Village of Marseilles
Wyandot County
20295 Center Street
Upper Sandusky, Ohio 43351

We have completed certain procedures in accordance with Ohio Rev. Code Section 117.01(G) to the accounting records and related documents of the Village of Marseilles, Wyandot County, Ohio (the Village) for the years ended December 31, 2020 and 2019.

Our procedures were designed solely to satisfy the audit requirements of Ohio Rev. Code Section 117.11(A). Because our procedures were not designed to opine on the Village's financial statements, we did not follow *generally accepted auditing standards*. We do not provide any assurance on the Village's financial statements, transactions or balances for the years ended December 31, 2020 and 2019.

The Village's management is responsible for preparing and maintaining its accounting records and related documents. Our responsibility under Ohio Rev. Code Section 117.11(A) is to examine, analyze and inspect these records and documents.

Based on the results of our procedures, we found the following significant compliance or accounting issues to report.

Current Year Observations

1. We inquired with Village management and determined that the Village did not have a public records policy during the engagement period as required by **Ohio Rev. Code § 149.43(E)(2)**.

Because the Village did not have a public records policy during the engagement period, it therefore could not have displayed posters of said policy in all the branches of the Village as required by **Ohio Rev. Code § 149.43(E)(2)**. It could also not have provided a copy of the policy to the proper custodian or records manager as also required by **Ohio Rev. Code § 149.43(E)(2)**.

This could result in records requests not being fulfilled in accordance with Ohio law.

The Village should establish a public records policy to address the Village's available records, the times when public records may be inspected, and the costs associated with records requests. The policy should be included in policy manuals and the Public Records Act requires that the policy be displayed conspicuously in all branches of the Village. In addition, the Village should have written evidence that the Public Records Policy was provided to the records custodian/manager.

Furthermore, pursuant to **Ohio Rev. Code § 109.43(E)**, the Ohio Attorney General has developed and provided to all public offices a model public records policy for responding to public records requests. The policy, which is available at <https://www.ohioattorneygeneral.gov/Files/Government-Entities/Model-Public-Records-Policy.aspx>, provides guidance to public offices in developing their own policies for responding to public records requests in compliance with the Public Records Act.

2. We noted none of the elected officials, or their appropriate designee, have attended three hours of public records training for each term of office as required by **Ohio Rev. Code §§ 109.43(B) and §149.43(E)(1)**. The training received must be certified by the Ohio Attorney General. Proof of completion of training must include documentation either from the Attorney General's Office or from another entity certified by the Attorney General to provide the training to the elected official or his/her appropriate designee. Attendees who successfully complete the training will receive a certificate to serve as proof of training.

This could result in improper education of public offices regarding the offices' duties related to public records requests as well as improper withholding of information from stakeholders. The elected officials, or their appropriate designee(s), should, during their term of office, attend public records training and maintain proof of completion of the training.

3. We noted the Village does not have an adopted records retention schedule policy. It therefore cannot have a copy of said policy available to the public. **Ohio Rev. Code § 149.43(B)(2)** states, in part, a public office also "shall have available a copy of its current records retention schedule at a location readily available to the public." Failure to have and follow a records retention schedule could result in public records being disposed of prematurely. The Village should implement procedures to provide the appropriate policy is approved to help avoid issues with public records requests.

The Ohio History Connection provides suggested records retention schedules to aid local governments in creating and adopting their own records retention schedule. Information regarding these model retention schedules is available at the following web address: <https://www.ohiohistory.org/learn/archives-library/state-archives/local-government-recordsprogram/local-government-records-publications-amp-forms>.
