INDEPENDENT ACCOUNTANT'S REPORT ON APPLYING AGREED-UPON PROCEDURES

Ohio Department of Development
77 South High Street, 29th Floor
Columbus, OH 43215

We have performed the procedures enumerated below as required by Ohio Rev. Code § 117.55, on the Ohio Department of Development's (the Department) state awards for economic development with closeout dates recorded in the cash basis accounting records for the period July 1, 2022 through June 30, 2023, and certain compliance requirements related to those transactions and balances, included in the information provided to us by the management of the Department. The Department was responsible for the listing of state awards for economic development with closeout dates recorded in the cash basis accounting records for the period July 1, 2022 through June 30, 2023, and certain compliance requirements related to these transactions and balances included in the information provided to us by the Department.

Management of the Department has agreed to and acknowledged that these procedures are appropriate to meet the requirements of Rev. Code § 117.55 to evaluate state awards for economic development with closeout dates recorded in the cash basis accounting records for the period July 1, 2022 through June 30, 2023, and certain compliance requirements related to these transactions and balances. No other party acknowledged the appropriateness of the procedures. This report may not be suitable for any other purpose. These procedures may not address all the items of interest to a user of the report and may not meet the needs of all users of the report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes. The sufficiency of the procedures is solely the responsibility of the parties specified in the report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

Procedure 1

- A. On August 9, 2023, we obtained from the Department an excel spreadsheet listing each state award for economic development whose performance period ended during the engagement period (July 1, 2022 through June 30, 2023). This listing was to include, at a minimum, the program name and number, the beneficiary/borrower name, the program type (if applicable), the closeout year, and any other required information for each award listed. All required information was included on the listing. See Procedure 1.E. below for the list.
- B. We inspected the list to confirm the required information was included for each award listed. If information was missing, we were to provide the Department with the specifics needed and obtain the additional information for the list. All required information was included.
- C. For each award recipient on the list, we obtained the following from the Department, without exception:
 - 1. The agreements and any applicable amendments which document the required terms and conditions of the award, including performance metrics.
 - 2. The annual report submitted by the award recipients during the engagement period.

Efficient • Effective • Transparent

- D. Using the documents obtained in 1.C. above, we confirmed both the required and reported applicable performance metrics for each award.
- E. We compared the performance metrics reported in the annual report to the required performance metrics from the agreements, as modified. We calculated the percentage of compliance for each award, as reported in the table below. Those under 100% for any metric (37 of 66 Job Creation Tax Credits and 12 of 17 Loans; N/A for Grants) were noncompliant.

Note: For Roadwork Development grants, outside of completing the roadwork project, contract language for these awards do not require commitments such as job creation or retention. Instead, they contain aspirational commitments. Annual report submissions do not require disclosure of aspirational commitment progress. Project status is evaluated from project updates with grantee and review of the reimbursement request details, which are typically at the end of the project.

Procedure 2

- A.** We sorted the list obtained in Procedure 1 by type of economic development awards provided (the three types are Grants, Loans, and Tax Credits). We identified 105 total awards comprised of 68 Tax Credits, 20 Grants, and 17 Loans. See the listing in Procedure 1.E. above.
- B.** We selected awards recipients equal to 10% of the items from each award type category, which resulted in a sample less than 20 awards. Therefore, we selected additional awards from each category resulting in a sample of 13 Tax Credits, four Grants, and three Loans for a total sample size of 20. However, during testing over the Tax Credits, we determined one of the Tax Credits' closeout year had been extended which resulted in the Tax Credit being removed from the sample. An additional Tax Credit was not selected for testing due to timing, therefore, we proceeded with an overall sample of 19. Furthermore, through discussion with the Department, two Tax Credits should not have been included in the population due to their closeout years being extended to future years, reducing the population to 66 Tax Credits. See Procedure 3.A. through 3.C. below for the related sample items.

- C. We obtained from each selected award recipient the necessary documentation to support the performance metrics they reported in their annual report submitted to the Department. All required documentation was provided, except for the three Loan recipients, as noted in procedure 3.B. below and one JCTC recipient, as indicated in the table for procedure 3.C. below.

Procedure 3

We inspected the supporting documentation obtained from the award recipients selected in Procedure 2 to confirm the following, based on the applicable award type (as listed below), and agreed the information to the annual report:

A. Grants (including Roadwork Development)

<i>Closeout List</i>			<i>Agreement & Amendments</i>		
	Beneficiary/Borrower Name	Program Type	Job Commitments		Loan/Grant Amount
			Created	Retained	
1	Blue Ash, City of	Roadwork Development (629) Grant	1,100	480	\$766,211
2	Hebron, Village of	Roadwork Development (629) Grant	50	0	\$250,000
3	Marysville, City of	Roadwork Development (629) Grant	0	1,337	\$350,000
4	New Albany, City of	Roadwork Development (629) Grant	50	0	\$1,500,000

1. Funds were only used for costs incurred to complete the project. No exceptions were noted.
2. Project costs were paid prior to disbursement of grant funds and consisted only of eligible reimbursable costs. No exceptions were noted.
3. Reimbursement was based on the appropriate percentage of the actual eligible costs. Costs in excess of grant funds were secured from non-public sources. No exceptions were noted.
4. If applicable, grantee met the prevailing wage requirement under Ohio Rev. Code Chapter 4115. However, wage rate requirements were not applicable to all four of the items selected.
5. Grantee expended funds and completed the project within the time period set forth in the agreement. No exceptions were noted.
6. Grantee met the job requirements per the Agreement. For workforce development, this would include training the agreed-upon new and incumbent employees. No exceptions were noted.

B. Loans

<i>Closeout List</i>			<i>Agreement & Amendments</i>		
	Beneficiary/Borrower Name	Program Type	Job Commitments		Loan/Grant Amount
			Created	Retained	
1	Bloom Land Company, LLC	Regional 166 Direct Loan	10	46	\$400,000
2	Nosterra, LLC	Regional 166 Direct Loan	5	0	\$500,000
3	West End Ventures, LLC	166 Direct Loan	22	87	\$25,000,000

1. We were unable to confirm proceeds were used only for payment of allowable project costs for the three loans listed because no such information was provided.

2. The Borrower provided the required equity funding by the completion date. No exceptions were noted.
3. All wages paid to laborers & mechanics employed were paid at the prevailing rate of wages or above. No exceptions were noted.
4. The Borrower made all of their loan repayments timely. No exceptions were noted.
5. The Borrower met the job requirements per the Agreement. No exceptions were noted.
6. The Borrower maintained proper insurance coverage. No exceptions were noted.
7. The Borrower received an environmental audit of the project facilities. No exceptions were noted.

* Note: The selected JCTC beneficiary did not provide supporting documentation to agree to annual report.

1. The award recipient's total payroll, Ohio payroll, Ohio income tax paid, and total jobs (created and/or retained) reported agreed to supporting documentation for six of the 12 JCTC award recipients (50%), without exception. For the remaining six of 12 JCTC award recipients (50%), supporting documentation did not agree to the amounts reported in the beneficiaries' annual reports, as noted in the table above.

Procedure 4

- A. Based on the results of procedures 1, 2, and 3 above, we compiled a listing of each award recipient who was not in compliance with the performance metrics, as specified in the terms and conditions of the award.
- B. We provided the listing from 4.A. above to the Attorney General, as required by Ohio Rev. Code 117.55, under separate cover on November 29, 2023.

We were engaged by the Department to perform this agreed-upon procedures engagement and conducted our engagement in accordance with the attestation standards established by the AICPA and the Comptroller General of the United States' *Government Auditing Standards*. We were not engaged to, and did not conduct an examination or review engagement, the objective of which would be the expression of an opinion or conclusion, respectively, on the Department's receipts, disbursements, balances and compliance with certain laws and regulations. Accordingly, we do not express an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

We are required to be independent of the Department and to meet our ethical responsibilities, in accordance with the ethical requirements established by the Comptroller General of the United States' *Government Auditing Standards* related to our agreed upon procedures engagement.
