#### INDEPENDENT AUDITOR'S REPORT

Fostoria City School District Seneca County 1001 Park Avenue Fostoria, Ohio 44830

To the Board of Education:

#### Report on the Financial Statements

We have audited the accompanying cash-basis financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Fostoria City School District, Seneca County, Ohio (the District), as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for preparing and fairly presenting these financial statements in accordance with the cash accounting basis Note 2 describes. This responsibility includes determining that the cash accounting basis is acceptable for the circumstances. Management is also responsible for designing, implementing and maintaining internal control relevant to preparing and fairly presenting financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to opine on these financial statements based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinions.

Fostoria City School District Seneca County Independent Auditor's Report Page 2

#### **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective cash financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the District, as of June 30, 2020, and the respective changes in cash financial position and the budgetary comparison for the General fund thereof for the year then ended in accordance with the accounting basis described in Note 2.

#### **Accounting Basis**

Ohio Administrative Code § 117-2-03(B) requires the District to prepare its annual financial report in accordance with accounting principles generally accepted in the United States of America. We draw attention to Note 2 of the financial statements, which describes the basis applied to these statements. The financial statements are prepared on the cash basis of accounting, which is a basis other than generally accepted accounting principles. We did not modify our opinion regarding this matter.

#### Emphasis of Matters

As discussed in Note 3 to the financial statements, during 2020, the District adopted new accounting guidance in Governmental Accounting Standards Board Statement No. 84, *Fiduciary Activities*. We did not modify our opinion regarding this matter.

Additionally, as discussed in Note 23 to the financial statements, the financial impact of COVID-19 and the continuing emergency measures may impact subsequent periods of the District. We did not modify our opinion regarding this matter.

#### Other Matters

Supplementary Information

Our audit was conducted to opine on the financial statements taken as a whole.

The Schedule of Expenditures of Federal Awards presents additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards and is not a required part of the financial statements.

The schedule is management's responsibility, and derives from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. We subjected this schedule to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling this schedule directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and in accordance with auditing standards generally accepted in the United States of America. In our opinion, this schedule is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Fostoria City School District Seneca County Independent Auditor's Report Page 3

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 16, 2020, on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Keith Faber Auditor of State Columbus, Ohio

#### NOTE 1 - DESCRIPTION OF THE SCHOOL DISTRICT AND REPORTING ENTITY

Fostoria City School District (the "School District") is organized under Article VI, Sections 2 and 3 of the Constitution of the State of Ohio. The School District operates under a locally-elected Board form of government consisting of five members elected at-large for staggered four year terms. The School District provides educational services as authorized by state and federal guidelines.

The School District was established in 1856. The School District serves an area of approximately twenty-two square miles and is located in Seneca, Hancock, and Wood Counties. It is staffed by one hundred classified employees, one hundred forty-three certified teaching personnel, and fifteen administrative employees who provide services to 1,819 students and other community members. The School District currently operates two elementary schools, a middle/high school, an administration building, and three bus garages.

#### Reporting Entity

A reporting entity is composed of the primary government, component units, and other organizations that are included to ensure the financial statements are not misleading. The primary government of the School District consists of all funds, departments, boards, and agencies that are not legally separate from the School District. For Fostoria City School District, this includes general operations, food service, and student related activities of the School District.

Component units are legally separate organizations for which the School District is financially accountable. The School District is financially accountable for an organization if the School District appoints a voting majority of the organization's governing board and (1) the School District is able to significantly influence the programs or services performed or provided by the organization; or (2) the School District is legally entitled to or can otherwise access the organization's resources; the School District is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the School District is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the School District in that the School District approves the budget, the issuance of debt, or the levying of taxes, and there is a potential for the organization to provide specific financial benefits to or impose specific financial burdens on the School District. There are no component units of the Fostoria City School District.

The School District participates in three jointly governed organizations and one insurance pool. These organizations are the Northern Ohio Educational Computer Association, Vanguard-Sentinel Career and Technology Center, Bay Area Council of Governments, and the Ohio School Plan. These organizations are presented in Notes 19 and 20 to the basic financial statements.

#### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

These financial statements are presented on a cash basis of accounting. This basis of accounting differs from accounting principles generally accepted in the United States of America (GAAP). Generally accepted accounting principles include all relevant Governmental Accounting Standards Board (GASB) pronouncements, which have been applied to the extent they are applicable to the cash basis of accounting. Following are the more significant of the School District's accounting policies.

#### **NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (continued)

#### A. Basis of Presentation

The School District's basic financial statements consist of government-wide financial statements, including a statement of net position and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

#### Government-Wide Financial Statements

The statement of net position and the statement of activities display information about the School District as a whole. These statements include the financial activities of the primary government, except for fiduciary funds.

The statement of net position presents the cash balance of the governmental activities of the School District at fiscal year end. The statement of activities compares disbursements with program receipts for each function or program of the School District's governmental activities. Disbursements are reported by function. A function is a group of related activities designed to accomplish a major service or regulatory program for which the School District is responsible. Program receipts include charges paid by the recipient of the program's goods or services and grants, contributions, and interest restricted to meeting the operational requirements of a particular program. General receipts are all receipts not classified as program receipts, with certain limited exceptions. The comparison of direct disbursements with program receipts identifies the extent to which each governmental function is self-financing on a cash basis or draws from the School District's general receipts.

#### **Fund Financial Statements**

During the fiscal year, the School District segregates transactions related to certain School District functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the School District at this more detailed level. The focus of governmental fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. Fiduciary funds are reported by type.

#### **B.** Fund Accounting

The School District uses funds to maintain its financial records during the fiscal year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The funds of the School District are divided into two categories, governmental and fiduciary.

#### Governmental Funds

The School District classifies funds financed primarily from taxes, intergovernmental receipts (e.g. grants), and other nonexchange transactions as governmental funds. The School District's major funds are the General Fund, the Bond Retirement debt service fund, and the Building and Classroom Facilities capital projects funds.

<u>General Fund</u> - The General Fund is used to account for all financial resources, except those required to be accounted for in another fund. The General Fund balance is available to the School District for any purpose provided it is expended or transferred according to the general laws of Ohio.

#### **NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (continued)

<u>Bond Retirement Fund</u> - The Bond Retirement Fund is used to account for property taxes and related receipts restricted for the payment of principal and interest on general obligation debt.

<u>Building Fund</u> - The Building Fund accounts for debt proceeds and interest receipts restricted for building construction.

<u>Classroom Facilities Fund</u> - The Classroom Facilities Fund accounts for monies received from the Ohio Schools Facilities Commission for building construction.

The other governmental funds of the School District account for grants and other resources whose use is restricted, committed, or assigned to a particular purpose.

#### Fiduciary Funds

Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary fund category is split into four classifications: pension (and other employee benefit) trust funds, investment trust funds, private purpose trust funds, and custodial funds. Trust funds are distinguished from custodial funds by the existence of a trust agreement or equivalent arrangements that have certain characteristics. Custodial funds are used to report activities that are not required to be reported in a trust fund.

The School District's private purpose trust fund accounts for college scholarships for students after graduation. The School District's custodial fund is used to account for resources held on behalf of the Ohio High School Athletic Association.

#### C. Basis of Accounting

The School District's financial statements are prepared using the cash basis of accounting. Except for modifications having substantial support, receipts are recorded in the School District's financial records and reported in the financial statements when cash is received rather than when earned and disbursements are recorded when cash is paid rather than when a liability is incurred.

As a result of the use of the cash basis of accounting, certain assets and their related revenues (such as accounts receivable and revenue for billed or provided services not yet collected) and certain liabilities and their related expenses (such as accounts payable and expenses for goods or services received but not yet paid, and accrued expenses and liabilities) are not recorded in the financial statements.

#### **D.** Budgetary Process

All funds, except custodial funds, are legally required to be budgeted and appropriated. The major documents prepared are the alternative tax budget, the certificate of estimated resources, and the appropriations resolution, all of which are prepared on the budgetary basis of accounting. The alternative tax budget demonstrates a need for existing or increased tax rates. The certificate of estimated resources establishes a limit on the amount the Board of Education may appropriate. The appropriations resolution is the Board's authorization to spend resources and sets annual limits on expenditures plus encumbrances at the level of control selected by the Board. The legal level of budgetary control is at the fund level for all funds. Any budgetary modifications at this level may only be made by resolution of the Board of Education. Budgetary allocations at the function and object level within all funds are made by the School District Treasurer.

#### **NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (continued)

The certificate of estimated resources may be amended during the fiscal year if projected increases or decreases in revenue are identified by the Treasurer. The amounts reported as the original budgeted amounts on the budgetary statements reflect the amounts on the certificate of estimated resources when the original appropriations were adopted. The amounts reported as the final budgeted amounts on the budgetary statements reflect the amounts on the final amended certificate of estimated resources requested by the School District prior to fiscal year end.

The appropriations resolution is subject to amendment throughout the fiscal year with the restriction that appropriations cannot exceed estimated resources. The amounts reported as the original budgeted amounts reflect the first appropriations resolution for that fund that covered the entire fiscal year, including amounts automatically carried forward from prior fiscal years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by the Board during the fiscal year.

#### E. Cash and Investments

To improve cash management, cash received by the School District is pooled. Monies for all funds are maintained in this pool. Individual fund integrity is maintained through School District records. Interest in the pool is presented as "Equity in Pooled Cash and Cash Equivalents".

During fiscal year 2020, the School District invested in negotiable certificates of deposit, federal agency securities, U.S. Treasury securities, commercial paper, mutual funds, and STAR Ohio. Investments are reported at cost, amortized cost, and fair value. STAR Ohio is an investment pool, managed by the State Treasurer's Office, which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but has adopted Governmental Accounting Standards Board (GASB) Statement No. 79, "Certain External Investment Pools and Pool Participants". The School District measures the investment in STAR Ohio at net asset value (NAV) per share provided by STAR Ohio. The NAV per share is calculated on an amortized cost basis that provides a NAV per share that approximates fair value.

For fiscal year 2020, there were no limitations or restrictions on any participant withdrawals due to redemption notice periods, liquidity fees, or redemption gates. However, twenty-four hours advance notice is appreciated for deposits and withdrawals exceeding \$25 million. STAR Ohio reserves the right to limit the transaction to \$100 million requiring the excess amount to be transacted the following business day(s) but only to the \$100 million limit. All accounts of the participant will be combined for this purpose.

The School District's commercial paper is measured at amortized cost as it is a highly liquid debt instrument with a remaining maturity at the time of purchase of less than one year.

The Board of Education has allocated interest earnings according to State statutes. Interest revenue credited to the General Fund during fiscal year 2020 was \$262,442, which includes \$64,077 assigned from other School District funds.

Investments of the School District's cash management pool and investments with an original maturity of three months or less at the time they are purchased by the School District are presented on the financial statements as cash equivalents. Investments with an initial maturity of more than three months that were not purchased from the pool are reported as investments.

#### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investments are reported as assets. Accordingly, purchases of investments are not recorded as disbursements and sales of investments are not recorded as receipts. Gains or losses at the time of sale are recorded as receipts or negative receipts (contra revenue), respectively.

#### F. Capital Assets

Acquisitions of property, plant, and equipment are recorded as disbursements when paid. The financial statements do not report these assets.

#### **G.** Compensated Absences

Employees are entitled to cash payments for unused vacation and sick leave in certain circumstances, such as upon leaving employment. Unpaid vacation and sick leave are not reflected as liabilities under the cash basis of accounting used by the School District.

#### **H.** Long-Term Obligations

Cash basis financial statements do not report liabilities for bonds and other long-term obligations. Proceeds of debt are reported when cash is received and principal and interest payments are reported when disbursements are made.

#### I. Net Position

Net position is reported as restricted when there are limitations imposed on its use through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. Net position restricted for other purposes includes resources restricted for food service operations, music and athletic programs, and federal and state grants. The School District's policy is to first apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

#### J. Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the School District is bound to observe constraints imposed upon the use of the resources in governmental funds. The classifications are as follows:

<u>Nonspendable</u> - The nonspendable classification includes amounts that cannot be spent because they are not in spendable form or legally or contractually required to be maintained intact. The "not in spendable form" includes items that are not expected to be converted to cash.

<u>Restricted</u> - Fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments, or are imposed by law through constitutional provisions.

#### **NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (continued)

<u>Committed</u> - The committed classification includes amounts that can be used only for the specific purposes imposed by a formal action (resolution) of the Board of Education. The committed amounts cannot be used for any other purpose unless the Board of Education removes or changes the specified use by taking the same type of action (resolution) it employed to previously commit those amounts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

<u>Assigned</u> - Amounts in the assigned classification are intended to be used by the School District for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds, other than the General Fund, assigned fund balance represents the remaining amount that is not restricted or committed. Assigned amounts represent intended uses established by the Board of Education. The Board of Education has authorized the Treasurer to assign fund balance for purchases on order provided those amounts have been lawfully appropriated. The Board of Education has also assigned various resources for extracurricular activities.

<u>Unassigned</u> - Unassigned fund balance is the residual classification for the General Fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance.

The School District first applies restricted resources when an expenditure is incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications can be used.

#### L. Pension/Postemployment Benefits

For purposes of measuring the net pension/OPEB liability (asset), information about the fiduciary net position of the pension/OPEB plans and additions to/deductions from their fiduciary net position have been determined on the same basis as they are reported by the retirement systems. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. The retirement systems report investments at fair value.

#### Note 3 - Change in Accounting Principles and Restatement of Fund Balance/Net Position

For fiscal year 2020, the School District implemented Governmental Accounting Standards Board (GASB) Statement No. 84, "Fiduciary Activities", Statement No. 90, "Majority Equity Interests-An Amendment of GASB Statements No. 14 and No. 61", and related guidance from GASB Implementation Guide 2019-2, "Fiduciary Activities".

For fiscal year 2020, the School District also implemented GASB Implementation Guide No. 2018-1. These changes were incorporated in the School District's fiscal year 2020 financial statements; however, there was no effect on beginning net position/fund balance.

## Note 3 - Change in Accounting Principles and Restatement of Fund Balance/Net Position (continued)

GASB Statement No. 84 established specific criteria for identifying activities that should be reported as fiduciary activities and clarifies whether and how business-type activities should report their fiduciary activities. Due to the implementation of GASB Statement No. 84, the School District will no longer be reporting agency funds. The School District reviewed its agency funds and certain funds will be reported in the new fiduciary fund classification of custodial funds while other funds have been reclassified as governmental funds. These reclassifications resulted in a restatement of the School District's financial statements.

GASB Statement No. 90 defines a majority equity interest and specifies that a majority equity interest in a legally separate organization should be reported as an investment if the government's holding of the equity interest meets the definition of an investment. These changes were incorporated in the School District's fiscal year 2020 financial statements; however, there was no effect on beginning net position/fund balance.

#### **Restatement of Fund Balance/Net Position**

The restatement due to the implementation of GASB Statement No. 84 had the following effect on fund balance as previously reported at June 30, 2019.

	Bond General Retirement Building			Classroom Facilities
Fund Balance, June 30, 2019	\$10,906,963	\$458,139	\$2,986,886	\$7,686,042
GASB Statement No. 84	783	0	0	0
Restated Fund Balance, June 30, 2019	\$10,907,746	\$458,139	\$2,986,886	\$7,686,042

	Other Governmental	Total Governmental Funds
Fund Balance, June 30, 2019	\$1,856,361	\$23,894,391
GASB Statement No. 84	51,164	51,947
Restated Fund Balance, June 30, 2019	\$1,907,525	\$23,946,338

## Note 3 - Change in Accounting Principles and Restatement of Fund Balance/Net Position (continued)

The restatement had the following effect on net position as previously reported.

	Governmental Activities
Net Position June 30, 2019	\$23,894,391
GASB Statement No. 84	51,947
Restated Net Position June 30, 2019	\$23,946,338

Due to the implementation of GASB Statement No. 84, the new classification of custodial funds is reporting a beginning net position of \$0. Also related to the implementation of GASB Statement No. 84, the School District will no longer be reporting agency funds; at June 30, 2019, agency funds reported assets and liabilities of \$51,164.

#### **NOTE 4 - COMPLIANCE**

For the fiscal year ended June 30, 2020, the Auxiliary Services special revenue fund had expenditures plus encumbrances in excess of appropriations, in the amount of \$57,696. The Treasurer will monitor budgetary transactions to ensure that expenditures are within amounts appropriated.

Ohio Administrative Code, Section 117-2-03 (B), requires the School District to prepare its annual financial report in accordance with generally accepted accounting principles. However, the School District prepared its financial statements on a cash basis, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. The accompanying financial statements omit assets, liabilities, deferred inflows/outflows, net position/fund balances, and disclosures that, while material, cannot be determined at this time. The School District can be fined and various other administrative remedies may be taken against the School District.

#### **NOTE 5 - BUDGETARY BASIS OF ACCOUNTING**

The budgetary basis as provided by law is based upon accounting for certain transactions on the basis of cash, receipts, disbursements, and encumbrances. The Statement of Receipts, Disbursements, and Changes in Fund Balance - Budget (Non-GAAP Basis) and Actual presented for the General Fund is prepared on the budgetary basis to provide a meaningful comparison of actual results with the budget. The difference between the budgetary basis and the cash basis is outstanding year end encumbrances which are treated as cash disbursements (budgetary basis) rather than as committed or assigned fund balance (cash basis). The General Fund encumbrances outstanding at year end (budgetary basis) were \$1,158,311.

#### NOTE 6 - DEPOSITS AND INVESTMENTS

Monies held by the School District are classified by State statute into three categories.

Active monies are public monies determined to be necessary to meet current demands upon the School District treasury. Active monies must be maintained either as cash in the School District treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits the Board of Education has identified as not required for use within the current five year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts, including passbook accounts.

Protection of the School District's deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, or by the financial institutions participation in the Ohio Pooled Collateral System (OPCS), a collateral pool of eligible securities deposited with a qualified trustee and pledged to the Treasurer of State to secure the repayment of all public monies deposited in the financial institution.

Interim monies held by the School District may be deposited or invested in the following securities:

- 1. United States Treasury bills, bonds, notes, or any other obligation or security issued by the United States Treasury, or any other obligation guaranteed as to principal and interest by the United States;
- 2. Bonds, notes, debentures, or any other obligation or security issued by any federal government agency or instrumentality including, but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, and Government National Mortgage Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
- 3. Written repurchase agreements in the securities listed above provided the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least 2 percent and be marked to market daily and the term of the agreement must not exceed thirty days;
- 4. Bonds and other obligations of the State of Ohio and, with certain limitations including a requirement for maturity within ten years from the date of settlement, bonds and other obligations of political subdivisions of the State of Ohio (if training requirements have been met);
- 5. Time certificates of deposit or savings or deposit accounts including, but not limited to, passbook accounts;

#### **NOTE 6 - DEPOSITS AND INVESTMENTS** (continued)

- 6. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) and repurchase agreements secured by such obligations provided that investments in securities described in this division are made only through eligible institutions;
- 7. The State Treasurer's investment pool (STAR Ohio); and
- 8. Certain bankers' acceptances for a period not to exceed one hundred eighty days and commercial paper notes for a period not to exceed two hundred seventy days in an amount not to exceed 40 percent of the interim monies available for investment at any one time (if training requirements have been met).

Investments in stripped principal or interest obligations, reverse repurchase agreements, and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage, and short selling are also prohibited. Except as noted above, an investment must mature within five years from the date of settlement, unless matched to a specific obligation or debt of the School District, and must be purchased with the expectation that it will be held to maturity.

Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the School District Treasurer or qualified trustee or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

#### Investments

The School District reports their investments at cost, amortized cost, fair value, and net asset value per share. The fair value of these investments is not materially different than cost (fair value is approximately 3 percent greater than cost). As of June 30, 2020, the School District had the following investments.

Measurement/Investment	Measurement Amount	Less Than Six Months	Six Months to One Year	One Year to Two Years	More Than Two Years
Cost					
Negotiable Certificates					
of Deposit	\$3,708,496	\$0	\$497,851	\$1,229,040	\$1,981,605
Federal Farm Credit					
Bank Notes	499,125	0	0	499,125	0
U.S. Treasury Bills	549,740	549,740	0	0	0
U.S. Treasury Notes	371,961	119,700	0	252,261	0
Amortized Cost					
Commercial Paper	455,388	295,902	159,486	0	0
Mutual Funds	866,030	866,030	0	0	0
Net Asset Value					
Per Share					
STAR Ohio	12,029,491	12,029,491	0	0	0
Total Investments	\$18,480,231	\$13,860,863	\$657,337	\$1,980,426	\$1,981,605

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The investment policy restricts the Treasurer from investing in any securities other than those identified in the Ohio Revised Code and that all investments must mature within five years from the date of investment for securities with fixed rates and within two years from the date of investment for securities with variable rates.

#### **NOTE 6 - DEPOSITS AND INVESTMENTS** (continued)

The negotiable certificates of deposit are covered by FDIC insurance. The U.S. Treasury Bills, U.S. Treasury Notes, Federal Farm Credit Bank Notes, and mutual funds carry a rating of Aaa by Moody's. The commercial paper carries a rating of P-1 by Moody's. STAR Ohio carries a rating of AAA by Standard and Poor's. The School District has no investment policy dealing with credit risk beyond the requirements of State statute. Ohio law requires that commercial paper must mature within two hundred seventy days and not exceed 40 percent of invested interim monies. Mutual funds must be rated, at the time of purchase, in the highest category by at least one nationally recognized standard rating service. STAR Ohio must maintain the highest rating provided by at least one nationally recognized standard rating service.

The School District's investment policy states that, with the exception of U.S. Treasury securities and STAR Ohio, the School District may not invest more than 25 percent of its portfolio in a single security type or financial institution. The following table indicates the percentage of each investment to the School District's total portfolio.

	Fair	Percentage of
	Value	Portfolio
Negotiable Certificates of Deposit	\$3,708,496	20.07%
U.S. Treasury Bills	549,740	2.97
U.S. Treasury Notes	371,961	2.01
Federal Farm Credit Bank	499,125	2.70
Commercial Paper	455,388	2.46

#### **NOTE 7 - PROPERTY TAXES**

Property taxes are levied and assessed on a calendar year basis, while the School District's fiscal year runs from July through June. First-half tax distributions are received by the School District in the second half of the fiscal year. Second-half tax distributions are received in the first half of the following fiscal year.

Property taxes include amounts levied against all real and public utility property located in the School District. Real property tax revenues received in calendar year 2020 represent the collection of calendar year 2019 taxes. Real property taxes received in calendar year 2020 were levied after April 1, 2019, on the assessed values as of January 1, 2019, the lien date. Assessed values for real property taxes are established by State statute at 35 percent of appraised market value. Real property taxes are payable annually or semiannually. If paid annually, payment is due December 31; if paid semiannually, the first payment is due December 31, with the remainder payable by June 20. Under certain circumstances, State statute permits alternate payment dates to be established.

Public utility property tax revenues received in calendar year 2020 represent the collection of calendar year 2019 taxes. Public utility real and tangible personal property taxes received in calendar year 2020 became a lien on December 31, 2018, were levied after April 1, 2019, and are collected with real property taxes. Public utility real property is assessed at 35 percent of true value; public utility tangible personal property is currently assessed at varying percentages of true value.

#### **NOTE 7 - PROPERTY TAXES** (continued)

The School District receives property taxes from Seneca, Hancock, and Wood Counties. The County Auditors periodically advance to the School District its portion of the taxes collected. Second-half real property tax payments collected by the counties by June 30, 2020, are available to finance fiscal year 2020 operations. The amount available to be advanced can vary based on the date the tax bills are sent.

The assessed values upon which fiscal year 2020 taxes were collected are:

	2019 Second- Half Collections		2020 First- Half Collections	
	Amount	Percent	Amount	Percent
Agricultural/Residential	\$123,726,730	70.28%	\$127,458,780	68.28%
Industrial/Commercial	38,782,710	22.03	40,341,950	21.61
Public Utility	13,538,880	7.69	18,876,870	10.11
Total Assessed Value	\$176,048,320	100.00%	\$186,677,600	100.00%
Tax rate per \$1,000 of assessed valuation	\$60.50		\$60.12	

#### **NOTE 8 - TAX ABATEMENTS**

School District property taxes were reduced by \$47,786 for fiscal year 2020 under community reinvestment area agreements entered into by the City of Fostoria.

#### **NOTE 9 - PAYMENT IN LIEU OF TAXES**

In accordance with agreements related to tax increment financing districts, Seneca County and the City of Fostoria have entered into agreements with a number of property owners under which Seneca County and the City of Fostoria have granted property tax exemptions to those property owners. The property owners have agreed to make payments which reflect all or a portion of the property taxes which the property owners would have paid if their taxes had not been exempted. The agreements provide for a portion of these payments to be made to the School District. The property owners' contractually promise to make these payments in lieu of taxes until the agreement expires.

#### **NOTE 10 - RISK MANAGEMENT**

The School District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During fiscal year 2020, the School District contracted for the following insurance coverage.

Coverage provided by The Ohio School Plan is as follows:	
General School District Liability	
Per Occurrence	\$4,000,000
Total per Year	6,000,000
Automobile Liability	4,000,000
Umbrella Liability	3,000,000
Building and Contents	88,192,354
Cyber Liability	1,000,000
Coverage provided by Hylant Group Inc. is as follows:	
Builders Risk	2,260,156

Settled claims have not exceeded this commercial coverage in any of the past three years. There was a significant reduction in the builders risk insurance coverage from the prior fiscal year based on the construction schedule and completed construction.

For fiscal year 2020, the School District participated in the Ohio School Plan (Plan), an insurance purchasing pool. Each participant enters into an individual agreement with the Plan for insurance coverage and pays annual premiums to the Plan based on the types and limits of coverage and deductibles selected by the participant.

Workers' compensation coverage is provided by the State of Ohio. The School District pays the State Workers' Compensation System a premium based on a rate per \$100 of salaries. This rate is calculated based on accident history and administrative costs.

#### **NOTE 11 - CONTRACTUAL COMMITMENTS**

The School District has several outstanding contracts for professional services. The following amounts remain on these contracts as of June 30, 2020.

Vendor	Contract Amount	Amount Paid as of 6/30/20	Outstanding Balance
Garmann/Miller & Associates, Inc.	\$4,097,617	\$4,073,718	\$23,899
Shook Touchstone XVII, LLC	3,016,527	1,194,785	1,821,742
Touchstone CPM, Inc.	1,229,882	149,210	1,080,672

At fiscal year end, the amount of significant encumbrances expected to be honored upon performance by the vendor in fiscal year 2021 are as follows:

General Fund	\$1,158,311
Building Fund	1,263,391
Classroom Facilities Fund	1,752,436
Other Governmental Funds	389,419
Total	\$4,563,557

#### **NOTE 12 - DEFINED BENEFIT PENSION PLANS**

The Statewide retirement systems provide both pension benefits and other postemployment benefits (OPEB).

#### **Net Pension Liability/Net OPEB Liability (Asset)**

Pensions and OPEB are a component of exchange transactions, between an employer and its employees, of salaries and benefits for employee services. Pensions/OPEB are provided to an employee on a deferred payment basis as part of the total compensation package offered by an employer for employee services each financial period.

The net pension/OPEB liability (asset) represents the School District's proportionate share of each pension/OPEB plan's collective actuarial present value of projected benefit payments attributable to past periods of service, net of each pension/OPEB plan's fiduciary net position. The net pension/OPEB liability (asset) calculation is dependent on critical long-term variables including estimated average life expectancies, earnings on investments, cost of living adjustments, and others. While these estimates use the best information available, unknowable future events require adjusting this estimate annually.

The Ohio Revised Code limits the School District's obligation for these liabilities to annually required payments. The School District cannot control benefit terms or the manner in which pensions/OPEB are financed; however, the School District does receive the benefit of employees' services in exchange for compensation, including pension and OPEB.

GASB Statements No. 68 and No. 75 assume the liability is solely the obligation of the employer because (1) they benefit from employee services and (2) State statute requires all funding to come from the employers. All pension contributions to date have come solely from the employer (which also includes pension costs paid in the form of withholdings from employees). The retirement systems may allocate a portion of the employer contribution to provide for OPEB benefits. In addition, health care plan enrollees pay a portion of the health care cost in the form of a monthly premium. State statute requires the retirement systems to amortize unfunded pension liabilities within thirty years. If the amortization period exceeds thirty years, each retirement system's board must propose corrective action to the State legislature. Any resulting legislative change to benefits or funding could significantly affect the net pension/OPEB liability (asset). Resulting adjustments to the net pension/OPEB liability (asset) would be effective when the changes are legally enforceable. The Ohio Revised Code permits but, does not require, the retirement systems to provide health care to eligible benefit recipients.

The remainder of this note includes the required pension disclosures. See Note 13 for the required OPEB disclosures.

#### Plan Description - School Employees Retirement System (SERS)

Plan Description - School District nonteaching employees participate in SERS, a cost-sharing multiple-employer defined benefit pension plan administered by SERS. SERS provides retirement, disability and survivor benefits, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Ohio Revised Code Chapter 3309. SERS issues a publicly available stand-alone financial report that includes financial statements, required supplementary information, and detailed information about SERS' fiduciary net position. The report can be obtained by visiting the SERS website at <a href="https://www.ohsers.org">www.ohsers.org</a> under employers/audit resources.

#### NOTE 12 - DEFINED BENEFIT PENSION PLANS (continued)

Age and service requirements for retirement are as follows.

	Eligible to retire on or before August 1, 2017 *	Eligible to retire on or after August 1, 2017
Full Benefits	Any age with 30 years of service credit	Age 67 with 10 years of service credit; Age 57 with 30 years of service credit
Actuarially Reduced Benefits	Age 60 with 5 years of service credit; Age 55 with 25 years of service credit	Age 62 with 10 years of service credit; Age 60 with 25 years of service credit

<sup>\*</sup> Members with 25 years of service credit as of August 1, 2017, will be included in this plan.

Annual retirement benefits are calculated based on the final average salary multiplied by a percentage that varies based on years of service; 2.2 percent for the first thirty years of service and 2.5 percent for years of service credit over thirty years. Final average salary is the average of the highest three years of salary.

An individual whose benefit effective date is before April 1, 2018, is eligible for a cost of living adjustment (COLA) on the first anniversary date of the benefit. Beginning April 1, 2018, new benefit recipients must wait until the fourth anniversary of their benefit for COLA eligibility. The COLA is added each year to the base benefit amount on the anniversary date of the benefit. A three year COLA suspension is in effect for all benefit recipients for 2018, 2019, and 2020. Upon resumption of the COLA, it will be indexed to the percentage increase in the CPI-W not to exceed 2.5 percent and with a floor of 0 percent.

Funding Policy - Plan members are required to contribute 10 percent of their annual covered salary and the School District is required to contribute 14 percent of annual covered payroll. The contribution requirements of plan members and employers are established and may be amended by the SERS Retirement Board up to statutory maximum amounts of 10 percent for plan members and 14 percent for employers. The Retirement Board, acting with the advice of the actuary, allocates the employer contribution rate among four of the System's funds (Pension Trust Fund, Death Benefit Fund, Medicare B Fund, and Health Care Fund). For the fiscal year ended June 30, 2020, the allocation to pension, death benefits, and Medicare B was 14 percent. For fiscal year 2020, the Retirement Board did not allocate any employer contributions to the Health Care Fund.

The School District's contractually required contribution to SERS was \$363,082 for fiscal year 2020.

#### Plan Description - State Teachers Retirement System (STRS)

Plan Description - School District licensed teachers and other certified faculty members participate in STRS Ohio, a cost-sharing multiple-employer public employee retirement system administered by STRS. STRS provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS issues a publicly available stand-alone financial report that includes financial statements, required supplementary information, and detailed information about STRS' fiduciary net position. The report can be obtained by writing to STRS, 275 East Broad Street, Columbus, Ohio 43215-3771, by calling (888) 227-7877, or by visiting the STRS website at <a href="https://www.strsoh.org">www.strsoh.org</a>.

New members have a choice of three retirement plans; a Defined Benefit Plan (DBP), a Defined Contribution Plan (DCP), and a Combined Plan (CP). Benefits are established by Ohio Revised Code Chapter 3307.

#### NOTE 12 - DEFINED BENEFIT PENSION PLANS (continued)

The DBP offers an annual retirement allowance based on final average salary multiplied by a percentage that varies based on years of service. Effective August 1, 2015, the calculation is 2.2 percent of final average salary for the five highest years of earnings multiplied by all years of service. In April 2017, the Retirement Board made the decision to reduce COLA granted on or after July 1, 2017, to 0 percent to preserve the fiscal integrity of the retirement system. Benefit recipients base benefit and past cost of living increases are not affected by this change. Eligibility changes will be phased in until August 1, 2026, when retirement eligibility for unreduced benefits will be five years of service credit and age sixty-five or thirty-five years of service credit and at least age sixty. Eligibility changes for DBP members who retire with actuarially reduced benefits will be phased in until August 1, 2023, when retirement eligibility will be five years of qualifying service credit and age sixty or thirty years of service credit at any age.

The DCP allows members to place all of their member contributions and 9.53 percent of the 14 percent employer contribution into an investment account. Investment allocation decisions are determined by the member among the various investment choices offered by STRS. The remaining 4.47 percent of the 14 percent employer contribution rate is allocated to the defined benefit unfunded liability. A member is eligible to receive a retirement benefit at age fifty and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal.

The CP offers features of both the DBP and the DCP. In the CP, 12 percent of the 14 percent member rate is deposited into the member's DCP account and the remaining 2 percent is applied to the DBP. Member contributions to the DCP are allocated among investment choices by the member and contributions to the DBP from the employer and the member are used to fund the defined benefit payment at a reduced level from the regular DBP. The defined benefit portion of the CP payment is payable to a member on or after age sixty with five years of service. The defined contribution portion of the account may be taken as a lump sum payment or converted to a lifetime monthly annuity at age fifty and after termination of employment.

New members who choose the DCP or CP will have another opportunity to reselect a permanent plan during their fifth year of membership. Members may remain in the same plan or transfer to another STRS plan. The optional annuitization of a member's defined contribution account or the defined contribution portion of a member's CP account to a lifetime benefit results in STRS bearing the risk of investment gain or loss on the account. STRS has therefore included all three plan options as one defined benefit plan for GASB Statement No. 68 reporting purposes.

A DBP or CP member with five or more years of credited service who is determined to be disabled may qualify for a disability benefit. New members must have at least ten years of qualifying service credit to apply for disability benefits. Members in the DCP who become disabled are entitled only to their account balance. Eligible survivors of members who die before service retirement may qualify for monthly benefits. If a member of the DCP dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

Funding Policy - Employer and member contribution rates are established by the State Teachers Retirement Board and limited by Chapter 3307 of the Ohio Revised Code. For the fiscal year ended June 30, 2020, the employer and employee rate of 14 percent was equal to the statutory maximum rates. For fiscal year 2020, the full employer contribution was allocated to pension.

The School District's contractually required contribution to STRS was \$1,275,185 for fiscal year 2020.

#### NOTE 12 - DEFINED BENEFIT PENSION PLANS (continued)

#### **Net Pension Liability**

The net pension liability was measured as of June 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The School District's proportion of the net pension liability was based on the School District's share of contributions to the pension plan relative to the contributions of all participating entities. Following is information related to the proportionate share.

	SERS	STRS	Total
Proportion of the Net Pension Liability			
Prior Measurement Date	0.08482420%	0.07517830%	
Current Measurement Date	0.07813540%	0.07491596%	
Change in Proportionate Share	0.00668880%	0.00026234%	
Proportionate Share of			
the Net Pension Liability	\$4,674,978	\$16,567,215	\$21,242,193

#### **Actuarial Assumptions - SERS**

SERS' total pension liability was determined by their actuaries in accordance with GASB Statement No. 67 as part of the annual actuarial valuation for each defined benefit retirement plan. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts (e.g., salaries, credited service) and assumptions about the probability of occurrence of events far into the future (e.g., mortality, disabilities, retirements, employment termination). Actuarially determined amounts are subject to continual review and potential modification as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employers and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations.

Actuarial calculations reflect a long-term perspective. For a newly hired employee, actuarial calculations will take into account the employee's entire career with the employer and also take into consideration the benefits, if any, paid to the employee after termination of employment until the death of the employee and any applicable contingent annuitant. In many cases, actuarial calculations reflect several decades of service with the employer and the payment of benefits after termination.

#### NOTE 12 - DEFINED BENEFIT PENSION PLANS (continued)

Key methods and assumptions used in calculating the total pension liability in the latest actuarial valuation prepared as of June 30, 2019, are presented below.

Inflation	3 percent
Future Salary Increases,	
including inflation	3.5 percent to 18.2 percent
COLA or Ad Hoc COLA	2.5 percent
Investment Rate of Return	7.5 percent net of investment
	expenses, including inflation
Actuarial Cost Method	entry age normal
	(level percent of payroll)

Mortality rates were based on the RP-2014 Blue Collar Mortality Table with fully generational projections and a five year set back for both males and females. Mortality among service retired members and beneficiaries were based on the RP-2014 Blue Collar Mortality Table with fully generational projections with Scale BB; 120 percent of male rates and 110 percent of female rates. Mortality among disabled members was based on the RP-2000 Disabled Mortality Table; 90 percent for male rates and 100 percent for female rates, set back five years is used for the period after disability retirement.

The most recent experience study was completed for the five year period ended June 30, 2015.

The long-term return expectation for the pension plan investments has been determined using a building-block approach and assumes a time horizon as defined in SERS' Statement of Investment Policy. A forecasted rate of inflation serves as the baseline for the return expectation. Various real return premiums over the baseline inflation rate have been established for each asset class. The long-term expected nominal rate of return has been determined by calculating an arithmetic weighted average of the expected real return premiums for each asset class, adding the projected inflation rate, and adding the expected return from rebalanced uncorrelated asset classes.

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Cash	1.00%	0.50%
U.S. Stocks	22.50	4.75
Non-U.S. Stocks	22.50	7.00
Fixed Income	19.00	1.50
Private Equity	10.00	8.00
Real Assets	15.00	5.00
Multi-Asset Strategies	10.00	3.00
Total	100.00%	

Discount Rate - The total pension liability was calculated using the discount rate of 7.5 percent. The projection of cash flows used to determine the discount rate assumed the contributions from employers and from the members would be computed based on contribution requirements as stipulated by State statute. Projected inflows from investment earnings were calculated using the long-term assumed investment rate of return (7.5 percent). Based on those assumptions, the plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefits to determine the total pension liability.

# NOTE 12 - DEFINED BENEFIT PENSION PLANS (continued)

Sensitivity of the School District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate - Net pension liability is sensitive to changes in the discount rate and to illustrate the potential impact, the following table presents the net pension liability calculated using the discount rate of 7.5 percent as well as what each plan's net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.5 percent) or one percentage point higher (8.5 percent) than the current rate.

		Current	
	1% Decrease	Discount Rate	1% Increase
	(6.5%)	(7.5%)	(8.5%)
School District's Proportionate Share of			
the Net Pension Liability	\$6,551,316	\$4,674,978	\$3,101,434

### **Actuarial Assumptions - STRS**

Key methods and assumptions used in the latest actuarial valuation reflecting experience study results used in the July 1, 2019, actuarial valuation are presented below.

Inflation	2.5 percent
Projected Salary Increases	12.5 percent at age 20 to
	2.5 percent at age 65
Investment Rate of Return	7.45 percent net of investment
	expenses, including inflation
Discount Rate of Return	7.45 percent
Payroll Increases	3 percent
Cost of Living Adjustments	0 percent effective July 1, 2017
(COLA)	

Postretirement mortality rates for healthy retirees were based on the RP-2014 Annuitant Mortality Table with 50 percent of rates through age sixty-nine, 70 percent of rates between ages seventy and seventy-nine, 90 percent of rates between ages eighty and eighty-four, and 100 percent of rates thereafter, projected forward generationally using Mortality Improvement Scale MP-2016. Postretirement disabled mortality rates were based on the RP-2014 Disabled Mortality Table with 90 percent of rates for males and 100 percent of rates for females, projected forward generationally using Mortality Improvement Scale MP-2016. Preretirement mortality rates were based on the RP-2014 Employee Mortality Table, projected forward generationally using Mortality Improvement Scale MP-2016.

Actuarial assumptions used in the June 30, 2019, valuation are based on the results of an actuarial experience study for the period July 1, 2011, through June 30, 2016.

# NOTE 12 - DEFINED BENEFIT PENSION PLANS (continued)

STRS' investment consultant develops an estimate range for the investment return assumption based on the target allocation adopted by the Retirement Board. The target allocation and long-term expected rate of return for each major asset class are summarized as follows.

		Long-Term
	Target	Expected
Asset Class	Allocation *	Rate of Return **
Domestic Equity	28.00%	7.35%
International Equity	23.00	7.55
Alternatives	17.00	7.09
Fixed Income	21.00	3.00
Real Estate	10.00	6.00
Liquidity Reserves	1.00	2.25
-	100.00%	

<sup>\*</sup> Target weights will be phased in over a twenty-four month period concluding on July 1, 2019.

Discount Rate - The discount rate used to measure the total pension liability was 7.45 percent as of June 30, 2019. The projection of cash flows used to determine the discount rate assumes member and employer contributions will be made at the statutory contribution rates in accordance with rate increases described above. For this purpose, only employer contributions that are intended to fund benefits of current plan members and their beneficiaries are included. Based on those assumptions, STRS' fiduciary net position was projected to be available to make all projected future benefit payments to current plan members as of June 30, 2019. Therefore, the long-term expected rate of return on pension plan investments of 7.45 percent was applied to all periods of projected benefit payment to determine the total pension liability as of June 30, 2019.

Sensitivity of the School District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate - The following table presents the School District's proportionate share of the net pension liability calculated using the current period discount rate assumption of 7.45 percent as well as what the School District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.45 percent) or one percentage point higher (8.45 percent) than the current rate.

		Current	
	1% Decrease	Discount Rate	1% Increase
	(6.45%)	(7.45%)	(8.45%)
School District's Proportionate Share of			
the Net Pension Liability	\$24,211,138	\$16,567,215	\$10,096,241

<sup>\*\* 10</sup> year annualized geometric nominal returns include the real rate of return and inflation of 2.25 percent and does not include investment expenses. Over a thirty year period, STRS' investment consultant indicates that the above target allocations should generate a return above the actuarial rate of return without net value added by management.

#### **NOTE 12 - DEFINED BENEFIT PENSION PLANS** (continued)

#### **Social Security System**

Effective July 1, 1991, all employees not otherwise covered by the State Teachers Retirement System or the School Employees Retirement System have an option to choose Social Security or the State Teachers Retirement System/School Employees Retirement System. As of June 30, 2020, none of the Board of Education members have elected Social Security. The Board's liability is 6.2 percent of wages paid.

#### **NOTE 13 - DEFINED BENEFIT OPEB PLANS**

See Note 12 for a description of the net OPEB liability (asset).

### **School Employees Retirement System (SERS)**

Plan Description - The School District contributes to the SERS Health Care Fund administered by SERS for nonteaching retirees and their beneficiaries. For GASB Statement No. 75 purposes, this plan is considered a cost-sharing other postemployment benefit (OPEB) plan. The SERS Health Care Plan provides health care benefits to eligible individuals receiving retirement, disability, and survivor benefits, and to their eligible dependents. Members who retire after June 1, 1986, need ten years of service credit, exclusive of most types of purchased credit, to qualify to participate in SERS' health care coverage. In addition to age and service retirees, disability benefit recipients and beneficiaries who are receiving monthly benefits due to the death of a member or retiree are eligible for SERS' health care coverage. Most retirees and dependents choosing SERS' health care coverage are over the age of sixty-five and, therefore, enrolled in a fully insured Medicare Advantage plan; however, SERS maintains a traditional self-insured preferred provider organization for its non-Medicare retiree population. For both groups, SERS offers a self-insured prescription drug program. Health care is a benefit that is permitted, not mandated, by State statute. The financial report of the Plan is included in the SERS Comprehensive Annual Financial Report which can be obtained by visiting the SERS website at <a href="https://www.ohsers.org">www.ohsers.org</a> under employers/audit resources.

Access to health care for retirees and beneficiaries is permitted in accordance with Section 3309 of the Ohio Revised Code. The Health Care Fund was established and is administered in accordance with Internal Revenue Code Section 105(e). The SERS Retirement Board reserves the right to change or discontinue any health plan or program. Active employee members do not contribute to the Health Care Plan. The SERS Retirement Board establishes the rules for the premiums paid by the retirees for health care coverage for themselves and their dependents or for their surviving beneficiaries. Premiums vary depending on the plan selected, qualified years of service, Medicare eligibility, and retirement status.

Funding Policy - State statute permits SERS to fund the health care benefits through employer contributions. Each year, after the allocation for statutorily required pensions and benefits, the Retirement Board may allocate the remainder of the employer contribution of 14 percent of covered payroll to the Health Care Fund in accordance with the funding policy. For fiscal year 2020, no allocation was made to health care. An additional health care surcharge on employers is collected for employees earning less than an actuarially determined minimum compensation amount, prorated if less than a full year of service credit was earned. For fiscal year 2020, this amount was \$19,600. State statute provides that no employer shall pay a health care surcharge greater than 2 percent of that employer's SERS covered payroll; nor may SERS collect in aggregate more than 1.5 percent of the total statewide SERS covered payroll for the health care surcharge. For fiscal year 2020, the School District's surcharge obligation was \$53,498.

#### **NOTE 13 - DEFINED BENEFIT OPEB PLANS** (continued)

The surcharge, added to the unallocated portion of the 14 percent employer contribution rate is the amount assigned to the Health Care Fund. The School District's contribution for health care was \$65,728 for fiscal year 2020.

#### **State Teachers Retirement System (STRS)**

Plan Description - The State Teachers Retirement System of Ohio (STRS) administers a cost-sharing health care plan for eligible retirees who participated in the defined benefit and combined pension plans offered by STRS. Ohio law authorizes STRS to offer the plan. Benefits include hospitalization, physicians' fees, prescription drugs, and partial reimbursement of monthly Medicare Part B premiums. Medicare Part B premium reimbursements will be discontinued effective January 1, 2021. The Plan is included in the STRS financial report which can be obtained by visiting the STRS website at <a href="www.strsoh.org">www.strsoh.org</a> or by calling (888) 227-7877.

Funding Policy - Ohio Revised Code Chapter 3307 authorizes STRS to offer the health care plan and gives the Retirement Board discretionary authority over how much, if any, of the health care costs will be absorbed by STRS. Active employee members do not contribute to the health care plan. All benefit recipients pay a portion of the health care costs in the form of a monthly premium. Under Ohio law, funding for postemployment health care may be deducted from employer contributions, currently 14 percent of covered payroll. For the fiscal year ended June 30, 2020, STRS did not allocate any employer contributions to postemployment health care.

#### **Net OPEB Liability (Asset)**

The net OPEB liability (asset) was measured as of June 30, 2019, and the total OPEB liability used to calculate the net OPEB liability (asset) was determined by an actuarial valuation as of that date. The School District's proportion of the net OPEB liability (asset) was based on the School District's share of contributions to the respective retirement systems relative to the contributions of all participating entities. Following is information related to the proportionate share.

	SERS	STRS	Total
Proportion of the Net OPEB Liability			
Prior Measurement Date	0.08584810%	0.07517830%	
Current Measurement Date	0.08021020%	0.07491596%	
Change in Proportionate Share	0.00563790%	0.00026234%	
Proportionate Share of			
the Net OPEB Liability (Asset)	\$2,017,118	(\$1,240,789)	\$776,329

## **Actuarial Assumptions - SERS**

The total OPEB liability is determined by SERS' actuaries in accordance with GASB Statement No. 74 as part of their annual actuarial valuation for each retirement plan. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts (e.g., salaries, credited service) and assumptions about the probability of occurrence of events far into the future (e.g., mortality, disabilities, retirements, employment termination). Actuarially determined amounts are subject to continual review and potential modification as actual results are compared with past expectations and new estimates are made about the future.

# **NOTE 13 - DEFINED BENEFIT OPEB PLANS** (continued)

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employers and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations.

Actuarial calculations reflect a long-term perspective. For a newly hired employee, actuarial calculations will take into account the employee's entire career with the employer and also take into consideration the benefits, if any, paid to the employee after termination of employment until the death of the employee and any applicable contingent annuitant. In many cases, actuarial calculations reflect several decades of service with the employer and the payment of benefits after termination.

Key methods and assumptions used in calculating the total OPEB liability in the latest actuarial valuation date of June 30, 2019, are presented below.

Wage Increases	3.5 percent to 18.2 percent
Investment Rate of Return	7.5 percent net of investment
	expenses, including inflation
Municipal Bond Index Rate	
Measurement Date	3.13 percent
Prior Measurement Date	3.62 percent
Single Equivalent Interest Rate, net of plan	_
investment expense including inflation	
Measurement Date	3.22 percent
Prior Measurement Date	3.7 percent
Medical Trend Assumption	
Medicare	5.25 to 4.75 percent
Pre-Medicare	7 to 4.75 percent

Mortality rates were based on the RP-2014 Blue Collar Mortality Table with fully generational projections with Scale BB; 120 percent of male rates and 110 percent of female rates and the RP-2000 Disabled Mortality Table with 90 percent for male rates and 100 percent for female rates, set back five years.

The most recent experience study was completed for the five year period ended June 30, 2015.

The long-term expected rate of return on plan assets is reviewed as part of the actuarial five year experience study. The most recent study covers fiscal years 2010 through 2015 and was adopted by the Board on April 21, 2016. Several factors are considered in evaluating the long-term rate of return assumption including long-term historical data, estimates inherent in current market data, and a log-normal distribution analysis in which best estimate ranges of expected future real rates of return were developed by the investment consultant for each major asset class. These ranges were combined to produce the long-term expected rate of return, 7.5 percent, by weighting the expected future real rates of return by the target asset allocation percentage and then adding expected inflation. The capital market assumptions developed by the investment consultant are intended for use over a ten year horizon and may not be useful in setting the long-term rate of return for funding pension plans which covers a longer timeframe. The assumption is intended to be a long-term assumption and is not expected to change absent a significant change in the asset allocation, a change in the inflation assumption, or a fundamental change in the market that alters expected returns in future years.

# **NOTE 13 - DEFINED BENEFIT OPEB PLANS** (continued)

The SERS Health Care Plan follows the same asset allocation and long-term expected real rate of return for each major asset class as the pension plan, see Note 12.

Discount Rate - The discount rate used to measure the total OPEB liability at June 30, 2019, was 3.22 percent. The discount rate used to measure total OPEB liability prior to June 30, 2019, was 3.7 percent. The projection of cash flows used to determine the discount rate assumed that contributions will be made from members and the retirement system at the State statute contribution rate of 2 percent of projected covered employee payroll each year which includes a 1.5 percent payroll surcharge and .5 percent of contributions from the basic benefits plan. Based on these assumptions, the OPEB plan's fiduciary net position was projected to become insufficient to make future benefit payments during the fiscal year ending June 30, 2025. Therefore, the long-term expected rate of return on OPEB plan assets was used to present value the projected benefit payments through the fiscal year ending June 30, 2024, and the Fidelity General Obligation Twenty-Year Municipal Bond Index rate of 3.13 percent, as of June 30, 2019 (i.e. municipal bond rate), was used to present value the projected benefit payments for the remaining years in the projection. The total present value of projected benefit payments from all years was then used to determine the single rate of return that was used as the discount rate. The projection of future benefit payments for all current plan members was until the benefit payments ran out.

Sensitivity of the School District's Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate and Changes in the Health Care Cost Trend Rates - The net OPEB liability is sensitive to changes in the discount rate and the health care cost trend rate. The following table presents the net OPEB liability of SERS and what SERS' net OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (2.22 percent) or one percentage point higher (4.22 percent) than the current discount rate (3.22 percent). Also shown is what SERS' net OPEB liability would be based on health care cost trend rates that are one percentage point lower (6 percent decreasing to 3.75 percent) and one percentage point higher (8 percent decreasing to 5.75 percent) than the current rate.

	1% Decrease	Current Discount Rate	1% Increase
	(2.22%)	(3.22%)	(4.22%)
School District's Proportionate Share of			
the Net OPEB Liability	\$2,448,399	\$2,017,118	\$1,674,199
		~	
		Current	
	1% Decrease	Trend Rate	1% Increase
	(6%	(7%	(8%
	Decreasing	Decreasing	Decreasing
	to 3.75%)	to 4.75%)	to 5.75%)
School District's Proportionate Share of			
the Net OPEB Liability	\$1,616,120	\$2,017,118	\$2,549,145

# **NOTE 13 - DEFINED BENEFIT OPEB PLANS** (continued)

### **Actuarial Assumptions - STRS**

Key methods and assumptions used in the latest actuarial valuation reflecting experience study results used in the June 30, 2019, actuarial valuation are presented below.

Projected Salary Increases 12.5 percent at age 20 to 2.5 percent at age 65

Investment Rate of Return 7.45 percent net of investment expenses,

including inflation 3 percent 7.45 percent

Payroll Increases
Discount Rate of Return
Health Care Cost Trands

Health Care Cost Trends

Medical

Pre-Medicare 5.87 percent initial, 4 percent ultimate Medicare 4.93 percent initial, 4 percent ultimate

Prescription Drug

Pre-Medicare 7.73 percent initial, 4 percent ultimate Medicare 9.62 percent initial, 4 percent ultimate

Projections of benefits include the historical pattern of sharing benefit costs between the employers and retired plan members.

For healthy retirees, the mortality rates were based on the RP-2014 Annuitant Mortality Table with 50 percent of rates through age sixty-nine, 70 percent of rates between ages seventy and seventy-nine, 90 percent of rates between ages eighty and eighty-four, and 100 percent of rates thereafter, projected forward generationally using Mortality Improvement Scale MP-2016. Postretirement disabled mortality rates were based on the RP-2014 Disabled Mortality Table with 90 percent of rates for males and 100 percent of rates for females, projected forward generationally using Mortality Improvement Scale MP-2016.

Actuarial assumptions used in the June 30, 2019, valuation are based on the results of an actuarial experience study for the period July 1, 2011, through June 30, 2016.

Since the prior measurement date, there was no change to the claims cost process. Claim curves were trended to the fiscal year ending June 30, 2020, to reflect the current price renewals. The non-Medicare subsidy percentage was increased effective January 1, 2020, from 1.944 percent to 1.984 percent per year of service. The non-Medicare frozen subsidy base premium was increased effective January 1, 2020. The Medicare subsidy percentages were adjusted effective January 1, 2021, to 2.1 percent for the Medicare plan. The Medicare Part B monthly reimbursement elimination date was postponed to January 1, 2021.

The STRS Health Care Plan follows the same asset allocation and long-term expected real rate of return for each major asset class as the pension plan, see Note 12.

# **NOTE 13 - DEFINED BENEFIT OPEB PLANS** (continued)

Discount Rate - The discount rate used to measure the total OPEB liability was 7.45 percent as of June 30, 2019. The projection of cash flows used to determine the discount rate assumes STRS continues to allocate no employer contributions to the Health Care Fund. Based on these assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on health care plan investments of 7.45 percent was used to measure the total OPEB liability as of June 30, 2019.

Sensitivity of the School District's Proportionate Share of the Net OPEB Asset to Changes in the Discount Rate and the Health Care Cost Trend Rate - The following table represents the net OPEB asset as of June 30, 2019, calculated using the current period discount rate assumption of 7.45 percent as well as what the net OPEB asset would be if it were calculated using a discount rate that is one percentage point lower (6.45 percent) or one percentage point higher (8.45 percent) than the current assumption. Also shown is the net OPEB asset as if it were calculated using health care cost trend rates that are one percentage point lower or one percentage point higher than the current health care cost trend rates.

		Current	
	1% Decrease	Discount Rate	1% Increase
	(6.45%)	(7.45%)	(8.45%)
School District's Proportionate Share of the Net OPEB Asset	\$1,058,766	\$1,240,789	\$1,393,826
		Current	
	1% Decrease	Trend Rate	1% Increase
School District's Proportionate Share of			
the Net OPEB Asset	\$1,406,997	\$1,240,789	\$1,037,223

# **NOTE 14 - OTHER EMPLOYEE BENEFITS**

#### A. Compensated Absences

The criteria for determining vacation and sick leave benefits are derived from negotiated agreements and State laws. Classified employees earn ten to twenty-five days of vacation per fiscal year, depending upon length of service. Accumulated unused vacation time is paid to classified employees upon termination of employment. Teachers do not earn vacation time.

Teachers, administrators, and classified employees earn sick leave at a rate of one and one-fourth days per month. Sick leave may be accumulated up to a maximum of two hundred forty-five days for all employees. Upon retirement, payment is made for one-fourth of accrued but unused sick leave credit up to a maximum of sixty days for all employees.

### **B.** Employee Insurance Benefits

The School District has contracted with the Ohio School Benefits Cooperative to provide employee medical and prescription drug benefits under a fully insured plan. The insurance is provided through Ohio Schools services. The School District offers life insurance to all employees through Grady Enterprises, Inc. Dental insurance is offered to all employees through Coresource. The employees share the cost of the monthly premium with the Board. The premium varies with each employee depending on marital and family status.

#### **NOTE 15 - LONG-TERM OBLIGATIONS**

Changes in the School District's long-term obligations during fiscal year 2020 were as follows:

Governmental Activities	Balance at 6/30/19	Additions	Reductions	Balance at 6/30/20	Amounts Due Within One Year
General Long-Term Obligations					
FY 2016 School Facilities Construction and Improvement Bonds					
Serial Bonds 1-1.5%	\$1,025,000	\$0	\$165,000	\$860,000	\$165,000
Term Bonds	8,030,000	0	0	8,030,000	0
Bond Premium	560,442	0	9,995	550,447	0
Bond Discount	(94,663)	0	(1,688)	(92,975)	0
Total General Obligation Bonds	\$9,520,779	\$0	\$173,307	\$9,347,472	\$165,000

FY 2016 School Facilities Construction and Improvement Bonds - On June 22, 2016, the School District issued \$9,446,893 in voted general obligation bonds for constructing, renovating, and improving school facilities. The bond issue includes serial and term bonds, in the original amount of \$1,416,893 and \$8,030,000, respectively. The bonds were issued for a thirty-five fiscal year period, with final maturity in fiscal year 2051. The bonds are being retired through the Bond Retirement debt service fund.

The serial bonds maturing on or after December 1, 2024, are subject to prior redemption on or after June 1, 2024, by and at the sole option of the School District, either in whole or in part and in integral multiples of \$5,000, at a redemption price of 100 percent of the principal amount redeemed plus accrued interest to the redemption date.

The bonds maturing on December 1, 2026, are subject to mandatory sinking fund redemption, at a redemption price equal to 100 percent of the principal amount redeemed plus accrued interest to the date of redemption, on December 1 in the years and the respective principal amounts as follows:

Year	Amount
2025	\$185,000

The remaining principal, in the amount of \$190,000, will be paid at stated maturity on December 1, 2026.

The bonds maturing on December 1, 2028, are subject to mandatory sinking fund redemption, at a redemption price equal to 100 percent of the principal amount redeemed plus accrued interest to the date of redemption, on December 1 in the years and the respective principal amounts as follows:

Year	Amount
2027	\$200,000

The remaining principal, in the amount of \$205,000, will be paid at stated maturity on December 1, 2028.

# NOTE 15 - LONG-TERM OBLIGATIONS (continued)

The bonds maturing on December 1, 2030, are subject to mandatory sinking fund redemption, at a redemption price equal to 100 percent of the principal amount redeemed plus accrued interest to the date of redemption, on December 1 in the years and the respective principal amounts as follows:

Year	Amount
2029	\$215,000

The remaining principal, in the amount of \$225,000, will be paid at stated maturity on December 1, 2030.

The bonds maturing on December 1, 2032, are subject to mandatory sinking fund redemption, at a redemption price equal to 100 percent of the principal amount redeemed plus accrued interest to the date of redemption, on December 1 in the years and the respective principal amounts as follows:

The remaining principal, in the amount of \$240,000, will be paid at stated maturity on December 1, 2032.

The bonds maturing on December 1, 2034, are subject to mandatory sinking fund redemption, at a redemption price equal to 100 percent of the principal amount redeemed plus accrued interest to the date of redemption, on December 1 in the years and the respective principal amounts as follows:

Year	Amount	
2033	\$250,000	

The remaining principal, in the amount of \$260,000, will be paid at stated maturity on December 1, 2034.

The bonds maturing on December 1, 2036, are subject to mandatory sinking fund redemption, at a redemption price equal to 100 percent of the principal amount redeemed plus accrued interest to the date of redemption, on December 1 in the years and the respective principal amounts as follows:

Year	Amount	
2035	\$270,000	

The remaining principal, in the amount of \$280,000, will be paid at stated maturity on December 1, 2036.

The bonds maturing on December 1, 2038, are subject to mandatory sinking fund redemption, at a redemption price equal to 100 percent of the principal amount redeemed plus accrued interest to the date of redemption, on December 1 in the years and the respective principal amounts as follows:

Year	Amount	
2037	\$295,000	

The remaining principal, in the amount of \$305,000, will be paid at stated maturity on December 1, 2038.

#### **NOTE 15 - LONG-TERM OBLIGATIONS** (continued)

The bonds maturing on December 1, 2040, are subject to mandatory sinking fund redemption, at a redemption price equal to 100 percent of the principal amount redeemed plus accrued interest to the date of redemption, on December 1 in the years and the respective principal amounts as follows:

Year	Amount	
2039	\$315,000	

The remaining principal, in the amount of \$330,000, will be paid at stated maturity on December 1, 2040.

The bonds maturing on December 1, 2043, are subject to mandatory sinking fund redemption, at a redemption price equal to 100 percent of the principal amount redeemed plus accrued interest to the date of redemption, on December 1 in the years and the respective principal amounts as follows:

Year	Amount
2041	\$345,000
2042	355,000

The remaining principal, in the amount of \$370,000, will be paid at stated maturity on December 1, 2043.

The bonds maturing on December 1, 2046, are subject to mandatory sinking fund redemption, at a redemption price equal to 100 percent of the principal amount redeemed plus accrued interest to the date of redemption, on December 1 in the years and the respective principal amounts as follows:

Year Amount	
2044	\$385,000
2045	395,000

The remaining principal, in the amount of \$410,000, will be paid at stated maturity on December 1, 2046.

The bonds maturing on December 1, 2050, are subject to mandatory sinking fund redemption, at a redemption price equal to 100 percent of the principal amount redeemed plus accrued interest to the date of redemption, on December 1 in the years and the respective principal amounts as follows:

Year	Amount
2047	\$425,000
2048	435,000
2049	450,000

The remaining principal, in the amount of \$465,000, will be paid at stated maturity on December 1, 2050.

The School District's overall debt margin was \$8,409,069 with an unvoted debt margin of \$186,678 at June 30, 2020.

# **NOTE 15 - LONG-TERM OBLIGATIONS** (continued)

Principal and interest requirements to retire general long-term obligations outstanding at June 30, 2020, were as follows:

	General Obligation Bonds				
Fiscal Year Ending June 30,	Serial	Term	Interest	Total	
2021	\$165,000	\$0	\$312,819	\$477,819	
2022	170,000	0	309,675	479,675	
2023	170,000	0	306,275	476,275	
2024	175,000	0	302,825	477,825	
2025	180,000	0	299,275	479,275	
2026-2030	0	995,000	1,390,875	2,385,875	
2031-2035	0	1,205,000	1,171,475	2,376,475	
2036-2040	0	1,465,000	905,475	2,370,475	
2041-2045	0	1,785,000	582,959	2,367,959	
2046-2050	0	2,115,000	250,778	2,365,778	
2051	0	465,000	7,556	472,556	
<del>-</del>	\$860,000	\$8,030,000	\$5,839,987	\$14,729,987	

# NOTE 16 - FUND BALANCE

Fund balance is classified as nonspendable, restricted, committed, assigned, and/or unassigned based primarily on the extent to which the School District is bound to observe constraints imposed upon the use of the resources in governmental funds. The constraints placed on fund balance for the major governmental funds and all other governmental funds are presented below.

						Total
		Bond		Classroom	Other	Governmental
Fund Balance	General	Retirement	Building	Facilities	Governmental	Funds
Restricted for:			_			
Athletics and Music	\$0	\$0	\$0	\$0	\$26,353	\$26,353

Unassigned	11,528,875	0	0	0	0	11,528,875
Total Fund Balance	\$12,719,785	\$498,085	\$1,406,534	\$1,800,955	\$2,085,529	\$18,510,888

#### NOTE 17 - SET ASIDE REQUIREMENTS

The School District is required by State statute to annually set aside, in the General Fund, an amount based on a statutory formula for the acquisition and construction of capital improvements. The amount not spent by the end of the fiscal year or offset by similarly restricted resources received during the fiscal year must be held in cash at fiscal year end. This amount must be carried forward and used for the same purpose in future fiscal years.

The following cash basis information identifies the change in the fund balance reserve for capital improvements during fiscal year 2020.

O- - 14-1

	Capital
	Improvements
Balance June 30, 2019	\$0
Current Year Set Aside Requirement	311,362
Current Year Offsets	(311,362)
Set Aside Reserve Balance June 30, 2020	\$0

#### **NOTE 18 - DONOR RESTRICTED ENDOWMENTS**

The School District's private purpose trust funds include donor restricted endowments. Endowments, in the amount of \$37,000, represent the principal portion. The amount of net appreciation in donor restricted investments that is available for expenditures by the School District is \$59,834 and is included as held in trust for scholarships. State law permits the School District to appropriate, for purposes consistent with the endowment's intent, net appreciation, realized and unrealized, unless the endowment terms specify otherwise. The endowments indicate that the interest should be used to provide scholarships each year.

### **NOTE 19 - JOINTLY GOVERNED ORGANIZATIONS**

### A. Northern Ohio Educational Computer Association

The Northern Ohio Educational Computer Association (NOECA) is a jointly governed organization among a number of school districts. The organization was formed for the purpose of applying modern technology with the aid of computers and other electronic equipment to administrative and instructional functions among member school districts. NOECA is governed by a Board of Directors chosen from the general membership of the NOECA Assembly. The NOECA Assembly consists of a representative from each participating school district. The degree of control exercised by any participating school district is limited to its representation on the Board of Directors. During fiscal year 2020, the School District paid \$25,323 to NOECA for various services. Financial information can be obtained from NOECA, 219 Howard Drive, Sandusky, Ohio 44870.

#### **B.** Vanguard-Sentinel Career and Technology Center

Vanguard-Sentinel Career and Technology Center (Center) is a distinct political subdivision of the State of Ohio which provides vocational education. The Center operates under the direction of a fourteen member Board consisting of representatives from the sixteen participating school districts' Board of Education. The Board possesses its own budgeting and taxing authority. The degree of control exercised by the School District is limited to its representation on the Board. Financial information can be obtained from Vanguard-Sentinel Career and Technology Center, 1306 Cedar Street, Fremont, Ohio 43420.

#### C. Bay Area Council of Governments

The Bay Area Council of Governments (Council) is a jointly governed organization which was formed to purchase quality products and services at the lowest possible cost to participating school districts. The Council is governed by a board consisting of seven superintendents from the participating school districts. The degree of control exercised by any school district is limited to its representation on the Board. Financial information can be obtained from the Bay Area Council of Governments, North Point Educational Service Center, 4918 Milan Road, Sandusky, Ohio 44870.

# **NOTE 20 - INSURANCE POOL**

The School District participates in the Ohio School Plan (Plan), an insurance purchasing pool established under Section 2744.081 of the Ohio Revised Code. The Plan is an unincorporated nonprofit association of its members which enables the participants to provide for a formalized joint insurance purchasing program for maintaining adequate insurance protection and provides risk management programs and other administrative services. The Plan's business and affairs are conducted by a fifteen member board consisting of superintendents, treasurers, the president of Harcum-Schuett Insurance Agency, Inc., and a member of the Hylant Group, Inc. The Hylant Group, Inc. is the Plan's administrator and is responsible for processing claims. Harcum-Schuett Insurance Agency serves as the sales and marketing representative which establishes agreements between the Plan and its members. Financial information can be obtained from Harcum-Schuett Insurance Agency, 246 East Sycamore Street, Columbus, Ohio 43206.

#### **NOTE 21 - CONTINGENCIES**

### A. Grants

The School District received financial assistance from federal and state agencies in the form of grants. The expenditure of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the School District at June 30, 2020.

#### **B.** School Foundation

School District Foundation funding is based on the annualized full-time equivalent (FTE) enrollment of each student. The funding formula the Ohio Department of Education (ODE) is legislatively required to follow will continue to adjust as enrollment information is updated by the School District, which can extend past the fiscal year end. As of the date of this report, ODE adjustments for fiscal year 2020 have been finalized and resulted in a receivable to the School District totaling \$108,473. This amount was not reported in the financial statements.

# C. Litigation

There are currently no matters in litigation with the School District as a defendant.

#### **NOTE 22 - RELATED PARTY TRANSACTIONS**

Related party transactions are transactions that an informed observer might reasonably believe reflects considerations other than economic self interest based upon the relationship that exists between the parties to the transactions. The term is often used in contrast to an arm's length transaction.

A member of the School District's Board of Education is a teller at First Federal Bank; a bank in which the School District maintains several accounts. The board member abstains from any votes involving any banking related issues.

## **NOTE 23 - COVID-19**

The United States and the State of Ohio declared a state of emergency in March 2020 due to the COVID-19 pandemic. The financial impact of COVID-19 and the continuing emergency measures may impact subsequent periods of the School District. The School District's investment portfolio and the investments of the pension and other employee benefit plans in which the School District participates fluctuate with market conditions, and due to market volatility, the amount of gains or losses that will be recognized in subsequent periods, if any, cannot be determined. In addition, the impact on the School District's future operating costs, revenues, and any recovery from emergency funding, either federal or state, cannot be estimated.

# FOSTORIA CITY SCHOOL DISTRICT SENECA COUNTY

# NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS 2 CFR 200.510(b)(6) FOR THE YEAR ENDED JUNE 30, 2020

#### NOTE A - BASIS OF PRESENTATION

The accompanying Schedule of Expenditures of Federal Awards (the Schedule) includes the federal award activity of Fostoria City School District (the District) under programs of the federal government for the year ended June 30, 2020. The information on this Schedule is prepared in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the District, it is not intended to and does not present the financial position, changes in net position, or cash flows of the District.

#### NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the cash basis of accounting. Such expenditures are recognized following the cost principles contained in Uniform Guidance wherein certain types of expenditures may or may not be allowable or may be limited as to reimbursement.

#### **NOTE C - INDIRECT COST RATE**

The District has elected not to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

#### **NOTE D - CHILD NUTRITION CLUSTER**

The District commingles cash receipts from the U.S. Department of Agriculture with similar State grants. When reporting expenditures on this Schedule, the District assumes it expends federal monies first.

#### NOTE E - FOOD DONATION PROGRAM

The District reports commodities consumed on the Schedule at the entitlement value. The District allocated donated food commodities to the respective programs that benefitted from the use of those donated food commodities.

#### NOTE F - TRANSFERS BETWEEN PROGRAM YEARS

Federal regulations require schools to obligate certain federal awards by June 30. However, with Ohio Department of Education's consent, schools can transfer unobligated amounts to the subsequent fiscal year's program. The District transferred the following amounts from 2020 to 2021 programs:

	<u>CFDA</u>	<u>Amt.</u>
Program Title	<u>Number</u>	<b>Transferred</b>
Title I Grants to Local Educational Agencies	84.010	\$131,080
Special Education - Grants to States	84.027	\$50,624
Education for Homeless Children and Youth	84.196	\$29,069
Improving Teacher Quality State Grants	84.367	\$19,008
Student Support and Academic Enrichment Program	84.424	\$1,704

# INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

Fostoria City School District Seneca County 1001 Park Avenue Fostoria, Ohio 44830

To the Board of Education:

We have audited, in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the cash-basis financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Fostoria City School District, Seneca County, Ohio (the District) as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the District's basic financial statements and have issued our report thereon dated December 16, 2020, wherein we noted the District uses a special purpose framework other than generally accepted accounting principles. We also noted the District adopted new accounting guidance in Governmental Accounting Standards Board (GASB) Statement No. 84, *Fiduciary Activities*. In addition, we noted the financial impact of COVID-19 and the continuing emergency measures which may impact subsequent periods of the District.

### Internal Control Over Financial Reporting

As part of our financial statement audit, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures appropriate in the circumstances to the extent necessary to support our opinions on the financial statements, but not to the extent necessary to opine on the effectiveness of the District's internal control. Accordingly, we have not opined on it.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the District's financial statements. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all internal control deficiencies that might be material weaknesses or significant deficiencies. Given these limitations, we did not identify any deficiencies in internal control that we consider material weaknesses. However, unidentified material weaknesses may exist.

Transparent

Fostoria City School District Seneca County Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Required by *Government Auditing Standards* Page 2

#### **Compliance and Other Matters**

As part of reasonably assuring whether the District's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the financial statement. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed an instance of noncompliance or other matters we must report under *Government Auditing Standards* which is described in the accompanying schedule of findings as item 2020-001.

#### District's Response to Finding

The District's response to the finding identified in our audit is described in the accompanying schedule of findings and corrective action plan. We did not subject the District's response to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

### Purpose of this Report

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this report is not suitable for any other purpose.

Keith Faber Auditor of State Columbus, Ohio

December 16, 2020

One Government Center, Suite 1420 Toledo, Ohio 43604-2246 (419) 245-2811 or (800) 443-9276 NorthwestRegion@ohioauditor.gov

# INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Fostoria City School District Seneca County 1001 Park Avenue Fostoria, Ohio 44830

To the Board of Education:

### Report on Compliance for Each Major Federal Program

We have audited Fostoria City School District, Seneca County, Ohio's (the District) compliance with the applicable requirements described in the U.S. Office of Management and Budget (OMB) *Compliance Supplement* that could directly and materially affect each of Fostoria City School District's major federal programs for the year ended June 30, 2020. The *Summary of Auditor's Results* in the accompanying schedule of findings identifies the District's major federal programs.

#### Management's Responsibility

The District's Management is responsible for complying with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

#### Auditor's Responsibility

Our responsibility is to opine on the District's compliance for each of the District's major federal programs based on our audit of the applicable compliance requirements referred to above. Our compliance audit followed auditing standards generally accepted in the United States of America; the standards for financial audits included in the Comptroller General of the United States' *Government Auditing Standards*; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). These standards and the Uniform Guidance require us to plan and perform the audit to reasonably assure whether noncompliance with the applicable compliance requirements referred to above that could directly and materially affect a major federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe our audit provides a reasonable basis for our compliance opinion on each of the District's major programs. However, our audit does not provide a legal determination of the District's compliance.

Fostoria City School District Seneca County Independent Auditor's Report on Compliance with Requirements Applicable to Each Major Federal Program and On Internal Control Over Compliance Required by the Uniform Guidance Page 2

#### Opinion on Each Major Federal Program

In our opinion, Fostoria City School District complied, in all material respects with the compliance requirements referred to above that could directly and materially affect each of its major federal programs for the year ended June 30, 2020.

#### Report on Internal Control Over Compliance

The District's management is responsible for establishing and maintaining effective internal control over compliance with the applicable compliance requirements referred to above. In planning and performing our compliance audit, we considered the District's internal control over compliance with the applicable requirements that could directly and materially affect a major federal program, to determine our auditing procedures appropriate for opining on each major federal program's compliance and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not to the extent needed to opine on the effectiveness of internal control over compliance. Accordingly, we have not opined on the effectiveness of the District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, when performing their assigned functions, to prevent, or to timely detect and correct, noncompliance with a federal program's applicable compliance requirement. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a federal program compliance requirement will not be prevented, or timely detected and corrected. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with federal program's applicable compliance requirement that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

This report only describes the scope of our internal control over compliance tests and the results of this testing based on Uniform Guidance requirements. Accordingly, this report is not suitable for any other purpose.

Keith Faber Auditor of State Columbus, Ohio

# 2. FINDINGS RELATED TO THE FINANCIAL STATEMENTS REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS

#### **FINDING NUMBER 2020-001**

### **Noncompliance**

**Ohio Rev. Code § 117.38** provides that each public office shall file a financial report for each fiscal year. The Auditor of State may prescribe forms by rule or may issue guidelines, or both, for such reports. If the Auditor of State has not prescribed a rule regarding the form for the report, the public office shall submit its report on the form utilized by the public office.

**Ohio Admin. Code § 117-2-03(B)**, which further clarifies the requirements of Ohio Rev. Code § 117.38, requires the District to file annual financial reports which are prepared using generally accepted accounting principles (GAAP).

As a cost savings measure, the District prepared the financial statements that, although formatted similar to financial statements prescribed by the Governmental Accounting Standards Board, report on the basis of cash receipts and cash disbursements, rather than GAAP. The accompanying financial statements and notes omit certain assets, liabilities, deferred inflows/outflows of resources, fund equities/net position, and disclosures that, while presumably material, cannot be determined at this time.

Pursuant to Ohio Rev. Code § 117.38 the District may be fined and subject to various other administrative remedies for its failure to file the required financial report. Failure to report on a GAAP basis compromises the District's ability to evaluate and monitor the overall financial condition of the District. To help provide the users with more meaningful financial statements, the District should prepare its annual financial statements according to generally accepted accounting principles.

#### Officials' Response:

Effective with fiscal year 2010, the District elected to discontinue the preparation of the annual financial reports using generally accepted accounting principles (GAAP) as a cost saving measure.

### 3. FINDINGS FOR FEDERAL AWARDS

None
