Board of Trustees Salem Township 13011 Township Highway 54 Upper Sandusky, Ohio 43351

We have reviewed the *Independent Auditor's Report* of Salem Township, Wyandot County, prepared by Perry & Associates, Certified Public Accountants, A.C., for the audit period January 1, 2019 through December 31, 2020. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. Salem Township is responsible for compliance with these laws and regulations.

#### **INDEPENDENT AUDITOR'S REPORT**

October 31, 2021

Salem Township Wyandot, County 13011 Township Hwy 54 Upper Sandusky, Ohio 43351

To the Board of Trustees:

#### **Report on the Financial Statements**

We have audited the accompanying financial statements of the cash balances, receipts and disbursements for each governmental fund type as of and for the years ended December 31, 2020 and 2019 and related notes of Salem Township, Wyandot County, Ohio (the Township).

#### Management's Responsibility for the Financial Statements

Management is responsible for preparing and fairly presenting these financial statements in accordance with the financial reporting provisions Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit; this responsibility includes designing, implementing and maintaining internal control relevant to preparing and fairly presenting financial statements free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to opine on these financial statements based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' Government Auditing Standards. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the Township's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the Township's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinions.

#### Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 2 of the financial statements, the Township prepared these financial statements using the accounting basis permitted by the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D), which is an accounting basis other than accounting principles generally accepted in the United States of America (GAAP), to satisfy these requirements.

Although the effects on the financial statements of the variances between the regulatory accounting basis and GAAP are not reasonably determinable, we presume they are material.

Though the Township does not intend these statements to conform to GAAP, auditing standards generally accepted in the United States of America require us to include an adverse opinion on GAAP. However, the adverse opinion does not imply the amounts reported are materially misstated under the accounting basis Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit. Our opinion on this accounting basis is in the *Opinion on Regulatory Basis of Accounting* paragraph below.

#### Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the *Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles* paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the Township as of December 31, 2020 and 2019, and the respective changes in financial position thereof for the years then ended.

#### **Opinion on Regulatory Basis of Accounting**

In our opinion, the financial statements referred to above present fairly, in all material respects, the cash balances, receipts and disbursements for each governmental fund type as of and for the years ended December 31, 2020 and December 31, 2019, and related notes of the Township, in accordance with the financial reporting provisions Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit, described in Note 2.

#### Emphasis of Matters

As discussed in Note 13 for 2020 and Note 11 for 2019 to the financial statements, the financial impact of COVID-19 and the ensuing emergency measures will impact subsequent periods of the Township. As discussed in Note 12 to the 2020 financial statements, the Township adopted a change in accounting principle to their cash basis reporting model. We did not modify our opinions regarding these matters.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 31, 2021, on our consideration of the Township's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Township's internal control over financial reporting and compliance.

## Note 1 – Reporting Entity

The constitution and laws of the State of Ohio establish the rights and privileges of the Salem Township, Wyandot County, (the Township) as a body corporate and politic. A publicly elected three-member Board of Trustees directs the Township. The Township provides road and bridge maintenance and cemetery mowing for four cemeteries within the township. The Township contracts with the City of Upper Sandusky and Richland Township to provide fire services. Wyandot County Emergency Management System provides ambulance services and policing services are provided by the Wyandot County Sherriff's Department.

## Note 2 - Summary of Significant Accounting Policies

## Basis of Presentation

The Township's financial statements consist of a combined statement of receipts, disbursements, and changes in fund balances (regulatory cash basis) for all governmental fund types which is organized on a fund type basis.

## Fund Accounting

The Township uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The funds of the Township are presented below:

**General Fund** The general fund accounts for and reports all financial resources not accounted for and reported in another fund. The general fund balance is available to the Township for any purpose provided it is expended or transferred according to the general laws of Ohio.

**Special Revenue Funds** These funds account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. The Township had the following significant Special Revenue Funds:

*Gas Tax Fund* The gasoline tax fund accounts for and reports that portion of the State gasoline tax restricted for maintenance and repair of roads within the Township.

*Motor Vehicle License Tax Fund* The motor vehicle license tax fund accounts for and reports that portion of motor vehicle license registration fees restricted for maintenance and repair of roads within the Township.

**Road and Bridge Fund** The road and bridge fund receives the property tax and other revenues restricted for maintenance and repair of roads within the Township.

**Special Levy Funds** This fund receives fire protection levy tax money to pay for EMS and fire protection services and equipment for the township.

## Note 2 - Summary of Significant Accounting Policies (Continued)

## Basis of Accounting

These financial statements follow the accounting basis permitted by the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03 (D). This basis is similar to the cash receipts and disbursements accounting basis. The Board recognizes receipts when received in cash rather than when earned, and recognizes disbursements when paid rather than when a liability is incurred. Budgetary presentations report budgetary expenditures when a commitment is made (i.e., when an encumbrance is approved).

These statements include adequate disclosure of material matters, as the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03 (D) permit.

#### **Budgetary Process**

**Appropriations** Budgetary expenditures (that is, disbursements and encumbrances) may not exceed appropriations at the fund level of control and appropriations may not exceed estimated resources. The Board of Trustees must annually approve appropriation measures and subsequent amendments. Appropriations lapse at year-end.

*Estimated Resources* Estimated resources include estimates of cash to be received (budgeted receipts) plus cash as of January 1. The County Budget Commission must approve estimated resources.

**Encumbrances** The Ohio Revised Code requires the Township to reserve (encumber) appropriations when individual commitments are made. Encumbrances outstanding at year-end are canceled, and reappropriated in the subsequent year.

A summary of 2020 budgetary activity appears in Note 3.

#### Deposits and Investments

The Township's accounting basis includes investments as assets. This basis does not record disbursements for investment purchases or receipts for investment sales. This basis records gains or losses at the time of sale as receipts or disbursements, respectively.

#### Capital Assets

The Township records disbursements for acquisitions of property, plant, and equipment when paid. The accompanying financial statements do not report these items as assets.

## Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the Township must observe constraints imposed upon the use of its governmental-fund resources. The classifications are as follows:

## Note 2 - Summary of Significant Accounting Policies (Continued)

## Fund Balance (Continued)

**Nonspendable** The Township classifies assets as *nonspendable* when legally or contractually required to maintain the amounts intact. For regulatory purposes, nonspendable fund balance includes unclaimed monies that are required to be held for five years before they may be utilized by the Township and the nonspendable portion of the corpus in permanent funds.

**Restricted** Fund balance is *restricted* when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or is imposed by law through constitutional provisions.

**Committed** Trustees can *commit* amounts via formal action (resolution). The Township must adhere to these commitments unless the Trustees amend the resolution. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed to satisfy contractual requirements.

**Assigned** Assigned fund balances are intended for specific purposes but do not meet the criteria to be classified as restricted or committed. For regulatory purposes, assigned fund balance in the general fund is limited to encumbrances outstanding at year end.

**Unassigned** Unassigned fund balance is the residual classification for the general fund and includes amounts not included in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance.

The Township applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

For regulatory purposes, limited disclosure related to fund balance is included in Note 11.

## Note 3 – Budgetary Activity

Budgetary activity for the year ending 2020 follows:

2020 Budgeted vs. Actual Receipts								
	E	Budgeted Actual						
Fund Type	F	Receipts		Receipts Rec		Receipts		Variance
General	\$	178,633	\$	41,028	\$	(137,605)		
Special Revenue		300,872		221,679		(79,193)		
Total	\$	479,505	\$	262,707	\$	(216,798)		

## Note 3 – Budgetary Activity (Continued)

2020 Budgeted vs. Actual Expenditures						
Fund Type	Authority		Authority Expe		۱	/ariance
General	\$	178,630	\$	31,778	\$	146,852
Special Revenue		300,850		168,100		132,750
Total	\$	479,480	\$	199,878	\$	279,602

## Note 4 – Deposits

To improve cash management, cash received by the Township is pooled. Monies for all funds are maintained in this pool. The Ohio Revised Code prescribes allowable deposits and investments. A summary of the Township's deposit accounts are as follows:

	 2020	
Demand deposits	\$ 332,266	
Total deposits	\$ 332,266	

Deposits are insured by the Federal Deposit Insurance Corporation or by a letter of credit drawn on FHLB of Cincinnati.

## Note 5 – Property Taxes

Real property taxes become a lien on January 1 preceding the October 1 date for which the Trustees adopted tax rates. The State Board of Tax Equalization adjusts these rates for inflation. Property taxes are also reduced for applicable non-business, owner occupancy, and homestead exemption credits and/or homestead and rollback deductions. The financial statements include these credits and/or deduction amounts the State pays as Intergovernmental Receipts. Payments are due to the County by December 31. If the property owner elects to pay semiannually, the first half is due December 31. The second half payment is due the following June 20.

Public utilities are also taxed on personal and real property located within the Township.

The County is responsible for assessing property, and for billing, collecting, and distributing all property taxes on behalf of the Township.

#### Note 6 – Risk Management

#### Workers' Compensation

Workers' Compensation coverage is provided by the State of Ohio. The Township pays the State Workers' Compensation System a premium based on a rate per \$100 of salaries. This rate is calculated based on accident history and administrative costs, if material.

## Salem Township Wyandot County Notes to the Financial Statements For the Year Ended December 31, 2020

## Note 6 – Risk Management (Continued)

## **Risk Pool Membership**

The Township is a member of the Ohio Township Association Risk Management Authority (The Pool). The Pool assumes the risk of loss up to the limits of the Township's policy. The Pool covers the following risks:

- -General liability and casualty
- Public official's liability
- Cyber
- Law enforcement liability
- Automobile liability
- Vehicles
- Property
- Equipment breakdown

The Pool reported the following summary of assets and actuarially-measured liabilities available to pay those liabilities as of December 31:

	2020
Cash and investments	\$36,348,066
Actuarial liabilities	\$10,894,146

During 2020 Salem Township had no casualty claims for the casualty policy. During 2020 Salem Township had no claims for its property policy.

## Note 7 - Defined Benefit Pension Plans

## **Ohio Public Employees Retirement System**

Township employees belong to the Ohio Public Employees Retirement System (OPERS). OPERS is a cost-sharing, multiple-employer plan. The Ohio Revised Code prescribes this plan's benefits, which include postretirement healthcare and survivor and disability benefits.

The Ohio Revised Code also prescribes contribution rates. OPERS members contributed 10%, of their gross salaries and the Township contributed an amount equaling 14%, of participants' gross salaries. The Township has paid all contributions required through December 31, 2020.

## Salem Township Wyandot County Notes to the Financial Statements For the Year Ended December 31, 2020

#### Note 8 – Postemployment Benefits

OPERS offers cost-sharing, multiple-employer defined benefit postemployment plans, which include multiple health care plans including medical coverage, prescription drug coverage, deposits to a Health Reimbursement Arrangement, and Medicare Part B premium reimbursements, to qualifying benefit recipients. The portion of employer contributions allocated to health care for OPERS members in the traditional pension plan and combined plan was 0 percent during calendar year 2020. The portion of employer contributions allocated to health care for OPERS members and the percent during calendar year 2020.

Beginning January 1, 2019, OP&F changed its retiree health care model to a stipend-based health care model. A stipend funded by OP&F was placed in individual Health Reimbursement Accounts that retirees use to be reimbursed for health care expenses.

#### Note 9 – Debt

Debt outstanding at December 31, 2020 was as follows:

	Principal	Interest Rate
Leases	\$24,035	0%
Total	\$24,035	

#### Leases

In February of 2019 the Township leased a Model 100C Case IH Tractor with a Model L630 Loader from Evolution Ag, LLC in Upper Sandusky, Ohio. The Township's previous tractor, a Model 105C Case IH was totaled in a rollover accident in late 2018. The insurance settlement from PERSO funded the \$25,000.00 down payment. The Township was then committed to five annual payments (2020-2024) of \$8,930.27 each.

#### Amortization

Amortization of the above debt, including interest, is scheduled as follows:

Voor Ending

rearEnding						
December 31:	Payment		Interest		Principal	
2021	\$	-	\$	-	\$	-
2022		8,930		1,353		7,577
2023		8,930		926		8,004
2024		8,930		476		8,454
Total	\$	26,790	\$	2,755	\$	24,035

## Note 10 – Contingent Liabilities

Amounts grantor agencies pay to the township are subject to audit and adjustment by the grantor. The grantor may require refunding any disallowed cost. Management cannot presently determine amounts grantors may disallow. However, based on prior experience, management believes any refunds would be immaterial.

## Note 11 – Fund Balances

Included in fund balance are amounts the Township cannot spend, including the balance of unclaimed monies, which cannot be spent for five years and the unexpendable corpus of the permanent funds. Encumbrances are commitments related to unperformed contracts for goods or services. Encumbrance accounting is utilized to the extent necessary to assure effective budgetary control and accountability and to facilities effective cash planning and control. At year end the balances of these amounts were \$0.

The fund balance of special revenue funds is either restricted or committed. The fund balance of debt service funds and capital projects funds are restricted, committed, or assigned. The fund balance of permanent funds that is not part of the nonspendable corpus is either restricted or committed. These restricted, committed, and assigned amounts in the special revenue, debt service, capital projects, and permanent funds would including the outstanding encumbrances. In the general fund, outstanding encumbrances are considered assigned.

## Note 12 – Change in Accounting Principle

For 2020, the Township has made changes to their cash basis reporting model. These changes include modifications to the definition of fiduciary funds, adding a separate combined statement of additions, deductions, and changes in fund balances (regulatory cash basis) – all fiduciary fund types, and removing the fund balance classifications from the combined statement of receipts, disbursements, and changes in fund balances (regulatory cash basis) – all governmental fund types.

## Note 13 – COVID-19

The United States and the State of Ohio declared a state of emergency in March of 2020 due to the COVID-19 pandemic. The financial impact of COVID-19 and the continuing emergency measures will impact subsequent periods of the Township. The Township's investment portfolio fluctuates with market conditions, and due to market volatility, the amount of gains or losses that will be realized in subsequent periods, if any, cannot be determined. In addition, the impact on the Township's future operating costs, revenues, and additional recovery from emergency funding, either federal or state, cannot be estimated.

During 2020, CARES Act funding was available to the township. The township decided it was not necessary at the time for the additional funding and choose not apply. Other spending cuts and purchased were postponed until later as a precaution.

## Note 1 – Reporting Entity

The constitution and laws of the State of Ohio establish the rights and privileges of the Salem Township, Wyandot County, (the Township) as a body corporate and politic. A publicly elected threemember Board of Trustees directs the Township. The Township provides road and bridge maintenance and mowing for various cemeteries within the Township. The Township contracts with the City of Upper Sandusky and neighboring Richland Township for fire protection. Policing and EMS Services are provided by Wyandot County.

## Note 2 - Summary of Significant Accounting Policies

## Basis of Presentation

The Township's financial statements consist of a combined statement of receipts, disbursements and changes in fund balances (regulatory cash basis) for all governmental fund types.

#### Fund Accounting

The Township uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The funds of the Township are presented below:

**General Fund** The general fund accounts for and reports all financial resources not accounted for and reported in another fund. The general fund balance is available to the Township for any purpose provided it is expended or transferred according to the general laws of Ohio.

**Special Revenue Funds** These funds account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. The Township had the following significant Special Revenue Funds:

*Road and Bridge Fund* This fund receives property tax money for construction, maintaining, and repairing township roads and bridges.

**Gasoline Tax Fund** The gasoline tax fund accounts for and reports that portion of the State gasoline tax restricted for truck repair, salaries, maintenance and repair of roads within the Township.

*Motor Vehicle License Tax Fund* The motor vehicle license tax fund accounts for and reports that portion of motor vehicle license registration fees restricted for equipment, maintenance and repair of roads within the Township.

**Special Levy Funds** This fund receives fire protection levy tax money to pay for EMS and fire protection services and equipment.

## Note 2 - Summary of Significant Accounting Policies (Continued)

## Basis of Accounting

These financial statements follow the accounting basis permitted by the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03 (D). This basis is similar to the cash receipts and disbursements accounting basis. The Board recognizes receipts when received in cash rather than when earned, and recognizes disbursements when paid rather than when a liability is incurred. Budgetary presentations report budgetary expenditures when a commitment is made (i.e., when an encumbrance is approved).

These statements include adequate disclosure of material matters, as the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03 (D) permit.

## **Budgetary Process**

**Appropriations** Budgetary expenditures (that is, disbursements and encumbrances) may not exceed appropriations at the fund level of control and appropriations may not exceed estimated resources. The Board of Trustees must annually approve appropriation measures and subsequent amendments. Appropriations lapse at year-end.

*Estimated Resources* Estimated resources include estimates of cash to be received (budgeted receipts) plus cash as of January 1. The County Budget Commission must approve estimated resources.

**Encumbrances** The Ohio Revised Code requires the Township to reserve (encumber) appropriations when individual commitments are made. Encumbrances outstanding at year-end are canceled, and reappropriated in the subsequent year.

A summary of 2019 budgetary activity appears in Note 3.

#### Deposits and Investments

The Township's accounting basis includes investments as assets. This basis does not record disbursements for investment purchases or receipts for investment sales. This basis records gains or losses at the time of sale as receipts or disbursements, respectively.

## Capital Assets

The Township records disbursements for acquisitions of property, plant, and equipment when paid. The accompanying financial statements do not report these items as assets.

## Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the Township must observe constraints imposed upon the use of its governmental-fund resources. The classifications are as follows:

## Note 2 - Summary of Significant Accounting Policies (Continued)

## Fund Balance (Continued)

**Nonspendable** The Township classifies assets as *nonspendable* when legally or contractually required to maintain the amounts intact.

**Restricted** Fund balance is *restricted* when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or is imposed by law through constitutional provisions.

**Committed** Trustees can *commit* amounts via formal action (resolution). The Township must adhere to these commitments unless the Trustees amend the resolution. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed to satisfy contractual requirements.

**Assigned** Assigned fund balances are intended for specific purposes but do not meet the criteria to be classified as restricted or committed. Governmental funds other than the general fund report all fund balances as assigned unless they are restricted or committed. In the general fund, assigned amounts represent intended uses established by Township Trustees or a Township official delegated that authority by resolution, or by State Statue.

**Unassigned** Unassigned fund balance is the residual classification for the general fund and includes amounts not included in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance.

The Township applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

## Note 3 – Budgetary Activity

Budgetary activity for the year ending 2019 follows:

2019 Budgeted vs. Actual Receipts						
	E	Budgeted				
Fund Type	Receipts		Receipts Receipts		Variance	
General	\$	168,394	\$	158,013	\$	10,381
Special Revenue		277,959		202,080	\$	75,879
Total	\$	446,353	\$	360,093	\$	86,260

## Note 3 – Budgetary Activity (Continued)

2019 Budgeted vs. Actual Expenditures						
	Appropriation Actual					
Fund Type	ŀ	Authority	Ex	penditures	Va	ariance
General	\$	168,394	\$	146,523	\$	21,871
Special Revenue		277,957		180,616		97,341
Total	\$	446,351	\$	327,139	\$	119,212

## Note 4 – Deposits

The Township maintains a deposit pool all funds use. The Ohio Revised Code prescribes allowable deposits and investments. The carrying amount of deposits at December 31 was as follows:

	2019
Demand deposits	\$ 269,437
Total deposits	\$ 269,437

Deposits are insured by the Federal Deposit Insurance Corporation or by a letter of credit drawn on FHLB of Cincinnati.

## Note 5 – Property Taxes

Real property taxes become a lien on January 1 preceding the October 1 date for which the Trustees adopted tax rates. The State Board of Tax Equalization adjusts these rates for inflation. Property taxes are also reduced for applicable non-business, owner occupancy, and homestead exemption credits and/or homestead and rollback deductions. The financial statements include these credits and/or deduction amounts the State pays as Intergovernmental Receipts. Payments are due to the County by December 31. If the property owner elects to pay semiannually, the first half is due December 31. The second half payment is due the following June 20.

Public utilities are also taxed on personal and real property located within the Township.

The County is responsible for assessing property, and for billing, collecting, and distributing all property taxes on behalf of the Township.

## Note 6 – Risk Management

#### Workers' Compensation

The Township insures against injuries to employees through the Ohio Bureau of Workers' Compensation. Workers' Compensation coverage is provided by the State of Ohio. The Township pays the State Workers' Compensation System a premium based on a rate per \$100 of salaries. This rate is calculated based on accident history and administrative costs, if material.

## Note 6 – Risk Management (Continued)

## Risk Pool Membership

The Township is a member of the Ohio Township Association Risk Management Authority (The Pool). The Pool assumes the risk of loss up to the limits of the Township's policy. The Pool covers the following risks:

- -General liability and casualty
- Public official's liability
- Cyber
- Law enforcement liability
- Automobile liability
- Vehicles
- Property
- Equipment breakdown

The Pool reported the following summary of assets and actuarially-measured liabilities available to pay those liabilities as of December 31:

	2019
Cash and investments	\$35,207,320
Actuarial liabilities	\$10,519,942

## Note 7 - Defined Benefit Pension Plans

## **Ohio Public Employees Retirement System**

Some employees belong to the Ohio Public Employees Retirement System (OPERS). OPERS is a costsharing, multiple-employer plan. The Ohio Revised Code prescribes this plan's benefits, which include postretirement healthcare and survivor and disability benefits.

The Ohio Revised Code also prescribes contribution rates. OPERS members contributed 10%, of their gross salaries and the Township contributed an amount equaling 14%, of participants' gross salaries. The Township has paid all contributions required through December 31, 2019.

## Note 8 – Postemployment Benefits

OPERS offers cost-sharing, multiple-employer defined benefit postemployment plans, which include multiple health care plans including medical coverage, prescription drug coverage, deposits to a Health Reimbursement Arrangement, and Medicare Part B premium reimbursements, to qualifying benefit recipients. The portion of employer contributions allocated to health care for OPERS members in the traditional pension plan and combined plan was 0 percent during calendar year 2018. The portion of employer contributions allocated to health care for OPERS members in the percent during calendar year 2018.

## Note 9 – Debt

Debt outstanding at December 31, 2019 was as follows:

	Principal	Interest Rate
Leases	\$31,208	0%
Total	\$31,208	

## Leases

In February of 2019 the Township leased a Model 100C Case IH Tractor with a Model L630 Loader from Evolution Ag, LLC in Upper Sandusky, Ohio. The Township's previous tractor, a Model 105C Case IH was totaled in a rollover accident in late 2018. The insurance settlement from PERSO funded the \$25,000.00 down payment. The Township was then committed to five annual payments (2020-2024) of \$8,930.27 each.

## Amortization

Amortization of the above debt, including interest, is scheduled as follows:

Year Ending						
December 31:	Payment		Interest		Principal	
2020	\$	-	\$	-	\$	-
2021		8,930		1,757		7,173
2022		8,930		1,353		7,577
2023		8,930		926		8,004
2024		8,930		476		8,454
Total	\$	35,720	\$	4,512	\$	31,208

## Note 10 – Contingent Liabilities

Amounts grantor agencies pay to the township are subject to audit and adjustment by the grantor. The grantor may require refunding any disallowed cost. Management cannot presently determine amounts grantors may disallow. However, based on prior experience, management believes any refunds would be immaterial.

## Note 11 – COVID-19

The United States and the State of Ohio declared a state of emergency in March of 2020 due to the COVID-19 pandemic. The financial impact of COVID-19 and the continuing emergency measures will impact subsequent periods of the Township. The Township's investment portfolio fluctuates with market conditions, and due to market volatility, the amount of gains or losses that will be realized in subsequent periods, if any, cannot be determined. In addition, the impact on the Township's future operating costs, revenues, and additional recovery from emergency funding, either federal or state, cannot be estimated.

## INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

October 31, 2021

Salem Township Wyandot, County 13011 Township Hwy 54 Upper Sandusky, Ohio 43351

Associates

Certified Public Accountants, A.C.

To the Board of Trustees:

We have audited, in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the financial statements of the cash balances, receipts and disbursements for each governmental fund type as of and for the years ended December 31, 2020 and 2019, and the related notes of the Salem Township, Wyandot County, (the Township) and have issued our report thereon dated October 31, 2021, wherein we noted the Township followed financial reporting provisions Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit. We also noted the financial impact of COVID-19 and the continuing emergency measures which may impact subsequent periods of the Township. In addition, the Township adopted a change in its cash basis reporting model.

## Internal Control Over Financial Reporting

As part of our financial statement audit, we considered the Township's internal control over financial reporting (internal control) as a basis for designing audit procedures appropriate in the circumstances to the extent necessary to support our opinions on the financial statements, but not to the extent necessary to opine on the effectiveness of the Township's internal control. Accordingly, we have not opined on it.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the Township's financial statements. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Salem Township Wyandot County Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Required by *Government Auditing Standards* Page 2

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all internal control deficiencies that might be material weaknesses or significant deficiencies. Therefore, unidentified material weaknesses or significant deficiencies may exist. We did identify a certain deficiency in internal control, described in the accompanying schedule of audit findings that we consider a material weakness. We consider finding 2020-001 to be a material weakness.

## **Compliance and Other Matters**

As part of reasonably assuring whether the Township's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the financial statement. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under Government Auditing Standards.

#### Purpose of this Report

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the Township's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the Township's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## SCHEDULE OF AUDIT FINDINGS FOR THE YEARS ENDED DECEMBER 31, 2020 AND 2019

## FINDINGS RELATED TO THE FINANCIAL STATEMENTS REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS

## FINDING NUMBER 2020-001

## Material Weakness

## **Financial Reporting**

The Township should have procedures and controls in place to prevent and detect errors in financial reporting. Fund balances should be properly classified based on Governmental Accounting Standards Statement No. 54 – Fund Balance Reporting and Governmental Fund Type Definitions.

During 2019 and 2020, receipts, disbursements, and fund balances were not always posted or classified correctly. The following errors were noted:

- Debt was incorrectly posted as Capital Outlay instead of Principal and interest;
- In 2020, debt proceeds were not posted to the financial statements;
- In 2020, payroll disbursements and withholdings were not allocated in accordance with the payroll certifications;
- In 2019, Special Revenue fund balances were classified as Assigned instead of Restricted and Committed; and
- During the audit, aspects of the notes to the financial statements were corrected from the Hinkle filing to agree to the financial statements in the audit report and to include all necessary note disclosures.

Not posting receipts, disbursements, or classifying fund balances accurately resulted in the financial statements requiring reclassifications and adjustments. The financial statements reflect all reclassifications and adjustments. The Township has posted all adjustments to its accounting system.

To help ensure accuracy and reliability in the financial reporting process, we recommend that management perform a detailed review of its draft financial statements. Such review should include procedures to ensure that all sources of revenues and expenditures are properly identified and classified on the financial statements.

We also recommend the Fiscal Officer refer to the Ohio Township Handbook for guidance to determine the proper establishment of receipt and disbursement accounts and posting of receipts and disbursements. The Fiscal Officer should refer to Auditor of State Technical Bulletin 2011-004 for assistance in properly classifying fund balances. We also recommend the Township use the available templates for financial statements and notes to the financial statements on the Auditor of State's website to prepare an accurate annual financial report.

Management's Response – Officials did not provide a response to this finding.
