leader in Me program is actively preparing children in the community to become leaders and embody values that will serve them well as they enter the workforce. Crawford Unlimited Leadership program (CU Lead) is facilitated by our Community Development Director and is an experiential program designed to engage leaders at all levels using Crawford County and the surrounding area as the classroom, all while developing personal and professional leadership skills.

To further bolster the workforce, the Crawford Partnership launched Community Opportunity, an \$80,000 community investment to connect local businesses and local talent and to promote Crawford County and address population decline. Simply put, Community Opportunity is a hyper-local career website that is free for local businesses, students, and job seekers alike to connect and share what Crawford County has to offer. To date, more than fifteen hundred local high school students are registered on this site creating a pathway from graduation to employment opportunities. For students who choose to pursue higher education, Community Opportunity creates a unique connection beyond high school graduation which allows an opportunity to share career openings that may prompt a return to Crawford County.

In addition to strengthening education and businesses within Crawford County, the Partnership is actively engaged in improving the County's quality of life through strategic development. In conjunction with the City of Galion, the Partnership is developing the Freese Center, a 55,000 square foot indoor sports and event complex. Based on projections by Sports Facility Advisory of Clearwater, FL, the Freese Center will generate twenty-five thousand unique visitors to the area annually lending to increased economic development opportunities and enhanced quality of life for county residents. The Freese Center will drive a projected \$2.9 million in tourism spending within the first five years.

In addition, the growth and development of community enhancement and cultural improvements are being supported. The Partnership is collaborating with the Crawford Park District for a potential multiuse path, part of a longtime community health improvement effort, to create more spaces to walk, run, and bike. Other priorities include housing, quality of life, and downtown revitalization efforts.

Crawford County is moving aggressively toward a sustainable, more robust economy positioned for long-term success through effective economic development, community and workforce development, and thoughtful collaboration amongst public and private entities.

# LONG-TERM FINANCIAL PLANNING

The County continues to implement and fine tune the financial processes that will allow the County Commissioners and the County Auditor to prepare annually a three-year financial forecast. The original forecasting model was prepared by the County Auditor's Office in conjunction with the Ohio State Auditor's Office to ensure that a sustainable forecasting model for the General Fund of the County would be developed. The forecasting model provides a three-year historical perspective of actual revenues and expenditures along with three years of projected revenues and expenditures which are compiled using revenue and expenditure assumptions that are provided by the County Commissioners, individual office holders, and the County Budget Commission. The financial forecast was used by the County Commissioners in 2020 to establish spending levels for all departments and agencies within the General Fund. The County Auditor's Office continues to work with the Board of Commissioners to enhance the annual budgetary process by utilizing a three-year forecasting system.

The County offers health insurance to its employees and their dependents. The County Commissioners continue to look for ways to reduce the cost of health care for the County and update the County's health care strategy which has included transitioning to strictly high-deductible health plans that are paired with health savings accounts. In addition, wellness and preventative services are encouraged for County employees with the option to receive premium reductions for attaining health goals. For 2021 and beyond, health care costs are forecasted to increase 10 percent annually based on industry standards.

### RELEVANT FINANCIAL POLICIES

In 2014, the County Commissioners established a written policy for accumulating resources for the purchase of motor vehicles, upgrading technology, and for County building improvements and maintenance. In this policy, 1 percent of General Fund revenue is allocated annually for the maintenance and upgrading of these capital assets. This policy contributed significantly to the financial stability reflected in the County's financial statements.

The County Treasurer manages the investment of County funds by adhering to the Investment and Depository Policy that has been approved by the County's Investment Advisory Committee. Any financial institution that holds County funds must also agree to the requirements of this policy. This policy details the objectives and rules for the safekeeping of County funds.

The County Auditor's capital assets policy is designed to provide accountability and control over the County's capital assets and to assist departments in gathering and maintaining information needed for the preparation of financial statements.

The County Auditor's Procedures and Guidelines Manual assists all County departments in day-to-day accounting procedures and practices. The Financial Report Review Committee also provides County departments with guidance to ensure that the County maintains effective internal controls.

### **MAJOR INITIATIVES**

The County Commissioners have been responsible for various building projects over the last several years. Plans for courthouse renovations include rehabilitation of the courthouse dome and clock tower, a new roof, and replacement of copper balustrades. The first phase was completed in 2016 and consisted of repair of the courthouse dome, the area surrounding the clock, and the base of the tower that connects to the roof of the courthouse at a cost of \$1.4 million. The second phase will include removal of the copper fittings around the roof of the courthouse, patching existing leaks, and construction of a new pitched roof. The cost to complete the second phase is approximately \$2 million. The third phase will consist of polishing and restoring all copper fixtures on the courthouse. Anticipated completion of the second and third phases is 2025. The cost to complete all phases of the project is approximately \$3.6 million.

In 2020, the County Commissioners began working with an architect for the construction of a facility to be used by the Sheriff for additional storage. Anticipated completion is the last quarter of 2021.

In 2020, the County Commissioners began working with the County Fair Board, Ohio State University Extension Office, and the Community Investment Corporation to develop plans for the construction of a new multi-use building at the fairgrounds. The building will accommodate office space, a meeting room, and kitchen facilities with anticipated completion in 2022.

### CERTIFICATE OF ACHIEVEMENT FOR EXCELLENCE IN FINANCIAL REPORTING

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Crawford County, Ohio for its Comprehensive Annual Financial Report for the year ended December 31, 2019.

In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to GFOA to determine its eligibility for another certificate.

# **ACKNOWLEDGEMENTS**

The preparation and publication of this report would not have been possible without the cooperation of each elected official, department head, and a large number of County employees. I am grateful for their assistance and cooperation.

I also want to thank Local Government Services of the Auditor of State's Office for their guidance and continued professionalism throughout this project. I want to gratefully acknowledge the assistant auditors from Auditor of State, Keith Faber's office who completed this audit in a timely fashion.

Finally, I would like to recognize members of my staff who have the responsibility for preparing this report. I would like to recognize Robyn Sheets who has the responsibility of preparing this report as GAAP coordinator, Robin Shumate for payroll help and knowledge, and Jenny King for her assistance with budgetary information. Without their assistance and dedication this report would not be possible.

Sincerely,

Joan M. Wolfe

#### INDEPENDENT AUDITOR'S REPORT

Crawford County 112 East Mansfield Street Bucyrus, Ohio 44820

To the Board of Commissioners:

### Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Crawford County, Ohio (the County), as of and for the year ended December 31, 2020, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

# Management's Responsibility for the Financial Statements

Management is responsible for preparing and fairly presenting these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes designing, implementing, and maintaining internal control relevant to preparing and fairly presenting financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to opine on these financial statements based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the County's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the County's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinions.

Efficient • Effective • Transparent

Crawford County Independent Auditor's Report Page 2

### **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Crawford County, Ohio, as of December 31, 2020, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparisons for the General, Auto License and Gas Tax, Child Welfare, Criminal Justice Services Levy, Job and Family Services, Jail Operation Levy, and Developmental Disabilities funds thereof for the year then ended in accordance with the accounting principles generally accepted in the United States of America.

### Emphasis of Matter

As discussed in Note 24 to the financial statements, the financial impact of COVID-19 and the continuing emergency measures will impact subsequent periods of the County. We did not modify our opinion regarding this matter.

#### Other Matters

### Required Supplementary Information

Accounting principles generally accepted in the United States of America require this presentation to include *management's discussion and analysis* and schedules of net pension and other post-employment benefit liabilities and pension and other post-employment benefit contributions listed in the table of contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, consisting of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, to the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not opine or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to opine or provide any other assurance.

#### Supplementary and Other Information

Our audit was conducted to opine on the County's basic financial statements taken as a whole.

The introductory section, the financial section's combining statements, individual fund statements and schedules and the statistical section information present additional analysis and are not a required part of the basic financial statements.

The statements and schedules are management's responsibility, and derive from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. We subjected this information to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling this information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves in accordance with auditing standards generally accepted in the United States of America. In our opinion, this information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

We did not subject the introductory section and statistical section information to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion or any other assurance on them.

Crawford County Independent Auditor's Report Page 3

# Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 18, 2021, on our consideration of the County's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

Keith Faber Auditor of State Columbus, Ohio

Management's Discussion and Analysis For the Year Ended December 31, 2020 Unaudited

The discussion and analysis of Crawford County's financial performance provides an overview of the County's financial activities for the year ended December 31, 2020. The intent of this discussion and analysis is to look at the County's financial performance as a whole.

# **Highlights**

Highlights for 2020 are as follows:

The County's total net position increased \$4,615,942, or 8 percent.

The voters approved an additional property tax levy to pay for the maintenance and operation of services for senior citizens.

Some of the County's long-term obligations were fully retired in 2020. The loan from the Ohio Public Works Commission for improvements to the Morton Sewer Treatment facility was retired.

### **Using This Annual Report**

This annual report consists of a series of financial statements. These statements are organized so the reader can understand Crawford County's financial position.

The Statement of Net Position and the Statement of Activities provide information about the activities of the County as an entity and present a long-term view of the County's finances.

Fund financial statements provide the next level of detail. For governmental funds, these statements tell how County services were financed in the short-term, as well as what remains for future spending. Fund financial statements also include the financial activity for the major funds of the County. Non-major funds are presented separately from the major funds in total and in one column. For Crawford County, the most significant of the major funds is the General Fund.

# Reporting the County as a Whole

The statement of net position and the statement of activities reflect how the County did financially during 2020. These statements include all assets, deferred outflows, liabilities, and deferred inflows using the accrual basis of accounting that is similar to the accounting method used by most private-sector companies. This basis of accounting takes into account all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the County's net position and changes in net position. This change in net position is important because it tells the reader whether the financial position of the County as a whole has increased or decreased. Over time, increases or decreases in the County's net position are one indicator of whether the financial position is improving or deteriorating. Causes for these changes may be the result of many factors. Some of these factors are financial and some are not.

Non-financial factors include changes in the County's property tax base and the condition of the County's capital assets (roads, buildings, water and sewer lines). These factors need to be considered when assessing the overall health of the County.

Management's Discussion and Analysis For the Year Ended December 31, 2020 Unaudited

In the Statement of Net Position and the Statement of Activities, the County is divided into two kinds of activities:

Governmental Activities - Most of the County's programs and services are reported here including general government, public safety, public works, health, human services, and economic development. These services are funded primarily by taxes and intergovernmental revenues, including state and federal grants and other shared revenues.

Business-Type Activity - This service is provided on a charge for goods or services basis to recover all or most of the costs of the services provided. The County's sewer operation is reported here.

### Reporting the County's Most Significant Funds

The fund financial statements provide detailed information about the County's major funds. The County's major governmental funds are the General Fund, Auto License and Gas Tax Fund, Child Welfare Fund, Criminal Justice Services Levy Fund, Job and Family Services Fund, Jail Operation Levy Fund, and Developmental Disabilities Fund.

A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds - Governmental funds are used to account for essentially the same functions reported as governmental activities on the government-wide financial statements. Most of the County's basic services are reported in these funds that focus on how money flows into and out of these funds and the year end balances available for spending. These funds are reported on the modified accrual accounting method that measures cash and all other financial assets that can be readily converted to cash. The governmental fund financial statements provide a detailed short-term view of the County's general government operations and the basic services being provided, along with the financial resources available.

Because the focus of the governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities on the government-wide financial statements. By doing so, readers may better understand the long-term impact of the County's short-term financing decisions.

Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The County maintains a multitude of individual governmental funds. Information is presented separately on the governmental fund balance sheet and on the governmental fund statement of revenues, expenditures, and changes in fund balances for the major funds, which were identified earlier. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements elsewhere in this report.

Management's Discussion and Analysis For the Year Ended December 31, 2020 Unaudited

<u>Proprietary Funds</u> - The County maintains two different types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities on the government-wide financial statements. The County uses an enterprise fund to account for the sewer operation. Internal service funds are an accounting device used to accumulate and allocate costs internally among the County's other programs and activities. The Electronic Document Management System Fund accounted for the purchase and for ongoing maintenance of an electronic document management system.

<u>Fiduciary Funds</u> - Fiduciary funds are used to account for resources held for the benefit of parties outside the County. Fiduciary funds are not reflected on the government-wide financial statements because the resources from these funds are not available to support the County's programs. The accounting methods used for fiduciary funds are much like those used for the proprietary funds.

<u>Notes to the Financial Statements</u> - The notes provide additional information that is essential to a full understanding of the data provided on the government-wide and fund financial statements.

<u>Other Information</u> - In addition to the basic financial statements and accompanying notes, this report also presents combining and individual fund statements and schedules.

# **Government-Wide Financial Analysis**

Table 1 provides a summary of the County's net position for 2020 and 2019:

# Table 1 Net Position (In Thousands)

|                           | Governmental Activities |          | Business-Type Activity |         | Total    |          |
|---------------------------|-------------------------|----------|------------------------|---------|----------|----------|
|                           | 2020                    | 2019     | 2020                   | 2019    | 2020     | 2019     |
| Assets                    |                         |          |                        |         |          |          |
| Current and Other Assets  | \$58,727                | \$51,514 | \$273                  | \$282   | \$59,000 | \$51,796 |

Management's Discussion and Analysis For the Year Ended December 31, 2020 Unaudited

The net pension liability (asset) and the net OPEB liability (asset) reported by the County at December 31, 2020, are reported pursuant to Governmental Accounting Standards Board (GASB) Statement No. 68, "Accounting and Financial Reporting for Pensions" and GASB Statement No. 75, "Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions". For reasons discussed below, end users of these financial statements will gain a clearer understanding of the County's actual financial condition by adding deferred inflows related to pension and OPEB, the net pension liability (asset), and the net OPEB liability (asset) to the reported net position and subtracting deferred outflows related to pension and OPEB.

GASB standards are national standards and apply to all government financial reports prepared in accordance with generally accepted accounting principles. Prior accounting for pensions (GASB Statement No. 27) and postemployment benefits (GASB Statement No. 45) focused on a funding approach. This approach limited pension and OPEB costs to contributions annually required by law, which may or may not be sufficient to fully fund the plan's net pension or net OPEB liability. GASB Statements No. 68 and No. 75 take an earnings approach to pension and OPEB accounting; however, the nature of Ohio's statewide pension/OPEB plan and State law governing the system requires additional explanation in order to properly understand the information presented in these statements.

GASB Statements No. 68 and No. 75 require the net pension liability (asset) and the net OPEB liability (asset) to equal the County's proportionate share of the plan's collective present value of estimated future pension/OPEB benefits attributable to active and inactive employees' past service minus plan assets available to pay these benefits.

GASB notes that pension and OPEB obligations, whether funded or unfunded, are part of the "employment exchange", that is, the employee is trading his or her labor in exchange for wages, benefits, and the promise of a future pension and other postemployment benefits. GASB noted that the unfunded portion of this promise is a present obligation of the government, part of a bargained for benefit to the employee, and should accordingly be reported by the government as a liability since they received the benefit of the exchange. However, the County is not responsible for certain key factors affecting the balance of these liabilities. In Ohio, the employee shares the obligation of funding pension benefits with the employer. Both employer and employee contribution rates are capped by State statute. A change in these caps requires action of both houses of the General Assembly and approval of the Governor. Benefit provisions are also determined by State statute. The Ohio Revised Code permits, but does not require, the retirement system to provide health care to eligible benefit recipients. The retirement system may allocate a portion of the employer contribution to provide for these OPEB benefits.

The employee enters the employment exchange with the knowledge that the employer's promise is limited not by contract but by law. The employer enters the exchange also knowing that there is a specific legal limit to its contribution to the retirement system. In Ohio, there is no legal means to enforce the unfunded liability of the pension/OPEB plan against the public employer. State law operates to mitigate/lessen the moral obligation of the public employer to the employee because all parties enter the employment exchange with notice as to the law. The retirement system is responsible for the administration of the pension and OPEB plans.

Management's Discussion and Analysis For the Year Ended December 31, 2020 Unaudited

Most long-term liabilities have set repayment schedules or in the case of compensated absences (i.e. vacation and sick leave) are satisfied through paid time off or termination payments. There is no repayment schedule for the net pension liability or the net OPEB liability. As explained above, changes in pension benefits, contribution rates, and return on investments affect the balance of these liabilities but are outside the control of the County. In the event that contributions, investment returns, and other changes are insufficient to keep up with required pension payments, State statute does not assign/identify the responsible party for the unfunded portion. Due to the unique nature of how the net pension liability and the net OPEB liability are satisfied, these liabilities are separately identified within the long-term liability section of the statement of net position.

In accordance with GASB Statements No. 68 and No. 75, the County's statements prepared on an accrual basis of accounting include an annual pension expense and an annual OPEB expense for their proportionate share of the plan's change in the net pension liability (asset) and the net OPEB liability (asset), respectively, not accounted for as deferred outflows/inflows.

For governmental activities, the increase in current and other assets is due to an increase in cash and cash equivalents, primarily from an increase in property tax revenue. Personal property values increased due to utility company installation of new pipelines. There was also an increase in other revenue due to workers' compensation reimbursements which contributed to the increase in cash and cash equivalents. The increase in current and other liabilities is due to an increase in outstanding payables to vendors and an increase in unearned revenue (generally related to CARES Act resources). The decrease in other-long liabilities is due to a decrease in the net pension liability as well as scheduled debt retirement. For the business-type activity, current and other assets (cash and cash equivalents) decreased; the County made the final debt payment on Ohio Public Works Commission loans in 2020. The decrease in net capital assets was entirely attributable to the depreciation of capital assets maintained by the business-type activity.

Table 2 shows the change in net position for 2020 and 2019.

Funding for the major programs of the County is derived from charges for services, operating grants, sales taxes, and property taxes. The Child Support and Jobs and Family Services Departments are basically financed with state and federal resources. The Council on Aging, Children Services, Criminal Justice Services, Developmental Disabilities, and Mental Health are supported with a combination of voted property tax levies and grants. The operation of the County Jail is financed by a voted sales tax levy, charges for housing prisoners, and with transfers from the General Fund. The major revenue sources for the County Engineer and Highway Department are motor vehicle license fees and gasoline taxes.

For governmental activities, program revenues increased 17 percent. An increase in charges for services was due to an increase in tonnage at the landfill and from combined increases in charges for services provided by child welfare and solid waste programs. The increase in operating grants, contributions, and interest is the result of the County receiving funding for COVID-19 relief, youth services, upgrading voting equipment, and a gasoline tax increase from the State of Ohio. Capital grants and contributions increased from the County receiving capital contributions related to the resurfacing County roads, rehabilitating County bridges, and for building improvements. The increase in general revenues was due to the increase in personal property values from utility pipelines, an increase in sales tax revenues, and workers' compensation reimbursements.

Management's Discussion and Analysis For the Year Ended December 31, 2020 Unaudited

The Legislative and Executive program consists of costs associated with the general administration of County government including the services of the County Commissioners, Auditor, Treasurer, Recorder, and Prosecutor. The Judicial program accounts for costs associated with the administration of the County's court system including Common Pleas and Municipal courts. The costs associated with the operation of the County Jail and the Sheriff's Department is accounted for in the Public Safety program. The Public Works program accounts for costs associated with the operation of the County Engineer and Highway Department. The Health program primarily accounts for costs associated with providing services for Developmental Disabilities and Mental Health. The Human Services program accounts for costs associated with providing services for various state and locally mandated welfare programs. The Human Services program also includes the costs associated with Child Support, Child Welfare, and the Jobs and Family Services Department. The most significant Human Services program that is supported with local tax resources is providing services to the elderly through the Council on Aging. The most significant change in expenses from the prior year was an increase in the Economic Development program from support to local businesses during the COVID-19 pandemic.

An increase in metering service costs contributed to the slight decrease in net position for the business-type activity.

Table 3, for governmental activities, indicates the total cost of services and the net cost of services. The statement of activities reflects the cost of program services and the charges for services, grants, and contributions offsetting those services. The net cost of services identifies the cost of those services supported by tax revenues, unrestricted intergovernmental revenues, and other general revenues.

Table 3
Governmental Activities
(In Thousands)

|                             | Total Cost of Services |          | Net Cost of | Services |

| Economic Development        | 1,929                  | 20       | 0           | 6        |
| Interest and Fiscal Charges | 159                    | 190      | 159         | 190      |
| Total Expenses              | \$51,014               | \$48,544 | \$16,958    | \$19,512 |

For 2020, 33 percent of the costs for services provided by the County were paid for with general revenues. A review of the above table demonstrates that program revenues contributed significantly to several programs. Approximately 60 percent of the costs for the legislative and executive program is offset by program revenues consisting mainly of fees for general government administration. Various court filing and administrative fees provided 41 percent of the support in the judicial program. During 2020, the public works program received a significant amount of program revenues in the form of charges for services and operating grants, contributions, and interest, and capital grants, to offset its costs. The health and human services programs continue to be largely funded through various grants and entitlements restricted to providing programs for at risk individuals. During 2020, the economic development program received operating grants and contributions to offset its costs (COVID relief funding).

Management's Discussion and Analysis For the Year Ended December 31, 2020 Unaudited

### **Governmental Activities Financial Analysis**

The County's major governmental funds are the General Fund, Auto License and Gas Tax Fund, Child Welfare Fund, Criminal Justice Services Levy Fund, Job and Family Services Fund, Jail Operation Levy Fund, and Development Disabilities Fund.

There was a 13 percent increase in fund balance in the General Fund. Operating revenues increased due to an increase in fees from tonnage received at the landfill, an 18 percent increase in property taxes, and a slight increase in sales tax revenue. The most significant increase in expenditures was for the public works program and was primarily due to an increase in expenditures associated with the landfill.

The first full year of receiving an increase in gasoline taxes from the State of Ohio contributed to the increase in fund balance in the Auto License and Gas Tax Fund.

Fund balance in the Child Welfare Fund increased from an increase in property taxes and intergovernmental revenue from the State of Ohio for the placement of children.

Fund balance in the Criminal Justice Services Levy Fund increased from an increase in property taxes and transfers made from the General Fund to subsidize operations.

Fund balance in the Job and Family Services Fund increased from intergovernmental revenue received from the State of Ohio. Operating subsidies were made from the General Fund.

Fund balance in the Jail Operation Levy Fund increased significantly due to an increase in sales taxes. Transfers from the General Fund were made to subsidize operations.

Fund balance increased nearly 10 percent in the Developmental Disabilities Fund. An increase in property tax revenues combined with a decrease in personnel expenditures contributed to the increase in fund balance.

#### **Business-Type Activity Financial Analysis**

The County's only enterprise fund is the Sewer Fund. The County provides water and sewer services to approximately one hundred seventy-nine customers. Water is being provided to these customers through a water line constructed from the City of Bucyrus to the Village of North Robinson. Net position decreased slightly from the prior year primarily due to an increase in contractual services from an arrangement for the City of Bucyrus to maintain and operate water and sewer facilities.

# **Budgetary Highlights**

As mandated by State statute, the County Commissioners adopt the annual operating budget for the County on the first day of January. The County's most significant budgeted fund is the General Fund. For revenues, there was no change from the original budget to the final budget. Changes from the final budget to actual revenues were primarily due to conservative estimates for sales taxes and charges for services revenues. Changes from the original budget to the final budget for expenditures were not significant. Actual expenditures were 13 percent less than the final budget due to budgeting conservatively.

Management's Discussion and Analysis For the Year Ended December 31, 2020 Unaudited

# **Capital Assets and Debt Administration**

<u>Capital Assets</u> - The County's investment in capital assets for governmental and business-type activities as of December 31, 2020, was \$46,391 thousand (net of accumulated depreciation and related debt). This investment in capital assets includes land, buildings, improvements, equipment, roads, and bridges. Note 8 provides information on capital asset activity for 2020. During 2020, various roads were resurfaced and bridges constructed and rehabilitated bringing the infrastructure investment of the County to \$49,303 thousand. Additions to capital assets also included improvements made to County facilities, technology and communication upgrades, and the purchase of vehicles for the Common Pleas Court, the Engineer and Highway Department, and the Sheriff's Department.

<u>Long-Term Debt</u> - At December 31, 2020, the County's overall long-term obligations included \$4,659 thousand in general obligation bonds, \$199 thousand in special assessment bonds, and \$66 thousand in OPWC loans. Citing sound financial operations, healthy reserves, a moderately-sized agricultural base, and an affordable debt burden with limited future borrowing, Moody's Investors Service has assigned an underlying rating of A1. In addition to the bonded debt, special assessment debt, and OPWC loans, the County's long-term obligations include compensated absences and the net pension/OPEB liability. Additional information on the County's long-term obligations can be found in Note 15 of this report.

#### **Economic Factors**

Crawford County is primarily a rural community with a significant agricultural and durable goods manufacturing presence. The County's tax base increased to \$2.3 billion in 2020. Sales tax revenue was nearly \$6.5 million in 2020, and was a 14 percent increase over 2019. The unemployment rate for the County was 9.4 percent as of year end, increasing from the prior year and largely attributable to the effect of the COVID-19 pandemic on employment. The County's unemployment rate for 2020 exceeded the State's average unemployment rate of 8.1 percent and also the national average of 8.1 percent. The General Fund balance at December 31, 2020, was \$7,817,409, and operating revenues exceeded operating expenditures by 25 percent. The County's debt burden, which is less than 1 percent of the estimated actual value of real property in the County, remains modest.

### **Requests for Information**

This financial report is designed to provide a general overview of the County's finances for all those with an interest in the County's finances. Questions concerning any of the information provided in this report or requests for additional information should be addressed to Joan Wolfe, Crawford County Auditor, 112 East Mansfield Street, Suite 105, Bucyrus, Ohio 44820.

Crawford County, Ohio
Reconciliation of Total Governmental Fund Balances
to Net Position of Governmental Activities
December 31, 2020

| Amounts reported for governmental activities on the statement of net position are different because of the following:  |         |
|--|---------|
|  |         |
| Capital assets used in governmental activities are not   | 005     |
| financial resources and, therefore, are not reported in the funds. 46,228  | ,885    |
| Other long-term assets are not available to pay for current  |         |
| period expenditures and, therefore, are reported as  |         |
| unavailable revenue in the funds.  |         |
| Accounts Receivable 97,498   |         |
| Accrued Interest Receivable 51,818   |         |
| Sales Taxes Receivable 1,179,077   |         |
| Due from Other Governments 3,910,011   |         |
| Special Assessments Receivable 277,211   |         |
| Interfund Receivable 204,179   |         |
| Delinquent Property Taxes Receivable 2,113,504   |         |
| 7,833  | .298    |
| ,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,  | ,       |
| Deferred outflows of resources include deferred charges  |         |
| on refundings which do not provide current financial resources   |         |
|  | ,506    |
| and, therefore, are not reported in the randor   | ,       |
| The internal service fund is used to charge the cost of the  |         |
| electronic document management system. The assets and  |         |
| liabilities of the internal service fund are included as   |         |
|  | ,470    |
| governmental activities on the statement of het position.  | , 7 / 0 |
| Some liabilities are not due and payable in the current  |         |
| period and, therefore, are not reported in the funds.  |         |
| Accrued Interest Payable (11,489)  |         |
|  |         |
|  |         |
| Special Assessment Bonds Payable (198,827)   |         |
| OPWC Loan Payable (65,935)   |         |
| Compensated Absences Payable (1,404,387)   | . 441   |

See accompanying notes to the basic financial statements

Notes to the Basic Financial Statements For the Year Ended December 31, 2020

# **Note 1 - Reporting Entity**

Crawford County, Ohio (County) was created in 1826. The County is governed by a board of three commissioners elected by the voters of the County. Other officials elected by the voters of the County that manage various segments of the County's operations are the Auditor, Treasurer, Recorder, Clerk of Courts, Coroner, Engineer, Prosecutor, Sheriff, Common Pleas Court Judge, Probate/Juvenile Court Judge, and Municipal Court Judge. Although the elected officials manage the internal operations of their respective departments, the County Commissioners authorize expenditures as well as serve as the budgeting and taxing authority, contracting body, and chief administrators of public services for the County, including each of these departments.

#### **Primary Government**

A reporting entity is composed of the primary government, component units, and other organizations that are included to ensure the financial statements of the County are not misleading. The primary government of the County consists of all funds, departments, boards, and agencies that are not legally separate from the County. For Crawford County, this includes the Job and Family Services Department, the Board of Developmental Disabilities (DD), the Crawford County Emergency Management Agency, the Crawford County Solid Waste Management District Board, and all departments and activities that are directly operated by the elected County officials.

Component units are legally separate organizations for which the County is financially accountable. The County is financially accountable for an organization if the County appoints a voting majority of the organization's governing board and (1) the County is able to significantly influence the programs or services performed or provided by the organization; or (2) the County is legally entitled to or can otherwise access the organization's resources; the County is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the County is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the County in that the County approves the budget, the issuance of debt, or the levying of taxes, and there is a potential for the organization to provide specific financial benefits to or impose specific financial burdens on the County.

Crawford County Land Reutilization Corporation - The Crawford County Land Reutilization Corporation (Land Bank) is a county land reutilization corporation that was formed on December 4, 2015, when the Crawford County Board of Commissioners authorized the incorporation of the Land Bank under Chapters 1724 and 1702 of the Ohio Revised Code through a resolution as a not-for-profit corporation under the laws of the State of Ohio. The purpose of the Land Bank is to strengthen neighborhoods in the County by returning vacant and abandoned properties to productive use. The Land Bank has been designated as the County's agent to further its mission to reclaim, rehabilitate, and reutilize vacant, abandoned, taxforeclosed, or other real property in the County by exercising the powers of the County under Chapter 5722 of the Ohio Revised Code.

The Land Bank is governed by a five member Board of Directors, consisting of two County Commissioners, the County Treasurer, one representative from the City of Bucyrus, and one representative selected by the statutory directors. The Board of Directors has the authority to make, prescribe, and enforce all rules and regulations for the conduct of all business and affairs of the Land Bank and the management and control of its properties. Because the County makes up and/or appoints a voting majority of the Board of Directors, the County is able to impose its will on the operations of the Land Bank and the relationship between the primary government and the organization is such that exclusion would cause the County's financial statements to be misleading. However, the Land Bank had no material financial activity since its inception and, as a result, no financial information is currently being presented.

Notes to the Basic Financial Statements For the Year Ended December 31, 2020

<u>Crawford County Transportation Improvement District</u> - The Crawford County Transportation Improvement District (CCTID) is a body politic and corporate created to acquire, construct, enlarge, improve, equip, sell, lease, lease-purchase, exchange, or otherwise dispose of property, structures, and other facilities for transportation projects. The CCTID was specifically created pursuant to Chapter 5540 of the Ohio Revised Code, as amended. The CCTID was created by action of the Board of Crawford County Commissioners on May 27, 2020.

The CCTID is governed by a Board of Trustees that act as the authoritative and legislative body of the CCTID. The Board is comprised of seven members of whom five are voting and two are non-voting. Each Board member serves a term of one year and there are no term limits for reappointment. The five voting Board members are appointed by the Board of County Commissioners. Because the County makes up and/or appoints a voting majority of the Board of Directors, the County is able to impose its will on the operations of the CCTID and the relationship between the primary government and the organization is such that exclusion would cause the County's financial statements to be misleading. However, the CCTID had no material financial activity since its inception and, as a result, no financial information is currently being presented.

As the custodian of public funds, the Treasurer invests all public moneys held on deposit in the county treasury. In the case of the separate agencies, boards, and commissions listed below, the County serves as fiscal agent but is not financially accountable for these organizations. Accordingly, the activity of the following organizations is presented as custodial funds within the County's financial statements:

The Crawford County General Health District is governed by a seven member board of health which oversees the operation of the health district and is elected by a regional advisory council composed of township trustees, mayors of participating municipalities, and the County Commissioners. The Board adopts its own budget, hires and fires its own staff, and operates autonomously from the County.

The Crawford County Family and Children First Council is statutorily created and consists of various representatives from the County. The Council members adopt their own budget, authorize Council expenditures, hire and fire staff, and do not rely on the County to finance deficits.

The Crawford County Park District is statutorily created as a separate and distinct political subdivision of the State. The probate judge appoints three commissioners who are authorized to contract and sue on behalf of the District. The Commissioners adopt their own budget, authorize District expenditures, hire and fire staff, and do not rely on the County to finance deficits. The Crawford County Park District is a related organization to the County. (See Note 20)

The Crawford County Soil and Water Conservation District is statutorily created as a separate and distinct political subdivision of the State. The five supervisors of the Soil and Water Conservation District are elected by the residents and landowners of the District. The supervisors are authorized to contract and sue on behalf of the District. The supervisors adopt their own budget, authorize District expenditures, hire and fire staff, and do not rely on the County to finance deficits.

Northland Homes and Properties, Inc. is a joint venture among the Crawford County Board of DD and two other county DD boards, and the Crawford-Marion Alcohol, Drug Addiction, and Mental Health Services Board is a joint venture between the Crawford County Board of Mental Health and the Marion County Board of Mental Health. (See Note 21)

The County also participates in the County Commissioners of Ohio Association Workers' Compensation Group Retrospective Rating Program, a risk sharing pool. (See Note 22)

Notes to the Basic Financial Statements For the Year Ended December 31, 2020

# **Note 2 - Summary of Significant Accounting Policies**

The financial statements of Crawford County have been prepared in conformity with generally accepted accounted principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. Following are the more significant of the County's accounting policies.

# A. Basis of Presentation

The County's basic financial statements consist of government-wide financial statements, including a statement of net position and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

## Government-Wide Financial Statements

The statement of net position and the statement of activities display information about the County as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The statements distinguish between those activities of the County that are governmental in nature and those that are considered business-type activities. The activity of the internal service fund is eliminated to avoid "doubling up" revenues and expenses.

The statement of net position presents the financial condition of the governmental and business-type activities of the County at year end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the County's governmental activities and the business-type activity. Direct expenses are those that are specifically associated with a service, program, or department and, therefore, clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program, and interest that is required to be used to support a particular program. Revenues which are not classified as program revenues are presented as general revenues of the County, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental program or business activity is self-financing or draws from the general revenues of the County.

# **Fund Financial Statements**

During the year, the County segregates transactions related to certain County functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the County at this more detailed level. The focus of governmental and enterprise fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. The internal service fund is presented in a single column on the face of the proprietary fund financial statements. Fiduciary funds are reported by type.

## B. Fund Accounting

The County uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. There are three categories of funds: governmental, proprietary, and fiduciary.

Notes to the Basic Financial Statements For the Year Ended December 31, 2020

# Governmental Funds

Governmental funds are those through which most governmental functions of the County are financed. Governmental fund reporting focuses on the sources, uses, and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purpose for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities and deferred inflows of resources is reported as fund balance. The following are the County's major governmental funds:

<u>General Fund</u> - The General Fund accounts for all financial resources, except those required to be accounted for in another fund. The General Fund balance is available to the County for any purpose provided it is expended or transferred according to the general laws of Ohio.

<u>Auto License and Gas Tax Fund</u> - The fund accounts for revenue derived from the sale of motor vehicle licenses, gasoline taxes, and interest restricted for County road and bridge repair and improvements.

<u>Child Welfare Fund</u> - The fund accounts for property taxes and various State and Federal grants restricted to providing services to children under custody of the County.

<u>Criminal Justice Services Levy Fund</u> - The fund accounts for a voted county-wide property tax levy restricted for the operation of the Sheriff's road patrol.

<u>Job and Family Services Fund</u> - The fund accounts for various State and Federal grants as well as transfers from the General Fund restricted to providing public assistance to general relief recipients and pay their providers of medical assistance, and for certain public social services.

<u>Jail Operation Levy Fund</u> - The fund accounts for a voted county-wide sales tax levy restricted for the operation of the County Jail.

<u>Developmental Disabilities Fund</u> - The fund accounts for a voted county-wide property tax levy and State and Federal grants restricted for the operation of a school for the developmentally disabled.

The other governmental funds of the County account for grants and other resources whose use is restricted, committed, or assigned for a particular purpose.

# Proprietary Funds

Proprietary fund reporting focuses on the determination of operating income, changes in net position, financial position, and cash flows.

<u>Enterprise Fund</u> - Enterprise funds may be used to account for any activity for which a fee is charged to external users of goods or services. The following is the County's only enterprise fund:

Sewer Fund - The fund accounts for the provision of sewer and water services.

<u>Internal Service Fund</u> - The internal service fund accounts for the financing of services provided by one department or agency to other departments or agencies of the County on a cost-reimbursement basis. The County's internal service fund accounts for the purchase and ongoing maintenance of an electronic document management system.

Notes to the Basic Financial Statements For the Year Ended December 31, 2020

# Fiduciary Funds

Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary fund category is split into four classifications: pension (and other employee benefit) trust funds, investment trust funds, private purpose trust funds, and custodial funds. Trust funds are distinguished from custodial funds by the existence of a trust agreement or equivalent arrangements that have certain characteristics. Custodial funds are used to report fiduciary activities that are not required to be reported in a trust fund.

The County's fiduciary funds are custodial funds. Custodial funds are used to account for assets held by the County as fiscal agent for the Board of Health and other districts and entities; for various taxes, assessments, fines and fees collected for the benefit of and distributed to other governments; and for State shared resources received from the State and distributed to other local governments.

#### C. Measurement Focus

#### **Government-Wide Financial Statements**

The government-wide financial statements are prepared using a flow of economic resources measurement focus. All assets and deferred outflows of resources and all liabilities and deferred inflows of resources associated with the operation of the County are included on the statement of net position. The statement of activities presents increases (e.g. revenues) and decreases (e.g. expenses) in total net position.

# Fund Financial Statements

All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities and deferred inflows of resources are generally included on the balance sheet. The statement of revenues, expenditures, and changes in fund balances reflects the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements, therefore, include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the fund financial statements for governmental funds.

Like the government-wide financial statements, the proprietary and fiduciary funds are accounted for using a flow of economic resources measurement focus. All assets and deferred outflows of resources and all liabilities and deferred inflows of resources associated with the operation of these funds are included on the statement of fund net position. In fiduciary funds, a liability to the beneficiaries of fiduciary activity is recognized when an event has occurred that compels the government to disburse fiduciary resources. Fiduciary fund liabilities other than those to beneficiaries are recognized using the economic resources measurement focus.

For proprietary funds, the statement of revenues, expenses, and changes in fund net position presents increases (e.g., revenues) and decreases (e.g., expenses) in total net position. The statement of cash flows reflects how the County finances and meets the cash flow needs of its proprietary activities.

Fiduciary funds present a statement of change in fiduciary net position which reports additions to deductions from custodial funds.

Notes to the Basic Financial Statements For the Year Ended December 31, 2020

# D. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting; proprietary funds and fiduciary funds use the accrual basis of accounting. Differences in the accrual and modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred outflows and deferred inflows of resources, and in the presentation of expenses versus expenditures.

# Revenues - Exchange and Nonexchange Transactions

Revenues resulting from exchange transactions, in which each party gives and receives essentially equal value, are recorded on the accrual basis when the exchange takes place. On the modified accrual basis, revenue is recorded in the year in which the resources are measurable and become available. Available means the resources will be collected within the current year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current year. For the County, available means expected to be received within thirty-one days after year end.

Nonexchange transactions, in which the County receives value without directly giving equal value in return, include property taxes, sales taxes, grants, entitlements, and donations. On the accrual basis, revenue from property taxes is recognized in the year for which the taxes are levied. Revenue from sales taxes is recognized in the year in which the sales are made. Revenue from grants, entitlements, and donations is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted; matching requirements, in which the County must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the County on a reimbursement basis. On the modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered both measurable and available at year end: sales taxes, charges for services, fines and forfeitures, state-levied locally shared taxes (including gasoline tax and motor vehicle license fees), grants, interest, and rent.

Unearned revenue represents amounts under the accrual and modified accrual basis of accounting for which asset recognition criteria have been met but for which revenue recognition criteria have not yet been met because these amounts have not yet been earned.

## Deferred Outflows/ Inflows of Resources

In addition to assets, the statement of financial position may report deferred outflows of resources. Deferred outflows of resources represent a consumption of net position that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until that time. For the County, deferred outflows of resources includes a deferred charge on refunding reported on the government-wide statement of net position. Deferred outflows are also reported on the government-wide statement of net position for pension and OPEB and explained in Notes 12 and 13 to the basic financial statements.

Notes to the Basic Financial Statements For the Year Ended December 31, 2020

In addition to liabilities, the statement of financial position may report deferred inflows of resources. Deferred inflows of resources represent an acquisition of net position that applies to a future period and will not be recognized until that time. For the County, deferred inflows of resources include property taxes, unavailable revenue, pension, and OPEB. Property taxes represent amounts for which there was an enforceable legal claim as of December 31, 2020, but which were levied to finance 2021 operations. This amount has been recorded as deferred inflows of resources on both the government-wide statement of net position and the governmental fund financial statements. Unavailable revenue is reported only on the governmental fund balance sheet and represents receivables which will not be collected within the For the County, unavailable revenue includes accrued interest, sales taxes, available period. intergovernmental revenues including grants, special assessments, interfund, delinquent property taxes, and other sources. These amounts are deferred and recognized as inflows of resources in the period when the amounts become available. For further details on unavailable revenue, refer to the Reconciliation of Total Governmental Fund Balances to Net Position of Governmental Activities on page 21. Deferred inflows of resources related to pension and OPEB are reported on the government-wide statement of net position and explained in Notes 12 and 13 to the basic financial statements.

# Expenses/Expenditures

On the accrual basis, expenses are recognized at the time they are incurred. The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

#### E. Budgetary Process

All funds, except custodial funds, are legally required to be budgeted and appropriated. The major documents prepared are the certificate of estimated resources and the appropriations resolution, both of which are prepared on the budgetary basis of accounting. The certificate of estimated resources establishes a limit on the amount the County Commissioners may appropriate. The appropriations resolution is the County Commissioner's authorization to spend resources and sets annual limits on expenditures plus encumbrances at the level of control selected by the County Commissioners. The legal level of control has been established by the County Commissioners at the fund, program, department, and object level for all funds. Budgetary information for the Law Enforcement Trust special revenue fund is not reported because it is not included in the entity for which the "appropriated budget" is adopted or the fund had no activity during the year. The County does not budget for advances; rather, the outstanding advance balances at the beginning of the year are included within the creditor fund and excluded from the debtor fund amounts available for appropriation. These balances are reflected as prior year outstanding advances on the budgetary schedules.

The certificate of estimated resources may be amended during the year if projected increases or decreases in revenue are identified by the County Auditor. The amounts reported as the original budgeted amounts on the budgetary statements reflect the amounts on the certificate of estimated resources when the original appropriations were adopted. The amounts reported as the revised budgeted amounts on the budgetary statements reflect the amounts on the amended certificate of estimated resources in effect at the time final appropriations were passed by the County Commissioners.

The appropriations resolution is subject to amendment throughout the year with the restriction that appropriations cannot exceed estimated resources. The amounts reported as the original budgeted amounts reflect the first appropriations resolution for that fund that covered the entire year, including amounts automatically carried forward from prior years. The amounts reported as the revised budgeted amounts represent the final appropriation amounts passed by the County Commissioners during the year.

Notes to the Basic Financial Statements For the Year Ended December 31, 2020

# F. Cash and Investments

To improve cash management, cash received by the County is pooled and invested. Individual fund integrity is maintained through County records. Interest in the pool is presented as "Equity in Pooled Cash and Cash Equivalents".

Cash and cash equivalents that are held separately within departments of the County and not included in the County treasury, are recorded as "Cash and Cash Equivalents in Segregated Accounts". Cash and cash equivalents that are held separately with Clearwater Council of Governments are recorded as "Cash and Cash Equivalents with Fiscal Agent".

During 2020, the County invested in nonnegotiable and negotiable certificates of deposit, federal agency securities, local government bonds, corporate notes, commercial paper, and STAR Ohio. Investments are reported at fair value or amortized cost, except for nonnegotiable certificates of deposit which are reported at cost. The County's commercial paper is measured at amortized cost as it is a highly liquid debt instrument with a remaining maturity at the time of purchase of less than one year.

Star Ohio is an investment pool, managed by the State Treasurer's Office, which allows governments within the State to pool their funds for investment purposes. Star Ohio is not registered with the SEC as an investment company but has adopted Governmental Accounting Standards Board Statement No. 79, "Certain External Investment Pools and Pool Participants". The County measures the investment in Star Ohio at the net asset value (NAV) per share provided by Star Ohio. The NAV per share is calculated on an amortized cost basis that provides a NAV that approximates fair value.

For 2020, there were no limitations or restrictions on any participant withdrawals due to redemption notice periods, liquidity fees, or redemption gates. However, twenty-four hours advance notice is appreciated for deposits and withdrawals exceeding \$100 million. Star Ohio reserves the right to limit the transaction to \$100 million requiring the excess amount to be transacted the following business day(s) but only to the \$100 million limit. All accounts of the participant will be combined for this purpose.

Interest earnings are allocated to County funds according to State statutes, grant requirements, or debt related restrictions. Interest revenue credited to the General Fund during 2020 was \$837,292, which includes \$795,330 assigned from other County funds.

Investments of the cash management pool and investments with an original maturity of three months or less at the time of purchase are presented on the financial statements as cash equivalents. Investments with an initial maturity of more than three months that were not purchased from the pool are reported as investments.

# G. Prepaid Items

Payments made to vendors for services that will benefit periods beyond December 31, 2020, are recorded as prepaid items using the consumption method by recording a current asset for the prepaid amount and reflecting the expenditure/expense in the year in which services are consumed.

#### H. Inventory

Inventory is presented at cost on a first-in, first-out basis and is expended/expensed when used. Inventory consists of expendable supplies held for consumption.

Notes to the Basic Financial Statements For the Year Ended December 31, 2020

# I. Restricted Assets

Assets are reported as restricted when limitations on their use change the nature or normal understanding of the availability of the asset. Such constraints are either externally imposed by creditors, contributors, grantors, laws of other governments, or are imposed by law through constitutional provisions or enabling legislation.

Unclaimed moneys that have a legal restriction on their expenditure are reported as restricted.

## J. Capital Assets

General capital assets are capital assets which are associated with and generally arise from governmental activities. They generally result from expenditures in governmental funds. General capital assets are reported in the governmental activities column on the government-wide statement of net position but are not reported on the fund financial statements. Capital assets used by the proprietary funds are reported in both the business-type activity column on the government-wide statement of net position and in the respective fund.

All capital assets are capitalized at cost and updated for additions and reductions during the year. Donated capital assets are recorded at their acquisition value on the date donated. The County maintains a capitalization threshold of ten thousand dollars. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized.

All capital assets are depreciated, except for land and land and landfill improvements. Improvements are depreciated over the remaining useful lives of the related capital assets. Useful lives for infrastructure were estimated based on the County's historical records of necessary improvements and replacement. Depreciation is computed using the straight-line method over the following useful lives:

| Description                         | Governmental Activities Estimated Lives | Business-Type<br>Activities<br>Estimated Lives |
|-------------------------------------|---|--|
| Buildings and Building Improvements | 40 years                                | 40 years                                       |
| Equipment                           | 5 to 10 years                           | 3 to 25 years                                  |
| Vehicles                            | 5 to 10 years                           | 10 years                                       |
| Furniture/Fixtures                  | 10 years                                | 10 to 20 years                                 |
| Infrastructure                      | 10 to 50 years                          | 40 years                                       |

Landfill cells are depreciated based on the tonnage received each year. The County's infrastructure consists of roads, bridges, storm and sanitary sewer lines, and water lines. All infrastructure was recorded on the County's financial statements based on estimated historical cost at the date of original construction or improvement, including infrastructure acquired prior to 1980.

## K. Deferred Charge on Refunding

For advance refundings resulting in the defeasance of debt, the difference between the reacquisition price and the net carrying amount of the old debt is deferred and amortized as a component of interest expense. This accounting loss is amortized over the remaining life of the old debt or the life of the new debt, whichever is shorter, and is presented as deferred outflows of resources on the statement of net position.

Notes to the Basic Financial Statements For the Year Ended December 31, 2020

# L. Interfund Receivables/Payables

On fund financial statements, outstanding interfund loans and unpaid amounts for interfund services provided are reported as "Interfund Receivables/Payables". Interfund balances are eliminated on the statement of net position, except for any net residual amounts due between governmental activities and business-type activities. These amounts are presented as "Internal Balances".

# M. Compensated Absences

Vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable the County will compensate the employees for the benefits through paid time off or some other means. The County records a liability for accumulated unused vacation time when earned for all employees with more than one year of service.

Sick leave benefits are accrued as a liability using the vesting method. The liability includes the employees who are currently eligible to receive termination benefits and those the County has identified as probable of receiving payment in the future. The amount is based on accumulated sick leave and employee wage rates at year end taking into consideration any limits specified in the County's termination policy. The County records a liability for accumulated unused sick leave for employees who are at least fifty years of age having ten years of service with the County or fifty-five years of age with five years of service with the County.

The entire compensated absences liability is reported on the government-wide financial statements.

On governmental fund financial statements, compensated absences are recognized as liabilities and expenditures to the extent payments come due each period upon the occurrence of employee resignations and retirements. These amounts are recorded in the account "Matured Compensated Absences Payable" in the fund from which the employees who have accumulated unpaid leave are paid. For proprietary funds, the entire amount of compensated absences is reported as a fund liability.

## N. Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities, and long-term obligations are reported on the government-wide financial statements. All payables, accrued liabilities, and long-term obligations payable from the proprietary funds are reported on the proprietary fund financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds. However, compensated absences that are paid from governmental funds are reported as liabilities on the fund financial statements only to the extent that they are due for payment during the current year. The net pension/OPEB liability should be recognized in the governmental funds to the extent that the benefit payments are due and payable and the pension/OPEB plan's fiduciary net position is not sufficient to pay those benefits. Bonds and long-term loans are recognized as liabilities on the fund financial statements when due.

# O. Unamortized Premium

On the government-wide financial statements, bond premiums are deferred and amortized over the term of the bonds using the bonds-outstanding method, which approximates the effective interest method. Bond premiums are presented as an addition to the face amount of bonds payable. On the governmental fund financial statements, bond premiums are recognized in the period in which the bonds are issued.

Notes to the Basic Financial Statements For the Year Ended December 31, 2020

Under Ohio law, premiums on the original issuance of debt are to be deposited into a bond retirement fund and used for debt retirement and are precluded from being applied to the project fund. Ohio law does allow premiums on refunding debt to be used as part of the payment to a bond escrow agent.

# P. Net Position

Net position represents the difference between all other elements on the statement of financial position. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any borrowing used for the acquisition, construction, or improvement of those assets. Net position is reported as restricted when there are limitations imposed on its use either through constitutional provisions or enabling legislation adopted by the County or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. Net position restricted for other purposes primarily includes resources restricted for miscellaneous general government purposes. The County's policy is to first apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

# Q. Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the County is bound to observe constraints imposed upon the use of the resources in governmental funds. The classifications are as follows:

<u>Nonspendable</u> - The nonspendable classification includes amounts that cannot be spent because they are not in spendable form or legally or contractually required to be maintained intact. The "not in spendable form" includes items that are not expected to be converted to cash.

<u>Restricted</u> - The restricted classification includes amounts restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or is imposed by law through constitutional provisions or enabling legislation (County resolutions).

Enabling legislation authorizes the County to assess, levy, charge, or otherwise mandate payment of resources (from external resource providers) and includes a legally enforceable requirement that those resources be used only for the specific purposes stipulated in the legislation. Legal enforceability means the County can be compelled by an external party such as citizens, public interest groups, or the judiciary to use resources created by enabling legislation only for purposes specified by the legislation.

<u>Committed</u> - The committed classification includes amounts that can be used only for the specific purposes imposed by a formal action (resolution) of the County Commissioners. The committed amounts cannot be used for any other purpose unless the County Commissioners remove or change the specified use by taking the same type of action (resolution) it employed to previously commit those amounts. In contrast to fund balance that is restricted by enabling legislation, committed fund balance may be redeployed for other purposes with appropriate due process. Constraints imposed on the use of committed amounts are imposed by the County Commissioners, separate from the authorization to raise the underlying revenue; therefore, compliance with these constraints is not considered to be legally enforceable. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Notes to the Basic Financial Statements For the Year Ended December 31, 2020

<u>Assigned</u> - Amounts in the assigned classification are intended to be used by the County for specific purposes but do not meet the criteria to be classified as restricted or committed. Assigned amounts represent intended uses established by the County Commissioners. The fund balance policy established by the County Commissioners authorizes department managers to assign fund balance for purchases on order provided such amounts have been lawfully appropriated. The County Commissioners have also assigned fund balance to cover a gap between estimated resources and appropriations in the 2021 budget, auto title registrations, building improvements, and other miscellaneous purposes.

<u>Unassigned</u> - Unassigned fund balance is the residual classification for the General Fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance.

The County first applies restricted resources when an expenditure is incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications can be used.

# R. Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. For the County, these revenues are charges for services and other revenues for sewer services, as well as charges for services in the internal service fund for user fees charged to other funds. Operating expenses are the necessary costs incurred to provide the service that is the primary activity of the fund. Revenues and expenses not meeting these definitions are reported as nonoperating.

#### S. Internal Activity

Transfers between governmental and business-type activities on the government-wide financial statements are reported in the same manner as general revenues.

Internal allocations of overhead expenses from one function to another or within the same function are eliminated on the statement of activities. Payments for interfund services provided and used are not eliminated.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after nonoperating revenues/expenses in proprietary funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

#### T. Pensions/Other Postemployment Benefits

For purposes of measuring the net pension/OPEB liability (asset), deferred outflows of resources and deferred inflows of resources related to pension/OPEB, pension/OPEB expense, information about the fiduciary net position of the pension/OPEB plans, and additions to/deductions from their fiduciary net position have been determined on the same basis as they are reported by the retirement systems. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. The retirement systems report investments at fair value.

Notes to the Basic Financial Statements For the Year Ended December 31, 2020

# **U.** Capital Contributions

Capital contributions arise from contributions of capital assets from outside sources.

# V. Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

# Note 3 - Budgetary Basis of Accounting

While reporting financial position, results of operations, and changes in fund balances on the basis of generally accepted accounting principles (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The Statements of Revenues, Expenditures, and Changes in Fund Balance - Budget (Non-GAAP Basis) and Actual are presented on the budgetary basis to provide a meaningful comparison of actual results with the budget. The major differences between the budget basis and the GAAP basis are as follows:

- 1. Revenues are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis).
- 2. Expenditures are recorded when paid in cash (budget basis) as opposed to when the liability is incurred (GAAP basis).
- 3. Encumbrances are treated as expenditures (budget basis) rather than as restricted, committed, or assigned fund balance (GAAP basis).

The adjustments necessary to reconcile the GAAP and budgetary basis statements are as follows:

#### Net Changes in Fund Balance

|  | General   | Auto License<br>and<br>Gas Tax | Child<br>Welfare | Criminal Justice<br>Services<br>Levy |
|--|-----------|--------------------------------|------------------|--------------------------------------|
| GAAP Basis                                 | \$911,407 | \$857,990                      | \$753,696        | \$61,686                             |
| Non-Budgeted Cash Activity                 | (200,180) | 3,356                          | (383)            | (546)                                |
| Net Adjustment for Revenue Accruals        | (52,230)  | (10,757)                       | (39,416)         | 2,428                                |
| Net Adjustment for Expenditure<br>Accruals | 41,205    | (22,651)                       | 84,496           | 93,673                               |
| Prepaid Items                              | 50,679    | (2,979)                        | (305)            | 3,039                                |
| Materials and Supplies Inventory           | (5,277)   | (53,643)                       | 0                | 6,005                                |
| Advances In                                | 98,431    | 0                              | 0                | 0                                    |
| Advances Out                               | (88,032)  | 0                              | 0                | 0                                    |
| Encumbrances                               | (245,898) | (51,597)                       | (739,477)        | (127,772)                            |
| Budget Basis                               | \$510,105 | \$719,719                      | \$58,611         | \$38,513                             |

Notes to the Basic Financial Statements For the Year Ended December 31, 2020

#### Net Changes in Fund Balance

|  | Job and<br>Family<br>Services | Jail<br>Operation<br>Levy | Developmental<br>Disabilities |
|--|-------------------------------|---------------------------|-------------------------------|
| GAAP Basis                                 | \$328,060                     | \$635,799                 | \$1,075,070                   |
| Non-Budgeted Cash Activity                 | 0                             | 0                         | 137,521                       |

| Encumbrances                               | (128,412)                     | (272,067)                 | (259,474)                     |
| Budget Basis                               | \$260,531                     | \$482,436                 | \$970,322                     |

# **Note 4 - Deposits and Investments**

Moneys held by the County are classified by State statute into two categories. Active moneys are public moneys determined to be necessary to meet current demands upon the County treasury. Active moneys must be maintained either as cash in the County treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Moneys held by the County, which are not considered active, are classified as inactive. Inactive moneys may be deposited or invested in the following securities provided a written investment policy has been filed with the Ohio Auditor of State:

- 1. United States Treasury bills, bonds, notes, or any other obligation or security issued by the United States Treasury, or any other obligation guaranteed as to principal and interest by the United States, or any book entry zero-coupon United States treasury security that is a direct obligation of the United States;
- 2. Bonds, notes, debentures, or any other obligation or security issued by any federal government agency or instrumentality including, but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, and Government National Mortgage Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
- 3. Written repurchase agreements in the securities listed above provided the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least 2 percent and be marked to market daily, and the term of the agreement must not exceed thirty days;
- 4. Bonds and other obligations of the State of Ohio or its political subdivisions provided the bonds or other obligations of political subdivisions mature within ten years from the date of settlement;

Notes to the Basic Financial Statements For the Year Ended December 31, 2020

- 5. Time certificates of deposit or savings or deposit accounts including, but not limited to, passbook accounts in eligible institutions pursuant to Ohio Revised Code Section 135.32;
- 6. No-load money market mutual funds rated in the highest category at the time of purchase by at least one nationally recognized standard rating service or consisting exclusively of obligations described in division (1) or (2) above; commercial paper as described in Ohio Revised Code Section 135.143(6); and repurchase agreements secured by such obligations provided these investments are made only through eligible institutions;
- 7. The State Treasurer's investment pool (STAR Ohio);
- 8. Securities lending agreements in which the County lends securities and the eligible institution agrees to simultaneously exchange either securities or cash, equal value for equal value, within certain limitations;
- 9. Up to forty percent of the County's average portfolio in either of the following if training requirements have been met:
  - a. commercial paper notes in entities incorporated under the laws of Ohio or any other State that have assets exceeding five hundred million dollars, which are rated in the highest classification established by two nationally recognized standard rating services, which do not exceed 10 percent of the value of the outstanding commercial paper of the issuing corporation, and which mature within two hundred seventy days after purchase, and the investment in commercial paper notes of a single issuer shall not exceed the aggregate of 5 percent of interim monies available for investment at the time of purchase;
  - b. bankers acceptances that are insured by the federal deposit insurance corporation and which mature not later than one hundred eighty days after purchase;
- 10. Up to 15 percent of the County's average portfolio in notes issued by United States corporations or by depository institutions that are doing business under authority granted by the United States provided the notes are rated in the second highest or higher category by at least two nationally recognized standard rating services at the time of purchase and the notes mature not later than three years after purchase;
- 11. A current unpaid or delinquent tax line of credit provided certain conditions are met related to a County land reutilization corporation organized under Ohio Revised Code Chapter 1724; and,
- 12. Up to 2 percent of the County's average portfolio in debt interests rated at the time of purchase in the three highest categories by two nationally recognized standard rating services and issued by foreign nations diplomatically recognized by the United States government subject to certain limitations. All interest and principal shall be denominated and payable in United States funds.

Investments in stripped principal or interest obligations that are not issued or guaranteed by the United States, reverse repurchase agreements, and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage, and short selling are also prohibited. Except as noted above, all investments must mature within five years from the date of settlement, unless matched to a specific obligation or debt of the County, and must be purchased with the expectation that they will be held to maturity.

Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the Treasurer or if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

Notes to the Basic Financial Statements For the Year Ended December 31, 2020

Protection of the County's deposits is provided by the Federal Deposit Insurance Corporation, by eligible securities pledged by the financial institution as security for repayment, or by the financial institutions participation in the Ohio Pooled Collateral System, a collateral pool of eligible securities deposited with a qualified trustee and pledged to the Treasurer of State to ensure the repayment of all public moneys deposited in the financial institution.

#### Investments

As of December 31, 2020, the County had the following investments:

|                            |              |             | Mat         | urities     |              |
|----------------------------|--------------|-------------|-------------|-------------|--------------|
|                            |              |             | 6 Months    | One Year    |              |
| Measurement/               | Measurement  | Less Than   | to One      | To          | More Than    |
| Investment                 | Amount       | 6 Months    | Year        | Two Years   | Two Years    |

The County categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets. Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. The above chart identifies the County's recurring fair value measurements as of December 31, 2020. The County's investments measured at fair value are valued using methodologies that incorporate market inputs such as benchmark yields, reported trades, broker/dealer quotes, issuer spreads, two-sided markets, benchmark securities, bids, offers, and reference data including market research publications. Market indicators and industry and economic events are also monitored which could require the need to acquire further market data (Level 2 inputs).

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The investment policy restricts the Treasurer from investing in any securities other than those identified in the Ohio Revised Code and that all investments must mature within five years from the date of investment unless matched to a specific obligation or debt of the County.

Notes to the Basic Financial Statements For the Year Ended December 31, 2020

The negotiable certificates of deposit are generally covered by FDIC Insurance. All of the federal agency securities are rated Aaa by Moody's. The local government bonds are rated Aaa by Moody's. The corporate notes are rated A1 by Moody's. The commercial paper is rated P-1 by Moody's. STAR Ohio carries a rating of AA+ by Standard and Poor's. The County has no policy dealing with credit risk beyond the requirements of State statute. Ohio law requires United States corporation notes be rated in the second highest or higher category by two nationally recognized standard rating services at the time of purchase. Commercial paper be rated in the highest qualification by two nationally recognized standard rating services and STAR Ohio maintain the highest rating provided by at least one nationally recognized standard rating service.

The County places no limit on the amount of its inactive monies it may invest in a particular security or issuer. The following table indicates the percentage of each investment to the County's total portfolio.

|  |              | Percentage of |
|--|--------------|---------------|
|  | Fair Value   | Portfolio     |
| Negotiable Certificates of Deposit     | \$11,077,902 | 40.35%        |
| Federal Farm Credit Bank               | 3,636,307    | 13.25         |
| Federal National Mortgage Association  | 2,008,765    | 7.32          |
| Federal Home Loan Mortgage Corporation | 793,831      | 2.89          |
| Local Government Bonds                 | 1,031,714    | 3.76          |
| Corporate Notes                        | 253,288      | .92           |
| Commercial Paper                       | 2,188,023    | 7.97          |

# **Note 5 - Receivables**

Receivables at December 31, 2020, consisted of accounts (billings for user charged services, including unbilled utility services), accrued interest, sales taxes, grants, entitlements, shared revenues, special assessments, interfund, and property taxes. All receivables are expected to be collected within one year, except special assessments and property taxes. Special assessments, in the amount of \$198,827 will not be received within one year. At December 31, 2020, the amount of delinquent special assessments was \$3,321. Property taxes, although ultimately collectible, include some portion of delinquencies that will not be collected within one year.

Receivables recorded on the County's financial statements are recorded to the extent the amounts are determined material and substantiated, not only by supporting documentation but also by a reasonable systematic method of determining their existence, completeness, valuation, and collectibility. Using these criteria, the County has elected to not record child support arrearages in the custodial funds. These amounts, while potentially significant, are not considered measurable and, because collections are often significantly in arrears, the County is unable to determine a reasonable value.

Crawford County, Ohio

Notes to the Basic Financial Statements For the Year Ended December 31, 2020

# **Note 6 - Permissive Sales and Use Tax**

In 1978, the County Commissioners, by resolution, imposed a one-half of one percent tax on all retail sales made in the County, except sales of motor vehicles, and on the storage, use, or consumption of tangible personal property, including motor vehicles not subject to the sales tax. In February 1993, the County Commissioners, by resolution, imposed an additional one-half of one percent tax on all retail sales pursuant to Sections 5739.02 and 5741.02 of the Ohio Revised Code. In May 1994, voters approved a one-half of one percent tax on retail sales pursuant to Sections 5739.02 and 5741.02 of the Ohio Revised Code. This tax commenced July 1, 1994, for a period of twenty-five years, and ended in 2019. Proceeds were used for constructing, equipping, furnishing, and operating a correctional facility and for paying principal, interest, and related costs associated with the issuance of debt. As required by State statute, the County Commissioners established how the sales tax proceeds would be allocated prior to the election. Thus, as long as the County has outstanding debt, sales tax proceeds will be prorated based on this debt. In May 2019, voters approved a one-half of one percent tax on retail sales pursuant to Sections 5739.02 and 5741.02 of the Ohio Revised Code. This tax commenced July 2019 for a continuing period. Proceeds will be used to support criminal and administrative justice services, specifically the administration and maintenance of the jail.

The total sales tax percentage is now one and one-half percent with one percent allocated for General Fund operations and one-half of one percent allocated for jail operations. Proceeds of the tax are credited to the General Fund and the Jail Operation Levy special revenue fund.

Vendor collections of the tax are paid to the State Treasurer by the twenty-third day of the month following collection. The State Tax Commissioner certifies the amount of the taxes to be returned to the County. The Tax Commissioner's certification must be made within forty-five days after the end of each month.

A receivable is recognized at year end for amounts that will be received from sales which occurred during 2020. On the accrual basis, the full amount of the receivable is recognized as revenue. On the modified accrual basis, the amount of the receivable not collected within the available period is recorded as deferred inflows of resources-unavailable revenue.

# **Note 7 - Property Taxes**

Property taxes include amounts levied against all real and public utility property located in the County. Real property tax revenues received in 2020 represent the collection of 2019 taxes. Real property taxes received in 2020 were levied after October 1, 2019, on the assessed values as of January 1, 2019, the lien date. Assessed values for real property taxes are established by State statute at 35 percent of appraised market value. Real property taxes are payable annually or semiannually. If paid annually, payment is due December 31; if paid semiannually, the first payment is due December 31, with the remainder payable by June 20. Under certain circumstances, State statute permits alternate payment dates to be established.

Public utility property tax revenues received in 2020 represent the collection of 2019 taxes. Public utility real and tangible personal property taxes received in 2020 became a lien on December 31, 2018, were levied after October 1, 2019, and are collected with real property taxes. Public utility real property is assessed at 35 percent of true value; public utility tangible personal property is currently assessed at varying percentages of true value.

Notes to the Basic Financial Statements For the Year Ended December 31, 2020

The County Treasurer collects property taxes on behalf of all taxing districts within the County. The County Auditor periodically remits to the taxing districts their portion of the taxes collected. The collection and distribution of taxes for all subdivisions within the County, excluding the County itself, is accounted for through custodial funds. The amount of the County's tax collections is accounted for within the applicable funds.

Accrued property taxes receivable represents real, public utility, and outstanding delinquent property taxes which were measurable as of December 31, 2020, and for which there was an enforceable legal claim. In the governmental funds, the portion of the receivable not levied to finance 2020 operations is offset to deferred inflows of resources-property taxes. On the accrual basis, delinquent real property taxes have been recorded as a receivable and revenue; on the modified accrual basis, the revenue has been reported as deferred inflows of resources-unavailable revenue.

The full tax rate for all County operations for the year ended December 31, 2020, was \$12.20 per \$1,000 of assessed value. The assessed values of real and public utility property upon which 2020 property tax receipts were based are as follows:

|                          | Amount          |
|--------------------------|-----------------|
| Agricultural/Residential | _               |
| and Other Real Estate    | \$686,680,750   |
| Public Utility           | 334,765,980     |
| Total Assessed Value     | \$1,021,446,730 |

# **Note 8 - Capital Assets**

Capital asset activity for the year ended December 31, 2020, was as follows:

Crawford County, Ohio
Notes to the Basic Financial Statements For the Year Ended December 31, 2020

Depreciation expense was charged to governmental functions as follows:

| Governmental Activities                            |             |
|--|-------------|
| General Government                                 |             |
| Legislative and Executive                          | \$394,584   |
| Judicial   | 73,015      |
| Public Safety                                      |             |
| Jail Operation                                     | 401,691     |
| Other Public Safety                                | 28,125      |
| Public Works                                       | 2,425,981   |
| Health   |             |
| Developmental Disabilities                         | 92,984      |
| Other Health                                       | 64,153      |
| Human Services                                     |             |
| Child Welfare                                      | 24,298      |
| Job and Family Services                            | 69,413      |
| Other Human Services                               | 14,625      |
| Total Depreciation Expense-Governmental Activities | \$3,588,869 |

# Note 9 - Interfund Receivables/Payables

Interfund balances at December 31, 2020, consisted of the following individual fund receivables and payables:

| Due to General Fund from:                        |             |
|--|-------------|
| Auto License and Gas Tax Fund                    | \$401       |
| Job and Family Services Fund                     | 2,420       |
| Other Governmental Funds                         | 48,913      |
| Sewer Fund                                       | 960         |
| Total General Fund                               | \$52,694    |
| Due to Auto License and Gas Tax Fund from:       |             |
| Other Governmental Funds                         | \$7,642     |
| Due to Child Welfare Fund from:                  |             |
| Job and Family Services Fund                     | \$46,328    |
| Due to Criminal Justice Services Levy Fund from: |             |
| Other Governmental Funds                         | \$20,750    |
| Due to Job and Family Services Fund from:        |             |
| Child Welfare Fund                               | \$185,691   |
| Other Governmental Funds                         | 30,419      |
| Total Job and Family Services Fund               | \$216,110   |
|  | (continued) |

Notes to the Basic Financial Statements For the Year Ended December 31, 2020

Due to Jail Operation Levy Fund from (continued):

| Job and Family Services Fund          | \$56     |
|---------------------------------------|----------|
| Developmental Disabilities Fund       | 56       |
| Other Governmental Funds              | 21,408   |
| Total Jail Operation Levy Fund        | \$21,520 |
| Due to Other Governmental Funds from: |          |
| Other Governmental Funds              | \$4,396  |
| Due to Sewer Fund from:               |          |
| Other Governmental Funds              | \$75     |

The interfund receivables/payables resulted from the time lag between the dates that (1) interfund goods and services are provided, (2) transactions are recorded in the accounting system, and (3) payments between funds are made. All amounts are expected to be repaid within one year.

# Note 10 - Risk Management

# A. Property and Liability

The County is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During 2020, the County contracted with the County Risk Sharing Authority (CORSA) for the following coverage.

| Property Liability             | \$105,040,885 |
|--------------------------------|---------------|
| General Liability              | 1,000,000     |
| Law Enforcement Liability      | 1,000,000     |
| Automobile Liability           | 1,000,000     |
| Equipment Breakdown            | 100,000,000   |
| Crime                          | 1,000,000     |
| Privacy and Security Liability | 1,000,000     |
| Errors and Omissions           | 1,000,000     |
| Excess Liability               | 2,000,000     |

Settled claims have not exceeded commercial coverage in any of the past three years and there has been no significant reduction in coverage from the prior year.

## B. Health Care Benefits

During 2020, the County provided medical/surgical benefits through Anthem, a managed care plan. The employees shared the cost of the monthly premium with the County. The premium varied with employee depending on marital and family status and on the union contract, where applicable.

Notes to the Basic Financial Statements For the Year Ended December 31, 2020

# C. Workers' Compensation

In 2020, the County participated in the County Commissioners Association Workers' Compensation Group Retrospective Rating Program, a workers' compensation shared risk pool. The participating counties pay their own individual premiums and have the opportunity to receive retrospective premium adjustments based upon the combined performance of the group. Depending on that performance, the participating counties may receive a premium refund or an additional premium assessment.

Participation in the Program is limited to counties that can meet the Program's selection criteria. The firm of Comp Management, Inc. provides administrative, cost control, and actuarial services to the Program. Each year, the County pays an enrollment fee to the Program to cover the costs of administering the program. The County may withdraw from the Program if written notice is provided sixty days prior to the prescribed application deadline of the Ohio Bureau of Workers' Compensation. However, the participant is not relieved of the obligation to pay any amounts owed to the Program prior to withdrawal.

# Note 11 - Other Significant Commitments

At year end, the significant encumbrances expected to be honored upon performance by the vendor in 2021 are as follows:

| General Fund                   | \$245,898   |
|--------------------------------|-------------|
| Auto License and Gas Tax       | 51,597      |
| Child Welfare                  | 739,477     |
| Criminal Justice Services Levy | 127,772     |
| Job and Family Services        | 128,412     |
| Jail Operation Levy            | 272,067     |
| Developmental Disabilities     | 259,474     |
| Other Governmental Funds       | 1,113,467   |
| Total                          | \$2,938,164 |

#### **Note 12 - Defined Benefit Pension Plans**

The Statewide retirement systems provides both pension benefits and other postemployment benefits (OPEB).

#### **Net Pension Liability (Asset)/Net OPEB Liability (Asset)**

The net pension liability (asset) and the net OPEB liability (asset) reported on the statement of net position represent a liability to employees for pensions and OPEB, respectively. Pensions/OPEB are a component of exchange transactions, between an employer and its employees, of salaries and benefits for employee services. Pensions/OPEB are provided to an employee on a deferred payment basis as part of the total compensation package offered by an employer for employee services each financial period. The obligation to sacrifice resources for pensions is a present obligation because it was created as a result of employment exchanges that already have occurred.

Notes to the Basic Financial Statements For the Year Ended December 31, 2020

The net pension/OPEB liability (asset) represents the County's proportionate share of each pension/OPEB plan's collective actuarial present value of projected benefit payments attributable to past periods of service, net of each pension/OPEB plan's fiduciary net position. The net pension/OPEB liability (asset) calculation is dependent on critical long-term variables including estimated average life expectancies, earnings on investments, cost of living adjustments, and others. While these estimates use the best information available, unknowable future events require adjusting these estimates annually.

The Ohio Revised Code limits the County's obligation for this liability to annually required payments. The County cannot control benefit terms or the manner in which pensions are financed; however, the County does receive the benefit of employees' services in exchange for compensation, including pension and OPEB.

GASB Statements No. 68 and No. 75 assume the liability is solely the obligation of the employer because (1) they benefit from employee services and (2) State statute requires all funding to come from the employers. All pension contributions to date have come solely from the employer (which also includes pension costs paid in the form of withholdings from employees). The retirement systems may allocate a portion of the employer contribution to provide for OPEB benefits. In addition, health care plan enrollees pay a portion of the health care cost in the form of a monthly premium. State statute requires the retirement systems to amortize unfunded pension liabilities within thirty years. If the pension amortization period exceeds thirty years, each retirement system's board must propose corrective action to the State legislature. Any resulting legislative change to benefits or funding could significantly affect the net pension/OPEB liability (asset). Resulting adjustments to the net pension/OPEB liability (asset) would be effective when the changes are legally enforceable. The Ohio Revised Code permits, but does not require, the retirement systems to provide health care to eligible benefit recipients.

The proportionate share of each plan's unfunded benefits is presented as a net pension/OPEB asset or long-term net pension/OPEB liability on the accrual basis of accounting. Any liability for the contractually required pension/OPEB contribution outstanding at the end of the year is included as an intergovernmental payable on both the accrual and modified accrual basis of accounting.

The remainder of this note includes the required pension disclosures. See Note 13 for the required OPEB disclosures.

## Plan Description - Ohio Public Employees Retirement System (OPERS)

Plan Description - County employees, other than certified teachers, participate in the Ohio Public Employees Retirement System (OPERS). OPERS administers three separate pension plans. The traditional plan is a cost-sharing multiple-employer defined benefit pension plan. The member-directed plan is a defined contribution plan and the combined plan is a combination cost-sharing multiple-employer defined benefit/defined contribution pension plan. Participating employers are divided into state, local, public safety, and law enforcement divisions. While members in the state and local divisions may participate in all three plans, public safety and law enforcement divisions exist only within the traditional plan.

OPERS provides retirement, disability, survivor and death benefits, and annual cost of living adjustments to members of the traditional and combined plans. Authority to establish and amend benefits is provided by Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report that includes financial statements, required supplementary information, and detailed information about OPERS' fiduciary net position that may be obtained by visiting <a href="https://www.opers.org/financial/reports.shtml">https://www.opers.org/financial/reports.shtml</a>, by writing to the Ohio Public Employees Retirement System, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling 800-222-7377.

Notes to the Basic Financial Statements For the Year Ended December 31, 2020

Senate Bill (SB) 343 was enacted into law with an effective date of January 7, 2013. In the legislation, members in the traditional and combined plans were categorized into three groups with varying provisions of the law applicable to each group. The following table provides age and service requirements for retirement and the retirement formula applied to final average salary (FAS) for the three member groups under the traditional and combined plans as per the reduced benefits adopted by SB 343. (See the OPERS Comprehensive Annual Financial Report referenced above for additional information including requirements for reduced and unreduced benefits.)

#### Group A

Eligible to retire prior to January 7, 2013, or five years after January 7, 2013

#### Group B

20 years of service credit prior to January 7, 2013, or eligible to retire ten years after January 7, 2013

#### Group C

Members not in other groups and members hired on or after January 7, 2013

#### State and Local

#### Age and Service Requirements:

Age 60 with 60 months of service credit or Age 55 with 25 years of service credit

#### Traditional Plan Formula:

2.2% of FAS multiplied by years of service for the first 30 years and 2.5% for service years in excess of 30 years

#### **Combined Plan Formula:**

1% of FAS multiplied by years of service for the first 30 years and 1.25% for service years in excess of 30 years

# Age and Service Requirements:

State and Local

Age 60 with 60 months of service credit or Age 55 with 25 years of service credit

#### Traditional Plan Formula:

2.2% of FAS multiplied by years of service for the first 30 years and 2.5% for service years in excess of 30 years

#### **Combined Plan Formula:**

1% of FAS multiplied by years of service for the first 30 years and 1.25% for service years in excess of 30 years

# State and Local Age and Service Requirements:

Age 57 with 25 years of service credit or Age 62 with 5 years of service credit

#### Traditional Plan Formula:

2.2% of FAS multiplied by years of service for the first 35 years and 2.5% for service years in excess of 35 years

#### **Combined Plan Formula:**

1% of FAS multiplied by years of service for the first 35 years and 1.25% for service years in excess of 35 years

# Public Safety Age and Service Requirements:

Age 48 with 25 years of service credit or Age 52 with 15 years of service credit

# Public Safety Age and Service Requirements:

Age 48 with 25 years of service credit or Age 52 with 15 years of service credit

# Public Safety Age and Service Requirements:

Age 52 with 25 years of service credit or Age 56 with 15 years of service credit

# Law Enforcement Age and Service Requirements:

Age 52 with 15 years of service credit

# Law Enforcement Age and Service Requirements:

Age 48 with 25 years of service credit or Age 52 with 15 years of service credit

# Law Enforcement Age and Service Requirements:

Age 48 with 25 years of service credit or Age 56 with 15 years of service credit

# Public Safety and Law Enforcement Traditional Plan Formula:

2.5% of FAS multiplied by years of service for the first 25 years and 2.1% for service years in excess of 25 years

# Public Safety and Law Enforcement Traditional Plan Formula:

2.5% of FAS multiplied by years of service for the first 25 years and 2.1% for service years in excess of 25 years

# Public Safety and Law Enforcement Traditional Plan Formula:

2.5% of FAS multiplied by years of service for the first 25 years and 2.1% for service years in excess of 25 years

Final average salary (FAS) represents the average of the three highest years of earnings over a member's career for Groups A and B. Group C is based on the average of the five highest years of earnings over a member's career.

Members who retire before meeting the age and years of service credit requirement for unreduced benefits receive a percentage reduction in the benefit amount. The initial amount of a member's pension benefit is vested upon receipt of the initial benefit payment for calculation of an annual cost of living adjustment.

Notes to the Basic Financial Statements For the Year Ended December 31, 2020

When a traditional plan benefit recipient has received benefits for twelve months, current law provides for an annual cost of living adjustment (COLA). This COLA is calculated on the base retirement benefit at the date of retirement and is not compounded. Members retiring under the combined plan receive a cost of living adjustment on the defined benefit portion of their pension benefit. For those who retired prior to January 7, 2013, the COLA is 3 percent. For those retiring subsequent to January 7, 2013, beginning in calendar year 2019, current law provides that the COLA will be based on the average percentage increase in the Consumer Price Index capped at 3 percent.

Defined contribution plan benefits are established in the plan documents which may be amended by the Board. Member-directed plan and combined plan members who have met the retirement eligibility requirements may apply for retirement benefits. The amount available for defined contribution benefits in the combined plan consists of the member's contributions plus or minus the investment gains or losses resulting from the member's investment selections. Combined plan members wishing to receive benefits must meet the requirements for both the defined benefit and defined contribution plans. Member-directed plan participants must have attained the age of fifty-five, have money on deposit in the defined contribution plan, and have terminated public service to apply for retirement benefits. The amount available for defined contribution benefits in the member-directed plan consists of the member's contributions, vested employer contributions, and investment gains or losses resulting from the member's investment selections. Employer contributions and associated investment earnings vest over a five year period at a rate of 20 percent each year. At retirement, members may select one of several distribution options for payment of the vested balance in their individual OPERS account. Options include the annuitization of the benefit (which includes joint and survivor options), partial lump-sum payments (subject to limitations), a rollover of the vested account balance to another financial institution, receipt of the entire account balance net of taxes withheld, or a combination of these options.

Beginning in 2022, the combined plan will be consolidated under the traditional plan (defined benefit plan) and the combined plan option will no longer be available for new hires beginning in 2022.

Funding Policy - The Ohio Revised Code (ORC) provides statutory authority for member and employer contributions as follows.

|   | State and Local | Public<br>Safety | Law<br>Enforcement |
|---|-----------------|------------------|--------------------|
| 2020 Statutory Maximum Contribution Rates Employer      | 14.0%           | 18.1%            | 18.1%              |
| Employee *  | 10.0 %          | **               | ***                |
| 2020 Actual Contribution Rates                          |                 |                  |                    |
| Employer Pension ****                                   | 14.0 %          | 18.1 %           | 18.1 %             |
| Postemployment Health Care Benefits **** Total Employer | 14.0 %          | 0.0              | 18.1 %             |
| Total Employee  | 10.0 %          | 12.0 %           | 13.0 %             |

Notes to the Basic Financial Statements For the Year Ended December 31, 2020

- \* Member contributions within the combined plan are not used to fund the defined benefit retirement allowance.
- \*\* This rate is determined by OPERS' Board and has no maximum rate established by the ORC.
- \*\*\* This rate is also determined by OPERS' Board but is limited by the ORC to not more than 2 percent greater than the public safety rate.
- \*\*\*\* These pension and employer health care rates are for the traditional and combined plans. The employer contribution rate for the member-directed plan is allocated 4 percent for health care with the remainder going to pension.

Employer contribution rates are actuarially determined and are expressed as a percentage of covered payroll.

For 2020, the County's contractually required contribution was \$1,806,537 for the traditional plan, \$54,041 for the combined plan, and \$48,863 for the member-directed plan. Of these amounts, \$210,600 is reported as an intergovernmental payable for the traditional plan, \$6,236 for the combined plan, and \$5,640 for the member-directed plan.

# Plan Description - State Teachers Retirement System (STRS)

Plan Description - Teachers employed by the Board of Developmental Disabilities participate in STRS Ohio, a cost-sharing multiple-employer public employee retirement system administered by STRS. STRS provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS issues a stand-alone financial report that includes financial statements, required supplementary information, and detailed information about STRS' fiduciary net position. The report may be obtained by writing to STRS, 275 East Broad Street, Columbus, Ohio 43215-3771, by calling (888) 227-7877, or by visiting the STRS website at www.strsoh.org.

New members have a choice of three retirement plans; a Defined Benefit Plan (DBP), a Defined Contribution Plan (DCP), and a Combined Plan (CP). Benefits are established by Ohio Revised Code Chapter 3307.

The DBP offers an annual retirement allowance based on final average salary multiplied by a percentage that varies based on years of service. Effective August 1, 2015, the calculation is 2.2 percent of final average salary for the five highest years of earnings multiplied by all years of service. In April 2017, the retirement board made the decision to reduce the cost of living adjustment (COLA) granted on or after July 1, 2017, to 0 percent to preserve the fiscal integrity of the retirement system. Benefit recipients base benefit and past COLA increases are not affected by this change. Eligibility changes will be phased in until August 1, 2026, when retirement eligibility for unreduced benefits will be five years of qualifying service credit and age sixty-five or thirty-five years of service credit and at least age sixty. Eligibility changes for DBP members who retire with actuarially reduced benefits will be phased in until August 1, 2023, when retirement eligibility will be five years of qualifying service credit and age sixty or thirty years of service credit at any age.

The DCP allows members to place all their member contributions and 9.53 percent of the 14 percent employer contribution into an investment account. The member determines how to allocate the member and employer contributions among the various choices offered by STRS. The remaining 4.47 percent of the 14 percent employer rate is allocated to the defined benefit unfunded liability. A member is eligible to receive a retirement benefit at age fifty and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal.

Notes to the Basic Financial Statements For the Year Ended December 31, 2020

The CP offers features of both the DBP and the DCP. In the CP, 12 percent of the 14 percent member rate is deposited into the member's DCP account and the remaining 2 percent is applied to the DBP. Member contributions to the DCP are allocated among investment choices by the member and contributions to the DBP from the employer and the member are used to fund the defined benefit payment at a reduced level from the regular DBP. The defined benefit portion of the CP payment is payable to a member on or after age sixty with five years of service. The defined contribution portion of the account may be taken as a lump sum payment or converted to a lifetime monthly annuity at age fifty and after termination of employment.

New members who choose the DCP or CP will have another opportunity to reselect a permanent plan during their fifth year of membership. Members may remain in the same plan or transfer to another STRS plan. The optional annuitization of a member's defined contribution account or the defined contribution portion of a member's CP account to a lifetime benefit results in STRS bearing the risk of investment gain or loss on the account. STRS has therefore included all three plan options as one defined benefit plan for GASB Statement No. 68 reporting purposes.

A DBP or CP member with five or more years of credited service who is determined to be disabled may qualify for a disability benefit. New members must have at least ten years of qualifying service credit that apply for disability benefits. Members in the DCP who become disabled are entitled only to their account balance. Eligible survivors of members who die before service retirement may qualify for monthly benefits. If a member of the DCP dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

Funding Policy - Employer and member contribution rates are established by the State Teachers Retirement Board and limited by Chapter 3307 of the Ohio Revised Code. The 2020 employer and employee contribution rate of 14 percent was equal to the statutory maximum rates. For 2020, the full employer contribution rate was allocated to pension.

The County's contractually required contribution to STRS was \$55,163 for 2020; of this amount, \$1,710 is reported as an intergovernmental payable.

# <u>Pension Liability (Asset), Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pension</u>

The net pension liability (asset) for OPERS was measured as of December 31, 2019, and the net pension liability for STRS was measured as of June 30, 2020. The total pension liability used to calculate the net pension liability (asset) was determined by an actuarial valuation as of the respective dates. The County's proportion of the net pension liability (asset) was based on the County's share of contributions to the pension plan relative to the contributions of all participating entities. Following is information related to the proportionate share and pension expense.

Notes to the Basic Financial Statements For the Year Ended December 31, 2020

|  | OPERS<br>Traditional | OPERS<br>Combined |             |              |
|--|----------------------|-------------------|-------------|--------------|

Notes to the Basic Financial Statements For the Year Ended December 31, 2020

\$1,888,481 reported as deferred outflows of resources related to pension resulting from County contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability or increase in the net pension asset in 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized as pension expense as follows.

## **Actuarial Assumptions - OPERS**

Actuarial valuations of an ongoing plan involve estimates of the values of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and cost trends. Actuarially determined amounts are subject to continual review or modification as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation. The total pension liability was determined by an actuarial valuation as of December 31, 2019, using the following actuarial assumptions applied to all periods included in the measurement in accordance with GASB Statement No. 67. Key methods and assumptions used in the latest actuarial valuation reflecting experience study results prepared as of December 31, 2019, are presented below.

|                           | OPERS Traditional Plan           | OPERS Combined Plan              |

| Wage Inflation            | 3.25 percent                     | 3.25 percent                     |
| Future Salary Increases,  | 3.25 to 10.75 percent            | 3.25 to 8.25 percent             |
| including inflation       | including wage inflation         | including wage inflation         |
| COLA or Ad Hoc COLA       |                                  |                                  |
| Pre-January 7, 2013       | 3 percent simple                 | 3 percent simple                 |
| Post-January 7, 2013      | 1.4 percent simple through 2020, | 1.4 percent simple through 2020, |
|                           | then 2.15 percent simple         | then 2.15 percent simple         |
| Investment Rate of Return | 7.2 percent                      | 7.2 percent                      |
| Actuarial Cost Method     | individual entry age             | individual entry age             |

In October 2019, the OPERS Board adopted a change in COLA for post-January 7, 2013, retirees changing it from 3 percent simple through 2018 then 2.15 percent simple to 1.4 percent simple through 2020 then 2.15 percent simple.

Notes to the Basic Financial Statements For the Year Ended December 31, 2020

Preretirement mortality rates were based on the RP-2014 Employees Mortality Table for males and females adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Postretirement mortality rates were based on the RP-2014 Healthy Annuitant Mortality Table for males and females adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Postretirement mortality rates for disabled retirees were based on the RP-2014 Disabled Mortality Table for males and females adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Mortality rates for a particular calendar year were determined by applying the MP-2015 Mortality Improvement Scale to all of the above described tables.

The most recent experience study was completed for the five year period ended December 31, 2015.

During 2019, OPERS managed investments in three investment portfolios; the Defined Benefit portfolio, the Health Care portfolio, and the Defined Contribution portfolio. The Defined Benefit portfolio contains the investment assets of the traditional plan, the defined benefit component of the combined plan, and the annuitized accounts of the member-directed plan. Within the Defined Benefit portfolio, contributions into the plans are all recorded at the same time and benefit payments all occur on the first of the month. Accordingly, the money-weighted rate of return is considered to be the same for all plans within the portfolio. The annual money-weighted rate of return expressing investment performance, net of investment expenses and adjusted for the changing amounts actually invested, for the Defined Benefit portfolio was 17.2 percent for 2019.

The allocation of investment assets with the Defined Benefit portfolio is approved by the Board of Trustees as outlined in the annual investment plan. Plan assets are managed on a total return basis with a long-term objective of achieving and maintaining a fully funded status for the benefits provided through the defined benefit pension plans. The long-term expected rate of return on defined benefit investment assets was determined using a building block method in which best estimate ranges of expected future real rates of return are developed for each major asset class. These ranges are combined to produce the long-term expected real rate of return by weighting the expected future real rates of return by the target asset allocation percentage adjusted for inflation. Best estimates of arithmetic real rates of return were provided by the Board's investment consultant. Each major asset class that is included in the Defined Benefit portfolio's target asset allocation as of December 31, 2019, is summarized in the following table.

| Target<br>Allocation | Weighted Average Long-Term Expected Real Rate of Return (Arithmetic) |
|----------------------|--|
| 25.00 %              | 1.83 %   |
| 19.00                | 5.75   |
| 10.00                | 5.20   |
| 12.00                | 10.70  |
| 21.00                | 7.66   |
| 13.00                | 4.98   |
| 100.00 %             |  |

Notes to the Basic Financial Statements For the Year Ended December 31, 2020

Discount Rate - The discount rate used to measure the total pension liability was 7.2 percent for the traditional and the combined plans. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and those of the contributing employers are made at the contractually required rates as actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments for all three plans was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the County's Proportionate Share of the Net Pension Liability (Asset) to Changes in the Discount Rate - The following table presents the County's proportionate share of the net pension liability (asset) calculated using the current period discount rate assumption of 7.2 percent as well as what the County's proportionate share of the net pension liability (asset) would be if it were calculated using a discount rate that is one percentage point lower (6.2 percent) or one percentage point higher (8.2 percent) than the current rate.

|  |                    | Current              |                    |
|--|--------------------|----------------------|--------------------|
|  | 1% Decrease (6.2%) | Discount Rate (7.2%) | 1% Increase (8.2%) |
| County's Proportionate Share of the<br>Net Pension Liability (Asset) |                    |                      |                    |
| OPERS Traditional Plan   | \$28,800,144       | \$17,461,791         | \$7,268,944        |
| OPERS Combined Plan  | (\$112,326)        | (\$185,894)          | (\$238,917)        |

# **Actuarial Assumptions - STRS**

Key methods and assumptions used in the latest actuarial valuation reflecting experience study results used in the July 1, 2020, actuarial valuation are presented below.

| Inflation                         | 2.5 percent                       |
|-----------------------------------|-----------------------------------|
| Projected Salary Increases        | 12.5 percent at age 20 to         |
|                                   | 2.5 percent at age 65             |
| Investment Rate of Return         | 7.45 percent, net of investment   |
|                                   | expenses, including inflation     |
| Discount Rate of Return           | 7.45 percent                      |
| Payroll Increases                 | 3 percent                         |
| Cost of Living Adjustments (COLA) | 0 percent, effective July 1, 2017 |

Postretirement mortality rates for healthy retirees were based on the RP-2014 Annuitant Mortality Table with 50 percent of rates through age sixty-nine, 70 percent of rates between ages seventy and seventy-nine, 90 percent of rates between ages eighty and eighty-four, and 100 percent of rates thereafter projected forward generationally using Mortality Improvement Scale MP-2016. Preretirement mortality rates were based on the RP-2014 Employee Mortality Table projected forward generationally using Mortality Improvement Scale MP-2016. Postretirement disabled mortality rates were based on the RP-2014 Disabled Mortality Table with 90 percent of rates for males and 100 percent of rates for females projected forward generationally using Mortality Improvement Scale MP-2016.

Actuarial assumptions used in the July 1, 2020, valuation are based on the results of an actuarial experience study effective for the period July 1, 2011, through June 30, 2016.

Notes to the Basic Financial Statements For the Year Ended December 31, 2020

STRS' investment consultant develops an estimate range for the investment return assumption based on the target allocation adopted by the Retirement Board. The target allocation and long-term expected rate of return for each major asset class are summarized as follows.

| Asset Class          | Target Allocation | Long-Term Expected Rate of Return ** |
|----------------------|-------------------|--------------------------------------|
| Domestic Equity      | 28.00%            | 7.35%                                |
| ž •                  |                   |                                      |
| International Equity | 23.00             | 7.55                                 |
| Alternatives         | 17.00             | 7.09                                 |
| Fixed Income         | 21.00             | 3.00                                 |
| Real Estate          | 10.00             | 6.00                                 |
| Liquidity Reserves   | 1.00              | 2.25                                 |
|                      | 100.00%           |                                      |

<sup>\*\* 10</sup> year annualized geometric nominal returns include the real rate of return and inflation of 2.25 percent and does not include investment expenses. Over a 30 year period, STRS' investment consultant indicates that the above target allocations should generate a return above the actuarial rate of return without net value added by management.

Discount Rate - The discount rate used to measure the total pension liability was 7.45 percent as of June 30, 2020. The projection of cash flows used to determine the discount rate assumes member and employer contributions will be made at the statutory contribution rates in accordance with rate increases described above. For this purpose, only employer contributions that are intended to fund benefits of current plan members and their beneficiaries are included. Based on those assumptions, STRS' fiduciary net position was projected to be available to make all projected future benefit payments to current plan members as of June 30, 2020. Therefore, the long-term expected rate of return on pension plan investments of 7.45 percent was applied to all periods of projected benefit payments to determine the total pension liability as of June 30, 2020.

Sensitivity of the County's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate - The following table presents the County's proportionate share of the net pension liability calculated using the current period discount rate assumption of 7.45 percent as well as what the County's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.45 percent) or one percentage point higher (8.45 percent) than the current rate.

|                                     | Current     |               |             |
|-------------------------------------|-------------|---------------|-------------|
|                                     | 1% Decrease | Discount Rate | 1% Increase |
|                                     | (6.45%)     | (7.45%)       | (8.45%)     |
| County's Proportionate Share of the |             |               |             |
| Net Pension Liability               | \$1,163,679 | \$817,290     | \$523,755   |

# Note 13 - Defined Benefit OPEB Plans

See Note 12 for a description of the net OPEB liability (asset).

Notes to the Basic Financial Statements For the Year Ended December 31, 2020

# Plan Description - Ohio Public Employees Retirement System (OPERS)

Plan Description - The Ohio Public Employees Retirement System (OPERS) administers three separate pension plans; the traditional plan, a cost-sharing multiple-employer defined benefit pension plan; the member-directed plan, a defined contribution plan; and the combined plan, a cost-sharing multiple-employer defined benefit pension plan that has elements of both a defined benefit and defined contribution plan.

OPERS maintains a cost-sharing multiple-employer defined benefit postemployment health care trust which funds multiple health care plans including medical coverage, prescription drug coverage, and deposits to a health reimbursement arrangement to qualifying benefit recipients of both the traditional and combined pension plans. This trust is also used to fund health care for member-directed plan participants in the form of a retiree medical account (RMA). At retirement or separation, member-directed plan participants may be eligible for reimbursement of qualified medical expenses from their vested RMA balance.

In order to qualify for postemployment health care coverage, age and service retirees under the traditional and combined pension plans must have twenty or more years of qualifying Ohio service credit with a minimum age of sixty or generally thirty years of qualifying service at any age. Health care coverage for disability benefit recipients and qualified survivor benefit recipients is available. The health care coverage provided by OPERS meets the definition of an other postemployment benefit (OPEB) as described in GASB Statement No. 75. (See the OPERS Comprehensive Annual Financial Report referenced below for additional information.)

The Ohio Revised Code permits, but does not require, OPERS to provide health care to its eligible benefit recipients. Authority to establish and amend health care coverage is provided to the Board in Chapter 145 of the Ohio Revised Code.

Disclosures for the health care plan are presented separately in the OPERS financial report which may be obtained by visiting <a href="https://www.opers.org/financial/reports.shtml">https://www.opers.org/financial/reports.shtml</a>, by writing to the Ohio Public Employees Retirement System, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling 800-222-7377.

Funding Policy - The Ohio Revised Code provides the statutory authority allowing public employers to fund postemployment health care through their contributions to OPERS. When funding is approved by the OPERS Board of Trustees, a portion of each employer's contribution to OPERS is set aside to fund OPERS health care plans. Beginning in 2018, OPERS no longer allocated a portion of its employer contributions to health care for the traditional and combined plans.

Employer contribution rates are expressed as a percentage of the earnable salary of active members. In 2020, state and local employers contributed 14 percent of earnable salary and public safety and law enforcement employers contributed 18.1 percent. These are the maximum employer contribution rates permitted by the Ohio Revised Code. Active member contributions do not fund health care.

Each year, the OPERS Board of Trustees determines the portion of the employer contribution rate that will be set aside to fund the health care plans. For 2020, OPERS did not allocate any employer contributions to health care for members in the traditional and combined plans.

Notes to the Basic Financial Statements For the Year Ended December 31, 2020

The OPERS Board is also authorized to establish rules for the retiree or their surviving beneficiaries to pay a portion of the health care provided. Payment amounts vary depending on the number of covered dependents and the coverage selected. The employer contribution as a percentage of covered payroll deposited into the RMA for participants of the member-directed plan was 4 percent for 2020.

Employer contribution rates are actuarially determined and are expressed as a percentage of covered payroll. The County's contractually required contribution was \$19,545 for 2020. Of this amount, \$2,256 is reported as an intergovernmental payable.

## **Plan Description - State Teachers Retirement System (STRS)**

Plan Description - The State Teachers Retirement System of Ohio (STRS) administers a cost-sharing multiple-employer defined benefit health care plan for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS. Ohio law authorizes STRS to offer this plan. Benefits include hospitalization, physicians' fees, prescription drugs, and partial reimbursement of monthly Medicare Part B premiums. Medicare Part B premium reimbursements will be discontinued effective January 1, 2021. The Plan is included in the STRS financial report which can be obtained by visiting the STRS website at www.strsoh.org or by calling (888) 227-7877.

Funding Policy - Ohio Revised Code Chapter 3307 authorizes STRS to offer the health care plan and gives the Retirement Board discretionary authority over how much, if any, of the health care costs will be absorbed by STRS. Active employee members do not contribute to the health care plan. All benefit recipients pay a portion of the health care costs in the form of a monthly premium. Under Ohio law, funding for postemployment health care may be deducted from employer contributions, currently 14 percent of covered payroll. For 2020, STRS did not allocate any employer contributions to postemployment health care.

# OPEB Liability (Asset), OPEB Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to OPEB

The net OPEB liability and the total OPEB liability for OPERS were determined by an actuarial valuation as of December 31, 2018, rolled forward to the measurement date of December 31, 2019, by incorporating the expected value of health care cost accruals, the actual health care payment, and interest accruals during the year. For STRS, the net OPEB asset was measured as of June 30, 2020, and the total OPEB asset used to calculate the net OPEB asset was determined by an independent actuarial valuation as of that date. The County's proportion of the net OPEB liability (asset) was based on the County's share of contributions to the respective retirement system relative to the contributions of all participating entities. Following is information related to the proportionate share and OPEB expense.

|   | OPERS        | STRS        | Total        |
|---|--------------|-------------|--------------|
| Proportion of the Net OPEB<br>Liability (Asset) |              |             |              |
| Current Measurement Date                        | 0.09833100%  | 0.00337773% |              |
| Prior Measurement Date                          | 0.08883500%  | 0.00324547% |              |
| Change in Proportionate Share                   | 0.00949600%  | 0.00013226% |              |
| Proportionate Share                             |              |             |              |
| Net OPEB Liability                              | \$13,582,066 | \$0         | \$13,582,066 |
| Net OPEB Asset                                  | 0            | 59,363      | 59,363       |
| OPEB Expense                                    | 2,005,605    | (4,953)     | 2,000,652    |

Notes to the Basic Financial Statements For the Year Ended December 31, 2020

At December 31, 2020, the County reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources.

|                                       | OPERS       | STRS     | Total       |
|---------------------------------------|-------------|----------|-------------|
| <b>Deferred Outflows of Resources</b> |             |          |             |
| Difference Between Expected and       |             |          |             |
| Actual Experience                     | \$364       | \$3,804  | \$4,168     |
| Changes of Assumptions                | 2,149,896   | 980      | 2,150,876   |
| Net Difference Between Projected and  |             |          |             |
| Actual Earnings on OPEB Plan          |             |          |             |
| Investments                           | 0           | 2,080    | 2,080       |
| Changes in Proportion and Differences |             |          |             |

| Proportionate Share of Contributions  | 750,179     | 183      | 750,362     |
| County Contributions Subsequent to    |             |          |             |
| the Measurement Date                  | 19,545      | 0        | 19,545      |
| Total Deferred Outflows of Resources  | \$2,919,984 | \$7,047  | \$2,927,031 |
| Deferred Inflows of Resources         |             |          |             |
| Difference Between Expected and       |             |          |             |
| Actual Experience                     | \$1,242,143 | \$11,824 | \$1,253,967 |
| Changes of Assumptions                | 0           | 56,385   | 56,385      |
| Net Difference Between Projected      |             | ,        | ,           |
| and Actual Earnings on OPEB Plan      |             |          |             |
| Investments                           | 691,595     | 0        | 691,595     |
| Changes in Proportion and Differences | ,           |          | ,           |
| Between County Contributions and the  |             |          |             |
| Proportionate Share of Contributions  | 0           | 5,865    | 5,865       |
| Total Deferred Inflows of Resources   | \$1,933,738 | \$74,074 | \$2,007,812 |

\$19,545 reported as deferred outflows of resources related to OPEB resulting from County contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability or increase in the net OPEB asset in 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized as OPEB expense as follows.

|                          | OPERS     | STRS       | Total     |
|--------------------------|-----------|------------|-----------|
| Year Ending December 31, | _         |            |           |
| 2021                     | \$804,630 | (\$16,753) | \$787,877 |
| 2022                     | 457,048   | (15,345)   | 441,703   |

| 2024                     | (295,526) | (14,548)   | (310,074) |
| 2025                     | 0         | (2,690)    | (2,690)   |
| Thereafter               | 0         | (2,840)    | (2,840)   |
| Total                    | \$966,701 | (\$67,027) | \$899,674 |

# **Actuarial Assumptions - OPERS**

Actuarial valuations of an ongoing plan involve estimates of the values of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and cost trends. Actuarially determined amounts are subject to continual review or modification as actual results are compared with past expectations and new estimates are made about the future.

Notes to the Basic Financial Statements For the Year Ended December 31, 2020

Projections of health care costs for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of coverage provided at the time of each valuation and the historical pattern of sharing of costs between OPERS and plan members. The total OPEB liability was determined by an actuarial valuation as of December 31, 2018, rolled forward to the measurement date of December 31, 2019. The actuarial valuation used the following actuarial assumptions applied to all prior periods included in the measurement in accordance with the requirements of GASB Statement No. 74.

Wage Inflation
Projected Salary Increases,
including inflation
Single Discount Rate
Current Measurement Date
Prior Measurement Date
Investment Rate of Return
Municipal Bond Rate
Current Measurement Date
Prior Measurement Date
Health Care Cost Trend Rate
Current Measurement Date

Prior Measurement Date

Actuarial Cost Method

> 3.16 percent 3.96 percent 6 percent

2.75 percent 3.31 percent

10 percent initial
3. 5 percent ultimate in 2030
7.25 percent initial
3.25 percent ultimate in 2029
individual entry age

Preretirement mortality rates were based on the RP-2014 Employees Mortality Table for males and females adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Postretirement mortality rates were based on the RP-2014 Healthy Annuitant Mortality Table for males and females adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Postretirement mortality rates for disabled retirees were based on the RP-2014 Disabled Mortality Table for males and females adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Mortality rates for a particular calendar year were determined by applying the MP-2015 Mortality Improvement Scale to all of the above described tables.

The most recent experience study was completed for the five year period ended December 31, 2015.

During 2019, OPERS managed investments in three investment portfolios: the Defined Benefit portfolio, the Health Care portfolio, and the Defined Contribution portfolio. The Health Care portfolio includes assets for health care expenses for the traditional plan, the combined plan, and the member-directed plan eligible members. Within the Health Care portfolio, if any contributions are made into the plan, contributions are assumed to be received continuously throughout the year based on the actual payroll payable at the time contributions are made and health care related payments are assumed to occur midyear. Accordingly, the money-weighted rate of return is considered to be the same for all plans within the portfolio. The annual money-weighted rate of return expressing investment performance, net of investment expenses and adjusted for the changing amounts actually invested, for the Health Care portfolio was 19.7 percent for 2019.

Notes to the Basic Financial Statements For the Year Ended December 31, 2020

The allocation of investment assets with the Health Care portfolio is approved by the Board of Trustees as outlined in the annual investment plan. Plan assets are managed on a total return basis with a long-term objective of continuing to offer a sustainable health care program for current and future retirees. OPERS primary goal is to achieve and maintain a fully funded status for the benefits provided through the defined benefit pension plans. Health care is a discretionary benefit. The long-term expected rate of return on health care investment assets was determined using a building block method in which best estimate ranges of expected future real rates of return are developed for each major asset class. These ranges are combined to produce the long-term expected real rate of return by weighting the expected future real rates of return by the target asset allocation percentage adjusted for inflation. Each major asset class that is included in the Health Care portfolio's target asset allocation as of December 31, 2019, is summarized in the following table.

| Asset Class                  | Target<br>Allocation | Weighted Average<br>Long-Term Expected<br>Real Rate of Return<br>(Arithmetic) |
|------------------------------|----------------------|---|
| Fixed Income                 | 36.00 %              | 1.53 %  |
| Domestic Equities            | 21.00                | 5.75  |
| Real Estate Investment Trust | 6.00                 | 5.69  |
| International Equities       | 23.00                | 7.66  |

Discount Rate - A single discount rate of 3.16 percent was used to measure the OPEB liability on the measurement date of December 31, 2019. A single discount rate of 3.96 percent was used to measure the OPEB liability on the measurement date of December 31, 2018. Projected benefit payments are required to be discounted to their actuarial present value using a single discount rate that reflects (1) a long-term expected rate of return on OPEB plan investments (to the extent that the health care fiduciary net position is projected to be sufficient to pay benefits) and (2) tax-exempt municipal bond rate based on an index of twenty year general obligation bonds with an average AA credit rating as of the measurement date (to the extent that the contributions for use with the long-term expected rate are not met). This single discount rate was based on the expected rate of return on the health care investment portfolio of 6 percent and a municipal bond rate of 2.75 percent. The projection of cash flows used to determine the single discount rate assumed that employer contributions will be made at rates equal to the actuarially determined contribution rate. Based on those assumptions, the health care fiduciary net position and future contributions were sufficient to finance health care costs through 2034. As a result, the long-term expected rate of return on health care investments was applied to projected costs through 2034 and the municipal bond rate was applied to all health care costs after that date.

Sensitivity of the City's Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate - The following table presents the City's proportionate share of the net OPEB liability calculated using the single discount rate of 3.16 percent as well as what the City's proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (2.16 percent) or one percentage point higher (4.16 percent) than the current rate.

Notes to the Basic Financial Statements For the Year Ended December 31, 2020

Sensitivity of the County's Proportionate Share of the Net OPEB Liability to Changes in the Health Care Cost Trend Rate - Changes in the health care cost trend rate may also have a significant impact on the net OPEB liability. The following table presents the net OPEB liability calculated using assumed trend rates and the expected net OPEB liability if it were calculated using a health care cost trend rate that is 1 percent lower or 1 percent higher than the current rate.

Retiree health care valuations use a health care cost trend assumption that changes over several years built into the assumption. The near term rates reflect increases in the current cost of health care; the trend starting in 2020 is 10.5 percent. If this trend continues for future years, the projection indicates that years from now virtually all expenditures will be for health care. A more reasonable alternative is that in the not too distant future, the health plan cost trend will decrease to a level at or near wage inflation. On this basis, the actuaries project premium rate increases will continue to exceed wage inflation for approximately the next decade, but by less each year, until leveling off at an ultimate rate assumed to be 3.5 percent in the most recent valuation.

|  |              | Current Health Care Cost<br>Trend Rate Assumption |              |
|--|--------------|---|--------------|
|  | 1% Decrease  | _   | 1% Increase  |
| County's Proportionate Share of the Net OPEB Liability | \$13,181,271 | \$13,582,066                                      | \$13,977,752 |

#### **Changes Between the Measurement Date and the Reporting Date**

On January 15, 2020, the Board approved several changes to the health care plan offered to Medicare and pre-Medicare retirees in an effort to decrease costs and increase the solvency of the health care plan. These changes are effective January 1, 2022, and include changes to base allowances and eligibility for Medicare retirees as well as replacing OPERS sponsored medical plans for pre-Medicare retirees with monthly allowances similar to the program for Medicare retirees. These changes are not reflected in the current year financial statements but are expected to decrease the associated OPEB liability.

#### **Actuarial Assumptions - STRS**

Key methods and assumptions used in the latest actuarial valuation reflecting experience study results used in the June 30, 2020, actuarial valuation are presented below.

| Projected Salary Increases | 12.5 percent at age 20 to                 |
|----------------------------|---|
|                            | 2.5 percent at age 65                     |
| Investment Rate of Return  | 7.45 percent net of investment expenses,  |
|                            | including inflation                       |
| Payroll Increases          | 3 percent                                 |
| Discount Rate of Return    | 7.45 percent                              |
| Health Care Cost Trends    |   |
| Medical                    |   |
| Pre-Medicare               | 5 percent initial, 4 percent ultimate     |
| Medicare                   | -6.69 percent initial, 4 percent ultimate |
| Medical                    |   |
| Pre-Medicare               | 6.5 percent initial, 4 percent ultimate   |
| Medicare                   | 11.87percent initial, 4 percent ultimate  |
|                            |   |

Projections of benefits include the historical pattern of sharing benefit costs between the employers and retired plan members.

Notes to the Basic Financial Statements For the Year Ended December 31, 2020

For healthy retirees, the mortality rates were based on the RP-2014 Annuitant Mortality Table with 50 percent of rates through age sixty-nine, 70 percent of rates between ages seventy and seventy-nine, 90 percent of rates between ages eighty and eighty-four, and 100 percent of rates thereafter projected forward generationally using Mortality Improvement Scale MP-2016. For disabled retirees, mortality rates were based on the RP-2014 Disabled Mortality Table with 90 percent of rates for males and 100 percent of rates for females projected forward generationally using Mortality Improvement Scale MP-2016.

Actuarial assumptions used in the June 30, 2020, valuation are based on the results of an actuarial experience study for the period July 1, 2011, through June 30, 2016.

Since the prior measurement date, there was no change to the claims cost process. Claim curves were updated to reflect the projected fiscal year ending June 30, 2021, premium based on the June 30, 2020, enrollment distribution. The non-Medicare subsidy percentage was increased effective January 1, 2021, from 1.984 percent to 2.055 percent per year of service. The non-Medicare frozen subsidy base premium was increased effective January 1, 2021. The Medicare subsidy percentages were adjusted effective January 1, 2021, to 2.1 percent for the AMA Medicare plan. The Medicare Part B monthly reimbursement elimination date was postponed indefinitely.

The STRS health care plan follows the same asset allocation and long-term expected real rate of return for each major asset class as the pension plan, see Note 12.

Discount Rate - The discount rate used to measure the total OPEB liability was 7.45 percent as of June 30, 2020. The projection of cash flows used to determine the discount rate assumes STRS continues to allocate no employer contributions to the Health Care Fund. Based on these assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members as of June 30, 2020. Therefore, the long-term expected rate of return on health care plan investments of 7.45 percent was used to measure the total OPEB liability as of June 30, 2020.

Sensitivity of the County's Proportionate Share of the Net OPEB Asset to Changes in the Discount Rate and the Health Care Cost Trend Rate - The following table represents the net OPEB asset as of June 30, 2020, calculated using the current period discount rate assumption of 7.45 percent as well as what the net OPEB asset would be if it were calculated using a discount rate that is one percentage point lower (6.45 percent) or one percentage point higher (8.45 percent) than the current assumption. Also shown is the net OPEB asset as if it were calculated using health care cost trend rates that are one percentage point lower or one percentage point higher than the current health care cost trend rates.

|   | 1% Decrease (6.45%) | Current Discount Rate (7.45%) | 1% Increase (8.45%) |
|---|---------------------|-------------------------------|---------------------|
| County's Proportionate Share of the<br>Net OPEB Asset | \$51,650            | \$59,363                      | \$65,908            |
|   | _1% Decrease        | Current Trend Rate            | 1% Increase         |
| County's Proportionate Share of the<br>Net OPEB Asset | \$65,502            | \$59,363                      | \$51,886            |

Notes to the Basic Financial Statements For the Year Ended December 31, 2020

# **Note 14 - Other Employee Benefits**

#### A. Health Insurance

The County provides medical/surgical benefits through Anthem, a managed care plan. The employees share the cost of the monthly premium with the County. The premium varies with the employee depending on marital and family status and on the union contract, where applicable.

### B. Compensated Absences

County employees earn vacation and sick leave at varying rates depending on length of service and department policy. All accumulated unused vacation time, not to exceed vacation earned in three years, is paid upon separation if the employee has at least one year of service with the County.

Sick leave is earned at various rates as defined by County policy and union contracts and accumulates without limit. Sick leave benefits are paid upon retirement based on various rates and maximums depending on the contract.

# Note 15 - Long-Term Liabilities

Changes in the County's long-term obligations during 2020 were as follows:

|   | Balance at<br>December 31,<br>2019 | Additions | Reductions | Balance at<br>December 31,<br>2020 | Due Within<br>One Year |
|---|------------------------------------|-----------|------------|------------------------------------|------------------------|

#### General Obligation Bonds

<u>2015 Various Purpose General Obligation Refunding Bonds</u> - On September 3, 2015, the County issued general obligation bonds to currently refund bonds previously issued for paying the cost of improvements to the County landfill and renovating and remodeling the County courthouse, in the amount of \$735,000 and \$575,000, respectively. The bonds issued for renovating and remodeling the courthouse will be paid from the General Fund. The bonds issued for landfill improvements will be paid from charges received at the Sanitary Landfill. The serial bonds were fully retired in 2019.

The term bonds maturing on December 1, 2023, are subject to mandatory sinking fund redemption, in part by lot, pursuant to the terms of the mandatory sinking fund redemption requirements of the County. The mandatory redemption is to occur on December 1, 2022 (with the balance of \$140,000 to be paid at stated maturity on December 1, 2023), at a redemption price equal to 100 percent of the principal amount redeemed, plus accrued interest to the redemption date, according to the following schedule:

Notes to the Basic Financial Statements For the Year Ended December 31, 2020

| Year | Amount    |
|------|-----------|
| 2022 | \$135,000 |

The term bonds maturing on December 1, 2025, are subject to mandatory sinking fund redemption, in part by lot, pursuant to the terms of the mandatory sinking fund redemption requirements of the County. The mandatory redemption is to occur on December 1, 2024 (with the balance of \$140,000 to be paid at stated maturity on December 1, 2025), at a redemption price equal to 100 percent of the principal amount redeemed, plus accrued interest to the redemption date, according to the following schedule:

| Year | Amount    |
|------|-----------|
| 2024 | \$140,000 |

<u>2015 Administrative Building General Obligation Refunding Bonds</u> - On September 3, 2015, the County issued general obligation bonds to currently refund bonds previously issued for paying part of the cost of constructing an administration building, in the amount of \$1,380,000. The bonds will be paid with transfers from the General Fund.

The term bonds maturing on December 1, 2025, are subject to mandatory sinking fund redemption, in part by lot, pursuant to the terms of the mandatory sinking fund redemption requirements of the County. The mandatory redemption is to occur on December 1, 2022 (with the balance of \$155,000 to be paid at stated maturity on December 1, 2025), at a redemption price equal to 100 percent of the principal amount redeemed, plus accrued interest to the redemption date, according to the following schedule:

| Year | Amount    |
|------|-----------|
| 2022 | \$140,000 |
| 2023 | 145,000   |
| 2024 | 150,000   |

<u>2017 Various Purpose General Obligation Refunding Bonds</u> - On August 8, 2017, the County issued general obligation bonds to refund bonds previously issued for constructing, equipping, and furnishing a new jail, offices for the courthouse, an administration building, the Job and Family Services building, and constructing waterlines, in the amount of \$355,000, \$2,040,000, \$1,030,000, \$1,130,000, and \$215,000, respectively. The refunding bond issue consists of serial bonds. The bonds were issued at a premium of \$235,551. The bonds were issued for a fourteen year period, with final maturity in calendar year 2031. The bonds are being retired through the Debt Service Fund and Sewer Enterprise Fund.

The bonds maturing on and after December 1, 2027, are subject to optional redemption, in whole or in part, at the option of the County, in any order of maturity, in integral multiples of \$5,000 and by lot within a maturity, on any date commencing December 1, 2026, at a redemption price of 100 percent of the principal amount to be redeemed, plus accrued interest to the redemption date.

The refunded bonds were fully retired in 2019.

Notes to the Basic Financial Statements For the Year Ended December 31, 2020

# Special Assessment Bonds

The special assessment bonds are backed by the full faith and credit of the County. In the event that an assessed property owner fails to make payments or insufficient amounts are assessed to fund the debt, the County will be required to pay the related debt. Special assessment bonds are paid from the Debt Service Fund

Special assessment bonds were issued for the Westmoor Sewer project, in the original amount of \$275,000. Additional special assessment bonds were issued for a ditch project, in the original amount of \$18,930. None of these bonds were capitalized.

# Ohio Public Works Commission Loans

The County Commissioners obtained an interest-free loan from a direct borrowing from the Ohio Public Works Commission for the resurfacing of various roadways within the Westmoor Subdivision, in the amount of \$131,873. The loan is payable from transfers from the General Fund. Total principal remaining on the loan is \$65,935, payable through January 2025.

The County Commissioners obtained an interest-free loan from a direct borrowing from the Ohio Public Works Commission for improvements to the Morton Sewer Treatment facility, in the amount of \$49,578. During 2020, the loan was fully retired from the Sewer enterprise fund.

In the event of default on the OPWC loans, (1) OPWC may apply late fees of 8 percent per year, (2) loans more than sixty days late will be turned over to the Attorney General's office for collection and, as provided by law, OPWC may require that such payment be taken from the County's share of the county undivided local government fund, and (3) the outstanding amounts shall, at OPWC's option, become immediately due and payable.

Compensated absences will be paid from the General Fund, the Auto License and Gas Tax, Criminal Justice Services Levy, Job and Family Services, Jail Operation Levy, Developmental Disabilities, Child Support Enforcement Agency, Dog and Kennel, Emergency Management Agency, Felony Delinquent Care, Municipal Court Probation Officer, Probation Services, Real Estate Assessment, Special Projects, Solid Waste Management District, and Victims of Crime special revenue funds.

There is no repayment schedule for the net pension/OPEB liability; however, employer pension contributions are made from the General Fund, the Auto License and Gas Tax, Criminal Justice Services Levy, Job and Family Services, Jail Operation Levy, Developmental Disabilities, Child Support Enforcement Agency, Dog and Kennel, Delinquent Real Estate Tax Collection, Emergency Management Agency, Felony Delinquent Care, Law Enforcement Overtime Project, Law Library Resource, Municipal Court Probation Officer, Real Estate Assessment, Sanction Costs, Special Projects, Special Projects-Common Pleas, Solid Waste Management District, and Victims of Crime special revenue funds, and the Sewer enterprise fund.

The County's legal debt margin as of December 31, 2020, was \$20,908,759.

Notes to the Basic Financial Statements For the Year Ended December 31, 2020

Principal and interest requirements to retire the general obligation debt outstanding at December 31, 2020, were as follows:

# Note 16 - Conduit Debt

2026-2030

2031

**Totals** 

1,270,000

\$3,210,000

260,000

On June 17, 2004, the County issued \$360,000 in Health Care Facilities Revenue Bonds on behalf of Waycraft, Inc. The proceeds were used to acquire, construct, equip, renovate, and install a development facility. Neither the County, the State, nor any political subdivision thereof is obligated in any manner for repayment of the bonds. Accordingly, the bonds are not reported as liabilities on the accompanying financial statements. As of December 31, 2020, \$86,170 in Health Care Facilities Revenue Bonds was still outstanding.

On April 20, 2006, the County issued \$1,200,000 in Health Care Facilities Revenue Bonds on behalf of HomeCare Matters Home Health and Hospice Project. The proceeds were used to acquire, construct, install, and equip an administrative building. Neither the County, the State, nor any political subdivision thereof is obligated in any manner for repayment of the bonds. Accordingly, the bonds are not reported as liabilities on the accompanying financial statements. As of December 31, 2020, \$484,726 in Health Care Facilities Revenue Bonds was still outstanding.

Notes to the Basic Financial Statements For the Year Ended December 31, 2020

# Note 17 - Closure and Postclosure Care Costs and Landfill Lease Agreement

The County entered into a lease agreement with Santek Waste Services, Inc. on September 1, 2005, to operate the Sanitary Landfill facility. On March 20, 2018, the County consented to the assignment of the lease with Santek Waste Services, Inc. to be transferred to Rumpke of Northern Ohio, Inc. As part of this agreement, Rumpke of Northern Ohio, Inc. has agreed to assume certain responsibilities as outlined below while the County will retain ownership.

# A. Closure and Postclosure Care Costs

State and federal laws and regulations require the County to place a final cover on the landfill site when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for thirty years after closure. Although closure and postclosure care costs will be paid only near or after the date the landfill stops accepting waste, the lease agreement stipulates that Rumpke of Northern Ohio, Inc. will assume the financial responsibility for final closure of the landfill. The agreement further stipulates that upon the termination and final closure of the landfill, Rumpke of Northern Ohio, Inc. will remit to the County an amount equal to the present value of the remaining postclosure care costs. However, in the event of default by Rumpke of Northern Ohio, Inc., the County would be contingently liable for closure and postclosure care costs due to the County's responsibility for financial assurance. The liability for closure and postclosure care costs for 2020 was \$4,600,478.

The County is required by state and federal laws and regulations to either make annual contributions to an EPA controlled trust fund or demonstrate financial assurance through the "Local Government Financial Test". For 2020, the County met the Local Government Financial Test requirements. The lease agreement with Rumpke of Northern Ohio, Inc. stipulates that the County will continue to meet the annual financial assurance obligations with Ohio EPA.

For financial assurance purposes, Ohio EPA requires closure and postclosure costs to be reported based on the worst-case scenario of when closure will occur. For 2020, these costs were \$10,935,826. The County expects to close the landfill in 2039. Actual costs may be higher due to inflation, changes in technology, or changes in regulations.

# B. Landfill Lease Agreement

The terms of the lease agreement also stipulate that Rumpke of Northern Ohio, Inc. will pay the County a monthly waste fee based on an agreed upon formula that utilizes actual gate collections, the Consumer Price Index, and the rates as established by Rumpke of Northern Ohio, Inc. but controlled by the County Commissioners. The monthly waste fees being paid to the County will be utilized to retire the general obligation debt issued on behalf of the sanitary landfill.

The agreement states that the County will be paid monthly capacity rental fees for utilization of airspace at the sanitary landfill. The monthly capacity rental fees are based on a formula utilizing the tonnage of solid waste received and a percentage of net revenues.

Notes to the Basic Financial Statements For the Year Ended December 31, 2020

# **Note 18 - Interfund Transfers**

During 2020, the following transfers were made:

| Transfers In                   | Transfers Out |
|--------------------------------|---------------|
|                                | General       |
| Criminal Justice Services Levy | \$583,527     |
| Job and Family Services        | 113,246       |
| Jail Operation Levy            | 1,408,284     |
| Other Governmental             | 944,399       |
| Total                          | \$3,049,456   |

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, (2) move receipts restricted to debt service from the funds collecting the receipts to the debt service fund as debt service payments become due, and (3) use unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

# Note 19 - Fund Balance

Fund balance is classified as nonspendable, restricted, committed, assigned, and/or unassigned based primarily on the extent to which the County is bound to observe constraints imposed upon the use of the resources in governmental funds. The constraints placed on fund balance for the major governmental funds and all other governmental funds are presented below.

| Fund Balance                           | General     | Auto License<br>and<br>Gas Tax | Child<br>Welfare | Criminal Justice<br>Services<br>Levy |
|--|-------------|--------------------------------|------------------|--------------------------------------|
| Nonspendable for:                      |             |                                |                  | -                                    |
| Prepaid Items                          | \$145,990   | \$10,562                       | \$1,330          | \$21,141                             |

Notes to the Basic Financial Statements For the Year Ended December 31, 2020

# Note 20 - Related Organization

The Crawford County Park District is a distinct political subdivision of the State of Ohio. The District is governed by a Board of Trustees appointed by the Crawford County Probate Judge. The Board of Trustees possesses its own contracting and budgeting authority, hires and fires personnel, and does not depend on the County for operational subsidies. Although the County serves as the taxing authority, its role is limited to a ministerial function. The determination to request approval of a tax, the rate, and the purpose are discretionary decisions made solely by the Board of Trustees. Financial information can be obtained from the Crawford County Auditor, 112 East Mansfield Street, Suite 105, Bucyrus, Ohio 44820.

#### Note 21 - Joint Ventures

# A. Northland Homes and Properties, Inc.

The Crawford County Board of Developmental Disabilities (DD) entered into a contract with three other local DD Boards to establish Northland Homes and Properties, Inc. (Corporation). The Corporation is a non-profit corporation which is responsible for developing dwellings, providing affordable housing, and managing a range of residential alternatives and support services to persons with disabilities. Each County appoints two trustees to a board of eight members.

The housing purchases are financed by State grants that are distributed to each DD Board and then to the Corporation. The DD Boards also fund the operational costs of the Corporation. The Corporation is not accumulating significant financial resources or experiencing fiscal stress which would cause an additional benefit to or burden on the County. During 2020, \$45,000 in contributions was made by the Crawford County Board of Developmental Disabilities to Northland Homes and Properties, Inc. for operational costs.

The Corporation is a joint venture among the counties because of the potential liability for the housing loans upon the Corporation's default on loans or dissolution. Upon dissolution of the Corporation, the Board of Trustees shall distribute all remaining assets of the Corporation to the participating Developmental Disabilities Boards.

Information can be obtained from Northland Homes and Properties, Inc., 602-C South Corporate Drive, Fostoria, Ohio 44830.

#### B. Crawford-Marion Alcohol, Drug Addiction, and Mental Health Services Board

The Crawford County Board of Mental Health and the Marion County Board of Mental Health merged in 1996 to establish the Crawford-Marion Alcohol, Drug Addiction, and Mental Health Services Board. The purpose of this merger was to make services available to the respective communities while limiting administrative costs. The newly created Joint-County Board assumed the responsibilities, duties, assets, and liabilities of the merged boards. Each County appoints five members to a board of eighteen members. The other eight members (four from each County) are appointed by the Ohio Director of Mental Health and the Ohio Director of Alcohol and Drug Addiction.

Each County has a separate levy for mental health purposes. These moneys are collected in a special revenue fund and sent to the Joint-County Board's fiscal agent to be used by the Joint-County District.

The Joint-County District is a joint venture among the counties because the ongoing funding from each County is necessary for the continued existence of the Joint-County District.

Notes to the Basic Financial Statements For the Year Ended December 31, 2020

The Crawford-Marion Alcohol, Drug Addiction, and Mental Health Services Board is not accumulating any significant financial resources or experiencing any financial stress that may cause an additional financial benefit to or burden on the County.

Further financial information can be found in the Crawford-Marion Alcohol, Drug Addiction, and Mental Health Services Board's financial report as of December 31, 2020. The Crawford-Marion Alcohol, Drug Addiction, and Mental Health Services Board is located at 113 West Rensselaer Street, Bucyrus, Ohio 44820.

### **Note 22 - Risk Sharing Pool**

The County Commissioners of Ohio Association (CCAO) Workers' Compensation Group Retrospective Rating Program is a shared risk pool among a number of counties in Ohio. The Program is governed by the CCAO Group Executive Committee which consists of the president of the CCAO, the treasurer of the CCAO, and seven representatives elected from the participating counties.

CCAO retains the services of a third party administrator that assists in the day-to-day management of the Program, prepares and files reports with the Ohio Bureau of Workers' Compensation and member counties, assists with loss control programs, and other duties (excluding claims related matters, which is the responsibility of each individual participating county). The cost of the TPA is paid by each participating county to CCAO in proportion to its payroll to the total payroll of the group.

# **Note 23 - Contingent Liabilities**

#### A. Grants

The County has received federal and state grants for specific purposes that are subject to review and audit by the grantor agencies or their designee. These audits could lead to a request for reimbursement to the grantor agency for expenditures disallowed under the terms of the grant. Based on prior experience, the County Commissioners believe such disallowances, if any, will be immaterial.

#### B. Housing Loans

Crawford County is liable for the housing loans entered into by Northland Homes and Properties, Inc. upon the default on payment or dissolution of the non-profit corporation (See Note 21).

#### **Note 24 - COVID-19**

The United States and the State of Ohio declared a state of emergency in March 2020 due to the COVID-19 pandemic. The financial impact of COVID-19 and the continuing emergency measures will impact subsequent periods of the County. The County's investment portfolio fluctuates with market conditions, and due to market volatility, the amount of gains or losses that will be recognized in subsequent periods, if any, cannot be determined. In addition, the impact of the County's future operating costs, revenues, and additional recovery from emergency funding, either federal or state, cannot be estimated. Additional funding will be available through the Consolidated Appropriations Act 2021, passed by Congress on December 21, 2020, and/or the American Rescue Plan Act, passed by Congress on March 11, 2021.

Notes to the Basic Financial Statements For the Year Ended December 31, 2020

During 2020, the County received Coronavirus Aid, Relief, and Economic Security (CARES) Act funding. Of the amounts received, \$1,260,000 was sub-granted to other organizations. These amounts are reflected as economic development expenditures in the Coronavirus Relief special revenue fund.

# Note 25 - Subsequent Event

On March 11, 2021, the County approved the transfer of the operation of the Sewer District to the City of Bucyrus. This transfer of operations included land, infrastructure, equipment, and records for the Sewer District.

- (1) Although this schedule is intended to reflect information for ten years, information prior to 2013 is not available. An additional column will be added each year.
- (2) Beginning in 2016, OPERS used one trust fund as the funding vehicle for all health care plans; therefore, information prior to 2016 is not presented.
- (3) The OPEB plan includes the members from the traditional plan, the combined plan, and the member-directed plan. The member-directed pension plan is a defined contribution pension plan; therefore, the pension side is not included above.

#### **Changes in Assumptions - OPERS Pension - Traditional Plan**

Amounts reported beginning in 2019 incorporate changes in assumptions used by OPERS in calculating the total pension liability in the latest actuarial valuation. These assumptions compared with those used in prior years are presented below.

|                           | 2019                     | 2017                     | 2016 and Prior           |
|---------------------------|--------------------------|--------------------------|--------------------------|
| Wage Inflation            | 3.25 percent             | 3.25 percent             | 3.75 percent             |
| Future Salary Increases,  | 3.25 to 10.75 percent    | 3.25 to 10.75 percent    | 4.25 to 10.05 percent    |
| including inflation       | including wage inflation | including wage inflation | including wage inflation |
| COLA or Ad Hoc COLA       |                          |                          |                          |
| Pre-January 7, 2013       | 3 percent simple         | 3 percent simple         | 3 percent simple         |
| Post-January 7, 2013      | see below                | see below                | see below                |
| Investment Rate of Return | 7.2 percent              | 7.5 percent              | 8 percent                |
| Actuarial Cost Method     | individual entry age     | individual entry age     | individual entry age     |

The assumptions related to COLA and Ad Hoc COLA for post-January 7, 2013, retirees are as follows.

| 2020              | 1.4 percent simple through 2020 |  |
|-------------------|---------------------------------|--|
|                   | then 2.15 percent simple        |  |
| 2017 through 2019 | 3 percent simple through 2019,  |  |
|                   | then 2.15 percent simple        |  |
| 2016 and prior    | 3 percent simple through 2018,  |  |
|                   | then 2.8 percent simple         |  |

Amounts reported beginning in 2017 use mortality rates based on the RP-2014 Healthy Annuitant Mortality Table. For males, healthy annuitant mortality tables were used adjusted for mortality improvements back to the observation period base of 2006 and then established the base year as 2015. For females, healthy annuitant mortality tables were used adjusted for mortality improvements back to the observation period base year of 2006 and then established the base year as 2010. The mortality rates used in evaluating disability allowances were based on the RP-2014 Disabled Mortality Table adjusted for mortality improvements back to the observation period base year of 2006 and then established the base year as 2015 for males and 2010 for females. Mortality rates for a particular calendar year for both healthy and disabled retiree mortality tables were determined by applying the MP-2015 Mortality Improvement Scale to the above described tables.

Amounts reported for 2016 and prior use mortality rates based on the RP-2000 Mortality Table projected twenty years using Projection Scale AA. For males, 105 percent of the combined healthy male mortality rates were used. For females, 100 percent of the combined healthy female mortality rates were used. The mortality rates used in evaluating disability allowances were based on the RP-2000 Mortality Table with no projections. For males, 120 percent of the disabled female mortality rates were used, set forward two years. For females, 100 percent of the disabled female mortality rates were used.

#### **Changes in Assumptions - OPERS Pension - Combined Plan**

For 2020, the combined plan had the same change in COLA or Ad Hoc COLA for post-January 7, 2013, retirees as the traditional plan. For 2019, the investment rate of return changed from 7.5 percent to 7.2 percent.

Notes to Required Supplementary Information For the Year Ended December 31, 2020

### **Changes in Assumptions - STRS Pension**

Amounts reported beginning in 2017 incorporate changes in assumptions and changes in benefit terms used by STRS in calculating the total pension liability in the latest actuarial valuation. These new assumptions compared with those used in 2016 and prior are presented below.

|                                   | 2017  | 2016 and Prior  |
|-----------------------------------|---|---|
| Inflation                         | 2.5 percent   | 2.75 percent  |
| Projected Salary Increases        | 12.5 percent at age 20 to                                     | 12.25 percent at age 20 to                                    |
|                                   | 2.5 percent at age 65   | 2.75 percent at age 70  |
| Investment Rate of Return         | 7.45 percent, net of investment expenses, including inflation | 7.75 percent, net of investment expenses, including inflation |
| Payroll Increases                 | 3 percent   | 3.5 percent   |
| Cost of Living Adjustments (COLA) | 0 percent, effective July 1, 2017                             | 2 percent simple applied as                                   |
|                                   |   | follows: for members retiring                                 |
|                                   |   | before August 1, 2013, 2                                      |
|                                   |   | percent per year; for members                                 |
|                                   |   | retiring August 1, 2013, or                                   |
|                                   |   | later, 2 percent COLA   |
|                                   |   | commences on fifth anniversary                                |
|                                   |   | of retirement date  |

Beginning in 2017, postretirement mortality rates for healthy retirees were based on the RP-2014 Annuitant Mortality Table with 50 percent of rates through age sixty-nine, 70 percent of rates between ages seventy and seventy-nine, 90 percent of rates between ages eighty and eighty-four, and 100 percent of rates thereafter projected forward generationally using Mortality Improvement Scale MP-2016. Preretirement mortality rates were based on RP-2014 Employee Mortality Table projected forward generationally using Mortality Improvement Scale MP-2016. Postretirement disabled mortality rates were based on the RP-2014 Disabled Mortality Table with 90 percent of rates for males and 100 percent of rates for females projected forward generationally using Mortality Improvement Scale MP-2016.

For the 2016 and prior actuarial valuation, mortality rates were based on the RP-2000 Combined Mortality Table (Projection 2022-Scale AA) for males and females. Males ages were set back two years through age eighty-nine and no set back for age ninety and above. Females younger than age eighty were set back four years, one year set back from age eighty through eighty-nine, and no set back from age ninety and above.

Notes to Required Supplementary Information For the Year Ended December 31, 2020

### **Changes in Assumptions - OPERS OPEB**

| Investment Return Assumption |                               |
|------------------------------|-------------------------------|
| Beginning in 2019            | 6 percent                     |
| 2018                         | 6.5 percent                   |

|                              | 3.5 percent ultimate in 2030  |
| 2019                         | 10 percent initial            |
|                              | 3.25 percent ultimate in 2029 |
| 2018                         | 7.5 percent initial           |
|                              | 3.25 percent ultimate in 2028 |

# **Changes in Assumptions - STRS OPEB**

For 2018, the discount rate was increased from the blended rate of 4.13 percent to the long-term expected rate of return of 7.45.

#### **Changes in Benefit Terms - STRS OPEB**

For 2020, there was no change to the claims cost process. Claim curves were updated to reflect the projected fiscal year ending June 30, 2021, premium based on the June 30, 2020, enrollment distribution. The non-Medicare subsidy percentage was increased effective January 1, 2021, from 1.984 percent to 2.055 percent per year of service. The non-Medicare frozen subsidy base premium was increased effective January 1, 2021. The Medicare subsidy percentages were adjusted effective January 1, 2021, to 2.1 percent for the AMA Medicare plan. The Medicare Part B monthly reimbursement elimination date was postponed indefinitely.

For 2019, there was no change to the claims cost process. Claim curves were trended to the fiscal year ending June 30, 2020, to reflect the current price renewals. The non-Medicare subsidy percentage was increased effective January 1, 2020, from 1.944 percent to 1.984 percent per year of service. The non-Medicare frozen subsidy base premium was increased effective January 1, 2020. The Medicare subsidy percentages were adjusted effective January 1, 2021, to 2.1 percent for the Medicare plan. The Medicare Part B monthly reimbursement elimination date was postponed to January 1, 2021.

For 2018, the subsidy multiplier for non-Medicare benefit recipients was increased from 1.9 percent to 1.944 percent per year of service effective January 1, 2019. The non-Medicare frozen subsidy base premium was increased effective January, 1, 2019, and all remaining Medicare Part B premium reimbursements will be discontinued beginning January 1, 2020.

### Combining Statements - Nonmajor Governmental Funds

# Nonmajor Special Revenue Funds

Special revenue funds are used to account for the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes, other than for debt service or capital projects. Following is a description of the County's nonmajor special revenue funds:

Court Computer Fund - To account for fees collected by the courts that are restricted for the computerization of the courts.

Community Development Block Grant Fund - To account for grants received from the federal government as prescribed under the community development block grant program restricted for the project costs and administrative costs of the program.

Concealed Handgun Expense Fund - To account for fees assessed on concealed handgun licenses restricted for costs incurred from issuing the licenses.

Council on Aging Levy Fund - To account for a voted county-wide property tax levy restricted for the operation of services for senior citizens.

Commissary Fund - To account for resources received from inmates restricted for the operation of the commissary at the County Jail.

*Coronavirus Relief Fund* - To account for grants received from the federal government restricted to providing assistance for COVID-19 related costs.

Child Support Enforcement Agency Fund (CSEA) - To account for the poundage fees and earned incentives collected by the CSEA. Resources are restricted by State statute to finance the operation of the CSEA. The fund also accounts for Title IV-D grants that reimburse expenditures for support enforcement.

*Diversion Program Fund* - To account for fees retained by the Prosecuting Attorney restricted for the diversion program of community service for first time offenders.

*Dog and Kennel Fund* - To account for the sales of dog tags, kennel permits, and fine collections restricted for the dog warden's operations.

Drug Law Enforcement Fund - To account for fines restricted for law enforcement efforts pertaining to drug offenses.

*Ditch Maintenance Fund* - To account for special assessments restricted to providing irrigation ditches and maintaining existing ditches.

Delinquent Real Estate Tax Collection Fund - To account for 5 percent of all certified delinquent real estate taxes and manufactured home taxes restricted for the collection of delinquent taxes.

*Domestic Shelter Fund* - To account for fees collected when filing an annulment, dissolution, or divorce with the clerk of courts which are restricted to domestic shelter operations/activities.

(continued)

#### Nonmajor Special Revenue Funds (continued)

*Economic Development Fund* - To account for fees, grants, donations, and transfers restricted for economic development activities.

Enforcement and Education Fund - To account for fines restricted for educating the public on laws governing the operation of a motor vehicle while under the influence of alcohol.

*Emergency Management Agency Fund* - To account for State and Federal grants and other resources that are restricted for emergency planning services.

Felony Delinquent Care Fund - To account for State grants received from the Ohio Department of Youth Services and other resources restricted for placement of children, juvenile delinquency diversion and prevention, and other related activities.

Help America Vote Act Fund - To account for grants received from the Ohio Secretary of State's Office restricted for upgrading and replacing current voting machines and to pay related training costs.

*Indigent Driver Alcohol Treatment Fund* - To account for fines restricted to the treatment and rehabilitation of indigent offenders.

*Indigent Driver Interlock and Alcohol Monitoring Fund* - To account for resources restricted for the cost of immobilizing or disabling devices for indigent offenders who are required by a judge to use these devices.

*Indigent Guardianship Fund* - To account for Probate Court fees restricted for attorney fees, evaluations, and investigation expenditures related to indigent individuals.

Law Enforcement Assistance Fund - To account for the reimbursement of training costs from the Ohio Attorney General's Office restricted for law enforcement training programs.

Law Enforcement Overtime Project Fund - To account for grants received from the Governor's Highway Safety Office restricted for overtime pay and fringe benefits of law enforcement officers with the Sheriff's Department.

Law Enforcement Records Management Fund - To account for per capita fees received from local law enforcement agencies utilizing the countywide records management system committed for upgrading and replacing the records management system.

Law Enforcement Trust Fund - To account for resources received from the seizure of contraband restricted to pay costs of protracted or complex investigations or prosecutions, to provide technical training or expertise, and to provide matching funds to obtain federal grants. By State statute, this fund is held by the County Prosecutor, thus, there is no budgetary requirement.

Law Library Resource Fund - To account for fines, penalties, and fees restricted for operations of the Law Library Resource Board.

Library and Legal Research Fund - To account for fees collected by the courts restricted for legal research and computer maintenance.

(continued)

### Nonmajor Special Revenue Funds (continued)

*Mental Health Fund* - To account for a voted county-wide property tax levy restricted for Crawford County's contribution to the Crawford-Marion Alcohol, Drug Addiction, and Mental Health Services Board.

*Municipal Court Probation Officer Fund* - To account for fees collected by the Municipal Court restricted for the hiring and training of probation officers and support staff for the Municipal Court.

*Probate Court Fund* - To account for fees assessed on marriage licenses restricted to pay costs incurred by the Probate Court.

*Probation Services Fund* - To account for grants received from the Ohio Department of Rehabilitation and Correction restricted for county probation services.

Prepayment Interest Fund - To account for interest earned from real estate tax prepayments restricted for the tax prepayment program.

Real Estate Assessment Fund - To account for charges to the County's political subdivisions and restricted for the State mandated county-wide real estate reappraisals.

Revolving Loan Fund - To account for community development block grants and the repayment of loans (principal and interest) restricted for new Community Development Block Grant business loans, or with Ohio Department of Transportation authorization, low-income infrastructure projects.

Railroad Grade Crossing Improvement Fund - To account for fines collected by the Municipal Court restricted for railroad crossing improvements.

Sanction Costs Fund - To account for fees restricted to providing probation services within the County.

Special Projects Fund - To account for basic court costs restricted for various services and projects for the Municipal Court.

Special Projects-Common Pleas Fund - To account for basic court costs restricted for various services and projects for the Common Pleas Court.

Solid Waste Management District Fund - To account for fees restricted for the operation of the Solid Waste Management District.

Tax Certificate Administration Fund - To account for charges from the sale of tax certificates restricted for administering the sale of tax certificates.

Tax Incentive Review Fund - To account for fees collected by the Tax Incentive Review Council restricted for economic development.

*Victims of Crime Fund* - To account for grants received from the Ohio Attorney General's Office restricted to providing assistance to victims of violent crimes.

Wireless E-911 Fund - To account for cell phone fees collected by the State and restricted for the 911 emergency services.

### Nonmajor Debt Service Fund

Debt service funds are used to account for resources that are restricted, committed, or assigned to expenditure for debt principal, interest, and related costs.

*Debt Service Fund* - To account for resources that are restricted or committed to expenditure for debt principal, interest, and related costs.

#### Nonmajor Capital Projects Funds

Capital projects funds are used to account for resources that are restricted, committed, or assigned for the acquisition or construction of major capital facilities and other capital assets (other than those financed by the enterprise fund).

Capital Projects Fund - To account for transfers from the General Fund assigned for acquiring, constructing, or improving capital assets such as county buildings, purchasing motor vehicles, and upgrading technologies.

Courthouse Roof and Projects Fund - To account for transfers from the General Fund assigned for repairing and maintaining the County courthouse roof and other courthouse grounds projects.

Ohio Public Works Commission Projects Fund - To account for grants from the Ohio Public Works Commission restricted for paving and constructing specific County roads and bridges.

## **Crawford County, Ohio**

## Combining Statements - Custodial Funds

Custodial funds are used to report fiduciary activities that are not required to be reported in a trust fund. These funds do not account for the County's own source revenue. The following is a description of the County's custodial funds.

## **Custodial Funds**

Coronavirus Relief Distribution Fund - To account for the collection and distribution of intergovernmental revenues from the State. These revenues are apportioned to subdivisions in the County, excluding Crawford County.

County Court Fund - To account for Clerk of Courts fees, Probate Court fees, Juvenile Court fees, and County Municipal Court fees which are distributed to various agencies, excluding Crawford County.

County Health Fund - To account for the funds of the Crawford County General Health District for which the County Auditor serves as fiscal agent.

Estate Tax Fund, Tangible Tax Fund, Undivided Tax Fund, Undivided General Tax Fund - To account for the collection and distribution of taxes on estates, personal property, motor vehicles, and real property. These taxes are periodically apportioned to subdivisions in the County, excluding Crawford County.

Family and Children First Fund - To account for the Family and Children First Council for which the County Auditor is the fiscal agent.

*Housing Trust Fund* - To account for fees collected by the County Recorder for the benefit of the State of Ohio.

Indigent Application Fee Fund - To account for fees collected by the County Courts for the benefit of the State of Ohio.

Library Local Government Fund - To account for the collection and distribution of shared revenues from the State income tax which are periodically apportioned to libraries in the County.

Local Government Fund - To account for the collection and distribution of shared revenues from the State of Ohio on taxes from income, sales, and corporate franchises. These revenues are periodically apportioned to subdivisions in the County, excluding Crawford County.

Ohio Elections Commission - To account for fees collected by the County Board of Elections for the benefit of the State of Ohio.

Park District Fund - To account for the Crawford County Park District for which the County Auditor is the fiscal agent.

Sheriff Civil Fund - To account for proceeds and expenditures associated with the sheriff's foreclosure sales.

Soil and Water Fund - To account for the Crawford County Soil and Water Conservation District for which the County Auditor is the fiscal agent.

## **Crawford County, Ohio**

## Combining Statements - Custodial Funds (continued)

Special Emergency Planning Fund - To account for resources from the State Emergency Response Commission used for developing, preparing, reviewing, exercising, or revising chemical emergency response and preparedness plans and awareness and education programs in the County. The County Auditor is the fiscal agent.

Source: Crawford County Auditor

(1): Since each type of property has its own direct rate, a weighted average of the separate rates is presented. See S-14 and S-15 for the direct rate by property type.

Real property is reappraised every six years with a State mandated update of the current market value in the third year following each reappraisal.

The assessed value of real property (including public utility real property) is 35 percent of estimated actual value. The assessed value of public utility personal property ranges from 25 percent of actual value for railroad property to 88 percent for electric transmission and distribution property.

The personal property values associated with each year are the values that, when multiplied by the applicable rates, generated the property tax revenue billed in that year. For real property, the amounts generated by multiplying the assessed values by the applicable rates would be reduced by the 10 percent, 2 1/2 percent, and homestead exemptions before being billed.

Source: Crawford County Auditor

The rates presented for a particular calendar year are the rates that, when applied to the assessed values presented in the Assessed Value Table, generated the property tax revenue billed in that year.

Real property tax rates are reduced so that inflationary increases in value do not generate additional taxes. Real property is reappraised every six years and property values are updated in the third year following each reappraisal.

Rates may only be raised by obtaining the approval of a majority of the voters at a public election.

Overlapping rates are those of local governments that apply to property owners within Crawford County. Not all overlapping rates apply to all County property owners. Property tax rates for all overlapping governments are based on the original voted levy.

- (1) Real estate taxes are billed one year after the property is assessed and is collected semiannually approximately in February and August.
- (2) State reimbursements of rollback, homestead, and tangible personal property exemptions are included.
- (3) The County's current reporting system does not track delinquent tax collections by tax year. Outstanding delinquencies are tracked in total by the date the parcel is first certified delinquent. Penalties and interest are applied to the total outstanding delinquent balance. The presentation will be updated as new information becomes available.

Source: Crawford County Auditor

(1) The County Commissioners established by resolution a one-half percent sales tax in 1978. In 1993, the County Commissioners imposed an additional one-half percent sales tax. In 1994, the voters approved a twenty-five year one-half percent sales tax for the construction and operation of a county jail. In 2019, the voters approved a continuing one-half percent sales tax for the administration and maintenance of a county jail.

Sales tax is remitted to the Ohio Department of Taxation. The portion pertaining to the County is remitted on a monthly basis approximately two months after collection at the source.

Information for the principal taxpayers is not provided to the County by the Ohio Department of Taxation.

Source: Crawford County Auditor

- (1) Refer to S24 for the breakdown of general bonded debt outstanding.
- (2) The actual value of taxable property can be found on S13.
- (3) The population of the County can be found on S29.

Resources have not been externally restricted for the repayment of debt. Although the general obligation bond retirement fund is restricted for debt service, it is not specifically restricted to the payment of principal. Therefore, these resources are not shown as a deduction from general obligation bonded debt.
