INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

Portage County 449 S. Meridian Street Portage County Administration Building Ravenna, Ohio 44266

To the Board of County Commissioners:

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*), the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Portage County, Ohio,(the County) as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the County's basic financial statements and have issued our report thereon dated June 28, 2023, wherein we referred to the financial impact of COVID-19 and the continuing emergency measures which may impact subsequent periods of the County.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the County's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Efficient • Effective • Transparent

Portage County Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Required by Government Auditing Standards Page 2

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Keith Faber Auditor of State Columbus, Ohio

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE AND ON THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS REQUIRED BY THE UNIFORM GUIDANCE

Portage County 449 S. Meridian Street Portage County Administration Building Ravenna, Ohio 44266

To the Board of County Commissioners:

Report on Compliance for Each Major Federal Program

Qualified and Unmodified Opinions

We have audited Portage County's, (the County) compliance with the types of compliance requirements identified as subject to audit in the U.S. Office of Management and Budget (OMB) *Compliance Supplement* that could have a direct and material effect on each of Portage County's major federal programs for the year ended December 31, 2022. Portage County's major federal programs are identified in the *Summary of Auditor's Results* section of the accompanying schedule of findings.

Qualified Opinion on Coronavirus State and Local Fiscal Recovery Funds

In our opinion, except for the noncompliance described in the *Basis for Qualified and Unmodified Opinions* section of our report, Portage County complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on the Coronavirus State and Fiscal Recovery Funds program for the year ended December 31, 2022.

Unmodified Opinion on Each of the Other Major Federal Programs

In our opinion, Portage County complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its other major federal programs identified in the *Summary of Auditor's Results* section of the accompanying schedule of findings for the year ended December 31, 2022.

Basis for Qualified and Unmodified Opinions

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

Efficient • Effective • Transparent

Portage County
Independent Auditor's Report on Compliance with Requirements
Applicable to Each Major Federal Program and on Internal Control Over
Compliance and on the Schedule of Expenditures of Federal Award
Required by the Uniform Guidance
Page 2

We are required to be independent of the County and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified and unmodified opinions on compliance for each major federal program. Our audit does not provide a legal determination of the County's compliance with the compliance requirements referred to above.

Matter Giving Rise to Qualified Opinion on Coronavirus State and Local Fiscal Recovery Funds

As described in finding 2022-001 in the accompanying schedule of findings, the County did not comply with requirements regarding Suspension and Debarment applicable to its AL #21.027 Coronavirus State and Local Fiscal Recovery Funds major federal program.

Compliance with such requirements is necessary, in our opinion, for the County to comply with requirements applicable to that program.

Responsibilities of Management for Compliance

The County's Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the County's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the County's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, Government Auditing Standards, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the County's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, Government Auditing Standards, and the Uniform Guidance, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material noncompliance, whether due to fraud or error, and design
 and perform audit procedures responsive to those risks. Such procedures include examining, on a
 test basis, evidence regarding the County's compliance with the compliance requirements referred
 to above and performing such other procedures as we considered necessary in the circumstances.
- obtain an understanding of the County's internal control over compliance relevant to the audit in
 order to design audit procedures that are appropriate in the circumstances and to test and report
 on internal control over compliance in accordance with the Uniform Guidance, but not for the
 purpose of expressing an opinion on the effectiveness of the County's internal control over
 compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Independent Auditor's Report on Compliance with Requirements
Applicable to Each Major Federal Program and on Internal Control Over
Compliance and on the Schedule of Expenditures of Federal Award
Required by the Uniform Guidance
Page 3

Report on Internal Control over Compliance

Our consideration of internal control over compliance was for the limited purpose described in the *Auditor's Responsibilities for the Audit of Compliance* section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we did identify a certain deficiency in internal control over compliance that we consider to be a material weakness.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiency in internal control over compliance described in the accompanying schedule of findings as item 2022-001 to be a material weakness.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

Government Auditing Standards requires the auditor to perform limited procedures on the County's response to the internal control over compliance finding identified in our audit described in the accompanying schedule of findings and corrective action plan. The County's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of this testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Page 4

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of Portage County, (the County) as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the County's basic financial statements. We issued our unmodified report thereon dated June 28, 2023, wherein we referred to the financial impact of COVID-19 and the ensuing emergency measures that will impact subsequent periods. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. We have not performed any procedures on the audited financial statements subsequent to June 28, 2023. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. The schedule is the responsibility of management and was derived from and relates directly to the underlying accounting and other records management used to prepare the basic financial statements. We subjected this schedule to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling this schedule directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

Keith Faber Auditor of State Columbus, Ohio

NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS 2 CFR 200.510(b)(6) FOR THE YEAR ENDED DECEMBER 31, 2022

NOTE A - BASIS OF PRESENTATION

The accompanying Schedule of Expenditures of Federal Awards (the Schedule) includes the federal award activity of Portage County (the County) under programs of the federal government for the year ended December 31, 2022. The information on this Schedule is prepared in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the County, it is not intended to and does not present the financial position, changes in net position, or cash flows of the County.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the cash basis of accounting. Such expenditures are recognized following the cost principles contained in Uniform Guidance wherein certain types of expenditures may or may not be allowable or may be limited as to reimbursement.

NOTE C - INDIRECT COST RATE

The County has elected not to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

NOTE D - SUBRECIPIENTS

The County passes certain federal awards received from the U.S. Department of Education and U.S. Department of Health and Human Services to other governments or not-for-profit agencies (subrecipients). As Note B describes the County reports expenditures of Federal awards to subrecipients when paid in cash.

As a Pass-through entity, the County has certain compliance responsibilities, such as monitoring its subrecipients to help assure they use these subawards as authorized by laws, regulations, and the provisions of contracts or grant agreements, and that subrecipients achieve the award's performance goals.

NOTE E - SNAP CLUSTER

The County commingles cash receipts from the U.S. Department of Agriculture with similar State grants. When reporting expenditures on this Schedule, the County assumes it expends federal monies first.

NOTE F - COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) REVOLVING LOAN PROGRAMS WITHOUT CONTINUING COMPLIANCE REQUIREMENTS

The County has a revolving loan fund (RLF) program to provide low-interest loans to businesses to create jobs for low to moderate income persons and also to lend money to eligible persons to rehabilitate homes. The federal Department of Housing and Urban Development (HUD) grants money for these loans to the County, passed through the Ohio Developmental Services Agency. The Schedule reports loans made as disbursements on the Schedule. Subsequent loans are subject to the same compliance requirements imposed by HUD as the initial loans.

These loans are collateralized by mortgage on the property and by liens recorded with the County.

NOTE G - MATCHING REQUIREMENTS

Certain Federal programs require the County to contribute non-Federal funds (matching funds) to support the Federally-funded programs. The County has met its matching requirements. The Schedule does not include the expenditure of non-Federal matching funds.

SCHEDULE OF FINDINGS 2 CFR § 200.515 DECEMBER 31, 2022

1. SUMMARY OF AUDITOR'S RESULTS

| (d)(1)(i) | Type of Financial Statement Opinion | Unmodified |
|--------------|--|---|
| (d)(1)(ii) | Were there any material weaknesses in internal control reported at the financial statement level (GAGAS)? | No |
| (d)(1)(ii) | Were there any significant deficiencies in internal control reported at the financial statement level (GAGAS)? | No |
| (d)(1)(iii) | Was there any reported material noncompliance at the financial statement level (GAGAS)? | No |
| (d)(1)(iv) | Were there any material weaknesses in internal control reported for major federal programs? | Yes |
| (d)(1)(iv) | Were there any significant deficiencies in internal control reported for major federal programs? | No |
| (d)(1)(v) | Type of Major Programs' Compliance Opinion | Unmodified for all major programs except for the State and Local Fiscal Recovery Funds, which we qualified. |
| (d)(1)(vi) | Are there any reportable findings under 2 CFR § 200.516(a)? | Yes |
| (d)(1)(vii) | Major Programs (list): | Highway Planning and Construction Cluster Coronavirus State and Local Fiscal Recovery Funds (AL #21.027) Social Services Block Grant (AL #93.667) Foster Care (AL# 93.658) |
| (d)(1)(viii) | Dollar Threshold: Type A\B Programs | Type A: > \$ 750,000 Type B: all others |
| (d)(1)(ix) | Low Risk Auditee under 2 CFR § 200.520? | Yes |

2. FINDINGS RELATED TO THE FINANCIAL STATEMENTS REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS

None

13. FINDINGS AND QUESTIONED COSTS FOR FEDERAL AWARDS

1. 2 CFR 180 - Procurement and Suspension and Debarment

Finding Number: 2022-001

Assistance Listing Number and Title: AL # 21.027 Coronavirus State and Local Fiscal

Recovery Funds

Federal Award Identification Number / Year: 2022

Federal Agency:Compliance Requirement:
Department of Treasury
Suspension & Debarment

Pass-Through Entity: Ohio Department of Budget and Management

Repeat Finding from Prior Audit? No

NONCOMPLIANCE AND MATERIAL WEAKNESS

The U.S. Department of the Treasury Coronavirus State and Local Fiscal Recovery Funds Award Terms and Conditions signed by the County includes, in Section 9(b), that the award is subject to 2 CFR Part 180 and Treasury's implementing regulation at 31 CFR Part 19.

2 CFR 180.305 states that Non-Federal entities are prohibited from entering into a covered transaction with parties that are suspended or debarred or whose principals are suspended or debarred, unless the Federal agency responsible for the transaction grants an exception under 2 CFR § 180.135.

2 CFR 180.200 identifies "covered transactions" as nonprocurement or procurement transactions at the primary tier, between a Federal agency and a person; or at the lower tier, between a participant in a covered transaction and another person. Procurement contracts for goods and services awarded under a nonprocurement transaction (e.g., grant or cooperative agreement) are covered transactions if the contracts are expected to equal or exceed \$25,000 or meet certain other specified criteria outlined in 2 CFR § 180.220. All nonprocurement transactions (i.e., subawards to subrecipients), irrespective of award amount, are considered covered transactions, unless exempt by 2 CFR § 180.215.

When a non-Federal entity enters into a covered transaction, the non-Federal entity must verify that the entity is not suspended or debarred or otherwise excluded. This verification may be accomplished by checking SAM exclusions (https://sam.gov); collecting a certification from the entity, or adding a clause or condition to the covered transactions with that entity.

- **31 CFR Part 19** has analogous provisions to **2 CFR Part 180. 31 CFR § 19.100** states that Part 19 adopts a governmentwide system of debarment and suspension for Department of Treasury nonprocurement activities. **31 CFR § 19.305** prohibits participants from entering into a covered transaction with an excluded person unless the Department of Treasury grants an exception and prohibits participants from entering into any transaction with a disqualified person unless the participant has obtained an exception under the disqualifying statute, Executive order, or regulation.
- **31 CFR § 19.200** identifies "covered transactions" as nonprocurement or procurement transactions at the primary tier, between a Federal agency and a person; or at a lower tier, between a participant in a covered transaction and another person. **31 CFR § 19.220(b)(1)** specifically provides that a contract for goods or services is a covered transaction if the contract is awarded by a participant in a nonprocurement transaction covered under § 19.210, and the amount of the contract is expected to equal or exceed \$25,000. Under **31 CFR § 19.210**, all nonprocurement transactions, as defined in § 19.970, are covered transactions unless listed in § 19.215.
- **31 CFR § 19.300** provides that when entering into a covered transaction with another person at the next lower tier, the participant must verify that the person at the lower tier is not excluded or disqualified. This may be done by checking the EPLS (Excluded Parties List System), collecting a certification from that person if allowed by this rule, or adding a clause or condition to the covered transaction with that person.

Portage County Schedule of Findings Page 3

The County did not have the proper internal controls in place to verify that all entities, with whom the County had entered into covered transactions, had not been suspended or debarred. During testing of non-payroll expenditures for the Coronavirus State and Local Fiscal Recovery Funds, we noted four instances in which the program had a payment or contract to a vendor of more than \$25,000 and there was no evidence the County checked the SAM exclusions, collected a certification from the entity, or added a clause or condition to the covered transaction with the vendor. Due to the deficient internal control structure, the required verifications were not completed for the four covered transaction in the Coronavirus State and Local Fiscal Recovery Funds during Fiscal Year 2022.

Failing to have the appropriate controls in place may result in vendors receiving federal funds that are suspended or debarred.

Prior to contracting with vendors that will be paid with federal funds, the County should verify the vendor is not suspended or debarred by checking the SAM exclusions, collecting a certification from the vendor, or adding a clause or condition to the covered transaction with the vendor.

Official's Response:

There was misinterpretation of the guidance on purchase thresholds, as well as misunderstanding of the state bid process, which led to a lack of verification of vendors for suspension and debarment. The Board of Commissioners approved Resolution 22-0157 to raise the micro-purchase threshold to \$50,000, as allowed by 2 CFR 200.320(a)(1)(iii) & (iv). This was done with the understanding that any purchase under \$50,000 would not necessitate formal procurement methods, including suspension and debarment verification. Additionally, some of the chosen vendors were vetted through the state bid process. There was a misunderstanding that the state bid process involved verification of suspension and debarment. The County now realizes that any purchase over \$25,000 utilizing federal funds must be verified for suspension and debarment, regardless of the approved micro-purchase threshold or state bid processes.

Board of Commissioners

Anthony Badalamenti Sabrina Christian-Bennett Mike Tinlin

CORRECTIVE ACTION PLAN 2 CFR § 200.511(c) SEPTEMBER 12, 2023

Finding Number: 2022-001

Planned Corrective Action: Portage County will verify that a vendor is not suspended or debarred by checking the

SAM exclusions, prior to contracting with any vendor that will be paid \$25,000 or more with federal funds. A time stamped copy of the results of the SAM exclusions search will

be saved in a vendor file.

Anticipated Completion Date: 10/01/2023 **Responsible Contact Person:** Jaclyn Petty

Portage County Auditor's Office

Matthew J. Kelly, Auditor

June 28, 2023

To the Citizens of Portage County

Portage County Commissioners Honorable Anthony Badalamenti Honorable Sabrina Christian-Bennett Honorable Mike Tinlin

Portage County Treasurer Honorable Bradley Cromes

It is my privilege to present to you Portage County's (the County) Annual Comprehensive Financial Report (ACFR) for the year ended December 31, 2022. This report enables the County to comply with Ohio Administrative Code Section 117-2-03 (B), which requires reporting on a GAAP (Generally Accepted Accounting Principles) basis, and Ohio Revised Code Section 117.38 which requires counties reporting on a GAAP basis to file unaudited financial statements with the Auditor of State within 150 days of year end.

Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

Under Ohio law, regular audits are required to be performed on all financial related operations of the County. These audits may be done by either the State Auditor's Office or, if the State Auditor permits, an independent public accounting firm.

For the year 2022, the County was audited by the Auditor of State. Their unmodified opinion is included in the financial section of this report.

Management's discussion and analysis (MD&A) immediately follows the Independent Auditors' Report and provides a narrative introduction, overview, and analysis of the basic financial statements. MD&A complements this letter of transmittal and should be read in conjunction with it.

Reporting Entity

The General Assembly created Portage County on June 9, 1808. Located in Northeast Ohio approximately 30 miles south of Cleveland and on the western borders of Trumbull and Mahoning Counties and on the eastern border of Summit County, it covers an area of approximately 504 square miles. The County's 2022 population of 162,476 placed it as the 19th most populated of the State's 88 counties. Portage County enjoys the benefits of urbanization while also offering a rural atmosphere and a variety of lifestyles for its inhabitants.

Equal Opportunity Employer

www.co.portage.oh.us

Within the County are numerous recreational and open space areas. They include West Branch State Park and Reservoir and Nelson-Kennedy Ledges State Park. Three State nature preserves are included in the County's borders – Tinkers Creek, Eagle Creek and the Kent Bog. The County-owned Towners Woods is leased to the Portage Park Commissioners for \$1 a year, as well as numerous trails in Northern Portage County providing other free recreational opportunities.

Approximately one-third of the population of the United States lives within a 500-mile radius of Portage County. The transportation system of highways, rail and air provides easy access to the region, nation and even other countries. Two major interstate highways traverse the County. They are Interstate 80 (which includes the Ohio Turnpike and its local spur I-480) and Interstate 76 with five interchanges across the County. Fourteen State routes link Portage County to facilitate accessibility to Northeast Ohio and the Midwest. Because of the benefits of such a highway system, there are numerous local and national common carriers with terminal facilities near and within the County. Portage County is served by four railroads and two major airports are within a one-hour drive from anywhere within the County. These are in addition to the Portage County Regional Airport, which lies near the center of the County.

A wide range of educational facilities is available to County residents and students from across the Country. These include Kent State University, Hiram College, the Northeast Ohio College of Medicine and Pharmacy, North Coast Medical Training Academy and Fortis Business College.

The County's medical and emergency needs are met by University Hospital, a 285-bed facility, which also has satellite facilities around the County.

The County provides its citizens with a wide range of services that include human and social services, health and community assistance related services and other general and administrative support services.

For financial reporting purposes, the County includes all funds, agencies, boards and commissions making up Portage County (the Primary Government) and its' Component Units, in accordance with the Governmental Accounting Standards Board (GASB) Statement No. 14 "The Financial Reporting Entity" and (GASB) Statement No. 61, "The Financial Reporting Entity: Omnibus an amendment of GASB 14 and 34." The County's primary government includes the financial activities of Portage County Community Mental Health and Recovery Board, Portage County Board of Developmental Disabilities (DD), Portage County Solid Waste Management District, Portage County Sewer District, Portage County Water District, Streetsboro Regional Sewer District and all departments and activities that are directly operated by elected County officials.

The County serves as fiscal officer and custodian of funds but is not financially accountable for the Portage County General Health District and Portage County Soil and Water Conservation District whose activities are included in this report as custodial funds.

The County Form of Government

The County has only those powers, and powers incidental thereto, conferred upon it by the State Constitution and Statutes.

A three-member Board of County Commissioners (the "Board") is elected at large in even-numbered years for overlapping four-year terms. The Commissioners serve as the taxing authority, the contracting body and the chief administrator of public services for the County. The Board of Commissioners creates and adopts the annual operating budget and prepares the annual appropriation measure for expenditures of County funds.

In addition to the Board, citizens elect other County administrative officials, each of whom is independent within the limits of State Statutes affecting their particular office. These officials include the County Auditor, County Treasurer, County Prosecutor, County Engineer, County Coroner, Clerk of Courts, County Recorder and County Sheriff all of whom are elected to four-year terms. The citizens also elect the County Municipal Judges, Common Pleas Judges, including the Domestic Relations, Juvenile Court and Probate Court Judge, for six-year terms.

The County Auditor serves as chief fiscal officer for the County, has statutory accounting responsibilities and is the tax assessor for all political subdivisions within the County. As Chief Fiscal Officer, no contract or obligation involving the County can be made without the Auditor's certification that sufficient funds are available, or are in the process of collection, to ensure that the contract or obligation can be paid. The Auditor is also the central disbursing agent of the County who, by the issuance of County warrants, distributes funds to creditors in payment of liabilities incurred by the County and its departments including the preparation of the County payroll. In addition the Auditor is, by State law, secretary of the County Board of Revision and the County Budget Commission and the administrator of the County Data Processing Board. As Tax Assessor, the Auditor is responsible for establishing the tax rates for real estate, personal property and manufactured homes. Once these taxes are collected, the Auditor is responsible for distributing those collections to the other governmental entities in accordance with legally adopted rates.

The County Treasurer is the custodian of County funds. The Treasurer is responsible for the investment of idle County funds as specified by Ohio law. The Treasurer is also responsible for collecting all tax monies and applying those payments to the appropriate tax accounts. Daily reconciliations of the County balances between the Auditor and the Treasurer are performed by the two offices and reconciliations by fund are prepared monthly. The Treasurer is the distributing agent for expenditures authorized by the Board upon the Auditor's warrants. The Treasurer also serves on the County Board of Revision and the County Budget Commission.

The County Prosecutor is responsible for all legal matters for the County and all townships and local school districts within the County. The office is responsible for criminal cases such as felonies, child support delinquencies and tax foreclosures, as well as serving as the contact for victim assistance. The Prosecutor serves on the County Budget Commission.

The County Engineer is required by Ohio law to be a registered professional engineer and surveyor and serves as the civil engineer for the County and its officials. His primary responsibilities relate to the construction, maintenance and repair of County roads and bridges, related roadside drainage facilities and storm or surface runoff systems. He also prepares tax maps for the County Auditor.

The County Coroner is responsible for ordering autopsies, investigating suspicious deaths and issuing death certificates.

The Clerk of Courts is responsible for two divisions: legal and title. The legal division's main function is to file, process and preserve papers for cases that will be handled by the County Common Pleas Court, the District Court of Appeals and the Municipal Court's civil and criminal divisions. The title division's main function is to issue vehicle titles which serve as a person's only proof of ownership. All vehicles purchased in or out of the County by County residents are titled in Portage County.

The County Recorder is responsible for recording and maintaining all deeds, mortgages, liens, and veterans discharge records.

The County Sheriff is the chief law enforcement officer of the County and provides certain specialized services which include maintaining a special staff of deputies whose duties are to assist local law enforcement officers upon their request and to enforce the law in unincorporated areas of the County. The Sheriff also operates and maintains the County jail and is responsible for its inmates, including persons detained for trial or transferred to other institutions.

The jurisdiction of the Common Pleas Court General Division covers three categories of cases: criminal, civil and administrative. The criminal cases are all felonies, which are the most serious crimes. Civil cases include personal injuries, business disputes, property matters and equity cases. An example of an administrative case is zoning which may be appealed to the Eleventh District Court of Appeals and/or the Supreme Court of Ohio.

The Common Pleas Court Domestic Relations Division deals with the problems of families in crisis. It is responsible for handling the break-up of the family unit as the people go through divorce, dissolution or annulment. The Court must fairly divide the assets of the marriage, provide placement and support for the children and often orders spousal support. Occasionally domestic violence complaints are handled in the Court and the Court enforces all orders of support and visitation through its contempt powers. A Children's First program is required attendance for those couples with children so they can consider the impact of divorce on the children and a mediation program is available to help solve visitation and custody problems.

The Probate Court has jurisdiction to hear cases involving name changes, estates, guardianships, adoptions, conservatorships, releases from administration, trusts, wrongful death, marriages licenses, registration of birth and correction of birth records, mental illness, developmental disabilities and civil actions.

The Juvenile Court has jurisdiction to hear delinquency, juvenile traffic, unruly, abuse, dependency, neglect, paternity, custody, visitation, child support, permanent custody, relinquishment of jurisdiction and limited adult criminal cases. The Judge is the ex officio clerk of the juvenile division and is responsible for all court records.

The Municipal Court has original jurisdiction to hear and determine all criminal misdemeanor charges, to conduct initial appearance hearings of those individuals charged by complaint with criminal felony charges and to handle civil matters filed in the Court where the amount claimed is not in excess of \$15,000.

Local Economy

During 2022, over 1,300 parcels across the County saw value added that was attributable to new construction projects. The total added valuation was approximately \$140 million. This amounts to a gain in total residential and agricultural class values of \$104 million and a gain of \$36 million in commercial and industrial class properties. The cities of Aurora and Streetsboro and Brimfield Township continue to lead the way in new homes being built by adding \$19 million, \$19 million and \$27 million in construction values, respectively.

The City of Streetsboro saw the largest area of growth as far as residential new construction at \$27 million in added value for 2022. The City also saw additions in commercial values with the completion of a 434,000 square foot warehouse built by Geiss Company as well as an expansion project for Simplay 3 with an estimated cost of \$3 million.

A new nursing home is being built at at 5113 State Route 43 in Brimfield Township. The project has been assessed as 40 percent complete for tax year year 2022. The estimated total construction cost is approximately \$13 million.

Palmyra Township has completed construction on a new Love's truck stop off of Interstate 76. The completion has added \$3.5 million in commercial and industrial class value to the County.

The City of Kent saw continued construction with the Davey Tree campus expansion that was started in 2021. The project has been partially assessed for 2022 with anticipated completion in 2023. The estimated construction cost on the project is \$11.3 million.

The City of Aurora saw the completion of a 22,500 square foot Cabmat warehouse added with nearly one million dollars in market value.

Long-Term Financial Planning

In order to make sound fiscal decisions now and in the future, the Portage County Board of Commissioners has set Principles for Budget and Financial Management. These principles provide guidance for budget development, financial and debt management, and reserves. The Portage County Board of Commissioners utilizes multi-year financial forecasts to project revenues, expenditures and fund balances.

The unassigned fund balance in the general fund is 16.96 percent of total general fund revenues. One-time revenues, such as unencumbered cash balances that are not supported by continuing revenues, are to be used for financing one-time expenditures such as major maintenance projects, capital improvements, debt service and reserves for current year contingencies. In addition, unencumbered fund balances provide beginning of the year cash flow until current revenues are received.

Relevant Financial Policies

The County Treasurer and the Investment Advisory Committee adopted an investment policy on May 19, 1994. The purpose of this policy is to establish priorities and a guideline regarding the investment management of the County's operating funds. These priorities and guidelines are based upon Chapter 135.35 ORC and prudent money management. The policy also follows Section 135.35 ORC in establishing what qualifies as an eligible investment. Safety of principal is the most important objective of the County's investment policy. The policy also focuses on issues regarding liquidity and yield.

Major Initiatives

The County made several improvements to facilities, including paving and replacing curbs, sidewalk and parking lot at our Developmental Disabilities facility, renovations to the 7th floor of the administration building, replacing the elevator at the Ravenna courthouse and instillation of security/tornado lock down doors. The Ravenna courthouse also saw their elevator and HVAC replaced.

The County Engineer replaced 12.26 lane miles of roads and New Milford Road bridge and Johnson Road bridge improvement projects were completed in 2022. Construction improvements began on Ravenna Road and Newton Falls Road bridges during 2022. Nearly one million dollars in new vehicles were purchased in the County Engineer and Sheriff's departments. Vehicles purchased included a Nissan Rogue, GMC Acadia, Jeep Grand Cherokee, Chevy Blazer, Ford Bronco, Kia Sorento, Kia Sportage, Jeep Compass, Dodge Caravan, Ford F250 and Chevy Silverado.

The County received \$15.7 million dollars in American Rescue Plan Act funding from the federal government in 2021 and they received an additional \$15.8 million in 2022. Of the \$31.5 million in funding the County has received, \$697,690 has been used to purchase new trucks for the solid waste recycling and \$741,000 has been used for equipment in the Sheriff's dispatch and cybersecurity equipment.

Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Portage County for its annual comprehensive financial report for the year ended December 31, 2021. The Certificate of Achievement is a prestigious national award which recognizes conformance with the highest standards for preparation of state and local government financial reports. In order to be awarded a Certificate of Achievement, the government had to publish an easily readable and efficiently organized annual comprehensive financial report that satisfied both generally accepted accounting principles and applicable legal requirements. This was the twenty-third consecutive year that the government has received this prestigious award.

A Certificate of Achievement is valid for a period of one year only. We believe our current report continues to meet the Certificate of Achievement Program's requirements, and we are submitting it to GFOA to determine its eligibility for another certificate.

The Government Finance Officers Association of the United States and Canada (GFOA) gave Portage County the Award for Outstanding Achievement in Popular Annual Financial Reporting (PAFR) for its PAFR report for the year ended December 31, 2021. The Award is a prestigious national award-recognizing conformance with the highest standards for preparation of popular annual financial reports. This was the tenth year that the government has received this prestigious award.

The Award is valid for a period of one year only. We believe our current PAFR continues to meet the Award's requirements, and we are submitting it to GFOA to determine its eligibility for another award.

These reports would not have been possible without the dedicated, determined, and high professional standards of the entire fiscal team of the Portage County Auditor. I would also like to thank the Local Government Services Section of the Auditor of State of Ohio for their assistance in the preparation of the report. I am honored to have worked with such dedicated, professional people.

I would also like to express my appreciation and thanks to each Portage County board, elected official and their staff that provided information and assistance in the preparation of these reports.

Sincerely,

Matthew J. Kelly

INDEPENDENT AUDITOR'S REPORT

Portage County 449 S. Meridian Street Portage County Administration Building Ravenna, Ohio 44266

To the Board of County Commissioners:

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Portage County, Ohio (the County), as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Portage County, Ohio as of December 31, 2022, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparisons for the General Fund, Mental Health and Recovery Board Fund, Developmental Disabilities Fund, Job and Family Services Fund and the American Rescue Plan Act Relief Fund for the year then ended in accordance with the accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the County, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Efficient • Effective • Transparent

Portage County Independent Auditor's Report Page 2

Emphasis of Matter

As discussed in Note 28 to the financial statements, the financial impact of COVID-19 and the continuing emergency measures may impact subsequent periods of the County. We did not modify our opinion regarding this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the County's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to
 fraud or error, and design and perform audit procedures responsive to those risks. Such procedures
 include examining, on a test basis, evidence regarding the amounts and disclosures in the financial
 statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures
 that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the
 effectiveness of the County's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that
 raise substantial doubt about the County's ability to continue as a going concern for a reasonable
 period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, and schedules of net pension and other post-employment benefit liabilities and pension and other post-employment benefit contributions be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The combining and individual nonmajor fund financial statements and schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual financial report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Portage County Independent Auditor's Report Page 4

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our June 28, 2023, on our consideration of the County's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

Keith Faber Auditor of State Columbus, Ohio

June 28, 2023

Management's Discussion and Analysis For the Year Ended December 31, 2022 Unaudited

The discussion and analysis of Portage County's (The "County") financial performance provide an overall review of the County's financial activities for the year ended December 31, 2022. The intent of this discussion and analysis is to look at the County's financial performance as a whole. Readers should also review the transmittal letter, the basic financial statements and the notes to the basic financial statements to enhance their understanding of the County's financial performance.

Financial Highlights

Key financial highlights for 2022 are as follows:

- The County was able to complete work on several capital items:
 - O The County Engineer replaced 12.26 lane miles of road at a cost of \$2,288,768 as well as purchased 7 new vehicles at a cost of \$557,689.
 - o The Sheriff's Department purchased 11 new vehicles at a cost of \$240,808. These vehicles included a Nissan Rogue, GMC Acadia, Jeep Grand Cherokee, Chevy Blazer, Ford Bronco, Kia Sorento, Kia Sportage, Jeep Compass and a Dodge Caravan.
 - The County made several improvements to facilities, including paving and replacing curbs sidewalk and parking lot at our Developmental Disabilities facility, renovations to the 7th floor of the administration building, replacing the elevator at the Ravenna courthouse and instillation of a couple security/tornado lock down doors.
- Overall, the County saw an increase in net position in both governmental activities as well as businesstype activities as a result of the County's growth in construction and property values. During 2022, over 1,300 parcels across the County saw value added that was attributed to new construction projects.
- While Portage County has seen development within its communities, it has not been immune to the
 economic conditions that have affected the United States. The County actively seeks grants in order
 to maintain and improve the services the County residents expect while still maintaining the costs of
 those services.

Using this Annual Comprehensive Financial Report

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the readers can understand Portage County as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The Statement of Net Position and Statement of Activities provide information about the activities of the whole County, presenting both an aggregate view of the County's financial condition and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the County's most significant funds with all other nonmajor funds presented in total in one column.

Management's Discussion and Analysis For the Year Ended December 31, 2022 Unaudited

Reporting the County as a Whole

Statement of Net Position and the Statement of Activities

While this document contains the large number of funds used by the County to provide programs and activities, the view of the County as a whole looks at all financial transactions and asks the question, "How did we do financially during 2022?" The Statement of Net Position and the Statement of Activities answer this question. These statements include all non-fiduciary assets and deferred outflows of resources and liabilities and deferred inflows of resources using the accrual basis of accounting similar to the accounting used by most private-sector companies. This basis of accounting takes into account all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the County's *net position* and changes in that position. This change in net position is important because it tells the reader that, for the County as a whole, the *financial position* of the County has improved or diminished. The causes of this change may be the result of many factors, some financial, some not. Non-financial factors include the County's tax base, current property tax laws in Ohio restricting revenue growth, and other factors.

In the Statement of Net Position and the Statement of Activities, the County is divided into two distinct kinds of activities:

Governmental Activities – Most of the County's programs and services are reported here including human services, health, public safety, public works and general government. These services are funded primarily by taxes and intergovernmental revenues including federal and state grants and other shared revenues.

Business-Type Activities – These services are provided on a charge for goods or services basis to recover all of the expenses of the goods or services provided.

Reporting the County's Most Significant Funds

Fund Financial Statements A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objective. The County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

All of the funds of the County can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

Fund financial reports provide detailed information about the County's major funds. The County uses many funds to account for a multitude of financial transactions. However, these fund financial statements focus on the County's most significant funds. The County's major governmental funds are the general fund, the mental health and recovery board, developmental disabilities, job and family services and American Rescue Plan Act Relief special revenue funds.

Governmental Funds Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of expendable resources, as well as on balances of expendable resources available at the end of the year. Such information may be useful in evaluating a government's near-term financing requirements.

Management's Discussion and Analysis For the Year Ended December 31, 2022 Unaudited

Because the focus of the governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The County maintains a multitude of individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental statement of revenues, expenditures, and changes in fund balances for the major funds, which were identified earlier. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

Proprietary Funds The County maintains two different types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The County uses several enterprise funds to account for various operations. The County's major enterprise funds are the solid waste recycling center, Portage County sewer, Portage County water, Streetsboro sewer and storm water management funds.

Internal Service funds are an accounting device used to accumulate and allocate costs internally among the County's various functions. The County uses the central services fund to account for purchasing supplies, general printing and vehicle maintenance services, the health benefits fund to account for health benefits to employees and the workers' compensation fund to account for workers' compensation benefits to employees.

Fiduciary Funds Fiduciary funds are used to account for resources held for the benefit of parties outside the County. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the County's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds. The County's fiduciary funds are private-purpose trust and custodial.

Notes to the Financial Statements The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other Information In addition to the basic financial statements and accompanying notes, this report also presents combining and individual fund statements and schedules.

The County as a Whole

You may recall that the *Statement of Net Position* provides the perspective of the County as a whole. Table 1 provides a summary of the County's net position for 2022 compared to 2021 as follows:

Management's Discussion and Analysis For the Year Ended December 31, 2022 Unaudited

The net pension liability (NPL) is one of the largest liabilities reported by the County at December 31, 2022. GASB notes that pension and OPEB obligations, whether funded or unfunded, are part of the "employment exchange" – that is, the employee is trading his or her labor in exchange for wages, benefits, and the promise of a future pension and other postemployment benefits. GASB noted that the unfunded portion of this promise is a present obligation of the government, part of a bargained-for benefit to the employee, and should accordingly be reported by the government as a liability since they received the benefit of the exchange. However, the County is not responsible for certain key factors affecting the balance of these liabilities. In Ohio, the employee shares the obligation of funding pension benefits with the employer. Both employer and employee contribution rates are capped by State statute. A change in these caps requires action of both Houses of the General Assembly and approval of the Governor. Benefit provisions are also determined by State statute. The Ohio revised Code permits, but does not require the retirement systems to provide healthcare to eligible benefit recipients. The retirement systems may allocate a portion of the employer contributions to provide for these OPEB benefits.

Most long-term liabilities have set repayment schedules or, in the case of compensated absences (i.e. sick and vacation leave), are satisfied through paid time-off or termination payments. There is no repayment schedule for the net pension liability or the net OPEB liability. As explained above, changes in benefits, contribution rates, and return on investments affect the balance of these liabilities, but are outside the control of the local government. In the event that contributions, investment returns, and other changes are insufficient to keep up with required payments, State statute does not assign/identify the responsible party for the unfunded portion. Due to the unique nature of how the net pension liability and the net OPEB liability are satisfied, these liabilities are separately identified within the long-term liability section of the statement of net position.

Governmental activities saw an increase in net position largely due to a decrease in net pension liability from the prior year as a result of differences between expected and actual earnings on investments. In addition, the County continues to see growth in property values with new construction resulting in an increase in property tax revenues. Business-type activities saw an increase in net position due to a decrease in net pension liability as well as the continued pay down of remaining debt issues. The County's balances remain healthy while the County continues to provide the services that the residents expect while maintaining the costs of providing those services.

In order to further understand what makes up the changes in net position for the current year, the following table gives readers further details regarding the results of activities for 2022 and 2021.

(Table 2) Changes in Net Position (In Millions)

| | Governmenta | Governmental Activities | | Business-Type Activities | | Total | |
|--------------------------------|-------------|-------------------------|--------|--------------------------|--------|--------|--|

| Net Position End of Year | \$217.0 | \$191.5 | \$155.9 | \$149.1 | \$372.9 | \$340.6 |

Governmental Activities

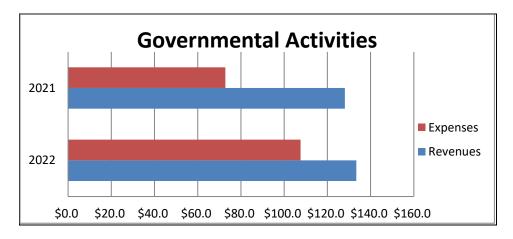

Revenues of governmental activities increased for various reasons. During 2022, the County saw an increase in property tax revenues as a result of an increase in home values throughout the County as well as increased home sales. The six year revaluation that was completed during 2018 with a continued increase in property taxes in 2019. The revaluation saw an increase in home values ranging from 5 to 13 percent. In addition, sales tax revenues increased as the economy continues to improve and consumers are spending more.

Management's Discussion and Analysis For the Year Ended December 31, 2022 Unaudited

Program expenses and revenues of governmental activities increased in 2022. The increase in program expenses is largely due to an increase in OPEB expense related to amortization of deferred inflows from the difference between expected and actual earnings on investments. OPEB expense increased from a negative \$37,316,641 in 2021 to a negative \$8,075,651 in 2022. The County also saw an increase in staff from 920 in 2021 to 953 in 2022.

Graph 1
Governmental Revenues and Expenses
(In Millions)

| | 2022 | 2021 |
|----------|---------|---------|
| Revenues | \$133.4 | \$128.1 |
| Expenses | 107.5 | 72.8 |

Business-Type Activities

The County's business-type activities are comprised of five enterprise funds. Charges for services continued to be the major revenue source in 2022 for business-type activities. Revenues and expenses increased during 2022. With revenues outpacing the expenses, the County is able to continue viability and health for these funds.

Financial Analysis of the Government's Funds

As noted earlier, the County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds The focus of the County's governmental funds is to provide information on near-term inflows, outflows and balances of expendable resources. Such information is useful in assessing the County's financing requirements. In particular, assigned and unassigned fund balance may serve as a useful measure of the County's net resources available for spending at the end of the year.

As of the end of the current year, the County's governmental funds reported combined ending fund balances of \$116,060,390. Of the total amount, \$8,873,191 constitutes unassigned fund balance, which is available for appropriation at the government's discretion within certain legal constraints and purpose restrictions. The remainder of the fund balance contains some level of restriction to indicate that it is not available for new spending.

Management's Discussion and Analysis For the Year Ended December 31, 2022 Unaudited

The general fund had a decrease in fund balance due to expenditures outpacing revenues as well as the County transferring \$9,000,000 to the permanent improvements capital projects fund for various future projects. The mental health and recovery board and developmental disabilities special revenue funds saw increases in fund balance due to diligent monitoring of spending to keep expenditures in line with revenues so there is no overspending as well as an increase in property taxes. The job and family services special revenue fund saw an increase in fund balance due to an increase charges for services resulting from the department making their disbursement requests prior to year end. The American Rescue Plan Act Relief fund received \$15,778, 558 in federal dollars in 2021 and \$15,080,868 in 2022. Of this amount, the County has spent \$780,523. The County continues to strive for excellence in service for these public segments and the remaining balances were healthy.

Proprietary Funds Proprietary fund reporting focuses on the determination of operating income, changes in net position, financial position and cash flows. The solid waste recycling center, Portage County Sewer, Portage County water, Streetsboro sewer and storm water management saw an increase to net position resulting from revenues exceeding expenses which points to proper rate structures in these funds ensuring growth for operations and capital needs, now and in the future.

General Fund Budgeting Highlights

Budgeting is prescribed by the Ohio Revised Code. Essentially the budget is the County's appropriations which are restricted by the amounts of anticipated revenues certified by the Budget Commission in accordance with the Revised Code. During the course of 2022, the County amended its general fund budget numerous times to allow for insignificant amendments. Actual revenues received were \$10,339,799 higher than certification primarily due to conservative estimates in permissive sales tax, intergovernmental, and charges for services, all signs of the rebounding economy. Actual expenditures were \$3,016,177 less than appropriations. The largest variances were with the general government – legislative and executive and public safety expenditures. The general government – legislative and executive expenditures were \$1,477,668 less than appropriations as a result of projects that the County budgeted for. The public safety expenditures were \$901,893 less than appropriations due to the County budgeting for vehicles that were not purchased. The County diligently monitored spending and determined certain projects and vehicles were not necessary for 2022 and were able to keep costs low while still providing services the County residents expect.

Modifications made from the original budgeted revenues to the final budgeted revenues amounted to an increase of \$903,141. The County also made multiple revisions from the original appropriations to the final appropriations approved by the County Commissioners. During the year, adjustments made were mainly done in the general government-legislative and executive, judicial, public safety and capital outlay expenditures.

Capital Assets and Debt Administration

Capital Assets

During 2022, the County continued to see major improvements and additions to their capital assets. Additions to construction in progress include starting two new bridge replacements as well as continued cybersecurity upgrades throughout various County departments. Several County vehicles were purchased, including eleven new vehicles at a cost of \$241,000. The County Engineer also replaced 12.26 lane miles of road and purchased 7 new vehicles. Table 3 shows 2022 values compared to 2021.

Management's Discussion and Analysis For the Year Ended December 31, 2022 Unaudited

At December 31, 2022, the County's net change in long-term obligations was a decrease of \$24.7 million largely due to a decrease in the net pension liability and the continued paydown of prior year obligations.

The County maintains an AA credit rating from Standard & Poors. The County's overall legal debt margin increased to \$94.77 million. This is the additional amount of debt the County could issue. The debt margin increased \$14 million from 2021 to 2022 due to an increase in overall assessed valuation as well as to a reduction in outstanding debt subject to the limitation.

Graph 2
Legal Debt Margin
(in millions)

| | 2022 | 2021 |
|---------------------|---------|--------|
| Overall Debt Limit | \$109.8 | \$97.6 |
| Overall Debt Margin | 94.8 | 80.6 |

The County continues to monitor its outstanding debt. Information relative to debt is identified in Note 14 to the basic financial statements.

Current Issues

Portage County is in a period posing both significant challenges and opportunities. Management is committed to working with all stakeholders to craft solutions that will most effectively use the available resources to continue to provide excellent services to the residents of the County.

Contacting the County's Financial Management

This financial report is designed to provide a general overview of the County's finances. Questions concerning any of the information provided in this report or request for additional financial information should be addressed to Matt Kelly, Portage County Auditor, 449 South Meridian Street, Ravenna, Ohio 44266 or email at mkelly@portageco.com.

Notes to the Basic Financial Statements For The Year Ended December 31, 2022

Note 1 - Description of the County and Reporting Entity

Portage County, Ohio (The "County") was created in 1808. The three member Board of Commissioners is the legislative and executive body of the County. An elected County Auditor serves as chief fiscal officer. In addition, there are other officials elected by the voters of the County that manage various segments of the County's operations. These are the County Treasurer, Recorder, Clerk of Courts, Coroner, Engineer, Prosecuting Attorney, Sheriff, two Common Pleas Court Judges, a Probate Court Judge, three County Municipal Judges, a Domestic Relations Court Judge and five Appeals Court Judges. Although these elected officials manage the internal operations of their respective departments, the County Commissioners authorize expenditures as well as serve as the budget and taxing authority, contracting body, and the chief administrators of public services for the County, including each of these departments.

Reporting Entity

A reporting entity is comprised of the primary government, component units and other organizations that are included to ensure that the financial statements are not misleading. The primary government consists of all funds, departments, boards and agencies that are not legally separate from the County. For Portage County, this includes the Portage County Community Mental Health Recovery Board, Portage County Board of Developmental Disabilities, Portage County Solid Waste Management District, Portage County Sewer District, Portage County Water District, Streetsboro Regional Sewer District and all departments and activities that are directly operated by the elected County officials.

Component units are legally separate organizations for which the County is financially accountable. The County is financially accountable for an organization if the County appoints a voting majority of the organization's governing board; and (1) the County is able to significantly influence the programs or services performed or provided by the organization; or (2) the County is legally entitled to or can otherwise access the organization's resources; the County is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the County is obligated for the debt of the organization. Component units may also include organizations which are fiscally dependent on the County in that the County approves the budget, the issuance of debt or the levying of taxes and there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the primary government. The reporting entity of the County does not include any component units.

The County is associated with certain organizations which are defined as Public Entity Risk Pools, Jointly Governed Organizations, Related Organizations and a Joint Venture. These organizations are presented in Notes 22, 23, 24 and 25 to the basic financial statements. These organizations are:

County Risk Sharing Authority, Inc. (CORSA)

Portage County Regional Planning Commission

Northeast Ohio Four County Regional Planning and Development Organization

Akron Metropolitan Area Transportation Study

Northeast Ohio Community Alternative Program Facility

Neighborhood Development Services

Portage County Family and Children First Council

Northeast Ohio Consortium Council of Governments

Northeast Ohio Network

Portage County Transportation Improvement District

Portage County District Library

Portage County Park District

Portage County Regional Airport Authority

Portage Geauga Juvenile Detention and Rehabilitation Center

Notes to the Basic Financial Statements For The Year Ended December 31, 2022

As the custodian of public funds, the County Treasurer invests all public monies held on deposit in the County treasury. In the case of the separate agencies, boards and commissions listed below, the County Auditor serves as fiscal agent but the organizations are not considered part of Portage County. Accordingly, the activity of the following entities is presented as custodial funds within Portage County's financial statements:

Portage County General Health District Portage County Soil and Water Conservation District

The County's management believes these financial statements present all activities for which the County is financial accountable.

Note 2 - Summary of Significant Accounting Policies

The financial statements of the County have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the County's accounting policies are described below.

Basis of Presentation

The County's basic financial statements consist of government-wide statements, including a statement of net position and a statement of activities, and fund financial statements, which provide a more detailed level of financial information.

Government-wide Financial Statements The statement of net position and the statement of activities display information about the County as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The activity of the internal service funds is eliminated to avoid "doubling up" revenues and expenses. The statements distinguish between those activities of the County that are governmental and those that are considered business-type.

The statement of net position presents the financial condition of the governmental and business-type activities of the County at year end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the County's governmental activities and for the business-type activities of the County. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program and interest earned on grants that is required to be used to support a particular program. Revenues which are not classified as program revenues are presented as general revenues of the County, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental program or business activity is self-financing or draws from the general revenues of the County.

Fund Financial Statements During the year, the County segregates transactions related to certain County functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the County at this more detailed level. The focus of governmental and enterprise fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. The internal service funds are presented in a single column on the face of the proprietary fund statements. Fiduciary funds are reported by type.

Notes to the Basic Financial Statements For The Year Ended December 31, 2022

Fund Accounting

The County uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. There are three categories of funds: governmental, proprietary and fiduciary.

Governmental Funds Governmental funds are those through which most governmental functions are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and deferred outflows of resources and governmental fund liabilities and deferred inflows of resources is reported as fund balance. The following are the County's major governmental funds:

General Fund The general fund accounts for and reports all financial resources except those required to be accounted for and reported in another fund. The general fund balance is available to the County for any purpose provided it is expended or transferred according to the general laws of Ohio.

Mental Health and Recovery Board Fund The mental health and recovery board fund accounts for and reports a restricted County-wide property tax levy and Federal and State grants that are expended primarily to pay the cost of contracts with local mental health agencies that provide services to the public.

Developmental Disabilities Fund The developmental disabilities fund accounts for and reports the operations of a school for the developmentally disabled. Revenue sources are a restricted County-wide property tax levy and Federal and State grants.

Job and Family Services Fund The job and family services fund accounts for and reports the County-wide restricted property tax levy, Federal and State grants and charges for services that are used for foster care services, related welfare expenditures, public assistance and social services.

American Rescue Plan Act Relief Fund The American Rescue Plan Act relief fund accounts for and reports restricted federal monies used to assist local governments with the COVID-19 pandemic.

The other governmental funds of the County account for and report grants and other resources whose use is restricted, committed or assigned to a particular purpose.

Proprietary Funds Proprietary fund reporting focuses on the determination of operating income, changes in net position, financial position and cash flows. Proprietary funds are classified as either enterprise or internal service.

Enterprise Funds Enterprise funds may be used to account for any activity for which a fee is charged to external users for goods or services. The following are the County's major enterprise funds:

Solid Waste Recycling Center Fund The solid waste recycling center fund accounts for revenues generated from charges and sales of recyclable materials used to operate a solid waste management program.

Portage County Sewer Fund The Portage County sewer fund accounts for sewer services to County individuals and commercial users in the County.

Portage County Water Fund The Portage County water fund accounts for revenues generated from the charges for distribution of water to the residential and commercial users of the County.

Notes to the Basic Financial Statements For The Year Ended December 31, 2022

Streetsboro Sewer Fund The Streetsboro sewer fund accounts for sewer services to Streetsboro City individuals and commercial users in the City.

Storm Water Management Fund The storm water management fund accounts for the operations of the storm water collection system within the County.

Internal Service Funds Internal service funds account for the financing of services provided by one department or agency to other departments or agencies of the County on a cost-reimbursement basis. The County's internal service funds report on central services for purchasing supplies, general printing, and vehicle maintenance services and on self-insurance programs for employee medical benefits and workers' compensation.

Fiduciary Funds Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary fund category is split into four classifications: pension (and other employee benefit) trust funds, investment trust funds, private-purpose trust funds and custodial funds. Trust funds are distinguished from custodial funds by the existence of a trust agreement or equivalent arrangement that has certain characteristics. Custodial funds are used to report fiduciary activities that are not required to be reported in a trust fund.

The County's fiduciary funds include private-purpose trust funds and custodial funds. The private purpose trust funds are used to purchase flags for the townships located within the County and to benefit children in the detention center. Custodial funds are used to account for assets held by the County as fiscal agent for the District Board of Health and other districts and entities; for various taxes, assessments, fines and fees collected for the benefit of and distributed to other governments; and for State shared resources received from the State and distributed to other local governments.

Measurement Focus

Government-wide Financial Statements The government-wide financial statements are prepared using a flow of economic resources measurement focus. All assets and deferred outflows of resources and all liabilities and deferred inflows of resources associated with the operation of the County are included on the Statement of Net Position. The Statement of Activities presents increases (e.g. revenues) and decreases (e.g. expenses) in total net position.

Fund Financial Statements All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and deferred outflows of resources and current liabilities and deferred inflows of resources generally are included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

Like the government-wide statements, all proprietary and fiduciary funds are accounted for on a flow of economic resources measurement focus. All assets and deferred outflows of resources and all liabilities and deferred inflows of resources associated with the operation of these funds are included on the statement of fund net position. In fiduciary funds, a liability to the beneficiaries of a fiduciary activity is recognized when an event has occurred that compels the government to disburse fiduciary resources. Fiduciary fund liabilities other than those to beneficiaries are recognized using the economic resources measurement focus.

Notes to the Basic Financial Statements For The Year Ended December 31, 2022

For proprietary funds, the statement of changes in fund net position presents increases (i.e., revenues) and decreases (i.e., expenses) in net total position. The statement of cash flows provides information about how the County finances and meets the cash flow needs of its proprietary activities.

Fiduciary funds present a statement of changes in fiduciary net position which reports additions to and deletions from private purpose trust funds and custodial funds.

Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements and the statements presented for the proprietary and fiduciary funds are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Differences in the accrual and modified accrual basis of accounting arise in the recognition of revenue, in the recording of deferred outflows/inflows of resources and in the presentation of expenses versus expenditures.

Revenues - Exchange and Nonexchange Transactions Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the year in which the resources are measurable and become available. Available means that the resources will be collected within the current year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current year. For the County, available means expected to be received within sixty days of year-end.

Nonexchange transactions, in which the County receives value without directly giving equal value in return, include sales taxes, property taxes and grants, entitlements and donations. On an accrual basis, revenue from sales taxes is recognized in the period in which the sale occurred. Revenue from property taxes is recognized in the year for which the taxes are levied (See Note 9). Revenue from grants, entitlements and donations is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the County must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the County on a reimbursement basis. On the modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at year-end: sales tax (See Note 8), interest, federal and state grants and subsidies, state-levied locally shared taxes (including gasoline tax and motor vehicle license fees), fees and rentals.

Deferred Outflows/Inflows of Resources In addition to assets, the statements of financial position will sometimes report a separate section for deferred outflows of resources. Deferred outflows of resources represent a consumption of net assets that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until then. For the County, deferred outflows of resources are reported on the government-wide statement of net position for excess consideration provided for an acquisition, asset retirement obligations, pension and OPEB. The deferred outflows of resources related to asset retirement obligations is originally measured at the amount of the corresponding liability. This amount is expensed in a systematic and rational manner over the tangible asset's useful life. The deferred outflows of resources related to pension and OPEB plans are explained in Notes 19 and 20.

In addition to liabilities, the statements of financial position report a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net assets that applies to a future period and will not be recognized until that time. For the County, deferred inflows of resources include property taxes,

Notes to the Basic Financial Statements For The Year Ended December 31, 2022

deferred gain on refunding, pension, OPEB, leases and unavailable revenue. Property taxes represent amounts for which there is an enforceable legal claim as of December 31, 2022, but which were levied to finance 2023 operations. These amounts have been recorded as a deferred inflow on both the government-wide statement of net position and governmental fund financial statements. The deferred inflow for leases is related to leases receivable and is being recognized as lease revenue in a systematic and rational manner over the term of the lease. Unavailable revenue is reported only on the governmental funds balance sheet, and represents receivables which will not be collected within the available period. For the County, unavailable revenue includes delinquent property taxes, special assessments, permissive sales tax, homestead and rollback and intergovernmental grants. These amounts are deferred and recognized as an inflow of resources in the period the amounts become available. The details of these unavailable revenues are identified on the Reconciliation of Total Governmental Fund Balance to Net Position of Governmental Activities found on page 20. Deferred inflows of resources related to a deferred gain on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. Deferred inflows of resources related to pension and OPEB plans are reported on the government-wide statement of net position. (See Notes 19 and 20)

Expenses/Expenditures On the accrual basis of accounting, expenses are recognized at the time they are incurred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

Pensions/Other Postemployment Benefits (OPEB)

For purposes of measuring the net pension/OPEB asset/liability, deferred outflows of resources and deferred inflows of resources related to pensions/OPEB, and pension/OPEB expense, information about the fiduciary net position of the pension/OPEB plans and additions to/deductions from their fiduciary net position have been determined on the same basis as they are reported by the pension/OPEB plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. The pension/OPEB plans report investments at fair value.

Cash and Cash Equivalents

To improve cash management, cash received by the County Treasurer is pooled. Cash balances, except cash held in segregated accounts, are pooled and invested in short-term investments in order to provide improved cash management. Individual fund integrity is maintained through County records. Interest in the pool is presented as "equity in pooled cash and cash equivalents".

Various departments within the County have segregated bank accounts for monies held separate from the County's central bank account. These accounts are presented as "cash and cash equivalents in segregated accounts" since they are not required to be deposited with the County Treasurer.

During 2022, investments were limited to STAR Ohio, federal farm credit bank notes, federal home loan bank notes, federal national mortgage association notes, federal home loan mortgage corporation notes, municipal and corporate bonds, negotiable certificates of deposit, commercial paper, U.S. treasury obligations and money market accounts.

Investments, except for commercial paper and STAR Ohio, are reported at fair value which is based on quoted market prices. The County's commercial paper is measured at amortized cost as it is a highly liquid debt instrument with a remaining maturity at the time of purchase of less than one year. The fair value of investments related to County funds declined during 2022 resulting in negative investment earnings of \$3,489,036.

Notes to the Basic Financial Statements For The Year Ended December 31, 2022

STAR Ohio (the State Treasury Asset Reserve of Ohio), is an investment pool managed by the State Treasurer's Office which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but has adopted Governmental Accounting Standards Board (GASB), Statement No. 79, Certain External Investment Pools and Pool Participants. The County measures their investment in STAR Ohio at the net asset value (NAV) per share provided by STAR Ohio. The NAV per share is calculated on an amortized cost basis that provides an NAV per share that approximates fair value.

For 2022, there were no limitations or restrictions on any participant withdrawals due to redemption notice periods, liquidity fees, or redemption gates. However, 24 hours advance notice for deposits and withdrawals of \$100 million or more is encouraged. STAR Ohio reserves the right to limit the transaction to \$250 million per day, requiring the excess amount to be transacted the following business day(s), but only to the \$250 million limit. All accounts of the participant will be combined for these purposes.

Under existing Ohio statutes all investment earnings are assigned to the general fund unless statutorily required to be credited to a specific fund. Investment earnings/interest revenue credited to the general fund during 2022 amounted to (\$3,664,504), which includes (\$3,333,224) assigned from other County funds.

Investments with an original maturity of three months or less at the time of purchase and investments of the cash management pool are presented on the financial statements as cash equivalents.

Prepaid Items

Payments made to vendors for services that will benefit periods beyond December 31, 2022, are recorded as prepaid items using the consumption method by recording a current asset for the prepaid amount at the time of purchase and reflecting the expenditure/expense in the year in which the services are consumed.

Inventory

Inventories are presented at cost on a first-in, first-out basis and are expended/expensed when used. Inventory consists of expendable supplies held for consumption.

Unearned Revenue

Unearned revenue arises when assets are recognized before revenue recognition criteria have been satisfied. The County recognizes unearned revenue for intergovernmental revenue from grants received before the eligibility criteria requirements are met.

Excess Consideration Provided for Acquisition

Excess consideration provided for acquisition includes a 1992 Solid Waste acquisition. This amount is being amortized on a straight-line method based on the estimated lives of the acquired assets.

Restricted Assets

Assets are reported as restricted when limitations on their use change the nature or normal understanding of the availability of the asset. Such constraints are either externally imposed by creditors, contributors, grantors, or laws of other governments, or imposed by law through constitutional provisions. Restricted assets in the general fund represent money set aside for unclaimed monies. Restricted assets in the enterprise funds represents amounts held in trust by the pension and OPEB plans for future benefits.

Notes to the Basic Financial Statements For The Year Ended December 31, 2022

Contributions of Capital

Contributions of capital in proprietary fund financial statements arise from contributions of capital assets from the outside contributions of resources restricted to capital acquisition and construction.

Capital Assets

General capital assets are capital assets which are associated with and generally arise from governmental activities. They generally result from expenditures in the governmental funds. General capital assets are reported in the governmental activities column of the government-wide statement of net position but are not reported in the fund financial statements. Capital assets utilized by the enterprise funds are reported both in the business-type activities column of the government-wide statement of net position and in the respective funds.

All capital assets (except for intangible right-to-use lease assets which are discussed below) are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. The County was able to estimate the historical cost for the initial reporting of infrastructure by backtrending (i.e., estimating the current replacement cost of the infrastructure to be capitalized and using an appropriate price-level index to deflate the cost to the acquisition year or estimated acquisition year). Donated capital assets are recorded at their acquisition values as of the date received. The County maintains a capitalization threshold of five thousand dollars with the exception of land as land was listed regardless of cost. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized.

All capital assets are depreciated or amortized except for land and construction in progress. Improvements are depreciated over the remaining useful lives of the related capital assets. Useful lives for infrastructure were estimated based on the County's historical records of necessary improvements and replacement.

Depreciation and amortization is computed using the straight-line method over the following useful lives:

| Description | Governmental Activities Estimated Lives | Business Type Activities Estimated Lives |
|---------------------------|---|--|
| Buildings and Improvement | 15 - 45 years | 15 - 45 years |
| Furniture and Fixtures | 5 - 20 years | 5 - 20 years |
| Equipment | 5 - 15 years | 5 - 15 years |
| Vehicles | 5 - 15 years | 5 - 15 years |
| Sewer Rights | N/A | 50 years |
| Infrastructure | 10 - 80 years | 10 - 80 years |

The County's infrastructure consists of bridges, culverts, curbs, sidewalks, storm sewers, streets and water and sewer lines and includes infrastructure acquired prior to December 31, 1980.

The County is reporting intangible right to use assets related to leased buildings, equipment and vehicles. The lease asset is initially measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. Subsequently, these intangible assets are being amortized in a systematic and rational manner over the shorter of the lease term or the useful life of the underlying asset.

Interfund Balances

On fund financial statements, outstanding interfund loans and unpaid amounts for interfund services are reported as "interfund receivables/payables". Interfund balance amounts are eliminated in the statement of net position, except for any net residual amounts due between governmental and business-type activities, which are presented as internal balances.

Notes to the Basic Financial Statements For The Year Ended December 31, 2022

Deferred inflows of resources and deferred outflows of resources from the change in internal proportionate share related to pension items are eliminated in the governmental and business-type activities columns of the statement of net position, except for any net residual amounts between governmental and business-type activities. These residual amounts are eliminated in the total column of the entity wide statement of net position.

Internal Activity

Transfers between governmental and business-type activities on the government-wide statements are reported in the same manner as general revenues. Transfers between governmental activities are eliminated on the government-wide financial statements. Internal allocations of overhead expenses from one function to another or within the same function are eliminated on the Statement of Activities. Interfund payments for services provided and used are not eliminated.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after non-operating revenues/expenses in proprietary funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

Compensated Absences

Vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable that the employer will compensate the employees for the benefits through paid time off or some other means. The County records a liability for all accumulated unused vacation time when earned for all employees with more than one year of service.

Sick leave benefits are accrued as a liability using the termination payment method. An accrual for earned sick leave is made to the extent that it is probable that benefits will result in termination payments. The liability is based on the County's past experience of making termination payments.

Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements and all payables, accrued liabilities and long-term obligations payable from proprietary funds are reported on the proprietary fund financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources, are reported as obligations of the funds. However, claims and judgments and compensated absences that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current year. Net pension/OPEB liability should be recognized in the governmental funds to the extent that benefit payments are due and payable and the pension/OPEB plan's fiduciary net position is not sufficient for payment of those benefits. Bonds, leases, and long-term loans are recognized as a liability on the governmental fund financial statements when due.

Net Position

Net position represents the difference between all other elements in a statement of financial position. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets.

Notes to the Basic Financial Statements For The Year Ended December 31, 2022

Net position is reported as restricted when there are limitations imposed on their use through external restrictions imposed by creditors, grantors or laws or regulations of other governments. The County applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position is available. Restricted Net Position for Pension and OPEB plans represent the corresponding restricted asset amounts after considering the related deferred outflows and deferred inflows.

Leases

The County serves as both lessee and lessor in various noncancellable leases which are accounted for as follows:

Lessee At the commencement of a lease, the County initially measures the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of lease payments made. The lease asset is initially measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. Subsequently, the lease asset is amortized on a straight-line basis over its useful life. Lease assets are reported with other capital assets and lease liabilities are reported with long-term debt on the statement of net position.

Lessor At the commencement of a lease, the County initially measures the lease receivable at the present value of payments expected to be received during the lease term. Subsequently, the lease receivable is reduced by the principal portion of lease payments received. The deferred inflow of resources is initially measured as the initial amount of the lease receivable, adjusted for lease payments received at or before the lease commencement date. Subsequently, the deferred inflow of resources is recognized as revenue over the life of the lease term.

Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the County is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

Nonspendable: The nonspendable fund balance category includes amounts that cannot be spent because they are not in spendable form, or legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash. It also includes the long-term amount of loans receivable, unless the use of the proceeds from the collection of those receivables is restricted, committed, or assigned.

<u>Restricted:</u> Fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or is imposed by law through constitutional provisions.

<u>Committed:</u> The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by formal action (resolution) of the County Commissioners. Those committed amounts cannot be used for any other purpose unless the County Commissioners remove or change the specified use by taking the same type of action (resolution) it employed to previously commit those amounts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Notes to the Basic Financial Statements For The Year Ended December 31, 2022

Assigned: Amounts in the assigned fund balance classification are intended to be used by the County for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds other than the general fund, assigned fund balance represents the remaining amount that is not restricted or committed. These amounts are assigned by the County Commissioners. In the general fund, assigned amounts represent intended uses established by County Commissioners or a County official delegated that authority by ordinance, or by State Statute. State statute authorizes the County Auditor to assign fund balance for purchases on order provided amounts have been lawfully appropriated. The County Commissioners assigned fund balance to cover a gap between estimated revenues and appropriations in 2023's appropriated budget.

<u>Unassigned:</u> Unassigned fund balance is the residual classification for the general fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit fund balance.

The County applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. For the County, these revenues are charges for services for solid waste recycling center, County sewer, County water, Streetsboro sewer, storm water management, central services, workers' compensation and health benefits self-insurance programs. Operating expenses are necessary costs that have been incurred in order to provide the good or service that is the primary activity of the fund. Any revenues and expenses not meeting the definitions of operating are reported as nonoperating.

OneOhio Opioid Settlement Monies

During 2021, Ohio reached an agreement with the three largest distributors of opioids. Although the settlement has been reached, uncertainties remain related to measurement. As a participating subdivision, the County received the first of eighteen distributions in 2022. This distribution of \$81,103 is reflected as fines, forfeitures and settlements revenue in the opioid settlement special revenue fund in the accompanying financial statements.

Budgetary Process

All funds, except custodial funds, are legally required to be budgeted and appropriated. The major documents prepared are the tax budget, the certificate of estimated resources, and the appropriations resolution, all of which are prepared on the budgetary basis of accounting. The tax budget demonstrates a need for existing or increased tax rates. The certificate of estimated resources establishes a limit on the amount the Commissioners may appropriate. The appropriations resolution is the Commissioners' authorization to spend resources and sets annual limits on expenditures plus encumbrances at the level of control selected by the Commissioners. The legal level of control has been established by the Commissioners at the object level for all funds.

The certificate of estimated resources may be amended during the year if projected increases or decreases in revenue are identified by the Auditor. The amounts reported as the original and final budgeted amounts on the budgetary statements reflect the amounts on the certificate of estimated resources when the original and final appropriations were enacted by the Commissioners.

Notes to the Basic Financial Statements For The Year Ended December 31, 2022

The appropriation resolution is subject to amendment throughout the year with the restriction that appropriations cannot exceed estimated resources. The amounts reported as the original budgeted amounts reflect the first appropriation resolution for that fund that covered the entire year, including amounts automatically carried forward from prior years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by the Commissioners during the year.

Bond Premium

On the government-wide financial statements, bond premiums are deferred and amortized over the term of the bonds using the straight line method. Bond premiums are presented as an increase of the face amount of the revenue and general obligation bonds payable. On the governmental fund financial statements, bond premiums are receipted in the year the bonds are issued. Under Ohio law, premiums on the original issuance of debt are to be deposited to the bond retirement fund to be used for debt retirement and are precluded from being applied to the project fund. Ohio law does allow premiums on refunding debt to be used as part of the payment to the bond escrow agent.

Deferred Gain on Refunding

On the government-wide financial statements, the difference between the reacquisition price (funds required to refund the old debt) and the net carrying amount of the old debt, the gain/loss on refunding, is being amortized as a component of interest expense. This deferred amount is amortized over the life of the old debt or the life of the new debt, whichever is shorter, using the effective interest method and is presented as deferred inflows of resources on the statement of net position.

Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Note 3 – Change in Accounting Principle

For fiscal year 2022, the County implemented Governmental Accounting Standards Board (GASB) Statement No. 87, *Leases* and related guidance from (GASB) Implementation Guide No. 2019-3, *Leases*. The County also implemented GASB Statement No. 91, *Conduit Debt Obligations*, GASB Statement No. 92, *Omnibus 2020*, GASB Statement No. 97, *Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans*, and *Implementation Guide No. 2020-1*

GASB Statement 87 enhances the relevance and consistency of information of the government's leasing activities. It establishes requirements for lease accounting based on the principle that leases are financings of the right to use an underlying asset. A lessee is required to recognize a lease liability and an intangible right to use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources. These changes were incorporated in the County's 2022 financial statements. The County recognized \$1,624,345 in leases receivable at January 1, 2022; however, this entire amount was offset by the deferred inflows related to leases. The County also recognized \$1,509,855 in leases payable at January 1, 2022 which was offset by the intangible asset, right to use lease – buildings, equipment and vehicles.

Notes to the Basic Financial Statements For The Year Ended December 31, 2022

GASB 91 clarifies the existing definition of a conduit debt obligation; establishing that a conduit debt obligation is not a liability of the issuer; establishing standards for accounting and financial reporting of additional commitments and voluntary commitments extended by issuers and arrangements associated with conduit debt obligations; and improving required note disclosures.

GASB 97, among other items, requires that a Section 457 plan be classified as either a pension plan or an other employee benefit plan depending on whether the plan meets the definition of a pension plan.

The changes for GASB 87, GASB 91 and GASB 97 were incorporated in the County's 2022 financial statements; however, there was no effect on beginning net position/fund balance.

Note 4 - Fund Balances

Fund balance is classified as nonspendable, restricted, committed, assigned and/or unassigned based primarily on the extent to which the County is bound to observe constraints imposed upon the use of the resources in the government funds. The constraints placed on fund balance for the major governmental funds and all other governmental funds are presented as follows:

| | | Mental | | Job and | Other | |
|---------------------------|--------------|----------------|---------------|-------------|--------------|---------------|
| | | Health and | Developmental | Family | Governmental | |
| Fund Balances | General | Recovery Board | Disabilities | Services | Funds | Total |
| Nonspendable | | | | | | |
| Prepaids | \$186,190 | \$3,688 | \$10,739 | \$2,543 | \$13,180 | \$216,340 |
| Inventory | 69,878 | 0 | 0 | 0 | 340,919 | 410,797 |

| | | | | | | |

Notes to the Basic Financial Statements For The Year Ended December 31, 2022

Note 5 - Budgetary Basis of Accounting

While the County's reporting financial position, results of operations and changes in fund balance on the basis of generally accepted accounting principles (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The Statements of Revenues, Expenditures and Changes in Fund Balances - Budget (Non-GAAP Basis) and Actual are presented in the basic financial statements for the general fund and major special revenue funds. The major differences between the budget basis and the GAAP basis are:

- 1. Revenues are recorded when received in cash (budget) as opposed to when susceptible to accrual (GAAP).
- 2. Expenditures are recorded when paid in cash (budget) as opposed to when the liability is incurred (GAAP).
- 3. Investments are reported at cost (budget) rather than at fair value (GAAP).
- 4. Unrecorded cash represents amounts received but not reported by the County on the operating statements (budget), but which is reported on the GAAP basis operating statements.
- 5. Advances-In and Advances-Out are operating transactions (budget) as opposed to balance sheet transactions (GAAP).
- 6. Budgetary revenues and expenditures of the recorder and the certificate of title funds are classified to the general fund for GAAP reporting.
- 7. Encumbrances are treated as expenditures (budget) rather than restricted, committed, or assigned fund balance (GAAP).

The following table summarizes the adjustments necessary to reconcile the GAAP basis statements to the budgetary basis statements for the general and major special revenue funds:

| Net Change in Fund Balances | | | | | |
|---|----------------|--|-------------------------------|-------------------------------|---------------------------------------|
| | General | Mental Health and Recovery Board | Developmental Disabilities | Job and Family Services | American Rescue Plan Act Relief |
| GAAP Basis | (\$14,068,660) | \$1,580,644 | \$393,088 | \$2,624,143 | \$0 |
| Net Adjustment for Revenue Accruals | (892,046) | (64,110) | 6,342 | (1,194,218) | 14,300,345 |
| Beginning Fair Value | | | | | |
| Adjustment for Investments | 25,590 | 0 | 0 | 0 | 0 |
| Ending Fair Value | | | | | |
| Adjustment for Investments | 5,989,460 | 0 | 0 | 0 | 0 |
| Beginning Unrecorded Cash | 466,567 | 181,082 | 460,541 | 201,252 | 0 |
| Ending Unrecorded Cash | (537,241) | (221,002) | (563,197) | (240,153) | 0 |
| Advances In | 1,446,362 | 0 | 0 | 132,200 | 0 |
| Net Adjustment for Expenditure Accruals | 628,302 | (234,398) | 110,508 | 23,791 | 39,344 |
| Perspective Differences: | | | | | |
| a) Recorder | 32,757 | 0 | 0 | 0 | 0 |
| b) Certificate of Title | (955,201) | 0 | 0 | 0 | 0 |
| Advances Out | (977,200) | 0 | 0 | (792,000) | 0 |
| Encumbrances | (2,413,057) | (6,385,330) | (491,606) | (1,771,022) | (943,422) |
| Budget Basis | (\$11,254,367) | (\$5,143,114) | (\$84,324) | (\$1,016,007) | \$13,396,267 |

Notes to the Basic Financial Statements For The Year Ended December 31, 2022

Note 6 – Accountability

At December 31, 2022, the victim assistance special revenue fund had a deficit fund balance in the amount of \$236,571 as a result of the recognition of payables in accordance with generally accepted accounting principles as well as short-term interfund loans from the general fund needed for operations. The special assessment debt retirement debt service funds had deficit fund balances in the amounts of \$38,230 as a result of the recognition of payables in accordance with generally accepted accounting principles. The general fund is liable for any deficit in this fund and provides transfers when cash is required, rather than when accruals occur.

Note 7 - Deposits and Investments

Monies held by the County are classified by State statute into two categories. Active monies are public monies determined to be necessary to meet current demands upon the County treasury. Active monies must be maintained either as cash in the County treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Monies held by the County which are not considered active are classified as inactive. Inactive monies may be deposited or invested with certain limitations in the following securities provided the County has filed a written investment policy with the Ohio Auditor of State:

- 1. United States Treasury bills, bonds, notes, or any other obligation or security issued by the United States Treasury, or any other obligation guaranteed as to principal and interest by the United States, or any book entry, zero-coupon United States treasury security that is a direct obligation of the United States;
- 2. Bonds, notes, debentures, or any other obligations or security issued by any federal government agency or instrumentality including, but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation and Government National Mortgage Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
- 3. Written repurchase agreements in the securities listed above provided the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and the term of the agreement must not exceed thirty days;
- 4. Bonds and other obligations of this state or the political subdivisions of this state, provided the bonds or other obligations of political subdivisions mature within ten years from the date of settlement;
- 5. Time certificates of deposit or savings or deposit accounts including, but not limited to, passbook accounts, in eligible institutions pursuant to ORC sections 135.32;
- 6. No-load money market mutual funds rated in the highest category at the time of purchase by at least one nationally recognized standard rating service or consisting exclusively of obligations described in (1) or (2) above; commercial paper as described in ORC section 135.143 (6); and repurchase agreements secured by such obligations, provided these investments are made only through eligible institutions;
- 7. The State Treasurer's investment pool (STAR Ohio);
- 8. Securities lending agreements in which the County lends securities and the eligible institution agrees to simultaneously exchange either securities or cash, equal value for equal value, within certain limitations;

Notes to the Basic Financial Statements For The Year Ended December 31, 2022

- 9. Up to forty percent of the County's average portfolio, if training requirements have been met in either of the following:
 - a. Commercial paper notes in entities incorporated under the laws of Ohio, or any other State, that have assets exceeding five hundred million dollars, which are rated in the highest classification established by two nationally recognized standard rating services, which do not exceed ten percent of the value of the outstanding commercial paper of the issuing corporation, which mature within 270 days after purchase, and the investment in commercial paper notes of a single issuer shall not exceed the aggregate five percent of interim monies available for investment at the time of purchase.
 - b. Bankers acceptances of banks that are insured by the federal deposit insurance corporation and that mature not later than 180 days after purchase.
- 10. Up to fifteen percent of the County's average portfolio in notes issued by U.S. corporations or by depository institutions doing business under authority granted by the U.S. or any state provided the notes are rated in the three highest categories by at least two nationally recognized standard rating services at the time of purchase and the notes mature not later than three years after purchase;
- 11. A current unpaid or delinquent tax line of credit, provided certain conditions are met related to a County land reutilization corporation organized under ORC Chapter 1724; and,
- 12. Up to two percent of the County's average portfolio in debt interests rated at the time of purchase in the three highest categories by two nationally recognized standard rating services and issued by foreign nations diplomatically recognized by the United States government, subject to certain limitations. All interest and principal shall be denominated and payable in United States funds.

Reverse repurchase agreements, investments in derivatives, and investments in stripped principal or interest obligations that are not issued or guaranteed by the United States, are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited.

Investments may only be made through specified dealers and institutions. Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the treasurer or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

At year end, the County had \$75,503 in undeposited cash on hand which is included as part of "Equity in Pooled Cash and Cash Equivalents".

Deposits

Custodial Credit Risk Custodial credit risk for deposits is the risk that in the event of bank failure, the County will not be able to recover deposits or collateral securities that are in the possession of an outside party. At December 31, 2022, \$5,217,615 of the County's total bank balance of \$20,998,839 was exposed to custodial credit risk because those deposits were uninsured and collateralized with securities held by the pledging financial institution.

Notes to the Basic Financial Statements For The Year Ended December 31, 2022

The County has no deposit policy for custodial risk beyond the requirements of State statute. Ohio law requires that deposits either be insured or be protected by:

Eligible securities pledged to the County and deposited with a qualified trustee by the financial institution as security for repayment whose market value at all times shall be at least 105 percent of the deposits being secured; or

Participation in the Ohio Pooled Collateral System (OPCS), a collateral pool of eligible securities deposited with a qualified trustee and pledged to the Treasurer of State to secure the repayment of all public monies deposited in the financial institution. OPCS requires the total market value of the securities pledged to be 102 percent of the deposits being secured or a rate set by the Treasurer of State.

Investments

Investments are reported at fair value. As of December 31, 2022, the County had the following investments:

| Measurement/Investment | Measurement Amount | Maturity | Standard & Poor's Rating | Percent of Total Investments |
|--|-----------------------|----------------------|--------------------------------|------------------------------------|
| Amortized Cost | | | | |
| Commercial Paper | \$3,738,305 | Less Than One Year | N/A | N/A |
| Net Asset Value Per Share | | | | |
| STAR Ohio | 42,839,440 | 31.9 Days | AAAm | N/A |
| Fair Value - Level One Inputs | | · | | |
| Money Market | 105,920 | Less Than One Year | AAA | N/A |
| Fair Value - Level Two Inputs | | | | |
| Federal Farm Credit Bank Notes | 491,140 | Less Than Six Months | AAA | N/A |
| Federal Farm Credit Bank Notes | 8,757,710 | Less Than One Year | AAA | N/A |
| Federal Farm Credit Bank Notes | 18,712,118 | More Than One Year | AAA | 9.34% |
| Federal Home Loan Bank Notes | 19,858,915 | More Than One Year | AAA | 9.91 |
| Federal National Mortgage Association Notes | 3,111,106 | Less Than One Year | AAA | N/A |
| Federal National Mortgage Association Notes | 10,214,951 | More Than One Year | AAA | 5.10 |
| Federal Home Loan Mortgage Corporation Notes | 4,460,411 | More Than One Year | AAA | N/A |
| Municipal Bond | 1,451,567 | Less Than Six Months | AAA | N/A |
| Municipal Bond | 6,757,309 | More Than One Year | AAA | N/A |
| Corporate Bond | 14,016,986 | Less Than One Year | AAA | 7.00 |
| Corporate Bond | 11,082,029 | More Than One Year | AAA | 5.53 |
| Negotiable Certificates of Deposit | 3,436,616 | Less Than Six Months | N/A | N/A |
| Negotiable Certificates of Deposit | 480,463 | Less Than One Year | N/A | N/A |
| Negotiable Certificates of Deposit | 4,238,792 | More Than One Year | N/A | N/A |
| U.S. Treasury Obligations | 1,876,616 | Less Than One Year | N/A | N/A |
| U.S. Treasury Obligations | 44,668,736 | More Than One Year | AAA | 22.30 |
| Total Fair Value - Level Two Inputs | 153,615,465 | | | |
| Total Investments | \$200,299,130 | | | |

The County categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets. Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. The above chart identifies the County's recurring fair value measurements as of December 31, 2022. The Money Market Mutual Fund is measured at fair value and is valued using quoted market prices (Level 1 inputs). The County's remaining investments measured at fair value are valued using methodologies that incorporate market inputs such as benchmark yields, reported trades, broker/dealer quotes, issuer spreads, two-sided markets, benchmark securities, bids, offers and reference data including market research publications. Market indicators and industry and economic events are also monitored, which could require the need to acquire further market data. (Level 2 inputs).

Notes to the Basic Financial Statements For The Year Ended December 31, 2022

Interest Rate Risk As a means of limiting its exposure to fair value losses caused by rising interest rates, the County's investment policy requires that operating funds be invested primarily in short-term investments maturing within five years from the date of purchase and that the County's investment portfolio be structured so that securities mature to meet cash requirements for ongoing operations and/or long-term debt payments. The stated intent of the policy is to avoid the need to sell securities prior to maturity.

Credit Risk The Standard and Poor's ratings of the County's investments are listed in the table above. Ohio law requires that STAR Ohio maintain the highest rating provided by at least one nationally recognized standard rating service. The commercial paper and negotiable certificates of deposit are unrated. The County has no investment policy that addresses credit risk.

Concentration of Credit Risk The County places no limit on the amount it may invest in any one issuer.

Note 8 - Permissive Sales and Use Tax

In 1982, the County Commissioners by resolution imposed a one-half percent tax on all retail sales made in the County and on the storage, use, or consumption in the County of tangible personal property, including automobiles, not subject to the sales tax. In 1986, the County Commissioners by resolution imposed an additional one-half percent tax. At the November, 1988 general election, the voters approved the permanent permissive sales tax of one percent and an additional one-half percent for jail construction in May, 1990. However in 1991 the one-half percent tax was rescinded and a one-fourth percent tax was put in its place. In August of 1999, the County Commissioners by resolution repealed the one-fourth percent sales tax, effective November 30, 1999 leaving a one percent tax remaining. During 2016, the Commissioners imposed an additional quarter percent sales tax to provide additional revenue for the general fund.

Vendor collections of the tax are paid to the State Treasurer by the twenty-third day of the month following collection. The State Tax Commissioner certifies to the Office of Budget and Management the amount of the tax to be returned to the County. The Tax Commissioner's certification must be made within forty-five days after the end of the month. The Tax Commissioner shall then, on or before the twentieth day of the month in which certification is made, provide for payment to the County.

Proceeds of the tax are credited to the general fund. A receivable is recognized at year-end for amounts that will be received from sales which occurred during the prior year. On a full accrual basis, the full amount of the receivable is recognized as revenue. On a modified accrual basis, the amount of the receivable that will be received outside of the available period is unavailable revenue.

Note 9 – Property Taxes

Property taxes include amounts levied against all real and public utility property located in the County. Property tax revenue received during 2022 for real and public utility property taxes represents collections of 2021 taxes.

2022 real property taxes were levied after October 1, 2022, on the assessed value as of January 1, 2022, the lien date. Assessed values are established by State law at 35 percent of appraised market value. 2022 real property taxes are collected in and intended to finance 2023.

Real property taxes are payable annually or semi-annually. If paid annually, payment is due December 31; if paid semi-annually, the first payment is due December 31, with the remainder payable by June 20. Under certain circumstances, State statute permits later payment dates to be established.

Notes to the Basic Financial Statements For The Year Ended December 31, 2022

Public utility tangible personal property currently is assessed at varying percentages of true value; public utility real property is assessed at 35 percent of true value. 2022 public utility property taxes which became a lien December 31, 2021, are levied after October 1, 2022, and are collected in 2023 with real property taxes.

The full tax rate for all County operations for the year ended December 31, 2022, was \$14.12 per \$1,000 of assessed value. The assessed values of real and tangible personal property upon which 2022 property tax receipts were based are as follows:

| Real Estate | |
|----------------------------|-----------------|
| Residential/Agricultural | \$3,507,037,630 |
| Other Real Estate | 756,910,120 |
| Tangible Personal Property | |
| Public Utility | 188,075,240 |
| Real | 1,143,550 |
| Total | \$4,453,166,540 |

The County Treasurer collects property taxes on behalf of all taxing districts in the County. The County Auditor periodically remits to the taxing districts their portion of the taxes collected. The collection and distribution of taxes for all subdivisions within the County, excluding the County itself, is accounted for through custodial funds. The amount of the County's tax collections is accounted for within the applicable funds. Property taxes receivable represents real and public utility taxes and outstanding delinquencies which were measurable as of December 31, 2022, and for which there was an enforceable legal claim. In the governmental funds, the portion of the receivable not levied to finance 2022 operations is offset to deferred inflows of resources – property taxes. On the accrual basis, collectible delinquent property taxes have been recorded as a receivable and revenue while on the modified accrual basis the revenue has been reported as deferred inflows of resources – unavailable revenue.

Tax Abatements

For 2022, the County's property taxes were reduced by \$418,708 under various tax abatement agreements entered into by the following subdivisions:

| | Amount of 2022 |
|-------------------------------|----------------|
| Overlapping Government | Taxes Abated |
| Community Reinvestment Areas: | |
| City of Aurora | \$278,250 |
| City of Kent | 89,692 |
| City of Tallmadge | 6,691 |
| City of Ravenna | 7,579 |
| Suffield Township | 1,655 |
| Nelson Township | 129 |
| Enterprise Zone Agreements: | |
| City of Streetsboro | 13,079 |
| Rootstown Township | 3,078 |
| City of Ravenna | 18,555 |
| | |

Notes to the Basic Financial Statements For The Year Ended December 31, 2022

Note 10 - Receivables

Receivables at December 31, 2022, consisted of taxes, accounts (billings for user charged services, including unbilled utility services, and rental payments), special assessments, interfund, leases, loans and intergovernmental receivables arising from grants, notes, entitlements and shared revenues. All receivables are considered collectable in full.

All receivables except property taxes, leases, loans and special assessments are expected to be collected within one year. Property taxes, although ultimately collectible, include some portion of delinquencies that will not be collected within one year.

The loans receivable at December 31, 2022, primarily represent revolving loans made to private enterprises under the United States Department of Housing and Urban Development Community Development Block Grant Program, Section 17 and Home Affordability Act programs. The notes are due on various dates with a large portion not due until the related property is sold or the debtor becomes deceased. Generally the loans are collateralized by the property that is improved with the proceeds of the notes; however, the County's security interest is usually subordinate to that of another creditor. Many notes are non-interest bearing while other notes bear interest at various rates. The loans are administered by the County. Loans expected to be collected in more than one year amount to \$203,831 in the general fund.

Special assessments expected to be collected in more than one year amount to \$118,560 in the special assessment bond retirement fund. At December 31, 2022, the amount of delinquent special assessments was \$89,100.

A summary of the principal items of intergovernmental receivables follows:

| | Amount |
|----------------------------------|--------------|
| Governmental Activities | |
| General Fund | |
| Casino Disbursement | \$1,134,155 |
| Undivided Local Government Tax | 935,421 |
| Homestead and Rollback | 498,481 |
| Election Costs | 54,319 |
| Delinquent Advertising | 2,954 |
| Total General Fund | 2,625,330 |
| Special Revenue Funds | |
| Major | |
| Mental Health and Recovery Board | 659,359 |
| Developmental Disabilities | 805,548 |
| Job and Family Services | 1,874,210 |
| Nonmajor | |
| Sheriff's Fund | 161,544 |
| Juvenile Court Grants | 301,436 |
| Probation Services | 643,120 |
| County Engineer's Fund | 5,313,577 |
| Victim Assistance | 127,403 |
| Total Special Revenue Funds | 9,886,197 |
| Total Governmental Activities | \$12,511,527 |
| Business-Type Activities | |
| Major | |
| Solid Waste Recycling Center | \$87,212 |

Notes to the Basic Financial Statements For The Year Ended December 31, 2022

Leases Receivable

The County is reporting leases receivable of \$1,614,622 in the general fund at December 31, 2022. This amount represents the discounted future lease payments. This discount is being amortized using the interest method. For 2022, the County recognized lease revenue of \$44,266 and interest revenue of \$52,281 in the general fund related to lease payments received. A description of the County's leasing arrangements is as follows:

| | Lease | | Lease | D |
|------------------------------|--------------|-------|--------|----------|
| | Commencement | | Ending | Payment |
| Description | Date | Years | Date | Method |
| Home Savings Buildng Lease | 2018 | 25 | 2043 | Monthly |
| Sayr Farmland Lease | 2020 | 3 | 2023 | Annual |
| Kotkoski Farmland Lease | 2020 | 3 | 2023 | Annual |
| Tavern Builidng Lease | 2022 | 2 | 2024 | Monthly |
| DRI-RR, Inc. Building Lease | 2022 | 2 | 2024 | Monthly |
| Sly Bail Bond Building Lease | 2021 | 2 | 2023 | Monthly |
| Hospital Building Lease | 2012 | 50 | 2062 | Annual |

A summary of future lease revenue is as follows:

| | Ger | neral |
|-----------|-------------|-------------|
| Year | Principal | Interest |
| 2023 | \$50,384 | \$51,278 |
| 2024 | 33,725 | 49,928 |
| 2025 | 30,919 | 49,182 |
| 2026 | 32,098 | 48,443 |
| 2027 | 33,309 | 47,676 |
| 2028-2032 | 181,563 | 225,864 |
| 2033-2037 | 218,307 | 202,011 |
| 2038-2042 | 258,162 | 173,281 |
| 2043-2047 | 145,206 | 143,471 |
| 2048-2052 | 170,670 | 113,071 |
| 2053-2057 | 207,646 | 76,095 |
| 2058-2062 | 252,633 | 31,108 |
| | \$1,614,622 | \$1,211,408 |

Note 11 - Compensated Absences

County employees earn vacation and sick leave at varying rates depending on length of service and department policy. Up to three years of vacation leave may be accumulated. All accumulated, unused vacation time is paid upon separation if the employee has at least one year of service with the County. Upon retirement or death, unused sick leave balances up to a maximum of 240 hours are paid at varying rates depending on length of service.

Notes to the Basic Financial Statements For The Year Ended December 31, 2022

Note 12 - Capital Assets

Capital asset activity for the year ended December 31, 2022 was as follows:

| | Balance 12/31/21 | Additions | Reductions | Balance 12/31/22 |
|---|------------------|---------------|-------------|------------------|
| Governmental Activities: | | | | |

| Governmental activities capital assets, net | \$135,453,646 | \$4,347,266 | (\$113,545) | \$139,687,367 |

The value of all right to use lease assets as the end of 2022 was \$2,422,588 with an accumulated amortization of \$572,959.

^{*} Depreciation expense was charged to governmental activities as follows:

| General Government: | |
|---------------------------|-------------|
| Legislative and Executive | \$934,845 |
| Judicial | 546,165 |
| Public Safety | 1,356,057 |
| Public Works | 1,575,601 |
| Health | 228,444 |
| Human Services | 51,638 |
| Total | \$4,692,750 |

Notes to the Basic Financial Statements For The Year Ended December 31, 2022

** Of the current year depreciation total of \$5,265,709, \$572,959 is presented on the Statement of Activities related to the County's intangible assets of buildings, copiers and vehicles. The following are included as an Intangible Right to Use Lease:

| General Government: | |
|---------------------------|-----------|
| Legislative and Executive | \$62,932 |
| Judicial | 28,950 |
| Public Safety | 375,348 |
| Public Works | 3,076 |
| Health | 5,562 |
| Human Services | 97,091 |
| Total | \$572,959 |

With the implementation of Governmental Accounting Standards Board Statement No. 87, *Leases*, a lease meeting the criteria of this statement requires the lessee to recognize the lease liability and an intangible right to use asset.

| capital assets, net | \$120,318,812 | (\$1,532,825) | (\$815,713) | \$117,970,274 |

^{**} Of this amount, \$217,867 is presented as amortization expense on the Statement of Revenues, Expenses, and Changes in Fund Net Position relating to the County's intangible asset of purchased sewer capacity which is included in the above table as sewer rights.

The solid waste enterprise fund was charged \$12,325 for amortization attributed to excess consideration provided for an acquisition.

Notes to the Basic Financial Statements For The Year Ended December 31, 2022

Note 13 - Contingent Liabilities

Grants

The County received financial assistance from federal and state agencies in the form of grants. The disbursement of funds received under these programs generally require compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agency. Any disallowed claims resulting from such audits could become a liability of the general fund or other applicable funds. However, in the opinion of management such disallowed claims will not have a material adverse effect on the overall financial position of the County.

Litigation

The County is party to legal proceedings. The County Commissioners are of the opinion that ultimate disposition of these claims will not have a material effect, if any, on the financial condition of the County.

Note 14 - Long-Term Debt

The original issue date, interest rate and original issuance amount for each of the County's bonds/loans follows:

| Total Other Long-term Obligations | 54,785,742 | 5,620,723 | 24,537,735 | 35,868,730 | 4,705,049 |
| Total Governmental Activities | \$66,613,855 | \$5,620,723 | \$26,076,517 | \$46,158,061 | \$6,135,049 |

General obligation bonds will be paid from the bond retirement debt service fund and from user fees from the appropriate enterprise fund. The OWDA loans will be paid partly with special assessments levied against benefited property owners as well as user charges from the appropriate enterprise fund. The OPWC loans in the enterprise funds will be paid from user charges. The intergovernmental loans will be paid with user charges from the appropriate enterprise fund.

On December 20, 2021, the County issued general obligation bonds in the amount of \$16,925,000, to refund various purpose bonds previously issued in 2010 and 2013 and the energy conservation bonds issued in 2014. The bonds were issued with interest rates ranging from 1.25 to 5.00 percent. The bonds were issued for a nine year period with a final maturity in 2030. The bonds will be retired through the bond retirement debt service fund and the Portage County sewer and Portage County water enterprise funds.

Net proceeds of \$14,583,147 were deposited in an irrevocable trust with an escrow agent to provide for all future debt payments on the refunded bonds. As a result, \$12,600,000 of these bonds are considered defeased and the liability for the refunded bonds has been removed from the County's financial statements. Accordingly, the trust account assets and liabilities for the defeased bonds are not included in the County's financial statements. Net

Notes to the Basic Financial Statements For The Year Ended December 31, 2022

proceeds of \$2,955,924 were paid directly to USDA to provide for all future debt payments on the refunded bonds. As a result, \$2,911,800 of these bonds are considered fully defeased and the liability for the refunded bonds has been removed from the City's financial statements.

In 2005, Portage County entered into a contractual agreement with the City of Ravenna for the construction and future maintenance of a wastewater treatment plant that is in Portage County and that Portage County residents will be able to tap into. The project was financed mainly by OWDA debt issued in 2005 by the City of Ravenna. All proceeds were received by the City of Ravenna and the City of Ravenna is responsible for the debt retirement and maintenance. The plant will be a capital asset of the City of Ravenna. Cost overruns increased Portage County's share of the cost. The total amount owed to the City of Ravenna as of December 31, 2022 is \$880,965. This amount has been recorded on Portage County's books as a long-term liability in the portage county sewer enterprise fund. The annual interest rate of the obligation is 3.65 percent.

An amount has been recorded as sewer rights in the Portage County sewer enterprise fund capital assets. These amounts will be amortized over the useful life of the asset to the City of Ravenna. In 2022, payments were made to City of Ravenna (\$417,152) from the Portage County sewer enterprise fund.

The County's outstanding OWDA loans from direct borrowings of \$869,594 related to business-type activities contain provisions that in an event of default (1) the amount of such default shall bear interest at the default rate from the due date until the date of payment, (2) if any of the charges have not been paid within 30 days, in addition to the interest calculated at the default rate, a late charge of 1 percent on the amount of each default shall also be paid to the OWDA, and (3) for each additional 30 days during with the charges remain unpaid, the County shall continue to pay an additional late charge of 1 percent on the amount of the default until such charges are paid.

The County's outstanding OPWC loans from direct borrowings related to business-type activities of \$103,230 contain provisions that in the event of default (1) OPWC may apply late fees of 8 percent per year, (2) loans more than 60 days late will be turned over to the Attorney General's office for collection, and as provided by law, OPWC may require that such payment be taken from the County's share of the county undivided local government fund, and (3) the outstanding amounts shall, at OPWC's option, become immediately due and payable.

The County's outstanding intergovernmental loans from direct borrowings of \$880,965 related to business-type activities contain provisions that in an event of default (1) the amount of such default shall bear interest at the default rate from the due date until the date of payment, (2) if any of the charges have not been paid within 30 days, in addition to the interest calculated at the default rate, a late charge of 1 percent on the amount of each default shall also be paid to the individual entities (Ravenna City) to be paid to OWDA, and (3) for each additional 30 days during with the charges remain unpaid, the County shall continue to pay an additional late charge of 1 percent on the amount of the default until such charges are paid.

The County has pledged future revenues, net of operating expenses, to repay various debt issues in the solid waste recycling center fund. The debt is payable solely from net revenues and are payable through 2028. Annual principal and interest payments on the debt issues are expected to require 8.04 percent of net revenues. The total principal and interest remaining to be paid on the debt is \$896,619. Principal and interest paid for the current year and total net revenues were \$179,325 and \$2,230,314 respectively.

The County has pledged future revenues, net of operating expenses, to repay various debt issues in the Portage County sewer fund. The debt is payable solely from net revenues and are payable through 2047. Annual principal and interest payments on the debt issues are expected to require 19.31 percent of net revenues. The total principal and interest remaining to be paid on the debt is \$1,014,752. Principal and interest paid for the current year and total net revenues were \$494,484 and \$2,561,219 respectively.

Notes to the Basic Financial Statements For The Year Ended December 31, 2022

The County has pledged future revenues, net of operating expenses, to repay various debt issues in the Portage County water fund. The debt is payable solely from net revenues and are payable through 2023. Annual principal and interest payments on the debt issues are expected to require 1.47 percent of net revenues. The total principal and interest remaining to be paid on the debt is \$54,733. Principal and interest paid for the current year and total net revenues were \$54,759 and \$3,712,898 respectively.

The County has pledged future revenues, net of operating expenses, to repay various debt issues in the Streetsboro sewer fund. The debt is payable solely from net revenues and are payable through 2023. Annual principal and interest payments on the debt issues are expected to require less than one percent of net revenues. The total principal and interest remaining to be paid on the debt is \$10,000. Principal and interest paid for the current year and total net revenues were \$5,000 and \$1,811,540 respectively.

The County has outstanding agreements to lease buildings, copiers and vehicles. Due to the implementation of GASB Statement 87, these leases plus existing prior year capital leases have met the criteria of leases thus requiring them to be recorded by the County. The future lease payments were-discounted based on the interest rate implicit in the lease or using the County's incremental borrowing rate. This discount is being amortized using the interest method over the life of the lease. A summary of the principal and interest amounts for the remaining leases is as follows:

| | Principal | Interest |
|-------|-------------|----------|
| 2023 | \$673,854 | \$32,297 |
| 2024 | 515,440 | 19,665 |
| 2025 | 320,572 | 11,191 |
| 2026 | 252,277 | 4,440 |
| 2027 | 97,176 | 732 |
| Total | \$1,859,319 | \$68,325 |

Compensated absences reported in the "compensated absences payable" account will be paid from the fund from which the employees' salaries are paid. These funds include the general fund, mental health and recovery board, developmental disabilities, job and family services, real estate assessment, law library, hazmat operations and planning, county engineer, dog and kennel, women, infants and children, solid waste recycling, Portage County sewer, Portage County water and Streetsboro sewer. There is no repayment schedule for the net pension liability and net OPEB liability. However, employer pension/OPEB contributions are made from the following funds: general fund, mental health and recovery board, developmental disabilities, job and family services, real estate assessment, delinquent real estate tax assessment collection, law library, court fund, probation services, hazmat operations and planning, county engineer, dog and kennel, women, infants and children, victim assistance, solid waste recycling, Portage County sewer, Portage County water and Streetsboro sewer. For additional information related to the net pension liability and net OPEB liability see Notes 19 and 20. The post-closure liability will be paid from the solid waste recycling fund. During 2022, the EPA required a final closure cost estimate from the County. (See Note 27) The asset retirement obligation will be paid from the Portage County sewer and Streetsboro sewer enterprise funds. For additional information related to the asset retirement obligation see Note 15. The financed purchase is paid from the solid waste recycling center enterprise fund. The leases payable will be paid from the general fund, mental health and recovery board and job and family services special revenue funds and the central purchasing internal service fund.

Notes to the Basic Financial Statements For The Year Ended December 31, 2022

Principal and interest requirements to retire the County's long-term obligations outstanding at December 31, 2022 are as follows:

Business-Type Activities

From Direct Borrowings

| _ | OWDA Loans | | Intergovernm | ental Loans | General Obligation Bonds | | |
|-----------|------------|----------|---------------|-------------|--------------------------|-------------|-----------|

The Ohio Revised Code provides that the net general obligation debt of the County, exclusive of certain exempt debt, issued without a vote of the electors shall never exceed one percent of total valuation of the County. The Code further provides that the total voted and unvoted net debt of the County less the same exempt debt shall never exceed a sum equal to three percent of the first \$1,000,000,000 of the assessed valuation, plus one and one-half percent of such valuation in excess of \$100,000,000 and not in excess of \$300,000,000, plus two and one-half percent of such valuation in excess of \$300,000,000.

\$9,355,000

\$1,066,700

Total

The effects of the debt limitations described above at December 31, 2022, are an overall debt margin of \$94,774,163 and an unvoted debt margin of \$29,476,664.

Notes to the Basic Financial Statements For The Year Ended December 31, 2022

Note 15 – Asset Retirement Obligation

The Governmental Accounting Standards Board's (GASB) Statement No. 83, Certain Asset Retirement Obligations, provides guidance related to asset retirement obligations (AROs). An ARO is a legally enforceable liability associated with the retirement of a tangible capital asset. Ohio Revised Code Section 6111.44 requires the County to submit any changes to their sewerage system to the Ohio EPA for approval. Through this review process, the County would be responsible to address any public safety issues associated with their waste water treatment facilities. These public safety issues would include removing/filling any tankage, cleaning/removing certain equipment, and backfilling certain exposed areas. This asset retirement obligation (ARO) of \$1,925,000 associated with the County waste water treatment facilities were estimated by the County engineer. There may be additional AROs related to the public safety issues; however these amounts are not reasonably estimable. Currently, there is significant uncertainty as to what additional items would need addressed; therefore, a reliable estimated amount could not be determined. The remaining useful life of these facilities range from 1 to 36 years.

Note 16 - Conduit Debt Obligations

To further economic development in the County, the County has issued bonds that provide capital financing to private-sector entities for the acquisition and construction of industrial and commercial facilities. The properties financed are pledged as collateral, and the bonds are payable solely from payments received from the private-sector entities on the underlying mortgage or promissory notes. In addition, no commitments beyond the collateral, the payments from the private-sector entities, and maintenance of the tax-exempt status of the conduit debt obligation were extended by the County for any of those bonds. At December 31, 2022, the bonds have an aggregate outstanding principal amount payable of \$52,800,000.

Note 17 - Significant Commitments

Encumbrances

Encumbrances are commitments related to unperformed contracts for goods or services. Encumbrance accounting is utilized to the extent necessary to assure effective budgetary control and accountability and to facilitate effective cash planning and control. At year end the amount of encumbrances expected to be honored upon performance by the vendor in the next year were as follows:

| Governmental Funds | | Proprietary Funds | |
|----------------------------------|--------------|--------------------------|-------------|
| General | \$2,413,057 | Solid Waste Recycling | \$799,759 |
| Mental Health and Recovery Board | 6,385,330 | Portage County Sewer | 1,446,206 |
| Developmental Disabilities | 491,606 | Portage County Water | 2,229,531 |
| Job and Family Services | 1,771,022 | Streetsboro Sewer | 1,271,635 |
| American Rescue Plan Act Fund | 943,422 | Storm Water Management | 26,882 |
| Other Governmental Funds | 1,460,369 | | |
| Total Governmental Funds | \$13,464,806 | Total Enterprise Funds | \$5,774,013 |
| | | Internal Service Funds | \$3,086,438 |

Notes to the Basic Financial Statements For The Year Ended December 31, 2022

Contractual Commitments

As of December 31, 2022, the County had contractual commitments for the following projects:

| | Contract Amount | Amount Paid | Remaining on Contract |
|---------------------------------------|-----------------|--------------|-----------------------|
| General | \$4,812,797 | \$4,288,222 | \$524,575 |
| Real Estate Assessment | 262,900 | 201,307 | 61,593 |
| Sheriff | 60,000 | 50,000 | 10,000 |
| Court | 6,131 | 3,067 | 3,064 |
| Motor Vehicle Gas Tax | 542,854 | 355,887 | 186,967 |
| Mental Health Services | 13,097,149 | 7,378,025 | 5,719,124 |
| Developmental Disabilities Services | 779,106 | 477,048 | 302,058 |
| Department of Job and Family Services | 4,079,272 | 2,526,999 | 1,552,273 |
| American Rescue Plan Act | 283,400 | 0 | 283,400 |
| Capital Improvements | 284,100 | 101,100 | 183,000 |
| Roadwork Development | 1,254,983 | 722,202 | 532,781 |
| Purchasing | 44,358 | 35,653 | 8,705 |
| Health Benefits | 17,793,734 | 14,001,686 | 3,792,048 |
| Solid Waste Recycling | 400,000 | 11,665 | 388,335 |
| Portage County Sewer | 2,147,600 | 477,223 | 1,670,377 |
| Portage County Water | 14,199,916 | 12,166,885 | 2,033,031 |
| Streetsboro Sewer | 1,568,123 | 428,945 | 1,139,178 |
| Storm Water Management | 24,230 | 6,667 | 17,563 |
| Total | \$61,640,653 | \$43,232,581 | \$18,408,072 |

Remaining commitment amounts were encumbered at year end.

Note 18 - Risk Management

The County is exposed to various risks of loss related to torts; theft, damage and destruction of assets; errors and omissions; injuries to employees and natural disasters. The County has contracted with the County Risk Sharing Authority (CORSA) for the following types of insurance:

| Туре | Cov | erage |
|---------------------------------------|---------------|----------------|
| Property Insurance (Blanket) | \$329,575,602 | |
| General Liability | 1,000,000 | Per occurrence |
| Law Enforcement | 1,000,000 | Per occurrence |
| Public Officials errors and omissions | 1,000,000 | Per occurrence |
| Automobile | 1,000,000 | Per occurrence |
| Uninsured/Underinsured Motorist | 250,000 | Per occurrence |
| Excess Liability | 10,000,000 | Per occurrence |
| Attorney Disciplinary Proceedings | 25,000 | Per occurrence |
| Equipment Breakdown | 100,000,000 | |
| Crime | 1,000,000 | |
| Foster Parents | 11,000,000 | |
| Electronic Data Processing | 250,000 | |

Settled claims have not exceeded coverage in any of the last three years and there was no significant reduction in coverage from the prior year.

Notes to the Basic Financial Statements For The Year Ended December 31, 2022

The County established a limited risk management program in 2000 for employee health insurance benefits which is reported in an internal service fund. A third party administrator, Medical Mutual, located in Ohio reviews and pays all claims on behalf of the County for its PPO Plans. The monthly premium paid by the County during 2022 was \$380.59 for single coverage and \$1,118.83 for family coverage. The monthly premium paid by employees that chose PPO Plan was \$40.32 for single coverage and \$143.89 for family coverage. An excess coverage insurance policy covers individual claims in excess of \$150,000 per year and aggregate claims in excess of \$9,000,000 per year. The liability for unpaid claims costs of \$675,893 reported in the fund at December 31, 2022, was established by the third party administrator and is based on requirements of GASB Statement No. 30 which requires that a liability for unpaid claims costs, including estimates of costs relating to incurred, but not reported claims, be reported. The estimate was not affected by incremental claim adjustment expenses and does not include other allocated or unallocated claim adjustment expenses.

Interfund premiums are based primarily upon the insured funds' claims experience and are reported as quasiexternal interfund transactions. Changes in the fund's claims liability amount for the past two years are as follows:

| | Balance at | Current | Claim | Balance at |
|------|-------------------|--------------|--------------|-------------|
| | Beginning of Year | Year Claims | Payments | End of Year |
| 2021 | \$256,397 | \$14,845,786 | \$14,665,816 | \$436,367 |
| 2022 | 436,367 | 13,132,188 | 12,892,662 | 675,893 |

The County participates in the State Workers' Compensation retrospective rating and payment system. This plan involves the payment of a minimum premium for administrative services and stop-loss coverage in addition to actual claim costs for employees injured in 2022. The maintenance of these benefits is accounted for in the workers' compensation internal service fund.

Incurred but not reported claims of \$511,575 have been accrued as a liability at December 31, 2022, based on an estimate by the County Auditor's Office and the Bureau of Workers' Compensation. The claims liability reported in the workers' compensation internal service fund at December 31, 2022, is based on the requirements of Governmental Accounting Standards Board Statement No. 30 which requires that a liability for unpaid claims costs, including estimates of costs relating to incurred but not reported claims, be reported. The estimate was not affected by incremental claim adjustment expenses and does not include other allocated or unallocated claims adjustment expenses.

Changes in the fund's claim liability amounts for the past two years are as follows:

| | | | Change in Workers' | | | |
|------|-------------------|-------------|--------------------|--------------|-------------|--|
| | Balance at | Current | Claim | Compensation | Balance at | |
| | Beginning of Year | Year Claims | Payments | Estimate | End of Year | |
| 2021 | \$693,155 | \$277,260 | \$257,765 | \$52,223 | \$764,873 | |
| 2022 | 764,873 | 183,520 | 179,437 | (257,381) | 511,575 | |

Notes to the Basic Financial Statements For The Year Ended December 31, 2022

Note 19 - Defined Benefit Pension Plans

The Statewide retirement systems provide both pension benefits and other postemployment benefits (OPEB).

Net Pension Liability (Asset)/Net OPEB Liability (Asset)

The net pension liability (asset) and the net OPEB liability (asset) reported on the statement of net position represent liabilities to employees for pensions and OPEB, respectively. Pensions/OPEB are a component of exchange transactions—between an employer and its employees—of salaries and benefits for employee services. Pensions/OPEB are provided to an employee—on a deferred-payment basis—as part of the total compensation package offered by an employer for employee services each financial period. The obligation to sacrifice resources for pensions is a present obligation because it was created as a result of employment exchanges that already have occurred.

The net pension/OPEB liability (asset) represent the County's proportionate share of each pension/OPEB plan's collective actuarial present value of projected benefit payments attributable to past periods of service, net of each pension/OPEB plan's fiduciary net position. The net pension/OPEB liability (asset) calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting these estimates annually.

Ohio Revised Code limits the County's obligation for this liability to annually required payments. The County cannot control benefit terms or the manner in which pensions are financed; however, the County does receive the benefit of employees' services in exchange for compensation including pension and OPEB.

GASB 68/75 assumes the liability is solely the obligation of the employer, because (1) they benefit from employee services; and (2) State statute requires funding to come from these employers. All pension contributions to date have come solely from these employers (which also includes pension costs paid in the form of withholdings from employees). The retirement systems may allocate a portion of the employer contributions to provide for these OPEB benefits. In addition, health care plan enrollees pay a portion of the health care costs in the form of a monthly premium. State statute requires the retirement systems to amortize unfunded pension liabilities within 30 years. If the pension amortization period exceeds 30 years, each retirement system's board must propose corrective action to the State legislature. Any resulting legislative change to benefits or funding could significantly affect the net pension/OPEB liability (asset). Resulting adjustments to the net pension/OPEB liability (asset) would be effective when the changes are legally enforceable. The Ohio revised Code permits, but does not require the retirement systems to provide healthcare to eligible benefit recipients.

The proportionate share of each plan's unfunded benefits is presented as a *net pension/OPEB asset* or long-term *net pension/OBEB liability* on the accrual basis of accounting. Any liability for the contractually-required pension/OPEB contribution outstanding at the end of the year is included in *intergovernmental payable* on both the accrual and modified accrual bases of accounting. The remainder of this note includes the required pension disclosures. See Note 20 for the required OPEB disclosures.

Ohio Public Employees Retirement System (OPERS)

Plan Description – County employees, other than certified teachers, participate in the Ohio Public Employees Retirement System (OPERS). OPERS is a cost-sharing, multiple employer public employee retirement system which administers three separate pension plans. The traditional pension plan is a cost-sharing, multiple-employer defined benefit pension plan. The member-directed plan is a defined contribution plan and the combined plan is a combination cost-sharing, multiple-employer defined benefit/defined contribution pension plan. Participating employers are divided into state, local, law enforcement and public safety divisions. While members in the state and local divisions may participate in all three plans, law enforcement and public safety divisions exist only within the traditional plan.

Notes to the Basic Financial Statements For The Year Ended December 31, 2022

OPERS provides retirement, disability, survivor and death benefits, and annual cost of living adjustments to members of the traditional and combined plans. Authority to establish and amend benefits is provided by Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report that includes financial statements, required supplementary information and detailed information about OPERS' fiduciary net position that may be obtained by visiting https://www.opers.org/financial/reports.shtml, by writing to the Ohio Public Employees Retirement System, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling 800-222-7377.

Senate Bill (SB) 343 was enacted into law with an effective date of January 7, 2013. In the legislation, members in the traditional and combined plans were categorized into three groups with varying provisions of the law applicable to each group. The following table provides age and service requirements for retirement and the retirement formula applied to final average salary (FAS) for the three member groups under the traditional and combined plans as per the reduced benefits adopted by SB 343 (see OPERS Annual Comprehensive Financial Report referenced above for additional information, including requirements for reduced and unreduced benefits):

Group B

20 years of service credit prior to

January 7, 2013 or eligible to retire

| Group A | | | | |
|-------------------------------|--|--|--|--|
| Eligible to retire prior to | | | | |
| January 7, 2013 or five years | | | | |
| after January 7, 2013 | | | | |

ten years after January 7, 2013 State and Local

Members not in other Groups and members hired on or after January 7, 2013

Group C

State and Local

Age and Service Requirements:

Age 60 with 60 months of service credit or Age 55 with 25 years of service credit

Traditional Plan Formula:

2.2% of FAS multiplied by years of service for the first 30 years and 2.5% for service years in excess of 30

Combined Plan Formula:

1% of FAS multiplied by years of service for the first 30 years and 1.25% for service years in excess of 30

Age and Service Requirements:

Age 60 with 60 months of service credit or Age 55 with 25 years of service credit

Traditional Plan Formula:

2.2% of FAS multiplied by years of service for the first 30 years and 2.5% for service years in excess of 30

Combined Plan Formula:

1% of FAS multiplied by years of service for the first 30 years and 1.25% for service years in excess of 30

State and Local

Age and Service Requirements:

Age 57 with 25 years of service credit or Age 62 with 5 years of service credit

Traditional Plan Formula:

2.2% of FAS multiplied by years of service for the first 35 years and 2.5% for service years in excess of 35

Combined Plan Formula:

1% of FAS multiplied by years of service for the first 35 years and 1.25% for service years in excess of 35

Final Average Salary (FAS) represents the average of the three highest years of earnings over a member's career for Groups A and B. Group C is based on the average of the five highest years of earnings over a member's career.

Members who retire before meeting the age and years of service credit requirement for unreduced benefits receive a percentage reduction in the benefit amount. The amount of a member's pension benefit vests upon receipt of the initial benefit payment.

When a traditional plan benefit recipient has received benefits for 12 months, the member is eligible for an annual cost of living adjustment (COLA). This COLA is calculated on the base retirement benefit at the date of retirement and is not compounded. Members retiring under the combined plan receive a cost—of—living adjustment on the defined benefit portion of their pension benefit. For those who retired prior to January 7, 2013, the cost-of-living adjustment is 3 percent. For those retiring on or after January 7, 2013, beginning in calendar year 2019, the adjustment is based on the average percentage increase in the Consumer Price Index, capped at 3 percent.

Defined contribution plan benefits are established in the plan documents, which may be amended by the Board. Member-directed plan and combined plan members who have met the retirement eligibility requirements may apply for retirement benefits. The amount available for defined contribution benefits in the combined plan consists of the member's contributions plus or minus the investment gains or losses resulting from the member's

Notes to the Basic Financial Statements For The Year Ended December 31, 2022

investment selections. Combined plan members wishing to receive benefits must meet the requirements for both the defined benefit and defined contribution plans. Member-directed participants must have attained the age of 55, have money on deposit in the defined contribution plan and have terminated public service to apply for retirement benefits. The amount available for defined contribution benefits in the member-directed plan consists of the members' contributions, vested employer contributions and investment gains or losses resulting from the members' investment selections. Employer contributions and associated investment earnings vest over a five-year period, at a rate of 20 percent each year. At retirement, members may select one of several distribution options for payment of the vested balance in their individual OPERS accounts. Options include the annuitization of the benefit (which includes joint and survivor options and will continue to be administered by OPERS), partial lump-sum payments (subject to limitations), a rollover of the vested account balance to another financial institution, receipt of entire account balance, net of taxes withheld, or a combination of these options. When members choose to annuitize their defined contribution benefit, the annuitized portion of the benefit is reclassified to a defined benefit.

Effective January 1, 2022, the Combined Plan is no longer available for member selection.

Funding Policy - The Ohio Revised Code (ORC) provides statutory authority for member and employer contributions as follows:

| | State and Local |
|---|-----------------|
| 2022 Statutory Maximum Contribution Rates | |
| Employer | 14.0 % |
| Employee * | 10.0 % |
| 2022 Actual Contribution Rates | |
| Employer: | |
| Pension ** | 14.0 % |
| Post-employment Health Care Benefits **** | 0.0 |
| Total Employer | 14.0 % |
| Employee | 10.0 % |

- * Member contributions within the combined plan are not used to fund the defined benefit retirement allowance.
- ** These pension and employer health care rates are for the traditional and combined plans. The employer contributions rate for the member-directed plan is allocated 4 percent for health care with the remainder going to pension.

Employer contribution rates are actuarially determined and are expressed as a percentage of covered payroll.

For 2022, the County's contractually required contribution was \$7,705,732 for the traditional plan, \$138,463 for the combined plan and \$42,670 for the member-directed plan. Of these amounts, \$481,719 is reported as an intergovernmental payable for the traditional plan, \$8,363 for the combined plan, and \$2,576 for the member-directed plan.

Notes to the Basic Financial Statements For The Year Ended December 31, 2022

State Teachers Retirement System (STRS)

Plan Description – County licensed teachers and other faculty members participate in STRS Ohio, a cost-sharing multiple employer public employee retirement system administered by STRS. STRS provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS issues a stand-alone financial report that includes financial statements, required supplementary information, and detailed information about STRS' fiduciary net position. That report can be obtained by writing to STRS, 275 E. Broad St., Columbus, OH 43215-3771, by calling (888) 227-7877, or by visiting the STRS Web site at www.strsoh.org.

New members have a choice of three retirement plans; a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan, and a Combined Plan. Benefits are established by Ohio Revised Code Chapter 3307.

The DB plan offers an annual retirement allowance based on final average salary multiplied by a percentage that varies based on years of service. Effective August 1, 2015, the calculation is 2.2 percent of final average salary for the five highest years of earnings multiplied by all years of service. In April 2017, the Retirement Board made the decision to reduce COLA granted on or after July 1, 2017, to 0 percent upon a determination by its actuary that it was necessary to preserve the fiscal integrity of the retirement system. Benefit recipients' base benefit and past cost-of living increases are not affected by this change. Effective July 1, 2022, an ad-hoc COLA of 3 percent of the base benefit was granted to eligible benefit recipients to begin on the anniversary of their retirement benefit in fiscal year 2023 as long as they retired prior to July 1, 2018. Eligibility changes will be phased in until August 1, 2023, when retirement eligibility for unreduced benefits will be five years of service credit and age 65, or 35 years of service credit and at least age 60.

Eligibility changes for DB Plan members who retire with actuarially reduced benefits will be phased in until August 1, 2023, when retirement eligibility will be five years of qualifying service credit and age 60, or 30 years of service credit regardless of age.

The DC Plan allows members to place all their member contributions and 9.53 percent of the 14 percent employer contributions into an investment account. The member determines how to allocate the member and employer money among various investment choices offered by STRS. The remaining 4.47 percent of the 14 percent employer rate is allocated to the defined benefit unfunded liability. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal.

The Combined Plan offers features of both the DB Plan and the DC Plan. In the Combined Plan, 12 percent of the 14 percent member rate is deposited into the member's DC account and the remaining 2 percent is applied to the DB Plan. Member contributions to the DC Plan are allocated among investment choices by the member, and contributions to the DB Plan from the employer and the member are used to fund the defined benefit payment at a reduced level from the regular DB Plan. The defined benefit portion of the Combined Plan payment is payable to a member on or after age 60 with five years of service. The defined contribution portion of the account may be taken as a lump sum payment or converted to a lifetime monthly annuity at age fifty and after termination of employment.

New members who choose the DC plan or Combined Plan will have another opportunity to reselect a permanent plan during their fifth year of membership. Members may remain in the same plan or transfer to another STRS plan. The optional annuitization of a member's defined contribution account or the defined contribution portion of a member's Combined Plan account to a lifetime benefit results in STRS bearing the risk of investment gain or loss on the account. STRS has therefore included all three plan options as one defined benefit plan for GASB 68 reporting purposes.

Notes to the Basic Financial Statements For The Year Ended December 31, 2022

A DB or Combined Plan member with five or more years of credited service who is determined to be disabled may qualify for a disability benefit. New members on or after July 1, 2013, must have at least ten years of qualifying service credit that apply for disability benefits. Members in the DC Plan who become disabled are entitled only to their account balance. Eligible survivors of members who die before service retirement may qualify for monthly benefits. If a member of the DC Plan dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

Funding Policy – Employer and member contribution rates are established by the State Teachers Retirement Board and limited by Chapter 3307 of the Ohio Revised Code. The 2022 employer and employee contribution rate of 14 percent was equal to the statutory maximum rates. For 2022, the full employer contribution was allocated to pension.

The County's contractually required contribution to STRS was \$36,889 for 2022. Of this amount, \$470 is reported as an intergovernmental payable.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

The net pension liability (asset) for OPERS was measured as of December 31, 2021, and the net pension liability for STRS was measured as of June 30, 2022. The total pension liability used to calculate the net pension liability (asset) was determined by an actuarial valuation as of the respective measurement dates. The County's proportion of the net pension liability (asset) was based on the County's share of contributions to the pension plan relative to the contributions of all participating entities. Following is information related to the proportionate share and pension expense:

| Traditional Plan | Combined Plan | STRS | Total |
|------------------|--|---|--|
| | | | |
| | | | |
| 0.35473060% | 0.21424074% | 0.00290289% | |
| 0.35436898% | 0.22664852% | 0.00292934% | |
| | | | |
| 0.00036162% | -0.01240778% | -0.00002645% | |
| | | | |
| | | | |
| \$30,862,998 | \$0 | \$645,316 | \$31,508,314 |
| 0 | (844,119) | 0 | (844,119) |
| (2,870,247) | (29,841) | (15,987) | (2,916,075) |
| | 0.35473060% 0.35436898% 0.00036162% \$30,862,998 0 | 0.35473060% 0.21424074% 0.35436898% 0.22664852% 0.00036162% -0.01240778% \$30,862,998 \$0 0 (844,119) | 0.35473060% 0.21424074% 0.00290289% 0.35436898% 0.22664852% 0.00292934% 0.00036162% -0.01240778% -0.00002645% \$30,862,998 \$0 \$645,316 0 (844,119) 0 |

2022 pension expense for the member-directed defined contribution plan was \$42,670. The aggregate pension expense for all pension plans was (\$2,873,405) for 2022.

At December 31, 2022, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Notes to the Basic Financial Statements For The Year Ended December 31, 2022

| | OPERS Traditional Plan | OPERS Combined Plan | STRS | Total |
|--|---------------------------|------------------------|-----------|--------------|
| Deferred Outflows of Resources | | | | |
| Differences between expected and | | | | |
| actual experience | \$1,573,351 | \$5,236 | \$8,261 | \$1,586,848 |
| Changes of assumptions | 3,859,386 | 42,420 | 77,225 | 3,979,031 |
| Net difference between projected and actual earnings on pension | | | | |
| plan investments | 0 | 0 | 22,456 | 22,456 |
| Changes in proportion and differences between County contributions and | | | | |
| proportionate share of contributions | 1,509,012 | 54,378 | 0 | 1,563,390 |
| County contributions subsequent to the | | | | |
| measurement date | 7,705,732 | 138,463 | 13,359 | 7,857,554 |
| Total Deferred Outflows of Resources | \$14,647,481 | \$240,497 | \$121,301 | \$15,009,279 |
| Deferred Inflows of Resources | | | | |
| Differences between expected and | | | | |
| actual experience | \$676,903 | \$94,412 | \$2,468 | \$773,783 |
| Changes of assumptions | 0 | 0 | 58,128 | 58,128 |
| Net difference between projected and actual earnings on pension | | | | |
| plan investments | 36,710,412 | 180,967 | 0 | 36,891,379 |
| Changes in proportion and differences between County contributions and | | | | |
| proportionate share of contributions | 0 | 36,272 | 209,025 | 245,297 |
| Total Deferred Inflows of Resources | \$37,387,315 | \$311,651 | \$269,621 | \$37,968,587 |

\$7,857,554 reported as deferred outflows of resources related to pension resulting from County contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability or increase to the net pension asset in 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized in pension expense as follows:

| | OPERS Traditional Plan | OPERS Combined Plan | STRS | Total |
|--------------------------|------------------------------|---------------------------|-------------|----------------|
| Year Ending December 31: | | | | |
| 2023 | (\$3,359,217) | (\$54,041) | (\$87,932) | (\$3,501,190) |

| Total | (\$30,445,566) | (\$209,617) | (\$161,679) | (\$30,816,862) |

Notes to the Basic Financial Statements For The Year Ended December 31, 2022

Actuarial Assumptions - OPERS

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and cost trends. Actuarially determined amounts are subject to continual review or modification as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation. The total pension liability was determined by an actuarial valuation as of December 31, 2021, using the following key actuarial assumptions and methods applied to all periods included in the measurement in accordance with the requirements of GASB 67. In 2021, the Board's actuarial consultants conducted an experience study for the period 2016 through 2020, comparing assumptions to actual results. The experience study incorporates both a historical review and forward-looking projections to determine the appropriate set of assumptions to keep the plan on a path toward full funding. Information from this study led to changes in both demographic and economic assumptions, with the most notable being a reduction in the actuarially assumed rate of return from 7.2 percent down to 6.9 percent, for the defined benefit investments. Key actuarial assumptions and methods used in the latest actuarial valuation, prepared as of December 31, 2021, reflecting experience study results, are presented below:

| | OPERS Traditional Plan | OPERS Combined Plan |
|-------------------------------|-----------------------------------|-----------------------------------|
| Wage Inflation | 2.75 percent | 2.75 percent |
| Future Salary Increases, | 2.75 to 10.75 percent | 2.75 to 8.25 percent |
| including inflation | including wage inflation | including wage inflation |
| COLA or Ad Hoc COLA: | | |
| Pre-January 7, 2013 Retirees | 3.0 percent, simple | 3.0 percent, simple |
| Post-January 7, 2013 Retirees | 3.0 percent, simple through 2022, | 3.0 percent, simple through 2022, |
| | then 2.05 percent, simple | then 2.05 percent, simple |
| Investment Rate of Return | 6.9 percent | 6.9 percent |
| Actuarial Cost Method | Individual Entry Age | Individual Entry Age |

Key actuarial assumptions and methods used in the prior actuarial valuation, prepared as of December 31, 2020, are presented below:

| | OPERS Traditional Plan | OPERS Combined Plan |
|-------------------------------|-----------------------------------|-----------------------------------|
| Wage Inflation | 3.25 percent | 3.25 percent |
| Future Salary Increases, | 3.25 to 10.75 percent | 3.25 to 8.25 percent |
| including inflation | including wage inflation | including wage inflation |
| COLA or Ad Hoc COLA: | | |
| Pre-January 7, 2013 Retirees | 3.0 percent, simple | 3.0 percent, simple |
| Post-January 7, 2013 Retirees | 0.5 percent, simple through 2021, | 0.5 percent, simple through 2021, |
| | then 2.15 percent, simple | then 2.15 percent, simple |
| Investment Rate of Return | 7.2 percent | 7.2 percent |
| Actuarial Cost Method | Individual Entry Age | Individual Entry Age |

For 2021, pre-retirement mortality rates are based on 130 percent of the Pub-2010 General Employee Mortality tables (males and females) for State and Local Government divisions and 170 percent of the Pub-2010 Safety Employee Mortality tables (males and females) for the Public Safety and Law Enforcement divisions. Post-retirement mortality rates are based on 115 percent of the PubG-2010 Retiree Mortality Tables (males and females) for all divisions. Post-retirement mortality rates for disabled retirees are based on the PubNS-2010

Notes to the Basic Financial Statements For The Year Ended December 31, 2022

Disabled Retiree Mortality Tables (males and females) for all divisions. For all the previously described tables, the base year is 2010 and mortality rates for a particular calendar year are determined by applying the MP-2020 mortality improvement scales (males and females) to all these tables.

For 2020, pre-retirement mortality rates are based on the RP-2014 Employees mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Post-retirement mortality rates are based on the RP-2014 Healthy Annuitant mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Post-retirement mortality rates for disabled retirees are based on the RP-2014 Disabled mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Mortality rates for a particular calendar year are determined by applying the MP-2015 mortality improvement scale to all the above-described tables.

The most recent experience study was completed for the five-year period ended December 31, 2020.

During 2021, OPERS managed investments in three investment portfolios: the Defined Benefit portfolio, the Health Care portfolio, and the Defined Contribution portfolio. The Defined Benefit portfolio contains the investment assets for the Traditional Pension Plan, the defined benefit component of the Combined Plan and the annuitized accounts of the Member-Directed Plan. Within the Defined Benefit portfolio contributions into the plans are all recorded at the same time, and benefit payments all occur on the first of the month. Accordingly, the money-weighted rate of return is considered to be the same for all plans within the portfolio. The annual money-weighted rate of return expressing investment performance, net of investment expenses and adjusted for the changing amounts actually invested, for the Defined Benefit portfolio was 15.3 percent for 2021.

The allocation of investment assets with the Defined Benefit portfolio is approved by the Board of Trustees as outlined in the annual investment plan. Plan assets are managed on a total return basis with a long-term objective of achieving and maintaining a fully funded status for the benefits provided through the defined benefit pension plans. The long-term expected rate of return on defined benefit investment assets was determined using a building-block method in which best-estimate ranges of expected future real rates of return are developed for each major asset class. These ranges are combined to produce the long-term expected real rate of return by weighting the expected future real rates of return by the target asset allocation percentage, adjusted for inflation. Best estimates of geometric rates of return were provided by the Board's investment consultant. For each major class that is included in the Defined Benefit portfolio's target asset allocation as of December 31, 2021, these best estimates are summarized below:

| | | Weighted Average |
|------------------------|------------|---------------------|
| | | Long-Term Expected |
| | Target | Real Rate of Return |
| Asset Class | Allocation | (Geometric) |
| Fixed Income | 24.00% | 1.03% |
| Domestic Equities | 21.00 | 3.78 |
| Real Estate | 11.00 | 3.66 |
| Private Equity | 12.00 | 7.43 |
| International Equities | 23.00 | 4.88 |
| Risk Parity | 5.00 | 2.92 |
| Other investments | 4.00 | 2.85 |
| Total | 100.00% | 4.21% |

Notes to the Basic Financial Statements For The Year Ended December 31, 2022

Discount Rate The discount rate used to measure the total pension liability for the current year was 6.9 percent for the traditional plan and the combined plan. The discount rate for the prior year was 7.2 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and those of the contributing employers are made at the contractually required rates, as actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefits payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments for the traditional pension plan, combined plan and member-directed plan was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the County's Proportionate Share of the Net Pension Liability (Asset) to Changes in the Discount Rate The following table presents the County's proportionate share of the net pension liability (asset) calculated using the current period discount rate assumption of 6.9 percent, as well as what the County's proportionate share of the net pension liability (asset) would be if it were calculated using a discount rate that is one-percentage-point lower (5.9 percent) or one-percentage-point higher (7.9 percent) than the current rate:

| | 1% Decrease (5.90%) | Discount Rate (6.90%) | 1% Increase (7.90%) |
|---|---------------------|-----------------------|---------------------|
| County's proportionate share of the net pension liability (asset) | | | |
| OPERS Traditional Plan | \$81,371,652 | \$30,862,998 | (\$11,166,919) |
| OPERS Combined Plan | (629,868) | (844,119) | (1,011,216) |

Actuarial Assumptions - STRS

Key methods and assumptions used in the June 30, 2022, actuarial valuation are presented below:

| | June 30, 2022 |
|-----------------------------------|-------------------------------------|
| | |
| Inflation | 2.50 percent |
| Salary increases | From 2.5 percent to 12.5 percent |
| | based on age |
| Investment Rate of Return | 7.00 percent, net of investment |
| | expenses, including inflation |
| Discount Rate of Return | 7.00 percent |
| Payroll Increases | 3.00 percent |
| Cost-of-Living Adjustments (COLA) | 0.0 percent, effective July 1, 2017 |

For 2022, post-retirement mortality rates are based on the Pub-2010 Teachers Healthy Annuitant Mortality Table, adjusted 110 percent for males, projected forward generationally using mortality improvement scale MP-2020. Pre-retirement mortality rates are based on Pub-2010 Teachers Employee Table adjusted 95 percent for females, projected forward generationally using mortality improvement scale MP-2020. Post-retirement disabled mortality rates are based on Pub-2010 Teachers Disable Annuitant Table projected forward generationally using mortality improvement scale MP-2020.

For 2021, post-retirement disabled mortality rates are based on Pub-2010 Teachers Disable Annuitant Table projected forward generationally using mortality improvement scale MP-2020.Post-retirement mortality rates are based on the RP-2014 Annuitant Mortality Table with 50 percent of rates through age 69, 70 percent of rates between ages 70 and 79, 90 percent of rates between ages 80 and 84, and 100 percent of rates thereafter, projected forward generationally using mortality improvement scale MP-2016. Pre-retirement mortality rates are based on RP-2014 Employee Mortality Table, projected forward generationally using mortality improvement scale MP-2016. Post-retirement disabled mortality rates are based on the RP-2014 Disabled Mortality Table with 90 percent of rates for males and 100 percent of rates for females, projected forward generationally using mortality improvement scale MP-2016.

Notes to the Basic Financial Statements For The Year Ended December 31, 2022

Actuarial assumptions used in the June 30, 2022, valuation are based on the results of an actuarial experience study for the period July 1, 2015, through June 30, 2021. An actuarial experience study is done on a quinquennial basis.

STRS' investment consultant develops an estimate range for the investment return assumption based on the target allocation adopted by the Retirement Board. The target allocation and long-term expected rate of return for each major asset class are summarized as follows:

| | Target | Long-Term Expected |
|----------------------|--------------|--------------------|
| Asset Class | Allocation * | Rate of Return ** |
| Domestic Equity | 26.00% | 6.60% |
| International Equity | 22.00 | 6.80 |
| Alternatives | 19.00 | 7.38 |
| Fixed Income | 22.00 | 1.75 |
| Real Estate | 10.00 | 5.75 |
| Liquidity Reserves | 1.00 | 1.00 |
| Total | 100.00% | |

^{*} Target allocation percentage is effective July 1, 2022. Target weights were phased in over a 3 month period concluding on October 1, 2022

Discount Rate The discount rate used to measure the total pension liability was 7.00 percent as of June 30, 2022. The projection of cash flows used to determine the discount rate assumes that member and employer contributions will be made at the statutory contribution rates in accordance with rate increases described above. For this purpose, only employer contributions that are intended to fund benefits of current plan members and their beneficiaries are included. Based on those assumptions, STRS' fiduciary net position was projected to be available to make all projected future benefit payments to current plan members as of June 30, 2022. Therefore, the long-term expected rate of return on pension plan investments of 7.00 percent was applied to all periods of projected benefit payment to determine the total pension liability as of June 30, 2022.

Sensitivity of the County's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate. The following table presents the County's proportionate share of the net pension liability calculated using the current period discount rate assumption of 7.00 percent, as well as what the County's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one-percentage-point lower (6.00 percent) or one-percentage-point higher (8.00 percent) than the current rate:

| | Current | | |
|------------------------------|-------------|---------------|-------------|
| | 1% Decrease | Discount Rate | 1% Increase |
| | (6.00%) | (7.00%) | (8.00%) |
| County's proportionate share | | | |
| of the net pension liability | \$974,838 | \$645,316 | \$366,643 |

^{** 10} year annualized geometric nominal returns, which include the real rate of return and inflation of 2.25 percent, and is net of investment expenses. Over a 30-year period, STRS' investment consultant indicates that the above target allocations should generate a return above the actuarial rate of return, without net value added by management.

Notes to the Basic Financial Statements For The Year Ended December 31, 2022

Note 20 – Defined Benefit OPEB Plans

See Note 19 for a description of the net OPEB liability (asset).

Plan Description – Ohio Public Employees Retirement System (OPERS)

Plan Description – The Ohio Public Employees Retirement System (OPERS) administers three separate pension plans: the traditional pension plan, a cost-sharing, multiple-employer defined benefit pension plan; the member-directed plan, a defined contribution plan; and the combined plan, a cost-sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and defined contribution plan.

OPERS maintains a cost-sharing, multiple-employer defined benefit post-employment health care trust, which funds multiple health care plans including medical coverage, prescription drug coverage and deposits to a Health Reimbursement Arrangement (HRA) to qualifying benefit recipients of both the traditional pension and the combined plans. Currently, Medicare-eligible retirees are able to select medical and prescription drug plans from a range of options and may elect optional vision and dental plans. Retirees and eligible dependents enrolled in Medicare Parts A and B have the option to enroll in a Medicare supplemental plan with the assistance of the OPERS Medicare Connector. The OPERS Medicare Connector is a relationship with a vendor selected by OPERS to assist retirees, spouses and dependents with selecting a medical and pharmacy plan. Monthly allowances, based on years of service and the age at which the retiree first enrolled in OPERS coverage, are deposited into an HRA. For non-Medicare retirees and eligible dependents, OPERS sponsors medical and prescription coverage through a professionally managed self-insured plan. An allowance to offset a portion of the monthly premium is offered to retirees and eligible dependents. The allowance is based on the retiree's years of service and age when they first enrolled in OPERS coverage.

OPERS provides a monthly allowance for health care coverage for eligible retirees and their eligible dependents. The base allowance is determined by OPERS. For those retiring on or after January 1, 2015, the allowance has been determined by applying a percentage to the base allowance. The percentage applied is based on years of qualifying service credit and age when the retiree first enrolled in OPERS health care. Monthly allowances range between 51 percent and 90 percent of the base allowance. Those who retired prior to January 1, 2015, will have an allowance of at least 75 percent of the base allowance.

The heath care trust is also used to fund health care for member-directed plan participants, in the form of a Retiree Medical Account (RMA). At retirement or separation, member directed plan participants may be eligible for reimbursement of qualified medical expenses from their vested RMA balance.

Effective January 1, 2022, OPERS discontinued the group plans currently offered to non-Medicare retirees and re-employed retirees. Instead, eligible non-Medicare retirees will select an individual medical plan. OPERS will provide a subsidy or allowance via an HRA allowance to those retirees who meet health care eligibility requirements. Retirees will be able to seek reimbursement for plan premiums and other qualified medical expenses.

In order to qualify for postemployment health care coverage, age and service retirees under the traditional pension and combined plans must have twenty or more years of qualifying Ohio service credit with a minimum age of 60. Members in Group A are eligible for coverage at any age with 30 or more years of qualifying service. Members in Group B are eligible at any age with 32 years of qualifying service, or at age 52 with 31 years of qualifying service. Members in Group C are eligible for coverage with 32 years of qualifying service and a minimum age of 55. Current retirees eligible (or who became eligible prior to January 1, 2022) to participate in the OPERS health care program will continue to be eligible after January 1, 2022. Eligibility requirements change for those retiring after January 1, 2022, with differing eligibility requirements for Medicare retirees and non-Medicare retirees. The health care coverage provided by OPERS meets. the definition of an Other Post Employment Benefit (OPEB) as described in GASB Statement 75. See OPERS' Annual Comprehensive Financial Report referenced below for additional information.

Notes to the Basic Financial Statements For The Year Ended December 31, 2022

The Ohio Revised Code permits, but does not require, OPERS to provide health care to its eligible benefit recipients. Authority to establish and amend health care coverage is provided to the Board in Chapter 145 of the Ohio Revised Code.

Disclosures for the health care plan are presented separately in the OPERS financial report. Interested parties may obtain a copy by visiting https://www.opers.org/financial/reports.shtml, by writing to OPERS, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling (614) 222-5601 or 800-222-7377.

Funding Policy – The Ohio Revised Code provides the statutory authority allowing public employers to fund postemployment health care through their contributions to OPERS. When funding is approved by OPERS Board of Trustees, a portion of each employer's contribution to OPERS is set aside to fund OPERS health care plans. Beginning in 2018, OPERS no longer allocated a portion of its employer contributions to health care for the traditional plan and the combined plan.

Employer contribution rates are expressed as a percentage of the earnable salary of active members. In 2022, state and local employers contributed at a rate of 14.0 percent of earnable salary and public safety and law enforcement employers contributed at 18.1 percent. These are the maximum employer contribution rates permitted by the Ohio Revised Code. Active member contributions do not fund health care.

Each year, the OPERS Board determines the portion of the employer contribution rate that will be set aside to fund health care plans. For 2022, OPERS did not allocate any employer contribution to health care for members in the Traditional Pension Plan and Combined Plan. The OPERS Board is also authorized to establish rules for the retiree or their surviving beneficiaries to pay a portion of the health care provided. Payment amounts vary depending on the number of covered dependents and the coverage selected. The employer contribution as a percentage of covered payroll deposited into the RMA for participants in the member-directed plan for 2022 was 4.0 percent.

Employer contribution rates are actuarially determined and are expressed as a percentage of covered payroll. The County's contractually required contribution was \$42,670 for 2022. Of this amount, \$2,576 is reported as an intergovernmental payable.

Plan Description – State Teachers Retirement System (STRS)

Plan Description – The State Teachers Retirement System of Ohio (STRS) administers a cost-sharing Health Plan administered for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS. Ohio law authorizes STRS to offer this plan. Benefits include hospitalization, physicians' fees, prescription drugs and partial reimbursement of monthly Medicare Part B premiums. Health care premiums will be reduced by a Medicare Part B premium credit beginning in 2023. The Plan is included in the report of STRS which can be obtained by visiting www.strsoh.org or by calling (888) 227-7877.

Funding Policy – Ohio Revised Code Chapter 3307 authorizes STRS to offer the Plan and gives the Retirement Board discretionary authority over how much, if any, of the health care costs will be absorbed by STRS. Active employee members do not contribute to the Health Care Plan. All benefit recipients pay a portion of the health care costs in the form of a monthly premium. Under Ohio law, funding for post-employment health care may be deducted from employer contributions, currently 14 percent of covered payroll. For the year ended December 31, 2022, STRS did not allocate any employer contributions to post-employment health care.

Notes to the Basic Financial Statements For The Year Ended December 31, 2022

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

The net OPEB asset and total OPEB liability for OPERS were determined by an actuarial valuation as of December 31, 2020, rolled forward to the measurement date of December 31, 2021, by incorporating the expected value of health care cost accruals, the actual health care payment, and interest accruals during the year. For STRS, the net OPEB liability (asset) was measured as of June 30, 2022, and the total OPEB liability used to calculate the net OPEB liability (asset) was determined by an independent actuarial valuation as of that date. The County's proportion of the net OPEB liability (asset) was based on the County's share of contributions to the respective retirement systems relative to the contributions of all participating entities. Following is information related to the proportionate share and OPEB expense:

| | OPERS | STRS | Total |
|---|--------------|--------------|--------------|
| Proportion of the Net OPEB Liability/Asset: | | | |
| Prior Measurement Date | 0.34365856% | 0.00292934% | |
| Current Measurement Date | 0.34300196% | 0.00290289% | |
| Change in Proportionate Share | -0.00065660% | -0.00002645% | |
| Proportionate Share of the Net | | | |
| OPEB Asset | \$10,743,348 | \$75,167 | \$10,818,515 |
| OPEB Expense | (8,061,357) | (14,294) | (8,075,651) |

At December 31, 2022, the County reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

| | OPERS | STRS | Total |
|---|--------------|----------|--------------|
| Deferred Outflows of Resources | | | |
| Differences between expected and | | | |
| actual experience | \$0 | \$1,089 | \$1,089 |
| Changes of assumptions | 0 | 3,202 | 3,202 |
| Net difference between projected and actual | | | |
| earnings on OPEB plan investments | 0 | 1,308 | 1,308 |
| Changes in proportion and differences | | | |
| between County contributions and | | | |
| proportionate share of contributions | 974,265 | 20 | 974,285 |
| County contributions subsequent to the | | | |
| measurement date | 42,670 | 0 | 42,670 |
| Total Deferred Outflows of Resources | \$1,016,935 | \$5,619 | \$1,022,554 |
| Deferred Inflows of Resources | | | |
| Differences between expected and | | | |
| actual experience | \$1,629,602 | \$11,289 | \$1,640,891 |
| Changes of assumptions | 4,348,785 | 53,299 | 4,402,084 |
| Net difference between projected and actual | | | |
| earnings on OPEB plan investments | 5,121,671 | 0 | 5,121,671 |
| Changes in proportion and differences | | | |
| between County contributions and | | | |
| proportionate share of contributions | 11,047 | 2,350 | 13,397 |
| Total Deferred Inflows of Resources | \$11,111,105 | \$66,938 | \$11,178,043 |

Notes to the Basic Financial Statements For The Year Ended December 31, 2022

\$42,670 reported as deferred outflows of resources related to OPEB resulting from County contributions subsequent to the measurement date will be recognized as an increase to the net OPEB asset in the year ending December 31, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

| | OPERS | STRS | Total |
|---------------------------------|----------------|------------|----------------|
| Fiscal Year Ending December 31: | | | |
| 2023 | (\$5,897,760) | (\$17,988) | (\$5,915,748) |
| 2024 | (2,384,470) | (17,726) | (2,402,196) |
| 2025 | (1,119,058) | (8,610) | (1,127,668) |
| 2026 | (735,552) | (3,637) | (739,189) |
| 2027 | 0 | (4,466) | (4,466) |
| Thereafter | 0 | (8,892) | (8,892) |
| Total | (\$10,136,840) | (\$61,319) | (\$10,198,159) |

Actuarial Assumptions – OPERS

Actuarial valuations of an ongoing plan involve estimates of the values of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and cost trends. Actuarially determined amounts are subject to continual review or modification as actual results are compared with past expectations and new estimates are made about the future.

Projections of health care costs for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of coverage provided at the time of each valuation and the historical pattern of sharing of costs between OPERS and plan members. In 2021, the Board's actuarial consultants conducted an experience study for the period 2016 through 2020, comparing historical assumptions to actual results. The experience study incorporates both a historical review and forward-looking projections to determine the appropriate set of assumptions to keep the plan on a path toward full funding. Information from this study led to changes in both demographic and economic assumptions. The actuarial valuation used for 2021 compared to those used for 2020 are as follows:

| | December 31, 2021 | December 31, 2020 |
|-----------------------------|--------------------------------|--------------------------------|
| | | |
| Wage Inflation | 2.75 percent | 3.25 percent |
| Projected Salary Increases, | 2.75 to 10.75 percent | 3.25 to 10.75 percent |
| | including wage inflation | including wage inflation |
| Single Discount Rate | 6.00 percent | 6.00 percent |
| Investment Rate of Return | 6.00 percent | 6.00 percent |
| Municipal Bond Rate | 1.84 percent | 2.00 percent |
| Health Care Cost Trend Rate | 5.5 percent, initial | 8.5 percent, initial |
| | 3.50 percent, ultimate in 2034 | 3.50 percent, ultimate in 2035 |
| Actuarial Cost Method | Individual Entry Age | Individual Entry Age |

For 2021, pre-retirement mortality rates are based on 130 percent of the Pub-2010 General Employee Mortality tables (males and females) for State and Local Government divisions and 170 percent of the Pub-2010 Safety Employee Mortality tables (males and females) for the Public Safety and Law Enforcement divisions. Post-retirement mortality rates are based on 115 percent of the PubG-2010 Retiree Mortality Tables (males and females) for all divisions. Post-retirement mortality rates for disabled retirees are based on the PubNS-2010 Disabled Retiree Mortality Tables (males and females) for all divisions. For all the previously described tables, the base year is 2010 and mortality rates for a particular calendar year are determined by applying the MP-2020 mortality improvement scales (males and females) to all these tables.

Notes to the Basic Financial Statements For The Year Ended December 31, 2022

For 2020, pre-retirement mortality rates are based on the RP-2014 Employees mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Post-retirement mortality rates are based on the RP-2014 Healthy Annuitant mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Post-retirement mortality rates for disabled retirees are based on the RP-2014 Disabled mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Mortality rates for a particular calendar year are determined by applying the MP-2015 mortality improvement scale to all the above-described tables.

The most recent experience study was completed for the five-year period ended December 31, 2020.

During 2021, OPERS managed investments in three investment portfolios: the Defined Benefit portfolio, the Health Care portfolio and the Defined Contribution portfolio. The Health Care portfolio includes the assets for health care expenses for the Traditional Pension Plan, Combined Plan and Member-Directed Plan eligible members. Within the Health Care portfolio, if any contributions are made into the plans, the contributions are assumed to be received continuously throughout the year based on the actual payroll payable at the time contributions are made. Health care-related payments are assumed to occur mid-year. Accordingly, the money-weighted rate of return is considered to be the same for all plans within the portfolio. The annual money-weighted rate of return expressing investment performance, net of investment expenses and adjusted for the changing amounts actually invested, for the Health Care portfolio was 14.3 percent for 2021.

The allocation of investment assets within the Health Care portfolio is approved by the Board of Trustees as outlined in the annual investment plan. Assets are managed on a total return basis with a long-term objective of continuing to offer a sustainable health care program for current and future retirees. OPERS' primary goal is to achieve and maintain a fully funded status for the benefits provided through the defined pension plans. Health care is a discretionary benefit. The long-term expected rate of return on health care investment assets was determined using a building-block method in which best-estimate ranges of expected future rates of return are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future rates of return by the target asset allocation percentage, adjusted for inflation. Best estimates of geometric rates of return were provided by the Board's investment consultant. For each major asset class that is included in the Health Care's portfolio's target asset allocation as of December 31, 2021, these best estimates are summarized in the following table:

| | | Weighted Average | | |
|------------------------------|------------|---------------------|--|--|
| | | Long-Term Expected | | |
| | Target | Real Rate of Return | | |
| Asset Class | Allocation | (Geometric) | | |
| Fixed Income | 34.00% | 0.91% | | |
| Domestic Equities | 25.00 | 3.78 | | |
| Real Estate Investment Trust | 7.00 | 3.71 | | |
| International Equities | 25.00 | 4.88 | | |
| Risk Parity | 2.00 | 2.92 | | |
| Other investments | 7.00 | 1.93 | | |
| Total | 100.00% | 3.45% | | |

Discount Rate A single discount rate of 6.0 percent was used to measure the OPEB liability on the measurement date of December 31, 2021. Projected benefit payments are required to be discounted to their actuarial present value using a single discount rate that reflects (1) a long-term expected rate of return on OPEB plan investments (to the extent that the health care fiduciary net position is projected to be sufficient

Notes to the Basic Financial Statements For The Year Ended December 31, 2022

to pay benefits), and (2) tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating as of the measurement date (to the extent that the contributions for use with the long-term expected rate are not met). This single discount rate was based on an expected rate of return on the health care investment portfolio of 6.00 percent and a municipal bond rate of 1.84 percent (Fidelity Index's "20-Year Municipal GO AA Index"). The projection of cash flows used to determine this single discount rate assumed that employer contributions will be made at rates equal to the actuarially determined contribution rate. Based on these assumptions, the health care fiduciary net position and future contributions were sufficient to finance health care costs through 2121. As a result, the actuarial assumed long-term expected rate of return on health care investments was applied to projected costs through the year 2121, the duration of the projection period through which projected health care payments are fully funded.

Sensitivity of the County's Proportionate Share of the Net OPEB Asset to Changes in the Discount Rate The following table presents the County's proportionate share of the net OPEB asset calculated using the single discount rate of 6.00 percent, as well as what the County's proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is one-percentage-point lower (5.00 percent) or one-percentage-point higher (7.00 percent) than the current rate:

| | Current | | | |
|------------------------------|----------------------------------|--------------|--------------|--|
| | 1% Decrease Discount Rate 1% Inc | | | |
| | (5.00%) | (6.00%) | (7.00%) | |
| County's proportionate share | | | | |
| of the net OPEB asset | \$6,318,096 | \$10,743,348 | \$14,416,372 | |

Sensitivity of the County's Proportionate Share of the Net OPEB Asset to Changes in the Health Care Cost Trend Rate Changes in the health care cost trend rate may also have a significant impact on the net OPEB liability. The following table presents the net OPEB asset calculated using the assumed trend rates, and the expected net OPEB asset if it were calculated using a health care cost trend rate that is 1.0 percent lower or 1.0 percent higher than the current rate.

Retiree health care valuations use a health care cost-trend assumption that changes over several years built into the assumption. The near-term rates reflect increases in the current cost of health care; the trend starting in 2022 is 5.50 percent. If this trend continues for future years, the projection indicates that years from now virtually all expenditures will be for health care. A more reasonable alternative is the health plan cost trend will decrease to a level at, or near, wage inflation. On this basis, the actuaries project premium rate increases will continue to exceed wage inflation for approximately the next decade, but by less each year, until leveling off at an ultimate rate, assumed to be 3.50 percent in the most recent valuation.

| | Current Health Care | | | | |
|------------------------------|------------------------------|--------------|--------------|--|--|
| | Cost Trend Rate | | | | |
| | 1% Decrease Assumption 1% Ir | | | | |
| County's proportionate share | | | | | |
| of the net OPEB asset | \$10,859,442 | \$10,743,348 | \$10,605,621 | | |

Notes to the Basic Financial Statements For The Year Ended December 31, 2022

Actuarial Assumptions – STRS

Key methods and assumptions used in the June 30, 2022, actuarial valuation are presented below:

| | June 30, 2022 | June 30, 2021 |
|----------------------------|---|---|
| Projected salary increases | Varies by service from 2.5 percent to 8.5 percent | Varies by age from 2.5 percent to 12.50 percent |
| Investment Rate of Return | 7.00 percent, net of investment expenses, including inflation | 7.00 percent, net of investment expenses, including inflation |
| Payroll Increases | 3 percent | 3 percent |
| Discount Rate of Return | 7.00 percent | 7.00 percent |
| Health Care Cost Trends | | |
| Medical | | |
| Pre-Medicare | 7.50 percent initial | 5.00 percent initial |
| | 3.94 percent ultimate | 4 percent ultimate |
| Medicare | -68.78 percent initial | -16.18 percent initial |
| | 3.94 percent ultimate | 4 percent ultimate |
| Prescription Drug | | |
| Pre-Medicare | 9.00 percent initial | 6.50 percent initial |
| | 3.94 percent ultimate | 4 percent ultimate |
| Medicare | -5.47 percent initial | 29.98 percent initial |
| | 3.94 percent ultimate | 4 percent ultimate |

Projections of benefits include the historical pattern of sharing benefit costs between the employers and retired plan members.

For 2022, healthy retirees post-retirement mortality rates are based on the Pub-2010 Teachers Healthy Annuitant Mortality Table, adjusted 110 percent for males, projected forward generationally using mortality improvement scale MP-2020; pre-retirement mortality rates are based on Pub-2010 Teachers Employee Table adjusted 95 percent for females, projected forward generationally using mortality improvement scale MP-2020. For disabled retirees, mortality rates are based on the Pub-2010 Teachers Disabled Annuitant Table projected forward generationally using mortality improvement scale MP-2020.

For 2021, healthy retirees the mortality rates are based on the RP-2014 Annuitant Mortality Table with 50 percent of rates through age 69, 70 percent of rates between ages 70 and 79, 90 percent of rates between ages 80 and 84, and 100 percent of rates thereafter, projected forward generationally using mortality improvement scale MP-2016. For disabled retirees, mortality rates are based on the RP-2014 Disabled Mortality Table with 90 percent of rates for males and 100 percent of rates for females, projected forward generationally using mortality improvement scale MP-2016.

Actuarial assumptions used in the June 30, 2022, valuation are based on the results of an actuarial experience study for the period July 1, 2015 through June 30, 2021. An actuarial experience study is done on a quinquennial basis.

The STRS health care plan follows the same asset allocation and long-term expected real rate of return for each major asset class as the pension plan, see Note 19.

Discount Rate The discount rate used to measure the total OPEB liability was 7.00 percent as of June 30, 2022. The projection of cash flows used to determine the discount rate assumed STRS continues to allocate no employer contributions to the health care fund. Based on these assumptions, the OPEB plan's fiduciary net

Notes to the Basic Financial Statements For The Year Ended December 31, 2022

position was projected to be available to make all projected future benefit payments to current plan members as of June 30, 2022. Therefore, the long-term expected rate of return on health care plan investments of 7.00 percent was applied to all periods of projected health care costs to determine the total OPEB liability as of June 30, 2022.

Sensitivity of the County's Proportionate Share of the Net OPEB Asset to Changes in the Discount and Health Care Cost Trend Rate The following table represents the net OPEB asset as of June 30, 2022, calculated using the current period discount rate assumption of 7.00 percent, as well as what the net OPEB asset would be if it were calculated using a discount rate that is one percentage point lower (6.00 percent) or one percentage point higher (8.00 percent) than the current assumption. Also shown is the net OPEB asset as if it were calculated using health care cost trend rates that are one percentage point lower or one percentage point higher than the current health care cost trend rates.

| | Current | | | | |
|------------------------------|-------------|---------------|-------------|--|--|
| | 1% Decrease | Discount Rate | 1% Increase | | |
| | (6.00%) | (7.00%) | (8.00%) | | |
| County's proportionate share | | | | | |
| of the net OPEB asset | \$69,489 | \$75,167 | \$80,028 | | |
| | | | | | |
| | | Current | | | |
| | 1% Decrease | Trend Rate | 1% Increase | | |
| County's proportionate share | | | | | |
| of the net OPEB asset | \$77,965 | \$75,167 | \$71,632 | | |

Note 21 - Interfund Transfers, Balances and Internal Balances

Interfund Transfers

Interfund transfers for the year ended December 31, 2022, consisted of the following:

| | Transfers Out | | | | |
|------------------------------|---------------|--------------|--------------|--|--|
| | Other | | | | |
| | | Governmental | | | |
| Transfers In | General | Funds | Total | | |
| Job and Family Services | \$471,401 | \$0 | \$471,401 | | |
| Solid Waste Recycling Center | 428,870 | 0 | 428,870 | | |
| Other Governmental Funds | 10,204,777 | 1,965,657 | 12,170,434 | | |
| Total | \$11,105,048 | \$1,965,657 | \$13,070,705 | | |

The general fund transfers to the job and family services major special revenue fund, solid waste recycling center enterprise fund and to other governmental funds to cover approved compensation in excess of grant funding revenues and to make debt service payments. Other governmental funds made transfers to other governmental funds to cover capital related projects and to cover principal and interest on general obligation bonds.

Interfund Balances

Interfund balances at December 31, 2022, consisted of the balances resulting from the time lag between the dates that (1) interfund goods or services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting records, and (3) payments between funds are made. All are expected to be paid within one year.

Notes to the Basic Financial Statements For The Year Ended December 31, 2022

| | Interfund Receivable | | | | |
|----------------------------------|----------------------|-----------|----------|-------------|-------------|
| Interfund Payable | General | Total | | | |
| General | \$0 | \$6,950 | \$0 | \$514,918 | \$521,868 |

Internal Balances – Change in Proportionate Share

The County uses an internal proportionate share to allocate its net pension/OPEB liability (asset) and corresponding deferred outflows/inflows of resources and pension/OPEB expense to its various funds. This allocation creates a change in internal proportionate share. The effects of the internal proportionate share are eliminated from the pension/OPEB deferred outflows/inflows of resources in the governmental and business-type activities columns of the statement of net position, except for any net residual amounts between governmental and business-type activities. These residual amounts are eliminated in the total column of the entity wide statement of net position, thus allowing the total column to present the change in proportionate share for the County as a whole.

Eliminations made in the business-type activities column of the entity wide statement of net position include deferred outflows of resources for the business type activities (\$237 solid waste recycling and \$1,609 Portage County sewer enterprise funds) and deferred inflows of resources for the business type activities (\$1,727 Portage County sewer and \$119 Streetsboro sewer enterprise funds).

Note 22 - Public Entity Risk Pools

County Risk Sharing Authority, Inc. (CORSA)

The County Risk Sharing Authority, Inc. is a public entity risk sharing pool among sixty counties in Ohio. CORSA was formed as an Ohio nonprofit corporation for the purpose of establishing the CORSA Insurance/Self-Insurance Program, a group primary and excess insurance/self-insurance and risk management program. Member counties agree to jointly participate in coverage of losses and pay all contributions necessary for the specified insurance coverages provided by CORSA. Coverage includes comprehensive general liability, automobile liability, certain property insurance and public officials' errors and omissions liability insurance.

Each member county has one vote on all matters requiring a vote, to be cast by a designated representative. The affairs of CORSA are managed by an elected board of not more than nine trustees. Only county commissioners of member counties are eligible to serve on the board. No county may have more than one representative on the board at any time. Each member county's control over the budgeting and financing of CORSA is limited to its voting authority and any representation it may have on the board of trustees.

Notes to the Basic Financial Statements For The Year Ended December 31, 2022

CORSA has issued certificates of participation in order to provide adequate cash reserves. The certificates are secured by the member counties' obligations to make coverage payments to CORSA. The participating counties have no responsibility for the payment of the certificates.

Financial statements may be obtained by contacting the County Commissioners Association of Ohio in Columbus, Ohio.

Note 23 - Jointly Governed Organizations

Portage County Regional Planning Commission (Commission)

The County participates in the Portage County Regional Planning Commission which is a statutorily created political subdivision of the State. The Commission is jointly governed among Portage County, municipalities and townships. Of the twenty-nine members of the Commissions governing board, the County appoints four. Each participant's degree of control is limited to its representation on the Board. The Commission makes studies, maps, plans, recommendations and reports concerning the physical, environmental, social, economic, and governmental characteristics, functions, and services of the County. In 2022, the County contributed \$306,899 to the Commission which represents 74.42 percent of total contributions. Complete financial statements can be obtained from the Regional Planning Commission, 128 North Prospect Street, Ravenna, Ohio 44266.

Northeast Ohio Four County Regional Planning and Development Organization (Organization)

The Organization is a jointly governed organization among Portage, Stark, Summit and Wayne counties and the cities of Canton, Akron, Wooster and Kent. A thirty-seven member general policy board oversees the operations of the Organization. Each member appoints board representatives based on population. The County has three representatives on the Board at the present time. The Board exercises total authority for the day-to-day operations of the Organization. These include budgeting, appropriating, contracting, and designating management. Its purpose is to foster a cooperative effort in regional planning, programming and the implementation of regional plans and programs. Each participant's degree of control is limited to its representation on the Board. The County has no financial responsibility for any of the Organization's liabilities. In 2022, the County contributed \$36,066 which represents one percent of total contributions. Complete financial statements may be obtained from the Organization at 969 Copley Road, Akron, Ohio 44320-2992.

Akron Metropolitan Area Transportation Study (Organization)

The Akron Metropolitan Area Transportation Study is a jointly governed organization among Portage County, Summit County and Chippewa Township in Wayne County. Three County Commissioners and the County Engineer serve on the 42 member board. The Board controls the budgeting, appropriating, contracting, and designating management. Each participant's degree of control is limited to its representation on the Board. Its purpose is to identify existing and potential transportation problems and to ensure planned improvements are consistent with area transportation goals and objectives. In 2022, the County contributed \$18,016 which represents one percent of total contributions. Complete financial statements can be obtained from the Akron Metropolitan Area Transportation Study at 806 County Center Building, 146 South High Street, Akron, Ohio 44308-1423.

Notes to the Basic Financial Statements For The Year Ended December 31, 2022

Northeast Ohio Community Alternative Program Facility (N.E.O.C.A.P.)

N.E.O.C.A.P. is a community based corrections facility that provided residents of the facility educational, vocational, substance abuse and support counseling services. The facility is administered by a Judicial Corrections Board consisting of seven common pleas court judges. The Board consists of two judges each from Trumbull and Lake Counties and one judge each from Ashtabula, Geauga, and Portage Counties. The Board adopts its own budget, authorizes expenditures and hires and fires its own staff. Each participant's degree of control is limited to its representation on the Board. Funding comes from the State.

Neighborhood Development Services (Neighborhood Services)

Neighborhood Services serves as the administrator of the County's Revolving Loan Fund (RLF). Neighborhood Services is comprised of a 33-member board of trustees which appoints the governing board and controls the operations. These include budgeting, appropriating, contracting, and designating management. The governing board consists of two members from the County, one member from the County of Ravenna and four members from various communities. The County has contracted with Neighborhood Services to administer some of its federal grants. Each participant's degree of control is limited to its representation on the Board. The County made no contributions to Neighborhood Services during the year 2022. Complete financial statements can be obtained from Neighborhood Services at 231 W. Main Street, Ravenna, Ohio 44266.

Portage County Family and Children First Council (Council)

The mission of the Council is to promote and facilitate collaboration among community agencies serving children and their families and to unite the community in promoting the well-being of children and their families through leadership advocacy, and coordination of services. The Board of Trustees is made up of 18 individuals from various organizations including 5 from the County. The Board controls the budgeting, appropriating, contracting, and designating management. Each participant's degree of control is limited to its representation on the Board. The County made no contributions to the Council during the year 2022.

Northeast Ohio Consortium Council of Governments (NOC COG)

NOC COG provides for implementation of a local workforce investment system to comply with the Workforce Investment Act. The NOC COG board consists of thirty three members, eleven from each participating County. The operation of the council is controlled by an advisory committee, which consists of a representative from each agency. The NOC COG board controls the budgeting, appropriating, contracting, and designating management. Funding comes from each of the participants. NOC COG, a private not-for-profit entity with a status as a 501(c)(3) organization, functions as the fiscal agent. The Board of Trustees for NOC COG, are appointed by the Board of County Commissioners of each county. Each participant's degree of control is limited to its representation on the Board. The County made no contributions to the NOC COG during the year 2022.

Northeast Ohio Network (Organization)

The constitution and laws of the State of Ohio establish the rights and privileges of the Northeast Ohio Network Council of Governments, Mahoning County (Organization), with all the powers and authority vested in regional councils of government by Chapter 167 of the Ohio Revised Code as a body corporate and political. The Organization commenced operations in 1996. The Organization is governed by a 14-member board consisting of the Superintendents of the member County Boards of Developmental Disabilities. The participating member County Boards are: Ashtabula, Columbiana, Cuyahoga, Geauga, Lake, Lorain, Mahoning, Medina, Portage, Richland, Stark, Summit, Trumbull, and Wayne counties. Services provided include Family Support Services and other Locally Funded Programs, Waiver Administration, Major Unusual Incident Investigations, Quality

Notes to the Basic Financial Statements For The Year Ended December 31, 2022

Assurance Reviews, Provider Compliance Reviews, and Training. The primary purpose of the Organization is to coordinate the power and duties of the member boards to better benefit and serve individuals with developmental disabilities in each of the organization's member counties. The County made no contributions to the Organization during the year 2022. Complete financial statement can be obtained from North East Ohio Network at 5121 Mahoning Ave, Suite 103, Austintown, OH 44515.

Note 24 - Related Organizations

Portage County Transportation Improvement District (District)

The Portage County Commissioners are responsible for appointing a voting majority of the Portage County Transportation Improvement District Board; however, the County is not financially accountable for the District nor is the District financial dependent on the County. The Transportation Improvement District provides the opportunity to construct roads, bridges and accompanying improvements within the County. The Transportation Improvement District Board, which consists of representatives from each of the participating governments, including the County, oversees the operation of the District. Complete financial statements can be obtained from the Transportation Improvement District, 5000 Newton Falls Road Ravenna, OH 44266.

Portage County District Library (Library)

The Portage County Commissioners are responsible for appointing a voting majority of the Portage County Library District Board; however, the County cannot influence the Library's operation nor does the Library represent a potential financial benefit or burden on the County. The County serves in a ministerial capacity as the taxing authority for the Library. Once the Library determines to present a levy to the voters, including the determination of its rate and duration, the County must place the levy on the ballot. The Library determines its own budget. The Library did not receive any funding from the County during 2022. Complete financial statements can be obtained from the Portage County District Library at 10482 South Street, Garrettsville, Ohio 44231.

Portage County Park District (District)

The five Park District Commissioners are appointed by the Probate Judge of the County. The District hires and fires its own staff, and does not rely on the County to finance deficits. The County is not financially accountable for the District nor is the District financially dependent on the County. The District serves as its own taxing and debt issuance authority. Complete financial statements can be obtained from the Portage County Park District at 705 Oakwood Street STE-G4, Ravenna, Ohio 44266.

Portage County Regional Airport Authority (Authority)

The Authority, is a body politic and corporate established to exercise the rights and privileges conveyed to it by the constitution and laws of the State of Ohio. The Authority is responsible for the safe and efficient operation and maintenance of the Portage County Airport. The Portage County Commissioners appoint eight Board members to direct the Authority. The County is not financially accountable for the Authority nor is the Authority financial dependent on the County. Complete financial statement can be obtained from the Portage County Regional Airport Authority at 4039 Nanway Blvd, Ravenna, Ohio 44266.

Notes to the Basic Financial Statements For The Year Ended December 31, 2022

Note 25 - Joint Venture

Portage Geauga Juvenile Detention and Rehabilitation Center (Detention Center)

The Detention Center is operated under Section 2151.34 Ohio Revised Code. The Detention Center operates under the direction of a six member Joint Board of County Commissioners made up of the three County Commissioners from Geauga County and the three County Commissioners from Portage County. The primary purpose of the Detention Center is to provide a secure and safe environment for youth prior to a court hearing on a delinquency charge or while awaiting placement or commitment to another facility.

Continued existence of the Detention Center is dependent on the County's continued participation. During 2022, the County contributed \$2,269,950 to the Detention Center which represents 82.66 percent of the total contributions. The Detention Center is not accumulating significant financial resources or experiencing fiscal distress which would cause additional financial benefit to or burden on the County. Complete financial statements can be obtained from the Portage Geauga Juvenile Detention Center, 8000 Infirmary Road, Ravenna, Ohio 44266.

Note 26 - Donor-Restricted Endowments

The County's private purpose trust funds include donor-restricted endowments. The Net Position-Non-Expendable amounts of \$1,000 and \$2,500 represent the principal portions of the endowments. The Net Position – Expendable amounts of \$331 and \$6,536 represents the interest earnings on donor- restricted investments and is available for expenditure by the governing board, for purposes consistent with the endowment's intent. State law permits the governing board to appropriate, for purposes consistent with the endowment's intent, net appreciation, realized and unrealized, unless the endowment terms specify otherwise.

Note 27 – Transfer Station Post-closure Cost

In accordance with a notice letter received from the Ohio Environmental Protection Agency, Portage County executed the final closure financial assurance instrument for the solid waste transfer station by the required September 30, 2016, deadline. The financial test assured that the County met all of the requirements set forth by Ohio Administrative Code Rule 3745-27. This location is used for drivers to start and end their day, parking for trucks when not in use, to conduct general routine maintenance on those trucks and to house the accounting staff. At December 31, 2022, the current final closure cost estimate is \$62,276, and is reported as a liability on the County's books.

Note 28 – COVID 19

The United States and the State of Ohio declared a state of emergency in March of 2020 due to the COVID-19 pandemic. Ohio's state of emergency ended in June 2021 while the national state of emergency ended in April 2023. During 2022, the County received COVID-19 funding. The County will continue to spend available COVID-19 funding consistent with the applicable program guidelines. The County's investment portfolio fluctuates with market conditions, and due to market volatility, the amount of gains or losses that will be realized in subsequent periods, if any, cannot be determined.

Notes to the Required Supplementary Information For the year ended December 31, 2022

Changes in Assumptions – OPERS Pension – Traditional Plan

Amounts reported beginning in 2022 incorporate changes in assumptions used by OPERS in calculating the total pension liability in the latest actuarial valuation. These new assumptions compared with those used in prior years are presented below:

| | 2022 | 2019 | 2018 and 2017 | 2016 and prior |
|---|---|---|---|---|
| Wage Inflation Future Salary Increases | 2.75 percent 2.75 to 10.75 percent including wage inflation | 3.25 percent 3.25 to 10.75 percent including wage inflation | 3.25 percent 3.25 to 10.75 percent including wage inflation | 3.75 percent 4.25 to 10.05 percent including wage inflation |
| COLA or Ad Hoc COLA: | | | | |
| Pre-January 7, 2013 Retirees | 3 percent, simple | 3 percent, simple | 3 percent, simple | 3 percent, simple |
| Post-January 7, 2013 Retirees | see below | see below | see below | see below |
| Investment Rate of Return | 6.9 percent | 7.2 percent | 7.5 percent | 8 percent |
| Actuarial Cost Method | Individual | Individual | Individual | Individual |
| | Entry Age | Entry Age | Entry Age | Entry Age |

The assumptions related to COLA or Ad Hoc COLA for Post-January 7, 2013, Retirees are as follows:

COLA or Ad Hoc COLA, Post-January 7, 2013 Retirees:

| 2022 | 3.0 percent, simple through 2022 then 2.05 percent, simple |
|-------------------|--|
| 2021 | 0.5 percent, simple through 2021 |
| | then 2.15 percent, simple |
| 2020 | 1.4 percent, simple through 2020 |
| | then 2.15 percent, simple |
| 2017 through 2019 | 3.0 percent, simple through 2018 |
| | then 2.15 percent, simple |
| 2016 and prior | 3.0 percent, simple through 2018 |
| | then 2.80 percent, simple |
| | 5.50 to 5.00 percent |
| | 3.30 to 3.00 percent |

Amounts reported beginning in 2022 use pre-retirement mortality rates based on 130 percent of the Pub-2010 General Employee Mortality tables (males and females) for State and Local Government divisions and 170 percent of the Pub-2010 Safety Employee Mortality tables (males and females) for the Public Safety and Law Enforcement divisions. Post-retirement mortality rates are based on 115 percent of the PubG-2010 Retiree Mortality Tables (males and females) for all divisions. Post-retirement mortality rates for disabled retirees are based on the PubNS-2010 Disabled Retiree Mortality Tables (males and females) for all divisions. For all the previously described tables, the base year is 2010 and mortality rates for a particular calendar year are determined by applying the MP-2020 mortality improvement scales (males and females) to all these tables.

Amounts reported beginning in 2017 use pre-retirement mortality rates are based on the RP-2014 Employees mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Post-retirement mortality rates are based on the RP-2014 Healthy Annuitant mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010,

Notes to the Required Supplementary Information For the year ended December 31, 2022

respectively. Post-retirement mortality rates for disabled retirees are based on the RP-2014 Disabled mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Mortality rates for a particular calendar year are determined by applying the MP-2015 mortality improvement scale to all of the above described tables.

Amounts reported for 2016 and prior use mortality rates based on the RP-2000 Mortality Table projected 20 years using Projection Scale AA. For males, 105 percent of the combined healthy male mortality rates were used. For females, 100 percent of the combined healthy female mortality rates were used. The mortality rates used in evaluating disability allowances were based on the RP-2000 mortality table with no projections. For males 120 percent of the disabled female mortality rates were used set forward two years. For females, 100 percent of the disabled female mortality rates were used.

Changes in Assumptions - OPERS Pension - Combined Plan

| | 2022 | 2019 | 2018 |
|-------------------------------|----------------------|----------------------|----------------------|
| | | | |
| Wage Inflation | 2.75 percent | 3.25 percent | 3.25 percent |
| Future Salary Increases | 2.75 to 8.25 percent | 3.25 to 8.25 percent | 3.25 to 8.25 percent |
| | including | including | including |
| | wage inflation | wage inflation | wage inflation |
| COLA or Ad Hoc COLA: | | | |
| Pre-January 7, 2013 Retirees | 3 percent, simple | 3 percent, simple | 3 percent, simple |
| Post-January 7, 2013 Retirees | see below | see below | see below |
| Investment Rate of Return | 6.9 percent | 7.2 percent | 7.5 percent |
| Actuarial Cost Method | Individual | Individual | Individual |
| | Entry Age | Entry Age | Entry Age |

For 2022, 2021 and 2020, the Combined Plan had the same change in COLA or Ad Hoc COLA for Post-January 2, 2013, retirees as the Traditional Plan.

Changes in Assumptions – STRS Pension

Amounts reported beginning in 2017 incorporate changes in assumptions and changes in benefit terms used by STRS in calculating the total pension liability in the latest actuarial valuation. These new assumptions compared with those used in 2016 and prior are presented below:

| _ | 2017 | 2016 and Prior |
|----------------------------|----------------------------|--|
| Inflation | 2.50 percent | 2.75 percent |
| Projected salary increases | 12.50 percent at age 20 to | 12.25 percent at age 20 to |
| | 2.50 percent at age 65 | 2.75 percent at age 70 |
| Investment Rate of Return | See Below | See Below |
| Payroll Increases | 3 percent | 3.5 percent |
| Cost-of-Living Adjustments | 0.0 percent, | 2 percent simple applied as follows: |
| (COLA) | effective July 1, 2017 | for members retiring before |
| | | August 1, 2013, 2 percent per year; |
| | | for members retiring August 1, ,2013, |
| | | or later, 2 percent COLA commences |
| | | on fifth anniversary of retirement date. |

Notes to the Required Supplementary Information For the year ended December 31, 2022

Investment rate of return:

7.00 percent, net of investment expenses, including inflation
2017 through 2020
7.45 percent, net of investment expenses, including inflation
2016 and prior
7.75 percent, net of investment

expenses, including inflation

Beginning in 2022, post-retirement mortality rates are based on the Pub-2010 Teachers Healthy Annuitant Mortality Table, adjusted 110 percent for males, projected forward generationally using mortality improvement scale MP-2020. Pre-retirement mortality rates are based on Pub-2010 Teachers Employee Table adjusted 95 percent for females, projected forward generationally using mortality improvement scale MP-2020. For disabled retirees, mortality rates are based on the Pub-2010 Teachers Disabled Annuitant Table projected forward generationally using mortality improvement scale MP-2020.

Beginning in 2017, post-retirement mortality rates for healthy retirees are based on the RP-2014 Annuitant Mortality Table with 50 percent of rates through age 69, 70 percent of rates between ages 70 and 79, 90 percent of rates between ages 80 and 84, and 100 percent of rates thereafter, projected forward generationally using mortality improvement scale MP-2016. Post-retirement disabled mortality rates are based on the RP-2014 Disabled Mortality Table with 90 percent of rates for males and 100 percent of rates for females, projected forward generationally using mortality improvement scale MP-2016. Pre-retirement mortality rates are based on RP-2014 Employee Mortality Table, projected forward generationally using mortality improvement scale MP-2016.

For 2016 and prior actuarial valuation, mortality rates were based on the RP-2000 Combined Mortality Table (Projection 2022—Scale AA) for Males and Females. Males' ages are set-back two years through age 89 and no set-back for age 90 and above. Females younger than age 80 are set back four years, one year set back from age 80 through 89, and no set back from age 90 and above.

Changes in Benefit Term – STRS Pension

For 2022, the Board approved a one-time 3 percent COLA effective on the anniversary of a benefit recipient's retirement date for those eligible during Fiscal Year 2023 and eliminated the age 60 requirement to receive unreduced retirement that was scheduled to go into effect August 1, 2026.

Notes to the Required Supplementary Information For the year ended December 31, 2022

| 2020 | 10.5 percent, initial |
| | 3.5 percent, ultimate in 2030 |
| 2019 | 10.0 percent, initial |
| | 3.25 percent, ultimate in 2029 |
| 2018 | 7.5 percent, initial |
| | 3.25 percent, ultimate in 2028 |

Changes in Assumptions – STRS OPEB

For 2022, salary increase rates were updated based on the actuarial experience study for the period July 1, 2015, through June 30, 2021, and were changed from age based to service based. Healthcare trends were updated to reflect emerging claims and recoveries experience.

For 2021, the discount rate was decreased from 7.45 percent to 7.00 percent.

For 2018, the discount rate was increased from the blended rate of 4.13 percent to the long-term expected rate of return of 7.45.

Notes to the Required Supplementary Information For the year ended December 31, 2022

Changes in Benefit Terms – OPERS OPEB

On January 15, 2020, the Board approved several changes to the health care plan offered to Medicare and non-Medicare retirees in efforts to decrease costs and increase the solvency of the health care plan. These changes are effective January 1, 2022, and include changes to base allowances and eligibility for Medicare retirees, as well as replacing OPERS-sponsored medical plans for non-Medicare retirees with monthly allowances, similar to the program for Medicare retirees. These changes are reflected in 2021.

Changes in Benefit Terms – STRS OPEB

For 2021, the non-Medicare subsidy percentage was increased effective January 1, 2022 from 2.055 percent to 2.1 percent per year of service. The non-Medicare frozen subsidy base premium was increased effective January 1, 2022. The Medicare Part D Subsidy was updated to reflect it is expected to be negative in CY 2022. The Part B monthly reimbursement elimination date was postponed indefinitely.

For 2020, there was no change to the claims costs process. Claim curves were updated to reflect the projected fiscal year ending June 30, 2021 premium based on June 30, 2020 enrollment distribution. The non-Medicare subsidy percentage was increased effective January 1, 2021 from 1.984 percent to 2.055 percent per year of service. The non-Medicare frozen subsidy base premium was increased effective January 1, 2021. The Medicare subsidy percentages were adjusted effective January 1, 2021 to 2.1 percent for the AMA Medicare plan. The Medicare Part B monthly reimbursement elimination date was postponed indefinitely.

For 2019, there was no change to the claims costs process. Claim curves were trended to the fiscal year ending June 30, 2020, to reflect the current price renewals. The non-Medicare subsidy percentage was increased effective January 1, 2020, from 1.944 percent to 1.984 percent per year of service. The non-Medicare frozen subsidy base premium was increased effective January 1, 2020. The Medicare subsidy percentages were adjusted effective January 1, 2021 to 2.1 percent for the Medicare plan. The Medicare Part B monthly reimbursement elimination date was postponed to January 1, 2021.

For 2018, the subsidy multiplier for non-Medicare benefit recipients was increased from 1.9 percent to 1.944 percent per year of service effective January 1, 2019. The non-Medicare frozen subsidy base premium was increased effective January 1, 2019, and all remaining Medicare Part B premium reimbursements will be discontinued beginning January 1, 2020.

| Combining and Individual Fund Statements and Schedules | S |
|--|---|

Combining Statements – Nonmajor Governmental Funds

Nonmajor Special Revenue Funds

To account for and report the proceeds of specific revenue sources that are restricted, committed or nonspendable to expenditure for specified purposes other than debt services or capital projects.

Real Estate Assessment Fund - To account for and report State mandated, County-wide real estate reappraisals that are funded by restricted charges to the County's political subdivisions, which are deducted from their tax settlements twice a year.

Delinquent Real Estate Tax Assessment Collection Fund - To account for and report five percent of all collected and restricted delinquent real estate taxes, personal property taxes and manufactured home taxes for the purpose of collecting delinquent real estate taxes.

Law Library Fund - To account for and report the restricted fines and forfeitures used for the operations of the County's Law Library.

Board of Election Security Fund – To account for and report restricted grants used for election security.

Courts Fund - To account for and report the collection of restricted revenues derived from charges for services and fines related to the courts.

Sheriff's Fund - To account for and report restricted State and Federal monies spent for marine patrol, DARE, and safety belt education.

Juvenile Court Grants Fund - To account for and report restricted grants used to rehabilitate juvenile convicted offenders.

Probation Services Fund - To account for and report restricted grant monies used in the process of determining the severity of offences and determining the best level of rehabilitation, ranging from community service to prison term. Also, to rehabilitate adult convicted offenders.

Probate Court Conduct Fund - To account for and report restricted court costs expended on specific supplies as stated within the revised code.

Hazmat Operations and Planning Fund - To account for and report restricted State and Federal monies used to purchase equipment and keep staff trained on its proper use and strategic planning when it is needed.

County Engineer's Fund - To account for and report the restricted revenue derived from motor vehicle license and gasoline taxes and interest. Expenditures in this fund are used for County road and bridge repair and maintenance programs.

Community Development Fund - To account for and report restricted revenues received from Federal grants to be expended for administrative and project costs of the Community Development Block Grant programs and loan repayments used to make loans for economic development projects within the County.

Marriage License Fund - To account for and report the portion of restricted marriage license revenue that is used to provide financial assistance for the victims of domestic violence.

Dog and Kennel Fund - To account for and report the dog warden's operations, financed by the restricted sales of dog tags, kennel permits, and by fine collections.

(continued)

Combining Statements – Nonmajor Governmental Funds (continued)

Nonmajor Special Revenue Funds (continued)

Opioid Settlement Fund – To account for and report the restricted settlement dollars received as a result of the State of Ohio reaching an agreement with the three largest distributors of opioids.

Indigent Guardianship Fund - To account for and report restricted court fees collected to be used for maintenance and termination of indigent wards.

Victim Assistance Fund - To account for and report restricted grant monies received to be used to assist victims of crimes and awareness of help available to these families.

Recorder Fund - To account for and report monies received from County Recorder fees to be used to computerize the recorder's office. This fund is included with the general fund for GAAP reporting because the ordinance establishing the fund does not place any restrictions on the revenue source.

Certificate of Title Fund - To account for and report funds retained by the Clerk of Courts for costs incurred in processing titles under Chapter 1548 and 4505 of the Ohio Revised Code. This fund is included with the general fund for GAAP reporting because the ordinance establishing the fund does not place any restrictions on the revenue source.

Nonmajor Debt Service Funds

Debt service funds are used to account for and report financial resources that are restricted, committed or assigned to expenditure for principal and interest.

Bond Retirement Fund - To account for and report resources restricted for the payment of principal and interest on bonds issued.

Special Assessment Debt Retirement Fund - To account for and report the collection of special assessments levied against benefited properties restricted for the payment of principal and interest on special assessment debt.

Nonmajor Capital Projects Funds

Capital projects funds are used to account for and report financial resources that are restricted, committed or assigned to expenditure for capital outlays including the acquisition or construction of major capital facilities and other capital assets, other than those financed by proprietary funds or for assets that will be held in trust.

Permanent Improvement Fund - To account for and report transfers committed for major capital expenditures.

Roadwork Improvements Fund - To account for and report restricted grant monies used in constructing or improving County roads and bridges.

Combining Statements - Fiduciary Funds

Fiduciary Funds

Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private purpose trust funds and custodial funds. Trust funds are distinguished from custodial funds by the existence of a trustee agreement or equivalent arrangement that has certain circumstances. The County's private purpose trust funds include the McIntosh bequest fund and the Rodman bequest fund. Custodial funds are used to report fiduciary activities that are not required to be reported in a trust fund.

Private Purpose Trust Funds

McIntosh Bequest Fund – To account for \$1,000 in principal held in trust with earnings expended to purchase flags for the townships located within the County.

Rodman Bequest Fund – To account for \$2,500 in principal held in trust with earnings expended to benefit children in a detention center located within the County.

Custodial Funds

Undivided Monies Fund – To account for various taxes, special assessments and State undivided monies collected and disbursed for the benefit of other governments.

Fiscal Agent Fund – To account for monies received and disbursed by the County as fiscal agent for the benefit of legally separate organizations. The more significant of these organizations include the district board of health, parks, the multi-County detention center, and the soil and water conservation district.

Miscellaneous Courts Fund – To account for fees, licenses and permits and fines and forfeitures collected and distributed through the courts and for the benefit of others.

Real property is reappraised every six years with a State mandated update of the current market value in the third year following each appraisal.

The assessed value of real property (including public utility real property) is 35 percent of estimated true value. The assessed value of public utility personal property ranges from 25 percent of true value for railroad property to 88 percent for electric transmission and distribution property.

The tangible personal property values associated with each year are the values that, when multiplied by the applicable rates, generated the property tax revenue billed in that year. For real property, the amounts generated by multiplying the assessed values by the applicable rates would be reduced by a 10 percent and a 2 1/2 percent rollback, and homestead exemptions before being billed.

Note: The rates presented for a particular calendar year are the rates that, when applied to the assessed values presented in the Assessed Value Table, generated the property tax revenue billed in that year.

The County's basic property tax rate may be increased only by a majority vote of the County's residents.

Overlapping rates are those of local and county governments that apply to property owners within the County.

Real property tax rates are reduced so that inflationary increases in value do not generate additional taxes.

⁽¹⁾ Penalties and interest are included, since by Ohio law they become part of the tax obligation as assessment occurs

⁽²⁾ The County's current reporting system does not track delinquency tax collections by tax year. Outstanding delinquencies are tracked in total by the date the parcel is first certified delinquent. Penalties and interest are applied to the total outstanding balance. The presentation will be updated as new information becomes available.
