INDEPENDENT AUDITOR'S REPORT

Springfield Township Lucas County 7617 Angola Road Holland, Ohio 43528-8602

To the Board of Trustees:

Report on the Financial Statements

We have audited the accompanying financial statements of the cash balances, receipts and disbursements for each governmental fund type and the fiduciary fund type combined total as of and for the year ended December 31, 2020 and related notes of Springfield Township, Lucas County, Ohio (the Township).

Management's Responsibility for the Financial Statements

Management is responsible for preparing and fairly presenting these financial statements in accordance with the financial reporting provisions Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit; this responsibility includes designing, implementing and maintaining internal control relevant to preparing and fairly presenting financial statements free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to opine on these financial statements based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the Township's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the Township's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinions.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 2 of the financial statements, the Township prepared these financial statements using the accounting basis permitted by the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D), which is an accounting basis other than accounting principles generally accepted in the United States of America (GAAP), to satisfy these requirements.

Although the effects on the financial statements of the variances between the regulatory accounting basis and GAAP are not reasonably determinable, we presume they are material.

Though the Township does not intend these statements to conform to GAAP, auditing standards generally accepted in the United States of America require us to include an adverse opinion on GAAP. However, the adverse opinion does not imply the amounts reported are materially misstated under the accounting basis Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit. Our opinion on this accounting basis is in the *Opinion on Regulatory Basis of Accounting* paragraph below.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the *Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles* paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the Township, as of December 31, 2020, and the respective changes in financial position thereof for the year then ended.

Opinion on Regulatory Basis of Accounting

In our opinion, the financial statements referred to above present fairly, in all material respects, the cash balances, receipts and disbursements for each governmental fund type and the fiduciary fund type combined total as of and for the year ended December 31, 2020 and related notes of the Township, in accordance with the financial reporting provisions Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit, described in Note 2.

Emphasis of Matters

As discussed in Note 13 to the financial statements, the financial impact of COVID-19 and the continuing emergency measures may impact subsequent periods of the Township. In addition, as discussed in Note 12 to the financial statements, during 2020, the Township adopted new accounting guidance in Governmental Accounting Standards Board Statement No. 84, Fiduciary Activities. We did not modify our opinion regarding these matters.

Other Matters

Our audit was conducted to opine on the financial statements taken as a whole.

The Schedule of Expenditures of Federal Awards presents additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards and is not a required part of the financial statements.

The schedule is management's responsibility, and derives from and relates directly to the underlying accounting and other records used to prepare the financial statements. We subjected this schedule to the auditing procedures we applied to the financial statements. We also applied certain additional procedures, including comparing and reconciling the schedule directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, in accordance with auditing standards generally accepted in the United States of America. In our opinion, this schedule is fairly stated in all material respects in relation to the financial statements taken as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated August 19, 2021, on our consideration of the Township's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Township's internal control over financial reporting and compliance.

Lucas County Notes to the Financial Statements For the Year Ended December 31, 2020

Note 1 – Reporting Entity

The constitution and laws of the State of Ohio establish the rights and privileges of Springfield Township, Lucas County, Ohio (the Township) as a body corporate and politic. A publicly elected three-member Board of Trustees directs the Township. The Township provides road and bridge maintenance, cemetery maintenance, fire protection and emergency medical services. The Township contracts with the Lucas County Sheriff to provide law enforcement services.

Joint Ventures and Public Entity Risk

The Township participates in two joint venture with the Village of Holland for the Spring Meadows JEDZ and the Dorr Street Corridor JEDD. Note 10 to the financial statements provides additional information for these ventures.

The Township participates in the Ohio Plan Risk Management, Inc, (OPRM) public entity risk pool, which provides property, liability, errors and omissions, law enforcement, automobile, excess liability, crime, surety and bond, inland marine and other coverages to its members. Note 7 to the financial statements provides additional information for this entity. The Township's management believes these financial statements present all activities for which the Township is financially accountable.

Note 2 – Summary of Significant Accounting Policies

Basis of Presentation

The Township's financial statements consist of a combined statement of receipts, disbursements, and changes in fund balances (regulatory cash basis) for all governmental fund types, and a statement of additions, deductions and changes in fund balances (regulatory cash basis) for all fiduciary fund types which is organized on a fund type basis.

Fund Accounting

The Township uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The funds of the Township are presented below:

General Fund The General Fund accounts for and reports all financial resources not accounted for and reported in another fund. The General Fund balance is available to the Township for any purpose provided it is expended or transferred according to the general laws of Ohio.

Special Revenue Funds These funds account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. The Township had the following significant Special Revenue Fund:

Fire District Fund The Fire District Fund receives special levy tax revenue to provide fire services for the Township.

Capital Project Funds These funds account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets. The Township had the following significant Capital Project Fund:

(Continued)

2019 OPWC Project Fund The 2019 OPWC Project Fund received revenue to resurface several miles of roads.

Fiduciary Funds Fiduciary Funds include Private Purpose Trust Funds and Custodial Funds. Trust Funds account for assets held under a trust agreement meeting certain criteria.

Custodial funds are purely custodial in nature and are used to report fiduciary activity that is not required to be reported in a trust fund. The Township's custodial fund account for escrow funds received and disbursed.

Basis of Accounting

These financial statements follow the accounting basis permitted by the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03 (D). This basis is similar to the cash receipts and disbursements accounting basis. The Board recognizes receipts when received in cash rather than when earned, and recognizes disbursements when paid rather than when a liability is incurred. Budgetary presentations report budgetary expenditures when a commitment is made (i.e., when an encumbrance is approved).

These statements include adequate disclosure of material matters, as the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03 (D) permit.

Budgetary Process

The Ohio Revised Code requires that each fund (except certain custodial funds) be budgeted annually.

Appropriations Budgetary expenditures (that is, disbursements and encumbrances) may not exceed appropriations at the fund, function or object level of control, and appropriations may not exceed estimated resources. The Board of Trustees must annually approve appropriation measures and subsequent amendments. Unencumbered appropriations lapse at year end.

Estimated Resources Estimated resources include estimates of cash to be received (budgeted receipts) plus unencumbered cash as of January 1. The County Budget Commission must approve estimated resources.

Encumbrances The Ohio Revised Code requires the Township to reserve (encumber) appropriations when individual commitments are made. Encumbrances outstanding at year end are carried over, and need not be reappropriated.

A summary of 2020 budgetary activity appears in Note 3.

Deposits and Investments

The Township's accounting basis includes investments as assets. This basis does not record disbursements for investment purchases or receipts for investment sales. This basis records gains or losses at the time of sale as receipts or disbursements, respectively.

The Township values U.S. Treasury Notes at cost.

(Continued)

Capital Assets

The Township records disbursements for acquisitions of property, plant, and equipment when paid. The accompanying financial statements do not report these items as assets.

Accumulated Leave

In certain circumstances, such as upon leaving employment, employees are entitled to cash payments for unused leave. The financial statements do not include a liability for unpaid leave.

Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the Township must observe constraints imposed upon the use of its governmental-fund resources. The classifications are as follows:

Nonspendable The Township classifies assets as *nonspendable* when legally or contractually required to maintain the amounts intact.

Restricted Fund balance is *restricted* when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or is imposed by law through constitutional provisions.

Committed Trustees can *commit* amounts via formal action (resolution). The Township must adhere to these commitments unless the Trustees amend the resolution. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed to satisfy contractual requirements.

Assigned Assigned fund balances are intended for specific purposes but do not meet the criteria to be classified as *restricted* or *committed*. For regulatory purposes, assigned fund balance in the general fund is limited to encumbrances outstanding at year end.

Unassigned Unassigned fund balance is the residual classification for the general fund and includes amounts not included in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance.

The Township applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

For regulatory purposes, limited disclosure related to fund balance is included in Note 11.

Note 3 – Budgetary Activity

Budgetary activity for the year ending December 31, 2020 follows:

2020 Budgeted vs. Actual Receipts

	Budgeted	Actual	
Fund Type	Receipts	Receipts	Variance
General	\$3,342,250	\$2,756,155	(\$586,095)
Special Revenue	9,125,164	9,676,983	551,819
Capital Projects	2,658,874	582,479	(2,076,395)
Total	\$15,126,288	\$13,015,617	(\$2,110,671)

2020 Budgeted vs. Actual Budgetary Basis Expenditures

	Appropriation	Budgetary	
Fund Type	Authority	Expenditures	Variance
General	\$4,937,994	\$1,912,015	\$3,025,979
Special Revenue	14,898,948	9,263,719	5,635,229
Capital Projects	3,018,184	419,440	2,598,744
Total	\$22,855,126	\$11,595,174	\$11,259,952

Note 4 – Deposits and Investments

The Township maintains a deposit and investments pool all funds use. The Ohio Revised Code prescribes allowable deposits and investments. The carrying amount of deposits and investments at December 31 was as follows:

	2020
Demand deposits	\$9,053,426
U.S. Treasury Notes	2,200,930
Total deposits and investments	\$11,254,356

The Township does not use a separate payroll clearing account. The expenditures included in the accompanying financial statements reflect net payroll plus all remitted payroll withholdings. At December 31, 2020, the Township is holding no unremitted employee payroll withholdings.

Deposits

Deposits are insured by the Federal Deposit Insurance Corporation or collateralized through the Ohio Pooled Collateral System (OPCS), a collateral pool of eligible securities deposited with a qualified trustee and pledged to the Treasurer of State to secure the repayment of all public monies deposited in the financial institution.

Lucas County
Notes to the Financial Statements
For the Year Ended December 31, 2020
(Continued)

Investments

The Federal Reserve holds the Township's U.S. Treasury Notes in book-entry form by, in the name of the Township's financial institution. The financial institution maintains records identifying the Township as owner of these securities.

Note 5 – Property Taxes

Real property taxes become a lien on January 1 preceding the October 1 date for which the Trustees adopted tax rates. The State Board of Tax Equalization adjusts these rates for inflation. Property taxes are also reduced for applicable non-business, owner occupancy, and homestead exemption credits and/or homestead and rollback deductions. The financial statements include these credits and/or deduction amounts the State pays as Intergovernmental Receipts. Payments are due to the County by December 31. If the property owner elects to pay semiannually, the first half is due December 31. The second half payment is due the following June 20.

Public utilities are also taxed on personal and real property located within the Township.

The County is responsible for assessing property and for billing, collecting, and distributing all property taxes on behalf of the Township.

Note 6 – Risk Management

The Township belongs to the Ohio Plan Risk Management, Inc. (OPRM) (the Plan), a non-assessable, unincorporated non-profit association providing a formalized, jointly administered self-insurance risk management program and other administrative services to Ohio governments (Members). The Plan is legally separate from its member governments.

Pursuant to Section 2744.081 of the Ohio Revised Code, the plan provides property, liability, errors and omissions, law enforcement, automobile, excess liability, crime, surety and bond, inland marine and other coverages to its members sold through fourteen appointed independent agents in the State of Ohio.

OPRM coverage programs are developed specific to each member's risk management needs and the related premiums for coverage are determined through the application of uniform underwriting criteria addressing the member's exposure to loss. Effective November 1, 2017, the OPRM retained 47% of the premium and losses on the first \$250,000 casualty treaty and 30% of the first \$1,000,000 property treaty. The OPRM is also participated in a property primary excess of loss treaty. This treaty reimbursed the OPRM 30% for losses between \$200,000 and \$1,000,000. The reimbursement is based on the amount of loss between \$200,000 and \$1,000,000. Effective November 1, 2018, the OPRM the property retention remained unchanged, however, the Plan assumed 100% of the first \$250,000 casualty treaty. Members are only responsible for their self-retention (deductible) amounts, which vary from member to member. Effective November 1, 2019, the OPRM's property retention increased from 30% to 33%, while the casualty treaty remains unchanged and still assumes 100% of the first \$250,000 casualty treaty. Effective November 1, 2020, the OPRM's property retention increased from 33% to 55%, while the casualty treaty remains unchanged and still assumes 100% of the first \$250,000 casualty treaty. OPRM had 771 members as of December 31, 2020.

The Pool's audited financial statements conform with generally accepted accounting principles, and reported the following assets, liabilities and equity at December 31, 2020.

Assets \$ 18,826,974 Liabilities (13,530,267) Members' Equity \$ 5,296,707

You can read the complete audited financial statements for OPRM at the Plan's website, www.ohioplan.org.

Note 7 – Defined Benefit Pension Plans

Ohio Public Employees Retirement System

Some employees belong to the Ohio Public Employees Retirement System (OPERS). OPERS is a cost-sharing, multiple-employer plan. The Ohio Revised Code prescribes this plan's benefits, which include postretirement health care and survivor and disability benefits.

The Ohio Revised Code also prescribes contribution rates. OPERS members contributed 10 percent of their gross salaries, and the Township contributed an amount equaling 14 percent of participants' gross salaries. The Township has paid all contributions required through December 31, 2020.

Ohio Police and Fire Retirement System

Some Township's certified Fire Fighters belong to the Ohio Police and Fire Pension Fund (OP&F). OP&F is a cost-sharing, multiple-employer plan. The Ohio Revised Code prescribes this plan's benefits, which include postretirement health care and survivor and disability benefits.

The Ohio Revised Code also prescribes contribution rates. OP&F participants contributed 12.25 percent of their wages. The Township contributed to OP&F an amount equal to 24 percent of full-time fire fighters' wages, respectively. The Township has paid all contributions required through December 31, 2020.

Social Security

Some Township's employees contributed to Social Security. This plan provides retirement benefits, including survivor and disability benefits to participants.

Employees contributed 6.2 percent of their gross salaries. The Township contributed an amount equal to 6.2 percent of participants' gross salaries. The Township has paid all contributions required through December 31, 2020.

Note 8 – Postemployment Benefits

Both OPERS and OP&F offer cost-sharing, multiple-employer defined benefit postemployment plans, which include multiple health care plans including medical coverage, prescription drug coverage, deposits to a Health Reimbursement Arrangement, and Medicare Part B premium reimbursements, to qualifying benefit recipients. The portion of employer contributions allocated to health care for OPERS members in the traditional pension plan and combined plan was 0 percent during calendar year 2020.

Lucas County
Notes to the Financial Statements
For the Year Ended December 31, 2020
(Continued)

The portion of employer contributions allocated to health care for OPERS members in the member-directed plan was 4.0 percent during calendar year 2020. OP&F contributes 0.5 percent to fund these benefits.

Beginning January 1, 2019, OP&F changed its retiree health care model to a stipend-based health care model. A stipend funded by OP&F was placed in individual Health Reimbursement Accounts that retirees use to be reimbursed for health care expenses.

Note 9 – Debt

Debt outstanding at December 31, 2020, was as follows:

	Principal	Interest Rate
OPWC Loan #CL23R	\$88,428	0%
OPWC Loan #CL28U	116,280	0%
OPWC Loan #CL25U	125,444	0%
OPWC Loan #CL30V	143,630	0%
Energy Special Investment - Towns	144,963	3.25%
Energy Special Investment - Fire	570,326	5.25%
Dump Truck (Signature)	82,165	3%
Total	\$1,271,236	

A 2015 OPWC Loan (CL23R) of \$136,040 was received for resurfacing 3.41 miles of roads. The loan is a zero percent loan repayable in semiannual installments of \$8,803 through July 2026.

A 2017 OPWC Loan (CL28U) of \$129,200 was received for resurfacing 3.47 miles of roads. The loan is zero percent loan repayable in semiannual installments of \$6,460 through July 2029.

A 2018 OPWC Loan (CL25U) of \$132,046 in total (\$18,081 received in 2019) was received for resurfacing 4.25 miles of roads. The loan is zero percent loan repayable in semiannual installments of \$13,205 through July 2029.

A 2020 OPWC loan of \$143,630 (CL30V) was received for resurfacing several miles of Township roads. The loan is a zero percent loan repayable in semi-annual installments of \$7,182 through 2030.

The Energy Special Investment District is an energy conservation financing program, coordinated by the Lucas County Port Authority, which allows businesses in Springfield Township to pay for acceptable energy improvements through a semiannual assessment on their property taxes. Both the Township and the Fire District entered into separate contracts to upgrade Township owned facilities with more energy efficient heating, cooling, and lighting. Both contracts are for a 15 year term, with payments ending in 2031.

An unsecured Loan from Signature Bank for \$82,165 was procured to finance a new heavy duty dump truck for the Roads Department. The loan is a 3.25% fixed rate instrument, repayable in semi-annual installments of \$14,496 through 2023.

Total	\$473,782	\$174,316	\$814,981	\$87,002

Note 10 – Joint Ventures

In 2015, the Township partnered with the Village of Holland to form the Spring Meadows Joint Economic Development Zone (JEDZ). Revenue is generated through both a payroll tax and a business income tax on individuals/companies located within the zone. Taxes are collected by RITA and administered and distributed by the Village of Holland. The Township, Village, and JEDZ Board each receive a portion of the proceeds. The Township's share is unrestricted and deposited in the General Fund. The Township has no further obligations to provide finances or services in the zone. The JEDZ board is a separate auditable entity.

In 2019, the Township entered into a joint agreement with Lucas County and a third private partner, who owns a majority of the land along the interstate, to finance the local portion of the project. The Lucas County Engineer's office is responsible to work with ODOT to properly account for construction costs, to provide selected in-kind services for the project, apply for state infrastructure financing, and to bill the local partners in equal installments over an 18 year period of time. The local partner's share of the project is expected to be approximately \$20,000,000, with annual payments of approximately \$300,000 per year for each partner. The Township has established two specific economic development tools to generate income from the projected new commercial development in the area.

The first is a JEDD with the Village of Holland. It is structured and functions similarly to the Spring Meadows JEDZ. Second, a TIFF has also been established in the area. Proceeds from the increase in property valuation will be deposited in separate Township accounts and will be used to retire the debt. The Township will also be responsible to make partial payments to the school districts and interest payments to the Townships private partner when money is withdrawn from an informal sinking account which they have established.

Note 11 - Fund Balances

Encumbrances are commitments related to unperformed contracts for goods or services. Encumbrance accounting is utilized to the extent necessary to assure effective budgetary control and accountability and to facilities effective cash planning and control. At year end the balances of these amounts were as follows:

		Sp	pecial	Capital	
Fund Balances	General	Re	venue	Projects	 Total
Outstanding Encumbrances		\$	129,998		\$ 129,998

The fund balance of special revenue funds is either restricted or committed. The fund balance of capital projects funds are restricted, committed, or assigned.

Note 12 – Change in Accounting Principle

For 2020, the Township has made changes to their cash basis reporting model. These changes include modifications to the definition of fiduciary funds, adding a separate combined statement of additions, deductions, and changes in fund balances (regulatory cash basis) – all fiduciary fund types, and removing the fund balance classifications from the combined statement of receipts, disbursements, and changes in fund balances (regulatory cash basis) – all governmental fund types.

Due to the implementation of GASB Statement No. 84, the new classification of custodial funds is reporting beginning Fund Cash Balances of \$108,414. Also related to the implementation of GASB Statement No. 84, the Township will no longer be reporting agency funds. At December 31, 2019, agency funds reported fund cash balance of \$108,414.

Note 13 – COVID-19

The United States and the State of Ohio declared a state of emergency in March 2020 due to the COVID-19 pandemic. The financial impact of COVID-19 and the continuing emergency measures may impact subsequent periods of the Township. The Township's investment portfolio has incurred a significant decline in fair value, consistent with the general decline in financial markets. However, because the values of individual investments fluctuate with market conditions, and due to market volatility, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined. In addition, the impact on the Township's future operating costs, revenues, and any recovery from emergency funding, either federal or state, cannot be estimated.

During 2020, the Township received CARES Act funding. Of the amounts received, \$36,245 was subgranted to other governments. These amounts are reflected as general government, public safety, and public works expenditures in the Coronavirus Relief Special Revenue Fund on the accompanying financial statements.

SPRINGFIELD TOWNSHIP LUCAS COUNTY

NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS 2 CFR 200.510(b)(6) FOR THE YEAR ENDED DECEMBER 31, 2020

NOTE A - BASIS OF PRESENTATION

The accompanying Schedule of Expenditures of Federal Awards (the Schedule) includes the federal award activity of Springfield Township, Lucas County, Ohio (the Township) under programs of the federal government for the year ended December 31, 2020. The information on this Schedule is prepared in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the Township, it is not intended to and does not present the fund balances or changes in fund balances of the Township.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the cash basis of accounting. Such expenditures are recognized following the cost principles contained in Uniform Guidance wherein certain types of expenditures may or may not be allowable or may be limited as to reimbursement.

NOTE C - INDIRECT COST RATE

The Township has elected not to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

NOTE D - SUBRECIPIENTS

The Township passes certain federal awards received from Lucas County to other governments or not-for-profit agencies (subrecipients). As Note B describes, the Township reports expenditures of Federal awards to subrecipients when paid in cash.

As a subrecipient, the Township has certain compliance responsibilities, such as monitoring its subrecipients to help assure they use these subawards as authorized by laws, regulations, and the provisions of contracts or grant agreements, and that subrecipients achieve the award's performance goals.

Springfield Township Lucas County 7617 Angola Road Holland, Ohio 43528-8602

To the Board of Trustees:

We have audited, in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the financial statements of the cash balances, receipts, and disbursements for each governmental fund type and the fiduciary fund type combined total as of and for the year ended December 31, 2020, and related notes of Springfield Township, Lucas County, Ohio (the Township) and have issued our report thereon dated August 19, 2021, wherein we noted the Township followed financial reporting provisions Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit. We also noted the financial impact of COVID-19 and the continuing emergency measures which may impact subsequent periods of the Township. In addition, we also noted the Township adopted new accounting guidance in Governmental Accounting Standards Board (GASB) Statement No. 84, Fiduciary Activities.

Internal Control Over Financial Reporting

As part of our financial statement audit, we considered the Township's internal control over financial reporting (internal control) as a basis for designing audit procedures appropriate in the circumstances to the extent necessary to support our opinions on the financial statements, but not to the extent necessary to opine on the effectiveness of the Township's internal control. Accordingly, we have not opined on it.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A material weakness is a deficiency, or combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the Township's financial statements. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all internal control deficiencies that might be material weaknesses or significant deficiencies. Therefore, unidentified material weaknesses or significant deficiencies may exist. We did identify a certain deficiency in internal control, described in the accompanying schedule of findings that we consider a material weakness. We consider finding 2020-001 to be a material weakness.

Springfield Township Lucas County Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Required by *Government Auditing Standards* Page 2

Compliance and Other Matters

As part of reasonably assuring whether the Township's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the financial statements. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

Township's Response to Finding

The Township's response to the finding identified in our audit is described in the accompanying schedule of findings and corrective action plan. We did not subject the Township's response to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the Township's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the Township's internal control and compliance. Accordingly, this report is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO THE MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Springfield Township Lucas County 7617 Angola Road Holland, Ohio 43528-8602

To the Board of Trustees:

Report on Compliance for the Major Federal Program

We have audited Springfield Township, Lucas County, Ohio's (the Township) compliance with the applicable requirements described in the U.S. Office of Management and Budget (OMB) *Compliance Supplement* that could directly and materially affect Springfield Township's major federal program for the year ended December 31, 2020. The *Summary of Auditor's Results* in the accompanying schedule of findings identifies the Township's major federal program.

Management's Responsibility

The Township's Management is responsible for complying with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal program.

Auditor's Responsibility

Our responsibility is to opine on the Township's compliance for the Township's major federal program based on our audit of the applicable compliance requirements referred to above. Our compliance audit followed auditing standards generally accepted in the United States of America; the standards for financial audits included in the Comptroller General of the United States' *Government Auditing Standards*; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). These standards and the Uniform Guidance require us to plan and perform the audit to reasonably assure whether noncompliance with the applicable compliance requirements referred to above that could directly and materially affect a major federal program occurred. An audit includes examining, on a test basis, evidence about the Township's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe our audit provides a reasonable basis for our compliance opinion on the Township's major program. However, our audit does not provide a legal determination of the Township's compliance.

Springfield Township Lucas County Independent Auditor's Report on Compliance with Requirements Applicable to the Major Federal Program and on Internal Control Over Compliance Required by the Uniform Guidance Page 2

Opinion on the Major Federal Program

In our opinion, Springfield Township complied, in all material respects with the compliance requirements referred to above that could directly and materially affect its major federal program for the year ended December 31, 2020.

Report on Internal Control Over Compliance

The Township's management is responsible for establishing and maintaining effective internal control over compliance with the applicable compliance requirements referred to above. In planning and performing our compliance audit, we considered the Township's internal control over compliance with the applicable requirements that could directly and materially affect a major federal program, to determine our auditing procedures appropriate for opining on each major federal program's compliance and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not to the extent needed to opine on the effectiveness of internal control over compliance. Accordingly, we have not opined on the effectiveness of the Township's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, when performing their assigned functions, to prevent, or to timely detect and correct, noncompliance with a federal program's applicable compliance requirement. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a federal program compliance requirement will not be prevented, or timely detected and corrected. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with federal program's applicable compliance requirement that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

This report only describes the scope of our internal control over compliance tests and the results of this testing based on Uniform Guidance requirements. Accordingly, this report is not suitable for any other purpose.

2. FINDINGS RELATED TO THE FINANCIAL STATEMENTS REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS

FINDING NUMBER 2020-001

Material Weakness - Financial Reporting

In our audit engagement letter, as required by AU-C Section 210, Terms of Engagement, paragraph .06, management acknowledged its responsibility for the preparation and fair presentation of their financial statements; this responsibility includes designing, implementing and maintaining internal control relevant to preparing and fairly presenting financial statements free from material misstatement, whether due to fraud or error as discussed in AU-C Section 210 paragraphs .A14 & .A16.

An error was noted in the accompanying financial statements due to loan proceeds in the OPWC Project Fund in the amount of \$143,630 being incorrectly classified as intergovernmental revenue.

Springfield Township Lucas County Schedule of Findings Page 2

This error was not identified and corrected prior to the Township preparing its financial statements and notes to the financial statements due to deficiencies in the Township's internal controls over financial statement monitoring. Failing to prepare accurate financial statements could lead the Board of Trustees to make misinformed decisions. The accompanying financial statements and notes to the financial statements have been adjusted to reflect this change. In addition to the adjustment noted above, we also identified additional misstatements ranging from \$153 to \$1,000.

To help ensure the Township's financial statements and notes to the financial statements are complete and accurate, the Township should adopt policies and procedures over financial reporting, including a final review of the financial statements and notes to the financial statements by the Fiscal Officer and Board of Trustees to help identify and correct errors and omissions.
