The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material misstatement of management's assertions, whether due to fraud or error. In accordance with *Government Auditing Standards*, we are required to report all deficiencies that are considered to be significant deficiencies or material weaknesses in internal control; fraud and noncompliance with provisions of laws or regulations that have a material effect on the accuracy and completeness of the census data and pensionable wages; and any other instances that warrant the attention of those charged with governance; noncompliance with provisions of contracts or grant agreements that materially affects the subject matter. We performed our examination to express an opinion on whether management's assertions regarding the accuracy and completeness of the census data reported to the retirement system are fairly stated, and not for the purpose of expressing an opinion on the internal control over the accuracy and completeness of the census data provided to the pension system, or on compliance and other matters; accordingly, we express no such opinions. **MARYSVILLE EXEMPTED VILLAGE SCHOOL DISTRICT
UNION COUNTY**

**SCHEDULE OF FINDINGS
YEAR ENDED JUNE 30, 2022**

FINDING NUMBER 2022-001

Significant Deficiency

The District is required to provide complete and accurate census data to the School Employees Retirement System of Ohio (SERS). This includes ensuring employee demographic data such as first and last name, last four digits of the social security number, gender, and birth date are accurate.

One out of thirty employees tested had the incorrect gender reported to SERS due to a clerical error. While the District's Payroll System and new hire documentation reflected correct information, the information provided by SERS did not.

Failure to accurately report census data to SERS could result in miscalculations of the actuarially reported liability. The District should review existing employee data in the electronic System portal maintained by SERS ensure employee information is accurate and complete.
