INDEPENDENT AUDITOR'S REPORT

Montgomery County Land Reutilization Corporation
Montgomery County
130 West Second Street, Suite 1425
Dayton, Ohio 45402

To the Board of Directors:

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities and the major fund of the Montgomery County Land Reutilization Corporation, Montgomery County, Ohio (Corporation), a component unit of Montgomery County, as of and for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise the Corporation's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the major fund of the Montgomery County Land Reutilization Corporation, Montgomery County, Ohio as of December 31, 2021, and the respective changes in financial position thereof for the year then ended in accordance with the accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Corporation, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matter

As discussed in Note 10 to the financial statements, the financial impact of COVID-19 and the continuing emergency measures may impact subsequent periods of the Corporation. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Corporation's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Corporation's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Corporation's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the *management's discussion and analysis* be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated May 27, 2022, on our consideration of the Corporation's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Corporation's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Corporation's internal control over financial reporting and compliance.

MONTGOMERY COUNTY LAND REUTILIZATION CORPORATION
MONTGOMERY COUNTY

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED DECEMBER 31, 2021
(Unaudited)

The management's discussion and analysis of the Montgomery County Land Reutilization Corporation's (the Corporation) financial performance provides an overall review of the Corporation's financial activities for the year ended December 31, 2021. The Corporation began operations on August 26, 2011 and is a component unit of Montgomery County. The Corporation is focused on facilitating the transition of blighted, foreclosed and abandoned properties into viable, marketable properties by working collaboratively with public and private entities in a financially responsible, transparent manner with a long-term goal of returning these properties to the tax roll. The intent of this discussion and analysis is to look at the Corporation's financial performance as a whole; readers should also review the notes to the basic financial statements and financial statements to enhance their understanding of the Corporation's financial performance.

Financial and Administrative Highlights

Key financial and administrative highlights for 2021 are as follows:

- Mission progress was substantially hindered in 2021 by the County's suspension of the Board of Revision hearing and foreclosure process. This process has been the primary method for acquiring vacant abandoned, tax delinquent property for Land Bank programs, accounting for nearly all the 1,200 properties demolished under the NIP program. A change in policy was established in November but the hearing process is yet to be restarted
- The Corporation acquired 1,225 properties as a part of the ownership requirement of the NIP program. The total award as of December 31, 2021, was approximately \$21.3 million.
- The Neighborhood Initiative Program (NIP) completed the following:
 - Acquired 3 properties.
 - Surveyed 3 Properties.
 - Remediated 3 Properties.
 - Demolished 6 Properties.
 - Transferred 377 NIP Lots, 26 (7%) of which were side lots to Owner Occupants, 58 (15%) were to non-profits or investors, the balance was transferred back the jurisdictions.
 - Through December 31, 2021, 925 of the 1225 properties have been transferred to other ownership.
 - Processed Applications for 67 NIP Lots of which 10 were rejected.
- The Corporation awarded two new Planning Grants in 2021. The Grants were awarded to the City of Riverside and the City of Dayton for the Westwood Project. Each grant was awarded for \$50,000.
- There were no further renovations completed as part of the Thriving Neighborhood Initiative (TNI). The Land Bank continues to collaborate with the City of Dayton and the neighborhood association in the Huffman Historic Neighborhood and have identified 9 parcels to acquire for demolition, renovation, or stabilization. The Land Bank will proceed with acquisition when the foreclosure process resumes. Two properties were approved for demolition by the Landmarks Commission.

MONTGOMERY COUNTY LAND REUTILIZATION CORPORATION
MONTGOMERY COUNTY

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED DECEMBER 31, 2021
(Unaudited)

- The Tax Foreclosure Acquisition Program (TFAP) transferred 26 properties of which 19% were to owner occupants, and an additional 21 applications were processed.
- The Land Bank facilitated the disposition of a property for Commercial Redevelopment Program customers. The foreclosure corrected a 100-year-old error on a title. While the Land Bank fielded several inquiries regarding this program, we received only one application from the Weiland company for 5 parcels on Salem Avenue for future development. The application is being processed to determine eligibility for tax lien purchase and foreclosure.
- The DO It Yourself (DIY) program completed the transfer of 11 properties, have 6 under agreement being renovated, 3 new properties were acquired for the program.
- In 2020, the Corporation issued a Community Loan to the City of West Carrollton for the renovation of a home the City owns. This loan was repaid early in 2021 when the city had a buyer for the property. They did not end up doing a renovation.

Overview of the Financial Statements

This annual report consists of financial statements and notes to the financial statements. These statements are organized so the reader can understand the Corporation's financial activities. The Statement of Net Position and Statement of Activities provide information about the activities of the whole Corporation and present a longer-term view of net position. The Statement of Activities shows changes to net position of the Corporation. Fund financial statements tell how services were financed in the short-term as well as what dollars remain for future spending.

Reporting the Corporation's Financial Activities

Statement of Net Position and the Statement of Activities

The Statement of Net Position and Statement of Activities include all assets and liabilities using the accrual basis of accounting similar to the accounting method used by the private sector. This basis of accounting takes into account all of the current year's revenues and expenses regardless of when cash was received or paid.

These two statements report the Corporation's net position and changes in that position. This change in net position is important because it tells the reader whether, for the Corporation as a whole, the financial position of the Corporation has improved or diminished. However, in evaluating the overall position of the Corporation, non-financial information such as the condition of the Corporation's capital assets will also need to be evaluated.

The Statement of Net Position and the Statement of Activities are divided into the following categories: assets, liabilities, net position (assets minus liabilities), program expenses and revenues, general revenues, and net position beginning and end of year.

MONTGOMERY COUNTY LAND REUTILIZATION CORPORATION
MONTGOMERY COUNTY

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED DECEMBER 31, 2021
(Unaudited)

Reporting on the Corporation's Most Significant Fund

Governmental Fund

The presentation for the Corporation's only fund, the General or Governmental Fund, focuses on how resources flow into and out of it and the balance that is left at year end and available for spending in future periods. The General Fund is reported using the modified accrual basis of accounting which measures cash and all other financial assets that are expected to be readily converted to cash. The Governmental Fund statements provide a detailed short-term view of the Corporation's general operations and the basic services it provides. Governmental Fund information helps determine whether there are more or fewer financial resources that can be spent in the near future on services provided to the Corporation's government constituents. The relationship (or difference) between governmental activities (reported on the Statement of Net Position and the Statement of Activities) and the General Fund is reconciled in the financial statements.

The Statement of Net Position looks at the Corporation as a whole. The table below provides a summary of Corporation's net position for 2021 and 2020:

Net Position		
	2021	2020
Assets		
Equity in Pooled Cash and Cash Equivalents	\$ 9,668,916	\$ 9,421,384

<i>Net Position</i>	<u>\$ 17,285,194</u>	<u>\$ 24,247,593</u>

MONTGOMERY COUNTY LAND REUTILIZATION CORPORATION
MONTGOMERY COUNTY

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED DECEMBER 31, 2021
(Unaudited)

Cash collected by the Corporation is deposited into a checking account for operating purposes. Cash and cash equivalents increased \$247,532 during 2021. Investments at December 31, 2021, consist of funds held in a Star Ohio investment account, which are included in cash and cash equivalents in the financial statements.

Accounts Receivable at December 31, 2021, consists of funds due from the City of Dayton, and other various customers.

Assets held for resale represent properties foreclosed upon or donated to the Corporation. These properties were recorded at the land assessed value provided by the Montgomery County Auditor as the structures were intended to be demolished. Decreases in 2021 relate to decreased activity from OHFA, the transfer of properties to new owners or communities, and some activity in commercial property.

Accounts Payable consists of expenses related to County Corp. It also includes general administrative expenses. Accounts Payable increased during 2021.

Over time, net position can serve as a useful indicator of a government's financial position. At December 31, 2021, the Corporation's net position was \$17,285,194 down from \$24,247,593 in 2020 as a result of an increase in admin expenses related to property transfers.

The table below shows the changes in net position between 2021 and 2020:

Change in Net Position		
	2021	2020
Revenues		
Program Revenues		
Charges for Services	\$ 456,740	\$ 334,382
Operating Grants and Contributions	150,857	1,001,472
<i>Total Program Revenues</i>	<u>607,597</u>	<u>1,335,854</u>
General Revenues

<i>Net Position End of Year</i>	<u>\$ 17,285,194</u>	<u>\$ 24,247,593</u>

MONTGOMERY COUNTY LAND REUTILIZATION CORPORATION
MONTGOMERY COUNTY

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED DECEMBER 31, 2021
(Unaudited)

Revenues for 2021 consist primarily of the Ohio Housing Finance Agency "Neighborhood Initiative Program" grant and the 5% of delinquent taxes contributed by Montgomery County to the Corporation for the purpose of land reutilization. The funding from Montgomery County resulted in \$1.7 million from the semi-annual property tax collection for Corporation activities. In addition, operating grants and contributions decreased due to decreased activity in the OHFA NIP Program.

Expenses increased during 2021 due to increased administrative expenses during the year.

The Corporation's Fund

Information about the Corporation's Governmental Fund begins on page 13. This fund is accounted for using the modified accrual basis of accounting. The Corporation had governmental revenues of \$3,760,694 and expenditures of \$10,728,091.

Capital Assets

As of December 31, 2021, the Corporation had \$23,458 of furniture, equipment and leasehold improvements. See Note 7 of the basic financial statements for additional information on capital assets.

Debt

As of December 31, 2021, the Corporation had paid off the remaining balance of \$800 in debt attributable to loans associated with NIP. The debt was associated with the demolition of properties in this program. See Note 8 of the basic financial statements for additional information on debt.

Factors Expected to Impact the Future

The Neighborhood Initiative Program was completed in 2021 and there will be no more funding for the Land Bank under this program.

This report would not be complete without acknowledging the impact of the 6-month suspension of the Board of Revisions (BOR) expedited tax foreclosure process and COVID. Tax foreclosures are the primary method by which the Corporation acquires and repurposes distressed property. The BOR expedited process has been the primary foreclosure process used by the Land Bank to acquire distressed property. The expedited foreclosure process was shut down on June 25, 2021, as the result of a change in operating policy. A new policy was agreed to in November 2021 but by years end foreclosure cases were not being heard. Land Bank programs had to be suspended and/or altered to account for the suspension and a lack of inventory. Regarding COVID, Land Bank staff worked mainly remote in 2021 adjusting its communication patterns, improving online technology and protocols to operate without disruption.

MONTGOMERY COUNTY LAND REUTILIZATION CORPORATION
MONTGOMERY COUNTY

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2021

Note 1 – Description of the Reporting Entity

The Montgomery County Land Reutilization Corporation (the Corporation) is a body corporate and politic authorized by the Board of County Commissioners of Montgomery County on July 5, 2011 and incorporated on August 26, 2011 under Chapter 1724 of the Ohio Revised Code.

The Corporation's governing body is a seven member Board of Directors, consisting of the County Treasurer, two County Commissioners, one representative of the City of Dayton, one member representing a Township, and the remaining two members selected by the County Treasurer and County Commissioners with both members having private sector real estate experience.

The Corporation has been designated as the County's agent to further its mission to reclaim, rehabilitate, and reutilize vacant, abandoned, tax foreclosed and other real property in the County by exercising the powers of the County under Chapter 5722 of the Ohio Revised Code. The Corporation is classified as a component unit of Montgomery County for reporting purposes, in accordance with Governmental Accounting Standards Board (GASB) Statement No. 14 as amended by GASB Statement No. 39 and 61.

The financial statements include all agencies, divisions, and operations for which the Corporation is financially accountable. Financial accountability exists if a primary government / component unit appoints a majority of an organization's governing board and is able to impose its will on that organization. Financial accountability may also be deemed to exist if there is a potential for the organization to provide financial benefits to, or impose financial burdens on, the primary government / component unit. On this basis, no governmental organization other than the Corporation itself is included in the financial reporting entity.

Note 2 – Summary of Significant Accounting Policies

Basis of Presentation

The Corporation's basic financial statements consist of government-wide statements, including a Statement of Net Position and a Statement of Activities and fund financial statements which provide a more detailed level of financial information.

Government-Wide Financial Statements

The Statement of Net Position and the Statement of Activities display information about the Corporation as a whole. These statements include the financial activities of the primary government. These statements usually distinguish between those activities of the Corporation that are governmental and those that are business-type. The Corporation, however, does not have any business-type activities. The Statement of Net Position presents the financial condition of the governmental activities of the Corporation at year-end. The Statement of Activities presents a comparison between direct expenses and program revenues for each program or function of the Corporation's governmental activities. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of

MONTGOMERY COUNTY LAND REUTILIZATION CORPORATION
MONTGOMERY COUNTY

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2021

the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program and interest earned on grants that is required to be used to support a particular program. Revenues which are not classified as program revenues are presented as general revenues of the Corporation, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental program is self-financing or draws from the general revenues of the Corporation.

Fund Financial Statements

Fund financial statements are designed to present financial information of the Corporation at a more detailed level. The Corporation's General Fund is its only Governmental Fund.

Fund Accounting

The Corporation uses fund accounting to segregate cash and investments that are restricted as to use. A fund is a separate accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances, and attaining certain objectives in accordance with special regulations, restrictions or limitations.

For financial statement presentation purposes, the Corporation's fund is classified as a Governmental Fund.

Governmental Funds

Governmental Funds focus on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various Governmental Funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be repaid. The difference between Governmental Fund assets and liabilities is reported as fund balance. The following is the Corporation's only Governmental Fund:

General Fund: The General Fund accounts for all financial resources that are received by the Corporation, including resources received from the County Treasurer from penalties collected on delinquent property taxes and interest on those delinquencies. The General Fund balance is available to the Corporation for any purpose provided it is expended or transferred according to the general laws of Ohio.

Measurement Focus

Government-Wide Financial Statements

The government-wide financial statements are prepared using a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of the Corporation are included on the Statement of Net Position. The Statement of Activities presents increases (i.e., revenues) and decreases (i.e., expenses) in total net position.

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2021

Fund Financial Statements

The General Fund is accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the Balance Sheet. The Statement of Revenues, Expenditures and Changes in Fund Balance reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental Fund financial statements therefore include brief explanations to better identify the relationship between the government-wide statements and the statements for the General Fund.

Basis of Accounting

Basis of accounting determines when transactions are recorded on the financial records and reported on the financial statements. Government-wide statements are prepared using the accrual basis of accounting. The General Fund uses the modified accrual basis of accounting. Differences in the accrual and modified accrual basis of accounting arise in the recognition of revenue and in the presentation of expenses versus expenditures.

Revenues - Exchange and Non-exchange Transactions

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the year in which the resources are measurable and become available. Available means that the resources will be collected within the current year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current year. For the Corporation, available means expected to be received within sixty days of year-end.

Non-exchange transactions, in which the Corporation receives value without directly giving equal value in return, include grants, entitlements and donations. Revenue from grants, entitlements and donations is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the Corporation must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the Corporation on a reimbursement basis. On the modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

Under the modified accrual basis, interest and grants revenue sources are considered to be both measurable and available at year-end.

MONTGOMERY COUNTY LAND REUTILIZATION CORPORATION
MONTGOMERY COUNTY

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2021

Expenses/Expenditures

On the accrual basis of accounting, expenses are recognized at the time they are incurred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

Budgetary Process

The Corporation is not bound by the budgetary laws prescribed by the Ohio Revised Code for purely governmental entities. The Board of Directors of the Corporation did, however, adopt an annual budget for the fiscal year and program appropriations were approved by the Board of Directors during the year as required. The Board did approve, in 2020 a budget for 2021.

Federal Income Tax

The Corporation is exempt from federal income tax under Section 115(1) of the Internal Revenue Code.

Cash and Cash Equivalents

All monies received by the Corporation are deposited in a demand deposit account and a State Treasurer Asset Reserve Fund (STAR Ohio) account.

The Corporation had investments at the end of the year in a Star Ohio account. STAR Ohio is an investment pool managed by the State Treasurer's Office, which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the U.S. Securities and Exchange Commission (SEC) as an investment company, but has adopted GASB Statement No. 79, *Certain External Investment Pools and Pool Participants*, for the purpose of measuring the value of shares in STAR Ohio. The Corporation measures its investment in STAR Ohio at the net asset value (NAV) per share provided by STAR Ohio. The NAV per share is calculated on an amortized cost basis that provides a NAV share that approximates fair value.

Assets Held for Resale

Assets held for resale represent properties purchased by or donated to the Corporation. These properties are valued based upon the acquisition cost plus any costs of maintenance, rehabilitation, or demolition costs. The Corporation holds the properties until they are either sold to individuals who rehabilitate them, or the structure on the properties is demolished and the property is transferred to a new owner.

Capital Assets

The Corporation's only capital assets are general capital assets. General capital assets are capital assets which are associated with and generally arise from governmental activities. General capital assets are reported in the governmental activities column of the government-wide Statement of Net Position but are reported as capital outlay expenditure in the Statement of Revenues, Expenditures and Changes in Fund Balance of the General Fund in the year in which they are acquired.

MONTGOMERY COUNTY LAND REUTILIZATION CORPORATION
MONTGOMERY COUNTY

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2021

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. The Corporation capitalizes purchased furniture, equipment and leasehold improvements when the cost is \$1,000 or more, and its useful life exceeds one year.

All capital assets are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation for furniture and equipment is computed using the straight-line method for furniture and equipment over useful lives of five years. Depreciation for leasehold improvements is amortized over the remaining life of the lease.

Accrued Liabilities and Long-term Obligations

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements.

Governmental Fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the fund.

Net Position

Net position represents the difference between assets/deferred outflow of resources and liabilities/deferred inflows of resources. The Corporation did not have any deferred outflow of resources or deferred inflow of resources as of December 31, 2021. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. The Corporation had no restricted net position at December 31, 2021.

Intergovernmental Revenue

The Corporation receives operating income through Montgomery County. This money represents the penalties and interest on unpaid and delinquent property taxes once these taxes are paid. Pursuant to ORC 321.263, these penalty and interest monies are collected by the County when taxes are paid and then are transferred to the Corporation.

Estimates

The preparation of the basic financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the basic financial statements and accompanying notes. Actual results may differ from those estimates.

Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the Corporation is bound to observe constraints imposed upon the use of the resources in the Governmental Fund. The classifications are as follows:

Non-spendable Fund Balance – The non-spendable fund balance classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. The “not in spendable form” criterion includes

MONTGOMERY COUNTY LAND REUTILIZATION CORPORATION
MONTGOMERY COUNTY

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2021

items that are not expected to be converted to cash, for example, inventories and prepaid amounts.

Restricted Fund Balance – The restricted classification is used when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or imposed by law through constitutional provisions or enabling legislation.

Committed Fund Balance – The committed fund balance classification includes amounts that can be used only for specific purposes pursuant to constraints imposed by formal action of the Corporation’s Board of Directors.

Assigned Fund Balance – Assigned fund balance includes amounts that are constrained by the Corporation’s intent to be used for specific purposes but are neither restricted nor committed.

Unassigned Fund Balance – Unassigned fund balance is the residual classification for the General Fund. This classification represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the General Fund.

The Corporation has not adopted a formal fund balance policy.

The Corporation applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available.

Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

Note 3 – Cash and Cash Equivalents

At December 31, 2021, the carrying amount of the Corporation’s deposits was \$1,940,171. The Corporation’s bank balance was \$1,941,231. Based on the criteria described in GASB Statement Number 40, Deposits and Investment Risk Disclosures, as of December 31, 2021, \$250,000 was covered by Federal Deposit Insurance Corporation (FDIC) and \$1,691,231 was uninsured and collateralized. Custodial credit risk is the risk that in the event of bank failure the Corporation’s deposits may not be returned to it. As permitted by Ohio Revised Code, the Corporation’s deposits are collateralized by the Ohio Pooled Collateral System. Financial institutions participating in the Ohio Pooled Collateral System (OPCS), a centralized collateral system monitored by the Ohio Treasurer of State, must pledge eligible securities equal to at least 102% of the carrying value of all public deposits held by each institution. Financial institutions choosing not to participate in the OPCS must pledge eligible securities equal to at least 105% of the carrying value of all public deposits held by each institution. The Corporation has no deposit policy for custodial credit risk beyond the requirements of State statute. Although securities were held by the pledging institutions’ trust department and all the statutory

MONTGOMERY COUNTY LAND REUTILIZATION CORPORATION
MONTGOMERY COUNTY

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2021

requirements for the deposit of money had been followed, noncompliance with federal requirements could potentially subject the Corporation to a successful claim by the Federal Deposit Insurance Corporation.

STAR Ohio is an investment pool created pursuant to Ohio statutes and managed by the Treasurer of the State of Ohio. Investments in STAR Ohio are not evidenced by securities that exist in physical or book entry form. The value of the Corporation’s position in STAR Ohio is equal to the value of the shares the Corporation owns in the investment pool. The Corporation’s position was valued at \$7,728,745 as of December 31, 2021. STAR Ohio carries a AAAm credit rating by Standard and Poors. The Corporation has no policy for custodial credit risk beyond the requirements of state statute. STAR Ohio is not registered with the SEC as an investment company, but has adopted Governmental Accounting Standards Board (GASB) Statement No. 79, “Certain External Investment Pools and Pool Participants.” The Corporation measures their investment in STAR Ohio at the net asset value (NAV) per share provided by STAR Ohio. The NAV per share is calculated on an amortized cost basis that provides an NAV per share that approximates fair value.

Note 4 – Risk Management

The Corporation is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During 2021, the Corporation contracted with Marsh & McLennan Agency for various types of insurance as follows:

<u>Coverage Type</u>	<u>Coverage</u>	<u>Provider</u>
General Aggregate	\$2,000,000	Alliance Insurance Company Cincinnati Indemnity Company – Vacant Land
General Liability	\$1,000,000	Alliance Insurance Company Cincinnati Indemnity Company – Vacant Land
Commercial Liability	\$1,000,000	Alliance Insurance Company
Directors / Officers Liability	\$1,000,000	Cincinnati Insurance Company
Employment Practices Liability	\$1,000,000	Cincinnati Insurance Company
Employee Dishonesty	\$500,000	Cincinnati Insurance Company
Business Personal Property	\$300,000	Cincinnati Insurance Company

Since being incorporated settled claims have not exceeded commercial coverage. There have been no significant reductions in coverage from last year.

Note 5 – Litigation

The Corporation is not currently a party to any legal proceedings which would have a material impact on the financial statements

Note 6 – Transactions with Montgomery County

Pursuant to and in accordance with Section 321.261 (B) of the Ohio Revised Code, the Corporation has been authorized by the Montgomery County Board of Commissioners to receive 5% of all collections of

MONTGOMERY COUNTY LAND REUTILIZATION CORPORATION
MONTGOMERY COUNTY

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2021

delinquent real property, personal property, and manufactured and mobile home taxes that are deposited into the County's Delinquent Tax and Assessment Collection (DTAC) Fund and will be available for appropriation by the Corporation to fund operations. The Corporation received \$1,559,799 of DTAC revenue in 2021.

Note 7 – Capital Assets

A summary of changes in capital assets during 2021 follows:

	Balance 12/31/2020	Additions	Deletions	Balance 12/31/2021
Furniture and Equipment	\$ 69,786	\$ 2,413	\$ -	\$ 72,199
Leasehold Improvements	11,965	10,693	-	22,658
Less Accumulated Depreciation	(62,491)	(8,908)	-	(71,399)
<i>Governmental Activities Capital Assets, Net</i>	<u>\$ 19,260</u>	<u>\$ 4,198</u>	<u>\$ -</u>	<u>\$ 23,458</u>

Note 8 – Long-Term Obligations

The Corporation signed a Promissory Note with County Corp in 2021, which amended and restated the noted signed in 2018, for the Neighborhood Initiative Program that extends to the Corporation a loan on a revolving basis provided the aggregate principal amount borrowed does not exceed \$5,000. The debt is associated with the demolition of properties. The Promissory Note is secured with an Open-Ended Mortgage where the properties are the collateral.

The long-term note requires monthly interest payments and all unpaid principal and accrued, unpaid interest is due at maturity. The summarized terms are in the following table:

	Interest Rate	Original Note Amount	Date of Maturity
County Corp Promissory Note	1.75%	\$ 5,000	February 28, 2022

The changes in the Corporation's long-term obligations during the year consist of the following:

	Principal Outstanding 12/31/2020	Additions	(Reductions)	Principal Outstanding 12/31/2021
Governmental Activities:				
County Corp Promissory Note	800	-	800	-
<i>Total Governmental Activities</i>	<u>\$ 800</u>	<u>\$ -</u>	<u>\$ 800</u>	<u>\$ -</u>

MONTGOMERY COUNTY LAND REUTILIZATION CORPORATION
MONTGOMERY COUNTY

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2021

Note 9 –Fund Balance

Fund balance is classified as nonspendable, restricted, committed, assigned and/or unassigned based primarily on the extent to which the Corporation is bound to observe constraints imposed upon the use of the resources in the government fund. The constraints placed on fund balance for the general fund is presented below:

<u>Fund Balance</u>	<u>General Fund</u>
Nonspendable	
Prepays	\$ 50,730
Assets Held for Resale	<u>8,224,222</u>
<i>Total Nonspendable</i>	8,274,952
<i>Unassigned</i>	<u>8,986,784</u>
<i>Total Fund Balance</i>	<u><u>\$ 17,261,736</u></u>

Note 10 – COVID-19

The United States and the State of Ohio declared a state of emergency in March 2020 due to the COVID-19 pandemic. The financial impact of COVID-19 and the continuing emergency measures may impact subsequent periods of the Corporation. The Corporation's investment portfolio fluctuates with market conditions, and due to market volatility, the amount of gains or losses that will be recognized in subsequent periods, if any, cannot be determined. In addition, the impact on the Corporation's future operating costs, revenues, and any recovery from emergency funding, either federal or state, cannot be estimated.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY *GOVERNMENT AUDITING STANDARDS*

Montgomery County Land Reutilization Corporation
Montgomery County
130 West Second Street, Suite 1425
Dayton, Ohio 45402

To the Board of Directors:

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and the major fund of the Montgomery County Land Reutilization Corporation, Montgomery County, (the Corporation) as of and for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise the Corporation's basic financial statements and have issued our report thereon dated May 27, 2022, wherein we noted the financial impact of COVID-19 and the continuing emergency measures may impact subsequent periods of the Corporation.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Corporation's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purposes of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Corporation's internal control. Accordingly, we do not express an opinion on the effectiveness of the Corporation's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Corporation's financial statements will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Corporation's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Corporation's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Corporation's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
