Bulletin 2006-004

Auditor of State Bulletin

Date Issued: April 28, 2006

TO: School District Treasurers
ESC Treasurers
Community School Finance Officers
Independent Public Accountants

FROM: Betty Montgomery
Ohio Auditor of State

SUBJECT: New Account Codes for School Districts

Accounting guidance still applies. However, check USAS manual for any changes to account codes. Also see related guidance in 2007-006.

The Auditor of State's Office (AOS), in collaboration with the Ohio Department of Education (ODE), has expanded existing Uniform School Accounting System (USAS) account codes to better track debt proceeds and debt payments. The expanded account codes will become available shortly in USAS; their use, however, will not be mandatory until fiscal year 2007. We have also expanded receipt code 3130, Property Tax Allocation, to better identify the variety of tax-related reimbursements received from the State. These new receipt codes are already in place and should be used to record the first personal property tax loss payment to be received by school districts in the May #2 foundation settlement.

Background for the Debt Accounts

Type of Bonds Issued. School districts routinely issue serial, term, and capital appreciation bonds. Serial bonds normally come due in equal annual amounts over the term of the issue. Term bonds have a single maturity date but mandatory redemption provisions requiring redemption of a certain amount of the bonds at regular intervals using money set-aside in a sinking fund. Serial and term bonds will be recorded as an other financing source using the face or principal amount of the bonds (amount payable at maturity), rather than the amount of the proceeds received by the district.

Capital appreciation bonds do not pay interest over the term of the bonds; they are sold at a discount to the face amount of the bonds and pay the face amount at maturity. The amount recorded at the time the bonds are issued would be the present value of the face amount of the bonds discounted at the stated interest rate. This amount will be available from the underwriter or the financial advisor assisting with the debt issue.

Refunding Bonds. Many school districts have found it to be financially beneficial to refund outstanding debt, i.e. issue new debt to repay debt issued at a higher interest rate. The new account codes distinguish between a new debt issue and a refunding issue whose purpose is to refund existing debt.

Premiums and Discounts. If the interest rate paid on the face amount of the bond differs from the market interest rate at the time of the issue, the bonds will sell at a premium or discount to the face value of the bonds. Premiums and discounts will be recorded separately.

Issuance Costs. Compensation paid to the participants in the issue, whether paid directly by the school district or withheld from the proceeds of the debt, will also be recorded separately.

Accrued Interest. Often the date on which the bonds begin paying interest and the date on which the bonds are delivered and the school district receives the proceeds differ. In this situation, the original purchaser of the bonds must pay the district the interest that has accrued as part of the purchase price. The purchaser will then receive a full interest payment on the first interest payment date.

Debt Related Account Codes

The expanded account codes require detailed information about each debt issue to be entered into the system. The face or principal amount of the debt will be entered as 1921 - Sale of Bonds. The new account codes distinguish between a routine debt issue and a refunding issue where the debt proceeds are used to repay outstanding debt. The face amount of the refunding debt will be recorded as 1922 – Sale of Refunding Bonds.

- 1920 - Sale of Bonds
- 1921 - Sale of Bonds
- 1922 - Sale of Refunding Bonds

The refunding (the satisfaction of the liability for the refunded debt) may occur by simultaneously paying the holders of the old debt directly. More frequently, the proceeds of the new debt are paid to an escrow agent to be held in an irrevocable trust that will be used to pay the old debt as it matures. Function (7910) and object (950) codes have been added to specifically identify the amount provided by the new issue that was paid to the refunded bond escrow agent to be placed in trust. Occasionally the amount received from the new issue is not enough to pay off the old debt and additional money is paid to the escrow agent by the district from existing resources. A separate object code (831) has been added to separately identify this type of payment.

- 7900 - Other Miscellaneous Use of Funds
- 7910 - Payment to Refunded Bond Escrow Agent

- 830 - Other Debt Service Payments
- 831 - Payments to Escrow Agents (Not Paid from Bond Proceeds)

- 900 – Other Uses of Funds
- 950 - Payments to Refunded Bond Escrow Agent (Paid from Bond Proceeds)

If the interest rate paid on the face amount of the bond differs from the market interest rate at the time of the issue, the bonds will sell at a premium or discount to the face value of the

bonds. The premium or discount should be recorded separately from the proceeds as an other financing source (receipt code 1911 or 1912 in the debt service fund) or use (function 7920, objects 961 or 962 in the bond/project fund).

- 1900 - Other Revenue Sources
 - 1910 - Premium and Accrued Interest on Bonds and Notes Sold
 - 1911 - Premium on the Sale of Bonds and Notes
 - 1912 - Premium on the Sale of Refunding Bonds

- 7900 - Other Miscellaneous Use of Funds
 - 7920 - Discount on the Sale of Debt

- 900 – Other Uses of Funds
 - 960 - Discount on Debt
 - 961 – Discount on the Sale of Debt
 - 962 – Discount on the Sale of Refunding Debt

Often the date on which the bonds begin paying interest and the date on which the debt is delivered to the purchaser differ, resulting in accrued interest. The accrued interest is paid by the purchaser as part of the purchase price and is returned to the purchaser when the first interest payment is paid in full. The accrued interest received as a result of the debt issue should be recorded separately in the debt service fund using receipt codes 1913 and 1914.

- 1900 - Other Revenue Sources
 - 1910 - Premium and Accrued Interest on Bonds and Notes Sold
 - 1913 - Accrued Interest on the Sale of Bonds and Notes
 - 1914 - Accrued Interest on the Sale of Refunding Bonds

There may be a number of parties involved in a bond issue including a financial advisor, bond counsel and underwriter. The compensation paid to these participants, whether paid directly by the school district or withheld from the debt proceeds, should be identified and reported separately using objects 832 and 833.

- 830 - Other Debt Service Payments
 - 832 - Bond Issuance Costs
 - 833 - Refunding Bond Issuance Cost

This level of detail is required by generally accepted accounting principles and will assist in making the cash to GAAP conversion process much more efficient. Identifying the amounts related to each part of the transaction should be significantly easier when done at the time of the transaction rather than having to go back and reconstruct the transaction after year-end. A summary of all the new codes available to record the issuance of debt follows.

Receipt Codes

- 1900 - Other Revenue Sources

- 1910 - Premium and Accrued Interest on Bonds and Notes Sold
 - 1911 - Premium on the Sale of Bonds and Notes
 - 1912 - Premium on the Sale of Refunding Bonds
 - 1913 - Accrued Interest on the Sale of Bonds and Notes
 - 1914 - Accrued Interest on the Sale of Refunding Bonds
 - 1919 - Other Premiums and Accrued Interest on the Sale of Debt
- 1920 - Sale of Bonds
 - 1921 - Sale of Bonds
 - 1922 - Sale of Refunding Bonds
- 1940 - Proceeds from Sale of Notes
 - 1941 - Sale of Current Year Tax Anticipation Notes
 - 1942 - Sale of Current Year Revenue Anticipation Notes
 - 1943 - Sale of Long-Term Tax Anticipation Notes
 - 1944 - Sale of Energy Conservation Notes
 - 1949 - Sale of Other Notes

Function Codes

- 7900 - Other Miscellaneous Use of Funds
 - 7910 - Payment to Refunded Bond Escrow Agent
 - 7920 - Discount on the Sale of Debt
 - 7990 - Other Miscellaneous Use of Funds

Object Codes

- 830 - Other Debt Service Payments
 - 831 - Payments to Escrow Agents (Not Bond Proceeds)
 - 832 - Bond Issuance Costs
 - 833 - Refunding Bond Issuance Cost
 - 839 - Other Debt Service Payments
- 900 – Other Uses of Funds
 - 950 - Payments to Refunded Bond Escrow Agent (Bond Proceeds)
 - 960 - Discount on Debt
 - 961 – Discount on the Sale of Debt
 - 962 – Discount on the Sale of Refunding Debt
 - 969 – Discount of Sale of Other Debt

Tax Related Reimbursements

There are numerous instances in which the State has reduced the property tax receipts that local governments would otherwise have received either through direct reductions in tax bills (such as the 10% rollback) or through reductions in assessed values (such as recent reductions in assessed values for electrical utilities). Most recently, the State has eliminated the personal property tax through a series of scheduled reductions in assessed values. In many circumstances, the State provides at least a partial reimbursement for the resulting reductions in property tax proceeds. It is the desire of the AOS to account for these reimbursements

uniformly. We have therefore expanded the 3130 Property Tax Allocation account codes to specifically identify these payments. The account codes are:

- 3100 – Unrestricted Grants-in-Aid
 - 3130 - Property Tax Allocation
 - 3131 - 10 Percent and 2.5 Percent Rollback
 - 3132 - Homestead Exemption
 - 3133 - \$10,000 Personal Property Tax Exemption
 - 3134 - Electric Deregulation Property Tax Replacement
 - 3135 - Tangible Personal Property Tax Loss
 - 3139 - Other Property Tax Allocations

The elimination of the tangible personal property tax will be offset by the State in two ways. First, a direct payment will be made by the State through the foundation settlement. This amount will be specifically identified as a journal voucher on the semi-monthly settlement statement, the first payment being made in May, 2006. Beginning in August, 2007, the reimbursement for fixed rate levies will come in two parts. Part will come in the form of additional formula aid since the local share of base cost funding (the charge-off) will be reduced as the assessed values used to compute the charge-off decline. The remainder of the reimbursement will still come through direct payments. Only the amount of the direct payment will be recorded as a Property Tax Allocation receipt using the new 3135 account code.

We recognize that school districts have been coding the electric deregulation property tax replacement as 3190, Other Unrestricted Grants-in-Aid, and may be concerned about this change affecting the comparability of prior year statements. For those districts using state software, if this was the only amount recorded as 3190 or if it was the only significant receipt recorded as 3190, you may use the “actchg” function to move prior year information to the new 3134 account. This procedure will affect all prior year data, including the three years of historical data automatically pulled into the five year forecast using State software. This will also allow many of the USAS reports to be re-run for prior years, if desired, in order to make them comparable to current information.

If you have any questions regarding the information presented in this Bulletin, please contact the AOS Local Government Services Section at (800) 345-2519.

Bulletin 2006-007

Auditor of State Bulletin

Date Issued: June 30, 2006

**TO: All Public Offices
Independent Public Accountants**

**FROM: Betty Montgomery
Ohio Auditor of State**

**SUBJECT: Public Contracting/Required Financial Reviews (Sections 9.23, 9.231,
9.232, 9.233, 9.234, 9.235, 9.236, 9.237, 9.238, 9.239, R.C.)**

Overview

Recently enacted House Bill 66, the State's biennial budget bill, contains a series of provisions which affect the process for public offices that contract with private entities.¹ This Bulletin is intended to notify public offices about a form for financial reviews which the Auditor of State is required to create and make available. Please note that this Bulletin is not intended to be a comprehensive explanation of the public contracting provisions included in House Bill 66. Public offices should consult with their legal counsel about the requirements of the bill, and the Auditor of State will defer to the well reasoned opinions of legal counsel on interpretations of the law.

Background

The Revised Code sections identified above, all of which were enacted in House Bill 66 (effective January 1, 2006), include specific requirements for contracts between public offices (on both the State and local level) and private entities, in excess of \$25,000. Exceptions to these requirements are described in R.C. § 9.231. These statutes include specific requirements that must be addressed in those contracts, such as the minimum percentage of money that must be expended on direct costs, records that must be maintained, and allowable dispositions of money received in excess of the allowable amount. The bill requires annual reporting by the private entities, addresses the manner in which misspent money may be recovered, and gives the contracting public offices access to the records of the private entity related to the contract.

Financial Review Forms (Sections 9.234, 9.238, R.C.)

¹ Includes both nonprofit and for-profit entities.

House Bill 66 also requires in R.C. § 9.234 (B), annual audits or financial reviews, depending on the amount of money received by the private entity, conducted by independent public accounting firms. It is the responsibility of the public office to identify the contractors to whom this applies and to ensure that the annual audits or financial reviews are completed. It should be noted that R.C. § 9.234 includes language which clarifies that these audit and financial review requirements do not limit the authority of the Auditor of State to conduct audits authorized elsewhere in the Revised Code. Further, if the contracted private entity receives an audit conducted in accordance with generally accepted auditing standards or if the audit is conducted pursuant to the federal “Single Audit Act of 1984,” the private entity is not required to undergo either the financial review or the annual audit required per House Bill 66.

Relative to these requirements, R.C. § 9.238 requires the Auditor of State to prescribe a single form independent accountants must use for the financial reviews required of private entities receiving between \$100,000 and \$500,000 of public money. In compliance with this requirement the Auditor of State has developed a financial review form, which is attached to this Bulletin and which shall be used to comply with R.C. § 9.234 (B). The financial review form may also be obtained from the Auditor of State website at www.auditor.state.oh.us. 

The contracted private entity must provide the public agency with the completed financial review or audit report for each year in which it meets the thresholds described in R.C. § 9.234. Please note that copies do not need to be submitted to the Auditor of State’s Office.

Questions

Questions regarding the financial review form should be addressed to the Accounting & Auditing Support Group of the Auditor of State’s Office at 1-800-282-0370. Any questions with regard to the public contracting provisions of House Bill 66 should be directed to your legal counsel.

1. SAMPLE REVIEW REPORT ON CONTRACTOR’S SCHEDULE

Independent Accountant’s Report

Contractor Name
Contractor Address

We have reviewed the accompanying Schedule of Revenues and Expenses of [Contractor] for the fiscal year ended [Date], in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants and the requirements of the Auditor of State of Ohio. All information included in this Schedule is the representation of the management of [Contractor].

A review consists principally of inquiries of company personnel and analytical procedures applied to financial data. It is substantially less in scope than an audit in accordance with generally accepted auditing standards, the objective of which is the expression of an opinion regarding the Schedule taken as a whole. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to the accompanying Schedule in order for it to be in conformity with generally accepted accounting principles and the provisions of section 9.232 of the Ohio Revised Code.

REVIEW ENGAGEMENT LETTER

[*Contractor/Client Name*]

[*Contractor Address*]

Dear [*Client*]:

This letter is to confirm our understanding of the terms and objectives of our engagement and the nature and the limitations of the services we will provide.

We will perform the following services:

We will review the Schedule of Revenues and Expenses of the [*Contractor*] for the fiscal year ended [*Date*] in accordance with Statement on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants and the requirements of the Auditor of State of Ohio.

Our review will consist primarily of inquiries of company personnel and analytical procedures applied to financial data, and we will require a representation letter from management. A review does not contemplate obtaining an understanding of the internal control structure or assessing control risk, tests of accounting records, and responses to inquiries by obtaining corroborating evidential matter, and certain other procedures ordinarily performed during an audit. Thus, a review does not provide assurance that we will become aware of all significant matters that would be disclosed in an audit. Our engagement cannot be relied upon to disclose errors, fraud, or illegal acts that may exist. However, we will inform the appropriate level of management of any material errors that come to our attention and any fraud or illegal acts that come to our attention, unless they are clearly inconsequential.¹ We will not perform an audit of such Schedule, the objective of which is the expression of an opinion regarding the Schedule taken as a whole, and accordingly, we will not express such an opinion on it.

Our review report on the Schedule of [*Contractor*] is currently expected to read as follows:

We have reviewed the accompanying Schedule of Revenues and Expenses of [*Contractor*] for the fiscal year ended [*Date*], in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants and the requirements of the Auditor of State of Ohio. All information included in this Schedule is the representation of the management of [*Contractor*].

¹ Paragraph 5.20 of *Government Auditing Standards* (2003 Revised) indicates that quantitative and qualitative factors determine whether a non-compliance item is: "clearly inconsequential." The Auditor of State's *Ohio Compliance Supplement* classifies audit findings with an impact of \$100 or less as "clearly inconsequential."

A review consists principally of inquiries of company personnel and analytical procedures applied to financial data. It is substantially less in scope than an audit in accordance with generally accepted auditing standards, the objective of which is the expression of an opinion regarding the Schedule taken as a whole. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to the accompanying Schedule in order for it to be in conformity with generally accepted accounting principles and the provisions of section 9.232 of the Ohio Revised Code.

If, for any reason, we are unable to complete the review of your Schedule, we will not issue a review report on such Schedule as a result of this engagement.

Our fee for these services will be based on the number of hours required by the staff assigned to complete the engagement. In accordance with our recent discussion, we believe that the engagement fee will not exceed \$. However, if we encounter unexpected circumstances that require us to devote more staff hours to the engagement than estimated, we will discuss the matter with you.

We look forward to a continued relationship with your company, and we are available to discuss the contents of this letter or other professional services you may desire.

If the foregoing is in accordance with your understanding, please sign the copy of this letter in the space provided and return it to us.

Sincerely,

[Signature of Accountant]

ACKNOWLEDGED:

[Contractor]

CLIENT REPRESENTATION LETTER

[Date (no earlier than the date of the accountant's report)]

[Auditor Name]

[Address]

Dear [Auditor]:

In connection with your review of the Schedule of Revenues and Expenses of [Contractor] for the year ended [Date], for the purpose of expressing limited assurance that there are no material modifications that should be made to the statements in order for them to be in conformity with generally accepted accounting principles, we confirm, to the best of our knowledge and belief, the following representations made to you during your review.

1. The Schedule referred to above presents the revenues and expenses of [Contractor] related to contracts entered into pursuant to section 9.231 of the Ohio Revised Code in conformity with generally accepted accounting principles. In that connection, we specifically confirm that:
 - a. The company's accounting principles, and the practices and methods followed in applying them are as disclosed in the Schedule.
 - b. There have been no changes during the year ended [Date] in the company's accounting principles and practices.

- c. There are no material transactions that have not been properly reflected in the Schedule.
 - d. There are no violations or possible violations of laws or regulations whose effects should be considered for disclosure in the Schedule or as a basis for recording a loss contingency, and there are no other material liabilities or gain or loss contingencies that are required to be accrued or disclosed. Also, there are no unasserted claims or assessments that our lawyer has advised us are probable of assertion that must be disclosed in accordance with Financial Accounting Standards Board (FASB) Statement No. 5 (CT C59), Accounting for Contingencies.
 - e. There are no related-party transactions, including sales, purchases, loans, transfers, leasing arrangements, and guarantees, and amounts receivable from or payable to related parties that have not been properly disclosed in the Schedule.
 - f. We have complied with all aspects of contractual agreements that would have a material effect on the financial statement in the event of noncompliance.
 - g. To the best of our knowledge and belief, no events have occurred subsequent to [[fiscal year end date] and through the date of this letter that would require adjustment to our disclosures in the Schedule.
 - h. Management has identified all significant estimates used in the preparation of the Schedule.
2. We have advised you of all actions taken by our governing authority at meetings of [stockholders, the board of directors, and committees of the board of directors] (or other similar bodies, as applicable) that may affect the Schedule.
 3. We have responded fully and truthfully to all inquiries made to us by you during your review.
-
