INDEPENDENT ACCOUNTANT'S REPORT ON APPLYING AGREED-UPON PROCEDURES

Deer Park Silverton Joint Fire District Hamilton County 7050 Blue Ash Road Cincinnati, Ohio 45236

We have performed the procedures enumerated below on the Deer Park Silverton Joint Fire District's (the District) receipts, disbursements and balances recorded in the cash basis accounting records for the years ended December 31, 2020 and 2019 and certain compliance requirements related to those transactions and balances, included in the information provided to us by the management of the District. The District is responsible for the receipts, disbursements and balances recorded in the cash basis accounting records for the years ended December 31, 2020 and 2019 and certain compliance requirements related to these transactions and balances included in the information provided to us by the District.

The Board of Trustees and the management of the District have agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of providing assistance in the evaluation of the District's receipts, disbursements and balances recorded in their cash-basis accounting records for the years ended December 31, 2020 and 2019, and certain compliance requirements related to these transactions and balances. No other party acknowledged the appropriateness of the procedures. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of the report and may not meet the needs of all users of the report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes. The sufficiency of the procedures is solely the responsibility of the parties specified in the report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

For the purposes of performing these procedures, this report only describes exceptions exceeding \$10.

The procedures and the associated findings are as follows:

Cash and Investments

- We recalculated the December 31, 2020 and December 31, 2019 bank reconciliations. We found no 1. exceptions.
- We agreed the January 1, 2019 beginning fund balances for each fund recorded in the General 2. Ledger to the December 31, 2018 balances in the prior year documentation in the prior year Agreed-Upon Procedures working papers. We found no exceptions. We also agreed the January 1, 2020 beginning fund balances for each fund recorded in the General Ledger to the December 31, 2019 balances in the General Ledger. We found no exceptions.
- 3. We agreed the totals per the bank reconciliations to the total of the December 31, 2020 and 2019 fund cash balances reported in the General Ledger and the financial statements filed by the District in the Hinkle System. The reconciled bank balance for all accounts exceeded the General Ledger balance by \$28,468 for December 31, 2020 and by \$23,914 for December 31, 2019 due to payroll related accounts that were maintained off-book.

The reconciliation of cash (bank) balances to accounting system records (book) to the accounting system is the most basic and primary control process performed. Lack of completing an accurate and timely reconciliation may allow for accounting errors, theft and fraud to occur without timely detection.

The Clerk-Treasurer is responsible for reconciling the book (fund) balance to the total bank balance on a monthly basis, and the Board and/or other administrator are responsible for reviewing the reconciliations and related support.

Failure to reconcile monthly increases the possibility that the District will not be able to identify, assemble, analyze, classify, and record its transactions correctly or to document compliance with finance related legal and contractual requirements. Further, the lack of accurate monthly reconciliations increases the risk of theft/fraud over the cash cycle and could lead to inaccurate reporting in the annual financial statements.

The Clerk-Treasurer should record all transactions and prepare monthly bank to book cash reconciliations, which include all bank accounts and all fund balances. Variances should be investigated, documented and corrected. In addition, the Board should review the monthly cash reconciliations including the related support (such as reconciling items) and document the reviews.

- 4. We confirmed the December 31, 2020 bank account balances with the District's financial institutions and through the Ohio Pooled Collateral System website. We found no exceptions. We also agreed the confirmed balances to the amounts appearing in the December 31, 2020 bank reconciliation without exception.
- 5. We selected five reconciling debits (such as outstanding checks) from the December 31, 2020 bank reconciliation:
 - a. We traced each debit to the subsequent January bank statements. We found no exceptions.
 - b. We traced the amounts and dates to the check register and determined the debits were dated prior to December 31. There were no exceptions.
- 6. We traced interbank account transfers occurring in December of 2020 and 2019 to the accounting records and bank statements. We found no exceptions.
- 7. We inspected investments held at December 31, 2020 and December 31, 2019 to determine that they:

 - b. We inspected the General Ledger to determine these receipts were allocated to the proper fund as required by Ohio Rev. Code §§ 5705.05-.06 and 5705.10. We found no exceptions.

 We found the timesheets for the Fire Chief and Clerk-Treasurer did not receive supervisory approval.
 - i. We inspected the employees' personnel files for the Retirement system, Federal, State & Local income tax withholding authorization.

- ii. We agreed these items to the information used to compute gross and net pay related to this check. We found no exceptions.
- b. We recomputed gross and net pay and agreed it to the amount recorded in the payroll register. We found no exceptions.
- c. We inspected the fund and account codes to which the check was posted to determine the posting was allowable based on the employees' duties as documented in the employees' personnel files. We found no exceptions.
- d. We confirmed the payment was posted to the proper year. We found no exceptions.
- 2. We inspected the last remittance of tax and retirement withholdings for the year ended December 31, 2020 to confirm remittances were timely paid, and if the amounts paid agreed to the amounts withheld, plus the employer's share where applicable, during the final withholding period of 2020. Compliance – Budgetary

- 1. Ohio Rev. Code § 5705.41(B) prohibits expenditures (disbursements plus certified commitments) from exceeding appropriations. We compared total expenditures to total approved appropriations (Ohio Rev. Code §§ 5705.38 and 5705.40) plus any carryover appropriations for the years ended December 31, 2020 and 2019 for the General and Special Revenue funds. We observed no funds for which expenditures exceeded appropriations.
- 2. We inspected the General Ledger from 2020 and 2019 for compliance with Ohio Rev. Code §§ 5705.14 .16. We found no evidence of transfers.
- 3. We inspected the General Ledger and Statement of Cash Basis Assets and Fund Balance Report for the years ended December 31, 2020 and 2019 for negative cash fund balances. Ohio Rev. Code § 5705.10 (I) provides that money paid into a fund must be used for the purposes for which such fund is established. As a result, a negative fund cash balance indicates that money from one fund was used to cover the expenses of another. There were no funds having negative cash fund balances.

Auditor of State established policies, regarding the filing of complete financial statements, as defined in AOS Bulletin 2015-007 in the Hinkle System. We confirmed the District filed their complete financial statements, as defined by AOS Bulletin 2015-007 and Auditor of State established policy, within the allotted timeframe for the year ended December 31, 2020.
