We have reviewed the *Independent Auditor's Report* of the Vandalia Butler City School District, Montgomery County, prepared by BHM CPA Group, Inc., for the audit period July 1, 2019 through June 30, 2020. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The Vandalia Butler City School District is responsible for compliance with these laws and regulations.

VANDALIA-BUTLER CITY SCHOOL DISTRICT

MONTGOMERY COUNTY

NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS 200 CFR 200.510(B)(6) FOR THE FISCAL YEAR ENDED JUNE 30, 2020

NOTE A - BASIS OF PRESENTATION

The accompanying Schedule of Expenditures of Federal Awards (the Schedule) includes the federal award activity of Vandalia-Butler City School District (the School District) under programs of the federal government for the year ended June 30, 2020. The information on this Schedule is prepared in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the School District, it is not intended to and does not present the financial position or changes in net position of the school district.

NOTE B – SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the cash basis of accounting. Such expenditures are recognized following the cost principles contained in Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, wherein certain types of expenditures may or may not be allowable or may be limited as to reimbursement.

NOTE C – INDIRECT COST RATE

The School District has elected not to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

NOTE D – CHILD NUTRITION CLUSTER

The School District commingles cash receipts from the U.S. Department of Agriculture with similar State grants. When reporting expenditures on this Schedule, the School District assumes it expands federal monies first.

NOTE E – FOOD DONATION PROGRAM

The School District reports commodities consumed on the Schedule at the fair value. The School District allocated donated food commodities to the respective program that benefited from the use of those donated food commodities.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
REQUIRED BY GOVERNMENT AUDITING STANDARDS**

Vandalia-Butler City School District
Montgomery County
306 S. Dixie Drive
Vandalia, Ohio 45377

To the Board of Education:

We have audited, in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Vandalia-Butler City School District, Montgomery County, (the School District) as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the School District's basic financial statements and have issued our report thereon dated December 23, 2020, wherein we noted the School District adopted Governmental Accounting Standards Board Statement No. 84, Fiduciary Activities. We also noted the financial impact of COVID-19 and the ensuing emergency measures will impact subsequent periods of the School District.

Internal Control Over Financial Reporting

As part of our financial statement audit, we considered the School District's internal control over financial reporting (internal control) as a basis for designing audit procedures appropriate in the circumstances to the extent necessary to support our opinion on the financial statements, but not to the extent necessary to opine on the effectiveness of the School District's internal control. Accordingly, we have not opined on it.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the School District's financial statements. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all internal control deficiencies that might be material weaknesses or significant deficiencies. Given these limitations, we did not identify any deficiencies in internal control that we consider material weaknesses. However, unidentified material weaknesses may exist.

Compliance and Other Matters

As part of reasonably assuring whether the School District's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the financial statements. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

Purpose of this Report

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the School District's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the School District's internal control and compliance. Accordingly, this report is not suitable for any other purpose.

Independent Auditor's Report on Compliance with Requirements Applicable to the Major Federal Program and on Internal Control Over Compliance Required by the Uniform Guidance

Vandalia Butler City School District
Montgomery County
306 S. Dixie Drive
Vandalia, Ohio 45377

Members of the Board of Education:

Report on Compliance for the Major Federal Program

We have audited the Vandalia Butler City School District's (the School District) compliance with the applicable requirements described in the U.S. Office of Management and Budget (OMB) Compliance Supplement that could directly and materially affect Vandalia-Butler City School District's major federal program for the year ended June 30, 2020. The *Summary of Auditor's Results* in the accompanying schedule of findings identifies the School District's major federal program.

Management's Responsibility

The School District's Management is responsible for complying with federal statutes, regulations, and the terms and conditions of its federal awards to its federal programs.

Auditor's Responsibility

Our responsibility is to opine on the School District's compliance for the School District's major federal program based on our audit of the applicable compliance requirements referred to above. Our compliance audit followed auditing standards generally accepted in the United States of America; the standards for financial audits included in the Comptroller General of the United States' *Government Auditing Standards*; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). These standards and the Uniform Guidance require us to plan and perform the audit to reasonably assure whether noncompliance with the applicable compliance requirements referred to above that could directly and materially affect a major federal program occurred. An audit includes examining, on a test basis, evidence about the School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe our audit provides a reasonable basis for our compliance opinion on the School District's major program. However, our audit does not provide a legal determination of the School District's compliance.

Opinion on the Major Federal Program

In our opinion, the Vandalia-Butler City School District complied, in all material respects with the compliance requirements referred to above that could directly and materially affect its major federal program for the year ended June 30, 2020.

Report on Internal Control Over Compliance

The School District's management is responsible for establishing and maintaining effective internal control over compliance with the applicable compliance requirements referred to above. In planning and performing our compliance audit, we considered the School District's internal control over compliance with the applicable requirements that could directly and materially affect a major federal program, to determine our auditing procedures appropriate for opining on the major federal program's compliance and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not to the extent needed to opine on the effectiveness of internal control over compliance. Accordingly, we have not opined on the effectiveness of the School District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, when performing their assigned functions, to prevent, or to timely detect and correct, noncompliance with a federal program's applicable compliance requirement. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a federal program compliance requirement will not be prevented, or timely detected and corrected. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with federal program's applicable compliance requirement that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

This report only describes the scope of our internal control over compliance tests and the results of this testing based on Uniform Guidance requirements. Accordingly, this report is not suitable for any other purpose.

Report on the Schedule of Federal Awards Expenditures Required by the Uniform Guidance

We have also audited the financial statements of the governmental activities, each major fund and the aggregate remaining fund information of Vandalia-Butler City School District (the School District) as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the School District's basic financial statements. We issued our unmodified report thereon dated December 23, 2020.

We conducted our audit to opine on the School District's basic financial statements as a whole. The accompanying schedule of federal awards expenditures presents additional analysis required by the Uniform Guidance and is not a required part of the basic financial statements. The schedule is management's responsibility, and was derived from and relates directly to the underlying accounting and other records management used to prepare the basic financial statements. We subjected this schedule to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling this schedule directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, this schedule is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

INTRODUCTORY SECTION

December 23, 2020

Citizens of Vandalia-Butler City School District
and Members of the Vandalia-Butler Board of Education:

We are pleased to present the 2020 Comprehensive Annual Financial Report (CAFR) for the Vandalia-Butler City School District. This report, for the fiscal year ended June 30, 2020, contains the financial statements and other financial and statistical data that provide complete and full disclosure of all material financial aspects of the Vandalia-Butler City School District (the “School District”). The responsibility for the accuracy and completeness of all data presented, and the fairness of the presentation, rests with the School District, specifically with the School District Treasurer’s office.

Accounting Principles Generally Accepted in the United States of America (GAAP) also requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management’s Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The School District’s MD&A can be found immediately following the Independent Auditor’s Report.

DISTRICT OVERVIEW

The Vandalia-Butler City School District serves an area of 37 square miles in the northern part of Montgomery County, Ohio, encompassing Butler Township, the City of Vandalia, a portion of the City of Union, and a portion of the City of Dayton. The Dayton International Airport, located within the School District, comprises approximately 6.25 square miles of the total 37 square miles.

The area is located approximately 10 miles north of the City of Dayton at the “Crossroads of America” which was originally defined by the intersection of US Route 40 and US Route 25A but is now identified by the intersection of Interstate 70 and Interstate 75 – America’s coast-to-coast highways. With these major thoroughfares, Vandalia and Butler Township provide a desirable location for many families who work in the Dayton metropolitan area and provide for many businesses that provide goods and services throughout the country.

Education in the area began with the first school that formed in Butler Township in 1807. Additionally, the Village of Vandalia School District formed in 1869. A consolidated Butler and Vandalia School District formed in 1921 under the name Butler Township Schools. The consolidated school district operated from the Butler Township School Building built in 1921.

The current charter as the Vandalia-Butler City School District was adopted in 1956. For the 2020 fiscal year, the School District operates six school buildings: two elementary schools serving grades Kindergarten through grade 3 with Demmitt Elementary housing the Pre-School as well; two middle schools serving grades 4 through 8; and, one high school serving grades 9 through 12.

SCHOOL DISTRICT ORGANIZATION AND REPORTING ENTITY

The School District operates under current standards prescribed by the Ohio State Board of Education as provided in division (D) of Section 3301.07 and Section 119.01 of the Ohio Revised Code. Under a locally elected five member Board form of government, the School District provides educational services as authorized by its charter or further mandated by state and/or federal agencies. The Board of Education serves as the taxing authority, contracting body, and policy maker for the School District. In addition, the Board adopts the annual operating budget and approves all expenditures of School District monies. The Board appoints the Superintendent and Treasurer. As the chief administrative officer, the Superintendent is responsible for the development, supervision, and operation of the school programs and facilities and appoints all other personnel in the School District. As the chief financial officer, the Treasurer is responsible for maintaining financial records, acting as the custodian of all School District funds, and investing idle funds as specified by law. The reporting entity is comprised of the primary government, component units, and other organizations that are included to ensure the financial statements of the School District are not misleading.

Component units are legally separate organizations for which the School District is financially accountable. The School District is financially accountable for an organization if the School District appoints a voting majority of the organization's Governing Board and (1) the School District is able to significantly influence the programs or services performed or provided by the organization; or (2) the School District is legally entitled to or can otherwise have access to the organization's resources; or (3) the School District is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or (4) the School District is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the School District in that the School District approves the budget, the issuance of debt or the levying of taxes. Certain organizations are also included as component units if the nature and significance of the relationship between the primary government and the organization is such that exclusion by the primary government would render the primary government's financial statements incomplete or misleading. Currently, the School District does not have any component units.

The School District is associated with the Southwestern Ohio Educational Purchasing Council (SOEPC), which is defined as a jointly governed organization. It is a purchasing cooperative comprised of over 126 school districts in 18 counties. The purpose of the cooperative is to obtain prices for quality merchandise and services commonly used by schools. This organization is presented in Note 2.

The School District is associated with the Southwestern Ohio Instructional Technology Association (SOITA), which is defined as a jointly governed organization. It is a not-for-profit corporation formed under Section 1702.01 of the Ohio Revised Code. The purpose of the corporation is to serve the educational needs of the area through television programming for the advancement of educational programs. This organization is presented in Note 2.

The School District is associated with the Miami Valley Career Technology Center, which is defined as a jointly governed organization. It is a distinct political subdivision of the State of Ohio operating as a joint vocational school district. The purpose of the vocational school district is to provide vocational educational services to students of member districts. This organization is presented in Note 2.

In Addition, the School District is associated with the Metropolitan Educational Technology Association (META) Solutions which is defined as a jointly governed organization. It is a computer consortium of area school districts sharing computer resources. The purpose of the association is to apply modern technology with the aid of computers and other electronic equipment to administrative instructional functions among member districts. This organization is presented in Note 2.

Lastly, the School District is a member of the Southwestern Ohio Educational Purchase Cooperative (EPC), which is composed of other public school districts. One primary benefit is the Consortium for insurance benefits. Another benefit is for purchasing of day to day operational materials and supplies. Finally, the purchasing of school buses in compliance with Ohio Revised Code. This membership results in hundreds of thousand dollars of savings.

ECONOMIC CONDITION AND OUTLOOK

The Vandalia-Butler City School District serves the residents of the City of Vandalia and Butler Township, who despite lack of state dollars and removal of personal property from the tax base realize the importance of strong schools. The state budget passed for 2020-2021 continues to reduce anticipated revenues with foundation payments (State Aid) being capped and with the state reimbursement of past personal property taxes being eliminated. During the spring of 2020, in the midst of the Corona-virus pandemic, the State implemented a massive \$775 million in cuts with K-12 education absorbing \$300 million to balance the State's budget as of June 30, 2020. Vandalia-Butler City Schools received a \$660,277 reduction in State Aid for fiscal years 2020 and 2021 each. Vandalia-Butler residents approved overwhelmingly on April 28, 2020, the renewal of the \$4,447,000 emergency operating levy, for ten (10) years, from the previous five (5) year term. Results were 61.44% for, 38.56% against.

Butler Township continues to experience some commercial growth in conjunction with declining real estate values. Among many new projects, York Commons is an 80 acre regional retail project located at the new I-75 Benchwood interchange, six miles north of downtown Dayton and within 10 minutes of the Dayton International Airport. The property is zoned B-3 allowing for most business enterprises. Tax incentives are being offered as Tax Incremental Financing Agreements (TIFs) with school supported donation agreements to provide further appeal for commercial development in the Benchwood area and around the Dayton International Airport. Proctor & Gamble and Spectrum Products are the most recent additions to the Township with their respective centers. The School District has begun receiving income tax sharing revenues, with two additional revenue agreements beginning during FY2020, from the City of Dayton from this development.

The City of Vandalia is poised with property and tax incentives for continued economic growth. Similar to the township, they are offering business and residents modified infrastructure to attract more development. Their efforts have been successful with the recent addition of significant employers such as White Castle who opened a distribution facility in the School District. One of the School District's major roads (Dixie Drive) has been expanded and building options are available at choice locations including an area near the I-70, I-75 interchange; and next to the Dayton International Airport. Commercial property is also available on Northwood Road directly off of Interstate 75.

The valuation of real estate, both residential and commercial, had been reduced over the previous years, but are starting to see growth in valuation again. Montgomery County has completed their triennial update for calendar year 2020 and updated valuations will be reflected in tax collections payable in calendar year 2021, with valuation growth for the District. The Board of Revisions reviews reduction requests for both residential and commercial when submitted and the County Treasurer's Office has taken a more direct role in helping taxpayers enroll in payment plans when needed.

MAJOR INITIATIVES

Vandalia-Butler City Schools continues to maintain its high performing status from the state of Ohio while the targets, goals and requirements continue to change. The School District continues to improve as it examines weaknesses in student achievement/performance and design targeted interventions to better align our instruction and our financial resources. Fiscal year 2019 brought a K-12 Language arts textbook/technology and grades 4-12 science adoption in the amount of \$1.5 million approximately, the first adoption in nine years. In addition, a district wide school safety officer program was implemented with an initial cost of \$750,000. Continued technology upgrades and Chromebooks were purchased across the School District, bringing technology closer to a 1:1 student/device ratio. Fiscal year 2020 seen the continued upgrades to the aforementioned. Contracted services seen an uptick in hiring for additional paraprofessionals to meet the increasing number and intensified services of students with special needs. Lastly, in accordance with the 2021 Strategic Plan, a comprehensive Facilities Visioning process began, consisting of a Community Advisory Team and Education Visioning Team. The goal is to determine buildings needs that align with educational needs and delivery.

FINANCIAL INFORMATION

The School District's accounting system is organized on a fund basis. Each fund is a distinct, self-balancing entity. Records for general governmental operations are maintained on a budgetary basis system of accounting as prescribed by State statute. Cash basis accounting differs from Accounting Principles Generally Accepted in the United States of America (GAAP) as promulgated by the Governmental Accounting Standards Board (GASB).

INTERNAL CONTROLS

The management of the School District is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the School District are protected from loss, theft, or misuse and to ensure that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with GAAP. The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that (1) the cost of a control should not exceed the benefits likely derived from its implementations, and (2) the valuation of cost and benefits requires estimates and judgments by management.

The School District uses a fully automated accounting system as well as an automated system for payroll. These systems, coupled with the manual control procedures, ensure that the financial information generated is both accurate and reliable.

Assistance

As a recipient of Federal and State assistance, the School District is responsible for ensuring that an adequate internal control structure is in place to ensure compliance with applicable laws and regulations related to those programs. This internal control structure is subject to periodic evaluation by management of the School District.

Budgetary Controls

The objective of budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriation resolution. The legal level of budgetary control (the level at which expenditures cannot legally exceed the appropriated amount) is established at the fund level.

The School District maintains an encumbrance accounting system as a technique of accomplishing budgetary control. Unencumbered appropriation balances are verified prior to the release of purchase orders to ensure funds are available to meet the obligation created by the purchase order. Encumbered amounts at year-end are carried forward to succeeding years and are not re-appropriated.

Financial Condition

The School District continues to prepare financial statements following GASB Statement No. 34, "Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments." GASB 34 created basic financial statements for reports as follows:

Government-wide financial statements - These statements are prepared on an accrual basis of accounting which is similar to the basis of accounting followed by many businesses. The government-wide statement distinguishes between those activities of the School District that are governmental and those that are considered business-type activities. The School District reports no business-type activities.

Fund financial statements - These statements present information for individual major funds rather than by fund type. Non-major funds are presented in total in one column. Governmental funds use the modified accrual basis of accounting and include a reconciliation to the governmental activities accrual information presented in the government-wide financial statements. Proprietary and fiduciary funds use the accrual basis of accounting.

Statement of budgetary comparisons - These statements present comparisons of actual information to the legally adopted budget. The budgetary basis as provided by law is based upon accounting for certain transaction on a basis of cash receipts, disbursements, and encumbrances.

Management Discussion and Analysis for the School District - This discussion is located in the financial section of this report following the audit opinion and provides an assessment of the School District finances and the outlook for the future.

OTHER INFORMATION

Independent Audit

An audit team from the independent accounting firm BHM CPA Group, Inc. has performed this year's audit. The results of the audit are presented in the Independent Auditor's Report.

Awards

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Vandalia-Butler City School District for its Comprehensive Annual Financial Report for the fiscal year ended June 30, 2019. The Certificate of Achievement is the highest form of recognition for excellence in the state and local government financial reporting.

In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized Comprehensive Annual Financial Report, whose contents conform to program standards. Such reports must satisfy both accounting principles generally accepted in the United States of America and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only. The School District believes the current report continues to conform to the high standards required by the Certificate of Achievement program.

The Treasurer and the District were also awarded the Ohio Auditor of State Award with Distinction for the fiscal year also ending June 30, 2019. This is the highest form of recognition by the Ohio Auditor of State's office and less than 2% public entities receive this award annually.

Acknowledgements

Sincere appreciation is extended to the many people who have contributed their time and effort to prepare this report. In particular, special thanks to Leigh Anne Snow, the Assistant Treasurer who has managed the GAAP conversion process and audit for the School District. The members of the Treasurer's Office Staff are to be commended for their input and commitment. Finally, appreciation is extended to the firm of Julian and Grube, Inc. for the guidance and assistance in preparing this report.

FINANCIAL SECTION

INDEPENDENT AUDITOR'S REPORT

Vandalia-Butler City School District
Montgomery County
306 S. Dixie Drive
Vandalia, Ohio 45377

To the Board of Education:

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Vandalia-Butler City School District, Montgomery County, Ohio (the School District), as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the School District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for preparing and fairly presenting these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes designing, implementing, and maintaining internal control relevant to preparing and fairly presenting financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to opine on these financial statements based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the School District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the School District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinions.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Vandalia-Butler City School District, Montgomery County, Ohio, as of June 30, 2020, and the respective changes in financial position thereof and the budgetary comparison for the General Fund thereof for the year then ended in accordance with the accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 3 to the financial statements, during 2020, the School District adopted new accounting guidance in Governmental Accounting Standards Board (GASB) Statement No. 84, *Fiduciary Activities*. We did not modify our opinion regarding this matter.

As discussed in Note 16 to the financial statements, the financial impact of COVID-19 and the ensuing emergency measures will impact subsequent periods of the School District. We did not modify our opinion regarding this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require this presentation to include *management's discussion and analysis*, and schedules of net pension and other post-employment benefit liabilities and pension and other post-employment benefit contributions listed in the table of contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, consisting of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, to the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not opine or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to opine or provide any other assurance.

Supplementary and Other Information

Our audit was conducted to opine on the School District's basic financial statements taken as a whole.

The introductory section, the financial section's combining statements, individual fund statements and schedules and the statistical section information present additional analysis and are not a required part of the basic financial statements.

The statements and schedules are management's responsibility, and derive from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. We subjected this information to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling this information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves in accordance with auditing standards generally accepted in the United States of America. In our opinion, this information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

We did not subject the introductory section and statistical section information to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion or any other assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 23, 2020, on our consideration of the School District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School District's internal control over financial reporting and compliance.

**MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020
(UNAUDITED)**

The management discussion and analysis of the Vandalia-Butler City School District's (the "School District") financial performance provides an overall review of the School District's financial activities for the fiscal year ended June 30, 2020. The intent of this discussion and analysis is to look at the School District's financial performance as a whole; readers should also review the basic financial statements and the notes to the basic financial statements to enhance their understanding of the School District's financial performance.

Financial Highlights

Key financial highlights for fiscal year 2020 are as follows:

- In total, net position of governmental activities decreased \$4,345,376 which represents a 21.85% decrease from June 30, 2019's restated net position.
- General revenues accounted for \$36,735,500 in revenue or 87.96% of all revenues. Program specific revenues in the form of charges for services and sales, grants and contributions accounted for \$5,030,020 or 12.04% for total revenues of \$41,765,520.
- The School District had \$46,110,896 in expenses related to governmental activities; \$5,030,020 of these expenses were offset by program specific charges for services, grants or contributions. General revenues supporting governmental activities (primarily taxes and unrestricted grants and entitlements) of \$36,735,500 were not adequate to provide for these programs.
- The School District has two major funds which include the general fund and the bond retirement fund. The general fund had \$35,281,410 in revenues and \$37,625,231 in expenditures. The general fund's fund balance decreased \$2,343,821 from \$12,870,579 to \$10,526,758.
- The bond retirement fund had \$3,634,312 in revenues and \$3,356,254 in expenditures. The bond retirement fund's fund balance increased \$278,058 from \$3,298,137 to \$3,576,195.

Using this Comprehensive Annual Financial Report (CAFR)

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand the School District as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The *statement of net position* and *statement of activities* provide information about the activities of the whole School District, presenting both an aggregate view of the School District's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the School District's most significant funds with all other nonmajor funds presented in total in one column. The School District has two major funds: the general fund and the bond retirement fund.

Reporting the School District as a Whole

Statement of Net Position and the Statement of Activities

While this document contains the large number of funds used by the School District to provide programs and activities, the view of the School District as a whole looks at all financial transactions and asks the question, "How did we do financially during fiscal year 2020?" The statement of net position and the statement of activities answer this question. These statements include *all assets, all deferred outflows of resources, liabilities, deferred inflows of resources, revenues and expenses* using the *accrual basis of accounting* similar to the accounting used by most private-sector companies. This basis of accounting will take into account all of the current year's revenues and expenses regardless of when cash is received or paid.

**VANDALIA-BUTLER CITY SCHOOL DISTRICT
MONTGOMERY COUNTY, OHIO**

**MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020
(UNAUDITED)**

These two statements report the School District's *net position* and changes in that net position. This change in net position is important because it tells the reader that, for the School District as a whole, whether the *financial position* of the School District has improved or diminished. The causes of this change may be the result of many factors, some financial, some not. Non-financial factors include the School District's property tax base, current property tax laws in Ohio restricting revenue growth, facility conditions, required educational programs and other factors.

In the statement of net position and the statement of activities, the Governmental Activities include the School District's programs and services, including instruction, support services, operation and maintenance of plant, pupil transportation, extracurricular activities, and food service operations.

The School District's statement of net position and statement of activities can be found on pages 17-18 of this report.

Reporting the School District's Most Significant Funds

Fund Financial Statements

The analysis of the School District's major governmental funds begins on page 13. Fund financial reports provide detailed information about the School District's major funds. The School District uses many funds to account for a multitude of financial transactions. However, these fund financial statements focus on the School District's most significant funds. The School District's major governmental funds are the general fund and the bond retirement fund.

Governmental Funds

Most of the School District's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in future periods. These funds are reported using an accounting method called *modified accrual* accounting, which measures cash and all other *financial assets* that can readily be converted to cash. The governmental fund financial statements provide a detailed *short-term* view of the School District's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship (or differences) between governmental *activities* (reported in the statement of net position and the statement of activities) and governmental *funds* is reconciled in the basic financial statements. The basic governmental fund financial statements can be found on pages 19-24 of this report.

Reporting the School District's Fiduciary Responsibilities

The School District also acts in a trustee capacity as an agent for individuals, private organizations, other governmental units and/or other funds. These activities are reported in a custodial fund. The School District's statement of changes in fiduciary net position can be found on page 24. These activities are excluded from the School District's other financial statements because the assets cannot be utilized by the School District to finance its operations.

Notes to the Basic Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. These notes to the basic financial statements can be found on pages 25-72 of this report.

Required Supplementary Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the School District's net pension liability and net OPEB liability/asset. The required supplementary information can be found on pages 74-89 of this report.

Unrestricted (deficit)	<u>(25,823,021)</u>	<u>(20,663,363)</u>	24.97 %
Total net position	<u>\$ (24,233,579)</u>	<u>\$ (19,888,203)</u>	21.85 %

**VANDALIA-BUTLER CITY SCHOOL DISTRICT
MONTGOMERY COUNTY, OHIO**

**MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020
(UNAUDITED)**

The net pension liability is reported pursuant to Governmental Accounting Standards Board (GASB) Statement 68, "Accounting and Financial Reporting for Pensions—an Amendment of GASB Statement 27." The net other postemployment benefits (OPEB) liability/asset is reported pursuant to GASB Statement 75, "Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions." For reasons discussed below, many end users of this financial statement will gain a clearer understanding of the District's actual financial condition by adding deferred inflows related to pension and OPEB, the net pension liability, and the net OPEB liability to the reported net position and subtracting deferred outflows related to pension and OPEB and the net OPEB asset.

GASB standards are national and apply to all government financial reports prepared in accordance with generally accepted accounting principles. Prior accounting for pensions (GASB 27) and postemployment benefits (GASB 45) focused on a funding approach. This approach limited pension and OPEB costs to contributions annually required by law, which may or may not be sufficient to fully fund each plan's net pension liability or net OPEB liability/asset. GASB 68 and GASB 75 take an earnings approach to pension and OPEB accounting; however, the nature of Ohio's statewide pension/OPEB plans and state law governing those systems requires additional explanation in order to properly understand the information presented in these statements.

GASB 68 and GASB 75 require the net pension liability and the net OPEB liability/asset to equal the School District's proportionate share of each plan's collective:

1. Present value of estimated future pension/OPEB benefits attributable to active and inactive employees' past service.
2. Minus plan assets available to pay these benefits.

GASB notes that pension and OPEB obligations, whether funded or unfunded, are part of the "employment exchange" – that is, the employee is trading his or her labor in exchange for wages, benefits, and the promise of a future pension and other postemployment benefits. GASB noted that the unfunded portion of this promise is a present obligation of the government, part of a bargained-for benefit to the employee, and should accordingly be reported by the government as a liability since they received the benefit of the exchange. However, the School District is not responsible for certain key factors affecting the balance of these liabilities. In Ohio, the employee shares the obligation of funding pension benefits with the employer. Both employer and employee contribution rates are capped by State statute. A change in these caps requires action of both Houses of the General Assembly and approval of the Governor. Benefit provisions are also determined by State statute. The Ohio Revised Code permits, but does not require, the retirement systems to provide healthcare to eligible benefit recipients. The retirement systems may allocate a portion of the employer contributions to provide for these OPEB benefits.

The employee enters the employment exchange with the knowledge that the employer's promise is limited not by contract but by law. The employer enters the exchange also knowing that there is a specific, legal limit to its contribution to the retirement system. In Ohio, there is no legal means to enforce the unfunded liability of the pension/OPEB plan *as against the public employer*. State law operates to mitigate/lessen the moral obligation of the public employer to the employee, because all parties enter the employment exchange with notice as to the law. The retirement system is responsible for the administration of the pension and OPEB plans.

Most long-term liabilities have set repayment schedules or, in the case of compensated absences (i.e. sick and vacation leave), are satisfied through paid time-off or termination payments. There is no repayment schedule for the net pension liability or the net OPEB liability/asset. As explained above, changes in benefits, contribution rates, and return on investments affect the balance of these liabilities but are outside the control of the local government. In the event that contributions, investment returns, and other changes are insufficient to keep up with required payments, State statute does not assign/identify the responsible party for the unfunded portion. Due to the unique nature of how the net pension liability and the net OPEB liability are satisfied, these liabilities are separately identified within the long-term liability section of the statement of net position.

**VANDALIA-BUTLER CITY SCHOOL DISTRICT
MONTGOMERY COUNTY, OHIO**

**MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020
(UNAUDITED)**

In accordance with GASB 68 and GASB 75, the School District's statements prepared on an accrual basis of accounting include an annual pension expense and an annual OPEB expense for their proportionate share of each plan's *change* in net pension liability and net OPEB liability/asset, respectively, not accounted for as deferred inflows/outflows.

Over time, net position can serve as a useful indicator of a government's financial position. At June 30, 2020 and June 30, 2019, the School District's liabilities plus deferred inflows of resources exceeded assets plus deferred outflows of resources by \$24,233,579 and \$19,888,203, respectively. Net position decreased \$4,345,376 from June 30, 2019's restated net position.

Assets of the School District decreased \$769,862 or 0.82%. Current assets increased \$569,483 or 1.22%. The most significant increased were in the area of property taxes receivable and payment in lieu of taxes receivable. The increase is due to a revaluation of property taxes and additional amounts expected to be collected to tax abatement programs. At year-end, capital assets represented 46.95% of total assets. Capital assets include land, land improvements, buildings and improvements, furniture and equipment, software and vehicles. Net investment in capital assets at June 30, 2020 and June 30, 2019, were (\$1,878,578) and (\$1,650,343), respectively. These capital assets are used to provide services to the students and are not available for future spending. Although the School District's investment in capital assets is reported net of related debt, it should be noted that the resources to repay the debt must be provided from other sources, since capital assets may not be used to liquidate these liabilities. The capital assets decreased due to current year depreciation of \$2,007,666 and disposals, net of accumulated depreciation of \$125,020 exceeding current year additions of \$661,943.

Deferred outflows related to pension decreased primarily due to changes in assumptions by the State Teachers Retirement System (STRS). See Note 12 for more detail.

Total assets include a net OPEB asset reported by STRS. See Note 13 for more detail.

Liabilities of the School District decreased \$476,555 or 0.50%. Current liabilities increased \$277,687 or 7.43% due to an increase in accounts payable and accrued wages and benefits payable. Long-term liabilities increased \$198,868. While the School District paid off approximately \$2 million in long-term obligations, net pension liability increased due to experience at the pension system level.

A portion of the School District's net position, \$3,468,020, represents resources that are subject to external restriction on how they may be used. Of the restricted net position, \$3,111,473 is restricted for debt service. The remaining balance of unrestricted net position is (\$25,823,021).

The graph below shows the School District's assets, deferred outflows of resources, liabilities, deferred inflows of resources and net position at June 30, 2020 and June 30, 2019. The net position at June 30, 2019 has been restated as described in Note 3.B.

**MANAGEMENT’S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020
(UNAUDITED)**

Governmental Activities

Net position of the School District’s governmental activities decreased \$4,345,376 in fiscal year 2020 and increased \$1,183,317 in fiscal year 2019. Total governmental expenses of \$46,110,896 were offset by program revenues of \$5,030,020 and general revenues of \$36,735,500 during fiscal year 2020. Program revenues supported 10.90% of the total governmental expenses during fiscal year 2020.

Revenues of the School District increased \$1,793,018 or 4.49%. The most significant decreases were in the area of property taxes and capital grants and contributions. Property taxes increased \$1,535,410. The increase in property tax revenues is related to an increase in the amount of tax advance that was available to the School District from the County Auditor at June 30, 2020 versus June 30, 2019 and a revaluation of property taxes in the County. Payment in lieu of taxes increased due to an increase in compensation payments related to abatement programs. The decrease in grants and entitlements not restricted is related to a decrease in school foundation funding State-wide related to the COVID-19 pandemic.

Expenses of the governmental activities increased \$7,321,711 or 18.88%. This increase is primarily the result of an increase in pension expense and OPEB expense. Pension expense increased approximately \$2.6 million and OPEB expense increased approximately \$3.6 million. These increases were the results of experience at the pension system level that is out of the control of the School District.

The graph below presents the School District’s governmental activities revenues and expenses for fiscal years 2020 and 2019.

Governmental Activities - Revenues and Expenses

The statement of activities shows the cost of program services and the charges for services and grants offsetting those services. The following table shows, for governmental activities, the total cost of services and the net cost of services. That is, it identifies the cost of these services supported by tax revenue and unrestricted state grants and entitlements.

The dependence upon tax and other general revenues for governmental activities is apparent, 90.04% of instruction activities were supported through taxes and other general revenues during fiscal year 2020. For all governmental activities, general revenue support was 89.91% in fiscal year 2020. The School District's taxpayers and unrestricted grants and entitlements are by far the primary support for School District students.

The graph below presents the School District's governmental activities revenues for fiscal years 2020 and 2019.

(UNAUDITED)**

The School District's Funds

The School District's governmental funds reported a combined fund balance of \$14,301,940, which is lower than last year's total of \$16,268,945. The schedule below indicates the fund balance and the total change in fund balance as of June 30, 2020 and 2019. The fund balance at June 30, 2019 has been restated as described in Note 3.B.

	Fund Balance <u>June 30, 2020</u>	Restated Fund Balance <u>June 30, 2019</u>	<u>Change</u>	Percentage <u>Change</u>
General	\$ 10,526,758	\$ 12,870,579	\$ (2,343,821)	(18.21) %
Bond Retirement	3,576,195	3,298,137	278,058	8.43 %
Other Governmental	<u>198,987</u>	<u>100,229</u>	<u>98,758</u>	98.53 %
Total	<u>\$ 14,301,940</u>	<u>\$ 16,268,945</u>	<u>\$ (1,967,005)</u>	(12.09) %

General Fund

The general fund decreased \$2,343,821 during fiscal year 2020. The table that follows assists in illustrating the financial activities and fund balance of the general fund.

	<u>2020 Amount</u>	<u>2019 Amount</u>	<u>Change</u>	Percentage <u>Change</u>
<u>Revenues</u>				
Property taxes	\$ 22,622,637	\$ 21,550,862	\$ 1,071,775	4.97 %
Payment in lieu of taxes	2,462,931	886,025	1,576,906	177.98 %
Earnings on investments	537,901	637,410	(99,509)	(15.61) %
Intergovernmental	8,116,626	9,220,934	(1,104,308)	(11.98) %
Other revenues	<u>1,541,315</u>	<u>1,545,886</u>	<u>(4,571)</u>	(0.30) %
Total	<u>\$ 35,281,410</u>	<u>\$ 33,841,117</u>	<u>\$ 1,440,293</u>	4.26 %
<u>Expenditures</u>				
Instruction	\$ 23,355,939	\$ 22,091,004	\$ 1,264,935	5.73 %
Support services	12,342,130	12,708,743	(366,613)	(2.88) %
Operation of non-instructional services	349,055	368,524	(19,469)	(5.28) %
Extracurricular activities	1,292,026	718,721	573,305	79.77 %
Facilities acquisition and construction	-	217,305	(217,305)	(100.00) %
Debt service	<u>286,081</u>	<u>446,600</u>	<u>(160,519)</u>	(35.94) %
Total	<u>\$ 37,625,231</u>	<u>\$ 36,550,897</u>	<u>\$ 1,074,334</u>	2.94 %

Revenues of the general fund increased by \$1,440,293 or 4.26%. Property taxes increased \$1,071,775. The increase in property tax revenues is due to an increase in the amount of tax advance that was available to the School District from the County Auditor at June 30, 2020 versus June 30, 2019 and a revaluation of property tax values in the County. Payment in lieu of taxes increased due to an increase in compensation payments from tax abatement agreements. Intergovernmental decreased due to a State-wide decrease in school foundation funding related to the COVID-19 pandemic.

**VANDALIA-BUTLER CITY SCHOOL DISTRICT
MONTGOMERY COUNTY, OHIO**

**MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020
(UNAUDITED)**

Expenditures of the general fund increased \$1,264,935 or 2.94%. The most significant increase was in the area of instruction and extracurricular which increased \$1,264,935 and \$573,305, respectively. The increase in instruction is related to an increase in wages and benefits paid to employees and the increase in extracurricular is due to costs associated with new field turf at the High School stadium.

Bond Retirement Fund

During fiscal year 2020, the bond retirement fund had revenues of \$3,634,312 and expenditures of \$3,356,254. The fund balance of the bond retirement fund increased \$278,058 from \$3,298,137 to \$3,576,195. This increase is the result of property taxes exceeding scheduled principal and interest payments on debt.

General Fund Budgeting Highlights

The School District's budget is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The most significant budgeted fund is the general fund.

For the general fund, original revenues and other financing sources of \$33,928,321 were increased to \$35,453,565 in the final budget. The largest increases were in the areas of property taxes and intergovernmental - state which increased due to lower property tax collection estimates and higher than expected State foundation revenues, respectively. Actual revenues and other financing sources increased \$31,017 to \$35,484,582.

General fund original appropriations (appropriated expenditures plus other financing uses) of \$39,619,265 were decreased to \$38,333,255 in the final budget. Actual expenditures and other uses of \$37,364,309 were \$968,946 lower than final appropriations due to the School District's conservative budget practices.

Capital Assets and Debt Administration

Capital Assets

At the end of fiscal year 2020, the School District had \$43,641,033 invested in land, land improvements, buildings and improvements, furniture and equipment and vehicles. This entire amount is reported in governmental activities.

The following table shows June 30, 2020 balances compared to June 30, 2019.

	Capital Assets at June 30 (Net of Depreciation)	
	<u>Governmental Activities</u>	
	<u>2020</u>	<u>2019</u>
Land	\$ 1,679,701	\$ 1,679,701
Land improvements	2,851,678	2,690,430
Buildings and improvements	36,883,753	38,186,457
Furniture and equipment	1,279,037	1,423,624
Vehicles	<u>946,864</u>	<u>1,131,564</u>
Total	<u>\$ 43,641,033</u>	<u>\$ 45,111,776</u>

The capital assets decreased due to current year depreciation of \$2,007,666 and current year disposals, net of accumulated depreciation, of \$125,020 exceeding current year additions of \$661,943.

See Note 8 to the basic financial statements for detail on the School District's capital assets.

MONTGOMERY COUNTY, OHIO**

**MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020
(UNAUDITED)**

Debt Administration

At June 30, 2020 the School District had \$49,333,075 in general obligation bonds. Of this total, \$2,030,837 is due within one year and \$47,302,238 is due in greater than one year.

The following table summarizes the bonds and capital lease obligations outstanding.

Outstanding Debt, at Year End

	Governmental Activities <u>2020</u>	Governmental Activities <u>2019</u>
General Obligation Bonds	\$ 43,455,000	\$ 44,455,000
Premiums	5,047,913	5,451,140
Capital Appreciation Bonds	364,415	440,164
Accreted interest	<u>465,747</u>	<u>1,045,782</u>
Total	<u>\$ 49,333,075</u>	<u>\$ 51,392,086</u>

The School District maintained ratings of Aa3 and AA- with Moody's Investor Services and Standard & Poor's, respectively.

See Note 9 to the basic financial statements for detail on the School District's debt administration.

For the Future

The Board of Education approved the 2021 Strategic Plan in the spring of 2018. In fiscal year 2019, School District administration implemented 34 of the 43 identified goals. For fiscal year 2019, 7 of the 9 remaining goals, will begin. For fiscal year 2020, the remaining goals were implemented while continuing all previous. The plan sets the mission, goals and expectations for the next five years. With collaboration by staff and community, right sizing, prudent and responsible expenditures along with reliable forecasting, School District finances have stabilized, even with declining revenue from the State. School District voters approved on April 28, 2020 the \$4,447,000 Emergency Levy renewal for ten (10) years from the previous five (5) year term.

School District administration is currently revising a district wide spending/capital needs plan. This document combined with the strategic plan and stable financial resources, commitments can be made to continue to move students and the School District forward all while continuing academic progress and achievement.

RECONCILIATION OF TOTAL GOVERNMENTAL FUND BALANCES TO
NET POSITION OF GOVERNMENTAL ACTIVITIES
JUNE 30, 2020
(SEE ACCOUNTANT'S COMPILATION REPORT)

Total governmental fund balances		\$	14,301,940
<i>Amounts reported for governmental activities on the statement of net position are different because:</i>			
Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds.			43,641,033
Other long-term assets are not available to pay for current-period expenditures and therefore are deferred inflows in the funds.			
Property taxes receivable	\$	953,256	
Accrued interest receivable		11,734	
Intergovernmental receivable		33,987	
Total		998,977	998,977
Unamortized premiums on bonds issued are not recognized in the funds.			(5,047,913)
Unamortized amounts on refundings are not recognized in the funds.			3,347,717
Accrued interest payable is not due and payable in the current period and therefore is not reported in the funds.			(127,377)
The net pension liability is not due and payable in the current period; therefore, the liability and related deferred inflows/outflows are not reported in governmental funds:			
Deferred outflows of resources - pension		8,176,894	
Deferred inflows of resources - pension		(1,730,745)	
Net pension liability		(36,468,054)	
Total		(30,021,905)	(30,021,905)
The net OPEB liability is not due and payable in the current period; therefore, the liability and related deferred inflows/outflows are not reported in governmental funds:			
Deferred outflows of resources - OPEB		1,080,733	
Deferred inflows of resources - OPEB		(3,646,690)	
Net OPEB asset		2,112,936	
Net OPEB liability		(3,545,954)	
Total		(3,998,975)	(3,998,975)
Long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported in the funds.			
General obligation bonds		(44,285,162)	
Compensated absences		(3,041,914)	
Total		(47,327,076)	(47,327,076)
Net position of governmental activities		\$	(24,233,579)

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
FOR THE FISCAL YEAR ENDED JUNE 30, 2020

Net change in fund balances - total governmental funds	\$	(1,967,005)
<i>Amounts reported for governmental activities in the statement of activities are different because:</i>		
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense.		
Capital asset additions	\$ 661,943	
Current year depreciation	(2,007,666)	
Total		(1,345,723)
The net effect of various miscellaneous transactions involving capital assets (i.e., sales, disposals, trade-ins, and donations) is to decrease net position.		
		(125,020)
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.		
Property taxes	1,198	
Earnings on investments	(11,827)	
Intergovernmental	(627,284)	
Total		(637,913)
Repayment of bond principal and accreted interest is an expenditure in the governmental funds, but the repayment reduces long-term liabilities on the statement of net position. Principal payments during the year were:		
Bonds	1,075,749	
Accretion on capital appreciation bonds	934,251	
Total		2,010,000
In the statement of activities, interest is accrued on outstanding bonds, whereas in governmental funds, an interest expenditure is reported when due. The following items resulted in additional interest being reported in the statement of activities:		
Change in accrued interest payable	15,458	
Accreted interest on capital appreciation bonds	(354,216)	
Amortization of bond premiums	403,227	
Amortization of deferred charges	(236,468)	
Total		(171,999)
Contractually required contributions are reported as expenditures in governmental funds; however, the statement of activities reports these amounts as deferred outflows of resources.		
Pension		2,959,432
OPEB		90,592
Except for amounts reported as deferred inflows/outflows, changes in the net pension liability and net OPEB liability/asset are reported as pension expense and OPEB expense in the statement of activities.		
Pension		(5,397,972)
OPEB		491,771
Some expenses reported in the statement of activities, such as compensated absences, do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.		
		(251,539)
Change in net position of governmental activities	\$	(4,345,376)

**VANDALIA-BUTLER CITY SCHOOL DISTRICT
MONTGOMERY COUNTY, OHIO**

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

NOTE 1 - DESCRIPTION OF THE SCHOOL DISTRICT

Vandalia-Butler City School District (the “School District”) is a body politic and corporate established for the purpose of exercising the rights and privileges conveyed to it by the constitution and laws of the State of Ohio.

The School District operates under a locally-elected five-member Board form of government and provides educational services as mandated by State and/or federal agencies. This Board of Education controls the School District’s five school buildings, one bus garage and one board office staffed by 194 non-certified and 215 certified full-time teaching personnel who provide services to 2,935 students and other community members.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The basic financial statements of the School District have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The School District's significant accounting policies are described below.

A. Reporting Entity

The reporting entity has been defined in accordance with GASB Statement No. 14, “The Financial Reporting Entity” as amended by GASB Statement No. 39, “Determining Whether Certain Organizations Are Component Units” and GASB Statement No. 61, “The Financial Reporting Entity: Omnibus an Amendment of GASB Statements No. 14 and No. 34”. The reporting entity is composed of the primary government and component units. The primary government consists of all funds, departments, boards and agencies that are not legally separate from the School District. For the School District, this includes general operations, food service, and student related activities of the School District. The following activities are also included within the reporting entity:

Parochial schools within the School District boundaries - Saint Christopher School is operated through the Cincinnati Catholic Diocese. Current State legislation provides funding to this parochial school. These monies are received and disbursed on behalf of the parochial school by the treasurer of the School District, as directed by the parochial school. The activity of these State monies by the School District is reflected in a special revenue fund for financial reporting purposes.

Component units are legally separate organizations for which the School District is financially accountable. The School District is financially accountable for an organization if the School District appoints a voting majority of the organization’s Governing Board and (1) the School District is able to significantly influence the programs or services performed or provided by the organization; or (2) the School District is legally entitled to or can otherwise access the organization’s resources; or (3) the School District is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or (4) the School District is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the School District in that the School District approves the budget, the issuance of debt or the levying of taxes. Certain organizations are also included as component units if the nature and significance of the relationship between the primary government and the organization is such that exclusion by the primary government would render the primary government’s financial statements incomplete or misleading. Based upon the application of these criteria, the School District has no component units. The basic financial statements of the reporting entity include only those of the School District (the primary government).

**VANDALIA-BUTLER CITY SCHOOL DISTRICT
MONTGOMERY COUNTY, OHIO**

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

The following entities which perform activities within the School District boundaries for the benefit of its residents are excluded from the accompanying financial statements because the School District is not financially accountable for these entities nor are they fiscally dependent on the School District:

City of Vandalia - The city government of Vandalia is a separate body politic and corporate. A mayor and a council are elected independent of any School District relationships and administer the provision of traditional city services. Council acts as the taxing and budgeting authority for city services.

Butler Township - The township government is also a separate body politic and corporate. A three member Board of Trustees are elected independent of any School District relationships and administers the provision of traditional township services. The Trustees act as the taxing and budgeting authority for township services.

Parent Teacher Association - The School District is not involved in the budgeting or management and is not responsible for any debt and has no influence over the organization.

The School District is associated with the Southwestern Ohio Educational Purchasing Council, the Metropolitan Dayton Educational Computer Association, the Miami Valley Career Technology Center, and the Southwestern Ohio Instructional Technology Association, which are defined as jointly governed organizations, and the Southwestern Ohio Educational Purchasing Council Workers' Compensation Group Rating Plan (GRP), which is an insurance purchasing pool.

JOINTLY GOVERNED ORGANIZATIONS

The following organizations are described due to their relationship to the School District:

Southwestern Ohio Educational Purchasing Council - The Southwestern Ohio Educational Purchasing Council (SOEPC) is a purchasing council made up of over 126 school districts in 18 counties. The purpose of the council is to obtain prices for quality merchandise and services commonly used by schools. All member districts are obligated to pay all fees, charges, or other assessments as established by the SOEPC.

Each member district has one voting representative. Title to any and all equipment, furniture and supplies purchased by the SOEPC is held in trust for the member districts. Any district withdrawing from the SOEPC shall forfeit its claim to any and all SOEPC assets. One year prior notice is necessary for withdrawal from the group.

During this time, the withdrawing member is liable for all member obligations. Payments to SOEPC are made from the general fund. During fiscal year 2020, the School District paid \$2,918,929 to SOEPC. To obtain financial information, write to the Southwestern Ohio Educational Purchasing Council, Ken Swink, Director, 303 Corporate Center Drive Suite 208, Vandalia, Ohio 45377.

Southwestern Ohio Instructional Technology Association - The Southwestern Ohio Instructional Technology Association (SOITA) is a not-for-profit corporation formed under Section 1702.01 of the Ohio Revised Code. The purpose of the corporation is to serve the educational needs of the area through television programming for the advancement of educational programs.

**VANDALIA-BUTLER CITY SCHOOL DISTRICT
MONTGOMERY COUNTY, OHIO**

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

The Board of Trustees is comprised of twenty-one representatives of SOITA member schools or institutions. Nineteen representatives are elected from within the counties by the qualified members within the counties, i.e. Auglaize, Butler, Champaign, Clark, Clinton, Darke, Fayette, Greene, Hamilton, Logan, Mercer, Miami, Montgomery, Preble, Shelby, and Warren. Montgomery, Greene and Butler Counties elect two representatives per area. All others elect one representative per area. All Superintendents except for those from educational service centers vote on the representatives after the nominating committee nominates individuals to run.

One at-large non-public representative is elected by the non-public school SOITA members in the State assigned SOITA service area. One at-large higher education representative is elected by higher education SOITA members from within the State assigned SOITA service area.

All member districts are obligated to pay all fees, charges, or other assessments as established by the SOITA. Upon dissolution, the Net Position shall be distributed to the federal government, or to a state or local government, for a public purpose. Payments to SOITA are made from the general fund. During fiscal year 2020, the School District made \$1,762 in payments to SOITA. To obtain financial information, write to the Southwestern Ohio Instructional Technology Association, Frank DePalma, who serves as Interim Director, 150 East Sixth Street, Franklin, Ohio 45005.

Miami Valley Career Technology Center - The Miami Valley Career Technology Center is a distinct political subdivision of the State of Ohio operated under the direction of a Board consisting of one representative from each of the fifteen participating school districts' elected boards, which possesses its own budgeting and taxing authority. One member is appointed from the following city and/or exempted village school districts: Carlisle, Miamisburg, Milton-Union, Northmont, Vandalia-Butler, Versailles, Huber Heights, Eaton, Trotwood, Tipp City, and West Carrollton. Three members are appointed from the Montgomery County Educational Service Center, one is appointed from the Miami County Educational Service Center, one from the Darke County Educational Service Center, and one from the Preble County Educational Service Center. To obtain financial information write to the Miami Valley Career Technology Center, Debbie Gossett, who serves as Treasurer, at 6800 Hoke Road, Clayton, Ohio 45315.

Metropolitan Educational Technology Association (META) Solutions - The School District is a participant in META Solutions which is a computer consortium that resulted from the mergers between Tri-Rivers Educational Computer Association (TRECA), Metropolitan Educational Council (MEC), Metropolitan Dayton Educational Cooperative Association (MDECA), Southeastern Ohio Valley Voluntary Education Cooperative (SEOVEC), and South Central Ohio Computer Association (SCOCA). META Solutions develops, implements and supports the technology and instructional needs of schools in a cost-effective manner. META Solutions provides instructional, core, technology and purchasing services for its member districts. The Board of Directors consists of the Superintendents from eleven of the member districts. During fiscal year 2020, the School District paid META Solutions \$102,252 for services. Financial information can be obtained from Ashley Widby, who serves as Chief Financial Officer, 100 Executive Drive, Marion, Ohio 43302.

INSURANCE PURCHASING POOL

The School District participates in the Southwestern Ohio Educational Purchasing Council Workers' Compensation Group Rating Plan (GRP). The GRP's business and affairs are conducted by a fourteen member committee consisting of various EPC representatives that are elected by the general assembly. Either the superintendent or treasurer from each participating school district serves on the general assembly. Each year, the participating school districts pay an enrollment fee to the GRP to cover the costs of administering the program.

**VANDALIA-BUTLER CITY SCHOOL DISTRICT
MONTGOMERY COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

B. Fund Accounting

The School District's accounts are maintained on the basis of funds, each of which is considered a separate accounting entity. Fund accounting is designed to demonstrate legal compliance and to aid management by segregating transactions related to specific School District functions or activities. The operation of each fund is accounted for within a separate set of self-balancing accounts.

GOVERNMENTAL FUNDS

Governmental funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purpose for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets plus deferred outflows of resources and liabilities plus deferred inflows of resources is reported as fund balance. The following are the School District's major governmental funds:

General fund - The general fund is used to account for and report all financial resources not accounted for and reported in another fund. The general fund balance is available for any purpose provided it is expended or transferred according to the general laws of Ohio.

Bond retirement fund - The Bond Retirement Fund is used to account for resources that are restricted for the payment of general obligations bond principal and interest and certain other long-term obligations when the School District is obligated for the payment. The fund balance of this fund is restricted for debt service.

Other governmental funds of the School District are used to account for specific revenue sources that are restricted or committed to an expenditure for specified purposes other than debt service or capital projects.

FIDUCIARY FUNDS

Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private purpose trust funds and custodial funds. Trust funds are distinguished from custodial funds by the existence of a trust agreement or equivalent arrangements that have certain characteristics. Custodial funds are used to report fiduciary activities that are not required to be reported in a trust fund. The School District's only fiduciary fund is a custodial fund. The School District's only custodial fund is used to account for an Ohio High School Athletic Association (OHSAA) tournament account.

C. Basis of Presentation

Government-Wide Financial Statements - The statement of net position and the statement of activities display information about the School District as a whole. These statements include the financial activities of the primary government, except for fiduciary funds.

**VANDALIA-BUTLER CITY SCHOOL DISTRICT
MONTGOMERY COUNTY, OHIO**

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

The statement of net position presents the financial condition of governmental activities of the School District at year-end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the School District's governmental activities. Direct expenses are those that are specifically associated with a service, program or department and therefore are clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues which are not classified as program revenues are presented as general revenues of the School District. The comparison of direct expenses with program revenues identifies the extent to which each business segment or governmental function is self-financing or draws from the general revenues of the School District.

Fund Financial Statements - During the year, the School District segregates transactions related to certain School District functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the School District at this more detailed level. The focus of fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. Fiduciary funds are reported by fund type.

D. Measurement Focus

Government-wide Financial Statements - The government-wide financial statements are prepared using the full accrual economic resources measurement focus. All assets, all deferred outflows of resources, all liabilities and all deferred inflows of resources associated with the operation of the School District are included on the statement of net position. The statement of activities presents increases (i.e., revenues) and decreases (i.e., expenses) in total net position.

E. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. The fund financial statements are prepared using either the modified accrual basis of accounting for governmental funds or the accrual basis of accounting for fiduciary funds. Differences in the accrual and modified accrual bases of accounting arise in the recognition of revenue, the recording of deferred inflows of resources, and in the presentation of expenses versus expenditures.

Revenues - Exchange and Nonexchange Transactions - Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. "Measurable" means the amount of the transaction can be determined, and "available" means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the School District, available means expected to be received within 60 days of year-end.

Nonexchange transactions, in which the School District receives value without directly giving equal value in return, include property taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. (See Note 6). Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted, matching requirements, in which the School District must provide local resources to be used for a specified purpose, and expenditures requirements, in which the resources are provided to the School District on a reimbursement basis. On a modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

**VANDALIA-BUTLER CITY SCHOOL DISTRICT
MONTGOMERY COUNTY, OHIO**

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at year-end: property taxes available as an advance, investment earnings, tuition, grants, and fees.

Deferred Outflows of Resources and Deferred Inflows of Resources - In addition to assets, the government-wide statement of net position will report a separate section for deferred outflows of resources. Deferred outflows of resources, represents a consumption of net position that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until then. For the School District, See Notes 12 and 13 for deferred outflows of resources related the School District's net pension liability and net OPEB liability/asset, respectively. In addition, deferred outflows of resources include a deferred charge on debt refunding. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

In addition to liabilities, both the government-wide statement of net position and the governmental fund financial statements report a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net position that applies to a future period and will not be recognized as an inflow of resources (revenue) until that time. For the School District, deferred inflows of resources include property taxes, payments in lieu of taxes and unavailable revenue. Property taxes and payments in lieu of taxes represent amounts for which there is an enforceable legal claim as of June 30, 2020, but which were levied to finance fiscal year 2021 operations. These amounts have been recorded as a deferred inflow of resources on both the government-wide statement of net position and the governmental fund financial statements. Unavailable revenue is reported only on the governmental funds balance sheet, and represents receivables which will not be collected within the available period. For the School District unavailable revenue includes, but is not limited to, delinquent property taxes and intergovernmental grants. These amounts are deferred and recognized as an inflow of resources in the period the amounts become available.

For the School District, See Notes 12 and 13 for deferred inflows of resources related to the School District's net pension liability and net OPEB liability/asset, respectively. This deferred inflow of resources is only reported on the government-wide statement of net position.

Expenses and Expenditures - On the accrual basis of accounting, expenses are recognized at the time they are incurred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable, except for (1) principal and interest on general long-term debt and capital lease obligations, which is recorded when due, and (2) the costs of accumulated unpaid vacation, personal leave and sick leave are reported as fund liabilities as payments come due each period upon the occurrence of employee resignations and retirements. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

**VANDALIA-BUTLER CITY SCHOOL DISTRICT
MONTGOMERY COUNTY, OHIO**

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

F. Budgetary Process

All funds, other than the custodial fund, are legally required to be budgeted and appropriated. The major documents prepared are the tax budget, the appropriation resolution and the certificate of estimated resources which are prepared on the budgetary basis of accounting. The tax budget demonstrates a need for existing or increased tax rates. The certificate of estimated resources establishes a limit on the amounts that the Board of Education may appropriate. The appropriation resolution is the Board's authorization to spend resources and sets annual limits on expenditures at a level of control selected by the Board. The legal level of control has been established by the Board of Education at the fund level. The Treasurer has been authorized to allocate Board appropriations to the function and object level within each fund.

The certificate of estimated resources may be amended during the year if projected increases or decreases in revenue are identified by the School District Treasurer. The amounts reported as the original budgeted amounts in the budgetary statements reflect the amounts in the certificate when the original appropriations were adopted. The amounts reported as the final budgeted amounts in the budgetary statements reflect the amounts in the final amended certificate issued during fiscal year 2020.

The appropriation resolution is subject to amendment by the Board throughout the year with the restriction that appropriations may not exceed estimated revenues. The amounts reported as the original budgeted amounts reflect the first appropriation for that fund that covered the entire fiscal year, including amounts automatically carried over from prior years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by the Board during the year.

G. Encumbrances

Encumbrance accounting is utilized by the School District for all funds in the normal course of operations for purchase orders and contract related expenditures. An encumbrance is a reserve on the available spending authority due to a commitment for a future expenditure and does not represent a liability. On the fund financial statements encumbrances outstanding at fiscal year-end are reported as components of restricted, committed or assigned fund balance for subsequent year expenditures for governmental funds. Encumbrances are reported as part of expenditures on a non-GAAP budgetary basis in the non-GAAP budgetary basis statement of revenues, expenditures and changes in fund balance.

H. Cash and Investments

Cash received by the School District is deposited into one of several bank accounts with individual fund balance integrity maintained in the School District's records. Balances of all funds are maintained in these accounts or are temporarily used to purchase certificates of deposit or investments. All investment earnings accrue to the general fund except those specifically related to those funds deemed appropriate according to Board of Education policy or unless statutorily required to be credited to a specific fund. Interest revenue credited to the general fund during fiscal year 2020 amount to \$537,901 which includes \$128,754 assigned from other funds.

During fiscal year 2020, the School District invested in STAR Ohio. STAR Ohio (the State Treasury Asset Reserve of Ohio), is an investment pool managed by the State Treasurer's Office which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but has adopted Governmental Accounting Standards Board (GASB), Statement No. 79, "Certain External Investment Pools and Pool Participants." The School District measures its investment in STAR Ohio at the net asset value (NAV) per share provided by STAR Ohio. The NAV per share is calculated on an amortized cost basis that provides an NAV per share that approximates fair value.

**VANDALIA-BUTLER CITY SCHOOL DISTRICT
MONTGOMERY COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

For fiscal year 2020, there were no limitations or restrictions on any participant withdrawals due to redemption notice periods, liquidity fees, or redemption gates. However, notice must be given 24 hours in advance of all deposits and withdrawals exceeding \$25 million. STAR Ohio reserves the right to limit the transaction to \$100 million, requiring the excess amount to be transacted the following business day(s), but only to the \$100 million limit. All accounts of the participant will be combined for these purposes.

The School District records all its investments at fair value. For presentation on the basic financial statements, investments of the cash management pool and investments with original maturities of three months or less at the time they are purchased by the School District are considered to be cash equivalents.

I. Inventory

On government-wide financial statements, materials and supplies inventories are presented at cost, inventories held for resale are presented at lower of cost or market and donated commodities are presented at their entitlement value. Inventories are recorded on a first-in, first-out basis and are expensed when used. Inventories are accounted for using the consumption method. At fiscal year end, because materials and supplies inventory are not available to finance future governmental fund expenditures, a nonspendable fund balance is recorded by an amount equal to the carrying value of the asset on the fund financial statements.

Inventory consists of expendable supplies held for consumption, donated food and purchased food.

J. Capital Assets and Depreciation

All capital assets of the School District are general capital assets that are associated with governmental activities. General capital assets result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the government-wide statement of net position, but are not reported in the fund financial statements.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated capital assets are recorded at their acquisition value as of the date received. The School District maintains a capitalization threshold of \$5,000. The School District does not possess any infrastructure.

Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not.

All reported capital assets, except land, are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method over the following useful lives:

<u>Description</u>	<u>Governmental Activities Estimated Lives</u>
Land improvements	5 - 20 years
Buildings and improvements	10 - 50 years
Furniture and equipment	5 - 20 years
Vehicles	7 - 15 years

**VANDALIA-BUTLER CITY SCHOOL DISTRICT
MONTGOMERY COUNTY, OHIO**

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

K. Interfund Balances

On the fund financial statements, other receivables related to interfund activity are classified as “due from other funds” and “due to other funds”. These amounts are eliminated in the governmental activities column of the statement of net position.

L. Prepayments

Certain payments to vendors reflect the costs applicable to future accounting periods and are recorded as prepayments in both government-wide and fund financial statements. These items are reported as assets on the balance sheet using the consumption method. A current asset for the prepaid amounts is recorded at the time of the purchase and the expenditure/expense is reported in the year in which services are consumed. At fiscal year-end, because prepayments are not available to finance future governmental fund expenditures, a nonspendable fund balance is recorded by an amount equal to the carrying value of the asset on the fund financial statements.

M. Compensated Absences

Vacation and personal leave benefits are accrued as a liability as the benefits are earned if the employee’s rights to receive compensation are attributable to services already rendered and it is probable that the School District will compensate its employees for the benefits through paid time off or some other means. Sick leave benefits are accrued as a liability using the vesting method. The liability includes the employees who are currently eligible to receive severance benefits and those the School District has identified as probable of receiving payment in the future. The School District records an accrual for sick leave for all employees with ten years or more of service. The accrual amount is based upon accumulated sick leave and employees’ wage rates at year-end, taking into consideration any limits specified in the School District’s severance policy.

The entire compensated absence liability is reported on the government-wide financial statements.

On the governmental fund financial statements, compensated absences are recognized as liabilities and expenditures as payments come due each period upon the occurrence of employee resignations and retirements. These amounts are recorded in the account “compensated absences payable” in the fund from which the employee will be paid.

N. Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements.

In general, governmental fund payables and accrued liabilities that once incurred, are paid in a timely manner and in full from current financial resources, are reported as obligations of the funds. However, claims and judgments and special termination benefits that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment in the current year. Bonds and capital leases are recognized as a liability on the government-wide financial statements when due. Net pension/OPEB liability should be recognized in the governmental funds to the extent that benefit payments are due and payable and the pension/OPEB plan’s fiduciary net position is not sufficient for payment of those benefits.

**VANDALIA-BUTLER CITY SCHOOL DISTRICT
MONTGOMERY COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

O. Net Position

Net position represents the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources. The net position component “net investment in capital assets,” consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction or improvement of those assets or related debt also should be included in this component of net position. Net position is reported as restricted when there are limitations imposed on its use either through the enabling legislation adopted by the School District or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

The School District applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

P. Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the School District is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

Nonspendable - The nonspendable fund balance classification includes amounts that cannot be spent because they are not in spendable form or legally required to be maintained intact. The “not in spendable form” criterion includes items that are not expected to be converted to cash. It also includes the long-term amount of loans receivable.

Restricted - Fund balance is reported as restricted when constraints are placed on the use of resources that are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments, or imposed by law through constitutional provisions or enabling legislation.

Committed - The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by a formal action (resolution) of the School District Board of Education (the highest level of decision making authority). Those committed amounts cannot be used for any other purpose unless the School District Board of Education removes or changes the specified use by taking the same type of action (resolution) it employed to previously commit those amounts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Assigned - Amounts in the assigned fund balance classification are intended to be used by the School District for specific purposes, but do not meet the criteria to be classified as restricted nor committed. In governmental funds other than the general fund, assigned fund balance represents the remaining amount that is not restricted or committed. In the general fund, assigned amounts represent intended uses established by policies (resolutions) of the School District Board of Education, which includes giving the Treasurer the authority to constrain monies for intended purposes.

Unassigned - Unassigned fund balance is the residual classification for the general fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is only used to report a deficit fund balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned.

**VANDALIA-BUTLER CITY SCHOOL DISTRICT
MONTGOMERY COUNTY, OHIO**

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

The School District applies restricted resources first when expenditures are incurred for purposes for which restricted and unrestricted (committed, assigned, and unassigned) fund balance is available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

Q. Interfund Transactions

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds. Repayments from funds responsible for particular expenditures to the funds that initially paid for them are not presented on the financial statements. Transfers between funds in the fund financial statements are eliminated in the statement of activities. Interfund services provided and used are not eliminated in the process of consolidation.

R. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported on the financial statements and accompanying notes. Actual results may differ from those estimates.

S. Bond Issuance Costs/Unamortized Bond Premium and Discount/Deferred Change on Debt Refunding

On the government-wide financial statements, bond issuance costs are expensed in the year they occur.

Bond premiums are deferred and amortized over the term of the bonds. Bond premiums are presented as an addition to the face amount of the bonds. Capital appreciation bond discounts are accreted over the term of the bonds.

For bond refundings resulting in the defeasance of debt reported in the government-wide financial statements, the difference between the reacquisition price and the net carrying amount of the old debt is deferred and amortized as a component of interest expense. This accounting gain or loss is amortized over the remaining life of the old debt or the life of the new debt, whichever is shorter and is presented as a deferred outflow of resources on the statement of net position.

On the fund financial statements, issuance costs, and bond premiums are recognized in the current period.

T. Pensions/Other Postemployment Benefits (OPEB)

For purposes of measuring the net pension/OPEB liability, net OPEB asset, deferred outflows of resources and deferred inflows of resources related to pensions/OPEB and pension/OPEB expenses, information about the fiduciary net position of the pension/OPEB plans and additions to/deductions from their fiduciary net position have been determined on the same basis as they are reported by the pension/OPEB plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. The pension/OPEB plans report investments at fair value.

**VANDALIA-BUTLER CITY SCHOOL DISTRICT
MONTGOMERY COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

U. Fair Value

The School District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

NOTE 3 - ACCOUNTABILITY AND COMPLIANCE

A. Change in Accounting Principles

For fiscal year 2020, the School District has implemented GASB Statement No. 84, “*Fiduciary Activities*” and GASB Statement No. 90, “*Majority Equity Interests - an amendment to GASB Statements No. 14 and No. 61*”.

GASB Statement No. 84 establishes specific criteria for identifying activities that should be reported as fiduciary activities and clarifies whether and how business-type activities should report their fiduciary activities. Due to the implementation of GASB Statement No. 84, the School District will no longer be reporting agency funds. The School District reviewed its agency funds and certain funds will be reported in the new fiduciary classification of custodial funds, while other funds have been reclassified as governmental funds. These fund reclassifications resulted in the restatement of the School District’s financial statements.

GASB Statement No. 90 improves the consistency and comparability of reporting a government’s majority equity interest in a legally separate organization and improve the relevance of financial statement information for certain component units. It defines a majority equity interest and specifies that a majority equity interest in a legally separate organization should be reported as an investment if a government’s holding of the equity interest meets the definition of an investment. The implementation of GASB Statement No. 90 did not have an effect on the financial statements of the School District.

B. Restatement of Net Position and Fund Balances

The implementation of GASB 84 had the following effect on fund balance as reported at June 30, 2019:

	General	Bond Retirement	Other Governmental Funds	Total Governmental Funds
Fund Balance (Deficit) as previously reported	\$ 12,870,579	\$ 3,298,137	\$ (21,044)	\$ 16,147,672
GASB Statement No. 84	-	-	121,273	121,273
Restated Fund Balance, at June 30, 2019	<u>\$ 12,870,579</u>	<u>\$ 3,298,137</u>	<u>\$ 100,229</u>	<u>\$ 16,268,945</u>

**VANDALIA-BUTLER CITY SCHOOL DISTRICT
MONTGOMERY COUNTY, OHIO**

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

NOTE 3 - ACCOUNTABILITY AND COMPLIANCE - (Continued)

The implementation of the GASB 84 pronouncement had the following effect on the net position as reported at June 30, 2019:

	Governmental Activities
Net position as previously reported	\$ (20,009,476)
GASB Statement No. 84	121,273
Restated net position at June 30, 2019	\$ (19,888,203)

Due to the implementation of GASB Statement No.84, the new classification of custodial funds is reporting a beginning net position of \$0. Also, related to the implementation of GASB Statement No. 84, the School District will no longer be reporting agency funds. At June 30, 2019, agency funds reported assets and liabilities of \$121,273.

C. Deficit Fund Balances

Fund balances at June 30, 2020 included the following individual fund deficits:

Nonmajor funds	Deficit
Food service	\$ 85,410
Miscellaneous state grants	686
Special education	35,235
Title I	35,085
Title II-A	318

The general fund is liable for any deficit in these funds and provides transfers when cash is required, not when accruals occur. The deficit fund balances resulted from adjustments for accrued liabilities.

NOTE 4 - DEPOSITS AND INVESTMENTS

The School District maintains a cash and investment pool used by all funds. Each fund type’s portion of this pool is displayed on the basic financial statements as “equity in pooled cash and investments”. Statutes require the classification of monies held by the School District into three categories.

Active deposits are public deposits necessary to meet current demands on the treasury. Such monies must be maintained either as cash in the School District treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits the Board of Education has identified as not required for use within the current five-year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use, but which will be needed before the end of the current period of designation of depositories.

Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings accounts, including passbook accounts.

**VANDALIA-BUTLER CITY SCHOOL DISTRICT
MONTGOMERY COUNTY, OHIO**

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

NOTE 4 - DEPOSITS AND INVESTMENTS - (Continued)

Interim monies may be deposited or invested in the following securities:

1. United States Treasury Notes, Bills, Bonds, or any other obligation or security issued by the United States Treasury or any other obligation guaranteed as to principal or interest by the United States;
2. Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality, including, but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation and Government National Mortgage Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. Written repurchase agreements in the securities listed above provided that the fair value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and that the term of the agreement must not exceed thirty days;
4. Bonds and other obligations of the State of Ohio, and with certain limitations including a requirement for maturity within ten years from the date of settlement, bonds and other obligations of political subdivisions of the State of Ohio, if training requirements have been met;
5. Time certificates of deposit or savings or deposit accounts including, but not limited to, passbook accounts;
6. No-load money market mutual funds consisting exclusively of obligations described in items (1) and (2) above and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
7. The State Treasurer's investment pool, the State Treasury Asset Reserve of Ohio (STAR Ohio); and,
8. Certain bankers' acceptances for a period not to exceed one hundred eighty days) and commercial paper notes (for a period not to exceed two hundred seventy days) in an amount not to exceed 40 percent of the interim monies available for investment at any one time if training requirements have been met.

Protection of the deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, or by the financial institutions participation in the Ohio Pooled Collateral System (OPCS), a collateral pool of eligible securities deposited with a qualified trustee and pledged to the Treasurer of State to secure the repayment of all public monies deposited in the financial institution.

Investments in stripped principal or interest obligations, reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. Except as noted above, an investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the School District, and must be purchased with the expectation that it will be held to maturity. Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the Treasurer or qualified trustee or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

A. Cash on Hand

At fiscal year end, the School District had \$17,650 in undeposited cash on hand which is included on the financial statements of the School District as part of "equity in pooled cash and investments".

**VANDALIA-BUTLER CITY SCHOOL DISTRICT
MONTGOMERY COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020

NOTE 4 - DEPOSITS AND INVESTMENTS - (Continued)

B. Deposits with Financial Institutions

At June 30, 2020, the carrying amount of all School District deposits was \$1,894,580 and the bank balance of all School District deposits was \$2,432,484. Of the bank balance, \$256,866 was covered by the FDIC and \$1,830,073 was either covered by the Ohio Pooled Collateral System or exposed to custodial credit as discussed below because those deposits were uninsured and could be uncollateralized.

Custodial credit risk is the risk that, in the event of bank failure, the School District will not be able to recover deposits or collateral securities that are in the possession of an outside party. The School District has no deposit policy for custodial credit risk beyond the requirements of State statute. Ohio law requires that deposits either be insured or protected by (1) eligible securities pledged to the School District and deposited with a qualified trustee by the financial institution as security for repayment whose fair value at all times shall be at least 105 percent of the deposits being secured, or (2) participation in the Ohio Pooled Collateral System (OPCS), a collateral pool of eligible securities deposited with a qualified trustee and pledged to the Treasurer of State to secure the repayment of all public monies deposited in the financial institution. OPCS requires the total fair value of the securities pledged to be 102 percent of the deposits being secured or a reduced rate set by the Treasurer of State. For fiscal year 2020, the School District's financial institutions were approved for a reduced collateral rate of 50 percent through the OPCS. Although all statutory requirements for the deposits of money has been followed, noncompliance with Federal requirements could potentially subject the School District to a successful claim by the FDIC.

C. Investments

As of June 30, 2020, the School District had the following investments and maturities:

Measurement/ Investment type	Measurement Value	Investment Maturities				
		6 months or less	7 to 12 months	13 to 18 months	19 to 24 months	Greater than 24 months
<i>Fair Value:</i>						
Commercial paper	\$ 1,008,603	\$ 499,835	\$ 508,768	\$ -	\$ -	\$ -
FHLB DN	479,434	-	479,434	-	-	-
FHLMC	299,943	-	-	-	299,943	-
FNMA	149,843	-	-	-	-	149,843
Negotiable CDs	4,270,902	-	-	743,887	1,020,092	2,506,923
U.S. Government money market	867,990	867,990	-	-	-	-
<i>Amortized Cost:</i>						
STAR Ohio	<u>8,724,770</u>	<u>8,724,770</u>	<u>-</u>	<u>-</u>	<u>-</u>	<u>-</u>
Total	<u>\$ 15,801,485</u>	<u>\$ 10,092,595</u>	<u>\$ 988,202</u>	<u>\$ 743,887</u>	<u>\$ 1,320,035</u>	<u>\$ 2,656,766</u>

The weighted average maturity of investments is 0.72 years.

The School District's investments in U.S. Government money market mutual funds are valued using quoted market prices in active markets (Level 1 inputs). The School District's investments in commercial paper, federal agency securities (FHLB DN, FHLMC, FNMA) and negotiable CD's are valued using quoted prices in markets that are not considered to be active, dealer quotations or alternative pricing sources for similar assets or liabilities for which all significant inputs are observable, either directly or indirectly (Level 2 inputs).

Interest Rate Risk: As a means of limiting its exposure to fair value losses arising from rising interest rates and according to State law, the School District's investment policy limits investment portfolio maturities to five years or less unless matched to specific obligation or debt of the School District.

MONTGOMERY COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020

NOTE 4 - DEPOSITS AND INVESTMENTS - (Continued)

Credit Risk: The School District's investments in commercial paper were rated P-1 by Moody's Investor Services. The School District's investments in federal agency securities were rated AA+ and Aaa by Standard & Poor's and Moody's Investor Services, respectively. Standard & Poor's has assigned STAR Ohio an AAAM money market rating. Ohio Law requires that STAR Ohio and the U.S. Government money market maintain the highest rating provided by at least one nationally recognized rating standard rating service. The School District's investment policy does not specifically address credit risk beyond the adherence to all relevant sections of the Ohio Revised Code.

Custodial Credit Risk: For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the School District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The federal agency securities are exposed to custodial credit risk in that they are uninsured, unregistered and held by the counterparty's trust department or agent, but not in the School District's name. The School District has no investment policy dealing with investment custodial risk beyond the requirement in State statute that prohibits payment for investments prior to the delivery of the securities representing such investments to the Treasurer or qualified trustee.

Concentration of Credit Risk: The School District places no limit on the amount that may be invested in any one issuer other than for commercial paper and banker's acceptances. The following table includes the percentage of each investment type held by the School District at June 30, 2020:

Measurement/ <u>Investment type</u>	Measurement <u>Value</u>	<u>% to Total</u>
Commercial paper	\$ 1,008,603	6.38
FHLB DN	479,434	3.03
FHLMC	299,943	1.90
FNMA	149,843	0.95
Negotiable CDs	4,270,902	27.03
U.S. Government money market	867,990	5.49
<i>Amortized Cost:</i>		
STAR Ohio	<u>8,724,770</u>	<u>55.22</u>
Total	<u>\$ 15,801,485</u>	<u>100.00</u>

D. Reconciliation of Cash to the Statement of Net Position

The following is a reconciliation of cash as reported in the note above to cash as reported on the statement of net position as of June 30, 2020:

<u>Cash per note</u>	
Carrying amount of deposits	\$ 1,894,580
Investments	15,801,485
Cash on hand	<u>17,650</u>
Total	<u>\$ 17,713,715</u>
 <u>Cash per statement of net position</u>	
Governmental activities	<u>\$ 17,713,715</u>

**VANDALIA-BUTLER CITY SCHOOL DISTRICT
MONTGOMERY COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020

NOTE 5 - INTERFUND TRANSACTIONS

Due to/from other funds consisted of the following at June 30, 2020, as reported on the fund statement:

<u>Receivable fund</u>	<u>Payable fund</u>	<u>Amount</u>
General fund	Nonmajor governmental funds	<u>\$ 61,177</u>

The primary purpose of the amount due to the general fund from the nonmajor governmental fund was to eliminate negative cash balances. The amount will be repaid once cash is received.

Amounts due to/from between governmental funds are eliminated on the government-wide statements.

NOTE 6 - PROPERTY TAXES

Property taxes are levied and assessed on a calendar year basis while the School District fiscal year runs from July through June. First half tax collections are received by the School District in the second half of the fiscal year. Second half tax distributions occur in the first half of the following fiscal year.

Property taxes include amounts levied against all real property and public utility property. Real property tax revenues received in calendar year 2020 represent the collection of calendar year 2019 taxes. Real property taxes received in calendar year 2020 were levied after April 1, 2019, on the assessed values as of January 1, 2019, the lien date. Assessed values for real property taxes are established by State statute at 35 percent of appraised market value. Real property taxes are payable annually or semiannually. If paid annually, payment is due December 31; if paid semiannually, the first payment is due December 31, with the remainder payable by June 20. Under certain circumstances, State statute permits alternate payment dates to be established. Public utility property tax revenues received in calendar year 2020 represent the collection of calendar year 2019 taxes. Public utility real and personal property taxes received in calendar year 2020 became a lien on December 31, 2018, were levied after April 1, 2019, and are collected with real property taxes. Public utility real property is assessed at 35 percent of true value; public utility tangible personal property is currently assessed at varying percentages of true value.

The School District receives property taxes from Montgomery County. The County Auditor periodically advances to the School District its portion of the taxes collected. Second-half real property tax payments collected by the County by June 30, 2020, are available to finance fiscal year 2020 operations. The amount available as an advance at June 30, 2020 was \$329,285 in the general fund and \$45,008 in the bond retirement fund. This amount is recorded as revenue. The amount available for advance at June 30, 2019 was \$540,003 in the general fund and \$73,483 in the bond retirement fund. The amount of second-half real property taxes available for advance at fiscal year-end can vary based on the date the tax bills are sent.

Accrued property taxes receivable includes real property, public utility property and delinquent tangible personal property taxes which are measurable as of June 30, 2020 and for which there is an enforceable legal claim. Although total property tax collections for the next fiscal year are measurable, only the amount of real property taxes available as an advance at June 30 was levied to finance current fiscal year operations and is reported as revenue at fiscal year-end. The portion of the receivable not levied to finance current fiscal year operations is offset by a credit to deferred inflow of resources.

On the accrual basis of accounting, collectible delinquent property taxes have been recorded as a receivable and revenue, while on a modified accrual basis of accounting the revenue has been reported as a deferred inflow of resources.

MONTGOMERY COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020

NOTE 6 - PROPERTY TAXES - (Continued)

The assessed values upon which the fiscal year 2020 taxes were collected are:

	2019 Second Half Collections		2020 First Half Collections	
	<u>Amount</u>	<u>Percent</u>	<u>Amount</u>	<u>Percent</u>
Agricultural/residential and other real estate	\$ 603,869,970	97.33	\$ 612,067,070	97.18
Public utility personal	<u>16,567,860</u>	<u>2.67</u>	<u>17,742,140</u>	<u>2.82</u>
Total	<u>\$ 620,437,830</u>	<u>100.00</u>	<u>\$ 629,809,210</u>	<u>100.00</u>
Tax rate per \$1,000 of assessed valuation for:				
General	\$56.13		\$56.20	
Bond retirement	5.50		5.50	

NOTE 7 - RECEIVABLES

Receivables at June 30, 2020 consisted of property taxes, payment in lieu of taxes (PILOTs), accounts (billings for user charged services and student fees), accrued interest and intergovernmental grants and entitlements. All receivables are considered collectible in full due to the ability to foreclose for the nonpayment of taxes, the stable condition of State programs and the current year guarantee of federal funds.

A summary of the principal items of receivables reported on the statement of net position follows:

Governmental activities:	
Property taxes	\$ 26,761,443
Payment in lieu of taxes	2,462,931
Accounts	10,732
Accrued interest	17,956
Intergovernmental:	
Ohio School Climate	686
Title VI-B	25,703
Title I	97,394
Title II-A	8,949
Title IV	5,547
State foundation	<u>395</u>
Total	<u>\$ 29,391,736</u>

Receivables have been disaggregated on the face of the basic financial statements. All receivables are expected to be collected within the subsequent year.

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020

NOTE 9 - LONG-TERM OBLIGATIONS - (Continued)

A. Series 2009 General Obligation School Improvement Bonds

General Obligation Bonds were issued March 4, 2009 in the amount of \$25,949,991. The voted general obligation bonds were issued for the purpose of constructing a new middle school, renovations and additions to the high school, replacing the bus garage, and acquiring land. The bond issue included serial and term bonds and capital appreciation bonds in the amounts of \$9,640,000, \$16,120,000 and \$189,991, respectively. During fiscal year 2015, \$16,570,000 in bonds were refunded by the Series 2015 refunding bonds. During fiscal year 2017, \$3,160,000 in bonds were refunded by the Series 2017A refunding bonds. During fiscal year 2018, \$1,590,000 in bonds were refunded by the Series 2017C refunding bonds.

The accreted value at maturity for the capital appreciation bonds was \$1,975,000. At June 30, 2020, there were no further obligations outstanding.

B. Series 2010A General Obligation School Improvement Bonds

General Obligation Bonds were issued February 11, 2010 in the amount of \$23,999,318. The voted general obligation bonds were issued for the purpose of paying in full the bond anticipation notes originally issued for the purpose of construction a new school, improvements, renovations and additions to the existing high school, replacing the existing bus garage, acquiring land and providing equipment, furnishings, and site improvements to school facilities. The bond issue included serial and term bonds and capital appreciation bonds in the amounts of \$11,795,000, \$12,090,000 and \$114,318, respectively. During fiscal year 2016, \$8,330,000 in bonds were refunded by the Series 2016 refunding bonds. During fiscal year 2017, \$5,665,000 in bonds were refunded by the Series 2017B refunding bonds. During fiscal year 2018, \$7,410,000 in bonds were refunded by the Series 2017C refunding bonds.

The accreted value at maturity for the capital appreciation bonds maturing December 1, 2017 and 2018 was \$530,000. At June 30, 2020, there were no further obligations outstanding.

C. Series 2010 B General Obligation School Improvement Bonds

During fiscal year 2011, the School District issued \$999,878 in general obligation bonds to provide financing for various construction projects. The issue is comprised of both current interest bonds, par value \$980,000 and capital appreciation bonds, par value \$19,878. The interest rates on the current interest bonds range from 1.00% - 3.10%. The capital appreciation bonds matured December 1, 2015 (approximate equivalent interest rate 20.00%) at a redemption price equal to 100% of the principal, plus accrued interest to the redemption date. The accreted value at maturity for the capital appreciation bond was \$55,000.

The following is a summary of the future debt service requirements to maturity for the series 2010 B general obligation school improvement bonds:

Fiscal Year Ending June 30,	<u>2010 B School Improvement Bonds</u>		
	<u>Current Interest Bonds</u>		
	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2021	\$ 115,000	\$ 1,783	\$ 116,783
Total	<u>\$ 115,000</u>	<u>\$ 1,783</u>	<u>\$ 116,783</u>

MONTGOMERY COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020

NOTE 9 - LONG-TERM OBLIGATIONS - (Continued)

D. Series 2010 General Obligation Energy Conservation Bonds

During fiscal year 2011, the School District issued \$2,998,120 in general obligation bonds to provide financing for various construction projects to improve energy conservation. The issue is comprised of both current interest bonds, par value \$2,985,000 and capital appreciation bonds, par value \$13,120. The interest rates on the current interest bonds range from 1.50% - 4.00%. The capital appreciation bonds matured December 1, 2014 (approximate equivalent interest rate 20.00%) at a redemption price equal to 100% of the principal, plus accrued interest to the redemption date. The accreted value at maturity for the capital appreciation bond maturing December 1, 2013 was \$30,000. During fiscal year 2018, \$1,365,000 in bonds were refunded by the Series 2017C energy conservation refunding bonds. At June 30, 2020, there were no further obligations outstanding.

E. Series 2011 General Obligation Energy Conservation Bonds

During fiscal year 2012, the School District issued \$999,833 in general obligation bonds to provide financing for various construction projects to improve energy conservation. The issue is comprised of both current interest bonds, par value \$970,000 and capital appreciation bonds, par value \$29,833. The interest rates on the current interest bonds range from 2.00% - 3.50%. The capital appreciation bonds matured December 1, 2017 (approximate equivalent interest rate 13.50%) at a redemption price equal to 100% of the principal, plus accrued interest to the redemption date. The accreted value at maturity for the capital appreciation bond maturing December 1, 2017 was \$65,000.

The following is a summary of the future debt service requirements to maturity for the series 2011 general obligation energy conservation bonds:

Fiscal Year Ending	<u>2011 Energy Conservation Bonds</u>		
	<u>Current Interest Bonds</u>		
	<u>June 30,</u>	<u>Principal</u>	<u>Interest</u>
2021	\$ 70,000	\$ 15,975	\$ 85,975
2022	70,000	14,050	84,050
2023	75,000	12,056	87,056
2024	75,000	9,713	84,713
2025	75,000	7,088	82,088
2026 - 2027	<u>165,000</u>	<u>5,861</u>	<u>170,861</u>
Total	<u>\$ 530,000</u>	<u>\$ 64,743</u>	<u>\$ 594,743</u>

F. Series 2014 Refunding Bonds

During fiscal year 2015, the School District issued \$8,094,987 in general obligation bonds to refund \$8,095,000 of the Series 2009 General Obligation School Improvement Bonds. The issuance proceeds were used to purchase securities which were placed in an irrevocable trust to provide resources for all future debt service payments on the refunded debt. This refunded debt is considered defeased (in-substance) and accordingly, has been removed from the statement of net position. The balance of the refunded bonds outstanding at June 30, 2020 was \$8,095,000.

**VANDALIA-BUTLER CITY SCHOOL DISTRICT
MONTGOMERY COUNTY, OHIO**

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

NOTE 9 - LONG-TERM OBLIGATIONS - (Continued)

The issue is comprised of both current interest bonds, par value \$7,945,000 and capital appreciation bonds, par value \$149,987. The interest rates on the current interest bonds range from 3.50% - 4.00%. The remaining capital appreciation bonds mature December 1, 2020 through December 1, 2033 (approximate equivalent interest rate 66.23436%) at a redemption price equal to 100% of the principal, plus accrued interest to the redemption date. The accreted value at maturity for the capital appreciation bonds maturing December 1, 2016 through December 1, 2024 are \$100,000 each and the capital appreciation bonds maturing December 1, 2033 is \$875,000. Total accreted interest of \$155,477 has been included on the statement of net position.

The reacquisition price exceeded the net carrying amount of the old debt by \$1,096,387. This amount is being netted against the new debt and amortized over the remaining life of the refunding debt, which has a final maturity date of December 1, 2037. This advance refunding was undertaken to reduce the combined total debt service payments by \$578,414 and resulted in an economic gain of \$338,792.

The following is a summary of the future debt service requirements to maturity for the series 2014 refunding bonds:

Fiscal Year Ending June 30,	<u>2014 Refunding Bonds</u>					
	<u>Current Interest Bonds</u>			<u>Capital Appreciation Bonds</u>		
	<u>Principal</u>	<u>Interest</u>	<u>Total</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>

G. Series 2015 Refunding Bonds

During fiscal year 2015, the School District issued \$8,474,996 in general obligation bonds to refund \$8,475,000 of the Series 2009 General Obligation School Improvement Bonds. The issuance proceeds were used to purchase securities which were placed in an irrevocable trust to provide resources for all future debt service payments on the refunded debt. This refunded debt is considered defeased (in-substance) and accordingly, has been removed from the statement of net position. The balance of the refunded bonds outstanding at June 30, 2020 was \$8,475,000.

The issue is comprised of both current interest bonds, par value \$8,410,000 and capital appreciation bonds, par value \$64,996. The interest rates on the current interest bonds range from 3.00% - 4.00%. The remaining capital appreciation bonds mature December 1, 2020 through December 1, 2025 (approximate equivalent interest rate 112.41653%) at a redemption price equal to 100% of the principal, plus accrued interest to the redemption date. The accreted value at maturity for the capital appreciation bond maturing December 1, 2016 through December 1, 2025 vary from \$60,000 to \$420,000. Total accreted interest of \$72,081 has been included on the statement of net position.

The reacquisition price exceeded the net carrying amount of the old debt by \$1,150,467. This amount is being netted against the new debt and amortized over the remaining life of the refunding debt, which has a final maturity date of December 1, 2032. This advance refunding was undertaken to reduce the combined total debt service payments by \$497,993 and resulted in an economic gain of \$413,663.

H. Series 2016 Refunding Bonds

During fiscal year 2016, the School District issued \$8,329,988 in general obligation bonds to refund \$8,330,000 of the Series 2010A General Obligation School Improvement Bonds. The issuance proceeds were used to purchase securities which were placed in an irrevocable trust to provide resources for all future debt service payments on the refunded debt. This refunded debt is considered defeased (in-substance) and accordingly, has been removed from the statement of net position. The balance of the refunded bonds outstanding at June 30, 2020 was \$8,330,000.

The issue is comprised of both current interest bonds, par value \$8,170,000 and capital appreciation bonds, par value \$1,159,988. The interest rates on the current interest bonds range from 0.90% - 4.00%. The remaining capital appreciation bonds mature December 1, 2020 through December 1, 2020 and December 1, 2034 through December 1, 2035 (approximate equivalent interest rate 64.74509%) at a redemption price equal to 100% of the principal, plus accrued interest to the redemption date. The accreted value at maturity for the capital appreciation bond maturing December 1, 2015 through December 1, 2035 vary from \$65,000 to \$995,000. Total accreted interest of \$44,777 has been included on the statement of net position.

The reacquisition price exceeded the net carrying amount of the old debt by \$1,391,361. This amount is being netted against the new debt and amortized over the remaining life of the refunding debt, which has a final maturity date of December 1, 2038. This advance refunding was undertaken to reduce the combined total debt service payments by \$771,878 and resulted in an economic gain of \$544,457.

I. Series 2017A Refunding Bonds

During fiscal year 2017, the School District issued \$3,157,875 in general obligation bonds to refund \$3,160,000 of the Series 2009 General Obligation School Improvement Bonds. The issuance proceeds were used to purchase securities which were placed in an irrevocable trust to provide resources for all future debt service payments on the refunded debt. This refunded debt is considered defeased (in-substance) and accordingly, has been removed from the statement of net position. The balance of the refunded bonds outstanding at June 30, 2020 was \$3,160,000.

The issue is comprised of both current interest bonds, par value \$3,020,000 and capital appreciation bonds, par value \$137,875. The interest rates on the current interest bonds range from 2.00% - 3.50%. The capital appreciation bonds mature December 1, 2025 (approximate equivalent interest rate 15.25%) at a redemption price equal to 100% of the principal, plus accrued interest to the redemption date. The accreted value at maturity for the capital appreciation bond maturing December 1, 2025 is \$505,000. Total accreted interest of \$87,158 has been included on the statement of net position.

The reacquisition price exceeded the net carrying amount of the old debt by \$136,156. This amount is being netted against the new debt and amortized over the remaining life of the refunding debt, which has a final maturity date of December 1, 2024. This advance refunding was undertaken to reduce the combined total debt service payments by \$241,471 and resulted in an economic gain of \$219,713.

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020

NOTE 9 - LONG-TERM OBLIGATIONS - (Continued)

J. Series 2017B Refunding Bonds

During fiscal year 2017, the School District issued \$5,663,974 in general obligation bonds to refund \$5,665,000 of the Series 2010A General Obligation School Improvement Bonds. The issuance proceeds were used to purchase securities which were placed in an irrevocable trust to provide resources for all future debt service payments on the refunded debt. This refunded debt is considered defeased (in-substance) and accordingly, has been removed from the statement of net position. The balance of the refunded bonds outstanding at June 30, 2020 was \$5,665,000.

The issue is comprised of both current interest bonds, par value \$5,450,000 and capital appreciation bonds, par value \$213,974. The interest rates on the current interest bonds range from 1.00% - 3.10%. The capital appreciation bonds mature December 1, 2025 and December 1, 2029 (approximate equivalent interest rate 15.25% and 12.25%, respectively) at a redemption price equal to 100% of the principal, plus accrued interest to the redemption date. The accreted value at maturity for the capital appreciation bond maturing December 1, 2025 and December 1, 2029 are \$55,000 to \$915,000, respectively. Total accreted interest of \$106,254 has been included on the statement of net position.

The reacquisition price exceeded the net carrying amount of the old debt by \$430,706. This amount is being netted against the new debt and amortized over the remaining life of the refunding debt, which has a final maturity date of December 1, 2034. This advance refunding was undertaken to reduce the combined total debt service payments by \$280,045 and resulted in an economic gain of \$221,363.

The following is a summary of the future debt service requirements to maturity for the series 2017B refunding bonds:

Fiscal Year Ending	2017B Refunding Bonds					
	Current Interest Bonds			Capital Appreciation Bonds

K. Series 2017C Energy Conservation Refunding Bonds

During fiscal year 2018, the School District issued \$1,360,000 in general obligation bonds to refund \$1,365,000 of the Series 2010 Energy Conservation Bonds. The issuance proceeds were used to purchase securities which were placed in an irrevocable trust to provide resources for all future debt service payments on the refunded debt. This refunded debt is considered defeased (in-substance) and accordingly, has been removed from the statement of net position. The balance of the refunded bonds outstanding at June 30, 2020 was \$1,365,000.

The issue is comprised of current interest bonds, par value \$1,365,000. The interest rates on the current interest bonds range from 2.00% - 4.00%. Interest payments on the current interest bonds are due on June 1 and December 1 of each year. The final maturity stated in the issue is December 1, 2025.

The reacquisition price exceeded the net carrying amount of the old debt by \$48,613. This amount is being netted against the new debt and amortized over the remaining life of the refunding debt, which has a final maturity date of December 1, 2025. This advance refunding was undertaken to reduce the combined total debt service payments by \$44,275 and resulted in an economic gain of \$43,773.

L. Series 2017C Refunding Bonds

During fiscal year 2018, the School District issued \$8,800,000 in general obligation bonds to refund \$1,590,000 of the Series 2009 General Obligation School Improvement Bonds and \$7,410,000 of the Series 2010A General Obligation School Improvement Bonds. The issuance proceeds were used to purchase securities which were placed in an irrevocable trust to provide resources for all future debt service payments on the refunded debt. This refunded debt is considered defeased (in-substance) and accordingly, has been removed from the statement of net position. The balance of the refunded bonds outstanding at June 30, 2020 was \$9,000,000.

The issue is comprised of current interest bonds, par value \$8,800,000. The interest rates on the current interest bonds range from 2.00% - 4.00%. Interest payments on the current interest bonds are due on June 1 and December 1 of each year. The final maturity stated in the issue is December 1, 2029.

The reacquisition price exceeded the net carrying amount of the old debt by \$177,870. This amount is being netted against the new debt and amortized over the remaining life of the refunding debt, which has a final maturity date of December 1, 2029. This advance refunding was undertaken to reduce the combined total debt service payments by \$470,825 and resulted in an economic gain of \$416,431.

The following is a summary of the future debt service requirements to maturity for the series 2017C refunding bonds:

Total	<u>\$ 8,800,000</u>	<u>\$ 1,391,100</u>	<u>\$ 10,191,100</u>

**VANDALIA-BUTLER CITY SCHOOL DISTRICT
MONTGOMERY COUNTY, OHIO**

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

NOTE 9 - LONG-TERM OBLIGATIONS - (Continued)

M. Legal Debt Margin

The Ohio Revised Code provides that voted net general obligation debt of the School District shall never exceed 9% of the total assessed valuation of the School District. The code further provides that unvoted indebtedness shall not exceed 1/10 of 1% of the property valuation of the School District. The code additionally states that unvoted indebtedness related to energy conservation debt shall not exceed 9/10 of 1% of the property valuation of the School District. The assessed valuation used in determining the School District's legal debt margin has been modified by House Bill 530 which became effective March 30, 2006. In accordance with House Bill 530, the assessed valuation used in the School District's legal debt margin calculation excluded tangible personal property used in business, telephone or telegraph property, interexchange telecommunications company property and personal property owned or leased by a railroad company and used in railroad operations. The effects of these debt limitations at June 30, 2020 are a voted debt margin of \$18,329,609, including available funds of \$3,576,195 an unvoted debt margin of \$629,809 and an energy conservation debt margin of \$3,778,283.

NOTE 10 - EMPLOYEE BENEFITS

A. Compensated Absences

The criteria for determining vacation and sick leave components are derived from negotiated agreements and State laws. Classified employees earn ten to twenty days of vacation per year, depending upon length of service. Employees on an 11 or 12 month basis shall accrue vacation at a rate of 84/100 of a day per month of complete service. After 7 years of service, the vacation rate shall increase to a rate of 1 ¼ days per month for employees on a 12 month basis. After 13 years of service, the vacation rate shall increase to 1 2/3 days per month for employees on a 12 month basis. Accumulated unused vacation time is paid to classified employees upon termination of employment. Teachers and administrators who are not on an 11 or 12 month contract do not earn vacation time.

Teachers, administrators and classified employees earn sick leave at the rate of one and one-fourth days per month with a maximum as follows:

- Certified employees: the greater of 270 days or 5 more days than scheduled to work in the school year
- Classified employees: the greater of 220 days or 5 more days than scheduled to work in the school year

Upon retirement, payment is made for one-fourth of the total sick leave accumulation, up to a maximum accumulation of 61 paid days for certified employees. If a certified employee notifies the School District by March 1st of the year in which he or she terminates employment, then a maximum of 68 days may be paid. Classified employees receive twenty-five percent of accrued sick with no maximum paid days.

B. Insurance Benefits

Since fiscal year 2018 medical insurance plan year, "premium costs" has been clarified to be relevant to both insurance premiums and HSA deductible contributions. Additionally, the 85% Board paid and 15% employee paid monthly premium copays will be applied to premium costs. Furthermore, the long standing practice of a 3% maximum annual increase to the Board for insurance premium renewals has been eliminated. Both the Board and participating employees will share in the renewal increase by the same percentages outlined above, 85% Board, 15% Employee. Consequently, this is a projected increase for 2020 to the Board of approximately \$660,000.

**VANDALIA-BUTLER CITY SCHOOL DISTRICT
MONTGOMERY COUNTY, OHIO**

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

NOTE 11 - RISK MANAGEMENT

The School District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees and natural disasters. For fiscal year 2020, the School District continues to be contracted with Selective Insurance Company for general liability insurance with a \$1,000,000 single occurrence limit and \$3,000,000 aggregate. Selective Insurance Company covers buildings, boiler and machinery with \$3,500 deductible and a \$100,000,000 limit.

Professional liability is protected by Selective Insurance Company with a \$1,000,000 single occurrence limit and \$3,000,000 aggregate and \$5,000 deductible. Vehicles are covered by Selective Insurance Company. Automobile liability has a \$1,000,000 per occurrence liability. Settled claims have not exceeded this commercial coverage in any of the past three years. There have been no significant reductions in insurance coverage from the previous year.

For fiscal year 2020, the School District participated in the Southwestern Ohio Educational Purchasing Council Workers' Compensation Group Rating Plan (GRP), an insurance purchasing pool. The intent of the GRP is to achieve the benefit of a reduced premium for the school district by virtue of its grouping and representation with other participants in the GRP. The workers' compensation experience of the participating school districts is calculated as one experience and a common premium rate is applied to all school districts in the GRP. Each participant pays its workers' compensation premium to the State based on the rate for the GRP rather than its individual rate. Total savings are then calculated and each participant's individual performance is compared to the overall savings of the GRP. A participant will then either receive money from or be required to contribute to the "equity pooling fund." This "equity pooling" arrangement ensures that each participant shares equally in the overall performance of the GRP. Participation in the GRP is limited to school districts that can meet the GRP's selection criteria. The firm of Hunter Consulting, provides administrative, cost control and actuarial services to the GRP.

NOTE 12 - DEFINED BENEFIT PENSION PLANS

Net Pension Liability

The net pension liability reported on the statement of net position represents a liability to employees for pensions. Pensions are a component of exchange transactions—between an employer and its employees—of salaries and benefits for employee services. Pensions are provided to an employee—on a deferred-payment basis—as part of the total compensation package offered by an employer for employee services each financial period. The obligation to sacrifice resources for pensions is a present obligation because it was created as a result of employment exchanges that already have occurred.

The net pension liability represents the School District's proportionate share of each pension plan's collective actuarial present value of projected benefit payments attributable to past periods of service, net of each pension plan's fiduciary net position. The net pension liability calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting this estimate annually.

The Ohio Revised Code limits the School District's obligation for this liability to annually required payments. The School District cannot control benefit terms or the manner in which pensions are financed; however, the School District does receive the benefit of employees' services in exchange for compensation including pension.

**VANDALIA-BUTLER CITY SCHOOL DISTRICT
MONTGOMERY COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020

NOTE 12 - DEFINED BENEFIT PENSION PLANS - (Continued)

GASB 68 assumes the liability is solely the obligation of the employer, because (1) they benefit from employee services; and (2) State statute requires all funding to come from these employers. All contributions to date have come solely from these employers (which also includes costs paid in the form of withholdings from employees). State statute requires the pension plans to amortize unfunded liabilities within 30 years. If the amortization period exceeds 30 years, each pension plan’s board must propose corrective action to the State legislature. Any resulting legislative change to benefits or funding could significantly affect the net pension liability. Resulting adjustments to the net pension liability would be effective when the changes are legally enforceable.

The proportionate share of each plan’s unfunded benefits is presented as a long-term *net pension liability* on the accrual basis of accounting. Any liability for the contractually-required pension contribution outstanding at the end of the year is included in pension and postemployment benefits payable on both the accrual and modified accrual bases of accounting.

Plan Description - School Employees Retirement System (SERS)

Plan Description - The School District non-teaching employees participate in SERS, a cost-sharing multiple-employer defined benefit pension plan administered by SERS. SERS provides retirement, disability and survivor benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Ohio Revised Code Chapter 3309. SERS issues a publicly available, stand-alone financial report that includes financial statements, required supplementary information and detailed information about SERS’ fiduciary net position. That report can be obtained by visiting the SERS website at www.ohsers.org under Employers/Audit Resources.

Age and service requirements for retirement are as follows:

	Eligible to Retire on or before August 1, 2017 *	Eligible to Retire after August 1, 2017
Full benefits	Age 65 with 5 years of services credit; or Any age with 30 years of service credit	Age 67 with 10 years of service credit; or Age 57 with 30 years of service credit
Actuarially reduced benefits	Age 60 with 5 years of service credit; or Age 55 with 25 years of service credit	Age 62 with 10 years of service credit; or Age 60 with 25 years of service credit

* Members with 25 years of service credit as of August 1, 2017 will be included in this plan.

Annual retirement benefits are calculated based on final average salary multiplied by a percentage that varies based on years of service; 2.2% for the first thirty years of service and 2.5% for years of service credit over 30. Final average salary is the average of the highest three years of salary.

Effective January 1, 2018, SERS cost-of-living adjustment (COLA) changed from a fixed 3% annual increase to one based on the Consumer Price Index (CPI-W) with a cap of 2.5% and a floor of 0%. SERS also has the authority to award or suspend the COLA, or to adjust the COLA above or below CPI-W. SERS suspended the COLA increases for 2018, 2019 and 2020 for current retirees, and confirmed their intent to implement a four-year waiting period for the state of a COLA for future retirees.

Funding Policy - Plan members are required to contribute 10% of their annual covered salary and the School District is required to contribute 14% of annual covered payroll. The contribution requirements of plan members and employers are established and may be amended by the SERS’ Retirement Board up to statutory maximum amounts of 10% for plan members and 14% for employers. The Retirement Board, acting with the advice of the actuary, allocates the employer contribution rate among four of the System’s funds (Pension Trust Fund, Death Benefit Fund, Medicare B Fund, and Health Care Fund). For the fiscal year ended June 30, 2020, the allocation to pension, death benefits, and Medicare B was 14.0%.

**VANDALIA-BUTLER CITY SCHOOL DISTRICT
MONTGOMERY COUNTY, OHIO**

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

NOTE 12 - DEFINED BENEFIT PENSION PLANS - (Continued)

The School District's contractually required contribution to SERS was \$750,483 for fiscal year 2020. Of this amount, \$128,295 is reported as pension and postemployment benefits payable.

Plan Description - State Teachers Retirement System (STRS)

Plan Description - Licensed teachers participate in STRS Ohio, a cost-sharing multiple-employer public employee retirement system administered by STRS. STRS provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS issues a stand-alone financial report that includes financial statements, required supplementary information and detailed information about STRS' fiduciary net position. That report can be obtained by writing to STRS, 275 E. Broad St., Columbus, OH 43215-3771, by calling (888) 227-7877, or by visiting the STRS website at www.strsoh.org.

New members have a choice of three retirement plans; a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan and a Combined Plan. Benefits are established by Ohio Revised Code Chapter 3307. The DB Plan offers an annual retirement allowance based on final average salary multiplied by a percentage that varies based on years of service. Effective August 1, 2015, the calculation will be 2.2% of final average salary for the five highest years of earnings multiplied by all years of service. Effective July 1, 2017, the cost-of-living adjustment was reduced to zero. Members are eligible to retire at age 60 with five years of qualifying service credit, or age 55 with 28 years of service, or 33 years of service regardless of age. Eligibility changes will be phased in until August 1, 2026, when retirement eligibility for unreduced benefits will be five years of service credit and age 65, or 35 years of service credit and at least age 60.

The DC Plan allows members to place all their member contributions and 9.53% of the 14% employer contributions into an investment account. Investment allocation decisions are determined by the member. The remaining 4.47% of the 14% employer rate is allocated to the defined benefit unfunded liability. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal.

The Combined Plan offers features of both the DB Plan and the DC Plan. In the Combined Plan, 12% of the 14% member rate goes to the DC Plan and the remaining 2% is applied to the DB Plan. Member contributions to the DC Plan are allocated among investment choices by the member, and contributions to the DB Plan from the employer and the member are used to fund the defined benefit payment at a reduced level from the regular DB Plan. The defined benefit portion of the Combined Plan payment is payable to a member on or after age 60 with five years of service. The defined contribution portion of the account may be taken as a lump sum payment or converted to a lifetime monthly annuity after termination of employment at age 50 or later.

New members who choose the DC Plan or Combined Plan will have another opportunity to reselect a permanent plan during their fifth year of membership. Members may remain in the same plan or transfer to another STRS plan. The optional annuitization of a member's defined contribution account or the defined contribution portion of a member's Combined Plan account to a lifetime benefit results in STRS bearing the risk of investment gain or loss on the account. STRS has therefore included all three plan options as one defined benefit plan for GASB 68 reporting purposes.

A DB or Combined Plan member with five or more years of credited service who is determined to be disabled may qualify for a disability benefit. Eligible survivors of members who die before service retirement may qualify for monthly benefits. New members on or after July 1, 2013, must have at least ten years of qualifying service credit to apply for disability benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member of the DC Plan dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

MONTGOMERY COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020

NOTE 12 - DEFINED BENEFIT PENSION PLANS - (Continued)

Funding Policy - Employer and member contribution rates are established by the State Teachers Retirement Board and limited by Chapter 3307 of the Ohio Revised Code. For fiscal year 2020, plan members were required to contribute 14% of their annual covered salary. The School District was required to contribute 14%; the entire 14% was the portion used to fund pension obligations. The fiscal year 2020 contribution rates were equal to the statutory maximum rates.

The School District's contractually required contribution to STRS was \$2,208,949 for fiscal year 2020. Of this amount, \$370,316 is reported as pension and postemployment benefits payable.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

The net pension liability was measured as of June 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The School District's proportion of the net pension liability was based on the School District's share of contributions to the pension plan relative to the projected contributions of all participating entities.

Following is information related to the proportionate share and pension expense:

	<u>SERS</u>	<u>STRS</u>	<u>Total</u>
Proportion of the net pension liability prior measurement date	0.12744220%	0.12331450%	
Proportion of the net pension liability current measurement date	<u>0.13798310%</u>	<u>0.12757427%</u>	
Change in proportionate share	<u>0.01054090%</u>	<u>0.00425977%</u>	
Proportionate share of the net pension liability	\$ 8,255,771	\$ 28,212,283	\$ 36,468,054
Pension expense	\$ 1,353,242	\$ 4,044,730	\$ 5,397,972

At June 30, 2020, the School District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>SERS</u>	<u>STRS</u>	<u>Total</u>
Deferred outflows of resources			
Differences between expected and actual experience	\$ 209,348	\$ 229,697	\$ 439,045
Changes of assumptions	-	3,314,077	3,314,077
Difference between employer contributions and proportionate share of contributions/change in proportionate share	346,040	1,118,300	1,464,340
Contributions subsequent to the measurement date	<u>750,483</u>	<u>2,208,949</u>	<u>2,959,432</u>
Total deferred outflows of resources	<u>\$ 1,305,871</u>	<u>\$ 6,871,023</u>	<u>\$ 8,176,894</u>

**VANDALIA-BUTLER CITY SCHOOL DISTRICT
MONTGOMERY COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020

NOTE 12 - DEFINED BENEFIT PENSION PLANS - (Continued)

	<u>SERS</u>	<u>STRS</u>	<u>Total</u>
Deferred inflows of resources			
Differences between expected and actual experience	\$ -	\$ 122,125	\$ 122,125
Net difference between projected and actual earnings on pension plan investments	105,970	1,378,862	1,484,832
Difference between employer contributions and proportionate share of contributions/ change in proportionate share	<u>77,992</u>	<u>45,796</u>	<u>123,788</u>
Total deferred inflows of resources	<u>\$ 183,962</u>	<u>\$ 1,546,783</u>	<u>\$ 1,730,745</u>

\$2,959,432 reported as deferred outflows of resources related to pension resulting from School District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2021.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized in pension expense as follows:

	<u>SERS</u>	<u>STRS</u>	<u>Total</u>
Fiscal Year Ending June 30:			
2021	\$ 387,415	\$ 2,021,702	\$ 2,409,117
2022	(69,036)	660,731	591,695
2023	(7,052)	112,252	105,200
2024	<u>60,099</u>	<u>320,606</u>	<u>380,705</u>
Total	<u>\$ 371,426</u>	<u>\$ 3,115,291</u>	<u>\$ 3,486,717</u>

Actuarial Assumptions - SERS

SERS' total pension liability was determined by their actuaries in accordance with GASB Statement No. 67, as part of their annual actuarial valuation for each defined benefit retirement plan. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts (e.g., salaries, credited service) and assumptions about the probability of occurrence of events far into the future (e.g., mortality, disabilities, retirements, employment termination). Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employers and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations.

Actuarial calculations reflect a long-term perspective. For a newly hired employee, actuarial calculations will take into account the employee's entire career with the employer and also take into consideration the benefits, if any, paid to the employee after termination of employment until the death of the employee and any applicable contingent annuitant. In many cases actuarial calculations reflect several decades of service with the employer and the payment of benefits after termination.

**VANDALIA-BUTLER CITY SCHOOL DISTRICT
MONTGOMERY COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020

NOTE 12 - DEFINED BENEFIT PENSION PLANS - (Continued)

Key methods and assumptions used in calculating the total pension liability in the latest actuarial valuation, prepared as of June 30, 2019, are presented below:

Wage inflation	3.00%
Future salary increases, including inflation	3.50% to 18.20%
COLA or ad hoc COLA	2.50%
Investment rate of return	7.50% net of investments expense, including inflation
Actuarial cost method	Entry age normal (level percent of payroll)

For 2019, the mortality rates were based on the RP-2014 Blue Collar Mortality Table with fully generational projection and a five-year age set-back for both males and females. Mortality among service retired members, and beneficiaries were based upon the RP-2014 Blue Collar Mortality Table with fully generational projection with Scale BB, 120% of male rates, and 110% of female rates. Mortality among disabled members was based upon the RP-2000 Disabled Mortality Table, 90% for male rates and 100% for female rates, set back five years is used for the period after disability retirement.

The most recent experience study was completed for the five year period ended June 30, 2015.

The long-term return expectation for the Pension Plan Investments has been determined using a building-block approach and assumes a time horizon, as defined in SERS' *Statement of Investment Policy*. A forecasted rate of inflation serves as the baseline for the return expectation. Various real return premiums over the baseline inflation rate have been established for each asset class. The long-term expected nominal rate of return has been determined by calculating a weighted average of the expected real return premiums for each asset class, adding the projected inflation rate, and adding the expected return from rebalancing uncorrelated asset classes.

The target allocation and best estimates of arithmetic real rates of return for each major assets class are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Cash	1.00 %	0.50 %
US Equity	22.50	4.75
International Equity	22.50	7.00
Fixed Income	19.00	1.50
Private Equity	10.00	8.00
Real Assets	15.00	5.00
Multi-Asset Strategies	10.00	3.00
Total	<u>100.00 %</u>	

Discount Rate - The total pension liability was calculated using the discount rate of 7.50%. The projection of cash flows used to determine the discount rate assumed the contributions from employers and from the members would be computed based on contribution requirements as stipulated by State statute. Projected inflows from investment earning were calculated using the long-term assumed investment rate of return (7.50%). Based on those assumptions, the plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefits to determine the total pension liability.

**VANDALIA-BUTLER CITY SCHOOL DISTRICT
MONTGOMERY COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020

NOTE 12 - DEFINED BENEFIT PENSION PLANS - (Continued)

Sensitivity of the School District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate - Net pension liability is sensitive to changes in the discount rate, and to illustrate the potential impact the following table presents the net pension liability calculated using the discount rate of 7.50%, as well as what each plan's net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.50%), or one percentage point higher (8.50%) than the current rate.

	1% Decrease	Current Discount Rate	1% Increase
School District's proportionate share of the net pension liability	\$ 11,569,286	\$ 8,255,771	\$ 5,476,973

Actuarial Assumptions - STRS

Key methods and assumptions used in the latest actuarial valuation, reflecting experience study results used in the July 1, 2019, actuarial valuation are presented below:

	July 1, 2019
Inflation	2.50%
Projected salary increases	12.50% at age 20 to 2.50% at age 65
Investment rate of return	7.45%, net of investment expenses, including inflation
Payroll increases	3.00%
Cost-of-living adjustments (COLA)	0.00%

For the July 1, 2019, actuarial valuation, post-retirement mortality rates for healthy retirees are based on the RP-2014 Annuitant Mortality Table with 50% of rates through age 69, 70% of rates between ages 70 and 79, 90% of rates between ages 80 and 84, and 100% of rates thereafter, projected forward generationally using mortality improvement scale MP-2016. Post-retirement disabled mortality rates are based on the RP-2014 Disabled Mortality Table with 90% of rates for males and 100% of rates for females, projected forward generationally using mortality improvement scale MP-2016. Pre-retirement mortality rates are based on RP-2014 Employee Mortality Table, projected forward generationally using mortality improvement scale MP-2016.

Actuarial assumptions used in the July 1, 2019 valuation are based on the results of an actuarial experience study for the period July 1, 2011 through June 30, 2016.

**VANDALIA-BUTLER CITY SCHOOL DISTRICT
MONTGOMERY COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020

NOTE 12 - DEFINED BENEFIT PENSION PLANS - (Continued)

STRS Ohio's investment consultant develops an estimate range for the investment return assumption based on the target allocation adopted by the Retirement Board. The target allocation and long-term expected rate of return for each major asset class are summarized as follows:

<u>Asset Class</u>	<u>Target Allocation*</u>	<u>Long-Term Expected Real Rate of Return **</u>
Domestic Equity	28.00 %	7.35 %
International Equity	23.00	7.55
Alternatives	17.00	7.09
Fixed Income	21.00	3.00
Real Estate	10.00	6.00
Liquidity Reserves	1.00	2.25
Total	<u>100.00 %</u>	

*Target weights will be phased in over a 24-month period concluding on July 1, 2019.

**10-Year geometric nominal returns, which include the real rate of return and inflation of 2.25% and does not include investment expenses. Over a 30-year period, STRS' investment consultant indicates that the above target allocations should generate a return above the actuarial rate of return, without net value added by management.

Discount Rate - The discount rate used to measure the total pension liability was 7.45% as of June 30, 2019. The projection of cash flows used to determine the discount rate assumes member and employer contributions will be made at the statutory contribution rates in accordance with rate increases described above. For this purpose, only employer contributions that are intended to fund benefits of current plan members and their beneficiaries are included. Projected employer contributions that are intended to fund the service costs of future plan members and their beneficiaries, as well as projected contributions from future plan members, are not included. Based on those assumptions, STRS' fiduciary net position was projected to be available to make all projected future benefit payments to current plan members as of June 30, 2019. Therefore, the long-term expected rate of return on pension plan investments of 7.45% was applied to all periods of projected benefit payment to determine the total pension liability as of June 30, 2019.

Sensitivity of the School District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate - The following table presents the School District's proportionate share of the net pension liability calculated using the current period discount rate assumption of 7.45%, as well as what the School District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one-percentage-point lower (6.45%) or one-percentage-point higher (8.45%) than the current rate:

	<u>1% Decrease</u>	<u>Current Discount Rate</u>	<u>1% Increase</u>
School District's proportionate share of the net pension liability	\$ 41,229,109	\$ 28,212,283	\$ 17,192,873

**VANDALIA-BUTLER CITY SCHOOL DISTRICT
MONTGOMERY COUNTY, OHIO**

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

NOTE 13 - DEFINED BENEFIT OPEB PLANS

Net OPEB Liability/Asset

The net OPEB liability/asset reported on the statement of net position represents a liability/asset to employees for OPEB. OPEB is a component of exchange transactions—between an employer and its employees—of salaries and benefits for employee services. OPEB are provided to an employee—on a deferred-payment basis—as part of the total compensation package offered by an employer for employee services each financial period. The obligation to sacrifice resources for OPEB is a present obligation because it was created as a result of employment exchanges that already have occurred.

The net OPEB liability/asset represents the School District's proportionate share of each OPEB plan's collective actuarial present value of projected benefit payments attributable to past periods of service, net of each OPEB plan's fiduciary net position. The net OPEB liability/asset calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting these estimates annually.

The Ohio Revised Code limits the School District's obligation for this liability to annually required payments. The School District cannot control benefit terms or the manner in which OPEB are financed; however, the School District does receive the benefit of employees' services in exchange for compensation including OPEB.

GASB 75 assumes the liability is solely the obligation of the employer, because they benefit from employee services. OPEB contributions come from these employers and health care plan enrollees which pay a portion of the health care costs in the form of a monthly premium. The Ohio Revised Code permits, but does not require, the retirement systems to provide healthcare to eligible benefit recipients. Any change to benefits or funding could significantly affect the net OPEB liability/asset. Resulting adjustments to the net OPEB liability/asset would be effective when the changes are legally enforceable. The retirement systems may allocate a portion of the employer contributions to provide for these OPEB benefits.

The proportionate share of each plan's unfunded/funded benefits is presented as a long-term *net OPEB liability* or *net OPEB asset* on the accrual basis of accounting. Any liability for the contractually-required OPEB contribution outstanding at the end of the year is included in pension and postemployment benefits payable on both the accrual and modified accrual bases of accounting.

Plan Description - School Employees Retirement System (SERS)

Health Care Plan Description - The School District contributes to the SERS Health Care Fund, administered by SERS for non-certificated retirees and their beneficiaries. For GASB 75 purposes, this plan is considered a cost-sharing other postemployment benefit (OPEB) plan. SERS' Health Care Plan provides healthcare benefits to eligible individuals receiving retirement, disability, and survivor benefits, and to their eligible dependents. Members who retire after June 1, 1986, need 10 years of service credit, exclusive of most types of purchased credit, to qualify to participate in SERS' health care coverage. In addition to age and service retirees, disability benefit recipients and beneficiaries who are receiving monthly benefits due to the death of a member or retiree, are eligible for SERS' health care coverage. Most retirees and dependents choosing SERS' health care coverage are over the age of 65 and therefore enrolled in a fully insured Medicare Advantage plan; however, SERS maintains a traditional, self-insured preferred provider organization for its non-Medicare retiree population. For both groups, SERS offers a self-insured prescription drug program. Health care is a benefit that is permitted, not mandated, by statute. The financial report of the Plan is included in the SERS Comprehensive Annual Financial Report which can be obtained on SERS' website at www.ohsers.org under Employers/Audit Resources.

**VANDALIA-BUTLER CITY SCHOOL DISTRICT
MONTGOMERY COUNTY, OHIO**

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

NOTE 13 - DEFINED BENEFIT OPEB PLANS - (Continued)

Access to health care for retirees and beneficiaries is permitted in accordance with Section 3309 of the Ohio Revised Code. The Health Care Fund was established and is administered in accordance with Internal Revenue Code Section 105(e). SERS' Retirement Board reserves the right to change or discontinue any health plan or program. Active employee members do not contribute to the Health Care Plan. The SERS Retirement Board established the rules for the premiums paid by the retirees for health care coverage for themselves and their dependents or for their surviving beneficiaries. Premiums vary depending on the plan selected, qualified years of service, Medicare eligibility, and retirement status.

Funding Policy - State statute permits SERS to fund the health care benefits through employer contributions. Each year, after the allocation for statutorily required pensions and benefits, the Retirement Board may allocate the remainder of the employer contribution of 14% of covered payroll to the Health Care Fund in accordance with the funding policy. For the fiscal year ended June 30, 2020, SERS did not allocate any employer contributions to post-employment health care. An additional health care surcharge on employers is collected for employees earning less than an actuarially determined minimum compensation amount, prorated if less than a full year of service credit was earned. For fiscal year 2020, this amount was \$19,600. Statutes provide that no employer shall pay a health care surcharge greater than 2% of that employer's SERS-covered payroll; nor may SERS collect in aggregate more than 1.5% of the total statewide SERS-covered payroll for the health care surcharge. For fiscal year 2020, the School District's surcharge obligation was \$90,592.

The surcharge added to the allocated portion of the 14% employer contribution rate is the total amount assigned to the Health Care Fund. The School District's contractually required contribution to SERS was \$90,592 for fiscal year 2020. Of this amount, \$90,592 is reported as pension and postemployment benefits payable.

Plan Description - State Teachers Retirement System (STRS)

Plan Description – The State Teachers Retirement System of Ohio (STRS) administers a cost-sharing Health Plan administered for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS. Ohio law authorizes STRS to offer this plan. Benefits include hospitalization, physicians' fees, prescription drugs and partial reimbursement of monthly Medicare Part B premiums. Medicare Part B premium reimbursements will be discontinued effective January 1, 2021. The Plan is included in the report of STRS which can be obtained by visiting www.strsoh.org or by calling (888) 227-7877.

Funding Policy – Ohio Revised Code Chapter 3307 authorizes STRS to offer the Plan and gives the Retirement Board discretionary authority over how much, if any, of the health care costs will be absorbed by STRS. Active employee members do not contribute to the Health Care Plan. Nearly all health care plan enrollees, for the most recent year, pay a portion of the health care costs in the form of a monthly premium. Under Ohio law, funding for post-employment health care may be deducted from employer contributions, currently 14% of covered payroll. For the fiscal year ended June 30, 2020, STRS did not allocate any employer contributions to post-employment health care.

OPEB Liabilities/Assets, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

The net OPEB liability/asset was measured as of June 30, 2019, and the total OPEB liability/asset used to calculate the net OPEB liability/asset was determined by an actuarial valuation as of that date. The School District's proportion of the net OPEB liability/asset was based on the School District's share of contributions to the respective retirement systems relative to the contributions of all participating entities.

**VANDALIA-BUTLER CITY SCHOOL DISTRICT

Net difference between projected and actual earnings on OPEB plan investments	-	132,707	132,707
Changes of assumptions	198,706	2,316,591	2,515,297
Difference between employer contributions and proportionate share of contributions/ change in proportionate share	<u>112,166</u>	<u>-</u>	<u>112,166</u>
Total deferred inflows of resources	<u>\$ 1,089,894</u>	<u>\$ 2,556,796</u>	<u>\$ 3,646,690</u>

\$90,592 reported as deferred outflows of resources related to OPEB resulting from School District contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability/asset in the year ending June 30, 2021.

**VANDALIA-BUTLER CITY SCHOOL DISTRICT
MONTGOMERY COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020

NOTE 13 - DEFINED BENEFIT OPEB PLANS - (Continued)

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

	SERS	STRS	Total
Fiscal Year Ending June 30:			
2021	\$ (188,856)	\$ (474,665)	\$ (663,521)
2022	(78,142)	(474,665)	(552,807)
2023	(75,645)	(421,479)	(497,124)
2024	(76,048)	(402,824)	(478,872)
2025	(59,307)	(393,228)	(452,535)
Thereafter	(21,857)	10,167	(11,690)
Total	\$ (499,855)	\$ (2,156,694)	\$ (2,656,549)

Actuarial Assumptions - SERS

The total OPEB liability is determined by SERS' actuaries in accordance with GASB Statement No. 74, as part of their annual actuarial valuation for each retirement plan. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts (e.g., salaries, credited service) and assumptions about the probability of occurrence of events far into the future (e.g., mortality, disabilities, retirements, employment terminations). Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employers and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations.

Actuarial calculations reflect a long-term perspective. For a newly hired employee, actuarial calculations will take into account the employee's entire career with the employer and also take into consideration the benefits, if any, paid to the employee after termination of employment until the death of the employee and any applicable contingent annuitant. In many cases, actuarial calculations reflect several decades of service with the employer and the payment of benefits after termination.

**VANDALIA-BUTLER CITY SCHOOL DISTRICT
MONTGOMERY COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020

NOTE 13 - DEFINED BENEFIT OPEB PLANS - (Continued)

Key methods and assumptions used in calculating the total OPEB liability in the latest actuarial valuation date of June 30, 2019 are presented below:

Wage inflation	3.00%
Future salary increases, including inflation	3.50% to 18.20%
Investment rate of return	7.50% net of investments expense, including inflation
Municipal bond index rate:	
Measurement date	3.13%
Prior measurement date	3.62%
Single equivalent interest rate, net of plan investment expense, including price inflation:	
Measurement date	3.22%
Prior measurement date	3.70%
Medical trend assumption:	
Measurement date	
Medicare	5.25 to 4.75%
Pre-Medicare	7.00 to 4.75%
Prior measurement date	
Medicare	5.375 to 4.75%
Pre-Medicare	7.25 to 4.75%

Mortality rates were based on the RP-2014 Blue Collar Mortality Table with fully generational projection and Scale BB, 120% of male rates and 110% of female rates. RP-2000 Disabled Mortality Table with 90% for male rates and 100% for female rates set back five years.

The most recent experience study was completed for the five year period ended June 30, 2015.

The long-term expected rate of return on plan assets is reviewed as part of the actuarial five-year experience study. The most recent study covers fiscal years 2010 through 2015, and was adopted by the Board on April 21, 2016. Several factors are considered in evaluating the long-term rate of return assumption including long-term historical data, estimates inherent in current market data, and a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return were developed by the investment consultant for each major asset class. These ranges were combined to produce the long-term expected rate of return, 7.50%, by weighting the expected future real rates of return by the target asset allocation percentage and then adding expected inflation. The capital market assumptions developed by the investment consultant are intended for use over a 10-year horizon and may not be useful in setting the long-term rate of return for funding pension plans which covers a longer timeframe. The assumption is intended to be a long-term assumption and is not expected to change absent a significant change in the asset allocation, a change in the inflation assumption, or a fundamental change in the market that alters expected returns in future years.

**VANDALIA-BUTLER CITY SCHOOL DISTRICT
MONTGOMERY COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020

NOTE 13 - DEFINED BENEFIT OPEB PLANS - (Continued)

The target asset allocation and best estimates of arithmetic real rates of return for each major asset class, as used in the June 30, 2015 five-year experience study, are summarized as follows:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Cash	1.00 %	0.50 %
US Equity	22.50	4.75
International Equity	22.50	7.00
Fixed Income	19.00	1.50
Private Equity	10.00	8.00
Real Assets	15.00	5.00
Multi-Asset Strategies	10.00	3.00
Total	<u>100.00 %</u>	

Discount Rate - The discount rate used to measure the total OPEB liability at June 30, 2019 was 3.22%. The discount rate used to measure total OPEB liability prior to June 30, 2019 was 3.70%. The projection of cash flows used to determine the discount rate assumed that contributions will be made from members and the System at the state statute contribution rate of 2.00% of projected covered employee payroll each year, which includes a 1.50% payroll surcharge and 0.50% of contributions from the basic benefits plan. Based on these assumptions, the OPEB plan's fiduciary net position was projected to become insufficient to make future benefit payments during the fiscal year ending June 30, 2025. Therefore, the long-term expected rate of return on OPEB plan assets was used to present value the projected benefit payments through the fiscal year ending June 30, 2024 and the Fidelity General Obligation 20-year Municipal Bond Index rate of 3.13%, as of June 30, 2019 (i.e. municipal bond rate), was used to present value the projected benefit payments for the remaining years in the projection. A municipal bond rate of 3.62% was used as of June 30, 2018. The total present value of projected benefit payments from all years was then used to determine the single rate of return that was used as the discount rate. The projection of future benefit payments for all current plan members was until the benefit payments ran out.

Sensitivity of the School District's Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate and Changes in the Health Care Cost Trend Rates - The net OPEB liability is sensitive to changes in the discount rate and the health care cost trend rate. The following table presents the net OPEB liability of SERS, what SERS' net OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower (2.22%) and higher (4.22%) than the current discount rate (3.22%). Also shown is what SERS' net OPEB liability would be based on health care cost trend rates that are 1 percentage point lower (6.00% decreasing to 3.75%) and higher (8.00% decreasing to 5.75%) than the current rate.

	1% Decrease	Current Discount Rate	1% Increase
School District's proportionate share of the net OPEB liability	\$ 4,304,116	\$ 3,545,954	\$ 2,943,127
	1% Decrease	Current Trend Rate	1% Increase
School District's proportionate share of the net OPEB liability	\$ 2,841,027	\$ 3,545,954	\$ 4,481,221

**VANDALIA-BUTLER CITY SCHOOL DISTRICT
MONTGOMERY COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020

NOTE 13 - DEFINED BENEFIT OPEB PLANS - (Continued)

Actuarial Assumptions - STRS

Key methods and assumptions used in the latest actuarial valuation, reflecting experience study results used in the July 1, 2019, actuarial valuation, compared with July 1, 2018, are presented below:

	July 1, 2019		July 1, 2018	
	Initial	Ultimate	Initial	Ultimate
Inflation	2.50%		2.50%	
Projected salary increases	12.50% at age 20 to 2.50% at age 65		12.50% at age 20 to 2.50% at age 65	
Investment rate of return	7.45%, net of investment expenses, including inflation		7.45%, net of investment expenses, including inflation	
Payroll increases	3.00%		3.00%	
Cost-of-living adjustments (COLA)	0.00%		0.00%	
Discounted rate of return	7.45%		7.45%	
Blended discount rate of return	N/A		N/A	
Health care cost trends				
Medical				
Pre-Medicare	5.87%	4.00%	6.00%	4.00%
Medicare	4.93%	4.00%	5.00%	4.00%
Prescription Drug				
Pre-Medicare	7.73%	4.00%	8.00%	4.00%
Medicare	9.62%	4.00%	-5.23%	4.00%

Projections of benefits include the historical pattern of sharing benefit costs between the employers and retired plan members.

For healthy retirees the mortality rates are based on the RP-2014 Annuitant Mortality Table with 50% of rates through age 69, 70% of rates between ages 70 and 79, 90% of rates between ages 80 and 84, and 100% of rates thereafter, projected forward generationally using mortality improvement scale MP-2016. For disabled retirees, mortality rates are based on the RP-2014 Disabled Mortality Table with 90% of rates for males and 100% of rates for females, projected forward generationally using mortality improvement scale MP-2016.

Actuarial assumptions used in the June 30, 2019 valuation are based on the results of an actuarial experience study for the period July 1, 2011 through June 30, 2016.

Assumption Changes Since the Prior Measurement Date - There were no changes in assumptions since the prior measurement date of June 30, 2018.

Benefit Term Changes Since the Prior Measurement Date - There was no change to the claims costs process. Claim curves were trended to the fiscal year ending June 30, 2020 to reflect the current price renewals. The non-Medicare subsidy percentage was increased effective January 1, 2020 from 1.944% to 1.984% per year of service. The non-Medicare frozen subsidy base premium was increased effective January 1, 2020. The Medicare subsidy percentages were adjusted effective January 1, 2021 to 2.1% for the Medicare plan. The Medicare Part B monthly reimbursement elimination date was postponed to January 1, 2021.

**VANDALIA-BUTLER CITY SCHOOL DISTRICT
MONTGOMERY COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020

NOTE 13 - DEFINED BENEFIT OPEB PLANS - (Continued)

STRS' investment consultant develops an estimate range for the investment return assumption based on the target allocation adopted by the Retirement Board. The target allocation and long-term expected rate of return for each major asset class are summarized as follows:

Asset Class	Target Allocation*	Long-Term Expected Real Rate of Return **
Domestic Equity	28.00 %	7.35 %
International Equity	23.00	7.55
Alternatives	17.00	7.09
Fixed Income	21.00	3.00
Real Estate	10.00	6.00
Liquidity Reserves	1.00	2.25
Total	<u>100.00 %</u>	

* Target weights will be phased in over a 24-month period concluding on July 1, 2019.

**10-Year geometric nominal returns, which include the real rate of return and inflation of 2.25% and does not include investment expenses. Over a 30-year period, STRS' investment consultant indicates that the above target allocations should generate a return above the actuarial rate of return, without net value added by management.

Discount Rate - The discount rate used to measure the total OPEB asset was 7.45% as of June 30, 2019. The projection of cash flows used to determine the discount rate assumes STRS Ohio continues to allocate no employer contributions to the health care fund. Based on these assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments to current plan members. Therefore, the long-term expected rate of return on health care plan investments of 7.45% was used to measure the total OPEB asset as of June 30, 2019.

Sensitivity of the School District's Proportionate Share of the Net OPEB Asset to Changes in the Discount and Health Care Cost Trend Rate - The following table represents the net OPEB asset as of June 30, 2019, calculated using the current period discount rate assumption of 7.45%, as well as what the net OPEB asset would be if it were calculated using a discount rate that is one percentage point lower (6.45%) or one percentage point higher (8.45%) than the current assumption. Also shown is the net OPEB asset as if it were calculated using health care cost trend rates that are one percentage point lower or one percentage point higher than the current health care cost trend rates.

	1% Decrease	Current Discount Rate	1% Increase
	School District's proportionate share of the net OPEB asset	\$ 1,802,970	\$ 2,112,936

	1% Decrease	Current Trend Rate	1% Increase
	School District's proportionate share of the net OPEB asset	\$ 2,395,972	\$ 2,112,936

**VANDALIA-BUTLER CITY SCHOOL DISTRICT
MONTGOMERY COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020

NOTE 14 - BUDGETARY BASIS OF ACCOUNTING

While reporting financial position, results of operations, and changes in fund balance on the basis of generally accepted accounting principles (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts and disbursements.

The statement of revenue, expenditures and changes in fund balance - budget and actual (non-GAAP budgetary basis) presented for the general fund is presented on the budgetary basis to provide a meaningful comparison of actual results with the budget. The major differences between the budget basis and the GAAP basis are that:

- (a) Revenues and other financing sources are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis);
- (b) Expenditures and other financing uses are recorded when paid in cash (budget basis) as opposed to when the liability is incurred (GAAP basis);
- (c) In order to determine compliance with Ohio law, and to reserve that portion of the applicable appropriation, total outstanding encumbrances (budget basis) are recorded as the equivalent of an expenditure, as opposed to assigned or committed fund balance for that portion of outstanding encumbrances not already recognized as an account payable (GAAP basis);
- (d) Advances-in and advances-out are operating transactions (budget basis) as opposed to balance sheet transactions (GAAP basis);
- (e) Some funds are included in the general fund (GAAP basis), but have separate legally adopted budgets (budget basis); and,
- (f) Investments are reported at fair value (GAAP basis) rather than at cost (budget basis).

The adjustments necessary to convert the results of operations for the year on the budget basis to the GAAP basis for the general fund is as follows:

Net Change in Fund Balance

	<u>General fund</u>
Budget basis	\$ (1,879,727)
Net adjustment for revenue accruals	(46,529)
Net adjustment for expenditure accruals	335,344
Net adjustment for other sources/uses	(724,447)
Funds budgeted elsewhere	(488,265)
Adjustment for encumbrances	459,803
GAAP basis	<u>\$ (2,343,821)</u>

Certain funds that are legally budgeted in separate special revenue funds are considered part of the general fund on a GAAP basis. This includes the uniform school supplies fund, the public school support fund and the latchkey fund.

**VANDALIA-BUTLER CITY SCHOOL DISTRICT
MONTGOMERY COUNTY, OHIO**

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

NOTE 15 - CONTINGENCIES

A. Grants

The School District receives significant financial assistance from numerous federal, State and local agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the School District. However, in the opinion of management, any such disallowed claims will not have a material effect on the financial position of the School District.

B. Litigation

A lawsuit is pending against the School District. In the opinion of the School District's Legal Counsel, no liability is anticipated in excess of insurance coverage.

C. Foundation Funding

District Foundation funding is based on the annualized full-time equivalent (FTE) enrollment of each student. Effective for the 2019-2020 school year, traditional Districts must comply with minimum hours of instruction, instead of a minimum number of school days each year. The funding formula the Ohio Department of Education (ODE) is legislatively required to follow will continue to adjust as enrollment information is updated by the School District, which can extend past the fiscal year-end. As of the date of this report, ODE has not finalized the impact of enrollment adjustments to the June 30, 2020 Foundation funding for the School District; therefore, the financial statement impact is not determinable at this time. ODE and management believe this will result in either a receivable to or liability of the School District.

NOTE 16 - COVID-19

The United States and the State of Ohio declared a state of emergency in March 2020 due to the COVID-19 pandemic. The financial impact of COVID-19 and the ensuing emergency measures will impact subsequent periods of the School District. The School District's investment portfolio and the investments of the pension and other employee benefit plans are subject to increased market volatility, which could result in a significant decline in fair value, consistent with the general decline in financial markets. However, because the values of individual investments fluctuate with market conditions, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined. In addition, the impact on the School District's future operating costs, revenues, and any recovery from emergency funding, either federal or state, cannot be estimated.

NOTE 17 - SET-ASIDES

The School District is required by State law to annually set-aside certain general fund revenue amounts, as defined by statutory formula, for the acquisition and construction of capital improvements. Amounts not spent by the end of the fiscal year or offset by similarly restricted resources received during the year must be held in cash at fiscal year-end. This amount must be carried forward to be used for the same purpose in future years. Expenditures exceeding the set-aside requirement may not be carried forward to the next fiscal year.

**VANDALIA-BUTLER CITY SCHOOL DISTRICT
MONTGOMERY COUNTY, OHIO**

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

NOTE 17 - SET-ASIDES (continued)

The following cash-basis information describes the change in the fiscal year-end set-aside amount for capital improvements. Disclosure of this information is required by State statute.

	<u>Capital Improvements</u>
Set-aside balance June 30, 2019	\$ -
Current year set-aside requirement	510,834
Contributions in excess of the current fiscal year set-aside requirement	-
Current year qualifying expenditures	-
Excess qualified expenditures from prior years	-
Current year offsets	-
Waiver granted by ODE	-
Prior year offset from bond proceeds	<u>(510,834)</u>
Total	<u>\$ -</u>
Balance carried forward to fiscal year 2021	<u>\$ -</u>
Set-aside balance June 30, 2020	<u>\$ -</u>

During fiscal years 1984, 2009, 2011 and 2012, the School District issued a total of \$60,405,462 in capital related school improvement bonds. These proceeds may be used to reduce capital acquisition below zero for future years. The amount presented for Prior Year Offset from Bond Proceeds is limited to an amount needed to reduce the reserve for capital improvement to \$0. The School District is responsible for tracking the amount of the bond proceeds that may be used as an offset in future periods, which was \$52,518,115 at June 30, 2020.

NOTE 18 - OTHER COMMITMENTS

The School District utilizes encumbrance accounting as part of its budgetary controls. Encumbrances outstanding at year end may be reported as part of restricted, committed, or assigned classifications of fund balance. At year end, the School District's commitments for encumbrances in the governmental funds were as follows:

<u>Fund</u>	<u>Year-End Encumbrances</u>
General fund	\$ 322,822
Other nonmajor governmental funds	<u>7,359</u>
Total	<u>\$ 330,181</u>

NOTE 19 - TAX ABATEMENTS ENTERED INTO BY OTHER GOVERNMENTS

The City of Vandalia and Butler Township provide tax abatements through two programs - Enterprise Zone Agreements and Community Reinvestment Area (CRA) Agreements. Under the agreements, various businesses receive the abatement of property taxes to bring jobs and economic development to the City and Township. The agreement affects the property tax receipts collected and distributed to the School District. Under the agreements, the School District property taxes were reduced by \$1,200,193 during fiscal year 2020.

NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION
FOR THE FISCAL YEAR ENDED JUNE 30, 2020

PENSION

SCHOOL EMPLOYEES RETIREMENT SYSTEM (SERS) OF OHIO

Changes in benefit terms: There were no changes in benefit terms from the amounts reported for fiscal years 2014-2017. For fiscal year 2018, SERS changed from a fixed 3% annual increase to a Cost of Living Adjustment (COLA) based on the changes in the Consumer Price Index (CPI-W), with a cap of 2.5% and a floor of 0%. There were no changes in benefit terms from the amounts previously reported for fiscal years 2019-2020.

Changes in assumptions: There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for fiscal years 2014-2016. For fiscal year 2017, the following changes of assumptions affected the total pension liability since the prior measurement date: (a) the assumed rate of inflation was reduced from 3.25% to 3.00%, (b) payroll growth assumption was reduced from 4.00% to 3.50%, (c) assumed real wage growth was reduced from 0.75% to 0.50%, (d) Rates of withdrawal, retirement and disability were updated to reflect recent experience, (e) mortality among active members was updated to RP-2014 Blue Collar Mortality Table with fully generational projection and a five year age set-back for both males and females, (f) mortality among service retired members, and beneficiaries was updated to the following RP-2014 Blue Collar Mortality Table with fully generational projection with Scale BB, 120% of male rates, and 110% of female rates, (g) mortality among disabled members was updated to RP-2000 Disabled Mortality Table, 90% for male rates and 100% for female rates, set back five years is used for the period after disability retirement and (h) the discount rate was reduced from 7.75% to 7.50%. There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for fiscal years 2018-2020.

STATE TEACHERS RETIREMENT SYSTEM (STRS) OF OHIO

Changes in benefit terms: There were no changes in benefit terms from the amounts reported for fiscal years 2014-2017. For fiscal year 2018, STRS decreased the Cost of Living Adjustment (COLA) to zero. There were no changes in benefit terms from amounts previously reported for fiscal years 2019-2020.

Changes in assumptions: There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for fiscal years 2014-2017. For fiscal year 2018, the following changes of assumption affected the total pension liability since the prior measurement date: (a) the long term expected rate of return was reduced from 7.75% to 7.45%, (b) the inflation assumption was lowered from 2.75% to 2.50%, (c) the payroll growth assumption was lowered to 3.00%, (d) total salary increases rate was lowered by decreasing the merit component of the individual salary increases, in addition to a decrease of 0.25% due to lower inflation (e) the healthy and disabled mortality assumptions were updated to the RP-2014 mortality tables with generational improvement scale MP-2016 and (f) rates of retirement, termination and disability were modified to better reflect anticipated future experience. There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for fiscal year 2020.

NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION (CONTINUED)
FOR THE FISCAL YEAR ENDED JUNE 30, 2020

OTHER POSTEMPLOYMENT BENEFITS (OPEB)

SCHOOL EMPLOYEES RETIREMENT SYSTEM (SERS) OF OHIO

Changes in benefit terms: There were no changes in benefit terms from the amounts previously reported for fiscal years 2017-2020.

Changes in assumptions: There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for fiscal year 2017. For fiscal year 2018, the following changes of assumptions affected the total OPEB liability since the prior measurement date: (a) assumed rate of inflation was reduced from 3.25% to 3.00%, (b) payroll growth assumption was reduced from 4.00% to 3.50%, (c) assumed real wage growth was reduced from 0.75% to 0.50%, (d) rates of withdrawal, retirement, and disability were updated to reflect recent experience, (e) mortality among active members was updated to the following: RP-2014 Blue Collar Mortality Table with fully generational projection and a five-year age set-back for both males and females, (f) mortality among service retired members, and beneficiaries was updated to the following: RP-2014 Blue Collar Mortality Table with fully generational projection with Scale BB, 120% of male rates, and 110% of female rates, (g) mortality among disabled members was updated to the following: RP-2000 Disabled Mortality Table, 90% for male rates and 100% for female rates, set back five years is used for the period after disability retirement, (h) the municipal bond index rate increased from 2.92% to 3.56% and (i) the single equivalent interest rate, net of plan investment expense, including price inflation increased from 2.98% to 3.63%. For fiscal year 2019, the following changes of assumptions affected the total OPEB liability since the prior measurement date: (a) the discount rate increased from 3.63% to 3.70%, (b) the health care cost trend rates for Medicare were changed from a range of 5.50%-5.00% to a range of 5.375%-4.75% and Pre-Medicare were changed from a range of 7.50%-5.00% to a range of 7.25%-4.75%, (c) the municipal bond index rate increased from 3.56% to 3.62% and (d) the single equivalent interest rate, net of plan investment expense, including price inflation increased from 3.63% to 3.70%. For fiscal year 2020, the following changes of assumptions affected the total OPEB liability since the prior measurement date: (a) the discount rate decreased from 3.70% to 3.22%, (b) the health care cost trend rates for Medicare were changed from a range of 5.375%-4.75% to a range of 5.25%-4.75% and Pre-Medicare were changed from a range of 7.25%-4.75% to a range of 7.00%-4.75%, (c) the municipal bond index rate decreased from 3.62% to 3.13% and (d) the single equivalent interest rate, net of plan investment expense, including price inflation decreased from 3.70% to 3.22%.

STATE TEACHERS RETIREMENT SYSTEM (STRS) OF OHIO

Changes in benefit terms: There were no changes in benefit terms from the amounts previously reported for fiscal year 2017. For fiscal year 2018, STRS reduced the subsidy multiplier for non-Medicare benefit recipients from 2.1% to 1.9% per year of service. Medicare Part B premium reimbursements were discontinued for certain survivors and beneficiaries and all remaining Medicare Part B premium reimbursements will be discontinued beginning January 2019. For fiscal year 2019, STRS increased the subsidy multiplier for non-Medicare benefit recipients from 1.9% to 1.944% per year of service effective January 1, 2019. The non-Medicare frozen subsidy base premium was increased January 1, 2019 and all remaining Medicare Part B premium reimbursements will be discontinued beginning January 1, 2020. For fiscal year 2020, STRS increase the subsidy percentage from 1.944% to 1.984% effective January 1, 2020. The Medicare subsidy percentages were adjusted effective January 1, 2021 to 2.1% for the Medicare plan. The Medicare Part B monthly reimbursement elimination date was postponed to January 1, 2021.

Changes in assumptions: There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for fiscal year 2017. For fiscal year 2018, the following changes of assumption affected the total OPEB liability since the prior measurement date: (a) the discount rate was increased from 3.26% to 4.13% based on the methodology defined under GASB Statement No. 74, Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans (OPEB), (b) the long term expected rate of return was reduced from 7.75% to 7.45%, (c) valuation year per capita health care costs were updated, and the salary scale was modified, (d) the percentage of future retirees electing each option was updated based on current data and the percentage of future disabled retirees and terminated vested participants electing health coverage were decreased and (e) the assumed mortality, disability, retirement, withdrawal and future health care cost trend rates were modified along with the portion of rebated prescription drug costs. For fiscal year 2019, the following changes of assumptions affected the total OPEB liability/asset since the prior measurement date: (a) the discount rate was increased from the blended rate of 4.13% to the long-term expected rate of return of 7.45% based on the methodology defined under GASB Statement No. 74, Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans (OPEB) and (b) decrease in health care cost trend rates from 6.00%-11.00% initial; 4.50% ultimate down to Medical Pre-Medicare 6.00% and Medicare 5.00% initial; 4.00% ultimate and Prescription Drug Pre-Medicare 8.00% and Medicare (5.23%) initial; 4.00% ultimate. For fiscal year 2020, health care cost trend rates were changed to the following: medical pre-medicare from 6.00% initial - 4.00% ultimate down to 5.87% initial - 4.00% ultimate; medical medicare from 5.00% initial - 4.00% ultimate down to 4.93% initial - 4.00% ultimate; prescription drug pre-medicare from 8.00% initial - 4.00% ultimate down to 7.73% initial - 4.00% ultimate and (5.23%) initial - 4.00% ultimate up to 9.62% initial - 4.00% ultimate.

COMBINING STATEMENTS
AND INDIVIDUAL FUND SCHEDULES

SUPPLEMENTARY INFORMATION

**VANDALIA-BUTLER CITY SCHOOL DISTRICT
MONTGOMERY COUNTY, OHIO**

MAJOR FUNDS

General Fund

The general fund is used to account for and report all financial resources not accounted for and reported in another fund. The general fund balance is available for any purpose provided it is expended or transferred according to the general laws of Ohio. A budgetary statement for the general fund is presented as part of the basic financial statements. The level of detail presented in that statement is greater than the legal level of budgetary control; therefore, a separate additional schedule is not presented

Some funds are included in the general fund (GAAP basis), but have separate legally adopted budgets (budget basis)

Uniform School Supply Fund

A fund to account for the purchase and reimbursement of consumable supplies (workbooks) used by the students as a supplemental learning tool.

Public School Support Fund

A fund provided to account for special local revenue sources such as vending machine receipts. Revenues are used to fund special events and purchase achievement awards.

Latchkey Fund

A fund established to account for the tuition received and expenses made in securing an after-school latchkey program for students of the School District.

Other Major Funds

Bond Retirement Fund

The bond retirement fund is used to account for the accumulation of resources for resources that are restricted for the payment of general obligations bond principal and interest and certain other long-term obligations when the School District is obligated for the payment. The fund balance of this fund is restricted for debt service.

COMBINING STATEMENTS - NONMAJOR FUNDS

Nonmajor Special Revenue Funds

Special revenue funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specific purposes other than debt service or capital projects. The term proceeds of specific revenue sources establishes that one or more specific restricted or committed revenues should be the foundation for a special revenue fund. The title of each special revenue fund is descriptive of the activities accounted for therein. The nonmajor special revenue funds are:

Food Service Fund

A fund to account for all transactions that are restricted to the provision of food service operations for the School District.

Special Trust Fund

A fund used to account for revenues and expenditures that are committed of the Gilbery Scholarship.

Student Managed Activities Fund

A fund provided to account for those student activity programs which are run by students. Most expenditures are restricted to include costs for student clubs.

Athletics Fund

A fund provided to account for those student activity programs which charge admission. Most expenditures are restricted to include referee and security compensations, equipment and supplies needed to run a successful athletic program

Auxiliary Services Fund

To account for monies that are restricted to provide services and materials to pupils attending non-public schools with the School District.

Student Wellness and Success Fund

To account for monies received from the State of Ohio that are restricted to be spent on student wellness programs

Miscellaneous State Grants Fund

A fund used to account for various monies received from state agencies which are not classified elsewhere.

Race to the Top Fund

A fund used to account for revenues that are restricted to provide for either a new program or expansion of an existing program to support initiatives in the following areas: standards and assessments; using data to improve instruction; great teachers and leaders; and turning around the lowest achieving schools.

Special Education Fund

This fund accounts for federal funds that are restricted for the full educational opportunities to handicapped children at the preschool, elementary and secondary levels, and to assist in the training of teachers, supervisors and other specialists in providing educational services to the handicapped.

**VANDALIA-BUTLER CITY SCHOOL DISTRICT
MONTGOMERY COUNTY, OHIO**

COMBINING STATEMENTS - NONMAJOR FUNDS

Nonmajor Special Revenue Funds (Continued)

Title I Fund

A fund that is restricted to provide financial assistance to State and Local educational agencies to meet the special needs of educationally deprived children.

Preschool Handicapped Grant Fund

A fund that is restricted to provide for the education of handicapped children ages three through five, and account for the monies received and expended for the purpose of this grant.

Title II-A Fund

A fund that is restricted for monies to hire additional classroom teachers in grades 1 through 3, so that the number of students per teacher will be reduced.

Miscellaneous Federal Grants Fund

A fund that is restricted for various monies received through state agencies from the federal government or directly from the federal government which are not classified elsewhere.

STATISTICAL SECTION

**VANDALIA-BUTLER CITY SCHOOL DISTRICT
MONTGOMERY COUNTY, OHIO**

STATISTICAL SECTION

This part of the Vandalia-Butler City School District's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the District's overall financial health.

<u>Table of Contents</u>	<u>Pages</u>
Financial Trends These schedules contain trend information to help the reader understand how the School District's financial performance and well-being have changed over time.	110-119
Revenue Capacity These schedules contain information to help the reader assess the School District's most significant local revenue source, the property tax.	120-125
Debt Capacity These schedules present information to help the reader assess the affordability of the School District's current levels of outstanding debt and the School District's ability to issue additional debt in the future.	126-132
Demographic and Economic Information These schedules offer demographic and economic indicators to help the reader understand the environment within which the School District's financial activities take place.	133-134
Operating Information These schedules contain service and capital asset data to help the reader understand how the information in the School District's financial report relates to the services the School District provides and the activities it performs.	135-140

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial report for the relevant year. Fiscal year 2015 was the School District's first year implementation of GASB 68/71. Fiscal year 2018 was the School District's first year implementation of GASB 75. Fiscal Year 2020 was the School District's first year implementation of GASB 84.

Real property is reappraised every six years with a State mandated update of the current market value in the third year following each reappraisal. The assessed value of real property (including public utility real property) is 35 percent of estimated true value.

Personal property tax prior to 2006 was assessed on all tangible personal property used in business in Ohio. Prior to 2006 machinery and equipment were taxed at 25 percent and inventories at 23 percent. Beginning in 2006, the general business tangible personal property tax was phased out. The listing percentage is 18.75 percent for 2006, 12.5 percent for 2007, 6.25 percent for 2008 and zero for 2009.

The tangible personal property values associated with each year are the values that, when multiplied by the applicable rates, generated the property tax revenue billed in that year. For real property, the amounts generated by multiplying the assessed values by the applicable rates would be reduced by the 10%, 2 1/2% and homestead exemptions before being billed. Beginning in the 2006 collection year, the \$10,000 exemption for commercial/industrial property has been eliminated.

Source: Montgomery County Auditor.

(1) Taxes levied and collected are presented on a cash basis.

(2) State reimbursements of rollback and homestead exemptions are included.

(3) Penalties and interest are included, since by Ohio law they become part of the tax obligation as assessment occurs.

(4) Delinquent Tax Collections are only available by collection year; therefore the percentage of total tax collections to the current levy may exceed 100 percent in some years. The School District will continue to work to get this information in the future.

Source: Montgomery County Auditor and School District Financial Records

(1) Ohio Bond Law sets a limit of 9% for overall debt and 1/10 of 1% for unvoted debt.

Note: The definition of tax valuation for the purpose of calculating the debt margin was modified by H.B. 530 effective 3/30/06, to exclude tangible personal property used in business, telephone or telegraph property, interexchange telecommunications company property, or personal property owned or leased by a railroad company and used in railroad operations.
