CUYAHOGA COUNTY**

**NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
2 CFR 200.510(b)(6)
FOR THE YEAR ENDED JUNE 30, 2022**

NOTE A – BASIS OF PRESENTATION

The accompanying Schedule of Expenditures of Federal Awards (the Schedule) includes the federal award activity of the Cleveland Heights-University Heights City School District (the District) under programs of the federal government for the year ended June 30, 2022. The information on this Schedule is prepared in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the District, it is not intended to and does not present the financial position, changes in net position, or cash flows of the District.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the cash basis of accounting. Such expenditures are recognized following the cost principles contained in Uniform Guidance wherein certain types of expenditures may or may not be allowable or may be limited as to reimbursement.

NOTE C – INDIRECT COST RATE

The District has elected not to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

The District had a restricted Indirect Cost Rate of 2.03% in fiscal year 2021, approved by the Ohio Department of Education, which was applied to selected federal grants between July 1 and September 30, 2021. The District had a restricted Indirect Cost Rate of 2.51%, approved by the Ohio Department of Education, which was not applied during fiscal year 2022.

NOTE D - CHILD NUTRITION CLUSTER

The District commingles cash receipts from the U.S. Department of Agriculture with similar State grants. When reporting expenditures on this Schedule, the District assumes it expends federal monies first.

The District received \$3,788,531 in Federal funding for the Child Nutrition Cluster and Child and Adult Food Care Programs during fiscal year 2022. However, total program related expenses for the year amounted to \$2,399,262. The remaining \$1,389,269 in Federal funding will be carried forward to offset expenses for these programs in subsequent fiscal years.

NOTE E – FOOD DONATION PROGRAM

The District reports commodities consumed on the Schedule at the fair value. The District allocated donated food commodities to the program that benefitted from the use of those donated food commodities.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
REQUIRED BY GOVERNMENT AUDITING STANDARDS**

Cleveland Heights-University Heights City School District
Cuyahoga County
2155 Miramar Boulevard
University Heights, Ohio 44118

To the Board of Education:

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*), the financial statements of the governmental activities, the business-type activities, the major fund, and the aggregate remaining fund information of the Cleveland Heights-University Heights City School District, Cuyahoga County, (the District) as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements and have issued our report thereon dated December 23, 2022, wherein we noted the financial impact of COVID-19 and the continuing emergency measures which may impact subsequent periods of the District.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE AND ON THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS REQUIRED BY THE UNIFORM GUIDANCE

Cleveland Heights-University Heights City School District
Cuyahoga County
2155 Miramar Boulevard
University Heights, Ohio 44118

To the Board of Education:

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited the Cleveland Heights-University Heights City School District's, Cuyahoga County, (the District) compliance with the types of compliance requirements identified as subject to audit in the U.S. Office of Management and Budget (OMB) *Compliance Supplement* that could have a direct and material effect on each of the District's major federal programs for the year ended June 30, 2022. The District's major federal programs are identified in the *Summary of Auditor's Results* section of the accompanying schedule of findings

In our opinion, the District complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the *Auditor's Responsibilities for the Audit of Compliance* section of our report.

We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the District's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

The District's Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the District's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the District's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the *Auditor's Responsibilities for the Audit of Compliance* section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of this testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the governmental activities, the business-type activities, the major fund and the aggregate remaining fund information of the Cleveland Heights-University Heights City School District, Cuyahoga County, (the District) as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements. We issued our unmodified report thereon dated December 23, 2022, wherein we noted the financial impact of COVID-19 and the continuing emergency measures which may impact subsequent periods of the District. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. The schedule is the responsibility of management and was derived from and relates directly to the underlying accounting and other records management used to prepare the basic financial statements. We subjected this schedule to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling this schedule directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

INTRODUCTORY SECTION

Gabe Manela
Gr 11 Cleveland Heights High

A. Scott Gainer
Chief Financial Officer

December 23, 2022

Members of the Board of Education and Residents of the
Cleveland Heights-University Heights City School District

Dear Board Members and Residents:

Ohio law (Ohio Administrative Code Section 117-2-03(B)) requires that all school districts file annual unaudited financial reports prepared on a GAAP (Generally Accepted Accounting Principles) basis with the Auditor of State within 150 days of the close of each fiscal year unless an extension is received. This report is published to fulfill that requirement for the fiscal year ended June 30, 2022.

Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that the District has established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

The Auditor of State of Ohio, Keith Faber, has issued an unmodified (“clean”) opinion on the Cleveland Heights-University Heights City School District’s financial statements for the year ended June 30, 2022. The Independent Auditor’s Report is located at the front of the financial section of this report.

Management’s discussion and analysis (MD&A) immediately follows the Independent Auditor’s Report and provides a narrative introduction, overview and analysis of the basic financial statements. MD&A complements this letter of transmittal and should be read in conjunction with it.

Profile of the School District

The Cleveland Heights-University Heights City School District is one of 613 school districts in the State of Ohio and one of 31 school districts in Cuyahoga County. The District provides education to 4,841 students in grades kindergarten through twelve. Additionally, the District provides preschool and adult education services. The District covers approximately 9.6 square miles, serving the cities of Cleveland Heights, University Heights and a small portion of South Euclid, and is located approximately ten miles southeast of downtown Cleveland.

Highlights of the history of the Cleveland Heights-University Heights City School District are as follows:

- 1901 East Cleveland Township School Board formed (included the hamlet of Cleveland Heights)
- 1902 Passed issue to build Lee Road School
- 1903 Cleveland Heights became a village
- 1904 District renamed Cleveland Heights School District
- 1905 Expansion of Lee Road School
- 1906 Roxboro Elementary School built
- 1907 First graduation at Heights High
- 1916 Fairfax Elementary School built
- 1916 New high school built on Lee Road site
- 1919 Coventry Elementary School built
- 1922 Noble Elementary School built
- 1923 Taylor Elementary School built
- 1924 Boulevard Elementary School built
- 1925 Oxford Elementary School built
- 1926 New high school at Cedar and Lee Roads built
- 1926 Roosevelt Junior High School built
- 1926 Roxboro Junior High School built
- 1927 Canterbury Elementary School built
- 1929 Superior Opportunity School built
- 1930 Monticello Junior High School built
- 1942 District became Cleveland Heights-University Heights City School District
- 1948 Northwood Elementary School built
- 1949 Belvoir Elementary School built
- 1953 Millikin Elementary School built

- 1964 Board Administration Building opened
- 1972 Bond issue to construct new Coventry, Boulevard, Fairfax, and Taylor school buildings
- 1987 Northwood Elementary School sold
- 1993 Belvoir School renamed Lauree P. Gearity Elementary School
- 2008 Coventry Elementary School closed
- 2013 Wiley Middle School closed
- 2017 High School reopened after renovation

Local Economy

The District serves approximately 45,000 residents of the City of Cleveland Heights and approximately 14,000 residents of the City of University Heights, both inner-ring suburbs of the City of Cleveland. Both communities are primarily residential in nature, with a diverse base of residents. The proximity and easy access of the cities to major cultural, educational, and medical facilities in northeast Ohio typically contributes to climbing property values, a key indicator of a community's economic health and stability where the primary "industry" is housing, although both communities have experienced a significant number of home foreclosures.

State funding of schools continues to change with each biennial budget. In the current biennial budget, the state implemented a new school funding model to be phased in over 6 years. The District successfully passed a 6.9 mill operating levy in November, 2011 and a 5.5 mill operating levy in November, 2016, and a 4.8 mill operating levy in November, 2020.

Economic Condition and Outlook

The cities of Cleveland Heights and University Heights are primarily residential. It is expected that tax collections will remain relatively constant for the foreseeable future. Student enrollment for the 2013 school year was 4,923. Enrollment for the 2022 school year was 4,767. Student enrollment is expected to be relatively constant over the next five years. As noted previously, the state implemented a new school funding model to be phased in over 6 years that will result in additional funding to the district assuming it is maintained in the subsequent two biennial state budgets. Additionally, vouchers that were previously deducted from school district funding are now paid directly by the state to private schools.

Long-Term Financial Planning

Financial Highlights - Internal Service Fund - The only internal service fund carried on the financial records of the District is related to the self-insurance fund. This fund accounts for the revenues and expenses related to the provision of medical programs. The internal service funds had a net position of \$6,048,774 at June 30, 2022 compared with a net position of \$6,101,431 at June 30, 2021. The District is meeting its claim liability.

The District has 23 governmental funds with an approved budget.

The most recent District five-year forecast indicates a positive cash balance through June 30, 2026. The District is continuing to pursue various cost-containment and cost-savings strategies. The District entered into the Expedited Local Partnership Program with the Ohio School Facilities Commission to have a complete evaluation of facilities done in an effort to streamline operations and enhance delivery of instruction and successfully passed a bond issue in November of 2013.

As indicated previously, the District also successfully passed a 6.9 mill operating levy in November 2011 a 5.5 mill operating levy in November 2016, and a 4.8 mill operating levy in November 2020.

Relevant Financial Policies

Statutorily, the District operates under standards prescribed by the Ohio State Board of Education as provided in division (D) of Section 3301.07 and Section 119.01 of the Ohio Revised Code, to provide educational services prescribed by State and/or Federal agencies. The Board of Education is made up of five members elected at large, for overlapping four-year terms. The Board of Education elects its President and Vice President annually and appoints two officials: the Superintendent, who serves as the Chief Executive Officer, and the Treasurer, who serves as Chief Financial Officer. A complete organizational chart is included in this Introductory Section.

In evaluating how to define the District for financial reporting purposes, management has considered all agencies, departments, and organizations making up the District (the primary government) and its potential component units. Excluded from the reporting entity, because they are fiscally independent of the District, are the City of Cleveland Heights, the City of University Heights, the Parent-teacher Organization, and the parochial and private schools operating within the boundaries of the District.

The District is associated with two organizations, the Ohio Schools' Council and the Cleveland Heights-University Heights Public Library. The Ohio Schools' Council is a jointly governed organization whose relationship to the District is described in Note 16 to the accompanying financial statements. The Cleveland Heights-University Heights Public Library is a related organization and is described in Note 20 to the accompanying financial statements.

A complete discussion of the District's reporting entity is provided in Note 1 of the accompanying financial statements.

The District's accounting system is organized on a "fund" basis. Each fund is a distinct self-balancing accounting entity. Reports from governmental operations are presented on the modified accrual basis whereby revenues are recognized when measurable and available, and expenditures are recognized when goods and services are received. Reports of the District's proprietary operations are presented on the accrual basis whereby revenues are recognized when earned and expenses when incurred.

In developing the District's accounting system, much consideration was given to the adequacy of internal accounting controls. Internal accounting controls are designed to provide reasonable, but not absolute, assurance regarding the safeguarding of assets against loss from unauthorized use or disposition and the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance is based on the assumption that the cost of internal accounting controls should not exceed the benefits expected to be derived from their implementation.

The District utilizes a fully automated accounting system as well as an automated system of control for capital assets and payroll. These systems, coupled with the manual auditing of each voucher prior to payment, ensures that the financial information generated is both accurate and reliable.

At the beginning of each fiscal year, the Board of Education adopts a temporary appropriation measure for that fiscal year. By statute, permanent appropriations must be adopted upon receipt from the County Fiscal Officer of an amended certificate of estimated resources based on final assessed values and tax rates. The District adopts the permanent appropriation measure in September.

Annual appropriations may not exceed the County Budget Commission's official estimate of resources. The County Fiscal Officer must certify that the Board of Education's appropriation measures, including any supplements or amendments, do not exceed the amount set forth in the latest of those official estimates. All disbursements and transfers of cash between funds require appropriation authority from the Board. Budgets are controlled at the fund level. All purchase order requests must be approved by the site administrator or central office administrator and be certified by the Treasurer; necessary funds are then encumbered and purchase orders released to the vendors. Those requests, which exceed the available appropriations, are rejected until additional appropriations are secured.

The accounting system used by the District provides interim financial reports which detail year-to-date expenditures and encumbrances versus the original appropriation plus any additional appropriations made to date. On-line inquiry of account balances is available to all budget managers. As an additional safeguard, all employees are covered by a blanket bond and certain individuals in policy making roles are covered by a separate higher limit bond.

The District has a comprehensive cash management program, which consists of expediting receipt of revenues and prudently depositing and investing available cash balances. The available cash of the District's individual funds is combined into a single cash pool and invested according to cash flow projections. The District invests in Money Markets, Negotiable Certificates of Deposit, Government Securities, and STAR Ohio, an investment pool operated by the Treasurer of the State of Ohio. Interest earned on investments is distributed in accordance with Board of Education authorization.

The basis of accounting and the various funds utilized by the District are fully described in Note 1 to the financial statements. Additional information on the District's budgetary accounting can also be found in Notes 1 and 3.

Major Initiatives

The District continues progress on the master facilities plan. The high school was reopened for the 2017-2018 school year. The two middle schools were renovated and reopened for the 2019-2020 school year. The District also recently began a five-year strategic plan refresh, with five goals in the areas of 1) student outcomes, 2) educational approach, 3) parent & community engagement/partnerships/communication, 4) valued professionals & culture of excellence, and 5) operational resources – finances/technology/facilities.

The Board and administration continue to be committed to ongoing fiscal responsibility and accountability, continuing to pursue various cost-containment and cost-savings strategies.

Awards and Acknowledgements

Awards

The District was awarded the Government Finance Officers Association in the United States and Canada (GFOA) Certificate of Achievement for Excellence in Financial Reporting for its annual financial report for the fiscal year ended June 30, 2021.

In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

The District has determined that it will apply for the Certificate of Achievement for Excellence in Financial Reporting for its annual financial report for the fiscal year June 30, 2022.

A Certificate of Achievement is valid for a period of one year only. We believe our current annual comprehensive financial report continues to meet the Certificate of Achievement Program's requirements, and we are submitting it to the GFOA to determine its eligibility for another certificate.

The Association of School Business Officials International also awarded a Certificate of Excellence in Financial Reporting to the District for its Annual Financial Report for the year ended June 30, 2021. The Association's Panel of Review judged that the District's report substantially conforms to principles and standards of ASBO's Certificate of Excellence Program. This certificate is awarded upon recommendation of the Association's Panel of Review and is valid for a period of one year only.

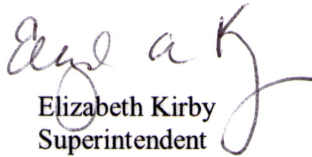

Acknowledgements

The publication of the Annual Comprehensive Financial Report enhances the District's accountability to the citizens of the District. The preparation of this report would not have been possible without the assistance and support of the staff of the Treasurer's Office and numerous other District staff members. Our appreciation is also expressed to the firm of Ciuni & Panichi, Inc. for their assistance in preparing this financial report.

Respectfully submitted,

INDEPENDENT AUDITOR'S REPORT

Cleveland Heights-University Heights City School District
Cuyahoga County
2155 Miramar Boulevard
University Heights, Ohio 44118

To the Board of Education:

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, the business-type activities, the major fund, and the aggregate remaining fund information of the Cleveland Heights-University Heights City School District, Cuyahoga County, Ohio (the District), as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the major fund, and the aggregate remaining fund information of the Cleveland Heights-University Heights City School District, Cuyahoga County, Ohio as of June 30, 2022, and the respective changes in financial position and, where applicable, cash flows thereof and the budgetary comparison for the General Fund for the year then ended in accordance with the accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matter

As discussed in Note 23 to the financial statements, the financial impact of COVID-19 and the continuing emergency measures may impact subsequent periods of the District. We did not modify our opinion regarding this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the *management's discussion and analysis*, and schedules of net pension and other post-employment benefit liabilities and pension and other post-employment benefit contributions be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The combining and individual nonmajor fund financial statements and schedules, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual financial report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we will also issue our report dated December 23, 2022, on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Cleveland Heights-University Heights City School District

Management's Discussion & Analysis (Unaudited)

For the Fiscal Year Ended June 30, 2022

Our discussion and analysis of the Cleveland Heights-University Heights City School District's (the "District") financial performance provides an overview of the District's financial activities for the fiscal year ended June 30, 2022. The intent of this discussion and analysis is to look at the District's financial performance as a whole. Readers should also review the transmittal letter, notes to the basic financial statements and the basic financial statements to enhance their understanding of the District's financial performance.

Financial Highlights

Key financial highlights for 2022 are as follows:

- The District implemented Governmental Accounting Standards Board (GASB) Statement No. 87 *Leases*. GASB Statement 87 establishes new requirements for lease accounting. See Note 2 for additional information.
- In total, net position increased \$32,381,783. Net position of governmental activities increased \$30,220,238 from 2021. Net position of business-type activities increased \$2,161,545 from 2021.
- For governmental activities, general revenues accounted for \$132,425,912, or 93% of all revenues. Program specific revenues in the form of charges for services and grants accounted for \$9,963,080 of total revenues of \$142,388,992.
- The District had \$112,167,563 in expenses related to governmental activities; only \$9,963,080 of these expenses was offset by program specific charges for services and grants. General revenues supporting governmental activities (primarily taxes and unrestricted grants and entitlements) of \$132,425,912 were able to provide for these programs resulting in an increase of net position from \$(61,175,915) to \$(30,955,677).
- The District had \$1,732,935 in expenses related to business-type activities; a total of \$3,893,289 was offset by program specific charges for services and grants, which were able to provide for these programs, resulting in an increase of net position from \$929,631 to \$3,091,176.
- The District's major governmental funds is the General Fund. The General Fund had \$111,852,277 in revenues and other financing sources and \$94,085,237 in expenditures and other financing uses. The General Fund balance increased \$17,767,040, from \$14,319,510 to \$32,086,550.

Cleveland Heights-University Heights City School District

Management's Discussion & Analysis (Unaudited) (continued)

For the Fiscal Year Ended June 30, 2022

Using this Annual Financial Report

This annual report consists of a series of financial statements and notes to those statements. The statements are organized so the reader can understand the District as a whole, and then proceed to provide an increasingly detailed look at specific financial activities.

The Statement of Net Position and Statement of Activities provide information about the activities of the whole District, presenting both an aggregate view of the District's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the District's most significant funds with all other nonmajor funds presented in total in one column. In the case of the District, the General Fund is by far the most significant fund and is reported as a major fund.

Reporting the School District as a Whole

The Statement of Net Position and Statement of Activities

One of the most important questions asked about the District's finances is, "Is the District better off or worse off as a result of the year's activities?" The Statement of Net Position and the Statement of Activities report information about the District as a whole and about its activities in a manner that helps to answer this question. These statements include all assets and deferred outflows of resources and liabilities and deferred inflows of resources using the accrual basis of accounting similar to the accounting used by private sector corporations. All of the current year's revenues and expenses are taken into consideration regardless of when cash is received or paid.

These two statements report the District's net position and changes in it. This change in net position is important because it tells the reader that, for the District as a whole, the financial position of the District has improved or diminished. The causes of this change may be the result of many factors, some financial, some not. Non-financial factors include the District's property tax base, current property tax laws in Ohio restricting revenue growth, facility conditions, required educational programs, and other factors. In the Statement of Net Position and the Statement of Activities, the District reports governmental activities. Governmental activities are the activities where most of the District's programs and services are reported including, but not limited to, instruction, support services, operation and maintenance of plant, pupil transportation, and extracurricular activities.

Reporting the School District's Most Significant Funds

Fund Financial Statements

The analysis of the District's major governmental funds begins on page 13. The governmental fund financial statements begin on page 24 and provide detailed information about the major governmental funds and nonmajor governmental funds – not the District as a whole. Some funds are required to be established by State statute, while many other funds are established by the District to help manage money for particular purposes and compliance with various grant provisions. The District's three types of funds, governmental, proprietary and fiduciary, use different accounting approaches as further described in the notes to the financial statements. The District's major governmental fund is the General Fund.

Cleveland Heights-University Heights City School District

Management's Discussion & Analysis (Unaudited) (continued)

For the Fiscal Year Ended June 30, 2022

Governmental Funds

Most of the District's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in future periods. These funds are reported using an accounting method called modified accrual accounting, which measures cash and other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the District's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or less financial resources available to spend in the near future to finance the District's programs. The relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is reconciled in the basic financial statements.

Proprietary Funds

Proprietary funds use the accrual basis of accounting, the same as on the government-wide statements; therefore, the statements will essentially match the business-type activities portion of the government-wide statements.

Fiduciary Funds

The District's fiduciary activities are reported in separate Statement of Fiduciary Net Position and Statement of Changes in Fiduciary Net Position. The District's fiduciary activities account for collections and disbursements for the Ohio High School Athletic Association, which is reported in a custodial fund. These activities are excluded from the District's other financial statements because the assets cannot be utilized by the District to finance its operations. Statements are not presented, as the fund had no activity in the current fiscal year.

Cleveland Heights-University Heights City School District

Management's Discussion & Analysis (Unaudited) (continued)

For the Fiscal Year Ended June 30, 2022

The School District as a Whole

Recall that the Statement of Net Position provides the perspective of the District as a whole. The table below provides a summary of the District's net position for 2022 and 2021, as previously reported.

	Net Position

The District follows Governmental Accounting Standards Board (GASB) Statement 68, *Accounting and Financial Reporting for Pensions – an Amendment of GASB Statement 27* and GASB Statement 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, which significantly revises accounting for costs and liabilities related to pensions and other postemployment benefits (OPEB). For reasons discussed below, many end users of this financial statement will gain a clearer understanding of the District's actual financial condition by adding deferred inflows related to pension and OPEB, the net pension liability and the net OPEB liability to the reported net position and subtracting deferred outflows related to pension and OPEB and net OPEB asset.

Cleveland Heights-University Heights City School District

Management's Discussion & Analysis (Unaudited) (continued)

For the Fiscal Year Ended June 30, 2022

Governmental Accounting Standards Board standards are national and apply to all government financial reports prepared in accordance with generally accepted accounting principles. Prior accounting for pensions (GASB 27) and postemployment benefits (GASB 45) focused on a funding approach. This approach limited pension and OPEB costs to contributions annually required by law, which may or may not be sufficient to fully fund each plan's *net pension liability* or *net OPEB liability*. GASB 68 and GASB 75 take an earnings approach to pension and OPEB accounting; however, the nature of Ohio's statewide pension/OPEB plans and State law governing those systems requires additional explanation in order to properly understand the information presented in these statements.

GASB 68 and GASB 75 require the net pension liability and the net OPEB liability to equal the District's proportionate share of each plan's collective:

1. Present value of estimated future pension/OPEB benefits attributable to active and inactive employees' past service
2. Minus plan assets available to pay these benefits

GASB notes that pension and OPEB obligations, whether funded or unfunded, are part of the "employment exchange" – that is, the employee is trading his or her labor in exchange for wages, benefits, and the promise of a future pension and other postemployment benefits. GASB noted that the unfunded portion of this promise is a present obligation of the government, part of a bargained-for benefit to the employee, and should accordingly be reported by the government as a liability since they received the benefit of the exchange. However, the District is not responsible for certain key factors affecting the balance of these liabilities. In Ohio, the employee shares the obligation of funding pension benefits with the employer. Both employer and employee contribution rates are capped by State statute. A change in these caps requires action of both Houses of the General Assembly and approval of the Governor. Benefit provisions are also determined by State statute. The Ohio Revised Code permits, but does not require the retirement systems to provide healthcare to eligible benefit recipients. The retirement systems may allocate a portion of the employer contributions to provide for these OPEB benefits.

The employee enters the employment exchange with the knowledge that the employer's promise is limited not by contract but by law. The employer enters the exchange also knowing that there is a specific, legal limit to its contribution to the retirement system. In Ohio, there is no legal means to enforce the unfunded liability of the pension/OPEB plan *as against the public employer*. State law operates to mitigate/lessen the moral obligation of the public employer to the employee, because all parties enter the employment exchange with notice as to the law. The retirement system is responsible for the administration of the pension and OPEB plans.

Most long-term liabilities have set repayment schedules or, in the case of compensated absences (i.e., sick and vacation leave), are satisfied through paid time-off or termination payments. There is no repayment schedule for the net pension liability or the net OPEB liability. As explained above, changes in benefits, contribution rates, and return on investments affect the balance of these liabilities, but are outside the control of the local government. In the event that contributions, investment returns, and other changes are insufficient to keep up with required payments, State statute does not assign/identify the responsible party for the unfunded portion. Due to the unique nature of how the net pension liability and the net OPEB liability are satisfied, these liabilities are separately identified within the long-term liability section of the statement of net position.

Cleveland Heights-University Heights City School District

Management's Discussion & Analysis (Unaudited) (continued)

For the Fiscal Year Ended June 30, 2022

Over time, net position can serve as a useful indicator of a government's financial position. At June 30, 2022, the District's liabilities and deferred inflows of resources exceeded the assets and deferred outflows of resources by \$27,864,501. During fiscal year 2022, the District's net position increased \$32,381,783. The main reason for the deficit net position is a result of the District recording the activity related to GASB 68 and GASB 75. As of June 30, 2022, there is no expectation that the District will be required to increase pension or OPEB funding to cover the net pension or OPEB liabilities.

Total assets increased primarily due to an increase in cash and cash equivalents as revenues outpaced expenditures. Total deferred outflows increased primarily due to an increase in loss on refunding as a result of the refunding of School Improvement Bonds, Series 2014 in the current year. Total liabilities decreased due to a decrease in STRS net pension liability. Total deferred inflows increased primarily due to an increase in deferred inflows related to STRS pension.

Fluctuations in net pension/OPEB liability/asset for the District are due to changes in the retirement systems unfunded liabilities that are passed through to the District's financial statements. All components of pension and OPEB accruals contribute to the fluctuations in deferred outflows/inflows and net pension/OPEB liability/asset and are described in more detail in their respective notes.

Net investment in capital assets for governmental activities reported on the government-wide statements was \$22,072,438 for fiscal year 2022. Capital assets include land, construction in progress, buildings and improvements, furniture, fixtures and equipment and vehicles, and are used to provide services to students and are not available for future spending. Although the District's investment in capital assets is reported net of related debt, it should be noted that the resources to repay the debt must be provided from other sources, since capital assets may not be used to liquidate these liabilities.

A portion of the District's governmental activities net position, \$10,486,696, represents resources that are subject to external restrictions on how the funds may be used. Of the total restricted governmental activities net position, \$10,048,724 is restricted for capital projects, and \$437,972 is restricted for other purposes. The remaining balance of governmental activities net position \$(63,514,811) is an unrestricted amount available to meet the District's ongoing obligations to students and staff. The negative net position is the result of the net pension/OPEB liabilities.

Cleveland Heights-University Heights City School District

Management's Discussion & Analysis (Unaudited) (continued)

For the Fiscal Year Ended June 30, 2022

Effects of GASB 68 and GASB 75

In accordance with GASB 68 and GASB 75, the District's statements prepared on an accrual basis of accounting include an annual pension expense and an annual OPEB expense for their proportionate share of each plan's *change* in net pension liability and net OPEB liability/asset, respectively, not accounted for as deferred inflows/outflows.

Under GASB 68, pension expense represents additional amounts earned based on a proportionate share of the net pension liability adjusted by a corresponding proportionate share of deferred outflows and inflows. Under GASB 68, the pension expense for 2022 is \$(4,385,644), while in 2021 pension expense was \$11,522,335. The District was required to contribute \$8,864,863 and \$8,568,050 during 2022 and 2021, respectively.

Under GASB 75, OPEB expense represents additional amounts earned based on a proportionate share of the net OPEB liability adjusted by a corresponding proportionate share of deferred outflows and inflows. Under GASB 75, the OPEB expense for 2022 is \$(1,146,721), while in 2021 OPEB expense was \$(1,048,739). The District was required to contribute \$199,917 and \$168,011 during 2022 and 2021, respectively.

Governmental Activities

The unique nature of property taxes in Ohio creates the need to routinely seek voter approval for operating funds. The overall revenue generated by the levy will not increase solely as a result of inflation. As an example, a homeowner with a home valued at \$100,000 and taxed at 1.0 mill would pay \$35.00 annually in taxes. If three years later the home was reappraised and its value was increased to \$200,000 (and this inflationary increase in value is comparable to other property owners), the effective tax rate would become 0.5 mills and the owner would still pay \$35.00. Thus, school districts dependent upon property taxes are hampered by a lack of revenue growth and must regularly return to voters to maintain a constant level of service. Property taxes made up 69% of total governmental activities revenues for the District in fiscal year 2022.

Charges for services increases were offset by decreases in operating grants and contributions due to changes in State funding. Instruction and support services comprise 93% of governmental program expenses. The operation of non-instructional services and interest expense make up the remaining 7% of governmental program expenses. Interest expense was attributable to the outstanding bonds and other borrowings for capital projects. Overall, governmental program expenses decreased approximately \$28 million, which was mainly due to a decrease in total pension expense of \$16 million.

The Statement of Activities shows the cost of program services and the charges for services and grants offsetting those services. The following table shows, for governmental activities, the total cost of services and the net cost of services for 2022 and 2021. That is, it identifies the cost of these services supported by tax revenue and unrestricted State grants and entitlements.

Cleveland Heights-University Heights City School District

Management's Discussion & Analysis (Unaudited) (continued)

For the Fiscal Year Ended June 30, 2022

Governmental Activities

	Total Cost of <u>Services 2022</u>	Net Cost of <u>Services 2022</u>	Total Cost of <u>Services 2021</u>	Net Cost of <u>Services 2021</u>
Program expenses:				
Instruction	\$ 58,038,713	\$ 49,241,408	\$ 80,832,261	\$ 73,534,761
Support services	46,358,382	46,025,995	47,569,416	45,984,736
Food service operations	5,988	5,988	5,339	5,339
Community services	1,776,631	1,033,575	4,116,137	1,353,412
Extracurricular activities	1,303,899	1,213,567	1,373,018	1,328,833
Interest and fiscal charges	<u>4,683,950</u>	<u>4,683,950</u>	<u>6,747,558</u>	<u>6,747,558</u>
Total program expenses	\$ <u>112,167,563</u>	\$ <u>102,204,483</u>	\$ <u>140,643,729</u>	\$ <u>128,954,639</u>

The dependence upon tax revenues during fiscal year 2022 for governmental activities is apparent.

Business-Type Activities

Business-type activities include food service operation, uniform school supplies, and customer services. These programs had revenues and other sources of \$3,894,480 and expenses of \$1,732,935 for fiscal year 2022. This resulted in an increase to net position for the fiscal year of \$2,161,545. This increase was primarily driven by an increase in intergovernmental grants as the District received more funding from the State.

The School District's Funds

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of the District's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the District's financing requirements. In particular, unassigned fund balance may serve as useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current year, the District's governmental funds reported combined ending fund balances of \$40,591,688, an increase of \$16,135,322 in comparison with the prior year. Of this total amount, \$26,375,728, constitutes unassigned fund balance, which is available for spending at the government's discretion. The remainder of the fund balance is not available for new spending because it is restricted by external parties, \$9,666,914; has already been assigned or committed, \$4,148,277; or is in a nonspendable form, \$400,769.

Cleveland Heights-University Heights City School District

Management’s Discussion & Analysis (Unaudited) (continued)

For the Fiscal Year Ended June 30, 2022

The General Fund is the chief operating fund of the District. The District’s General Fund balance increased by \$17,767,040 in fiscal year 2022 primarily due to a decrease in expenditures. As part of the amended substitute house bill 110 the State made changes in how foundation funding was being distributed. One of the biggest changes was to move funding to where students were being educated instead of where they resided. As a result, this caused significant changes in fiscal year 2022 revenues and expenditures. As the District would no longer be responsible for the purchased services associated with the deduction and transfer of funds for students at other educating entities.

<u>Revenues</u>	2022 <u>Amount</u>	2021 <u>Amount</u>	Percentage <u>Change</u>
Taxes	\$ 86,858,055	\$ 80,001,448	9%
(Loss) earnings on investments	(99,539)	60,434	(295)%
Intergovernmental	20,341,709	31,799,972	(36)%
Other revenue and financing sources	<u>4,752,052</u>	<u>6,039,140</u>	(21)%
Total	\$ <u>111,852,277</u>	\$ <u>117,900,994</u>	

Intergovernmental decreased due to changes in foundation funding as noted above. Earnings on investments decreased due to changes in market values due to rising interest rates.

The table that follows assists in illustrating the expenses of the General Fund.

<u>Expenditures by Function</u>	2022 <u>Amount</u>	2021 <u>Amount</u>	Percentage <u>Change</u>
Instruction	\$ 57,223,173	\$ 76,411,195	(25)%
Support services	35,548,822	37,083,183	(4)%
Other non-instructional services	18,226	19,236	(5)%
Extracurricular activities	1,022,171	981,055	4%
Debt service	32,362	97,963	(67)%
Transfers - out	<u>240,483</u>	<u>250,500</u>	(4)%
Total	\$ <u>94,085,237</u>	\$ <u>114,843,132</u>	

Overall, expenses in the General Fund are down 18% from 2021. The main factors resulting in this fluctuation is a decrease in instruction during 2022 as purchased services decreased due to changes in foundation funding.

The fund balance of the other governmental funds decreased from \$10,136,856 to \$8,505,138 during the year ended June 30, 2022. The largest expense is for operations and maintenance of plant as the District had several projects during the year. These projects include multiple roof and masonry repairs, HVAC controls upgrades, baseball field renovations and the bus depot project.

Cleveland Heights-University Heights City School District

Management's Discussion & Analysis (Unaudited) (continued)

For the Fiscal Year Ended June 30, 2022

Proprietary Funds

The District's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail. Other factors concerning the finances of these funds have already been addressed in the discussion of the District's business-type activities.

General Fund Budget Information

The District's budget is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The most significant budgeted fund is the General Fund. During the course of fiscal year 2022, the District amended its budget to reflect the fluctuations of actual revenues received/collected. The District uses a modified site-based budgeting technique, which is designed to tightly control site budgets but provide flexibility for site management.

The District's General Fund budget was prepared and approved at the fund level for fiscal year 2022. For the General Fund, original and final budgeted revenues and other financing sources were \$117,265,000. Actual revenues and other financing sources for fiscal year 2022 were \$111,572,982. Actual differed from the final budget mainly due to lower than anticipated collection of intergovernmental revenues. General Fund original and final appropriations and other financing uses were \$122,205,062. The actual expenditures and other financing uses for fiscal year 2022 totaled \$97,466,247, which was \$24,738,815 less than the final budget appropriations. Actual differed from final budget due to lower costs associated with instruction expenditures.

Capital Assets

The District had \$175,176,400 invested in capital assets net of depreciation, with \$174,819,694 attributed to government activities. Net acquisition for governmental activities totaled \$4,768,637 and depreciation was \$5,644,346. The majority of the additions were for construction in progress related to building renovations and improvements. Detailed information regarding capital asset activities is included in the notes to the basic financial statements (Note 9).

Debt

At June 30, 2022, the District has \$151,465,333 in outstanding long-term bond debt and of this amount \$1,710,000 is due within one year. The District paid \$1,346,785 in principal on bonds outstanding. In addition, the District refunded \$67.54 million of the 2014 Series School Improvement Bonds by issuing \$66.69 million in 2021 Series School Improvement Bonds during the year ended June 30, 2022. The District also has \$17,623,003 of certificates of participation outstanding at June 30, 2022 and none of this amount is due within one year. The District refunded \$17.58 million of the 2014 series certificates of participation outstanding by issuing \$14.67 million of 2021 series certificates of participation during the year ended June 30, 2022. Detailed information regarding long-term debt activity and other obligations is included in the notes to the basic financial statements (Notes 14).

Cleveland Heights-University Heights City School District

Management's Discussion & Analysis (Unaudited) (continued)

For the Fiscal Year Ended June 30, 2022

Economic Factors

The Board of Education and the administration closely monitor District revenues and expenditures in accordance with its financial forecast. The financial future of the District is not without its challenges. These challenges stem from issues that are local and at the state level. At the local level, the taxpayers must approve additional levies to pay for unfunded mandates as well as continue the programs residents have come to expect as normal operations. At the state level, a new school funding plan was implemented in the current biennial budget but will be phased in over 6 years and is contingent upon being supported in the subsequent two state biennial budgets.

The District is dependent on local taxpayers. The District passed a 6.9 mill operating levy in 2011, a 5.5 mill operating levy in 2016, and a 4.8 mill operating levy in 2020. The Board of Education and administration of the District continue to exercise careful financial planning and prudent fiscal management in order to preserve the financial stability of the District, including closing an elementary school at the end of fiscal year 2007 as well as closing a middle school at the end of fiscal year 2013. The District continues to streamline operations and annually identifies potential budget reductions and opportunities to operate efficiently and effectively.

Contacting the School District's Financial Management

This financial report is designed to provide our citizens, taxpayers, and investors and creditors with a general overview of the District's finances and to show the District's accountability for the money it receives. If you have questions about this report or need additional financial information contact Mr. A. Reconciliation of Total Governmental Fund Balances to Net Position of Governmental Activities

June 30, 2022

Total governmental funds balances	\$	40,591,688	
Amounts reported for governmental activities in the Statement of Net Position are different because:			
Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds.			174,819,694
Other long-term assets are not available to pay for current-period expenditures and therefore are deferred inflows of resources in the funds.			
Property and other taxes	\$	19,648,101	
Intergovernmental		68,224	
Investment earnings		23,321	
Total		<u>19,739,646</u>	19,739,646
Internal service funds are used by management to charge the costs of certain activities, such as insurance to individual funds. The assets and liabilities of the internal service funds are included in governmental activities in the Statement of Net Position.			6,048,774
In the government-wide financial statements, interest is accrued on outstanding debt, whereas in governmental funds, an interest expenditure is reported when due.			(408,495)
The net pension liability and net OPEB liability/asset are not due in the current period; therefore, the liability/asset and related deferred inflows/outflows are not reported in governmental funds:			
Net OPEB asset		7,984,096	
Deferred outflows – pension		24,114,166	
Deferred inflows – pension		(55,874,092)	
Net pension liability		(63,621,498)	
Deferred outflows – OPEB		2,444,338	
Deferred inflows – OPEB		(15,303,467)	
Net OPEB liability		<u>(7,663,925)</u>	
Total			(107,920,382)
Long-term liabilities are not due and payable in the current period and are therefore not reported in the funds.			
Library improvement refunding bonds		(2,635,000)	
Certificates of participation		(14,660,000)	
General obligation school improvement bonds		(131,412,443)	
CABs		(2,375,431)	
Deferred charge on refunding		13,031,917	
Unamortized charges – premium		(18,005,462)	
Asset retirement obligation		(19,732)	
Financed purchase		(54,930)	
Early retirement incentive		(72,000)	
Compensated absences		<u>(7,623,521)</u>	
Total			<u>(163,826,602)</u>
Net position of governmental activities	\$		<u><u>(30,955,677)</u></u>

Cleveland Heights-University Heights City School District

Reconciliation of Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities

For the Fiscal Year Ended June 30, 2022

Net change in fund balances – total governmental funds \$ 16,135,322

Amounts reported for governmental activities in the Statement of Activities are different because:

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays and depreciation differed in the current period.

Capital outlay	\$ 4,768,637	
Depreciation	(5,644,346)	
Total	(875,709)	(875,709)

Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds.

Delinquent property and other taxes	1,494,795	
Investment earnings	12,564	
Tuition	(11,201)	
Intergovernmental	(935,971)	
Total	560,187	560,187

Repayment of long-term obligations is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Position.

Bonds	91,926,049	
Retirement of accretion on capital appreciation bonds	1,060,749	
Financed purchase	29,018	
Total	93,015,816	93,015,816

Internal service funds are used by management to charge the costs of certain activities, such as insurance, to individual funds. The net (expense) revenue of the internal service funds are reported with governmental activities.

(52,657)

Other financing sources in the governmental funds that increase long-term liabilities in the Statement of Net Position.

School improvement bonds	(66,686,779)	
Certificates of participation	(14,660,000)	
Premiums	(9,697,916)	
Total	(91,044,695)	(91,044,695)

Continued

The accompanying notes are an integral part of these financial statements

Cleveland Heights-University Heights City School District

Reconciliation of Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities (continued)

For the Fiscal Year Ended June 30, 2022

Some expenses reported in the Statement of Activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.

Compensated absences	(924,550)	
Early retirement incentive	48,000	
Amortization of premium and discount	608,706	
Amortization of deferred loss on refunding	(415,129)	
Accretion on capital appreciation bonds	(761,258)	
Asset retirement obligation	(3,732)	
Interest expense	199,216	
Total		(1,248,747)

Contractually required contributions are reported as expenditures in governmental funds; however, the Statement of Net Position reports these amounts as deferred outflows.

Pension	8,864,863	
OPEB	199,917	
Total		9,064,780

Except for amounts reported as deferred outflows/inflows, changes in net pension/OPEB asset/liability are reported as pension/OPEB expense in the Statement of Activities.

Pension	3,927,340	
OPEB	738,601	
Total		4,665,941

Change in net position of governmental activities		\$ <u><u>30,220,238</u></u>

Cleveland Heights-University Heights City School District

Notes to the Basic Financial Statements

For the Fiscal Year Ended June 30, 2022

Note 1: Summary of Significant Accounting Policies

A. Description of the School District and Reporting Entity

The Cleveland Heights-University Heights City School District (the “District”) is a body politic and corporate established for the purpose of exercising the rights and privileges conveyed to it by the constitution and laws of the State of Ohio.

The District operates under a locally elected five-member Board form of government and provides educational services as mandated by state and/or federal agencies. The Board of Education (the “Board”) controls the District’s thirteen instructional/support facilities staffed by 364 classified employees, 500 certificated full-time teaching personnel and approximately 46 administrators who provide services to 4,767 students and other community members.

The reporting entity is comprised of the primary government, component units, and other organizations that are included to ensure that the financial statements of the District are not misleading. The primary government consists of all funds, departments, boards, and agencies that are not legally separate from the District. For the District, this includes general operations, food service, and student related activities.

The following non-public schools operate within the District’s boundaries: Beaumont School, Chaviva School, GESU School, Hebrew Academy of Cleveland, Lutheran East School, Monarch School, Yeshiva Derech Hatorah, Ruffing Montessori Ingalls, Reserve School, and Communion of Saints School. Current State legislation provides funding to these non-public schools. These monies are received and disbursed by the District on behalf of the non-public schools by the Treasurer of the District, as directed by the non-public schools. The activity of these monies by the District is reflected in a special revenue fund for financial reporting purposes.

Component units are legally separate organizations for which the District is financially accountable. The District is financially accountable for an organization if the District appoints a voting majority of the organization’s governing board and:

1. The District is able to significantly influence the programs or services performed or provided by the organization; or
2. The District is legally entitled to or can otherwise access the organization’s resources; the District is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to the organization; or the District is obligated for the debt of the organization.

Component units may also include organizations that are fiscally dependent on the District in that the District approves the budget, the issuance of debt, or the levying of taxes. The District has no component units.

The District is associated with two organizations which are defined as a jointly governed organization and a related organization. The Ohio Schools’ Council is a jointly governed organization and the Cleveland Heights-University Heights Library is a related organization. The jointly governed organization is presented in Note 16 and the related organization is presented in Note 20 to the basic financial statements.

Cleveland Heights-University Heights City School District

Notes to the Basic Financial Statements (continued)

For the Fiscal Year Ended June 30, 2022

Note 1: Summary of Significant Accounting Policies (continued)

A. Description of the School District and Reporting Entity (continued)

The financial statements of the District have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the District's accounting policies are described below.

B. Fund Accounting

The District uses funds to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain District functions or activities. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The various funds of the District are grouped into the categories governmental, proprietary and fiduciary.

Governmental Funds Governmental funds focus on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purpose for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets, liabilities and deferred inflows of resources is reported as fund balance. The following are the District's major governmental funds:

General Fund – The General Fund is used to account for all financial resources except those required to be accounted for in another fund. The General Fund balance is available for any purpose provided it is expended or transferred according to the general laws of Ohio.

The other governmental funds of the District account for grants and other resources whose use is restricted to a particular purpose.

Proprietary Funds Proprietary funds focus on the determination of operating income/loss, changes in net position, financial position and cash flows and are classified as either enterprise or internal service.

Enterprise Funds – Enterprise funds may be used to account for any activity for which a fee is charged to external users for goods or services. The District does not have any major enterprise funds. The enterprise funds of the District account for food services, uniform school supplies, and customer services.

Internal Service Fund – Internal service funds account for the financing of goods or services provided by one department or agency to other departments or agencies of the District, or to other governmental units, on a cost-reimbursement basis. The internal service fund accounts for a self-insurance program that provides medical and dental benefits to employees.

Cleveland Heights-University Heights City School District

Notes to the Basic Financial Statements (continued)

For the Fiscal Year Ended June 30, 2022

Note 1: Summary of Significant Accounting Policies (continued)

B. Fund Accounting (continued)

Fiduciary Funds Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private purpose trust funds and custodial funds. Trust funds are distinguished from custodial funds by the existence of a trust agreement or equivalent arrangements that have certain characteristics. The District does not have any trust funds.

Custodial funds are used to report fiduciary activities that are not required to be reported in a trust fund. The District's custodial fund accounts for Ohio High School Athletic Association activity.

C. Basis of Presentation

Government-wide Financial Statements The Statement of Net Position and the Statement of Activities display information about the District as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements except for interfund services provided and used. The internal service fund operating activity is eliminated to avoid overstatement of revenues and expenses. The statements distinguish between governmental and business-type activities of the District.

The government-wide statements are prepared using the economic resources measurement focus. This is the same approach used in the preparation of the proprietary fund financial statements but differs from the manner in which governmental fund financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

The government-wide Statement of Activities presents a comparison between direct expenses and program revenues for each segment of the business-type activities of the District and for each function or program of the District's governmental activities. Direct expenses are those that are specifically associated with a service, program or department and are therefore clearly identifiable to a particular function.

Program revenues include charges paid by the recipient of the goods or services offered by the program and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues which are not classified as program revenues are presented as general revenues of the District, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each business segment or governmental function is self-financing or draws from the general revenues of the District.

Fund Financial Statements Fund financial statements report detailed information about the District. The focus of governmental and enterprise fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. The internal service fund is presented as a single column on the face of the proprietary fund statements. Fiduciary funds are reported by fund type.

Cleveland Heights-University Heights City School District

Notes to the Basic Financial Statements (continued)

For the Fiscal Year Ended June 30, 2022

Note 1: Summary of Significant Accounting Policies (continued)

C. Basis of Presentation (continued)

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental fund types are accounted for using a flow of current financial resources measurement focus. The financial statements for governmental funds are a balance sheet, which generally includes only current assets, deferred outflows of resources, current liabilities, and deferred inflows of resources, and a statement of revenues, expenditures and changes in fund balances, which reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources.

All proprietary funds are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and deferred outflows of resources and all liabilities and deferred inflows of resources associated with the operation of these funds are included on the Statement of Net Position. The Statement of Revenues, Expenses and Changes in Fund Net Position presents increases (i.e., revenues) and decreases (i.e., expenses) in total net position. The Statement of Cash Flows provides information about how the District finances and meets the cash flow needs of its proprietary activities.

Like the government-wide statements, the fiduciary funds are accounted for on a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of this fund are included on the statement of fiduciary net position. The statement of changes in fiduciary net position presents increases (i.e., revenues) and decreases (i.e., expenses) in total net position.

D. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Proprietary funds and fiduciary funds also use the accrual basis of accounting.

Revenues - Exchange and Non-Exchange Transactions Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the District, available means expected to be received within sixty days of fiscal year end.

Non-exchange transactions, in which the District receives value without directly giving equal value to the resource provider in return, include property taxes, grants, entitlements, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied (See Note 6).

Cleveland Heights-University Heights City School District

Notes to the Basic Financial Statements (continued)

For the Fiscal Year Ended June 30, 2022

Note 1: Summary of Significant Accounting Policies (continued)

D. Basis of Accounting (continued)

Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted, matching requirements, in which the District must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the District on a reimbursement basis. On a modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at fiscal year-end: property taxes available as an advance, grants, investment earnings, and intergovernmental.

Unearned Revenue Unearned revenue represents amounts under the accrual and modified accrual basis of accounting for which asset recognition criteria have been met, but for which revenue recognition criteria have not yet been met because such amounts have not yet been earned. The District does not have any unearned revenue at June 30, 2022.

Deferred Outflows/Inflows of Resources In addition to assets, the financial statements that report net position may include a section for deferred outflows of resources. Deferred outflows of resources represent a consumption of net assets that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until then. For the District, deferred outflows of resources are reported for deferred charges on refunding, asset retirement obligation, pension and OPEB in the Statements of Net Position. The deferred outflows of resources related to pension and OPEB are explained in Note 11 and Note 12.

In addition to liabilities, the statements that report net position may include a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net assets that applies to a future period and will not be recognized as an inflow of resources (revenue) until that time. For the District, deferred inflows of resources include property taxes, payments in lieu of taxes, unavailable revenue, leases, OPEB and pension. Property taxes and payments in lieu of taxes represent amounts for which there is an enforceable legal claim as of June 30, 2022, but which were levied to finance fiscal year 2023 operations. These amounts have been recorded as a deferred inflow on both the government-wide statement of net position and the governmental fund financial statements. The deferred inflow for leases is related to the lease receivable and is being amortized to lease revenue in a systematic and rational manner over the term of the lease, see Note 8. Unavailable revenue is reported only on the governmental funds balance sheet, and represents receivables which will not be collected within the available period.

For the District, unavailable revenue includes delinquent property taxes, intergovernmental receivables, and investment income. These amounts are deferred and recognized as an inflow of resources in the period the amounts become available. Deferred inflows of resources related to pension and OPEB plans are reported in the Statements of Net Position (Note 11 and 12).

Cleveland Heights-University Heights City School District

Notes to the Basic Financial Statements (continued)

For the Fiscal Year Ended June 30, 2022

Note 1: Summary of Significant Accounting Policies (continued)

D. Basis of Accounting (continued)

Expenses/Expenditures On the accrual basis of accounting, expenses are recognized at the time they are incurred. The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

E. Budgets

All funds, other than custodial funds, are legally required to be budgeted and appropriated. The major documents are the tax budget, the appropriation resolution, and the certificate of estimated resources, which are prepared on the budgetary basis of accounting. The tax budget demonstrates a need for existing or increased tax rates. The certificate of estimated resources establishes a limit on the amounts that the Board of Education may appropriate. The appropriation resolution is the Board's authorization to spend resources and set annual limits on expenditures plus encumbrances at a level of control selected by the Board. The legal level of control has been established by the Board of Education at the fund level.

The certificate of estimated resources may be amended during the year if projected increases or decreases in revenue are identified by the District Treasurer. The amounts reported as the original budgeted amounts in the budgetary statements reflect the amounts in the certificate when the original appropriations were adopted. The amounts reported as the final budgeted amounts in the budgetary statements reflect the amounts in the amended certificate in effect at the time the final appropriations were passed.

The appropriation resolution is subject to amendment by the Board throughout the year with the restriction that appropriations may not exceed estimated resources. The amounts reported as the original budgeted amounts reflect the first appropriation for that fund that covered the entire fiscal year, including amounts automatically carried over from prior years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by the Board during the year.

Unencumbered appropriations lapse at year-end. Encumbered appropriations are carried forward to the succeeding fiscal year and need not be re-appropriated. Cash disbursements plus encumbrances may not legally exceed budgeted appropriations at the legal level of budgetary control for the fund.

F. Cash and Cash Equivalents

Cash received by the District is pooled for investment purposes. Interest in the pool is presented as "equity in pooled cash and investments" on the financial statements. During fiscal year 2022, investments were limited to money market accounts, negotiable certificates of deposits, United States government securities and notes and State Treasury Asset Reserve of Ohio (STAR Ohio).

Except for nonparticipating investment contracts, investments are reported at fair value which is based on quoted market prices. Nonparticipating investment contracts such as nonnegotiable certificates of deposits, commercial paper and repurchase agreements are reported at cost.

Cleveland Heights-University Heights City School District

Notes to the Basic Financial Statements (continued)

For the Fiscal Year Ended June 30, 2022

Note 1: Summary of Significant Accounting Policies (continued)

F. Cash and Cash Equivalents (continued)

STAR Ohio, is an investment pool managed by the State Treasurer's Office which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but has adopted GASB Statement No. 79, *Certain External Investment Pools and Pool Participants*. The District measures their investment in STAR Ohio at the net asset value (NAV) per share provided by STAR Ohio. The NAV per share is calculated on an amortized cost basis that provides a NAV per share that approximates fair value.

For the fiscal year 2022, there were no limitations or restrictions on any participant withdrawals due to redemption notice periods, liquidity fees, or redemption gates. However, notice must be given 24 hours in advance of all deposits and withdrawals exceeding \$100 million. STAR Ohio reserves the right to limit the transaction to \$250 million, requiring the excess amount to be transacted the following business day(s), but only to the \$250 million limit. All accounts of the participant will be combined for these purposes.

Following Ohio statutes, the Board of Education has, by resolution, specified the funds to receive an allocation of interest earnings. Loss on investments credited to the General Fund during fiscal year 2022 amounted to \$99,539. The amount allocated from the other funds during fiscal year 2022 amounted to \$45,856.

For presentation on the financial statements, investments of the cash management pool and investments with an original maturity of three months or less at the time they are purchased by the District are considered to be cash equivalents. Investments with an initial maturity of more than three months that are not purchased from the pool are reported as investments.

G. Prepaid Items

Payments made to vendors for services that will benefit periods beyond June 30, 2022, are recorded as prepaid items using the consumption method. A current asset for the prepaid amount is recorded at the time of the purchase and an expenditure/expense is reported in the fiscal year in which services are consumed.

H. Inventory

Inventories are presented at cost on a first-in, first-out basis and are expended/expensed when used. Inventories consist of donated food, purchased food and materials and supplies held for consumption.

I. Capital Assets

General capital assets are those assets not specifically related to activities reported in the proprietary funds. These assets generally result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the government-wide Statement of Net Position but are not reported in the fund financial statements. Capital assets utilized by the proprietary funds are reported both in the business-type activities column of the government-wide Statement of Net Position and in the respective funds.

Cleveland Heights-University Heights City School District

Notes to the Basic Financial Statements (continued)

For the Fiscal Year Ended June 30, 2022

Note 1: Summary of Significant Accounting Policies (continued)

I. Capital Assets (continued)

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated capital assets, donated works of art and similar items, and capital assets received in a service concession arrangement are reported at acquisition value. The District maintains a capitalization threshold of \$5,000 for individual items. The District does not possess any infrastructure. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not.

All reported capital assets except land and construction in progress are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method over the following useful lives:

Description	Governmental Activities Estimated Lives	Business-Type Activities Estimated Lives
Land improvements	3 - 20 years	N/A
Buildings and improvements	6 - 99 years	N/A
Furniture and equipment	4 - 20 years	5 - 20 years
Vehicles	8 years	N/A

J. Interfund Transactions

On fund financial statements, receivables and payables resulting from short-term interfund loans are classified as "interfund receivable" or "interfund payable." These amounts are eliminated in the governmental and business-type activities columns of the Statement of Net Position, except for the net residual amounts due between governmental and business-type activities, which are presented as "internal balances."

Deferred inflows of resources and deferred outflows of resources from the change in internal proportionate share related to pension and OPEB items are eliminated in the total column of the entity wide Statement of Net Position.

K. Compensated Absences

Vacation benefits are accrued as a liability in the government-wide and proprietary fund financial statements as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable that the District will compensate the employees for the benefits through paid time off or some other means. The District records a liability in the government-wide and proprietary fund financial statements for accumulated unused vacation time when earned for all employees with more than one year of service and salary related payments, if applicable. Sick leave benefits are accrued as a liability using the termination payment method. An accrual in the government-wide and proprietary fund financial statements for earned sick leave is made to the extent that it is probable that the benefits will result in termination payments. The liability is an estimate based on the District's past experience of making termination payments. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

Cleveland Heights-University Heights City School District

Notes to the Basic Financial Statements (continued)

For the Fiscal Year Ended June 30, 2022

Note 1: Summary of Significant Accounting Policies (continued)

L. Accrued Liabilities and Long-term Obligations

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements, and all payables, accrued liabilities and long-term obligations payable from proprietary funds are reported on the proprietary fund financial statements. In general, payables and accrued liabilities that will be paid from governmental funds are reported on the governmental fund financial statements regardless of whether they will be liquidated with current resources.

However, compensated absences and special termination benefits that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they will be paid with current expendable available financial resources. In general, payments made more than sixty days after year end are considered not to have been made with current available financial resources. Bonds and other long-term obligations that will be paid from governmental funds are recognized as a liability in the fund financial statements when due.

M. Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the District is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

Nonspendable: The nonspendable fund balance category includes amounts that cannot be spent because they are not in spendable form, or legally or contractually required to be maintained intact. The “not in spendable form” criterion includes items that are not expected to be converted to cash. It also includes the long-term amount of loans receivable, as well as property acquired for resale, unless the use of the proceeds from the collection of those receivables or from the sale of those properties is restricted, committed, or assigned.

Restricted: Fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or is imposed by law through constitutional provisions.

Committed: The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by a formal action (resolution) of the Board. Those committed amounts cannot be used for any other purpose unless the Board removes or changes the specified use by taking the same type of action (resolution) it employed to previously commit those amounts. In contrast to fund balance that is restricted by enabling legislation, committed fund balance classification may be re-deployed for other purposes with appropriate due process. Constraints imposed on the use of committed amounts are imposed by the Board, separate from the authorization to raise the underlying revenue; therefore, compliance with these constraints are not considered to be legally enforceable. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Cleveland Heights-University Heights City School District

Notes to the Basic Financial Statements (continued)

For the Fiscal Year Ended June 30, 2022

Note 1: Summary of Significant Accounting Policies (continued)

M. Fund Balance (continued)

Assigned: Amounts in the assigned fund balance classification are intended to be used by the District for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds other than the General Fund, assigned fund balance represents the remaining amount that is not restricted or committed. In the General Fund, assigned amounts represent intended uses established by the Board or a District official delegated that authority by the District Board of Education. Through the District's purchasing policy, the Board has given the Treasurer the authority to constrain monies for intended purposes.

Unassigned: Unassigned fund balance is the residual classification for the General Fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned.

The District applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

N. Pensions/Other Postemployment Benefits (OPEB)

For purposes of measuring the net pension/OPEB liability/asset, deferred outflows of resources and deferred inflows of resources related to pensions/OPEB, and pension/OPEB expense, information about the fiduciary net position of the pension/OPEB plans and additions to/deductions from their fiduciary net position have been determined on the same basis as they are reported by the pension/OPEB plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. The pension/OPEB plans report investments at fair value.

O. Net Position

Net position represents the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those capital assets. Net position is reported as restricted when there are limitations imposed on their use through external restrictions imposed by creditors, grantors or laws or regulations of other governments. The District applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position is available. As of June 30, 2022, the District did not have net position restricted by enabling legislation.

Cleveland Heights-University Heights City School District

Notes to the Basic Financial Statements (continued)

For the Fiscal Year Ended June 30, 2022

Note 1: Summary of Significant Accounting Policies (continued)

P. Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. For the District, these revenues are sales for food service and uniform school supplies, collection of classroom fees and charges for services for self-insurance programs. Operating expenses are necessary costs incurred to provide the good or service that is the primary activity of the fund. All revenues and expenses not meeting this definition are reported as non-operating.

Q. Interfund Activity

Transfers between governmental and business-type activities on the government-wide statements are reported in the same manner as general revenues. Exchange transactions between funds are reported as revenues in the seller's funds and as expenditures/expenses in the purchaser's funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after non-operating revenues/expenses in the proprietary funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented in the financial statements.

R. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Note 2: Change in Accounting Principles

Newly Adopted Accounting Pronouncements

For fiscal year 2022, the District implemented the following Governmental Accounting Standards issued by the Governmental Accounting Standards Board (GASB):

GASB Statement No. 87, *Leases*. The objective of this Statement is to better meet the informational needs of financial statement users by improving accounting and financial reporting for leases by governments. This Statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources. GASB Implementation Guide No. 2019-3, *Leases*, provides guidance that clarifies, explains, or elaborates on the requirements for GASB Statement No. 87.

Cleveland Heights-University Heights City School District

Notes to the Basic Financial Statements (continued)

For the Fiscal Year Ended June 30, 2022

Note 2: Change in Accounting Principles (continued)

Newly Adopted Accounting Pronouncements (continued)

These changes were incorporated in the District's fiscal year 2022 financial statements. As a result of the implementation of this standard, effective July 1, 2021, the District recorded a lease receivable of \$449,540 with offsetting deferred inflows of \$449,540 in the general fund and governmental activities.

GASB Statement No. 92, *Omnibus 2020*. This statement addresses a variety of topics with objectives to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing practice issues that have been identified during implementation and application of certain GASB Statements. The implementation of this GASB pronouncement did not result in any changes to the District's financial statements.

GASB Statement No. 93, *Replacement of Interbank Offered Rates*. This statement addresses accounting and financial reporting implications that result from global reference rate reform. The removal of London Interbank Offered Rate (LIBOR) as an appropriate benchmark interest rate. The implementation of this GASB pronouncement did not result in any changes to the District's financial statements.

Newly Issued Accounting Pronouncements, Not Yet Adopted

GASB Statement No. 91, *Conduit Debt Obligations*, was issued in May 2019. The primary objectives of this Statement are to provide a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations, and (3) related note disclosures. GASB subsequently issued GASB Statement No. 95, which deferred the effective date of this standard to reporting periods beginning after December 15, 2021. The District has not yet determined the impact that this GASB pronouncement will have on its financial statements and disclosures.

GASB Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*, was issued in March 2020. This statement clarifies the accounting and financial reporting surrounding public-private and public-public partnerships and availability payment arrangements. The requirements of this statement will take effect for financial statements starting with the fiscal year that ends June 30, 2023. The District has not yet determined the impact that this GASB pronouncement will have on its financial statements and disclosures.

Cleveland Heights-University Heights City School District

Notes to the Basic Financial Statements (continued)

For the Fiscal Year Ended June 30, 2022

Note 2: Change in Accounting Principles (continued)

Newly Issued Accounting Pronouncements, Not Yet Adopted (continued)

GASB Statement No. 96, *Subscription-Based Information Technology Arrangements*, was issued in May 2020. This statement provides guidance on the accounting and financial reporting for subscription-based information technology arrangements. The requirements of this statement will take effect for financial statements starting with the fiscal year that ends June 30, 2023. The District has not yet determined the impact that this GASB pronouncement will have on its financial statements and disclosures.

GASB Statement No. 99, *Omnibus 2022*, was issued in April 2022. This statement addresses a variety of topics with objectives to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing practice issues that have been identified during implementation and application of certain GASB Statements. The effective date of this standard to reporting periods beginning after June 15, 2022. The District has not yet determined the impact that this GASB pronouncement will have on its financial statements and disclosures.

GASB Statement No. 100, *Accounting Changes and Error Corrections—An Amendment of GASB Statement No. 62*, was issued in June 2022. The primary objective of this Statement is to enhance accounting and financial reporting requirements for accounting changes and error corrections to provide more understandable, reliable, relevant, consistent, and comparable information for making decisions or assessing accountability. The effective date of this standard to reporting periods beginning after June 15, 2023. The District has not yet determined the impact that this GASB pronouncement will have on its financial statements and disclosures.

Note 3: Budgetary Basis of Accounting

While the District is reporting financial position, results of operations, and changes in fund balances on the basis of GAAP, the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The Statement of Revenues, Expenditures and Changes in Fund Balances – Budget (Non-GAAP) and Actual presented for the General Fund is presented on the budgetary basis to provide a meaningful comparison of actual results with the budget. The major differences between the budget basis and GAAP basis are that:

1. Revenues are recorded when received in cash (budget) as opposed to when susceptible to accrual (GAAP).
2. Expenditures are recorded when paid in cash (budget) as opposed to when the liability is incurred (GAAP).
3. Advances in and advances out are operating transactions (budget) as opposed to balance sheet transactions (GAAP).
4. Budgetary revenues and expenditures of the Special Trust Fund and Public School Support Fund are classified to the General Fund for GAAP reporting.
5. Encumbrances are treated as expenditures (budget) rather than as an assignment of fund balance (GAAP).

Cleveland Heights-University Heights City School District

Notes to the Basic Financial Statements (continued)

For the Fiscal Year Ended June 30, 2022

Note 3: Budgetary Basis of Accounting (continued)

The following table summarizes the adjustments necessary to reconcile the GAAP basis statements to the budgetary basis statements for the General Fund.

	<u>General</u>
GAAP basis	\$ 17,767,040
Revenue accruals	(260,824)
Advances – in	153,800
Expenditure accruals	310,408
Advances – out	(193,697)
Encumbrances	(3,595,010)
To reclassify the net change in fund balance for funds combined with the General Fund	<u>(74,982)</u>
Budget basis	\$ <u><u>14,106,735</u></u>

Cleveland Heights-University Heights City School District

Notes to the Basic Financial Statements (continued)

For the Fiscal Year Ended June 30, 2022

Note 4: Fund Balances

Fund balance is classified as nonspendable, restricted, committed, assigned and/or unassigned based primarily on the extent to which the District is bound to observe constraints imposed upon the use of the resources in the governmental funds. The constraints placed on a fund for the major governmental funds and all other governmental funds are presented below:

<u>Fund</u>	<u>General</u>	<u>Nonmajor Governmental Funds</u>	<u>Total Governmental Funds</u>
Nonspendable:			
Inventory	\$ 256,655	\$ -	\$ 256,655
Prepays	<u>144,114</u>	<u>-</u>	<u>144,114</u>
Total nonspendable	<u>400,769</u>	<u>-</u>	<u>400,769</u>
Restricted for:			
Student activities	-	193,888	193,888
Auxiliary services	-	244,084	244,084
Debt service payments	-	1,478,495	1,478,495
Capital improvements	<u>-</u>	<u>7,750,447</u>	<u>7,750,447</u>
Total restricted	<u>-</u>	<u>9,666,914</u>	<u>9,666,914</u>
Committed to:			
Purchases on order:			
Instruction services and supplies	282,232	-	282,232
Maintenance services and supplies	135,547	-	135,547
Transportation costs	<u>2,000</u>	<u>-</u>	<u>2,000</u>
Total committed	<u>419,779</u>	<u>-</u>	<u>419,779</u>
Assigned to:			
Public school support	289,661	-	289,661
Subsequent year's budget	1,510,000	-	1,510,000
Purchases on order:			
Instruction services and supplies	717,985	-	717,985
Maintenance services and supplies	507,415	-	507,415
Equipment	24,270	-	24,270
Transportation costs	10,983	-	10,983
Utilities	82,342	-	82,342
Other	<u>585,842</u>	<u>-</u>	<u>585,842</u>
Total assigned	<u>3,728,498</u>	<u>-</u>	<u>3,728,498</u>
Unassigned (deficit)	<u>27,537,504</u>	<u>(1,161,776)</u>	<u>26,375,728</u>
Total	<u>\$ 32,086,550</u>	<u>\$ 8,505,138</u>	<u>\$ 40,591,688</u>

Cleveland Heights-University Heights City School District

Notes to the Basic Financial Statements (continued)

For the Fiscal Year Ended June 30, 2022

Note 5: Deposits and Investments

State statutes classify monies held by the District into three categories.

Active deposits are public deposits necessary to meet current demands on the treasury. Such monies must be maintained either as cash in the District Treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that the Board has identified as not required for use within the current five-year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit, or by savings or deposit accounts including passbook accounts.

Interim monies may be deposited or invested in the following securities:

1. United States Treasury notes, bills, bonds, or any other obligation or security issued by the United States Treasury or any other obligation guaranteed as to payment of principal and interest by the United States;
2. Bonds, notes, debentures, or any other obligation or security issued by any federal government agency or instrumentality, including but not limited to, Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. Written repurchase agreements in securities listed above provided that the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and marked to market daily, and that the term of the agreement must not exceed thirty days;
4. Bonds and other obligations of the State of Ohio;
5. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) of this section and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
6. The State Treasurer's investment pool (STAR Ohio);
7. Certain banker's acceptance and commercial paper notes for a period not to exceed two hundred and seventy days in an amount not to exceed forty percent of the interim monies available for investment at any one time; and

Cleveland Heights-University Heights City School District

Notes to the Basic Financial Statements (continued)

For the Fiscal Year Ended June 30, 2022

Note 5: Deposits and Investments (continued)

8. Under limited circumstances, corporate debt interests rated in either of the two highest rating classifications by at least two nationally recognized rating agencies.

Investments in stripped principal or interest obligations, reverse repurchase agreements, and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage, and short selling are also prohibited. An investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the District, and must be purchased with the expectation that it will be held until maturity.

Investments may only be made through specified dealers and institutions. Payments for investments may be made only upon delivery of the securities representing the investments to the Treasurer or qualified trustee or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

Deposits

Custodial Credit Risk is the risk that in the event of bank failure, the District's deposits may not be returned to it.

The District has no deposit policy for custodial risk beyond the requirements of State statute. Ohio law requires that deposits be either insured or be protected by:

Eligible securities pledged to the District and deposited with a qualified trustee by the financial institution as security for repayment whose market value at all times shall be at least 105% of the deposits being secured; or

Participation in the Ohio Pooled Collateral System (OPCS), a collateral pool of eligible securities deposited with a qualified trustee and pledged to the Treasurer of State to secure the repayment of all public monies deposited in the financial institution. OPCS requires the total market value of the securities pledged to be 102% of the deposits being secured or a rate set by the Treasurer of State.

At year-end, the bank balance of the District's deposits was \$5,164,968. At year-end \$1,748,462 of the District's total bank balance was exposed to custodial credit risk because those deposits were uninsured and uncollateralized. One of the District's financial institution participates in the Ohio Pooled Collateral System (OPCS) and was approved by the Treasurer of State for a reduced collateral floor of 50% resulting in the uninsured and uncollateralized balance.

Cleveland Heights-University Heights City School District

Notes to the Basic Financial Statements (continued)

For the Fiscal Year Ended June 30, 2022

Note 5: Deposits and Investments (continued)

Investments

Investments are reported at fair value. As of June 30, 2022, the District had the following investments:

	<u>Fair Value</u>	<u>Less Than 1 Year</u>	<u>1-5 Years</u>
US Treasury Note	\$ 5,583,963	\$ 3,796,123	\$ 1,787,840
Federal Farm Credit Bank (FFCB)	399,515	-	399,515
Federal Home Loan Bank notes (FHLBN)	836,073	-	836,073
Federal Home Loan Bank bonds (FHLBB)	1,393,519	-	1,393,519
Federal National Mortgage Association (FNMA)	95,960	95,960	-
Federal Home Loan Mortgage Corporation (FHLMC)	258,010	-	258,010
Negotiable certificates of deposits	4,931,137	3,089,395	1,841,742
Money market	1,523,972	1,523,972	-
STAR Ohio	<u>35,040,554</u>	<u>35,040,554</u>	<u>-</u>
Total portfolio	<u>\$ 50,062,703</u>	<u>\$ 43,546,004</u>	<u>\$ 6,516,699</u>

The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

The District has the following recurring fair value measurements as of June 30, 2022:

- STAR Ohio is measured at amortized cost, which approximates fair value. At June 30, 2022, the average days to maturity was 35.3 days.
- FFCB, FHLBN, FHLBB, FNMA and FHLMC are measured based on Level 2 inputs, using matrix pricing.
- Negotiable certificates of deposits, and the US Treasury Note are measured based on Level 2 inputs, using matrix pricing.
- Money market is valued at amortized cost, which approximates fair value.

Interest Rate Risk arises because potential purchasers of debt securities will not agree to pay face value for those securities if interest rates subsequently increase. The District's investment policy addresses interest rate risk requiring that the District's investment portfolio be structured so that securities mature to meet cash requirements for ongoing operations and/or long-term debt payments, thereby avoiding that need to sell securities on the open market prior to maturity and by investing operating funds primarily in short-term investments. The District investment policy also limits security purchases to those that mature within five years unless specifically matched to a specific cash flow.

Custodial Risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, the District will not be able to recover the value of investment or collateral securities that are in the possession of an outside party. All financial institutions and broker/dealers who desire to become qualified for investment transactions with the District must meet a set of prescribed standards and be periodically reviewed.

Cleveland Heights-University Heights City School District

Notes to the Basic Financial Statements (continued)

For the Fiscal Year Ended June 30, 2022

Note 5: Deposits and Investments (continued)

Investments (continued)

Credit Risk is addressed by the District's investment policy by the requirements that all investments are authorized by Ohio Revised Code and that portfolio be diversified both by types of investment and issuer. The Federal notes and bonds all carry a rating of AA+ by Standard and Poor's. STAR Ohio carries a rating AAAM by Standard & Poor's and the money market and US Treasury Note carries a rating of AAA by Standard & Poor's. The negotiable certificates of deposits are unrated.

Concentration of Credit Risk is defined by the Governmental Accounting Standards Board as five percent or more in the securities of a single issuer. The District's investment policy requires that no more than twenty-five percent of the District's interim monies shall be invested in either commercial paper notes or bankers' acceptances. The following is the District's allocation as of June 30, 2022:

<u>Investment Issuer</u>	<u>Percentage of Investments</u>
US Treasury Note	11.2%
Federal Farm Credit Bank	0.8
Federal Home Loan Bank notes	1.7
Federal Home Loan Bank bonds	2.8
Federal National Mortgage Association	0.2
Federal Home Loan Mortgage Corporation	0.5
Negotiable certificates of deposits	9.8
Money market	3.0
STAR Ohio	70.0

Note 6: Property Taxes

Property taxes are levied and assessed on a calendar year basis while the District's fiscal year runs from July through June. First half tax collections are received by the District in the second half of the fiscal year. Second half tax distributions occur in the first half of the following fiscal year.

Property taxes include amounts levied against all real, public utility, and tangible personal property (used in business) located in the District. Real property tax revenue received in calendar year 2022 represents collections of calendar year 2021 taxes. Real property taxes received in calendar year 2022 were levied after April 1, 2021, on the assessed value listed as of January 1, 2021, the lien date. Assessed values for real property taxes are established by State law at 35% of appraised market value. Real property taxes are payable annually or semi-annually. If paid annually, payment is due December 31; if paid semi-annually, the first payment is due December 31 with the remainder payable by June 20. Under certain circumstances, State statute permits alternate payment dates to be established.

Public utility property tax revenue received in calendar 2022 represents collections of calendar year 2021 taxes. Public utility real and tangible personal property taxes received in calendar year 2021 became a lien December 31, 2020, were levied after April 1, 2021 and are collected in 2022 with real property taxes. Public utility real property is assessed at 35 percent of true value; public utility tangible personal property currently is assessed at varying percentages of true value.

Cleveland Heights-University Heights City School District

Notes to the Basic Financial Statements (continued)

For the Fiscal Year Ended June 30, 2022

Note 6: Property Taxes (continued)

The Cuyahoga County Fiscal Officer collects property taxes on behalf of the District. The County Fiscal Officer periodically advances to the District its portion of the taxes collected. These tax “advances” are based on three-year historical cash flow collection rates and occur eight times annually. Second-half real property tax payments collected by the county by June 30, 2022, are available to finance fiscal year 2022 operations. The amount available to be advanced can vary based on the date the tax bills are sent.

Accrued property taxes receivable represents delinquent taxes outstanding and real property, public utility property, and tangible personal property taxes, which became measurable as of June 30, 2022 and for which there is an enforceable legal claim. Although total property tax collections for the next fiscal year are measurable, only the delayed settlement of personal property tax and the amount available as an advance at June 30 were levied to finance current fiscal year operations, which is recognized as revenue. The receivable is therefore offset by a credit to deferred inflows of resources for that portion not levied to finance current year operations. The amount available as an advance at June 30, 2022 was \$8,275,184 for the General Fund, \$578,406 in the Bond Retirement Fund, and \$369,824 in the Permanent Improvement Fund.

The assessed values upon which the fiscal year 2022 taxes were collected are:

	2021		2022	
	<u>Second-Half Collections</u>		<u>First- Half Collections</u>	
	<u>Amount</u>	<u>Percent</u>	<u>Amount</u>	<u>Percent</u>
Agricultural/residential and other real estate	\$ 1,077,680,970	97.54%	\$ 1,209,684,220	97.60%
Public utility	<u>27,230,400</u>	<u>2.46</u>	<u>29,796,480</u>	<u>2.40</u>
	\$ <u>1,104,911,370</u>	<u>100.00%</u>	\$ <u>1,239,480,700</u>	<u>100.00%</u>
Tax rate per \$1,000 of assessed valuation		\$ 158.30		\$ 158.30

Note 7: Interfund Transactions

Interfund Balances

Interfund transactions for the year ended June 30, 2022 consisted of the following:

<u>Interfund Receivable</u>	<u>Interfund Payable</u>	<u>Amount</u>
General Fund	Nonmajor Governmental Funds	\$ 825,178

All balances resulted from a time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, or (3) payments between funds are made. As of June 30, 2022, all interfund loans outstanding are anticipated to be repaid during fiscal year 2023.

Cleveland Heights-University Heights City School District

Notes to the Basic Financial Statements (continued)

For the Fiscal Year Ended June 30, 2022

Note 7: Interfund Transactions (continued)

Interfund Transfers

Interfund transfers for the year ended June 30, 2022, consisted of the following:

	Transfers – out		
	General	Nonmajor Governmental	Total
Transfers – in:			
General	\$ -	\$ 160	\$ 160
Nonmajor governmental	239,292	-	239,292
Nonmajor enterprise	<u>1,191</u>	<u>-</u>	<u>1,191</u>
Total	<u>\$ 240,483</u>	<u>\$ 160</u>	<u>\$ 240,643</u>

Transfers are used to move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them and to use unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

Note 8: Receivables

Receivables at June 30, 2022, consisted of taxes, accounts, tuition leases, intergovernmental grants and interest. All receivables are considered collectible in full due to the ability to foreclose for the nonpayment of taxes, the stable condition of state programs, and the current year guarantee of federal funds.

Lease receivables

The District has entered into various lease agreement for cell towers with AT&T and T-Mobile at varying years and terms. A summary of future lease revenues is as follows:

	Principal	Interest	Total
Fiscal Year Ending June 30:			
2023	\$ 84,690	\$ 12,936	\$ 97,626
2024	88,308	9,318	97,626
2025	92,059	5,567	97,626
2026	66,605	2,163	68,768
2027	<u>16,420</u>	<u>115</u>	<u>16,535</u>
Total	<u>\$ 348,082</u>	<u>\$ 30,099</u>	<u>\$ 378,181</u>

For fiscal year 2022, the District recognized lease revenue of \$101,458 and interest revenue of \$16,425 related to lease payments received.

Cleveland Heights-University Heights City School District

Notes to the Basic Financial Statements (continued)

For the Fiscal Year Ended June 30, 2022

Note 8: Receivables

Intergovernmental receivables

A summary of the principal items of intergovernmental receivables follows:

	<u>Amount</u>
Governmental activities:	
Tuition	\$ 34,989
Teachers Union	23,740
SERS	68,224
ESSER	228,286
21 st CCLC	77,272
IDEA early childhood special education	1,251
Fuel reimbursement	5,514
Cuyahoga County	18,037
Casino tax	160,922
City of South Euclid	215,478
Special education cluster	78,344
Carl D. Perkins grant	35,197
Title I grant	166,785
Title III grant	1,220
Title II-A grant	34,416
Title IV grant	<u>8,713</u>
	1,158,388
Business-type activities:	
Department of Education	<u>107,947</u>
Total intergovernmental receivable	\$ <u><u>1,266,335</u></u>

Cleveland Heights-University Heights City School District

Notes to the Basic Financial Statements (continued)

For the Fiscal Year Ended June 30, 2022

Note 9: Capital Assets

Capital asset activity for the fiscal year ended June 30, 2022, was as follows:

	Balance at 6/30/21	Additions	Disposals	Balance at 6/30/22
Governmental activities:				
Capital assets, not being depreciated:				
Land	\$ 1,644,238	\$ -	\$ -	\$ 1,644,238
Construction in progress	<u>305,690</u>	<u>4,058,804</u>	<u>(1,005,959)</u>	<u>3,358,535</u>
Total capital assets, not being depreciated	<u>1,949,928</u>	<u>4,058,804</u>	<u>(1,005,959)</u>	<u>5,002,773</u>
Capital assets, being depreciated:				
Land improvements	7,234,027	101,700	-	7,335,727
Buildings and improvements	206,984,336	1,089,359	-	208,073,695
Furniture and equipment	8,507,314	93,152	-	8,600,466
Vehicles	<u>5,285,937</u>	<u>431,581</u>	<u>(134,324)</u>	<u>5,583,194</u>
Total capital assets, being depreciated	<u>228,011,614</u>	<u>1,715,792</u>	<u>(134,324)</u>	<u>229,593,082</u>
Less accumulated depreciation:

Note 10: Risk Management

A. Property and Liability

The District is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets; errors and omissions; injuries to employees and natural disasters. During fiscal year 2022, the District contracted with several companies for various types of insurance as follows:

<u>Type of Coverage</u>	<u>Deductible/Limit of Coverage</u>
Property Liability	\$1,000 deductible \$350,000,000 limit
Flood and Earthquake Limit	\$50,000 deductible \$2,000,000 limit (each)
Crime	\$1,000 deductible \$1,000,000 limit
General Liability/Employer's Liability	\$15,000,000 limit \$17,000,000 aggregate
Employee Benefits Liability	\$-0- deductible \$15,000,000 limit
Educators' Legal Liability	\$5,000 deductible \$15,000,000 limit/aggregate
Automobile Liability	\$15,000,000 limit

Settled claims have not exceeded this commercial coverage in any of the past three years.

Cleveland Heights-University Heights City School District

Notes to the Basic Financial Statements (continued)

For the Fiscal Year Ended June 30, 2022

Note 10: Risk Management (continued)

B. Workers Compensation

The State of Ohio provides workers' compensation coverage. The District pays the State Workers' Compensation System a premium based on a rate per \$100 of salaries. This rate is calculated based on accident history and administrative costs.

C. Employee Medical Benefits

The District is self-insured for medical, dental, vision and prescription of District employees and their covered dependents. Under the program, the District is obligated for claim payments. Incurred but not reported claims of \$2,364,500 have been accrued in the Self-Insurance Internal Service Fund at June 30, 2022, based on an estimate from a third-party administrator. Individual funds are charged for medical expenses based on an estimate of total cost for the District as prepared by the plan administrator, and are recorded as revenues of the Self-Insurance Internal Service Fund.

The claims liability of \$2,364,500 reported in the Self-Insurance Internal Service Fund at June 30, 2022, is based on an estimate provided by the third-party administrator and the requirements of GASB No. 30 which requires that a liability for unpaid claims costs, including estimates of costs relating to incurred but not reported claims, be reported. The estimate was not affected by incremental claim adjustment expenses and does not include other allocated or unallocated claim adjustment expenses. Changes in the Self-Insurance Internal Service Fund's claims liability amount in 2020, 2021, and 2022 are as follows:

	Beginning of Year	Current Year Claims	Claim Payments	Balance at End of Year
June 30, 2020	\$ 1,774,100	\$ 19,155,823	\$ 19,207,323	\$ 1,722,600
June 30, 2021	1,722,600	19,448,954	19,101,554	2,070,000
June 30, 2022	2,070,000	19,542,797	19,248,297	2,364,500

Note 11: Pension Plans

A. Net Pension/OPEB Liability (Asset)

The net pension/OPEB liability (asset) reported on the Statements of Net Position represent a liability (asset) to employees for pensions/OPEB. Pensions/OPEB are a component of exchange transactions – between an employer and its employees – of salaries and benefits for employee services. Pensions/OPEB are provided to an employee – on a deferred-payment basis – as part of the total compensation package offered by an employer for employee services each financial period. The obligation to sacrifice resources for pensions/OPEB is a present obligation because it was created as a result of employment exchanges that occurred in the past.

Cleveland Heights-University Heights City School District

Notes to the Basic Financial Statements (continued)

For the Fiscal Year Ended June 30, 2022

Note 11: Pension Plans (continued)

A. Net Pension/OPEB Liability (Asset) (continued)

The net pension/OPEB liabilities (assets) represents the District's proportionate share of each pension/OPEB plan's collective actuarial present value of projected benefit payments attributable to past periods of service, net of each pension/OPEB plan's fiduciary net position. The net pension/OPEB liability (asset) calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting this estimate annually.

Ohio Revised Code limits the District's obligation for this liability to annually required payments. The District cannot control benefit terms or the manner in which pensions/OPEB are financed; however, the District does receive the benefit of employees' services in exchange for compensation including pension and OPEB.

GASB Statement No. 68 and 75 assumes the liability (asset) is solely the obligation of the employer, because (1) they benefit from employee services; and (2) State statute requires all funding to come from these employers. All contributions to date have come solely from these employers (which also includes costs paid in the form of withholdings from employees). The retirement systems may allocate a portion of the employer contributions to provide for OPEB benefits including primarily health care. In most cases, health care plan enrollees pay a portion of the health care costs in the form of a monthly premium.

State statute requires the retirement systems to amortize unfunded pension/OPEB liabilities within 30 years. If the pension/OPEB amortization period exceeds 30 years, each retirement system's board must propose corrective action to the State legislature. Any resulting legislative change to benefits or funding could significantly affect the net pension/OPEB liability (asset). Resulting adjustments to the net pension/OPEB liability (asset) would be effective when the changes are legally enforceable. The Ohio Revised Code permits, but does not require the retirement systems to provide healthcare to eligible benefit recipients.

The proportionate share of each plan's unfunded benefits is presented as a long-term net pension/OPEB liability on the accrual basis of accounting. Funded benefits is presented as a long-term net pension/OPEB asset. Any liability for the contractually-required contribution outstanding at the end of the year is included in intergovernmental payable on both the accrual and modified accrual bases of accounting. The remainder of this note includes the required pension disclosures. See Note 12 for the required OPEB disclosures.

B. Plan Description - School Employees Retirement System (SERS)

Plan Description – District non-teaching employees participate in SERS, a cost-sharing, multiple-employer defined benefit pension plan administered by SERS. SERS provides retirement, disability and survivor benefits, Medicare Part B premium reimbursements, and lump sum death benefits. Authority to establish and amend benefits is provided by Ohio Revised Code Chapter 3309. SERS issues a publicly available, stand-alone financial report that includes financial statements, required supplementary information and detailed information about SERS' fiduciary net position. That report can be obtained by visiting the SERS website at www.ohsers.org under Employers/Audit Resources.

Cleveland Heights-University Heights City School District

Notes to the Basic Financial Statements (continued)

For the Fiscal Year Ended June 30, 2022

Note 11: Pension Plans (continued)

B. Plan Description - School Employees Retirement System (SERS) (continued)

Age and service requirements for retirement are as follows:

	Eligible to Retire on or before August 1, 2017*	Members attaining 25 years of service after August 1, 2017
Full benefits	Any age with 30 years of service credit	Age 67 with 10 years of service credit; or Age 57 with 30 years of service credit
Actuarially reduced benefits	Age 60 with 5 years of service credit Age 55 with 25 years of service credit	Age 62 with 10 years of service credit Age 60 with 25 years of service credit

*Members with 25 years of service credit as of August 1, 2017, will be included in this plan.

Annual retirement benefits are calculated based on final average salary multiplied by a percentage that varies based on year of service; 2.2% for the first thirty years of service and 2.5% for years of service credit over 30. Final average salary is the average of the highest three years of salary.

An individual whose benefit effective date is before April 1, 2018, is eligible for a cost of living adjustment (COLA) on the first anniversary date of the benefit. Beginning April 1, 2018, new benefit recipients must wait until the fourth anniversary of their benefit for COLA eligibility. The COLA is added each year to the base benefit amount on the anniversary date of the benefit. A three-year COLA suspension is in effect for all benefit recipients for the years 2018, 2019, and 2020. SERS' Retirement Board approved a 0.5% COLA for calendar year 2021.

Funding Policy – Plan members are required to contribute 10% of their annual covered salary and the District is required to contribute 14% of annual covered payroll. The contribution requirements of plan members and employers are established and may be amended by the SERS' Retirement Board up to statutory maximum amounts of 10% for plan members and 14% for employers. The Retirement Board, acting with the advice of the actuary, allocates the employer contribution rate among four of the System's funds (Pension Trust Fund, Death Benefit Fund, Medicare B Fund, and Health Care Fund). For the fiscal year ended June 30, 2022, the allocation to pension, death benefits, and Medicare B was 14.0% while the funding for Health Care Fund was 0.0%.

The District's contractually required contribution to SERS was \$2,199,728 for fiscal year 2022. Of this amount, \$133,714 is reported as intergovernmental payable.

Cleveland Heights-University Heights City School District

Notes to the Basic Financial Statements (continued)

For the Fiscal Year Ended June 30, 2022

Note 11: Pension Plans (continued)

C. Plan Description - State Teachers Retirement System (STRS)

Plan Description – District licensed teachers and other faculty members participate in STRS, a cost-sharing multiple-employer public employee retirement system. STRS provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS issues a stand-alone financial report that includes financial statements, required supplementary information and detailed information about STRS’ fiduciary net position. That report can be viewed by visiting www.strsoh.org or by requesting a copy by calling toll-free 888-227-7877.

New members have a choice of three retirement plans; a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan and a Combined (CO) Plan. Benefits are established by Ohio Revised Code Chapter 3307.

The DB plan offers an annual retirement allowance based on final average salary multiplied by a percentage that varies based on years of service. Effective August 1, 2015, the calculation will be 2.2% of final average salary for the five highest years of earnings multiplied by all years of service. Eligibility changes will be phased in until August 1, 2026, when retirement eligibility for unreduced benefits will be five years of service credit and age 65, or 35 years of service credit and at least age 60. Eligibility changes for DB Plan members who retire with actuarially reduced benefits will be phased in until August 1, 2023 when retirement eligibility will be five years of qualifying service credit and age 60, or 30 years of service credit at any age.

The DC Plan allows members to place all their member contributions and 9.53% of the 14.00% employer contributions into an investment account. Investment allocation decisions are determined by the member. The remaining 4.47% of the 14.00% employer rate is allocated to the defined benefit unfunded liability. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal.

The CO Plan offers features of both the DB Plan and the DC Plan. In the CO Plan, 12% of the 14% member rate goes to the DC Plan and 2% is applied to the DB Plan. Member contributions to the DC Plan are allocated among investment choices by the member, and contributions to the DB Plan from the employer and the member are used to fund the defined benefit payment at a reduced level from the regular DB Plan. The defined benefit portion of the CO Plan payment is payable to a member on or after age 60 with five years of services. The defined contribution portion of the account may be taken as a lump sum payment or converted to a lifetime monthly annuity after termination of employment at age 50 or later.

New members who choose the DC plan or CO Plan will have another opportunity to reselect a permanent plan during their fifth year of membership. Members may remain in the same plan or transfer to another STRS plan. The optional annuitization of a member’s defined contribution account or the defined contribution portion of a member’s CO Plan account to a lifetime benefit results in STRS bearing the risk of investment gain or loss on the account. STRS therefore has included all three plan options in the GASB 68 schedules of employer allocations and pension amounts by employer.

Cleveland Heights-University Heights City School District

Notes to the Basic Financial Statements (continued)

For the Fiscal Year Ended June 30, 2022

Note 11: Pension Plans (continued)

C. Plan Description - State Teachers Retirement System (STRS) (continued)

A DB or CO Plan member with five or more years of credited service, who is determined to be disabled, may qualify for a disability benefit. New members must have at least 10 years of qualifying service credit to apply for disability benefits. Members in the DC Plan who become disabled are entitled only to their account balance. Eligible survivors of members who die before service retirement may qualify for monthly benefits. If a member of the DC Plan dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

A death benefit of \$1,000 is payable to the beneficiary of each deceased retired member who participated in the DB Plan. Death benefit coverage up to \$2,000 can be purchased by participants in the DB, DC or CO Plans.

Administrative Expenses – The costs of administering the DB and postemployment health care plans are financed by investment income. The administrative costs of the DC Plan are financed by participant fees.

Funding Policy – Employer and member contribution rates are established by the State Teachers Retirement Board and limited by Chapter 3307 of the Ohio Revised Code. For the fiscal year ended June 30, 2022 the employer rate was 14% and the plan members were also required to contribute 14% of covered salary.

The District's contractually required contribution to STRS was \$6,665,135 for fiscal year 2022. Of this amount, \$1,182,432 is reported as intergovernmental payable.

D. Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2021. The District's proportion of the net pension liability was based on the District's share of contributions to the pension plan relative to the contributions of all participating entities. Following is information related to the proportionate share and pension expense:

	<u>SERS</u>	<u>STRS</u>	<u>Total</u>
Proportion of net pension liability prior measurement date	0.432407%	0.400445%	
Proportion of net pension liability current measurement date	<u>0.412071%</u>	<u>0.378677%</u>	
Change in proportionate share	<u>(0.020336%)</u>	<u>(0.021768%)</u>	
Proportionate share of the net pension liability	\$ 15,204,225	\$ 48,417,273	\$ 63,621,498
Reduction in pension expense	\$ (811,136)	\$ (3,574,508)	\$ (4,385,644)

Cleveland Heights-University Heights City School District

Notes to the Basic Financial Statements (continued)

For the Fiscal Year Ended June 30, 2022

Note 11: Pension Plans (continued)

D. Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (continued)

Deferred outflows/inflows of resources represent the effect of changes in the net pension liability due to the difference between projected and actual investment earnings, differences between expected and actual actuarial experience, changes in assumptions and changes in the District's proportion of the collective net pension liability. The deferred outflows and deferred inflows are to be included in pension expense over current and future periods. The difference between projected and actual investment earnings is recognized in pension expense using a straight line method over a five year period beginning in the current year. Deferred outflows and deferred inflows resulting from changes in sources other than differences between projected and actual investment earnings are amortized over the average expected remaining service lives of all members (both active and inactive) using the straight line method. Employer contributions to the pension plan subsequent to the measurement date are also required to be reported as a deferred outflow of resources.

At June 30, 2022, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>SERS</u>	<u>STRS</u>	<u>Total</u>
Deferred outflows of resources			
Differences between expected and actual experience	\$ 1,467	\$ 1,495,861	\$ 1,497,328
Change in assumptions	320,156	13,431,819	13,751,975
District contributions subsequent to the measurement date	<u>2,199,728</u>	<u>6,665,135</u>	<u>8,864,863</u>
Total deferred outflows of resources	\$ <u><u>2,521,351</u></u>	\$ <u><u>21,592,815</u></u>	\$ <u><u>24,114,166</u></u>
Deferred inflows of resources			
Differences between expected and actual experience	\$ 394,307	\$ 303,477	\$ 697,784
Difference between projected and actual earnings on pension plan investments	7,830,620	41,726,421	49,557,041
Changes in proportionate share and difference between District contributions and proportionate share of contributions	<u>859,180</u>	<u>4,760,087</u>	<u>5,619,267</u>
Total deferred inflows of resources	\$ <u><u>9,084,107</u></u>	\$ <u><u>46,789,985</u></u>	\$ <u><u>55,874,092</u></u>

Cleveland Heights-University Heights City School District

Notes to the Basic Financial Statements (continued)

For the Fiscal Year Ended June 30, 2022

Note 11: Pension Plans (continued)

D. Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (continued)

The District reported \$8,864,863 as deferred outflows of resources related to pension resulting from contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized in pension expense as follows:

Fiscal Year Ending June 30:	<u>SERS</u>	<u>STRS</u>	<u>Total</u>
2023	\$ (2,503,682)	\$ (8,242,960)	\$ (10,746,642)
2024	(1,993,438)	(6,929,189)	(8,922,627)
2025	(1,861,839)	(7,415,590)	(9,277,429)
2026	<u>(2,403,525)</u>	<u>(9,274,566)</u>	<u>(11,678,091)</u>
Total	\$ <u>(8,762,484)</u>	\$ <u>(31,862,305)</u>	\$ <u>(40,624,789)</u>

Due to changes in allocation in the net pension liability, the food service non-major enterprise fund reports negative fringe benefit expense in its related financial statements.

E. Actuarial Assumptions - SERS

SERS' total pension liability was determined by their actuaries in accordance with GASB Statement No. 67, as part of their annual actuarial valuation for each defined benefit retirement plan. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts (e.g., salaries, credited service) and assumptions about the probability of occurrence of events far into the future (e.g., mortality, disabilities, retirements, employment termination). Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employers and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations. Future benefits for all current plan members were projected through 2132.

Actuarial calculations reflect a long-term perspective. For a newly hired employee, actuarial calculations will take into account the employee's entire career with the employer and also take into consideration the benefits, if any, paid to the employee after termination of employment until the death of the employee and any applicable contingent annuitant. In many cases actuarial calculations reflect several decades of service with the employer and the payment of benefits after termination.

Cleveland Heights-University Heights City School District

Notes to the Basic Financial Statements (continued)

For the Fiscal Year Ended June 30, 2022

Note 11: Pension Plans (continued)

E. Actuarial Assumptions - SERS (continued)

Key methods and assumptions used in calculating the total pension liability in the latest actuarial valuation, prepared as of June 30, 2021 are presented below:

Valuation date	June 30, 2021
Actuarial cost method	Entry age normal (level percent of payroll)
Actuarial Assumptions:	
Investment rate of return	7.00%, net of investments expense
COLA or Ad Hoc COLA	2.00%, on or after April, 1 2018, COLA's for future retirees will be delayed for three years following commencement.
Future salary increases, including inflation	3.25% to 13.58%
Inflation	2.40%

For post-retirement mortality, the table used in evaluating allowances to be paid is the PUB-2010 General Employee Amount Weight Below Median Healthy Retiree mortality table projected to 2017 with ages set forward 1 year and adjusted 94.20 percent for males and set forward 2 years and adjusted 81.35 percent for females. Mortality among disable members were based upon the PUB-2010 General Disabled Retiree mortality table projected to 2017 with ages set forward 5 years and adjusted 103.3 percent for males and set forward 3 years and adjusted 106.8 percent for females. Future improvement in mortality rates is reflected by applying the MP-2020 projection scale generationally.

The most recent experience study was completed for the five year period ended June 30, 2020.

The long-term return expectation for the Pension Plan Investments has been determined by using a building-block approach and assumes a time horizon, as defined in the Statement of Investment Policy. A forecasted rate of inflation serves as the baseline for the return expectation. Various real return premiums over the baseline inflation rate have been established for each asset class. The long-term expected nominal rate of return has been determined by calculating an arithmetic weighted average of the expected real return premiums for each asset class, adding the projected inflation rate, and adding the expected return from rebalancing uncorrelated asset classes. The target allocation and best estimates of arithmetic real rates of return for each major assets class are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Cash	2.00%	(0.33%)
US equity	24.75	5.72
Non-US equity developed	13.50	6.55
Non-US equity emerging	6.75	8.54
Fixed income/global bonds	19.00	1.14
Private equity	11.00	10.03
Real estate/real assets	16.00	5.41
Multi-asset strategies	4.00	3.47
Private debt/private credit	3.00	5.28
Total	<u>100.00%</u>	

Cleveland Heights-University Heights City School District

Notes to the Basic Financial Statements (continued)

For the Fiscal Year Ended June 30, 2022

Note 11: Pension Plans (continued)

E. Actuarial Assumptions - SERS (continued)

Discount Rate The total pension liability was calculated using the discount rate of 7.00%. The projection of cash flows used to determine the discount rate assumed the contributions from employers and from the members would be computed based on contribution requirements as stipulated by State statute. Projected inflows from investment earning were calculated using the long-term assumed investment rate of return (7.00%). Based on those assumptions, the plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefits to determine the total pension liability.

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate Net pension liability is sensitive to changes in the discount rate, and to illustrate the potential impact the following table presents the net pension liability calculated using the discount rate of 7.00%, as well as what each plan's net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.00%), or one percentage point higher (8.00%) than the current rate.

	1% Decrease <u>(6.00%)</u>	Current Discount Rate <u>(7.00%)</u>	1% Increase <u>(8.00%)</u>
District's proportionate share of the net pension liability	\$ 25,296,096	\$ 15,204,225	\$ 6,693,309

Assumption Changes Since the Prior Measurement Date Key assumptions used in calculating the total pension liability in the prior year are presented below:

Actuarial Assumptions:

Investment rate of return	7.50%, net of investments expense
COLA or Ad Hoc COLA	2.50%, on or after April 1, 2018, COLA's for future retirees will be delayed for three years following commencement.
Future salary increases, including inflation	3.50% to 18.20% prior year
Inflation	3.00%

F. Actuarial Assumptions - STRS

The total pension liability in the June 30, 2021 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.50%
Salary increases	12.50% at age 20 to 2.50% at age 65
Payroll increase	3.00%
Investment rate of return	7.00%, net of investment expenses, including inflation
Discount rate of return	7.00%
Cost-of-living adjustments (COLA)	0.00%

Cleveland Heights-University Heights City School District

Notes to the Basic Financial Statements (continued)

For the Fiscal Year Ended June 30, 2022

Note 11: Pension Plans (continued)

F. Actuarial Assumptions - STRS (continued)

Post-retirement mortality rates for healthy retirees are based on the RP-2014 Annuitant Mortality Table with 50% of rates through age 69, 70% of rate between ages 70 and 79, 90% of rates between ages 80 and 84, and 100% of rates thereafter, projected forward generationally using mortality improvement scale MP-2016. Post-retirement disabled mortality rates are based on the RP-2014 Disabled Mortality Table with 90% of rates for males and 100% of rates for females, projected forward generationally using mortality improvement scale MP-2016. Pre-retirement mortality rates are based on RP-2014 Employee Mortality Table, projected forward generationally using mortality improvement scale MP-2016.

Actuarial assumptions used in the June 30, 2021, valuation are based on the results of an actuarial experience study for the period July 1, 2011 through June 30, 2016.

STRS's investment consultant develops an estimate range for the investment return assumption based on the target allocation adopted by the Retirement Board. The target allocation and long-term expected rate of return for each major asset class are summarized as follows:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long Term Expected Real Rate of Return*</u>
Domestic equity	28.00%	7.35%
International equity	23.00	7.55
Alternatives	17.00	7.09
Fixed income	21.00	3.00
Real estate	10.00	6.00
Liquidity reserves	1.00	2.25
Total	<u>100.00%</u>	

* 10 year annualized geometric nominal returns include the real rate of return and inflation of 2.25%, and does not include investment expenses. Over a 30-year period, STRS's investment consultant indicates that the above target allocations should generate a return above the actuarial rate of return, without net value added by management.

Discount Rate The discount rate used to measure the total pension liability was 7.00% as of June 30, 2021. The projection of cash flows used to determine the discount rate assumes that member and employer contributions will be made at the statutory contribution rates in accordance with rate increases described above. For this purpose, only employer contributions that are intended to fund benefits of current plan members and their beneficiaries are included. Based on those assumptions, STRS's fiduciary net position was projected to be available to make all projected future benefit payments to current plan members as of June 30, 2021. Therefore, the long-term expected rate of return on pension plan investments of 7.00% was applied to all periods of projected benefit payment to determine the total pension liability as of June 30, 2021.

Cleveland Heights-University Heights City School District

Notes to the Basic Financial Statements (continued)

For the Fiscal Year Ended June 30, 2022

Note 11: Pension Plans (continued)

F. Actuarial Assumptions - STRS (continued)

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate The following table presents the District's proportionate share of the net pension liability calculated using the current period discount rate assumption of 7.00%, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one-percentage-point lower (6.00%) or one-percentage-point higher (8.00%) than the current rate:

	1% Decrease <u>(6.00%)</u>	Current Discount Rate <u>(7.00%)</u>	1% Increase <u>(8.00%)</u>
District's proportionate share of the net pension liability	\$ 90,667,429	\$ 48,417,273	\$ 12,715,980

Assumption Changes Since the Prior Measurement Date Key assumptions used in calculating the total pension liability in the prior year are presented below:

Investment rate of return	7.45%, net of investment expenses, including inflation
Discount rate of return	7.45%

Note 12: Defined Benefit OPEB Plans

A. Plan Description - School Employees Retirement System (SERS)

Health Care Plan Description – The District contributes to the SERS Health Care Fund, administered by SERS for non-certificated retirees and their beneficiaries. For GASB 75 purposes, this plan is considered a cost-sharing other postemployment benefit (OPEB) plan. SERS' Health Care Plan provides healthcare benefits to eligible individuals receiving retirement, disability, and survivor benefits, and to their eligible dependents. Members who retire after June 1, 1986, need 10 years of service credit, exclusive of most types of purchased credit, to qualify to participate in SERS' health care coverage. In addition to age and service retirees, disability benefit recipients and beneficiaries who are receiving monthly benefits due to the death of a member or retiree, are eligible for SERS' health care coverage. Most retirees and dependents choosing SERS' health care coverage are over the age of 65 and therefore enrolled in a fully insured Medicare Advantage plan; however, SERS maintains a traditional, self-insured preferred provider organization for its non-Medicare retiree population. For both groups, SERS offers a self-insured prescription drug program. Health care is a benefit that is permitted, not mandated, by statute.

The financial report of the Plan is included in the SERS Annual Comprehensive Financial Report which can be obtained on SERS' website at www.ohsers.org under Employers/Audit Resources.

Cleveland Heights-University Heights City School District

Notes to the Basic Financial Statements (continued)

For the Fiscal Year Ended June 30, 2022

Note 12: Defined Benefit OPEB Plans (continued)

A. Plan Description - School Employees Retirement System (SERS) (continued)

Access to health care for retirees and beneficiaries is permitted in accordance with Section 3309 of the Ohio Revised Code. The Health Care Fund was established and is administered in accordance with Internal Revenue Code Section 105(e). SERS' Retirement Board reserves the right to change or discontinue any health plan or program. The SERS Retirement Board established the rules for the premiums paid by the retirees for health care coverage for themselves and their dependents or for their surviving beneficiaries. Premiums vary depending on the plan selected, qualified years of service, Medicare eligibility, and retirement status.

Funding Policy – State statute permits SERS to fund the health care benefits through employer contributions. Each year, after the allocation for statutorily required pensions and benefits, the Retirement Board may allocate the remainder of the employer contribution of 14.0% of covered payroll to the Health Care Fund in accordance with the funding policy. For fiscal year ended June 30, 2022, 0.0% of covered payroll was made to health care. Active employee members do not contribute to the Health Care Plan. An additional health care surcharge on employers is collected for employees earning less than an actuarially determined minimum compensation amount, pro-rated if less than a full year of service credit was earned. For fiscal year ended June 30, 2022, this amount was \$25,000. Statutes provide that no employer shall pay a health care surcharge greater than 2.0% of that employer's SERS-covered payroll; nor may SERS collect in aggregate more than 1.5% of the total statewide SERS-covered payroll for the health care surcharge. For fiscal year 2022, the District's surcharge obligation was \$199,917.

The surcharge, added to the allocated portion of the 14% employer contribution rate is the total amount assigned to the Health Care Fund. The District's contractually required contribution to SERS was \$199,917 for fiscal year 2022. Of this amount \$199,917 is reported as an intergovernmental payable.

B. Plan Description - State Teachers Retirement System (STRS)

Plan Description – The State Teachers Retirement System of Ohio (STRS) administers a cost-sharing Health Plan administered for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS. Ohio law authorizes STRS to offer this plan. Benefits include hospitalization, physicians' fees, prescription drugs and partial reimbursement of monthly Medicare Part B premiums. The Plan is included in the report of STRS which can be obtained by visiting www.strsoh.org or by calling (888) 227-7877.

Funding Policy – Ohio Revised Code Chapter 3307 authorizes STRS to offer the Plan and gives the Retirement Board discretionary authority over how much, if any, of the health care costs will be absorbed by STRS. Active employee members do not contribute to the Health Care Plan. Nearly all health care plan enrollees, for the most recent year, pay a portion of the health care costs in the form of a monthly premium. Under Ohio law, funding for post-employment health care may be deducted from employer contributions, currently 14% of covered payroll. For the fiscal year ended June 30, 2022, STRS did not allocate any employer contributions to post-employment health care.

Cleveland Heights-University Heights City School District

Notes to the Basic Financial Statements (continued)

For the Fiscal Year Ended June 30, 2022

Note 12: Defined Benefit OPEB Plans (continued)

C. OPEB Liabilities (Assets), OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

The net OPEB liability (asset) was measured as of June 30, 2021, and the total OPEB liability used to calculate the net OPEB liability (asset) was determined by an actuarial valuation as of that date. The District's proportion of the net OPEB liability (asset) was based on the District's share of contributions to the respective retirement systems relative to the contributions of all participating entities. Following is information related to the proportionate share and OPEB expense:

	<u>SERS</u>	<u>STRS</u>	<u>Total</u>
Proportion of net OPEB liability/asset prior measurement date	0.425284%	0.400445%	
Proportion of net OPEB liability/asset current measurement date	<u>0.404945%</u>	<u>0.378677%</u>	
Change in proportionate share	<u>(0.020339%)</u>	<u>(0.021768%)</u>	
Proportionate share of the net OPEB liability	\$ 7,663,925	\$ -	\$ 7,663,925
Proportionate share of the net OPEB (asset)	\$ -	\$ (7,984,096)	\$ (7,984,096)
Reduction of OPEB expense	\$ (306,615)	\$ (840,106)	\$ (1,146,721)

At June 30, 2022, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	<u>SERS</u>	<u>STRS</u>	<u>Total</u>
Deferred outflows of resources			
Differences between expected and actual experience	\$ 81,692	\$ 284,288	\$ 365,980
Change in assumptions	1,202,288	509,991	1,712,279
Changes in proportionate share and difference between District contributions and proportionate share of contributions	164,498	1,664	166,162
District contributions subsequent to the measurement date	<u>199,917</u>	<u>-</u>	<u>199,917</u>
Total deferred outflows of resources	\$ <u>1,648,395</u>	\$ <u>795,943</u>	\$ <u>2,444,338</u>

Cleveland Heights-University Heights City School District

Notes to the Basic Financial Statements (continued)

For the Fiscal Year Ended June 30, 2022

Note 12: Defined Benefit OPEB Plans (continued)

C. OPEB Liabilities (Assets), OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB (continued)

	<u>SERS</u>	<u>STRS</u>	<u>Total</u>
Deferred inflows of resources			
Difference between expected and actual experience	\$ 3,816,979	\$ 1,462,830	\$ 5,279,809
Change in assumptions	1,049,510	4,763,095	5,812,605
Difference between projected and actual earnings on plan investments	166,501	2,213,053	2,379,554
Changes in proportionate share and difference between District contributions and proportionate share of contributions	<u>1,228,422</u>	<u>603,077</u>	<u>1,831,499</u>
Total deferred inflows of resources	\$ <u>6,261,412</u>	\$ <u>9,042,055</u>	\$ <u>15,303,467</u>

The \$199,917 reported as deferred outflows of resources related to OPEB resulting from the District contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in the year ending June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

	<u>SERS</u>	<u>STRS</u>	<u>Total</u>
Fiscal Year Ending June 30:			
2023	\$ (1,091,226)	\$ (2,463,235)	\$ (3,554,461)
2024	(1,092,393)	(2,407,852)	(3,500,245)
2025	(1,039,589)	(2,133,005)	(3,172,594)
2026	(899,020)	(930,577)	(1,829,597)
2027	(521,600)	(316,889)	(838,489)
Thereafter	<u>(169,106)</u>	<u>5,446</u>	<u>(163,660)</u>
Total	\$ <u>(4,812,934)</u>	\$ <u>(8,246,112)</u>	\$ <u>(13,059,046)</u>

Due to changes in allocation in the net OPEB liability, the food service non-major enterprise fund reports negative fringe benefit expense in its related financial statements.

D. Actuarial Assumptions - SERS

The total OPEB liability is determined by SERS' actuaries in accordance with GASB Statement No. 74, as part of their annual actuarial valuation for each retirement plan. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts (e.g., salaries, credited service) and assumptions about the probability of occurrence of events far into the future (e.g., mortality, disabilities, retirements, employment terminations). Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

Cleveland Heights-University Heights City School District

Notes to the Basic Financial Statements (continued)

For the Fiscal Year Ended June 30, 2022

Note 12: Defined Benefit OPEB Plans (continued)

D. Actuarial Assumptions - SERS (continued)

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employers and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations.

Actuarial calculations reflect a long-term perspective. For a newly hired employee, actuarial calculations will take into account the employee's entire career with the employer and also take into consideration the benefits, if any, paid to the employee after termination of employment until the death of the employee and any applicable contingent annuitant. In many cases, actuarial calculations reflect several decades of service with the employer and the payment of benefits after termination.

Key methods and assumptions used in calculating the total OPEB liability in the latest actuarial valuation date of June 30, 2021, are presented below:

Wage inflation	2.40%
Projected salary increases	3.25% to 13.58%, including inflation
Investment rate of return	7.00%
Municipal bond index rate:	
Measurement date	1.92%
Prior measurement date	2.45%
Single equivalent interest rate, net of plan investment expense, including price inflation	
Measurement date	2.27%
Prior measurement date	2.63%
Medical trend assumption	
Medicare	5.125 % to 4.400%
Pre-Medicare	6.750 % to 4.400%

Mortality rates were based on the PUB-2010 General Employee Amount Weighted Below Median Healthy Retiree mortality table projected to 2017 with ages set forward 1 year and adjusted 94.20% for males and set forward 2 years and adjusted 81.35% for females. PUB-2010 General Disabled Retiree mortality table projected to 2017 with ages set forward 5 years and adjusted 103.3% for males and set forward 3 years and adjusted 106.8% for females.

The most recent experience study was completed for the five year period ended June 30, 2020.

The long-term expected rate of return on plan assets is reviewed as part of the actuarial five-year experience study. The most recent study covers fiscal years 2015 through 2020, and was adopted by the Board in 2021. Several factors are considered in evaluating the long-term rate of return assumption including long-term historical data, estimates inherent in current market data, and a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return were developed by the investment consultant for each major asset class.

Cleveland Heights-University Heights City School District

Notes to the Basic Financial Statements (continued)

For the Fiscal Year Ended June 30, 2022

Note 12: Defined Benefit OPEB Plans (continued)

D. Actuarial Assumptions - SERS (continued)

These ranges were combined to produce the long-term expected rate of return, 7.00%, by weighting the expected future real rates of return by the target asset allocation percentage and then adding expected inflation. The capital market assumptions developed by the investment consultant are intended for use over a 10-year horizon and may not be useful in setting the long-term rate of return for funding pension plans which covers a longer timeframe. The assumption is intended to be a long-term assumption and is not expected to change absent a significant change in the asset allocation, a change in the inflation assumption, or a fundamental change in the market that alters expected returns in future years.

The target asset allocation and best estimates of arithmetic real rates of return for each major asset class, as used in the June 30, 2020 five-year experience study, are summarized as follows:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Cash	2.00%	(0.33%)
US equity	24.75	5.72
Non-US equity developed	13.50	6.55
Non-US equity emerging	6.75	8.54
Fixed income/global bonds	19.00	1.14
Private equity	11.00	10.03
Real estate/real assets	16.00	5.41
Multi-asset strategies	4.00	3.47
Private debt/private credit	3.00	5.28
Total	<u>100.00%</u>	

Discount Rate The discount rate used to measure the total OPEB liability at June 30, 2021 was 2.27%. The projection of cash flows used to determine the discount rate assumed that contributions will be made from members and the system at the State statute contribution rate of 1.50% of projected covered employee payroll each year, which includes a 1.50% payroll surcharge and no contributions from the basic benefits plan. Based on these assumptions, the OPEB plan's fiduciary net position was projected to become insufficient to make all projected future benefit payments of current System members by SERS actuaries. The Municipal Bond Index Rate is used in the determination of the SERS for the June 30, 2021 total OPEB liability. The Municipal Bond Index rate is the single rate that will generate a present value of benefit payments equal to the sum of the present value determined by the long-term expected rate of return, and the present value determined by discounting those benefits after the date of depletion. The Municipal Bond Index Rate is 1.92% at June 30, 2021.

Sensitivity of the School District's Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate and Changes in the Health Care Cost Trend Rates The net OPEB liability is sensitive to changes in the discount rate and the health care cost trend rate. The following table presents the net OPEB liability of SERS, what SERS' net OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower (1.27%) and higher (3.27%) than the current discount rate (2.27%). Also shown is what SERS' net OPEB liability would be based on health care cost trend rates that are 1% point lower (5.75% decreasing to 3.40%) and higher (7.75% decreasing to 5.40%) than the current rate.

Cleveland Heights-University Heights City School District

Note 12: Defined Benefit OPEB Plans (continued)

D. Actuarial Assumptions - SERS (continued)

	<u>1% Decrease</u> <u>(1.27%)</u>	<u>Current</u> <u>Discount Rate</u> <u>(2.27%)</u>	<u>1% Increase</u> <u>(3.27%)</u>
District's proportionate share of the net OPEB liability	\$ 9,496,529	\$ 7,663,925	\$ 6,199,908

	<u>1% Decrease</u>	<u>Current</u> <u>Trend Rate</u>	<u>1% Increase</u>
District's proportionate share of the net OPEB liability	\$ 5,900,593	\$ 7,663,925	\$ 10,019,192

Assumption Changes Since the Prior Measurement Date Key assumptions used in calculating the total OPEB liability in the prior year are presented below:

Wage inflation	3.00%
Projected salary increases	3.50% to 18.20%, including inflation
Investment rate of return	7.50%
Medical Trend Assumption	
Medicare	5.25% to 4.75%
Pre-Medicare	7.00% to 4.75%

E. Actuarial Assumptions - STRS

Key methods and assumptions used in the latest actuarial valuation, reflecting experience study results used in the June 30, 2021 actuarial valuation are presented below:

Salary increases	12.50% at age 20 to 2.50% at age 65
Payroll increases	3.00%
Investment rate of return	7.00%, net of investment expenses, including inflation
Discount rate of return	7.00%

	<u>Initial</u>	<u>Ultimate</u>
Health care cost trends		
Medical		
Pre-Medicare	5.00%	4.00%
Medicare	(16.18%)	4.00%
Prescription drug		
Pre-Medicare	6.50%	4.00%
Medicare	29.98%	4.00%

Projections of benefits include the historical pattern of sharing benefit costs between the employers and retired plan members.

Cleveland Heights-University Heights City School District

Notes to the Basic Financial Statements (continued)

For the Fiscal Year Ended June 30, 2022

Note 12: Defined Benefit OPEB Plans (continued)

E. Actuarial Assumptions - STRS (continued)

For healthy retirees the mortality rates are based on the RP-2014 Annuitant Mortality Table with 50% of rates through age 69, 70% of rates between ages 70 and 79, 90% of rates between ages 80 and 84, and 100% of rates thereafter, projected forward generationally using mortality improvement scale MP-2016. For disabled retirees, mortality rates are based on the RP-2014 Disabled Mortality Table with 90% of rates for males and 100% of rates for females, projected forward generationally using mortality improvement scale MP-2016.

Actuarial assumptions used in the June 30, 2021 valuation are based on the results of an actuarial experience study for the period July 1, 2011 through June 30, 2016.

STRS' investment consultant develops an estimate range for the investment return assumption based on the target allocation adopted by the Retirement Board. The target allocation and long-term expected rate of return for each major asset class are summarized as follows:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long Term Expected Real Rate of Return*</u>
Domestic equity	28.00%	7.35%
International equity	23.00	7.55
Alternatives	17.00	7.09
Fixed income	21.00	3.00
Real estate	10.00	6.00
Liquidity reserves	1.00	2.25
Total	<u>100.00%</u>	

* 10 year annualized geometric nominal returns include the real rate of return and inflation of 2.25%, and does not include investment expenses. Over a 30-year period, STRS's investment consultant indicates that the above target allocations should generate a return above the actuarial rate of return, without net value added by management.

Discount Rate The discount rate used to measure the total OPEB liability was 7.00% as of June 30, 2021. The projection of cash flows used to determine the discount rate assumes STRS continues to allocate no employer contributions to the health care fund. Based on these assumptions, the OPEB plan's fiduciary net position was projected to make all projected future benefit payments to current plan members. Therefore, the long-term expected rate of return on health care plan investments of 7.00% was used to measure the total OPEB liability as of June 30, 2021.

Sensitivity of the School District's Proportionate Share of the Net OPEB Asset to Changes in the Discount and Health Care Cost Trend Rate The following table represents the net OPEB asset as of June 30, 2022, calculated using the current period discount rate assumption of 7.00%, as well as what the net OPEB asset would be if it were calculated using a discount rate that is one percentage point lower (6.00%) or one percentage point higher (8.00%) than the current assumption. Also shown is the net OPEB asset as if it were calculated using health care cost trend rates that are one percentage point lower or one percentage point higher than the current health care cost trend rates.

Cleveland Heights-University Heights City School District

Notes to the Basic Financial Statements (continued)

For the Fiscal Year Ended June 30, 2022

Note 12: Defined Benefit OPEB Plans (continued)

E. Actuarial Assumptions - STRS (continued)

	<u>1% Decrease</u> <u>(6.00%)</u>	<u>Current</u> <u>Discount Rate</u> <u>(7.00%)</u>	<u>1% Increase</u> <u>(8.00%)</u>
District's proportionate share of the net OPEB asset	\$ 6,737,344	\$ 7,984,096	\$ 9,025,572

	<u>1% Decrease</u>	<u>Current</u> <u>Trend Rate</u>	<u>1% Increase</u>
District's proportionate share of the net OPEB asset	\$ 8,983,372	\$ 7,984,096	\$ 6,748,401

Assumption Changes Since the Prior Measurement Date: Key assumptions used in calculating the total OPEB liability in the prior year are presented below:

Investment rate of return	7.45%, net of investment expenses, including inflation
Discount rate of return	7.45%

	<u>Initial</u>	<u>Ultimate</u>
Health care cost trends		
Medical		
Medicare	(6.69%)	4.00%
Prescription drug		
Medicare	11.87%	4.00%

Benefit Term Changes Since the Prior Measurement Date The non-Medicare subsidy percentage was increased effective January 1, 2022 from 2.055% to 2.100%. The non-Medicare frozen subsidy base premium was increased effective January 1, 2022. The Medicare Part D subsidy was updated to reflect it is expected to be negative in 2022. The Medicare Part B monthly reimbursement elimination date was postponed indefinitely.

Note 13: Employee Benefits

A. Compensated Absences

The criteria for determining vacation, personal leave, sick leave, and compensatory time components are derived from negotiated agreements and state laws. Classified employees and administrators earn ten to twenty days of vacation per fiscal year, depending upon length of service. Accumulated, unused vacation time is paid to classified employees and administrators upon termination of employment. Teachers do not earn vacation time.

Each employee earns sick leave at the rate of one and one-fourth days per month. Sick leave may be accumulated with no maximum. Upon retirement, payment is made for one-fourth of the first 360 days of total sick leave accumulation plus one-eighth the next 99 days. The entire compensated absence liability is reported on the government-wide financial statements.

Cleveland Heights-University Heights City School District

Notes to the Basic Financial Statements (continued)

For the Fiscal Year Ended June 30, 2022

Note 13: Employee Benefits (continued)

B. Early Retirement Incentive

The District offers employees participation in a Retirement Incentive Program. Participation is open to teachers who have been employed by the District for at least ten years and who opt to retire at the end of any school year and have been approved by STRS to receive retirement benefits other than disability retirement with thirty years or fewer of service credit.

Eligible employees must notify the Board of their intention to retire in writing, no later than March 1 of the year they intend to retire. Eligible employees who fulfill the above requirements will receive two equal lump sums of \$12,000, each to be paid as soon after June 30 as practicable in the year of retirement and the following year. Certain classified employees are also eligible to receive a retirement incentive.

The last installment of the 2020-2021 and the first installment of the 2021-2022 Retirement Incentive Programs were paid prior to June 30, 2022. These payments of \$216,000 were made from the General Fund.

The last installment of the 2021-2022 and the first installment of the 2022-2023 Retirement Incentive Programs will be paid starting in July 2022. These payments of \$192,000 will be made from the General Fund and are reported in accrued wages and benefits in the fund financial statements.

The last installment of the 2022-2023 Retirement Incentive Programs will be completed in July 2023. The payments of \$72,000 will be made from the General Fund and are reported on the government-wide financial statements.

Note 14: Long - Term Liabilities

The changes in the District's long-term obligations during fiscal year 2022 were as follows:

	Principal Outstanding at 6/30/21	<u>Additions</u>	<u>Deletions</u>	Principal Outstanding at 6/30/22	Amounts Due in One Year
Governmental activities:					
2012 \$6,750,000 Library Improvement Refunding Bonds – interest rates of 2.00-2.25%	\$ 3,135,000	\$ -	\$ 500,000	\$ 2,635,000	\$ 510,000
Premium on Library Improvement Refunding Bonds	79,887	-	13,315	66,572	-

*Direct placement

The school improvement bonds will be paid from property taxes. The asset retirement obligation will be paid from the General Fund. Compensated absences will be paid from the General Fund and various other governmental funds as they are paid. The District pays obligations related to employee compensation from the fund benefitting from their service.

During fiscal year 2013, the District issued \$6,750,000 in General Obligation (Unlimited Tax) Library Refunding Bonds for the purpose of refunding Library Improvement Bonds outstanding in order to take advantage of lower interest rates. The interest rates range from 2.00% to 2.25%.

Cleveland Heights-University Heights City School District

Notes to the Basic Financial Statements (continued)

For the Fiscal Year Ended June 30, 2022

Note 14: Long - Term Liabilities (continued)

The refunding bonds were sold at a premium of \$199,722. Proceeds and premium of \$6,949,722 and cash reserves of \$170,318 were deposited in an irrevocable trust with an escrow agent to provide for all future debt service payments on the refunded portion of the certificates of participation. The refunded bonds were called and redeemed in full in December 2012.

On March 4, 2014, the District issued \$134,799,915 in General Obligation (Unlimited Tax) School Improvement Bonds for the purpose of constructing, renovating, remodeling, enlarging, furnishing, equipping and otherwise improving school district buildings and facilities and acquiring, improving and equipping sites for such buildings and facilities. The interest rates range from 3.27% to 19.85%.

During fiscal year 2018, the District issued \$60,725,000 in General Obligation (Unlimited Tax) School Improvement Bonds for the purpose of partially refunding the 2014 General Obligation (Unlimited Tax) School Improvement Bonds outstanding. The interest rates range from 3.50% to 69.58%. The refunding bonds were sold at a premium of \$9,804,394 and resulted in a loss on refunding of \$8,692,122. Proceeds and premium of \$70,089,641 were deposited in an irrevocable trust with an escrow agent to provide for all future debt service payments on the refunded portion of the Series 2014 bonds. As a result, \$60,725,000 of the Series 2014 bonds are considered defeased and the liability for the refunded portion of these bonds has been removed from the District's financial statements. As of June 30, 2022, the amount of defeased debt outstanding amounted to \$60,725,000. The District decreased its total debt service payments by \$4,936,339 as a result of the refunding. The District also incurred an economic gain (difference between the present value of the old and new debt service payments) of \$4,276,471.

During fiscal year 2022, the District issued \$66,686,779 in General Obligation (Unlimited Tax) School Improvement Bonds for the purpose of partially refunding the 2014 General Obligation (Unlimited Tax) School Improvement Bonds outstanding. The interest rates range from 2.74% to 15.35%. The refunding bonds were sold at a premium of \$6,619,621 and resulted in a loss on refunding of \$5,262,165. Proceeds and premium of \$72,639,779 were deposited in an irrevocable trust with an escrow agent to provide for all future debt service payments on the refunded portion of the Series 2014 bonds. As a result, \$66,690,000 of the Series 2014 bonds are considered defeased and the liability for the refunded portion of these bonds has been removed from the District's financial statements. As of June 30, 2022, the amount of defeased debt outstanding amounted to \$66,690,000. The District decreased its total debt service payments by \$14,585,071 as a result of the refunding. The District also incurred an economic gain (difference between the present value of the old and new debt service payments) of \$12,302,340.

Cleveland Heights-University Heights City School District

Notes to the Basic Financial Statements (continued)

For the Fiscal Year Ended June 30, 2022

Note 14: Long - Term Liabilities (continued)

On March 18, 2014 the District entered into a \$21,000,000 lease agreement with the Ohio School Building Leasing Corporation (the “Leasing Corporation”) for facility upgrades. The lease is an annual lease subject to renewal for 31 years through December 1, 2043. The Leasing Corporation entered into an agreement with a trustee through which it assigned and transferred rights and interest under the lease to the Huntington National Bank as Trustee. The Trustee issued Certificates of Participation in the lease agreement enabling holders of the Certificates to receive a portion of the semi-annual lease payments.

The obligation of the District under the lease and any subsequent lease renewal is subject to annual appropriation of the rental payments. Legal title of the facilities remains with the Leasing Corporation until all payments required under the lease have been made. At that time, title will transfer to the District. The annual principal and interest requirements are payable from proceeds from the permanent improvement tax levy. The Certificates of Participation are not a general obligation of the District but are payable only from appropriations in the Bond Retirement Fund by the District for annual lease payments.

On July 26, 2021 the District issued \$14,660,000 of Certificates of Participation for the purpose of refunding the 2014 Certificates of Participation. The refunding certificates were sold at a premium of \$3,078,295 and resulted in a loss on refunding of \$387,538. Proceeds and premium of \$17,449,485 were deposited in an irrevocable trust with an escrow agent to provide for all future debt service payments on the 2014 certificates. The District decreased its total debt service payments by \$3,897,122 as a result of the refunding. The District also incurred an economic gain (difference between the present value of the old and new debt service payments) of \$3,691,501.

The legal debt margin of the District as of June 30, 2022, was \$-0- with an unvoted debt margin of \$1,239,481.

Principal and interest requirements to retire general obligation bonds and library improvement bonds outstanding at June 30, 2022, are as follows:

Note 15: Financed Purchases

The District has entered into financed purchase agreements for copier equipment. Governmental activities capital assets consisting of copier equipment have financed purchase balances at June 30, 2022 in the amount of \$54,930. For the copier equipment, the present value of the future minimum payments at the time of acquisition was \$143,326 less accumulated depreciation, \$86,802. Principal payments for all financed purchases in the 2022 fiscal year totaled \$29,018. These amounts are reported as debt service principal expenditures of the General Fund.

Cleveland Heights-University Heights City School District

Notes to the Basic Financial Statements (continued)

For the Fiscal Year Ended June 30, 2022

Note 15: Financed Purchases (continued)

The following is a schedule of the future minimum payments required under the financed purchase agreement as of June 30, 2022:

	Financed Purchase		
	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2023	\$ 30,470	\$ 1,888	\$ 32,358
2024	15,792	720	16,512
2025	8,668	124	8,792
Total	<u>\$ 54,930</u>	<u>\$ 2,732</u>	<u>\$ 57,662</u>

Amortization of financed purchases is included in depreciation expense. The financed purchases are considered direct placements.

Note 16: Jointly Governed Organization

The Ohio Schools' Council (the "Council") is a jointly governed organization of more than 260 school districts, educational service centers, joint vocational districts and Developmental Disabilities boards. The jointly governed organization was created for the purpose of saving money through volume purchases. Each member supports the Council by paying an annual participation fee. Each member's superintendent serves as a representative of the Assembly. The Assembly elects five of the Council's Board members and the remaining four are representatives of the Greater Cleveland School Superintendents' Association. The Council operates under a nine-member Board of Directors (the "Council Board").

The Council Board is the policy making authority of the Council. The Council Board meets monthly September to June. The Council Board appoints the Executive Director who is responsible for receiving and disbursing funds, investing available funds, preparing financial reports for the Council Board and Assembly and carrying out such other responsibilities as designated by the Board. In fiscal year 2022, the District paid \$207,380 to the Council. Financial information can be obtained by contacting William Zelei, the Executive Director of the Ohio Schools' Council at 6393 Oak Tree Blvd, Suite 377, Independence, Ohio 44131.

The School District also participates in the Council's electricity group purchase program. The Council's current program, Power 4 Schools, offerings electric generation savings for Ohio school districts.

The District participates in the Council's prepaid natural gas program. This program allows school districts to purchase natural gas at reduced rates. Constellation New Energy (Formerly Compass) is the natural gas supplier and program manager. There are currently 165 participants in the program. The participants make monthly payments based on estimated usage. Each September, these estimated payments are compared to their actual usage for the year (July to June). Districts that paid more in estimated billings than their actual billings are issued credits on future billings beginning in September until the credits are exhausted and districts that did not pay enough on estimated billings are invoiced for the difference on the September monthly estimated billing.

Cleveland Heights-University Heights City School District

Notes to the Basic Financial Statements (continued)

For the Fiscal Year Ended June 30, 2022

Note 17: Set-Aside Requirements

The District is required by State statute to annually set aside in the General Fund an amount on a statutory formula for the acquisition and construction of capital improvements. Amounts not spent by the end of the fiscal year or offset by similarly restricted resources received during the year must be held in cash at year-end and carried forward to be used for the same purposes in future years.

The following cash basis information describes the changes in the year end set-aside amounts for capital improvements. Disclosure of this information is required by State statute.

	Capital Improvements
Set-aside reserve balance as of June 30, 2021	\$ -
Qualifying off-sets	(3,383,660)
Current year set-aside requirements	864,296
Qualifying disbursements	<u>(654,150)</u>
Total set-aside reserve balance as of June 30, 2022	\$ <u><u>(3,173,514)</u></u>

Although the District had qualifying disbursements during the year that reduced the capital improvements set-aside amount below zero, this amount may not be used to reduce the set-aside requirement for future fiscal years. This negative balance is therefore not presented as being carried forward to future fiscal years.

Note 18: Contractual Commitments and Other Significant Commitments

At June 30, 2022, the District's significant contractual commitments consisted of:

<u>Project</u>	<u>Contract Amount</u>	<u>Amount Paid</u>	<u>Remaining on Contract</u>
Canterbury windows	\$ 866,298	\$ 153,103	\$ 713,195
Noble windows	402,381	18,224	384,157
Bus depot	3,044,450	563,040	2,481,410
Canterbury and Fairfax playgrounds	295,492	1,650	293,842
Elementary, Delisle, Board of Education and Wiley HVAC controls	1,805,370	1,091,470	713,900
Noble roof	316,256	266,199	50,057
High School roof	396,865	199,810	197,055
Roxboro roof	411,678	166,044	245,634
Elementary smart panels	852,510	381,908	470,602
Roxboro kitchen serving line	<u>682,722</u>	<u>96,298</u>	<u>586,424</u>
Total	\$ <u><u>9,074,022</u></u>	\$ <u><u>2,937,746</u></u>	\$ <u><u>6,136,276</u></u>

Cleveland Heights-University Heights City School District

Notes to the Basic Financial Statements (continued)

For the Fiscal Year Ended June 30, 2022

Note 18: Contractual Commitments and Other Significant Commitments (continued)

Other significant commitments include the encumbrances outstanding for the General Fund and Nonmajor Funds were as follows:

	<u>Encumbrances</u>
General fund	\$ 2,394,048
Nonmajor governmental funds	2,910,817
Nonmajor enterprise funds	<u>76,932</u>
Total other significant commitments	<u>\$ 5,381,797</u>

Note 19: Contingencies

A. Grants

The District receives significant financial assistance from numerous federal, state and local agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the District at June 30, 2022.

B. Litigation

The District is party to legal proceedings. The District is of the opinion that ultimate disposition of claims will not have a material effect, if any, on the financial condition of the District.

C. Foundation Funding

District foundation funding is based on the annualized full-time equivalent (FTE) enrollment of each student. The Ohio Department of Education (ODE) is legislatively required to adjust/reconcile funding as enrollment information is updated by schools throughout the State, which can extend past the fiscal year end. ODE has finalized the adjustments and they did not have any significant impact on the District's funding.

Note 20: Related Organization

The Cleveland Heights-University Heights Public Library is a distinct political subdivision of the State of Ohio created under Chapter 3375 of the Ohio Revised Code. The Library is governed by a Board of Trustees appointed by the District's Board of Education. The Board of Trustees possesses its own contracting and budgeting authority, hires and fires personnel and does not depend on the District for operational subsidies.

Although the District serves as the taxing authority and may issue tax related debt on behalf of the Library, its role is limited to a ministerial function. The determination to request approval of a tax, the rate, and the purpose are discretionary decisions made solely by the Board of Trustees. Financial information can be obtained from the Cleveland Heights-University Heights Public Library at 2345 Lee Road, Cleveland Heights, Ohio 44118.

Cleveland Heights-University Heights City School District

Notes to the Basic Financial Statements (continued)

For the Fiscal Year Ended June 30, 2022

Note 21: Accountability

The following funds had deficit fund balances/net position at June 30, 2022:

Special Revenue Funds:

Title I	\$ 390,514
Elementary and Secondary School Emergency Relief (ESSER)	339,148
Idea (Flo-Thru)	133,513
Miscellaneous Federal Grants	99,367
Vocational Education	98,069
Title IIA-Improving Teacher Quality	48,069
Title IV	46,209
Public School Preschool Grant	3,465
Other Grants Fund	2,163
Title IV A-Student Supports and Academic Enrichment	992
Preschool Disabilities Grant	262
Title III	5

The deficits in the special revenue funds are due to timing differences in accruing revenues and expenditures. The General Fund is liable for any deficit in the funds and provides transfers when cash is required, not when accruals occur.

Note 22: Asset Retirement Obligations

Ohio Administrative Code Section 1301-7-9 requires a District classified as an “owner” or “operator,” to remove from the ground any underground storage tank (UST) that is not in use for a year or more. A permit must first be obtained for that year it is not being used. Once the UST is removed, the soil in the UST cavity and excavated material must be tested for contamination. This asset retirement obligation (ARO) of \$43,848 associated with the District’s underground storage tanks was estimated by the District and adjusted for inflation. The remaining useful life of these USTs are 11 years. The District maintains insurance related to any potential pollution remediation associated with the USTs.

Note 23: COVID-19

The United States and the State of Ohio declared a state of emergency in March 2020 due to the COVID-19 pandemic. The financial impact of COVID-19 and the continuing emergency measures may impact subsequent periods of the District. The District’s investment portfolio and the investments of the pension and other employee benefit plan in which the District participates fluctuate with market conditions, and due to market volatility, the amount of gains or losses that will be recognized in subsequent periods, if any, cannot be determined. In addition, the impact on the District’s future operating costs, revenues, and any recovery from emergency funding, either federal or state, cannot be estimated.

Notes to Required Supplementary Information

For the Fiscal Year Ended June 30, 2022

Note 1: Net Pension Liability

Changes in Assumptions – SERS

Beginning in fiscal year 2022, an assumption of 2.0% was used for COLA or Ad Hoc Cola. Beginning in fiscal year 2018, an assumption of 2.5% was used. Prior to 2018, an assumption of 3.0% was used.

Beginning with fiscal year 2022, amounts reported incorporate changes in assumptions used by SERS in calculating the total pension liability in the latest actuarial valuation. Assumptions are compared to those used in prior fiscal years below:

	<u>Fiscal Year 2022</u>	
Wage inflation	2.40%	
Future salary increases, including inflation	3.25% to 13.58%	
Investment rate of return	7.00% net of investments expense, including inflation	
	<u>Fiscal Year 2021-2017</u>	<u>Fiscal Year 2016 and Prior</u>
Wage Inflation	3.00%	3.25%
Future Salary Increases, including inflation	3.50% to 18.20%	4.00% to 22.00%
Investment Rate of Return	7.50% net of investments expense, including inflation	7.75% net of investments expense, including inflation

Beginning with fiscal year 2022, mortality assumptions use mortality rates that are based on the PUB-2010 General Employee Amount Weight Below Median Healthy Retiree mortality table projected to 2017 with ages set forward 1 year and adjusted 94.20% for males and set forward 2 years and adjusted 81.35% for females. Beginning with fiscal year 2017, mortality assumptions use mortality rates that are based on the RP-2014 Blue Collar Mortality Table with fully generational projection and a five year age set-back for both males and females. Amounts reported for fiscal year 2016 and prior, use mortality assumptions that are based on the 1994 Group Annuity Mortality Table set back one year for both men and women. Special mortality tables were used for the period after disability retirement.

Changes in Assumptions – STRS

Beginning with fiscal year 2022, amounts reported incorporate changes in assumptions and changes in benefit terms used by STRS in calculating the total pension liability in the latest actuarial valuation. These new assumptions are compared to those used in prior fiscal years are presented below:

Cleveland Heights-University Heights City School District

Notes to Required Supplementary Information (continued)

For the Fiscal Year Ended June 30, 2022

Note 1: Net Pension Liability (continued)

Changes in Assumptions – STRS (continued)

	<u>Fiscal Year 2022</u>		
Inflation	2.50%		
Projected salary increases	12.50% at age 20 to 2.50% at age 65		
Investment rate of return	7.00%, net of investment expenses, including inflation		
Payroll increases	3.00%		
Cost-of-Living Adjustments (COLA)	0.00%, effective July 1, 2017		
	<u>Fiscal Year 2021-2018</u>	<u>Fiscal Year 2017 and Prior</u>	
Inflation	2.50%	2.75%	
Projected salary increases	12.50% at age 20 to 2.50% at age 65	12.25% at age 20 to 2.75% at age 70	
Investment rate of return	7.45%, net of investment expenses, including inflation	7.75%, net of investment expenses, including inflation	
Payroll increases	3.00%	3.50%	
Cost-of-Living Adjustments (COLA)	0.00%, effective July 1, 2017	2.00% simple applied as follows: for members retiring before August 1, 2013, 2.00% per year; for members retiring August 1, 2013, or later, 2.00% COLA commences on fifth anniversary of retirement date.	

Beginning in fiscal year 2018 post-retirement mortality rates for healthy retirees are based on the RP-2014 Annuitant Mortality Table with 50% of rates through age 69, 70% of rates between ages 70 and 79, 90% of rates between ages 80 and 84, and 100% of rates thereafter, projected forward generationally using mortality improvement scale MP-2016. Post-retirement disabled mortality rates are based on the RP-2014 Disabled Mortality Table with 90% of rates for males and 100% of rates for females, projected forward generationally using mortality improvement scale MP-2016. Pre-retirement mortality rates are based on RP-2014 Employee Mortality Table, projected forward generationally using mortality improvement scale MP-2016.

For fiscal year 2017 and prior actuarial valuation, mortality rates were based on the RP-2000 Combined Mortality Table (Projection 2022—Scale AA) for Males and Females. Males' ages are set-back two years through age 89 and no set-back for age 90 and above. Females younger than age 80 are set back four years, one year set back from age 80 through 89, and no set back from age 90 and above.

Cleveland Heights-University Heights City School District

Notes to Required Supplementary Information (continued)

For the Fiscal Year Ended June 30, 2022

Note 2: Net OPEB Liability (Asset)

Changes in Assumptions – SERS

Amounts reported incorporate changes in key methods and assumptions used in calculating the total OPEB liability as presented below:

Municipal Bond Index Rate:

Fiscal year 2022 1.92%

Fiscal year 2021 2.45%

Fiscal year 2020 3.56%

Fiscal year 2019 3.62%

Fiscal year 2018 3.56%

Fiscal year 2017 2.92%

Single Equivalent Interest Rate, net of plan investment expense, including price inflation:

Fiscal year 2022 2.27%

Fiscal year 2021 2.63%

Fiscal year 2020 3.63%

Fiscal year 2019 3.70%

Fiscal year 2018 3.63%

Fiscal year 2017 2.98%

Beginning in fiscal year 2022 the Medicare healthcare cost trend rate was updated from 7.00% decreasing to 4.75% to 6.75% decreasing to 4.40%. Beginning in fiscal year 2021 the Medicare healthcare cost trend rate was updated from 7.25% decreasing to 4.75% to 7.00% decreasing to 4.75%. Beginning in fiscal year 2020 the Medicare healthcare cost trend rate was updated from 7.5% decreasing to 5.0% to 7.25% decreasing to 4.75%.

Changes in Assumptions – STRS

For fiscal year 2022 the discount rate was decreased from the long-term expected rate of return of 7.45% to the long-term expected rate of return of 7.00%.

For fiscal year 2019 the discount rate was increased from the blended rate of 4.13% to the long-term expected rate of return of 7.45%. Valuation year per capital health care costs were updated.

For fiscal year 2018, the discount rate was increased from 3.26% to 4.13% and the long term expected rate of return was reduced from 7.75% to 7.45%. Valuation year per capita health care costs were updated, and the salary scale was modified. The percentage of future retirees electing each option was updated based on current data and the percentage of future disabled retirees and terminated vested participants electing health coverage were decreased. The assumed mortality, disability, retirement, withdrawal and future health care cost trend rates were modified along with the portion of rebated prescription drug costs.

Cleveland Heights-University Heights City School District

Notes to Required Supplementary Information (continued)

For the Fiscal Year Ended June 30, 2022

Note 2: Net OPEB Liability (Asset) (continued)

Changes in Benefit Term Changes – STRS

There was no change to the claims costs process. Claim curves were updated to reflect the projected June 30 2022 premium based on June 30, 2021 enrollment distribution. The non-Medicare subsidy percentage was increased effective January 1, 2022 from 2.055% to 2.100%. The non-Medicare frozen subsidy base premium was increased effective January 1, 2022. The Medicare Part D subsidy was updated to reflect it is expected to be negative in 2022. The Medicare Part B monthly reimbursement elimination date was postponed indefinitely.

There was no change to the claims costs process. Claim curves were updated to reflect the projected June 30 2021 premium based on June 30, 2020 enrollment distribution. The non-Medicare subsidy percentage was increased effective January 1, 2021 from 1.984% to 2.055% per year of service. The non-Medicare frozen subsidy base premium was increased effective January 1, 2021. The Medicare subsidy percentages were adjusted effective January 1, 2021 to 2.1% for the AMA Medicare plan. The Medicare Part B monthly reimbursement elimination date was postponed indefinitely.

There was no change to the claims costs process. Claim curves were trended to the fiscal year ending June 30, 2020 to reflect the current price renewals. The non-Medicare subsidy percentage was increased effective January 1, 2020 from 1.944% to 1.984% per year of service. The non-Medicare frozen subsidy base premium was increased effective January 1, 2020. The Medicare subsidy percentages were adjusted effective January 1, 2021 to 2.1% for the Medicare plan. The Medicare Part B monthly reimbursement elimination date was postponed to January 1, 2021.

Also for fiscal year 2019, the subsidy multiplier for non-Medicare benefit recipients was increased from 1.9% to 1.944% per year of service effective January 1, 2019. The non-Medicare frozen subsidy base premium was increased effective January 1, 2019 and all remaining Medicare Part B premium reimbursements were discontinued beginning January 1, 2020.

Also for fiscal year 2018, the subsidy multiplier for non-Medicare benefit recipients was reduced from 2.1% to 1.9% per year of service. Medicare Part B premium reimbursements were discontinued for certain survivors and beneficiaries and all remaining Medicare Part B premium reimbursements were discontinued beginning January 2019.

Nonmajor Special Revenue Funds

Special revenue funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditure for specified purposes. Following is a description of the District's nonmajor special revenue funds:

Other Grants This fund is used to account for the proceeds of specific revenue sources, except for state and federal grants that are legally restricted to expenditures for specified purposes.

Student Activity This fund is used to account for those student activity programs which have student participation in the activity and limited student management of the programs.

District Managed Activity This fund is used to account for those student activity programs which have student participation in the activity but do not have student management of the programs. This fund would usually include athletic programs but could also include the band, cheerleaders, flag corps, and other similar types of activities.

Auxiliary Services This fund accounts for state funds for the purchase of science and math materials, as well as psychological and other supplemental services at the non-public schools within the District.

Public School Preschool Grant This fund accounts for the state revenues which address the educational needs of 4 year olds who are at risk of being poor achievers.

Data Communication This fund accounts for restricted state grant monies used for classroom wiring for technology.

Miscellaneous State Grants This fund represents state monies that support academic and enrichment programs for the student body.

Elementary and Secondary School Emergency Relief This fund is represents state monies that are restricted to respond to the COVID-19 pandemic.

Title IV The purpose of this federal program is to support the creation of community learning centers that provide academic enrichment opportunities during non-school hours for children.

Coronavirus Relief The purpose of this federal program is to cover costs that are necessary expenditures incurred due to the public health emergency with respect to the Coronavirus Disease 2019 (COVID-19).

IDEA (Flo-Thru) The purpose of this federal program is to assist schools in the identification of handicapped children, development of procedural safeguards, implementation of least-restrictive, alternative service patterns, and provision of full educational opportunities to handicapped children at the preschool, elementary and secondary levels.

Nonmajor Special Revenue Funds (continued)

Vocational Education Provides funds to boards of education, training institutions, and the state administering agency for cooperating in development of vocational education programs in the following categories: secondary, post-secondary, adult, disadvantaged and handicapped persons, exemplary programs cooperative education, construction of area vocational schools, ancillary services, research, advisory committees, and work-study projects, including six equity grants.

Title III This fund accounts for funds to develop and carry out elementary and secondary school programs, including activities at the pre-school level, to meet the educational needs of children of limited English proficiency. These programs provide structured English language instruction, with respect to the years of study to which the program is applicable, and instruction in the child's native language to the extent necessary to allow a child to achieve competence in English. The instruction incorporates the cultural heritage of these children and of other children in American society. The instruction must, to the extent necessary, be in all courses or subjects of study which will allow a child to meet grade promotion and graduation standards.

Title I The purpose of this federal program is to provide financial assistance to state and local education agencies to meet the special needs of educationally deprived children.

Title IVA – Student Supports and Academic Enrichment This fund accounts for funds received to provide all students with access to a well-rounded education, improve school conditions for student learning, and improve the use of technology in order to improve the academic achievement and digital literacy of all students.

Preschool Disabilities Grant The Preschool Grant Program, Section 619 of Public Law 99-457, addresses the improvement and expansion of services for handicapped children ages three (3) through five (5) years.

Title IIA - Improving Teacher Quality This fund accounts for funds received to achieve academic achievement by improving teacher quality. This will be accomplished by increasing the number of highly qualified teachers in classrooms.

Miscellaneous Federal Grants This fund is used to account for various monies received through state agencies from the federal government or directly from the federal government which are not classified elsewhere. A separate cost center must be used for each grant and be approved by the Auditor of State.

Special Trust To account for monies from local donations for the purpose of scholarships for students. With the implementation of GASB No. 54, this fund has been classified with the general fund for GAAP reporting purposes. However, this fund has its own legally adopted budget. As a result, an Individual Fund Schedule of Revenues, Expenditures and Changes in Fund Balance – Budget (Non-GAAP Basis) and Actual have been presented for the fund.

Public School Support To account for school site sales revenue and expenditures for field trips, assemblies, and other activity costs. With the implementation of GASB No. 54, this fund has been classified with the general fund for GAAP reporting purposes. However, this fund has its own legally adopted budget. As a result, an Individual Fund Schedule of Revenues, Expenditures and Changes in Fund Balance – Budget (Non-GAAP Basis) and Actual have been presented for the fund.

Nonmajor Capital Projects Funds

Capital projects funds are used to account for and report financial resources that are restricted, committed or assigned to expenditure for capital outlays including the acquisition or construction of major capital facilities and other capital assets, other than those financed by proprietary fund or for assets that will be held in trust.

Permanent Improvement This fund accounts for all transactions related to the acquiring, constructing, or improving of such permanent improvements as are authorized by Chapter 5705 of the Ohio Revised Code.

Nonmajor Debt Service Fund

Bond Retirement Fund This fund provides for the retirement of serial bonds and short-term loans. All revenue derived from general or special levies, either within or exceeding the ten-mill limitation, which is levied for debt charges on bonds or loans shall be paid into this fund.

Combining Statements – Nonmajor Proprietary Funds Fund Descriptions

June 30, 2022

Nonmajor Enterprise Funds

Enterprise funds are established to account for operations that are financed and operated in a manner similar to private sector businesses where the intent is that the expense (including depreciation) of providing goods or services to the general public is primarily or solely financed or recovered through user charges.

Food Services This fund accounts for the provision of food services to the District.

Uniform School Supplies This fund accounts for the purchase and sale of necessary supplies, materials, or other school related items.

Customer Services This fund accounts for services provided primarily to the general public which are financed or recovered through user charges.

Nonmajor Internal Service Fund

The internal service fund is used to account for the financing of services provided by one department to other departments of the government or to other districts on a cost reimbursement basis.

Self-Insurance This fund is to account for the receipt and expenditure of funds for medical and dental claims for employees.

Source: Cuyahoga County Fiscal Officer – Data is presented on a calendar year basis, consistent with the County Fiscal Officer’s method of maintaining the information.

Estimated actual values are calculated based on the following percentages:

Real estate is assessed at 35 percent of actual value.

Public utility is assessed at 88 percent of actual value.

Property in Cuyahoga County is reassessed once every three years on average. Tax rates are per \$1,000 of assessed value.

Source: Cuyahoga County Fiscal Officer – Data is presented on a calendar year basis, consistent with the County Fiscal Officer’s method of maintaining the information.

Delinquent collections are presented in the fiscal year collected, consistent with the County Fiscal Officer’s method of maintaining the information. District is working with the County to obtain the delinquent collection information by original levy year rather than collection year in future years. At this point the information is not available.

Levy information includes Homestead/Rollback taxes assessed locally but distributed through the state and reported as intergovernmental revenue.
