INDEPENDENT AUDITOR'S REPORT

Struthers City School District
Mahoning County
99 Euclid Avenue
Struthers, Ohio 44471

To the Board of Education:

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the major fund, and the aggregate remaining fund information of the Struthers City School District, Mahoning County, Ohio (the District), as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for preparing and fairly presenting these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes designing, implementing, and maintaining internal control relevant to preparing and fairly presenting financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to opine on these financial statements based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinions.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the major fund, and the aggregate remaining fund information of the District, as of June 30, 2021, and the respective changes in financial position thereof and the budgetary comparison for the General fund thereof for the year then ended in accordance with the accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 3 to the financial statements, during 2021, the District adopted new accounting guidance in Governmental Accounting Standards Board (GASB) Statement No. 84, *Fiduciary Activities*. Also, as discussed in Note 22 to the financial statements, the financial impact of COVID-19 and the continuing emergency measures may impact subsequent periods of the District. We did not modify our opinion regarding this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require this presentation to include *management's discussion and analysis*, and schedules of net pension and other post-employment benefit liabilities and pension and other post-employment benefit contributions listed in the table of contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, consisting of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, to the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not opine or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to opine or provide any other assurance.

Supplementary and Other Information

Our audit was conducted to opine on the District's basic financial statements taken as a whole.

The Schedule of Expenditures of Federal Awards presents additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards and is not a required part of the financial statements.

The schedule is management's responsibility, and derives from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. We subjected this information to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling this information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves in accordance with auditing standards generally accepted in the United States of America. In our opinion, this information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 21, 2022, on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Struthers City School District
Mahoning County, Ohio

Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2021
Unaudited

This discussion and analysis of Struthers City School District's financial performance provides an overall review of the School District's financial activities for the fiscal year ended June 30, 2021. The intent of this discussion and analysis is to look at the School District's financial performance as a whole. Readers should also review the financial statements and the notes to the basic financial statements to enhance their understanding of the School District's financial performance.

Financial Highlights

Key financial highlights for fiscal year 2021 are as follows:

- In total, net position decreased \$663,096 from fiscal year 2020, due mostly to an increase in the net pension liability. The effects of GASB 68 and 75 distort the comparative analysis to follow in this MD&A due to the significant change in total expenses on a full accrual basis.
- Revenues for governmental activities totaled \$25,510,087 in fiscal year 2021. Of this total, 78 percent consisted of general revenues while program revenues accounted for the balance of 22 percent.
- Program expenses totaled \$26,173,183. Instructional expenses made up 64 percent of the total while support services accounted for 29 percent. Other expenses rounded out the remaining 7 percent.
- The School District's only major governmental fund is the general fund. The general fund had \$21,425,204 in revenues and \$19,577,689 in expenditures, excluding other financing sources and uses. During fiscal year 2021, the general fund balance increased \$1,807,515, or 20 percent.
- The District's total net pension liability increased to \$24,663,835 from \$22,693,673 and the net OPEB liability (net of the OPEB asset) decreased to \$63,409, from \$461,575, a combined increase of almost \$1.6 million. For more information on this liability see Notes 13 and 14 to the basic financial statements.

Using this Annual Financial Report

This annual report consists of a series of financial statements and notes pertaining to those statements. These statements are organized so the reader can understand Struthers City School District as a financial whole, or complete operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The Statement of Net Position and Statement of Activities provide information about the activities of the whole School District, presenting both an aggregate and longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements explain how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the School District's most significant funds with all other non-major funds presented in total in one column. In the case of Struthers City School District, the general fund is the most significant.

Reporting the School District as a Whole

Statement of Net Position and the Statement of Activities

While this document contains all the funds used by the School District to provide programs and activities, the view of the School District as a whole considers all financial transactions and asks the question, "How did we do financially in fiscal year 2021?" The *Statement of Net Position* and the *Statement of Activities* answer this question. These statements include all assets, deferred outflows of resources, liabilities and deferred inflows of resources using the accrual basis of accounting, similar to the accounting used by most private-sector companies. Accrual accounting takes into account all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the School District's net position and changes in that position. This change in net position is important because it tells the reader that, for the School District as a whole, the financial position of the School District has improved or diminished. The cause of this change may be the result of many factors, some financial, some not. Non-financial factors include the School District's performance, demographic and socioeconomic factors and willingness of the community to support the School District.

In the Statement of Net Position and the Statement of Activities, all activities of the School District are classified as governmental. All of the School District's programs and services are reported here including instruction, support services, operation and maintenance of plant, pupil transportation, operation of food service and extracurricular activities.

Reporting the School District's Most Significant Funds

Fund Financial Statements

Fund financial reports provide detailed information about the School District's major funds. The School District uses many funds to account for a multitude of financial transactions. However, these fund financial statements focus on the School District's most significant funds. The School District's major governmental fund is the general fund.

Governmental Funds All of the School District's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at fiscal year-end available for spending in future periods. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the School District's general government operations and the basic services it provides. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is reconciled in the financial statements.

Notes to the Basic Financial Statements The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

The School District as a Whole

The statement of net position provides the perspective of the School District as a whole. Table 1 provides a summary of the School District's net position for 2021 compared to 2020:

Net Position (Table 1)			
Governmental Activities			
	2021	(Restated) 2020	Change
Assets

Struthers City School District
Mahoning County, Ohio

Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2021
Unaudited

The net pension liability (NPL) is the largest single liability reported by the School District at June 30, 2021 and is reported pursuant to GASB Statement 68, "Accounting and Financial Reporting for Pensions—an Amendment of GASB Statement 27." The School District also adopted GASB Statement 75, "Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions," which significantly revises accounting for costs and liabilities related to other postemployment benefits (OPEB). For reasons discussed below, many end users of this financial statement will gain a clearer understanding of the School District's actual financial condition by adding deferred inflows related to pension and OPEB, the net pension liability and the net OPEB liability (asset) to the reported net position and subtracting deferred outflows related to pension and OPEB.

Governmental Accounting Standards Board standards are national and apply to all government financial reports prepared in accordance with generally accepted accounting principles. Prior accounting for pensions (GASB 27) and postemployment benefits (GASB 45) focused on a funding approach. This approach limited pension and OPEB costs to contributions annually required by law, which may or may not be sufficient to fully fund each plan's *net pension liability* or *net OPEB liability*. GASB 68 and GASB 75 take an earnings approach to pension and OPEB accounting; however, the nature of Ohio's statewide pension/OPEB plans and state law governing those systems requires additional explanation in order to properly understand the information presented in these statements.

GASB 68 and GASB 75 require the net pension liability and the net OPEB liability (asset) to equal the School District's proportionate share of each plan's collective:

1. Present value of estimated future pension/OPEB benefits attributable to active and inactive employees' past service.
2. Minus plan assets available to pay these benefits.

GASB notes that pension and OPEB obligations, whether funded or unfunded, are part of the "employment exchange" – that is, the employee is trading his or her labor in exchange for wages, benefits, and the promise of a future pension and other postemployment benefits. GASB noted that the unfunded portion of this promise is a present obligation of the government, part of a bargained-for benefit to the employee and should accordingly be reported by the government as a liability since they received the benefit of the exchange. However, the School District is not responsible for certain key factors affecting the balance of these liabilities. In Ohio, the employee shares the obligation of funding pension benefits with the employer. Both employer and employee contribution rates are capped by State statute. A change in these caps requires action of both Houses of the General Assembly and approval of the Governor. Benefit provisions are also determined by State statute. The Ohio revised Code permits but does not require the retirement systems to provide healthcare to eligible benefit recipients. The retirement systems may allocate a portion of the employer contributions to provide for these OPEB benefits.

Struthers City School District
Mahoning County, Ohio

Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2021
Unaudited

The employee enters the employment exchange with the knowledge that the employer's promise is limited not by contract but by law. The employer enters the exchange also knowing that there is a specific, legal limit to its contribution to the retirement system. In Ohio, there is no legal means to enforce the unfunded liability of the pension/OPEB plan *as against the public employer*. State law operates to mitigate/lessen the moral obligation of the public employer to the employee, because all parties enter the employment exchange with notice as to the law. The retirement system is responsible for the administration of the pension and OPEB plans.

Most long-term liabilities have set repayment schedules or, in the case of compensated absences (i.e. sick and vacation leave), are satisfied through paid time-off or termination payments. There is no repayment schedule for the net pension liability or the net OPEB liability (asset). As explained above, changes in benefits, contribution rates, and return on investments affect the balance of these liabilities, but are outside the control of the local government. In the event that contributions, investment returns, and other changes are insufficient to keep up with required payments, State statute does not assign/identify the responsible party for the unfunded portion. Due to the unique nature of how the net pension liability and the net OPEB liability (asset) are satisfied, these liabilities are separately identified within the long-term liability section of the statement of net position.

In accordance with GASB 68 and GASB 75, the School District's statements prepared on an accrual basis of accounting include an annual pension expense and an annual OPEB expense for their proportionate share of each plan's *change* in net pension liability and net OPEB liability/asset, respectively, not accounted for as deferred inflows/outflows.

Total assets increased by \$1,448,417. The majority of this increase can be attributed to an increase in cash and cash equivalents and grants receivable. Total liabilities increased by \$2,480,469 due mostly to the increase in net pension liabilities.

Struthers City School District
Mahoning County, Ohio

Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2021

<i>Net Position End of Year</i>	<u>\$2,198,219</u>	<u>\$2,861,315</u>	<u>(\$663,096)</u>

Governmental Activities

Net position of the School District's governmental activities decreased \$663,096. Total governmental expenses of \$26,173,183 were partially offset by program revenues of \$5,697,149 and general revenues of \$19,812,938. Program revenues supported 22 percent of total governmental expenses.

The primary sources of revenue for governmental activities are derived from property taxes and grants and entitlements. These revenue sources represent 76 percent of total governmental revenue.

The largest expense of the School District is for instructional programs. Instructional expenses totaled \$16,823,420 or 64 percent of total governmental expenses for fiscal year 2021.

Struthers City School District
Mahoning County, Ohio

Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2021
Unaudited

The Statement of Activities shows the total net cost of program services. Table 3 shows the total cost of services for governmental activities and the net cost of those services. That is, it identifies the cost of these services supported by tax revenue and unrestricted State entitlements.

Table 3
Total and Net Cost of Program Services
Governmental Activities

	2021		2020	
	Total Cost of Services	Net Cost of Services	Total Cost of Services	Net Cost of Services
Program Expenses				
Instruction	\$16,823,420	\$13,444,098	\$16,799,762	\$13,954,754
Support Services	7,567,713	6,441,444	7,278,260	6,391,288
Operation of Non-Instructional/Food Services	1,074,154	99,002	969,803	30,894
Extracurricular Activities	655,400	438,994	687,757	290,746
Interest and Fiscal Charges	52,496	52,496	70,071	70,071
<i>Total Expenditures</i>	<u>\$26,173,183</u>	<u>\$20,476,034</u>	<u>\$25,805,653</u>	<u>\$20,737,753</u>

The table above reflects how the District funds its programs through program revenues, while non-instructional and food services were almost completely funded by program revenues during the fiscal year. Instructional services, support services, co-curricular activities, and interest charges rely heavily on general revenues. The increase in instructional and support services is the byproduct of GASB 68 and 75 as previously discussed. To gain a better understanding of operations, please refer to the fund analysis on the next following pages.

The dependence upon property taxes and other general revenues for governmental activities is apparent. For all governmental activities expenses, general revenue support is 76 percent this year. The School District's taxpayers, as a whole, are by far the primary support for the School District's students.

The School District's Funds

Information regarding the School District's major funds begins on page 17. These funds are accounted for using the modified accrual basis of accounting. All governmental funds had total revenues of \$25,516,493 to offset expenditures of \$23,841,254. The net change in fund balance for the year was most significant in the general fund, which increased \$1,807,515. As one can see from the Statement of Revenues, Expenditures and Changes in Fund Balances - Governmental Funds, intergovernmental revenues and property taxes are the largest revenue sources, accounting for more than 70 percent and 19 percent respectively, of total governmental revenue. Clearly, the community is the greatest source of financial support for the students of the Struthers City School District.

Struthers City School District
Mahoning County, Ohio

Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2021
Unaudited

General Fund Budgeting Highlights

The School District's budget is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The most significant fund to be budgeted is the main operating fund of the School, the general fund.

During the course of fiscal year 2021, the School District amended its general fund budget as needed. For the general fund, original and final budgeted revenues and other financing sources were \$19,611,860. Actual revenues and other financing sources for fiscal year 2021 were \$20,988,585. This represents an increase of \$1,376,725 from final budgeted revenues. Intergovernmental revenues increased over \$1 million from the original and final budget due to a conservative based approach to budgeting revenues.

General fund original appropriations of \$21,563,880 were amended to \$19,821,803 in the final appropriation. The actual budget basis expenditures for fiscal year 2021 totaled \$19,660,614, which were \$1,903,266 less than original appropriations and \$161,189 less than final budgeted appropriations. The variance with the original and final budget is due to a conservative approach to budgeting expenditures.

Capital Assets and Debt Administration

Capital Assets

At the end of fiscal year 2021, the School District had \$13,055,079 invested in land, land improvements, buildings and improvements, furniture, fixtures and equipment, vehicles and textbooks and library books.

Table 4 shows fiscal year 2021 balances compared to fiscal year 2020:

Table 4
Capital Assets at June 30 (Net of Depreciation)

	2021	(Restated) 2020
Land	\$422,600	\$422,600
Land Improvements	1,385,815	1,514,818
Buildings and Improvements	10,740,045	11,738,383
Furniture and Equipment	173,456	390,564
Vehicles	333,163	308,029
<i>Total</i>	<u>\$13,055,079</u>	<u>\$14,374,394</u>

All capital assets, except land, are reported net of depreciation. The overall decrease in capital assets of \$1,319,315 is due to current year depreciation of \$1,440,634 exceeding capital outlays of \$121,319 during the fiscal year. For more information about the School District's capital assets, see Note 10 to the basic financial statements.

Compensated Absences	1,410,405	1,420,415
Net Pension Liability	24,663,835	22,693,673
Net OPEB Liability	1,530,235	461,575
<i>Total</i>	<u>\$28,627,698</u>	<u>\$26,016,108</u>

At June 30, 2021, the School District had \$626,166 in general obligation bonds, \$273,064 in energy conservation notes, \$123,993 in lease purchase agreements, and \$1,410,405 in compensated absences outstanding. Of this total, \$572,106 is due within one year and the rest is due in more than one year. For more information about the School District's long-term obligations, see Note 15 to the basic financial statements.

Current Financial Issues

Struthers City School District has a moderate financial outlook due to its dependence upon grants and State entitlements coupled with an over reliance on taxes for the School District coming from local residents as well as business and industry amounting to 19 percent. One can see the significant impact of any external market changes would have on the School District, and ultimately, the residential taxpayers.

As a result of the challenges mentioned above, the Board of Education and administration closely monitor its revenues and expenditures in accordance with its financial forecast. The financial forecast future of the School District is not without its challenges though. These challenges are external in nature. These external challenges continue to evolve as the State of Ohio determines the outcome of the Ohio Supreme Court case dealing with the unconstitutionality of the State's educational funding system.

Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2021
Unaudited

An examination of the School District's expenditure per pupil data as published by the Ohio Department of Education reveals the success of the School District's ongoing cost reduction program:

<u>Fiscal Year</u>	<u>Expense Per Pupil</u>	<u>Amount of Change</u>	<u>Percentage of Change</u>
2021	\$11,876	+\$450	+3%
2020	\$11,426	+\$822	+8%
2019	\$10,604	(\$364)	(3%)
2018	\$10,968	+1,819	+20%
2017	\$9,149	+\$309	+4%
2016	\$8,840	(\$131)	(2%)
2015	\$8,971	(\$119)	(1%)
2014	\$9,090	+\$584	+7%
2013	\$8,506	(\$358)	(4%)
2012	\$8,864	(\$56)	(1%)
2011	\$8,920	+\$756	+9%
2010	\$8,164	+\$666	+9%
2009	\$7,498	+\$273	+4%
2008	\$7,225	Base	Base

Contacting the School District's Financial Management

This financial report is designed to provide our citizens, taxpayers, and investors and creditors with a general overview of the School District's finances and to show the School District's accountability for the money it receives. If you have any questions about this report or need additional financial information contact the Treasurer, Struthers City School District, 99 Euclid Avenue, Struthers, Ohio 44471-1831.

*Reconciliation of Total Governmental Fund Balances to
Net Position of Governmental Activities
June 30, 2021*

Total Governmental Fund Balances	\$13,274,677
 <i>Amounts reported for governmental activities in the statement of net position are different because</i>	
Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds.	13,055,079
Other long-term assets are not available to pay for current-period expenditures and therefore are reported as unavailable revenue in the funds.	
Property Taxes	844,570
Intergovernmental	14,000
Total	858,570
The net pension and OPEB liabilities/(asset) are not due and payable in the current period and, therefore, are not reported in the funds.	
Net OPEB Asset	1,466,826
Deferred Outflows - Pension	4,456,762
Deferred Inflows - Pension	(265,161)
Net Pension Liability	(24,663,835)
Deferred Outflows - OPEB	573,158
Deferred Inflows - OPEB	(2,596,550)
Net OPEB Liability	(1,530,235)
Total	(22,559,035)
In the statement of activities, interest is accrued on outstanding general obligation bonds, whereas in governmental funds, an interest expenditure is reported when due.	(5,985)
Deferred outflows of resources represent deferred charges on refunding which do not provide current financial resources and therefore are not reported in the funds.	8,541
Long-term liabilities are not due and payable in the current period and therefore are not reported in the funds:	
General Obligation Bonds	(610,000)
Energy Conservation Note	(273,064)
Unamortized Premium	(16,166)
Lease Purchase Agreement	(123,993)
Compensated Absences	(1,410,405)
Total	(2,433,628)
 <i>Net Position of Governmental Activities</i>	 \$2,198,219

*Reconciliation of the Statement of Revenues, Expenditures and Changes
in Fund Balances of Governmental Funds to the Statement of Activities
For the Fiscal Year Ended June 30, 2021*

Net Change in Fund Balances - Total Governmental Funds		\$1,675,239
Amounts reported for governmental activities in the statement of activities are different because		
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets are allocated over their estimated useful lives as depreciation expense. This is the amount by which depreciation exceeded capital outlay in the current period.		
Capital Outlay	121,319	
Current Year Depreciation	(1,440,634)	
Total		(1,319,315)
The net effect of various transactions involving capital assets (i.e.; disposals, sales and donations) is a reduction in net position.		
Assets Disposed	(56,170)	
Accumulated Depreciation on Disposals	56,170	
Total		0
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.		
Property Taxes	(20,406)	
Intergovernmental	14,000	
Total		(6,406)
Repayment of long-term debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position.		
		405,810
Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.		
Accrued Interest on Bonds	(1,135)	
Amortization of Premium	11,412	
Amortization of Deferred Amount of Advance Refunding	(6,028)	
Total		4,249
Contractually required contributions are reported as expenditures in governmental funds; however, the statement of net position reports these amounts as deferred outflows.		
Pension	1,713,567	
OPEB	46,566	
Total		1,760,133
Except for amounts reported as deferred inflows/outflows, changes in the net pension/OPEB liability/(asset) are reported as pension/OPEB expense in the statement of activities.		
Pension	(3,283,507)	
OPEB	90,691	
Total		(3,192,816)
Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.		
Compensated Absences		10,010
<i>Change in Net Position of Governmental Activities</i>		(\$663,096)

Struthers City School District
Mahoning County, Ohio

Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2021

Note 1 - Description of the School District and Reporting Entity

The Struthers City School District (the "School District") operates under a locally elected five-member Board and provides educational services as authorized by State and federal agencies. The Board controls the School District's three instructional support facilities staffed by 87 non-certified and 140 certified full-time teaching personnel and 6 administrative employees who provide services to students and other community members.

The School District is located in Struthers, Ohio, Mahoning County, including an area extending roughly five miles around the City. The enrollment for the School District during the 2021 fiscal year was 2,007. The School District operates three elementary schools (K-4), one middle school (5-8), and one high school (9-12).

Reporting Entity

A reporting entity is composed of the primary government, component units, and other organizations that are included to ensure that the basic financial statements are not misleading. The primary government of the School District consists of all funds, departments, boards, and agencies that are not legally separate from the School District. For Struthers City School District, this includes the agencies and departments that provide the following services: general operations, food service, preschool and student related activities of the School District.

Component units are legally separate organizations for which the School District is financially accountable. The School District is financially accountable for an organization if the School District appoints a voting majority of the organization's governing board and (1) the School District is able to significantly influence the programs or services performed or provided by the organization; or (2) the School District is legally entitled to or can otherwise access the organization's resources; the School District is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the School District is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the School District in that the School District approves the budget, the issuance of debt, or the levying of taxes. The Struthers City School District does not have any component units.

The School District participates in two jointly governed organizations, one council of governments and one shared risk pool. These organizations are the Area Cooperative Computerized Educational Service System Council of Governments (ACCESS), the Mahoning County Career and Technical Center, the Ohio Schools' Council Association and the Mahoning County Schools Employee Insurance Consortium. These organizations are presented in Notes 18 and 19 to the basic financial statements.

Note 2 - Summary of Significant Accounting Policies

The financial statements of the School District have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the School District's accounting policies are described below.

For the Fiscal Year Ended June 30, 2021

A. Basis of Presentation

The School District's basic financial statements consist of government-wide statements, including a statement of net position and a statement of activities and fund financial statements which provide a more detailed level of financial information.

Government-wide Financial Statements The statement of net position and the statement of activities display information about the School District as a whole. These statements include the financial activities of the primary government. These statements usually distinguish between those activities of the School District that are governmental and those that are considered business-type. The School District, however, has no business-type activities.

The statement of net position presents the financial condition of the governmental activities of the School District at fiscal year-end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the School District's governmental activities. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program and interest earned on grants that is required to be used to support a particular program. Revenues which are not classified as program revenues are presented as general revenues of the School District, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the School District.

Fund Financial Statements During the year, the School District segregates transactions related to certain School District functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the School District at this more detailed level. The focus of governmental fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column.

B. Fund Accounting

The School District uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self balancing set of accounts. There are three categories of funds: governmental, proprietary and fiduciary. The District has no proprietary or fiduciary funds.

Governmental Funds Governmental funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets plus deferred outflows of resources and liabilities plus deferred inflows of resources is reported as fund balance. The following is the School District's major governmental fund:

General Fund The general fund is the operating fund of the School District and is used to account for all financial resources except those required to be accounted for in another fund. The general fund balance is available to the School District for any purpose provided it is expended or transferred according to the general laws of Ohio.

Struthers City School District
Mahoning County, Ohio

Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2021

The other governmental funds of the School District account for grants and other resources, whose use is restricted, committed or assigned to a particular purpose.

Proprietary Fund Type Proprietary fund reporting focuses on the determination of operating income, changes in net position, financial position and cash flows. Proprietary funds are classified as enterprise or internal service. The School District has no proprietary funds.

Fiduciary Fund Type Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds and custodial funds. Trust funds are used to account for assets held by the School District under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the School District's own programs. Custodial funds are used to report fiduciary activities that are not required to be reported in a trust fund. The School District has no fiduciary funds.

C. Measurement Focus

Government-wide Financial Statements The government-wide financial statements are prepared using the economic resources measurement focus. All assets, deferred outflows of resources, liabilities and deferred inflows of resources associated with the operation of the School District are included on the statement of net position. The statement of activities presents increases (e.g. revenues) and decreases (e.g. expenditures) in total net position.

Fund Financial Statements All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets, deferred outflows of resources, current liabilities and deferred inflows of resources generally are included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include reconciliations with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

D. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Differences in the accrual and the modified accrual bases of accounting arise in the recognition of revenue, the recording of deferred inflows/outflows of resources and in the presentation of expenses versus expenditures.

Revenues - Exchange and Non-Exchange Transactions Revenue resulting from exchange transactions, in which each party gives and receives essentially equal values, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the School District, available means expected to be received within sixty days of fiscal year-end.

Struthers City School District
Mahoning County, Ohio

Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2021

Nonexchange transactions, in which the School District receives value without directly giving equal value in return, include property taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied (See Note 7). Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the School District must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the School District on a reimbursement basis. On a modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at fiscal year-end: property taxes available as an advance, interest, tuition, grants, fees and rentals.

Deferred Outflows/Inflows of Resources In addition to assets, the statement of net position and balance sheets will sometimes report a separate section for deferred outflows of resources. Deferred outflows of resources, represents a consumption of net position that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until then. For the School District, deferred outflows of resources include a deferred charge on refunding, pension and OPEB reported in the government-wide statement of net position. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. The deferred outflows of resources related to pension and OPEB are explained in Notes 13 and 14.

In addition to liabilities, the statements of net position and balance sheets report a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net position that applies to a future period and will not be recognized as an inflow of resources (revenue) until that time. For the School District, deferred inflows of resources include property taxes, pension, OPEB and unavailable revenue. Property taxes represent amounts for which there is an enforceable legal claim as of June 30, 2021, but which were levied to finance fiscal year 2022 operations. These amounts have been recorded as a deferred inflow on both the government-wide statement of net position and the governmental fund financial statements. Unavailable revenue is reported only on the governmental funds balance sheet, and represents receivables which will not be collected within the available period. For the School District unavailable revenue includes delinquent property taxes, tuition and fees and rent revenue. These amounts are deferred and recognized as an inflow of resources in the period the amounts become available. Deferred inflows of resources related to pension and OPEB are reported on the government-wide of statement of net position (see Notes 13 and 14).

Expenses/Expenditures On the accrual basis of accounting, expenses are recognized at the time they are incurred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

Struthers City School District
Mahoning County, Ohio

Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2021

E. Budgetary Data

All funds, other than agency funds, are legally required to be budgeted and appropriated. The major documents prepared are the tax budget, the appropriation resolution and the certificate of estimated resources, which are prepared on the budgetary basis of accounting. The tax budget demonstrates a need for existing or increased tax rates. The certificate of estimated resources establishes a limit on the amounts that the Board of Education may appropriate. The appropriation resolution is the Board's authorization to spend resources and sets annual limits on expenditures plus encumbrances at a level of control selected by the Board. The legal level of control has been established by the Board of Education at the fund level. Although the legal level of control was established at the fund level of expenditures, the School District has elected to present budgetary statement comparisons at the fund and function level of expenditures. The Treasurer has been given authority to allocate board appropriations to the function and object levels within each fund.

The certificate of estimated resources may be amended during the year if projected increases or decreases in revenue are identified by the School District Treasurer. The amounts reported as the original and final budgeted amounts in the budgetary statements reflect the amounts in the certificate when the original and final appropriations were passed by the Board of Education.

The appropriation resolution is subject to amendment by the Board throughout the year with the restriction that appropriations may not exceed estimated revenues. The amounts reported as the original budgeted amounts reflect the first appropriation for that fund that covered the entire fiscal year, including amounts automatically carried over from prior years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by the Board during the fiscal year.

F. Cash and Cash Equivalents

To improve cash management, all cash received by the School District is pooled. Monies for all funds are maintained in this pool. Individual fund integrity is maintained through the School District's records. Interest in the pool is presented as "equity in pooled cash and cash equivalents" on the financial statements.

During fiscal year 2021, investments were limited to Federal National Mortgage Association Bonds, Federal Home Loan Bank Bonds and STAR Ohio.

STAR Ohio is an investment pool managed by the State Treasurer's Office, which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but has adopted Governmental Accounting Standards Board (GASB) Statement No. 79' "Certain External Investment Pools and Pool Participants." The District measures their investment in STAR Ohio at the net asset value (NAV) per share provided by STAR Ohio. The NAV per share is calculated on an amortized cost basis that provides a NAV per share that approximates fair value.

For fiscal year 2021, there were no limitations or restrictions on any participant withdrawals due to redemption notice periods, liquidity fees, or redemption gates. However, notice must be given 24 hours in advance of all deposits and withdrawals exceeding \$25 million. STAR Ohio reserves the right to limit the transaction to \$100 million, requiring the excess amount to be transacted the following business days(s), but only to the \$100 million limit. All accounts of the participant will be combined for these purposes.

Struthers City School District
Mahoning County, Ohio

Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2021

Following Ohio statutes, the Board of Education has, by resolution, identified the funds to receive an allocation of interest earnings. Interest revenue credited to the general fund during fiscal year 2021 amounted to \$21,767, \$1,352 of which was assigned from other School District funds.

Investments of the cash management pool and investments with an original maturity of three months or less at the time they are purchased by the School District are presented on the financial statements as cash equivalents.

G. Inventory

Inventories are presented at cost on a first-in, first-out basis and are expended/expensed when used. Donated commodities are presented at their entitlement value. Inventories consist of materials and supplies held for consumption and donated and purchased food held for resale.

H. Restricted Assets

Assets are reported as restricted when limitations on their use change in nature or normal understanding of the availability of the asset. Such constraints are either externally imposed by creditors, contributors, grantors, or laws of other governments or imposed by law through constitutional provisions or enabling legislation. See Note 17 for additional information regarding set asides.

I. Capital Assets

The School District's only capital assets are general capital assets. These assets generally result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the government-wide statement of net position but are not reported in the fund financial statements.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. The School District was able to estimate the historical cost for the initial reporting of assets by backtrending (i.e., estimating the current replacement cost of the asset to be capitalized and using an appropriate price-level index to deflate the cost to the acquisition year or estimated acquisition year.) Donated capital assets are recorded at their acquisition values as of the date received. The School District maintains a capitalization threshold of five thousand dollars. The School District does not possess any infrastructure. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not.

All reported capital assets, except land, are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method over the following useful lives:

<u>Description</u>	<u>Estimated Lives</u>
Land Improvements	10 - 99 years
Buildings and Improvements	10 - 99 years
Furniture, Fixtures and Equipment	5 - 10 years
Vehicles	10 years
Textbooks and Library Books	5 - 10 years

Struthers City School District
Mahoning County, Ohio

Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2021

J. Compensated Absences

Vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable that the School District will compensate the employees for the benefits through paid time off or some other means. The School District records a liability for accumulated unused vacation time when earned for all employees with more than one year of service.

Sick leave benefits are accrued as a liability using the vesting method. The liability includes the employees who are currently eligible to receive termination benefits and those the School District has identified as probable of receiving payment in the future. The amount is based on accumulated sick leave and employees' wage rates at fiscal year end, taking into consideration any limits specified in the School District's termination policy. The School District records a liability for accumulated unused sick leave for classified and certified employees and administrators after ten years of service.

K. Interfund Balances

On fund financial statements, receivables and payables resulting from short-term interfund loans are classified as "interfund receivables/payables." These amounts are eliminated in the governmental activities column of the statement of net position.

L. Internal Activity

Transfers between governmental activities are eliminated on the government-wide financial statements. Internal allocations of overhead expenses from one function to another or within the same function are eliminated on the Statement of Activities. Interfund payments for services provided and used are not eliminated.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

M. Accrued Liabilities and Long-term Obligations

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements. In general, governmental fund payables and accrued liabilities are reported as obligations of the funds regardless of whether they will be liquidated with current resources. However, claims and judgments and compensated absences that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current fiscal year. Net pension/OPEB liability (asset) should be recognized in the governmental funds to the extent that benefit payments are due and payable, and the pension/OPEB plan's fiduciary net position is not sufficient for payment of those benefits.

N. Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the School District is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

Struthers City School District
Mahoning County, Ohio

Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2021

Nonspendable The nonspendable fund balance category includes amounts that cannot be spent because they are not in spendable form, or legally or contractually required to be maintained intact. The “not in spendable form” criterion includes items that are not expected to be converted to cash. It also includes the long-term amount of loans receivable, as well as property acquired for resale, unless the use of the proceeds from the collection of those receivables or from the sale of those properties is restricted, committed, or assigned.

Restricted Fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or is imposed by law through constitutional provisions.

Committed The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by a formal action (resolution) of the School District Board of Education. Those committed amounts cannot be used for any other purpose unless the School District Board of Education removes or changes the specified use by taking the same type of action (resolution) it employed to previously commit those amounts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Assigned Amounts in the assigned fund balance classification are intended to be used by the School District for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds other than the general fund, assigned fund balance represents the remaining amount that is not restricted or committed. In the general fund, assigned amounts represent intended uses established by the School District Board of Education, which may be expressed by a motion but need not be passed by formal action, such as a Board Resolution.

Unassigned Unassigned fund balance is the residual classification for the general fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned.

The School District applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

O. Net Position

Net position represents the difference between all other elements in a statement of financial position. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. Net position is reported as restricted when there are limitations imposed on their use through external restrictions imposed by creditors, grantors or laws or regulations of other governments. Net position restricted for other purposes include operation of instructional services, food service operations and extracurricular activities.

The School District applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net positions are available.

Struthers City School District
Mahoning County, Ohio

Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2021

P. Bond Premium

On the government-wide financial statements, bond premiums are deferred and amortized over the term of the bonds using the straight-line method. Bond premiums are presented as an increase of the face amount of the general obligation bonds payable. On fund financial statements, bond premiums are reported in the year the bonds are issued.

Q. Deferred Charge (Loss) on Refunding

The difference between the reacquisition price (funds required to refund the old debt) and the net carrying amount of the old debt, the deferred charge (loss) on refunding, is being amortized as a component of interest expense. This accounting loss is amortized over the remaining life of the old or new debt, whichever is shorter, and is presented as a deferred outflow of resources on the statement of net position.

R. Pensions/Other Postemployment Benefits (OPEB)

For purposes of measuring the net pension/OPEB liability/(asset), deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the pension/OPEB plans and additions to/deductions from their fiduciary net position have been determined on the same basis as they are reported by the pension/OPEB systems. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. The pension/OPEB systems report investments at fair value.

S. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

T. Fair Market Value

The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

Note 3 – Change in Accounting Principles & Restatement of Prior Year Fund Balance/Net Position

For fiscal year 2021, the School District has implemented Governmental Accounting Standards Board (GASB) Statement No. 83, “Certain Asset Retirement Obligations”, Statement No. 84, “Fiduciary Activities” and related guidance from (GASB) Implementation Guide No. 2019-2, Fiduciary Activities, and Statement No. 88, “Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements”.

Struthers City School District
Mahoning County, Ohio

Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2021

GASB Statement No. 83, Certain Asset Retirement Obligations, addresses accounting and financial reporting for certain asset retirement obligations (AROs). An ARO is a legally enforceable liability associated with the retirement of a tangible capital asset. A government that has legal obligations to perform future asset retirement activities related to its tangible capital assets should recognize a liability based on the guidance in this Statement. The implementation of this Statement had no effect on the beginning fund balance/net position of the School District.

GASB Statement No. 84 established specific criteria for identifying activities that should be reported as fiduciary activities and clarifies whether and how business type activities should report their fiduciary activities. Due to the implementation of GASB Statement No. 84, the School District will no longer be reporting agency funds. The School District reviewed its private purpose trust fund and its agency funds and none of them will be reported in the new fiduciary fund classification of custodial funds and have been reclassified as governmental funds. GASB Statement 84 was incorporated into the School District's fiscal year 2021 financial statements and had the following effect on the beginning fund balance/net position as presented below.

GASB Statement No. 88, Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements, aims to improve the information that is disclosed in notes to financial statements related to debt, including direct borrowings and direct placements. It also clarifies which liabilities governments should include when disclosing information related to debt. This Statement also requires that additional essential information related to debt be disclosed in notes to financial statements, including unused lines of credit; assets pledged as collateral for the debt; and terms specified in debt agreements related to significant events of default with finance-related consequences, significant termination events with finance-related consequences, and significant subjective acceleration clauses. The implementation of this Statement had no effect on the note disclosure of the School District.

Restatement of Fund Balances and Net Position

The implementation of GASB Statement No. 84 had the following effect on fund balances as of June 30, 2020:

	General	Nonmajor Governmental	Total
Fund Balances at June 30, 2020	\$9,256,684	\$2,261,257	\$11,517,941
Adjustment due to GASB 84	0	81,497	81,497
<i>Restated Fund Balances</i>			
<i>at June 30, 2020</i>	\$9,256,684	\$2,342,754	\$11,599,438

Struthers City School District
Mahoning County, Ohio

Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2021

The implementation of GASB Statement No. 84 had the following effect on governmental and fiduciary net position as of June 30, 2020:

	Governmental Activities	Agency
Net Position at June 30, 2020	\$3,158,064	\$0
Adjustments:		
Adjustment to Capital Assets	(225,756)	0
Lease Purchase Agreement	(152,490)	0
GASB Statement 84	81,497	0
Assets	0	(81,497)
Liabilities	0	81,497
<i>Restated Net Position</i> <i>at June 30, 2020</i>	<u>\$2,861,315</u>	<u>\$0</u>

During the fiscal year the District performed a detailed review of its capital assets reports which resulted in a restatement downward of beginning net position in the amount of \$225,756.

The District entered into a lease purchase agreement during fiscal year 2020 that was not included in its long-term obligations outstanding. The inclusion of this lease purchase agreement resulted in a restatement downward of beginning net position in the amount of \$152,490.

Note 4 – Accountability

Fund balances at June 30, 2021 included the following individual fund deficits:

Nonmajor Governmental Funds:	Deficit
Public School Preschool	\$4,000
Miscellaneous State Grants	23,475
ESSER Fund	161,016
Coronavirus Relief Fund	6,722
IDEA Part B	120,335
Title I	156,104
Improving Teacher Quality	69,375
Miscellaneous Federal Grants	2,217

The general fund is liable for any deficits in these funds and provides transfers when cash is required, not when accruals occur. These deficit fund balances are the result of adjustments for accrued liabilities.

Struthers City School District
Mahoning County, Ohio

Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2021

Note 5 - Budgetary Basis of Accounting

While the School District is reporting its financial position, results of operations, and changes in fund balance on the basis of accounting principles generally accepted in the United States of America (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The Statement of Revenues, Expenditures, and Changes in Fund Balance - Budget (Non-GAAP Basis) and Actual presented for the General Fund is presented on the budgetary basis to provide a meaningful comparison of actual results with the budget. The major differences between the budget basis and GAAP (modified accrual) basis are as follows:

1. Revenues are recorded when received in cash (budget) as opposed to when susceptible to accrual (GAAP).
2. Expenditures are recorded when paid in cash (budget) as opposed to when the fund liability is incurred (GAAP).
3. Encumbrances are treated as expenditures (budget) rather than restricted, committed or assigned fund balances (GAAP).
4. Advances-in and advances-out are operating transactions (budget) as opposed to balance sheet transactions (GAAP).
5. *Certain funds have legally separate adopted budgets (budget) but are included in the General Fund (GAAP).

*As part of Governmental Accounting Standards Board No. 54 "Fund Balance Reporting", certain funds that are legally budgeted in separate special revenue funds are considered part of the General fund on a GAAP basis. These include the uniform school supplies, rotary-internal services, public school support, special enterprise, employee benefits, workers compensation, Ohio Reads, Summer Intervention, and the Medicaid-Ohio Plans special revenue funds.

The following table summarizes the adjustments necessary to reconcile the GAAP basis statements to the budgetary basis statements for the general fund.

Net Change in Fund Balance	
GAAP Basis	\$1,807,515
Net Adjustment for Revenue Accruals	(436,834)
Net Adjustment for Expenditure Accruals	149,211
Advances In	215
Net Adjustment for Funds Budgeted as Special Revenue	8,416
Adjustment for Encumbrances	(200,552)
Budget Basis	<u>\$1,327,971</u>

Struthers City School District
Mahoning County, Ohio

Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2021

Note 6 - Deposits and Investments

Monies held by the School District are classified by State statute into three categories.

Active deposits are public deposits determined to be necessary to meet current demands upon the School District treasury. Active monies must be maintained either as cash in the School District Treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that the Board of Education has identified as not required for use within the current five-year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts including passbook accounts.

Protection of the School District's deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, by surety company bonds deposited with the Treasurer by the financial institution or by a single collateral pool established by the financial institution to secure the repayment of all public monies deposited with the institution.

Interim monies held by the School District can be deposited or invested in the following securities:

1. United States Treasury Notes, Bills, Bonds, or any other obligation or security issued by the United States Treasury, or any other obligation guaranteed as to payment of principal and interest by the United States;
2. Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality, including, but not limited to, Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, and Government National Mortgage Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. Written repurchase agreements in securities listed above provided the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and the term of the agreement must not exceed thirty days;
4. Bonds and other obligations of the State of Ohio, and with certain limitations including a requirement for maturity within ten years from the date of settlement, bonds and other obligations of political subdivisions of the State of Ohio, if training requirements have been met;
5. Time certificates of deposit or savings or deposit accounts including, but not limited to, passbook accounts;

Struthers City School District
Mahoning County, Ohio

Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2021

6. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
7. The State Treasurer's investment pool (STAR Ohio);
8. Certain bankers' acceptances for a period not to exceed one hundred eighty days) and commercial paper notes (for a period not to exceed two hundred seventy days) in an amount not to exceed 40 percent of the interim monies available for investment at any one time if training requirements have been met.

Investments in stripped principal or interest obligations, reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. Except as noted above, an investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the School District, and must be purchased with the exception that it will be held to maturity. Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the Treasurer or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

A. Cash on Hand

At fiscal year-end, the School District had \$460 in un-deposited cash on hand which is included on the financial statements of the School District as part of "Equity in Pooled Cash and Cash Equivalents."

B. Deposits with Financial Institutions

At June 30, 2021, the carrying amount of all School District deposits was \$11,954,404 and the bank balance of all School District deposits was \$12,059,052. Of the bank balance \$3,096,086 was covered by Federal Deposit Insurance Corporation (FDIC) and \$8,962,966 was potentially exposed to custodial credit risk as discussed below, because those deposits were uninsured and could be uncollateralized.

Custodial credit risk is the risk that, in the event of bank failure, the School District will not be able to recover deposits or collateral securities that are in possession of an outside party. The School District has no deposit policy for custodial credit risk beyond the requirements of State statute. Ohio law requires that deposits be either insured or be protected by (1) eligible securities pledged to the School District and deposited with a qualified trustee by the financial institution as security for repayment whose market value at all times shall be at least 105 percent of the deposits being secured, or (2) participation in the Ohio Pooled Collateral System (OPCS), a collateral pool of eligible securities deposited with a qualified trustee and pledged to the Treasurer of State to secure the repayment of all public monies deposited in the financial institution. OPCS requires the total market value of the securities pledged to be 102 percent of the deposits being secured or a rate set by the Treasurer of State. For 2021, one of the School District's financial institutions were approved for a reduced collateral rate of 50 percent through the OPCS. Although all statutory requirements for the deposit of money had been followed, noncompliance with Federal requirements could potentially subject the School District to a successful claim by the FDIC.

Struthers City School District
Mahoning County, Ohio

Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2021

C. Investments

As of June 30, 2021, the School District had the following investments and maturities:

Investment Type	Fair Value	Maturity
Amortized Cost: STAR Ohio	\$2,161,162	6 Months or Less
U.S. Treasury Notes	74,938	6 Months or Less
Federal Home Loan Bank Bond	598,888	1 to 3 Years
Federal Farm Credit Bond	298,960	1 to 3 Years
Federal Home Loan Mortgage Corporation Bond	119,686	1 to 3 Years
Federal Home Loan Bank Bond	498,288	3 to 5 Years
Total Portfolio	<u>\$3,751,922</u>	

The weighted average maturity of investments is 1.15 years.

The School District's investments in federal agency securities (FHLB, FNMA & FHLMC) are valued using quoted prices in markets that are not considered to be active, dealer quotations or alternative pricing sources for similar assets or liabilities for which all significant inputs are observable, either directly or indirectly (Level 2 inputs).

Interest Rate Risk As a means of limiting its exposure to fair value losses caused by rising interest rates and according to State law, the School District's investment policy limits investment portfolio maturities to five years or less.

Credit Risk STAR Ohio carries a rating of AAAm by Standard & Poor's. Ohio law requires that STAR Ohio maintain the highest rating provided by at least one nationally recognized standard rating service. The School District has no investment policy that addresses credit risk. The Federal Bonds were rated at least AA+ by Standard and Poors and Aaa by Moody's.

Custodial Credit Risk For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the School District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The School District has no investment policy dealing with investment custodial risk beyond the requirement in State statute that prohibits payment for investments prior to the delivery of the securities representing such investments to the treasurer or qualified trustee.

Concentration of Credit Risk The District places no limit on the amount it may invest in any one issuer. Following are the District's investment percentages by investment type.

	Fair Value	% of Total
STAR Ohio	2,161,162	57.60%
Federal Home Loan Bank	\$1,097,176	29.24%
Federal Farm Credit Bank	298,960	7.97%
Federal Home Loan Mortgage Corporation	119,686	3.19%
U.S. Treasury Bills	74,938	2.00%
Total Portfolio	<u>\$3,751,922</u>	<u>100.00%</u>

Struthers City School District
Mahoning County, Ohio

Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2021

D. Reconciliation of Cash and Investments to the Statement of Net Position

The following is a reconciliation of cash and investments as reported in the footnote above to cash and investments as reported on the statement of net position as of June 30, 2021:

<u>Cash and Investments per Note Disclosure</u>		<u>Cash and Investments per Statement of Net Position</u>	
Carrying amount of deposits	\$11,954,404	Governmental Activities	\$15,706,786
Investments	3,751,922		
Cash on hand	460		
Total	<u>\$15,706,786</u>		<u>\$15,706,786</u>

Note 7 - Property Taxes

Property taxes are levied and assessed on a calendar year basis while the school district fiscal year runs from July through June. First half tax collections are received by the school district in the second half of the fiscal year. Second half tax distributions occur in the first half of the following fiscal year.

Property taxes include amounts levied against all real property and public utility property located in the School District. Real property tax revenues received in calendar year 2021 represent the collection of calendar year 2020 taxes. Real property taxes received in calendar year 2021 were levied after April 1, 2020, on the assessed value as of January 1, 2020, the lien date. Assessed values for real property taxes are established by State statute at thirty-five percent of appraised market value. Real property taxes are payable annually or semi-annually. If paid annually, payment is due December 31; if paid semi-annually, the first payment is due December 31 with the remainder payable by June 20. Under certain circumstances, State statute permits alternate payment dates to be established.

Public utility property tax revenues received in calendar year 2021 represent the collection of calendar year 2020 taxes. Public utility real and personal property taxes received in calendar year 2021 became a lien December 31, 2019, were levied after April 1, 2020 and are collected in 2021 with real property taxes. Public utility real property is assessed at thirty-five percent of true value; public utility tangible personal property currently is assessed at varying percentages of true value.

The School District receives property taxes from Mahoning County. The County Auditor periodically advances to the School District its portion of the taxes collected. Second-half real property tax payments collected by the County by June 30, 2021, are available to finance fiscal year 2021 operations. The amount available to be advanced can vary based on the date the tax bills are sent.

Accrued property taxes receivable includes real property and public utility property taxes which are measurable as of June 30, 2021 and for which there is an enforceable legal claim. Although total property tax collections for the next fiscal year are measurable, only the amount of real property taxes available as an advance at June 30 was levied to finance current fiscal year operations and is reported as revenue at fiscal year end. The portion of the receivable not levied to finance current fiscal year operations is offset by a credit to deferred inflows of resources – property taxes.

On a full accrual basis, collectible delinquent property taxes have been recorded as a receivable and revenue, while on a modified accrual basis the revenue has been reported as deferred inflows of resources – unavailable revenue.

Struthers City School District
Mahoning County, Ohio

Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2021

The assessed values upon which the fiscal year 2021 taxes were collected are:

	2020 Second Half Collections		2021 First Half Collections	
	Amount	Percent	Amount	Percent
Agricultural/Residential and Other Real Estate	\$124,127,285	92.23 %	\$138,580,140	92.72 %
Public Utility Personal	10,463,765	7.77	10,888,590	7.28
Total	\$134,591,050	100.00 %	\$149,468,730	100.00 %
 Tax rate per \$1,000 of assessed valuation	 \$63.70		 \$63.40	

Note 8 - Receivables

Receivables at June 30, 2021, consisted of taxes and intergovernmental revenues. All receivables are considered collectible in full due to the ability to foreclose for the nonpayment of taxes, the stable condition of State programs and the current fiscal year guarantee of Federal funds. All receivables are expected to be collected within one year.

A summary of the principal items of intergovernmental receivables follows:

Nonmajor Governmental Funds:	Amount
Public School Preschool	\$14,000
ESSER Fund	28,774
IDEA Part B	31,881
Title I	86,941
Improving Teacher Quality	12,224
Miscellaneous Federal Grants	8,378
Total Receivable	\$182,198

Note 9 - Fund Balances

Fund balance is classified as nonspendable, restricted, committed, assigned and/or unassigned based primarily on the extent to which the School District is bound to observe constraints imposed upon the use of the resources in the government funds.

Struthers City School District
Mahoning County, Ohio

Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2021

The constraints placed on fund balance for the major governmental funds and all other governmental funds are presented below:

Operation of Non-Instructional/Food Service	46,362
Extracurricular	102,309
Total Depreciation Expense	<u>\$1,440,634</u>

Struthers City School District
Mahoning County, Ohio

Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2021

Note 11 – Interfund Activity

A. Interfund Transfers

Transfers are used to move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them and to use unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations. During fiscal year 2021 the general fund transferred \$40,000 to the building capital projects fund, a non-major governmental fund.

B. Interfund Balances

The interfund receivable/payable consisted of the following at June 30, 2021, as reported on the fund financial statements:

	<u>Interfund Receivable</u>	<u>Interfund Payable</u>
Major Governmental Fund:		
General	\$512,055	\$0
Non-major Governmental Fund:		
Public School Preschool	0	4,000
Miscellaneous State Grants Fund	0	1,200
Race to the Top Grant	0	1,245
ESSER Fund	0	184,562
IDEA Part B	0	68,441
Title I	0	172,910
Improving Teacher Quality Fund	0	69,102
Miscellaneous Federal Grants Fund	0	10,595
Total	<u>\$512,055</u>	<u>\$512,055</u>

The primary purpose of interfund balances is to cover costs in specific funds where revenues were not received by June 30. This interfund balance will be repaid once the anticipated revenue is received.

Note 12 - Risk Management

A. Property and Liability

The School District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During fiscal year 2021, the School District contracted with Ohio Casualty/Liberty Mutual for property insurance with a \$2,500 deductible. Professional liability is also protected by Ohio Casualty/Liberty Mutual with a \$3,000,000 aggregate limit.

Vehicles and busses are covered by Ohio Casualty/Liberty Mutual and hold a \$250/\$1,000 deductible for comprehensive and a \$500/\$1,000 deductible for collision. Automobile liability has a \$1,000,000 combined single limit of liability. CB radios on the School District's busses are also covered by Ohio Casualty/Liberty Mutual.

Struthers City School District
Mahoning County, Ohio

Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2021

Settled claims have not exceeded this commercial coverage in any of the past three years. There has not been a significant reduction in coverage from the prior year.

\$10,000 performance bonds are maintained for both the Board president and Superintendent. A \$40,000 performance bond is maintained for the Treasurer. A \$250,000 blanket bond is maintained for all other employees. All performance bonds are maintained by the Hartford Insurance Company, and the blanket bond is maintained by Ohio Casualty/Liberty Mutual.

B. Workers' Compensation

The School District pays the State Workers' Compensation System a premium based on a rate per \$100 of salaries. This rate is calculated based on accident history and administrative costs.

C. Employee Health Benefits

The School District has contracted with the Mahoning County Insurance Consortium to provide employee medical/surgical, prescription drug, dental and vision benefits. The Mahoning County Insurance Consortium is a shared risk pool comprised of twelve Mahoning County school districts. Rates are set through an annual calculation process. The Struthers City School District pays a monthly contribution, which is placed in a common fund from which claim payments are made for all participating school districts. Claims are paid for all participants regardless of claims flow. The board of directors has the right to return monies to an exiting district subsequent to the settlement of all expenses and claims. The School District pays premiums of \$1,918 for family coverage, \$1,438 for employee plus spouse, \$1,164 for employee plus children and \$685 for single coverage per employee per month.

Note 13 – Defined Benefit Pension Plans

The Statewide retirement systems provide both pension benefits and other postemployment benefits (OPEB).

A. Net Pension Liability/Net OPEB Liability

The net pension liability and the net OPEB liability (asset) reported on the statement of net position represent liabilities to employees for pensions and OPEB, respectively. Pensions/OPEB are a component of exchange transactions-between an employer and its employees-of salaries and benefits for employee services. Pensions/OPEB are provided to an employee-on a deferred-payment basis-as part of the total compensation package offered by an employer for employee services each financial period. The obligation to sacrifice resources for pensions is a present obligation because it was created as a result of employment exchanges that already have occurred.

The net pension/OPEB liability (asset) represent the District's proportionate share of each pension/OPEB plan's collective actuarial present value of projected benefit payments attributable to past periods of service, net of each pension/OPEB plan's fiduciary net position. The net pension/OPEB liability (asset) calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting these estimates annually.

Ohio Revised Code limits the District's obligation for this liability to annually required payments. The District cannot control benefit terms or the manner in which pensions/OPEB are financed;

Struthers City School District
Mahoning County, Ohio

Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2021

however, the District does receive the benefit of employees' services in exchange for compensation including pension and OPEB.

GASB 68/75 assumes the liability is solely the obligation of the employer, because (1) they benefit from employee services; and (2) State statute requires funding to come from these employers. All pension contributions to date have come solely from these employers (which also includes pension costs paid in the form of withholdings from employees). The retirement systems may allocate a portion of the employer contributions to provide for these OPEB benefits. In addition, health care plan enrollees pay a portion of the health care costs in the form of a monthly premium. State statute requires the retirement systems to amortize unfunded pension liabilities within 30 years. If the pension amortization period exceeds 30 years, each retirement system's board must propose corrective action to the State legislature. Any resulting legislative change to benefits or funding could significantly affect the net pension/OPEB liability (asset). Resulting adjustments to the net pension/OPEB liability (asset) would be effective when the changes are legally enforceable. The Ohio Revised Code permits but does not require the retirement systems to provide healthcare to eligible benefit recipients.

The proportionate share of each plan's unfunded benefits is presented as a *net OPEB asset* or long-term *net pension/OPEB liability* on the accrual basis of accounting. Any liability for the contractually-required pension/OPEB contribution outstanding at the end of the year is included in *intergovernmental payable* on both the accrual and modified accrual bases of accounting. The remainder of this note includes the required pension disclosures. See Note 14 for the required OPEB disclosures.

B. School Employees Retirement System

Plan Description - District non-teaching employees participate in SERS, a cost-sharing multiple-employer defined benefit pension plan administered by SERS. Established in 1937, SERS provides retirement, disability, and survivor benefits to non-teaching employees of Ohio's public K-12 school districts. Authority to establish and amend benefits is provided by Ohio Revised Code Chapter 3309. SERS issues a publicly available, stand-alone financial report that includes financial statements, required supplementary information and detailed information about SERS' fiduciary net position. That report can be obtained by visiting the SERS website at www.ohsers.org under Employers/Audit Resources.

Age and service requirements for retirement are as follows:

	Eligible to Retire on or Before August 1, 2017*	Eligible to Retire on or After August 1, 2017
Full Benefits	Any age with 30 years of service credit	Age 67 with 10 years of service credit; or Age 57 with 30 years of service credit
Actuarially Reduced Benefits	Age 60 with 5 years of service credit Age 55 with 25 years of service credit	Age 62 with 10 years of service credit; or Age 60 with 25 years of service credit

* Members with 25 years of service credit as of August 1, 2017, will be included in this plan

Annual retirement benefits are calculated based on final average salary multiplied by a percentage that varies based on years of service; 2.2 percent for the first thirty years of service and 2.5 percent

Struthers City School District
Mahoning County, Ohio

Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2021

for years of service credit over 30. Final average salary is the average of the highest three years of salary.

An individual whose benefit effective date is before April 1, 2018, is eligible for a cost of living adjustment (COLA) on the first anniversary date of the benefit. Beginning April 1, 2018, new benefit recipients must wait until the fourth anniversary of their benefit for COLA eligibility. The COLA is added each year to the base benefit amount on the anniversary date of the benefit. A three-year COLA suspension is in effect for all benefit recipients for the years 2018, 2019, and 2020. Upon resumption of the COLA, it will be indexed to the percentage increase in the CPI-W, not to exceed 2.5 percent and with a floor of 0 percent.

Funding Policy – Plan members are required to contribute 10 percent of their annual covered salary and the District is required to contribute 14 percent of annual covered payroll. The contribution requirements of plan members and employers are established and may be amended by the SERS' Retirement Board up to statutory maximum amounts of 10 percent for plan members and 14 percent for employers. The Retirement Board, acting with the advice of the actuary, allocates the employer contribution rate among four of the System's funds (Pension Trust Fund, Death Benefit Fund, Medicare B Fund, and Health Care Fund). For the fiscal year ended June 30, 2021, the allocation to pension, death benefits, and Medicare B was 14.0 percent. For fiscal year 2021, the Retirement Board did not allocate any employer contribution to the Health Care Fund.

The District's contractually required contribution to SERS was \$336,101 for fiscal year 2021. Of this amount \$219,840 is reported as an intergovernmental payable.

C. State Teachers Retirement System

Plan Description - District licensed teachers and other faculty members participate in STRS Ohio, a cost-sharing multiple employer public employee system administered by STRS. STRS provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS issues a stand-alone financial report that includes financial statements, required supplementary information, and detailed information about STRS' fiduciary net position. That report can be obtained by writing to STRS, 275 E. Broad St., Columbus, OH 43215-3771, by calling (888) 227-7877, or by visiting the STRS Web site at www.strsoh.org.

New members have a choice of three retirement plans; a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan, and a Combined (CO) Plan. Benefits are established by Ohio Revised Code Chapter 3307.

The DB plan offers an annual retirement allowance based on final average salary multiplied by a percentage that varies based on years of service. Effective August 1, 2015, the calculation is 2.2 percent of final average salary for the five highest years of earnings multiplied by all years of service. Eligibility changes will be phased in until August 1, 2026, when retirement eligibility for unreduced benefits will be five years of service credit and age 65, or 35 years of service credit and at least age 60.

Eligibility changes for DB Plan members who retire with actuarially reduced benefits will be phased in until August 1, 2023, when retirement eligibility will be five years of qualifying service credit and age 60, or 30 years of service credit at any age.

The DC Plan allows members to place all their member contributions and 9.53 percent of the 14 percent employer contributions into an investment account. The member determines how to allocate the member and employer money among various investment choices offered by STRS. The remaining 4.47 percent of the 14 percent employer rate is allocated to the defined benefit unfunded liability. A

Struthers City School District
Mahoning County, Ohio

Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2021

member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal.

The CO Plan offers features of both the DB Plan and the DC Plan. In the CO Plan, 12 percent of the 14 percent member rate is deposited into the member's DC account and the remaining 2 percent is applied to the DB Plan. Member contributions to the DC Plan are allocated among investment choices by the member, and contributions to the DB Plan from the employer and the member are used to fund the defined benefit payment at a reduced level from the regular DB Plan. The defined benefit portion of the CO Plan payment is payable to a member on or after age 60 with five years of service. The defined contribution portion of the account may be taken as a lump sum payment or converted to a lifetime monthly annuity at age fifty and after termination of employment.

New members who choose the DC plan or CO Plan will have another opportunity to reselect a permanent plan during their fifth year of membership. Members may remain in the same plan or transfer to another STRS plan. The optional annuitization of a member's defined contribution account or the defined contribution portion of a member's Combined Plan account to a lifetime benefit results in STRS bearing the risk of investment gain or loss on the account. STRS has therefore included all three plan options as one defined benefit plan for GASB 68 reporting purposes.

A DB or CO Plan member with five or more years of credited service who is determined to be disabled may qualify for a disability benefit. New members must have at least ten years of qualifying service credit that apply for disability benefits. Members in the DC Plan who become disabled are entitled only to their account balance. Eligible survivors of members who die before service retirement may qualify for monthly benefits. If a member of the DC Plan dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

Funding Policy – Employer and member contribution rates are established by the State Teachers Retirement Board and limited by Chapter 3307 of the Ohio Revised Code. The fiscal year 2021 employer and employee contribution rate of 14 percent was equal to the statutory maximum rates. For fiscal year 2021, the full employer contribution was allocated to pension.

The District's contractually required contribution to STRS was \$1,377,466 for fiscal year 2021. Of this amount \$241,904 is reported as an intergovernmental payable.

D. Pension Liabilities, Pension Expense and Deferred Outflows of Resources and Deferred inflows of Resources Related to Pensions

The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on the District's share of contributions to the pension plan relative to the projected contributions of all participating entities. Following is information related to the proportionate share and pension expense:

Struthers City School District
Mahoning County, Ohio

Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2021

	SERS	STRS	Total
Proportion of the Net Pension Liability			
Prior Measurement Date	0.07132060%	0.08332325%	
Proportion of the Net Pension Liability			
Current Measurement Date	0.06757020%	0.08346103%	
Change in Proportionate Share	<u>-0.00375040%</u>	<u>0.00013778%</u>	
Proportionate Share of the Net Pension Liability	\$4,469,235	\$20,194,600	\$24,663,835
Pension Expense	\$453,806	\$2,829,701	\$3,283,507

At June 30, 2021, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	SERS	STRS	Total
Deferred Outflows of Resources			
Differences between expected and actual experience	\$8,680	\$45,310	\$53,990
Net difference between projected and actual earnings on pension plan investments	283,706	982,068	1,265,774
Change of Assumptions	0	1,084,060	1,084,060
Change in Proportionate Share	11,064	328,307	339,371
District contributions subsequent to the measurement date	<u>336,101</u>	<u>1,377,466</u>	<u>1,713,567</u>
Total Deferred Outflows of Resources	<u>\$639,551</u>	<u>\$3,817,211</u>	<u>\$4,456,762</u>
Deferred Inflows of Resources			
Differences between expected and actual experience	\$0	\$129,131	\$129,131
Change in Proportionate Share	<u>136,030</u>	<u>0</u>	<u>136,030</u>
Total Deferred Inflows of Resources	<u>\$136,030</u>	<u>\$129,131</u>	<u>\$265,161</u>

\$1,713,567 reported as deferred outflows of resources related to pension resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized in pension expense as follows:

	SERS	STRS	Total
Fiscal Year Ending June 30:

Total	<u>\$167,420</u>	<u>\$2,310,614</u>	<u>\$2,478,034</u>

Struthers City School District
Mahoning County, Ohio

Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2021

Actuarial Assumptions - SERS

SERS' total pension liability was determined by their actuaries in accordance with GASB Statement No. 67, as part of their annual actuarial valuation for each defined benefit retirement plan. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts (e.g., salaries, credited service) and assumptions about the probability of occurrence of events far into the future (e.g., mortality, disabilities, retirements, employment termination). Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employers and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations.

Actuarial calculations reflect a long-term perspective. For a newly hired employee, actuarial calculations will take into account the employee's entire career with the employer and also take into consideration the benefits, if any, paid to the employee after termination of employment until the death of the employee and any applicable contingent annuitant. In many cases actuarial calculations reflect several decades of service with the employer and the payment of benefits after termination.

Key methods and assumptions used in calculating the total pension liability in the latest actuarial valuation, prepared as of June 30, 2020, are presented below:

Actuarial Cost Method	Entry Age Normal (Level Percent of Payroll)
Investment Rate of Return	7.50 Percent Net of Investment Expense, Including Inflation
COLA or Ad hoc COLA	2.50 Percent
Future Salary Increases, Including Inflation	3.50 Percent to 18.20 Percent
Wage Inflation	3.00 Percent

Mortality rates were based on the RP-2014 Blue Collar Mortality Table with fully generational projection and a five-year age set-back for both males and females. Mortality among service retired members, and beneficiaries were based upon the RP-2014 Blue Collar Mortality Table with fully generational projection with Scale BB, 120 percent of male rates, and 110 percent of female rates. Mortality among disabled members were based upon the RP-2000 Disabled Mortality Table, 90 percent for male rates and 100 percent for female rates, set back five years is used for the period after disability retirement.

The most recent experience study was completed for the five-year period ended June 30, 2015.

The long-term return expectation for the Pension Plan Investments has been determined by using a building-block approach and assumes a time horizon, as defined in SERS' *Statement of Investment Policy*. A forecasted rate of inflation serves as the baseline for the return expectation. Various real return premiums over the baseline inflation rate have been established for each asset class. The long-term expected nominal rate of return has been determined by calculating an arithmetic weighted average of the expected real return premiums for each asset class, adding the projected inflation rate, and adding the expected return from rebalancing uncorrelated asset classes.

Struthers City School District
Mahoning County, Ohio

Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2021

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Cash	2.00 %	1.85 %
U.S. Stocks	22.50	5.75
Non-U.S. Stocks	22.50	6.50
Fixed Income	19.00	2.85
Private Equity	12.00	7.60
Real Assets	17.00	6.60
Multi-Asset Strategies	5.00	6.65
Total	<u>100.00 %</u>	

Discount Rate The total pension liability was calculated using the discount rate of 7.50 percent. The projection of cash flows used to determine the discount rate assumed the contributions from employers and from the members would be computed based on contribution requirements as stipulated by State statute. Projected inflows from investment earning were calculated using the long-term assumed investment rate of return (7.50 percent). Based on those assumptions, the plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefits to determine the total pension liability.

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate Net pension liability is sensitive to changes in the discount rate, and to illustrate the potential impact the following table presents the net pension liability calculated using the discount rate of 7.50 percent, as well as what each plan's net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.50 percent), or one percentage point higher (8.50 percent) than the current rate.

	1% Decrease (6.50%)	Current Discount Rate (7.50%)	1% Increase (8.50%)
District's Proportionate Share of the Net Pension Liability	\$6,122,307	\$4,469,235	\$3,082,277

Actuarial Assumptions - STRS

The total pension liability in the June 30, 2020, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.50 Percent
Projected Salary Increases	12.50 Percent at Age 20 to 2.50 Percent at Age 65
Investment Rate of Return	7.45 Percent, Net of Investment Expenses, Including Inflation
Discount Rate of Return	7.45 Percent
Payroll Increases	3.00 Percent
Cost of Living Adjustments (COLA)	0 Percent

Post-retirement mortality rates for healthy retirees are based on the RP-2014 Annuitant Mortality Table with 50 percent of rates through age 69, 70 percent of rates between ages 70 and 79, 90 percent of rates between ages 80 and 84, and 100 percent of rates thereafter, projected forward generationally using mortality improvement scale MP-2016. Pre-retirement mortality rates are based on RP-2014 Employee Mortality Tables, projected forward generationally using mortality

Struthers City School District
Mahoning County, Ohio

Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2021

improvement scale MP-2016. Post-retirement disabled mortality rates are based on the RP-2014 Disabled Mortality Table with 90 percent of rates for males and 100 percent of rates for females, projected forward generationally using mortality improvement scale MP-2016.

Actuarial assumptions used in the June 30, 2020 valuation are based on the results of the latest available actuarial experience study which is for the period July 1, 2011 through June 30, 2016.

STRS' investment consultant develops an estimate range for the investment return assumption based on the target allocation adopted by the Retirement Board. The target allocation and long-term expected rate of return for each major asset class are summarized as follows:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Rate of Return*</u>
Domestic Equity	28.00 %	7.35 %
International Equity	23.00	7.55
Fixed Income	21.00	3.00
Alternatives	17.00	7.09
Real Estate	10.00	6.00
Liquidity Reserves	1.00	2.25
Total	100.00 %	7.45 %

*10-Year annualized geometric nominal returns, which include the real rate of return and inflation of 2.25 percent and does not include investment expenses. Over a 30-year period, STRS Ohio's investment consultant indicates that the above target allocations should generate a return above the actuarial rate of return, without net value added by management.

Discount Rate The discount rate used to measure the total pension liability was 7.45 percent as of June 30, 2020. The projection of cash flows used to determine the discount rate assumes that member and employer contributions will be made at the statutory contribution rates in accordance with rate increases described above. For this purpose, only employer contributions that are intended to fund benefits of current plan members and their beneficiaries are included. Based on those assumptions, STRS' fiduciary net position was projected to be available to make all projected future benefit payments to current plan members as of June 30, 2020. Therefore, the long-term expected rate of return on pension plan investments of 7.45 percent was applied to all periods of projected benefit payment to determine the total pension liability as of June 30, 2020.

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate The following table presents the District's proportionate share of the net pension liability calculated using the current period discount rate assumption of 7.45 percent, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one-percentage-point lower (6.45 percent) or one-percentage-point higher (8.45 percent) than the current rate:

	1% Decrease (6.45%)	Current Discount Rate (7.45%)	1% Increase (8.45%)
District's Proportionate Share of the Net Pension Liability	\$28,753,594	\$20,194,560	\$12,941,565

Struthers City School District
Mahoning County, Ohio

Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2021

E. Social Security System

Effective, July 1, 1991, all employees not otherwise covered by the School Employees Retirement System or the State Teachers Retirement System of Ohio have an option to choose Social Security or the School Employees Retirement System/State Teachers Retirement System of Ohio. As of June 30, 2021, certain members of the Board of Education have elected Social Security. The District's liability is 6.2 percent of wages paid.

Note 14 – Defined Benefit Other Postemployment Benefit (OPEB) Plans

See note 13 for a description of the net OPEB liability (asset).

Plan Description - School Employees Retirement System (SERS)

Health Care Plan Description - The District contributes to the SERS Health Care Fund, administered by SERS for non-certificated retirees and their beneficiaries. For GASB 75 purposes, this plan is considered a cost-sharing other postemployment benefit (OPEB) plan. SERS' Health Care Plan provides healthcare benefits to eligible individuals receiving retirement, disability, and survivor benefits, and to their eligible dependents. Members who retire after June 1, 1986, need 10 years of service credit, exclusive of most types of purchased credit, to qualify to participate in SERS' health care coverage. In addition to age and service retirees, disability benefit recipients and beneficiaries who are receiving monthly benefits due to the death of a member or retiree, are eligible for SERS' health care coverage. Most retirees and dependents choosing SERS' health care coverage are over the age of 65 and therefore enrolled in a fully insured Medicare Advantage plan; however, SERS maintains a traditional, self-insured preferred provider organization for its non-Medicare retiree population. For both groups, SERS offers a self-insured prescription drug program. Health care is a benefit that is permitted, not mandated, by statute. The financial report of the Plan is included in the SERS Comprehensive Annual Financial Report which can be obtained on SERS' website at www.ohsers.org under Employers/Audit Resources.

Access to health care for retirees and beneficiaries is permitted in accordance with Section 3309 of the Ohio Revised Code. The Health Care Fund was established and is administered in accordance with Internal Revenue Code Section 105(e). SERS' Retirement Board reserves the right to change or discontinue any health plan or program. Active employee members do not contribute to the Health Care Plan. The SERS Retirement Board established the rules for the premiums paid by the retirees for health care coverage for themselves and their dependents or for their surviving beneficiaries. Premiums vary depending on the plan selected, qualified years of service, Medicare eligibility, and retirement status.

Funding Policy - State statute permits SERS to fund the health care benefits through employer contributions. Each year, after the allocation for statutorily required pensions and benefits, the Retirement Board may allocate the remainder of the employer contribution of 14 percent of covered payroll to the Health Care Fund in accordance with the funding policy. For fiscal year 2021, no allocation was made to health care. An additional health care surcharge on employers is collected for employees earning less than an actuarially determined minimum compensation amount, pro-rated if less than a full year of service credit was earned. For fiscal year 2021, this amount was \$19,600. Statutes provide that no employer shall pay a health care surcharge greater than 2 percent of that employer's SERS-covered payroll; nor may SERS collect in aggregate more than 1.5 percent of the total statewide SERS-covered payroll for the health care surcharge. For fiscal year 2021, the District's surcharge obligation was \$46,566.

Struthers City School District
Mahoning County, Ohio

Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2021

The surcharge added to the allocated portion of the 14 percent employer contribution rate is the total amount assigned to the Health Care Fund. The District's contractually required contribution to SERS was \$46,566 for fiscal year 2021, all of which was reported as an intergovernmental payable.

Plan Description - State Teachers Retirement System (STRS)

Plan Description – The State Teachers Retirement System of Ohio (STRS) administers a cost-sharing Health Plan administered for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS. Ohio law authorizes STRS to offer this plan. Benefits include hospitalization, physicians' fees, prescription drugs and partial reimbursement of monthly Medicare Part B premiums. Medicare Part B premium reimbursements will be discontinued effective January 1, 2021. The Plan is included in the report of STRS which can be obtained by visiting www.strsoh.org or by calling (888) 227-7877.

Funding Policy – Ohio Revised Code Chapter 3307 authorizes STRS to offer the Plan and gives the Retirement Board discretionary authority over how much, if any, of the health care costs will be absorbed by STRS. Active employee members do not contribute to the Health Care Plan. Nearly all health care plan enrollees, for the most recent year, pay a portion of the health care costs in the form of a monthly premium. Under Ohio law, funding for post-employment health care may be deducted from employer contributions, currently 14 percent of covered payroll. For the fiscal year ended June 30, 2021, STRS did not allocate any employer contributions to post-employment health care.

OPEB Liabilities/(Asset), OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

The net OPEB liability/(asset) was measured as of June 30, 2020, and the total OPEB liability/(asset) used to calculate the net OPEB liability/(asset) was determined by an actuarial valuation as of that date. The District's proportion of the net OPEB liability/(asset) was based on the District's share of contributions to the respective retirement systems relative to the contributions of all participating entities. Following is information related to the proportionate share and OPEB expense:

	SERS	STRS	Total
Proportion of the Net OPEB Liability (Asset)			
Prior Measurement Date	0.07323110%	0.08332325%	
Proportion of the Net OPEB Liability (Asset)			
Current Measurement Date	0.07040980%	0.08346103%	
Change in Proportionate Share	-0.00282130%	0.00013778%	
Proportionate Share of the Net OPEB Liability (Asset)	\$1,530,235	(\$1,466,826)	\$63,409
OPEB Expense	(\$8,129)	(\$82,562)	(\$90,691)

Struthers City School District
Mahoning County, Ohio

Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2021

At June 30, 2021, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	SERS	STRS	Total
Deferred Outflows of Resources			
Differences between expected and actual experience	\$20,097	\$93,990	\$114,087
Net difference between projected and actual earnings on OPEB plan investments	17,245	51,407	68,652
Change of Assumptions	260,851	24,213	285,064
Change in Proportionate Share	39,684	19,105	58,789
District contributions subsequent to the measurement date	46,566	0	46,566
Total Deferred Outflows of Resources	\$384,443	\$188,715	\$573,158
Deferred Inflows of Resources			
Differences between expected and actual experience	\$778,231	\$292,171	\$1,070,402
Change of Assumptions	38,543	1,393,241	1,431,784
Change in Proportionate Share	94,364	0	94,364
Total Deferred Inflows of Resources	\$911,138	\$1,685,412	\$2,596,550

\$46,566 reported as deferred outflows of resources related to OPEB resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability (asset) in the year ending June 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

	SERS	STRS	Total
Fiscal Year Ending June 30:			
2022	(\$115,288)	(\$374,123)	(\$489,411)
2023	(114,042)	(339,329)	(453,371)
2024	(146,599)	(327,119)	(473,718)
2025	(95,632)	(319,578)	(415,210)
2026	(73,964)	(65,699)	(139,663)
Thereafter	(27,736)	(70,849)	(98,585)
Total	(\$573,261)	(\$1,496,697)	(\$2,069,958)

Actuarial Assumptions - SERS

The total OPEB liability is determined by SERS' actuaries in accordance with GASB Statement No. 74, as part of their annual actuarial valuation for each retirement plan. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts (e.g., salaries, credited service) and assumptions about the probability of occurrence of events far into the future (e.g., mortality, disabilities, retirements, employment terminations). Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

Struthers City School District
Mahoning County, Ohio

Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2021

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employers and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations.

Actuarial calculations reflect a long-term perspective. For a newly hired employee, actuarial calculations will take into account the employee's entire career with the employer and also take into consideration the benefits, if any, paid to the employee after termination of employment until the death of the employee and any applicable contingent annuitant. In many cases, actuarial calculations reflect several decades of service with the employer and the payment of benefits after termination.

Key methods and assumptions used in calculating the total OPEB liability in the latest actuarial valuation date of June 30, 2020, are presented below:

Wage Inflation	3.00 percent
Future Salary Increases, including inflation	3.50 percent to 18.20 percent
Investment Rate of Return	7.50 percent net of investment expense, including inflation
Municipal Bond Index Rate:	
Measurement Date	2.45 percent
Prior Measurement Date	3.13 percent
Single Equivalent Interest Rate, net of plan investment expense, including price inflation	
Measurement Date	2.63 percent
Prior Measurement Date	3.22 percent
Medical Trend Assumption	
Medicare	5.25 to 4.75 percent
Pre-Medicare	7.00 to 4.75 percent

Mortality rates were based on the RP-2014 Blue Collar Mortality Table with fully generational projection and Scale BB, 120 percent of male rates and 110 percent of female rates. RP-2000 Disabled Mortality Table with 90 percent for male rates and 100 percent for female rates set back five years.

The most recent experience study was completed for the five year period ended June 30, 2015.

The long-term expected rate of return on plan assets is reviewed as part of the actuarial five-year experience study. The most recent study covers fiscal years 2010 through 2015 and was adopted by the Board on April 21, 2016. Several factors are considered in evaluating the long-term rate of return assumption including long-term historical data, estimates inherent in current market data, and a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return were developed by the investment consultant for each major asset class. These ranges were combined to produce the long-term expected rate of return, 7.50 percent, by weighting the expected future real rates of return by the target asset allocation percentage and then adding expected inflation. The capital market assumptions developed by the investment consultant are intended for use over a 10-year horizon and may not be useful in setting the long-term rate of return for funding pension plans which covers a longer timeframe. The assumption is intended to be a long-term assumption and is not expected to change absent a significant change in the asset allocation, a change in the inflation assumption, or a fundamental change in the market that alters expected returns in future years.

Struthers City School District
Mahoning County, Ohio

Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2021

The SERS health care plan follows the same asset allocation and long-term expected real rate of return for each major asset class as the pension plan, see Note 13 for details.

Discount Rate The discount rate used to measure the total OPEB liability at June 30, 2020 was 2.63 percent. The discount rate used to measure total OPEB liability prior to June 30, 2019 was 3.22 percent. The projection of cash flows used to determine the discount rate assumed that contributions will be made from members and the System at the state statute contribution rate of 2.00 percent of projected covered employee payroll each year, which includes a 1.50 percent payroll surcharge and 0.50 percent of contributions from the basic pension benefits plan. Based on these assumptions, the OPEB plan's fiduciary net position was projected to become insufficient to make future benefit payments during the fiscal year ending June 30, 2025. Therefore, the long-term expected rate of return on OPEB plan assets was used to present value the projected benefit payments through the fiscal year ending June 30, 2024 and the Fidelity General Obligation 20-year Municipal Bond Index rate of 2.45 percent, as of June 30, 2020 (i.e., municipal bond rate), was used to present value the projected benefit payments for the remaining years in the projection. The total present value of projected benefit payments from all years was then used as the discount rate. The projection of future benefit payments for all current plan members was until the benefit payments ran out.

Sensitivity of the District's Proportionate Share of the Net OPEB Liability (Asset) to Changes in the Discount Rate and Changes in the Health Care Cost Trend Rates The net OPEB liability (asset) is sensitive to changes in the discount rate and the health care cost trend rate. The following table presents the net OPEB liability (asset) of SERS, what SERS' net OPEB liability (asset) would be if it were calculated using a discount rate that is 1 percentage point lower (1.63%) and higher (3.63%) than the current discount rate (2.63%). Also shown is what SERS' net OPEB liability (asset) would be based on health care cost trend rates that are 1 percentage point lower (6.0% decreasing to 3.75%) and higher (8.0% decreasing to 5.75%) than the current rate.

	1% Decrease (1.63%)	Current Discount Rate (2.63%)	1% Increase (3.63%)
District's proportionate share of the net OPEB liability (asset)	\$1,872,970	\$1,530,235	\$1,257,762
	1% Decrease (6.0 % decreasing to 3.75 %)	Current Trend Rate (7.0% decreasing to 4.75 %)	1% Increase (8.0 % decreasing to 5.75 %)
District's proportionate share of the net OPEB liability (asset)	\$1,204,944	\$1,530,235	\$1,965,233

Struthers City School District
Mahoning County, Ohio

Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2021

Actuarial Assumptions - STRS

Key methods and assumptions used in the latest actuarial valuation, reflecting experience study results used in the June 30, 2020, actuarial valuation are presented below:

Projected salary increases	12.50 percent at age 20 to 2.50 percent at age 65
Investment Rate of Return	7.45 percent, net of investment expenses, including inflation
Payroll Increases	3 percent
Discount Rate of Return - Current Year	7.45 percent
Health Care Cost Trends:	
<i>Medical</i>	
Pre-Medicare	5.00 percent initial, 4 percent ultimate
Medicare	(6.69) percent initial, 4 percent ultimate
<i>Prescription Drug</i>	
Pre-Medicare	6.50 percent initial, 4 percent ultimate
Medicare	11.87 percent initial, 4 percent ultimate

Projections of benefits include the historical pattern of sharing benefit costs between the employers and retired plan members.

For healthy retirees the mortality rates are based on the RP-2014 Annuitant Mortality Table with 50 percent of rates through age 69, 70 percent of rates between ages 70 and 79, 90 percent of rates between ages 80 and 84, and 100 percent of rates thereafter, projected forward generationally using mortality improvement scale MP-2016. For disabled retirees, mortality rates are based on the RP-2014 Disabled Mortality Table with 90 percent of rates for males and 100 percent of rates for females, projected forward generationally using mortality improvement scale MP-2016.

Actuarial assumptions used in the June 30, 2020, valuation are based on the results of an actuarial experience study for the period July 1, 2011 through June 30, 2016.

Since the prior measurement date, there was no change to the claims costs process. Claim curves were trended to the fiscal year ending June 30, 2020 to reflect the current price renewals. The non-Medicare subsidy percentage was increased effective January 1, 2020 from 1.944 percent to 1.984 percent per year of service. The non-Medicare frozen subsidy base premium was increased effective January 1, 2020. The Medicare subsidy percentages were adjusted effective January 1, 2021 to 2.1 percent for the Medicare plan. The Medicare Part B monthly reimbursement elimination date was postponed to January 1, 2021.

The STRS health care plan follows the same asset allocation and long-term expected real rate of return for each major asset class as the pension plan, see Note 15.

Discount Rate The discount rate used to measure the total OPEB liability was 7.45 percent as of June 30, 2020. The projection of cash flows used to determine the discount rate assumes STRS continues to allocate no employer contributions to the health care fund. Based on these assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments to current plan members as of June 30, 2020. Therefore, the long-term expected rate of return on health care plan investments of 7.45 percent was applied to all periods of projected health care costs to determine the total OPEB liability as of June 30, 2020.

Struthers City School District
Mahoning County, Ohio

Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2021

Sensitivity of the School District's Proportionate Share of the Net OPEB Asset to Changes in the Discount and Health Care Cost Trend Rate The following table represents the net OPEB asset as of June 30, 2020, calculated using the current period discount rate assumption of 7.45 percent, as well as what the net OPEB asset would be if it were calculated using a discount rate that is one percentage point lower (6.45 percent) or one percentage point higher (8.45 percent) than the current assumption. Also shown is the net OPEB asset as if it were calculated using health care cost trend rates that are one percentage point lower or one percentage point higher than the current health care cost trend rates.

	1% Decrease (6.45%)	Current Discount Rate (7.45%)	1% Increase (8.45%)
District's proportionate share of the net OPEB asset	(\$1,276,234)	(\$1,466,826)	(\$1,628,537)

	1% Decrease	Current Trend Rate	1% Increase
District's proportionate share of the net OPEB asset	(\$1,618,499)	(\$1,466,826)	(\$1,282,067)

Note 15 - Long-term Obligations

During fiscal year 2021, the following changes occurred in governmental activities long-term obligations.

	Outstanding 6/30/20	Additions	Deductions	Outstanding 6/30/21	Due in One Year
Governmental-Type Activities					
General Obligation Bonds:					
2011 Classroom Facilities Refunding Bonds:

Struthers City School District
Mahoning County, Ohio

Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2021

On April 18, 2011, the School District issued \$1,949,999 in general obligation refunding bonds at interest rates ranging from 2.1 percent to 4.0 percent. Bond proceeds were used to refund \$1,950,000 of the 2000 school improvement bonds.

Proceeds of \$2,019,830 were deposited in an irrevocable trust with an escrow agent to provide for all future debt service payments on the refunding portion of the 2000 school improvement bonds. As a result, \$1,950,000 of these bonds are considered defeased and the liability for the refunded portion of these bonds has been removed from the financial statements.

The advance refunding resulted in a difference between the reacquisition price and the net carrying amount of the old debt of \$69,830. This difference, being reported as a deferred outflow of resources on the accompanying financial statements, is being charged to operations through fiscal year 2023 using the straight-line method. The School District decreased its total debt service payments by \$221,500 as a result of the advance refunding. The School District also incurred an economic gain (difference between the present values of the old and new debt service payments) of \$203,377.

The school improvement bonds will be paid from the bond retirement debt service fund.

On May 1, 2019, the School District issued a \$451,477 energy conservation note with an interest rate of 3.50 percent, maturing on May 1, 2024. The proceeds are to be used for the Lighting upgrade project throughout the District. The energy conservation note will be repaid from the general fund.

On September 3, 2019, the School District issued a \$152,490 lease purchase agreement with an interest rate of 3.393 percent, maturing on September 3, 2024. The proceeds are to be used for the LED scoreboard/stadium project within the District. The lease purchase agreement will be repaid from the building capital projects fund.

Compensated absences will be paid from the general fund and the food service, auxiliary services, IDEA Part B, Title I and improving teacher quality special revenue funds. The early retirement incentive will be paid from the general fund and the food service special revenue fund.

There is no repayment schedule for the net pension liability and net OPEB liability (asset); however, employer pension and OPEB contributions are made from the General Fund. For additional information related to the net pension liability and net OPEB liability (asset) see Notes 13 and 14.

The School District's overall legal debt margin was \$13,670,920 with an unvoted debt margin of \$149,469 at June 30, 2021.

Principal requirements to retire general obligation debt outstanding, are as follows:

Fiscal Year Ending June 30,	2011 General Obligation Refunding Bonds			Energy Conservation Note		
	Current Interest Bonds			2019		
	Principal	Interest	Total	Principal	Interest	Total
2022	\$300,000	\$18,400	\$318,400	\$90,462	\$8,231	\$98,693
2023	310,000	6,200	316,200	93,725	4,968	98,693
2024	0	0	0	88,877	1,589	90,466
Total	\$610,000	\$24,600	\$634,600	\$273,064	\$14,788	\$287,852

Struthers City School District
Mahoning County, Ohio

Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2021

Fiscal Year Ending June 30,	2019 Lease Purchase Agreement		
	Principal	Interest	Total
2022	\$29,464	\$4,207	\$33,671
2023	30,464	3,207	33,671
2024	31,498	2,173	33,671
2025	32,567	1,104	33,671
Total	\$123,993	\$10,691	\$134,684

Note 16 - Other Employee Benefits

A. Compensated Absences

The criteria for determining vacation and sick leave benefits are derived from negotiated agreements and State laws. Classified employees earn five to twenty-five days of vacation per fiscal year, depending upon length of service and hours worked. Teachers do not earn vacation time. Administrators earn twenty days of vacation annually. Accumulated unused vacation time is paid to classified employees and administrators upon termination of employment.

Each employee earns sick leave at the rate of one and one-quarter days per month. Sick leave may be accumulated without maximum for all employees. Upon retirement, classified employees and bus drivers receive payments for thirty percent of the total sick leave accumulation up to a maximum of 90 days. Administrators and teachers can receive payment for twenty-five to thirty-five percent of the total sick leave accumulation without limit.

B. Life Insurance

The School District provides life insurance to all regular employees. Coverage is equal to the annual salary for administrators, the annual salary for certified employees with a minimum of \$20,000 and a maximum of \$50,000, \$20,000 for non-union classified employees, and a minimum \$20,000 and maximum of \$50,000 for classified employees. Life insurance coverage is provided through Mutual of Omaha.

Note 17 - Set-Asides

The School District is required by State statute to annually set aside in the general fund an amount based on a statutory formula for the acquisition and construction of capital improvements. Amounts not spent by year-end or offset by similarly restricted resources received during the year must be held in cash at year-end and carried forward to be used for the same purposes in future years.

Struthers City School District
Mahoning County, Ohio

Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2021

The following cash basis information describes the change in the year-end set-aside amounts for capital acquisitions. Disclosure of this information is required by State statute.

	<u>Capital Improvements</u>
Set-Aside Reserve Balance as of June 30, 2020	\$0
Current Year Set-Aside Requirement	318,822
Qualifying Disbursements	(33,671)
Current year offsets	<u>(127,715)</u>
Total	<u>\$157,436</u>
Set-Aside Balance Carried Forward to Future Fiscal Years	<u>\$157,436</u>
Cash balance as of June 30, 2021	<u>\$157,436</u>

The District had not have qualifying disbursements and current year offsets during the fiscal year that reduced the set-aside amount to below zero for the capital acquisition set-aside. The balance of \$157,436 is therefore presented as being carried forward to future fiscal years.

Note 18 - Jointly Governed Organizations & Council of Governments

A. Area Cooperative Computerized Educational Service System Council of Governments

The Area Cooperative Computerized Educational Service System/ACCESS Assembly (ACCESS) is a consortium of twenty-six school districts in Mahoning and Columbiana Counties, two educational service centers, twenty non-public schools and two Special Education Regional Resource Centers.

The jointly governed organization was formed for the purpose of utilizing computers and other electronic equipment for administrative and instructional functions among member districts. These include educational management information system services, fiscal services, library services, network services and student services.

ACCESS is governed by an Assembly, which makes all decisions regarding programs, fees, budget and policy. The Assembly is composed of the Superintendent of each of the member districts. Assembly members may designate proxy attendees at meetings for voting purposes. The Assembly meets twice per year, once in November and once in May. Budgets and fees are discussed at the fall meeting, while the Board of Directors are chosen at the spring meeting.

While the Assembly has overall governance for ACCESS, the Board of Directors is selected to make the majority of the day to day operational decisions. Everything from equipment purchases, contracts, personnel action and financial oversight is handled by the Board. The Board is made up of two superintendents each from both Mahoning and Columbiana counties, and the superintendents from both the Mahoning County and Columbiana County Educational Service Centers. The ACCESS Executive Director and the Treasurer are also part of the Board of Directors, but are non-voting members.

All ACCESS revenues are generated from charges for services and State funding. Each of the members supports the ACCESS Assembly based upon a per pupil charge. Financial information can be obtained by contacting the Treasurer, Brian Stidham, at 493 Bev Road, Unit 1, Boardman, Ohio 44512.

Struthers City School District
Mahoning County, Ohio

Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2021

B. Mahoning County Career and Technical Center

The Mahoning County Career and Technical Center is a political subdivision of the State of Ohio operated under the direction of a Board consisting of the five members of the Mahoning County Educational Service Center Governing Board, representing the eleven local school district's and one representative from each of the two city school districts. During fiscal year 2021, no monies were received from the School District. To obtain financial information write to the Treasurer at the Mahoning County Career and Technical Center, 7300 North Palmyra Road, Canfield, Ohio, 44406.

C. Ohio Schools' Council Association

The Ohio Schools' Council Association (Council) is a council of governments among area school districts. The council of governments was formed to purchase quality products and services at the lowest possible cost to the member districts. Each district supports the Council by paying an annual participation fee. The Council's Board consists of seven superintendents of the participating districts whose term rotates every year. The degree of control exercised by any school district is limited to its representation on the Board. In fiscal year 2021, the Struthers City School District paid \$58,853 to the Council. Financial information can be obtained by contacting the Executive Secretary of the Ohio Schools Council at 6133 Rockside Road, Suite 10, Independence, Ohio 44131.

Note 19 - Shared Risk Pool

Mahoning County Schools Employee Insurance Consortium - The Mahoning County Schools Employee Insurance Consortium is a shared risk pool comprised of thirteen Mahoning County School Districts. The Consortium is governed by an assembly which consists of one representative from each participating school district (usually the superintendent or designee). The assembly exercises control over the operation of the Consortium. All Consortium revenues are generated from charges for services. To obtain the financial information write to Mahoning County Insurance Consortium, P.O. Box 549, New Middletown, Ohio 44442.

Note 20 - Contingencies

Grants

The District received financial assistance from federal and State agencies in the form of grants. The expenditure of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds. However, the effect of any such disallowed claims on the overall financial position of the District at June 30, 2021, if applicable, cannot be determined at this time.

School Foundation

School District foundation funding is based on the annualized full-time equivalent (FTE) enrollment of each student. The Ohio Department of Education (ODE) is legislatively required to adjust/reconcile funding as enrollment information is updated by schools throughout the State, which can extend past the fiscal year end. As of the date of this report, additional ODE adjustments for fiscal year 2021 have been finalized, which did not result in a material receivable to, or a liability of, the School District.

Struthers City School District
Mahoning County, Ohio

Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2021

Litigation

At June 30, 2021, the School District was not party to any legal proceedings.

Note 21 – Tax Abatements

As of June 30, 2021, the District provides tax abatements through an Enterprise Zone (Ezone). This program relates to the abatement of property taxes.

Ezone - Under the authority of ORC Sections 5709.62 and 5709.63, the Ezone program is an economic development tool administered by municipal and county governments that provides real and personal property tax exemptions to businesses making investments in Ohio. An Ezone is a designated area of land in which businesses can receive tax incentives in the form of tax exemptions on qualifying new investments. An Ezone's geographic area is identified by the local government involved in the creation of the zone. Once the zone is defined, the local legislative authority participating in the creation must petition the OSDA. The OSDA must then certify the area for it to become an active Enterprise Zone. The local legislative authority negotiates the terms of the Enterprise Zone Agreement (the "Agreement") with the business, which may include tax sharing with the City. Legislation must then be passed to approve the Agreement. All Agreements must be finalized before the project begins and may contain provisions for the recoupment of taxes should the individual or entity fail to perform. The amount of the abatement deducted from the business's property tax bill was not material for fiscal year 2021.

Note 22 – COVID-19

The United States and the State of Ohio declared a state of emergency in March of 2020 due to the COVID- 19 pandemic. Ohio's state of emergency ended in June of 2021 while the national state of emergency continues. During fiscal year 2021, the School District received Coronavirus Aid, Relief, and Economic Security (CARES) Act funding. The School District's investment portfolio and the investments of the pension and other employee benefit plans in which the School District participates fluctuate with market conditions, and due to market volatility, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined. In addition, the impact on the School District's future operating costs, revenues, and any recovery from emergency funding, either federal or state, cannot be estimated. Additional funding has been made available through the Consolidated Appropriations Act, 2021, passed December 21, 2020 and/or the American Rescue Plan Act, passed by Congress on March 11, 2021.

Note 23 – Subsequent Event

For fiscal year 2022, School District foundation funding received from the state of Ohio will be funded using a direct funding model. Under this new model, community school, STEM school, scholarship, and open enrollment funding will be directly funded by the State of Ohio to the respective educating schools. For fiscal year 2021 and prior, the amounts related to students who were residents of the School District were funded to the School District who, in turn, made the payment to the educating school. For fiscal year 2021, the School District reported revenue and expenditures related to these programs. This new funding system calculates a unique base cost and a unique "per-pupil local capacity amount" for each School District. The School District's state core foundation funding is then calculated. Any change in funding will be subject to a phase in percentage of 16.67 percent for fiscal year 2022 and 33.33 percent for fiscal year 2023.

Net Pension Liability

Changes in Assumptions – SERS

Beginning in fiscal year 2018, an assumption of 2.5 percent was used for COLA or Ad Hoc Cola. Prior to 2018, an assumption of 3 percent was used.

Beginning with fiscal year 2017, amounts reported incorporate changes in assumptions used by SERS in calculating the total pension liability in the latest actuarial valuation. These assumptions compared with those used in fiscal year 2016 and prior are presented below:

	Fiscal Year 2017	Fiscal Year 2016 & Prior
Wage Inflation	3.00 Percent	3.25 Percent
Future Salary Increases, Including Inflation	3.50 Percent to 18.20 Percent	4.00 Percent to 22.00 Percent
Investment Rate of Return	7.50 Percent Net of Investment Expense, Including Inflation	7.75 Percent Net of Investment Expense, Including Inflation

Beginning with fiscal year 2017, mortality assumptions use mortality rates that are based on the RP-2014 Blue Collar Mortality Table with fully generational projection and a five year age set-back for both males and females. Amounts reported for fiscal year 2016 and prior, use mortality assumptions that are based on the 1994 Group Annuity Mortality Table set back one year for both men and women. Special mortality tables were used for the period after disability retirement.

Changes of Benefit and Funding Terms – SERS

In fiscal year 2019, post-retirement increases in benefits included the following changes:

*Members, or their survivors, retiring prior to January 1, 2018, receive a COLA increase of 3 percent of their base benefit on the anniversary of their initial date of retirement.

*Members, or their survivors, retiring on and after January 1, 2018, receive a COLA increase on each anniversary of their initial date of retirement equal to the annual rate of increase in the CPI-W measured as of the June preceding the beginning of the applicable calendar year. The annual rate of increase shall not be less than 0 percent, nor greater than 2.5 percent. COLAs are suspended for calendar years 2018, 2019, and 2020.

*Members, or their survivors, retiring on and after April 1, 2018, will have their COLA delayed for three years following their initial date of retirement.

Struthers City School District
Mahoning County, Ohio

*Notes to the Required Supplementary Information
For the Fiscal Year Ended June 30, 2021*

Changes in Assumptions - STRS

Beginning with fiscal year 2018, amounts reported incorporate changes in assumptions and changes in benefit terms used by STRS in calculating the total pension liability in the latest actuarial valuation. These new assumptions compared with those used in fiscal year 2017 and prior are presented below:

	Fiscal Year 2018
Inflation	2.50 Percent
Projected Salary Increases	12.50 Percent at Age 20 to 2.50 Percent at Age 65
Investment Rate of Return	7.45 Percent, Net of Expenses, Including Inflation
Payroll Increases	3.00 Percent
Cost of Living Adjustments (COLA)	0 Percent, Effective July 1, 2017
	Fiscal Year 2017 & Prior
Inflation	2.75 Percent
Projected Salary Increases	12.25 Percent at Age 20 to 2.75 Percent at Age 70
Investment Rate of Return	7.75 Percent, Net of Expenses, Including Inflation
Payroll Increases	3.50 Percent
Cost of Living Adjustments (COLA)	2 Percent Simple applied as follows: For Members Retiring Before August 1, 2013 3 percent per year. For Members retiring August 1, 2013 or later, 2 percent COLA commences on 5th anniversary date

Beginning with fiscal year 2018, post-retirement mortality rates for healthy retirees are based on the RP-2014 Annuitant Mortality Table with 50 percent of rates through age 69, 70 percent of rates between ages 70 and 79, 90 percent of rates between ages 80 and 84, and 100 percent of rates thereafter, projected forward generationally using mortality improvement scale MP-2016. Post-retirement disabled mortality rates are based on the RP-2014 Disabled Mortality Table with 90 percent of rates for males and 100 percent of rates for females, projected forward generationally using mortality improvement scale MP-2016. Pre-retirement mortality rates are based on RP-2014 Employee Mortality Table, projected forward generationally using mortality improvement scale MP-2016.

For fiscal year 2017 and prior actuarial valuation, mortality rates were based on the RP-2000 Combined Mortality Table (Projection 2022—Scale AA) for Males and Females. Males' ages are set-back two years through age 89 and no set-back for age 90 and above. Females younger than age 80 are set back four years, one year set back from age 80 through 89, and no set back from age 90 and above.

Changes in Benefit Terms - STRS

There were no changes in benefit terms from the amounts reported for fiscal years 2014 - 2017. For fiscal year 2018, STRS decreased the Cost of Living Adjustment (COLA) to zero. There were no changes in benefit terms from amounts previously reported for fiscal years 2019 - 2021.

Struthers City School District
Mahoning County, Ohio

Notes to the Required Supplementary Information
For the Fiscal Year Ended June 30, 2021

Net OPEB Liability

Changes in Assumptions – SERS

Amounts reported incorporate changes in key methods and assumptions used in calculating the total OPEB liability as presented below:

Municipal Bond Index Rate:	
Fiscal year 2021	2.45 percent
Fiscal year 2020	3.13 percent
Fiscal year 2019	3.62 percent
Fiscal year 2018	3.56 percent
Fiscal year 2017	2.92 percent
Single Equivalent Interest Rate, net of plan investment expense, including price inflation	
Fiscal year 2021	2.63 percent
Fiscal year 2020	3.22 percent
Fiscal year 2019	3.70 percent
Fiscal year 2018	3.63 percent
Fiscal year 2017	2.98 percent

Changes of Benefit and Funding Terms – SERS

In fiscal year 2019, SERS' funding policy allowed a 2.0 percent health care contribution rate to be allocated to the Health Care fund. The 2.0 percent is a combination of 0.5 percent employer contributions and 1.5 percent surcharge.

In fiscal year 2020, SERS' funding policy allowed a 1.5 percent health care contribution rate to be allocated to the Health Care fund. The 1.5 percent is a combination of 0.0 percent employer contributions and 1.5 percent surcharge.

Struthers City School District

Mahoning County, Ohio

*Notes to the Required Supplementary Information
For the Fiscal Year Ended June 30, 2021*

Changes in Assumptions – STRS OPEB

For fiscal year 2018, the discount rate was increased from 3.26 percent to 4.13 percent based on the methodology defined under GASB Statement No. 74, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans (OPEB)* and the long term expected rate of return was reduced from 7.75 percent to 7.45 percent. Valuation year per capita health care costs were updated, and the salary scale was modified. The percentage of future retirees electing each option was updated based on current data and the percentage of future disabled retirees and terminated vested participants electing health coverage were decreased. The assumed mortality, disability, retirement, withdrawal and future health care cost trend rates were modified along with the portion of rebated prescription drug costs.

For fiscal year 2019, the discount rate was increased from the blended rate of 4.13 percent to the long-term expected rate of return of 7.45.

Changes in Benefit Terms – STRS OPEB

For fiscal year 2018, the subsidy multiplier for non-Medicare benefit recipients was reduced from 2.1 percent to 1.9 percent per year of service. Medicare Part B premium reimbursements were discontinued for certain survivors and beneficiaries and all remaining Medicare Part B premium reimbursements will be discontinued beginning January 2020.

For fiscal year 2019, the subsidy multiplier for non-Medicare benefit recipients was increased from 1.9 percent to 1.944 percent per year of service effective January 1, 2019. The non-Medicare frozen subsidy base premium was increased effective January 1, 2019 and all remaining Medicare Part B premium reimbursements will be discontinued beginning January 1, 2020.

For fiscal year 2020, there was no change to the claims costs process. Claim curves were trended to the fiscal year ending June 30, 2020 to reflect the current price renewals. The non-Medicare subsidy percentage was increased effective January 1, 2020 from 1.944 percent to 1.984 percent per year of service. The non-Medicare frozen subsidy base premium was increased effective January 1, 2020. The Medicare subsidy percentages were adjusted effective January 1, 2021 to 2.1 percent for the Medicare plan. The Medicare Part B monthly reimbursement elimination date was postponed to January 1, 2021.

For fiscal year 2021, there was no change to the claims costs process. Claim curves were trended to the fiscal year ending June 30, 2021 to reflect the current price renewals. The non-Medicare subsidy percentage was increased effective January 1, 2021 from 1.984 percent to 2.055 percent per year of service. The non-Medicare frozen subsidy base premium was increased effective January 1, 2021. The Medicare subsidy percentages were adjusted effective January 1, 2021 to 2.1 percent for the AMA Medicare plan. The Medicare Part B monthly reimbursement elimination date was postponed indefinitely.

MAHONING COUNTY**

**NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
2 CFR 200.510(b)(6)
FOR THE YEAR ENDED JUNE 30, 2021**

NOTE A – BASIS OF PRESENTATION

The accompanying Schedule of Expenditures of Federal Awards (the Schedule) includes the federal award activity of Struthers City School District (the District's) under programs of the federal government for the year ended June 30, 2021. The information on this Schedule is prepared in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the District, it is not intended to and does not present the financial position or changes in net position of the District.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the cash basis of accounting. Such expenditures are recognized following the cost principles contained in Uniform Guidance wherein certain types of expenditures may or may not be allowable or may be limited as to reimbursement.

NOTE C – INDIRECT COST RATE

The District has elected not to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

NOTE D - CHILD NUTRITION CLUSTER

The District commingles cash receipts from the U.S. Department of Agriculture with similar State grants. When reporting expenditures on this Schedule, the District assumes it expends federal monies first.

NOTE E – FOOD DONATION PROGRAM

The District reports commodities consumed on the Schedule at the entitlement value. The District allocated donated food commodities to the respective programs that benefitted from the use of those donated food commodities.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

Struthers City School District
Mahoning County
99 Euclid Avenue
Struthers, Ohio 44471

To the Board of Education:

We have audited, in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the financial statements of the governmental activities, the major fund, and the aggregate remaining fund information of the Struthers City School District, Mahoning County, (the District) as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the District's basic financial statements and have issued our report thereon dated June 21, 2022, wherein we noted the District adopted new accounting guidance in Governmental Accounting Standards Board (GASB) Statement No. 84, *Fiduciary Activities*. We also noted the financial impact of COVID-19 and the continuing emergency measures which may impact subsequent periods of the District.

Internal Control Over Financial Reporting

As part of our financial statement audit, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures appropriate in the circumstances to the extent necessary to support our opinion on the financial statements, but not to the extent necessary to opine on the effectiveness of the District's internal control. Accordingly, we have not opined on it.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the District's financial statements. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all internal control deficiencies that might be material weaknesses or significant deficiencies. Given these limitations, we did not identify any deficiencies in internal control that we consider material weaknesses. However, unidentified material weaknesses may exist.

Compliance and Other Matters

As part of reasonably assuring whether the District's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the financial statements. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

Purpose of this Report

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this report is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Struthers City School District
Mahoning County
99 Euclid Avenue
Struthers, Ohio 44471

To the Board of Education:

Report on Compliance for Each Major Federal Program

We have audited Struthers City School District's (the District) compliance with the applicable requirements described in the U.S. Office of Management and Budget (OMB) *Compliance Supplement* that could directly and materially affect Struthers City School District's major federal programs for the year ended June 30, 2021. The *Summary of Auditor's Results* in the accompanying schedule of findings identifies the District's major federal programs.

Management's Responsibility

The District's Management is responsible for complying with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to opine on the District's compliance for the District's major federal programs based on our audit of the applicable compliance requirements referred to above. Our compliance audit followed auditing standards generally accepted in the United States of America; the standards for financial audits included in the Comptroller General of the United States' *Government Auditing Standards*; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). These standards and the Uniform Guidance require us to plan and perform the audit to reasonably assure whether noncompliance with the applicable compliance requirements referred to above that could directly and materially affect a major federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe our audit provides a reasonable basis for our compliance opinion on the District's major programs. However, our audit does not provide a legal determination of the District's compliance.

Opinion on the Major Federal Program

In our opinion, Struthers City School District complied, in all material respects with the compliance requirements referred to above that could directly and materially affect its major federal programs for the year ended June 30, 2021.

Report on Internal Control Over Compliance

The District's management is responsible for establishing and maintaining effective internal control over compliance with the applicable compliance requirements referred to above. In planning and performing our compliance audit, we considered the District's internal control over compliance with the applicable requirements that could directly and materially affect a major federal program, to determine our auditing procedures appropriate for opining on each major federal program's compliance and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not to the extent needed to opine on the effectiveness of internal control over compliance. Accordingly, we have not opined on the effectiveness of the District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, when performing their assigned functions, to prevent, or to timely detect and correct, noncompliance with a federal program's applicable compliance requirement. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a federal program compliance requirement will not be prevented, or timely detected and corrected. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with federal program's applicable compliance requirement that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

This report only describes the scope of our internal control over compliance tests and the results of this testing based on Uniform Guidance requirements. Accordingly, this report is not suitable for any other purpose.
