#### INDEPENDENT AUDITOR'S REPORT

Jackson Township Paulding County P.O. Box 21 Paulding, Ohio 45879-0021

To the Board of Trustees:

#### Report on the Financial Statements

We have audited the accompanying financial statements of the cash balances, receipts and disbursements for each governmental fund type as of and for the year ended December 31, 2020 and for each governmental fund type as of and for the year ended December 31, 2019, and related notes of Jackson Township, Paulding County, Ohio (the Township).

### Management's Responsibility for the Financial Statements

Management is responsible for preparing and fairly presenting these financial statements in accordance with the financial reporting provisions Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit; this responsibility includes designing, implementing and maintaining internal control relevant to preparing and fairly presenting financial statements free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to opine on these financial statements based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the Township's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the Township's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinions.

### Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 2 of the financial statements, the Township prepared these financial statements using the accounting basis permitted by the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D), which is an accounting basis other than accounting principles generally accepted in the United States of America (GAAP), to satisfy these requirements.

Although the effects on the financial statements of the variances between the regulatory accounting basis and GAAP are not reasonably determinable, we presume they are material.

Though the Township does not intend these statements to conform to GAAP, auditing standards generally accepted in the United States of America require us to include an adverse opinion on GAAP. However, the adverse opinion does not imply the amounts reported are materially misstated under the accounting basis Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit. Our opinion on this accounting basis is in the *Opinion on Regulatory Basis of Accounting* paragraph below.

#### Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the *Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles* paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the Township, as of December 31, 2020 and 2019, and the respective changes in financial position thereof for the years then ended.

#### Opinion on Regulatory Basis of Accounting

In our opinion, the financial statements referred to above present fairly, in all material respects, the cash balances, receipts and disbursements for each governmental fund type as of and for the year ended December 31, 2020 and for each governmental fund type as of and for the year ended December 31, 2019, and related notes of the Township, in accordance with the financial reporting provisions Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit, described in Note 2.

#### Emphasis of Matter

As discussed in Note 12 to the 2020 financial statements and Note 11 to the 2019 financial statements, the financial impact of COVID-19 and the continuing emergency measures may impact subsequent periods of the Township. We did not modify our opinion regarding this matter.

# Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 24, 2021, on our consideration of the Township's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Township's internal control over financial reporting and compliance.

# NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2020 (Continued)

### Basis of Accounting

These financial statements follow the accounting basis permitted by the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03 (D). This basis is similar to the cash receipts and disbursements accounting basis. The Board recognizes receipts when received in cash rather than when earned, and recognizes disbursements when paid rather than when a liability is incurred. Budgetary presentations report budgetary expenditures when a commitment is made (i.e., when an encumbrance is approved).

These statements include adequate disclosure of material matters, as the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03 (D) permit.

### **Budgetary Process**

The Ohio Revised Code requires that each fund be budgeted annually.

**Appropriations** Budgetary expenditures (that is, disbursements and encumbrances) may not exceed appropriations at the fund, function or object level of control, and appropriations may not exceed estimated resources. The Board of Trustees must annually approve appropriation measures and subsequent amendments. Appropriations lapse at year end.

**Estimated Resources** Estimated resources include estimates of cash to be received (budgeted receipts) plus cash as of January 1. The County Budget Commission must approve estimated resources.

**Encumbrances** The Ohio Revised Code requires the Township to reserve (encumber) appropriations when individual commitments are made. Encumbrances outstanding at year end are canceled, and reappropriated in the subsequent year.

A summary of 2020 budgetary activity appears in Note 3.

### Deposits and Investments

The Township's accounting basis includes investments as assets. This basis does not record disbursements for investment purchases or receipts for investment sales. This basis records gains or losses at the time of sale as receipts or disbursements, respectively.

#### Capital Assets

The Township records disbursements for acquisitions of property, plant, and equipment when paid. The accompanying financial statements do not report these items as assets.

#### **Fund Balance**

Fund balance is divided into five classifications based primarily on the extent to which the Township must observe constraints imposed upon the use of its governmental-fund resources. The classifications are as follows:

**Nonspendable** The Township classifies assets as *nonspendable* when legally or contractually required to maintain the amounts intact.

### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2020 (Continued)

**Restricted** Fund balance is *restricted* when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or is imposed by law through constitutional provisions.

**Committed** Trustees can *commit* amounts via formal action (resolution). The Township must adhere to these commitments unless the Trustees amend the resolution. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed to satisfy contractual requirements.

**Assigned** Assigned fund balances are intended for specific purposes but do not meet the criteria to be classified as *restricted* or *committed*.

**Unassigned** Unassigned fund balance is the residual classification for the General Fund and includes amounts not included in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance.

The Township applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

For regulatory purposes, limited disclosure related to fund balance is included in Note 11.

### Note 4 - Deposits

To improve cash management, cash received by the Township is pooled. Monies for all funds are maintained in this pool. The Ohio Revised Code prescribes allowable deposits and investments. A summary of the Township's deposit accounts are as follows:

	2020
Demand deposits	\$456,046

The Township does not use a separate payroll clearing account. The expenditures included in the accompanying financial statements reflect net payroll plus all remitted payroll withholdings.

#### **Deposits**

Deposits are insured by the Federal Deposit Insurance Corporation or collateralized through the Ohio Pooled Collateral system (OPCS), a collateral pool of eligible securities deposited with a qualified trustee and pledged to the Treasurer of State to secure the repayment of all public monies deposited with the financial institution.

#### Note 5 - Property Taxes

Real property taxes become a lien on January 1 preceding the October 1 date for which the Trustees adopted tax rates. The State Board of Tax Equalization adjusts these rates for inflation. Property taxes are also reduced for applicable non-business, owner occupancy, and homestead exemption credits and/or homestead and rollback deductions. The financial statements include these credits and/or deduction amounts the State pays as Intergovernmental Receipts. Payments are due to the County by December 31. If the property owner elects to pay semiannually, the first half is due December 31. The second half payment is due the following June 20.

Public utilities are also taxed on personal and real property located within the Township.

The County is responsible for assessing property and for billing, collecting, and distributing all property taxes on behalf of the Township.

### Note 6 - Risk Management

#### Workers' Compensation

Workers' compensation coverage is provided by the State of Ohio. The Township pays the State Workers' Compensation System a premium based on a rate per \$100 of salaries. This rate is calculated based on accident history and administrative costs.

#### Risk Pool Membership

The Township belongs to the Ohio Plan Risk Management, Inc. (OPRM) (the Plan), a non-assessable, unincorporated non-profit association providing a formalized, jointly administered self-insurance risk management program and other administrative services to Ohio governments (Members). The Plan is legally separate from its member governments.

# NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2020 (Continued)

Pursuant to Section 2744.081 of the Ohio Revised Code, the plan provides property, liability, errors and omissions, law enforcement, automobile, excess liability, crime, surety and bond, inland marine and other coverages to its members sold through fourteen appointed independent agents in the State of Ohio.

OPRM coverage programs are developed specific to each member's risk management needs and the related premiums for coverage are determined through the application of uniform underwriting criteria addressing the member's exposure to loss. Effective November 1, 2017, the OPRM retained 47% of the premium and losses on the first \$250,000 casualty treaty and 30% of the first \$1,000,000 property treaty. The OPRM is also participated in a property primary excess of loss treaty. This treaty reimbursed the OPRM 30% for losses between \$200,000 and \$1,000,000. The reimbursement is based on the amount of loss between \$200,000 and \$1,000,000. Effective November 1, 2018, the OPRM the property retention remained unchanged, however, the Plan assumed 100% of the first \$250,000 casualty treaty. Members are only responsible for their self-retention (deductible) amounts, which vary from member to member. Effective November 1, 2019, the OPRM's property retention increased from 30% to 33%, while the casualty treaty remains unchanged and still assumes 100% of the first \$250,000 casualty treaty. Effective November 1, 2020, the OPRM's property retention increased from 33% to 55%, while the casualty treaty remains unchanged and still assumes 100% of the first \$250,000 casualty treaty. OPRM had 771 members as of December 31, 2020.

The Pool's audited financial statements conform with generally accepted accounting principles, and reported the following assets, liabilities and equity at December 31, 2020.

Assets	\$18,826,974
Liabilities	(13,530,267)
Members' Equity	\$5,296,707

You can read the completed audited financial statements for OPRM at the Plan's website, www.ohioplan.org.

#### Social Security

One Township employee contributed to Social Security. This plan provides retirement benefits, including survivor and disability benefits to participants.

# NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2020 (Continued)

#### Note 8 - Postemployment Benefits

OPERS offers a cost-sharing, multiple-employer defined benefit postemployment plan, which includes multiple health care plans including medical coverage, prescription drug coverage, deposits to a Health Reimbursement Arrangement, and Medicare Part B premium reimbursements, to qualifying benefit recipients. The portion of employer contributions allocated to health care for OPERS members in the Traditional Pension Plan and Combined Plan was 0 percent during calendar year 2020. The portion of employer contributions allocated to health care for OPERS members in the Member-Directed Plan was 4.0 percent during calendar year 2020.

The PCFA relies upon its member subdivisions for the funding of its operations. Each member subdivision has a vote on the operating budget of the PCFA. The member subdivisions share of the PCFA budget is based on a ratio which incorporates the number of fire runs taking place within its subdivision plus current subdivision valuation in relation to overall fire runs and valuation. The Village of Paulding serves as fiscal agent for the PCFA. The Township's share of the budget was \$13,642 for 2020. #### Note 12 - COVID-19

The United States and the State of Ohio declared a state of emergency in March of 2020 due to the COVID-19 pandemic. The financial impact of COVID-19 and the continuing emergency measures may impact subsequent periods of the Township. In addition, the impact of the Township's future operating costs, revenues, and any recovery from emergency funding, either federal or state, cannot be determined.

During 2020, the Township received CARES Act funding. Of the amounts received, \$42,155 was returned to the granting agency. This amount is reflected as general government expenditures in the Coronavirus Relief Special Revenue Fund on the accompanying financial statements.

### Note 13 - Change in Accounting Principle

For 2020, the Township has made a change to their cash basis reporting model. This change includes removing the fund balance classifications from the Combined Statement of Receipts, Disbursements and Changes in Fund Balances (Cash Basis) – All Governmental Fund Types.

#### Note 14 - Interfund Transfers

During 2020, the Township transferred \$18,000 from the General Fund to the Fire District Special Revenue Fund to help cover the Township's share of a new fire truck for the Paulding Community Fire Association.

Transfers are used to move receipts from the fund that statute or budget requires to collect them to the fund that statute or budget required to expend them. Transfers are also used to move unrestricted receipts collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

A publicly elected three-member Board of Trustees directs the Township. The Township provides road and bridge maintenance and cemetery maintenance. The Township contracts with the Village of Paulding to provide emergency medical services and the Paulding Community Fire Association for fire protection services.

**General Fund** The General Fund accounts for and reports all financial resources not accounted for and reported in another fund. The General Fund balance is available to the Township for any purpose provided it is expended or transferred according to the general laws of Ohio.

**Special Revenue Funds** These funds account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. The Township had the following significant Special Revenue Funds:

**Gasoline Tax Fund** The Gasoline Tax Fund accounts for and reports that portion of the State gasoline tax restricted for maintenance and repair of roads within the Township.

# NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2019 (Continued)

#### Basis of Accounting

These financial statements follow the accounting basis permitted by the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03 (D). This basis is similar to the cash receipts and disbursements accounting basis. The Board recognizes receipts when received in cash rather than when earned, and recognizes disbursements when paid rather than when a liability is incurred. Budgetary presentations report budgetary expenditures when a commitment is made (i.e., when an encumbrance is approved).

These statements include adequate disclosure of material matters, as the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03 (D) permit.

#### **Budgetary Process**

The Ohio Revised Code requires that each fund be budgeted annually.

**Appropriations** Budgetary expenditures (that is, disbursements and encumbrances) may not exceed appropriations at the fund, function or object level of control, and appropriations may not exceed estimated resources. The Board of Trustees must annually approve appropriation measures and subsequent amendments. Appropriations lapse at year end.

**Estimated Resources** Estimated resources include estimates of cash to be received (budgeted receipts) plus cash as of January 1. The County Budget Commission must approve estimated resources.

**Encumbrances** The Ohio Revised Code requires the Township to reserve (encumber) appropriations when individual commitments are made. Encumbrances outstanding at year end are canceled, and reappropriated in the subsequent year.

A summary of 2019 budgetary activity appears in Note 3.

#### Deposits and Investments

The Township's accounting basis includes investments as assets. This basis does not record disbursements for investment purchases or receipts for investment sales. This basis records gains or losses at the time of sale as receipts or disbursements, respectively.

#### Capital Assets

The Township records disbursements for acquisitions of property, plant, and equipment when paid. The accompanying financial statements do not report these items as assets.

#### **Fund Balance**

Fund balance is divided into five classifications based primarily on the extent to which the Township must observe constraints imposed upon the use of its governmental-fund resources. The classifications are as follows:

**Nonspendable** The Township classifies assets as *nonspendable* when legally or contractually required to maintain the amounts intact.

# NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2019 (Continued)

**Restricted** Fund balance is *restricted* when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or is imposed by law through constitutional provisions.

**Committed** Trustees can *commit* amounts via formal action (resolution). The Township must adhere to these commitments unless the Trustees amend the resolution. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed to satisfy contractual requirements.

**Assigned** Assigned fund balances are intended for specific purposes but do not meet the criteria to be classified as *restricted* or *committed*. Governmental funds other than the General Fund report all fund balances as *assigned* unless they are restricted or committed. In the General Fund, *assigned* amounts represent intended uses established by Township Trustees or a Township official delegated that authority by resolution, or by State Statute.

**Unassigned** Unassigned fund balance is the residual classification for the General Fund and includes amounts not included in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance.

The Township applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

# INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

Jackson Township Paulding County P.O. Box 21 Paulding, Ohio 45879-0021

#### To the Board of Trustees:

We have audited, in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the financial statements of the cash balances, receipts, and disbursements for each governmental fund type as of and for the year ended December 31, 2020 and for each governmental fund type as of and for the year ended December 31, 2019, and related notes of Jackson Township, Paulding County, Ohio (the Township) and have issued our report thereon dated November 24, 2021, wherein we noted the Township followed financial reporting provisions Ohio Rev. Code § 117.38 and Ohio Admin. Code 117-2-03(D) permit. We also noted the financial impact of COVID-19 and the continuing emergency measures which may impact subsequent periods of the Township.

#### Internal Control Over Financial Reporting

As part of our financial statement audit, we considered the Township's internal control over financial reporting (internal control) as a basis for designing audit procedures appropriate in the circumstances to the extent necessary to support our opinions on the financial statements, but not to the extent necessary to opine on the effectiveness of the Township's internal control. Accordingly, we have not opined on it.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A material weakness is a deficiency, or combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the Township's financial statements. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all internal control deficiencies that might be material weaknesses or significant deficiencies. Therefore, unidentified material weaknesses or significant deficiencies may exist. We did identify a certain deficiency in internal control, described in the accompanying schedule of findings that we consider a material weakness. We consider finding 2020-001 to be a material weakness.

# **Compliance and Other Matters**

As part of reasonably assuring whether the Township's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the financial statements. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

# Purpose of this Report

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the Township's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the Township's internal control and compliance. Accordingly, this report is not suitable for any other purpose.

# FINDINGS RELATED TO THE FINANCIAL STATEMENTS REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS

### Material Weakness - Financial Reporting

In our audit engagement letter, as required by AU-C Section 210, *Terms of Engagement*, paragraph .06, management acknowledged its responsibility for the preparation and fair presentation of their financial statements; this responsibility includes designing, implementing and maintaining internal control relevant to preparing and fairly presenting financial statements free from material misstatement, whether due to fraud or error as discussed in AU-C Section 210 paragraphs .A14 & .A16. In addition, Governmental Accounting Standards Board (GASB) Statement No. 54 (codified as GASB Cod 1800.165-.179) requires fund balance be divided into one of five classifications based on the extent to which constraints are imposed upon the resources.

The following errors were identified in the accompanying financial statements:

- In 2020, public safety disbursements were incorrectly classified as interest and fiscal charges in the Fire District Fund in the amount of \$53,064.
- In 2020, capital outlay and loans issued were understated in the Gasoline Tax Fund in the amounts of \$121,716 and \$109,809, respectively. In addition, interest and fiscal charges were overstated in the amount of \$11,907.
- Restricted fund balances within the Cemetery, Fire District, and Special Levy EMS Funds in the amounts of \$14,314, \$44,232, and \$45,093, respectively, were incorrectly classified as committed in 2019.
- Restricted fund balances within the Motor Vehicle License Tax, Gasoline Tax, and Permissive Motor Vehicle License Tax Funds in the amounts of \$29,028, \$126,549, and \$26,294, respectively, were incorrectly classified as assigned in 2019.
- In 2019, General Fund subsequent year appropriations in excess of estimated receipts were incorrectly classified as unassigned instead of assigned fund balance in the amount of \$93,869.
- In 2020, budgeted receipts in the budgetary activity note to the financial statements did not agree to amounts certified by the County Budget Commission. Budgeted receipts were understated in the General, Special Revenue, and Capital Projects Funds in the amounts of \$47,908, \$366,506, and \$61,250, respectively.
- In 2020, actual receipts in the budgetary activity note to the financial statements were understated in the General, Special Revenue, and Capital Projects Funds in the amounts of \$51,373, \$472,995, and \$61,250, respectively.

These errors were the result of inadequate policies and procedures in reviewing the financial statements and notes to the financial statements. Failure to complete accurate financial statements and notes to the financial statements could lead to the Board of Trustees making misinformed decisions. The accompanying financial statements and notes to the financial statements have been adjusted to correct these errors. In addition to the adjustments noted above, we also identified additional misstatements ranging from \$429 to \$8,676 that we have brought to the Township's attention.

To help ensure the Township's financial statements and notes to the financial statements are complete and accurate, the Township should adopt policies and procedures, including a final review of the financial statements and notes to the financial statements by the Fiscal Officer and Board of Trustees, to help identify and correct errors and omissions.
