We have reviewed the *Independent Auditor's Report* of the Green Local School District, Wayne County, prepared by Rea & Associates, Inc., for the audit period July 1, 2021 through June 30, 2022. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The Green Local School District is responsible for compliance with these laws and regulations.

Report on the Audit of the Financial Statements

Opinions

We have audited the cash-basis financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Green Local School District, Wayne County, Ohio (the School District), as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the School District's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective cash-basis financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the School District, as of June 30, 2022, and the respective changes in cash-basis financial position and the budgetary comparison for the General fund and the Schoolwide Pool Special Revenue fund for the year then ended in accordance with the cash-basis of accounting described in Note 2.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit for the Financial Statements* section of our report. We are required to be independent of the School District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matter – Accounting Basis

Ohio Administrative Code § 117-2-03(B) requires the School District to prepare its annual financial report in accordance with accounting principles generally accepted in the United States of America. We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the cash basis of accounting, which is a basis of accounting other than accounting principles general accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the cash basis of accounting described in Note 2, and for determining that the cash basis of accounting is an acceptable basis for preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statement that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the School District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the School District's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the School District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary Information

Our audit was conducted to opine on the financial statements as a whole that collectively comprise the School District's basic financial statements.

The Schedule of Expenditures of Federal Awards as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards is presented for purposes of additional analysis and is not a required part of the financial statements.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied to the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, this schedule is fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Information

We applied no procedures to Management's Discussion & Analysis as listed in the table of contents. Accordingly, we express no opinion or any other assurance on it.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated November 10, 2022, on our consideration of the School District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School District's internal control over financial reporting and compliance.

Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2022

The discussion and analysis of the Green Local School District's, Wayne County, Ohio (the "School District") financial performance provides an overall review of the School District's financial activities for the fiscal year ended June 30, 2022. The intent of this discussion and analysis is to look at the School District's performance as a whole; readers should also review the notes to the basic financial statements to enhance their understanding of the School District's financial performance.

Financial Highlights

Key financial highlights for fiscal year 2022 are as follows:

- q In total, net position increased \$2,667,286.
- q During the fiscal year, the foundation funding model changed causing a decrease in program receipts offset by an increase in general receipts.

Using this Annual Report

This annual report consists of a series of financial statements and notes to those statements. The statements are organized so the reader can understand the Green Local School District as a whole, entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The *Statement of Net Position* and *Statement of Activities* provide information about the activities of the whole School District. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the School District's most significant funds with all other non-major funds presented in total in one column. For fiscal year 2022, the general fund, bond retirement fund and schoolwide pool fund are the School District's most significant funds.

Basis of Accounting

The School District has elected to present its financial statements on the cash basis of accounting. This cash basis of accounting is a comprehensive basis of accounting other than generally accepted accounting principles. The cash basis of accounting involves the measurement of cash and cash equivalents and changes in cash and cash equivalents resulting from cash receipt and disbursement transactions.

Essentially, the only assets reported on this strictly cash receipt and disbursement basis presentation in a statement of net position will be cash and cash equivalents. The statement of activities reports cash receipts and disbursements, or in other words, the sources and uses of cash and cash equivalents. Therefore, when reviewing the financial information and discussion within this annual report, the reader should keep in mind the limitations resulting from the use of the cash basis of accounting.

Reporting the School District as a Whole

Statement of Net Position and the Statement of Activities

While this document contains the large number of funds used by the School District to provide programs and activities, the view of the School District as a whole looks at all financial transactions and asks the question, "How did we do financially during fiscal year 2022?" The statement of net position and the statement of activities answer this question.

These two statements report the School District's *net position* and *changes in net position*. This change in net position is important because it tells the reader that, for the School District as a whole, the *financial position* of the School District has improved or diminished. The causes of this change may be the result of many factors, some financial, some not. Non-financial factors include the School District's property tax base, current property tax laws in Ohio which restrict revenue growth, facility conditions, required educational programs, and other factors.

In the statement of net position and the statement of activities, governmental activities include the School District's programs and services, including instruction, support services, extracurricular activities and food service operations.

Reporting the School District's Most Significant Funds

Fund Financial Statements

Fund financial reports provide detailed information about the School District's major funds. The School District uses many funds to account for financial transactions. However, these fund financial statements focus on the School District's most significant funds. The School District's major governmental funds include the general fund, bond retirement fund, and Schoolwide Pool Fund.

Governmental Funds - Most of the School District's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in future periods. These funds are reported using the cash basis of accounting. The governmental fund statements provide a detailed short-term view of the School District's general government operations and the basic services it provides. Governmental fund information helps determine whether there are more or less financial resources that can be spent in the near future to finance educational programs.

Reporting the School District's Fiduciary Responsibilities

Fiduciary funds - Fiduciary funds are used to account for resources held for the benefit of parties outside the School District. These funds are not reflected in the government-wide financial statements because the resources are not available to support the School District's own programs.

Green Local School District
Wayne County, Ohio

Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2022

The School District as a Whole

Table 1 provides a summary of the School District's net position for fiscal year 2022 compared to 2021.

(Table 1)
Net Position – Cash Basis

	Governmental Activities		
	2022	2021	Change
Assets			
Equity in Pooled Cash and Investments	\$ 9,937,854	\$ 7,355,528	\$ 2,582,326
Cash and Investments with Fiscal Agents	3,354,938	3,269,978	84,960
<i>Total Assets</i>	<u>\$ 13,292,792</u>	<u>\$ 10,625,506</u>	<u>\$ 2,667,286</u>
Net Position			
Restricted for:			
Capital Outlay	\$ 642,551	\$ 602,318	\$ 40,233
Debt Service	4,539,290	3,905,245	634,045
Other Purposes	1,633,011	1,425,852	207,159
Unrestricted	6,477,940	4,692,091	1,785,849
<i>Total Net Position</i>	<u>\$ 13,292,792</u>	<u>\$ 10,625,506</u>	<u>\$ 2,667,286</u>

Equity in pooled cash and investments increased in fiscal year 2022. This is the result of interest subsidies from the Internal Revenue Service, and new grants related to the COVID-19 pandemic that provided additional funding which helped the School District offset expenses.

A portion of the School District's net position represents resources subject to external restrictions on how they may be used. The remaining balance of the government-wide unrestricted net position may be used to meet the School District's ongoing obligations.

Green Local School District
Wayne County, Ohio
(Unaudited)
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2022

The decrease in receipts from charges for services is offset by a correlating increase in grants and entitlements not restricted due to the change in the foundation funding model for open enrollment. The decrease in general receipts can be attributed to the refunding of the 2014 Classroom Facilities & School Improvement Bonds in 2021. This also explains the decrease in debt service disbursements. Capital outlay decreased due to the prior year's work on the athletic track and greenhouse projects.

Governmental Activities

The statement of activities shows the cost of program services and the charges for services and grants offsetting those services. The dependence upon tax receipts and general receipt entitlements from the state for governmental activities is apparent. Program receipts only account for a small percent of all governmental disbursements. The community is the largest area of support for the School District students.

The School District's Funds

The School District's governmental funds are accounted for using the cash basis of accounting.

	Fund Balance 6/30/2022	Fund Balance 6/30/2021	Increase (Decrease)
General	\$ 6,495,011	\$ 4,709,162	\$ 1,785,849
Bond Retirement Fund	4,539,290	3,905,245	634,045
Schoolwide Pool Fund	62,410	-	62,410
Other Governmental	2,196,081	2,011,099	184,982
Total	\$ 13,292,792	\$ 10,625,506	\$ 2,667,286

The general fund had an increase in fund balance in fiscal year 2022 as a result primarily of an increase in intergovernmental revenue coupled by a decrease in overall expenses as students returned to in-class learning.

The bond retirement fund had an increase in fund balance, in fiscal year 2022 due to the timing of tax collections versus debt payments. The fund balance is expected to continue to increase as the School District accumulates funds for the OFCC school improvement bonds that mature in 2027.

The Schoolwide Pool fund is funded by Title I, IDEA grants, and the General Fund. The revenues are to match the expenses for the year, as required by the Ohio Department of Education, leaving the fund balance at zero. Not all revenues received in fiscal year 2022 were paid out for eligible expenditures leaving a relatively insignificant fund balance due to a timing difference.

General Fund Budgeting Highlights

The School District's budget is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The most significant budgeted fund is the general fund.

Green Local School District
Wayne County, Ohio
(Unaudited)
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2022

Original Budget Compared to Final Budget During the course of fiscal year 2022, the School District amended its general fund budget for estimated receipts and other financing sources.

Final Budget Compared to Actual Results For fiscal year 2022, there were no significant differences between final budgeted receipts and other financing sources and actual receipts and other financing sources. There were also no significant differences in final budgeted disbursements and other uses and actual disbursements and other uses.

Debt Administration

The School District had an insignificant increase in long-term obligations outstanding at June 30, 2022 compared to June 30, 2021 due to accretion on capital appreciation bonds during the fiscal year.

For further information regarding the School District's debt, refer to Note 10 of the basic financial statements.

Current Issues

Through the implementation of a strategic planning initiative, Green Local Schools' administration, teaching and non-teaching staff, parents, students and community partners have established a mission statement and goals. The School District's mission reflects the partnership with families and community to prepare students for lifelong personal development.

The School District is utilizing the goals and related action plan steps to continue the process of being at the forefront of education in Wayne County. The School District recently updated its website which allows for better continuity of each building's presence on the web, posting of information for the community and gaining stakeholder feedback. Parents are encouraged to view their students' progress and grades through online access of ProgressBook. Lunch and workbook fees can now be paid by parents over the Internet using EZpay. Central office records are being stored electronically through the use of scanners and records imaging software.

The Ohio Department of Education provided for Student Wellness and Success funds which are accounted for in special revenue fund 467. The School District received \$383,890 in fiscal year 2021 and \$384,198 in fiscal year 2022 to be used for mental health, family engagement, mentoring, and after-school programs. However, the Fair School Funding act was passed by the Ohio Senate and House of Representatives in June of 2021. This new funding model will change how public schools are funded and will now account for the Student Wellness and Success funds in the general fund rather than the special revenue fund 467. This will create big changes for the upcoming 5 year forecast. In addition to rolling the Student Wellness funds into the general fund, the state will also begin distributing net open enrollment funds to schools instead of itemizing the positive and negative enrollment dollars. This will also cause changes to the 5 year forecast. Final, accurate numbers won't be available until changes to the Statement of Settlement provided by ODE are updated. ODE projects that those changes will be available on the first statement of settlement in October of 2022.

During fiscal year 2021, the School District received federal Elementary and Secondary School Emergency Relief Funds II (ESSER) to assist with implications associated with the COVID-19 pandemic in the amount of \$508,787. These funds are accounted for in special revenue fund 507. The district was also allocated ESSER funds as part of the American Recovery Plan in the amount of \$1,143,474.

Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2022

In November 2009, the School District voters supported the renewal of an Emergency Levy in the amount of \$500,000 for seven years. The voters of the community approved a renewal of this levy in November 2016. A second emergency levy in the amount of \$850,000 was renewed at the November 2, 2010 election for a term of ten years. This levy expires December 31, 2020, with collections through December 31, 2021. The voters of Green Local School District passed this renewal by a margin of 55 percent.

On May 4, 2010, the School District voters passed a 4.75 mill bond issue by a margin of 54 percent. This enabled the School District to go forth with the Ohio Facilities Construction Project which provided a new K – 12 school building for the School District. The construction of a K – 12 building was completed and the new building opened for the 2014-2015 school year.

An earned income operating levy of 0.5 percent was approved by voters of the School District in November 2018. This levy generate \$876,953 in fiscal year 2022.

Contacting the School District's Financial Management

This financial report is designed to provide our citizens, taxpayers, investors, and creditors with a general overview of the School District's finances and to show the School District's accountability for the money it receives. If you have any questions about this report or need additional financial information, contact Erin VanMeter, Treasurer of Green Local School District, Post Office Box 438, Smithville, Ohio 44677.

Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2022

Note 1 – Description of the School District

The Green Local School District (the "School District") is a body politic and corporate established for the purpose of exercising the rights and privileges conveyed to it by the constitution and laws of the State of Ohio. The School District is a local district as defined by Section 3311.03 of the Ohio Revised Code. The School District operates under a locally-elected five member board form of government and provides educational services as authorized and mandated by state and federal agencies.

Reporting Entity

A reporting entity is comprised of the primary government, component units and other organizations that are included to ensure that the financial statements are not misleading. The primary government of the School District consists of all funds, departments, boards and agencies that are not legally separate from the School District. For the School District, this includes general operations, food service and student related activities.

Component units are legally separate organizations for which the School District is financially accountable. The School District is financially accountable for an organization if the School District appoints a voting majority of the organization's governing board and (1) the School District is able to significantly influence the programs or services performed or provided by the organization; or (2) the School District is legally entitled to or can otherwise access the organization's resources; the School District is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the School District is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the School District in that the School District approves the budget, the issuance of debt or the levying of taxes for the organization. The School District has no component units.

Tri-County Computer Services Association (TCCSA)

The Midland Council of Governments dba/Tri-County Computer Services Association is organized under Chapter 167 of the Ohio Revised Code. The Tri-County Computer Services Association (TCCSA) is a jointly governed organization. The jointly governed organization was formed for the purpose of applying modern technology with the aid of computers and other electronic equipment to administrative and instructional functions for member districts in Ashland, Holmes, Medina and Wayne counties. TCCSA is governed by representatives from each of the participating public school districts served by TCCSA. TCCSA is recognized as one of twenty-three regional Information Technology Centers (ITC) as defined by the Ohio Department of Education. Each of the participating districts supports TCCSA based upon a per pupil charge dependent upon the software package utilized. Financial information can be obtained by contacting the Executive Director at TCCSA located at 2125 Eagle Pass, Wooster, OH 44691. During the fiscal year, the School District paid TCCSA for basic service charges.

Risk Sharing Pool

The Stark County Schools Council of Governments Health Benefits Program is a shared risk pool. The Council is governed by an assembly which consists of one representative from each participant (usually the superintendent or designee). The assembly elects officers for two-year terms to serve as the Board of Directors. The assembly exercises control over the operation of the consortium. All consortium revenues are generated from charges for services received from the participating school districts, based on the established premiums for the insurance plans. Financial information can be obtained by writing to the Stark County Educational Service Center, 6057 Strip Avenue NW, North Canton, OH 44720.

Green Local School District
Wayne County, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2022

Management believes the financial statements included in the report represent all of the funds of the School District over which the School District has the ability to exercise direct operating control.

Note 2 – Summary of Significant Accounting Policies

As discussed further in Note 2.A., these financial statements are presented on the cash basis of accounting. This cash basis of accounting differs from accounting principles generally accepted in the United States of America (GAAP). Generally accepted accounting principles include all relevant Governmental Accounting Standards Board (GASB) pronouncements, which have been applied to the extent they are applicable to the cash basis of accounting. Following are the more significant of the School District's accounting policies.

A. Basis of Presentation

Although required by Ohio Administrative Code Sections 117-2-03(B) to prepare its annual financial report in accordance with generally accepted accounting principles (GAAP), the School District chooses to prepare its financial statements and notes in accordance with the cash accounting basis. This basis of accounting is similar to the cash receipts and disbursements basis of accounting. Receipts are recognized when cash is received rather than when earned, and disbursements are recognized when cash is paid rather than when a liability is incurred.

These statements include adequate disclosure of material matters, in accordance with the basis of accounting described in the preceding paragraph.

Government-wide Financial Statements The statement of net position and the statement of activities display information about the School District as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The effect of interfund activity within governmental activities columns have been removed from this statement.

The statement of net position presents the financial condition of the governmental activities of the School District at year-end. The statement of activities presents a comparison between direct disbursements and program receipts for each program or function of the School District's governmental activities. Direct disbursements are those that are specifically associated with a service, program or department, and therefore, clearly identifiable to a particular function. Program receipts include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program and interest earned on grants that is required to be used to support a particular program. Receipts which are not classified as program receipts are presented as general receipts of the School District, with certain limitations. The comparison of direct disbursements with program receipts identifies the extent to which governmental function is self-financing or draws from the general resources of the School District.

Equity is classified as net position and displayed in separate components:

1. Restricted net position – Consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws and regulations of other governments, or (2) law through constitutional provisions or enabling legislation. Net position restricted for other purposes include resources restricted for capital improvements, Federal and State grants restricted to disbursements for specific purposes and food services. As of June 30, 2022, the School District did not have any net position restricted by enabling legislation.

Green Local School District
Wayne County, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2022

2. Unrestricted net position – All other net position that does not meet the definition of “restricted”.

The School District’s policy is to first apply restricted resources when cash disbursement is incurred for purposes for which both restricted and unrestricted net position is available.

Fund Financial Statements During the year, the School District segregates transactions related to certain School District functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the School District at this more detailed level. The focus of governmental fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. Fiduciary funds are reported by type. Governmental fund equity is classified as fund balance. Fund balance is divided into five classifications based primarily on the extent to which the School District is bound to observe constraints imposed upon the use of the resources in governmental funds. The classifications are as follows:

- a. Non-spendable - The non-spendable classification includes amounts that cannot be spent because they are not in spendable form or legally or contractually required to be maintained intact. The “not in spendable form” includes items that are not expected to be converted to cash.
- b. Restricted - Fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments, or is imposed by law through constitutional provisions.
- c. Committed - The committed classification includes amounts that can be used only for the specific purposes imposed by a formal action (resolution) of the Board of Education. The committed amounts cannot be used for any other purpose unless the Board of Education removes or changes the specified use by taking the same type of action (resolution) it employed to previously commit those amounts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.
- d. Assigned - Amounts in the assigned classification are intended to be used by the School District for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds, other than the General Fund, assigned fund balance represents the remaining amount that is not restricted or committed. In the General Fund, assigned amounts represent intended uses established by the Board of Education. The Board of Education has by resolution authorized the Treasurer to assign fund balance. The Board of Education may also assign fund balance as it does when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent year’s appropriated budget.
- e. Unassigned - Unassigned fund balance is the residual classification for the General Fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned.

The School District first applies restricted resources when, a disbursement is incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available.

Green Local School District
Wayne County, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2022

Similarly, within unrestricted fund balances, committed amounts are reduced first followed by assigned and then unassigned amounts when disbursements are incurred for purposes for which amounts in any of the unrestricted fund balance classifications can be used.

B. Fund Accounting

The School District uses funds to maintain its financial records during the fiscal year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. There are two categories of funds: governmental and fiduciary.

Governmental Funds Governmental funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. The following are the School District's major governmental funds:

General Fund The general fund accounts for all financial resources except those required to be accounted for in another fund. The general fund balance is available to the School District for any purpose provided it is disbursed or transferred according to the general laws of Ohio.

Bond Retirement Fund The Bond Retirement Fund is used to account for property tax receipts and transfers from the General Fund to pay principal and interest on the School District's general obligation bonds.

Schoolwide Pool Fund The Schoolwide Pool Special Revenue Fund is permitted by Ohio Department of Education to pool Federal, State and local funds to improve the School District's instructional program.

The other governmental funds of the School District account for grants and other resources to which the School District is bound to observe constraints imposed internally or externally.

Fiduciary Funds Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary fund category is split into the following four classifications: pension (and other employee benefit) trust funds, investment trust funds, private-purpose trust funds and custodial funds. Trust funds are distinguished from custodial funds by the existence of a trust agreement or equivalent arrangements that has certain characteristics. Custodial funds are used to report fiduciary activities that are not required to be reported in a trust fund.

The School District's fiduciary funds are custodial funds. Custodial funds are used to account for Ohio High School Athletic Association activity.

C. Cash and Investments

To improve cash management, cash received by the School District is pooled. Monies for all funds are maintained in this pool. Individual fund integrity is maintained through School District records. Each fund's interest in the pool is presented as "Equity in Pooled Cash and Investments" on the financial statements.

During the year 2022, the School District invested in STAR Ohio. STAR Ohio (the State Treasury Asset Reserve of Ohio), is an investment pool managed by the State Treasurer's Office which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but has adopted Governmental Accounting Standards Board

Green Local School District
Wayne County, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2022

(GASB), Statement No. 79, Certain External Investment Pools and Pool Participants. The School District measures their investment in STAR Ohio at the net asset value (NAV) per share provided by STAR Ohio. The NAV per share is calculated on an amortized cost basis that provides an NAV per share that approximates fair value.

For the fiscal year 2022, there were no limitations or restrictions on any participant withdrawals due to redemption notice periods, liquidity fees, or redemption gates. However, notice must be given 24 hours in advance of all deposits and withdrawals exceeding \$25 million. STAR Ohio reserves the right to limit the transaction to \$250 million, requiring the excess amount to be transacted the following business day(s), but only to the \$250 million limit. All accounts of the participant will be combined for these purposes.

Investments of the cash management pool and investments with an original maturity of three months or less at the time they are purchased by the School District are presented on the financial statements as “equity in pooled cash and investments”. Investments with an original maturity of more than three months that are not made from the pool are reported as “investments”.

Following Ohio statutes, the Board of Education has, by resolution, identified the funds to receive an allocation of interest. Interest revenue credited to the general fund during fiscal year 2022 amounted to \$26,911, which includes \$6,759 assigned from other School District funds.

D. Capital Assets

Acquisitions of capital assets are recorded as disbursements when paid. The financial statements do not report these assets.

E. Compensated Absences

Employees are entitled to cash payments for unused vacation and sick leave in certain circumstances, such as upon leaving employment. Unpaid vacation and sick leave are not reflected as liabilities under the cash basis of accounting used by the School District.

F. Pensions and OPEB

For purposes of measuring the net pension/OPEB liability (asset), information about the fiduciary net position of the pension/OPEB plans and additions to/deductions from their fiduciary net position have been determined on the same basis as they are reported by the respective retirement plans. For this purpose, benefit payments (including refunds of member contributions) are recognized when due and payable in accordance with the benefit terms. The retirement plans report investments at fair value.

G. Long-term Obligations

The School District’s cash basis financial statements do not report liabilities for bonds, leases and other long-term obligations. Proceeds of debt are reported when cash is received and principal and interest payments are reported when paid. Since recording a leased asset when entering into a lease is not the result of a cash transaction, neither an other financing source nor a capital outlay expenditure is reported at inception. Lease payments are reported when paid.

Green Local School District
Wayne County, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2022

H. Intergovernmental Receipts

Unrestricted intergovernmental revenues received on the basis of entitlements are recorded as receipts when the entitlement is received. Federal and State reimbursement type grants are recorded as receipts when the grant is received.

I. Inventory and Prepaid Items

The School District reports disbursements for inventory and prepaid items when paid. The items are not reflected as assets, but as disbursements in the accompanying cash basis financial statements.

J. Interfund Activity

During the course of normal operations, the School District has numerous transactions between funds. The most significant include:

1. Transfers of resources from one fund to another fund through which resources to be expended are recorded as transfers.
2. Reimbursements from one fund to another are treated as disbursements in the reimbursing fund and a reduction in disbursements in the reimbursed fund.
3. The School District reports advances-in and advances-out for interfund loans. These items are not reflected as assets and liabilities in the accompanying financial statements.

K. Extraordinary and Special Items

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of the Board of Education and that are either unusual in nature or infrequent in occurrence. Neither type of transaction occurred during fiscal year 2022.

L. Budgetary Data

All funds, except custodial, are legally required to be budgeted and appropriated. The major documents prepared are the tax budget, the appropriation resolution and the certificate of estimated resources, which are prepared on the budgetary basis of accounting. The tax budget demonstrates a need for existing or increased tax rates. The certificate of estimated resources establishes a limit on the amounts that the Board of Education may appropriate. The appropriation resolution is the Board's authorization to spend resources and sets annual limits on expenditures plus encumbrances at a level of control selected by the Board. The legal level of control has been established by the Board of Education at the fund level.

The certificate of estimated resources may be amended during the fiscal year if projected increases or decreases in revenue are identified by the School District Treasurer. The amounts reported as the original budgeted amounts in the budgetary statements reflect the amounts in the certificate when the original appropriations were adopted. The amounts reported as the final budgeted amounts in the budgetary statements reflect the amounts in the final amended certificate issued during fiscal year 2022.

Green Local School District
Wayne County, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2022

The appropriation resolution is subject to amendment by the Board throughout the fiscal year with the restriction that appropriations may not exceed estimated receipts. The amounts reported as the original budgeted amounts reflect the first appropriation for that fund that covered the entire fiscal year, including amounts automatically carried over from prior years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by the Board during the fiscal year.

M. Encumbrances

As part of formal budgetary control, purchase orders, contracts, and other commitments for the expenditure of monies are recorded as the equivalent of disbursements on the non-GAAP budgetary basis in order to reserve that portion of the applicable appropriation and to determine and maintain legal compliance. Disbursements plus encumbrances may not legally exceed appropriations.

N. Lapsing of Appropriations

At the close of each fiscal year, the unencumbered balance of each appropriation reverts to the respective fund from which it was appropriated and becomes subject to future appropriation. Encumbered appropriations are carried forward to the succeeding fiscal year and need not be reappropriated.

O. Implementation of New Accounting Principles

For the fiscal year ended June 30, 2022, the School District has (to the extent it applies to the cash basis of accounting) implemented Governmental Accounting Standards Board (GASB) Statement No. 87, *Leases*, certain provisions of GASB Statement No. 93, *Replacement of Interbank Offered Rates* and certain provisions of GASB Statement No. 97, *Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans—an amendment of GASB Statements No. 14 and No. 84, and a supersession of GASB Statement No. 32*.

GASB Statement No. 87 requires recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. These changes were incorporated in the School District's financial statements; however, there was no effect on beginning net position/fund balance.

GASB Statement No. 93 addresses accounting and financial reporting effects that result from the replacement of interbank offered rates (IBORs) with other reference rates in order to preserve the reliability, relevance, consistency, and comparability of reported information. The implementation of paragraphs 13 and 14 of GASB Statement No. 93 did not have an effect on the financial statements of the School District.

GASB Statement No. 97 requirements that are related to a) the accounting and financial reporting for Section 457 plans and 2) determining whether a primary government is financially accountable for a potential component unit were implemented for fiscal year 2022. The implementation of GASB Statement No. 97 did not have an effect on the financial statements of the School District.

Green Local School District
Wayne County, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2022

Note 3 – Compliance

Ohio Administrative Code Section 117-2-03(B) requires the School District to prepare its annual financial report in accordance with generally accepted accounting principles. The School District prepared its financial report on the cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. This financial report omits assets, deferred outflows of resources, liabilities, deferred inflows of resources, fund equities and disclosures that, while material, cannot be determined at this time.

Note 4 – Deposits and Investments

State statutes classify monies held by the School District into three categories.

Active deposits are public deposits necessary to meet current demands on the treasury. Such monies must be maintained either as cash in the School District Treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that the Board of Education has identified as not required for use within the current five-year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts including passbook accounts.

Protection of the School District's deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, or by the financial institutions participation in the Ohio Pooled Collateral System (OPCS), a collateral pool of eligible securities deposited with a qualified trustee and pledged to the Treasurer of State to secure the repayment of all public monies deposited in the financial institution.

Interim monies may be invested in the following obligations provided they mature or are redeemable within five years from the date of settlement:

1. United States Treasury bills, notes, bonds, or any other obligations or security issued by the United States Treasury or any other obligation guaranteed as to principal and interest by the United States;
2. Bonds, notes, debentures, or other obligations or securities issued by any federal government agency or instrumentality;
3. Written repurchase agreements in the securities listed above provided that the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least 2 percent and be marked to market daily, and the term of the agreement must not exceed 30 days;

Green Local School District
Wayne County, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2022

4. Bonds and other obligations of the State of Ohio;
5. No-load money market mutual funds consisting exclusively of obligations described in item (1) or (2) above and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
6. The State Treasurer's investment pool (STAR Ohio);
7. Certain bankers' acceptance and commercial paper notes for a period not to exceed one hundred and eighty days and two hundred and seventy days, respectively, in an amount not to exceed forty percent of the interim monies available for investment at any one time; and
8. Under limited circumstances, corporate debt interests rated in either of the two highest rating classifications by at least two nationally recognized rating agencies.

Investments in stripped principal or interest obligations, reverse repurchase agreements, and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. An investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the School District, and must be purchased with the expectation that it will be held to maturity. Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the Treasurer or qualified trustee or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

Cash on Hand - At June 30, 2022 the School District had \$100 in undeposited cash on hand, which is included as part of "Equity in Pooled Cash and Investments."

Deposits - At year-end, \$6,986,471 of the School District's bank balance of \$7,486,471 was exposed to custodial credit risk. Although the securities were held by the pledging financial institutions' trust department in the School District's name and all statutory requirements for the investment of money had been followed, noncompliance with Federal requirements could potentially subject the School District to a successful claim by the FDIC.

Custodial Credit Risk Custodial credit risk for deposits is the risk that in the event of a bank failure, the School District will not be able to recover deposits or collateral securities that are in possession of an outside party.

The School District has no deposit policy for custodial risk beyond the requirements of State statute. Ohio law requires that deposits either be insured or protected by:

- Eligible securities pledged to the School District and deposited with a qualified trustee by the financial institution as security for repayment whose market value at all times shall be at least 105 percent of the deposits being secured; or
- Participation in the Ohio Pooled Collateral System (OPCS), a collateral pool of eligible securities deposited with a qualified trustee and pledged to the Treasurer of State to secure the repayment of all public monies deposited in the financial institution. OPCS required the total market value of the securities pledged to be 102 percent of the deposits being secured or a rate set by the Treasurer of State.

Green Local School District
Wayne County, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2022

Cash and Investments with Fiscal Agents – The School District is setting aside monies in a Sinking Fund investment account with Huntington Bank that will be used to fund future payments on their long-term obligations described in Note 10. The balance as of June 30, 2022 has been excluded from the investments reported below as it is not part of the School District’s internal investment pool. These amounts are reported on the financial statements as “Cash and Investments with Fiscal Agents.”

Investments – As of June 30, 2022, the School District had the following investments and maturities:

<u>Rating</u>	<u>Investment</u>	<u>Measurement Amount</u>	<u>Investment Maturities in years (0-1)</u>	<u>Investment Maturities in years (1-5)</u>	<u>Percentage of Total Investment</u>
	Net Asset Value (NAV):				
AAAm	STAR Ohio	\$ 2,136,619	\$ 2,136,619	\$ -	86.6%
AAAm	Fifth Third Money Market	102,388	102,388	-	4.2%
	Cost:				
N/A	Negotiable Certificates of Deposit	228,000	-	228,000	9.2%
	Total	<u>\$ 2,467,007</u>	<u>\$ 2,239,007</u>	<u>228,000</u>	<u>100.0%</u>

Interest Rate Risk – The Ohio Revised Code generally limits security purchases to those that mature within five years of the settlement date. The School District’s policy indicates that the investments must mature within five years, unless matched to a specific obligation or debt of the School District.

Credit Risk – The School District’s investment credit ratings are summarized above. STAR Ohio is an investment pool operated by the Ohio State Treasurer. It is unclassified since it is not evidenced by securities that exist in physical or book entry form. Ohio law requires STAR Ohio maintain the highest rating provided by at least one nationally recognized standard rating service. The weighted average of maturity of the portfolio held by STAR Ohio as of June 30, 2022, is 35 days.

Concentration of Credit Risk –The School District places no limit on the amount the School District may invest in any one issuer. The table above includes the percentage of total of each investment type held by the School District at June 30, 2022.

Note 5 – Property Taxes and Income Taxes

A. Property Taxes

Property taxes are levied and assessed on a calendar year basis while the School District fiscal year runs from July through June. First half tax collections are received by the School District in the second half of the fiscal year. Second half tax distributions occur in the first half of the following fiscal year.

Property taxes include amounts levied against all real and public utility property located in the School District. Real property tax revenue received in calendar year 2022 represents collections of calendar year 2021 taxes. Real property taxes received in calendar year 2022 were levied after April 1, 2021, on the assessed value listed as of January 1, 2021, the lien date. Assessed values for real property taxes are established by State law at 35 percent of appraised market value. Real property taxes are payable annually or semi-annually. If paid annually, payment is due December 31; if paid semiannually, the first payment is due December 31 with the remainder payable by June 20. Under certain circumstances, State statute permits alternate payment dates to be established.

Green Local School District
Wayne County, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2022

Public utility property tax revenue received in calendar year 2022 represents collections of calendar year 2021 taxes. Public utility real and tangible personal property taxes received in calendar year 2021 became a lien December 31, 2020, were levied after April 1, 2021 and are collected in 2022 with real property taxes. Public utility real property is assessed at 35 percent of true value; public utility tangible personal property currently is assessed at varying percentages of true value.

The School District receives property taxes from Wayne County. The County Auditor periodically advances to the School District its portion of the taxes collected. Second-half real property tax payments collected by the County by June 30, 2022, are available to finance fiscal year 2022 operations. The amount available to be advanced can vary based on the date the tax bills are sent.

The assessed values upon which the fiscal year 2022 taxes were collected are:

	2021 Second- Half Collections		2022 First- Half Collections	
	Amount	Percent	Amount	Percent
Real Estate	\$ 170,350,110	96%	\$ 173,869,720	95%
Public Utility Personal Property	6,472,560	4%	9,499,340	5%
Total	\$ 176,822,670	100%	\$ 183,369,060	100%
Tax rate per \$1,000 of assessed valuation	\$ 57.55		\$ 57.00	

B. Income Taxes

The School District passed a 0.5 percent income tax levy in November 2020 that is collected on earned income. The Ohio Department of Taxation began collections in January 2021. Employers of residents are required to withhold income tax on compensation and remit the tax to the State. Taxpayers are required to file an annual return. The State makes quarterly distributions to the School District after withholding amounts for administrative fees and estimated refunds. Income tax receipts are credited to the general fund.

Note 6 – Risk Management

The School District is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets, errors and omissions, injuries to employees, and natural disasters. The School District has a comprehensive property and casualty policy that provides coverage for these risk exposures. School buses are also insured. All board members, administrators, and employees are covered under a school district liability policy. All the board members and the superintendent have a position bond. The Treasurer is covered under a surety bond. Settled claims have not exceeded commercial coverage in any of the past three years. There has been no significant reduction in insurance coverage from the prior year.

A. Workers' Compensation

Effective calendar year 2010, the School District enrolled in the Ohio School Comp Group rating program. The program is sponsored by the Ohio School Boards Association member districts and the Ohio Association of School Business Officials members. The program provides, through the third party administrator, CompManagement, administrative, training and safety resources for administering the workers' compensation plan for the School District employees. Premiums are calculated on rate per \$100 of payroll. This rate is calculated based upon accident history and administrative costs.

Green Local School District
Wayne County, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2022

B. Employee Health Insurance

Beginning July 1, 2020, the School District is a member of the Stark County Schools Council of Governments Health Benefit Plan (the “Council”) to provide employee medical/surgical benefits. The Council is a risk sharing pool created pursuant to State statute for the purpose of carrying out a cooperative program for the provision and administration of health care benefits. The Assembly is the legislative decision-making body of the Council. The Assembly is comprised of the superintendents or executive officers of the members, who have been appointed by the respective governing body of each member.

The intent of the insurance pool is to achieve a reduced, stable and competitive rate for the School District by grouping with other members of the Health Benefits Program. The experience of all participating districts is calculated as one, and a common premium rate is applied to all member districts.

Rates are set through an annual calculation process. The School District pays a monthly contribution which is placed in a common fund from which claim payments are made for all participating districts. The employees share the cost of the monthly premium with the Board. For fiscal year 2022, the School District’s monthly premiums were \$1,994 for family medical coverage and \$821 for single medical coverage. Dental insurance is also provided by the School District to qualified employees through the Stark County Schools Council for Governments. For fiscal year 2022, the School District’s cost was \$240 for family dental coverage and \$97 for single dental coverage per employee per month.

Claims are paid for all participants regardless of claims flow. Upon termination, all School District claims would be paid without regard to the School District’s account balance. The Stark County Schools Council of Government Board of Directors has the right to return monies to an existing school district subsequent to the settlement of all expenses and claims.

Note 7 – Defined Benefit Pension Plans

The Statewide retirement systems provide both pension benefits and other postemployment benefits (OPEB).

Net Pension Liability/Net OPEB Liability (Asset)

Pensions and OPEB are a component of exchange transactions—between an employer and its employees—of salaries and benefits for employee services. Pensions/OPEB are provided to an employee—on a deferred-payment basis—as part of the total compensation package offered by an employer for employee services each financial period.

The net pension/OPEB liability (asset) represents the School District’s proportionate share of each pension plan’s collective actuarial present value of projected benefit payments attributable to past periods of service, net of each pension plan’s fiduciary net position. The net pension/OPEB liability (asset) calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting this estimate annually.

Green Local School District
Wayne County, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2022

Ohio Revised Code limits the School District’s obligation for this liability to annually required payments. The School District cannot control benefit terms or the manner in which pensions/OPEB are financed; however, the School District does receive the benefit of employees’ services in exchange for compensation including pension and OPEB.

GASB 68/75 assumes the liability is solely the obligation of the employer, because (1) they benefit from employee services; and (2) State statute requires all funding to come from these employers. All contributions to date have come solely from these employers (which also includes costs paid in the form of withholdings from employees). State statute requires the pension plans to amortize unfunded liabilities (assets) within 30 years. If the amortization period exceeds 30 years, each pension plan’s board must propose corrective action to the State legislature. Any resulting legislative change to benefits or funding could significantly affect the net pension/OPEB liability (asset). Resulting adjustments to the net pension/OPEB liability (asset) would be effective when the changes are legally enforceable. The Ohio revised Code permits, but does not require the retirement systems to provide healthcare to eligible benefit recipients.

The remainder of this note includes the required pension disclosures. See Note 8 for the required OPEB disclosures.

Plan Description - School Employees Retirement System (SERS)

Plan Description – School District non-teaching employees participate in SERS, a statewide, cost-sharing multiple-employer defined benefit pension plan administered by SERS. SERS provides retirement, disability and survivor benefits, annual cost of living adjustments and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Ohio Revised Code Chapter 3309. SERS issues a publicly available, stand-alone financial report that includes financial statements, required supplementary information and detailed information about SERS’ fiduciary net position. That report can be obtained by visiting the SERS website at www.ohsers.org under Employers/Audit Resources.

Age and service requirements for retirement are as follows:

	Eligible to Retire before August 1, 2017 *	Eligible to Retire on or after August 1, 2017
Full Benefits	Any age with 30 years of service credit	Age 67 with 10 years of service credit; or Age 57 with 30 years of service credit
Actuarially Reduced Benefits	Age 60 with 5 years of service credit Age 55 with 25 years of service credit	Age 62 with 10 years of service credit; or Age 60 with 25 years of service credit

* Members with 25 years of service credit as of August 1, 2017, may be included in this plan.

Annual retirement benefits are calculated based on final average salary multiplied by a percentage that varies based on year of service; 2.2 percent for the first 30 years of service and 2.5 percent for years of service credit over 30. Final average salary is the average of the highest three years of salary.

An individual whose benefit effective date is before April 1, 2018, is eligible for a cost of living adjustment (COLA) on the first anniversary date of the benefit. New benefit recipients must wait until the fourth anniversary of their benefit for COLA eligibility. The COLA is added each year to the base benefit amount on the anniversary date of the benefit. The COLA is indexed to the percentage increase in the CPIW, not to exceed 2.5 percent and with a floor of 0 percent. A three-year COLA suspension was in effect for all benefit recipients for calendar years 2018, 2019, and 2020. SERS approved a 0.5 percent COLA for calendar year 2021.

Green Local School District
Wayne County, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2022

Funding Policy – Plan members are required to contribute 10 percent of their annual covered salary and the School District is required to contribute 14 percent of annual covered payroll. The contribution requirements of plan members and employers are established and may be amended by the SERS' Retirement Board up to statutory maximum amounts of 10 percent for plan members and 14 percent for employers. The Retirement Board, acting with the advice of the actuary, allocates the employer contribution rate among four of the System's funds (Pension Trust Fund, Death Benefit Fund, Medicare B Fund, and Health Care Fund). For the fiscal year ended June 30, 2022, the allocation to pension, death benefits, and Medicare B was 14.0 percent. SERS did not allocate employer contributions to the Health Care Fund for fiscal year 2022.

The School District's contractually required contribution to SERS was \$197,496 for fiscal year 2022.

Plan Description - State Teachers Retirement System (STRS)

Plan Description – School District licensed teachers and other faculty members participate in STRS Ohio, a cost-sharing multiple-employer public employee retirement system administered by STRS. STRS provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS issues a stand-alone financial report that includes financial statements, required supplementary information and detailed information about STRS' fiduciary net position. That report can be obtained by writing to STRS, 275 E. Broad St., Columbus, OH 43215-3771, by calling (888) 227-7877, or by visiting the STRS Web site at www.strsoh.org.

New members have a choice of three retirement plans; a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan, and a Combined Plan. Benefits are established by Ohio Revised Code Chapter 3307.

The DB Plan offers an annual retirement allowance based on final average salary multiplied by a percentage that varies based on years of service. Effective August 1, 2015, the calculation is 2.2 percent of final average salary for the five highest years of earnings multiplied by all years of service. Effective August 1, 2017 – July 1, 2019, any member could retire with reduced benefits who had (1) five years of service credit and age 60; (2) 27 years of service credit and age 55; or (3) 30 years of service credit regardless of age. Effective August 1, 2019 – July 1, 2021, any member may retire with reduced benefits who has (1) five years of service credit and age 60; (2) 28 years of service credit and age 55; or (3) 30 years of service credit regardless of age. Eligibility changes will continue to be phased in until August 1, 2026, when retirement eligibility for unreduced benefits will be five years of service credit and age 65, or 35 years of service credit and at least age 60. Eligibility changes for actuarially reduced benefits will be phased in until August 1, 2026, when retirement eligibility will be five years of qualifying service credit and age 60, or 30 years of service credit at any age.

The DC Plan allows members to place all their member contributions and 9.53 percent of the 14 percent employer contributions into an investment account. Investment allocation decisions are determined by the member. The remaining 4.47 percent of the 14 percent employer rate is allocated to the defined benefit plan unfunded liability. A member is eligible to receive a monthly retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal.

Green Local School District
Wayne County, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2022

The Combined plan offers features of both the DB Plan and the DC Plan. In the Combined plan, 12 percent of the 14 percent member rate is deposited into the member’s DC account and the remaining 2 percent is applied to the DB Plan. Member contributions to the DC Plan are allocated among investment choices by the member, and contributions to the DB Plan from the employer and the member are used to fund the defined benefit payment at a reduced level from the regular DB Plan. The defined benefit portion of the Combined plan payment is payable to a member on or after age 60 with five years of service. The defined contribution portion of the account may be taken as a lump sum payment or converted to a lifetime monthly annuity at age 50 and after termination of employment.

New members who choose the DC Plan or Combined Plan will have another opportunity to reselect a permanent plan during their fifth year of membership. Members may remain in the same plan or transfer to another STRS plan. The optional annuitization of a member’s defined contribution account or the defined contribution portion of a member’s Combined Plan account to a lifetime benefit results in STRS bearing the risk of investment gain or loss on the account. STRS has therefore included all three plan options as one defined benefit plan for GASB 68 reporting purposes.

A DB or Combined Plan member with five or more years of credited service who is determined to be disabled may qualify for a disability benefit. New members must have at least ten years of qualifying service credit to apply for disability benefits. Members in the DC plan who become disabled are entitled only to their account balance. Eligible survivors of members who die before service retirement may qualify for monthly benefits. If a member of the DC plan dies before retirement benefits begin, the member’s designated beneficiary is entitled to receive the member’s account balance.

Funding Policy – Employer and member contribution rates are established by the State Teachers Retirement Board and limited by Chapter 3307 of the Ohio Revised Code. The statutory employer rate is 14 percent and the statutory member rate is 14 percent of covered payroll. The School District was required to contribute 14 percent; the entire 14 percent was the portion used to fund pension obligations. The 2022 contribution rates were equal to the statutory maximum rates.

The School District’s contractually required contribution to STRS was \$841,464 for fiscal year 2022.

Pension Liabilities

The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an independent actuarial valuation as of that date. The School District's proportion of the net pension liability was based on the employer’s share of employer contributions in the pension plan relative to the total employer contributions of all participating employers. Following is information related to the proportionate share:

	SERS	STRS	Total
Proportion of the Net Pension Liability:			
Current Measurement Date	0.03474100%	0.04423306%	
Prior Measurement Date	0.03603290%	0.04338222%	
Change in Proportionate Share	-0.00129190%	0.00085084%	
Proportionate Share of the Net			
Pension Liability	\$ 1,281,842	\$ 5,655,594	\$ 6,937,436

Green Local School District
Wayne County, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2022

Actuarial Assumptions - SERS

SERS' total pension liability was determined by their actuaries in accordance with GASB Statement No. 67, as part of their annual actuarial valuation for each defined benefit retirement plan. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts (e.g., salaries, credited service) and assumptions about the probability of occurrence of events far into the future (e.g., mortality, disabilities, retirements, employment terminations). Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employers and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations. Future benefits for all current plan members were projected through 2132.

Actuarial calculations reflect a long-term perspective. For a newly hired employee, actuarial calculations will take into account the employee's entire career with the employer and also take into consideration the benefits, if any, paid to the employee after termination of employment until the death of the employee and any applicable contingent annuitant. In many cases, actuarial calculations reflect several decades of service with the employer and the payment of benefits after termination.

Key methods and assumptions used in calculating the total pension liability in the latest actuarial valuation, prepared as of June 30, 2021, are presented below:

Actuarial Cost Method	Entry Age Normal (Level Percentage of Payroll, Closed)
Inflation	2.40 percent
Future Salary Increases, including inflation	3.25 percent to 13.58 percent
Investment Rate of Return	7.00 percent, net of investment expense, including inflation
COLA or Ad Hoc COLA	2.00 percent, on and after April 1, 2018, COLA's for future retirees will be delayed for three years following commencement

Mortality rates were based on the PUB-2010 General Employee Amount Weight Below Median Healthy Retiree mortality table projected to 2017 with ages set forward 1 year and adjusted 94.20 percent for males and set forward two years and adjusted 81.35 percent for females. Mortality among disable members were based upon the PUB-2010 General Disabled Retiree mortality table projected to 2017 with ages set forward five years and adjusted 103.3 percent for males and set forward three years and adjusted 106.8 percent for females. Future improvement in mortality rates is reflected by applying the MP-2020 projection scale generationally.

The most recent experience study was completed for the five year period ended June 30, 2020.

The long-term return expectation for the investments has been determined by using a building-block approach and assumes a time horizon, as defined in SERS' *Statement of Investment Policy*. A forecasted rate of inflation serves as the baseline for the return expectation. Various real return premiums over the baseline inflation rate have been established for each asset class. The long-term expected nominal rate of

Green Local School District
Wayne County, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2022

return has been determined by calculating an arithmetic weighted average of the expected real return premiums for each asset class, adding the projected inflation rate, and adding the expected return from rebalancing uncorrelated asset classes.

The target asset allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Cash	2.00 %	(0.33) %
US Equity	24.75	5.72
Non-US Equity Developed	13.50	6.55
Non-US Equity Emerging	6.75	8.54
Fixed Income/Global Bonds	19.00	1.14
Private Equity	11.00	10.03
Real Estate/Real Assets	16.00	5.41
Multi-Asset Strategies	4.00	3.47
Private Debt/Private Credit	3.00	5.28
Total	<u>100.00 %</u>	

Discount Rate Total pension liability was calculated using the discount rate of 7.00 percent. The discount rate determination does not use a municipal bond rate. The projection of cash flows used to determine the discount rate assumed that employers would contribute the actuarially determined contribution rate of projected compensation over the remaining 23-year amortization period of the unfunded actuarial accrued liability. Projected inflows from investment earnings were calculated using the long-term assumed investment rate of return (7.00 percent). Based on those assumptions, the plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, the long-term expected rate of return on investments was applied to all periods of projected benefits to determine the total pension liability. The annual money-weighted rate of return, calculated as the internal rate of return on pension plan investments was 28.18%.

Sensitivity of the School District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate Net pension liability is sensitive to changes in the discount rate, and to illustrate the potential impact the following table presents the School District's proportionate share of the net pension liability calculated using the discount rate of 7.00 percent, as well as what the School District's net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.00 percent), or one percentage point higher (8.00 percent) than the current rate.

	1% Decrease	Current Discount Rate	1% Increase
School District's Proportionate Share of the Net Pension Liability	\$ 2,132,671	\$ 1,281,842	\$ 564,301

Actuarial Assumptions - STRS

Key methods and assumptions used in the latest actuarial valuation, reflecting experience study results used in the June 30, 2021, actuarial valuation, are presented below:

Green Local School District
Wayne County, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2022

Inflation	2.50 percent
Actuarial Cost Method	Entry Age Normal (Level Percent of Payroll)
Projected Salary Increases	12.50 percent at age 20 to 2.50 percent at age 65
Investment Rate of Return	7.00 percent, net of investment expenses, including inflation
Payroll Increases	3.00 percent
Cost-of-Living Adjustments	0.00 percent

Post-retirement mortality rates for healthy retirees are based on the RP-2014 Annuitant Mortality Table with 50 percent of rates through age 69, 70 percent of rates between ages 70 and 79, 90 percent of rates between ages 80 and 84, and 100 percent of rates thereafter, projected forward generationally using mortality improvement scale MP-2016. Pre-retirement mortality rates are based on RP-2014 Employee Mortality Tables, projected forward generationally using mortality improvement scale MP-2016. Post-retirement disabled mortality rates are based on the RP-2014 Disabled Mortality Table with 90 percent of rates for males and 100 percent of rates for females, projected forward generationally using mortality improvement scale MP-2016.

The actuarial assumptions used in the June 30, 2021 valuation, were based on the results of the latest available actuarial experience study, which is for the period July 1, 2011, through June 30, 2016. An actuarial experience study is done on a quinquennial basis.

STRS' investment consultant develops an estimate range for the investment return assumption based on the target allocation adopted by the Retirement Board. The target allocation and long-term expected rate of return for each major asset class are summarized as follows:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Rate of Return*</u>
Domestic Equity	28.00 %	7.35 %
International Equity	23.00	7.55
Alternatives	17.00	7.09
Fixed Income	21.00	3.00
Real Estate	10.00	6.00
Liquidity Reserves	1.00	2.25
Total	<u>100.00 %</u>	

*Ten year annualized geometric nominal returns, which include the real rate of return and inflation of 2.25 percent and does not include investment expenses. Over a 30-year period, STRS' investment consultant indicates that the above target allocations should generate a return above the actuarial rate of return, without net value added by management.

Discount Rate. The discount rate used to measure the total pension liability was 7.00 percent as of June 30, 2021. The projection of cash flows used to determine the discount rate assumes that employer and member contributions will be made at statutory contribution rates of 14 percent each. For this purpose, only employer contributions that are intended to fund benefits of current plan members and their beneficiaries are included. Based on those assumptions, STRS' fiduciary net position was projected to be available to make all projected future benefit payments to current plan members as of June 30, 2021. Therefore, the long-term expected rate of return on investments of 7.00 percent was applied to all periods of projected benefit payments to determine the total pension liability as of June 30, 2021.

Green Local School District
Wayne County, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2022

Sensitivity of the School District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate The following table represents the School District's proportionate share of the net pension liability as of June 30, 2021, calculated using the current period discount rate assumption of 7.00 percent, as well as what the School District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.00 percent) or one percentage point higher (8.00 percent) than the current assumption:

	1% Decrease	Current Discount Rate	1% Increase
School District's Proportionate Share of the Net Pension Liability	\$ 10,590,811	\$ 5,655,594	\$ 1,485,346

Assumption and Benefit Changes since the Prior Measurement Date The discount rate was adjusted to 7.00 percent from 7.45 percent for the June 30, 2021 valuation.

Note 8 – Defined Benefit OPEB Plans

See Note 7 for a description of the net OPEB liability (asset).

Plan Description - School Employees Retirement System (SERS)

Health Care Plan Description - The School District contributes to the SERS Health Care Fund, administered by SERS for non-certificated retirees and their beneficiaries. For GASB 75 purposes, this plan is considered a cost-sharing other postemployment benefit (OPEB) plan. SERS' Health Care Plan provides healthcare benefits to eligible individuals receiving retirement, disability, and survivor benefits, and to their eligible dependents. Members who retire after June 1, 1986, need 10 years of service credit, exclusive of most types of purchased credit, to qualify to participate in SERS' health care coverage. In addition to age and service retirees, disability benefit recipients and beneficiaries who are receiving monthly benefits due to the death of a member or retiree, are eligible for SERS' health care coverage. Most retirees and dependents choosing SERS' health care coverage are over the age of 65 and therefore enrolled in a fully insured Medicare Advantage plan; however, SERS maintains a traditional, self-insured preferred provider organization for its non-Medicare retiree population. For both groups, SERS offers a self-insured prescription drug program. Health care is a benefit that is permitted, not mandated, by statute. The financial report of the Plan is included in the SERS Annual Comprehensive Financial Report which can be obtained on SERS' website at www.ohsers.org under Employers/Audit Resources.

Access to health care for retirees and beneficiaries is permitted in accordance with Section 3309 of the Ohio Revised Code. The Health Care Fund was established and is administered in accordance with Internal Revenue Code Section 105(e). SERS' Retirement Board reserves the right to change or discontinue any health plan or program. Active employee members do not contribute to the Health Care Plan. The SERS Retirement Board established the rules for the premiums paid by the retirees for health care coverage for themselves and their dependents or for their surviving beneficiaries. Premiums vary depending on the plan selected, qualified years of service, Medicare eligibility, and retirement status.

Funding Policy - State statute permits SERS to fund the health care benefits through employer contributions. Each year, after the allocation for statutorily required pensions and benefits, the Retirement Board may allocate the remainder of the employer contribution of 14 percent of covered payroll to the Health Care Fund in accordance with the funding policy. For the fiscal year ended June 30, 2022, SERS did not allocate any employer contributions to health care. An additional health care surcharge on employers is collected for employees earning less than an actuarially determined minimum

Green Local School District
Wayne County, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2022

compensation amount, pro-rated if less than a full year of service credit was earned. For fiscal year 2022, this amount was \$25,000. Statutes provide that no employer shall pay a health care surcharge greater than 2.0 percent of that employer’s SERS-covered payroll; nor may SERS collect in aggregate more than 1.5 percent of the total statewide SERS-covered payroll for the health care surcharge. For fiscal year 2022, the School District’s surcharge obligation was \$18,750.

Plan Description - State Teachers Retirement System (STRS)

Plan Description – The State Teachers Retirement System of Ohio (STRS) administers a cost-sharing Health Plan administered for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS. Ohio law authorizes STRS to offer this plan. Benefits include hospitalization, physicians’ fees, prescription drugs and partial reimbursement of monthly Medicare Part B premiums. Medicare Part B partial premium reimbursements will be continued indefinitely. The Plan is included in the report of STRS which can be obtained by visiting www.strsoh.org or by calling (888) 227-7877.

Funding Policy – Ohio Revised Code Chapter 3307 authorizes STRS to offer the Plan and gives the Retirement Board discretionary authority over how much, if any, of the health care costs will be absorbed by STRS. Active employee members do not contribute to the Health Care Plan. Nearly all health care plan enrollees, for the most recent year, pay a portion of the health care costs in the form of a monthly premium. Under Ohio law, funding for post-employment health care may be deducted from employer contributions, currently 14 percent of covered payroll. For the fiscal year ended June 30, 2022, STRS did not allocate any employer contributions to post-employment health care.

OPEB Liability (Asset)

The net OPEB liability (asset) was measured as of June 30, 2021, and the total OPEB liability used to calculate the net OPEB liability (asset) was determined by an actuarial valuation as of that date. The School District's proportion of the net OPEB liability (asset) was based on the School District's share of contributions to the respective retirement systems relative to the contributions of all participating entities. Following is information related to the proportionate share:

	SERS	STRS
Proportion of the Net OPEB Liability (Asset):		
Current Measurement Date	0.03565700%	0.04423300%
Prior Measurement Date	0.03729600%	0.04338200%
Change in Proportionate Share	-0.00163900%	0.00085100%
Proportionate Share of the Net OPEB Liability (Asset)	\$ 674,844	\$ (932,617)

Actuarial Assumptions - SERS

The total OPEB liability is determined by SERS’ actuaries in accordance with GASB Statement No. 74, as part of their annual actuarial valuation for each retirement plan. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts (e.g., salaries, credited service) and assumptions about the probability of occurrence of events far into the future (e.g., mortality, disabilities, retirements, employment terminations). Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

Green Local School District
Wayne County, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2022

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employers and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations.

Actuarial calculations reflect a long-term perspective. For a newly hired employee, actuarial calculations will take into account the employee's entire career with the employer and also take into consideration the benefits, if any, paid to the employee after termination of employment until the death of the employee and any applicable contingent annuitant. In many cases, actuarial calculations reflect several decades of service with the employer and the payment of benefits after termination.

Key methods and assumptions used in calculating the total OPEB liability in the latest actuarial valuation date of June 30, 2021, are presented below:

Inflation	2.40 percent
Salary Increases, including inflation	3.25 percent to 13.58 percent
Investment Rate of Return	7.00 percent net of investment expense, including inflation
Municipal Bond Index Rate	
Measurement Date	1.92 percent
Prior Measurement Date	2.45 percent
Single Equivalent Interest Rate	
Measurement Date	2.27 percent, net of plan investment expense, including price inflation
Prior Measurement Date	2.63 percent, net of plan investment expense, including price inflation
Health Care Cost Trend Rate	
Pre-Medicare	6.750 percent - 4.40 percent
Medicare	5.125 percent - 4.40 percent

Mortality rates were based on the PUB-2010 General Employee Amount Weight Below Median Healthy Retiree mortality table projected to 2017 with ages set forward 1 year and adjusted 94.20 percent for males and set forward two years and adjusted 81.35 percent for females. Mortality among disable members were based upon the PUB-2010 General Disabled Retiree mortality table projected to 2017 with ages set forward five years and adjusted 103.3 percent for males and set forward three years and adjusted 106.8 percent for females. Future improvement in mortality rates is reflected by applying the MP-2020 projection scale generationally.

The most recent experience study was completed for the five year period ended June 30, 2020.

The long-term expected rate of return on plan assets is reviewed as part of the actuarial five-year experience study. The most recent study covers fiscal years 2016 through 2020, and was adopted by the Board on April 15, 2021. Several factors are considered in evaluating the long-term rate of return assumption including long-term historical data, estimates inherent in current market data, and a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected return, net of investment expense and inflation) were developed by the investment consultant for each major asset class. These ranges were combined to produce the long-term expected rate of return, 7.00 percent, by weighting the expected future real rates of return by the target asset allocation percentage and then adding expected inflation. The capital market assumptions developed by the investment consultant

Green Local School District
Wayne County, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2022

are intended for use over a 10-year horizon and may not be useful in setting the long-term rate of return for funding pension plans which covers a longer time frame. The assumption is intended to be a long-term assumption and is not expected to change absent a significant change in the asset allocation, a change in the inflation assumption, or a fundamental change in the market that alters expected returns in future years.

The target asset allocation and best estimates of arithmetic real rates of return for each major asset class, as used in the June 30, 2020 five-year experience study, are summarized as follows:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Cash	2.00 %	(0.33) %
US Equity	24.75	5.72
Non-US Equity Developed	13.50	6.55
Non-US Equity Emerging	6.75	8.54
Fixed Income/Global Bonds	19.00	1.14
Private Equity	11.00	10.03
Real Estate/Real Assets	16.00	5.41
Multi-Asset Strategies	4.00	3.47
Private Debt/Private Credit	3.00	5.28
Total	<u>100.00 %</u>	

Discount Rate The discount rate used to measure the total OPEB liability at June 30, 2021, was 2.27 percent. The discount rate used to measure total OPEB liability prior to June 30, 2021 was 2.63 percent. The projection of cash flows used to determine the discount rate assumed that contributions will be made from members and the plan at the contribution rate of 1.50 percent of projected covered payroll each year, which includes a 1.50 percent payroll surcharge and no contributions from the basic benefits plan. Based on these assumptions, the OPEB plan's fiduciary net position was projected to become insufficient to make all projected future benefit payments of current System members by SERS actuaries. The Municipal Bond Index Rate is used in the determination of the SEIR for both the June 30, 2020 and the June 30, 2021 total OPEB liability. The Municipal Bond Index rate is the single rate that will generate a present value of benefit payments equal to the sum of the present value determined by the long-term expected rate of return, and the present value determined by discounting those benefits after the date of depletion. The Municipal Bond Index Rate is 1.92 percent at June 30, 2021 and 2.45 percent at June 30, 2020.

Sensitivity of the School District's Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate and Changes in the Health Care Cost Trend Rates The net OPEB liability is sensitive to changes in the discount rate and the health care cost trend rate. The following table presents the net OPEB liability and what the net OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (1.27 percent) and higher (3.27 percent) than the current discount rate (2.27 percent). Also shown is what the net OPEB liability would be based on health care cost trend rates that are one percentage point lower (5.75 percent decreasing to 3.40 percent) and higher (7.75 percent decreasing to 5.40 percent) than the current rate (6.75 percent decreasing to 4.40 percent).

Green Local School District
Wayne County, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2022

	<u>1% Decrease</u>	<u>Current Discount Rate</u>	<u>1% Increase</u>
School District's Proportionate Share of the Net OPEB Liability	\$ 836,206	\$ 674,844	\$ 545,926

	<u>1% Decrease</u>	<u>Current Trend Rate</u>	<u>1% Increase</u>
School District's Proportionate Share of the Net OPEB Liability	\$ 519,570	\$ 674,844	\$ 882,228

Actuarial Assumptions – STRS

Key methods and assumptions used in the latest actuarial valuation, reflecting experience study results used in the June 30, 2021, actuarial valuation are presented below:

Inflation	2.50 percent	
Projected Salary Increases	12.50 percent at age 20 to 2.50 percent at age 65	
Payroll Increases	3.00 percent	
Investment Rate of Return	7.00 percent, net of investment expenses, including inflation	
Discount Rate of Return	7.00 percent	
Health Care Cost Trend Rates		
Medical	<u>Initial</u>	<u>Ultimate</u>
Pre-Medicare	5.00 percent	4.00 percent
Medicare	-16.18 percent	4.00 percent
Prescription Drug		
Pre-Medicare	6.50 percent	4.00 percent
Medicare	29.98 percent	4.00 percent

Projections of benefits include the historical pattern of sharing benefit costs between the employers and retired plan members.

For healthy retirees the mortality rates are based on the RP-2014 Annuitant Mortality Table with 50 percent of rates through age 69, 70 percent of rates between ages 70 and 79, 90 percent of rates between ages 80 and 84, and 100 percent of rates thereafter, projected forward generationally using mortality improvement scale MP-2016. For disabled retirees, mortality rates are based on the RP-2014 Disabled Mortality Table with 90 percent of rates for males and 100 percent of rates for females, projected forward generationally using mortality improvement scale MP-2016.

The actuarial assumptions used in the June 30, 2021 valuation were adopted by the board from the results of an actuarial experience study for July 1, 2011, through June 30, 2016.

STRS' investment consultant develops an estimate range for the investment return assumption based on the target allocation adopted by the Retirement Board. The target allocation and long-term expected rate of return for each major asset class are summarized as follows:

Green Local School District
Wayne County, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2022

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Rate of Return*</u>
Domestic Equity	28.00 %	7.35 %
International Equity	23.00	7.55
Alternatives	17.00	7.09
Fixed Income	21.00	3.00
Real Estate	10.00	6.00
Liquidity Reserves	1.00	2.25
Total	<u>100.00 %</u>	

*Ten year annualized geometric nominal returns, which include the real rate of return and inflation of 2.25 percent and does not include investment expenses. Over a 30-year period, STRS' investment consultant indicates that the above target allocations should generate a return above the actuarial rate of return, without net value added by management.

Discount Rate The discount rate used to measure the total OPEB liability was 7.00 percent as of June 30, 2021. The projection of cash flows used to determine the discount rate assumed STRS continues to allocate no employer contributions to the health care fund. Based on those assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments to current plan members. Therefore, the long-term expected rate of return on health care plan investments of 7.00 percent was applied to all periods of projected benefit payments to determine the total OPEB liability as of June 30, 2021.

Sensitivity of the School District's Proportionate Share of the Net OPEB Asset to Changes in the Discount Rate and Health Care Cost Trend Rate The following table represents the net OPEB asset as of June 30, 2021, calculated using the current period discount rate assumption of 7.00 percent, as well as what the net OPEB asset would be if it were calculated using a discount rate that is one percentage point lower (6.00 percent) or one percentage point higher (8.00 percent) than the current assumption. Also shown is the net OPEB asset as of June 30, 2021, calculated using health care cost trend rates that are one percentage point lower and one percentage point higher than the current health care cost trend rates.

	1% Decrease	Current Discount Rate	1% Increase
	School District's Proportionate Share of the Net OPEB Liability (Asset)	\$ (786,984)	\$ (932,617)

	1% Decrease	Current Trend Rate	1% Increase
	School District's Proportionate Share of the Net OPEB Liability (Asset)	\$ (1,049,341)	\$ (932,617)

Assumption Changes Since the Prior Measurement Date The discount rate was adjusted to 7.00 percent from 7.45 percent for the June 30, 2021 valuation.

Benefit Term Changes Since the Prior Measurement Date The non-Medicare subsidy percentage was increased effective January 1, 2022 from 2.055 percent to 2.100 percent. The non-Medicare frozen subsidy base premium was increased effective January 1, 2022. The Medicare Part D subsidy was updated to reflect it is expected to be negative in current year 2022. The Part B monthly reimbursement elimination date was postponed indefinitely.

Green Local School District
Wayne County, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2022

Note 9 – Other Employee Benefits

A. Life Insurance

The School District provides term life insurance to employees through American United Life Insurance Company in the amount of \$35,000 for all eligible employees, the Treasurer has \$176,000 in coverage, and the Superintendent has \$196,000 in coverage. Employees with less than an average 25-hour work week are eligible for \$17,500 term life insurance. Term life insurance is provided at a rate of \$.09/\$1,000/month.

B. Compensated Absences

The criteria for determining vacation and sick leave benefits are derived from negotiated agreements and State laws. Classified employees and administrators, who are contracted to work no less than 12 months, earn 10 to 20 days of vacation per year depending upon length of service. Teachers and Administrators who work less than 12 months do not earn vacation time.

Teachers, administrators, and classified employees earn sick leave at a rate of one and one-quarter days per month cumulated to a limit of 260 days. Upon retirement, certified and classified employees with 10 years or more of service to the School District may receive severance for 25 percent of accrued and unused sick leave.

Note 10 – Long - Term Obligations

The changes in the School District's long-term obligations during the year consisted of the following:

Description	Outstanding 6/30/2021	Additions	Reductions	Outstanding 6/30/2022	Amounts Due in One Year
Governmental Obligations Bonds					
OFCC School Improvement Bonds					
Qualified School Construction Bonds	\$ 5,560,000	\$ -	\$ -	\$ 5,560,000	\$ -

Accretion	88,530	81,871	(24,342)	146,059	43,796
Total Long-Term Obligations	\$ 12,631,936	\$ 114,435	\$ (95,000)	\$ 12,651,371	\$ 103,569

Green Local School District
Wayne County, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2022

Governmental Obligation Bonds

OFCC School Improvement Bonds

The OFCC School Improvement Bonds, Series 2010 issue, Qualified School Construction Bonds will be paid from the bond retirement fund and carry an interest rate of 5.11 percent.

In September 2010, the School District issued \$12,949,998 in voted Classroom Facilities and School Improvement bonds for the purpose of financing their Ohio Facilities Construction Project which will build one new K-12 School. The bond issue consists of \$7,070,000 in Build America bonds, \$5,560,000 in Qualified School Construction bonds and \$309,998 in tax-exempt bonds. The School District is setting aside monies toward the Qualified School Construction Bond payment in a sinking fund, described in Note 4 as “Cash and Investments with Fiscal Agents.” The tax-exempt bonds were paid in full in fiscal year 2013. The Build America bonds were refunded in fiscal year 2015. The Qualified School Construction Bonds will mature on December 1, 2026.

2014 Classroom Facilities & School Improvement Bonds

On September 25, 2014, the School District issued \$7,069,998 in voted general obligation bonds, which included serial, term and capital appreciation (deep discount) bonds in the amount of \$2,665,000, \$4,155,000 and \$249,998, respectively. The bonds refunded \$7,070,000 of outstanding Build America bonds. The bonds were issued for a 27 year period with final maturities at December 1, 2041.

At the date of refunding, \$7,124,019, (including premium and other issuance costs) was received to pay off the old debt. As a result, \$7,070,000 of the notes were retired. The bonds were issued with a premium of \$326,096. The issuance resulted in a difference between the cash flows required to service the old debt and the cash flows required to service the new debt of \$259,984 over the next 27 years and resulted in an economic gain of \$175,224.

The bond issue consists of serial, term and capital appreciation bonds. The serial bonds were issued with a varying interest rate of 2.00 to 4.00 percent. The term bonds that mature in fiscal years 2022, 2026, 2037 and 2041 were issued with a varying interest rate of 2.25 to 4.00 percent and are subject to a mandatory sinking fund redemption at a redemption price equal to 100 percent of the principal amount redeemed, plus interest accrued to the redemption date, on December 1 of the years shown in and according to the following schedule:

<u>2022 Term Bonds</u>	
<u>Year</u>	<u>Amount</u>
2022	\$ 25,000 (a)

(a) Remaining principal balance scheduled to be paid at the stated maturity of the corresponding Term Bonds.

The term bonds maturing after December 1, 2022 are subject to optional redemption, in whole or in part, on any date on or after December 1, 2022, at a redemption price equal to 100 percent of the principal amount redeemed, plus interest accrued to the redemption date.

Green Local School District
Wayne County, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2022

The capital appreciation bonds will mature December 1, 2027 and 2028 with interest rates of 3.60 percent and 3.70 percent, respectively. These bonds were purchased at a discount at the time of issuance and at maturity all compounded interest is paid and the bond holder collects the face value. However, since interest is technically earned and compounded semi-annually, the value of the bond increases. Therefore, as the value increases, the accretion is noted. The maturity amount of the bonds is \$700,000.

During fiscal year 2021, the School District fully refunded the serial bonds, and partially refunded the term bonds with the issuance of the 2020 Classroom Facilities & School Improvement Bonds.

2020 Classroom Facilities & School Improvement Bonds

On November 12, 2020, the School District issued \$6,517,475 in refunded general obligation bonds, which included serial, term and capital appreciation (deep discount) bonds in the amounts of \$705,000, \$5,660,000 and \$152,475, respectively. The bonds refunded \$6,530,000 of outstanding Build America bonds. The bonds were issued for a 20 year period with final maturities at December 1, 2041. At the end of the refunding \$7,023,730 (including premium and after underwriting fees) was deposited in an irrevocable trust to provide for all future payments on the refunded bond. As of June 30, 2022, \$6,530,000 of these bonds are considered to be defeased.

At the date of refunding, \$7,170,450, (including premium and other issuance costs) was received to pay off the old debt. As a result, \$6,530,000 of the notes was retired. The bonds were issued with a premium of \$652,975. The issuance resulted in a difference between the cash flows required to service the old debt and the cash flows required to service the new debt of \$509,838 over the next 20 years and resulted in an economic gain of \$337,442.

The bond issue consists of serial, term and capital appreciation bonds. The serial bonds were issued with a varying interest rate of 1.4 to 1.9 percent. The term bonds that mature in fiscal years 2033, 2035, and 2041 were issued with a varying interest rate of 2.3 to 3.1 percent and are subject to a mandatory sinking fund redemption at a redemption price equal to 100 percent of the principal amount redeemed, plus interest accrued to the redemption date, on December 1 of the years shown in and according to the following schedule:

2035 Term Bonds		2023 Term Bonds		2041 Term Bonds	
Year	Amount	Year	Amount	Year	Amount
2034	\$ 465,000	2031	\$ 465,000	2036	\$ 505,000
2035	475,000 (a)	2032	475,000	2037	515,000
		2033	505,000 (a)	2038	530,000
				2039	560,000
				2040	575,000
				2041	590,000 (a)

(a) Remaining principal balance scheduled to be paid at the stated maturity of the corresponding Term Bonds.

The term bonds maturing after December 1, 2030 are subject to optional redemption, in whole or in part, on any date on or after December 1, 2030, at a redemption price equal to 100 percent of the principal amount redeemed, plus interest accrued to the redemption date.

Green Local School District
Wayne County, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2022

The capital appreciation bonds will mature December 1, 2022, 2023, 2024, 2025 and 2030 with interest rates varying from 0.70 percent and 2.59 percent, respectively. These bonds were purchased at a discount at the time of issuance and at maturity all compounded interest is paid and the bond holder collects the face value. However, since interest is technically earned and compounded semi-annually, the value of the bond increases. Therefore, as the value increases, the accretion is noted. The maturity amount of the bonds is \$930,000.

Principal and interest requirements to retire general obligation bonds outstanding at June 30, 2022 are as follows:

Fiscal Year Ending June 30,	Qualified School Construction Bonds	General Obligation Bonds	Interest/ Accretion	Total
2023	\$ -	\$ 59,773	\$ 455,038	\$ 514,811
2024	-	30,413	454,757	485,170
2025	-	20,267	454,757	475,024
2026	-	13,505	454,757	468,262
2027	5,560,000	242,576	169,366	5,971,942
2028-2032	-	1,185,281	813,431	1,998,712
2033-2037	-	2,425,000	586,444	3,011,444
2038-2042	-	2,770,000	217,587	2,987,587
Total	<u>\$ 5,560,000</u>	<u>\$ 6,746,815</u>	<u>\$ 3,606,137</u>	<u>\$ 15,912,952</u>

Note 11 – Contingencies

A. Grants

The School District received financial assistance from federal and State agencies in the form of grants. The expenditure of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the general fund or other applicable funds. However, the effect of any such disallowed claims on the overall financial position of the School District at June 30, 2022, if applicable, cannot be determined at this time.

B. Litigation

The School District is not party to any claims or lawsuits that would, in the School District’s opinion, have a material effect of the basic financial statements.

C. Other Commitments

The School District utilizes encumbrance accounting as part of its budgetary controls. Encumbrances outstanding at year end may be reported as part of restricted, committed or assigned classifications of fund balance. At fiscal year end, the School District’s commitments for encumbrances in the governmental funds were as follows:

Green Local School District
Wayne County, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2022

Fund	Amount
General	\$ 350,811
Schoolwide Pool	1,255
Non Major Governmental	130,284
	\$ 482,350

D. School District Funding

School district Foundation funding is based on the annualized full-time equivalent (FTE) enrollment of each student. The Ohio Department of Education (ODE) is legislatively required to adjust/reconcile funding as enrollment information is updated by schools throughout the State, which can extend past the fiscal year end. As of the date of this report, ODE adjustments for fiscal year 2022 are not finalized. The impact of any adjustments is not determinable.

Note 12 – Set-Asides

The School District is required by State statute to annually set aside in the general fund an amount based on a statutory formula for the acquisition and construction of capital improvements. Amounts not spent by year-end or offset by similarly restricted resources received during the year must be held in cash at year-end and carried forward to be used for the same purposes in future years.

The following cash basis information describes the change in the year end set-aside amounts for capital acquisition.. Disclosure of this information is required by State statute.

	Capital Acquisition
Set-Aside Reserve Balance June 30, 2021	\$ -
Current Year Set Aside Requirement	190,878
Current Year Qualifying Offsets	(241,628)
Total	\$ (50,750)
Balance carried forward to FY 2023	\$ -
Set-Aside Reserve Balance June 30, 2022	\$ -

Although the School District had qualifying offsets during the fiscal year that reduced the set-aside amount to below zero for the capital acquisition set-aside, this amount may not be used to reduce the set-aside requirement for future years. The negative balance is therefore not presented as being carried forward to future years.

Note 13 – Budgetary Basis of Accounting

The statement of receipts, disbursements and changes in fund balance - budget and actual (cash basis) presented for the general fund is presented on the budgetary basis to provide a meaningful comparison of actual results with the budget. The major differences between the budget basis and the cash basis are that:

Green Local School District
Wayne County, Ohio
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2022

- a. In order to determine compliance with Ohio law, and to reserve that portion of the applicable appropriation, total outstanding encumbrances (budget basis) are recorded as the equivalent of a disbursement; and,
- b. Some funds are included in the general fund (cash basis), but have separate legally adopted budgets (budget basis).

The adjustments necessary to convert the results of operations for the year on the budget basis to the cash basis for the general fund and the Schoolwide Pool major special revenue fund is as follows:

	General Fund	Schoolwide Pool
Cash Basis	\$ 1,785,849	\$ 62,410
Funds Budgeted Elsewhere**	16,771	-
Adjustment for Encumbrances	(345,814)	(1,256)
Budget Basis	\$ 1,456,806	\$ 61,154

**As part of Governmental Accounting Standards Board Statement No. 54, *Fund Balance Reporting*, certain funds that are legally budgeted in separate special revenue funds are considered part of the general fund on the cash basis. This includes the unclaimed funds, rotary and public school support funds.

Note 14 – Fund Balance

Fund balance is classified as nonspendable, restricted, committed, assigned, and/or unassigned based primarily on the extent to which the School District is bound to observe constraints imposed upon the use of the resources in governmental funds.

The constraints placed on fund balance for the major governmental funds and all other governmental funds are presented below:

This space intentionally left blank.

Note 15 – Interfund Activity

During the fiscal year, the General Fund transferred \$1,567,317 to the Schoolwide Pool major Special Revenue Fund to cover expenses as required by Ohio Department of Education.

Note 16 – COVID-19

The United States and the State of Ohio declared a state of emergency in March of 2020 due to the COVID-19 pandemic. Ohio’s state of emergency ended in June of 2021 while the national state of emergency continues. During fiscal year 2022, the School District received Coronavirus Aid, Relief, and Economic Security (CARES) Act funding. Additional funding has been made available through the Consolidated Appropriations Act, 2021, passed by Congress on December 21, 2020 and/or the American Rescue Plan Act, passed by Congress on March 11, 2021.

Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

The Board of Education
Green Local School District
Wayne County, Ohio
100 Smithie Drive
Smithville, Ohio 44677

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to the financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the cash-basis financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Green Local School District, Wayne County, Ohio, (the School District) as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the School District's basic financial statements and have issued our report thereon dated November 10, 2022, wherein we noted the School District uses a special purpose framework other than generally accepted accounting principles.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the School District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School District's internal control. Accordingly, we do not express an opinion on the effectiveness of the School District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the School District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance or other matter that is required to be reported under *Government Auditing Standards* and which is described in the accompanying *Schedule of Findings and Questioned Costs* as item 2022-001.

School District's Response to the Finding

Government Auditing Standards requires the auditor to perform limited procedures on the School District's response to the finding identified in our audit and described in the accompanying corrective action plan. The School District's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditor's Report on Compliance with Requirements Applicable to Each Major Federal Program and on Internal Control over Compliance Required by the Uniform Guidance

The Board of Education
Green Local School District
Wayne County, Ohio
100 Smithie Drive
Smithville, Ohio 44677

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Green Local School District's, Wayne County, Ohio (the School District) compliance with the types of compliance requirements identified as subject to audit in the U.S. Office of Management and Budget (OMB) *Compliance Supplement* that could have a direct and material effect on each of the School District's major federal programs for the year ended June 30, 2022. The School District's major federal programs are identified in the summary of auditor's results section of the accompany *Schedule of Findings and Questioned Costs*.

In our opinion, the School District complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of School District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of School District's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

The School District's management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the School District's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the School District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the School District's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the School District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- obtain an understanding of the School District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the School District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

**GREEN LOCAL SCHOOL DISTRICT
WAYNE COUNTY**

**NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
2 CFR 200.510(b)(6)
FOR THE YEAR ENDED JUNE 30, 2022**

NOTE A – BASIS OF PRESENTATION

The accompanying Schedule of Expenditures of Federal Awards (the Schedule) includes the federal award activity of Green Local School District, Wayne County, Ohio, (the District) under programs of the federal government for the year ended June 30, 2022. The information on this Schedule is prepared in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the District, it is not intended to and does not present the financial position or changes in net position of the District.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the cash basis of accounting. Such expenditures are recognized following the cost principles contained in Uniform Guidance wherein certain types of expenditures may or may not be allowable or may be limited as to reimbursement.

NOTE C – INDIRECT COST RATE

The District has elected not to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

NOTE D - CHILD NUTRITION CLUSTER

The District commingles cash receipts from the U.S. Department of Agriculture with similar State grants. When reporting expenditures on this Schedule, the District assumes it expends federal monies first.

NOTE E – FOOD DONATION PROGRAM

The District reports commodities consumed on the Schedule at the entitlement value. The District allocated donated food commodities to the respective program that benefitted from the use of those donated food commodities.

NOTE F – TRANSFERS

The District consolidated Federal, State and Local funds into a Schoolwide Pool during the fiscal year (see Note G). The District made the following transfers of federal funds during fiscal year 2022:

<u>Program Title</u>	<u>AL #</u>	<u>Transfer Out</u>	<u>Transfer In</u>
Title I Grants to Local Educational Agencies Schoolwide Pool	84.010A N/A	\$ 134,808	\$ 134,808
Special Education - IDEA Part B Schoolwide Pool	84.027A N/A	216,967	216,967
Title II-A Supportive Effective Instruction State Grants Schoolwide Pool	84.367A N/A	34,214	34,214
Title IV-A Student Support and Academic Enrichment Program Schoolwide Pool	84.424A N/A	10,536	10,536

**GREEN LOCAL SCHOOL DISTRICT
WAYNE COUNTY**

**NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
2 CFR 200.510(b)(6)
FOR THE YEAR ENDED JUNE 30, 2022**

NOTE G – SCHOOLWIDE POOL

The District consolidated Federal, State and Local funds into a Schoolwide Pool during the fiscal year. The amounts allocated from these funds to the Schoolwide Pool during fiscal year 2022 are as follows:

<u>Fund/Grant</u>	<u>AL #</u>	<u>Amount Allocated</u>
General Fund	N/A	\$ 1,567,317
Title I Grants to Local Educational Agencies	84.010A	134,808
Special Education - IDEA Part B	84.027A	216,967
Title II-A Supportive Effective Instruction State Grants	84.367A	34,214
Title IV-A Student Support and Academic Enrichment Program	84.424A	10,536
		<u>\$ 1,963,842</u>

Schedule of Findings and Questioned Costs (Continued)
2 CFR Section 200.515
June 30, 2022

2. FINDINGS RELATED TO THE FINANCIAL STATEMENTS REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS

Finding Number: 2022-001

Material Noncompliance – Financial Reporting

Criteria: Ohio Administrative Code Section 117-2-03(B) requires the School District to prepare its annual financial report in accordance with generally accepted accounting principles (GAAP).

Condition: For fiscal year 2022, the School District prepared its financial statements and notes on the cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

Cause: The School District Board of Education has elected not to prepare its financial statements in accordance with GAAP as a cost saving measure.

Effect: The accompanying basic financial statements omit assets, deferred outflows of resources, liabilities, deferred inflows of resources, fund equities, and disclosures that, while material, cannot be determined at this time. In addition, required supplementary information (RSI), including the Schedule of Proportionate Share of the Net Pension Liability/Asset, Schedule of Pension Contributions, Schedule of Proportionate Share of Net OPEB Liability and Schedule of OPEB Contributions, were omitted from the financial statements. Failure to prepare GAAP financial statements may result in the School District being fined or other administrative remedies.

Recommendations: The School District should implement procedures to prepare its annual financial report in accordance with GAAP to comply with Ohio Admin. Code Section 117-2-03(B).

Management’s Response/Corrective Action: See Corrective Action Plan.
