INDEPENDENT AUDITOR'S REPORT

Centerburg Local School District
Knox County
119 South Preston Street
Centerburg, Ohio 43011

To the Board of Education:

Report on the Financial Statements

We have audited the accompanying cash-basis financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Centerburg Local School District, Knox County, Ohio (the School District), as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the School District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for preparing and fairly presenting these financial statements in accordance with the cash accounting basis Note 2 describes. This responsibility includes determining that the cash accounting basis is acceptable for the circumstances. Management is also responsible for designing, implementing and maintaining internal control relevant to preparing and fairly presenting financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to opine on these financial statements based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the School District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the School District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinions.

Efficient • Effective • Transparent

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective cash financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Centerburg Local School District, as of June 30, 2021, and the respective changes in cash financial position budgetary comparison for the General fund thereof for the year then ended in accordance with the accounting basis described in Note 2.

Accounting Basis

Ohio Administrative Code § 117-2-03(B) requires the School District to prepare its annual financial report in accordance with accounting principles generally accepted in the United States of America. We draw attention to Note 2 of the financial statements, which describes the basis applied to these statements. The financial statements are prepared on the cash basis of accounting, which is a basis other than generally accepted accounting principles. We did not modify our opinion regarding this matter.

Emphasis of Matter

As discussed in Note 3 to the financial statements, during 2021, the District adopted new accounting guidance in Governmental Accounting Standards Board Statement No. 84, *Fiduciary Activities*. We did not modify our opinion regarding this matter.

As discussed in Note 22 to the financial statements, the financial impact of COVID-19 and the continuing emergency measures may impact subsequent periods of the School District. We did not modify our opinion regarding this matter.

Other Matters

Supplementary Information

Our audit was conducted to opine on the financial statements taken as a whole.

The Schedule of Expenditures of Federal Awards presents additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards and is not a required part of the financial statements.

The schedule is management's responsibility, and derives from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. We subjected this schedule to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling this schedule directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and in accordance with auditing standards generally accepted in the United States of America. In our opinion, this schedule is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Other Information

We applied no procedures to management's discussion & analysis, as listed in the table of contents. Accordingly, we express no opinion or any other assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated April 20, 2022, on our consideration of the School District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School District's internal control over financial reporting and compliance.

Keith Faber
Auditor of State
Columbus, Ohio

THIS PAGE INTENTIONALLY LEFT BLANK

Centerburg Local School District
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2021
Unaudited

The discussion and analysis of Centerburg Local School District's financial performance provides an overall review of the School District's financial activities for the fiscal year ended June 30, 2021. The intent of this discussion and analysis is to look at the School District's financial performance as a whole. Readers should also review the financial statements and notes to those respective statements to enhance their understanding of the School District's financial performance.

Financial Highlights

Key financial highlights for fiscal year 2021 are as follows:

- The School District was under a one-year certified contract with a 0 percent base increase to the salary schedules for fiscal year 2021.
- Operating grants, contributions and interest program receipts increased in fiscal year 2021 due to the Elementary and Secondary School Emergency Relief (ESSER) and Coronavirus Relief Fund (CRF) grants, an increase in federal reimbursements for food service, and the receipt of a mental health grant from the Mental Health and Recovery for Licking and Knox counties. ESSER II grant funds were used for HVAC repairs and updates.
- The School District continued to diligently monitor both receipts and disbursements in order to prudently manage the resources needed to educate students.

Using these Basic Financial Statements

This annual report is presented in a format consistent with the presentation requirements of Government Accounting Standards Board Statement No. 34, as applicable to the School District's cash basis of accounting.

Reporting the School District as a Whole

Statement of Net Position and Statement of Activities

The statement of net position and the statement of activities reflect how the School District did financially during fiscal year 2021, within the limitations of cash basis accounting. The statement of net position presents the cash balances and investments of the governmental activities of the School District at fiscal year end. The statement of activities compares cash disbursements with program receipts for each governmental program. Program receipts include charges paid by the recipient of the program's goods or services and grants and contributions restricted to meeting the operational or capital requirements of a particular program. General receipts and interest are all receipts not classified as program receipts. The comparison of cash disbursements with program receipts identifies how each governmental function draws from the School District's general receipts.

These statements report the School District's cash position and the changes in cash position. Keeping in mind the limitations of the cash basis of accounting, you can think of these changes as one way to measure the School District's financial health. Over time, increases or decreases in the School District's cash position is one indicator of whether the School District's financial health is improving or deteriorating. When evaluating the School District's financial condition, you should also consider other nonfinancial factors as well, such as the School District's property tax base, the condition of the School District's capital assets, the extent of the School District's debt obligations, the reliance on non-local financial resources for operations and the need for continued growth in the major local revenue sources such as property taxes.

Centerburg Local School District
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2021
Unaudited

In the statement of net position and the statement of activities, all School District activities are classified as governmental. Most of the School District's programs and services are reported here including instruction, support services, operation and maintenance, pupil transportation, operation of food service and extracurricular activities.

Reporting the School District's Most Significant Funds

Fund Financial Statements

The analysis of the School District's major funds begins on page 10. Fund financial reports provide detailed information about the School District's major funds. The School District uses many funds to account for a multitude of financial transactions; however, these fund financial statements focus on the School District's most significant funds. The School District's major governmental funds are the general fund and the bond retirement debt service fund.

Governmental Funds

Most of the School District's activities are reported in governmental funds. The governmental fund financial statements provide a detailed view of the School District's governmental operations and the basic services it provides. Governmental fund information helps determine whether there are more or less financial resources that can be spent to finance the School District's programs. The School District's significant governmental funds are presented on the financial statements in separate columns. The information for nonmajor funds (funds whose activity or balances are not large enough to warrant separate reporting) is combined and presented in total in a single column. The School District's major governmental funds are the general and bond retirement funds. The programs reported in governmental funds are closely related to those reported in the governmental activities section of the entity-wide statements.

Proprietary Funds

The School District maintains a proprietary fund. Internal service funds are an accounting device used to accumulate and allocate costs internally among the School District's various functions. The School District's internal service fund accounts for medical and prescription self-insurance.

Fiduciary Funds

Fiduciary funds are used to account for resources held for the benefits of the parties outside the School District. Fiduciary funds are not reflected on the government-wide financial statements because the resources from these funds are not available to support the School District's programs.

Centerburg Local School District
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2021
Unaudited

The School District as a Whole

Table 1 provides a summary of the School District's net position for fiscal year 2021 compared to fiscal year 2020 on a cash basis:

Table 1
Net Position
Governmental Activities

	2021	(Restated) 2020	Change
Assets			
Equity in Pooled Cash and Cash Equivalents	\$6,627,504	\$6,420,628	\$206,876
Cash and Cash Equivalents with Fiscal Agents	1,208,564	186,314	1,022,250
<i>Total Assets</i>	<u><u>\$7,836,068</u></u>	<u><u>\$6,606,942</u></u>	<u><u>\$1,229,126</u></u>
Net Position			
Restricted	\$1,233,355	\$1,159,045	\$74,310
Unrestricted	6,602,713	5,447,897	1,154,816
<i>Total Net Position</i>	<u><u>\$7,836,068</u></u>	<u><u>\$6,606,942</u></u>	<u><u>\$1,229,126</u></u>

The School District's net position in fiscal year 2021 increased from fiscal year 2020, with increases in both equity in pooled cash and cash equivalents and cash and cash equivalents with fiscal agents. This was the result of a decrease in program disbursements from the prior fiscal year, primarily due to decreases in regular instruction and operation and maintenance of plant, as well as an increase in receipts. The overall decrease in program disbursements was primarily due to large medical claims near the end of the previous fiscal year, with related pool reimbursements being received during fiscal year 2021 and offsetting fiscal year 2021 claims disbursements. The chart on the following page provides more detail on receipts and disbursements.

Centerburg Local School District
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2021
Unaudited

Grants and entitlements are the School District's largest source of receipts, followed by property taxes. The School District carefully monitors both of these receipts and uses both a five year forecast and a spending plan to predict future receipts and disbursements of the School District. The small increase in grants and entitlements was primarily due to a small increase in State foundation funding, since the fiscal year 2021 reduction was less than the fiscal year 2020 reduction ordered by the Governor in response to the pandemic. Property taxes increased due to the increase in assessed values with the County's reappraisal for tax year 2020.

Charges for services and sales decreased in fiscal year 2021 because of a decrease in food service resulting from a decrease in breakfast sales and all students receiving free lunches, a decrease in tuition and fees due to a decrease in open enrollment, and a decrease in receipts from extracurricular activities mainly due to a decrease in athletic gate income since only parents were allowed at sporting events.

Operating grants, contributions and interest program receipts increased in fiscal year 2021 due to the Elementary and Secondary School Emergency Relief (ESSER) and Coronavirus Relief Fund (CRF) grants, an increase in federal reimbursements for food service due to every student being eligible for a free lunch, and the receipt of a mental health grant from the Mental Health and Recovery for Licking and Knox counties.

Some of the significant disbursements during fiscal year 2021 were in the categories of regular and special instruction, administration and operation and maintenance of plant. Regular instruction disbursements are primarily salary and benefit costs for the School District's teachers. Regular instruction disbursements decreased in fiscal year 2021 primarily due to a decrease in health insurance claims.

Disbursements for pupils also decreased in fiscal year 2021 mainly due to changes in the use of the student wellness and success funding, as well as the decrease in health insurance claims. In fiscal year 2021, student wellness and success funding was used for salaries for social workers and a nurse. In the previous fiscal year, this funding was also used for some purchased services, including trauma professional development and an anti-bullying program.

The decrease in disbursements for the operation and maintenance of plant was mainly due to the decrease in property repairs and maintenance services. Major repairs/updates were done to the HVAC systems in the buildings in fiscal year 2020.

The decrease in pupil transportation disbursements was primarily a result of the decrease in health insurance claims.

Disbursements for capital outlay decreased from the prior fiscal year because the School District completed the facilities improvement projects in fiscal year 2020.

Governmental Activities

The School District has carefully planned its financial existence by forecasting its receipts and disbursements over the next five years. Although the School District relies heavily upon local property taxes to support its operations, the School District does actively solicit and receive additional grant and entitlement funds to help offset some operating costs.

The majority of the School District's budget is used to fund instructional disbursements. Additional supporting services for pupils, staff, transportation and other operations of the School District is the second largest area of disbursements. The remaining amount of program disbursements is budgeted to facilitate other obligations of the School District such as debt service, the food service program and numerous extracurricular activities.

Centerburg Local School District
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2021
Unaudited

The statement of activities shows the total net cost of program services. Table 3 shows the total cost of services for governmental activities and the net cost of those services. That is, it identifies the cost of these services supported by tax receipts and unrestricted State entitlements.

Table 3
Governmental Activities

	Total Cost of Services 2021	Net Cost of Services 2021	(Restated) Total Cost of Services 2020	(Restated) Net Cost of Services 2020
Governmental Activities:				
Instruction:				
Regular	\$5,284,404	(\$4,800,372)	\$5,881,200	(\$5,591,666)
Special	1,635,312	(716,268)	1,646,246	(721,605)
Vocational	238,608	(170,743)	278,892	(210,868)
Student Intervention Services	12,612	0	13,110	0
Support Services:				
Pupils	455,715	(395,591)	627,238	(532,169)
Instructional Staff	575,811	(427,291)	546,399	(495,156)
Board of Education	7,125	(7,125)	6,875	(6,875)
Administration	1,002,932	(952,607)	1,022,115	(974,325)
Fiscal	431,620	(412,371)	472,120	(450,016)
Operation and Maintenance of Plant	1,218,033	(1,012,475)	1,719,221	(1,599,450)
Pupil Transportation	676,189	(584,895)	878,660	(838,767)
Central	15,344	(9,495)	91,312	(81,701)
Operation of Non-Instructional Services:				
Food Service Operations	341,059	614	308,784	(6,089)
Community Services	100	0	0	0
Extracurricular Activities	381,806	(280,019)	450,372	(268,688)
Capital Outlay	2,182	(2,182)	217,849	(217,849)
Debt Service	699,623	(699,623)	689,860	(689,860)
Total	\$12,978,475	(\$10,470,443)	\$14,850,253	(\$12,685,084)

The negative numbers in Table 3 demonstrate that the receipts specific to each program are not enough to meet the disbursements of the School District. Because the remaining disbursements are covered by general receipts, the reliance upon local tax revenues for governmental activities is crucial.

School District's Funds

Information regarding the School District's major funds can be found beginning on page 16. These funds are accounted for using the cash basis method of accounting. Fund balance of total governmental funds increased for fiscal year 2021 primarily due to the increase in receipts, mainly intergovernmental and property taxes, as well as a decrease in disbursements, primarily decreases in operation and maintenance of plant and capital outlay for reasons discussed previously. The increase in intergovernmental receipts was primarily due to the receipt of several new grants, an increase in federal reimbursements for food service, and an increase in State foundation funding as discussed previously. Property taxes increased due to the increase in assessed values. The general fund had an increase in fund balance for fiscal year 2021 due to the decrease in disbursements, primarily decreases in operation and maintenance of plant and capital outlay for reasons discussed previously, as well as an increase in receipts. The increase in receipts was mainly due to the

Centerburg Local School District
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2021
Unaudited

increase in property taxes, as well as the increase in State foundation funding as previously mentioned. The bond retirement fund had a decrease in fund balance, despite a small increase in receipts that was partly offset by a small increase in disbursements.

General Fund Budgeting Highlights

The School District's budget is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The most significant fund to be budgeted is the main operating fund of the School District, the general fund.

During the course of fiscal year 2021, the School District amended the general fund budget a few times. The School District uses an operational unit budget process and has in place systems that are designed to tightly control expenditures but provide flexibility for program-based decisions and management.

For the general fund, the original budgeted receipts were less than final budgeted receipts. The actual receipts received were higher than the final budgeted receipts, mainly due to higher than anticipated receipts in various categories, including property taxes, income taxes, intergovernmental and miscellaneous. Original budgeted disbursements were less than the final budget. Actual disbursements were less than the final budget, due to conservative spending.

The general fund's unencumbered ending cash balance was more than the final budgeted ending cash balance.

Capital Assets and Debt

Capital Assets

The School District maintains a listing of its capital assets. These records are not required to be presented in the financial statements.

Debt

Table 4 that follows summarizes the School District's bonds outstanding. More detailed information is presented in Note 15 to the basic financial statements.

Table 4
Outstanding Debt at Fiscal Year End
Governmental Activities

	<u>2021</u>	<u>2020</u>
Refunded Ohio School Facilities Commission Bonds	\$1,920,868	\$2,344,720
2017 School Facilities Construction and Improvement Bonds	<u>1,736,280</u>	<u>1,866,003</u>
Total	<u><u>\$3,657,148</u></u>	<u><u>\$4,210,723</u></u>

The 2001 school facilities bonds were issued for the local share of the School District's approved master plan with the Ohio School Facilities Commission. A portion of these bonds was refunded during fiscal year 2007. These refunded bonds will be fully repaid in fiscal year 2028.

Centerburg Local School District
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2021
Unaudited

The 2017 school facilities bonds were issued for the purpose of constructing, renovating, and improving school facilities, including athletic and vocational agriculture facilities. These bonds will be fully repaid in fiscal year 2032.

The School District's overall legal debt margin was \$14,655,316 with an unvoted debt margin of \$194,881 at fiscal year end. The School District maintains a bond rating of A2 by Moody's.

Current Issues Affecting Financial Conditions

The School District is using American Recovery Plan (ARP) ESSER III funds to create a student services coordinator position and family liaison position to assist struggling students. The student services director will also assume some special education responsibilities, allowing our special education director to also direct teaching and learning, planning curriculum, and implementing new teaching strategies.

The School District negotiated a three-year certified contract for fiscal years 2022 – 2024, with 2 percent base increases in fiscal years 2022 and 2023 and a 1 percent base increase in fiscal year 2024.

The financial future of the School District is not without its challenges. These challenges are internal and external in nature. The internal challenges will continue to exist as the School District must continue to rely heavily on local property taxes to fund its operations. External challenges continue to evolve as the State of Ohio determines the outcome of the Ohio Supreme Court case dealing with the unconstitutionality of the State's educational funding system and budget cuts at the State level.

Information currently available to support an accurate five year forecast is very vague. Property taxes remain fairly consistent in Knox County with an increase this fiscal year as mentioned previously and the income tax collections have continued slow but steady growth for the past three years.

The volatility of the Foundation funding source, due to the concerns over uncertain funding sources such as casinos, video lottery terminals, and income tax cuts, has placed an undue burden on all districts. The School District will try to maintain our current educational program by remaining vigilant regarding expenses.

Fiscal year 2022 income tax revenues may still be affected by COVID-19 but were fairly steady in fiscal year 2021. The new funding formula will bring a slight increase in funding for fiscal year 2022. Student wellness dollars will remain the same amount and will flow through foundation.

As a result of the challenges mentioned, it is imperative the School District's management continue to carefully and prudently plan in order to provide the resources required to meet student needs over the next several years.

In summary, the Centerburg Local School District has committed itself to financial and educational excellence for many years to come.

Contacting the School District's Financial Management

This financial report is designed to provide our citizens, taxpayers and investors and creditors with a general overview of the School District's finances and to show the School District's accountability for the money it receives. If you have any questions about this report or need additional financial information, contact Lori Houck, Treasurer, at Centerburg Local School District, 119 South Preston Street, Centerburg, Ohio 43011, or email at lori.houck@centerburgschools.org.

Centerburg Local School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2021

Note 1 – Description of the School District and Reporting Entity

Centerburg Local School District is a body politic and corporate established for the purpose of exercising the rights and privileges conveyed to it by the constitution and laws of the State of Ohio.

The School District operates under a locally-elected five-member Board form of government and provides educational services as mandated by State and Federal agencies. The Board of Education controls the School District's 2 instructional facilities, 1 administrative building, and 1 garage staffed by 35 classified employees and 79 certificated full-time teaching personnel who provide services to 1,132 students and other community members.

Reporting Entity

A reporting entity is composed of the primary government, component units and other organizations that are included to ensure that the financial statements are not misleading. The primary government of the School District consists of all funds, departments, boards and agencies that are not legally separate from the School District. For Centerburg Local School District, this includes the agencies and departments that provide the following services: general operations, food service and student related activities of the School District.

Component units are legally separate organizations for which the School District is financially accountable. The School District is financially accountable for an organization if the School District appoints a voting majority of the organization's governing board and (1) the School District is able to significantly influence the programs or services performed or provided by the organization; or (2) the School District is legally entitled to or can otherwise access the organization's resources; the School District is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the School District is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the School District in that the School District approves the budget, the issuance of debt or the levying of taxes and there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the primary government. The School District has no component units.

The School District participates in the Metropolitan Educational Technology Association and the Knox County Career Center, jointly governed organizations, and in the Ohio School Boards Association Workers' Compensation Group Rating Program and the Jefferson Health Plan, insurance purchasing pools. These organizations are presented in Notes 10 and 11 to the basic financial statements.

Note 2 – Summary of Significant Accounting Policies

As discussed further in the Basis of Accounting Portion of this note, these financial statements are presented on a cash basis of accounting. This cash basis of accounting differs from accounting principles generally accepted in the United States of America (GAAP). Generally accepted accounting principles include all relevant Governmental Accounting Standards Board (GASB) pronouncements, which have been applied to the extent they are applicable to the cash basis of accounting. Following are the more significant of the School District's accounting policies.

Basis of Presentation

The School District's basic financial statements consist of government-wide statements, including a statement of net position and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

Centerburg Local School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2021

Government-wide Financial Statements The statement of net position and the statement of activities display information about the School District as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The activity of the internal service fund is eliminated to avoid “doubling up” revenues and expenses. These statements usually distinguish those activities of the School District that are governmental and those that are considered business-type. The School District, however, has no business-type activities.

The statement of net position presents the cash balance of the governmental activities of the School District at fiscal year-end. The statement of activities presents a comparison between disbursements and program receipts for each program or function of the School District’s governmental activities. Direct disbursements are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program receipts include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program and interest earned on grants that is required to be used to support a particular program. Receipts which are not classified as program receipts are presented as general receipts of the School District, with certain limited exceptions. The comparison of direct disbursements with program receipts identifies the extent to which each governmental function is self-financing or draws from the general receipts of the School District.

Fund Financial Statements During the year, the School District segregates transactions related to certain School District functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the School District at this more detailed level. The focus of governmental fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. The internal service fund is presented in a single column on the face of the proprietary fund statements. Fiduciary funds are reported by type.

Proprietary fund statements distinguish operating transactions from nonoperating transactions. Operating receipts generally result from exchange transactions such as charges for services directly relating to the fund’s principal services. Operating disbursements include costs of sales and services and administrative costs. The fund statements report all other receipts and disbursements as nonoperating.

Fund Accounting

The School District uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. There are three categories of funds: governmental, proprietary and fiduciary.

Governmental Funds The School District classifies funds financed primarily from taxes, intergovernmental receipts (e.g. grants), and other nonexchange transactions as governmental funds. The following are the School District's major funds:

General Fund The general fund is the operating fund of the School District and is used to account for and report all financial resources except those required to be accounted for and reported in another fund. The general fund balance is available to the School District for any purpose provided it is expended or transferred according to the general laws of Ohio.

Bond Retirement Fund The bond retirement fund is used to account for and report property taxes and intergovernmental revenue restricted for the payment of general long-term debt principal, interest and related costs.

Centerburg Local School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2021

The other governmental funds of the School District account for grants and other resources whose use is restricted, committed or assigned to a particular purpose.

Proprietary Fund The School District classifies funds financed primarily from user charges for good or services as proprietary. Proprietary funds are classified as either enterprise funds or internal service funds. The School District has no enterprise funds.

Internal Service Fund The internal service fund accounts for the financing of services provided by one department or agency to other departments or agencies of the School District on a cost reimbursement basis. The School District's only internal service fund is a self-insurance fund that accounts for medical and prescription benefits of School District employees.

Fiduciary Funds Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary fund category is split into the following four classifications: pension (and other employee benefit) trust funds, investment trust funds, private-purpose trust funds and custodial funds. Trust funds are distinguished from custodial funds by the existence of a trust agreement or equivalent arrangement that has certain characteristics. Custodial Funds are used to report fiduciary activities that are not required to be reported in a trust fund.

The School District's fiduciary funds are custodial funds. Custodial funds are used to account for assets held by the School District as fiscal agent for individuals and other organizations.

Basis of Accounting

The School District's financial statements are prepared using the cash basis of accounting. Except for modifications having substantial support, receipts are recorded in the School District's financial records and reported in the financial statements when cash is received rather than when earned and disbursements are recorded when cash is paid rather than when a liability is incurred. Any such modifications made by the School District are described in the appropriate section in this note.

As a result of the use of this cash basis of accounting, certain assets and their related revenues (such as accounts receivable and revenue for billed or provided services not yet collected) and certain liabilities and their related expenses (such as accounts payable and expenses for goods or services received but not yet paid, and accrued expenses and liabilities) are not recorded in these financial statements.

Cash and Cash Equivalents

To improve cash management, cash received by the School District is pooled. Monies for all funds are maintained in this pool. Individual fund integrity is maintained through the School District's records. Interest in the pool is presented as "equity in pooled cash and cash equivalents".

Investments are reported as assets. Accordingly, purchases of investments are not recorded as disbursements, and sales of investments are not recorded as receipts. Gains or losses at the time of sale are recorded as receipts or negative receipts (contra revenue), respectively.

During fiscal year 2021, investments were limited to STAR Ohio, the State Treasurer's Investment Pool. STAR Ohio (the State Treasury Asset Reserve of Ohio), is an investment pool managed by the State Treasurer's Office which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but has adopted Governmental Accounting Standards Board (GASB) Statement No. 79, "Certain External Investment Pools and Pool Participants." The School District measures their investment in STAR Ohio at the net asset value (NAV) per share provided by STAR Ohio. The NAV per share is calculated on an amortized cost basis that provides an NAV per share that approximates fair value.

Centerburg Local School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2021

For 2021, there were no limitations or restrictions on any participant withdrawals due to redemption notice periods, liquidity fees, or redemption gates; however, twenty-four hours advance notice is appreciated for deposits and withdrawals of \$100 million or more. STAR Ohio reserves the right to limit the transactions to \$100 million per day, requiring the excess amount to be transacted the following business day(s), but only to the \$100 million limit. All accounts of the participant will be combined for these purposes.

Following Ohio statutes, the Board of Education has, by resolution, specified the funds to receive an allocation of interest earnings. Interest revenue credited to the general fund during fiscal year 2021 amounted to \$13,086, which includes \$1,921 assigned from other School District funds.

Investments of the cash management pool and investments with an original maturity of three months or less at the time they are purchased by the School District are presented on the financial statements as cash equivalents.

The School District participates in the Jefferson Health Plan insurance consortium for self-insurance. These monies are reflected on the statement of net position as “cash and cash equivalents with fiscal agents.” The Jefferson County Educational Service Center serves as the fiscal agent for the insurance consortium.

Inventory and Prepaid Items

The School District reports disbursements for inventory and prepaid items when paid. These items are not reflected as assets in the accompanying financial statements.

Capital Assets

Acquisitions of property, plant and equipment are recorded as disbursements when paid. These items are not reflected as assets in the accompanying financial statements.

Accumulated Leave

In certain circumstances, such as upon leaving employment or retirement, employees are entitled to cash payments for unused leave. Unpaid leave is not reflected as a liability under the School District’s cash basis of accounting.

Employer Contributions to Cost-Sharing Pension Plans

The School District recognizes the disbursement for employer contributions to cost-sharing pension plans when they are paid. As described in Notes 12 and 13, the employer contributions include portions for pension benefits and for other postemployment benefits (OPEB).

Pensions/Other Postemployment Benefits (OPEB)

For purposes of measuring the net pension/OPEB liability (asset), information about the fiduciary net position of the pension/OPEB plans and additions to/deductions from their fiduciary net position have been determined on the same basis as they are reported by the pension/OPEB plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. The pension/OPEB plans report investments at fair value.

Centerburg Local School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2021

Long-Term Obligations

The School District's cash basis financial statements do not report liabilities for bonds and other long-term obligations. Proceeds of debt are reported when cash is received and principal and interest payments are reported when paid.

Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the School is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

Nonspendable The nonspendable fund balance category includes amounts that cannot be spent because they are not in spendable form, or legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash.

Restricted Fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or is imposed by law through constitutional provisions.

Committed The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by a formal action (resolution) of the School District Board of Education. Those committed amounts cannot be used for any other purpose unless the School District Board of Education removes or changes the specified use by taking the same type of action (resolution) it employed to previously commit those amounts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Assigned Amounts in the assigned fund balance classification are intended to be used by the School District for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds other than the general fund, assigned fund balance represents the remaining amount that is not restricted or committed. In the general fund, assigned amounts represent intended uses established by the School District Board of Education or a School District official delegated that authority by State statute. State statute authorizes the Treasurer to assign fund balance to purchases on order provided such amounts have been lawfully appropriated. The School District Board of Education assigned fund balance for public school support and to cover a gap between estimated revenues and appropriations in the fiscal year 2022 budget.

Unassigned Unassigned fund balance is the residual classification for the general fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance.

The School District applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

Net Position

Net position is reported as restricted when there are limitations imposed on its use through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. Net position restricted for other purposes include resources restricted for food service operations, classroom

Centerburg Local School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2021

maintenance, district managed activities, and student wellness and success. The School District's policy is to first apply restricted resources when a cash disbursement is incurred for purposes for which both restricted and unrestricted net position is available.

Interfund Transactions

Internal allocations of overhead expenses from one function to another or within the same function are eliminated on the statement of activities.

Exchange transactions between funds are reported as receipts in the seller funds and as disbursements in the purchaser funds. Subsidies from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after nonoperating receipts/cash disbursements in proprietary funds. Repayments from funds responsible for particular cash disbursements to the funds that initially paid for them are not presented in the financial statements.

Budgetary Data

All funds, except custodial funds, are legally required to be budgeted and appropriated. The major documents prepared are the tax budget, the appropriation resolution and the certificate of estimated resources, which are prepared on the budgetary basis of accounting. The tax budget demonstrates a need for existing or increased tax rates. The certificate of estimated resources establishes a limit on the amounts that the Board of Education may appropriate. The appropriation resolution is the Board's authorization to spend resources and set annual limits on expenditures plus encumbrances at a level of control selected by the Board. The legal level of control has been established by the Board of Education at the fund level for all funds. The Treasurer has been given authority to allocate Board appropriations to the function and object levels within each fund.

The certificate of estimated resources may be amended during the fiscal year if projected increases or decreases in revenue are identified by the School District Treasurer. The amounts reported as the original and final budgeted amounts in the budgetary statements reflect the amounts in the amended certificate that was in effect at the time the original and final appropriations were passed by the Board of Education.

The appropriation resolution is subject to amendment by the Board throughout the fiscal year with the restriction that appropriations may not exceed estimated resources. The amounts reported as the original budgeted amounts reflect the first appropriation for that fund that covered the entire fiscal year, including amounts automatically carried over from prior fiscal years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by the Board during the fiscal year.

Note 3 – Change in Accounting Principle and Restatement of Fund Balances and Net Position

Change in Accounting Principle

For fiscal year 2021, the School District implemented GASB Statement No. 84, *Fiduciary Activities*, and related guidance from (GASB) Implementation Guide No. 2019-2, *Fiduciary Activities*. GASB Statement No. 84 established specific criteria for identifying activities that should be reported as fiduciary activities and clarifies whether and how business type activities should report their fiduciary activities. Due to the implementation of GASB Statement No. 84, the School District will no longer be reporting agency funds. At June 30, 2020, the School District's agency funds reported assets and liabilities of \$58,896. The School

Centerburg Local School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2021

District reviewed its fiduciary funds and two funds will be reported in the new fiduciary fund classification of custodial funds, while other funds have been reclassified as governmental funds. These fund reclassifications resulted in the restatement of the School District's financial statements.

Restatement of Fund Balances and Net Position

The implementation of GASB Statement No. 84 had the following effect on budget basis fund balance as of June 30, 2020:

	General Fund
Budget Basis Fund Balance, June 30, 2020	\$4,929,961
Adjustments:	
GASB 84	500
Restated Budget Basis Fund Balance, June 30, 2020	\$4,930,461

The implementation of GASB Statement No. 84 had the following effect on fund balance as of June 30, 2020:

	Governmental Funds			
	Bond			Total
	General	Retirement	Nonmajor	
Fund Balances, June 30, 2020	\$5,254,906	\$717,301	\$287,971	\$6,260,178
Adjustments:				
GASB 84	7,296	0	153,154	160,450
Restated Fund Balances, June 30, 2020	\$5,262,202	\$717,301	\$441,125	\$6,420,628

The implementation of GASB Statement No. 84 had the following effect on net position as of June 30, 2020:

	Governmental Activities
Net Position, June 30, 2020	\$6,446,492
Adjustments:	
GASB 84	160,450
Restated Net Position, June 30, 2020	\$6,606,942

The implementation of GASB Statement No. 84 had the following effect on fiduciary net position as of June 30, 2020:

	Private Purpose		Custodial
	Trust Fund		
Net Position, June 30, 2020	\$104,711		\$0
Adjustments:			
GASB 84	(104,711)		3,157
Restated Net Position, June 30, 2020	\$0		\$3,157

Also related to the implementation of GASB Statement No. 84, the School District will no longer be reporting agency funds; at June 30, 2020, agency funds reported assets and liabilities of \$58,896.

Centerburg Local School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2021

Note 4 – Compliance

Ohio Administrative Code, Section 117-2-03 (B), requires the School District to prepare its annual financial report in accordance with generally accepted accounting principles; however, the School District prepared its financial statements on a cash basis, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. The accompanying financial statements omit assets, liabilities, net position/fund balances, and disclosures that, while material, cannot be determined at this time. The School District can be fined.

Note 5 – Budgetary Basis of Accounting

The budgetary basis as provided by law is based upon accounting for certain transactions on the basis of cash receipts, disbursements, and encumbrances. The statement of receipts, disbursements and changes in fund balance – budget and actual – budget basis presented for the general fund is prepared on the budgetary basis to provide a meaningful comparison of actual results with the budget. The difference between the budgetary basis and the cash basis is outstanding year end encumbrances which are treated as cash disbursements (budgetary basis) rather than restricted, committed, or assigned fund balance (cash basis). The encumbrances outstanding at year end (budgetary basis), amounted to \$391,814. The Amvets Post 59 trust and the public school support funds are included with the general fund on the statement of assets and fund balances, as they do not have a committed or restricted receipt source. The net change in fund balance was a decrease of \$197 for the Amvets Post 59 trust fund and a decrease of \$7,102 for the public school support fund.

Note 6 – Deposits and Investments

Monies held by the School District are classified by State statute into three categories.

Active monies are public monies determined to be necessary to meet current demands upon the School District treasury. Active monies must be maintained either as cash in the School District treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that the Board has identified as not required for use within the current five year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts, including passbook accounts.

Protection of the School District's deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, or by the financial institution's participation in the Ohio Pooled Collateral System (OPCS), a collateral pool of eligible securities deposited with a qualified trustee and pledged to the Treasurer of State to secure the repayment of all public monies deposited in the financial institution.

Centerburg Local School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2021

Interim monies held by the School District can be deposited or invested in the following securities:

1. United States Treasury bills, bonds, notes, or any other obligation or security issued by the United States Treasury, or any other obligation guaranteed as to principal and interest by the United States;
2. Bonds, notes, debentures, or any other obligations or securities issued by any Federal government agency or instrumentality, including, but not limited to, Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, and Government National Mortgage Association. All Federal agency securities shall be direct issuances of Federal government agencies or instrumentalities;
3. Written repurchase agreements in securities listed above provided the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and the term of the agreement must not exceed thirty days;
4. Bonds and other obligations of the State of Ohio, and with certain limitations including a requirement for maturity within ten years from the date of settlement, bonds and other obligations of political subdivisions of the State of Ohio, if training requirements have been met;
5. Time certificates of deposit or savings or deposit accounts including, but not limited to, passbook accounts;
6. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
7. The State Treasurer's investment pool (STAR Ohio); and
8. Certain bankers' acceptances (for a period not to exceed one hundred eighty days) and commercial paper notes (for a period not to exceed two hundred seventy days) in an amount not to exceed 40 percent of the interim monies available for investment at any one time, if training requirements have been met.

Investments in stripped principal or interest obligations, reverse repurchase agreements, and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage, and short selling are also prohibited. Except as noted above, an investment must mature within five years from the date of purchase, unless matched to a specific obligation or debt of the School District, and must be purchased with the expectation that it will be held to maturity.

Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the treasurer or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

At June 30, 2021, the School District's self-insurance internal service fund had a balance of \$1,208,564 with the Jefferson Health Plan, a claims servicing pool (See Note 11). The money is held by the claims servicer in a pooled account which is representative of numerous entities and therefore cannot be classified by risk under GASB Statement 3. The classification of cash and cash equivalents and investments for the Jefferson Health Plan as a whole may be obtained from the Plan's fiscal agent, the Jefferson County Educational Service Center. To obtain financial information, write to the Jefferson Health Plan, Steubenville, Ohio 43952.

Centerburg Local School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2021

Investments As of June 30, 2021, the School District only had an investment in STAR Ohio, the State Treasurer’s Investment Pool. This investment of \$1,733,908 has an average maturity of 54.4 days.

Credit Risk Ohio law requires that STAR Ohio maintain the highest rating provided by at least one nationally recognized standard rating service. The School District has no investment policy that addresses credit risk.

Note 7 – Fund Balance

Fund balance is classified as nonspendable, restricted, committed, assigned and/or unassigned based primarily on the extent to which the School District is bound to observe constraints imposed upon the use of the resources in the government funds. The constraints placed on fund balance for the major governmental funds and all other governmental funds are presented as follows:

Fund Balances	General	Bond Retirement	Other Governmental Funds	Total Governmental Funds
Restricted for:				
Capital Projects	\$0	\$0	\$185,403	\$185,403
Debt Service	0	651,036	0	651,036

Centerburg Local School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2021

Note 8 – Property Taxes

Property taxes are levied and assessed on a calendar year basis while the School District’s fiscal year runs from July through June. First half tax collections are received by the School District in the second half of the fiscal year. Second half tax distributions occur in the first half of the following fiscal year.

Property taxes include amounts levied against all real and public utility located in the School District. Real property tax revenue received in calendar year 2021 represents collections of calendar year 2020 taxes. Real property taxes received in calendar year 2021 were levied after April 1, 2020, on the assessed value listed as of January 1, 2020, the lien date. Assessed values for real property taxes are established by State law at 35 percent of appraised market value. Real property taxes are payable annually or semi-annually. If paid annually, payment is due December 31; if paid semi-annually, the first payment is due December 31 with the remainder payable by June 20. Under certain circumstances, State statute permits alternate payment dates to be established.

Public utility property tax revenue received in calendar year 2021 represents collections of calendar year 2020 taxes. Public utility real and tangible personal property taxes received in calendar year 2021 became a lien December 31, 2019, were levied after April 1, 2020, and are collected in calendar year 2021 with real property taxes. Public utility real property is assessed at 35 percent of true value; public utility tangible personal property currently is assessed at varying percentages of true value.

The School District receives property taxes from Knox, Licking, and Delaware Counties. The County Auditors periodically advance to the School District its portion of the taxes collected. Second-half real property tax payments collected by the counties by June 30, 2021, are available to finance fiscal year 2022 operations. The amount available to be advanced can vary based on the date the tax bills are sent.

The assessed values upon which the fiscal year 2021 taxes were collected are as follows:

	2020 Second Half Collections		2021 First Half Collections	
	Amount	Percent	Amount	Percent
Real Estate	\$159,122,939	96.06%	\$188,085,294	96.51%
Public Utility Personal	6,518,700	3.94	6,795,590	3.49
	\$165,641,639	100.00%	\$194,880,884	100.00%

Tax Rate per \$1,000 of assessed valuation	\$38.40	\$37.94
--	---------	---------

During fiscal year 2021, property tax values increased in the School District. This caused the tax rate to decrease so that the bond levies would meet their collection amounts.

Note 9 – Income Tax

The School District levies a voted tax of 0.75 percent for general operations on the income of residents and of estates. The tax was effective on January 1, 1998, and is a continuing tax. Employers of residents are required to withhold income tax on compensation and remit the tax to the State. Taxpayers are required to file an annual return. The State makes quarterly distributions to the School District after withholding amounts for administrative fees and estimated refunds. Income tax revenue is credited to the general fund.

Centerburg Local School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2021

Note 10 – Jointly Governed Organizations

Metropolitan Educational Technology Association The School District is a participant in the Metropolitan Educational Technology Association (META), which is a jointly governed organization, created as a regional council of governments pursuant to Chapter 167 of the Ohio Revised Code. META operates as, and has all the powers of, a data acquisition site/information technology center pursuant to applicable provisions of the Ohio Revised Code. The organization was formed for the purpose of identifying, developing, and providing to members and non-members innovative educational and technological services and products, as well as expanded opportunities for cooperative purchasing. The General Assembly of META consists of one delegate from every member school district. The delegate is the superintendent of the school district or the superintendent’s designee. The degree of control exercised by any participating school district is limited to its representation on the General Assembly. The General Assembly exercises total control over the operation of META including budgeting, appropriating, contracting, and designating management. The School District paid \$50,670 to META during fiscal year 2021 for services. Financial information can be obtained from Ashley Widby, CFO, 100 Executive Drive, Marion, Ohio 43302.

Knox County Career Center The Knox County Career Center is a distinct political subdivision of the State of Ohio operated under the direction of a Board consisting of one representative from each of the participating school districts’ elected boards, which possesses its own budgeting and taxing authority. The School District made no payments to the Career Center during fiscal year 2021. To obtain financial information, write to the Knox County Career Center, Tracy Elliott, who serves as Treasurer, at 306 Martinsburg Road, Mount Vernon, Ohio 43050.

Note 11 – Insurance Purchasing Pools

Ohio School Boards Association Workers’ Compensation Group Rating Program (GRP)

The School District participates in a group rating plan for workers’ compensation as established under Section 4123.29 of the Ohio Revised Code. The Ohio School Boards Association Workers’ Compensation Group Rating Plan (Plan) was established through the Ohio School Boards Association (OSBA) as an insurance purchasing pool.

The Plan’s business and affairs are conducted by a three member Board of Directors consisting of the President, the President-Elect, and the Immediate Past President of the OSBA. The Executive Director of the OSBA, or his designee, serves as coordinator of the Plan. Each year, the participants pay an enrollment fee to the Plan to cover the costs of administering the program.

Jefferson Health Plan

The School District participates in the Jefferson Health Plan, a risk-sharing, claims servicing, and insurance purchasing pool composed of 120 members, including two insurance consortiums. Each participant appoints a member of the insurance plans’ assembly. The Plan’s business and affairs are conducted by a nine member Board of Directors elected from the assembly. The plan offers medical, prescription, vision, and dental coverage to the members on a self-insured basis, as well as the opportunity to participate in the group purchasing of life insurance coverage. The medical coverage plan provides each plan participant the opportunity to choose a self-insurance deductible limit which can range from \$35,000 to \$100,000 under which the individual member is responsible for all claims through the claims servicing pool. Plan participants also participate in a shared risk internal pool for individual claims between the self-insurance deductible limit and \$500,000, and all claims between the deductible and the \$500,000 are paid from the internal shared risk pool. The internal pool is not owned by the participants. All participants pay a

Centerburg Local School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2021

premium rate that is actuarially calculated based on the participants' actual claims experience which are utilized for the payment of claims within the claims servicing pool up to the self-insurance deductible limit; and for this portion of the plan, all plan participants retain their own risk. All participants pay an additional fee for participation in the internal pool that is based on the claims of the internal pool in aggregate and is not based on individual claims experience. In the event of a deficiency in the internal pool, participants would be charged a higher rate for participation, and in the event of a surplus, the internal pool pays dividends to the participants. For all individual claims exceeding \$500,000, stop loss coverage is purchased, as well as for an annual total plan aggregate claims amount. All plan participants also pay a monthly administration fee for fiscal services and third party administrative services. The plan also purchases fully insured life insurance for plan participants provided by United Medical Resources.

Note 12 – Defined Benefit Pension Plans

The Statewide retirement systems provide both pension benefits and other postemployment benefits (OPEB).

Net Pension Liability/Net OPEB Liability (Asset)

Pensions and OPEB are a component of exchange transactions – between an employer and its employees – of salaries and benefits for employee services. Pensions/OPEB are provided to an employee – on a deferred-payment basis – as part of the total compensation package offered by an employer for employee services each financial period.

The net pension/OPEB liability (asset) represent the School District's proportionate share of each pension/OPEB plan's collective actuarial present value of projected benefit payments attributable to past periods of service, net of each pension/OPEB plan's fiduciary net position. The net pension/OPEB liability (asset) calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting these estimates annually.

Ohio Revised Code limits the School District's obligation for this liability to annually required payments. The School District cannot control benefit terms or the manner in which pensions/OPEB are financed; however, the School District does receive the benefit of employees' services in exchange for compensation including pension and OPEB.

GASB 68/75 assumes the liability is solely the obligation of the employer, because (1) they benefit from employee services; and (2) State statute requires funding to come from these employers. All pension contributions to date have come solely from these employers (which also includes pension costs paid in the form of withholdings from employees). The retirement systems may allocate a portion of the employer contributions to provide for these OPEB benefits. In addition, health care plan enrollees pay a portion of the health care costs in the form of a monthly premium. State statute requires the retirement systems to amortize unfunded pension liabilities within 30 years. If the pension amortization period exceeds 30 years, each retirement system's board must propose corrective action to the State legislature. Any resulting legislative change to benefits or funding could significantly affect the net pension/OPEB liability (asset). Resulting adjustments to the net pension/OPEB liability (asset) would be effective when the changes are legally enforceable. The Ohio Revised Code permits, but does not require the retirement systems to provide health care to eligible benefit recipients.

The net pension/net OPEB liability (asset) are not reported on the face of the financial statements, but rather are disclosed in the notes because of the use of the modified cash basis framework.

Centerburg Local School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2021

The remainder of this note includes the required pension disclosures. See Note 13 for the required OPEB disclosures.

Plan Description – School Employees Retirement System (SERS)

Plan Description – School District non-teaching employees participate in SERS, a cost-sharing multiple-employer defined benefit pension plan administered by SERS. SERS provides retirement, disability and survivor benefits, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Ohio Revised Code Chapter 3309. SERS issues a publicly available, stand-alone financial report that includes financial statements, required supplementary information and detailed information about SERS’ fiduciary net position. That report can be obtained by visiting the SERS website at www.ohsers.org under Employers/Audit Resources.

Age and service requirements for retirement are as follows:

	Eligible to Retire on or before August 1, 2017 *	Eligible to Retire on or after August 1, 2017
Full Benefits	Any age with 30 years of service credit	Age 67 with 10 years of service credit; or Age 57 with 30 years of service credit
Actuarially Reduced Benefits	Age 60 with 5 years of service credit Age 55 with 25 years of service credit	Age 62 with 10 years of service credit; or Age 60 with 25 years of service credit

* Members with 25 years of service credit as of August 1, 2017, will be included in this plan.

Annual retirement benefits are calculated based on final average salary multiplied by a percentage that varies based on years of service: 2.2 percent for the first 30 years of service and 2.5 percent for years of service credit over 30. Final average salary is the average of the highest three years of salary.

An individual whose benefit effective date is before April 1, 2018, is eligible for a cost of living adjustment (COLA) on the first anniversary date of the benefit. Beginning April 1, 2018, new benefit recipients must wait until the fourth anniversary of their benefit for COLA eligibility. The COLA is added each year to the base benefit amount on the anniversary date of the benefit. A three-year COLA suspension is in effect for all benefit recipients for the years 2018, 2019, and 2020. Upon resumption of the COLA, it will be indexed to the percentage increase in the CPI-W, not to exceed 2.5 percent and with a floor of 0 percent. In 2020, the Board of Trustees approved a 0.5 percent COLA for eligible retirees and beneficiaries in 2021.

Funding Policy – Plan members are required to contribute 10 percent of their annual covered salary, and the School District is required to contribute 14 percent of annual covered payroll. The contribution requirements of plan members and employers are established and may be amended by the SERS’ Retirement Board up to statutory maximum amounts of 10 percent for plan members and 14 percent for employers. The Retirement Board, acting with the advice of the actuary, allocates the employer contribution rate among four of the System’s funds (Pension Trust Fund, Death Benefit Fund, Medicare B Fund, and Health Care Fund). For the fiscal year ended June 30, 2021, the allocation to pension, death benefits, and Medicare B was 14.0 percent. For fiscal year 2021, the Retirement Board did not allocate any employer contribution to the Health Care Fund.

The School District’s contractually required contribution to SERS was \$197,292 for fiscal year 2021.

Centerburg Local School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2021

Plan Description – State Teachers Retirement System (STRS)

Plan Description – School District licensed teachers and other faculty members participate in STRS Ohio, a cost-sharing multiple employer public employee retirement system administered by STRS. STRS provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS issues a stand-alone financial report that includes financial statements, required supplementary information, and detailed information about STRS' fiduciary net position. That report can be obtained by writing to STRS, 275 East Broad Street, Columbus, Ohio 43215-3771, by calling (888) 227-7877, or by visiting the STRS website at www.strsoh.org.

New members have a choice of three retirement plans: a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan, and a Combined Plan. Benefits are established by Ohio Revised Code Chapter 3307.

The DB Plan offers an annual retirement allowance based on final average salary multiplied by a percentage that varies based on years of service. Effective August 1, 2015, the calculation is 2.2 percent of final average salary for the five highest years of earnings multiplied by all years of service. In April 2017, the Retirement Board made the decision to reduce COLA granted on or after July 1, 2017, to 0 percent to preserve the fiscal integrity of the retirement system. Benefit recipients' base benefit and past cost of living increases are not affected by this change. Eligibility changes will be phased in until August 1, 2026, when retirement eligibility for unreduced benefits will be 5 years of service credit and age 65, or 35 years of service credit and at least age 60.

Eligibility changes for DB Plan members who retire with actuarially reduced benefits will be phased in until August 1, 2023, when retirement eligibility will be 5 years of qualifying service credit and age 60, or 30 years of service credit at any age.

The DC Plan allows members to place all their member contributions and 9.53 percent of the 14 percent employer contributions into an investment account. The member determines how to allocate the member and employer money among various investment choices offered by STRS. The remaining 4.47 percent of the 14 percent employer rate is allocated to the defined benefit unfunded liability. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal.

The Combined Plan offers features of both the DB Plan and the DC Plan. In the Combined Plan, 12 percent of the 14 percent member rate is deposited into the member's DC account and the remaining 2 percent is applied to the DB Plan. Member contributions to the DC Plan are allocated among investment choices by the member, and contributions to the DB Plan from the employer and the member are used to fund the defined benefit payment at a reduced level from the regular DB Plan. The defined benefit portion of the Combined Plan payment is payable to a member on or after age 60 with five years of service. The defined contribution portion of the account may be taken as a lump sum payment or converted to a lifetime monthly annuity at age 50 and after termination of employment.

New members who choose the DC Plan or Combined Plan will have another opportunity to reselect a permanent plan during their fifth year of membership. Members may remain in the same plan or transfer to another STRS plan. The optional annuitization of a member's defined contribution account or the defined contribution portion of a member's Combined Plan account to a lifetime benefit results in STRS bearing the risk of investment gain or loss on the account. STRS has therefore included all three plan options as one defined benefit plan for GASB 68 reporting purposes.

Centerburg Local School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2021

A DB or Combined Plan member with five or more years of credited service who is determined to be disabled may qualify for a disability benefit. New members must have at least ten years of qualifying service credit to apply for disability benefits. Members in the DC Plan who become disabled are entitled only to their account balance. Eligible survivors of members who die before service retirement may qualify for monthly benefits. If a member of the DC Plan dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

Funding Policy – Employer and member contribution rates are established by the State Teachers Retirement Board and limited by Chapter 3307 of the Ohio Revised Code. The fiscal year 2021 employer and employee contribution rates of 14 percent were equal to the statutory maximum rates. For fiscal year 2021, the full employer contribution was allocated to pension.

The School District's contractually required contribution to STRS was \$700,039 for fiscal year 2021.

Net Pension Liability

The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The School District's proportion of the net pension liability was based on the School District's share of contributions to the pension plan relative to the contributions of all participating entities. Following is information related to the proportionate share:

	SERS	STRS	Total
Proportion of the Net Pension Liability:			
Prior Measurement Date	0.04044400%	0.04061442%	
Current Measurement Date	0.03915450%	0.04111095%	
Change in Proportionate Share	-0.00128950%	0.00049653%	
 Proportionate Share of the Net Pension Liability	 \$2,589,761	 \$9,947,387	 \$12,537,148

Actuarial Assumptions – SERS

SERS' total pension liability was determined by their actuaries in accordance with GASB Statement No. 67, as part of their annual actuarial valuation for each defined benefit retirement plan. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts (e.g., salaries, credited service) and assumptions about the probability of occurrence of events far into the future (e.g., mortality, disabilities, retirements, employment termination). Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employers and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations.

Actuarial calculations reflect a long-term perspective. For a newly hired employee, actuarial calculations will take into account the employee's entire career with the employer and also take into consideration the benefits, if any, paid to the employee after termination of employment until the death of the employee and any applicable contingent annuitant. In many cases actuarial calculations reflect several decades of service with the employer and the payment of benefits after termination.

Centerburg Local School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2021

Key methods and assumptions used in calculating the total pension liability in the latest actuarial valuation, prepared as of June 30, 2020, are presented as follows:

Inflation	3.00 percent
Future Salary Increases, including inflation	3.50 percent to 18.20 percent
COLA or Ad Hoc COLA	2.5 percent
Investment Rate of Return	7.50 percent net of investment expense, including inflation
Actuarial Cost Method	Entry Age Normal (Level Percent of Payroll)

Mortality rates were based on the RP-2014 Blue Collar Mortality Table with fully generational projection and a five year age set-back for both males and females. Mortality among service retired members, and beneficiaries were based upon the RP-2014 Blue Collar Mortality Table with fully generational projection with Scale BB, 120 percent of male rates, and 110 percent of female rates. Mortality among disabled members were based upon the RP-2000 Disabled Mortality Table, 90 percent for male rates and 100 percent for female rates, set back five years is used for the period after disability retirement.

The most recent experience study was completed for the five year period ended June 30, 2015.

The long-term return expectation for the Pension Plan Investments has been determined by using a building-block approach and assumes a time horizon, as defined in SERS' *Statement of Investment Policy*. A forecasted rate of inflation serves as the baseline for the return expectation. Various real return premiums over the baseline inflation rate have been established for each asset class. The long-term expected nominal rate of return has been determined by calculating an arithmetic weighted average of the expected real return premiums for each asset class, adding the projected inflation rate, and adding the expected return from rebalanced uncorrelated asset classes.

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Cash	2.00 %	1.85 %
US Stocks	22.50	5.75
Non-US Stocks	22.50	6.50
Fixed Income	19.00	2.85
Private Equity	12.00	7.60
Real Assets	17.00	6.60
Multi-Asset Strategies	5.00	6.65
Total	100.00 %	

Discount Rate The total pension liability was calculated using the discount rate of 7.50 percent. The projection of cash flows used to determine the discount rate assumed the contributions from employers and from the members would be computed based on contribution requirements as stipulated by State statute. Projected inflows from investment earning were calculated using the long-term assumed investment rate of return (7.50 percent). Based on those assumptions, the plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefits to determine the total pension liability.

Sensitivity of the School District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate Net pension liability is sensitive to changes in the discount rate, and to illustrate the potential impact, the following table presents the School District's proportionate share of the net pension liability

Centerburg Local School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2021

calculated using the discount rate of 7.50 percent, as well as what the School District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.50 percent), or one percentage point higher (8.50 percent) than the current rate.

	1% Decrease (6.50%)	Current Discount Rate (7.50%)	1% Increase (8.50%)
School District's proportionate share of the net pension liability	\$3,547,657	\$2,589,761	\$1,786,069

Actuarial Assumptions – STRS

Key methods and assumptions used in the latest actuarial valuation, reflecting experience study results used in the July 1, 2020, actuarial valuation, are presented as follows:

Inflation	2.50 percent
Projected Salary Increases	12.50 percent at age 20 to 2.50 percent at age 65
Investment Rate of Return	7.45 percent, net of investment expenses, including inflation
Discount Rate of Return	7.45 percent
Payroll Increases	3 percent
Cost of Living Adjustments (COLA)	0.0 percent, effective July 1, 2017

Post-retirement mortality rates for healthy retirees are based on the RP-2014 Annuitant Mortality Table with 50 percent of rates through age 69, 70 percent of rates between ages 70 and 79, 90 percent of rates between ages 80 and 84, and 100 percent of rates thereafter, projected forward generationally using mortality improvement scale MP-2016. Pre-retirement mortality rates are based on RP-2014 Employee Mortality Table, projected forward generationally using mortality improvement scale MP-2016. Post-retirement disabled mortality rates are based on the RP-2014 Disabled Mortality Table with 90 percent of rates for males and 100 percent of rates for females, projected forward generationally using mortality improvement scale MP-2016.

Actuarial assumptions used in the July 1, 2020, valuation are based on the results of an actuarial experience study for the period July 1, 2011, through June 30, 2016.

STRS' investment consultant develops an estimate range for the investment return assumption based on the target allocation adopted by the Retirement Board. The target allocation and long-term expected rate of return for each major asset class are summarized as follows:

Asset Class	Target Allocation	Long-Term Expected Rate of Return *
Domestic Equity	28.00 %	7.35 %
International Equity	23.00	7.55
Alternatives	17.00	7.09
Fixed Income	21.00	3.00
Real Estate	10.00	6.00
Liquidity Reserves	1.00	2.25
Total	100.00 %	

* 10 year annualized geometric nominal returns, which include the real rate of return and inflation of 2.25 percent and do not include investment expenses. Over a 30-year period, STRS' investment consultant indicates that the above target allocations should generate a return above the actuarial rate of return, without net value added by management.

Centerburg Local School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2021

Discount Rate The discount rate used to measure the total pension liability was 7.45 percent as of June 30, 2020. The projection of cash flows used to determine the discount rate assumes that member and employer contributions will be made at the statutory contribution rates in accordance with rate increases described previously. For this purpose, only employer contributions that are intended to fund benefits of current plan members and their beneficiaries are included. Based on those assumptions, STRS' fiduciary net position was projected to be available to make all projected future benefit payments to current plan members as of June 30, 2020. Therefore, the long-term expected rate of return on pension plan investments of 7.45 percent was applied to all periods of projected benefit payment to determine the total pension liability as of June 30, 2020.

Sensitivity of the School District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate The following table presents the School District's proportionate share of the net pension liability calculated using the current period discount rate assumption of 7.45 percent, as well as what the School District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.45 percent) or one percentage point higher (8.45 percent) than the current rate:

	1% Decrease (6.45%)	Current Discount Rate (7.45%)	1% Increase (8.45%)
School District's proportionate share of the net pension liability	\$14,163,347	\$9,947,387	\$6,374,712

Social Security System

Effective July 1, 1991, all employees not otherwise covered by the School Employees Retirement System or the State Teachers Retirement System of Ohio have an option to choose Social Security or the School Employees Retirement System. As of June 30, 2020, one member of the Board of Education has elected Social Security. The Board's liability is 6.2 percent of wages.

Note 13 – Defined Benefit OPEB Plans

See Note 12 for a description of the net OPEB liability (asset).

Plan Description – School Employees Retirement System (SERS)

Health Care Plan Description – The School District contributes to the SERS Health Care Fund, administered by SERS for non-certificated retirees and their beneficiaries. For GASB 75 purposes, this plan is considered a cost-sharing other postemployment benefit (OPEB) plan. SERS' Health Care Plan provides health care benefits to eligible individuals receiving retirement, disability, and survivor benefits, and to their eligible dependents. Members who retire after June 1, 1986, need 10 years of service credit, exclusive of most types of purchased credit, to qualify to participate in SERS' health care coverage. In addition to age and service retirees, disability benefit recipients and beneficiaries who are receiving monthly benefits due to the death of a member or retiree, are eligible for SERS' health care coverage. Most retirees and dependents choosing SERS' health care coverage are over the age of 65 and therefore enrolled in a fully insured Medicare Advantage plan; however, SERS maintains a traditional, self-insured preferred provider organization for its non-Medicare retiree population. For both groups, SERS offers a self-insured prescription drug program. Health care is a benefit that is permitted, not mandated, by statute. The financial report of the Plan is included in the SERS Annual Comprehensive Financial Report which can be obtained on SERS' website at www.ohsers.org under Employers/Audit Resources.

Centerburg Local School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2021

Access to health care for retirees and beneficiaries is permitted in accordance with Section 3309 of the Ohio Revised Code. The Health Care Fund was established and is administered in accordance with Internal Revenue Code Section 105(e). SERS' Retirement Board reserves the right to change or discontinue any health plan or program. Active employee members do not contribute to the Health Care Plan. The SERS Retirement Board established the rules for the premiums paid by the retirees for health care coverage for themselves and their dependents or for their surviving beneficiaries. Premiums vary depending on the plan selected, qualified years of service, Medicare eligibility, and retirement status.

Funding Policy – State statute permits SERS to fund the health care benefits through employer contributions. Each year, after the allocation for statutorily required pensions and benefits, the Retirement Board may allocate the remainder of the employer contribution of 14 percent of covered payroll to the Health Care Fund in accordance with the funding policy. For fiscal year 2021, no allocation was made to health care. An additional health care surcharge on employers is collected for employees earning less than an actuarially determined minimum compensation amount, pro-rated if less than a full year of service credit was earned. For fiscal year 2021, this amount was \$23,000. Statutes provide that no employer shall pay a health care surcharge greater than 2 percent of that employer's SERS-covered payroll; nor may SERS collect in aggregate more than 1.5 percent of the total statewide SERS-covered payroll for the health care surcharge. For fiscal year 2021, the School District's surcharge obligation was \$25,822.

The surcharge, added to the allocated portion of the 14 percent employer contribution rate is the total amount assigned to the Health Care Fund. The School District's contractually required contribution to SERS was \$25,822 for fiscal year 2021.

Plan Description – State Teachers Retirement System (STRS)

Plan Description – The State Teachers Retirement System of Ohio (STRS) administers a cost-sharing Health Plan administered for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS. Ohio law authorizes STRS to offer this plan. Benefits include hospitalization, physicians' fees, prescription drugs and partial reimbursement of monthly Medicare Part B premiums. The Plan is included in the report of STRS which can be obtained by visiting www.strsoh.org or by calling (888) 227-7877.

Funding Policy – Ohio Revised Code Chapter 3307 authorizes STRS to offer the Plan and gives the Retirement Board discretionary authority over how much, if any, of the health care costs will be absorbed by STRS. Active employee members do not contribute to the Health Care Plan. All benefit recipients pay a portion of the health care costs in the form of a monthly premium. Under Ohio law, funding for postemployment health care may be deducted from employer contributions, currently 14 percent of covered payroll. For the fiscal year ended June 30, 2021, STRS did not allocate any employer contributions to postemployment health care.

Net OPEB Liability (Asset)

The net OPEB liability (asset) was measured as of June 30, 2020, and the total OPEB liability used to calculate the net OPEB liability (asset) was determined by an actuarial valuation as of that date. The School District's proportion of the net OPEB liability (asset) was based on the School District's share of contributions to the respective retirement systems relative to the contributions of all participating entities. Following is information related to the proportionate share:

Centerburg Local School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2021

	SERS	STRS	Total
Proportion of the Net OPEB Liability/Asset:			
Prior Measurement Date	0.04139520%	0.04061442%	
Current Measurement Date	0.04055610%	0.04111095%	
Change in Proportionate Share	-0.00083910%	0.00049653%	
Proportionate Share of the:			
Net OPEB Liability	\$881,417	\$0	\$881,417
Net OPEB Asset	0	722,524	722,524

Actuarial Assumptions – SERS

The total OPEB liability is determined by SERS’ actuaries in accordance with GASB Statement No. 74, as part of their annual actuarial valuation for each retirement plan. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts (e.g., salaries, credited service) and assumptions about the probability of occurrence of events far into the future (e.g., mortality, disabilities, retirements, employment terminations). Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employers and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations.

Actuarial calculations reflect a long-term perspective. For a newly hired employee, actuarial calculations will take into account the employee's entire career with the employer and also take into consideration the benefits, if any, paid to the employee after termination of employment until the death of the employee and any applicable contingent annuitant. In many cases, actuarial calculations reflect several decades of service with the employer and the payment of benefits after termination.

Key methods and assumptions used in calculating the total OPEB liability in the latest actuarial valuation date of June 30, 2020, are presented as follows:

Inflation	3.00 percent
Wage Increases	3.50 percent to 18.20 percent
Investment Rate of Return	7.50 percent net of investment expense, including inflation
Municipal Bond Index Rate:	
Measurement Date	2.45 percent
Prior Measurement Date	3.13 percent
Single Equivalent Interest Rate, net of plan investment expense, including price inflation:	
Measurement Date	2.63 percent
Prior Measurement Date	3.22 percent
Medical Trend Assumption:	
Medicare	5.25 to 4.75 percent
Pre-Medicare	7.00 to 4.75 percent

Centerburg Local School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2021

Mortality rates were based on the RP-2014 Blue Collar Mortality Table with fully generational projection and Scale BB, 120 percent of male rates and 110 percent of female rates. RP-2000 Disabled Mortality Table with 90 percent for male rates and 100 percent for female rates set back five years.

The most recent experience study was completed for the five year period ended June 30, 2015.

The long-term expected rate of return on plan assets is reviewed as part of the actuarial five-year experience study. The most recent study covers fiscal years 2010 through 2015, and was adopted by the Board on April 21, 2016. Several factors are considered in evaluating the long-term rate of return assumption including long-term historical data, estimates inherent in current market data, and a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return were developed by the investment consultant for each major asset class. These ranges were combined to produce the long-term expected rate of return, 7.50 percent, by weighting the expected future real rates of return by the target asset allocation percentage and then adding expected inflation. The capital market assumptions developed by the investment consultant are intended for use over a 10-year horizon and may not be useful in setting the long-term rate of return for funding pension plans which covers a longer timeframe. The assumption is intended to be a long-term assumption and is not expected to change absent a significant change in the asset allocation, a change in the inflation assumption, or a fundamental change in the market that alters expected returns in future years.

The SERS health care plan follows the same asset allocation and long-term expected real rate of return for each major asset class as the pension plan, see Note 12.

Discount Rate The discount rate used to measure the total OPEB liability at June 30, 2020, was 2.63 percent. The discount rate used to measure total OPEB liability at June 30, 2019, was 3.22 percent. The projection of cash flows used to determine the discount rate assumed that contributions will be made from members and the System at the State statute contribution rate of 2.00 percent of projected covered employee payroll each year, which includes a 1.50 percent payroll surcharge and 0.50 percent of contributions from the basic benefits plan. Based on these assumptions, the OPEB plan's fiduciary net position was projected to become insufficient to make future benefit payments during the fiscal year ending June 30, 2025. Therefore, the long-term expected rate of return on OPEB plan assets was used to present value the projected benefit payments through the fiscal year ending June 30, 2024, and the Fidelity General Obligation 20-year Municipal Bond Index rate of 2.45 percent, as of June 30, 2020 (i.e. municipal bond rate), was used to present value the projected benefit payments for the remaining years in the projection. The total present value of projected benefit payments from all years was then used to determine the single rate of return that was used as the discount rate. The projection of future benefit payments for all current plan members was until the benefit payments ran out.

Sensitivity of the School District's Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate and Changes in the Health Care Cost Trend Rates The net OPEB liability is sensitive to changes in the discount rate and the health care cost trend rate. The following table presents the School District's proportionate share of the net OPEB liability, what the School District's proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (1.63 percent) and higher (3.63 percent) than the current discount rate (2.63 percent). Also shown is what the School District's proportionate share of the net OPEB liability would be based on health care cost trend rates that are one percentage point lower (6.00 percent decreasing to 3.75 percent) and higher (8.00 percent decreasing to 5.75 percent) than the current rate.

Centerburg Local School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2021

	1% Decrease (1.63%)	Current Discount Rate (2.63%)	1% Increase (3.63%)
School District's Proportionate Share of the Net OPEB Liability	\$1,078,832	\$881,417	\$724,472

	1% Decrease (6.00% decreasing to 3.75%)	Current Trend Rate (7.00% decreasing to 4.75%)	1% Increase (8.00% decreasing to 5.75%)
School District's Proportionate Share of the Net OPEB Liability	\$694,049	\$881,417	\$1,131,976

Actuarial Assumptions – STRS

Key methods and assumptions used in the latest actuarial valuation, reflecting experience study results used in the June 30, 2020, actuarial valuation are presented as follows:

Projected Salary Increases	12.50 percent at age 20 to 2.50 percent at age 65
Investment Rate of Return	7.45 percent, net of investment expenses, including inflation
Payroll Increases	3 percent
Discount Rate of Return	7.45 percent
Health Care Cost Trends:	
Medical:	
Pre-Medicare	5.00 percent initial, 4 percent ultimate
Medicare	-6.69 percent initial, 4 percent ultimate
Prescription Drug:	
Pre-Medicare	6.50 percent initial, 4 percent ultimate
Medicare	11.87 initial, 4 percent ultimate

Projections of benefits include the historical pattern of sharing benefit costs between the employers and retired plan members.

For healthy retirees the mortality rates are based on the RP-2014 Annuitant Mortality Table with 50 percent of rates through age 69, 70 percent of rates between ages 70 and 79, 90 percent of rates between ages 80 and 84, and 100 percent of rates thereafter, projected forward generationally using mortality improvement scale MP-2016. For disabled retirees, mortality rates are based on the RP-2014 Disabled Mortality Table with 90 percent of rates for males and 100 percent of rates for females, projected forward generationally using mortality improvement scale MP-2016.

Actuarial assumptions used in the June 30, 2020, valuation are based on the results of an actuarial experience study for the period July 1, 2011, through June 30, 2016.

Since the prior measurement date, there was no change to the claims costs process. Claim curves were updated to reflect the projected fiscal year ending June 30, 2021, premium based on June 30, 2020, enrollment distribution. The non-Medicare subsidy percentage was increased effective January 1, 2021, from 1.984 percent to 2.055 percent per year of service. The non-Medicare frozen subsidy base premium was increased effective January 1, 2021. The Medicare subsidy percentages were adjusted effective January 1, 2021, to 2.1 percent for the AMA Medicare plan. The Medicare Part B monthly reimbursement elimination date was postponed indefinitely.

Centerburg Local School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2021

The STRS health care plan follows the same asset allocation and long-term expected real rate of return for each major asset class as the pension plan, see Note 12.

Discount Rate The discount rate used to measure the total OPEB liability was 7.45 percent as of June 30, 2020. The projection of cash flows used to determine the discount rate assumes STRS continues to allocate no employer contributions to the health care fund. Based on these assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments to current plan members as of June 30, 2020. Therefore, the long-term expected rate of return on health care plan investments of 7.45 percent was used to measure the total OPEB liability as of June 30, 2020.

Sensitivity of the School District's Proportionate Share of the Net OPEB Asset to Changes in the Discount and Health Care Cost Trend Rate The following table represents the School District's proportionate share of the net OPEB asset as of June 30, 2020, calculated using the current period discount rate assumption of 7.45 percent, as well as what the School District's proportionate share of the net OPEB asset would be if it were calculated using a discount rate that is one percentage point lower (6.45 percent) or one percentage point higher (8.45 percent) than the current assumption. Also shown is the School District's proportionate share of the net OPEB asset as if it were calculated using health care cost trend rates that are one percentage point lower or one percentage point higher than the current health care cost trend rates.

	1% Decrease (6.45%)	Current Discount Rate (7.45%)	1% Increase (8.45%)
School District's Proportionate Share of the Net OPEB Asset	\$628,643	\$722,524	\$802,179

	1% Decrease	Current Trend Rate	1% Increase
School District's Proportionate Share of the Net OPEB Asset	\$797,235	\$722,524	\$631,516

Note 14 – Other Employee Benefits

Life Insurance Benefits

The School District provides life insurance and accidental death and dismemberment insurance to most employees through the Anthem Life Insurance Company.

Deferred Compensation

School District employees may participate in the Ohio Public Employees Deferred Compensation Plan. This plan was created in accordance with Internal Revenue Code Section 457. Participation is on a voluntary payroll deduction basis. The plan permits deferral of compensation until future years. According to the plan, the deferred compensation is not available until termination, retirement, death or an unforeseeable emergency.

Centerburg Local School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2021

Note 15 – Long-Term Obligations

The original issue date, interest rate, original issue amount and date of maturity of each of the School District’s bonds follow:

Debt Issue	Interest Rate	Issue Amount	Year of Maturity
2007 Refunded Ohio School Facilities Commission Bonds:			
Current Interest Serial Bonds	4.00 - 5.00%	\$1,835,000	2020 to 2023
Current Interest Term Bonds	3.80 - 5.75	2,325,000	2007 to 2027
2017 School Facilities Construction and Improvement Bonds:			
Current Interest Serial Bonds	3.00	465,000	2017 to 2020
Current Interest Term Bonds	4.00	1,635,000	2025 to 2031

Changes in long-term obligations of the School District during fiscal year 2021 were as follows:

	Principal Outstanding June 30, 2020	Additions	Deductions	Principal Outstanding June 30, 2021	Amount Due in One Year
Governmental Activities					
General Obligation Bonds:					
2007 Refunded Ohio School Facilities Commission Bonds:					
Current Interest Serial Bonds	\$1,835,000	\$0	\$420,000	\$1,415,000	\$450,000

Premium on Bonds	111,003	0	9,723	101,280	0
Total 2017 School Facilities Construction and Improvement Bonds	1,866,003	0	129,723	1,736,280	120,000
Total Governmental Activities	\$4,210,723	\$0	\$553,575	\$3,657,148	\$570,000

General obligation bonds will be paid from the debt service fund.

On October 4, 2006, the School District issued \$4,354,998 in general obligation bonds to refund a portion of the 2001 Ohio School Facilities Commission general obligation bonds in order to take advantage of lower interest rates. The bonds included serial, term and capital appreciation (deep discount) bonds in the amount of \$1,835,000, \$2,325,000 and \$194,998, respectively. The capital appreciation bonds matured in December of 2015.

The term bond maturing on December 1, 2027, is subject to mandatory sinking fund redemption requirements at a redemption price of 100 percent of the principal amounts to be redeemed, plus accrued interest to the date of redemption, on December 1 in each of the years and in the principal amounts set forth as follows:

Centerburg Local School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2021

Year	Issue \$485,000
2024	\$110,000
2025	120,000
2026	125,000
Total	<u>\$355,000</u>
<i>Stated Maturity</i>	<i>12/1/2027</i>

The remaining principal amount of the term bond (\$130,000) will mature at the stated maturity.

On January 31, 2017, the School District issued \$2,100,000 in general obligation bonds for the purpose of constructing, renovating, and improving school facilities, including athletic and vocational agriculture facilities, and improving technology infrastructure and safety and security systems. The bonds were issued at a premium of \$140,172 and include serial and term bonds in the amounts of \$465,000 and \$1,635,000, respectively. The bonds were issued for a 15 year period with final maturity at December 1, 2031. Interest payments of 3 to 4 percent per year are due on June 1 and December 1 of each year, until the principal amount is paid.

Optional Redemption The bonds maturing after December 1, 2026, are subject to redemption at the option of the School District, either in whole or in part, in such order of maturity as the School District shall determine, on any date on or after December 1, 2026, at a redemption price equal to 100 percent of the principal amount redeemed plus, in each case, accrued interest to the date fixed for redemption.

Mandatory Sinking Fund Redemption The term bonds maturing on December 1, 2025 and 2031, respectively, are subject to mandatory sinking fund redemption requirements at a redemption price of 100 percent of the principal amounts to be redeemed, plus accrued interest to the date of redemption, on December 1 in each of the years and in the principal amounts set forth as follows:

Year	Issue	
	\$650,000	\$985,000
2021	\$120,000	\$0
2022	125,000	0
2023	130,000	0
2024	135,000	0
2026	0	150,000
2027	0	155,000
2028	0	160,000
2029	0	165,000
2030	0	175,000
Total	<u>\$510,000</u>	<u>\$805,000</u>
<i>Stated Maturity</i>	<i>12/1/2019</i>	<i>12/1/2027</i>

The remaining principal amounts of the term bonds (\$140,000 and \$180,000) will mature at the stated maturity.

The overall debt margin of the School District as of June 30, 2021, was \$14,655,316 with an unvoted debt margin of \$194,881. Principal and interest requirements to retire general obligation bonds outstanding at June 30, 2021, are as follows:

Centerburg Local School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2021

Fiscal Year Ended June 30	General Obligation Bonds			
	Serial Bonds		Term Bonds	
	Principal	Interest	Principal	Interest
2022	\$450,000	\$72,923	\$120,000	\$63,000

Total	<u>\$1,415,000</u>	<u>\$155,371</u>	<u>\$2,120,000</u>	<u>\$428,105</u>

Note 16 – Risk Management

Property and Liability

The School District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees and natural disasters. During fiscal year 2021, the School District contracted with the Ohio School Plan for various types of insurance as follows:

Type of Coverage	Deductible	Coverage
Property (Replacement Cost)	\$1,000	\$66,354,227
General Liability:		
Per Occurrence	0	1,000,000
In Aggregate	0	3,000,000
Automobile Liability	0	1,000,000
Employers' Liability (Ohio Stop-Gap)	0	1,000,000
Fiduciary Liability and Legal Liability:		
Per Occurrence	2,500	1,000,000
In Aggregate	0	3,000,000
Violence Coverage	0	1,000,000
Crime Coverage	1,000	100,000

Settled claims have not exceeded this commercial coverage in any of the past three years. There have been no significant reductions in coverage from last year.

Workers' Compensation

For fiscal year 2021, the School District participated in the Ohio School Boards Association Workers' Compensation Group Rating Plan (Plan), an insurance purchasing pool. The Plan is intended to achieve the benefit of a reduced premium for the School District by virtue of its grouping and representation with other participants in the Plan. The workers' compensation experience of the participating members is calculated as one experience and a common premium rate is applied to all members in the Plan. Each member pays its workers' compensation premium to the State based on the rate for the Plan rather than its individual rate. Total savings are then calculated and each participant's individual performance is compared to the overall savings percentage of the Plan. A participant will then either receive money from or be required to contribute to the "Equity Pooling Fund". This "equity pooling" arrangement insures that each participant shares equally in the overall performance of the Plan. Participation in the Plan is limited to participants that can meet the Plan's selection criteria. The firm of Comp Management, A Sedgwick CMS Company, provides administrative, cost control and actuarial services to the GRP.

Centerburg Local School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2021

Employee Insurance Benefits

The School District offers medical, surgical, and prescription drug coverage to all employees through a self-insurance internal service fund. Monthly premiums for the cost of claims are remitted to the fiscal agent who in turn pays the claims on the School District's behalf. The claims liability at June 30, 2021, of \$293,544, which is based on an estimate provided by the third party administrator, includes unpaid claim costs and estimates of costs relating to incurred but not reported claims. The estimate was not affected by incremental claim adjustment expense and does not include other allocated or unallocated claim adjustment expenses. A comparison of self-insurance fund cash and investment to the actuarially-measured liability as of June 30 follows:

<u>Year</u>	<u>Cash and Investments</u>	<u>Actuarial Liabilities</u>
2020	\$186,314	\$396,792
2021	1,208,564	293,544

Note 17 – Contingencies

Grants

The School District received financial assistance from Federal and State agencies in the form of grants. The expenditure of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the general fund or other applicable funds; however, the effect of any such disallowed claims on the overall financial position of the School District at June 30, 2021, if applicable, cannot be determined at this time.

School Foundation

In fiscal year 2021, School District Foundation funding was based on the annualized full-time equivalent (FTE) enrollment of each student. The Ohio Department of Education (ODE) is legislatively required to adjust/reconcile funding as enrollment information is updated by schools throughout the State, which can extend past the fiscal year end. ODE adjustments have been finalized, and there was no material impact to these financial statements.

Litigation

As of June 30, 2021, the School District was not party to any legal proceedings.

Note 18 – Set-Aside Requirements

The School District is required by State statute to annually set aside in the general fund an amount based on a statutory formula for the acquisition and construction of capital improvements. Amounts not spent by the end of the fiscal year or offset by similarly restricted resources received during the year must be held in cash at year end and carried forward to be used for the same purposes in future years.

Centerburg Local School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2021

The following cash basis information describes the change in the fiscal year end set-aside amounts for capital acquisition. Disclosure of this information is required by State statute.

	Capital Improvements Reserve
Set-Aside Reserve Balance as of June 30, 2020	\$0
Current Year Set-Aside Requirement	205,575
Current Year Offsets	(149,918)
Prior Year Offset from Bond Proceeds	(55,657)
Total	\$0
Set-Aside Balance Carried	
Forward to Future Fiscal Years	\$0
Set-Aside Reserve Balance as of June 30, 2021	\$0

The amount presented for prior year offset from bond proceeds is limited to an amount needed to reduce the reserve for capital improvements to \$0. The School District is responsible for tracking the amount of the bond proceeds that may be used as an offset in future periods.

Note 19 – Interfund Transfers

During the fiscal year ended June 30, 2021, the School District made transfers between funds as follows:

	Transfers In		
		Other Governmental Funds	
Transfers Out	General	Other Governmental Funds	Total
General	\$0	\$40,000	\$40,000
Other Governmental Funds	2,671	0	2,671
Total	\$2,671	\$40,000	\$42,671

The transfers from the general fund to other governmental funds were made to support the operations of special revenue funds. Transfers from other governmental funds to the general fund were made to close out old student activity funds in accordance with School District policy.

Note 20 – Encumbrances

Encumbrances are commitments related to unperformed contracts for goods or services. Encumbrance accounting is utilized to the extent necessary to assure effective budgetary control and accountability and to facilitate effective cash planning and control. At fiscal year end the amount of encumbrances expected to be honored upon performance by the vendor in the next fiscal year were as follows:

General	\$391,814
Other Governmental Funds	322,905
Total Governmental	\$714,719
Internal Service Fund	\$432,660

Centerburg Local School District
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2021

Note 21 – Subsequent Event

For fiscal year 2022, School District foundation funding received from the State of Ohio will be funded using a direct funding model. Under this new model, community school, STEM school and scholarship funding will be directly funded by the State of Ohio to the respective schools. For fiscal year 2021 and prior, the amounts related to students who were residents of the School District were funded to the School District who, in turn, made the payment to the respective school. For fiscal year 2021, the School District reported \$519,195 in receipts and disbursements related to these programs. This new funding system calculates a unique base cost and a unique “per-pupil local capacity amount” for each School District. The School District’s State core foundation funding is then calculated. Any change in funding will be subject to a phase in percentage of 16.67 percent for fiscal year 2022 and 33.33 percent for fiscal year 2023.

Note 22 – COVID-19

The United States and the State of Ohio declared a state of emergency in March of 2020 due to the COVID-19 pandemic. Ohio’s state of emergency ended in June of 2021 while the national state of emergency continues. During fiscal year 2021, the School District received Coronavirus Aid, Relief, and Economic Security (CARES) Act funding. Additional funding has been made available through the Consolidated Appropriations Act, 2021, passed by Congress on December 21, 2020, and/or the American Rescue Plan Act, passed by Congress on March 11, 2021.

**CENTERBURG LOCAL SCHOOL DISTRICT
KNOX COUNTY**

**NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
2 CFR 200.510(b)(6)
FOR THE YEAR ENDED JUNE 30, 2021**

NOTE A – BASIS OF PRESENTATION

The accompanying Schedule of Expenditures of Federal Awards (the Schedule) includes the federal award activity of Centerburg Local School District (the School District) under programs of the federal government for the year ended June 30, 2021. The information on this Schedule is prepared in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the School District, it is not intended to and does not present the financial position or changes in net position of the School District.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the cash basis of accounting. Such expenditures are recognized following the cost principles contained in Uniform Guidance wherein certain types of expenditures may or may not be allowable or may be limited as to reimbursement.

NOTE C – INDIRECT COST RATE

The School District has elected not to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

NOTE D - CHILD NUTRITION CLUSTER

The School District commingles cash receipts from the U.S. Department of Agriculture with similar State grants. When reporting expenditures on this Schedule, the School District assumes it expends federal monies first.

NOTE E – FOOD DONATION PROGRAM

The School District reports commodities consumed on the Schedule at the fair value. The School District allocated donated food commodities to the respective program that benefitted from the use of those donated food commodities.

NOTE F - TRANSFERS BETWEEN PROGRAM YEARS

Federal regulations require schools to obligate certain federal awards by June 30. However, with ODE's consent, schools can transfer unobligated amounts to the subsequent fiscal year's program. The School District transferred the following amounts from 2021 to 2022 programs:

<u>Program Title</u>	<u>AL</u> <u>Number</u>	<u>Amt.</u> <u>Transferred</u>
Supporting Effective Instruction State Grants	84.367A	\$ 5,946
Special Education - Grants to States	84.027	\$ 3,297

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

Centerburg Local School District
Knox County
119 South Preston Street
Centerburg, Ohio 43011

To the Board of Education:

We have audited, in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the cash basis financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Centerburg Local School District, Knox County, (the School District) as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the School District's basic financial statements and have issued our report thereon dated April 20, 2022, wherein we noted the School District uses a special purpose framework other than generally accepted accounting principles. We also noted the financial impact of COVID-19 and the continuing emergency measures which may impact subsequent periods of the School District, and the School District adopted new accounting guidance in Governmental Accounting Standards Board Statement 84, *Fiduciary Activities*.

Internal Control Over Financial Reporting

As part of our financial statement audit, we considered the School District's internal control over financial reporting (internal control) as a basis for designing audit procedures appropriate in the circumstances to the extent necessary to support our opinions on the financial statements, but not to the extent necessary to opine on the effectiveness of the School District's internal control. Accordingly, we have not opined on it.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the School District's financial statements. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all internal control deficiencies that might be material weaknesses or significant deficiencies. Given these limitations, we did not identify any deficiencies in internal control that we consider material weaknesses. However, unidentified material weaknesses may exist.

Compliance and Other Matters

As part of reasonably assuring whether the School District's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the financial statements. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed an instance of noncompliance or other matters we must report under *Government Auditing Standards*, which is described in the accompanying schedule of findings as item 2021-001.

School District's Response to Findings

The School District's response to the finding identified in our audit is described in the accompanying schedule of findings and corrective action plan. We did not subject the School District's response to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the School District's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the School District's internal control and compliance. Accordingly, this report is not suitable for any other purpose.

Keith Faber
Auditor of State
Columbus, Ohio

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Centerburg Local School District
Knox County
119 South Preston Street
Centerburg, Ohio 43011

To the Board of Education:

Report on Compliance for each Major Federal Program

We have audited the Centerburg Local School District's (the School District) compliance with the applicable requirements described in the U.S. Office of Management and Budget (OMB) *Compliance Supplement* that could directly and materially affect each of the Centerburg Local School District's major federal programs for the year ended June 30, 2021. The *Summary of Auditor's Results* in the accompanying schedule of findings identifies the School District's major federal programs.

Management's Responsibility

The School District's Management is responsible for complying with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to opine on the School District's compliance for each of the School District's major federal programs based on our audit of the applicable compliance requirements referred to above. Our compliance audit followed auditing standards generally accepted in the United States of America; the standards for financial audits included in the Comptroller General of the United States' *Government Auditing Standards*; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). These standards and the Uniform Guidance require us to plan and perform the audit to reasonably assure whether noncompliance with the applicable compliance requirements referred to above that could directly and materially affect a major federal program occurred. An audit includes examining, on a test basis, evidence about the School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe our audit provides a reasonable basis for our compliance opinion on each of the School District's major programs. However, our audit does not provide a legal determination of the School District's compliance.

Opinion on each Major Federal Program

In our opinion, the Centerburg Local School District complied, in all material respects with the compliance requirements referred to above that could directly and materially affect each of its major federal programs for the year ended June 30, 2021.

Report on Internal Control Over Compliance

The School District's management is responsible for establishing and maintaining effective internal control over compliance with the applicable compliance requirements referred to above. In planning and performing our compliance audit, we considered the School District's internal control over compliance with the applicable requirements that could directly and materially affect a major federal program, to determine our auditing procedures appropriate for opining on each major federal program's compliance and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not to the extent needed to opine on the effectiveness of internal control over compliance. Accordingly, we have not opined on the effectiveness of the School District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, when performing their assigned functions, to prevent, or to timely detect and correct, noncompliance with a federal program's applicable compliance requirement. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a federal program compliance requirement will not be prevented, or timely detected and corrected. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with federal program's applicable compliance requirement that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

This report only describes the scope of our internal control over compliance tests and the results of this testing based on Uniform Guidance requirements. Accordingly, this report is not suitable for any other purpose.

Keith Faber
Auditor of State
Columbus, Ohio

April 20, 2022

(d)(1)(viii)	Dollar Threshold: Type A/B Programs	Type A: > \$ 750,000 Type B: all others
(d)(1)(ix)	Low Risk Auditee under 2 CFR § 200.520?	No

**CENTERBURG LOCAL SCHOOL DISTRICT
KNOX COUNTY**

**SCHEDULE OF FINDINGS
2 CFR § 200.515
JUNE 30, 2021
(Continued)**

2. FINDINGS RELATED TO THE FINANCIAL STATEMENTS REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS

FINDING NUMBER 2021-001

Noncompliance

Ohio Rev. Code § 117.38 provides that each public office shall file a financial report for each fiscal year. The Auditor of State may prescribe forms by rule or may issue guidelines, or both, for such reports. If the Auditor of State has not prescribed a rule regarding the form for the report, the public office shall submit its report on the form utilized by the public office.

Ohio Admin. Code § 117-2-03(B), which further clarifies the requirements of Ohio Rev. Code § 117.38, requires the School District to file annual financial reports which are prepared using generally accepted accounting principles (GAAP).

The School District prepared financial statements that, although formatted similar to financial statements prescribed by Governmental Accounting Standards Board, report on the cash basis of accounting rather than GAAP. The accompanying financial statements and notes omit certain assets, liabilities, deferred inflows/outflows of resources, fund equities/net position, and disclosures that, while presumed material, cannot be determined at this time.

Pursuant to Ohio Rev. Code § 117.38 the School District may be fined and subject to various other administrative remedies for its failure to file the required financial report. Failure to report on a GAAP basis compromises the School District's ability to evaluate and monitor the overall financial condition of the School District. To help provide the users with more meaningful financial statements, the School District should prepare its annual financial statements according to generally accepted accounting principles.

Officials' Response: Refer to Corrective Action Plan.

CORRECTIVE ACTION PLAN

June 30, 2021

Finding Number: 2021-001

Planned Corrective Action: The Centerburg Local School District Board of Education, knowing that the GAAP method is required by the Ohio Revised Code, decided in the interest of cost containment to approve a contract with Local Government Services (LGS) for OCBOA statements to be prepared instead of GAAP for this year. The Board is aware that there will be a comment on our audit to address this matter, along with a financial penalty.

Anticipated Completion Date: Reassess Annually

Responsible Contact Person: Lori Houck, Treasurer
