Greenville, Ohio 45331

We have reviewed the *Independent Auditor's Report* of the Greenville City School District, Darke County, prepared by Julian & Grube, Inc., for the audit period July 1, 2021 through June 30, 2022. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. Greenville City School District is responsible for compliance with these laws and regulations.

A handwritten signature in cursive script that reads "Keith Faber".

December 27, 2022

Citizens of the Greenville City School District
Members of Greenville City Board of Education

We are very pleased to present our fiscal year 2022 Annual Comprehensive Financial Report (ACFR) for the Greenville City School District. This report, for the fiscal year ended June 30, 2022, has been prepared using accounting principles generally accepted in the United States of America for governments. It contains financial statements and other financial and statistical data that provide complete and full disclosure of all material financial aspects of the Greenville City School District (to be hereinafter referred to as the "School District").

This report enables the School District to comply with Ohio Administrative Code Section 117-2-03(B), which requires reporting on a GAAP (accounting principles generally accepted in the United State of America) basis, and Ohio Revised Code Section 117.38, which requires that school districts reporting on a GAAP basis file an unaudited annual report with the Auditor of State within 150 days of fiscal year-end.

Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that has been established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

Julian and Grube, Inc. has issued an unmodified ("clean") opinion on the Greenville City School District's financial statements for the fiscal year ended June 30, 2022. The Independent Auditors' Report is located at the front of the financial section of this report.

Management's discussion and analysis (MD&A) immediately follows the Independent Auditors' Report and provides a narrative introduction, overview, and analysis of the basic financial statements. MD&A complements this letter of transmittal and should be read in conjunction with it.

SCHOOL DISTRICT OVERVIEW

The School District known as Greenville City School District is located in the west central area of Ohio, within Darke County, and encompasses 127 square miles. The School District, which includes the City of Greenville, Gettysburg Village, Wayne Lakes Village, and thirteen townships, was the site of the famous Fort Greene Ville.

The School District's dedication to education has been longstanding. In 1840, Darke County's first brick school house was constructed outside of Greenville City on what is now known as State Route 49. It is presently listed on the National Historic Register and was constructed and donated by Abraham Studabaker, a Darke County Pioneer who strongly believed in education for all.

The City of Greenville's first known school was located along the east side of Walnut Street between Third and Fourth Streets during the 1840's. The log building also served at times as a grand jury room and courtroom. This school, known as the Walnut Street School, had the Dayton and Union Railroad running in front of its doors. It continued as a school until about 1867 when the West School opened at the site now occupied by Memorial Hall.

In the years following the Land Ordinances of 1785 and 1787, one-room schools were scattered across the countryside, which is evidenced in records relating to the School District.

According to the 1875 township reports, there were a total of 184 schoolhouses in Darke County, many of which were contained within the present Greenville City School District. Countywide, there were over 12,000 students attending school out of the 35,000 residents of the county. At that time, schools were only open three months through the winter. By 1900, there were more than 210 schoolhouses within Darke County. By the 1950's almost all of these school buildings had been converted to other uses such as homes, barns, and storage buildings.

The next building to accommodate education in the School District was the North School, built in 1900 at a cost of \$25,000. The original school had four classrooms, a large central hallway and a basement. It was a part of the former North Middle School, which ceased to operate in 2008 as a result of consolidation. Except for a brief closure in the 1980's, the facility functioned daily as a learning center until that time. An addition was made to North Middle School in 1953 to accommodate an increasing number of students. The School District sold the North Middle School in June, 2009. Today, it functions as a private church school.

The West Building was located where Memorial Hall stands today. It stood three stories high, and was moved in 1910 adjacent to its location to accommodate the construction of Memorial Hall. The school served the community until 1923, when a new high school building was constructed. The former high school building then served as the Junior High Building where the School District instructed grades seven and eight. Engraved over the entrance to the building was "Education is the Best Safeguard of Liberty". The sign was moved to the current Kindergarten through Eighth grade building when it was construction in 2016. This building was demolished in 2017 after the completion of the kindergarten through eighth grade facility, when it was determined the School District no longer needed the building. The area where the building stood is now a parking lot to help accommodate daily visitors and those attending performances at Memorial Hall.

Memorial Hall was built in 1910 and grew from the dream of Henry St. Clair, who moved to Greenville from Cincinnati in 1872. He created Darke County's most successful wholesale grocery business, having sales in excess of \$200,000 in 1878. He fulfilled his dream by designating \$100,000 in his will to be used for construction of the Memorial Hall building. Upon his death in 1908, the School District began to act on his vision. The building was constructed of Bedford stone and gray pressed block. Marble pillars adorned the vestibule and lobby. A mosaic tile floor and emblematic stained glass windows added to the décor. The total cost of the project, \$135,000, was an investment in a community whose appreciation of the arts flourishes today. The hall remains the center of culture for the community with plays, concerts and art shows along with regular events. This rich heritage of music contributes to the excellence of School District music programs which have represented us well, not only statewide, but nationwide. This support comes from our residents; whose children we educate.

Memorial Hall also houses the administrative staff of the Greenville City School District. In early 2009, a renovation project of the stained glass windows, costing in excess of \$200,000, revived the look of the vestibule. The hall was awarded an Ohio Capital Budgets grant in the amount of \$500,000 to totally renovate the vestibule and the auditorium in the hall in a truly historic restoration. The hall had its grand reopening on October 10, 2015.

Prior to the opening of the new K-8 facility in January 2017, the school district owned 3 elementary buildings: Woodland, South and East. Upon completion of the new facility, these three buildings were demolished and sold. Woodland was sold in Spring of 2018 to the Greenville Township, while South and East were sold via auction in September 2018 to a development firm.

In 1962, Greenville School District built a new high school on a 17-acre site surrounded by the beautiful Greenville City Park. This building serves the School District well, hosting numerous student activities and community events. Additionally, vocational facilities are located adjacent to the high school measuring over 17,000 square-feet. In 2015, major construction and renovations were done to modernize the building to current standards. New heating and air conditioning, additional space to the cafeteria, new science laboratories and other improvements, brings this space to twenty-first century learning potential. In December of 2012, the City of Greenville began a plan to convey 18.407 acres of property to the School District surrounding the High School area that included the football stadium and baseball fields. This property was conveyed on July 3, 2013, and is now owned by the School District subject to City restrictions. Since acquiring the property from the City, the School District has updated the football field to turf, built a new track and field facility that opened in 2018 and just completed construction at the end of fiscal year 2022 on a new field house complex that includes new locker rooms, training area, restrooms and concessions.

The School District today serves a student population of 2,386 within its two schools. The School District not only serves its regular education population daily, but has a large population of special needs children from kindergarten through twelfth grade within the School District. These students are currently served in the kindergarten through eighth grade building and Greenville High School. The high school has many distinct offerings from its in-house vocational school to its Junior Naval Reserve Officers Training program, being the only military program offered within the County. The High School also continues the Virtual Academy in an effort to make offerings available to children who are served well in a computer acclimated environment.

The Greenville City School District sold its former Gettysburg Elementary in June, 2009. This building was vacated at the beginning of fiscal year 2009, in order to recognize efficiencies within the School District. The 1924 building had served the School District since 1972 when the consolidation of Gettysburg with Greenville City Schools became a reality. Gettysburg served as an elementary site for years and was replaced through consolidation during a time of lowering enrollment. It is now owned by the Village of Gettysburg as a business center, also known as “The Cardinal Center”.

BOARD OF EDUCATION

The legislative powers of the School District are vested in a five-member Board of Education (“the Board”). The Superintendent (aka the Chief Executive Officer) recommends all those for employment, with the exception of the Treasurer, with the Board of Education making the final approval. The Board directly hires the Superintendent who performs the educational and hiring functions of the School District. The Board also is responsible for hiring the Treasurer who serves as the Chief Financial Officer of the School District, along with many business related duties.

SCHOOL DISTRICT REPORTING ENTITY

A reporting entity is comprised of the primary government, component units and other organizations that are included to ensure that the financial statements of the School District are not misleading. The primary government of the School District consists of all funds and departments which comprise the legal entity of the School District and which provide various services including regular instruction, special education, adult education and the various support services and administration necessary for these educational services.

Component units are legally separate organizations for which the School District is financially accountable. The School District is financially accountable for an organization if the School District appoints a voting majority of the organization's governing board and (1) the School District is able to significantly influence the programs or services performed or provided by the organization; or (2) the School District is legally entitled to or can otherwise access the organization's resources; the School District is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the School District is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the School District in that the School District approves their budget, the issuance of their debt, or the levying of their taxes. The School District does not have any component units included in its reporting entity.

The School District has representation on the boards of seven entities. The Metropolitan Educational Technology Association, the Southwestern Ohio Educational Purchasing Council and the Southwestern Ohio Instructional Technology Association are jointly governed organizations. The Southwestern Ohio Educational Purchasing Council Workers' Compensation Group Rating Plan and the Southwestern Ohio Educational Purchasing Council Property, Fleet, and Liability Program are insurance purchasing pools. The Southwestern Ohio Educational Purchasing Council Benefit Plan Trust is a public entity shared risk pool. The Greenville Public Library is a related organization. Information regarding these entities may be found in the notes to the basic financial statements.

The School Board is required to adopt a budget no later than the close of the preceding fiscal year. This budget serves as the foundation of the School District's financial planning and control. The objective of budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriation resolution. The legal level of budgetary control (the level at which expenditures cannot legally exceed the appropriated amount) is established by the Board of Education at the fund level. Any modifications at this level may only be made by resolution of the Board of Education.

ECONOMIC CONDITIONS AND OUTLOOK

Situated in Darke County, the School District has both the flavor of a rural area along with some urbanization, creating the best of both worlds. Located 40 miles northwest of Dayton, Greenville is best known historically for the signing of the Treaty of Greene Ville in 1795, and its ties to Annie Oakley and Lowell Thomas, who have been kept alive by the local museum with its impressive displays of these celebrities. Ohio Magazine readers voted Garst Museum as "The Best Historical Museum" in 2015. This honor casts a positive light on the efforts of the dedicated Garst staff and volunteers to preserve and promote the history of Darke County. The museum currently displays "The National Annie Oakley Center" bringing thousands into the Greenville area while providing a resource of knowledge for children in our School District through field trips.

Greenville City School District had a period in which the growth of personal property was most advantageous to the School District's financial situation. However, it began to slow with the diminishment of manufacturing business during the early 2000's. Having erupted in the 1950's with an industrial base, which was significant in a town of this size; good jobs were plentiful throughout the area. During fiscal year 2002, the School District's largest manufacturer, Corning Glassworks, chose to close its doors. The need for an increase in available jobs has been recognized by the City of Greenville and an aggressive movement towards continued solicitation of businesses is a constant goal of the City. The City of Greenville and the Greenville City School District continue to partner in tax abatements with the interest of the community at the heart of their decisions. A facility, The Andersons, Inc. and Marathon Petroleum Company, LLC, brought nearly 40 jobs to the School District and a value of over 200 million in property. Andersons Marathon Ethanol has built a 110 million gallon ethanol plant; it's the first in the State. The plant is a product of a joint venture between The Andersons, Inc. and Marathon Petroleum Company, LLC, a wholly owned subsidiary of Marathon Oil Corporation. In addition to ethanol, its manufacturing also will produce dried distiller grains. The School District cooperated in giving a one-hundred percent abatement in order to help the economy by increased infrastructure. Additionally, Continental Carbonics, a new liquid

CO₂ and dry ice production plant, which began operation in May 2011, has created additional jobs and recognition in the area. In May of 2014, Whirlpool Corporation added 400 new jobs and construction for the benefit of Greenville and the surrounding area. The expansion increased the size of their facility from 260,000 to 460,000 square feet. Wayne Healthcare, the hospital within Greenville, completed construction in November 2020 on a new three-story 75,000 square foot addition. This addition features 32 private inpatient beds and is home to the Special Beginnings Birthing Center, Wellness Center, and demonstration kitchens. In addition, Brethren's Retirement Community completed their expansion by building 18 single family homes (1386-1816 square feet each) that allow for those 55+ to live independently while still having the services of the retirement facility. Other continued improvements within the community include expansion and upgrade of the Darke County Airport that allowed for them to host a permanent Careflight helicopter and team that serves all of Darke County. Additionally, several previously closed stores and restaurants are opening under new companies. The old Sonic restaurant opened as a Dairy Queen in spring of 2020 and the JCPenney store that closed in April 2017 was purchased and reopened as a Marshall's store in 2021. Additionally, both Hardee's and Chipotle built new restaurants that opened in 2021.

The work with the Darke County Economic Development Team in Partnering for Progress has lead the School District into opportunities for manufacturing readiness turning the present vocational site into a center for job readiness. This is a new concept in Ohio and provides to be an innovative way to bring employment locally to graduates and adults. We expanded our offerings in recent years to have graduates ready for these fields by offering courses in welding, state tested nursing assistants (STNA), Life Skills and other programs applicable to Darke County Manufacturing Businesses.

FINANCIAL TRENDS

During fiscal year 2022, the School District experienced a decrease in State aid, but this is a result of the new funding formula that is in place for fiscal years 2022 and 2023. While raw numbers appear to be less favorable and showing a lower income, they were also offset by decreases in purchased services spending. The formula has funding going directly to the educating location, instead of using the School District as a pass through, where money would come, and would be promptly expended as it was transferred to another entity, such as a community school. Overall, the School District benefited in year one with this transition in funding formula. This new formula is only in place for fiscal years 2022 and 2023, and would require additional legislative approval to move continue beyond that time. In addition, in fiscal year 2022 the School District saw increases in casino revenue above fiscal year 2019 levels, indicating that those revenues are trending in a positive direction after recovery from the COVID pandemic.

FINANCIAL PLANNING AND POLICIES

The School District has been experiencing changes in enrollment over the past few fiscal years due to an increase in open enrollment to other school districts. A factor influencing this trend is the loss of manufacturing base which decreased discretionary income for many families within our School District. This caused movement to more rural areas which were less impacted by the economic shifts in manufacturing. The School District constantly monitors this situation and is sensitive to the economic conditions within the community in order to maintain a fiscally stable environment.

The School District voters have been very supportive of the School District at many levels. This is clear in terms of our successful passage of levies in recent years. In November of 2018, the School District successfully renewed its permanent improvement levy to help maintain School District facilities. This brings in over one half million dollars annually for the use of capital improvements. In November of 2020, the School District renewed a request for 5.50 mills of taxation for general operations. The School District is performing at excellent levels educationally and is working to strengthen its educational prowess even further as we continue to focus on a comprehensive curriculum, inclusive of career tech options to help prepare our students for the future.

On the expenditure side of the equation, the Board has a desire to minimize staffing wherever efficiencies can be found without impacting educational opportunities. Fringe benefits such as health insurance plans and other significant costs to the School District continued at the same levels on a reduced salary base. Further reductions are accomplished by the replacement of experienced, more highly compensated teachers with newer, less experienced teachers.

The 2022 valuation of the School District includes \$503,994,560 of agricultural, residential, and other real estate, \$32,188,070 of public utility personal property, and no general business personal property with a total valuation for 2022 of \$536,182,630.

Statewide, the School District, based on their valuation per student, is considered to be wealthier than 48 percent of other school districts in the State.

Income Taxes: The School District saw an increase in its cash income tax revenues during fiscal year 2022. After seeing a dip in fiscal year 2021, likely an impact of COVID, fiscal year 2022 saw an increase, bringing it up over the fiscal year 2020 amount received.

Currently, the School District has a one-half percent income tax for General Fund operations levied on a continuous basis.

MAJOR INITIATIVES FOR THE FISCAL YEAR

The Board of Education, Superintendent, Treasurer, Administrative team, and all staff of Greenville City School District remain focused on providing engaging, relevant, and rigorous instructional opportunities and experiences to all students. Our aims are to prepare students for citizenship, workforce success, and higher and continuing education in a 21st Century global economy. Within limited budgetary resources, the Superintendent and staff have focused on using multiple sources of student achievement and school climate data to make informed decisions about the allocation of resources and implementation of educational initiatives to scale-up the educational programming for all students, and to set high expectations for teaching and support staff. For example, the School District continues to invest in building the capacity of its teaching staff through ongoing, high-quality professional development activities. With the implementation of school wide designation in all buildings, resources have been allocated for more professional development and the use of iPads as training tools. In this and coming fiscal years, the School District will focus much of its professional development activities toward integrating revised academic content standards into the curriculum and enhancing learning through technology. Next, the School District continues to upgrade equipment and infrastructure to infuse technology into the curriculum to provide 21st Century learning opportunities. During fiscal year 2020, the School District completed the implementation of an iPad 1:1 technology initiative and expanded on their use as a primary educational tool in fiscal year 2021 with the addition of Canvas learning management system. At all levels of K-12 educational programming within the School District, administration and staff are committed to infusing inquiry, collaboration, higher level thinking, differentiation, and individualization to prepare students to be college and/or career ready upon graduation. Finally, the School District has implemented policies, such as “Credit Flexibility”, to break through obstacles to students moving on toward higher levels of achievement at the high school level. The School District has also implemented programs at all grade levels focused on providing individualized supports and interventions for academic success and the social well-being of students. We have implemented progress based intervention strategies and expanded therapy and mental health services to our students to help increase academic and social achievement; and district-wide have implemented PBIS.

During this fiscal year and beyond, the School District will be guided by the Ohio Improvement Process (OIP) to increase the annual measurable objective (AMO) of students in the core areas of English/Language Arts and Mathematics, and to improve the overall educational climate of the School District by ensuring that all teaching staff are “ready” to meet the educational needs of all students.

The School District continues to examine its policies and practices to ensure that we are leveraging all potential resources for the best interests of students and to ensure that we are utilizing precious taxpayer dollars in the most efficient and effective manner. This continuous examination and re-examination of policies and practices has led cost savings and innovative, child-centered solutions that have strengthened the institutional capacity of the School District.

Administration continued the commitment to quality instructional leadership at the grades five through eight levels by maintaining Principals at Grades 5 – 6 and grades 7 – 8.

In addition to regular K-12 educational programming, Greenville City School District is designated as its own "career technical planning district," which means that it provides high-quality career-technical education to its own students at no additional cost to taxpayers. The School District delivers career technical education through the Greenville High School Career Technical Center, which is focused on preparing students for career success in a global economy. The Greenville High School Career Technical Center operates thirteen workforce development programs, as well as Project Life to help students with disabilities gain additional career training. All career technical education programs provide students with the opportunity to improve their communication, problem solving, citizenship, and leadership skills. Students who choose a career technical program spend their junior and senior year learning theory and hands on skills while participating in program related trips, job shadowing, early placement/co-op, and competitions through organizations such as Business Professionals of America, SkillsUSA, and Distributive Education Clubs of America. Many of our students compete at both the State and national level.

The School District has continued to update its website, located at www.greenville.k12.oh.us, during the fiscal year toward making it a viable medium of communication for all School District stakeholders. The site features the School District's annual reports, school closings, information about the schools, library connections, federal grant compliance information, athletics and various other items of use to the general public. The Annual Comprehensive Financial Report is available through the website.

With an ever-changing educational and educational financing landscape, the students and taxpayers of Greenville City School District continue to be served well by thoughtful, innovative, and transformative initiatives that aim at serving the educational needs of all students, which aim toward meeting the high expectations and demands for fiscal responsibility from the Greenville City School District community.

FOR THE FUTURE

Annually, Greenville City School District receives over 1.5 million dollars in federal funding, which is used to help those with learning disabilities, reading deficiencies, professional development for teachers, Type A lunches and innovative educational programs throughout the School District. The School District receives funds through, and in conjunction with, the State of Ohio. The funds have very specific purposes, such as subsidizing the lunch programs at the schools, providing additional resources for the targeted populations in remedial education and special education and purchasing specialized vocational education equipment. In addition, with the COVID-19 pandemic, the School District received additional funding beginning with fiscal year 2021 with ESSER funds and ARP ESSER funds in excess of 5 million dollars that can be spent through fiscal year 2024.

OTHER INFORMATION

Independent Audit

An independent audit team from Julian and Grube has performed this fiscal year's audit. The results of the audit are presented in the Independent Auditor's Report.

Awards

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Greenville City School District for its Annual Comprehensive Financial Report (ACFR) for the fiscal year ended June 30, 2021. This was the twentieth year that Greenville City School District has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized ACFR. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

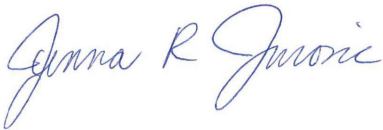

A Certificate of Achievement is valid for a period of one year only. We believe that our current ACFR continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

The Association of School Business Officials International (ASBO) awarded a Certificate of Excellence in Financial Reporting to the Greenville City School District for its ACFR for the fiscal year ended June 30, 2021. This is the eighteenth award given to the School District.

A Certificate of Excellence is awarded to those school districts who have voluntarily submitted their system's ACFR for review by an ASBO Panel of Review. Upon completion of a vigorous technical review, the panel members conclude whether the school system's financial report has met the criteria for excellence in financial reporting.

Acknowledgements

Appreciation is extended to the Board of Education of the Greenville City School District and the school employees responsible for contributing to the sound financial position of the Greenville City School District. Special acknowledgment is extended to the Local Government Services Section of the Auditor of State for their continued guidance in the preparation of this report.

Independent Auditor's Report

Greenville City School District
Darke County
215 West Fourth Street
Greenville, Ohio 45331

To the Members of the Board of Education:

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Greenville City School District, Darke County, Ohio, as of and for the fiscal year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Greenville City School District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Greenville City School District, as of June 30, 2022, and the respective changes in financial position, thereof and the budgetary comparison for the General Fund for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are required to be independent of the Greenville City School District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matter

As described in Note 23 to the financial statements, the financial impact of COVID-19 and the continuing emergency measures may impact subsequent periods of the Greenville City School District. Our opinions are not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Greenville City School District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Greenville City School District's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Greenville City School District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the *management's discussion and analysis, schedules of net pension and other postemployment benefit assets and liabilities and pension and other post-employment benefit contributions*, listed in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Greenville City School District's basic financial statements. The accompanying combining and individual nonmajor fund financial statements and schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 27, 2022 on our consideration of the Greenville City School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Greenville City School District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Greenville City School District's internal control over financial reporting and compliance.

Greenville City School District
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2022
Unaudited

The discussion and analysis of the Greenville City School District's financial performance provides an overall review of the School District's financial activities for the fiscal year ended June 30, 2022. The intent of this discussion and analysis is to explain the School District's financial performance as a whole; readers should also review the transmittal letter, basic financial statements, and the notes to enhance their understanding of the School District's financial performance.

Financial Highlights

Key financial highlights for fiscal year 2022 are as follows:

- In total, net position increased \$2,113,900 due to changes in assumptions and in the net difference between projected and actual earnings on pension plan investments of the State-wide pension systems.
- General revenues accounted for \$28,238,305. Program specific revenues in the form of charges for services, operating grants, interest, capital grants, and contributions accounted for \$8,066,977 of total revenues of \$36,305,282.
- The School District had \$34,191,382 in expenses; only \$8,066,977 of these expenses were offset by program specific charges for services, grants, interest, or contributions. General revenues (primarily taxes and grants and entitlements) and beginning net position covered these programs. Program revenues increased slightly from prior years primarily due to Elementary and Secondary School Emergency Relief funding.

Using this General Accepted Accounting Principles (GAAP) Report

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand the Greenville City School District as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The Statement of Net Position and the Statement of Activities provide information about the activities of the whole School District, presenting both an aggregate view of the School District's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the School District's most significant funds with all other nonmajor funds presented in total in one column. The major funds of Greenville City School District are the General Fund and the Bond Retirement Fund.

Reporting the School District as a Whole

Statement of Net Position and the Statement of Activities

While this document contains the large number of funds used by the School District to provide programs and activities, the view of the School District as a whole looks at all financial transactions and asks the question, "How did we do financially during fiscal year 2022?" The Statement of Net Position and the Statement of Activities answer this question. These statements include all assets and deferred outflows of

Greenville City School District
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2022
Unaudited

resources and liabilities and deferred inflows of resources using the accrual basis of accounting similar to the accounting used by most private-sector companies. The basis of accounting recognizes all of the current fiscal year's revenues and expenses regardless of when cash is received or paid.

These two statements report the School District's net position and changes in net position. This change in net position is important because it tells the reader that, for the School District as a whole, the financial position of the School District has improved or diminished. The causes of this change may be the result of many factors, some financial, and some not. Non-financial factors include the School District's property tax base, current property tax laws in Ohio restricting revenue growth, facility condition, required educational programs, and other factors.

In the Statement of Net Position and the Statement of Activities, the School District reports only governmental activities. Governmental activities are the activities where all of the School District's programs and services are reported, including, but not limited to, instruction, support services, operation of non-instructional services, and extracurricular activities. The School District does not have any business-type activities.

Reporting the School District's Most Significant Funds

Fund Financial Statements

The analysis of the School District's major funds begins on page 9. Fund financial statements provide detailed information about the School District's major funds. The School District uses many funds to account for a multitude of financial transactions. However, these fund financial statements focus on the School District's most significant funds.

Governmental Funds

Most of the School District's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at fiscal year-end available for spending in future periods. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the School District's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is reconciled in the financial statements.

The School District as a Whole

Recall that the Statement of Net Position provides the perspective of the School District as a whole.

Table 1 provides a summary of the School District's net position for fiscal year 2022 compared to fiscal year 2021:

Restricted	8,321,632	10,096,653	(1,775,021)
Unrestricted (Deficit)	(13,315,343)	(14,545,007)	1,229,664
Total Net Position	<u>\$15,579,446</u>	<u>\$13,465,546</u>	<u>\$2,113,900</u>

The net pension liability (NPL) is the largest single liability reported by the School District at June 30, 2022. GASB notes that pension and OPEB obligations, whether funded or unfunded, are part of the “employment exchange” – that is, the employee is trading his or her labor in exchange for wages, benefits, and the promise of a future pension and other postemployment benefits. GASB noted that the unfunded portion of this promise is a present obligation of the government, part of a bargained-for benefit to the employee, and should accordingly be reported by the government as a liability since they received the benefit of the exchange. However, the School District is not responsible for certain key factors affecting the balance of these liabilities. In Ohio, the employee shares the obligation of funding pension benefits

Greenville City School District
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2022
Unaudited

with the employer. Both employer and employee contribution rates are capped by State statute. A change in these caps requires action of both Houses of the General Assembly and approval of the Governor. Benefit provisions are also determined by State statute. The Ohio Revised Code permits, but does not require the retirement systems to provide healthcare to eligible benefit recipients. The retirement systems may allocate a portion of the employer contributions to provide for these OPEB benefits.

Most long-term liabilities have set repayment schedules or, in the case of compensated absences (i.e. sick and vacation leave), are satisfied through paid time-off or termination payments. There is no repayment schedule for the net pension liability or the net OPEB liability. As explained above, changes in benefits, contribution rates, and return on investments affect the balance of these liabilities, but are outside the control of the local government. In the event that contributions, investment returns, and other changes are insufficient to keep up with required payments, State statute does not assign/identify the responsible party for the unfunded portion. Due to the unique nature of how the net pension liability and the net OPEB liability are satisfied, these liabilities are separately identified within the long-term liability section of the statement of net position.

Capital assets net increased \$1,389,192 from the prior fiscal year due to current year additions. This increase is mainly due to a \$2,852,183 CIP addition, as well as building and improvement additions totaling \$1,099,049.

Total liabilities decreased by \$14,946,303 due to a decrease in the net pension liability. The net pension liability decrease was caused by State-wide pension system changes in assumptions offset by changes in net investment income.

The School District's deferred inflows of resources increased \$15,387,606, primarily due to the change in the net difference between projected and annual earnings on pension plan investments.

Overall Net Position increased \$2,113,900 from the prior fiscal year. An increase in Net Investment in Capital Assets and Unrestricted Net Position were offset by a decrease in Restricted Net Position. Net Investment in Capital Assets increased by \$2,659,257 due to current year capital asset additions exceeding current year deletions and depreciation. Restricted Net Position decreased by \$1,775,021. Restricted for Other Local and State Grants decreased by \$500,682 due to a change in the method of calculating the intergovernmental receivable. Restricted for Debt Service decreased by \$417,268 due to property taxes decreasing from prior fiscal year. Restricted for Capital Improvements decreased by \$442,193 due to a decrease in property taxes. Property taxes decreased due to a School Improvement Bond being paid off. Restricted for Education Foundation decreased by \$385,407 due to an increase in expenses for the purchase of capital assets. Unrestricted net position had an increase of \$1,229,664 due to a \$14,426,632 decrease in net pension liability.

Table 2 shows the changes in net position for fiscal years 2022 and 2021.

Greenville City School District
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2022
Unaudited

General revenues decreased \$3,804,697 due to a decrease in property taxes and grants and entitlements. Property taxes decreased due to a School Improvement Bond being paid off. The grants and entitlement changes are largely a result of the change in State funding for fiscal years 2022 and 2023 to the start of the implementation of the Fair School Funding Model.

Total expenses decreased \$6,842,301 from fiscal year 2021. \$2.8 million of this decrease in expenses is coming from GASB 68 & 75. The decrease is mainly due to the decrease in pension and OPEB liabilities.

Governmental Activities

The unique nature of property taxes in Ohio creates the need to routinely seek voter approval for School District operation. Property and income taxes are 36.9 percent and seven point five percent (7.5%), respectively, of total revenues for governmental activities for the Greenville City School District for fiscal year 2022.

The School District constituency renewed a 3.9 mill emergency levy originally voted upon in May of 2009, with a renewal in March of 2012. This levy was renewed again in November 2021, and is currently generating taxes at the rate of 3.12 mill. Other levies currently under collection include a 5.50 mill levy which was passed in 1996, and most recently renewed in November of 2020. This levy is collecting millage at 3.67 mills on agricultural and residential property and 5.08 mills on commercial and industrial property. This is attributed to the rollback factors under House Bill 920, which literally eliminates inflation from real property valuations. The levy no longer generates any personal property tax due to the elimination of the tax, due to House Bill 66. Voters also renewed a 2.0 mill permanent improvement levy in November 2018, which generates over \$557,000 in property tax and State replacement revenues in each fiscal year. This levy has a life of five years. This levy is collecting millage at 0.84 mills on agricultural and residential property and 1.59 mills on commercial and industrial property. This is again attributed to the rollback factors under House Bill 920. Since 2019, permanent improvement funds have been used to update technology, resurface parking lots, repair and improve sidewalks, safety and HVAC upgrades, and add baseball and softball fields to the K-8 facility.

The dependence upon tax revenues is apparent from both property and income taxes. The community, as a whole, is the primary support for the Greenville City School District. Without the support of levies, Greenville City School District would not be eligible for the State foundation monies that it receives.

The School District's Funds

Information about the School District's major funds starts on page 19. The School District's major funds are the General Fund and the Bond Retirement Fund. These funds are accounted for by the modified accrual basis of accounting. All governmental funds had total revenues of \$36,085,364 and expenditures of \$39,477,918. The major funds make up 83 percent of total revenues and 81 percent of total expenditures.

Fund balance for the fiscal year in the General Fund decreased \$1,718,043. Property tax and intergovernmental revenue decreased due to changes in the State's funding model to the Fair School Funding model and delinquent taxes. Expenditures also decreased from the prior fiscal year due to the retirement of staff at higher levels of pay and employment of less experienced staff.

The School District is continuing to manage its resources and balancing lower enrollment with the increased needs of our students, as we continue to make up the educational impact of COVID. The School District is monitoring the fund balance and is continuing to work on a plan to reduce expenditures. A historically

Greenville City School District
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2022
Unaudited

stable revenue stream has allowed the School District to build cash balances while the funding situation in Ohio goes through changes. The School District also reviews the status of enrollment and the need for adjustments as a result of past declines. The loss of students through open enrollment and community school processes have slowed by use of the virtual academy, newer buildings and expanded technology use. The School District is actively engaged in working to change legislation on the open enrollment side to benefit the School District. The School District will continue to monitor as to whether the change is a positive trend that will impact funding.

As a result of measures to reserve a carryover balance for future needs, a continued process of reviewing ways to generate additional revenues is necessary. The process at the State of Ohio is so dynamic in its application that public school districts can only depend on a two-year cycle for consistency. Local support has been prevalent as seen in the overwhelming victory of the School District bond issue. Income must be maintained in order to avoid the reduction of services to students.

The additional funding related to the pandemic has caused an increase in grant funding. This has been the exception to recent years, in which the School District has typically seen less money available from grants. The use of technology for the future is eminent and more expensive than traditional textbooks, especially with the life of a textbook being much longer than that of a computer. The demands for budgeted dollars increase with time and will continue to do so as we maintain our K-12 1:1 technology that was fully implemented in fiscal year 2019. The School District's curriculum administrators are working to get digital books and create our own materials to help reduce some expenditures, but the savings under these methods currently appear to be minimal.

Compared to the prior fiscal year, the fund balance of the Bond Retirement Fund decreased by \$453,773 due to a School Improvement Bond being paid off.

General Fund Budgeting Highlights

The School District's budget is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The most significant budgeted fund is the General Fund.

The General Fund, final budgeted revenues were \$82,710 lower than original budgeted revenues. Actual revenues were \$1,317,716 less than final budget basis revenue, due to less intergovernmental revenue received. Intergovernmental revenue received was lower than prior fiscal year due to a change in foundation funding.

During the course of fiscal year 2022, the School District amended its General Fund budget several times. The General Fund, final budgeted expenditures were \$1,174,304 higher than original budgeted expenditures. Actual expenditures were \$4,540,222 less than final expenditures.

The variance in appropriations versus expenditures was expected, giving authority to a greater range of appropriations, knowing that other internal controls will only allow those expenditures, when entirely necessary, coupled with legislative authority by consent of the Board. The Administration and Board of Education have made additional dollars available in many categories in order to facilitate the educational needs of the School District as they arise. With the School District's rigid internal controls, additional monies are appropriated in order to allow those individuals in charge to be creative in meeting their students' educational needs. The School District believes that appropriations should be prepared to operate in the best manner to meet the needs of those being educated. In order to do so, appropriations are made in

Greenville City School District
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2022
Unaudited

excess of the minimum required funds. This compensates for immediate needs, such as students moving into the School District requiring educational or support workforce, be it teaching staff, aid or support staff, and also allows for the School District to cover any unexpected needs and take advantage of positive situations; such as purchasing new music equipment at a significant discount after hosting OMEA. It is the School District's goal to allow funds to fully supplement the educational structure, doing so in an effective and efficient manner. With the implementation of increased spending in instructional areas, many items cannot be anticipated. It is incumbent upon the School District to make necessary resources available so education is not sacrificed. Judgment is used to value, educationally, the cash outlay for the benefit given. Both the Superintendent and the Treasurer of the School District have hands-on oversight of all School District purchases prior to being approved and do so in accordance with Board Policy.

Capital Assets

At the end of fiscal year 2022, the School District had \$57,558,626 invested in land, construction in progress, land improvements, buildings and improvements, machinery, equipment and fixtures, and vehicles, net of depreciation.

Table 3 shows fiscal year 2022 balances compared to fiscal year 2021.

Table 3
 Capital Assets (Net of Depreciation) at June 30,

	2022	2021
Land	\$1,150,062	\$1,150,062
Construction in Progress	2,852,183	0
Land Improvements	1,252,923	1,347,028
Buildings and Improvements	49,285,430	50,241,456
Machinery, Equipment and Fixtures	2,417,448	2,682,695
Vehicles	600,580	748,193
Totals	\$57,558,626	\$56,169,434

Overall, capital assets increased \$1,389,192 from fiscal year 2021 because of current year additions exceeding current year depreciation.

For more information on capital assets, refer to Note 10 of the basic financial statements.

Debt Administration

At June 30, 2022, the School District had \$41,559,114 in outstanding debt, of which \$918,906 is due within one year.

The School District's overall legal debt margin was \$10,872,264, and the unvoted debt margin was \$536,083 at June 30, 2022.

Additional information on the School District's long-term obligations can be found in Note 15 to the basic financial statements.

Current Financial Issues and Concerns

The School District is proud of its community support of public schools. The School District's constituency has continued to support every renewal levy asked of them over the last five years, including the most recent renewal in November 2021 of the Emergency Levy. Greenville Senior High School continues to host career technical programs to add diversity to the high school curriculum while opening opportunities for technical skills accessible by the entire student body. Greenville City Schools is a comprehensive model of career technical education. It is the goal of the School District to graduate every student with specialized knowledge. Every child should be prepared in a discipline enabling specialized skills, e.g., technical degrees in a post-secondary setting. The continuous improvement plan for the School District is expanding the way that the School District is operating educationally. This is being reflected by use of professional development dollars primarily driven by the School District's ability to acquire grants to fund costs of those programs.

The School District has expanded educational facilities at the high school with a career-technical building addition to enhance the success of their programs. The School District in 2013 through 2020 offered dozens of classes in Life Skills, Welding, State Tested Assisted Nursing, and other customized programs in order to help community members in their abilities. Collaboration with business continues to be a theme of the School District. The success of the program is leading into more opportunities for high school children who have learning skills tied directly to local business entities through direct partnerships. In addition, the School District expanded the career tech offerings in recent years, adding three in demand areas: teaching professions, Project Life and Construction.

The School District operates special education units, also known as MD (multiple disabilities) and ED (emotionally disturbed) units, within the different schools to provide services to its own growing special education population. Several years ago, the administration implemented a program for emotionally disturbed students as an educational opportunity within the confines of the School District. Also, an alternative education program to target high school students with deficient credits is available to help our students. This creates an environment for a different type of learning. The Virtual Learning Academy and credit recovery options are proving to be successful as a continuing program within the School District. It is an opportunity for students to take advantage of other learning environments where they can find a way to excel.

While Greenville experienced some loss of business during the economic downturn, the trend seemed to shift positively in 2009 and continues to trend this way today. Economic development has been aggressively pursued locally and our strong economic council continues to aggressively go after new industries and work with our existing manufacturers to expand operations. The Whirlpool facility added 400 jobs in recent years and completed an expansion that doubled the company's Greenville facility in May 2017. In addition, The Andersons invested over \$4,000,000 in improvements during fiscal year 2017, showing the company's commitment to the Greenville facility. In 2020, both Wayne Healthcare and the Brethren's Retirement Community, both of which are large employers within the School District, had large expansions completed and we've seen a few previously closed businesses revitalized. The old Sonic restaurant opened as a Dairy Queen in the Spring of 2020, and the J. C. Penney store that closed in April 2017 reopened as a Marshall's Department Store in January 2021, after a one-million-dollar renovation. Additionally, several new bakeries and coffee shops opened downtown and food industry growth continues with Hardees opening in 2021 and Chipotle in 2022.

Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2022
Unaudited

Legislation was previously passed that changed the business tax structure in the State of Ohio, promoting a need for prudent management of School District resources with realignment and creativity. The impact of these changes will continue to unfold with the passage of time. Positive news creates a renewed interest in developments in the area. Abatements, which used to be a common practice in Ohio, are no longer viable since the tax structure in Ohio has been changed to enhance economic development eliminating this tax burden on business.

New jobs are being created as industries are again building in Greenville and surrounding communities. The ethanol plant brought much wealth to the School District, which became available for taxation with the expiration of the abatement granted by the City of Greenville in 2017. The \$220 million plant will help the City be recognized as a leader in economic development for small cities across the country. A new 50,000 square foot dry ice manufacturing facility has been built adjacent to the ethanol plant. Unemployment seems to be stable right now, and the School District has seen a \$200,000 plus increase in income tax revenue.

Externally, the State of Ohio was found, by the Ohio Supreme Court in March 1997, to be operating an unconstitutional system of school funding, one that was neither “adequate” nor “equitable.” Since 1997, the State has directed its tax revenue growth toward school districts with little property tax wealth. The legislators and government officials continue to negotiate the plan for improvement of the financing of public schools in the State of Ohio. With Governor DeWine’s first budget, the School District’s State revenue should stay stable for two years, with increased funding provided for health and wellness. This was the funding plan in place during fiscal year 2021. Since then, the budget for fiscal years 2022 and 2023 include some phase in of the Fair School Funding Plan. This funding plan will fund schools based on actual students being educated within the district. The projections seem to lean favorably to Greenville City School District, but currently only a small phase in during fiscal years 2022 and 2023 is in place. Nothing is in law beyond that point, and thus the remainder of the proposed six year phase-in is still uncertain and we won’t know if that will continue to be phased in by lawmakers until future budget cycles.

In comparison to other school districts in the State, the Greenville City School District would not be considered a School District suffering from low wealth. However, when this formula is calculated, the loss of enrollment in the School District will create an illusion of an increase in wealth, since the assessed value of the School District is divided by the number of students. This factor, also known as the valuation per pupil, drives many funding calculations used in support from the State of Ohio. Generally speaking, a lower wealth creates more State support. The School District’s declining enrollment is having an effect on the collection of revenues from the State of Ohio. This declining student population coupled with the legislated loss of personal property tax is planned for as part of the budget. While fiscal year 2022 and 2023 are being funded under part of the new Fair School Funding model, it is important to note, that the budget bill did not overturn the prior formula. If it goes back into effect for fiscal year 2024 the School District is what is commonly referred to as a capped district so that the School District is limited in the amount of funds that the School District is able to receive. As a result of this disparity, the School District has secured a voted funding stream as it works at dynamically managing its budget in a proactive manner. This stream will continue for at least the next two years. Under the 2022 budget, the School District as expected saw a decrease in revenue, but that was offset by a decrease in costs for community school deductions, thus resulting in a relatively neutral impact on the district.

The School District must plan carefully and prudently to provide the resources to meet student needs, but to better serve the public, over the next several fiscal years.

*Reconciliation of the Statement of Revenues, Expenditures and Changes
in Fund Balances of Governmental Funds to the Statement of Activities
For the Fiscal Year Ended June 30, 2022*

Net Change in Fund Balances - Total Governmental Funds (\$3,392,554)

**Amounts reported for governmental activities in the
statement of activities are different because:**

Governmental funds report capital outlays as expenditures.
However, in the statement of activities, the cost of those
assets is allocated over their estimated useful lives as
depreciation expense. In the current period,
these amounts are:

Capital Outlay	4,088,857	
Current Year Depreciation Expense	<u>(2,697,813)</u>	
Capital Outlay Expense over Depreciation		1,391,044

Governmental funds only report the disposal of capital assets to the
extent proceeds are received from the sale. In the statement of activities,
a gain or loss is reported for each disposal:

Loss on Disposal of Capital Assets		(1,852)
------------------------------------	--	---------

Revenue in the statement of activities that do not provide current financial
resources are not reported as revenues in the funds:
governmental funds.

Delinquent Property Taxes	314,512	
Income Taxes	18,715	
Tuition and Fees	(13,636)	
Extracurricular Activities	(10,313)	
Investment Earnings	(27,782)	
Intergovernmental	(32,506)	
Charges for Services	(14,191)	
Rent	1,778	
Gifts and Donations	(100,000)	
Miscellaneous	<u>83,341</u>	
Total		219,918

Repayment of long-term debt is reported as an expenditure in governmental
funds, but the repayment reduces long-term liabilities in the statement of net
position. In the current fiscal year, these amounts consist of:

Accretion on Capital Appreciation Bonds	203,156	
General obligation bonds principal payments	<u>886,844</u>	
Total		1,090,000

Some expenses reported in the statement of activities do not require
the use of current financial resources and therefore are not reported
as expenditures in governmental funds. The difference in the
amount of interest on the statement of activities is the result of
the following:

Amortization of Bond Premium	576,596	
Amortization of Deferred Charge on Refunding	(89,899)	
Accretion on Capital Appreciation Bonds	<u>(512,048)</u>	
Total		(\$25,351)

(Continued)

Greenville City School District
*Reconciliation of the Statement of Revenues, Expenditures and Changes
in Fund Balances of Governmental Funds to the Statement of Activities
For the Fiscal Year Ended June 30, 2022*
(Continued)

Contractually required contributions are reported as expenditures in governmental funds; however, the statement of net position reports these amounts as deferred outflows.

Pension	\$2,458,946	
OPEB	65,192	
Total		2,524,138

Except for amounts reported as deferred inflows/outflows, changes in the net pension liability and net OPEB asset/liability are reported as pension/OPEB expense in the statement of activities.

Pension	106,850	
OPEB	171,467	
Total		278,317

Some items reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds. These activities consist of:

Compensated Absences		30,240

Change in Net Position of Governmental Activities		\$2,113,900

Greenville City School District
Notes to the Basic Financial Statements
for the Fiscal Year Ended June 30, 2022

Note 1 - Description of the School District and Reporting Entity

Greenville City School District (the "School District") is organized under Article VI, Sections 2 and 3 of the Constitution of the State of Ohio. The School District operates under a locally-elected Board form of government consisting of five members elected at-large for staggered four-year terms. The School District provides educational services as authorized by State statute and federal guidelines.

The School District was established through the consolidation of existing land areas and school districts. The School District serves an area of approximately 127 square miles. It is located in Darke County and includes all of the City of Greenville and portions of surrounding townships. It is staffed by 108.5 non-certificated employees, 178 certificated full-time equivalent teaching personnel, and 25 administrative employees, as well as five elected officials who provide services to 2,386 students and other community members. The School District currently operates two instructional buildings, an administrative building, and a bus maintenance garage. A vocational technical center is located within the high school building.

Reporting Entity:

A reporting entity is comprised of the primary government, component units, and other organizations that are included to ensure that the financial statements are not misleading. The School District consists of all funds, departments, boards, and agencies that are not legally separate from the School District. For Greenville City School District, this includes general operations, food service, and student-related activities of the School District.

Component units are legally separate organizations for which the School District is financially accountable. The School District is financially accountable for an organization if the School District appoints a voting majority of the organization's governing board and (1) the School District is able to significantly influence the programs or services performed or provided by the organization; or (2) the School District is legally entitled to or can otherwise access the organization's resources; the School District is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the School District is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the School District in that the School District approves the budget, the issuance of debt, or the levying of taxes, and there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the School District. The School District has no component units.

The following activities are included within the reporting entity:

Private and Parochial Schools - Within the School District's boundaries, one school is operated as a private school and one as a parochial school. Current State legislation provides funding to these parochial and private schools. These monies are received and disbursed on behalf of these schools by the Treasurer of the School District, as directed by the parochial and private schools. This program is reflected as a governmental activity for financial reporting purposes.

The School District participates in three jointly governed organizations, two insurance purchasing pools, one public entity shared risk pool, and one related organization. These organizations are discussed in Note 17 to the basic financial statements. These organizations are:

Greenville City School District
Notes to the Basic Financial Statements
for the Fiscal Year Ended June 30, 2022

Jointly Governed Organizations:

Metropolitan Educational Technology Association
Southwestern Ohio Educational Purchasing Council
Southwestern Ohio Instructional Technology Association

Insurance Purchasing Pools:

Southwestern Ohio Educational Purchasing Council Workers' Compensation
Group Rating Plan
Southwestern Ohio Educational Purchasing Council Property, Fleet, and Liability
Program

Public Entity Shared Risk Pool:

Southwestern Ohio Educational Purchasing Council Benefit Plan Trust

Related Organization:

Greenville Public Library

Note 2 - Summary of Significant Accounting Policies

The financial statements of Greenville City School District have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the School District's accounting policies are described below.

Basis of Presentation

The School District's basic financial statements consist of government-wide statements, including a Statement of Net Position and a Statement of Activities, and fund financial statements, which provide a more detailed level of financial information.

Government-wide Financial Statements:

The Statement of Net Position and the Statement of Activities display information about the School District as a whole. These statements include the financial activities of the primary government. The government-wide financial statements usually distinguish between those activities of the School District that are governmental and those that are considered business-type activities; however, the School District has no business-type activities.

The Statement of Net Position presents the financial condition of the governmental activities of the School District at fiscal year-end. The Statement of Activities presents a comparison between direct expenses and program revenues for each program or function of the School District's governmental activities. Direct expenses are those that are specifically associated with a service, program, or department and are therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program, and interest earned on grants that is required to be used to support a particular program. Revenues which are not classified as program revenues are presented as general revenues of the School District, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the School District.

Greenville City School District
Notes to the Basic Financial Statements
for the Fiscal Year Ended June 30, 2022

Fund Financial Statements:

During the fiscal year, the School District segregates transactions related to certain School District functions or activities into separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the School District at this more detailed level. The focus of governmental fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column.

Fund Accounting

The School District uses funds to maintain its financial records during the fiscal year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The funds of the School District are governmental funds.

Governmental Funds:

Governmental funds are those through which most governmental functions of the School District are financed. Governmental fund reporting focuses on the sources, uses, and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and deferred outflows of resources and liabilities and deferred inflows of resources is reported as fund balance. The following are the School District's major governmental funds:

General Fund – The General Fund is the operating fund of the School District and accounts for and reports all financial resources except those required to be accounted for in another fund. The General Fund balance is available to the School District for any purpose, provided it is expended or transferred according to the general laws of Ohio.

Bond Retirement Fund – The Bond Retirement Fund accounts for and reports the accumulation of resources for, and the payment of, general obligation bond principal and interest and certain other long-term obligations when the School District is obligated for the payment.

The other governmental funds of the School District account for grants and other resources whose use is restricted or committed to a particular purpose.

Fiduciary Funds:

Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary fund category is split into the following four classifications: pension (and other employee benefit) trust funds, investment trust funds, private-purpose trust funds, and custodial funds. Trust funds are distinguished from custodial funds by the existence of a trust agreement or equivalent arrangements that has certain characteristics. Custodial Funds are used to report fiduciary activities that are not required to be reported in a trust fund. The School District has no fiduciary funds.

Greenville City School District
Notes to the Basic Financial Statements
for the Fiscal Year Ended June 30, 2022

Measurement Focus

Government-wide Financial Statements

The government-wide financial statements are prepared using a flow of economic resources measurement focus. All assets and deferred outflows of resources and liabilities and deferred inflows of resources associated with the operation of the School District are included on the Statement of Net Position. The Statement of Activities presents increases (e.g., revenues) and decreases (e.g., expenses) in total net position.

Fund Financial Statements

All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities and deferred inflows of resources generally are included on the Balance Sheet. The Statement of Revenues, Expenditures, and Changes in Fund Balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements, therefore, include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

Basis of Accounting

The basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Differences in the accrual and the modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred inflows/outflows of resources, and in the presentation of expenses versus expenditures.

Revenues - Exchange and Non-exchange Transactions

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. “Measurable” means that the amount of the transaction can be determined, and “available” means that the resources are collectible within the current fiscal year, or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the School District, “available” means expected to be received within 60 days of fiscal year-end.

Non-exchange transactions, in which the School District receives value without directly giving equal value in return, include property taxes, income taxes, grants, entitlements, and donations. On an accrual basis, revenue from income taxes is recognized in the fiscal year in which the exchange on which the tax is imposed takes place (See Note 8), and revenue from property taxes is recognized in the fiscal year for which the taxes are levied (See Note 7). Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the fiscal year when the resources are required to be used or the fiscal year when use is first permitted; matching requirements, in which the School District must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the School District on a reimbursement basis. On a modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

Greenville City School District
Notes to the Basic Financial Statements
for the Fiscal Year Ended June 30, 2022

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at fiscal year-end: property taxes available for advance, income taxes, tuition, student fees, grants, and accrued interest.

Deferred Outflows/Inflows of Resources

In addition to assets, the statements of financial position will sometimes report a separate section for deferred outflows of resources. Deferred outflows of resources represent a consumption of net assets that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until then. For the School District, deferred outflows of resources are reported on the government-wide statement of net position for deferred charge on refunding and pension and OPEB plans. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. The deferred outflows of resources related to pension and OPEB plans are explained in Notes 12 and 13.

In addition to liabilities, the statements of financial position report a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net assets that applies to a future period and will not be recognized until that time. For the School District, deferred inflows of resources include property taxes, pension, OPEB, and unavailable revenue. Property taxes represent amounts for which there is an enforceable legal claim as of June 30, 2022, but which were levied to finance fiscal year 2023 operations. These amounts have been recorded as a deferred inflow on both the government-wide statement of net position and governmental fund financial statements. Unavailable revenue is reported only on the governmental funds balance sheet, and represents receivables which will not be collected within the available period. For the School District, unavailable revenue includes delinquent property taxes, income taxes, accounts, interest and intergovernmental. These amounts are deferred and recognized as an inflow of resources in the period the amounts become available. The details of these unavailable revenues are identified on the Reconciliation of Total Governmental Fund Balances to Net Position of Governmental Activities fund on page 20. Deferred inflows of resources related to pension and OPEB plans are reported on the government-wide statement of net position. (See Notes 12 and 13)

Expenses/Expenditures

On the accrual basis of accounting, expenses are recognized at the time they are incurred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of costs, such as depreciation and amortization, are not recognized in governmental funds.

Pensions/Other Postemployment Benefits (OPEB)

For purposes of measuring the net pension/OPEB liability (asset), deferred outflows of resources and deferred inflows of resources related to pensions/OPEB, and pension/OPEB expense, information about the fiduciary net position of the pension/OPEB plans and additions to/deductions from their fiduciary net position have been determined on the same basis as they are reported by the pension/OPEB plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. The pension/OPEB plans report investments at fair value.

Greenville City School District
Notes to the Basic Financial Statements
for the Fiscal Year Ended June 30, 2022

Cash and Cash Equivalents

Unless otherwise noted, all cash received by the School District is pooled. Monies for all funds are maintained in this pool. Individual fund integrity is maintained through School District records. Interest in the pool is presented as "Equity in Pooled Cash and Cash Equivalents" on the financial statements.

The School District reports donations for athletics and held in separate accounts as "Cash and Cash Equivalents with Escrow Agent". The School District holds money for unclaimed monies which are reported as "Restricted Assets: Equity in Pooled Cash and Cash Equivalents". The School District holds money in separate accounts for retainage payable. This balance is reported as "Restricted Assets: Cash and Cash Equivalents with Escrow Agent". The School District also has money on deposit to pay outstanding interest on prior debt obligations. This balance is reported as "Restricted Assets: Cash and Cash Equivalents with Fiscal Agent".

During fiscal year 2022, the School District investments were limited to a money market mutual fund and U.S. Treasury bills. Investments are reported at fair value which is based on quoted market prices. For investments in open-ended mutual funds, the fair value is determined by the fund's current share price.

Following Ohio Statutes, the Board of Education has, by resolution, specified the funds to receive an allocation of investment earnings. Interest revenue, including an increase in the fair value of investments, credited to the General Fund during fiscal year 2022 amounted to \$56,901, which includes (\$57) assigned from other School District funds.

Investments of the cash management pool and investments with an original maturity of three months or less at the time they are purchased by the School District are presented on the financial statements as cash equivalents.

Interfund Balances

On fund financial statements, receivables and payables resulting from short-term interfund loans are classified as "Interfund Receivable/Payable." Interfund balances are eliminated in the Statement of Net Position.

Inventory

Materials and supplies inventory is reported at cost, while inventory held for resale is presented at the lower of cost or market value, and donated commodities are presented at their entitlement value. Inventories are presented on a first-in, first-out basis and are expended/expensed when used. Inventories consist of materials and supplies held for consumption and donated and purchased food held for resale.

Restricted Assets

Assets are reported as restricted when limitations on their use change the nature or normal understanding of the availability of the asset. Such constraints are either externally imposed by creditors, contributors, grantors, laws of other governments, or imposed by law through constitutional provisions. Restricted assets represent cash and cash equivalents held as unclaimed monies, retainage payable, and unpaid interest on debt.

Greenville City School District
Notes to the Basic Financial Statements
for the Fiscal Year Ended June 30, 2022

Capital Assets

All capital assets of the School District are general capital assets that are associated with governmental activities. These assets generally result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the government-wide Statement of Net Position, but are not reported in the fund financial statements.

Capital assets are capitalized at cost (or estimated historical cost, which is determined by indexing the current replacement cost back to the year of acquisition) and updated for additions and retirements during the fiscal year. Donated capital assets are recorded at their acquisition values as of the date received. The School District maintains a capitalization threshold of \$1,000. The School District does not possess any infrastructure. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized.

All reported capital assets, except land and construction in progress are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method over the following useful lives:

Description	Estimated Lives
Land Improvements	20 years
Buildings and Improvements	20-50 years
Machinery, Equipment and Fixtures	5-20 years
Vehicles	10 years

Compensated Absences

Vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable that the School District will compensate the employees for the benefits through paid time off or some other means. The School District records a liability for accumulated unused vacation time when earned for all employees with more than one year of service.

Sick leave benefits are accrued as a liability using the vesting method. The liability includes the employees who are currently eligible to receive termination benefits and those the School District has identified as probable of receiving payment in the future. The amount is based on accumulated sick leave and employees' wage rates at fiscal year-end, taking into consideration any limits specified in the School District's termination policy. The School District records a liability for accumulated unused sick leave for all employees after 10 years of current service with the School District.

On the governmental fund financial statements, compensated absences are recognized as a liability and expenditures to the extent that payments come due each period upon the occurrence of employee resignations and retirements. These amounts are recorded in the account "Matured Compensated Absences Payable" in the fund from which the employees will be paid.

The entire compensated absences liability is reported on the government-wide financial statements.

Greenville City School District
Notes to the Basic Financial Statements
for the Fiscal Year Ended June 30, 2022

Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements. In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources, are reported as obligations of the funds. However, compensated absences that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current fiscal year. Net pension/OPEB liability should be recognized in the governmental funds to the extent that benefit payments are due and payable and the pension/OPEB plan's fiduciary net position is not sufficient for payment of those benefits. Bonds are recognized as a liability in the governmental fund financial statements when due.

Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the School District is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

Nonspendable – The nonspendable fund balance category includes amounts that cannot be spent because they are not in spendable form, or are legally or contractually required to be maintained intact. The “not in spendable form” criterion includes items that are not expected to be converted to cash.

Restricted – Fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, laws or regulations of other governments, or is imposed by law through constitutional provisions.

Committed – The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by the highest level of formal action (resolution) of the School District Board of Education. Those committed amounts cannot be used for any other purpose unless the School District Board of Education removes or changes the specified use by taking the same type of action (resolution) it employed to previously commit those amounts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements. In the General fund committed fund balances represent amounts specifically committed for termination benefits.

Assigned – Amounts in the assigned fund balance classification are intended to be used by the School District for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds other than the General Fund, assigned fund balance represents the remaining amount that is not restricted or committed. In the General Fund, assigned amounts represent intended uses established by the School District Board of Education, delegated that authority by State statute. State statute authorizes the Treasurer to assign fund balance for purchases on order provided such amounts have been lawfully appropriated. The Treasurer assigned fund balance to cover a gap between revenue and appropriations in the fiscal year 2023 appropriation budget.

Greenville City School District
Notes to the Basic Financial Statements
for the Fiscal Year Ended June 30, 2022

Unassigned – Unassigned fund balance is the residual classification for the General Fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit fund balance.

The School District applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balances, committed amounts are reduced first, followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

Net Position

Net position represents the difference between all other elements in a statement of financial position. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction, or improvement of those assets. Net position is reported as restricted when there are limitations imposed on its use through external restrictions imposed by creditors, grantors, or laws or regulations of other governments.

The School District applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position are available.

Internal Activity

Transfers within governmental activities are eliminated on the government-wide financial statements.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers and are eliminated from the Statement of Activities. Interfund transfers are reported as other financing sources/uses in governmental funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

Budgetary Process

All funds are legally required to be budgeted and appropriated. The major documents prepared are the tax budget, the appropriation resolution, and the Certificate of Estimated Resources, all of which are prepared on the budgetary basis of accounting. The tax budget demonstrates a need for existing or increased tax rates. The Certificate of Estimated Resources establishes a limit on the amounts that the Board of Education may appropriate. The appropriation resolution is the Board's authorization to spend resources and sets annual limits on expenditures plus encumbrances at a level of control selected by the Board. The legal level of budgetary control has been established by the Board of Education at the fund level. The Treasurer has been authorized to allocate Board appropriations to the function and object level within each fund. Although the legal level of budgetary control was established at the fund level of expenditures for the General Fund, the School District has elected to present its respective budgetary statement comparison at the fund and function level of expenditures. Any budgetary modifications at this level may only be made by resolution of the Board of Education. Advances in and advances out are not required to be budgeted, since they represent a cash flow resource and are intended to be repaid.

Greenville City School District
Notes to the Basic Financial Statements
for the Fiscal Year Ended June 30, 2022

The Certificate of Estimated Resources may be amended during the fiscal year if projected increases or decreases in revenue are identified by the School District Treasurer. The amounts reported as the original budgeted amounts in the budgetary statements reflect the amounts in the certificate when the original appropriations were adopted. The amounts reported as the final budgeted amounts in the budgetary statements reflect the amounts in the amended certificate that was in effect at the time the final appropriations were passed by the Board of Education.

The appropriation resolution is subject to amendment by the Board throughout the fiscal year with the restriction that appropriations may not exceed estimated revenues. The amounts reported as the original budgeted amounts in the budgetary statements reflect the first appropriation for that fund that covered the entire fiscal year, including amounts automatically carried over from prior fiscal years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by the Board of Education during the fiscal year, including all supplemental appropriations.

Bond Premiums and Compounded Interest on Capital Appreciation Bonds

For governmental activities, bond premiums are deferred and amortized over the term of the bonds using the straight-line method, since the results are not significantly different from the effective interest method. Capital appreciation bonds are accreted each fiscal year for the compounded interest accrued during the fiscal year. Bond premiums and the compounded interest on the capital appreciation bonds are presented as an addition to the face amount of the bonds payable.

On the governmental fund financial statements, bond premiums are recognized in the period in which the bonds were issued. Accretion on the capital appreciation bonds is not reported. Interest on the capital appreciation bonds is recorded as an expenditure when the debt becomes due.

Under Ohio law, premiums on the original issuance of debt are to be deposited to the bond retirement fund to be used for debt retirement and are precluded from being applied to the project fund. Ohio law does allow premiums on refunding debt to be used as part of the payment to the bond escrow agent.

Deferred Charge on Refunding

On the government-wide financial statements, the difference between the reacquisition price (funds required to refund the old debt) and the net carrying amount of the old debt is deferred and amortized as a component of interest expense. This deferred amount is amortized over the remaining life of the old debt or the life of the new debt, whichever is shorter, using the effective interest method and is presented as deferred outflows/inflows of resources on the Statement of Net Position.

Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Note 3 – Change in Accounting Principles

For fiscal year 2022, the School District implemented *Implementation Guide No. 2020-1*, GASB Statement No. 92 – *Omnibus 2020*, and GASB Statement No. 97 -- *Certain Component Unit Criteria, and Accounting*

Greenville City School District
Notes to the Basic Financial Statements
for the Fiscal Year Ended June 30, 2022

and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans. These changes were incorporated in the School District's 2022 financial statements; however, there was no effect on beginning net position/fund balance.

For fiscal year 2022, the School District modified its approach related to the eligibility requirements of certain School District grants; however, there was no effect on beginning net position/fund balance.

Note 4 - Accountability

At June 30, 2022, the following funds had deficit fund balances:

<u>Funds</u>	<u>Amounts</u>
Elementary and Secondary School	
Emergency Relief Fund	\$192,250
Title VI-B Fund	25,037
Title I Fund	25,554
Title II-A Fund	111
Total	<u>\$242,952</u>

These deficits are the result of the recognition of payables in accordance with generally accepted accounting principles as well as short-term interfund loans from the General Fund needed for operations until the receipt of grant monies. The General Fund provides transfers to cover deficit balances; however, this is done when cash is needed rather than when accruals occur.

Note 5 - Budgetary Basis of Accounting

While the School District is reporting financial position, results of operations, and changes in fund balances on the basis of accounting principles generally accepted in the United States of America (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The Statement of Revenues, Expenditures and Changes in Fund Balance - Budget (Non-GAAP Basis) and Actual is presented for the General Fund on the budgetary basis to provide a meaningful comparison of actual results with the budget.

The major differences between the budget basis and GAAP basis are that:

1. Revenues are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis).
2. Expenditures are recorded when paid in cash (budget basis) as opposed to when the liability is incurred (GAAP basis).
3. Encumbrances are treated as expenditures (budget basis) rather than restricted, committed, or assigned fund balance (GAAP basis).
4. Investments are recorded at fair value (GAAP basis) rather than cost (budget basis).

The following table summarizes the adjustments necessary to reconcile the GAAP and budgetary basis statements for the General Fund.

Greenville City School District
Notes to the Basic Financial Statements
for the Fiscal Year Ended June 30, 2022

<u>Net Change in Fund Balance</u>	
	<u>General Fund</u>
GAAP Basis	(\$1,718,043)
Adjustments:	
Revenue Accruals	834,355
Expenditure Accruals	636,254
Encumbrances	(1,686,389)
Change in Fair Value of Investments - 2022	1,860
Change in Fair Value of Investments - 2021	1,545
Budget Basis	<u><u>(\$1,930,418)</u></u>

Note 6 - Deposits and Investments

Monies held by the School District are classified by State statute into three categories.

Active deposits are public deposits determined to be necessary to meet current demands upon the School District treasury. Active monies must be maintained either as cash in the School District treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that the Board has identified as not required for use within the current five year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts, including passbook accounts.

Protection of the School District's deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, or by the financial institutions participation in the Ohio Pooled Collateral System (OPCS), a collateral pool of eligible securities deposited with a qualified trustee and pledged to the Treasurer of State to secure the repayment of all public monies deposited in the financial institution.

Interim monies held by the School District can be deposited or invested in the following securities:

1. United States Treasury notes, bills, bonds, or any other obligation or security issued by the United States Treasury or any other obligation guaranteed as to principal and interest by the United States;

Greenville City School District
Notes to the Basic Financial Statements
for the Fiscal Year Ended June 30, 2022

2. Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality including, but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, and Government National Mortgage Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. Written repurchase agreements in the securities listed above provided the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and the term of the agreement must not exceed thirty days;
4. Bonds and other obligations of the State of Ohio, and with certain limitations including a requirement for maturity within ten years from date of settlement, bonds and other obligations of political subdivisions of the State of Ohio if training requirements have been met;
5. Time certificates of deposit or savings or deposit accounts including, but not limited to, passbook accounts;
6. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
7. The State Treasurer's investment pool (STAROhio); and
8. Certain bankers' acceptances (for a period not to exceed one hundred eighty days) and commercial paper notes (for a period not to exceed two hundred seventy days) in an account not to exceed 40 percent of the interim monies available for investment at any one time if training requirements have been met. The investment in commercial paper notes of a single issuer shall not exceed in the aggregate five percent of interim moneys available for investment at the time of purchase.

Investments in stripped principal or interest obligations, reverse repurchase agreements, and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage, and short selling are also prohibited. Except as noted above, an investment must mature within five years from the date of purchase, unless matched to a specific obligation or debt of the School District, and must be purchased with the expectation that it will be held to maturity.

Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the treasurer or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

Investments

As of June 30, 2022, the School District had the following investments:

Greenville City School District
Notes to the Basic Financial Statements
for the Fiscal Year Ended June 30, 2022

Measurement/Investment	Measurement Amount	Maturity	Standard & Poor's Rating	Percentage of Investment
Fair Value - Level One Inputs				
Money Market Mutual Funds	\$50,474	Less than one year	AAAm	N/A
Fair Value - Level Two Inputs				
U.S. Treasury Bills	<u>6,818,032</u>	Less than one year	A-1+	99.27%
Totals	<u><u>\$6,868,506</u></u>			

The School District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets. Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. The above chart identifies the School District's recurring fair value measurements as of June 30, 2022. The Money Market Mutual Fund is measured at fair value and is valued using quoted market prices (Level 1 Inputs). The School District's remaining investments are measured at fair value using methodologies that incorporate market inputs such as benchmark yields, reported trades, broker/dealer quotes, issuer spreads, two-sided markets, benchmark securities, bids, offers and reference data including market research publications. Market indicators and industry and economic events are also monitored, which could require the need to acquire further market data. (Level 2 inputs).

Interest Rate Risk – Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The School District has no investment policy that addresses interest rate risk. State statute requires that an investment mature within five years from the date of purchase, unless matched to a specific obligation or debt of the School District and that an investment must be purchased with the expectation that it will be held to maturity.

Credit Risk – Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Ohio law requires the money market mutual funds be rated in the highest category at the time of purchase by at least one nationally recognized rating service. The School District's investment policy limits investments to those authorized by State statute, which restricts investments to those that are highly rated or issued by United States Government sponsored enterprises.

Concentration of Credit Risk – Concentration of credit risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. A portion of the investment in the mutual funds is an investment of the endowment fund. The terms of the trust agreement require that the School District retain the investment in this mutual fund even though the School District could not properly purchase the fund as a trust investment and its retention might violate principals of investment diversification. The percentage that each investment represents of the total investments is listed in the table above. The School District's investment policy places no limit on the amount it may invest in any one issuer. The percentage that each investment represents of the total investments is listed in the table preceding.

Greenville City School District
Notes to the Basic Financial Statements
for the Fiscal Year Ended June 30, 2022

Note 7 - Property Taxes

Property taxes are levied and assessed on a calendar year basis, while the School District's fiscal year runs from July through June. First half tax collections are received by the School District in the second half of the fiscal year. Second half tax distributions occur in the first half of the following fiscal year.

Property taxes include amounts levied against all real and public utility property located in the School District. Real property tax revenue received in calendar year 2022 represents collections of calendar year 2021 taxes. Real property taxes received in calendar year 2022 were levied after April 1, 2021 on the assessed value listed as of January 1, 2021, the lien date. Assessed values for real property taxes are established by State statute at 35 percent of appraised market value. Real property taxes are payable annually or semi-annually. If paid annually, payment is due December 31; if paid semi-annually, the first payment is due December 31 with the remainder payable by June 20. Under certain circumstances, State statute permits alternate payment dates to be established.

Public utility property tax revenue received in calendar year 2022 represents collections of calendar year 2021 taxes. Public utility real and tangible personal property taxes received in calendar year 2022 became a lien December 31, 2020, were levied after April 1, 2021, and are collected with real property taxes. Public utility real property is assessed at 35 percent of true value; public utility tangible personal property currently is assessed at varying percentages of true value.

The School District receives property taxes from Darke County. The County Auditor periodically advances to the School District its portion of the taxes collected. Second-half real property tax payments collected by the County by June 30, 2022 are available to finance fiscal year 2022 operations. The amount available to be advanced can vary based on the date the tax bills are sent.

Accrued property taxes receivable includes real property and public utility property taxes that are measurable as of June 30, 2022 and for which there is an enforceable legal claim. Although total property tax collections for the next fiscal year are measurable, only the amount of real property taxes available as an advance at June 30 was levied to finance current fiscal year operations and is reported as revenue at fiscal year-end. The portion of the receivable not levied to finance current fiscal year operations is offset by a credit to deferred inflows - property taxes.

The amount available as an advance at June 30, 2022, was \$946,772 and is recognized as revenue: \$773,021 in the General Fund, \$126,871 in the Bond Retirement Fund, \$13,515 in the Classroom Facilities Maintenance Fund (a nonmajor governmental fund), and \$33,365 in the Permanent Improvement Fund (a nonmajor governmental fund). The amount available as an advance at June 30, 2021, was \$1,793,178 in the General Fund, \$290,839 in the Bond Retirement Fund, \$31,121 in the Classroom Facilities Maintenance Fund (a nonmajor governmental fund), and \$76,894 in the Permanent Improvement Fund (a nonmajor governmental fund).

On an accrual basis, collectible delinquent property taxes have been recorded as a receivable and revenue, while on a modified accrual basis, the revenue has been reported as deferred inflows of resources - unavailable revenue.

The assessed values upon which the fiscal year 2022 taxes were collected are:

Greenville City School District
Notes to the Basic Financial Statements
for the Fiscal Year Ended June 30, 2022

	2021 Second - Half Collections		2022 First - Half Collections	
	Amount	Percent	Amount	Percent
Real Estate	\$500,031,470	94.28%	\$503,994,560	94.00%
Public Utility Personal	30,354,420	5.72	32,188,070	6.00
Total	\$530,385,890	100.00%	\$536,182,630	100.00%
Voted Tax Rate Per \$1,000 of Assessed Valuation	\$41.06		\$41.02	

Note 8 - Income Tax

The School District levies a voted tax of one-half percent for general operations on the income of residents and of estates. The tax was effective on January 1, 1990 and is a continuing tax. Employers of residents are required to withhold income tax on compensation and remit the tax to the State. Taxpayers are required to file an annual return. The State makes quarterly distributions to the School District after withholding amounts for administrative fees and estimated refunds. Income tax revenue is credited to the General Fund.

Note 9 - Receivables

Receivables at June 30, 2022, consisted of property taxes, income taxes, accounts (tuition and student fees), intergovernmental grants, interfund, and accrued interest. All receivables are considered collectible in full due to the ability to foreclose for the nonpayment of taxes, the stable condition of State programs, and the current fiscal year guarantee of federal funds. All receivables, except for delinquent property taxes, are expected to be collected within one year. Property taxes, although ultimately collectible, include some portion of delinquents that will not be collected within one year.

A summary of the principal items of intergovernmental receivables follows:

	Amounts
<u>Governmental Activities:</u>	
Elementary and Secondary School Emergency Relief	\$306,985
Idea - Part B Special Education/Preschool	109,807
Carl D. Perkins Secondary	5,127
Title I School Improvement A	1,900
Title I-A Improving Basic Programs	130,673
Title II-A Supporting Effective Instruction	29,944
Medicaid Reimbursement	34,146
State Teachers' Retirement System	68,225
Foundation	5,021
Total	\$691,828

Greenville City School District

Pupil Transportation	155,073
Central	500
Operation of Non-Instructional Services	98,178
Extracurricular Activities	204,876
Total Depreciation Expense	<u>\$2,697,813</u>

Note 11 - Risk Management

Property and Liability

The School District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During the fiscal year the School District contracted with the Southwestern Ohio Educational Purchasing Council Property, Fleet, and Liability Program (See Note 17) for general liability, property, fleet insurance, and builder's risk.

Settled claims have not exceeded this commercial coverage in the past three fiscal years. There have been no significant reductions in insurance coverage from the last fiscal year.

Medical Benefits

For fiscal year 2022, the School District participated in the Southwestern Ohio Educational Purchasing Council Benefit Plan Trust (Trust), a public entity shared risk pool consisting of 55 school districts (Note 17). The School District pays monthly premiums to the Trust for employee medical/surgical, vision, dental, life, and accidental death and dismemberment insurance benefits. The Trust is responsible for the management and operations of the program. Upon withdrawal from the Trust, a participant is responsible for the payment of all Trust liabilities to its employees, dependents, and designated beneficiaries accruing as a result of withdrawal.

Workers' Compensation

For fiscal year 2022, the School District participated in the Southwestern Ohio Educational Purchasing Council Workers' Compensation Group Rating Plan (GRP), an insurance purchasing pool (See Note 17). The intent of the GRP is to achieve the benefit of a reduced premium for the School District by virtue of its grouping and representation with other participants in the GRP. The workers' compensation experience of the participating school districts is calculated as one experience, and a common premium rate is applied to all school districts in the GRP. Each participant pays its workers' compensation premium to the State based

Greenville City School District
Notes to the Basic Financial Statements
for the Fiscal Year Ended June 30, 2022

on the rate for the GRP rather than its individual rate. Participation in the GRP is limited to school districts that can meet the GRP's selection criteria. The firm of 3-HAB LTD. provides administrative, cost control, and actuarial services to the GRP.

Note 12 - Defined Benefit Pension Plans

The Statewide retirement systems provide both pension benefits and other postemployment benefits (OPEB).

Net Pension/Net OPEB Liability

The net pension liability and the net OPEB liability (asset) reported on the statement of net position represent liabilities to employees for pensions and OPEB, respectively. Pensions/OPEB are a component of exchange transactions—between an employer and its employees—of salaries and benefits for employee services. Pensions/OPEB are provided to an employee—on a deferred-payment basis—as part of the total compensation package offered by an employer for employee services each financial period. The obligation to sacrifice resources for pensions is a present obligation because it was created as a result of employment exchanges that already have occurred.

The net pension/OPEB liability (asset) represents the School District's proportionate share of each pension/OPEB plan's collective actuarial present value of projected benefit payments attributable to past periods of service, net of each pension/OPEB plan's fiduciary net position. The net pension/OPEB liability (asset) calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting these estimates annually.

Ohio Revised Code limits the School District's obligation for this liability to annually required payments. The School District cannot control benefit terms or the manner in which pensions/OPEB are financed; however, the School District does receive the benefit of employees' services in exchange for compensation including pension and OPEB.

GASB 68/75 assumes the liability is solely the obligation of the employer, because (1) they benefit from employee services; and (2) State statute requires funding to come from these employers. All pension contributions to date have come solely from these employers (which also includes pension costs paid in the form of withholdings from employees). The retirement systems may allocate a portion of the employer contributions to provide for these OPEB benefits. In addition, health care plan enrollees pay a portion of the health care costs in the form of a monthly premium. State statute requires the retirement systems to amortize unfunded pension liabilities within 30 years. If the pension amortization period exceeds 30 years, each retirement system's board must propose corrective action to the State legislature. Any resulting legislative change to benefits or funding could significantly affect the net pension/OPEB liability (asset). Resulting adjustments to the net pension/OPEB liability (asset) would be effective when the changes are legally enforceable. The Ohio Revised Code permits, but does not require the retirement systems to provide healthcare to eligible benefit recipients.

The proportionate share of each plan's unfunded benefits is presented as a net OPEB asset or long-term net pension/OPEB liability on the accrual basis of accounting. Any liability for the contractually-required pension/OPEB contribution outstanding at the end of the year is included in intergovernmental payable on both the accrual and modified accrual bases of accounting. The remainder of this note includes the required pension disclosures. See Note 13 for the required OPEB disclosures.

Greenville City School District
Notes to the Basic Financial Statements
for the Fiscal Year Ended June 30, 2022

Plan Description - School Employees Retirement System (SERS)

Plan Description – School District non-teaching employees participate in SERS, a cost-sharing multiple-employer defined benefit pension plan administered by SERS. SERS provides retirement, disability and survivor benefits, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Ohio Revised Code Chapter 3309. SERS issues a publicly available, stand-alone financial report that includes financial statements, required supplementary information and detailed information about SERS’ fiduciary net position. That report can be obtained by visiting the SERS website at www.ohsers.org under Employers/Audit Resources.

Age and service requirements for retirement are as follows:

	Eligible to Retire on or before August 1, 2017 *	Eligible to Retire on or after August 1, 2017
Full Benefits	Any age with 30 years of service credit	Age 67 with 10 years of service credit; or Age 57 with 30 years of service credit
Actuarially Reduced Benefits	Age 60 with 5 years of service credit Age 55 with 25 years of service credit	Age 62 with 10 years of service credit; or Age 60 with 25 years of service credit

* Members with 25 years of service credit as of August 1, 2017, will be included in this plan.

Annual retirement benefits are calculated based on final average salary multiplied by a percentage that varies based on years of service; 2.2 percent for the first thirty years of service and 2.5 percent for years of service credit over 30. Final average salary is the average of the highest three years of salary.

An individual whose benefit effective date is before April 1, 2018, is eligible for a cost of living adjustment (COLA) on the first anniversary date of the benefit. New benefit recipients must wait until the fourth anniversary of their benefit for COLA eligibility. The COLA is added each year to the base benefit amount on the anniversary date of the benefit. The COLA is indexed to the percentage increase in the CPI-W, not to exceed 2.5 percent and with a floor of 0 percent. A three-year COLA suspension was in effect for all benefit recipients for the years 2018, 2019, and 2020. The Retirement Board approved a 2.5 percent COLA for calendar year 2021.

Funding Policy – Plan members are required to contribute 10 percent of their annual covered salary and the School District is required to contribute 14 percent of annual covered payroll. The contribution requirements of plan members and employers are established and may be amended by the SERS’ Retirement Board up to statutory maximum amounts of 10 percent for plan members and 14 percent for employers. The Retirement Board, acting with the advice of the actuary, allocates the employer contribution rate among four of the System’s funds (Pension Trust Fund, Death Benefit Fund, Medicare B Fund, and Health Care Fund). For the fiscal year ended June 30, 2022, the allocation to pension, death benefits, and Medicare B was 14.0 percent. For fiscal year 2022, the Retirement Board did not allocate any employer contribution to the Health Care Fund.

The School District’s contractually required contribution to SERS was \$510,493 for fiscal year 2022, none of which is reported as an intergovernmental payable.

Greenville City School District
Notes to the Basic Financial Statements
for the Fiscal Year Ended June 30, 2022

Plan Description - State Teachers Retirement System (STRS)

Plan Description – School District licensed teachers and other faculty members participate in STRS Ohio, a cost-sharing multiple employer public employee system administered by STRS. STRS provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS issues a stand-alone financial report that includes financial statements, required supplementary information, and detailed information about STRS’ fiduciary net position. That report can be obtained by writing to STRS, 275 E. Broad St., Columbus, OH 43215-3771, by calling (888) 227-7877, or by visiting the STRS Web site at www.strsoh.org.

New members have a choice of three retirement plans; a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan, and a Combined Plan. Benefits are established by Ohio Revised Code Chapter 3307.

The DB plan offers an annual retirement allowance based on final average salary multiplied by a percentage that varies based on years of service. Effective August 1, 2015, the calculation is 2.2 percent of final average salary for the five highest years of earnings multiplied by all years of service. In April 2017, the Retirement Board made the decision to reduce COLA granted on or after July 1, 2017, to 0 percent to preserve the fiscal integrity of the retirement system. Benefit recipients’ base benefit and past cost-of living increases are not affected by this change. Eligibility changes will be phased in until August 1, 2026, when retirement eligibility for unreduced benefits will be five years of service credit and age 65, or 35 years of service credit and at least age 60.

Eligibility changes for DB Plan members who retire with actuarially reduced benefits will be phased in until August 1, 2026, when retirement eligibility will be five years of qualifying service credit and age 60, or 30 years of service credit at any age.

The DC Plan allows members to place all their member contributions and 9.53 percent of the 14 percent employer contributions into an investment account. The member determines how to allocate the member and employer money among various investment choices offered by STRS. The remaining 4.47 percent of the 14 percent employer rate is allocated to the defined benefit unfunded liability. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal.

The Combined Plan offers features of both the DB Plan and the DC Plan. In the Combined Plan, 12 percent of the 14 percent member rate is deposited into the member’s DC account and the remaining 2 percent is applied to the DB Plan. Member contributions to the DC Plan are allocated among investment choices by the member, and contributions to the DB Plan from the employer and the member are used to fund the defined benefit payment at a reduced level from the regular DB Plan. The defined benefit portion of the Combined Plan payment is payable to a member on or after age 60 with five years of service. The defined contribution portion of the account may be taken as a lump sum payment or converted to a lifetime monthly annuity at age 50 and after termination of employment.

New members who choose the DC plan or Combined Plan will have another opportunity to reselect a permanent plan during their fifth year of membership. Members may remain in the same plan or transfer to another STRS plan. The optional annuitization of a member’s defined contribution account or the defined contribution portion of a member’s Combined Plan account to a lifetime benefit results in STRS bearing the risk of investment gain or loss on the account. STRS has therefore included all three plan options as one defined benefit plan for GASB 68 reporting purposes.

Greenville City School District
Notes to the Basic Financial Statements
for the Fiscal Year Ended June 30, 2022

A DB or Combined Plan member with five or more years of credited service who is determined to be disabled may qualify for a disability benefit. New members on or after July 1, 2013, must have at least ten years of qualifying service credit that apply for disability benefits. Members in the DC Plan who become disabled are entitled only to their account balance. Eligible survivors of members who die before service retirement may qualify for monthly benefits. If a member of the DC Plan dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

Funding Policy – Employer and member contribution rates are established by the State Teachers Retirement Board and limited by Chapter 3307 of the Ohio Revised Code. The fiscal year 2022 employer and employee contribution rate of 14 percent was equal to the statutory maximum rates. For fiscal year 2022, the full employer contribution was allocated to pension.

The School District's contractually required contribution to STRS was \$1,948,453 for fiscal year 2022. Of this amount, \$338,077 is reported as an intergovernmental payable.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The School District's proportion of the net pension liability was based on the School District's share of contributions to the pension plan relative to the contributions of all participating entities. Following is information related to the proportionate share and pension expense:

	<u>SERS</u>	<u>STRS</u>	<u>Total</u>
Proportion of the Net Pension Liability:			
Current Measurement Date	0.10072030%	0.108135405%	
Prior Measurement Date	<u>0.09636290%</u>	<u>0.105781490%</u>	
Change in Proportionate Share	<u>0.00435740%</u>	<u>0.002353915%</u>	
Proportionate Share of the Net			
Pension Liability	\$3,716,287	\$13,826,084	\$17,542,371
Pension Expense	(\$7,549)	(\$99,301)	(\$106,850)

At June 30, 2022, the School District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Greenville City School District
Notes to the Basic Financial Statements
for the Fiscal Year Ended June 30, 2022

	SERS	STRS	Total
Deferred Outflows of Resources:			
Differences between expected and actual experience	\$358	\$427,160	\$427,518
Changes of assumptions	78,254	3,835,604	3,913,858
Changes in proportionate share and difference between School District contributions and proportionate share of contributions	164,979	529,093	694,072
School District contributions subsequent to the measurement date	510,493	1,948,453	2,458,946
Total Deferred Outflows of Resources	\$754,084	\$6,740,310	\$7,494,394
Deferred Inflows of Resources:			
Differences between expected and actual experience	\$96,378	\$86,661	\$183,039
Net difference between projected and actual earnings on pension plan investments	1,913,996	11,915,438	13,829,434
Changes in proportionate share and difference between School District contributions and proportionate share of contributions	29,151	298,243	327,394
Total Deferred Inflows of Resources	\$2,039,525	\$12,300,342	\$14,339,867

\$2,458,946 reported as deferred outflows of resources related to pension resulting from School District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized in pension expense as follows:

	SERS	STRS	Total
Fiscal Year Ending June 30:			
2023	(\$396,657)	(\$1,855,706)	(\$2,252,363)
2024	(356,717)	(1,583,470)	(1,940,187)
2025	(455,080)	(1,795,452)	(2,250,532)
2026	(587,480)	(2,273,857)	(2,861,337)
Total	(\$1,795,934)	(\$7,508,485)	(\$9,304,419)

Actuarial Assumptions - SERS

SERS' total pension liability was determined by their actuaries in accordance with GASB Statement No. 67, as part of their annual actuarial valuation for each defined benefit retirement plan. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts (e.g., salaries, credited service) and assumptions about the probability of occurrence of events far into the future (e.g., mortality, disabilities, retirements, employment termination). Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

Greenville City School District
Notes to the Basic Financial Statements
for the Fiscal Year Ended June 30, 2022

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employers and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations.

Actuarial calculations reflect a long-term perspective. For a newly hired employee, actuarial calculations will take into account the employee's entire career with the employer and also take into consideration the benefits, if any, paid to the employee after termination of employment until the death of the employee and any applicable contingent annuitant. In many cases actuarial calculations reflect several decades of service with the employer and the payment of benefits after termination.

Key methods and assumptions used in calculating the total pension liability in the latest actuarial valuation, prepared as of June 30, 2021, compared with June 30, 2020, are presented below:

	June 30, 2021	June 30, 2020
Inflation	2.4 percent	3.00 percent
Future Salary Increases, including inflation COLA or Ad Hoc COLA	3.25 percent to 13.58 percent 2.0 percent, on or after April 1, 2018, COLAs for future retirees will be delayed for three years following commencement	3.50 percent to 18.20 percent 2.5 percent
Investment Rate of Return	7.00 percent net of System expenses	7.50 percent net of investment expense, including inflation
Actuarial Cost Method	Entry Age Normal (Level Percent of Payroll)	Entry Age Normal (Level Percent of Payroll)

Mortality rates for 2021 were based on the PUB-2010 General Employee Amount Weight Below Median Healthy Retiree mortality table projected to 2017 with ages set forward 1 year and adjusted 94.20 percent for males and set forward 2 years and adjusted 81.35 percent for females. Mortality among disabled members were based upon the PUB-2010 General Disabled Retiree mortality table projected to 2017 with ages set forward 5 years and adjusted 103.3 percent for males and set forward 3 years and adjusted 106.8 percent for females. Future improvement in mortality rates is reflected by applying the MP-2020 projection scale generationally.

Mortality rates for 2020 were based on the RP-2014 Blue Collar Mortality Table with fully generational projection and a five year age set-back for both males and females. Mortality among service retired members, and beneficiaries were based upon the RP-2014 Blue Collar Mortality Table with fully generational projection with Scale BB, 120 percent of male rates, and 110 percent of female rates. Mortality among disabled members were based upon the RP-2000 Disabled Mortality Table, 90 percent for male rates and 100 percent for female rates, set back five years is used for the period after disability retirement.

The most recent experience study was completed for the five year period ended June 30, 2020.

The long-term return expectation for the Pension Plan Investments has been determined by using a building-block approach and assumes a time horizon, as defined in SERS' *Statement of Investment Policy*. A forecasted rate of inflation serves as the baseline for the return expectation. Various real return premiums over the baseline inflation rate have been established for each asset class. The long-term expected nominal

Greenville City School District
Notes to the Basic Financial Statements
for the Fiscal Year Ended June 30, 2022

rate of return has been determined by calculating an arithmetic weighted average of the expected real return premiums for each asset class, adding the projected inflation rate, and adding the expected return from rebalancing uncorrelated asset classes.

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Cash	2.00 %	(0.33) %
US Equity	24.75	5.72
Non-US Equity Developed	13.50	6.55
Non-US Equity Emerging	6.75	8.54
Fixed Income/Global Bonds	19.00	1.14
Private Equity	11.00	10.03
Real Estate/Real Assets	16.00	5.41
Multi-Asset Strategy	4.00	3.47
Private Debt/Private Credit	3.00	5.28
Total	<u>100.00 %</u>	

Discount Rate The total pension liability for 2021 was calculated using the discount rate of 7.00 percent. The discount rate for 2020 was 7.5 percent. The projection of cash flows used to determine the discount rate assumed the contributions from employers and from the members would be computed based on contribution requirements as stipulated by State statute. Projected inflows from investment earnings were calculated using the long-term assumed investment rate of return (7.00 percent). Based on those assumptions, the plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefits to determine the total pension liability.

Sensitivity of the School District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate Net pension liability is sensitive to changes in the discount rate, and to illustrate the potential impact the following table presents the net pension liability calculated using the discount rate of 7.00 percent, as well as what each plan's net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.00 percent), or one percentage point higher (8.00 percent) than the current rate.

	Current		
	1% Decrease (6.00%)	Discount Rate (7.00%)	1% Increase (8.00%)
School District's proportionate share of the net pension liability	\$6,182,989	\$3,716,287	\$1,636,010

Actuarial Assumptions - STRS

Key methods and assumptions used in the June 30, 2021, actuarial valuation compared to those used in the June 30, 2020, actuarial valuation are presented below:

Greenville City School District
Notes to the Basic Financial Statements
for the Fiscal Year Ended June 30, 2022

	June 30, 2021	June 30, 2020
Inflation	2.50 percent	2.50 percent
Projected salary increases	12.50 percent at age 20 to 2.50 percent at age 65	12.50 percent at age 20 to 2.50 percent at age 65
Investment Rate of Return	7.00 percent, net of investment expenses, including inflation	7.45 percent, net of investment expenses, including inflation
Discount Rate of Return	7.00 percent	7.45 percent
Payroll Increases	3.00 percent	3.00 percent
Cost-of-Living Adjustments (COLA)	0.0 percent	0.0 percent,

Post-retirement mortality rates are based on the RP-2014 Annuitant Mortality Table with 50 percent of rates through age 69, 70 percent of rates between ages 70 and 79, 90 percent of rates between ages 80 and 84, and 100 percent of rates thereafter, projected forward generationally using mortality improvement scale MP-2016. Pre-retirement mortality rates are based on RP-2014 Employee Mortality Table, projected forward generationally using mortality improvement scale MP-2016. Post-retirement disabled mortality rates are based on the RP-2014 Disabled Mortality Table with 90 percent of rates for males and 100 percent of rates for females, projected forward generationally using mortality improvement scale MP-2016.

Actuarial assumptions used in the June 30, 2021, valuation are based on the results of an actuarial experience study for the period July 1, 2011, through June 30, 2016.

STRS' investment consultant develops an estimate range for the investment return assumption based on the target allocation adopted by the Retirement Board. The target allocation and long-term expected rate of return for each major asset class are summarized as follows:

Asset Class	Target Allocation	Long-Term Expected Rate of Return *
Domestic Equity	28.00%	7.35%
International Equity	23.00	7.55
Alternatives	17.00	7.09
Fixed Income	21.00	3.00
Real Estate	10.00	6.00
Liquidity Reserves	1.00	2.25
Total	<u>100.00%</u>	

* 10 year annualized geometric nominal returns, which include the real rate of return and inflation of 2.25 percent, and is net of investment expenses. Over a 30-year period, STRS' investment consultant indicates that the above target allocations should generate a return above the actuarial rate of return, without net value added by management.

Greenville City School District
Notes to the Basic Financial Statements
for the Fiscal Year Ended June 30, 2022

Discount Rate The discount rate used to measure the total pension liability was 7.00 percent as of June 30, 2021, and was 7.45 percent as of June 30, 2020. The projection of cash flows used to determine the discount rate assumes that member and employer contributions will be made at the statutory contribution rates in accordance with rate increases described above. For this purpose, only employer contributions that are intended to fund benefits of current plan members and their beneficiaries are included. Based on those assumptions, STRS' fiduciary net position was projected to be available to make all projected future benefit payments to current plan members as of June 30, 2021. Therefore, the long-term expected rate of return on pension plan investments of 7.00 percent was applied to all periods of projected benefit payment to determine the total pension liability as of June 30, 2021.

Sensitivity of the School District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate The following table presents the School District's proportionate share of the net pension liability calculated using the current period discount rate assumption of 7.00 percent, as well as what the School District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one-percentage-point lower (6.00 percent) or one-percentage-point higher (8.00 percent) than the current rate:

	1% Decrease (6.00%)	Current Discount Rate (7.00%)	1% Increase (8.00%)
School District's proportionate share of the net pension liability	\$25,891,080	\$13,826,084	\$3,631,188

Changes Between the Measurement Date and the Reporting Date

In February 2022, the Board approved changes to demographic measures that will impact the June 30, 2022, actuarial valuation. These demographic measures include retirement, salary increase, disability/termination and mortality assumptions. In March 2022, the STRS Board approved benefit plan changes to take effect on July 1, 2022. These changes include a one-time three percent cost-of-living increase (COLA) to be paid to eligible benefit recipients and the elimination of the age 60 requirement for retirement age and service eligibility that was set to take effect in 2026. The effect on the net pension liability is unknown.

Social Security System

Effective July 1, 1991, all employees not otherwise covered by the School Employees Retirement System or the State Teachers Retirement System of Ohio have an option to choose Social Security or the School Employees Retirement System. As of June 30, 2022, three members of the Governing Board have elected Social Security. SERS The Board's liability is 6.2 percent of wages paid.

Note 13 - Defined Benefit OPEB Plans

See Note 12 for a description of the net OPEB liability/asset.

Plan Description – School Employees Retirement System (SERS)

Health Care Plan Description - The School District contributes to the SERS Health Care Fund, administered by SERS for non-certificated retirees and their beneficiaries. For GASB 75 purposes, this plan is considered a cost-sharing other postemployment benefit (OPEB) plan. SERS' Health Care Plan provides healthcare

Greenville City School District
Notes to the Basic Financial Statements
for the Fiscal Year Ended June 30, 2022

benefits to eligible individuals receiving retirement, disability, and survivor benefits, and to their eligible dependents. Members who retire after June 1, 1986, need 10 years of service credit, exclusive of most types of purchased credit, to qualify to participate in SERS' health care coverage. The following types of credit purchased after January 29, 1981, do not count toward health care coverage eligibility: military, federal, out-of-state, municipal, private school, exempted, and early retirement incentive credit. In addition to age and service retirees, disability benefit recipients and beneficiaries who are receiving monthly benefits due to the death of a member or retiree, are eligible for SERS' health care coverage. Most retirees and dependents choosing SERS' health care coverage are over the age of 65 and therefore enrolled in a fully insured Medicare Advantage plan; however, SERS maintains a traditional, self-insured preferred provider organization for its non-Medicare retiree population. For both groups, SERS offers a self-insured prescription drug program. Health care is a benefit that is permitted, not mandated, by statute. The financial report of the Plan is included in the SERS Annual Comprehensive Financial Report which can be obtained on SERS' website at www.ohsers.org under Employers/Audit Resources.

Access to health care for retirees and beneficiaries is permitted in accordance with Section 3309 of the Ohio Revised Code. The Health Care Fund was established and is administered in accordance with Internal Revenue Code Section 105(e). SERS' Retirement Board reserves the right to change or discontinue any health plan or program. Active employee members do not contribute to the Health Care Plan. The SERS Retirement Board established the rules for the premiums paid by the retirees for health care coverage for themselves and their dependents or for their surviving beneficiaries. Premiums vary depending on the plan selected, qualified years of service, Medicare eligibility, and retirement status.

Funding Policy - State statute permits SERS to fund the health care benefits through employer contributions. Each year, after the allocation for statutorily required pensions and benefits, the Retirement Board may allocate the remainder of the employer contribution of 14 percent of covered payroll to the Health Care Fund in accordance with the funding policy. For fiscal year 2022, no allocation was made to health care. An additional health care surcharge on employers is collected for employees earning less than an actuarially determined minimum compensation amount, pro-rated if less than a full year of service credit was earned. For fiscal year 2022, this amount was \$25,000. Statutes provide that no employer shall pay a health care surcharge greater than 2 percent of that employer's SERS-covered payroll; nor may SERS collect in aggregate more than 1.5 percent of the total statewide SERS-covered payroll for the health care surcharge. For fiscal year 2022, the School District's surcharge obligation was \$65,192.

The surcharge, added to the allocated portion of the 14 percent employer contribution rate is the total amount assigned to the Health Care Fund. The School District's contractually required contribution to SERS was \$65,192 for fiscal year 2022, which is reported as an intergovernmental payable.

Plan Description – State Teachers Retirement System of Ohio (STRS)

Plan Description – The State Teachers Retirement System of Ohio (STRS) administers a cost-sharing Health Plan administered for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS. Ohio law authorizes STRS to offer this plan. Benefits include hospitalization, physicians' fees, prescription drugs and partial reimbursement of monthly Medicare Part B premiums. The Plan is included in the report of STRS which can be obtained by visiting www.strsoh.org or by calling (888) 227-7877.

Funding Policy – Ohio Revised Code Chapter 3307 authorizes STRS to offer the Plan and gives the Retirement Board discretionary authority over how much, if any, of the health care costs will be absorbed by STRS. Active employee members do not contribute to the Health Care Plan. All benefit recipients pay

Greenville City School District
Notes to the Basic Financial Statements
for the Fiscal Year Ended June 30, 2022

a portion of the health care costs in the form of a monthly premium. Under Ohio law, funding for post-employment health care may be deducted from employer contributions, currently 14 percent of covered payroll. For the fiscal year ended June 30, 2022, STRS did not allocate any employer contributions to post-employment health care.

OPEB Liability (Asset), OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

The net OPEB liability (asset) was measured as of June 30, 2021, and the total OPEB liability used to calculate the net OPEB liability (asset) was determined by an actuarial valuation as of that date. The School District's proportion of the net OPEB liability (asset) was based on the School District's share of contributions to the respective retirement systems relative to the contributions of all participating entities. Following is information related to the proportionate share and OPEB expense:

	<u>SERS</u>	<u>STRS</u>	<u>Total</u>
Proportion of the Net OPEB Liability/Asset:			
Current Measurement Date	0.10374030%	0.108135405%	
Prior Measurement Date	<u>0.10019080%</u>	<u>0.105781490%</u>	
Change in Proportionate Share	<u>0.00354950%</u>	<u>0.002353915%</u>	
Proportionate Share of the:			
Net OPEB (Asset)	\$0	(\$2,279,948)	(\$2,279,948)
Net OPEB Liability	\$1,963,370	\$0	\$1,963,370
OPEB Expense	(\$5,146)	(\$166,321)	(\$171,467)

At June 30, 2022, the School District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	<u>SERS</u>	<u>STRS</u>	<u>Total</u>
Deferred Outflows of Resources:			
Differences between expected and actual experience	\$20,928	\$81,181	\$102,109
Changes of assumptions	308,007	145,633	453,640
Changes in proportionate share and difference between School District contributions and proportionate share of contributions	142,630	30,655	173,285
School District contributions subsequent to the measurement date	<u>65,192</u>	<u>0</u>	<u>65,192</u>
Total Deferred Outflows of Resources	<u>\$536,757</u>	<u>\$257,469</u>	<u>\$794,226</u>

Greenville City School District
Notes to the Basic Financial Statements
for the Fiscal Year Ended June 30, 2022

	SERS	STRS	Total
Deferred Inflows of Resources:			
Differences between expected and actual experience	\$977,847	\$417,727	\$1,395,574
Changes of assumptions	268,867	1,360,155	1,629,022
Net difference between projected and actual earnings on pension plan investments	42,655	631,962	674,617
Changes in proportionate share and difference between School District contributions and proportionate share of contributions	54,536	32,083	86,619
Total Deferred Inflows of Resources	\$1,343,905	\$2,441,927	\$3,785,832

\$65,192 reported as deferred outflows of resources related to OPEB resulting from School District contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in the year ending June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

	SERS	STRS	Total
Fiscal Year Ending June 30:			
2023	(\$205,159)	(\$629,823)	(\$834,982)
2024	(205,458)	(614,007)	(819,465)

2026	(164,956)	(263,352)	(428,308)
2027	(81,053)	(90,077)	(171,130)
Thereafter	(20,288)	2,272	(18,016)
Total	(\$872,340)	(\$2,184,458)	(\$3,056,798)

Actuarial Assumptions - SERS

The total OPEB liability is determined by SERS' actuaries in accordance with GASB Statement No. 74, as part of their annual actuarial valuation for each retirement plan. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts (e.g., salaries, credited service) and assumptions about the probability of occurrence of events far into the future (e.g., mortality, disabilities, retirements, employment terminations). Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employers and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations.

Actuarial calculations reflect a long-term perspective. For a newly hired employee, actuarial calculations will take into account the employee's entire career with the employer and also take into consideration the benefits, if any, paid to the employee after termination of employment until the death of the employee and

Greenville City School District
Notes to the Basic Financial Statements
for the Fiscal Year Ended June 30, 2022

any applicable contingent annuitant. In many cases, actuarial calculations reflect several decades of service with the employer and the payment of benefits after termination.

Key methods and assumptions used in calculating the total OPEB liability in the latest actuarial valuation date of June 30, 2021, compared with June 30, 2020, are presented below:

	June 30, 2021	June 30, 2020
Inflation	2.40 percent	3.00 percent
Future Salary Increases, including inflation		
Wage Increases	3.25 percent to 13.58 percent	3.50 percent to 18.20 percent
Investment Rate of Return	7.00 percent net of investment expense, including inflation	7.50 percent net of investment expense, including inflation
Municipal Bond Index Rate:		
Measurement Date	1.92 percent	2.45 percent
Prior Measurement Date	2.45 percent	3.13 percent
Single Equivalent Interest Rate, net of plan investment expense, including price inflation		
Measurement Date	2.27 percent	2.63 percent
Prior Measurement Date	2.63 percent	3.22 percent
Medical Trend Assumption		
Medicare	5.125 to 4.40 percent	5.25 to 4.75 percent
Pre-Medicare	6.75 to 4.40 percent	7.00 to 4.75 percent

For 2021, mortality rates among healthy retirees were based on the PUB-2010 General Employee Amount Weighted Below Median Healthy Retiree mortality table projected to 2017 with ages set forward 1 year and adjusted 94.20 percent for males and set forward 2 years and adjusted 81.35 percent for females. Mortality among disabled members were based upon the PUB-2010 General Disabled Retiree mortality table projected to 2017 with ages set forward 5 years and adjusted 103.3 percent for males and set forward 3 years and adjusted 106.8 percent for females. Mortality rates for contingent survivors were based on PUB-2010 General Amount Weighted Below Median Contingent Survivor mortality table projected to 2017 with ages set forward 1 year and adjusted 105.5 percent for males and adjusted 122.5 percent for females. Mortality rates for actives is based on PUB-2010 General Amount Weighted Below Median Employee mortality table.

For 2020, mortality rates were based on the RP-2014 Blue Collar Mortality Table with fully generational projection and Scale BB, 120 percent of male rates and 110 percent of female rates. RP-2000 Disabled Mortality Table with 90 percent for male rates and 100 percent for female rates set back five years.

The most recent experience study was completed for the five year period ended June 30, 2020.

The long-term expected rate of return on plan assets is reviewed as part of the actuarial five-year experience study. The most recent study covers fiscal years 2015 through 2020, and was adopted by the Board in 2021. Several factors are considered in evaluating the long-term rate of return assumption including long-term historical data, estimates inherent in current market data, and a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return were developed by the investment consultant for each major asset class. These ranges were combined to produce the long-term expected rate of return, 7.00

Greenville City School District
Notes to the Basic Financial Statements
for the Fiscal Year Ended June 30, 2022

percent, by weighting the expected future real rates of return by the target asset allocation percentage and then adding expected inflation. The capital market assumptions developed by the investment consultant are intended for use over a 10-year horizon and may not be useful in setting the long-term rate of return for funding pension plans which covers a longer timeframe. The assumption is intended to be a long-term assumption and is not expected to change absent a significant change in the asset allocation, a change in the inflation assumption, or a fundamental change in the market that alters expected returns in future years.

The SERS health care plan follows the same asset allocation and long-term expected real rate of return for each major asset class as the pension plan, see Note 12.

Discount Rate The discount rate used to measure the total OPEB liability at June 30, 2021, was 2.27 percent. The discount rate used to measure total OPEB liability prior to June 30, 2021, was 2.63 percent. The projection of cash flows used to determine the discount rate assumed that contributions will be made from members and the System at the contribution rate of 1.50 percent of projected covered payroll each year, which includes a 1.50 percent payroll surcharge and no contributions from the basic benefits plan. Based on these assumptions, the OPEB plan's fiduciary net position was projected to become insufficient to make all projected future benefit payments of current System members by SERS actuaries. The Municipal Bond Index Rate is used in the determination of the SEIR for both the June 30, 2020, and the June 30, 2021, total OPEB liability. The Municipal Bond Index rate is the single rate that will generate a present value of benefit payments equal to the sum of the present value determined by the long-term expected rate of return, and the present value determined by discounting those benefits after the date of depletion. The Municipal Bond Index Rate is 1.92 percent at June 30, 2021, and 2.45 percent at June 30, 2020.

Sensitivity of the School District's Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate and Changes in the Health Care Cost Trend Rates The net OPEB liability is sensitive to changes in the discount rate and the health care cost trend rate. The following table presents the net OPEB liability of SERS, what SERS' net OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower (1.27%) and higher (3.27%) than the current discount rate (2.27%). Also shown is what SERS' net OPEB liability would be based on health care cost trend rates that are 1 percentage point lower (5.75% decreasing to 3.40%) and higher (7.75% decreasing to 5.40%) than the current rate (6.75% decreasing to 4.40%).

	1% Decrease (1.27%)	Current Discount Rate (2.27%)	1 % Increase (3.27%)
School District's proportionate share of the net OPEB liability	\$2,432,853	\$1,963,370	\$1,588,314
	1% Decrease (5.75% decreasing to 3.40%)	Current Trend Rate (6.75% decreasing to 4.40%)	1% Increase (7.75% decreasing to 5.40%)
School District's proportionate share of the net OPEB liability	\$1,511,634	\$1,963,370	\$2,566,751

Greenville City School District
Notes to the Basic Financial Statements
for the Fiscal Year Ended June 30, 2022

Actuarial Assumptions – STRS

Key methods and assumptions used in the June 30, 2021, actuarial valuation and the June 30, 2020, actuarial valuation are presented below:

	June 30, 2021	June 30, 2020
Projected salary increases	12.50 percent at age 20 to 2.50 percent at age 65	12.50 percent at age 20 to 2.50 percent at age 65
Investment Rate of Return	7.00 percent, net of investment expenses, including inflation	7.45 percent, net of investment expenses, including inflation
Payroll Increases	3 percent	3 percent
Discount Rate of Return	7.00 percent	7.45 percent
Health Care Cost Trends		
Medical		
Pre-Medicare	5.00 percent initial, 4 percent ultimate	5.00 percent initial, 4 percent ultimate
Medicare	-16.18 percent initial, 4 percent ultimate	-6.69 percent initial, 4 percent ultimate
Prescription Drug		
Pre-Medicare	6.50 percent initial, 4 percent ultimate	6.50 percent initial, 4 percent ultimate
Medicare	29.98 initial, 4 percent ultimate	11.87 initial, 4 percent ultimate

Projections of benefits include the historical pattern of sharing benefit costs between the employers and retired plan members.

For healthy retirees the mortality rates are based on the RP-2014 Annuitant Mortality Table with 50 percent of rates through age 69, 70 percent of rates between ages 70 and 79, 90 percent of rates between ages 80 and 84, and 100 percent of rates thereafter, projected forward generationally using mortality improvement scale MP-2016. For disabled retirees, mortality rates are based on the RP-2014 Disabled Mortality Table with 90 percent of rates for males and 100 percent of rates for females, projected forward generationally using mortality improvement scale MP-2016.

Actuarial assumptions used in the June 30, 2021, valuation are based on the results of an actuarial experience study for the period July 1, 2011, through June 30, 2016.

The non-Medicare subsidy percentage was increased effective January 1, 2022, from 2.055 percent to 2.1 percent per year of service. The non-Medicare frozen subsidy base premium was increased effective January 1, 2022. The Medicare Part D Subsidy was updated to reflect it is expected to be negative in CY 2022. The Part B monthly reimbursement elimination date was postponed indefinitely.

The STRS health care plan follows the same asset allocation and long-term expected real rate of return for each major asset class as the pension plan, see Note 12.

Discount Rate The discount rate used to measure the total OPEB liability was 7.00 percent as of June 30, 2021, and was 7.45 percent as of June 30, 2020. The projection of cash flows used to determine the discount rate assumes STRS continues to allocate no employer contributions to the health care fund. Based on these assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments to current plan members as of June 30, 2021. Therefore, the long-term expected rate of return on health care plan investments of 7.00 percent was used to measure the total OPEB liability as of June 30, 2021.

Greenville City School District
Notes to the Basic Financial Statements
for the Fiscal Year Ended June 30, 2022

Sensitivity of the School District's Proportionate Share of the Net OPEB Asset to Changes in the Discount and Health Care Cost Trend Rate The following table represents the net OPEB asset as of June 30, 2021, calculated using the current period discount rate assumption of 7.00 percent, as well as what the net OPEB asset would be if it were calculated using a discount rate that is one percentage point lower (6.00 percent) or one percentage point higher (8.00 percent) than the current assumption. Also shown is the net OPEB asset as if it were calculated using health care cost trend rates that are one percentage point lower or one percentage point higher than the current health care cost trend rates.

	1% Decrease (6.00%)	Current Discount Rate (7.00%)	1 % Increase (8.00%)
School District's proportionate share of the net OPEB asset	(\$1,923,922)	(\$2,279,948)	(\$2,577,351)
	1% Decrease	Current Trend Rate	1% Increase
School District's proportionate share of the net OPEB asset	(\$2,565,301)	(\$2,279,948)	(\$1,927,080)

Changes Between the Measurement Date and the Reporting Date

In February 2022, the Board approved changes to demographic measures that will impact the June 30, 2022, actuarial valuation. The effect on the net OPEB liability is unknown.

Note 14 - Employee Benefits

Compensated Absences

The criteria for determining vacation and sick leave benefits are derived from negotiated agreements and State laws. Eligible classified twelve-month employees and administrators earn 10 to 30 days of vacation per fiscal year, depending upon length of service. Accumulated, unused vacation time is paid to classified employees and administrators upon termination of employment. Teachers do not earn vacation time.

Teachers, administrators, and classified employees earn sick leave at the rate of one and one-fourth days per month. Sick leave may be accumulated up to a maximum of 215-250 days, depending on the number of months in the employee's contract and the classification of the employee. Upon retirement, all employees, except administrators, who have worked continuously with the School District for at least 10 years, receive payment for one day of severance for every four days of accrued, but unused sick leave accrued to a maximum of 40 days. Administrators receive payment on the basis of 1.1 days of severance for every four days of sick leave accrued up to a maximum of 60 days. The Superintendent and Treasurer's accruals are defined by their own individual contracts.

All certified employees, other than administrators, with a minimum of 10 years of continuous full-time service in the School District, who elect to retire effective the end of the work year that the employee first becomes eligible to retire, receive a super-severance payment of 50 percent of the employee's accumulated but unused sick leave to a maximum of 80 days. Payment of such severance is at the employee's daily rate of pay at the time of retirement, excluding supplemental contracts. Any employee, who elects not to retire at the end of the work year that the employee first becomes eligible to retire, forfeits the right to any payment and is only entitled to regular severance pay. Payment is made in two equal installments. The first payment

Greenville City School District
Notes to the Basic Financial Statements
for the Fiscal Year Ended June 30, 2022

is made within 15 days of receipt of confirmation from the retirement system that the employee is retired and receiving benefits. The second payment is made within 12 months of the first payment. In order to be eligible to receive super-severance, the employee must tender resignation for retirement purposes, effective at the end of the school year, no later than April 1 of the year the employee first becomes eligible to retire.

If an employee retires beyond the end of the first work year that the employee first becomes eligible to retire, the employee will be eligible to receive 10 additional days of severance pay, providing the employee retires with service credit equal to 30 years, but less than 31 years. To qualify for the additional 10 days of pay, the employee must have a minimum of 15 years of continuous full-time service with the School District and meet all other requirements for super-severance. Under no circumstances will any employee be eligible to receive both super-severance and the additional 10 days.

Administrators who have 10 years of continuous full-time service with the School District who resign for retirement purposes effective the end of the work year that the administrator first becomes eligible to retire, receive a bonus of nine percent of accumulated but unused sick leave to a maximum of 20 days. Payment of severance will be at the employee's daily rate at the time of retirement, excluding supplemental contracts. Any employee who elects not to resign at the end of the work year the employee first becomes eligible to retire will forfeit the right to any payment, but will be entitled to severance pay. Payment will be made in two equal installments with the first being made within 15 days of the receipt of verification of retirement. The second payment will be made and received by the employee within 12 months of the first payment. Eligibility is contingent upon the tender of resignation by May 1 of the year prior to the issuance of a new contract.

Insurance

The School District provides medical/surgical, vision, dental, life, and accidental death and dismemberment insurance to most employees through the Southwestern Ohio Educational Purchasing Council Benefit Plan Trust (Note 17).

Note 15 - Long-Term Obligations

The changes in the School District's long-term obligations during fiscal year 2022 were as follows.

Greenville City School District
Notes to the Basic Financial Statements
for the Fiscal Year Ended June 30, 2022

	Amount Outstanding 6/30/2021	Additions	Deductions	Amount Outstanding 6/30/2022	Amounts Due Within One Year

In December 2013, the School District issued \$35,274,995 in the Series 2013 School Improvement Bonds for the purpose of paying the local share of school construction under the State of Ohio Classroom Facilities Assistance Program for a segmented project including construction of a new K-8 elementary/middle school building and demolition of certain existing school buildings, and other improvements to school facilities. \$2,840,000 were serial bonds; \$32,000,000 were term bonds; and \$434,995 were capital appreciation bonds. The interest rates vary from 1.0 percent to 5.5 percent. The bonds were partially refunded during fiscal year 2020, with final maturity in January 2027.

Greenville City School District
Notes to the Basic Financial Statements
for the Fiscal Year Ended June 30, 2022

The capital appreciation bonds, issued at \$434,995, are not subject to prior redemption. The fiscal year 2022, accretion amount was \$17,169. The capital appreciation bonds will mature January 1, 2026 and 2027 in the amount of \$320,000 per year.

In February 2014, the School District issued \$9,724,999 in the Series 2014 School Improvement Bonds as additional funding for the purpose of paying the local share of school construction under the State of Ohio Classroom Facilities Assistance Program. \$6,845,000 were serial bonds; \$2,475,000 were term bonds; and \$404,999 was a capital appreciation bond. The capital appreciation bond was paid off in fiscal year 2015. The interest rates vary from 1.5 percent to 4.0 percent. The serial bonds were paid off in fiscal year 2022.

In November of 2019, the School District issued \$38,619,338 in School Improvement Refunding Bonds for the purpose of refunding a portion of the 2013 School Improvement Refunding Bonds and 2014 School Improvement Refunding Bonds, in order to take advantage of lower interest rates. These bonds are paid from the Bond Retirement fund and will mature in January 2051. As of June 30, 2022, \$1,068,088 of the proceeds were unexpended.

The capital appreciation bonds, issued at \$534,338, are not subject to prior redemption. The fiscal year 2022, accretion amount was \$494,879. The capital appreciation bonds will mature one per fiscal year ending in fiscal year 2029 in the amounts ranging from \$205,000 to \$805,000.

General obligation bonds will be paid from the Bond Retirement fund.

There is no repayment schedule for the net pension or the net OPEB liabilities. However, employer pension and OPEB contributions are made from the General Fund and the following nonmajor funds: Food Service Fund, Auxiliary Fund, EMIS Fund, Title VI-B Fund, Title I Fund, Title II-A and Miscellaneous Federal Grants Fund. For additional information related to the net pension and net OPEB liabilities see Notes 12 and 13.

Compensated absences will be paid from the General Fund and the following non-major funds: Food Service Fund, Auxilliary Fund, EMIS Fund, Student Wellness and Success Fund, Title VI-B Fund, Elementary and Secondary School Emergency Relief, Title I, and Miscellaneous Federal Grants Fund.

The School District's overall legal debt margin was \$10,872,264, with an unvoted debt margin of \$536,083 at June 30, 2022.

Principal and interest requirements to retire general obligation debt outstanding at fiscal year-end are as follows:

Greenville City School District
Notes to the Basic Financial Statements
for the Fiscal Year Ended June 30, 2022

General Obligation Bonds

Fiscal Year Ending June 30,	Term and Serial Principal	Term and Serial Interest	Capital Appreciation Principal	Capital Appreciation Interest	Total
2023	\$290,000	\$1,281,245	\$174,452	\$630,549	\$2,376,246
2024	790,000	1,266,318	41,665	273,335	2,371,318
2025	500,000	1,250,144	46,420	528,580	2,325,144
2026	515,000	1,238,159	235,629	384,371	2,373,159
2027	520,000	1,225,448	223,168	396,832	2,365,448
2028-2032	4,600,000	5,838,088	16,898	1,128,100	11,583,086

2038-2042	7,540,000	3,758,772	0	0	11,298,772
2043-2047	8,970,000	2,300,411	0	0	11,270,411
2048-2051	8,385,000	607,016	0	0	8,992,016
Total	<u>\$38,565,000</u>	<u>\$23,727,016</u>	<u>\$738,232</u>	<u>\$3,341,767</u>	<u>\$66,372,015</u>

Note 16 - Interfund Activity

The balance of \$125,306 due to the General Fund from the Elementary and Secondary School Emergency Relief, Title VI-B, Title I School Improvement, Title I, and Title II-A Nonmajor Special Revenue Funds are a result of negative cash balances in these funds. The interfund receivable and payable between Title II A and Title VI-B is due to grant monies owed. General Fund advances are made to move unrestricted balances to support programs and projects accounted for in other funds. Advancing monies to other funds is necessary due to timing differences in the receipt of grant monies. When the monies are finally received, the grant fund will use these restricted monies to reimburse the General Fund for the initial advance. All advances are expected to be repaid within one year.

Payable	Receivable		
	General Fund	Nonmajor Governmental	
		Funds	Total
Nonmajor Governmental Funds	<u>\$125,306</u>	<u>\$30,843</u>	<u>\$156,149</u>

The General Fund made transfers to Nonmajor Governmental Funds in the amount of \$180,000 during fiscal year 2022. Transfers are used to move General Fund revenues that are used to support programs accounted for in other funds.

Note 17 - Jointly Governed Organizations, Insurance Purchasing Pools, Public Entity Shared Risk Pool, and Related Organization

Jointly Governed Organizations

Metropolitan Educational Technology Association - The School District is a participant in the Metropolitan Educational Technology Association (META), which is a computer consortium and a regional council of

Greenville City School District
Notes to the Basic Financial Statements
for the Fiscal Year Ended June 30, 2022

governments. META is an educational solutions partner providing services across Ohio. META provides cost-effective fiscal, network, technology, and student services, a purchasing cooperative, and other individual services based on each client's needs.

The governing board of META consists of a president, vice president and twelve board members who represent the members of META. The Board works with META's Chief Executive Officer, and Chief Financial Officer to manage operations and ensure the continued progress of the organization's mission, vision, and values. The Board exercises total control over the operations of the Association including budgeting, appropriating, contracting and designating management. Each School District's degree of control is limited to its representation on the Board. The School District paid META \$73,163 for services provided during the fiscal year. Financial information can be obtained from META Solutions, at 100 Executive Drive, Marion Ohio 43302.

Southwestern Ohio Educational Purchasing Council - The School District participates in the Southwestern Ohio Educational Purchasing Council (SOEPC), a purchasing council made up of nearly 100 school districts and educational service centers in 12 counties. The purpose of SOEPC is to obtain prices for quality merchandise and services commonly used by schools. All member districts are obligated to pay all fees, charges, or other assessments as established by the SOEPC. Each member district has one voting representative. Any district withdrawing from the SOEPC forfeits its claim to any and all SOEPC assets. One year prior notice is necessary for withdrawal from the group. During this time, the withdrawing member is liable for all member obligations during the one year period. The Board exercises total control over the operations of the coalition including budgeting, appropriating, contracting and designating management. Each School District's degree of control is limited to its representation on the Board. Payments to SOEPC are made from the General Fund. Starting with the 2016-17 school year, the SOEPC waived EPC membership fees. To obtain financial information, write to the Southwestern Ohio Educational Purchasing Council, at 303 Corporate Center Drive, Suite 208, Vandalia, OH 45377.

Southwestern Ohio Instructional Technology Association - The Southwestern Ohio Instructional Technology Association (SOITA) is a not-for-profit corporation formed under Chapter 1702 of the Ohio Revised Code. The purpose of the corporation is to serve the educational needs of the area through television programming for the advancement of educational programs. The Board of Trustees is comprised of 21 representatives of SOITA member schools or institutions. Nineteen representatives are elected from within the counties by the qualified members within the counties, i.e., Auglaize, Butler, Champaign, Clark, Clinton, Darke, Fayette, Greene, Hamilton, Logan, Mercer, Miami, Montgomery, Preble, Shelby, and Warren. Montgomery, Greene, and Butler Counties elect two representatives per area. All others elect one representative per area. One at-large non-public representative is elected by the non-public school SOITA members. One at-large higher education representative is elected by higher education SOITA members from within the State-assigned SOITA service area.

All member districts are obligated to pay all fees, charges, or other assessments as established by the SOITA. Upon dissolution, the net assets shall be distributed to the federal government, or to a state or local government, for a public purpose. The Board exercises total control over the operations of the coalition including budgeting, appropriating, contracting and designating management. Each School District's degree of control is limited to its representation on the Board. Payments to SOITA are made from the General Fund. During fiscal year 2022, the School District did not contribute to SOITA. To obtain financial information, write to the Southwestern Ohio Instructional Technology Association, at 1205 East Fifth Street, Dayton, Ohio 45402.

Greenville City School District
Notes to the Basic Financial Statements
for the Fiscal Year Ended June 30, 2022

Insurance Purchasing Pools

Southwestern Ohio Educational Purchasing Council Workers' Compensation Group Rating Plan – The School District participates in the Southwestern Ohio Educational Purchasing Council Workers' Compensation Group Rating Plan (GRP), an insurance purchasing pool. The GRP's business and affairs are conducted by an 11 member Executive Committee consisting of the Chairperson, the Vice-Chairperson, a representative from the Montgomery County Educational Service Center, and eight other members elected by majority vote of all member school districts. The Chief Administrator of GRP serves as the coordinator of the program. Each fiscal year, the participating school districts pay an enrollment fee to the GRP to cover the costs of administering the program.

Southwestern Ohio Educational Purchasing Council Property, Fleet, and Liability Program – The School District participates in the Southwestern Ohio Educational Purchasing Council Property, Fleet, and Liability Program (PFL). The PFL's business and affairs are conducted by a six member committee consisting of various PFL representatives that are elected by the general assembly. The purpose of the PFL of the SOEPC is to jointly provide or obtain casualty, property, employer liability, general liability, risk management, professional liability, group coverage, and other protections for participants.

Public Entity Shared Risk Pool

Southwestern Ohio Educational Purchasing Council Benefit Plan Trust – The Southwestern Ohio Educational Purchasing Council Benefit Plan Trust (Trust) is a public entity shared risk pool consisting of 55 school districts. The Trust is organized as a Voluntary Employee Benefit Association under Section 501(c)(9) of the Internal Revenue Code and provides medical/surgical, dental, vision, life, and accidental death and dismemberment insurance benefits to the employees of the participants. The Trust is governed by the Southwestern Ohio Educational Purchasing Council and its participating members. Each participant decides which plans offered by the Trust that will be extended to its employees. Participation in the Trust is by written application subject to acceptance by the Trust and payment of the monthly premiums. Financial information can be obtained from the Southwestern Ohio Educational Purchasing Council, 303 Corporate Center Drive, Suite 208, Vandalia, Ohio 45377.

Related Organization

Greenville Public Library – The Greenville Public Library is a distinct political subdivision of the State of Ohio created under Chapter 3375 of the Ohio Revised Code. The Library is governed by a Board of Trustees appointed by the Greenville City School District Board of Education. The Board of Trustees possesses its own contracting and budgeting authority, hires and fires personnel, and does not depend on the School District for operational subsidies. Although the School District does serve as the taxing authority and may issue tax related debt on behalf of the Library, its role is limited to a ministerial function. The determination to request approval of a tax, the rate, and the purpose are discretionary decisions made solely by the Board of Trustees. Financial information can be obtained from the Greenville Public Library, Susi Halley, Clerk/Treasurer, at 520 Sycamore Street, Greenville, Ohio 45331.

Note 18 - Set-Aside Calculations

The School District is required by State statute to annually set aside, in the General Fund, an amount based on a statutory formula for the acquisition and construction of capital improvements. Amounts not spent by fiscal year-end or offset by similarly restricted resources received during the fiscal year must be held in cash at fiscal year-end and carried forward to be used for the same purposes in future fiscal years.

Greenville City School District
Notes to the Basic Financial Statements
for the Fiscal Year Ended June 30, 2022

The following cash basis information identifies the change in the fiscal year-end set-aside amount for capital acquisition. Disclosure of this information is required by State statute.

	Capital Acquisition
Set-aside Balance as of June 30, 2021	\$0
Current Fiscal Year Set-aside Requirement	427,487
Current Fiscal Year Offsets	(427,487)
Set-aside Balance as of June 30, 2022	\$0

Amounts of offsets presented in the table for the capital acquisition set-asides were limited to those necessary to reduce the year-end balance to zero. Although the School District may have had additional offsets and qualifying expenditures for capital acquisitions, these amounts may not be used to reduce the set-aside requirements of futures fiscal years and therefore is not presented as being carried forward to the next fiscal year.

Note 19 - Endowments

The School District’s Permanent Fund includes donor-restricted endowments. The Net Position Non-Expendable amount of \$43,204 represent the principal portion of the endowments. The Net Position Expendable amount of \$8,671 represents the interest earnings on donor- restricted investments and is available for expenditure by the governing board, for purposes consistent with the endowment’s intent. State law permits the governing board to appropriate, for purposes consistent with the endowment's intent, net appreciation, realized and unrealized, unless the endowment terms specify otherwise.

Note 20 – Fund Balances

Fund balance is classified as nonspendable, restricted, committed, assigned, and/or unassigned based primarily on the extent to which the School District is bound to observe constraints imposed upon the use of the resources in the governmental funds. The constraints placed on fund balance for the major governmental funds and nonmajor governmental funds are presented as follows:

Fund Balances	General Fund	Bond Retirement Fund	Nonmajor Governmental Funds	Total
<i>Nonspendable:</i>				
Inventory	\$66,759	\$0	\$9,499	\$76,258
Unclaimed Monies	13,176	0	0	13,176
Endowment	0	0	43,204	43,204
<i>Total Nonspendable</i>	\$79,935	\$0	\$52,703	\$132,638

Note 21 - Contingencies

Grants

The School District received financial assistance from federal and State agencies in the form of grants. The expenditure of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies. Any disallowed

Greenville City School District
Notes to the Basic Financial Statements
for the Fiscal Year Ended June 30, 2022

claims resulting from such audits could become a liability of the General Fund or other applicable funds. However, the effect of any such disallowed claims on the overall financial position of the School District at June 30, 2022, if applicable, cannot be determined at this time.

Litigation

The School District is currently a party to legal proceedings as of June 30, 2022. The School District’s management is of the opinion that ultimate disposition of these claims and legal proceedings will not have a material effect, if any, on the financial condition of the School District.

Note 22 - Significant Commitments

Contractual Commitments

The School District has been and will continue to undertake a new construction project for a new field house. The outstanding contractual commitments at June 30, 2022, are:

Contractor	Contract Amount	Amount Expended	Balance at 6/30/2022
Greater Dayton Construction	\$3,135,617	\$2,852,183	\$283,434

Encumbrances

Encumbrances are commitments related to unperformed contracts for goods or services. Encumbrance accounting is utilized to the extent necessary to assure effective budgetary control and accountability and to facilitate effective cash planning and control. At fiscal year-end, the amount of encumbrances expected to be honored upon performance by the vendor in the next fiscal year were as follows:

General Fund	\$1,686,389
Other Governmental Funds	<u>1,112,806</u>
Total	<u>\$2,799,195</u>

Note 23 – COVID-19

The United States and the State of Ohio declared a state of emergency in March of 2020 due to the COVID-19 pandemic. Ohio’s state of emergency ended in June of 2021 while the national state of emergency continues. During fiscal year 2022, the School District received COVID-19 funding. The financial impact of COVID-19 and the continuing recovery measures will impact subsequent periods of the School District. The impact on the School District’s future operating costs, revenues, and additional recovery from funding, either federal or state, cannot be estimated.

Net Pension Liability

Changes in Assumptions - SERS

Beginning in fiscal year 2022, an assumption of 2.0 percent was used for COLA or Ad Hoc Cola. For fiscal years 2018 through 2021, an assumption of 2.5 percent was used. Prior to 2018, an assumption of 3 percent was used.

Amounts reported in 2022 incorporate changes in assumptions used by SERS in calculating the total pension liability in the latest actuarial valuation. These assumptions compared with those used in prior years are presented below:

	Fiscal Year 2022	Fiscal Years 2021-2017	Fiscal Year 2016 and Prior
Wage Inflation	2.4 percent	3.00 percent	3.25 percent
Future Salary Increases, including inflation	3.25 percent to 13.58 percent	3.50 percent to 18.20 percent	4.00 percent to 22.00 percent
Investment Rate of Return	7.0 percent net of system expenses	7.50 percent net of investments expense, including inflation	7.75 percent net of investments expense, including inflation

Amounts reported for 2022 use mortality rates based on the PUB-2010 General Employee Amount Weight Below Median Healthy Retiree mortality table projected to 2017 with ages set forward 1 year and adjusted 94.20 percent for males and set forward 2 years and adjusted 81.35 percent for females. Mortality among disabled members were based upon the PUB-2010 General Disabled Retiree mortality table projected to 2017 with ages set forward 5 years and adjusted 103.3 percent for males and set forward 3 years and adjusted 106.8 percent for females. Future improvement in mortality rates is reflected by applying the MP-2020 projection scale generationally.

Amounts reported for 2017 through 2021 use mortality rates that are based on the RP-2014 Blue Collar Mortality Table with fully generational projection and a five year age set-back for both males and females. Amounts reported for fiscal year 2016 and prior, use mortality assumptions that are based on the 1994 Group Annuity Mortality Table set back one year for both men and women. Special mortality tables were used for the period after disability retirement.

Changes in Assumptions - STRS

Beginning with fiscal year 2022, amounts reported incorporate changes in assumptions and changes in benefit terms used by STRS in calculating the total pension liability in the latest actuarial valuation. These new assumptions compared with those used in fiscal years 2018-2021 and fiscal year 2017 and prior are presented below:

Greenville City School District
Notes to the Required Supplementary Information
For the Fiscal Year Ended June 30, 2022

	Fiscal Year 2022	Fiscal Years 2021-2018	Fiscal Year 2017 and Prior
Inflation	2.50 percent	2.50 percent	2.75 percent
Projected salary increases	12.50 percent at age 20 to 2.50 percent at age 65	12.50 percent at age 20 to 2.50 percent at age 65	12.25 percent at age 20 to 2.75 percent at age 70
Investment Rate of Return	7.00 percent, net of investment expenses, including inflation	7.45 percent, net of investment expenses, including inflation	7.75 percent, net of investment expenses, including inflation
Payroll Increases	3 percent	3 percent	3.5 percent
Cost-of-Living Adjustments (COLA)	0.0 percent, effective July 1, 2017	0.0 percent, effective July 1, 2017	2 percent simple applied as follows: for members retiring before August 1, 2013, 2 percent per year; for members retiring August 1, 2013, or later, 2 percent COLA commences on fifth anniversary of retirement date.

Beginning with fiscal year 2018, post-retirement mortality rates for healthy retirees are based on the RP-2014 Annuitant Mortality Table with 50 percent of rates through age 69, 70 percent of rates between ages 70 and 79, 90 percent of rates between ages 80 and 84, and 100 percent of rates thereafter, projected forward generationally using mortality improvement scale MP-2016. Post-retirement disabled mortality rates are based on the RP-2014 Disabled Mortality Table with 90 percent of rates for males and 100 percent of rates for females, projected forward generationally using mortality improvement scale MP-2016. Pre-retirement mortality rates are based on RP-2014 Employee Mortality Table, projected forward generationally using mortality improvement scale MP-2016.

For fiscal year 2017 and prior actuarial valuation, mortality rates were based on the RP-2000 Combined Mortality Table (Projection 2022—Scale AA) for Males and Females. Males’ ages are set-back two years through age 89 and no set-back for age 90 and above. Females younger than age 80 are set back four years, one year set back from age 80 through 89, and no set back from age 90 and above.

Net OPEB Liability

Changes in Assumptions – SERS

Beginning with fiscal year 2022, amounts reported incorporate changes in assumptions and changes in benefit terms used by SERS in calculating the total OPEB liability in the latest actuarial valuation. These new assumptions compared with those used in fiscal year 2021 and prior are presented below:

	2022	2021 and Prior
Inflation	2.40 percent	3.00 percent
Future Salary Increases, including inflation		
Wage Increases	3.25 percent to 13.58 percent	3.50 percent to 18.20 percent
Investment Rate of Return	7.00 percent net of investment expense, including inflation	7.50 percent net of investment expense, including inflation

Amounts reported incorporate changes in key methods and assumptions used in calculating the total OPEB liability as presented below:

Municipal Bond Index Rate:	
Fiscal year 2022	1.92 percent
Fiscal year 2021	2.45 percent
Fiscal year 2020	3.13 percent
Fiscal year 2019	3.62 percent
Fiscal year 2018	3.56 percent
Fiscal year 2017	2.92 percent
Single Equivalent Interest Rate, net of plan investment expense, including price inflation	
Fiscal year 2022	2.27 percent
Fiscal year 2021	2.63 percent
Fiscal year 2020	3.22 percent
Fiscal year 2019	3.70 percent
Fiscal year 2018	3.63 percent
Fiscal year 2017	2.98 percent

Changes in Assumptions – STRS

For fiscal year 2018, the discount rate was increased from 3.26 percent to 4.13 percent based on the methodology defined under GASB Statement No. 74, Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans (OPEB) and the long term expected rate of return was reduced from 7.75 percent to 7.45 percent. Valuation year per capita health care costs were updated, and the salary scale was modified. The percentage of future retirees electing each option was updated based on current data and the percentage of future disabled retirees and terminated vested participants electing health coverage were decreased. The assumed mortality, disability, retirement, withdrawal and future health care cost trend rates were modified along with the portion of rebated prescription drug costs.

For fiscal year 2019, the discount rate was increased from the blended rate of 4.13 percent to the long-term expected rate of return of 7.45.

For fiscal year 2022, the discount rate was decreased from 7.45 percent to the long-term expected rate of return of 7.00.

Changes in Benefit Terms – STRS OPEB

For fiscal year 2018, the subsidy multiplier for non-Medicare benefit recipients was reduced from 2.1 percent to 1.9 percent per year of service. Medicare Part B premium reimbursements were discontinued for certain survivors and beneficiaries and all remaining Medicare Part B premium reimbursements will be discontinued beginning January 2020.

For fiscal year 2019, the subsidy multiplier for non-Medicare benefit recipients was increased from 1.9 percent to 1.944 percent per year of service effective January 1, 2019. The non-Medicare frozen subsidy base premium was increased effective January 1, 2019, and all remaining Medicare Part B premium reimbursements will be discontinued beginning January 1, 2020.

For fiscal year 2020, there was no change to the claims costs process. Claim curves were trended to the fiscal year ending June 30, 2020, to reflect the current price renewals. The non-Medicare subsidy percentage was increased effective January 1, 2020, from 1.944 percent to 1.984 percent per year of service. The non-Medicare frozen subsidy base premium was increased effective January 1, 2020. The Medicare subsidy

Notes to the Required Supplementary Information
For the Fiscal Year Ended June 30, 2022

percentages were adjusted effective January 1, 2021, to 2.1 percent for the Medicare plan. The Medicare Part B monthly reimbursement elimination date was postponed to January 1, 2021.

For fiscal year 2021, there was no change to the claims costs process. Claim curves were updated to reflect the projected fiscal year ending June 30, 2021, premium based on June 30, 2020, enrollment distribution. The non-Medicare subsidy percentage was increased effective January 1, 2021, from 1.984 percent to 2.055 percent per year of service. The non-Medicare frozen subsidy base premium was increased effective January 1, 2021. The Medicare subsidy percentages were adjusted effective January 1, 2021, to 2.1 percent for the AMA Medicare plan. The Medicare Part B monthly reimbursement elimination date was postponed indefinitely.

For fiscal year 2022, there was no change to the claims costs process. Claim curves were updated to reflect the projected fiscal year ending June 30, 2022, premium based on June 30, 2021, enrollment distribution. The non-Medicare subsidy percentage was increased effective January 1, 2022, from 2.055 percent to 2.1 percent per year of service. The non-Medicare frozen subsidy base premium was increased effective January 1, 2022. The Medicare Part D Subsidy was updated to reflect it is expected to be negative in CY 2022. The Part B monthly reimbursement elimination date was postponed indefinitely.

Fund Descriptions – Nonmajor Governmental Funds

Nonmajor Special Revenue Funds

The Special Revenue Funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. Following is a description of the School District's nonmajor special revenue funds:

Food Service Fund – This fund accounts for and reports the proceeds from the sale of lunches and grants restricted to the food service operations of the School District.

Student Recognition Fund – This fund accounts for and reports monies donated to the School District restricted to college scholarships for eligible high school seniors.

Other Local Grants Fund – This fund accounts for and reports restricted proceeds of specific revenue sources. Not included are State and federal grants that are legally restricted to expenditures for specified purposes. These are often received from local government agencies in a competitive manner. This fund had no cash activity during fiscal year 2022. Therefore, no budgetary statement is presented.

Latchkey Fund – This fund accounts for and reports fees restricted for after-school care and instructional services to students whose parents are not at home when the student gets out of school. This fund had no cash activity during fiscal year 2022. Therefore, no budgetary statement is presented.

Educational Foundation Fund – This fund accounts for and reports restricted proceeds of any activity, bequest, gift, or endowment given to the School District, given without conditions or limitations; or, for the proceeds of a transfer from the General Fund of up to one-half of one percent of the total estimated appropriations included in the School District's tax budget.

Classroom Facilities Maintenance Fund – This fund accounts for and reports the proceeds of a levy restricted for the maintenance of facilities.

Student Managed Activities Fund – This fund accounts for and reports grants, donations, and fees restricted for student activity programs other than athletics.

Athletic Fund – This fund accounts for and reports gate receipts and other revenues from athletic events and costs (except supplemental coaching contracts) of the athletic program, including transportation.

Auxiliary Fund – This fund accounts for and reports restricted revenues which provide services and materials to pupils attending non-public schools within the School District.

EMIS Fund – This fund accounts for and reports restricted State monies which support the development of hardware and software or other costs associated with the requirements of the management information system.

Data Communications Fund – This fund accounts for and reports restricted money appropriated for Ohio Educational Computer Network Connections.

(Continued)

Fund Descriptions – Nonmajor Governmental Funds (Continued)

Nonmajor Special Revenue Funds

Summer Intervention Fund – This fund accounts for and reports restricted State monies used for the Summer School program. This fund had no cash activity during fiscal year 2022. Therefore, no budgetary statement is presented.

Vocational Enhancement Fund – This fund accounts for and reports restricted State monies which support vocational education enhancements that expand the number of students enrolled in tech programs, and also enables students to develop career plans, to identify initial educational and career goals, and to develop a career passport which provides a clear understanding of the student’s knowledge, skills and credentials to present to future employers, universities, and other training institutes. This fund is also used to replace or update equipment essential for the instruction of students in job skills taught as part of a vocational program or programs approved for such instruction by the State Board of Education. This fund had no cash activity during fiscal year 2022. Therefore, no budgetary statement is presented.

Student Wellness and Success Fund – This fund accounts for and reports grants restricted for student wellness and success initiatives.

Other State Grants Fund – This fund accounts and reports for various restricted grants received from the State of Ohio, which are not classified in a separate fund.

Adult Basic Education Fund – This fund accounts for and reports restricted federal monies which supports persons 16 years of age and older who are not enrolled in school and who have less than a twelfth grade level education or its equivalent. The fund is used to develop basic education skills and to increase the opportunity of employment. This fund had no cash activity during fiscal year 2022. Therefore, no budgetary statement is presented.

Elementary and Secondary School Emergency Relief Fund - To account for and reports restricted federal monies received through the American Rescue Plan Act to help the School District sustain safe operation and to aid in the impact of the Coronavirus pandemic.

Coronavirus Relief Fund - To account for and reports restricted federal monies received to cover costs that are necessary expenditures incurred due to the public health emergency with respect to COVID-19.

Title VI-B Fund – This fund accounts for and reports restricted federal monies used to educate the handicapped, to assist in the identification of handicapped students, the development of procedural safeguards, the implementation of least restrictive alternative service patterns, and the provision of full educational opportunities to handicapped children at the preschool, elementary and secondary levels.

Vocational Education Carl Perkins Fund – This fund accounts for and reports restricted monies provided to the School District as established by the Carl D. Perkins Vocational Education Act of 1984.

Title I School Improvement Fund – This fund accounts for and reports restricted federal monies for economically disadvantaged school districts and some of their eligible schools for improving educational outcomes for students who are failing or at risk of failing to meet State standards.

(Continued)

Fund Descriptions – Nonmajor Governmental Funds (Continued)

Nonmajor Special Revenue Funds

Title III LEP Fund – This fund accounts for and reports restricted federal monies which provide programs to meet the educational needs of children with limited English proficiency. This fund had no cash activity during fiscal year 2022. Therefore, no budgetary statement is presented.

Title I Fund – This fund accounts for and reports restricted federal monies used to provide financial assistance to meet the special needs of educationally deprived children.

Title IV-A Fund – This fund accounts for and reports restricted federal monies used to improve students' academic achievement.

Title II-A Fund – This fund accounts for and reports restricted federal monies used to hire additional classroom teachers in grades one through three, so that the number of students per teacher will be reduced.

Miscellaneous Federal Grants Fund – This fund accounts for and reports various restricted monies received through State agencies from the federal government, or directly from the federal government, which are not classified elsewhere.

Nonmajor Capital Projects Funds

The Capital Projects Funds are established to account for and report financial resources that are restricted, committed or assigned to capital outlays including acquisition or construction of capital facilities and other capital outlays.

Permanent Improvement Fund – This fund accounts for and reports restricted property taxes and associated intergovernmental revenues levied to be used for various capital improvements within the School District.

Building Fund – This fund accounts for and reports all transaction restricted for constructing improvements, renovations, and additions to the School District's buildings, including equipment, furniture, and fixtures.

Classroom Facilities Fund – This fund accounts for and reports restricted monies received and expended in connection with constructing improvements, renovations, and additions to the School District's buildings, including equipment, furniture, and fixtures.

Nonmajor Permanent Fund

Permanent Fund accounts for and reports monies donated to the School District for providing scholarships, awards, and support to graduates of the School District that have non-expendable principal. This fund had no cash activity during fiscal year 2022. Therefore, no budgetary statement is presented.

STATISTICAL TABLES

This part of Greenville City School District’s annual comprehensive financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the School District’s overall financial health.

<u>CONTENTS</u>	<u>PAGES</u>
Financial Trends	130-137
These schedules contain trend information to help the reader understand how the School District’s financial performance and well-being have changed over time.	
Revenue Capacity	138-147
These schedules contain information to help the reader assess the School District’s most significant local revenue source, the property tax.	
Debt Capacity	148-153
These schedules present information to help the reader assess the affordability of the School District’s current levels of outstanding debt and the School District’s ability to issue additional debt in the future.	
Demographic and Economic Information	154-155
These schedules offer demographic and economic indicators to help the reader understand the environment within which the School District’s financial activities take place.	
Operating Information	156-175
These schedules contain service and infrastructure data to help the reader understand how the information in the School District’s financial report relates to the services the School District provides and the activities it performs.	

Sources: Unless otherwise noted, the information in these schedules is derived from the annual comprehensive financial report for the relevant year.

Real property is reappraised every six years with a State mandated update of the current market value in the third year following each reappraisal.

The assessed value of real property (including public utility real property) is 35 percent of estimated true value. The assessed value of public utility personal property ranges from 25 percent of true value for railroad property to 88 percent for electric transmission and distribution property.

The tangible personal property values associated with each year are the values that, when multiplied by the applicable rates, generated the property tax revenue billed in that year. For real property, the amounts generated by multiplying the assessed values by the applicable rates would be reduced by a 10 percent and a 2 1/2 percent rollback, and homestead exemptions before being billed.

The rates presented for a particular calendar year are the rates that, when applied to the assessed values presented in the Assessed Value Table, generated the property tax revenue for that year.

Rates may only be raised by obtaining the approval of a majority of the voters at a public election.

Real property tax rates are reduced so that inflationary increases in value do not generate additional taxes. Real property is reappraised every six years and property values are updated in the third year following each reappraisal.

(1) Current taxes levied and current tax collections do not include rollback and homestead amounts.

(2) The County's current reporting system does not track delinquency tax collections by tax year. Outstanding delinquencies are tracked in total by the date the parcel is first certified delinquent. Penalties and interest are applied to the total outstanding delinquent balance. The presentation will be updated as new information becomes available.

Prior to fiscal year 2014, the School District did not have any bonded debt.

Greenville City School District
Computation of Direct and Overlapping Governmental Activities Debt
June 30, 2022

Jurisdiction	Governmental Activities Debt	Percentage Applicable to School District (1)	Amount Applicable to School District
Direct:			
Greenville City School District	\$41,559,114	100.00%	\$41,559,114
Overlapping:			
Darke County *			
General Obligation Bonds	<u>4,166,321</u>	38.88%	<u>1,619,866</u>
Total	<u>\$45,725,435</u>		<u>\$43,178,980</u>

Source: * Darke County Auditor - Data is presented on a calendar year basis because that is the manner in which information is maintained by the County Auditor. The latest information available is fiscal year 2020.

(1) Percentages were determined by dividing the assessed valuation of the political subdivision located within the boundaries of the School District by the total assessed valuation of the subdivision. The valuations used were for the 2020 collection year.

Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the School District. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the School District. This process recognizes that, when considering the School District's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account.

Unvoted Debt Limit - 0.10% of Assessed Value (2)	\$412,910	\$415,130	\$456,070

Source: Darke County Auditor and School District Financial Records

(1) The definition of tax valuation for the purpose of calculating the debt margin was modified by H.B. 530, effective 3/30/06, to exclude tangible personal property used in business, telephone or telegraph property, interexchange telecommunications company property, or personal property owned or leased by a railroad company and used in railroad operations.

(2) Ohio Bond Law sets a limit of nine percent for overall debt and 1/10 of one percent for unvoted debt.

(3) The Superintendent of Public Instruction in Ohio, in accordance with Ohio Revised Code Section 133.06(E), certified the School District as an "Approved Special Needs District" in 2013, which enabled the School District to issue bonded debt in excess of the limits statutorily set by the Ohio Bond Law.

**GREENVILLE CITY SCHOOL DISTRICT
DARKE COUNTY, OHIO**

NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
2 CFR 200.510(b)(6)
FOR THE FISCAL YEAR ENDED JUNE 30, 2022

NOTE 1 – BASIS OF PRESENTATION & SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying Schedule of Expenditures of Federal Awards (the Schedule) includes the federal award activity of the Greenville City School District under programs of the federal government for the fiscal year ended June 30, 2022 and is prepared in accordance with the cash basis of accounting. The information on this Schedule is prepared in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the Greenville City School District, it is not intended to and does not present the financial position, or changes in net position of the Greenville City School District. Such expenditures are recognized following cost principles contained in Uniform Guidance wherein certain types of expenditures may or may not be limited to as to reimbursement.

NOTE 2 - DE MINIMIS COST RATE

CFR Section 200.414 of the Uniform Guidance allows a non-federal entity that has never received a negotiated indirect cost rate to charge a de minimis rate of 10% of modified total direct costs to indirect costs. Greenville City School District has not elected to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

NOTE 3 - CHILD NUTRITION CLUSTER

The Greenville City School District commingles cash receipts from the U.S. Department of Agriculture with similar State grants. When reporting expenditures on this Schedule, the Greenville City School District assumes it expends federal monies first.

NOTE 4 - FOOD DONATION PROGRAM

The Greenville City School District reports commodities consumed on the Schedule at the entitlement value. The Greenville City School District allocated donated food commodities to the respective program that benefitted from the use of those donated food commodities.

NOTE 5 – PASS THROUGH FUNDS

The Greenville City School District was awarded federal program allocations to be administered on their behalf by an area Educational Service Center (ESC). For fiscal year 2022, Greenville City School District’s allocation is as follows:

<u>Grant/Program Name</u>	<u>ALN</u>	<u>Reallocated to</u>	<u>Award Amount</u>
Special Education-Preschool Grants (IDEA Preschool)	84.173A	Darke County ESC	\$ 17,942

**Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other
Matters Based on an Audit of Financial Statements Performed in Accordance With
*Government Auditing Standards***

Greenville City School District
Darke County
215 West Fourth Street
Greenville, Ohio 45331

To the Members of the Board of Education:

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Greenville City School District, Darke County, Ohio, as of and for the fiscal year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Greenville City School District's basic financial statements, and have issued our report thereon dated December 27, 2022, wherein we noted as described in Note 23 to the financial statements, the financial impact of COVID-19 and the continuing emergency measures may impact subsequent periods.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Greenville City School District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Greenville City School District's internal control. Accordingly, we do not express an opinion on the effectiveness of the Greenville City School District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements, on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Greenville City School District's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Greenville City School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Greenville City School District

Darke County

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters

Based on an Audit of Financial Statements Performed in Accordance With *Government Auditing Standards*

Page 2

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Greenville City School District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Greenville City School District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Independent Auditor’s Report on Compliance for Each Major Federal Program
and on Internal Control Over Compliance and on the Schedule of Expenditures of Federal Awards
Required by the Uniform Guidance**

Greenville City School District
Darke County
215 West Fourth Street
Greenville, Ohio 45331

To the Members of the Board of Education:

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited the Greenville City School District’s compliance with the types of compliance requirements identified as subject to audit in the U.S. Office of Management and Budget (OMB) *Compliance Supplement* that could have a direct and material effect on each of the Greenville City School District’s major federal programs for the fiscal year ended June 30, 2022. The Greenville City School District’s major federal programs are identified in the summary of auditor’s results section of the accompanying schedule of findings.

In our opinion, the Greenville City School District complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the fiscal year ended June 30, 2022.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the “Auditor’s Responsibilities for the Audit of Compliance” section of our report.

We are required to be independent of the Greenville City School District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the Greenville City School District’s compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the Greenville City School District’s federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Greenville City School District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Greenville City School District's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Greenville City School District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- obtain an understanding of the Greenville City School District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the Greenville City School District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the "Auditor's Responsibilities for the Audit of Compliance" section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Greenville City School District, as of and for the fiscal year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Greenville City School District's basic financial statements. We issued our unmodified report thereon dated December 27, 2022. Our audit was performed for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.
