## General Guidance for Grants

---

### Reporting in the Schedule of Expenditures of Federal Awards

*The auditee must prepare a schedule of expenditures of Federal awards for the period covered by their financial statements, which must include the total Federal awards expended as determined in accordance with [2 CFR § 200.502](#).*

*Reminder: For reporting purposes on the SEFA, we are looking at when the **expenditure was MADE** not when the revenue was received. Additionally, auditors should be aware of the period in which expenditures are able to be incurred for COVID-19 programs, as expenditures may have occurred during the fiscal year but not be reimbursed until after fiscal year end.*

*While not required, the auditee may choose to provide information requested by Federal awarding agencies and pass-through entities to make the schedule easier to use. For example, when a Federal program has multiple Federal award years, the auditee may list the amount of Federal awards expended for each Federal award year separately.*

*Auditors should refer to the Federal confirmations available when determining completeness of Federal expenditures presented on the local government's SEFA. Federal confirmations can be found for AOS auditors on the Intranet (Auditor Resources > Confirmation Listings) and for IPAs on the AOS website (Local Governments > Reference Materials > Confirmations; <http://www.ohioauditor.gov/references/confirmations.html>).*

At a minimum, per 2 CFR 200.510, the schedule must:

- List individual Federal programs by Federal agency using the applicable Assistance Listing number(s). For a cluster of programs, provide the cluster name, list individual Federal programs within the cluster of programs, and provide the applicable Federal agency name and the applicable Assistance Listing number(s). For research and development (R&D), total Federal awards expended must be shown either by individual Federal award or by Federal agency and major subdivision within the Federal agency. For example, the National Institutes of Health is a major subdivision within the Department of Health and Human Services.
- For Federal awards received as a subrecipient, the name of the pass-through entity and identifying number assigned by the pass-through entity must be included.
- Provide total Federal awards expended for each individual Federal program and the Assistance Listing number or other identifying number when the Assistance Listing information is unavailable. For a cluster of programs, also provide the total for the cluster.
- Include the total amount provided to subrecipients from each Federal program.
- For loan or loan guarantee programs described in § 200.502(b) *Basis for determining Federal awards expended*, identify in the notes to the schedule the balances outstanding at the end of the audit period. This requirement is in addition to including the total Federal awards expended for loan or loan guarantee programs in the schedule.
- Include notes that describe that significant accounting policies used in preparing the schedule, and whether the auditee elected to use the de minimis indirect cost rate as covered in [2 CFR § 200.414](#) *Indirect costs*.

## Basis for Determining When Federal Awards are Expended

Grants, cost reimbursement contracts, compacts with Indian tribes, cooperative agreements under the Federal Acquisition Regulations (FAR), and direct appropriations	When the expenditure or expense transactions occur
Amounts provided to subrecipients	When the disbursement is made to the subrecipient
Loan and loan guarantees	When the loan proceeds are used by the nonfederal entity (See the further discussion on loans and loan guarantees in table 7-2 and <a href="#">paragraph 7.19</a> .)
Donated property, including donated surplus property	When the property is received
Food commodities	When the food commodities are distributed or consumed
Interest subsidies	When amounts are disbursed entitling the entity to the subsidy
Insurance	When the insurance is in force
Endowments	When federally restricted amounts are held
Program income	When received or used

### Calculation of SEFA Expenditures for Programs with Loan and Loan Guarantees

Several federal programs include loan and loan guarantees. See [2 CFR 200.502\(b\)](#) and tables 1 and 2 below for the basis for determining federal awards expenditures for loan and loan guarantees (loans). Per 2 CFR 200.502(d), “Loans, the proceeds of which were received and expended in prior years, are not considered Federal awards expended...when the Federal statutes, regulations, and the terms and conditions of Federal awards pertaining to such loans impose no continuing compliance requirements other than to repay the loans.”

Local governments should determine if loan and loan guarantee program(s) include significant continuing compliance requirements by reviewing grant information, in discussions with the client and by reviewing programmatic guidance in this document (see Table of Contents or Navigation Pane to locate information about a particular program/cluster). Not all ongoing requirements are considered significant continuing compliance requirements. Per AICPA Single Audit Guide, 7.20,

“The Uniform Guidance does not specifically define the term continuing compliance requirements. Therefore, determining whether a loan has continuing compliance requirements is an important consideration when determining federal awards expended and preparing the schedule of expenditures of federal awards. Some federal agencies assist local governments with making this determination by indicating whether specific loan programs have continuing compliance requirements in the OMB Compliance Supplement. Terms and conditions of federal awards or subawards may also address whether a loan has continuing compliance requirements.”

Applicable program-specific sections of this document and certain FACCRs also offer guidance to help determine if such requirements exist. If significant continuing compliance requirements exist, the local government should include the beginning balance of loans receivable from previous fiscal years when determining expenditures for the program/cluster (See Table 2 below).

**Table 1**  
**Calculating federal expenditures for loan programs WITHOUT significant continuing compliance requirements on balances of loans from previous years [200.502(b)]**

- + Value of new loans issued by the auditee to other recipients [200.502(b)(1)]
- + Interest subsidy, if any [200.502(b)(3)]\*
- + Cash balance on hand in the loan fund at fiscal year-end [200.502(b)(3)]
- + Administrative costs expended by the auditee for administration of the loan program [200.502(b)(3)]
- + Expenditure of proceeds of new loans obtained by the auditee (which the auditee must repay) [200.502(b)(1)]
- = Loan Program Expenditures**
- + Regular programmatic expenditures administered through the program (non-loan programs using the same AL #)
- = Federal expenditures reported on Schedule of Expenditures of Federal Awards**

**Table 2**  
**Calculating Federal Expenditures for loan programs WITH significant continuing compliance requirements on balances of loans from previous years [200.502(b)]**

- + Value of new loans issued by the auditee to other recipients [200.502(b)(1)]
- + Interest subsidy, if any [200.502(b)(3)]\*
- + Cash balance on hand in the loan fund at fiscal year-end [200.502(b)(3)]
- + Administrative costs expended by the auditee for administration of the loan program [200.502(b)(3)]
- + Expenditure of proceeds of new loans obtained by the auditee (which the auditee must repay) [200.502(b)(1)]
- + **Beginning of the fiscal period balance of loans receivable from previous years [200.502(b)(2)]**
- = Loan Program Expenditures**
- + Regular programmatic expenditures administered through the program (non-loan programs using the same AL #)
- = Federal expenditures reported on Schedule of Expenditures of Federal Awards**

\*Any interest subsidy (interest paid by the government on behalf of the borrower [i.e., interest buy downs]). We believe it is rare this would occur with a local government-operated loan program.

## Grants Passed through the Ohio Department of Education and Workforce (DEW)

OAKS is not currently assigning pass-through numbers. Because DEW may reinstate pass-through numbers in the future, we suggest districts continue to create special cost centers within their funds to separately summarize amounts for each fiscal year.

## COVID-19 Federal Expenditures

Expenditures of COVID-19 related funding must be identified on a separate line item with a designation identifying them as COVID-19 Funding. Example:

10.555	National School Lunch Program	\$XX,XXX
10.555	Covid-19 National School Lunch Program	\$XX,XXX

*Under 2 CFR 200.502(b), the beginning of the audit period balance of loans from previous years for which the Federal Government imposes continuing compliance requirements must be included in the calculation of expenditures for the SEFA. ## #10.553, #10.555, #10.556, #10.559, #10.582 Child Nutrition Cluster

---

*The following programs are included in this Cluster:*

- #10.553 School Breakfast Program (SBP)
- #10.555 National School Lunch Program (NSLP)
- #10.556 Special Milk Program for Children (SMP)
- #10.559 Summer Food Service Program for Children (SFSP)
- #10.582 Fresh Fruit and Vegetable Program (FFVP)

### Valuing USDA Donated Foods

The distributing agency or recipient agency must consider the value of USDA donated foods as part of the Nutrition Cluster grants as indicated above. There are two steps in accomplishing this:

1. Determining the quantity of each USDA donated food "expended".
  - a. A distributing agency, and a recipient agency in CSFP, TEFAP, or FDPIR, must consider all USDA donated foods ***distributed or used*** in a school or fiscal year as expended.
  - b. A recipient agency in NSLP, CACFP, or SFSP, or a charitable institution that receives donated foods in accordance with [7 CFR § 250 Subpart E](#), must consider all USDA donated foods ***received*** in a school or fiscal year as expended.
2. Assigning value to the quantity of each USDA donated food "expended".

In accordance with Section 502(g) of the Uniform Guidance ([2 CFR 200.502\(g\)](#)), Federal non-cash assistance, such as USDA donated foods, must be valued at either fair market value (FMV) at the time of receipt, or at the value determined by the Federal agency. Accordingly, for audit purposes, a distributing or recipient agency may use either the FMV of donated foods at the time of their receipt or one of the donated food valuation methods included in [7 CFR 250.58\(e\)](#). For school year 2024-25, Ohio used the value on the annual USDA Foods price file.

Each distributing or recipient agency must choose a method of valuing donated foods for audit purposes. In most cases, it would probably be easier for a distributing or recipient agency to use one of the options listed in 7 CFR 250.58(e), rather than having to determine the FMV at the time of their receipt. However, in some cases it may be easier to use the FMV. Once a distributing or recipient agency has selected a method of assigning value to donated foods, it must use that method consistently in all of its audit activities, and must maintain a record of the means of valuing donated foods for such purpose.

### Food Service Management Companies (FSMC)

*Entities utilizing a FSMC must consider the impact on the single audit. [FSMC Contracts for FY25](#), provided by DEW, lists schools which contract with FSMCs, the FSMC used, contract type, and contract date.*

### State of Ohio

- The CATS system is the required system for all schools ordering commodities **directly** from DEW. Schools receiving commodities through the Southwest Ohio Educational Purchasing Council (SWEPC) co-op **will**

**not** have their activities reflected in CATS. Please refer to the [list of schools](#) that participate in the SWEPC co-op.

- For schools receiving commodities through the SWEPC, auditors should utilize confirmation from the SWEPC (for instance, a PAL report) to verify the commodities reported on the SEFA. PAL reports and other documentation of commodity usage should include itemization of at least three (3) areas of potential commodity allocation:
  - Type, value, and quantity of Direct Delivery (commonly known as “brown box”) cases received.
  - Type, value, and amount of Processor Diversion pounds utilized in finished products sold by commercial distributors, disaggregated by manufacturer and supported by standard calculations from the product/manufacturer’s Summary End Product Data Schedule (SEPDS). Each manufacturer must be included on the [USDA’s National Processor List for 2024-25](#). If the school receives any additional bonus rebates on USDA Foods processed products, supporting documentation should be included to validate that 100% of the rebate value was returned to the Non-Profit School Food Service Account.
  - Total amount allocated and total value received through the USDA Department of Defense Fresh Fruit and Vegetable Program (commonly called “DoD Fresh”). This may be supported by documentation from the Fresh Fruit and Vegetable Order and Receipt System (FFAVORS), a federal Login.gov site accessible by any school that utilizes this option.
- For schools who are **not** members of the SWEPC (i.e. order commodities directly from DEW):
  - Note that in the past, some schools utilized order forms from the CATS system to calculate commodities. Per DEW, this method is not correct as occasionally schools do not receive everything they order.
  - As noted above, schools may select to calculate the FMV of their commodities at the time of receipt, or use the value determined by the Federal agency.
    - If the school participates in the government donated food program, utilizes the CATS system, and uses FMV, you must obtain their support and calculations, and test such.
    - If the school participates in the government donated food program, utilizes the CATS system and used the value determined by the Federal agency, then DEW uses the option “the USDA commodity file cost as of a date specified by the distributing agency” via the CATS system. In February 2014, DEW created a report available in the CATS system to assist clients & auditors in determining this value. The following steps will explain how to obtain this report, as long as the school used the CATS system. The report is available beginning with FY 2013, and will reflect the information in the system at the time the report is generated.
  - In the CATS system, the school can obtain the necessary reports by following these steps.
    - Upon logging into the CATS system, the client should click on “Reports”, then “Value of Commodities Offered/Received”, then choose your program year, ensure the entity name appears in the “Agency” field and click on “Create Report” – this brings up the “Value of Commodities Offered-Received” report. To obtain the commodity value to report on the Federal Schedule, add the figures under the “Received Entitlement Value” and “Received Bonus Value” columns. (While the “Received Converted Value” column is not currently being utilized, if an amount appears in this column in the future, it would need included as well.)

- To print this page, click on the drop-down arrow next to the words “Select a format”, select “pdf” and click the “export” button.
- If the school participates in the Department of Defense (DoD) Fresh Fruit and Vegetable Program, the Department of Defense (DoD) Fresh Fruit and Vegetable Program entitlement value would be contained within the Received Entitlement Value figure presented on the Value of Commodities Offered-Received report since it has been transferred to the Department of Defense. However, you will need to obtain the school’s support for the amount of the Department of Defense (DoD) Fresh Fruit and Vegetable Program entitlement value that was actually used and adjust the Received Entitlement Value by the unused Department of Defense (DoD) Fresh Fruit and Vegetable Program entitlement value portion.
- Processing charges and S&H charges are not included in the values on this report, as they do not get included in the commodities figure on the SEFA. Note as of FY 2016, schools using the state commodity system were not charged shipping fees at all because DEW had enough to cover their administrative fees that year – this is determined on a year-by-year basis.

Please note, not all schools receive “bonus commodities,” which are commodities received in addition to their commodity entitlement.

### **Carryover from Prior Fiscal Year(s)**

Due in large part to the impact of the COVID-19 pandemic, some schools may have had Federal receipts in excess of total food service expenditures for fiscal years 2020, 2021, and/or 2022. Reported SEFA expenditures are limited to actual expenditures plus commodities. Clients and auditors should track the receipts carried into the subsequent fiscal year(s) and report on the subsequent SEFA accordingly until all carryover funding has been reported.

## **#10.760 Water and Waste Disposal Systems for Rural Communities**

### *Interim Financing*

After RUS has made a commitment on a loan, the borrower may be required to obtain interim financing from commercial sources (e.g., a bank loan) for the construction period (7 CFR 1780, section 1780.39(d)). Interim financing is required for all loans over \$500,000, except in documented instances where financing cannot be obtained at reasonable rates. Expenditures from these commercial sources that will be repaid from the proceeds of the RUS loan should be considered federal awards expended, included in determining Type A programs, and reported in the Schedule of Expenditures of Federal Awards.

### *Status of Outstanding Loan Balance After Project Completion*

In years after the program funds are expended and construction is completed, and the only ongoing financial activity of the program is the payment of principal and interest on outstanding loan balances, the prior loan balances are not considered to have continuing compliance requirements under 2 CFR 200, section 200.502(d). Prior loans that do not have continuing compliance requirements other than to repay the loans are not considered federal awards expended and, therefore, are not required to be audited under 2 CFR Part 200, Subpart F.

However, this does not relieve the borrower of the requirement to file financial reports on these loans (which are not required to be audited) or otherwise comply with program requirements (e.g., maintaining insurance, depositing funds in federally insured banks, obtaining prior approval for sales of plant).

*(Source: 2025 OMB Compliance Supplement, Part 4, USDA, #10.760 Water and Waste Disposal Systems for Rural Communities)*

*Loan financing under AL #10.760 can be achieved by the entity issuing bonds which are subsequently purchased and held by the United States of the America, acting through the USDA / RUS. When entities have bonds or other financing outstanding for water or sewer projects, auditors should make appropriate inquiries and review financing documents to determine whether the funding was issued under this program and subject to SEFA reporting.*

## **#10.766 Community Facilities Loans and Grants**

---

### *Interim Financing*

After USDA has made a commitment on the loan, the borrower may be required to obtain interim financing from commercial sources (e.g., a bank loan) during the construction period (7 CFR section 1942.17(n)(3)). Expenditures from these commercial loans that will be repaid from a CF loan should be considered federal awards expended, included in determining Type A programs, and reported in the Schedule of Expenditures of Federal Awards.

### *Years after Project Completion – Continuing Compliance*

For CF direct loans, the Agency requires a promissory note or bond and security that will adequately protect the interest of the Agency during the repayment period of the loan. In the case of a CF guaranteed loan, the borrower executes a promissory note or bond with the lender and the lender is responsible for obtaining adequate security to protect the interest of the lender, any holder, and the government. Loan terms cannot exceed 40 years, the useful life of the facility or state statute, whichever is less. The borrower is required to repay the principal and interest according to the term of the note or bond. The full outstanding balance on the note or bond should be considered federal awards expended, included in determining Type A programs, and reported as loans on the Schedule of Expenditures of Federal Awards in accordance with 2 CFR Part 200 Subpart F. CF borrowers are required to fund reserves, maintain insurance, deposit funds in Federally insured banks, meet financial covenants, maintain sufficient debt service ratios, and in some cases comply with additional requirements established as part of the loan approval process. These requirements indicate the continuing compliance requirements that CF borrowers must meet. USDA expects borrowers to comply with these continuing compliance requirements and meet the requirements specified in 2 CFR 200, Subpart F when the borrower's federal funding, including its outstanding CF loan balances, exceeds the audit threshold in 2 CFR 200.501.

CF awardees are reminded that a program-specific audit under 2 CFR 507(b) is an option when the CF program is the awardee's only federal funding and the expenditures, including the loan balance, exceed the audit threshold in 2 CFR 200.501. USDA has noted situations where some awardees have not been aware of that option..

## #11.300, #11.307 Economic Development Cluster

---

### *RLF Awards: Schedule of Expenditures of Federal Awards*

For purposes of completing the SEFA, each EDA RLF award (Assistance Listing 11.307) must be shown as a separate line item, separate from any other Economic Adjustment Assistance award received by the RLF recipient. Each RLF award must be identified as a loan program. (RLF awards are unique among Public Works and Economic Adjustment Assistance awards in this respect; all other Public Works and Economic Adjustment Assistance awards are not loan programs.) The SEFA for RLF awards must be calculated as follows:

1. Balance of RLF principal outstanding on loans at the end of the recipient's fiscal year, *plus*
2. Cash and investment balance in the RLF at the end of the recipient's fiscal year, *plus*
3. Administrative expenses paid using RLF income during the recipient's fiscal year, *plus*
4. Administrative expenses paid using award funds designated for administrative expenses during the recipient's fiscal year, *plus*
5. The unpaid principal of all loans written off during the recipient's fiscal year.
6. *Multiply* this sum (1+2+3+4+5) by the federal share of the RLF award. The federal share is defined as the federal participation rate (or the federal grant rate) as specified in the grant award (or as may be amended by EDA).

Note: Consolidated or merged RLF awards must be shown as a single line item on the SEFA. In this case, the federal share will be specified in the amendment consolidating the RLF awards.

The federal grant rates for each EDA RLF can be found in the grant award documents; specifically, Form CD-450 or Form CD-451.

For the purposes of calculating federal expenditures, RLF recipients are not permitted to factor in an allowance for bad debt.

A note showing the figures used in this calculation must accompany the SEFA.

### *RLF Awards: Continuing Compliance Requirements for RLFs*

EDA retains a federal interest in RLF award funds until the RLF award is terminated or EDA releases its federal interest in the RLF award funds. As such, required reporting and EDA oversight of the RLF also continue until the award is terminated or EDA releases its federal interest in the RLF award funds.

In the event EDA releases its federal interest in the RLF award funds, the RLF award must appear in the SEFA in the fiscal year of release, and be audited as appropriate, but the RLF must not be included in the SEFA in the fiscal years following release. In the fiscal year of release the SEFA must be calculated as the date of release, not as of the end of the recipient's fiscal year.

## #14.218, #14.225 CDBG Entitlement/Special Purpose Grants Cluster

*The following programs are included in this Cluster:*

- #14.218 Community Development Block Grants/Entitlement Grants
- #14.225 Community Development Block Grants/Special Purpose Grants/Insular Areas

*CDBG funding passed through HUD/Ohio Development Services Agency (DSA) has been determined to be a grant program, NOT a loan program, and should be recorded on the SEFA as such. AOS received clarification from HUD/DSA that these programs originate at the Federal level as grants and remain grants at the local level when passed through by DSA, regardless of if the local government operates the program on a revolving loan basis. In addition, revolving loan repayments of interest and principal subsequently reloaned are not considered program income under the Uniform Guidance nor are the reloaned amounts reported as Federal expenditures on the SEFA. Only the initial grant expenditures are reported on the SEFA. All subsequent activity is monitored by DSA.*

- Block grant/Entitlement grant program:
  - Reported on the SEFA in accordance with [2 CFR 200.502](#) (a)
- Not a loan / loan guarantee program as defined in the Uniform Guidance:
  - Not reported on the SEFA in accordance with [2 CFR 200.502](#) (b) & (d)
- Program income:
  - Loan repayments and interest income are referred to as program income by the local governments, but it is not program income under the Uniform Guidance.
- If there are material funds on hand with no activity for an extended period of time, auditors will inquire if the activity is reported on the required semi-annual report and verbally recommend the local government (Community) discuss the status of these funds with HUD.

### **COVID-19 Funding:**

Grant agreements with COVID-19 funding provide information related to the funding source in Attachment A – Scope of Work and Budget. Attachment A includes the “Program Application Type” field which notes the funding is COVID related (e.g. “CDBG CARES”) and the Grant Number field includes grant numbers with a “-4” or “-5” at the end, indicating CARES Act funding (e.g. B-D-20-1DA-4”).

### **Ohio Department of Development (Development), Community Services Division (CSD) Schedule of Expenditures Reporting Guidance:**

- Funding passed through from the Ohio Department of Development (Development), Community Services Division (CSD)
- Non-entitlement grant program
  - Reported on the SEFA in accordance with [2 CFR 200.502](#) a
- Not a loan / loan guarantee program as defined in the Uniform Guidance
  - Not reported on the SEFA in accordance with [2 CFR 200.502](#) b & d
- Program income:
  - Loan repayments and interest income are referred to as program income by CSD and the local governments, but it is not program income under the Uniform Guidance.
  - Reported by local governments semi-annually and monitored by CSD.
  - Must meet block grant requirements in accordance with the signed administrative agreement between the local government and CSD every 3 years.
  - CSD may grant waivers for the use of program income funds for alternative purposes.
- If there are material funds on hand with no activity for an extended period of time, auditors will inquire if the activity is reported on the required semi-annual report and verbally recommend the local government (Community) discuss the status of these funds with CSD.
- CSD has requested Community grant recipients include in their SEFA Footnotes the following disclosure:

The current cash balance on “Community’s” local program income account as of “date” is “\$000,000.00”.

*While CSD requests the inclusion of this note, this is not a UG required footnote and no modification will be made to the opinion on the Schedule of Expenditures of Federal Awards or financial statements if the note is not included.*

Beginning with grants awarded in 2014, some entities are now forming partnerships for the Community Housing Impact and Preservation (CHIP) / CDBG grants (with another City, County, etc.). See [CHIP Partnership Agreement Guidance](#).

- In these partnerships, there is 1 lead entity whose name the grant is in – this is the entity whose SEFA the grant belongs on. All other non-lead partners to the grant are considered vendors/contractors, and therefore the grant does not get reported on their SEFAs.

In addition, for GAAP entities, auditors should review the grant documents and consider whether a receivable should be booked in accordance with GASB 33.*

## #14.239 Home Investment Partnerships Program

---

*Home Investment Partnerships Program funding passed through HUD/Development has been determined to be a grant program, NOT a loan program, and should be recorded on the SEFA as such. AOS received clarification from HUD/Development that these programs originate at the Federal level as grants and remain grants at the local level when passed through by Development, regardless of if the local government operates the program on a revolving loan basis. In addition, revolving loan repayments of interest and principal subsequently reloaned are not considered program income under the Uniform Guidance nor are the reloaned amounts reported as Federal expenditures on the SEFA. Only the initial grant expenditures are reported on the SEFA. All subsequent activity is monitored by Development.*

## #14.850 Public Housing Operating Fund

---

The Moving to Work (MTW) demonstration program (Assistance Listing 14.881) allows selected PHAs the flexibility to design and test various approaches to providing and administering housing assistance consistent with the MTW Agreement executed by the PHA and HUD and under the MTW Operations Notice. An MTW agency may apply funding fungibility funds from the following three programs:

1. Section 8 Housing Choice Vouchers (Assistance Listing 14.871)
2. Public Housing Capital Fund (Assistance Listing 14.872)
3. Public Housing Operating Fund (Assistance Listing 14.850)

Depending on if a PHA is operating under an MTW Agreement or the MTW Operations Notice, the auditor should look to the MTW Agreement or the MTW Operations Notice, as applicable, to determine which funds are included. If Public Housing funds are transferred out of Public Housing, pursuant to either an MTW Agreement or the MTW Operations Notice, they are subject to the requirements of the MTW Agreement or the MTW Operations Notice and should not be included in the audit universe and total expenditures for Public Housing when determining Type-A programs. On the Schedule of Expenditures of Federal Awards, the amounts transferred out should not be shown as Public Housing expenditures but should be shown as expenditures for the MTW Demonstration program. Also, if other program funds are transferred into the Public Housing account pursuant to an MTW Agreement or the MTW Operations Notice, all the Public Housing funds would then be considered MTW funds.

If the MTW agency does not transfer all the funds from Public Housing into the MTW account or another program, those funds would be considered and audited, under Public Housing.

*(Source: 2025 OMB Compliance Supplement, Part 4, HUD, #14.850 Public Housing Operating Fund)*

REAC has interpreted federal awards expended for Single Audit determination purposes as follows:

1. For subsidy programs (Low Rent and Section 8), federal awards expended would equal the net ACC subsidy for the PHA's fiscal period under audit. Specifically, the net Low Rent operating subsidy received, and the net Section 8 (Voucher or Certificate) dollars received, net of year-end adjustments, by the PHA would be the federal awards expended for the fiscal period under audit.
2. For grant programs, federal awards expended would equal the PHA disbursements for allowable costs for that specific grant made within the fiscal period under audit (this would include disbursements charged against the grant award and program income).

## #14.871, #14.879 Housing Voucher Cluster

- #14.871 Section 8 Housing Choice Vouchers
- #14.879 Mainstream Vouchers

*Recipients should consider disclosing in the Notes to the SEFA that receipts are reported for this program in accordance with Federal Agency Guidance.*

EHV program funding is reported under Assistance Listing number 14.871 - "Housing Choice Voucher Program" on the Schedule of Expenditures of Federal Awards. The PHA should identify how much of the EHV funding is included in the total either by a footnote to the SEFA or by adding detail lines in the SEFA itself under the provisions of PIH Notice 2021-25 (HA), Section 8. k.

## #14.872 Public Housing Capital Fund

The Moving to Work (MTW) demonstration program (Assistance Listing 14.881) allows selected PHAs the flexibility to design and test various approaches to providing and administering housing assistance consistent with the MTW Agreement executed by the PHA and HUD. An MTW agency may combine funds from the following three programs:

1. Section 8 Housing Choice Vouchers (Assistance Listing 14.871)
2. Public Housing Capital Fund (Assistance Listing 14.872)
3. Public Housing Operating Fund (Assistance Listing 14.850)

If a PHA is operating under an MTW Agreement, the auditor should look to the MTW Agreement to determine which funds are included in the MTW Agreement. If CFP funds are transferred out of CFP, pursuant to an MTW Agreement, they are subject to the requirements of the MTW Agreement and should not be included in the audit universe and total expenditures for CFP when determining Type A programs. ## **#17.258, #17.259, #17.278 Workforce Innovation and Opportunity Act (WIOA) Cluster**

---

*The following programs are included in this Cluster:*

- **#17.258 WIOA Adult Program**
- **#17.259 WIOA Youth Activities**
- **#17.278 WIOA Dislocated Worker Formula Grants**

ODJFS issues all WIOA funds to the 20 local area fiscal agents. The fiscal agents disburse funds to various local entities delivering the services including:

- Staff to the Local Workforce Development Board (LWDB) and fiscal agent who expend WIOA Administrative funds (up to 10 percent of the grant)
- Subrecipients, which may include OhioMeansJobs center operators, County JFS agencies and non-profits such as county Community Action Agencies
- Youth providers, which must be procured competitively by the LWDB unless the LWDB opts to designate the CCMEP Lead Agency to carry-out certain permissible activities as defined in WIOA policy letter
- Optional other subrecipients such as providers of Adult and Dislocated Worker career services that do not need to be procured competitively

All of the above organizations, if determined to be subrecipients rather than contractors, must report their federal spending on their SEFA.

**Note:** Previously under WIA, a single Local Workforce Area (LWA) could hold multiple roles listed above (i.e. serve as staff to the LWDB, service provider, and One-Stop (OhioMeansJobs) center operator). The new requirement to procure OhioMeansJobs center operators under WIOA and other LWDB oversight responsibilities led ODJFS to require organizational separation between the staff to the LWDB and the entities providing services to job seekers and youth. Because of the need for separation between LWDB staff and service providers, some LWAs established Councils of Government (COGs) to employ LWDB staff. All new COGs established by a LWA, must complete an analysis to determine who should be reporting the federal funding and receiving the single audit.

See also [WIOA Policy Letter No. 15-18.1](#)

### **Reporting WIOA on County Schedules of Federal Awards Expenditures (SEFAs)**

For guidance on ODJFS grants reporting on county SEFAs, auditors should refer to the ODJFS prepared [2024 WIOA Federal grant template](#) (*the 2024 template is linked, the 2025 template will be linked when ODJFS releases it*). The ODJFS Federal grant template spreadsheet provides program specific information for testing the SEFA.

Fiscal agents may disclose the amounts they transmit to other entities in the notes to their federal awards expenditure schedule. However, fiscal agents should not report these amounts as disbursements in their Schedule. (Fiscal agents should only report any amounts they disburse as a WIOA subrecipient in their Schedule). Counties and other entities receiving WIOA from the fiscal agents should report their disbursements as pass-through assistance from their LWA workforce development agency in their federal awards expenditure schedule.

The County or LWA workforce development agency should report federal disbursements for the WIOA Cluster in the workforce development fund. At a minimum, the County or LWA workforce development agency should report the total fiscal year WIOA Cluster disbursements, by program and cluster. The County or LWA workforce

development agency should also separate each program by Administrative and Non-administrative dollars. 2 CFR 200 requires including pass-through numbers (if any) on the Schedule. The ODJFS Director confirmed that a pass-through number should be printed on all WIOA awards to local governments. The Schedule should also report the following for the WIOA Cluster:

- Assistance Listing Numbers & Grant Titles:
  - #17.258 – WIOA Adult Program
  - #17.259 –WIOA Youth Activities \*
  - #17.278 –WIOA Dislocated Worker Formula Grants
- Disbursements for each pass-through number (i.e., cost center), program, and cluster total.

*\* = OAC section 5101:14-1-01 has named the WIOA Youth program the “Comprehensive Case Management and Employment Program (CCMEP)” which integrates WIOA Youth services with TANF-funded activities at the county (CDJFS) level.*

DOL requires an accrual accounting basis for WIOA grant reporting. As a result, fiscal agents must report both their disbursements and accruals (i.e. their accrued expenses) for every WIOA funding stream.

- Are they required to have accounting systems that are accrual basis year-round?
  - No – 2 CFR 2900.14 explains that a grant recipient is not required to convert its accounting system. Accruals must be reported using best estimates based on analysis of the documentation on hand, even if the entity is not using an accrual accounting system.
- Do they just need to make accrual adjustments to annual/quarterly reports?
  - Yes -- the financial system that all ODJFS subrecipients use (County Finance Information System or CFIS) allows reporting of both the disbursements and accruals using separate account codes. Traditionally the LWAs used spreadsheets or other methods to calculate their accruals and report the total using the accrual account code. New functionality in CFIS launched in June 2016 now automates the accrual calculation for services provided directly to a participant such as classroom training costs, On-the-Job Training, work experience wages, etc. based on the dates of service entered.
- Does the SEFA need to be on accrual basis?
  - No. 2 CFR Part 2900.14 states, in addition to the guidance set forth in 2 CFR 200.328, for Federal awards from DOL, the DOL awarding agency will prescribe whether the report will be on a cash or an accrual basis. If the DOL awarding agency requires reporting on an accrual basis and the recipient's accounting system is not on the accrual basis, the recipient will not be required to convert its accounting system but must develop and report such accrual information through best estimates based on an analysis of the documentation on hand.

Thomas DiLisio from DOL confirmed on December 8, 2021, that the SEFA is *not* required to be reported on an accrual basis.

ODJFS performs a completeness test of WIOA monies sent by ODJFS with the county and LWA agency federal schedules. However, ODJFS tests completeness at the LWA workforce development agency level. If the auditor wishes to obtain 3<sup>rd</sup> party confirmations of the WIOA receipts amounts reported on the County's Federal Schedule, audit staff should contact the appropriate LWA agency. If the LWA agency is included in the County's reporting entity, please contact Sabrina Jamison at (614) 728-1476 or [Sabrina.Jamison@jfs.ohio.gov](mailto:Sabrina.Jamison@jfs.ohio.gov) for confirmation of WIOA Monies sent to the County.

---

*No program specific guidance; please see “General Guidance for Grants” on page 4.*

## **#21.027 Coronavirus State and Local Fiscal Recovery Fund (SLFRF)**

---

The dollar amount of the revenue loss determines the limit for the amount of SLFRF funds that can be used to “provide government services” (which is one of seven eligible uses of SLFRF funds). For SEFA reporting purposes, the aggregate expenditures for all seven eligible use categories are reported on the SEFA and not the result of the revenue loss calculation or standard allowance.

Additionally, because NEUs are considered direct recipients under SLFRF, NEUs that do not elect or are not eligible for the alternative compliance examination engagement discussed below are required to report their award expenditures on the SEFA and data collection form as direct awards. Further, States must not report award funds that were required to be distributed to the NEUs on State SEFAs or data collection forms.

*(Source: 2025 OMB Compliance Supplement, Part 4, Treasury, #21.027 Coronavirus SLFRF)*

*When Treasury initially issued State and Local Fiscal Recovery Funds (SLFRF) to recipients, to expedite payments and meet statutory timelines the funding was issued under the same Assistance Listing Number (AL #) as the Coronavirus Relief Fund (21.019). Treasury subsequently clarified that SLFRF funding should be reported under AL # 21.027. Auditors should be aware that some SLFRF grant agreements may reflect AL # 21.019; however, the funding should be reported under AL #21.027. See the [SLFRF Compliance and Reporting Guidance](#) for further guidance.*

*Further, auditors should be aware that SLFRF may be used for general government services up to the amount of revenue loss (either as calculated by the entity or up to the standard \$10 million allowance). The total amount of revenue loss is not reported on the SEFA; rather, entities report revenue loss dollars when expended on allowable general government services.*

### **SLFRF Funding Passed Through ODJFS (Medicaid Unwinding Funding) and Ohio Department of Public Safety**

*The Ohio Department of Job and Family Services issued subgrants of SLFRF to each County and District Job and Family Services (JFS) in Ohio to alleviate some of the financial burden of the Medicaid unwinding process. Each County / District JFS received a base allocation of \$20,000 and the remaining \$18.24 million was distributed to County / District JFS using the RMS allocation process. These subgrants appear on the County/District JFS CFIS reports and should be included in the Public Assistance template used for determining the JFS grant reporting on the SEFA. Expenditures of this funding should be reported on the County/District JFS SEFAs as SLFRF (AL #21.027) passed through Ohio Department of Job and Family Services.*

*Additionally, the Ohio Emergency Management Agency, a division of the Ohio Department of Public Safety, provided SLFRF funding to local governments to be used for the Ohio First Responder Recruitment, Retention, and Resilience Program (First Responder Program) and Expenditures of this funding should be reported on recipient SEFAs as SLFRF (AL #21.027) passed through the Ohio Department of Public Safety.*

*Additionally, the Ohio Office of Criminal Justice Services, a division of the Ohio Department of Public Safety, provided SLFRF funding to local governments to be used for comprehensive community violence intervention. Expenditures of this funding should be reported on recipient SEFAs as SLFRF (AL #21.027) passed through the Ohio Department of Public Safety.*

### **#32.004 Universal Service Fund – Schools and Libraries (E-Rate)**

---

*The FCC previously indicated intent to subject E-Rate to Single Audit Requirements (2 CFR 200, Subpart F), however ultimately decided the E-Rate program should not be reported on the SEFA or subject to single audit. For additional guidance on E-Rate, refer to [Bulletin 2000-014](#).*

## #32.009 Emergency Connectivity Fund Program (ECF)

---

*The Emergency Connectivity Fund is a reimbursement-basis program administered by the Federal Communications Commission (FCC). The FCC allows for two reimbursement methods:*

- *Billed Entity Applicant Reimbursement (BEAR) in which the entity pays the vendor and subsequently seeks reimbursement from the FCC.*
- *Service Provider Invoicing (SPI) in which the service provider invoices the FCC directly for program expenditures.*

*Expenditures should be reported on the SEFA based on the date the expenditure is made for the goods/services regardless of the reimbursement method used (i.e. BEAR or SPI method). If SPI, the government needs to work with the service provider to determine the date paid.*

*Auditors should be aware that the FCC provides decision letters and commitment decision letters to entities as a part of project approvals. Those letters do not necessarily dictate when expenditures are recorded on the SEFA, expenditures should be reported when actually paid. However, the decision letters and commitment decision letters may impact SEFA reporting if the approval process and expenditures span more than one fiscal year. For instance, if a government plans to seek reimbursement for expenditures paid in October 2022 but doesn't receive a decision letter until early 2023, then as of December 31, 2022, the grant isn't executed and the expenditures wouldn't be reported on the SEFA. In that case, the government should refer to the guidance in the [Prior Fiscal Year Expenditure Advisory Memo](#).*

*For financial reporting purposes, entities subject to ORC 5705.09, .12, .14, and/or .16 are required to establish a separate special revenue fund to track grant activity. Note that most libraries are not subject to these ORC sections, so they have more flexibility as to how they track grant activity; however, they are still subject to Federal requirements for separate accountability.*

*Governments should record receipts when received and expenditures when paid in their ledgers. For on-behalf (SPI) activity, the receipt and related expenditures should be recorded as memo entries when the service provider executes the payment (or issues a credit).*

*For GAAP statements, governments need to determine whether the grant is executed as of fiscal year-end and the decision letter and/or commitment decision letter would indicate that the grant is executed. When the letters and project expenditures straddle fiscal years, there may be situations where 2022 expenditures would be recorded in 2023 if the decision letter and/or commitment decision letter was received in 2023. If the grant is executed, a receivable should be recorded only to the extent that allowable costs have been incurred but not reimbursed at year-end. The receivable should be offset by deferred inflows or revenue based on the government's revenue recognition period. In the rare case that any dollars are received prior to being expended, they would be recorded as unearned revenue.*

- #84.007 Federal Supplemental Educational Opportunity Grants (FSEOG)
- #84.063 Federal Pell Grant Program
- #84.268 Federal Direct Student Loans

*The Student Financial Assistance Cluster also contains the following programs; however, they are not likely to occur at most local schools therefore are not included in the FACCR.*

- #84.033 Federal Work-Study Program
- #84.038 Federal Perkins Loan Program
- #84.379 Teacher Education Assistance for College and Higher Education Grants (TEACH Grants)
- #84.408 Postsecondary Education Scholarships for Veteran's Dependents (Iraq and Afghanistan Service Grant (IASG))
- #93.264 Nurse Faculty Loan Program (NFLP)
- #93.342 Health Professions Student Loans, Including Primary Care Loans and Loans for Disadvantaged Students (HPSL/PCL/LDS)
- #93.364 Nursing Student Loans (NSL)
- #93.925 Scholarships for Health Professions Students from Disadvantaged Backgrounds – Scholarships for Disadvantaged Students (SDS)

*Auditors should note that, even though student loans under the Direct Loan Program (Assistance Listing 84.268) are made to students (not the institution of higher education), under this loan program, auditors must include the value of loans made to students during the audit period as Federal awards expended under the SFA Cluster in the Schedule of Expenditures of Federal Awards (SEFA). (See [2 CFR Section 200.502\(c\)](#)) Also, if the entity is administering the Federal Perkins Loan Program (Assistance Listing 84.038), it retains a Perkins Revolving Loan fund. The entire amount in that fund, including outstanding FPL loans to students, must be included as Federal awards expended in the SEFA.*

*Auditors and grant recipients should refer to the [Federal Student Aid Handbook](#) for accounting and reporting guidance on the SFA Cluster.*

## #84.010 Title I Grants to Local Educational Agencies

---

### Title I-A 15% Carryover Limitation and Waiver

The Elementary and Secondary Education Act (ESEA) limits the amount of an LEA's Title I-A award that may be carried over to 15 percent of the original award. Local Education Agencies may request a waiver of this requirement once every three years in order to carry over more than 15 percent of the award.

*ESEA programs in this Supplement to which this section applies are Title I, Part A (84.010); MEP (84.011); CSP (84.282); 21st CCLC (84.287); Title III, Part A (84.365); Title II, Part A (84.367); and Title IV, Part A (84.424A) including the Stronger Connections Grant (84.424F).*

*This section also applies to ESSER, GEER, and EANS (84.425C, D, R, U, and V).*

State and local administrative funds that are consolidated (as described in III.A.1, "Activities Allowed or Unallowed – Consolidation of Administrative Funds (SEAs and LEAs)") should be included in the audit universe and the total expenditures of the programs from which they originated for purposes of (1) determining Type A programs and (2) completing the Schedule of Expenditures of Federal Awards (SEFA). A footnote showing, by program, amounts of administrative funds consolidated is encouraged.

#### 2. Schoolwide Programs (LEAs)

*ESEA programs in this Supplement to which this section applies are Title I, Part A (84.010); MEP (84.011); Title III, Part A (84.365); Title II, Part A (84.367); and Title IV, Part A (84.424A) not including the Stronger Connections Grant (84.424F).*

*This section also applies to IDEA (84.027 and 84.173) and CTE (84.048).*

Since schoolwide programs are not separate Federal programs, as defined in 2 CFR section 200.42, expenditures of Federal funds consolidated in schoolwide programs should be included in the audit universe and the total expenditures of the programs from which they originated for purposes of (1) determining Type A programs and (2) completing the SEFA. A footnote showing, by program, amounts consolidated in schoolwide programs is encouraged.

## **#84.027, #84.173 Special Education Cluster (IDEA)**

---

*The following programs are included in this Cluster:*

- *#84.027 Special Education – Grants to States (IDEA Part B)*
- *#84.173 Special Education – Preschool Grants (IDEA Preschool)*

*Beginning in January 2025, the State of Ohio Distribution Transaction Listing began identifying the Department of Children and Youth (DCY) as the state agency for payments of Special Education Preschool grant funding (AL #84.173). However, based on discussions with ODEW in November 2025, ODEW remains the pass-through entity for this funding. Accordingly, SEFAs should continue to reflect ODEW as the pass-through entity.*

### **Schoolwide Programs (LEAs)**

*ESEA programs in this Supplement to which this section applies are Title I, Part A (84.010); MEP (84.011); Title III, Part A (84.365); Title II, Part A (84.367); and Title IV, Part A (84.424A) not including the Stronger Connections Grant (84.424F).*

*This section also applies to IDEA (84.027 and 84.173) and CTE (84.048).*

## **#84.041 Impact Aid (Title VII of ESEA)**

---

Given the nature of the Section 7002 funds, a recipient expending only Section 7002 funds would have no compliance requirements subject to testing for the Impact Aid program or would only be subject to the Wage Rate Requirements (20 USC 1232b) if 7002 funds were spent for construction or minor remodeling. Selecting the Impact Aid program as a major federal program in fiscal years where no (or only one) compliance requirements are subject to testing could result in the exclusion of other programs as major federal programs. Therefore, if a recipient had Impact Aid expenditures only from Section 7002 funds during its fiscal year, the auditor must exclude the amount of the 7002 Impact Aid expenditures from the determination of the Type A/B program threshold. If a recipient had Impact Aid expenditures from multiple sections, including Section 7002, the entire amount of Impact Aid expenditures should be considered when determining the Type A/B program threshold and the 7002 funds would only be subject to Wage Rate Requirements testing, if applicable. All Impact Aid expenditures, including Section 7002 funds excluded from the Type A/B program threshold, must be reported on the Schedule of Expenditures of Federal Awards.

*(Source: 2025 OMB Compliance Supplement, Part 4, Department of Education, AL #84.041 Impact Aid)*

*The Department of Education Office of Inspector General clarified to CFAE via e-mail on March 8, 2024 that AL #84.041 should be excluded from consideration as a major program if an entity only expended 7002 funds which were not subject to any compliance requirements (including Wage Rate requirements).*

## #84.282 Charter Schools

---

This program does not currently have a CFAE-prepared FACCR available, however, it is a Federal Grant program (NOT a state grant) administered by the U.S. Department of Education and passed through the Ohio Department of Education and Workforce (DEW) that should be included in the SEFA for entities receiving the grant.

### **Lost Revenue Under HEERF**

*In March 2021, the U.S. Department of Education updated its guidance on lost revenue under HEERF. The prior guidance required all lost revenue be supported with allowable expenditures which did not include replacement of revenue. In the updated guidance, which applies retroactively to the beginning of the program, lost revenue was added as one of the allowable uses of all HEERF institutional funds and is applicable to CARES (HEERF I), Consolidated Appropriations Act (HEERF II), and ARP HEERF (HEERF III).*

*The U.S. Department of Education's [FAQs](#) indicate lost revenue evaluations must be associated with the coronavirus pandemic and can be made back to the March 13, 2020 national emergency declaration.*

*FAQ #2 states that reimbursement for lost revenue is allowable for the Institutional Portion program (assistance listing number 84.425F) and the (a)(2) and (a)(3) programs (assistance listing numbers 84.425J, K, L, M, and N) for HEERF grant funds received under:*

- *The Coronavirus Aid, Relief, and Economic Security (CARES) Act (HEERF I);*
- *The Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSAA) (HEERF II); and*
- *The American Rescue Plan (ARP) (HEERF III).*

*Reimbursement for lost revenue is not an allowable use of funds for the Student Aid Portion program (assistance listing number 84.425E) under HEERF I, HEERF II, or HEERF III or the Proprietary Grant Funds to Students program (assistance listing number 84.425Q), as those grant programs may be used only to provide financial aid grants to students.*

*FAQ #12 states, the incurring of the "cost" of lost revenue on an institution's HEERF grant award does not need to be assigned to any costs or expenses that the institution will pay using the amount of lost revenue since the allowable cost in the HEERF grant programs is the reimbursement of the lost revenue itself.*

*Allowable sources of lost revenue include tuition, room, board, fees, summer camps, bookstore, parking, and various other auxiliary services, to name a few (see FAQ #3). Lost revenue does not have to be associated with, or netted against, expenses and is considered an allowable use (type of expenditure) for quarterly and annual reporting to ED and on the Schedule of Expenditures of Federal Awards (SEFA).*

*FAQ #9 indicates that institutions who claim students who have dropped classes as lost revenue cannot also provide those same students with tuition reimbursement. Auditors should verify institutions meet these restrictions if lost revenue is claimed.*

### **Middle Mile Funding Passed through Management Council of Ohio Education Computer Network (MCOECN)**

*MCOECN passed ESSER II Middle Mile ITC Upgrade funding (AL #84.425D) to ITCs and select urban school districts in fiscal years 2023 and 2024. MCOECN determined that the ITCs and urban school districts are subrecipients of the funding therefore the funding is subject to single audit requirements.*

*Based on the wording of the subrecipient agreements and the substance of the relationships between MCOECN and the subrecipients, in most instances the only compliance requirement passed down to these subrecipients is Section F: Equipment and Real Property Management. However, auditors should review the individual subrecipient*

*agreement to verify the facts and circumstances don't warrant a different conclusion should this program be tested as a major program.*

## Reaching All Students Program

*If a school received funding through the Reaching All Students program, auditees and auditors should review the Notice of Award to verify the appropriate fund and Assistance Listing Number for the program. See also the listing of [schools awarded the grant](#).*

The Innovative Workforce Incentive Grant I and Innovative Workforce Incentive Grant II, passed through the Ohio Department of Education and Workforce, should be reported under Assistance Listing # 84.425D.

*(Source: Ohio Department of Education and Workforce (DEW))*

### Major Program Determination

Many auditees will have received and expended funds under multiple ESF subprograms. For major program purposes, auditors must evaluate 84.425 in its entirety. All ESF subprogram expenditures, even those expenditures of subprograms not addressed in this ESF Compliance Supplement, must be considered as part of the ESF program for major program determination purposes.

### Identifying Subawards on the SEFA and Data Collection Form

For purposes of SEFA and Data Collection Form (Form SF-SAC) reporting, auditees should identify the individual subprogram(s) the funds were expended under, including each separate Assistance Listing Number (ALN) with the applicable alpha character. A total for the ESF in its entirety should also be provided. Auditees may need to determine which subprogram funds were expended through review of grant documents and inquiry of the source agency.

In order to identify more precisely subprogram expenditures, while also incorporating guidance issued by OMB on separately identifying COVID-19 expenditures, ED issued a memo to grantees on August 4, 2021, requesting that auditees include on the Federal Awards page of the Data Collection Form: (1) whether the program is novel coronavirus 2019 (COVID-19) relief assistance; and (2) the subprogram Assistance Listing Number alpha.

Therefore, to apply this requirement to the ESF subprograms, on the Federal Awards workbook for the submission, under Column D: Additional Award Identification, include the phrase "COVID-19" to be consistent with OMB's guidance in Appendix VII of the Compliance Supplement. Then place a comma (,) after COVID-19 and include the full Assistance Listing number and capitalized alpha character (A, B, C, etc.)

Example: A grantee listing the program "Higher Education Emergency Relief Fund – Student Aid Portion" (ALN 84.425E) on the SEFA would complete the Federal Awards page of the Data Collection Form in the following manner:

A	B	C	D	E
Award Reference (auto-generated)	Federal Agency Prefix	ALN Three-Digit Extension	Additional Award Identification	Federal Program Name
1	84	425	COVID-19, 84.425E	COVID-19 Education Stabilization Fund

*Note:* Please note the inclusion of “COVID-19, 84.425E” in column D for the COVID-19 Higher Education Emergency Relief Fund – Student Aid Portion subprogram.

*Consolidation of Administrative Funds (SEAs and LEAs)*

State and local administrative funds for ESSER, GEER, and EANS (84.425C, D, R, U, and V) that are consolidated (as described in Part 4 ED Cross-Cutting, III.A.1, “Activities Allowed or Unallowed – Consolidation of Administrative Funds (SEAs and LEAs)”) should be included in the audit universe and the total expenditures of the programs from which they originated for purposes of (1) determining Type A programs and (2) completing the Schedule of Expenditures of Federal Awards (SEFA). A footnote showing, by program, amounts of administrative funds consolidated is encouraged.

## #93.498 Provider Relief Fund

*The State of Ohio is distributing Coronavirus Relief Funds (CRF) provided to the state from the US Department of Treasury as part of the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"), including a program which is also called "Provider Relief Fund". Auditors should confirm with their auditees under which PRF program their award is being reported on the SEFA to ensure they were made and reported under the proper Assistance Listing number (#21.019 for CRF/State PRF or #93.498 for the Federal PRF program).*

SEFA reporting amounts for this program (including both expenditures and lost revenues) are based upon the PRF report that is required to be submitted to the HRSA reporting portal (described in "L.3 Special Reporting;"). Therefore, it is first important to understand the HRSA PRF and ARP Rural Distribution reporting requirements, which are summarized in the following table.

For the PRF and ARP Rural Distribution, it is the last day a provider can use the funds (end of the period of availability), which drives the inclusion of the PRF amount on the SEFA in a Single Audit report..

	<b>Payment Received Period (Payments Exceeding \$10,000 in Aggregate Received)</b>	<b>Period of Availability for Eligible Expenses</b>	<b>Period of Availability for Lost Revenue</b>	<b>PRF Portal Reporting Time Period</b>	<b>Fiscal Year Ends (FYE) to include each PRF Period on the Schedule of Expenditures for Federal Awards (SEFA) Reporting</b>
