The accompanying notes to this schedule are an integral part of this schedule.

### NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS 2 CFR 200.510(b)(6) FOR THE YEAR ENDED DECEMBER 31, 2020

### NOTE A – BASIS OF PRESENTATION

The accompanying Schedule of Expenditures of Federal Awards (the Schedule) includes the federal award activity of Licking County (the County) under programs of the federal government for the year ended December 31, 2020. The information on this Schedule is prepared in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the County, it is not intended to and does not present the financial position, changes in net position, or cash flows of the County.

### NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the cash basis of accounting. Such expenditures are recognized following the cost principles contained in Uniform Guidance wherein certain types of expenditures may or may not be allowable or may be limited as to reimbursement.

### **NOTE C – INDIRECT COST RATE**

The County has elected not to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

### **NOTE D – SUBRECIPIENTS**

The County passes certain federal awards received from the Ohio Department of Job and Family Services and the Ohio Office of Budget and Management to other governments or not-for-profit agencies (subrecipients). As Note B describes, the County reports expenditures of Federal awards to subrecipients when paid in cash.

As a subrecipient, the County has certain compliance responsibilities, such as monitoring its subrecipients to help assure they use these subawards as authorized by laws, regulations, and the provisions of contracts or grant agreements, and that subrecipients achieve the award's performance goals.

### NOTE E – COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) AND HOME INVESTMENT PARTNERSHIPS PROGRAM (HOME) GRANT PROGRAMS WITH REVOLVING LOAN CASH BALANCE

The County has a revolving loan fund (RLF) program to provide low-interest loans to businesses to create jobs for low-to-moderate income persons and also to lend money to eligible persons to rehabilitate homes. The current cash balance in the County's local program income account as of December 31, 2020 is \$293,095.

### **NOTE F – MATCHING REQUIREMENTS**

Certain federal programs require the county to contribute non-federal funds (matching funds) to support the federally-funded programs. The County has complied with the matching requirements. The Schedule does not include the expenditure of non-federal matching funds.

#### NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS 2 CFR 200.510(b)(6) FOR THE YEAR ENDED DECEMBER 31, 2020 (Continued)

### NOTE G – TRANSFERS BETWEEN FEDERAL PROGRAMS

During calendar year 2020, the County made allowable transfers of \$1,194,058 from the Temporary Assistance to Needy Families (TANF) (93.558) program to the Child Care and Development (CCD) (93.596) and Social Services Block Grant (SSBG) (93.667) programs. The Schedule shows the County spent approximately \$2,863,620 on the TANF program. The amount reported for the TANF program on the Schedule excludes the amount transferred to the CCD and SSBG programs. The amount transferred to the CCD and SSBG programs is included as SSBG expenditures when disbursed. The following table shows the gross amount drawn from the TANF program during calendar year 2020 and the amount transferred to the Child Care and Development and Social Services Block Grant programs.

| Total Temporary Assistance for Needy Families\$           | 4,057,678   |
|---|-------------|
| Total reported as Child Care and Development program      | (14,391)    |
| Total reported as Social Services Block Grant             | (1,179,667) |
| Total reported as Temporary Assistance for Needy Families | 2,863,620   |

### INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY *GOVERNMENT AUDITING STANDARDS*

Licking County 20 South Second Street Newark, Ohio 43055

To the Licking County Commissioners:

We have audited, in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate discretely presented component units and remaining fund information of Licking County, (the County) as of and for the year ended December 31, 2020, and the related notes to the financial statements, which collectively comprise the County's basic financial statements and have issued our report thereon dated July 19, 2021 wherein we noted the financial impact of COVID-19 and the ensuing emergency measures will impact subsequent periods of the County. Our report refers to other auditors who audited the financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that those auditors separately reported.

### Internal Control Over Financial Reporting

As part of our financial statement audit, we considered the County's internal control over financial reporting (internal control) as a basis for designing audit procedures appropriate in the circumstances to the extent necessary to support our opinions on the financial statements, but not to the extent necessary to opine on the effectiveness of the County's internal control. Accordingly, we have not opined on it.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the County's financial statements. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all internal control deficiencies that might be material weaknesses or significant deficiencies. Given these limitations, we did not identify any deficiencies in internal control that we consider material weaknesses. However, unidentified material weaknesses may exist.

Licking County Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Required by Government Auditing Standards Page 2

### **Compliance and Other Matters**

As part of reasonably assuring whether the County's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the financial statements. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

### Purpose of this Report

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the County's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the County's internal control and compliance. Accordingly, this report is not suitable for any other purpose.

talu

Keith Faber Auditor of State Columbus, Ohio

July 19, 2021

88 East Broad Street, 5<sup>th</sup> Floor Columbus, Ohio 43215-3506 (614) 466-3402 or (800) 443-9275 CentralRegion@ohioauditor.gov

### INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Licking County 20 South Second Street Newark, Ohio 43055

To the Board of County Commissioners:

### Report on Compliance for each Major Federal Program

We have audited Licking County's (the County) compliance with the applicable requirements described in the U.S. Office of Management and Budget (OMB) *Compliance Supplement* that could directly and materially affect Licking County's major federal programs for the year ended December 31, 2020. The *Summary of Auditor's Results* in the accompanying schedule of findings identifies the County's major federal programs.

### Management's Responsibility

The County's Management is responsible for complying with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

### Auditor's Responsibility

Our responsibility is to opine on the County's compliance for the County's major federal programs based on our audit of the applicable compliance requirements referred to above. Our compliance audit followed auditing standards generally accepted in the United States of America; the standards for financial audits included in the Comptroller General of the United States' *Government Auditing Standards*; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). These standards and the Uniform Guidance require us to plan and perform the audit to reasonably assure whether noncompliance with the applicable compliance requirements referred to above that could directly and materially affect a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe our audit provides a reasonable basis for our compliance opinion on the County's major programs. However, our audit does not provide a legal determination of the County's compliance.

Licking County Independent Auditor's Report on Compliance with Requirements Applicable to Each Major Federal Program and on Internal Control Over Compliance Required By *the Uniform Guidance* Page 2

### Opinion on each Major Federal Program

In our opinion, Licking County complied, in all material respects with the compliance requirements referred to above that could directly and materially affect each of its major federal programs for the year ended December 31, 2020.

### Report on Internal Control Over Compliance

The County's management is responsible for establishing and maintaining effective internal control over compliance with the applicable compliance requirements referred to above. In planning and performing our compliance audit, we considered the County's internal control over compliance with the applicable requirements that could directly and materially affect a major federal program, to determine our auditing procedures appropriate for opining on each major federal program's compliance and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not to the extent needed to opine on the effectiveness of internal control over compliance. Accordingly, we have not opined on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, when performing their assigned functions, to prevent, or to timely detect and correct, noncompliance with a federal program's applicable compliance requirement. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance requirement will not be prevented, or timely detected and corrected. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with federal program compliance requirement will not be prevented, or timely detected and corrected. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with federal program's applicable compliance requirement that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

This report only describes the scope of our internal control over compliance tests and the results of this testing based on Uniform Guidance requirements. Accordingly, this report is not suitable for any other purpose.

### Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have also audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate discretely presented component units and remaining fund information of Licking County (the County) as of and for the year ended December 31, 2020, and the related notes to the financial statements, which collectively comprise the County's basic financial statements. We issued our unmodified report thereon dated July 19, 2021, wherein we noted the financial impact of COVID-19 and the ensuing emergency measures will impact subsequent periods of the County. Our report refers to other auditors who audited the financial statements. We conducted our audit to opine on the County's basic financial statements as a whole.

Licking County Independent Auditor's Report on Compliance with Requirements Applicable to Each Major Federal Program and on Internal Control Over Compliance Required By *the Uniform Guidance* Page 3

The accompanying schedule of expenditures of federal awards presents additional analysis required by the Uniform Guidance and is not a required part of the basic financial statements. The schedule is management's responsibility, and was derived from and relates directly to the underlying accounting and other records management used to prepare the basic financial statements. We subjected this schedule to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling this schedule directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, this schedule is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

THIS PAGE INTENTIONALLY LEFT BLANK

# Michael L. Smith Licking County Auditor

Administration Building 20 South Second Street Newark, Ohio 43055 740-670-5040/ msmith@lcounty.com

July 19, 2021

To The Citizens of Licking County, and the Board of County Commissioners:

The Comprehensive Annual Financial Report (Annual Report) for Licking County, Ohio (the "County") for the fiscal year ended December 31, 2020 is hereby presented to its citizens. The report has been prepared in accordance with generally accepted accounting principles established by statements of the Governmental Accounting Standards Board (GASB), other authoritative pronouncements and guidelines recommended by the Government Finance Officers Association of the United States and Canada (GFOA).

### **Introduction**

While there is no legal requirement for the preparation of this report, it represents a commitment by Licking County to conform to nationally recognized standards of excellence in financial reporting. Responsibility for both the accuracy of the presented data, and the completeness and fairness of the presentation, including all disclosures, rests with the County Auditor's Office. To the best of our knowledge and belief, the enclosed data, as presented, is accurate in all material respects, is presented in a manner designed to fairly set forth the financial position and results of operations of the County, and presents all disclosures necessary to enable the reader to gain an understanding of the County's financial activity.

Generally Accepted Accounting Principles require that management provide a narrative introduction, overview and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. Licking County's MD&A can be found immediately following the report of the independent auditors.

### The Reporting Entity:

The accompanying basic financial statements comply with the provisions of Governmental Accounting Standards Board (GASB) Statement No. 14, *The Financial Reporting Entity*, in that the financial statements include all the organizations, activities, functions and component units for which the County (the reporting entity) is financially accountable. Financial accountability is defined as the appointment of a voting majority of the component unit's board, and either (1) the County's ability to impose its will over the component unit, or (2) the possibility that the component unit will provide financial benefit to, or impose a financial burden on, the County. Therefore, the reporting entity of the County includes the following services: human and social services, health and community assistance related services, law enforcement, civil and criminal justice system services, road and bridge maintenance, and other general and administrative support services. The County also operates a water distribution system and a wastewater collection and treatment system which are reported as enterprise funds.

In addition to the services identified above, the County is financially accountable for the following entities: the Children's Services Board and the Board of Developmental Disabilities, therefore, these activities are included in the reporting entity.

In addition, the Licking County Regional Airport Authority, Land Reutilization Corporation (Land Bank), and the Transportation Improvement District (TID) are reported as discretely presented component units in separate columns in the financial statements.

The County Auditor serves as the fiscal agent for the Licking County Park District and the Licking County Board of Health; therefore, the financial activity is reflected in County custodial funds.

Licking County participates in the following jointly governed organizations; Coshocton-Fairfield-Licking-Perry Solid Waste District, Licking County Children and Families First Council's Clinical Committee, Multi-County Juvenile Rehabilitation Facility, Licking County Area Transportation Study, Metropolitan Planning Organization, Heath-Newark-Licking County Port Authority and the Licking County Children and Families First Council.

A thorough presentation of the County's reporting entity is contained in Note 1 of the basic financial statements.

### **County Organization and Services:**

Licking County was established by an act of the State Legislature in 1808 and is located in the central part of the state. Newark is the County seat and is located approximately 30 miles east of Columbus and 10 miles north of interstate 70. The County is ranked as the third largest county in Ohio in terms of area. Its 688.05 square miles serves a residential population estimated at over 176,000. The County includes 25 townships, 11 villages, 3 cities and 2 cities that overlap into adjoining counties. The County has only those powers conferred upon it by Ohio statutes.

A three member Board of County Commissioners is elected at large in even numbered years for overlapping four year terms. The Board of County Commissioners serves as the taxing authority, the contracting body and the chief administrator of public services for the County. The Board of County Commissioners prepares and adopts the annual operating budget and makes the annual appropriation measure for expenditures of all County funds. In addition to the Board of County Commissioners, the offices of the County Auditor and County Treasurer are included in the category of general government and are of particular importance to the financial affairs of the County.

The County Auditor is elected to a four year term and serves as the chief fiscal officer for the County and the tax assessor for all political subdivisions within the County. According to state law, a complete reappraisal must be conducted every six years. Fiscal year 2017 was the most recent reappraisal year. In addition, a triennial update is required every third year between reappraisals. 2020 was the most recent triennial update year. Upon collection by the County Treasurer, the County Auditor is responsible for distributing certain taxes to various political subdivisions including municipalities, villages, townships, school and library districts, special districts and County agencies. As chief fiscal officer, the Auditor must certify that funds for all contracts and obligations of the County have been lawfully appropriated and are available or in the process of collection before the contract or obligation is binding upon the County.

The Auditor is also the central disbursing agent, who by the issuance of County warrants distributes funds to creditors in payment of liabilities incurred by the County. The Auditor is also responsible for the County payroll and has other statutory accounting responsibilities. The Auditor is, by state law, secretary of the County Board of Revision and the County Budget Commission.

The County Treasurer is also elected to a four-year term and is the custodian of all County funds. The Treasurer is responsible for collecting all tax monies, applying payments to the appropriate tax accounts and investing all available idle County funds as specified by Ohio law. The Treasurer is the distributing agent for expenditures authorized by the Board of County Commissioners upon the Auditor's warrant. The Treasurer must make daily reports showing receipts, payments and balances to the County Auditor. The Treasurer is a member of the County Board of Revision and the County Budget Commission. The Budget Commission plays an important part in the financial administration of the County government, as well as, all political subdivisions throughout the County.

The other elected officials serving four-year terms are the Prosecuting Attorney who serves as the third and final member of the County Budget Commission, the Clerk of Courts, the Recorder, the Sheriff, the Engineer and the Coroner. Two General Division Common Pleas Court Judges, two Domestic Relations Judges and one Juvenile/Probate Judge are elected to six-year terms.

### **Economic Factors and Next Year's Budgets and Rates**

The economic outlook for the County continues to be strong. The early 2021 returns on sales tax, and property tax, which accounted for nearly 68% of all general fund revenues in 2020, show an increase from last year. Despite the challenges presented by the arrival of Covid-19 pandemic, and the Statewide quarantine in early 2020, there was a slight increase in general fund revenues over the previous year. The continuing conservative approach taken by most elected officials prior to 2020 helped build a general fund reserve which exceeded 38 million by year end. The commissioners passed the annual appropriation in March of 2021 in the amount of \$79.393 million for the general fund.

The 2020 unemployment rate for Licking County was 4.2. Historically, Licking County has experienced lower unemployment rates than Ohio's overall average, and that held true for 2020, as the State average was 5.5%. Much of the unemployment can be attributed directly to the Covid19 pandemic. Unemployment rates for March of 2021 had increased to 4.7% due to Covid -19, the State average was 5.6%.

The County's location is in close proximity to Columbus (the State capital), and within relatively short distances of such major Ohio metropolitan areas as Akron (approximately 100 miles northeast), Cleveland (approximately 122 miles northeast), Cincinnati (approximately 140 miles southwest) and Dayton (approximately 104 miles west). The County is readily accessible by Interstate Route 70, U.S. Routes 40 and 62, and eleven state highways, including State Routes 161, 310, 37, and 16, serving various portions of the County. A major development corridor was opened called the Thornwood Drive Corridor. It started with the completion of a \$30 million interchange at Cherry Valley Road and Route 16. A new interchange at State Route 161 and Mink Street Road completed in 2017 facilitates growth and economic development in Western Licking County.

Citizens of the County have ready access to three airports. Licking County Regional Airport located in the City of Heath, can accommodate most small business jets, twin-engine business aircraft and has charter service. John Glenn Port Columbus International Airport is located approximately 27 miles west of the county seat (Newark) and is served by major commercial air carriers. Additionally, the international, multi-modal cargo airport, Rickenbacker International Airport, is located approximately 21 miles southwest of

the county line. Other transportation facilities serving the County are five motor freight truck lines and the CSX and Gennesse Wyoming railroad lines.

### Major Initiatives and Financial Planning

Each year the County evaluates available cash in relation to the amount borrowed in order to establish a healthy and desirable balance

In 2020, the County finalized the Engineer's bridge improvement program, borrowing \$200,000. From 2014 thru 2020 the County borrowed a combined \$14.925 million to assist the bridge improvement program. During this time the County spent in excess of 23.5 million for the repair and/or replacement of various County bridges.

Work continues to upgrade the County Justice Center. A borrowing of \$1,000,000 for this project was completed in early 2018. The County anticipates that this project should be completed in 2021.

Work is Scheduled to begin in 2021 to replace the windows in the Licking County Courthouse. This project is being done without any borrowing, but will be partially funded by a \$1,000,000 transfer from the Clerk of Courts, Certificate of Title Fund in January of 2020.

In addition, the County Board of Developmental Disabilities was able to defease their bond debt from 2018 in CY 2020 and is now debt free.

The County bond retirement funds are sound, and the County will look to control expenditures to maintain liquidity while addressing these issues.

Licking County created the Licking Land Reutilization Corporation (Land Bank) in 2015 through the efforts of the County Treasurer. The land bank is responsible for taking blighted, abandoned and or, delinquent property located throughout Licking County and returning them to productive property to enhance the surrounding property and create positive tax revenue. Since its inception, the Land Bank has demolished over 70 vacant and abandoned structures. The Land Bank has also moved more than 170 properties from delinquency into the hands of responsible property owners.

### **Financial Information**

### Internal Control, Budgetary Control and the Accounting System:

Development of the County's accounting system included substantial consideration of the adequacy of the internal accounting controls. Internal accounting controls are designed to provide reasonable, but not absolute assurance that:

- 1. The County's assets are protected against loss and unauthorized use or disposition; and
- 2. Reliable financial reports for preparing financial statements and providing accountability for assets are maintained.

The concept of reasonable assurance states that internal controls should be evaluated applying the following criteria:

- 1. The expense associated with providing the internal controls should not exceed the benefits likely to be derived from their implementation; and
- 2. The evaluation of the offsetting costs and benefits involves estimates and judgment by the County administration and members of the Auditor's office.

All internal control evaluations occur within this framework. It is the belief of the administrative and financial management personnel that the County's financial controls adequately safeguard existing assets and provide reasonable assurance of the proper recording of financial transactions.

The Accounting Department of the County Auditor's Office is responsible for the auditing and analysis of all purchase orders and vouchers of the County. Accounting Department personnel review the purchase orders and vouchers to ensure the availability of monies in the proper funds and accounts prior to certification and payment of approved invoices. The County utilizes a fully automated accounting system, as well as an automated system of controls for capital asset accounting and payroll. These systems, coupled with the review and examination performed by the County Auditor's Office, ensure that the financial information generated is both accurate and reliable.

Budgetary appropriations for the operation of the County's departments are established through the adoption of the annual appropriation resolution by the Board of County Commissioners. All disbursements and transfers of cash between funds require appropriation authority from the County Commissioners. Budgets are controlled at the object level, by function and fund. Purchase orders are requested by the department head and encumbered prior to their release to vendors. Those purchase orders which exceed the available appropriations are rejected until additional appropriations are secured. A computerized certification system allows the Auditor's Office to ascertain the status of appropriations prior to authorizing purchases. Budgetary control is maintained at the object level for each department by function (Public Safety, Health, Human Services, Conservation and Recreation, Community Development, Public Works, General Government, Debt Service and Capital Outlay) within each fund via legislation approved by the County Commissioners. The various object levels are:

| * | Personal services         | * | Materials and supplies |
|---|---------------------------|---|------------------------|
| * | Contractual services      | * | Capital Outlay         |
| * | Travel and Transportation | * | Debt Service           |
| * | Transfers                 |   | Principal              |
|   |                           |   | Interest               |

Lower levels within each object are accounted for and reported internally. Such lower levels are referred to as line items of expenditure. Estimated amounts must be encumbered prior to final approval of purchase orders or other contracts to vendors. Unencumbered appropriations return (lapse) to the unappropriated balances in the individual funds at the end of each fiscal year which coincides with the calendar year. Appropriations, both original and supplemental, must be authorized by the Board of County Commissioners. Supplemental appropriations occurred numerous times during the year, to provide funding for various contingencies.

### **Risk Management:**

The proactive approach that the administration employs in addressing its ongoing operations is reflected in the composition of the County's insurance protection package and its very favorable loss experience.

The County is a member of the County Risk Sharing Authority, Inc. (CORSA), which is a risk sharing pool among forty one counties in Ohio. CORSA was formed in and as an Ohio nonprofit corporation for the purpose of establishing the CORSA Insurance/Self-Insurance Program, a group primary and excess insurance/self-insurance and risk management program. Member counties agree to jointly participate in coverage of losses and pay all contributions necessary for the specified insurance coverage provided by CORSA.

In addition to the above coverages, the County administers a self-insured risk program for employee medical and dental coverage.

### **Other Information**

### **Independent Audit:**

The basic financial statements of Licking County were audited by the Office of Keith Faber, Ohio Auditor of State. The Auditors' unmodified opinion has been included in this report.

### Awards:

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Licking County, Ohio for its Comprehensive Annual Financial Report for the fiscal year ended December 31, 2019. This represented the 20<sup>th</sup> consecutive year that this Certificate was awarded to the County. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards in state and local government financial reporting. To be awarded a Certificate of Achievement, a governmental unit must prepare an easily readable and efficiently organized Comprehensive Annual Financial Report whose contents satisfy all program standards. The report must satisfy both generally accepted accounting principles (GAAP) and applicable legal requirements respective to the reporting entity.

A Certificate of Achievement is valid for a period of one year only. We believe this current report continues to conform to the Certificate of Achievement for Excellence in Financial Reporting program requirements and are submitting it to the GFOA.

The Auditor of the State of Ohio awarded Licking County, the Ohio Auditor of State Award with Distinction, for its Comprehensive Annual Financial Report for the fiscal year ended December 31, 2019.

### **Public Disclosure:**

The publication of this Comprehensive Annual Financial Report is indicative of the County's commitment to provide significantly enhanced financial information and accountability to its citizens. In addition to the citizens of Licking County, the recipients of this report include city, state and federal officials, schools, libraries, newspapers, investment banking firms, banks and rating agencies. The report is made available to any person or organization requesting it. The extensive effort to prepare and distribute this report is indicative of the continued efforts of the County to improve its overall financial accounting, management and reporting capabilities.

### Acknowledgments:

The publication of this report is the accumulation of many hours of dedicated work in the research, analysis and preparation of the financial statements and the accompanying notes and narratives. Sincere appreciation is extended to the many individuals who have worked diligently and contributed much time and effort in gathering data for this report particularly, Brad Cottrell Chief Deputy Auditor, Martha Snavely Chief Deputy Auditor, and Lori Stradley Deputy Auditor Settlements.

I would like to extend recognition to the staff of the accounting department, Heather Ward and Kelley Edwards for their continued efforts throughout the year. In addition I wish to thank the remaining Staff of the County Auditor's office for their contributions to the on-going operation of the office.

Special acknowledgment is extended to the staff of Rea & Associates, Inc. for their continued guidance in the preparation of the Comprehensive Annual Financial Report for Licking County.

Finally, I would like to thank the members of the Licking County Board of County Commissioners and other elected officials and department heads whose support is necessary in order for the County to conform to reporting requirements established for governmental entities. It is our goal to continue to maintain the sound financial position that Licking County has enjoyed over the years.

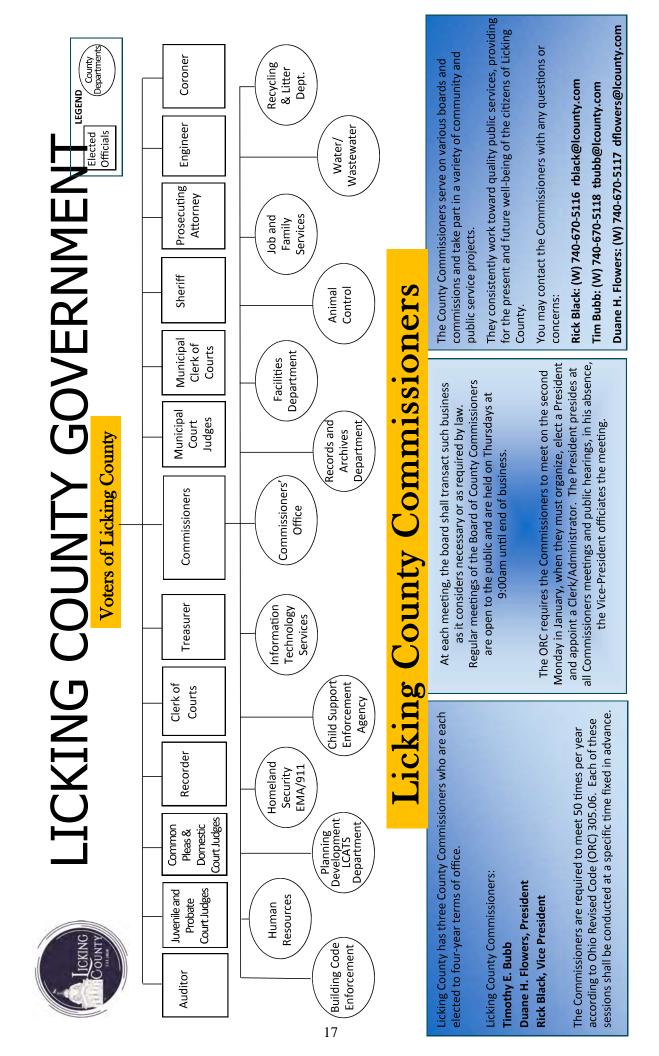

Respectfully,

Mould Suit

Michael L. Smith Licking County Auditor

Certificate of Achievement for Excellence in Financial Reporting

Presented to

# Licking County Ohio

For its Comprehensive Annual Financial Report For the Fiscal Year Ended

December 31, 2019

Christophen P. Morrill

Executive Director/CEO

## FINANCIAL SECTION

THIS PAGE INTENTIONALLY LEFT BLANK

88 East Broad Street, 5<sup>th</sup> Floor Columbus, Ohio 43215-3506 (614) 466-3402 or (800) 443-9275 CentralRegion@ohioauditor.gov

#### INDEPENDENT AUDITOR'S REPORT

Licking County 20 South Second Street Newark, Ohio 43055

To the Board of County Commissioners:

#### Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate discretely presented component units and remaining fund information of Licking County, Ohio (the County), as of and for the year ended December 31, 2020, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for preparing and fairly presenting these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes designing, implementing, and maintaining internal control relevant to preparing and fairly presenting financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to opine on these financial statements based on our audit. We did not audit the financial statements of the Transportation Improvement District, which represent .44 percent, (1.64) percent, and .11 percent, respectively, of the assets, the net position or fund balances, and revenues of the aggregate discretely presented component units and remaining fund information. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amount included for the Transportation Improvement District, is based solely on the report of other auditors. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the County's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the County's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

Licking County Independent Auditor's Report Page 2

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinions.

#### Opinion

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate discretely presented component units and remaining fund information of the County, as of December 31, 2020, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparisons for the General, Developmental Disabilities, and Children's Services Funds thereof for the year then ended in accordance with the accounting principles generally accepted in the United States of America.

#### Emphasis of Matter

As discussed in Note 24 to the financial statements, the financial impact of COVID-19 and the continuing emergency measures may impact subsequent periods of the County. We did not modify our opinion regarding this matter.

#### Other Matters

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require this presentation to include *management's discussion and analysis*, and schedules of net pension and other post-employment benefit liabilities and pension and other post-employment benefit contributions listed in the table of contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, consisting of inquiries of management's responses to our inquiries, to the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not opine or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to opine or provide any other assurance.

#### Supplementary and Other Information

Our audit was conducted to opine on the County's basic financial statements taken as a whole.

The introductory section, the financial section's combining statements, individual fund statements and schedules and the statistical section information present additional analysis and are not a required part of the basic financial statements.

The statements and schedules are management's responsibility, and derive from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. We subjected this information to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling this information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves in accordance with auditing standards generally accepted in the United States of America. In our opinion, this information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

We did not subject the introductory section and statistical section information to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion or any other assurance on them.

Licking County Independent Auditor's Report Page 3

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated July 19, 2021, on our consideration of the County's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

Keith Faber Auditor of State Columbus, Ohio

#### MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2020 (UNAUDITED)

As management of Licking County (the "County"), we offer readers of the County's financial statements this narrative overview and analysis of the financial activities of the County for the fiscal year ended December 31, 2020. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found on pages 9-15 of this report.

#### **Financial Highlights**

- The assets and deferred outflows of resources of the County exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year by approximately \$101.3 million (net position).
- The County's Governmental Activities net position increased by \$13.4 million. This increase represents the amount in which general revenues exceeded net program costs.
- The County's Business-Type Activities net position increased by \$776,082. This increase primarily represents the amount in which charges for services and grants exceeded program expenses.
- As of the close of the current fiscal year, the County's governmental funds reported combined ending fund balances of approximately \$103.0 million, an \$18.2 million increase in comparison with the prior year.
- At the end of the current fiscal year, unassigned fund balance for the general fund was approximately \$41.9 million, or approximately 66 percent of total general fund expenditures.

#### **Overview of the Financial Statements**

This discussion and analysis provided here are intended to serve as an introduction to the County's basic financial statements. The County's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also includes supplementary information intended to furnish additional detail to support the basic financial statements themselves.

**Government-wide financial statements**. The government-wide financial statements are designed to provide readers with a broad overview of the County's finances, in a manner similar to a private-sector business.

The Statement of Net Position presents information on all of the County's assets, liabilities and deferred inflows/outflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The *Statement of Activities* presents information showing how the County's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

#### MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2020 (UNAUDITED)

Both of the government-wide financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the County included general government, public safety, public works, health, human services, conservation and recreation, economic development and assistance, and urban redevelopment and housing. The business-type activities of the County include water and wastewater operations.

The government-wide financial statements include not only the County itself (known as the primary government), but also three legally separate nonprofit organizations for which the County is financially accountable. Financial information for these component units are reported separately from the financial information presented for the primary government itself. The government-wide financial statements can be found on pages 36-39 of this report.

**Fund financial statements.** A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

**Governmental funds.** Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

Information is presented separately in the governmental fund balance sheet and in the governmental fund statement revenues, expenditures, and changes in fund balances for the general, developmental disabilities, children's services funds, each of which are considered to be major funds. Data from all other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements in the combining and individual fund statements and schedules section of this report.

The County adopts annual appropriated budgets for its general, developmental disabilities, and children's services funds. A budgetary comparison statement has been provided for each to demonstrate compliance with these budgets.

The basic governmental fund financial statements can be found on pages 40-46 of this report.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2020 (UNAUDITED)

**Proprietary funds.** The County maintains two different types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The County uses enterprise funds to account for its water and wastewater operations. Internal service funds are an accounting device used to accumulate and allocate costs internally among the County's various functions. The County uses an internal service fund to account for self-insured medical, self-insured dental, self-insured vision benefits, workers' compensation, and risk management services. Because this service predominantly benefits governmental rather than business-type functions, it has been included within governmental activities in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provided separate information for water and wastewater operations, both of which are considered to be major funds of the County.

The basic proprietary fund financial statements can be found on pages 47-49 of this report.

**Fiduciary funds.** Fiduciary funds are used to account for resources held for the benefit of parties outside the County. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support the County's programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statement can be found on pages 50-51 of this report.

**Notes to the financial statements.** The notes provide additional information that is necessary to acquire a full understanding of the data provided in the government-wide and fund financial statements.

The notes to the financial statements begin on page 53 of this report.

**Other Information** - In addition to the basic financial statements and accompanying notes, this report also presents required supplementary information concerning the County's progress in funding its obligation to provide pension benefits to its employees. This required supplementary information can be found on pages 108-123 of this report.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2020 (UNAUDITED)

#### **Government-Wide Financial Analysis**

The table below provides a comparative summary of the County's net position at December 31, 2020 and December 31, 2019:

|                                     | Net Position   |                |                          |               |  |  |  |  |
|-------------------------------------|----------------|----------------|--------------------------|---------------|--|--|--|--|

#### MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2020 (UNAUDITED)

#### **Governmental Activities**

Current and Other Assets increased significantly in comparison with the prior year. This increase is primarily the result of an increase in cash and investments from operations as well as a decrease in spending due to the COVID-19 pandemic.

Capital Assets, Net and Net Investment in Capital Assets both increased significantly in comparison with the prior year. For the most part, these increases represent building renovations to the justice center and developmental disabilities building offset by current year depreciation.

The decrease in Other Long-Term Liabilities, both due within one year and other, is primarily the result of the County refunding bonds issued during the fiscal year as well as regular debt payments.

The net pension and net OPEB liabilities and related deferred outflows and inflows of resources all fluctuated significantly in comparison with the prior fiscal year. These fluctuations are due to changes in the actuarial liabilities and related accruals that are passed through to the County's financial statements. All components of pension and OPEB accruals contribute to the fluctuations in deferred outflows and net pension/net OPEB liability are described in more detail in their respective notes.

By far the largest portion of the County's Governmental Activities Net Position reflects its investment in capital assets (e.g. land, buildings, equipment and machinery, vehicles, and infrastructure), less any related outstanding debt that was used to acquire those assets. The County uses these capital assets to provide services to citizens. Accordingly, these assets are not available for future spending. Although the County's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the County's Governmental Activities Net Position (restricted net position) represents resources that are subject to external restrictions on how they may be used.

#### **Business-Type Activities**

Capital Assets, Net decreased slightly in comparison with the prior year. This decrease is primarily the result of the current year depreciation.

The decrease in Long-Term Liabilities primarily represents current year principal payments.

The increase in Net Investment in Capital Assets primarily represents the amount in which current year capital asset depreciation was less than current year principal payments.

The net pension and net OPEB liabilities and related deferred outflows and inflows of resources all fluctuated significantly in comparison with the prior fiscal year. These fluctuations are due to changes in the actuarial liabilities and related accruals that are passed through to the County's financial statements. All components of pension and OPEB accruals contribute to the fluctuations in deferred outflows and net pension/net OPEB liability are described in more detail in their respective notes.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2020 (UNAUDITED)

Similar to Governmental Activities, the largest portion of the County's Business-Type Activities Net Position reflects its investment in capital assets (e.g. land, buildings, equipment and machinery, vehicles, and infrastructure), less any related outstanding debt that was used to acquire those assets. The County uses these capital assets to provide services to citizens. Accordingly, these assets are not available for future spending. Although the County's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

The remaining balance of Unrestricted Net Position may be used to meet the County's ongoing obligations to citizens and creditors.

This space intentionally left blank.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2020 (UNAUDITED)

#### **Governmental Activities**

Operating grants and contributions increased significantly in comparison with the prior year. This increase is primarily the result of the County receiving CARES Act funding during the pandemic.

Capital grants and contributions decreased significantly in comparison with the prior year. This decrease is primarily the result of the County receiving grants in 2019 for the purchase of voting machines to be used in 2020.

Community and economic development expenses increased significantly during the year. The increase is primarily represented by the County providing support to the community during the COVID-19 pandemic with the aid of CARES Act grant funding.

Human services expenses decreased significantly during the year. This decrease is primarily represented by the decrease in pension/OPEB expense due to changes in the actuarial liabilities and related accruals that are passed through to the County's financial statements.

Investment earnings decreased significantly in comparison with the prior fiscal year. This decrease is primarily the result of interest rate decreases during 2020.

Sale of capital assets decreased in comparison with the prior year as a result of the County selling the 600 Industrial Parkway building during 2019.

#### **Business-Type Activities**

Revenues and expenses in Business-Type Activities remained consistent with the prior year.

#### **Financial Analysis of the Governmental Funds**

As of the end of the current fiscal year, the County's governmental funds reported combined ending fund balances of approximately \$103.0 million, an increase of approximately \$18.2 million in comparison with the prior year. The schedule below indicates the fund balance and the total change in fund balance as of December 31, 2020 and 2019.

|                            | F    | Fund Balance      |    | and Balance    |          |            |  |

| Total                      | \$   | 102,963,732       | \$ | 84,812,066     | \$       | 18,151,666 |  |

#### MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2020 (UNAUDITED)

The General Fund is the chief operating fund of the County. At the end of the current fiscal year, unassigned fund balance of the General Fund was approximately \$41.9 million, while total fund balance reached approximately \$53.2 million. As a measure of General Fund liquidity, it may be useful to compare both unassigned and total fund balance to total general fund expenditures. Unassigned fund balance represents 66 percent of total General Fund expenditures, while total fund balance represents 83 percent of that same amount.

The fund balance of the County's General Fund increased by approximately \$11.8 million during the current fiscal year. This increase is primarily the result of an increase in sales tax revenue and property tax revenue.

The fund balance of the County's Developmental Disabilities Fund increased by approximately \$2.6 million during the current fiscal year. This increase represents the amount in which property taxes and intergovernmental revenues exceeded program expenditures and debt service.

The fund balance of the County's Children's Services Fund increased by approximately \$1.4 million during the current fiscal year. This increase is primarily the result of an increase in grant revenue.

#### **Financial Analysis of the Proprietary Funds**

The net position of the County's Water and Wastewater Funds increased \$236,475 and \$539,607, respectively during the current fiscal year. These increases are the result of customer charges and revenues from ODOT for the waterline project exceeding operating expenses.

#### **Financial Analysis of the Internal Service Funds**

The net position of the County's Internal Service Fund increased by approximately \$2.2 million during the year. This increase represents the amount in which program charges (\$21.4 million) and interest income (\$103,562) exceeded program expenses (\$19.3 million).

#### **General Fund Budgeting Highlights**

During the year, actual revenues and other financing sources exceeded the final budget by approximately \$2.2 million. A significant portion of this variance is the result of charges for services, which were \$1.8 million more than anticipated. The final revenue estimates were approximately \$5.1 million more than the original revenue estimates. This variance is the result of higher revenue expected from the County for sales taxes.

The County's final appropriation measure exceeded the original by \$985,578 and actual budgetary expenditures were approximately \$11.5 million less than the final appropriations measure. This variance is mainly the result of a reduction in expenditures due to the COVID-19 pandemic.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2020 (UNAUDITED)

#### **Capital Assets**

The County's investment in capital assets for governmental activities as of December 31, 2020, including land, buildings and improvements, equipment and machinery, and infrastructure, totaled \$112.1 million (net of accumulated depreciation), an increase of \$1.8 million in comparison with the prior year. This increase represents the amount in which current year acquisitions of approximately \$7.6 million exceeded current year depreciation (approximately \$5.1 million), net current year net disposals (\$696,657).

The County's investment in capital assets for business-type activities as of December 31, 2020, including land, buildings and improvements, equipment and machinery, and infrastructure totaled \$19.5 million (net of accumulated depreciation), a decrease of \$5,901 in comparison with the prior year. This decrease consists of current year depreciation of \$737,627 offset by current year acquisitions of \$731,726.

Detailed information regarding capital asset activity is included in the Note 6 to the basic financial statements.

#### **Debt Administration**

The County's governmental activities debt as of December 31, 2020, including bonds and loans, was approximately \$30.1 million, a decrease of approximately \$4.1 million in comparison with the prior year. This decease represents principal payments made during the year of approximately \$3.2 million and refunded debt of approximately \$13.6 million offset by new debt of approximately \$12.7 million.

The County's business-type activities debt as of December 31, 2020, was approximately \$7.7 million, a decrease of \$686,049 in comparison with the prior year. This decrease represents principal payments made during the year.

Detailed information regarding debt activity is included in Note 7 to the basic financial statements.

#### **Contacting the County's Financial Management**

This financial report is designed to provide our citizens, taxpayers, investors, and creditors with a general overview of the County's finances and to show the County's accountability for the money it receives. If you have questions about this report or need additional information contact Michael L. Smith, Auditor of Licking County, Administration Building, 20 South Second Street, Newark, Ohio 43055. Or e-mail at msmith@lcounty.com or telephone at (740) 670-5040.

# Licking County, Ohio Reconciliation of Total Governmental Fund Balances to Net Position of Governmental Activities December 31, 2020

| Total Governmental Fund Balances  |  | \$ 102,963,732 |
|---|--|----------------|
| Amounts reported for governmental activities in the statement of net position are different because:  |  |                |
| Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds.   |  | 112,121,516    |
| Other long-term assets are not available to pay for current-period expenditures and therefore are deferred in the funds:<br>Sales Taxes<br>Property Taxes   | \$     4,367,290   |                |
| Special Assessments<br>Intergovernmental<br>Accounts Receivable<br>Interest Receivable  | 283,625<br>5,596,155<br>47,146<br>123,896                          | 10,763,111     |
| An internal service fund is used by management to charge the costs of self-insurance and risk management to individual funds. The assets, liabilities, and deferred outflows/inflows of resources of the internal service fund are included in governmental activities in the statement of net position.        |  | 11,005,291     |
| Accrued interest payable is not due and payable in the current period and therefore not reported in the funds.  |  | (73,831)       |
| The net pension liability and net OPEB liability are not due and payable in the current period, therefore,<br>the liability and related deferred inflows/outflows are not reported in governmental funds.<br>Net OPEB Asset<br>Deferred Outflows - Pension<br>Deferred Outflows - OPEB<br>Net Pension Liability | 13,578<br>12,910,188<br>8,584,419<br>(69,626,882)                  |                |

Licking County, Ohio Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances of Governmental Funds to the Statement of Activities For the Year Ended December 31, 2020

| Net Change in Fund Balances - Total Governmental Funds  |              | \$<br>18,141,005 |
|---|--------------|------------------|
| Amounts reported for governmental activities in the statement of activities are different because:  |              |                  |
| Governmental funds report capital outlays as expenditures. However, in the statement of activites,  |              |                  |
| the cost of those assets is allocated over their estimated useful lives as depreciation expense.<br>Capital Asset Additions   | 7,643,152    |                  |
| Current Year Depreciation   | (5,108,815)  | 2,534,337        |
| Governmental funds only report the disposal of capital assets to the extent proceeds are received<br>from the sale. In the statement of activities, a gain or loss is reported for each disposal.     |              | (696,657)        |
| Revenues in the statement of activities that do not provide current financial resources are not reported<br>as revenues in the funds.   |              |                  |
| Sales Taxes   | 164,503      |                  |
| Property Taxes  | 67,585       |                  |
| Special Assessments   | (51,007)     |                  |
| Intergovernmental   | 175,954      |                  |
| Miscellaneous   | 29,466       |                  |
| Investment Earnings   | (56,953)     | 329,548          |
| Governmental funds report expenditures for inventory when purchased. However, in the statement of activities they are reported as an expense when consumed.   |              | 10,661           |
| Repayment of principal is an expenditure in the governmental funds, but the repayment reduces   |              |                  |
| long-term liabilities in the statement of net position.   |              |                  |
| Bonds Payable   | 2,023,740    |                  |
| Special Assessment Bonds  | 20,000       |                  |
| Loans Payable   | 1,160,676    |                  |
| Bond Anticipation Notes   | 4,300,000    | 7,504,416        |
| Issuance of refunding bonds results in expenditures and other financing sources and uses in the   |              |                  |
| governmental funds, but these transactions are reflected in the statement of net position   |              |                  |
| as long-term deferred outflows and liabilities.   |              |                  |
| Payment to Refunded Bond Escrow Agent   | 9,920,563    |                  |
| Premium on Refunding Bonds  | (402,923)    |                  |
| Proceeds of Refunding Bonds   | (7,245,000)  | 2,272,640        |
| Debt proceeds issued in the governmental funds that increase long-term liabilities in the statement of  |              |                  |
| net position are not reported as revenues.<br>Bonds Payable   |              | (4,500,000)      |
| Inception of capital lease in the governmental funds that increase long-term liabilities in the statement<br>of net position are not reported as revenues.  |              | (924,272)        |
|   |              |                  |
| In the statement of activities, interest is accrued on outstanding bonds, and bond premium and the<br>gain/loss on refunding are amortized over the term of the bonds, whereas in governmental funds, |              |                  |
| an interest expenditure is reported when bonds are issued.  |              |                  |
| Accrued Interest Payable  | 80,792       |                  |
| Amortization of Premium on Bonds  | 33,224       | (01 500)         |
| Amortization of Refunding Loss  | (205,815)    | (91,799)         |
| Contractually required pension/OPEB contributions are reported as expenditures in governmental funds;   |              |                  |
| however, the statement of net position reports these amounts as deferred outflows.<br>Pension   |              | 7,124,293        |
| Except for amount reported as deferred inflows/outflows, changes in the net pension/OPEB liability are  |              |                  |
| reported as pension/OPEB expense in the statement of activities.  |              |                  |
| Pension   | (13,318,359) |                  |
| OPEB  | (5,918,536)  | (19,236,895)     |
| The internal service fund used by management to charge the cost of self-insurance and risk management to invididual funds is not  |              |                  |
| reported in the statement of activities. Governmental expenditures and related internal service fund  |              |                  |
| revenues are eliminated. The net revenue (expense) of the internal service fund is allocated among<br>the governmental activities.  |              | 2,213,215        |
| Some expenses reported in the statement of activities, do not require the use of current financial resources  |              |                  |
| and, therefore, are not reported as expenditures in governmental funds.   |              |                  |

THIS PAGE INTENTIONALLY LEFT BLANK.

#### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2020

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### A. Description of Government-wide Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. All fiduciary activities are reported only in the fund financial statements. Governmental activities, which normally are supported by taxes, intergovernmental revenues, and other nonexchange transactions, are reported separately from business-type activities, which rely to a significant extent on fees and charges to external customers for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

#### **B. Reporting Entity**

Licking County, Ohio (the County), was created in 1808. The County is governed by a board of three Commissioners elected by the voters of the County. Other officials elected by the voters of the County who manage various segments of the County's operations include the Auditor, Treasurer, Recorder, Clerk of Courts, Coroner, Engineer, Prosecutor, Sheriff, two General Division Common Pleas Court Judges, two Domestic Relations Judges and one Juvenile/Probate Judge. Although these other elected officials manage the internal operations of their respective departments, the County Commissioners authorize expenditures as well as serve as the budget and taxing authority, contracting body and the chief administrators of public services for the County.

The accompanying basic financial statements present the County and its component units, entities for which the County is considered to be financially accountable. Financial accountability is defined as the appointment of a voting majority of a legally separate organization's governing body and either (1) the County's ability to impose its will over the organization, or (2) the potential that the organization will provide a financial benefit to or impose a financial burden on the County. The County (the primary government) has three component units, the Licking County Regional Airport Authority, the Licking County Land Reutilization Corporation and the Licking County Transportation Improvement District due to the potential that they will provide a financial benefit to or impose a financial benefit to reimpose a financial benefit to reimpose.

**DISCRETELY PRESENTED COMPONENT UNITS** – The County's component units are discretely presented in the government-wide financial statements.

*Licking County Regional Airport Authority* – The Licking County Regional Airport Authority (the Airport) operates under a separate board that consists of nine members. The nine board members are appointed by the Licking County Commissioners. The County issued debt for the construction of hangers, which is retired from County general fund revenues and the Airport's revenues. The Airport rents the airport facilities to Aviation Works, Inc., a private company that operates the Airport. The Airport generates revenue from rent and grants applied for in the Airport's name. Separately issued financial statements can be obtained from the Licking County Regional Airport Authority, 530 Heath Road, Heath, Ohio 43056.

#### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2020

*Licking County Land Reutilization Corporation* – The Licking Land Reutilization Corporation (the Corporation) is a legally separate not-for-profit organization, created under Ohio Revised Code Section 5722.02 to 5722.15 and Chapter 1724 on July 10, 2015. The purpose of the Corporation is to facilitate the effective reutilization of nonproductive land situated within Licking County's (County) boundaries. The Corporation has been designated as the County's agent for reclamation, rehabilitation, and reutilization of vacant, abandoned, tax-foreclosed or other real property in the County by exercising the powers of the County under Chapter 5722 of the Ohio Revised Code. The Corporation will assist and facilitate activities of governmental entities in clearing, assembling and clearing title to land for economic development purposes. The Corporation operates under a five-member Board of Directors, consisting of two County Commissioners, the County Treasurer, one representative from the municipal corporation with the largest population (City of Newark), and one representative from a Licking County township (Licking Township). Separately issued financial statements can be obtained from the Licking County Land Reutilization Corporation, 20 South 2<sup>nd</sup> Street, Newark, Ohio 43055.

*Licking County Transportation Improvement District* – The Licking County Transportation Improvement District (the District) is a body politic and corporate, created for the purpose of financing, constructing, maintaining, repairing, and operating selected transportation projects. The District was specifically created pursuant to Chapter 5540 of the Ohio Revised Code, as amended. The District was created by action of the Board of Trustees on May 13, 2015. The District is governed by a Board of Trustees that acts as the authoritative and legislative body. The Board is comprised of five voting members with each Board members are appointed by the Licking County Commissioners. None of the Board members receive compensation for serving on the Board. Separately issued financial statements can be obtained from the Licking County Transportation Improvement District, 20 South 2nd Street, Newark, Ohio 43055.

The County is associated with certain organizations, which are defined as Joint Ventures, Jointly Governed Organizations, and Related Organizations. These organizations are presented in Notes 15 and 16 to the basic financial statements.

#### C. Basis of Presentation – Government-wide Financial Statements

While separate government-wide and fund financial statements are presented, they are interrelated. The governmental activities column incorporates data from the governmental funds and internal service funds, while the business-type activities incorporate data from the enterprise funds. Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements.

As discussed earlier, the County has three discretely presented component units. While not considered to be major component units, they are nevertheless shown in separate columns in the government-wide financial statements.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this rule are charges between the County's water and wastewater functions to other departments of the County. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

#### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2020

#### **D.** Basis of Presentation – Fund Financial Statements

The fund financial statements provide information about the County's funds, including its fiduciary funds. Separate statements for each category governmental, proprietary, and fiduciary are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds.

The County reports the following major governmental funds:

<u>General Fund</u> – The general fund is the County's primary operating account. This fund is used to account for all financial resources of the County, except those accounted for in another fund.

<u>Developmental Disabilities Fund</u> – This fund is used to account for revenues derived from tax levies and Federal and State grants. Expenses would include operating the Starlight School, providing supported living for the mentally retarded and the developmentally disabled, and provide direct care workers, house modification, rent and food.

<u>Children's Services Fund</u> – This fund is used to account for revenues derived from tax levies and Federal and State grants restricted for children's services, including foster homes, emergency shelters, medical treatment, school supplies, counseling, and parental training.

The County reports the following major enterprise funds:

<u>Water Fund</u> – To account for the operation of the County's water system.

Wastewater Fund – To account for the operation of the County's sanitary sewer system.

Additionally, the County reports the following fund types:

<u>Internal Service Fund</u> – is used to account for the financing of goods or services by one department or agency to other departments or agencies of the governmental unit, or to other governmental units, on a cost reimbursement basis. The County's internal service fund accounts for self-insured employee medical, self-insured dental benefits, self-insured vision benefits, workers compensation, and risk management services.

<u>Fiduciary Funds</u> – focus on net position and changes in net position. The fiduciary funds are split into four classifications: pension (and other employee benefit) trust funds, investment trust funds, private purpose trust funds, and custodial funds. Trust funds are distinguished from custodial funds by the existence of a trust agreement or equivalent arrangements that have certain characteristics. Custodial funds are used to report fiduciary activities that are not required to be reported in a trust fund. The County's fiduciary funds are custodial funds. Custodial funds are used to account for assets held by the County as fiscal agent for other districts and entities; for various taxes, assessments, fines, and fees collected for the benefit of and distributed to other governments; and for State shared resources received from the State and distributed to other local governments.

#### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2020

During the course of operations, the County has activity between funds for various purposes. Any residual balances outstanding at year-end are reported as interfund receivable/payable, due to/from other funds and advances to/from other funds. While these balances are reported in the fund financial statements, certain eliminations are made in the presentation of the government-wide financial statements. Balances between the funds included in governmental activities (i.e. governmental and internal service funds) are eliminated so that only the net amount is included in business-type activities (i.e. the enterprise funds) are eliminated so that only the net amount is included as internal balances in the business-type activities column.

Further, certain activity occurs during the year involving transfers of resources between funds. In the fund financial statements these amounts are reported at gross amounts as transfers in/out. While reported in the fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Transfers between the funds included in governmental activities are eliminated so that only the net amount is included as transfers in the governmental activities column. Similarly, balances between the funds included in business-type activities are eliminated so that only the net amount is included as transfers in the business-type activities column.

# E. Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as current financial resources or economic resources. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The government-wide statements are prepared using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes and similar revenues are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the County considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, and claims and judgments, are recorded only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt and acquisitions under capital leases are reported as other financing sources.

Property taxes, sales taxes, licenses, and interest associated with the current period are all considered to susceptible to accrual and have been recognized as revenues of the current fiscal period. Entitlements are recorded as revenues when all eligibility requirements are met, including any time requirements, and the amount is received during the period or within the availability period (within 60 days of year-end). Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other eligibility requirements have been met, and the amount is received during the period or within the availability period during the period or within the availability period. All other revenue items are considered to be measurable and available only when cash is received by the County.

#### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2020

The proprietary and custodial funds are reported using the economic resources measurement focus and the accrual basis of accounting.

The fiduciary funds present a statement of changes in fiduciary net position which reports additions to and deductions from custodial funds.

The accounting policies of the County conform to accounting principles generally accepted in the United States of America, as applicable to governmental units. The accounting policies of the discretely presented component units are consistent with those of the County. The following is a summary of the more significant policies:

### F. Budgetary Process

The budgetary process is prescribed by provisions of the Ohio Revised Code and entails the preparation of budgetary documents within an established timetable. The major documents prepared are the tax budget, the certificate of estimated resources and the appropriation ordinance, all of which are prepared on the budgetary basis of accounting. The certificate of estimated resources and the appropriations resolution are subject to amendment throughout the year.

All funds other than fiduciary funds are legally required to be budgeted and appropriated; however, only governmental funds are required to be reported. The Mental Health Levy Fund (special revenue fund) was not budgeted because this fund only exist on a GAAP basis. The primary level of budget control within a fund is at the object level by department by function (i.e., public safety, public works, general government, debt service). Budgetary modifications may only be made through resolution of the County Commissioners.

1. <u>Tax Budget</u> A budget of estimated revenue and expenditures is submitted to the County Auditor, as Secretary of the County Budget Commission, by July 20 of each year, for the period January 1 to December 31 of the following year.

2. <u>Estimated Resources</u> The County Budget Commission reviews estimated revenue and determines if the budget substantiates a need to levy all or part of previously authorized taxes. The Budget Commission then certifies its actions to the County by September 1 of each year. As part of the certification process, the County receives an official certificate of estimated resources stating the projected receipts by fund. Prior to December 31, the County must revise its budget so the total contemplated expenditures from any fund during the ensuing fiscal year do not exceed the amount available as stated in the certificate of estimated resources. The revised budget then serves as the basis for the annual appropriations measure. On or about January 1, the certificate of estimated resources is amended to include any unencumbered fund balances from the preceding year. The certificate may be further amended during the year if a new source of revenue is identified or actual receipts exceed current estimates. The amounts reported on the budgetary statement reflect the amounts in the final amended official certificate of estimated resources issued during 2020.

3. <u>Appropriations</u> A temporary appropriations resolution to control expenditures may be passed on or about January 1 of each year for the period January 1 through March 31. An annual appropriations resolution must be passed by April 1 of each year for the period January 1 through December 31. The appropriations resolution establishes spending controls at the fund, function, department and object level. The appropriations resolution may be amended during the year by resolution of the County Commissioners as additional information becomes available, provided that total fund appropriations do not exceed current estimated resources. Expenditures may not legally exceed budgeted appropriations at the object level.

#### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2020

During the current fiscal year, several supplemental appropriations were necessary to budget the use of contingency funds, intergovernmental grant proceeds and capital improvement projects. Administrative control is maintained through the establishment of more detailed line-item budgets. Management may transfer appropriations within the object level (among line items) for an organizational unit and/or department provided total appropriations for that object and organizational unit and/or department do not exceed amounts established by the County Commissioners.

The budgetary figures which appear in the "Statement of Revenues, Expenditures, and Changes in Fund Balances - Budget and Actual" for the General Fund and major special revenue funds are provided on the budgetary basis to provide a comparison of actual results to the final budget, including all amendments and modifications.

4. <u>Lapsing of Appropriations</u> At the close of each fiscal year, the unencumbered balance of each appropriation reverts to the respective fund from which it was appropriated and becomes subject to future appropriations. The encumbered appropriations balance is carried forward to the subsequent fiscal year and need not be reappropriated.

### **G.** Cash and Cash Equivalents

The County's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

### H. Investments

Investment procedures and interest allocations are restricted by provisions of the Ohio Constitution and the Ohio Revised Code. All investment income, including changes in the fair value of investments, are recognized as revenue in the operating statements.

The County invests funds in STAR Ohio. STAR Ohio is an investment pool managed by the State Treasurer's Office which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but has adopted Governmental Accounting Standards Board (GASB), Statement No. 79, "Certain External Investment Pools and Pool Participants." The County measures their investment in STAR Ohio at the net asset value (NAV) per share provided by STAR Ohio. The NAV per share is calculated on an amortized cost basis that provides a NAV per share that approximates fair value.

For the fiscal year 2020, there were no limitations or restrictions on any participant withdrawals due to redemption notice periods, liquidity fees, or redemption gates. However, notice must be given 24 hours in advance of all deposits and withdrawals exceeding \$25 million. STAR Ohio reserves the right to limit the transaction to \$50 million, requiring the excess amount to be transacted the following business day(s), but only to the \$50 million limit. All accounts of the participant will be combined for these purposes.

### **I. Inventories and Prepaid Items**

Inventories of governmental funds are stated at cost while inventories of proprietary funds are stated at the lower of cost or market. For all funds, cost is determined on a first-in, first-out basis. The costs of inventory items are recorded as expenditures in the governmental fund types when purchased and as expenses in the proprietary fund types when used.

#### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2020

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. The cost of prepaid items is recorded as expenditures/expenses when consumed rather than when purchased.

# J. Capital Assets and Depreciation

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g. roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities column in the government-wide financial statements. Capital assets are defined by the County as assets with an initial, individual cost of more than \$5,000 and an estimated useful life threshold in excess of three years. Donated capital assets are recorded at acquisition value at the date received.

General capital asset values were determined by identifying historical costs when such information was available. In cases where information supporting original cost was not obtainable, estimated historical costs were developed. For certain capital assets, the estimates were arrived at by indexing current market costs back to the estimated year of acquisition.

All capital assets are depreciated, excluding land and construction in progress. Depreciation has been provided using the straight-line method over the following estimated useful lives:

| Description   | Governmental and<br>Business-Type Activities<br>Estimated Lives (in years) |
|---|--|
| Machinery and Equipment<br>Buildings and Improvements | 3 - 15<br>30 - 50  |
| Infrastructure  | 7 - 100  |

# K. Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statement.

In general, governmental fund payables and accrued liabilities that once incurred, are paid in a timely manner and in full from current financial resources, and are reported as obligations of the funds. However, claims and judgments, compensated absences and net pension liability that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current year.

### L. Compensated Absences

In accordance with GASB Statement No. 16, "Accounting for Compensated Absences," vacation and compensatory time are accrued as liabilities when an employee's right to receive compensation is attributable to services already rendered and it is probable that the employee will be compensated through paid time off or some other means, such as cash payments, at termination or retirement. Leave time that has been earned but is unavailable for use as paid time off or as some other form of compensation because an employee has not met the minimum service time requirement, is accrued to the extent that it is considered to be probable that the conditions for compensation will be met in the future.

#### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2020

Sick leave is accrued using the vesting method, whereby the liability is recorded on the basis of leave accumulated by employees eligible to receive termination payments as of the balance sheet date and on leave balances accumulated by other employees expected to become eligible in the future to receive such payments.

For governmental funds, compensated absences are recognized as liabilities and expenditures to the extent payments come due each period upon the occurrence of employee resignations and retirements. For governmental funds, the portion of unpaid compensated absences that is expected to be paid using expendable, available resources is reported as an expenditure in the fund from which the individual earning the leave is paid, and a corresponding liability is reflected in the account "Compensated Absences Payable." In the government wide Statement of Net Position, "Compensated Absences Payable" is recorded within the "Due within one year" account and the long-term portion of the liability is recorded within the "Due in more than one year" account.

Compensated absences are expensed in the proprietary and fiduciary funds when earned. The related liability is reported within the fund.

# M. Deferred Outflows/Inflows of Resources

In addition to assets, the statements of financial position will sometimes report a separate section for deferred outflows of resources. Deferred outflows of resources represent a consumption of net position that applies to a future period and will not be recognized as an outflow of resources (expenditure) until then. For the County, deferred outflows of resources are reported on the government-wide statement of net position for pension and OPEB. The deferred outflows of resources related to pension and OPEB are explained in Notes 11 and 12.

In addition to liabilities, the statements of financial position will sometimes report a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net position that applies to a future period and will not be recognized until that time. For the County, deferred inflows of resources include property taxes, pension, OPEB, and unavailable revenue. Property taxes represent amounts for which there is an enforceable legal claim as of December 31, 2020, but which were levied to finance year 2021 operations. These amounts have been recorded as a deferred inflow on both the government-wide statement of net position and governmental fund financial statements. Unavailable revenue is reported only on the governmental funds balance sheet and represents receivables which will not be collected within the available period. For the County, unavailable revenue includes delinquent property taxes, sales taxes, grants and entitlements, and other miscellaneous revenue. These amounts are deferred and recognized as an inflow of resources in the period the amounts become available. Deferred inflows of resources related to pension and OPEB plans are reported on the government-wide statement of net position

### N. Net Position and Fund Balance Flow Assumptions

Sometimes the County will fund outlays for a particular purpose from both restricted and (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted net position and unrestricted net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the County's policy to consider restricted net position to have been depleted before unrestricted net position is applied.

#### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2020

Sometimes the County will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied. It is the County's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

# **O. Fund Balances**

In the fund financial statements, fund balance for governmental funds is reported in classifications that comprise a hierarchy based primarily on the extent to which the County is bound to honor constraints on the specific purpose for which amounts in the funds can be spent. Fund balance is reported in five components – nonspendable, restricted, committed, assigned and unassigned.

*Nonspendable* – Nonspendable fund balance includes amounts that cannot be spent because they are either not in spendable form or legally contractually required to be maintained intact.

*Restricted* – Restricted fund balance consists of amounts that have constraints placed on them either externally by third parties (creditors, grantors, contributors, or laws or regulations of other governments) or by law through constitutional provisions or enabling legislation. Enabling legislation authorizes the County to assess, levy, charge or otherwise mandate payment of resources (from external resource providers) and includes a legally enforceable requirement (compelled by external parties) that those resources be used only for the specific purposes stipulated in the legislation.

*Committed* – Committed fund balance consists of amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the County's highest level of decision-making authority. For the County, these constraints consist of resolutions passed by the Board of County Commissioners. Committed amounts cannot be used for any other purpose unless the County removes or changes the specified use by taking the same type of action (resolution) it employed previously to commit those amounts.

*Assigned* – Assigned fund balance consists of amounts that are constrained by the County's intent to be used for specific purposes, but are neither restricted nor committed. The Board of County Commissioners through resolution, authorizes the County Auditor to assign fund balance. The Board of County Commissioners may also assign fund balance to cover a gap between estimated revenue and appropriations in the subsequent years' appropriated budget.

*Unassigned* – Unassigned fund balance consists of amounts that have not been restricted, committed or assigned to specific purposes within the General Fund as well as negative fund balances in all other governmental funds.

### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2020

# P. Revenues and Expenditures/Expenses

Amounts reported as program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions (including special assessments) that are restricted to meeting the operational or capital requirements of a particular function or segment. All taxes, including those dedicated for specific purposes, and other internally dedicated resources are reported as general revenues rather than as program revenues.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the water, wastewater, and self-insurance funds are charges to customers and funds for sales and services. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

# **Q. Extraordinary and Special Items**

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of the County and that are either unusual in nature or infrequent in occurrence. The County had no special or extraordinary items to report during fiscal year 2020.

# **R.** Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

### **S. Pensions/Other Postemployment Benefits (OPEB)**

For purposes of measuring the net pension/OPEB asset/liability, deferred outflows of resources and deferred inflows of resources related to pension/OPEB, and pension/OPEB expense, information about the fiduciary net position of the pension/OPEB plans and additions to/deductions from their fiduciary net position have been determined on the same basis as they are reported by the pension/OPEB plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. The pension/OPEB plans report investments at fair value.

#### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2020

# NOTE 2 – BUDGETARY BASIS OF ACCOUNTING

The County's budgetary process accounts for certain transactions on a basis other than generally accepted accounting principles (GAAP). The major difference between the budgetary basis and the GAAP basis lies in the manner in which revenues and expenditures are recorded. Under the budgetary basis, revenues and expenditures are recorded when received in cash and expenditures when paid. Under the GAAP basis, revenues and expenditures are recorded on the modified accrual basis of accounting.

A reconciliation of the results of operations for 2020 from the GAAP basis to the budgetary basis for the General Fund and major special revenue funds is shown below:

|                                | Net Change in Fund Balances |                 |    |                             |                        |  |  |  |  |  |

#### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2020

# NOTE 3 – FUND BALANCE CLASSIFICATION

Fund balance is classified as nonspendable, restricted, committed, assigned, and unassigned based primarily on the extent to which the County is bound to observe constraints imposed upon the use of the resources in the governmental funds. The constraints placed on fund balance for the major governmental funds and all other governmental funds are presented below:

|                                     |                  |               |              | Other         |                |
|-------------------------------------|------------------|---------------|--------------|---------------|----------------|
|                                     | General          | Developmental | Children's   | Governmental  |                |
|                                     | <br>Fund         | Disabilities  | Services     | Funds         | Total          |
|                                     |                  |               |              |               |                |
| Nonspendable for:                   |                  |               |              |               |                |

#### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2020

# **NOTE 4 – DEPOSITS AND INVESTMENTS**

The County Treasurer combines a majority of cash resources of the individual funds to form a pool of cash and investments. Each fund type's portion of this pool is displayed in the financial statements as "Pooled Cash and Investments." Ohio law requires the classification of funds held by the County into three categories:

Category 1 consists of "active" funds - those funds required to be kept in "cash" or "cash equivalent" status for immediate use by the County. Such funds must be maintained either as cash in the County treasury or in depository accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts.

Category 2 consists of "inactive" funds - those funds not required for use within the current period of designation of depositories. Inactive funds may be deposited or invested only as certificates of deposit maturing no later than the end of the current period of designation of depositories.

Category 3 consists of "interim" funds - those funds not needed for immediate use but needed before the end of the current period of designation of depositories. Interim funds may be invested or deposited in the following securities:

- 1. United States treasury notes, bills, bonds, or any other obligation or securities issued by the United States treasury or any other obligation guaranteed as to principal or interest by the United States (excluding investment in stripped principal or interest obligations of such eligible obligations);
- 2. Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality, including but not limited to, the federal national mortgage association, federal home loan bank, federal farm credit bank, federal home loan mortgage corporation, government national mortgage association, and student loan marketing association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
- 3. Interim deposits in authorized depositories, provided those deposits are properly insured or collateralized and in accordance with Section 135.32 of the Ohio Revised Code;
- 4. Bonds and other obligations of the State of Ohio or the political subdivisions, provided the bonds or other obligations of political subdivisions mature within ten years from the date of settlement;
- 5. No-load money market mutual funds consisting exclusively of obligations described in (1) or (2) and repurchase agreements secured by such obligations, provided that investments in securities are made only through eligible financial institutions;
- 6. The Ohio subdivision's fund as provided in Section 135.32 of the Ohio Revised Code, State Treasury Asset Reserve of Ohio (STAR Ohio);
- 7. Written repurchase agreements with any eligible institutions mentioned in Section 135.32 of the Ohio Revised Code. All securities purchased pursuant to this section shall be delivered into the custody of the Treasurer or an agent designated by the investing authority;

### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2020

- 8. Up to forty percent of the County's total average portfolio in either of the following investments:
  - (a) Commercial paper notes in entities incorporated under the laws of Ohio, or any other State, that have assets exceeding five hundred million dollars, which are rated in the highest classification established by two nationally recognized standard rating services, which do not exceed ten percent of the value of the outstanding commercial paper of the issuing corporation, which mature within 270 days after purchase, and the investment in commercial paper notes of a single issuer shall not exceed the aggregate five percent of interim monies available for investment at the time of purchase.
  - (b) Bankers acceptances of banks that are insured by the federal deposit insurance corporation and that mature not later than 180 days after purchase.
- 9. Up to fifteen percent of the County's average portfolio in notes issued by U.S. corporations or by depository institutions doing business under authority granted by the U.S. or any state provided the notes are rated in the three highest categories by at least two nationally recognized standard rating services at the time of purchase and the notes mature not later than three years after purchase.

# A. Deposits

At year end the carrying amount of the County's deposits was \$18,244,915 and the bank balance was \$18,944,147. Of the County's bank balance, \$13,124,703 was covered by the Federal Deposit Insurance Corporation (FDIC) and the remaining was uninsured and collateralized. The County's financial institution was approved for a reduced collateral rate of 50 percent through the Ohio Pooled Collateral System.

The County also had \$7,468 in undeposited cash on hand at year-end, which is included in Pooled Cash and Investments.

Custodial credit risk is the risk that, in the event of bank failure, the County's deposits may not be returned. The County has no investment policy dealing with investment custodial risk beyond the requirement in State statute. Ohio law requires that deposits either be insured or be protected by:

- 1. Eligible securities pledged to the County and deposited with a qualified trustee by the financial institution as security for repayment whose market value at all times shall be at least 105 percent of the deposits being secured; or
- 2. Participation in the Ohio Pooled Collateral System (OPCS), a collateral pool of eligible securities deposited with a qualified trustee and pledged to the Treasurer of State to secure the repayment of all public monies deposited in the financial institution. OPCS requires the total market value of the securities pledged to be 102 percent of the deposits being secured or a rate set by the Treasurer of State.

Interest revenue credited to the general fund during 2020 amounted to \$3,210,672, which includes \$2,383,748 assigned from other County funds.

#### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2020

#### **B.** Investments

The County's investments at December 31, 2020 are summarized below:

The weighted average of maturity of the portfolio held by STAR Ohio as of December 31, 2020, is 56 days. STAR Ohio and money market accounts are reported at the net asset value (NAV) per share. The NAV per share is calculated on an amortized cost basis that provides a NAV per share that approximates fair value. All other investments are reported at fair value. The County categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. All of the County's investments, with the exception of STAR Ohio and money market funds, are reported at fair value and are valued using significant other observable inputs (Level 2 inputs). Institutional bond quotes and evaluations based on various market and industry inputs are used in the valuation of the County's level 2 investments.

*Interest Rate Risk* – The Ohio Revised Code generally limits security purchases to those that mature within five years of the settlement date. The County has no policy that limits investment purchases beyond the requirements of the Ohio Revised Code.

*Investment Credit Risk* – The County has no investment policy that limits its investment choices other than the limitation of State statute for "interim" funds described previously.

Concentration of Credit Risk – The County places no limit on the amount the County may invest in one issuer.

*Custodial Credit Risk* – The County's balance of investments are held by the trust department of its banking institution in the County's name. The County has no policy on custodial credit risk and is governed by Ohio Revised Code as described under Deposits.

#### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2020

### NOTE 5 - TAXES

# A. Property Taxes

Property taxes include amounts levied against all real estate and public utility property located in the County. Real property taxes (other than public utility) collected during 2020 were levied after October 1, 2019 on assessed values as of January 1, 2019, the lien date. Assessed values were established by the county auditor at 35 percent of appraised market value. All property must be reappraised every six years and equalization adjustments made in the third year following reappraisal. The last revaluation was completed in 2018. Real property taxes are payable annually or semi-annually. If paid annually, payment is due December 31; if paid semi-annually, the first payment is due December 31, with the remainder payable by June 20.

Public utility real and tangible personal property taxes collected in one calendar year are levied in the preceding calendar year on assessed values determined as of December 31 of the second year preceding the tax collection year, the lien date. Certain public utility tangible personal property is currently assessed at 100 percent of its true value. Public utility property taxes are payable on the same dates as real property described previously.

The County Treasurer collects property taxes on behalf of all taxing districts in the County. The County Auditor periodically distributes taxes collected to the taxing districts for taxes payable in the first and second halves of the year. The full tax rate to the County for the year ended December 31, 2020, was \$9.50 per \$1,000 of assessed value. The 2020 assessed value is \$5,358,153,841. This amount constitutes \$4,989,963,581 in real property assessed value and \$368,190,260 in public utility assessed value. Ohio law prohibits taxation of property from all taxing authorities in excess of 1% of assessed value without a vote of the people. Under current procedures, the County's unvoted share is .22% (2.20 mills) of assessed value. The County's total share including voted millage is .95% (9.50 mills) of assessed value.

### **B.** Permissive Sales and Use Tax

In 1971, the County Commissioners by resolution imposed a one-half of one percent tax on all retail sales, except sales of motor vehicles, made in the County, and on the storage, use, or consumption in the County of tangible personal property, including automobiles, not subject to the sales tax. An additional one-half of one percent was adopted in both 1978 and 2006. Vendor collections of the tax are paid to the State Treasurer by the twenty-third day of the month following collection. The Ohio Department of Taxation (ODT) certifies the amount of the tax to be returned to the County. The ODT's certification must be made within forty-five days after the end of each month. The Ohio Department of Budget and Management (OBM) then has five days in which to draw the warrant payable to the County.

# C. Taxes Receivable

A breakout of the County's taxes receivables is presented below.

| Property Tax Receivable - Current    | \$ 40,385,529 |
|--------------------------------------|---------------|
| Property Tax Receivable - Delinquent | 344,999       |
| Sales Tax Receivable                 | 11,645,590    |
| Total Receivable                     | \$ 52,376,118 |

# A. General Obligation Bonds/Loans

The County has issued numerous general obligation bonds for various purposes such as bridge renovations, road improvements, courthouse renovations, and building renovations. The bonds are payable from the County's General Obligation Debt Fund.

2011 Air Quality - In 2011, the County entered into an agreement with the Ohio Air Quality Development Authority for the County to receive a loan for the County's energy conservation project. The loan is payable from the County's General Obligation Debt Fund.

2012 Air Quality - In 2012, the County entered into an agreement with the Ohio Air Quality Development Authority for the County to receive a loan for the County's energy conservation project. The loan is payable from the County's General Obligation Debt Fund.

2020 Various Purpose Refunding Bonds – On November 3, 2020, the County issued \$7,245,000 in General Obligation Refunding Bonds for the purpose of currently refunding a portion of the outstanding principal amounts of the 2016, 2017, and 2018 various purpose bonds. The total debt service payments were reduced by \$3,518,557 and the present value of this reduction resulted in an economic gain of \$369,507.

### **B. Special Obligation Bonds**

The principal amount of the County's special assessment debt outstanding at December 31, 2020 is general obligation debt (backed by the full faith and credit of the County). This debt is being retired with the proceeds from special assessments levied against benefited property owners. The County is obligated to repay the debt irrespective of the amount of special assessments collected from property owners. The fund balance of \$2,995 in the Special Assessment Debt Service Fund at December 31, 2020 is restricted for the retirement of outstanding special assessment bonds. The bonds are payable from the County's Special Assessment Debt Service Fund.

#### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2020

### **<u>C. Bond Anticipation Notes</u>**

The County had entered into various tax anticipation notes for the purpose of refunding County issued tax anticipation notes and the anticipation of County bridge improvements in 2019. The bond anticipation notes were paid from the County's General Fund and Permanent Improvement Fund.

# **D.** Loans/Bonds from Direct Borrowings and Placements

18 Police Inceptors Loan – On September 17, 2012, the County entered into a loan with Ford Motor Credit Company, LLC for the purchase of 18 police inceptors. The loan had an interest rate of 4.6 percent and was repaid in full in 2020. The loan was paid from the County's General Fund.

Per the agreement with Ford Motor Credit Company, LLC, the County did not pledge the inceptors purchased as collateral for the debt. In the event of default, Ford Motor Credit Company, LLC could have received the funds held in escrow for the purchase and the escrow agreement would have been terminated.

2013 Emergency Communication Center Loan – In 2013, the County entered into an agreement with the Director of Development of the State of Ohio for the County to receive a loan for the emergency communication center project. The 0.0 percent loan will be repaid in full in 2024. The loan is being paid from the County's General Fund.

The County did not pledge collateral for the debt. In the event of default, the Director of Development of the State of Ohio may exercise the following rights and remedies:

- 1. If loan proceeds have not been fully disbursed, the Director may terminate his or her obligations to provide further proceeds.
- 2. The Director may declare all unpaid principal of and accrued and unpaid interest immediately due and payable.
- 3. The Director can terminate the agreement with the County early.
- 4. The County will have to reimburse the Director for any expenses that occur due to the default, such as attorney fees.

*Kobelco Excavator Loan* – On December 15, 2014, the County entered into a loan with Kansas State Bank for the purchase of an excavator. The loan had an interest rate of 2.72 percent and was repaid in full in 2020. The loan was paid from the County's Motor Vehicle & Gasoline Tax Fund.

Per the agreement with Kansas State Bank, the County pledged the excavator purchased as collateral for the debt. In the event of default, Kansas State Bank shall have the rights of the excavator. In the event of default, Kansas State Bank may exercise the following rights and remedies:

- 1. With or without terminating the loan, the County may be required to pay the remainder of the loan.
- 2. The County may be required to redeliver the excavator within 15 days after the event of default.
- 3. If the County does not return the excavator within 15 days of default, Kansas State Bank may enter the County's premises to take possession of the excavator and charge the County for the cost involved with taking possession.
- 4. The County may be liable for any damage to the excavator.
- 5. The County may be responsible for the costs incurred by Kansas State Bank in its enforcement of its rights, including, but not limited to, reasonable attorney fees, not to exceed \$7,500.

#### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2020

2015 Equipment Acquisition Bonds – On May 5, 2015, the County issued bonds through Park National Bank for the purchase of a tractor. The bonds have an interest rate of 3.7 percent and will be repaid in full in 2021. The loan is being paid from the County's General Obligation Retirement Fund.

Per the agreement, the County did not pledge the tractor purchased as collateral for the debt. Also, there are no rights or remedies in the event of default.

*Mack Trucks Loan* – On April 1, 2018, the County entered into a loan with Kansas State Bank for the purchase of 10 Mack Trucks. The loan had an interest rate of 3.332 percent and will be repaid in full in 2022. The loan is being paid from the County's Motor Vehicle & Gasoline Tax Fund.

Per the agreement with Kansas State Bank, the County pledged the excavator purchased as collateral for the debt. In the event of default, Kansas State Bank shall have the rights of the excavator. In the event of default, Kansas State Bank may exercise the following rights and remedies:

- 1. With or without terminating the loan, the County may be required to pay the remainder of the loan.
- 2. The County may be required to redeliver the excavator within 15 days after the event of default.
- 3. If the County does not return the excavator within 15 days of default, Kansas State Bank may enter the County's premises to take possession of the excavator and charge the County for the cost involved with taking possession.
- 4. The County may be liable for any damage to the excavator.

*Three Police Inceptors Loan* – On July 3, 2018, the County entered into a loan with Ford Motor Credit Company, LLC for the purchase of three police inceptors. The loan had an interest rate of 6.5 percent and was repaid in full in 2020. The loan was paid from the County's Sheriff Grant Fund.

Per the agreement with Ford Motor Credit Company, LLC, the County did not pledge the inceptors purchased as collateral for the debt. In the event of default, Ford Motor Credit Company, LLC may receive the funds held in escrow for the purchase and the escrow agreement will be terminated.

2019 County Sheriff Vehicle Acquisition Bonds – On October 29, 2019, the County issued bonds through Park National Bank for the purchase of vehicles. The bonds have an interest rate of 4.0 percent and will be repaid in full in 2021. The loan is being paid from the County's General Fund.

Per the agreement, the County did not pledge the vehicles purchased as collateral for the debt. Also, there are no rights or remedies in the event of default.

*CAD Lease* – On March 3, 2020, the County entered into a loan with Tyler Technologies, Inc. for the purchase of Computer-Aided Dispatch software and support. The loan will be repaid in full in 2026. The loan is being paid from the County's 911 Wireless Fund.

Per the agreement, the County did not pledge the Computer-Aided Dispatch software and support purchased as collateral for the debt. Also, there are no rights or remedies in the event of default.

#### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2020

### E. OWDA Loans

2008 Buckeye Lake Wastewater Treatment Plant - In 2008, the County entered into an agreement with the Ohio Water Development Authority (OWDA), as administrator for the U.S. Environmental Protection Agency (EPA), for the County to receive a loan for improvements at the Buckeye Lake Wastewater Treatment Plant. The interest rate on the loan is 1%, per annum and is payable from wastewater collection and treatment charges. The loan is payable from the Wastewater Fund.

2012 Wastewater Treatment Plant Upgrade - In 2012, the County entered into a loan arrangement with the OWDA to fund the wastewater treatment plant upgrade. The interest rate on the loan is 0.7% and the loan matures July 1, 2042. The loan is payable from the Wastewater Fund.

2014 Jacksontown Sewers – In 2014, the County entered into a loan arrangement with the OWDA to fund the Jacksontown sewer project. The interest rate on the loan is 0% and the loan matures on July 1, 2035. The loan is payable from the Wastewater Fund.

# F. OWDA Loans

2008 Buckeye Lake Wastewater Treatment Plant - In 2008, the County entered into an agreement with the Ohio Public Works Commission (OPWC), to receive a loan for improvements at the Buckeye Lake Wastewater Treatment Plant. The interest rate on the loan is 0% and the loan matures on July 1, 2028. The loan is payable from the Wastewater Fund.

2015 Jacksontown Sewers - In 2015, the County entered into a loan arrangement with the OPWC to fund the Jacksontown sewer project. The interest rate on the loan is 0% and the loan matures January 1, 2046. The loan is payable from the Wastewater Fund.

This space intentionally left blank.

From time to time, the County has issued Revenue Bonds to provide financial assistance to private-sector entities for the acquisition and construction of industrial and commercial facilities deemed to be in the public interest. The bonds are secured by the property financed and are payable solely from bonds. Ownership of the acquired facilities transfers to the private-sector entity served by the bond issuance. Neither the County, the State, nor any political subdivision thereof is obligated in any manner for repayment of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements.

### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2020

The aggregate principal amount payable for the Revenue Bonds could not be determined; however, their original issue amounts totaled \$40,000,000.

#### **NOTE 8 – LOANS RECEIVABLE**

Details of the changes in housing and economic development loans receivable of the County for the year ended December 31, 2020 are indicated below:

| <br>Balance     | Α  | dditions | R  | eductions | Balance |           |  |  |
|-----------------|----|----------|----|-----------|---------|-----------|--|--|
| \$<br>2,299,568 | \$ | 102,330  | \$ | (134,053) | \$      | 2,267,845 |  |  |

# **NOTE 9 – RECEIVABLES**

Receivables at December 31, 2020 consisted primarily of sales taxes, property and other taxes, intergovernmental receivables arising from entitlements, shared revenues, special assessments, accrued interest on investments, and accounts receivable. No allowances for doubtful accounts have been recorded because uncollectible amounts are expected to be insignificant.

A detailed breakdown of intergovernmental receivables is as follows:

|   | Amounts      |
|---|--------------|
| Governmental Activities:                |              |
| Local Government and Revenue Assistance | \$ 966,187   |
| Grants and Subsidies                    | 1,003,841    |
| Motor Vehicle License and Gasoline Tax  | 3,897,683    |
| Homestead and Rollback                  | 1,512,349    |
| Casino Revenue Tax                      | 1,054,996    |
| Total Governmental Activities           | \$ 8,435,056 |

# **NOTE 10 – INTERFUND ACTIVITY**

The following balances at December 31, 2020 represent transfers in and transfers out:

| Fund                            | 1  | Transfer In |    | Transfer In |  | ransfer Out |
|---------------------------------|----|-------------|----|-------------|--|-------------|
| General Fund                    | \$ | -           | \$ | 5,014,834   |  |             |
| Developmental Disabilities Fund |    | -           |    | 40,963      |  |             |
| Children's Services Fund        |    | 1,390,576   |    | -           |  |             |
| Other Governmental Funds        |    | 3,684,299   |    | 19,078      |  |             |
| Total Governmental Funds        | \$ | 5,074,875   | \$ | 5,074,875   |  |             |

#### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2020

Transfers are used to move revenues from the funds that statute or budget requires to collect them to the funds that statute or budget requires to expend them; to segregate money for anticipated capital projects; to provide additional resources for current operations or debt service; to return money to the fund from which it was originally provided once a project is completed; and to transfer capital assets.

The composition of interfund balances as of December 31, 2020, is as follows:

| Interfund Receivable/Payable | R  | eceivable | <br>Payable   |
|------------------------------|----|-----------|---------------|
| Children's Services Fund     | \$ | -         | \$<br>670,446 |
| Other Governmental Funds     |    | 670,446   | <br>-         |
| Totals                       | \$ | 670,446   | \$<br>670,446 |

The interfund balances in the governmental activities funds at year end represent expenditure reimbursements due from the Children's Services Fund and other governmental funds to the other governmental funds. All balances will be paid back or forgiven in 2021.

### **NOTE 11 - DEFINED BENEFIT PENSION PLANS**

The Statewide retirement systems provide both pension benefits and other postemployment benefits (OPEB).

### Net Pension Liability/Net OPEB Liability

Pensions and OPEB are components of exchange transactions - between an employer and its employees - of salaries and benefits for employee services. Pensions and OPEB are provided to an employee - on a deferred-payment basis - as part of the total compensation package offered by an employer for employee services each financial period.

The net pension liability and the net OPEB liability represent the County's proportionate share of each pension/OPEB plan's collective actuarial present value of projected benefit payments attributable to past periods of service, net of each pension plan's fiduciary net position. The net pension/OPEB liability calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting this estimate annually.

Ohio Revised Code limits the County's obligation for this liability to annually required payments. The County cannot control benefit terms or the manner in which pensions/OPEB are financed; however, the County does receive the benefit of employees' services in exchange for compensation including pension and OPEB.

#### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2020

GASB 68/75 assumes the liability is solely the obligation of the employer, because (1) they benefit from employee services; and (2) State statute requires all funding to come from these employers. All contributions to date have come solely from these employers (which also includes costs paid in the form of withholdings from employees). The retirement systems may allocate a portion of the employer contributions to provide for these OPEB benefits. In addition, health care plan enrollees pay a portion of the health care costs in the form of a monthly premium. State statute requires the retirement systems to amortize unfunded liabilities within 30 years. If the amortization period exceeds 30 years, each retirement system's board must propose corrective action to the State legislature. Any resulting legislative change to benefits or funding could significantly affect the net pension/OPEB liability. Resulting adjustments to the net pension/OPEB liability would be effective when the changes are legally enforceable. The Ohio Revised Code permits, but does not require the retirement systems to provide health care to eligible benefit recipients.

The proportionate share of each plan's unfunded benefits is presented as a long-term *net pension liability* and *net OPEB liability* on the accrual basis of accounting. Any liability for the contractually-required pension/OPEB contributions outstanding at the end of the year is included in intergovernmental payable on both the accrual and modified accrual bases of accounting.

The remainder of this note includes the pension disclosures. See Note 12 for the OPEB disclosures.

### Plan Description – Ohio Public Employees Retirement System (OPERS)

County employees participate in the Ohio Public Employees Retirement System (OPERS). OPERS administers three separate pension plans. The traditional pension plan is a cost-sharing, multiple-employer defined benefit pension plan. The member-directed plan is a defined contribution plan, and the combined plan is a combination cost-sharing, multiple-employer defined benefit/defined contribution pension plan.

While members (e.g. County employees) may elect the member-directed plan and the combined plan, substantially all employee members are in OPERS' traditional plan; therefore, the following disclosure focuses on the traditional pension plan.

OPERS provides retirement, disability, survivor and death benefits, and annual cost-of-living adjustments to members of the traditional plan. Authority to establish and amend benefits is provided by Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report that includes financial statements, required supplementary information and detailed information about OPERS' fiduciary net position that may be obtained by visiting <u>https://www.opers.org/financial/reports.shtml</u>, by writing to the Ohio Public Employees Retirement System, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling 800-222-7377.

Senate Bill (SB) 343 was enacted into law with an effective date of January 7, 2013. In the legislation, members were categorized into three groups with varying provisions of the law applicable to each group. The following table provides age and service requirements for retirement and the retirement formula applied to final average salary (FAS) for the three member groups under the traditional plan as per the reduced benefits adopted by SB 343 (see OPERS Comprehensive Annual Financial Report referenced above for additional information, including requirements for reduced and unreduced benefits):

#### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2020

| <b>Group A</b>  | Group B  | Group C  |

| for service years in excess of 25                                       | for service years in excess of 25  | for service years in excess of 25  |

Final average salary (FAS) represents the average of the three highest years of earnings over a member's career for Groups A and B. Group C is based on the average of the five highest years of earnings over a member's career.

Members who retire before meeting the age and years of service credit requirement for unreduced benefits receive a percentage reduction in the benefit amount. The initial amount of a member's pension benefit is vested upon receipt of the initial benefit payment for calculation of an annual cost-of-living adjustment.

When a benefit recipient has received benefits for 12 months, current law provides for an annual cost-ofliving adjustment (COLA). This COLA is calculated on the base retirement benefit at the date of retirement and is not compounded. For those who retired prior to January 7, 2013, the cost of living adjustment is 3 percent. For those retiring subsequent to January 7, 2013, beginning in calendar year 2019, current law provides that the COLA will be based on the average percentage increase in the Consumer Price Index, capped at 3 percent.

Beginning in 2022, the Combined Plan will be consolidated under the Traditional Pension Plan (defined benefit plan) and the Combined Plan option will no longer be available for new hires beginning in 2022.

Funding Policy - Ohio Revised Code (ORC) provides statutory authority for member and employer contributions as follows:

#### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2020

|   | State     | Law         |
|---|-----------|-------------|
|   | and Local | Enforcement |
| 2020 Statutory Maximum Contribution Rates |           |             |
| Employer                                  | 14.0 %    | 18.1 %      |
| Employee                                  | 10.0 %    | 13.0 %      |
| 2020 Actual Contribution Rates            |           |             |
| Employer:                                 |           |             |
| Pension                                   | 14.0 %    | 18.1 %      |
| Post-employment Health Care Benefits      | 0.0       | 0.0         |
| Total Employer                            | 14.0 %    | 18.1 %      |
| Employee                                  | 10.0 %    | 13.0 %      |

Employer contribution rates are actuarially determined and are expressed as a percentage of covered payroll. The County's contractually required contribution was \$7,210,871 for 2020. Of this amount, \$1,096,556 is reported as an intergovernmental payable.

#### Plan Description – State Teachers Retirement System (STRS)

Plan Description – The County participates in STRS, a cost-sharing multiple-employer public employee retirement system administered by STRS. STRS provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS issues a stand-alone financial report that includes financial statements, required supplementary information and detailed information about STRS' fiduciary net position. That report can be obtained by writing to STRS, 275 E. Broad St., Columbus, OH 43215-3771, by calling (888) 227-7877, or by visiting the STRS Web site at www.strsoh.org.

New members have a choice of three retirement plans; a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan, and a Combined Plan. Benefits are established by Ohio Revised Code Chapter 3307.

The DB Plan offers an annual retirement allowance based on final average salary multiplied by a percentage that varies based on years of service. Effective August 1, 2015, the calculation is 2.2 percent of final average salary for the five highest years of earnings multiplied by all years of service. Effective August 1, 2017 – July 1, 2019, any member could retire with reduced benefits who had (1) five years of service credit and age 60; (2) 27 years of service credit and age 55; or (3) 30 years of service credit regardless of age. Effective August 1, 2019 – July 1, 2021, any member may retire with reduced benefits who has (1) five years of service credit and age 60; (2) 28 years of service credit and age 55; or (3) 30 years of service credit regardless of age. Eligibility changes will continue to be phased through August 1, 2026, when retirement eligibility for unreduced benefits will be five years of service credit and age 65, or 35 years of service credit and at least age 60. Eligibility changes for actuarially reduced benefits will be phased in until August 1, 2023, when retirement eligibility will be five years of qualifying service credit and age 60, or 30 years of service credit at any age.

#### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2020

The DC Plan allows members to place all their member contributions and 9.53 percent of the 14 percent employer contributions into an investment account. Investment allocation decisions are determined by the member. The remaining 4.47 percent of the 14 percent employer rate is allocated to the defined benefit plan unfunded liability. A member is eligible to receive a monthly retirement benefit at age 50 and termination of employment. The member may elect to receive a lump-sum withdrawal.

The Combined plan offers features of both the DB Plan and the DC Plan. In the Combined plan, 12 percent of the 14 percent member rate is deposited into the member's DC account and the remaining 2 percent is applied to the DB Plan. Member contributions to the DC Plan are allocated among investment choices by the member, and contributions to the DB Plan from the employer and the member are used to fund the defined benefit payment at a reduced level from the regular DB Plan. The defined benefit portion of the Combined plan payment is payable to a member on or after age 60 with five years of service. The defined contribution portion of the account may be taken as a lump sum payment or converted to a lifetime monthly annuity at age 50 and after termination of employment.

New members who choose the DC Plan or Combined Plan will have another opportunity to reselect a permanent plan during their fifth year of membership. Members may remain in the same plan or transfer to another STRS plan. The optional annuitization of a member's defined contribution account or the defined contribution portion of a member's Combined Plan account to a lifetime benefit results in STRS bearing the risk of investment gain or loss on the account. STRS has therefore included all three plan options as one defined benefit plan for GASB 68 reporting purposes.

A DB or Combined Plan member with five or more years of credited service who is determined to be disabled may qualify for a disability benefit. New members must have at least ten years of qualifying service credit to apply for disability benefits. Members in the DC plan who become disabled are entitled only to their account balance. Eligible survivors of members who die before service retirement may qualify for monthly benefits. If a member of the DC plan dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

Funding Policy – Employer and member contribution rates are established by the State Teachers Retirement Board and limited by Chapter 3307 of the Ohio Revised Code. The statutory employer rate is 14 percent and the statutory member rate is 14 percent of covered payroll effective July 1, 2016. The County was required to contribute 14 percent; the entire 14 percent was the portion used to fund pension obligations. The 2020 contribution rates were equal to the statutory maximum rates.

The County's contractually required contribution to STRS was \$13,231 for 2020. Of this amount, \$498 is reported as an intergovernmental payable.

# Pension Liabilities, Pension Expense, and Deferred Outflows/Inflows of Resources Related to Pensions

The net pension liability for OPERS was measured as of December 31, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. STRS net pension liability was measured as of June 30, 2020, and total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The County's proportion of the net pension liability was based on the County's share of contributions to the pension plan relative to the contributions of all participating entities. Following is information related to the proportionate share and pension expense:

### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2020

|  | <br>OPERS        | <br>STRS         | <br>Total        |
|--|------------------|------------------|------------------|
| Proportion of the Net Pension Liability: |                  |                  |                  |
| Current Measurement Period               | 0.355943%        | 0.00077260%      |                  |
| Prior Measurement Period                 | <br>0.344254%    | <br>0.00107420%  |                  |
| Change in Proportion                     | <br>0.011689%    | <br>-0.00030160% |                  |
| Proportionate Share of the Net           |                  |                  |                  |
| Pension Liability                        | \$<br>70,354,549 | \$<br>186,942    | \$<br>70,541,491 |
| Pension Expense                          | \$<br>13,444,802 | \$<br>(6,635)    | \$<br>13,438,167 |

Other than contributions made subsequent to the measurement date and differences between projected and actual earnings on investments; deferred inflows/outflows of resources are recognized in pension expense beginning in the current period, using a straight line method over a closed period equal to the average of the expected remaining services lives of all employees that are provided with pensions, determined as of the beginning of the measurement period. Net deferred inflows/outflows of resources pertaining to the differences between projected and actual investment earnings are similarly recognized over a closed five year period. At December 31, 2020, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

|   | OPERS            | <br>STRS     | Total            |
|---|------------------|--------------|------------------|
| <b>Deferred Outflows of Resources</b>       |                  |              |                  |
| Net Difference between Projected and Actual |                  |              |                  |
| Earnings on Pension Plan Investments        | \$<br>-          | \$<br>9,090  | \$<br>9,090      |
| Differences between Expected and            |                  |              |                  |
| Actual Experience                           | -                | 420          | 420              |
| Changes of Assumptions                      | 3,757,757        | 10,036       | 3,767,793        |
| Changes in Proportionate Share              | 2,069,181        | -            | 2,069,181        |
| County Contributions Subsequent             |                  |              |                  |
| to the Measurement Date                     | <br>7,210,871    | <br>7,162    | <br>7,218,033    |
| Total Deferred Outflows of Resources        | \$<br>13,037,809 | \$<br>26,708 | \$<br>13,064,517 |
| <b>Deferred Inflows of Resources</b>        |                  |              |                  |
| Differences between Expected and            |                  |              |                  |
| Actual Experience                           | \$<br>889,532    | \$<br>1,195  | \$<br>890,727    |
| Net Difference between Projected and Actual |                  |              |                  |
| Earnings on Pension Plan Investments        | 14,034,150       | -            | 14,034,150       |
| Changes in Proportionate Share              | 64,328           | 74,808       | <br>139,136      |
| Total Deferred Inflows of Resources         | \$<br>14,988,010 | \$<br>76,003 | \$<br>15,064,013 |

\$7,218,033 reported as deferred outflows of resources related to pension resulting from County contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending December 31, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized in pension expense as follows:

| Year Ending December 31: | <br>OPERS         | ERS STRS |          |    | Total       |  |  |
|--------------------------|-------------------|----------|----------|----|-------------|--|--|
| 2021                     | \$<br>(187,231)   | \$       | (19,800) | \$ | (207,031)   |  |  |
| 2022                     | (3,982,511)       |          | (15,460) |    | (3,997,971) |  |  |
| 2023                     | 581,151           |          | (12,951) |    | 568,200     |  |  |
| 2024                     | (5,572,481)       |          | (8,246)  |    | (5,580,727) |  |  |
|                          | \$<br>(9,161,072) | \$       | (56,457) | \$ | (9,217,529) |  |  |

#### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2020

#### **Actuarial Assumptions - OPERS**

Actuarial valuations of an ongoing plan involve estimates of the values of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and cost trends. Actuarially determined amounts are subject to continual review or modification as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation. The total pension liability was determined by an actuarial valuation as of December 31, 2019, using the following key actuarial assumptions and methods applied to all prior periods included in the measurement in accordance with the requirements of GASB 67. Key methods and assumptions used in the latest actuarial valuation, reflecting experience study results, prepared as of December 31, 2019 are presented below.

| Actuarial Information     | Traditional Pension Plan                    |
|---------------------------|---|
| Wage Inflation            | 3.25 percent                                |
| Future Salary Increases,  | 3.25 percent to 10.75 percent               |
| including wage inflation  | (including wage inflation)                  |
| Investment Rate of Return |   |
| Current Measurement Date  | 7.20 percent                                |
| Prior Measurement Date    | 7.20 percent                                |
| Actuarial Cost Method     | Individual Entry Age                        |
| Cost-of-Living            | Pre-1/7/2013 Retirees: 3.00 percent Simple  |
| Adjustments               | Post-1/7/2013 Retirees: 3.00 percent Simple |
|                           | through 2020, then 2.15 percent Simple      |

In October 2019, the OPERS Board adopted a change in COLA for Post-January 7, 2013 retirees, changing it from three percent simple through 2018 then 2.15 simple to 1.4 percent simple through 2020 then 2.15 percent simple.

Pre-retirement mortality rates are based on the RP-2014 Employees mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Post-retirement mortality rates are based on the RP-2014 Healthy Annuitant mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Post-retirement mortality rates for disabled retirees are based on the RP-2014 Disabled mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males are based on the RP-2014 Disabled mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Post-retirement mortality rates for disabled retirees are based on the RP-2014 Disabled mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Mortality rates for a particular calendar year are determined by applying the MP-2015 mortality improvement scale to all of the above described tables.

The most recent experience study was completed for the five year period ended December 31, 2015.

#### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2020

During 2019, OPERS managed investments in three investment portfolios: the Defined Benefit portfolio, the Health Care portfolio, and the Defined Contribution portfolio. The Defined Benefit portfolio contains the investment assets of the Traditional Pension Plan, the defined benefit component of the Combined Plan and the annuitized accounts of the Member-Directed Plan. Within the Defined Benefit portfolio, contributions into the plans are all recorded at the same time, and benefit payments all occur on the first of the month. Accordingly, the money-weighted rate of return is considered to be the same for all plans within the portfolio. The annual money-weighted rate of return expressing investment performance, net of investment expenses and adjusted for the changing amounts actually invested, for the Defined Benefit portfolio was 17.2 percent for 2019.

The allocation of investment assets with the Defined Benefit portfolio is approved by the Board of Trustees as outlined in the annual investment plan. Plan assets are managed on a total return basis with a long-term objective of achieving and maintaining a fully funded status for the benefits provided through the defined benefit pension plans. The long-term expected rate of return on defined benefit investment assets was determined using a building-block method in which best-estimate ranges of expected future real rates of return by weighting the expected future real rates of return by the target asset allocation percentage, adjusted for inflation. Best estimates of arithmetic real rates of return were provided by the Board's investment consultant. For each major asset class that is included in the Defined Benefit portfolio's target asset allocation as of December 31, 2019, these best estimates are summarized in the following table:

|                        | Taurat     | Weighted Average Long-Term   |
|------------------------|------------|------------------------------|
|                        | Target     | Expected Real Rate of Return |
| Asset Class            | Allocation | (Arithmetic)                 |
| Fixed Income           | 25.00 %    | 1.83 %                       |
| Domestic Equities      | 19.00      | 5.75                         |
| Real Estate            | 10.00      | 5.20                         |
| Private Equity         | 12.00      | 10.70                        |
| International Equities | 21.00      | 7.66                         |
| Other Investments      | 13.00      | 4.98                         |
| Total                  | 100.00 %   | 5.61 %                       |

**Discount Rate** The discount rate used to measure the total pension liability was 7.20 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and those of the contributing employers are made at the contractually required rates, as actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

#### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2020

#### Sensitivity of the County's Proportionate Share of the Net Pension Liability to Changes in the Discount

**Rate** The following table presents the County's proportionate share of the net pension liability calculated using the current period discount rate assumption of 7.20 percent, as well as what the County's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one-percentage-point lower (6.20 percent) or one-percentage-point higher (8.20 percent) than the current rate:

|                                     | Current     |             |               |            |             |            |
|-------------------------------------|-------------|-------------|---------------|------------|-------------|------------|
|                                     | 1% Decrease |             | Discount Rate |            | 1% Increase |            |
| County's Proportionate Share of the |             |             |               |            |             |            |
| Net Pension Liability               | \$          | 116,037,418 | \$            | 70,354,549 | \$          | 29,286,990 |

#### **Actuarial Assumptions - STRS**

Key methods and assumptions used in the latest actuarial valuation, reflecting experience study results used in the June 30, 2020, actuarial valuation, are presented below:

| Inflation                  | 2.50 percent  |
|----------------------------|---|
| Acturial Cost Method       | Entry Age Normal (Level Percent of Payroll)                   |
| Projected Salary Increases | 12.50 percent at age 20 to 2.50 percent at age 65             |
| Investment Rate of Return  | 7.45 percent, net of investment expenses, including inflation |
| Payroll Increases          | 3.00 percent  |
| Cost-of-Living Adjustments | 0.00 percent  |

Post-retirement mortality rates for healthy retirees are based on the RP-2014 Annuitant Mortality Table with 50 percent of rates through age 69, 70 percent of rates between ages 70 and 79, 90 percent of rates between ages 80 and 84, and 100 percent of rates thereafter, projected forward generationally using mortality improvement scale MP-2016. Pre-retirement mortality rates are based on RP-2014 Employee Mortality Tables, projected forward generationally using mortality improvement scale MP-2016. Post-retirement disabled mortality rates are based on the RP-2014 Disabled Mortality Table with 90 percent of rates for males and 100 percent of rates for females, projected forward generationally using mortality improvement scale MP-2016.

The actuarial assumptions used in the June 30, 2020 valuation, were based on the results of the latest available actuarial experience study, which is for the period July 1, 2011, through June 30, 2016.

#### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2020

STRS' investment consultant develops an estimate range for the investment return assumption based on the target allocation adopted by the Retirement Board. The target allocation and long-term expected rate of return for each major asset class are summarized as follows:

|                      | Target     | Long-Term Expected |
|----------------------|------------|--------------------|
| Asset Class          | Allocation | Rate of Return*    |
| Domestic Equity      | 28.00 %    | 7.35 %             |
| International Equity | 23.00      | 7.55               |
| Alternatives         | 17.00      | 7.09               |
| Fixed Income         | 21.00      | 3.00               |
| Real Estate          | 10.00      | 6.00               |
| Liquidity Reserves   | 1.00       | 2.25               |
| Total                | 100.00 %   |                    |

\*Ten year annualized geometric nominal returns, which include the real rate of return and inflation of 2.25 percent and does not include investment expenses. Over a 30-year period, STRS' investment consultant indicates that the above target allocations should generate a return above the actuarial rate of return, without net value added by management.

**Discount Rate**. The discount rate used to measure the total pension liability was 7.45 percent as of June 30, 2020. The projection of cash flows used to determine the discount rate assumes that employer and member contributions will be made at statutory contribution rates of 14 percent each. For this purpose, only employer contributions that are intended to fund benefits of current plan members and their beneficiaries are included. Based on those assumptions, STRS' fiduciary net position was projected to be available to make all projected future benefit payments to current plan members as of June 30, 2020. Therefore, the long-term expected rate of return on investments of 7.45 percent was applied to all periods of projected benefit payments to determine the total pension liability as of June 30, 2020.

Sensitivity of the County's Proportionate Share of the Net Pension Liability to Changes in the Discount *Rate* The following table represents the County's proportionate share of the net pension liability as of June 30, 2020, calculated using the current period discount rate assumption of 7.45 percent, as well as what the County's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.45 percent) or one percentage point higher (8.45 percent) than the current assumption:

|                                     | Current |             |    |               |    |             |  |
|-------------------------------------|---------|-------------|----|---------------|----|-------------|--|
|                                     | 1%      | 1% Decrease |    | Discount Rate |    | 1% Increase |  |
| County's Proportionate Share of the |         |             |    |               |    |             |  |
| Net Pension Liability               | \$      | 266,171     | \$ | 186,942       | \$ | 119,800     |  |

#### Social Security System

Effective July 1, 1991, all employees not otherwise covered by a State Retirement System have an option to choose Social Security or the appropriate System. As of December 31, 2020, none have elected Social Security.

#### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2020

### **NOTE 12 - DEFINED BENEFIT OPEB PLANS**

See Note 11 for a description of the net OPEB liability.

#### Plan Description – Ohio Public Employees Retirement System (OPERS)

OPERS administers three separate pension plans: the traditional pension plan, a cost-sharing, multipleemployer defined benefit pension plan; the member-directed plan, a defined contribution plan; and the combined plan, a cost-sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and defined contribution plan.

OPERS maintains a cost-sharing, multiple-employer defined benefit post-employment health care trust, which funds multiple health care plans including medical coverage, prescription drug coverage and deposits to a Health Reimbursement Arrangement to qualifying benefit recipients of both the traditional pension and the combined plans. This trust is also used to fund health care for member-directed plan participants, in the form of a Retiree Medical Account (RMA). At retirement or separation, member directed plan participants may be eligible for reimbursement of qualified medical expenses from their vested RMA balance.

In order to qualify for postemployment health care coverage, age and service retirees under the traditional pension and combined plans must have twenty or more years of qualifying Ohio service credit with a minimum age of 60, or generally 30 years of qualifying service at any age. Health care coverage for disability benefit recipients and qualified survivor benefit recipients is available. The health care coverage provided by OPERS meets the definition of an Other Post Employment Benefit (OPEB) as described in GASB Statement 75. See OPERS Comprehensive Annual Financial Report referenced below for additional information.

The Ohio Revised Code permits, but does not require OPERS to provide health care to its eligible benefit recipients. Authority to establish and amend health care coverage is provided to the Board in Chapter 145 of the Ohio Revised Code.

Disclosures for the health care plan are presented separately in the OPERS financial report. Interested parties may obtain a copy by visiting <u>https://www.opers.org/financial/reports.shtml</u>, by writing to OPERS, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling (614) 222-5601 or 800-222-7377.

Funding Policy - The Ohio Revised Code provides the statutory authority allowing public employers to fund postemployment health care through their contributions to OPERS. When funding is approved by OPERS' Board of Trustees, a portion of each employer's contribution to OPERS is set aside to fund OPERS health care plans. Beginning in 2018, OPERS no longer allocated a portion of its employer contributions to health care for the traditional plan and the combined plan

Employer contribution rates are expressed as a percentage of the earnable salary of active members. In 2020, state and local employers contributed at a rate of 14.0 percent of earnable salary and public safety and law enforcement employers contributed at 18.1 percent. These are the maximum employer contribution rates permitted by the Ohio Revised Code. Active member contributions do not fund health care.

#### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2020

Each year, the OPERS Board determines the portion of the employer contribution rate that will be set aside to fund health care plans. For 2020, OPERS did not allocate any employer contribution to health care for members in the Traditional Pension Plan and Combined Plan. The OPERS Board is also authorized to establish rules for the retiree or their surviving beneficiaries to pay a portion of the health care provided. Payment amounts vary depending on the number of covered dependents and the coverage selected. The employer contribution as a percentage of covered payroll deposited into the RMA for participants in the member-directed plan for 2020 was 4.0 percent.

Employer contribution rates are actuarially determined and are expressed as a percentage of covered payroll. The County's contractually required contribution was \$0 for 2020.

#### Plan Description – State Teachers Retirement System (STRS)

Plan Description – The State Teachers Retirement System of Ohio (STRS) administers a cost-sharing Health Plan administered for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS. Ohio law authorizes STRS to offer this plan. Benefits include hospitalization, physicians' fees, prescription drugs and partial reimbursement of monthly Medicare Part B premiums. Medicare Part B premium reimbursements will be discontinued effective January 1, 2021. The Plan is included in the report of STRS which can be obtained by visiting www.strsoh.org or by calling (888) 227-7877.

Funding Policy – Ohio Revised Code Chapter 3307 authorizes STRS to offer the Plan and gives the Retirement Board discretionary authority over how much, if any, of the health care costs will be absorbed by STRS. Active employee members do not contribute to the Health Care Plan. Nearly all health care plan enrollees, for the most recent year, pay a portion of the health care costs in the form of a monthly premium. Under Ohio law, funding for post-employment health care may be deducted from employer contributions, currently 14 percent of covered payroll. For the fiscal year ended June 30, 2020, STRS did not allocate any employer contributions to post-employment health care.

### **OPEB** Liabilities, **OPEB** Expense, and Deferred Outflows/Inflows of Resources Related to OPEB

The net OPEB liability and total OPEB liability for OPERS were determined by an actuarial valuation as of December 31, 2018, rolled forward to the measurement date of December 31, 2019, by incorporating the expected value of health care cost accruals, the actual health care payment, and interest accruals during the year. The net OPEB liability (asset) was measured as of June 30, 2020, and the total OPEB liability used to calculate the net OPEB liability (asset) was determined by an actuarial valuation as of that date. The County's proportion of the net OPEB liability (asset) was based on the County's share of contributions to the respective retirement systems relative to the contributions of all participating entities. Following is information related to the proportionate share and OPEB expense:

|   | <br>OPERS        | STRS             | _  | Total      |
|---|------------------|------------------|----|------------|
| Proportion of the Net OPEB Liability (Asset): |                  |                  |    |            |
| Current Measurement Period                    | 0.346331%        | 0.00077260%      |    |            |
| Prior Measurement Period                      | 0.336140%        | <br>0.00107420%  |    |            |
| Change in Proportion                          | <br>0.010191%    | <br>-0.00030160% |    |            |
| Proportionate Share of the Net                |                  |                  |    |            |
| OPEB Liability (Asset)                        | \$<br>47,837,308 | \$<br>(13,578)   | \$ | 47,823,730 |
| OPEB Expense                                  | \$<br>5,965,812  | \$<br>(1,066)    | \$ | 5,964,746  |

### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2020

At December 31, 2020, the County reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

|   | OPERS |           | STRS |        | Total |           |
|---|-------|-----------|------|--------|-------|-----------|
| <b>Deferred Outflows of Resources</b>       |       |           |      |        |       |           |
| Net Difference between Projected and Actual |       |           |      |        |       |           |
| Earnings on OPEB Plan Investments           | \$    | -         | \$   | 475    | \$    | 475       |
| Differences between Expected and            |       |           |      |        |       |           |
| Actual Experience                           |       | 1,283     |      | 870    |       | 2,153     |
| Changes of Assumptions                      |       | 7,572,137 |      | 224    |       | 7,572,361 |
| Changes in Proportionate Share              |       | 1,114,460 |      | -      |       | 1,114,460 |
| Total Deferred Outflows of Resources        | \$    | 8,687,880 | \$   | 1,569  | \$    | 8,689,449 |
| Deferred Inflows of Resources               |       |           |      |        |       |           |
| Differences between Expected and            |       |           |      |        |       |           |
| Actual Experience                           | \$    | 4,374,943 | \$   | 2,703  | \$    | 4,377,646 |
| Net Difference between Projected and Actual |       |           |      |        |       |           |
| Earnings on OPEB Plan Investments           |       | 2,435,863 |      | -      |       | 2,435,863 |
| Changes of Assumptions                      |       | -         |      | 12,897 |       | 12,897    |
| Changes in Proportionate Share              |       | 54,092    |      | 1,333  |       | 55,425    |
| Total Deferred Inflows of Resources         | \$    | 6,864,898 | \$   | 16,933 | \$    | 6,881,831 |

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

| Year Ending December 31: | <br>OPERS       |    | STRS     | Total |             |  |
|--------------------------|-----------------|----|----------|-------|-------------|--|
| 2021                     | \$<br>1,963,956 | \$ | (3,768)  | \$    | 1,960,188   |  |
| 2022                     | 897,958         |    | (3,445)  |       | 894,513     |  |

|                          | \$<br>1,822,982 | \$ | (15,364) | \$    | 1,807,618   |  |

#### Actuarial Assumptions - OPERS

Actuarial valuations of an ongoing plan involve estimates of the values of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and cost trends. Actuarially determined amounts are subject to continual review or modification as actual results are compared with past expectations and new estimates are made about the future.

#### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2020

Projections of benefits for financial reporting purposes are based on the substantive plan and include the types of coverage provided at the time of each valuation and the historical pattern of sharing of costs between OPERS and plan members. The total OPEB liability was determined by an actuarial valuation as of December 31, 2018, rolled forward to the measurement date of December 31, 2019. The actuarial valuation used the following actuarial assumptions applied to all prior periods included in the measurement in accordance with the requirements of GASB 74:

| Wage Inflation              | 3.25 percent  |
|-----------------------------|---|
| Projected Salary Increases, | 3.25 percent to 10.75 percent (includes               |
| Including Inflation         | wage inflation at 3.25 percent)                       |
| Single Discount Rate:       |   |
| Current Measurement Date    | 3.16 percent  |
| Prior Measurement Date      | 3.96 percent  |
| Investment Rate of Return   |   |
| Current Measurement Date    | 6.00 percent  |
| Prior Measurement Date      | 6.00 percent  |
| Municipal Bond Rate         |   |
| Current Measurement Date    | 2.75 percent  |
| Prior Measurement Date      | 3.71 percent  |
| Health Care Cost Trend Rate |   |
| Current Measurement Date    | 10.50 percent, initial, 3.50 percent ultimate in 2030 |
| Prior Measurement Date      | 10.00 percent, initial, 3.25 percent ultimate in 2029 |
| Actuarial Cost Method       | Individual Entry Age Normal                           |
|                             |   |

Pre-retirement mortality rates are based on the RP-2014 Employees mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Post-retirement mortality rates are based on the RP-2014 Healthy Annuitant mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Post-retirement mortality rates are based on the RP-2014 Disabled mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for disabled retirees are based on the RP-2014 Disabled mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Post-retirement mortality rates for disabled retirees are based on the RP-2014 Disabled mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Mortality rates for a particular calendar year are determined by applying the MP-2015 mortality improvement scale to all of the above described tables.

The most recent experience study was completed for the five year period ended December 31, 2015.

During 2019, OPERS managed investments in three investment portfolios: the Defined Benefit portfolio, the Health Care portfolio and the Defined Contribution portfolio. The Health Care portfolio includes the assets for health care expenses for the Traditional Pension Plan, Combined Plan and Member-Directed Plan eligible members. Within the Health Care portfolio, if any contribution are made into the plans, the contributions are assumed to be received continuously throughout the year based on the actual payroll payable at the time contributions are made. Health care-related payments are assumed to occur mid-year. Accordingly, the money-weighted rate of return is considered to be the same for all plans within the portfolio. The annual money-weighted rate of return expressing investment performance, net of investment expenses and adjusted for the changing amounts actually invested, for the Health Care portfolio was 19.7 percent for 2019.

#### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2020

The allocation of investment assets within the Health Care portfolio is approved by the Board of Trustees as outlined in the annual investment plan. Assets are managed on a total return basis with a long-term objective of continuing to offer a sustainable health care program for current and future retirees. OPERS' primary goal is to achieve and maintain a fully funded status for the benefits provided through the defined pension plans. Health care is a discretionary benefit. The long-term expected rate of return on health care investment assets was determined using a building-block method in which best-estimate ranges of expected future real rates of return are developed for each major asset class. These ranges are combined to produce the long-term expected real rate of return by weighting the expected future real rates of return by the target asset allocation percentage, adjusted for inflation. For each major asset class that is included in the Health Care's portfolio's target asset allocation as of December 31, 2019, these best estimates are summarized in the following table:

|                               |            | Weighted Average Long-Term   |
|-------------------------------|------------|------------------------------|
|                               | Target     | Expected Real Rate of Return |
| Asset Class                   | Allocation | (Arithmetic)                 |
| Fixed Income                  | 36.00 %    | 1.53 %                       |
| Domestic Equities             | 21.00      | 5.75                         |
| Real Estate Investment Trusts | 6.00       | 5.69                         |
| International Equities        | 23.00      | 7.66                         |
| Other Investments             | 14.00      | 4.90                         |
| Total                         | 100.00 %   | 4.55 %                       |

**Discount Rate** A single discount rate of 3.16 percent was used to measure the OPEB liability on the measurement date of December 31, 2019. A single discount rate of 3.96 percent was used to measure the OPEB liability on the measurement date of December 31, 2018. Projected benefit payments are required to be discounted to their actuarial present value using a single discount rate that reflects (1) a long-term expected rate of return on OPEB plan investments (to the extent that the health care fiduciary net position is projected to be sufficient to pay benefits), and (2) tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating as of the measurement date (to the extent that the contributions for use with the long-term expected rate are not met). This single discount rate was based on an expected rate of return on the health care investment portfolio of 6.00 percent and a municipal bond rate of 2.75 percent. The projection of cash flows used to determine this single discount rate assumed that employer contributions will be made at rates equal to the actuarially determined contributions were sufficient to finance health care costs through 2034. As a result, the long-term expected rate of return on health care investments was applied to projected costs through the year 2034, and the municipal bond rate was applied to all health care costs after that date.

Sensitivity of the County's Proportionate Share of the Net OPEB Liability to Changes in the Discount *Rate* The following table presents the County's proportionate share of the net OPEB liability calculated using the single discount rate of 3.16 percent, as well as what the County's proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is one-percentage-point lower (2.16 percent) or one-percentage-point higher (4.16 percent) than the current rate:

|                                     |    |            |               | Current    |             |            |
|-------------------------------------|----|------------|---------------|------------|-------------|------------|
|                                     | 1  | % Decrease | Discount Rate |            | 1% Increase |            |
| County's Proportionate Share of the |    |            |               |            |             |            |
| Net OPEB Liability                  | \$ | 62,602,792 | \$            | 47,837,308 | \$          | 36,014,961 |

## NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2020

Sensitivity of the County's Proportionate Share of the Net OPEB Liability to Changes in the Health Care Cost Trend Rate Changes in the health care cost trend rate may also have a significant impact on the net OPEB liability. The following table presents the net OPEB liability calculated using the assumed trend rates, and the expected net OPEB liability if it were calculated using a health care cost trend rate that is 1.0 percent lower or 1.0 percent higher than the current rate.

Retiree health care valuations use a health care cost-trend assumption that changes over several years built into the assumption. The near-term rates reflect increases in the current cost of health care; the trend starting in 2020 is 10.50 percent. If this trend continues for future years, the projection indicates that years from now virtually all expenditures will be for health care. A more reasonable alternative is that in the not-too-distant future, the health plan cost trend will decrease to a level at, or near, wage inflation. On this basis, the actuaries project premium rate increases will continue to exceed wage inflation for approximately the next decade, but by less each year, until leveling off at an ultimate rate, assumed to be 3.50 percent in the most recent valuation.

|                                     | 1  | % Decrease | <br>Frend Rate   | 1  | % Increase |
| County's Proportionate Share of the |    |            |                  |    |            |
| Net OPEB Liability                  | \$ | 46,425,671 | \$<br>47,837,308 | \$ | 49,230,952 |

## Changes between Measurement Date and Reporting Date

On January 15, 2020, the Board approved several changes to the health care plan offered to Medicare and pre-Medicare retirees in efforts to decrease costs and increase the solvency of the health care plan. These changes are effective January 1, 2022, and include changes to base allowances and eligibility for Medicare retirees, as well as replacing OPERS-sponsored medical plans for pre-Medicare retirees with monthly allowances, similar to the program for Medicare retirees. These changes are not reflected in the current year financial statements but are expected to decrease the associated OPEB liability.

## Actuarial Assumptions – STRS

Key methods and assumptions used in the latest actuarial valuation, reflecting experience study results used in the June 30, 2020, actuarial valuation are presented below:

| Inflation                    | 2.50 percent  |              |  |  |  |  |  |
|------------------------------|---|--------------|--|--|--|--|--|
| Projected Salary Increases   | 12.50 percent at age 20 to 2.50 percent at age 65             |              |  |  |  |  |  |
| Payroll Increases            | 3.00 percent  |              |  |  |  |  |  |
| Investment Rate of Return    | 7.45 percent, net of investment expenses, including inflation |              |  |  |  |  |  |
| Discount Rate of Return      | 7.45 percent  |              |  |  |  |  |  |
| Health Care Cost Trend Rates |   |              |  |  |  |  |  |
| Medical                      | Initial   | Ultimate     |  |  |  |  |  |
| Pre-Medicare                 | 5.00 percent  | 4.00 percent |  |  |  |  |  |
| Medicare                     | -6.69 percent   | 4.00 percent |  |  |  |  |  |
| Prescription Drug            |   |              |  |  |  |  |  |
| Pre-Medicare                 | 6.50 percent  | 4.00 percent |  |  |  |  |  |
| Medicare                     | 11.87 percent   | 4.00 percent |  |  |  |  |  |

Projections of benefits include the historical pattern of sharing benefit costs between the employers and retired plan members.

## NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2020

For healthy retirees the mortality rates are based on the RP-2014 Annuitant Mortality Table with 50 percent of rates through age 69, 70 percent of rates between ages 70 and 79, 90 percent of rates between ages 80 and 84, and 100 percent of rates thereafter, projected forward generationally using mortality improvement scale MP-2016. For disabled retirees, mortality rates are based on the RP-2014 Disabled Mortality Table with 90 percent of rates for males and 100 percent of rates for females, projected forward generationally using mortality improvement scale MP-2016.

The actuarial assumptions used in the June 30, 2020 valuation were adopted by the board from the results of an actuarial experience study for July 1, 2011, through June 30, 2016.

STRS' investment consultant develops an estimate range for the investment return assumption based on the target allocation adopted by the Retirement Board. The target allocation and long-term expected rate of return for each major asset class are summarized as follows:

|                      | Target     | Long-Term Expected |
|----------------------|------------|--------------------|
| Asset Class          | Allocation | Rate of Return*    |
| Domestic Equity      | 28.00 %    | 7.35 %             |
| International Equity | 23.00      | 7.55               |
| Alternatives         | 17.00      | 7.09               |
| Fixed Income         | 21.00      | 3.00               |
| Real Estate          | 10.00      | 6.00               |
| Liquidity Reserves   | 1.00       | 2.25               |
| Total                | 100.00 %   |                    |

\*Ten year annualized geometric nominal returns, which include the real rate of return and inflation of 2.25 percent and does not include investment expenses. Over a 30-year period, STRS' investment consultant indicates that the above target allocations should generate a return above the actuarial rate of return, without net value added by management.

**Discount Rate** The discount rate used to measure the total OPEB liability was 7.45 percent as of June 30, 2020. The projection of cash flows used to determine the discount rate assumed STRS continues to allocate no employer contributions to the health care fund. Based on those assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments to current plan members. Therefore, the long-term expected rate of return on health care plan investments of 7.45 percent was applied to all periods of projected benefit payments to determine the total OPEB liability as of June 30, 2020.

Sensitivity of the County's Proportionate Share of the Net OPEB Asset to Changes in the Discount Rate and Health Care Cost Trend Rate The following table represents the net OPEB asset as of June 30, 2020, calculated using the current period discount rate assumption of 7.45 percent, as well as what the net OPEB asset would be if it were calculated using a discount rate that is one percentage point lower (6.45 percent) or one percentage point higher (8.45 percent) than the current assumption. Also shown is the net OPEB asset as of June 30, 2020, calculated using health care cost trend rates that are one percentage point lower and one percentage point higher than the current health care cost trend rates.

## **NOTE 13 - RISK MANAGEMENT**

#### A. Insurance

The County is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets: errors and omissions; employee injuries and natural disasters.

*County Risk Sharing Authority Incorporated* - The County is a member of the County Risk Sharing Authority, Inc. (CORSA), which is a risk sharing pool among forty-one counties in Ohio. CORSA was formed in and as an Ohio nonprofit corporation for the purpose of establishing the CORSA Insurance/Self-Insurance Program, a group primary and excess insurance/self-insurance and risk management program. Member counties agree to jointly participate in coverage of losses and pay all contribution necessary for the specified insurance coverage provided by CORSA.

| Coverages provided by CORSA are as follows: |             |
|---|-------------|
| General                                     | \$1,000,000 |
| Auto  | 1,000,000   |
| Errors and Omissions                        | 1,000,000   |
| Property                                    | 183,657,825 |
| Equipment Breakdown                         | 100,000,000 |
| Crime                                       | 1,000,000   |
| Excess Liability                            | 10,000,000  |

Each member county has one vote on all matters requiring a vote, to be cast by a designated representative. The affairs of CORSA are managed by an elected board of not more than nine trustees. Only county commissioners of member counties are eligible to serve on the board. No county may have more than one representative on the board at any one time. Each member county's control over the budgeting and financing of CORSA is limited to its voting authority and any representation it may have on the board of trustees.

The continued existence of CORSA is dependent upon the County's continued participation; however, the County does not have an equity interest in CORSA. In 2020, the County contributed \$462,316. Complete financial statements can be obtained from the County Risk Sharing Authority, Inc. at 209 East State Street, Columbus, Ohio 43215.

There has been no significant reduction in insurance coverages from coverages in the prior year. In addition, settled claims resulting from these risks have not exceeded commercial insurance coverages in any of the past three fiscal years.

## NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2020

## **B. Shared Risk Pool**

*County Commissioners Association of Ohio Workers' Compensation Group Rating Plan* - The County is participating in a group rating plan for workers' compensation as established under Section 4123.29 of the Ohio Revised Code. The County Commissioners Association Service Corporation (CCAOSC) was established through the County Commissioners Association of Ohio (CCAO) as a group purchasing pool and operates the worker's compensation group plan for counties.

A group executive committee is responsible for calculating annual rate contributions and rebates, approving the selection of a third party administrator, reviewing and approving proposed third party fees, fees for risk management services and general management fees, determining ongoing eligibility of each participant and performing any other acts and functions which may be delegated to it by the participating employers. The group executive committee consists of seven members. Two members are the president and treasurer of CCAOSC; the remaining five members are representatives of the participants. These five members are elected for the ensuing year by the participants at a meeting held in the month of December each year. No participant can have more than one member of the group executive committee in any year, and each elected member shall be a County Commissioner.

The Plan is intended to achieve lower worker's compensation rates while establishing safer working conditions and environments for the participants. The worker's compensation experience of the participating Counties is calculated as one experience and a common premium rate is applied to all participants in the Plan. Each participant pays its worker's compensation premium to the State based on the rate for the Plan rather than its individual rate. In order to allocate the savings derived by participation in the Plan, and to maximize the number of participants in the Plan, the Plan's executive committee annually collects rate contributions from or pays rate equalization rebates to the various participants. Participation in the Plan is limited to counties that can meet the Plan's selection criteria. The firm of Comp Management, Inc. provides administrative, cost control and actuarial services to the Plan. Each year, the County pays an enrollment fee to the Plan to cover the costs of administering the program.

The County may withdraw from the Plan if written notice is provided sixty days prior to the prescribed application deadline of the Ohio Bureau of Worker's Compensation. However, the participant is not relieved of the obligation to pay any amounts owed to the Plan prior to withdrawal, and any participant leaving the Plan allows the representative of the Plan to access loss experience for three years following the last year of participation.

## C. Self-Insurance

The County has established a medical, dental, and vision self-insurance program for employees. An internal service fund is used to account for this program. A liability of unpaid claims cost of \$1,463,711 is based on the requirements of GASB 10, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. The estimate was not affected by incremental claim adjustment expenses and does not include other allocated or unallocated claim adjustment expenses. Interfund premiums are based primarily upon the insured funds' claims experience.

## **NOTE 14 – JOINT VENTURES**

*Mental Health & Recovery for Licking and Knox Counties Board (MHRLK)* - The function of the MHRLK Board is to assess needs, plan, monitor, fund and evaluate the services of the community based mental health and substance abuse program. Participants are residents of Licking and Knox counties. The Board provides no direct services, but contracts for their delivery. The Board is managed by eighteen members: seven appointed by the Commissioners of Licking County, three appointed by the Commissioners of Knox County (proportionate to population), and eight appointed by the director of the Ohio Department of Mental Health and Addiction Services. Each participating county's influence is limited to the number of members each appoints to the Board. The Board exercises total control of the budgeting, appropriation, contracting and management.

The Board's revenue consists of two, one mill district-wide tax levies and state and federal grants awarded to the joint county board. Since Licking County serves as the fiscal agent for the Board, the financial activity is presented as a custodial fund. The County does not have an equity interest or an ongoing financial responsibility in the Board and the Board has no outstanding debt. Continued existence of the multi-County Board's organization is dependent on both Counties continued participation. State of Ohio law defines how Joint County Boards may exist, function, and operate. In 2020, the County contributed \$4,112,128 which represents proceeds from the Licking County tax levy. Complete financial statements can be obtained from the Mental Health and Recovery for Licking and Knox Counties, Newark, Ohio.

## NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2020

## **NOTE 15 - JOINTLY GOVERNED ORGANIZATIONS**

## A. Coshocton-Fairfield-Licking-Perry Solid Waste District

The County is a member of the Coshocton-Fairfield-Licking-Perry Solid Waste District (the "District"), which is a jointly governed organization of the four-named counties. The purpose of the District is to reduce reliance on landfills through recycling and waste reduction. The District was created in 1989, as required by the Ohio Revised Code. The Coshocton-Fairfield-Licking-Perry Solid Waste District is governed and operated through two groups. A twelve-member board of directors, comprised of three Commissioners from each county, is responsible for the implementation of the solid waste management plan. Financial records are maintained by the Licking County Auditor and Treasurer. The District's revenue sources are a waste disposal fee for in-district, out-of-district and out-of-state waste disposed within the District, and a generation fee on in-district waste that is paid by destination landfills. Although the County contributed amounts to the District at the time of its creation, no contributions were received from the County in 2020 and no future contributions by the County are anticipated. A twenty-nine member policy committee, comprised of seven members from each county and one at-large member appointed by the rest of the Policy Committee, is responsible for periodically updating the solid waste management plan of the District. Continued existence of the District is not dependent on the County's continued participation, no equity interest exists, and no debt is outstanding. Complete financial statements can be obtained from the Coshocton-Fairfield-Licking-Perry Solid Waste District, 675 Price Road, Newark, Ohio 43055.

## **B.** Licking County Children and Families First Council's Clinical Committee

The Licking County Children and Families First Council's Clinical Committee is a group of agency representatives providing oversight and funding approval for service provisions to multi-need youth involved with the LCCFFC. Members of the Clinical Committee include representatives of the Licking County Juvenile Court, Licking County Board of Developmental Disabilities, Mental Health & Recovery for Licking and Knox Counties Board, Licking County Job & Family Services/Children Services Division, and other local and private organizations/schools. A fiscal role of Clinical Committee is to serve as an access point for LCCFFC funds for services to manage risk and keep children safely in their homes when issues have expanded beyond the resources of a single agency. No debt is currently outstanding. The Licking County Children and Families First Council's Clinical Committee is not dependent upon the continued participation of the County and the County does not maintain an equity interest. The Licking County Children and Families First Council's Clinical Committee was established, and follows the guidelines per ORC 121.37.

## C. Multi-County Juvenile Rehabilitation Facility

The Multi-County Juvenile Rehabilitation Facility is a jointly governed organization. Participants are Licking, Muskingum, Coshocton, Knox, Delaware, Perry, and Morgan counties. The organization's purpose is to construct a multi-county juvenile rehabilitation facility in Perry County. The organization is governed by an advisory board consisting of the juvenile judge from each member county. The Perry County Juvenile Court judge has the authority to appoint a principal administrative officer (Director) with approval being made by the Board. The Board exercises total control, including budgeting, appropriating, contracting, and designating management. Perry County is the fiscal agent. The organization's revenues consist of state grants. Continued existence of the organization is not dependent on the County's continued participation and no equity interest exists. Complete financial information can be obtained from the Perry County Auditor's office.

## NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2020

## D. Licking County Area Transportation Study (LCATS) Metropolitan Planning Organization (MPO)

The Licking County Area Transportation Study (LCATS) was created as a result of the Intermodal Surface Transportation Efficiency Act of 1991 and the Clean Air Act of 1990. The main goal of LCATS is to utilize those Federal funds that are available to the County to produce the most efficient transportation system possible. The MPO has no outstanding debt. Complete financial statements can be obtained from the LCATS, 20 South Second Street, Newark, Ohio 43055.

## E. Heath-Newark-Licking County Port Authority

The Heath-Newark-Licking County Port Authority (the "Port Authority") is a legally separate entity created pursuant to Ohio Revised Code Section 4582.21. The Port Authority was created by Licking County, the City of Heath, and the City of Newark. The Port Authority is governed by a nine-member board. The County, the City of Heath and the City of Newark each appoint three members. The Port Authority was created to operate the Newark Air Force Base. The Port Authority derives revenues from operating leases with a private corporation to be used for Port Authority administrative expenses and for the maintenance of the airbase. The County contributed \$0 to the Port Authority in 2020. The continued existence of the Port Authority is not dependent on the County's continued participation and the County does not have an equity interest in or financial responsibility for the Port Authority. The Port Authority, 851 Irving Wick Drive West, Heath, Ohio 43056.

## F. Licking County Children and Families First Council

The Licking County Children and Families First Council (the "Council") is a jointly governed organization created under Ohio Revised Code Section 121.37. The Council is made up of the following members: Director of the Mental Health & Recovery for Licking and Knox Counties Board, Health Commissioner of the Licking County Health Department, Director of the Licking County Job & Family Services, Superintendent of the Licking County Board of Developmental Disabilities, Superintendent of the Licking County Joury Educational Services Center, the Superintendent of Newark City Schools, a Licking County Juvenile Court administrator, a representative of the Licking County Health America), the County Head Start Coordinator, a representative from the City of Newark, a representative from the regional office of the Ohio Department of Youth Services and at least three individuals representing the interests of families of the Council also invites non-profit agencies to participate as non-mandated members. When possible, the number of members representing families shall be equal to twenty percent of the Council's remaining membership. In 2020, the County contributed \$0 to the Council. Continued existence of the Council is not dependent on the County's continued participation, no equity interest exists, and no debt is outstanding.

## NOTE 16 - RELATED ORGANIZATION

*Licking County Park District* - The County Probate Judge is responsible for appointing the three-member board of the Licking County Park District. Removal of the members requires due process. The County has no ability to impose its will on the organization nor is a burden/benefit relationship in existence. The District is its own budgeting and taxing authority and has no outstanding debt. The County Auditor serves as the fiscal agent for the District; therefore, the financial activity is reflected in a County fiduciary fund.

#### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2020

## NOTE 17 - RELATED PARTY TRANSACTIONS

The Licking County Regional Airport Authority, a discretely presented component unit of Licking County, received contributions for capital acquisitions. In 2020, these contributions totaled \$100,000.

## **NOTE 18 - CONTINGENT LIABILITIES**

**Grants** – The County has received federal and state grants for specific purposes that are subject to review and audit by the grantor agencies or their designee. These audits could lead to a request for reimbursement to the grantor agency for expenditures disallowed under terms of the grant. Based on prior experience, the County Commissioners believe such disallowances, if any, will be immaterial.

**Litigation** – The County is a party to various legal proceedings which seek damages or injunctive relief generally incidental to its operations. The County's management and legal counsel is of the opinion that ultimate disposition of various claims and legal proceedings will not have a material adverse effect on the financial condition of the County.

## **NOTE 19 – CONTRACTUAL COMMITMENTS**

| At vear-end. | , the County had | l significant con | tractual commitme | ents as follows: |

| Total Capital Assets, Net           | \$ 9,455,410         | \$ 322,597 | \$ -        | \$ 9,778,007      |

#### Subsequent Event

On March 21, 2021, the County resolved to issue \$1.6 million in bonds to pay part of the cost of acquiring, constructing, and equipping airport facilities consisting of a thirteen (13) unit T-Hangar with an attached box hangar, and associated pavement. The County anticipates that debt service on such bonds will be paid from revenues to be received from the Authority. The bonds shall bear an interest rate of approximately 6.0 percent per annum and shall mature in subsequently equal annual installments over a period of twenty (20) years. The County has determined that notes will be issued in anticipation of the bonds in the principal amount of \$1.6 million. The notes will bear interest at the rate of 1.5 percent per annum and shall be payable at maturity not more than one year from the date of their issuance.

## NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2020

## NOTE 22 – LICKING COUNTY LAND REUTILIZATION CORPORATION

Key disclosures for the Land Reutilization Corporation (the Corporation) are as follows:

## Deposits

At December 31, 2020, the carrying amount of the Corporation's deposits was \$611,686. Based on the criteria described in GASB Statement Number 40, *Deposits and Investment Risk Disclosures*, as of December 31, 2020, \$250,000 was covered by the Federal Deposit Insurance Corporation (FDIC) and the remaining was covered by the Ohio Pooled Collateral System (OPSC).

Custodial credit risk is the risk that, in the event of bank failure, the Corporation will not be able to recover deposits or collateral securities that are in the possession of an outside party. The Corporation has no deposit policy for custodial credit risk beyond the requirements of State statute. Ohio law requires that deposits either be insured or protected by (1) eligible securities pledged to the Corporation's and deposited with a qualified trustee by the financial institution as security for repayment whose market value at all times shall be at least 105 percent of the deposite being secured, or (2) participation in the OPCS, a collateral pool of eligible securities deposited with a qualified trustee and pledged to the Treasurer of State to secure the repayment of all public monies deposited in the financial institution. OPCS requires the total market value of the securities pledged to be 102 percent of the deposits being secured or a rate set by the Treasurer of State. Although all statutory requirements for the deposit of money had been followed, noncompliance with Federal requirements could potentially subject the Corporation to a successful claim by the FDIC.

#### Related Party Transactions

Pursuant to and in accordance with Section 321.261 (B) of the Ohio Revised Code, the Corporation has been authorized by the Licking County Board of Commissioners to receive 3% of all collections of delinquent real property, personal property, and manufactured and mobile home taxes that are deposited into the County's DETAC fund and will be available for appropriation by the Corporation to fund operations.

During 2020, the Corporation paid \$22,343 in administrative costs to the Licking County Auditor's office.

## COVID-19

The United States of America and the State of Ohio declared a state of emergency in March 2020 due to the COVID-19 pandemic. The financial impact of COVID-19 and the continuing emergency measures will impact subsequent periods of the Corporation. The impact on the Corporation's future operating costs, revenues, and additional recovery from emergency funding, either federal or state, cannot be estimated.

## NOTE 23 – LICKING COUNTY TRANSPORTATION IMPROVEMENT DISTRICT

Key disclosures for the Transportation Improvement District (the District) are as follows:

## **Deposits**

At December 31, 2020, the carrying amount of all District's deposits was \$1,245,522. As of December 31, 2020, \$995,763 of the District's bank balance of \$1,245,522 was exposed to custodial risk as discussed below, while \$250,000 was covered by the FDIC.

## NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2020

Custodial credit risk is the risk that, in the event of bank failure, the District's deposits may not be returned. All deposits are collateralized with eligible securities in amounts equal to at least 102% of the carrying value of the deposits.

Ohio law requires that deposits either be insured or protected by (1) eligible securities pledged to the District's and deposited with a qualified trustee by the financial institution as security for repayment whose market value at all times shall be at least 105 percent of the deposits being secured, or (2) participation in the Ohio Pooled Collateral System (OPCS), a collateral pool of eligible securities deposited with a qualified trustee and pledged to the Treasurer of State to secure the repayment of all public monies deposited in the financial institution.

OPCS requires the total market value of the securities pledged to be 102 percent of the deposits being secured or a rate set by the Treasurer of State. For 2020, the District's financial institution was approved for a collateral rate of 102 percent through the OPCS. Although all statutory requirements for the deposit of money had been followed, noncompliance with Federal requirements could potentially subject the District to a successful claim by the FDIC.

#### Investments

The District's investments as of December 31, 2020 were as follows:

|                            |        |           | ]      | nvestment<br>Maturities |            |

#### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2020

#### Long-Term Obligations

Changes in the District's long-term obligations were as follows:

|   | Balance at 12/31/2019              | Issued         | Retired                                  | Balance at 12/31/2020 | Amounts<br>Due in<br>One Year |
|---|------------------------------------|----------------|--|-----------------------|-------------------------------|
| Thornwood Drive Bridge Loan<br>State Infrastructure Bank Bonds, Series 2017<br>Etna State Route 310 SIB Bonds - Premium | \$ 200,000<br>4,485,000<br>392,128 | \$ -<br>-<br>- | \$ (200,000)<br>(1,440,000)<br>(105,860) | \$ -<br>3,045,000<br> | \$ -<br>140,000<br>-          |
| Total Loans Payable   | \$ 5,077,129                       | \$ -           | \$ (1,745,860)                           | \$ 3,331,268          | \$ 140,000                    |

The Thornwood Drive Railroad Crossing loan was secured from the Heath-Newark-Licking County Port Authority and will be repaid in 2020. The Thornwood Drive Railroad Crossing loan was secured with collateral from grants to be received from Ohio Jobs and Commerce and the Ohio Public Works Commission. In the event of default, the District's General fund would be required to make payment if a material adverse change would occur. This loan has an interest rate of 0% and was repaid during 2020. This issuance was considered a direct borrowing in that the terms were negotiated between the District and the lender and were not offered for public sale.

The Treasurer of State of Ohio, through the State Transportation Infrastructure GRF Bond Fund Program, issued State of Ohio Transportation Project Revenue Bonds, Series 2017-1 in order to provide moneys to be loaned pursuant to Sections 5531.09 and 5531.10 of the Ohio Revised Code to the District for the purpose of financing street improvements, which include the acquisition, construction, equipping, and installation of road improvements, right-of-way purchases and issuance costs associated with the widening of State Route 310 from Interstate 70 to U.S. 40 (the "Project"); to pay capitalized interest during construction of the Project; and to pay the costs of issuance of the bonds.

The State Infrastructure Bank bonds issued totaled \$4,745,000 at an interest rate of 3.5% and are collateralized by income tax collections within the Etna Township Joint Economic Development Zone No. 1 and Joint Economic Development Zone No. 2. These revenues are then distributed to Licking County, Etna Township, the Southwest Licking Local School District and Etna Township Joint Economic Development Zone No. 2 Board which a portion of these revenues must be used to pay principal and interest associated with the State Infrastructure Bank bonds. This issuance was considered a direct borrowing in that the terms were negotiated between the District and the lender and were not offered for public sale.

#### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2020

During 2020, the District elected to pay down the outstanding State Infrastructure Bonds making an additional \$1,300,000 principal payment changing the final maturity date to November 2036 from November 2041. The new principal and interest requirements to retire the bonds are as follows:

|              | State Infrastructure Bonds |              |              |  |  |  |  |  |

## Intergovernmental Agreements / Related Party Transactions

The Licking County Commissioners, Licking County Engineers Office, Etna Township and the Heath-Newark Licking County Port Authority have committed to provide funding to the District to facilitate the development and implementation of the District's projects.

## COVID-19

The United States and the State of Ohio declared a state of emergency in March 2020 due to the COVID-19 pandemic. The financial impact of COVID-19 and the continuing emergency measures may impact subsequent periods of the District. The District's investment portfolio fluctuates with market conditions, and due to market volatility, the amount of gains or losses that will be realized in subsequent periods, if any, cannot be determined. In addition, the impact on the District's future operating costs, revenues, and additional recovery from emergency funding either federal or state, cannot be determined.

## Interfund Transfers

Interfund transfers for the year ended December 31, 2020, consisted of the following, as reported in the fund financial statements:

|                                   |          | Trans  |     |            |       |        |  |

| Fund                              | Street   |        |     | Funds      | Total |        |  |
| Etna State Route 310 LIC-310-1.26 | \$       | 49,636 | \$  | -          | \$    | 49,636 |  |
| Thornwood Drive                   |          | -      |     | 28,413     |       | 28,413 |  |
| State Route 310 Corridor          |          | 364    |     | -          |       | 364    |  |
| Total Governmental Funds          | \$       | 50,000 | \$  | 28,413     | \$    | 78,413 |  |

#### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2020

The Etna State Route 310 LIC-310-1.26 fund and the State Route 310 Corridor fund transferred \$49,636 and \$364, respectively, to the Etna Township Pike Street fund to provide resources for street projects in Etna Township. The Thornwood Drive fund transferred \$28,413 to the Thornwood Drive Corridor fund (a nonmajor governmental fund) to close the Thornwood Drive fund. Interfund transfers between governmental funds are eliminated on the government-wide financial statements.

## NOTE 24 – COVID-19

The United States and the State of Ohio declared a state of emergency in March of 2020 due to the COVID-19 pandemic. The financial impact of COVID-19 and the continuing emergency measures may impact subsequent periods of the County. The County's investment portfolio fluctuates with market conditions, and due to market volatility, the amount of gains or losses that will be realized in subsequent periods, if any, cannot be determined. In addition, the impact on the County's future operating costs, revenues, and additional recovery from emergency funding, either federal or state, cannot be estimated.

## NOTE 25 – SUBSEQUENT EVENT

On March 21, 2021, the County issued \$1.6 million in bonds to pay part of the cost of acquiring, constructing, and equipping airport facilities consisting of a thirteen (13) unit T-Hangar with an attached box hangar, and associated pavement. The County anticipates that debt service on such bonds will be paid from revenues to be received from the Authority. The bonds shall bear an interest rate of approximately 6.0 percent per annum and shall mature in subsequently equal annual installments over a period of twenty (20) years. The County also determined that notes will be issued in anticipation of the bonds in the principal amount of \$1.6 million. The notes will bear interest at the rate of 1.5 percent per annum and shall be payable at maturity not more than one year from the date of their issuance.

On July 1, 2021, the County issued \$806,115 in bonds to pay part of the cost of acquiring vehicles for the County Sheriff. The bonds shall bear an interest rate of approximately 2.715 percent per annum and shall mature in subsequently equal annual installments over a period of three years.

## Changes in Assumptions – OPERS

For fiscal year 2019, the single discount rate changed from 7.50 percent to 7.20 percent.

Amounts reported in calendar year 2017 reflect an adjustment of the rates of withdrawal, disability, retirement and mortality to more closely reflect actual experience. The expectation of retired life mortality was based on RP-2014 Healthy Annuitant mortality table and RP-2014 Disabled mortality table. The following reductions were also made to the actuarial assumptions:

- Discount rate from 8.00 percent to 7.50 percent
- Wage inflation rate from 3.75 percent to 3.25 percent
- Price inflation from 3.00 percent to 2.50 percent

#### Changes in Benefit Terms – OPERS

In October 2019, the OPERS Board adopted a change in COLA for post-January 7, 2013 retirees, changing it from three percent simple through 2018 then 2.15 simple to 1.4 percent simple through 2020 the 2.15 percent simple.

#### Changes in Assumptions – STRS

The Retirement Board approved several changes to the actuarial assumptions in 2017. The long term expected rate of return was reduced from 7.75 percent to 7.45 percent, the inflation assumption was lowered from 2.75 percent to 2.50 percent, the payroll growth assumption was lowered to 3.00 percent, and total salary increases rate was lowered by decreasing the merit component of the individual salary increases, in addition to a decrease of 0.25 percent due to lower inflation. The healthy and disabled mortality assumptions were updated to the RP-2014 mortality tables with generational improvement scale MP-2016. Rates of retirement, termination and disability were modified to better reflect anticipated future experience.

#### **Changes in Benefit Terms - STRS**

Effective July 1, 2017, the cost-of-living adjustment (COLA) was reduced to zero.

## NOTE 2 - NET OPEB LIABILITY (ASSET)

#### **Changes in Assumptions - OPERS**

For calendar year 2020, the following changes were made to the actuarial assumptions:

- Discount rate from 3.96 percent to 3.16 percent
- Municipal bond rate from 3.71 percent to 2.75 percent
- Health Care Cost Trend Rate from 10.00 percent to 10.50 percent

For calendar year 2019, the following changes were made to the actuarial assumptions:

- Discount rate from 3.85 percent to 3.96 percent
- Investment rate of return from 6.50 percent to 6.00 percent
- Municipal bond rate from 3.31 percent to 3.71 percent

## LICKING COUNTY, OHIO NOTES TO REQUIRED SUPPLEMENTARY INFORMATION FOR THE FISCAL YEAR ENDED DECEMBER 31, 2020

• Health Care Cost Trend Rate from 7.50 percent to 10.00 percent

For calendar year 2018, the single discount rate changed from 4.23 percent to 3.85 percent.

## Changes in Benefit Terms – OPERS

No significant changes in benefit terms.

#### **Changes in Assumptions – STRS**

For 2018, the discount rate was increased from the blended rate of 4.13 percent to the long-term expected rate of return of 7.45 percent. Valuation year per capita health care costs were updated. Health care cost trend rates ranged from 6.00 percent to 11 percent initially and a 4.50 percent ultimate rate for 2017 and changed for 2018 to a range of -5.20 percent to 9.60 percent, initially and a 4.00 ultimate rate.

For 2017, the blended discount rate was increased from 3.26 percent to 4.13 percent. Valuation year per capita health care costs were updated, and the salary scale was modified. The percentage of future retirees electing each option was updated based on current data and the percentage of future disabled retirees and terminated vested participants electing health coverage were decreased. The assumed mortality, disability, retirement, withdrawal and future health care cost trend rates were modified along with the portion of rebated prescription drug costs.

## Changes in Benefit Terms – STRS

For 2020, there was no change to the claims costs process. Claim curves were updated to reflect the projected fiscal year 2021 premium based on June 30, 2020 enrollment distribution. The non-Medicare subsidy percentage was increased effective January 1, 2021 from 1.984 percent to 2.055 percent per year of service. The non-Medicare frozen subsidy base premium was increased effective January 1, 2021. The Medicare subsidy percentages were adjusted effective January 1, 2021 to 2.1 percent for the AMA Medicare plan. The Medicare Part B monthly reimbursement elimination date was postponed indefinitely.

For 2019, there was no change to the claims costs process. Claim curves were trended to the fiscal year ending June 30, 2020 to reflect the current price renewals. The non-Medicare subsidy percentage was increased effective January 1, 2020 from 1.944 percent to 1.984 percent per year of service. The non-Medicare frozen subsidy base premium was increased effective January 1, 2020. The Medicare subsidy percentages were adjusted effective January 1, 2021 to 2.1 percent for the Medicare plan. The Medicare Part B monthly reimbursement elimination date was postponed to January 1, 2021

For 2018, the subsidy multiplier for non-Medicare benefit recipients was increased from 1.9 percent to 1.944 percent per year of service effective January 1, 2019. The non-Medicare frozen subsidy base premium was increased effective January 1, 2019 and all remaining Medicare Part B premium reimbursements will be discontinued beginning January 1, 2020.

For 2018, the subsidy multiplier for non-Medicare benefit recipients was reduced from 2.1 percent to 1.9 percent per year of service. Medicare Part B premium reimbursements were discontinued for certain survivors and beneficiaries and all remaining Medicare Part B premium reimbursements will be discontinued beginning January 2019.

## SUPPLEMENTARY INFORMATION

## LICKING COUNTY, OHIO FUND DESCRIPTIONS - GOVERNMENTAL FUNDS

## NONMAJOR SPECIAL REVENUE FUNDS

Special Revenue Funds are used to account for all specific financial resources (other than debt services and major capital projects) that are legally restricted or committed to expenditures for specified purposes. The County maintains the following nonmajor special revenue funds:

#### Dog and Kennel Fund

This fund accounts for the dog warden's operations, financed by sales of dog tags, kennel permits and fine collections.

## **Real Estate Assessment Fund**

This fund accounts for state-mandated county-wide real estate reappraisals that are funded by charges to the County's political subdivisions.

#### Motor Vehicle and Gasoline Tax Fund

This fund accounts for revenues derived from motor vehicle licenses and gasoline taxes. Expenditures in this fund are restricted by State law to County road and bridge repair/improvement programs.

## Hotel-Motel Tax

This fund accounts for revenues derived from hotel and motel taxes. Expenditures in this fund are restricted by State law to hotel and motel programs.

#### Adult Probation Fund

This fund accounts for revenue derived from court fines and grants that are expended to operate the adult probation department of the Municipal Court and Common Pleas Court.

## Planning Fund

This fund accounts for revenues derived from grants and County matching funds for the purpose of aiding community development projects.

## Litter Control and Recycling Fund

This fund accounts for revenues from grants and the Coshocton-Fairfield-Licking-Perry Solid Waste District to be used for grant administration, education, awareness, and litter collection.

## Child Support Enforcement Fund

This fund accounts for revenues from grants and service fees restricted for use by the County's Child Support Enforcement Agency.

## Indigent Guardianship Fund

This fund accounts for revenues and expenditures associated with the establishment, maintenance, or termination of a guardianship for an indigent ward.

#### Legal Research Fund

This fund accounts for fees collected by the courts to be used for procuring and maintaining computer systems for all of the courts.

#### Computer Replacement Fund

This fund accounts for fees collected by the courts to computerize the court system.

## LICKING COUNTY, OHIO FUND DESCRIPTIONS - GOVERNMENTAL FUNDS

## Local Coronavirus Relief Fund

This fund accounts for State and Federal emergency relief grants related to the Coronavirus (COVID-19) pandemic.

## Certificate of Title Fund

This fund accounts for revenues from fees retained by the Clerk of Courts to be used to pay costs incurred by the Clerk of Courts while processing titles. The Balance Sheet and Statement of Revenues, Expenditures, and Changes in Fund Balance are not presented because this fund is reported as part of the General Fund in accordance with generally accepted accounting principles.

## County Recorder Equipment Fund

This fund accounts for the portion of County recorder fees to be used for the operation of the County Recorder's Office. The Balance Sheet and Statement of Revenues, Expenditures, and Changes in Fund Balance are not presented because this fund is reported as part of the General Fund in accordance with generally accepted accounting principles.

## **Concealed Handgun Licensing Fund**

This fund accounts for fees collected to offset the costs associated with the issuance of concealed carry licenses.

## Sheriff Grants Fund

This fund accounts for state and federal grants monies restricted for public safety activities.

## Local Delinquency Prevention Fund

This fund accounts for state grant monies restricted to a program designed to prevent youth delinquency.

## Juvenile Indigent Alcohol Treatment Fund

This fund accounts for revenue from fines to be used for the payment of fees for an alcohol and drug addiction treatment program for juvenile traffic offenders.

## **Prosecutor Legal Services Fund**

This fund accounts for fees received for services provided by the County prosecutor to the West Licking Fire District.

## Juvenile Probate Court Special Projects Fund

This fund accounts for revenues from fines and costs pursuant to section 2303.201(E)(1) of the Ohio Revised Code to be used for special projects of the Juvenile Court for more efficient operation.

## Supreme Court of Ohio Grant

This fund accounts for grants received for the operation of the Juvenile Courts, Domestic Relations Courts, and Common Pleas Courts.

## **Emergency Planning Fund**

This fund accounts for grants received for the operation of the County's Disaster Services Department.

## Granville South Sanitary Sewer Fund

This fund accounts for federal grant money received in the County's name and used for a sewer study.

# LICKING COUNTY, OHIO FUND DESCRIPTIONS - GOVERNMENTAL FUNDS

## Johnstown-Monroe Sewer Fund

This fund accounts for revenue received from a special assessment and federal funds for the construction of the Johnstown-Monroe Sewer System access.

## Conduct of Business Fund

This fund accounts for an additional dollar fee from marriage licenses to be spent for probate costs.

# **Buildings and Flood Plain Fund**

This fund accounts for federal grant monies to be used to relocate residents out of the flood plain.

## **Domestic Violence Fund**

This fund accounts for a ten-dollar fee collected from each marriage license issued. These funds are to be expended on financial assistance on shelters for victims of domestic violence.

# **County Court Special Projects Fund**

This fund accounts for revenues from fines and costs pursuant to section 1907.24(B)(1) of the Ohio Revised Code to be used for special projects of the County Court for more efficient operation.

# Indigent Counsel Fees Fund

This fund accounts for monies received from various County subdivisions and is used to pay for their indigent counsel fees.

## **Coroners Laboratory Fund**

This fund accounts for charges for services to be used for the operation of the Coroner's Laboratory.

## **Delinquent Tax Collection Fund**

This fund accounts for revenues received by the Prosecutor and Treasurer from delinquent real estate tax and assessment collections.

## Law Enforcement Fund

This fund accounts for grant revenues and monies obtained through fines distributed to the County from drug related offenses or the sale and/or seizure of contraband, and is used to subsidize the County's law enforcement efforts.

## **Open Space and Recreation Fund**

This fund accounts for revenues and expenditures related to dedicating and developing land for open space, park, and recreation purposes.

## 2020 Election Fund

This fund accounts for grant revenues and expenditures related to the 2020 election.

## 911 Wireless Funding Fund

This fund accounts for grant funds to be used for the upgrade of County 911 services.

# **Department of Youth Services Fund**

This fund accounts for grant monies received from the State Department of Youth Services and used for youth work programs, juvenile delinquent prevention and other related activities.

# LICKING COUNTY, OHIO FUND DESCRIPTIONS - GOVERNMENTAL FUNDS

# Transit Board Fund

This fund accounts for bus fare and grant revenues and related expenditures associated with providing a transportation system for the residents of the County.

## **Ditch Maintenance Fund**

This fund accounts for special assessment revenues used to maintain County ditches.

# Homeland Security Grant Fund

This fund accounts for state and federal grant monies to be used for equipment, planning and training for emergency responders.

## Cyber Security Grant Fund

This fund accounts for state and federal grant monies to be used for the implementation of high priority items identified in the Election Infrastructure Security Assessment (EISA) to secure and improve the County's election systems.

# Law Library Resources Fund

This fund accounts for fines and forfeitures to be used for operation of the Law Library Resources Board.

# **Domestic Court Special Projects Fund**

This fund accounts for a court-ordered fee to be used to offset costs of the domestic court.

# Mediation Institutionalization Grant Fund

This fund accounts for grant monies and fines and forfeitures to assist in mediations through the common pleas court.

## **Public Assistance Fund**

This fund is used to account for various federal and state grants as well as transfers from the general fund used to provide public assistance to eligible recipients and to pay their providers of medical assistance, and for certain public social services.

## Mental Health Levy Fund

This fund is used to account for the proceeds of a one mill tax levy restricted for alcohol, drug addiction and mental health services. (This fund only exists on a GAAP basis and is not part of the County's appropriated budget, therefore no budgetary statement is presented.)

## Senior Citizen Levy Fund

This fund is used to account for revenue from a levy that is restricted for aging programs and elderly social organizations in the County.

# Tax Certificate Administration Fund

This fund accounts for various tax and tax-related revenues. The Balance Sheet and Statement of Revenues, Expenditures, and Changes in Fund Balance are not presented because this fund is reported as part of the General Fund in accordance with generally accepted accounting principles.

## LICKING COUNTY, OHIO FUND DESCRIPTIONS - GOVERNMENTAL FUNDS

## NONMAJOR CAPITAL PROJECTS FUND

The Nonmajor Capital Projects Fund is used to account for financial resources for major capital projects that are legally restricted, committed, or assigned to expenditures for specified purposes. The County maintains the following nonmajor capital projects fund:

## **Permanent Improvement Fund**

This fund is used to account for the cost of various buildings, remodeling projects and for certain major purchases of capital improvements.

# NONMAJOR DEBT SERVICE FUNDS

Debt Service Funds are used to account for retirement of the County's general obligation and special assessment bonds other than those financed by proprietary funds.

## General Obligation Debt Fund

This fund accounts for resources used for the retirement of principal and interest on the County's general obligation bonded debt.

## Special Assessment Debt Fund

This fund accounts for special assessment revenues used for the retirement of principal and interest on the County's special assessment debt.

# LICKING COUNTY, OHIO FUND DESCRIPTIONS - FIDUCIARY FUNDS

Custodial Funds are used to report fiduciary activities that are not required to be reported in a trust fund. These funds do not account for the County's own source revenue. The following is a description of the County's custodial funds:

# **Undivided Monies Fund**

To account for various taxes, special assessments, and state undivided monies collected and distributed for the benefit of other governments.

# **Fiscal Agent Fund**

To account for monies received and distributed by the County as fiscal agent for the benefit of legally separate entities including the Soil and Water Conservation Fund, Licking County Park District, Licking County Family and Children First Fund, Licking County Board of Health, Mental Health and Recovery Board, Solid Waste District, and Metropolitan Planning Organization.

# **Miscellaneous Court/Safety Fund**

To account for various fines and fees collected and distributed through the courts for the benefit of others.

# **Other Custodial Funds**

To account for monies held by the County to be distributed for the benefit of others, including inmates.

# STATISTICAL SECTION

This part of the County's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the County's overall financial health.

| <u>Contents</u>   | <u>Page</u> |
|---|-------------|
| Financial Trends  | 220 - 229   |
| These schedules contain trend information to help the reader<br>understand how the County's financial position has changed over<br>time.  |             |
| Revenue Capacity  | 230 - 239   |
| These schedules contain information to help the reader understand<br>and assess the factors affecting the County's ability to generate its<br>most significant local revenue sources, the property tax and the<br>sales tax.  |             |
| Debt Capacity   | 240 - 249   |
| These schedules present information to help the reader assess the affordability of the County's current levels of outstanding debt and the County's ability to issue additional debt in the future.   |             |
| Economic and Demographic Information  | 250 - 253   |
| These schedules offer economic and demographic indicators to<br>help the reader understand the environment within which the<br>County's financial activities take place and to provide information<br>that facilitates comparisons of financial information over time and<br>among governments. |             |
| Operating Information   | 254 - 263   |
| These schedules contain service and infrastructure data to help the<br>reader understand how the information in the County's financial<br>report relates to the services the County provides and the activities<br>it performs.   |             |

Source Note: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.

(1) Taxes levied and collected are presented on a cash basis.

(2) State reimbursements of rollback and homestead exemptions are included;

(3) Penalties and interest are included, since by Ohio law they become part of the tax obligation as assessment occurs.

**Note:** Statewide Master Numbers represent Vendors that have multiple locations in the state. These vendors do not have to file multiple returns. They file one return, identifying items such as gross sales, taxable sales and tax liability for each county that they have a location. Each location has a vendor's license, however, the taxpayer consolidates the reporting by county.
