We have reviewed the *Independent Auditor's Report* of the Washington Township, Defiance County, prepared by Perry & Associates, Certified Public Accountants, A.C., for the audit period January 1, 2020 through December 31, 2021. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The Washington Township is responsible for compliance with these laws and regulations.

## INDEPENDENT AUDITOR'S REPORT

Washington Township  
Defiance County  
PO Box 188  
Ney, Ohio 43549

To the Board of Trustees:

### ***Report on the Audit of the Financial Statements***

#### ***Unmodified and Adverse Opinions***

We have audited the financial statements of Washington Township, Defiance County, Ohio (the Township), which comprises the cash balances, receipts and disbursements for each governmental fund type as of and for the years ended December 31, 2021 and 2020, and the related notes to the financial statements.

#### ***Unmodified Opinion on Regulatory Basis of Accounting***

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the cash balances, receipts and disbursements for each governmental fund type as of and for the years ended December 31, 2021 and 2020, and the related notes to the financial statements, in accordance with the financial reporting provisions which Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(C) permit, described in Note 2.

#### ***Adverse Opinion on U.S. Generally Accepted Accounting Principles***

In our opinion, because of the significance of the matter discussed in the *Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles* section of our report, the accompanying financial statements do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the Township, as of December 31, 2021 and 2020, or the changes in financial position thereof for the years then ended.

Tax - Accounting - Audit - Review - Compilation - Agreed Upon Procedure - Consultation - Bookkeeping - Payroll - Litigation Support - Financial Investigations  
Members: American Institute of Certified Public Accountants

RSM US Alliance member firms are separate and independent businesses and legal entities that are responsible for their own acts and omissions, and each are separate and independent from RSM US LLP. RSM US LLP is the U.S. member firm of RSM International, a global network of independent audit, tax, and consulting firms. Members of RSM US Alliance have access to RSM International resources through RSM US LLP but are not member firms of RSM International.

### ***Basis for Opinions***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Township, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### ***Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles***

As described in Note 2 of the financial statements, the financial statements are prepared by the Township on the basis of the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(C), which is an accounting basis other than accounting principles generally accepted in the United States of America (GAAP), to satisfy these requirements. The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 2 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material and pervasive.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the financial reporting provisions Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(C) permit. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Township's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

***Auditor's Responsibilities for the Audit of the Financial Statements (Continued)***

- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Township's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Township's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Emphasis of Matter***

As discussed in Note 12, during 2020, the Township adopted a change in accounting principle and removed the fund balance classification from the Combined Statement of Receipts, Disbursements and Changes in Fund Balances (Regulatory Cash Basis) – All Governmental Fund Types.

***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated July 26, 2022, on our consideration of the Township's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Township's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Township's internal control over financial reporting and compliance.

**Washington Township**  
*Defiance County*  
*Notes to the Financial Statements*  
*For the Year Ended December 31, 2021*

---

**Note 1 – Reporting Entity**

The constitution and laws of the State of Ohio establish the rights and privileges of Washington Township, Defiance County, (the Township) as a body corporate and politic. A publicly elected three-member Board of Trustees directs the Township. The Township provides road and bridge maintenance, cemetery maintenance, and fire protection.

***Public Entity Risk Pools***

The Township participates in a public entity risk pool. Note 7 to the financial statements provide additional information for this entity.

The Township's management believes these financial statements present all activities for which the Township is financially accountable.

**Note 2 – Summary of Significant Accounting Policies**

***Basis of Presentation***

The Township's financial statements consist of a combined statement of receipts, disbursements and changes in fund balances (regulatory cash basis) for all governmental fund types, which is organized on a fund type basis.

***Fund Accounting***

The Township uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The funds of the Township are presented below:

***General Fund*** The general fund accounts for and reports all financial resources not accounted for and reported in another fund. The general fund balance is available to the Township for any purpose provided it is expended or transferred according to the general laws of Ohio.

***Special Revenue Funds*** These funds account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. The Township had the following significant Special Revenue Funds:

***Gasoline Tax Fund*** The gas tax fund accounts for and reports that portion of the State gasoline tax restricted for maintenance and repair of roads within the Township.

***Special Fire Levy Fund*** The special fire levy fund accounts for and reports property tax revenue generated from the special fire fund levy (1.5 mil outside millage) as approved by the township citizens. This fund covers expenses related to EMS contract expenses and fire equipment expenses.

***Road and Bridge Fund*** The road and bridge fund accounts for and reports property tax (inside millage) committed for the construction, reconstruction, resurfacing and repair of Township roads and bridges.

***Road and Bridge Levy Fund*** The Road and Bridge Levy fund accounts for and reports property tax (2.0 outside millage) committed for the construction, reconstruction, resurfacing, maintenance, and repair of Township roads and bridges.

**Washington Township**  
*Defiance County*  
*Notes to the Financial Statements*  
*For the Year Ended December 31, 2021*

---

**Note 2 – Summary of Significant Accounting Policies (Continued)**

**Capital Project Funds** These funds account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets. The Township had the following significant Capital Project Fund:

**State Grant Fund** The Township received a grant from the state for capital improvements. The proceeds are restricted for capital improvement.

***Basis of Accounting***

These financial statements follow the accounting basis permitted by the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03 (C). This basis is similar to the cash receipts and disbursements accounting basis. The Board recognizes receipts when received in cash rather than when earned, and recognizes disbursements when paid rather than when a liability is incurred. Budgetary presentations report budgetary expenditures when a commitment is made (i.e., when an encumbrance is approved).

These statements include adequate disclosure of material matters, as the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03 (C) permit.

***Budgetary Process***

The Ohio Revised Code requires that each fund be budgeted annually.

**Appropriations** Budgetary expenditures (that is, disbursements and encumbrances) may not exceed appropriations at the fund, function or object level of control, and appropriations may not exceed estimated resources. The Board of Trustees must annually approve appropriation measures and subsequent amendments. Appropriations lapse at year end.

**Estimated Resources** Estimated resources include estimates of cash to be received (budgeted receipts) plus cash as of January 1. The County Budget Commission must approve estimated resources.

**Encumbrances** The Ohio Revised Code requires the Township to reserve (encumber) appropriations when individual commitments are made. Encumbrances outstanding at year end are canceled, and reappropriated in the subsequent year. The Township did not encumber all commitments required by Ohio law.

A summary of 2021 budgetary activity appears in Note 4.

***Deposits and Investments***

The Township's accounting basis includes investments as assets. This basis does not record disbursements for investment purchases or receipts for investment sales. This basis records gains or losses at the time of sale as receipts or disbursements, respectively.

The Township invests all available funds in an interest-bearing checking account and money market account.

**Washington Township**  
*Defiance County*  
*Notes to the Financial Statements*  
*For the Year Ended December 31, 2021*

---

**Note 2 – Summary of Significant Accounting Policies (Continued)**

***Fund Balance***

Fund balance is divided into five classifications based primarily on the extent to which the Township must observe constraints imposed upon the use of its governmental-fund resources. The classifications are as follows:

***Nonspendable*** The Township classifies assets as nonspendable when legally or contractually required to maintain the amounts intact. For regulatory purposes, nonspendable fund balance includes unclaimed monies that are required to be held for five years before they may be utilized by the Township and the nonspendable portion of the corpus in permanent funds.

***Restricted*** Fund balance is restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or is imposed by law through constitutional provisions.

***Committed*** Trustees can commit amounts via formal action (resolution). The Township must adhere to these commitments unless the Trustees amend the resolution. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed to satisfy contractual requirements.

***Assigned*** Assigned fund balances are intended for specific purposes but do not meet the criteria to be classified as restricted or committed. For regulatory purposes, assigned fund balance in the general fund is limited to encumbrances outstanding at year end.

***Unassigned*** Unassigned fund balance is the residual classification for the general fund and includes amounts not included in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance.

The Township applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

For regulatory purposes, limited disclosure related to fund balance is included in Note 11.

**Note 3 – Compliance**

Contrary to Ohio law, budgetary appropriations exceeded estimated resources in the General, Road and Bridge, Fire District, and Road and Bridge Levy funds by \$400, \$11,100, \$1,900, and \$4,400, respectively, for the year ended December 31, 2021. Also contrary to Ohio law, actual receipts in the Capital Projects Fund fell below budgeted receipts which caused a reduction in the resources available for appropriations below the allowable amount for the year ended December 31, 2021.

**Washington Township**  
*Defiance County*  
*Notes to the Financial Statements*  
*For the Year Ended December 31, 2021*

**Note 4 – Budgetary Activity**

Budgetary activity for the year ending December 31, 2021 follows:

2021 Budgeted vs. Actual Receipts			
Fund Type	Budgeted Receipts	Actual Receipts	Variance
General	\$ 58,550	\$ 59,276	\$ 726
Special Revenue	410,746	412,637	1,891
Capital Projects	-	76,009	76,009
Total	\$ 469,296	\$ 547,922	\$ 78,626

2021 Budgeted vs. Actual Budgetary Basis Expenditures			
Fund Type	Appropriation Authority	Budgetary Expenditures	Variance
General	\$ 204,509	\$ 69,752	\$ 134,757
Special Revenue	993,045	292,703	700,342
Capital Projects	100,877	76,009	24,868
Total	\$ 1,298,431	\$ 438,464	\$ 859,967

**Note 5 – Deposits and Investments**

To improve cash management, cash received by the Township is pooled. Monies for all fund are maintained in this pool. The Ohio Revised Code prescribes allowable deposits and investments. A summary of the Township's deposit and investment accounts are as follows:

	2021
<b>Cash Management Pool:</b>	
Demand deposits	\$5,390
Total deposits	\$5,390
Money Market	820,127
Total investments	820,127
<i>Total carrying amount of deposits and investments held in the Pool (ties to FS)</i>	\$825,517

The Township does not use a separate payroll clearing account. The expenditures included in the accompanying financial statements reflect net payroll plus all remitted payroll withholdings. At December 31, 2021, the Township is holding \$0 in unremitted employee payroll withholdings.

**Deposits**

Deposits are insured by the Federal Deposit Insurance Corporation or collateralized through the Ohio Pooled Collateral System (OPCS), a collateral pool of eligible securities deposited with a qualified trustee and pledged to the Treasurer of State to secure the repayment of all public monies deposited in the financial institution.

**Investments**

The Township invests funds in a money market account.

**Washington Township**  
*Defiance County*  
*Notes to the Financial Statements*  
*For the Year Ended December 31, 2021*

---

**Note 6 – Property Taxes**

Real property taxes become a lien on January 1 preceding the October 1 date for which the Trustees adopted tax rates. The State Board of Tax Equalization adjusts these rates for inflation. Property taxes are also reduced for applicable non-business, owner occupancy, and homestead exemption credits and/or homestead and rollback deductions. The financial statements include these credits and/or deduction amounts the State pays as Intergovernmental Receipts. Payments are due to the County by December 31. If the property owner elects to pay semiannually, the first half is due December 31. The second half payment is due the following June 20.

The County is responsible for assessing property and for billing, collecting, and distributing all property taxes on behalf of the Township.

**Note 7 – Risk Management**

The Township is a member of the Ohio Township Risk Management Authority (the Pool). The Pool assumes the risk of loss up to the limits of the Township's policy. The Pool covers the following risks:

- General liability and casualty;
- Public official's liability; and
- Cyber
- Law enforcement liability
- Automobile liability
- Vehicles
- Property
- Equipment breakdown

The Pool reported the following summary of actuarially-measured liabilities and the assets available to pay those liabilities as of December 31, 2021:

	<u>2021</u>
Cash and investments	\$34,880,599
Actuarial liabilities	\$10,601,444

**Note 8– Defined Benefit Pension Plans**

***Ohio Public Employees Retirement System***

Some Township employees belong to the Ohio Public Employees Retirement System (OPERS). OPERS is a cost-sharing, multiple-employer plan. The Ohio Revised Code prescribes this plan's benefits, which include postretirement health care and survivor and disability benefits.

The Ohio Revised Code also prescribes contribution rates. OPERS members contributed 10 percent of their gross salaries, and the Township contributed an amount equaling 14 percent of participants' gross salaries. The Township has paid all contributions required through December 31, 2021.

**Washington Township**  
*Defiance County*  
*Notes to the Financial Statements*  
*For the Year Ended December 31, 2021*

---

**Note 8– Defined Benefit Pension Plans (Continued)**

***Social Security***

Some Township employees contributed to Social Security. This plan provides retirement benefits, including survivor and disability benefits to participants.

Employees contributed 6.2 percent of their gross salaries. The Township contributed an amount equal to 6.2 percent of participants' gross salaries. The Township has paid all contributions required through December 31, 2021.

**Note 9 – Postemployment Benefits**

OPERS offers cost-sharing, multiple-employer defined benefit postemployment plans, which include multiple health care plans including medical coverage, prescription drug coverage, deposits to a Health Reimbursement Arrangement, and Medicare Part B premium reimbursements, to qualifying benefit recipients. The portion of employer contributions allocated to health care for OPERS members in the traditional pension plan and combined plan was 0 percent during calendar year 2021. The portion of employer contributions allocated to health care for OPERS members in the member-directed plan was 4.0 percent during calendar year 2021.

**Note 10 – Contingent Liabilities**

Amounts grantor agencies pay to the township are subject to audit and adjustment by the grantor. The grantor may require refunding any disallowed costs. Management cannot presently determine amounts grantors may disallow. However, based on prior experience, management believes any refunds would be immaterial.

**Note 11 – Fund Balances**

Included in fund balance are amounts the Township cannot spend, including the balance of unclaimed monies, which cannot be spent for five years and the unexpendable corpus of the permanent funds. Encumbrances are commitments related to unperformed contracts for goods or services. Encumbrance accounting is utilized to the extent necessary to assure effective budgetary control and accountability and to facilities effective cash planning and control. At year end the Township had no encumbrances.

The fund balance of special revenue funds is either restricted or committed. These restricted, committed, and assigned amounts in the special revenue funds would include the outstanding encumbrances. In the general fund, outstanding encumbrances are considered assigned.

**Note 12 – Subsequent Events**

The Township is exploring the feasibility of construction of a new fire station in the near future (1-3 years). This would require passage of a new levy, along with all the planning and building design. As this is only in the beginning stages, no contract or obligations have been made as of December 31, 2021.

**Note 13 – COVID-19**

The United States and the State of Ohio declared a state of emergency in March of 2020 due to the COVID-19 pandemic. Ohio's state of emergency ended in June, 2021 while the national state of emergency continues. During 2021, the Township received COVID-19 funding. The financial impact of COVID-19 and the continuing emergency measures will impact subsequent periods of the Township. The impact on the Township's future operating costs, revenues, and additional recovery from emergency funding, either federal or state, cannot be estimated.

**Note 2 – Summary of Significant Accounting Policies**

***Basis of Presentation***

The Township's financial statements consist of a combined statement of receipts, disbursements and changes in fund balances (regulatory cash basis) for all governmental fund types, which is organized on a fund type basis.

***Fund Accounting***

The Township uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The funds of the Township are presented below:

***General Fund*** The general fund accounts for and reports all financial resources not accounted for and reported in another fund. The general fund balance is available to the Township for any purpose provided it is expended or transferred according to the general laws of Ohio.

***Special Revenue Funds*** These funds account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. The Township had the following significant Special Revenue Funds:

***Gasoline Tax Fund*** The gas tax fund accounts for and reports that portion of the State gasoline tax restricted for maintenance and repair of roads within the Township.

***Special Fire Levy Fund*** The special fire levy fund accounts for and reports property tax revenue generated from the special fire fund levy (1.5 mil outside millage) as approved by the township citizens. This fund covers expenses related to EMS contract expenses and fire equipment expenses.

***Road and Bridge Fund*** The road and bridge fund accounts for and reports property tax (inside millage) committed for the construction, reconstruction, resurfacing and repair of Township roads and bridges.

***Road and Bridge Levy Fund*** The Road and Bridge Levy fund accounts for and reports property tax (2.0 outside millage) committed for the construction, reconstruction, resurfacing, maintenance, and repair of Township roads and bridges.

**Washington Township**  
*Defiance County*  
*Notes to the Financial Statements*  
*For the Year Ended December 31, 2020*

---

**Note 2 – Summary of Significant Accounting Policies (Continued)**

***Basis of Accounting***

These financial statements follow the accounting basis permitted by the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03 (C). This basis is similar to the cash receipts and disbursements accounting basis. The Board recognizes receipts when received in cash rather than when earned, and recognizes disbursements when paid rather than when a liability is incurred. Budgetary presentations report budgetary expenditures when a commitment is made (i.e., when an encumbrance is approved).

These statements include adequate disclosure of material matters, as the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03 (C) permit.

***Budgetary Process***

The Ohio Revised Code requires that each fund be budgeted annually.

***Appropriations*** Budgetary expenditures (that is, disbursements and encumbrances) may not exceed appropriations at the fund, function or object level of control, and appropriations may not exceed estimated resources. The Board of Trustees must annually approve appropriation measures and subsequent amendments. Appropriations lapse at year end.

***Estimated Resources*** Estimated resources include estimates of cash to be received (budgeted receipts) plus cash as of January 1. The County Budget Commission must approve estimated resources.

***Encumbrances*** The Ohio Revised Code requires the Township to reserve (encumber) appropriations when individual commitments are made. Encumbrances outstanding at year end are canceled, and reappropriated in the subsequent year. The Township did not use the encumbrance method of accounting

A summary of 2020 budgetary activity appears in Note 4.

***Deposits and Investments***

The Township's accounting basis includes investments as assets. This basis does not record disbursements for investment purchases or receipts for investment sales. This basis records gains or losses at the time of sale as receipts or disbursements, respectively.

The Township invests all available funds in an interest-bearing checking account and money market account.

***Fund Balance***

Fund balance is divided into five classifications based primarily on the extent to which the Township must observe constraints imposed upon the use of its governmental-fund resources. The classifications are as follows:

***Nonspendable*** The Township classifies assets as *nonspendable* when legally or contractually required to maintain the amounts intact. For regulatory purposes, nonspendable fund balance includes unclaimed monies that are required to be held for five years before they may be utilized by the Township and the nonspendable portion of the corpus in permanent funds.

***Restricted*** Fund balance is *restricted* when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or is imposed by law through constitutional provisions.

**Washington Township**  
*Defiance County*  
*Notes to the Financial Statements*  
*For the Year Ended December 31, 2020*

---

**Note 2 – Summary of Significant Accounting Policies (Continued)**

***Fund Balance (Continued)***

***Committed*** Trustees can *commit* amounts via formal action (resolution). The Township must adhere to these commitments unless the Trustees amend the resolution. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed to satisfy contractual requirements.

***Assigned*** Assigned fund balances are intended for specific purposes but do not meet the criteria to be classified as *restricted* or *committed*. For regulatory purposes, assigned fund balance in the general fund is limited to encumbrances outstanding at year end.

***Unassigned*** Unassigned fund balance is the residual classification for the general fund and includes amounts not included in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance.

The Township applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

For regulatory purposes, limited disclosure related to fund balance is included in Note 11.

**Note 3 – Compliance**

Contrary to Ohio law, budgetary appropriations exceeded estimated resources in the State Grant fund by \$100,877. Also contrary to Ohio law, actual receipts in the General Fund fell below budgeted receipts which caused a reduction in the resources available for appropriations below the allowable amount for the year ended December 31, 2020.

**Note 4 – Budgetary Activity**

Budgetary activity for the year ending December 31, 2020 follows:

2020 Budgeted vs. Actual Receipts			
Fund Type	Budgeted Receipts	Actual Receipts	Variance
General	\$ 58,950	\$ 57,122	\$ (1,828)
Special Revenue	318,990	353,975	34,985
Capital Projects	48,700	-	(48,700)
Total	\$ 426,640	\$ 411,097	\$ (15,543)

**Washington Township**  
*Defiance County*  
*Notes to the Financial Statements*  
*For the Year Ended December 31, 2020*

**Note 4 – Budgetary Activity (Continued)**

2020 Budgeted vs. Actual Budgetary Basis Expenditures			
Fund Type	Appropriation Authority	Budgetary Expenditures	Variance
General	\$ 206,622	\$ 59,635	\$ 146,987
Special Revenue	773,790	240,175	533,615
Capital Projects	100,877	-	100,877
<b>Total</b>	<b>\$ 1,081,289</b>	<b>\$ 299,810</b>	<b>\$ 781,479</b>

**Note 5 – Deposits and Investments**

To improve cash management, cash received by the Township is pooled. Monies for all fund are maintained in this pool. The Ohio Revised Code prescribes allowable deposits and investments. A summary of the Township's deposit and investment accounts are as follows:

	2020
<b><i>Cash Management Pool:</i></b>	
Demand deposits	\$14,600
Total deposits	14,600
Money Market	701,459
Total investments	701,459
<i>Total carrying amount of deposits and investments held in the Pool (ties to FS)</i>	<b>\$716,059</b>

The Township does not use a separate payroll clearing account. The expenditures included in the accompanying financial statements reflect net payroll plus all remitted payroll withholdings. At December 31, 2020, the Township is holding \$0 in unremitted employee payroll withholdings.

***Deposits***

Deposits are insured by the Federal Deposit Insurance Corporation or collateralized through the Ohio Pooled Collateral System (OPCS), a collateral pool of eligible securities deposited with a qualified trustee and pledged to the Treasurer of State to secure the repayment of all public monies deposited in the financial institution.

***Investments***

The Township invests funds in a money market account.

**Note 6 – Property Taxes**

Real property taxes become a lien on January 1 preceding the October 1 date for which the Trustees adopted tax rates. The State Board of Tax Equalization adjusts these rates for inflation. Property taxes are also reduced for applicable non-business, owner occupancy, and homestead exemption credits and/or homestead and rollback deductions. The financial statements include these credits and/or deduction amounts the State pays as Intergovernmental Receipts. Payments are due to the County by December 31. If the property owner elects to pay semiannually, the first half is due December 31. The second half payment is due the following June 20.

The County is responsible for assessing property and for billing, collecting, and distributing all property taxes on behalf of the Township.

**Washington Township**  
*Defiance County*  
*Notes to the Financial Statements*  
*For the Year Ended December 31, 2020*

---

**Note 7 – Risk Management**

The Township is a member of the Ohio Township Risk Management Authority (the Pool). The Pool assumes the risk of loss up to the limits of the Township's policy. The Pool covers the following risks:

- General liability and casualty;
- Public official's liability; and
- Cyber
- Law enforcement liability
- Automobile liability
- Vehicles
- Property
- Equipment breakdown

The Pool reported the following summary of actuarially-measured liabilities and the assets available to pay those liabilities as of December 31:

	<u>2020</u>
Cash and investments	\$36,348,066
Actuarial liabilities	\$10,894,146

**Note 8 – Defined Benefit Pension Plans**

***Ohio Public Employees Retirement System***

Some Township employees belong to the Ohio Public Employees Retirement System (OPERS). OPERS is a cost-sharing, multiple-employer plan. The Ohio Revised Code prescribes this plan's benefits, which include postretirement health care and survivor and disability benefits.

The Ohio Revised Code also prescribes contribution rates. OPERS members contributed 10 percent of their gross salaries, and the Township contributed an amount equaling 14 percent of participants' gross salaries. The Township has paid all contributions required through December 31, 2020.

***Social Security***

Some Township employees contributed to Social Security. This plan provides retirement benefits, including survivor and disability benefits to participants.

Employees contributed 6.2 percent of their gross salaries. The Township contributed an amount equal to 6.2 percent of participants' gross salaries. The Township has paid all contributions required through December 31, 2021.

**Note 9 – Postemployment Benefits**

OPERS offers cost-sharing, multiple-employer defined benefit postemployment plans, which include multiple health care plans including medical coverage, prescription drug coverage, deposits to a Health Reimbursement Arrangement, and Medicare Part B premium reimbursements, to qualifying benefit recipients. The portion of employer contributions allocated to health care for OPERS members in the traditional pension plan and combined plan was 0 percent during calendar year 2020. The portion of employer contributions allocated to health care for OPERS members in the member-directed plan was 4.0 percent during calendar year 2020.

**Washington Township**  
*Defiance County*  
*Notes to the Financial Statements*  
*For the Year Ended December 31, 2020*

---

**Note 10 – Contingent Liabilities**

Amounts grantor agencies pay to the township are subject to audit and adjustment by the grantor. The grantor may require refunding any disallowed costs. Management cannot presently determine amounts grantors may disallow. However, based on prior experience, management believes any refunds would be immaterial.

**Note 11 – Fund Balances**

Included in fund balance are amounts the Township cannot spend, including the balance of unclaimed monies, which cannot be spent for five years and the unexpendable corpus of the permanent funds. Encumbrances are commitments related to unperformed contracts for goods or services. Encumbrance accounting is utilized to the extent necessary to assure effective budgetary control and accountability and to facilities effective cash planning and control. At year end the Township had no outstanding encumbrances.

The fund balance of special revenue funds is either restricted or committed. These restricted, committed, and assigned amounts in the special revenue funds would include the outstanding encumbrances. In the general fund, outstanding encumbrances are considered assigned.

**Note 12 – Change in Accounting Principle**

For 2020, the Township has made changes to their cash basis reporting model. These changes include removing the fund balance classifications from the combined statement of receipts, disbursements, and changes in fund balances (regulatory cash basis) – all governmental fund types.

**Note 13 – Subsequent Events**

The Township is exploring the feasibility of construction of a new fire station in the near future (1-3 years). This would require passage of a new levy, along with all the planning and building design. As this is only in the beginning stages, no contract or obligations have been made as of December 31, 2020

**Note 14 – COVID-19**

The United States and the State of Ohio declared a state of emergency in March of 2020 due to the COVID-19 pandemic. The financial impact of COVID-19 and the continuing emergency measures will impact subsequent periods of the Township. The Township's investment portfolio fluctuates with market conditions, and due to market volatility, the amount of gains or losses that will be realized in subsequent periods, if any, cannot be determined. In addition, the impact on the Township's future operating costs, revenues, and additional recovery from emergency funding, either federal or state, cannot be estimated.

**INDEPENDENT AUDITOR’S REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS  
REQUIRED BY GOVERNMENT AUDITING STANDARDS**

Washington Township  
Defiance County  
PO Box 188  
Ney, Ohio 43549

To the Board of Trustees:

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the cash balances, receipts, and disbursements for each governmental fund type as of and for the years ended December 31, 2021 and 2020 and the related notes to the financial statements of Washington Township, Defiance County, (the Township) and have issued our report thereon dated July 26, 2022, wherein we noted the Township followed financial reporting provisions Ohio Rev. Code § 117.38 and Ohio Admin. Code 117-2-03(C) permit. We also noted that the Township adopted a change in accounting principle and removed the fund balance classification from the Combined Statement of Receipts, Disbursements and Changes in Fund Balances (Regulatory Cash Basis) – All Governmental Fund Types.

***Report on Internal Control Over Financial Reporting***

In planning and performing our audit of the financial statements, we considered the Township’s internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purposes of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Township’s internal control. Accordingly, we do not express an opinion on the effectiveness of the Township’s internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Township’s financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We identified a certain deficiency in internal control, described in the accompanying schedule of audit findings as item, 2021-001 that we consider to be a significant deficiency.

***Report on Compliance and Other Matters***

As part of obtaining reasonable assurance about whether the Township's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which is described in the accompanying schedule of audit findings as item 2021-001.

***Township's Response to Findings***

Government Auditing Standards requires the auditor to perform limited procedures on the Township's response to the finding identified in our audit and described in the accompanying schedule of audit findings. The Township's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

***Purpose of This Report***

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Township's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Township's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

July 26, 2022

WASHINGTON TOWNSHIP  
DEFIANCE COUNTY

SCHEDULE OF AUDIT FINDINGS  
FOR THE YEARS ENDED DECEMBER 31, 2021 AND 2020

FINDINGS RELATED TO THE FINANCIAL STATEMENTS  
REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS

FINDING NUMBER 2021-001

**Significant Deficiency/ Noncompliance**

**Budgetary Controls**

The budget is an instrument of public policy: A governing board expresses its desires for using a government's limited resources through its appropriations. Ohio Revised Code Section 5705 deals with a variety of budgetary requirements that all subdivisions must comply with in order to ensure fiscal responsibility.

- Violations of 5705.39 indicating appropriations cannot exceed estimated resources;
- Violations of 5705.41(D) relating to expenditures having prior certification of availability of funds: and
- Violations of 5705.36 indicating actual receipts fell below budgeted receipts which caused a reduction in the resources available for appropriations below the allowable amount for the year.

Although the Board approves budgets for revenue and expenses and receives monthly reports of budget and actual information, it does not ensure budgetary forms are properly completed, submitted to the County Budget Commission timely.

The Board should review the requirements of ORC section 5705 to be familiar with these laws and to make sure the Township is complying with applicable sections. If the Board does not consider these necessary steps should be taken to make sure amounts are encumbered (purchase orders are used and assigned to each purchase prior to ordering), certifications of available funds are done by the Township Fiscal Officer prior to purchasing and unencumbered balances are tracked for each line item.

The Township did not have a control procedure in place to ensure that appropriations and estimated receipts, as authorized by the Township Board and approved by the County Budget Commission, were reconciled to the appropriations and estimated receipts posted to the accounting system.

This resulted in varying amounts posted to the accounting system and information available to the Township Officials to monitor year-to-date total comparison of budgeted amounts versus actual amounts was not accurate.

We recommend the Township implement procedures to ensure estimated receipts and appropriations are accurately posted to the accounting system and reconciled to the amounts approved by the budget commission after each amendment.

**Management's Response** – Budgeted receipts are an estimate. We did not see a need to amend after the year.
